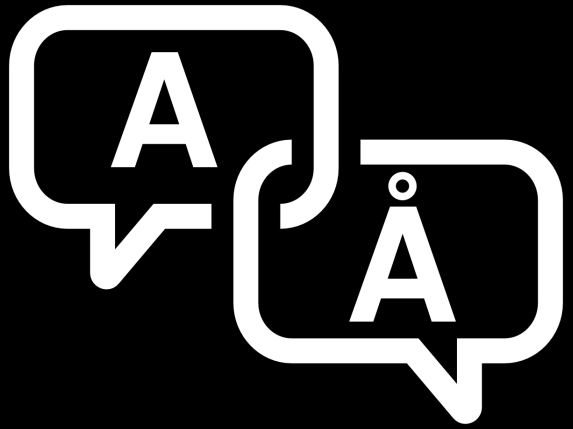
The project

- Expand translatewiki.net
- Facilitate participation
- Better documentation
- Improve Swedish localisation
- Digital certificates (OpenBadges)



Supported by The Internet Fund (.SE)

Why translate

- Enable potential new users
- Reduced risk of misinterpreting functionality
- English interface may adversely affect user immersion
- One language as a bridge/support language for others

Join us - translators

Support open software and free knowledge

Your time is valuable

- Therefor translatewiki.net has strict demands on participating projects.

Join us - developers

If your project is:

- Free and open source
- Actively developed
- Support for different plurals and rtl-languages

translatewiki.net offers:

- A large community of translators
- Many languages
- Translators are not locked to one project

Join us - this afternoon
