Petition for Increase of LA Grant

Recipient of Living Aid

Nakazato,	Matsujiro	Born - 20 January 1878
(Wife)	Taki	Born - 3 November 1877

Address: 43-6 chome Edogawa, Edogawa-Ku, Tokyo-To

Case Opened --------- January 1947

Living Aid Grant ---- 1,480 yen - monthly

Office ------------ Edogawa Ward Office, Kasai Branch Office

Wishing to receive 600 yen increase in Living Aid assistance for the following reasons:

1. We have been receiving the public assistance Living Aid, the amount as stated above, because of our poor health preventing us from earning our living. But each month we need about 600 yen ~~yen~~ more to meet our expenses, and we have been selling our possessions to supplement the necessary amount.

2. At present condition we do not possess any more articles to dispose, therefore we wish to have Living Aid Grant increase to meet the amount we need for our living.

3. In the war disaster of March 9, 1945 our residence on Mori-cho, Fukagawa Ward was destroyed by the fire, and also the death of our eldest son had brought about our condition to be dependent upon the public assistance.

We pray for your special consideration, as we are in the poverty stricken condition as we stated in above.

Matsujiro Nakazato

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Report on Matsujiro Nakazato

1. The Investigation by the Kasai Public Welfare Office

Regarding the protective measures rendered to Matsujiro Nakazato, it is emphatically pointed out that his income of ¥1,200 has been decisively confirmed on the basis of his income report dated 30 Oct. 1950. The substance is as follows:

The occupation type.....Agriculture, with farming land of 2 se or 60 tsubo.

The monthly income.....The net is ¥1,200 as the full income of ¥1,600 is reduced by ¥400 for the necessary expenses.

2. On-the-Spot Investigation at Matsujiro Nakazato's Dwelling House

The dwelling quarters.....1 Room, free of rent by way of an agreement concluded between him and the owner during the period of war-time evacution.
The room is panelled with boards all around, with one highly located window allowing poor lighting and ventilation.

The physical condition.....While both of them have an advanced age of over 70 years, M. Nakazato, family head, has once received a gastric treatment with the medical allowances in October 1950 when he submitted his income report.

The occupation.....A career boatman up to his mid-fifties of age, he then became a scavenger. For a few recent past years, he may have in fact been out of employment and kept off the income, as he had barely gained a small income by means of an unstable job as a part-time helping hand in the neighborhood.

The family member.....One of 2 sons was dead while a youth and the other, after marriage, went to the front during the Chim Incident and succumbed to disease. The married wife having no child was returned to her own parents and later married to an other.

As for the income on the farm of 2 se or 60 tsubo on the basis of the check sheets of the Kasai Public Welfare Office, he was earning it by cultivation of the residential land, the property of the house owner, until August 1950, when the land was restored to the owner with the cancellation of the lease.

3. The questionable point on the confirmation of the income.

From the above, therefore, there comes up the following questions on his income report submitted to the Kasai Public Welfare Office

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

(1) The subject person was not engaged in farming in Oct. 1950.

(2) In the month he was receiving the medical allowances. On confirmation of M. Nakazato's income, therefore, it should not be correct and credible so far as his report is concerned.

Though it is of course that an accurate estimate and confirmation of anyone's income can be made only after an over-all study of his living activities but not, except for a hasty conclusion, just after a spot-check of the restricted time of one hour or even one day, it is admitted that he may possibly be eligible for a monthly increase of allowances of ¥600, as he so desires.

4. The measures to be taken after the investigation

The Kasai Public Welfare Office was instructed to make a report on the above investigation result and a subsequent report on the forth-coming summation to be reched after a new confirmation of his income and necessary expenses.

On the other hand the Kasai Branch Office, Edogawa Ward, with its Public Welfare Section in charge, held a meeting on the basis of the above material collected by this investigation official and reached the same conclusion of the possible eligibility as our Office.

SUBJECT: Request for Assistance

1. Your letter of 22 February 1951 has been received at this headquarters. In your letter you request that this headquarters contact the alleged father of your child and to attempt to secure financial assistance for the child from the father. It is regrettable that this headquarters does not have the authority or the responsibility to contact the father of the child and to ask him to provide support. To our knowledge, there are no legal provisions requiring the alleged father to support the child at this time.

2. It is understood from your letter that you are receiving public assistance. It is possible that the amount you are receiving is not sufficient to meet all of your needs; however, the government officials administering public assistance must provide that assistance in accordance with existing laws and regulations. This headquarters is requesting that the officials concerned with your case make an investigation and report to this headquarters.

SUBJECT: Letter of Complaint

1. The attached letter has been received from a public assistance recipient residing in Suginami Ward. The complainant requested this headquarters to take action towards securing financial support for her son whose father is allegedly an American soldier and who has apparently returned to the United States. It is believed that you are aware that there are no legal provisions whereby the mother may secure financial assistance from the father of the child. The complainant has been notified of this fact by letter through this headquarters.

2. The complainant indicates she is receiving public assistance, but the amount of the grant is insufficient to meet her needs. It is realized that such may very well be the case, but the recipient is not aware of limitations as to the amount of money that may be granted her. It is requested that an investigation of this case be made and that a report be submitted to this headquarters.

To: Kanto CAR

From: Mieko Hanai, mother and Noboru Hanai, eldest son,
c/o The Ogi Apartment House, No. 178, 3-chome,
Ogikubo, Suginami Ward, Tokyo.

I am now having a difficulty in living with one year and five-month-old boy born between myself and an American. Under the Livelihood Protection Law, I am paid a monthly allowance of Yen 1,910. This is hardly sufficient for us to lead a living. The boy is in delicate health and I cannot engage in any job. All my belongings have been converted into money to get food for us. The boy is in threadbare clothes and I have not a single blanket to cover us. My elder sister is working but her income is mostly applied toward repayment of debt, and I am afraid we may be told to evict the house at any time.

