## Invention of Basket Ball

Basket Ball was invented by Dr. James Naismith in 1891 under the following conditions: I had realized for two years that there was a great opportunity for a game to fill in the gap between the foot ball of the Fall and the base ball of the Spring. I had been at work on the problem, but had done little more than to realize the conditions that must be met. The game must be indoors, economical of space, simple, capable of team work, open, inexpensive, etc. These conditions I gave to Dr. Naismith and asked him to see what he could do.

The first printed statement about the game was an article in *The Triangle*, January 15, 1892, by Dr. Naismith. The illustration of a gymnasium floor, with peach baskets for goals, was an amateur sketch by Ishikawa, a Japanese student.

In the Official Rules for 1896 I inserted Dr. Naismith's picture as the frontispiece, marking it "James Naismith, *Inventor of Basket Ball.*" This book also contained an article on "The Umpire," by "James Naismith, *The Inventor of the Game.*" In the rules for 1898 appeared a study of the history of basket ball, written by one of my own students, T. J. Browne, in which the game is correctly credited to Dr. Naismith.

In the rules for 1903 my picture appeared as the frontispiece, and was labeled "The Originator of Basket Ball." This was put in without my knowledge by two friends who know something of my early connection with the game and who believed that this justified the use of the word "originator." I went to the publisher's office the moment I knew of what had been done and secured the promise that no more would be sent out containing my picture. A large number had already been put into circulation.

This note seems necessary both in justice to Dr. Naismith and myself.

LUTHER HALSEY GULICK.

1904/65

GEORGE T. HEPBRON

Secretary Amateur Athletic Union National Basket Ball Committee.

## Basket Ball in the South

By C. H. MILES

Secretary Birmingham Athletic Club, Birmingham, Ala.

In 1898 representatives of clubs in Nashville, Chattanooga and Birmingham met in Nashville and organized an Interstate League with schedule of games to be played in each city. Up to this time there was no organized basket ball in the South, except in Nashville, where the N.A.C. had had for several seasons a very successful club league with a schedule of games.

These league games drew large audiences and the success and popularity of basket ball was at once assured. Every year the number of clubs, associations, colleges and schools playing the game has steadily increased, and last year saw some splendid team work and clean ball. The increased efficiency of the officials was also noticeable.

The game appears to be confined principally to Tennessee and Alabama, with an association playing in Atlanta and one in New Orleans. The colleges throughout the South have not taken up the sport like the eastern and western institutions of learning.

One feature that speaks well for basket ball in this section is the number of gymnasiums that are making especial provision for the game. The Mobile Y.M.C.A. can clear their gym. of every piece of apparatus; the New Orleans Y.M.C.A. has a very large space in their canvas-covered gymnasium; and the Birmingham Athletic Club, recognizing the value of all games in its system of physical training, has provided in its new club house a field 70 x 40, clear of apparatus, with a gallery for spectators equipped with opera chairs and capable of seating about 500. No one but the players and officials being allowed on the floor, it is impossible for the spectators to interfere in any way with the game.

The necessity for registering players is becoming more apparent as the number of teams increases, and it is to be hoped that in the near future every club or association in the South will put out a registered team.

## Metropolitan Basket Ball Championships

By FRED L. GROSS

Chairman Metropolitan Association A. A. U. Basket Ball Committee

The championship basket ball games of the Metropolitan Association of the A.A.U. were played at the National Athletic Club in Brooklyn. The tournament is conceded a place with the most interesting ever held in the Metropolitan District.

The following clubs entered teams: National Athletic Club of Brooklyn, National Turn Verein of Newark, Xavier Club of Manhattan, Brooklyn Central Y.M.C.A., Young Men's Hebrew Association of Manhattan, and Greater New York Irish Athletic Association of Manhattan.

Each team played every other team with the following result:

March 28—Brooklyn Central Y.M.C.A., 33; Y.M.H.A., 20. National A.C., 28; National Turn Verein, 19.

