MEMORANDUM ON JAPANESE FILE RESEARCH PROJECT
Re: Reports Submitted

The reports listed below were prepared following an examination of the files of the major Japanese trading companies in the United States: Mitsubishi Shoji Kaisha, Ltd.; Mitsui Bussan Kaisha, Ltd.; Okura & Co., Ltd.; and Ataka & Co., Ltd., all located in New York. The files and reports deal with purchases of machinery, tools, instruments and engineering materials of many kinds by the trading companies in the United States for Japanese principals. The files, for the most part, are held by the Alien Property Custodian in a warehouse at 27 Cliff Street, New York City, where the work has been undertaken.

Each report contains an introduction identifying and describing the particular company in general terms on the basis of information available in the files and frequently from other sources. The principal part of each report consists of tabulations of machine tools, materials, and other equipment purchased by the subject Japanese company in the United States and, to some extent, in other countries. The precise destinations of the machinery and machine tools are indicated in most instances. Briefly noted are the availability of blueprints of parts to be made on the machines and other pertinent information.

The reports were prepared by researchers employed by the War Division of the Department of Justice, the Foreign Economic Administration, and the Bureau of Foreign and Domestic Commerce, all working under the supervision of the Economic Warfare Section, War Division, Department of Justice.

Report No.	Title Purchases of Machinery and Machine Tools for:	No. of Pages	Submitted By:	Date
186	Mitsubishi Enterprises	126	C. T. Caddock H. E. Johnson	6/11/43
193	South Manchuria Railway (Through Mitsubishi, N.Y.)	33	C. T. Caddock	7/3/43
198	South Manchurian Railway Enquiries through Mitsubishi, N. Y.	45	C. T. Caddock	7/30/43
199	Mitsui Machine Tool Co.	33	D. H. Banks	8/4/43