The boy's father will not care for him at all. All my letters to him have unanswered. What I want him to do is to let me have some money remitted to us. The boy is poorly fed and he has no foot gear.

May I ask you to get in contact with the father, who James Wooby, Jonesboro, Tennessee, Route 3, so that we may get his help.

Kiyoko Yamaguchi
208, Arai-machi, Nakano-ku,
Tokyo.

I have read the article in the Asahi of May 4th issue and written this letter, hoping one luck out of hundred. I repatriated from Jinsen in Korea in March 1947. When I landed Japan, my parent had been dead for some time, so all I could do ~~is~~ was to consult with my little sister. After my repatriation from Korea, I finished the course of English Training Institute attached to Meiji University and since then I have been working at Tokyo P.X. for 4 years. By nature I am not healthy, so it was so hard to work with young people but I had to work hard for the sake of living any way. Day by day I could forget various troubles of those days when I repatriated. And I got experienced in my job gradually, so I made up my mind that I would devote all my life to the job as long as P.X. lasts. Unfortunately, in winter 1948 I got striken with neuralgia and I could not even walk. Instantly they fired me, saying that ~~we~~ they could not use ~~you~~ me unhealthy person like used machine.

In the meantime I could enter in Nakano Hospital and have big operation in the backbone, having sympathy of Minsei-iin. Last September I was dismissed after 8 month treatment. But I did not completly get recovered. During my hoshitalized term, hospital charge was paid by Minsei-iin all right, but as for daily necessaries I had to pay myself. Naturally there was no reason why I got money at that time.

So only I could do ~~is~~ was to sell my own property part of which I brought back desprately from Korea and the rest of which I bought with money earned at P.X.

When I came bake ck from hospital, I was forced to leave my apartment house, for I did not pay rent while I was in Hospital. So I moved to tiny barrack (burned galvanized roof) attached carpenters work shop a which a friend of my sister found.

Poor my little sister got unhappy marriage shortly after I was striken and fell in miserable sitation with her baby. So I and my sister lived together. Since I sold all my property and yet I can not work because I am neary half ill, I am living by my sister's favor. She is working, asking me for the baby, but she is not strong either so we can not expect definite income.

We sometimes can not receive even ration when we are broke. The situation is getting worse and worse. For instance this barrack, we promised that we would leave within one or two months when we moved here, besides we could not pay rent, so I don't blame land owner to insist us to leave within this month. I want to stand on my own feet before I fell in worse situation.

I would rather take death than sticking around as a vagrant. I would like to have a house to live and a way to live. Will you help us so that we shall be able to have hope in future and go into the bright life with above montioned two problems being settled.

We are anxous to waite for your answer, praying to God.

Yours very truly.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Report on Kiyoko Yamaguchi

Members composing the household are Kiyoko Yamaguchi, master of the household, Miyoko Yamaguchi, sister to the master, Michiyo Yamaguchi, daughter of the sister, all live together at 208, Arai-cho, Nakano-ku from about November, 1949.

Upon investigation we found, as is stated in the letter that she was getting a medical help through the Nogata Welfare Office from 1 Aug. 1949 and also livelihood subsidy from 1 Sept. and after her health condition improved quitted the subsidy and applied for ¥30,000 of Livelihood fund instead and begun to plan a sweet potatoe bakery shop. She got the fund O.K. but while sweet potatoe shop could not line up by one obstacle or another the fund was almost spent up for their living expenses.

When we begun investigation they had been moved away about 10 days before. After much difficulties to locate we found them at c/o Shikae at 910-7 Koenji, Suginami-ku sharing a room with the house-owner. We found that her sister Miyeko was working for some dance-hall making ¥200--¥300 per day net which comes up to ¥10,000 by the month. Her income however, is not steady, not dependable at all, but it is clear that such a situation takes them out of covering of the Livelihood Protection Law.

Concerning the applicant Kiyoko she has to take care of the baby Michiko, and now is suffering severe tooth-ache while all her living expenses are sustained by her sister. Taking these into consideration we thought it quite reasonable to allow her some subsidy, and asked the Welfare Committee of Koenji to that effect. And as she is well versed with English conversation a job of amah or a sales girl for PX may be suitable job for her.

SUMMARY OF INVESTIGATION

1. A grant of formal Livelihood subsidy shall be withheld as her sister Miyeko's income is more than standard basis for the allowance.

2. A medical subsidy can be allowed charging a little portion of it to her.

3. Her housing condition seems to be pretty well fixed. Their house-owner Shikae is a single woman who is midwife in business. Taking charge of the house which owner be out for business they can get use of a room free of charge.

7 January 1951

Mr. Wm. F. Johnson

On 29th of last December, House lord asked us to leave his house but we could not find a house to move rightway.

We went to Minseikan (Public Welfare) and stated our present situation and asked them whether they could let us go to the Boshi Ryo (House for mothers & children) or not but they told us that we have to wait at least six months to a year until they could admit us to that house.

I could work for my living, had it not been for my poor health.

Wish to ~~him~~ hear from you at your earliest conveniences.

Mr. Wm. F. Johnson,

I am getting impatience for waiting for your answer to my letter, dated 7 January 1951.

I went to Minseikan and other places, but I could find my home where they could hire me as care-taker.

I found out that I must pay 1,000 yen for the room rent a month for San-Jyo (6 x 9 ft. room) besides premium of 10,000 yen. I could not afford to pay that much for I am too poor to do so.

I wonder whether or not you know any American family where they wants us three as care-taker?

I could look after and take care of children and I can understand English a little.

Hope I can hear from you very soon.

SUBJECT : Request for Housing Aid and Employment

1. Your letters of 7 January and 9 January have been referred to the Public Welfare Section of this headquarters. It has been learned that you have submitted previous petitions concerning your needs. It is also understood that the Tokyo-To Welfare Bureau had made an investigation concerning your original request.