March 30—Xavier A.A., 23; Greater New York Irish A.A., 7. Brooklyn Central Y.M.C.A., 19; National A.C., 15.

April 2—Xavier A.A., 18; Y.M. Hebrew Association, 14. Greater New York Irish A.A., 36; National Turn Verein, 22.

April 4—Brooklyn Central Y.M.C.A., 11; Xavier A.A., 10. National A.C., 14; Greater New York Irish A.A., 12.

April 6—National Turn Verein, 30; Y.M. Hebrew Association, 12. Xavier A.A., 18; National A.C., 13.

April 11—Brooklyn Central Y.M.C.A., 25; National Turn Verein, 19. Greater N.Y. Irish A.A., 2; Y.M.H.A. 0 (forfeit).

April 13—National A.C., 57; Y.M. Hebrew Association, 10. Xavier A.A., 38; National Turn Verein, 23.

April 16—Greater N.Y.I.A.A., 30; B'klyn Cent. Y.M.C.A., 21.

Teams.	Won.	Lost.	Played.	Per cent.
Xavier A.A. . . . .	4	1	5	.800
Brooklyn Central Y.M.C.A. . . . .	4	1	5	.800
National A.C. . . . .	3	2	5	.600
Greater New York Irish A.A. . . . .	3	2	5	.600
National Turn Verein . . . . .	1	4	5	.200
Y.M. Hebrew Association . . . . .	0	5	5	.000

1, Donovan; 2, Kieran; 3, Whitney, Mgr.; 4, McKenna; 5, Craven; 6, Kenny; 7, Roach, Capt.; 8, Smith; 9, Herschel.  
XAVIER CLUB, NEW YORK

Additional games were played to decide the ties for first and third places, with the following results:

April 20—Xavier A.A., 26; Brooklyn Central Y.M.C.A., 22; National A.C., 14; Greater New York Irish A.A., 13.

The Xavier club thus won the Metropolitan Championship, with the Brooklyn Central Y.M.C.A. second, and the National Athletic Club of Brooklyn third.

Quite contrary to the usual state of affairs it was no foregone conclusion as to who would be the winner. The teams were evenly matched, the games were hotly contested, and the result was in doubt until the last game of the last night. There was much rivalry between the various teams, but to the credit of all the men, it must be said that this rivalry was good-natured and that true sportsmanship prevailed throughout the tournament.

The Xavier Club team was composed of the following men: J. Donivan, Edward Roach, F. Craven, Joseph Kenny, J. Smith, William Herschel, T. Kieran and T. McKenna.

Brooklyn Central Y.M.C.A. was represented by R. H. Boggs, captain; C. Klincke, H. J. Behrens, W. S. Salmon, H. F. Behrens, A. F. Wagenfohr, W. H. Boyle and F. D. Day.

National Athletic Club was represented by Harry Beatty, Fred Grundy, John Raubineck, Fred Reuss, Joseph Leitz, Edwin Donnelly, George Bierri and John Drummond.

The committee was much gratified upon securing a very able and impartial corps of officials for the games. Every official was thoroughly conversant with the rules and not a single protest or complaint was made concerning any of them.

The following men acted as referee: H. G. Lochmuller, Railroad Y.M.C.A.; W. Brennan, Pastime A.C. of Jersey City; F. G. Wilson, Anchor A.C. of Jersey City; Thomas, Passaic Y.M.C.A.; George T. Hepbron, International Committee Y.M.C.A.

Umpires: F. G. Wilson, Anchor A.C. of Jersey City; W. Brennan, Pastime A.C. of Jersey City; H. G. Lochmuller, Railroad Y.M.C.A.; Frank B. Whitney, Xavier A.A.; C. K. Urquhart, National A.C.; F. Bertsch, National Turn Verein of Newark; William Gardner, Greenpoint Y.M.C.A.

Timers: John Steil, New York Turn Verein; R. W. Kennedy, Star A.C. of Long Island City; J. W. Stumpf, Grace A.C. of New York.

