DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775013

Reviews were made on the Medical care practices and facilities of Toyama Pref:

Miyagawa Sugihara National Health Insurance Association clinic. Miyagawa village (population 1,780) and its neighboring village Sugihara village (population 4,358) has had its own National Health Insurance Association and established the said clinic on 1944-its main clinic locates on Miyagawa village with one surgical Dr. and 10 beds for medical & surgical and its branch clinic on Sugihara village with one medical Dr. and 7 beds. Though the Public assistance recipients have been covered by National Health Insurance Association in Miyagawa village, yet Sugihara National Health Insurance does not cover any Public assistance recipient.

Contribution:	Highest	Average	Lowest	P.A
Miyagawa	5,000	2,000	500	100
Sugihara	3,600	2,320	360	-

Fujikoshi Hospital, on the war, was established for 30,000 employees of the Fujikoshi Co., Ltd., (Machine & tool maker). After the war, this hospital has been operated under its own account with 210 beds(including 22 for epidemic and 50 for T.B) handling all medical care than psychiatric. 110 beds of 160 medical beds are occupied by T.B patients.

Fukuoka town National Health Insurance Association made consultation with Pref Insurance sect to suspend its operation, because of expecting 500,000 delinqunt on the end of this fiscal year. But its official could not tell us exactly how much and what reasons for the expected delinquency from its poor bookkeeping. Two of the Insurance Drs have not sent any bill since last Sept. Its neighboring village Tateno heard that Fukuoka N.H.I ass'n will be financially delinquent and has been going to suspend its N.H.I. The officials of the two societies were met with Pref Insurance sect's officials at Fukuoka town office. The main reason seems to us that they have been afraid of collection of contribution heavier than the citizen's tax.

Demachi Kosei Hospital (owned and operated by Higashi Tonami N.H.I society Federation) covers 73,153 of 31 societies (3 of them under suspension). Since its establishment, it has owned yen 7,000,000 to the Agricurtural Cooperative Association. Though Demachi (Miss Mealing made reviews on P.A) has been covered with it, yet it did not make the regular payment of contribution and partial medical care fee. Then, the insured under Demachi N.H.I ass'n had to pay 60% to Drs or hospital on the case of out patient and 70% on the case of in patient. Little interst on the insured of Demachi N.H.I has been due to its arrearage.

Nanto Kosei Hospital(owned and operated by Nanto National Health Ins. Society Federation) was established on Sept. 1949. This hospital seems to be located in the favourable condition-one town and 4 villages, which had been very hard to utilize the medical facilities.

Pref Insurance sect had two conferences with the interested officials of National Health Insurance society at Shimonikawa Gun (19 of 35 societies under suspension) and at Imidzu Gun office (12 societies of 19 societies under suspension), to which the author was invited. Why they have not been able to reoperate is due to the financial reasons.