2. This headquarters cannot offer any assistance in obtaining housing which might be satisfactory to you. If you have contacted the responsible welfare officials in your area, it is felt that further action on your part is not necessary. In regard to employment, it is suggested that you register at one of the several Public Employment Security Offices.

TO: Lt Col George B Niblock Jr

FROM: Kiyoko Yamaguchi

Thank you ever so much for your kind reply I received the day before yesterday.

Having read it over and over (unfortunately I cannot understand the English letter well), I wondered if something was taken wrong. I have been living on the livelihood aid with kind help of all. When I moved down here and inquired to the Minsei Ken in this area, I was told I could not be eligible for aid here. Up to this date I have tried every effort of mine, negotiating with To Welfare Bureau and the local Minsei Ken, all in vain. Thus, having no other way, I am taking liberty of asking your favor again.

I, stricken flat by sickness, am only in need of someone who will encourage me.

Am I abandoned from the God's hand of help, without meeting the second miracle? Moved down here on the 19th, I am living here until, as promised, new house will be found. I was expecting your reply as the saver of my life.

Warm springtime is approaching, nevertheless we are continuing our journey in cold winter.

Yours sincerely,

Kiyoko Yamaguchi

From: Murayama Kajiro,
No. 8, Shimmei-cho,
Nakano-Ku, Tokyo-To.

8 August 1950

Dear Sir,

I am at present living at No. 8, Shimmei-cho, Nakano-Ward, Tokyo. We are six members in a family and my occupation is tailor.

In the pre-war days, my house was located at No. 105, 4-chome Aoyama Kitamachi, Minato-Ward, in Tokyo until May 25th 1945. At the time of air-raid. My wife evacuated to Nagano Prefecture with two of our children without taking any clothes out of the house. At these days, I was ordered by force to take a job at the Oki-Electrical Company in Takahama-Cho, Minato-Ward, Tokyo.

After the war, my wife and I loaned ¥50,000 to take my family members from Nagano Prefecture to Tokyo to live. We have had a very difficult time to live after coming back to Tokyo as well as meeting difficulty in getting house to live in first. We purchased the present house and made contract to pay whole sum for the house by the end of April. I tried very hard to get hold of money to pay but unfortunately I could hot do so. Anyway, in 1949 I could pay up ¥113.000 against the sum ¥135,000, of the value of my present house. I had to pay as the last payment of ¥22,000 in February 1950, but were not able to pay on account of my illness since September last year as I was obliged to quit from working. Only thing I could do that I wrote petition to Tokyo-To Welfare Bureau and the investigation was made about our real living conditon. We lived on as a receipient on Daily Life Security Law for two months.

We had a great deal of help by receiving the living aid under the DISL. We have asked to extend the term of DISL support for another month but was rejected.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

My wife gave birth to a baby on 19 June 1950, and then the baby suffered from erysipelas three days after the birth. We had to spend money for the maternity and also for the doctor to save her life for whole one month. She is still ill but I have no more money to spend for the doctor at the present time.

I visited Welfare Office near my residencial place for several times and requested to get DLS support or medical aid but was coldly rejected. In July 5th, my case was taken up by them and on 5th August, I was informed that the living aid will be granted. I went to the Minsei Office to receive the money but they said that it will be delayed for a few days, I went again but was told to come and get it on the 15th. I am lost now what I can do to support my family and myself with sick baby without job. Only way to live for a while is just to rely upon living aid or the only thing we make choice to commit suiside and finish our lives. I hope that you would kindly investigate my condition and extend your kindness in helping us to consider our real situation at the earliest possible way.

Yours very truly,

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Report on Kajiro Murayama

1. The Family Components:

Kajiro Murayama,		The subject person, aged 41, foreign dress maker.
Yoshiko	"	wife, 34
Kazue	"	Eldest daughter, 11
Hiroyuki	"	Eldest son, 8
Jiro	"	Second son, 5
Yoichi	"	Third son, 1

2. The reason why the subject person was granted the living aid allowance;

From Feb. 1, 1950, he was receiving the living allowance, dut to his hard living plight but his later living stability deprived him of such benefit on March 31, 1950.

Pregnant about October 1949, Yoshiko his wife, delivered a child July 17, 1950, with so bitter an effect on her as to make her suffer from disease in later days. In those days Jiro, second son, was also afflicted on hard with the evils of venereal origin. Under this circumstances, the subject person was compelled for the payment of medical expenses to pawn a sewing machine and the dress materials ordered from the customers, thus running in a total of 11 cases into a debt amounting to ¥8,500 on July 4, 1950.

As he made under an utmost pressure, too hard to survive even one day, an application tothe Nakano Local Public Welfare Agency for living aid in the early part of July this year, he was on three occasions between July 12 and August 20 givena loan, totalling ¥4,000 from the EmergencyAid Fund. On Aug.21, he was paid July and August aid allowances, though short of the full amount on the ground of computation date starting July 15, the approval date of his application, to Aug. 31.

Run into the debt, as mentioned above, of ¥8,500 by willfully pawning his accredited foreign suits and other tailoring materials, he was naturally pressed by his customers to return them, when he could barely manage to settle down this annoyance by making some payment to his alaimants out of ¥4,500 for Sept. aid allowances, which on Aug. 28 he was and has since been accredited with under the personal terms by Isao Otsuki, an official of the Nakano Agency, a

In defiance of the appropriate action and measures extended to him by the Welfare Agency, he is just insisting on what he feels in sordid living conditions and reluctant to understand how the legislation works and even goes so far as to outspeak, betraying his sincerity on the administrative program of the living guidance, that any allowances now being paid to the needy as the aid means would better be loaned and utilized for a profitable business operation.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

operation. On the last time suspension of aid allowances, he made to the Public Welfare Bureau of Tokyo-To a contribution in which he stressed that he was not extremely pressed by his living way but instead he might continuously be given such allowances for a different reason, as be was short of business fund, thus presenting a trouble to the Local Welfare Agency in the course of its performance of its duties.