Scorers: A. M. Willis, Brooklyn Central Y.M.C.A.; E. Hart, Mohawk A.C. of the Bronx; P. J. McManus, Xavier A.A.; F. Dieterle, Anchor A.C. of Jersey City; T. Brophy, National A.C.

On the final evening after the ties had been decided, the greater part of the spectators remained to await the presentation of the prizes. The Xavier Club was presented with the banner and the medals which its team so deservedly won; the Brooklyn Central Y.M.C.A. team received the medals provided for second place, and the National A.C. team the medals provided for third place. Representatives of each team responded to the presentation and this informal but interesting sequel to the tournament ended amid the vociferous shouts and applause of the loyal followers of the teams.

ST. LOUIS EXPOSITION, 1904.

## The First Olympic World's Basket Ball Championship

This championship was held in St. Louis during the Louisiana Purchase Exposition on July 11th and 12th.

The court was laid out on the infield of the Stadium, covering a space of 50 by 70 feet.

The following five teams were entered, representing the champions of each locality from which they came:

Buffalo German Y.M.C.A., Chicago Central Y.M.C.A., Missouri Athletic Club, St. Louis, Mo.; Turner Tigers, Los Angeles, Cal.; Xavier A.C., New York City.

The first game was played between Buffalo German Y.M.C.A. and the Missouri Athletic Club, which resulted in a victory for the former; the second game between the Xavier Athletic Club and the Chicago Central Y.M.C.A. proved disastrous for the Xavier team.

The Buffalo German Y.M.C.A. next played their first game with the crack team from Los Angeles; Buffalo coming off victorious. Next game was to have been between Los Angeles and Chicago Central Y.M.C.A., but for some reason the Los Angeles team forfeited the game. Chicago was again fortunate as the next game was also forfeited to them by the Missouri Athletic Club. Xavier A.C. and the Buffalo German Y.M.C.A. next came together with the Buffalo team carrying off the honors.

The last game of the schedule was played between the Buffalo German Y.M.C.A. and the Chicago Central Y.M.C.A. Neither of these teams up to this time had lost a game, and as this game would decide the championship much interest was manifested by both the other contestants and the spectators.

This game proved to be the most interesting and closely contested during the championship series. Both teams being composed of championship material, the game was vigorously contested, but was clean throughout; the game finally resulted in

1, Nield; 2, Lewis; 3, Gardner; 4, Peckham, Mgr.; 5, Cowell, Capt.; 6, Wadsworth; 7, Appell, Asst. Mgr.; 8, Tower.  
WILLIAMS COLLEGE.

Buffalo being victorious, thereby winning the first Olympic World's Championship in the greatest basket ball tournament ever held.

The Buffalo German Y.M.C.A. team came to the Exposition with a record of having won the Pan-American Basket Ball Championship during the Exposition at Buffalo, and having defended that title successfully during the intervening years.

The Chicago Central Y.M.C.A. was one of the best teams in the Middle West, having won several A.A.U. championships.

The Missouri Athletic Club team, then recently organized, had made a record for itself and won every game played during the preceding season, with the exception of two, played just prior to the Olympic World's Championship with the Chicago Central and the St. Louis Central Y.M.C.A.'s.

The Xavier Athletic Club of New York had just come out victorious in the Metropolitan A.A.U. Championship and came to St. Louis with the avowed intention of winning the Olympic World's Championship, but their style of play not being in accord with the strict interpretation of the rules, they were considerably handicapped. The same may also be said of the Turner Tigers of Los Angeles, Cal., who came to St. Louis with a record of never having been beaten since their organization, some six years previous to the Olympic World's Championship Tournament.

It was very evident from the style of play of the different teams that such tournaments serve a valuable purpose in unifying the rules in the different localities throughout the country. In this respect the various championships held by the several associations of the A.A.U. have made a valuable contribution to the game. The experience at the St. Louis Exposition seems to emphasize the necessity of holding a national championship each year and the several A.A.U. associations holding local championships preliminary to same.

