## ITS GROWTH and RESOURCES

(In place of the usual "Introductory" we herewith insert the following, furnished by the Board of Trade).

Asheville is a busy and enterprising city, with 20 churches; Y. M. C. Associations; various book and reading clubs; graded and private schools; Board of Trade; Good Roads Association; four clubs; lodges of leading orders; medical society; bar association; law library and public library; hospitals and charitable institutions; military companies; military band; four banks; boarding houses; telephone exchange, long distance connections; an Auditorium seating 2,500 persons; opera house; two daily newspapers, numerous weekly, church, school and society publications; best golf links in the South; well equipped sanitariums; gravity water supply from mountain streams; fire department; electric light and gas plants; electric street car system; water supply and sewerage systems; twelve miles of paved streets; market; excellent liveries; cotton mill; tannery; ice factories; wood-working establishments; machine shops; dairies; greenhouses; three water power plants; numerous manufacturing enterprises.

Asheville is an educational center; public and private school property has a value of \$600,000. The city school system of Asheville was organized in 1888 with two poor buildings and an enrollment of 900 pupils. In fifteen years the system has grown until it has become one of the most efficient in the South, if not in the country. There is now a teaching force of forty-five instructors including the superintendent and supervisors of manual training, music and physical culture. The enrollment this year is about 2,900 and the city has six modernly built and well equipped school buildings.

Attractive recreation may be had by driving with fine livery, horseback riding and tramping through the mountain trails, golf on the splendid links of the Swannanoa Country Club, drives on the Biltmore estate, boating on the lake at Riverside park, and in social life at the Asheville, Elks and Albe-marle Clubs.

Fourteen miles of electric railway cover all points in the city, fare five cents, through transfers.

The rapid growth of Asheville had made necessary additional water supply, and the construction of a pipe line heading in the Black Mountains, at the foot of Mt. Mitchell, was completed in the summer of 1903. The purity of this water is assured, there being no habitation in the mountains above the intake.

Water and water powers are abundant as may be inferred from the character of the country. Streams are bold, free and numerous, the water is pure, clear and without limit, free from iron and soft, exactly what is needed for bleacheries, dye-works, tanneries and pulp making, etc. Several tanneries are in successful operation.

Five miles below Asheville the W. T. Weaver Power Company has developed a plant for electric transmission of power from the French Broad River. This company has installed machinery that develops 3,000 horse power, continuously, day and night; as the low normal flow of the river is ample for this amount of power they are not required to store or pond the water.

The Board of Trade invites every investigation from parties seeking sites for factories and other manufacturing enterprises.

Opportunities excellent for small fruit growing, poultry raising, canning, trucking, stock-raising, woodworking.

Timber lands can be bought at from \$2.50 to \$15.00 per acre. Agricultural lands at from \$8 to \$100 per acre, according to quality, proximity to railroads, towns, etc. These are prices of land either in a high state of cultivation already or capable of being made so. Poor lands are much cheaper.

Excursions can always be had to Asheville, and those interested in anything pertaining to this city or section should either come and see for themselves, or address for detailed information, the Secretary of the Board of Trade.

# The Life Insurance Company of Virginia

J. G. WALKER, President.

T. WM. PEMBERTON, 1st Vice-Pres.

W. L. T. ROGERSON, Sec.

CHARTERED BY THE STATE OF VIRGINIA.

**HOME OFFICE, RICHMOND, VA.**

**Has Only Tested and Approved Forms of Insurance**

**ITS MOTTO:**

**“LIFE INSURANCE A SAFETY FUND FOR THE FAMILY”**

By its plans, each member of the home circle can be a partner in making up this safety fund—old and young, husband, wife, brother, sister, son, daughter. Under its plans no reputable worker, however small the wage, is too poor to secure for family the benefits of Life Insurance.

**The Pioneer Southern Industrial Life Insurance Company**

**The Oldest Southern Life Insurance Company**

**The Largest Southern Life Insurance Company**

The Life Insurance Company of Virginia was one of the first in the United States to give the masses the opportunity to secure GENUINE LIFE INSURANCE by means of the payment of small weekly premiums. It has issued over a million and a half such policies.

Over a million people have had direct interest in the proceeds of the policies of the Life Insurance Company of Virginia during its existence. This shows how widely it has spread money among families at the time they needed it most.

**OVER FIFTY MILLION DOLLARS INSURANCE NOW IN FORCE!**

ASSETS over Two Million, Five Hundred Thousand Dollars.

Payments to policy-holders nearly Seven Million Dollars.

Through its Ordinary Branch, the Company issues policies with Premiums payable Quarterly, Semi-Annually and Annually for sums from \$1,000.00 to \$25,000.00.

Ask the Agent for a copy of “The Virginia,” the Company’s instructive and interesting monthly Family Magazine.