With no consistency of his plans on job, he may well be so easily pressed as to borrow money from others. Even then he has no sense for even more strenuous effort for minor business within his easy reach, but far from that he, smoking "Peace",high class, cigarettes here, is ready to employ a skilled worker. A get-quick-rick simpleton, indead.

In addition, he seems to be mentally abnormal and according to the prevalent rumor has an enclimination of tendering a report whenever such an occasion arises, and he was once a Communist.

The Aid Commencement Date:	July 15, 1950.
The Standard Amount:	¥ 7,100.oo
The Income:	¥ 1,650.oo

The Balance, ¥5,450.oo being paid.

The action taken for this case is proper and adequate.

*With no references, he was not capable of applying for the Metropolitan Minor Business Activation Fund.

The reason why the aid allowances were delayed in payment is due to the fact that a copy of an extract of his census register was delivered belatedly and that July and August and allowances were partially paid in advance out of the Emergency Aid Fund, thus enabling it almost impossible from the viewpoint of office routine work procedures to proceed in time for his alleged need.

As for the charge of slowness to be duly imputed upon the Agency, each office was cautioned to pay a closer attention to the satisfactory implementation of the measures.

TO: Those who may concern, Public Welfare Section, Kanto Civil Affairs Region.

Dear Sirs,

Will you please spare your busy time for reading this letter ? I am a resident of Koenji, Suginami-Ku and I am going to ask you about the occupation funds loaned by Tokyo-To last July.

I was one of those applicants whose application forms were flatly rejected. I can easily mention several names who suffered the same misfortune as mine.

There lives in my neighbourhood a Minsei-iin and Jido-iin named Kazuo Mizushima at 163, 3-chome, Koenji. He called on his neighbours and acquaintances to urge them to apply for the funds. He was kind enough to fill up the application forms for them and often went so far to declare that the project could not fail since he was a member of the judging committee.

He successfully urged a number of families, even of good income, to make application and all the papers sent to To from the council of the Ward were found under his care.

People living in 2 - and 3 - chome, Koenji are all dissatisfied with the results. I request the re-examination of cases in this district. We all hope it.

It is said that Mr. Mizushima will stand for the Ward Assembly next year and I fear all his conducts have some connection with the coming election. I wonder if such a person can be relied on as a Minsei-iin of our town.

I ask you to investigate the mrn and the circumstances.

Yours Respectfully,

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

On the Anonymous Communications

1. The program of offering a loan to the needy of the minor business oiling fund was announced to public on a notice board at each branch office.

2. An application form was delivered by the Welfare Division of a ward office. On delivery, an applicant was inquired into his personal living affairs, such as his income, family numbers, occupation and his bearing or not of a sick case at home. If found beyond the living means one way or other, he was refused even application.

3. The number of those received a form was 1855, while actual applicants numbered.1039.

4. Out of 31 applicants living in the area assigned to Mizushima, Committee member, at 3-chome, Koenji, 20 passed the Screening Committee. It is strikingly noted that the successful applicants are mostly coming from Nos. 162 and 164, 3-chome, Koenji, where Mizushima, a Committee members living at No.163, 3-chome of the same street.

Hisae Fujimori, No.180, 3-chome.
Nobuko Nakagawa, No.180, 3-chome,
Tokutaro Yoshizawa, No.162, 3-chome,
Toshiga Kikuchi, No.162, 3-chome.

The above 4 cases having been actually investigated, they were not found involved in any irregularities.

5. As for his (Mizushima) assuming candidacy for the election due next year the Ward Assembly members, it is widely rumoured that he would surely amounce his candidacy then, while others - some Ward officials, Chief of the Local Welfare Agency and other Welfare Committee members - are also considered to announce their candidacy.

6. The fact that despite being a repatriate he was recommanded to a member of the Welfare Committee and some time later could become a standing member thereof proves well that he is a man of some excellent ability. A keen worker,he is always ready to go, convincibly speaks and smart in anything he is called for. Later he became President of a Construction Company and he has since been extending his cooperative hand toward the field of the Public Welfare activities.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

7. The conclusion is that he should not be branded to have stumped by dissemination of the printed matters, while he may have rendered his good offices to the needy on the benefit of a loan of the minor business motivation fund. It is additionally indicated that an application from was handed only to the persons screened and fund almost applicable by the Ward Office, thus backing the presumption that he should not have been entangled with the abuse suggested in the subject communications. Though being one of the judges, he can understandably not wield a sweeping influence on the Screening Committee as to push forward only his recommended applicants. Further more it is noted that a final decision of approval of the loan rests with the responsibility of the Metropolitan-level Screening Committee. Accordingly it is not proper that he alone should be exposed to the charge raised.

Dear Sir,

I am an old woman. I was asked by American Soldier, Elman Hasny who belongs to 5th Caverly Division in Yokosuka to lend some money for the use of purchasing his jeep in August last year through his common law wife Dote,Iroko. I asked "what is the way to return me that money ?" The answer was, "I got a remittance bill of 500 dollars from my mother in America. I can return you by exchanging it into Japanese money". As I was shown that remittance bill, I believed him and I thought that such an excellent American Soldier as he cannot be a lier to me who is quite distressed from poverty. So, I asked my acquaintance or disposed of my clothes to made money, and I lent him about 230,000 yen in all. According to the promise which was made at that time, the term of lending that money was 1 month. But he did not return me at all after one month or even two monthes. I was quite embarrassed, and urged to return money many times. But I was intimidated by him, who said to me "Japanese Person cannot have any way to ask to return money which was lent to American Person, etc. " I cannot live rightly under such circumstance.