The Championship Basket Ball Committee were extremely fortunate in securing the services of Mr. Martin Delaney as referee, physical director and trainer of St. Louis University for

**DETROIT ATHLETIC CLUB.**

the past four years. He has had a wide experience with both the amateur and professional game and proved himself to be an absolutely fair, impartial and fearless official, rendering his decisions without favoritism and in a manner which indicated his thorough knowledge of the rules and history of the game.

The prizes were gold, silver and bronze medals, emblematic of the Olympic World's Championship, to first, second and third teams respectively, and in addition a handsome banner to the winning team.

The tournament was decided by the team winning the largest number of games, each team playing every other team, the following being a reproduction of the official score made by each team:

INTERCOLLEGIATE CHAMPIONSHIP GROUP  
ST. LOUIS EXPOSITION, 1904.

## The First Olympic College Basket Ball Championship

This tournament marks the beginning of what may in the years to come be an annual fixture, namely—A National College Basket Ball Championship held annually between the colleges of the U. S. played in alternate years in the East and West. Such a championship could easily be made a great athletic and social event.

This championship brought together three Western colleges—Hiram, Wheaton and Latter Day Saints University. The games were played outdoors in the Stadium on a court measuring 50 by 70 feet. Hiram College basket ball team carried off the championship by winning all its games; Wheaton College was second and the Latter Day Saints University took third place.

The games were marked by fast and furious playing at times, but at no time was it necessary for the referee to warn them against unfair tactics or unnecessary rough play. A good spirit prevailed throughout the tournament; all agreeing that the best team won.

The prizes were the usual Exposition gold, silver and bronze medals, awarded respectively to the individuals of the first second and third teams. A suitably inscribed banner emblematic of the Olympic World's College Basket Ball Championship was awarded the winning team.

The detailed official score follows:

## Public Schools Athletic League Basket Ball

The First National High School Basket Ball Championship of the Public Schools Athletic League was held in the Stadium on July 4, 5 and 6, in connection with the Athletic Championships held under the jurisdiction of the League.

Four teams were entered, representing New York, Chicago, St. Louis and San Francisco. The games were played on a court measuring 50 by 70 feet. The playing of the various teams clearly demonstrated the careful attention that had been given by the trainer to both the physical and ethical principles of the game; the boys exhibiting agility, endurance and self-control. At numerous stages of the game they displayed head-work that would do credit to older teams. The side lines were thronged with the enthusiastic friends of the participants and every good play stimulated round after round of applause, the New York team being the favorite through their clever team work. The games were remarkably fast and clean.

At the close of this tournament the one for elementary schools was run off with representative teams from New York, Chicago and San Francisco. Regarding the playing qualities, the pace set, the endurance and self-control of the boys in this tournament was simply a repetition of the above championship.

Mr. Martin Delaney acted as referee throughout both championships.

A trophy was awarded to the school winning the championship and gold medals to the members of the victorious teams.

## Intercollegiate Basket Ball

By HARRY A. FISHER

President Intercollegiate Basket Ball League

Basket ball as an intercollegiate sport has come into remarkable prominence the last year or two and at present is the leading winter sport in many of the colleges and universities throughout the country. The steady and continuous advancement and popularity of the game assures us of its permanency.

To spectators and players alike this can be readily understood. Contrary to ignorant prejudice, basket ball requires more endurance and staying power than the majority of sports. The players are continually on the go, with comparatively no rest for forty minutes, the length of the game. It is certainly no game for the physically undeveloped or the poorly trained athlete. Basket ball when it is well played is an exciting and spectacular game. It usually attracts men who have become prominent in other branches of collegiate sport. Statistics show that, of the ten men representing Columbia during the past two seasons, nine were members of at least one other varsity team, and of these six had won the coveted "C" in one of the four major sports.

