APO 24 Unit 5

1. Reference is made to letter, subject: "Medical Status of Mrs. Donald Merz", 28th Station Hospital, APO 25 Unit 5, dated 6 May 1949; 1st Indorsement, headquarters Saga Military Government Team, dated 9 May 1949; Letter, Status of Request for Early Departure Date of 1st Lt. Donald M. Merz, O-1196926, this headquarters, dated 10 June 1949; travel Orders, file No. 300.4, headquarters Saga Civil Affairs Team, dated 8 July 1949, copies of all which are inclosed.

2. In addition to the above written correspondence, several conversations were held between members of this organization and Region, both telephonic and personal, in regard to advancing the date of departure for Lt. Merz, due to the condition of Mrs. Merz.

3. On 6 July 1949 this headquarters received telephonic information that Lt. Merz was scheduled for departure for the states on 2nd or 3rd August 1949. During the intervening time, between the date of the original request for acceleration of departure date and the date of scheduled departure, Mrs. Merz's condition continued to get worse. On 7th July, Lt. Merz phoned 1st Lt David D. Brockman, MC, Psychaistrist, 28th Station Hospital, who is familiar with Mrs. Merz's case, and was advised to hospitalize Mrs. Merz on 11 July 1949.

4. It is believed, by those who are familiar with this case, that if authorization for Lt. Merz to depart had been expedited, Mrs. Merz's condition would not have been agrivated to its present critical condition.

5. It is believed that if authorization for Lt. Merz's departure had been expedited, Mrs. Merz's condition would not have reached the stage that it now has, requiring hospitalization.

SUBJECT: Medical Status of Mrs Donald Merz.

TO : Commanding Officer, Saga Military Government Team, APO 24 Unit 5

1. Mrs Donald Merz, wife of Ist Lt Donald Merz, has been under treatment for the past five weeks. She was originally referred here by Captain Strozier at 118th Station Hospital.

2. Mrs Merz has had persistent symptoms of a psychiatric nature, which although serious and emotionally disturbing, have not been extreme enough to warrant medical evacuation to the ZI.

3. It is my understanding that the departure date for Mrs Merz is in early August 1949. Because of the severity of the patient's symptoms, it is highly recommended that the departure date for Mrs Merz and her husband be advanced to an earlier date than that already scheduled.

4. It is the firm psychiatric opinion, that by carrying out the above suggestion, the patient's symptoms would be greatly relieved and possibly altogether resolved. If the above recommendation is not favorably received it is feared that the patient's condition may become worse, necessitating hospitalization and medical evacuation to the ZI and quite possible endangering the lives of her husband and child, as well as herself.