As we are old people, we cannot engage in any job and have no income. Besides I must pay interest on money which I borrowed from my acquaintance for him the other day. Now I can no longer maintain my livelihood. It seemes that there will be no other way for us except death. I was quite in distress and beseached.Headquarters of Military Police to settle this matter, however I was declined. I was told that "After investigated by Japanese Police, we American Police will consider upon this matter if necessary". Will you please investigate this matter once, and please keep in your mind that many other people are also suffering from Dote, Hiroko.

PWO 17 July 1950

To : KCAR

From: Yasuo Makino, No. 13, 2-chome, Kinshi-cho, Sumida Ward, Tokyo.

Subject: Health insurance claim

While being employed by a certain firm, I got ill with T.B. of lungs this spring and am now at home for cure. My wage was suspended as from May and I am without any income.

But as I am a health insurance contractor, I think I am entitled to its benefits and I wbote about it to the Insurance Section of the Welfare Department, Ibaraki Prefecture and also to the Social Insurace Agency at Higashi Ryogoku, Tokyo, in order to get some information regarding the procedure I have to go through, but no response has yet been received. As may be known to you, the insurance premiums had been collected on a compulsory basis, and I believe the benefits should be withdrawable by me. I cannot go a trip to Mito city because of my health condition.

In this connection, I should like to know as to how I have to go through the procedures required in obtaining the insurance benefits and whom I have to get in contact for the purpose.

With thanks in advance for your kind reply.

Subject: Request investigation into an accident causing death of son.

I am sorry to interupt you, but I shall be pleased if you will kindly look into the matter as stated below:

My son, Shoichi Kishi (age 20 at that time) was hit by a motor-cycle driven byPfc Robert F. Henry, No. 18156605, on 24 December 1948 on the road at Itabashi 4 chome and was taken to the Tokyo-to Toshima Hospital where he died. (the above accident was investigated by MPs Dec. 25)

This accident resulting in death was reported to the Itabashi Police and CID and the CID investigated the driver and found that he had been drinking at that time in celebration of X mas. We were told to send in papers to claim damages and did so on 17 February 1949 to the CP. But since then nothing has been heard. We are having a hard time of it financially with many brothers and sisters to be supported myself being in/delicate health ~~into the bargain and~~ it is requested that you will look into this matter and help us.

I had to leave my native-place in the Bonin Islands in 1944 because of the war then raging and settled down at Tokyo, where I have had to lead a very miserable life. I have a child now 3 years old to support with wife dead last year. I am now a day-worker earning ¥ 200 a day with the child left at the Nursery for the day. The total income amounts to ¥ 4,000 monthly, of which I have to pay about ¥ 1,500 as rents and other incidental expenses in the apartment with the balance of ¥ 2,500 made available for our living expenses. As I think I cannot go on in this way any longer, I desire to put my child in some welfare institution to be taken care of. Is this possible ? At the same time, I beg to ask if it is possible for me to get back to the Bonin Islands and to dispose of the real estate handed down from our forefathers so that I may raise some funds to start a new life. Your kind attention to the matter will be greatly appreciated.

TLCO R No 706-2

The Report on Mitsuo Komori dtd 18 Aug 50

The Applicant's

Permanent Address: No. 32, Azabu Tani-machi, Minato-ku, Tokyo-To.

Occupation : Now working at the Suginami-ku Fourth Elementary School as one of the workers required for the Elementary School Lunch Program, Unemployment Relief Enterprise, from March 2nd, 1950.

Age : 32 yrs.

Family : One child only (the eldest son), Takashi by name, born on August 17th, 1946.

Parents : Father Yosajiro died of illness 17 yrs age at the age of 49.
Mother Ura died of illness in 1935, with her fatal age unknown.

Brother and Sister: The sole sister was, when a baby, adopted by an unknown family in Tokyo. Nothing more is unknown.

Wife : Divorced by way of agreement because of squable caused by the financial pressure in August, 1949.

Assets : The Forefathers were living for two generations in Hachijo Island and the Bonin Islands with the land property of 10 chabu or 2.5 acres composed of housing and farming lands, the orchards and the woodland, which when they had died, he inherited and now owns.

Personal History: A repatriate in March, 1945, he then rented some rooms at the Ichimeiso Apartment. When a 3rd year class boy of an elementary school, he went up to Tokyo and was enrolled in the Joto Elementary School, the higher grade course of which he finished. Then he returned to his home Hachijo Island and after that he went again up to Tokyo to get a job. Thus, he very often made a trip both ways between the Mainland and the Island.

A mechanical helper 18 years of age at the Maruzen Iron Works, he is said to

have had his thumb cut off the left hand.

Debts : He seems to have the monetary ablizations amounting to yen 100,000 caused by the breakdown of his enterprise and moreover has a defaulty amount of rent for 6 months

The Present Condition of Child, Takashi: Takashi now under care of Daisuke Kikuchi, residing at Kurakake, Kokonoe-mura, Shinji-gun, Ibaraki Pref. It was about July 15 When Takashi was left to Kikuchi. Before that he was taken care of by the private Mabashi Nursery with the fee of 500 yen per month.

Hailing from the same province with the applicant, Kikuchi was closely associted with him. Further accommodation of Takashi will cost the applicant 4,000 yen per month paid to Kikuchi.

The Object of the Applicant's Communi-Cation: Under the living pressure, the applicant has a keen intention to clear off the debts with the money to be gained with the sale of his land property in the Bonin Islands. In case this clearnce is impossible, he has the next step to take he wishes to go on working as ever, but with his child being accommodated at a public or semi-public institute. Why he said in his letter that his child might, if possible, be better accommodated at a foreign-operated institute is that he has recently been attending a church for service and thus he concluded such an institute world do good to child from the view point of religion.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Regarding the Disposition of His Hereditary Land Property in the Bonin Islands

1. From the viewpoint of the International Law, the Contract of sale of the private property can be concluded between the concerned parties.