To Yale must be given the honor of having the first college basket ball team. As early as 1894 the dark blue was represented by a strong and speedy aggregation of players. College athletic directors soon discovered the advantages of the game as an ideal winter sport and its popularity increased so rapidly that during the season of 1900-1901 all the leading universities of the East were represented by teams. The year following delegates from Yale, Columbia, Harvard, Princeton and Cornell met in New York City and formed the first Intercollegiate Basket Ball Association. Yale easily won the premier honor, but the fight for second place was close and exciting, the end of the season finding Columbia, Harvard and Princeton tied for that honor. The next season the New Haven boys again won the championship with seven victories and only one defeat.

UNIVERSITY OF WISCONSIN.

The league during the past season was increased to six teams by the addition of the University of Pennsylvania. A schedule of thirty games was played, in which each team met every other team twice. Columbia, for example, played two games with Yale, one at New York and the other at New Haven. In this way every one of the six colleges had the benefit of playing on its own court.

In the fall of the year the teams knew little of the relative strength of their rivals in the league. Each college had lost some of its best men by graduation and the Pennsylvania team, the new member of the league, was an unknown quantity, although it had some creditable victories to its credit from the previous season. As each team played its preliminary schedule with athletic clubs and minor college teams, it was watched with interest by its adversaries.

The first intercollegiate game played was the Pennsylvania-Harvard game on January 8th, at Cambridge, in which the new member of the league defeated the crimson five by the score of 18-15. As the season progressed it was seen that both Harvard and Cornell had little or no chance for the championship. To the surprise of every one, Yale did not make the showing that was expected of them. The team was light and speedy, covered well and displayed good team work at times; as usual, they showed that spirit, admired by every one, of fighting every inch of ground and not giving up hope until the final whistle blew. Both Pennsylvania and Princeton were composed of good players, but showed a lack of coaching. The dark blue and red five were selected by many critics of the games for the premier honor, and although they played a hard and consistent game, the best they could do was to beat Princeton for second place.

Columbia showed early strength in her preliminary games, easily defeating Wesleyan and Williams, the latter team New England champions for two years. They also defeated five weaker teams, including Rochester. The Columbia team was composed of individually strong players. Their clean cut passing, aided by accurate goal shooting, and their steady and con-

sistent team work throughout the season, account for their winning the Intercollegiate championship of 1903-'04 without a single defeat, the first achievement of its kind since basket ball was adopted as an intercollegiate sport.

#### SUMMARY.

Columbia scored the most number of points during the season, a grand total of 270; and had the least number scored against them, 133 points. The Blue and White five more than doubled their opponents' score.

Princeton scored the largest number of points in one game, defeating Cornell at Princeton 50-16. Columbia was a close second, scoring 49 points to Cornell's 13, at New York.

Columbia had the lowest score made against them, the Yale team making only 5 points in the contest between these two teams in New York City on February 19.

The Light Blue and White five showed greater strength than any other team in her games away from home, scoring 117 points. Princeton was second with 96, and Pennsylvania a very close third with 95.

As in every collegiate sport the question of the comparative superiority of Eastern and Western teams often arises. Basket ball is no exception to this rule. At the end of last season the question was discussed to some extent by those who had followed the game. One of the newspapers said:

"The remarkably fast play of the Columbia University Basket Ball team, which has won every game to date in the intercollegiate series, has attracted widespread attention in collegiate

athletic circles throughout the country. As a result the five has been challenged to play the University of Minnesota team for the intercollegiate championship of the country."

It is true that a challenge was received from Minnesota, the Western champions, in which a series of games was asked to be played in Minnesota during the Easter Holidays.

The trip to and from Minnesota would have taken at least ten days longer than the vacation of the Eastern college; and the necessary permission of the faculty for the leave of absence during the additional time was not forthcoming; consequently what would have proved an interesting contest did not take place, and the National Intercollegiate Championship for the season of 1903-'04 was undecided.

Of course the Eastern critics will contend for the superiority of the Columbia team, while the Westerners uphold the claims of the Minnesota five.

Readers of this article may have seen an editorial in one of the Western papers proclaiming Minnesota intercollegiate champions of the United States. The following is an extract from that editorial.

