List placed name of all member of
St. Lukes Girls Technical
School Class Meetings

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

I want to remind Dr. Trisler's words by reading his speech which was made for us in '34. He said, "the graduates of St Luckes have now a very good opportunity for social services, indeed quite a few women are given such a splendid opportunity as now in history". We have been encouraged under this word and I immagine that the all graduates are now making best effort for social services in proportion to each their own ability.

Post war, our school and it's hospital were put under US military control, therefore hospital has been moved to the place of former Tokyo Metropolis Plastic-hospital and school has been moved to Red-Cross girls technical school since June last year. However, both hospital and school are now working. In this splendid oppotunity I sincerley hope that our school and hospital may be removed to the original place (Tsukiji Tokyo) as soon as possible after Place Treaty. The other day I have received a letter from Mrs. St. Johon and she says, "I heard from Miss. Tlemore about your school condition and I hope you shall do the best tiding over the any difficult condition and also I hope I would visit Japan again someday". Her address is '81 park St William-town Mass. USA'. I am sorry to tell you that shortly after the war was finished Miss Nuno who has ever taken a leader-ship of health here was died in NY city. Miss. White and Miss. Pound are now working on St Luckes Hospital in Portolico. I have received a letter from them and they say, "We want to go to Japan when school will be removed to original place".

We tried to publish a advices of the all graduates, however we were obliged to set limits to the person whom address and others are not clear on account of war suffer and so on. Concerning the class meetings work, Kamakura recreation agency which was established by Mrs St. John, Mr. Hasegawa and others 10 years ago have been used by the graduates and students of this school effectively, however since the agency had been put under Japanese military control during the war it was caused not a few damages on it's facility. Therefore we have repaired the damaged facility with subscription from students and relief from the person residing in Tokyo. However, since the agency is situated on the place where it is exposed to the weather, a shutter is needed, therefore we are making plogram to get fund required for it by opening bazzer coming Nov. Now, Kamakura recreation agency is not used widly due to the food condition but kindergarten towards health education is opened and also we are taking care of 70 child there. We consider to attain the original aim by getting fund for maintaining in order that agency may be used to all students and the graduates comfortablly. Class meetings committies have now a work of new hand-book which is essential for enforcement of new education method of nursing. We hope to get a proper opinion from you on this work.

Regulation of St Luckes Girls Technical School.

Art. 1. This meetings is called St Luckes Girels Technical School.

Art. 2. The object of this meetings is as follows:

a. To cultivate friend-ship among the members.

b. To make the best effort for social services by giving technical knowledge to the members.

director		Ko Hiraide
director	(old)	Nenko Takizawa
director	(new)	Koto Koyanagi

The 10th board of director was called the other day, when some of the directors elected at general meeting last year offered that is little difficult to attend the meetings due to their circumstances therefore we appointed some director newly in stead of them. B azzer and dance party were held on Nov to collect a fund required for Kamakura recreation agency which is apart of the class meetings work. Hand-book of nursing is now being made by committies and will soon be finished. Class meetings sent a Christmas-card to Mrs St. John in December.

Tidings from the Anasu Home by Yumoto Kimiko

Our Home at Kamakura established to repose ourself was taken over by the Ministry of War for a full year till the end of the War from the middle of the previous year, and was left as utterly neglected in the remaining year, '55, as the unstable states of the people in the post-war Japan. Hoping that the Home would be restored somehow or other to a former comfortable one to live in by our own hands, last year we asked you to subscribe for the rehabilitation of the Anasu Home and besideds we held a charity bazaar to attain the fund goal on Master day in April at the present nurese dormitory (the old Toysler's abode). which brought on an unexpected good result owing to your generous support. We could collect many articles of exhibits which added a hue to the bazaar grounds, and among them were clobes, bags, cosmetics and so forth which were becoming Master day. and various colours of bouquets of spring flowers, all having a good sale. especially a tea-room was full of good cooks who bosted their shill respectively in 'oden' (boiled vegetable, fish, meat, etc.) 'shiruko' (red-bean soup with rice cake), cocoa and what not, all of them tasting very delicious.

DECLASSIFIED E.O. 12065 SECTION 3-402/NNDG NO. 775 013

They were all sold out, which happily caused us almost to make an apology for to those persons who were late in visiting here. The success excited our iterest a great deal. In Mayat once we sommenced a reparing work, and in June the almost inclined house being made secure, a fence being established around the Home, and the garden being trimmed, it became awfully bright and we endeavoured to make it available to the utmost in summer. When autumn came, wishing to get the sliding doors, window-paned and morecver the maintenance expenses, we were making a plan to hold some entertainment, and luckily in Oct we were able to rent the facilities of the St. Paul Club in the eighth follr of the Mainichi Hall, and so we held a dance party there, which was also very sucess ful. especially we express our hearty gratitude to the prosence of Prince Takamatsu. It was our first external activity, and we heartily appreciated the continnous kind support and forceful backing of Colonel Polerush, Mrs. Sawada and others. The Anasu Home reminiscent of a variety of pleasres has already had a ten long history. As there is a possibility that Mrs. St John will come again, we are waiting for her, providing her bed as it was in a room in the east side of the upstairs.

The scheduled repair-work has finished, and it is two years since the downs tairs was utilized as the Kindergarten attached to the St. Luckes Women's College. About sixty little boys and girls attend it every day and it is alive with the college boys and girls as it is turned into their training class. This year we hope the Home will be of significance if our alumni and those who are engaged in the nurse work are able to make use of it. We ask you to render you services so that you may bring up the Home safe and sound.