2. In accordance with the Memorandum - SCAPIN - 677, dated 1-29-1946, Subject: Some outlying regions and their Political and administrative separation - directing that the Japanese administrative power shall be for the present given restriction to the regions lying sonth of 30 latitude, the Japanese Government Agency does not presently work on registration business of a sale contract, thus necessarily making one, if concluded, impossible to take effect.

3. It is opined that such a sale contract as above will officially be filed for registration only in case either conclusion of the Japan peace Treaty or revocation of the above memorandum.

Respondent: Secretary Omata assigned to Civil Affairs Section No. 2, General Attorney's Office.

My native land is in Yamanashi Prefecture, but when I was still young I came up to Tokyo to work. While working here I only had one thing in mind, that was to save all I can and purchase land in Yamanashi so in my later days I would be able to work in the field away from city life.

But with the war ended, this land, portion of which I was able to retain, was turned over to the hands of the tenants. Now I am an old man and it is nearly impossible to find a job. My son was killed in the war and my daughter's husband too was killed and she is now back with her daughter. We are in great need. Please help us.

b. Inmates of the family, subsidized by the Law

Yuriko Tomura		30	Eldest daughter of Kinichi	Bronchitis, under medical subsidy too.
Yoshiko	"	6	Daughter of Yuriko	

(2) Findings

a. Character of Sukeyuki and his present living conditions.

He seems to be a gentleman at a glance, respected by neighbors as he donates much money for the community, and rumor has it that he is a man of filial piety. His sewing machine business became so prosperous as to establish a firm in March of last year when he fell in consumption and saved his life but spending all his property, he is now suffering from debt. Under such a pitiful situation, he adheres to old idea and refueses to accept an official assistance still in spite of his discontent.

b. On father Kinichi Yokomori.

He is rather obstinate having a radical idea. Under the new Farm Land Law he was obliged to sell owned paddy field and dry farm totalling

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

7 tan, fruit of 30 years hard work. He says in his letter that he does not complain of this sale. But he is extremely discontented at heart and declares that all his family should be helped positively by the Government.

c. On his property

Living house -- wooden, tile roof, two stories, in 15 tsubo size, besides working and office rooms. One living room in ground floor, two in upper floor.

Sewing machines -- 2
Bicycle -- 1
Chichen -- some

d. On income

¥2,400 -- Income from the feed stuffs business, ¥82 per day net profit (no need to deduct a buying and traffic cost)

¥600 -- 800 -- Income from the sewing machine repair. ¥50 - ¥100 per repair net, and can estimate 8 - 10 days work per months.

Total ¥3,000 - 3200 -- monthly income of thefamily

Thefamily gains a mutual credit ass' and deposits money - 3,600 yen in March and 3,600 yen in July, for a sum of 45,600 yen was used up for Sukeyuki's medical expenditure. Their income is so low comparing with the monthly lowest standard sum of ¥7,310. This family is receiving staple food ration, and the sale of their possessions is at a lowest ebb now.

(3) Action

Advice of way for self-support and re-born of this household.

A. Advice of the lease of sewing machine office of 1½ tsubo.

B. Application of paragraph 3, Article 4 of the Law, and Article 10 proviso. It was decided that Kinichi and his wife be benefitted temporarily by the Livelihood Protection Law for the following reasons.
Reasons -- He has property available but he can not utilize it immediately.
He is too old, wife is under recuperation. His lowful supporter, Sukeyuki, is sick now.

Remarks:

On Sukeyuki's health conditions

A. Sukeyuki refuses to receive the medical assistance. He fears a doctor's judgement. He can understand the purport of this Law but he sticks to the old idea for an official assistance.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

B. On the inmates.

Legal assistance is adequately given to the family of Yuriko Tomura.

C. Whether or not the family of Kinichi collapse will be disclosed in several months, but it depends mostly on the health condition of Sukeyuki on which the local health office is paying sufficient attention.

Petition: 27 May 1950

From: Mr. Keizo Yoshimoto
c/o Hidesaku Yokota, No.1, 2-chome, Hamatsucho, Shiba
Minato-ku, Tokyo

Before and during the war I resided at No.29, 1-chome, Bandai-cho, Naka-ku, Yokohama and was operating a store selling radio equipment in Isesaki-cho. In March of 1945 my store was demolished according to air-raid precaution program by the autorities and I moved up to Yamanashi. During the air-raids my total property at Bandai-cho was destroyed by fire. After the war I tried to come back to my old residence but that was occupied and used by the U.S. Army. I have asked at many other places to repopen my store, but a tremendous sum of key money is required and it is impossible for me to pay for it. So I am just renting a room in Tokyo and waiting for the peace treaty to be concluded. I am now 72 years old and have no children, so my only hope is to reopen my store.

The rent money received from the Japanese Government for the use of my land in Yokohama is ¥2,561 but the taxes imposed on the same piece of property is ¥4196 leaving a deficit of 1634 yen to be made up. I succeeded in raising the tax money last year. But as I find it difficult to earn my own living, and the taxes being higher than the income, this is a big burden for me.

I only wish that you will be able to understand my plight and have sympathy with me and do something so that I can have my land returned as soon as possible.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

Report on Keizo Yoshimoto

(1) Relation of rent to tax charge.

The current rent of land is based on the Land and House Rent Control Order. The rent for Keizo Yoshimoto is ¥5,886.90 for the 1949 fiscal year. So the figure ¥2,581.76 he stated to have received for that year in his letter, we presume, was calculated at a rate of 12 times of ¥213,48 monthly amount prior to the raise of rent applied as from June, 1949. This does not include a raised sum of land rent since June, 1949. Therefore, his rental income must surely be more than a tax charge of ¥4,196.00 if he receives a legal rate of rent.

We wish to remind you that the raise of rent will follow that of tax charge hereafter, but it is pretty difficult that raises of both kinds fall together, and sometimes it couses some margin between a notice of raise of local tax and procedures for its raise with the office concerned.

(2) Concerning an application for release.

The lot owned by Keizo Yoshimoto, 1-29 Yorozuyo-cho, Naka-ku, Yokohama-shi, now taken over by the Occupation Forces where a military camp was built, seems to be difficult to get it released. But if he wants to submit an application for release let him furnish four copies in English together with a spot sketch addressed to the Commanding Officer of Yokohama Area with this office, which will be immediately forwarded to him by use.

27 June 1950

Dear sir,

Please pardon me for sending you such an impudent letter suddenly. I was suffered from tight side dried pleura in March 1946 and also left side dried pleura in December 1946. As I have been continuously suffering from both side lung infillration since then, I continued to recuperate myself at home. Once this disease seemed to be recovered temporarily. Afterwards, I underwent a doctor's operation due to kidney tuberculosis and bladder tuberculosis. I had narrow escape from death by doctor's operation to extract kidney and to inject Streptomycin, and I am yet recuperating myself a t present. According to a doctor's advice, I must continue to recuperate myself future several years.

I could not help retiring from my official business. As I am a patient, unemployment insurance system is of no use for me. The remainder of my very poor retirement allowance and temporary pension is too small, and present income is only about 1,500 yen (per month) which is got from my wife's private occupation. I think it is irrational that in case of unemployment of healthy, capable persons unemployment insurance are applied for them, while patients cannot be allowed to have such an advantage. Besides, in my case, far more nourishment and more livelihood expense is necessary for me than ordinary person. So, often I beseached welfare commissioner at Public Welfare Office (MINSEI KAN) to let me get livelihood assistance, but he does not only consider to apply Daily Life Security Law for me, quibbling in some way or other, but also he does not make actual investigation upon me though I came in contact with office chief and many other official in charge, too. He appreciated my retirement allowance and temporary pension 3 or 4 times higher than actual amount and said that I should easily maintain my livelihood future one or two years at least or better to sell out household furniture.

Public servant's retirement allowance or temporary pension is quite small, but officials in MINSEI KAN think their irralional commonsence as right. They are quite unsensible. I sold out almost everything precious, I may not be able to maintain my livelihood by aid amount only, even if Daily Life Security Law is applied to me. But I think of course I can have right

78

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

to get livelihood assistance.

I am convinced that Welfare Office is also under an obligation to protect a person who is under such unfortunate condition as me. However, I am applied to medical treatment only. I have a touch of nervous debility and cannot sleep well every night, if I think over future anxiety of livelihood.

My wife has been suffering from very curious skin desease "PSORIASIS" these six years. She was told by a doctor in hospital that there is no way of medical treatment nor medicine and no hope to recover. My brothers are all not rich, and I cannot ask them to give aid.

May I ask you if it is right or not that a man like me to ask livelihood assistance. Please give me a fair judgement. I underwent a doctor's operation which was too serious to work. My demand was disregarded because of too many poor distressed people are in present Japan, but does this fact mean loyality to the Constitution of Japan?

I expect staffs of Occupation Force in KaCAR will surely judge with good intuition. I dare appeal you paying no attention to my impudence.

Yours sincerely,

Eiichi

The Report on Eiichi Nakagawa

1. The Family Composition:
Eiichi Nakagawa, 35, household master, grad. fr. the higher course of an elementary school.

Midori Nakagawa, 28, wife of above, with the same grade of schooling.

Tatsuro " 6, the eldest son.

2. The Assets:

The Deposit money ---- Yen 10,000
The Immovable Property --- None
The Rent of his currently living 3-room house --- Yen 180 per month.

3. The Income and the Outlay

The income is represented by the monthly gain of Yen 1,500 through the wife's home occupation, while the master can not earn any due to unemployment caused by his illness. As for the outlay, it amounts to Yen 6,000.

4. The Living conditions prior to and subsequent to his retirement from his post:

Appointed a policeman of the Metropolitan Police Department in March 1939, Master Eiichi contracted a dry pleuritic disease in March, 1946, and hence he was treated at a clinic as he had attended it as an outside patient with the result that he was improved much. Hereupon, he returned to his police service on Nov. 1 of the same year but towards the end of that November, he again fell ill and attended the clinic daily. June 2, 1947, he was hospitalized in the Seibu-so Hospital. Aug. 31, 1947, he was discharged from the above. After the discharge, through he was occasionally attending a hospital for treatment, he at last resigned from his post in Dec. 1949, and has come through to these days. May 13, 1950, he entered the Toshima Hospital. June 14, 1950, he was discharged from the above. Since the discharge, he has been living at home for recovery. As for his living expenses, he is appropriating to them the total amount of Yen 99,000 to be summed up from his retirement allowances, Yen 22,000, the lump pension, Yen 57,000, the mutual aid fund, Yen 10,000 and the Police Friendship Ass'n fund, Yen 10,000, while as for the medical expenses he is obtaining them all from the public fund based on the Livelihood Protection Law.

His wife is presently doing work given by an Industrial Training Institute at home with an average monthly income of Yen 1,500.

5. The Development of Protection Extended:
Eichi Nakagawa,

By dint of the medical protection, commencing on, he could attend the hospital as an out-side patient. June 2, 1948, he was hospitalized but was released in August of the same year. In Sept. and Oct., he became again an out-side patient. In March, 1949 and in March and April, 1950, he got treatment at a hospital as an outside patient.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

In May, 1950, he was hospitalized and released in June but in July he was forced to go to hospital every day.

Wife,

The medical aid measures were arranged in June 1947 and later on she was treated as a daily patient at a hospital in Oct and Nov., 1948 and in Jan. 1949.

Eldest Son,

With the medical aid procedures having been arranged in June 1948, he was given the first treatment at a hospital on the basis of an outside patient. On the same basis, he was compelled attend a hospital once again in Oct and Dec. 1948, in Jan., April and Dec., 1949 and in Jan. 1950.

The application for the Public Protection was filed by him on June 30, 1950, Thereupon protection commenced on July 4, 1950, it was accepted in favor of him and our decision for subsequent action and measures were in writing notified to him, with the nominal relief fund being Yen 3,955 per month, or Yen 2,455 on terms of substantial figures to be got by subtracting Yen 1,500,corresponding to the the wife's income at home, from the nominal. When he applied for it, he had a deposit of Yen 10,000, which we decided to be earmarked for the expenses of convalescence ensuing his recovery. But on consumption of the deposit, we also decided, some fund would be spent for his dietary treatment and the like.

It should be noted that some of the complaints appearing in the letter sent by the Japanese at issue - "No investigation to him, the overestimate of the Retirement Allowances" - are vastly in contradiction to the facts. More over the above-specified sum of the allowances is based on his proffer but not on the presumption of the Public Welfare Bureau. When we visited him for an interview, he was confined to bed and declined to see us but instead, his wife, seemingly well-groomed, appeared to take his place. The conclusion is that the impression made on us on that occasion of the interview was utterly different from the atmosphere as indicated in the letter.

As mentioned above, the Public Welfare Office has , it should be claimed, been rendering the utter-most protection and relief to him, in compliance with his expections. It is considered that his illness, the restlessness and fearful condition of his mentality as well as his nervousness made him dare to despatch such a postal communications.

Mrs, Akie Yoshida
#96, Neribe-~~machi~~ cho, Taito-ward,
Tokyo.

Dear Sirs,

I believe you are quite busy in daily activities, so I do not want trouble you.

But since you announced that you would accept our petitions, I have sent this letter.

My husband died in 1944 and on the heels of his death two of my sons has gone to the battle field. On March 10th, our house at Hongo was burned down in the air-raid and moved twice and finally went to Kiriu City with my children (7 years and 4 years old).

In the meantime above mentioned two sons died in the battle field (disease). Hitherto I had been expecting my older sons to come back but Such hope was no more. Therefore I had to consider some means to carry on our living and I decided to go to Tokyo again.

I asked my friend who had acted as go-between when we married, to build a house with money, gained by selling our property. He said he would sell his land so I said I would buy it.

Sometime later, he said he was unable to sell his land but he found another nice land so we should have built a house there.

I didn't know much about Tokyo then, for I was living in Kiriu City at that time, so I could not help saying O K. When the house was built and we were about going up to Tokyo, he sent a telegram demanding 15,000 yen for rewards. Naturally I paid 40,000 yen to carpenter already. So I thought it was unfair, but I paid it anyway.

Besides he said I would have to leave there 3 years later and he would register the land for his name.

Thinking it would be some trouble, I went to Construction Section of Ward Office and they said it surely would be quite a trouble.

Being a woman, I know nothing about law nor business, so I went lawyer's who was a friend of the go-between as well as my deseased husband. He negotiated with the go-between several times and finally he accepted the assertion of the go-between.

And I and the go-between exchanged documents, stating that I will move 3 years later and if I can't move then I would pay 50 yen a month. At that time the lawyer tried to write in the document as "I will not care any action of yours when I shall not be able to move..." but I refused.

By the way my deceased husband used to be a designated tailar by come college and some girl's high school. And I came up here Tokyo to do dress-making business for my children, though I didn't have enough confidence in my ability. I have been quite busy in the part three years, thinking about my dress-making business, so I didn't have enough time to think about moving.

(74)

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

No wonder time and tide waite for no man, it will be 3 years in comming October. The go-between says I have to buy another land. When I sold my property, I might buy it but not now. And remembering those day when the go-between sold my property for me, it was unreasonably litte money which I received from him.

Even the lawyer insists me to movehere despite he knews above situation.

The lawyer also says you can move if you spend three four hundred thousand yen and he can buy land for me. But there is no reason why I receive his favour.

Besides if I move here, I certainly lose the means of living as well as my customers. What can I do with my little boys.

I myself knows that I should move here, But I can't under such situation.

Those deceased two sons used to say that after they died only reliable person would be nobody by myself.

I think I regret that a mother whose sons died in campaighn ask you such sondultation. But I can't help asking you, thinking my little children.

Theslawyer wife comes here four times for ten days and insists me to move here. I don't quite know how should I settle the problem.

Will you please tell me the best way?

I enclosed my children's voice, sinee they insisted me to enclose it.

I think any letter is quite ununderstandable to you but please guess my feeling.

Yours very truly.

Report on Akie Yoshida

The dwelling house of Akie Yoshida being burnt down owing to the air-raid during the war, she removed to Kiryu city bringing her two children.

She handed a sum of 40,000 yen to Morigoro Tazaki, her friend who was residing in Tokyo at that time asking for the construction of house.

As there was no suitable land, Tazaki built a house for herself at 96, Neribe-cho, Daito-ku (21 tsubo of land area whose leaseholder is Tazaki).

Upon her removal in Nov. 1947, Tazaki demanded her through a lawyer to agree the contract setting borth that the land be vacated not later than the end of Oct., 1950, but because of the short term (three years), she refused to agree once, however she was forced to sign it according to the lawyer's advice that he would take a proper action in a few years.

Since the end of last July, Tazaki has pressed her to vacate the land several times. But it is difficult to seek a site and remove for her under the present condition for she is engaged in dress making bringing up her two children.

There occurred a trouble between them but this is a civil case. Thereupon calling them to the Domestic Relations Court, Machida, assistant police took the trouble of mediating and as a result of it, decision has been reached that the evacuation of land be postponed to 31 December 1926.

He went home June last year and I gave birth to two babies in March this year. On leaving for home, he said he would like to hear from me when a baby is born. I did write him to that effect.

In the circumstance, I should like to know how I can get in contact with him, as otherwise I don't know what to do and am in a pretty fix.