"The Minnesota boys had clinched their title to the championship before the Williams game by defeating Rochester College, present champions of the East, but inasmuch as Williams has been pushing the leaders hard this year, and even expected to beat them later on in the season, it was considered necessary that Minnesota defeat them before their title would be clear."

When the correspondent wrote the above article, he probably forgot that the Columbia team had defeated both Rochester and Williams by larger scores than Minnesota defeated them.

FORDHAM COLLEGE.

## Hoboken Amateur Basket Ball League

BY WILLIAM A. FORMES

Member Auxiliary Basket Ball Committee

WILLIAM A. FORMES.

This organization has entered upon its second year, and bids fair to become a permanent one.

There was little change in the officers of the League. Mr. Jones, of the Valencia Boat Club, was re-elected President, as also were Messrs. F. Kopf, of Co. K, as Vice-President, and G. G. O'Brien, of the Eight-thirty Basket Ball Club, Secretary. Mr. H. Howe, of the Weseley Basket Ball Club, was elected Treasurer.

This year there was quite a shifting around of teams, two having dropped from the League, namely, the St. George Field Club and Riversides; their

players either formed new teams or entered some of the others.

This year's League was formed of the following clubs: Rosedale Boat Club, Atlantic Boat Club, Valencia Boat Club, Hoboken Basket Ball Club, Eight-Thirty Basket Ball Club, Hoboken Turn Verein, Empire Basket Ball Club, Amateur Athletic Association, Tiger Club, Co. K, 4th Reg. N. G. N. J., Young Men's League, and Weseley Basket Ball Club.

There being three more teams entered than last year it was decided to hold games one night each week and to have three games a night.

There was quite a difference in the line up of this year's teams

Photo by Tupper,

HARVARD UNIVERSITY,

from last year. Basket ball being an innovation in Hoboken, was then only in its experimental stages, but the teams this year had a year's experience, and were therefore more evenly matched.

Furthermore, there were more prizes to fight for than last year.

Through the kindness of the "Hoboken Observer," a handsome trophy was donated by it for first prize. A. G. Spalding & Bros. donated a silver cup for second prize, and the Valencia Boat Club donated a silver cup for third prize.

The League itself donated three sets of five medals each, namely, gold, silver and bronze for first, second and third individual prizes, so it can readily be seen that there was an incentive to play and a good one at that.

It could be easily seen after a few games that the battle for supremacy would narrow down to the two strongest teams, which were the Rosedale Boat Club and the Hobokens, who were made up of last year's strongest players.

The way the games were patronized showed clearly that the game had taken a firm foothold in Hoboken.

The games were hotly contested, as is shown by the fact, that there were five teams tied for first honors for a considerable time.

When the season closed it was found that the Rosedales and Hobokens were tied for first honors, each with nine victories and two defeats.

The tie was played off a week later with the result that Rosedale won the championship amid the wildest kind of excitement. The Hoboken Turn Verein won third prize.

The following was the standing of the various clubs:

Won. Lost.		Won. Lost.

## Official Rules—Season 1904-1905

EFFECTIVE NOVEMBER 1st, 1904

### RULE I.

**GROUND.** SECTION I. Basket Ball may be played on any grounds free from obstruction, said grounds not to exceed 3,500 square feet of actual playing space.

**Boundary lines.** SEC. 2. There may be a well defined line marked around the floor or field. When side lines are used they shall be straight and at least 3 feet from the wall or fence. The end boundaries shall be directly below the surface against which the goal is placed. This line shall form the boundary of the field of play. Upon agreement by both teams the boundary lines may be dispensed with.

SEC. 3. A circle with a two-foot radius shall be drawn in the centre of the field of play as per diagram on page 101 (Rule XI, sec. 4).

SEC. 4. A lane 6 feet wide shall be drawn on floor as shown in diagram on page 101 (Rule XI., sec. 36).

### RULE II.

**BALL.** SECTION I. The ball shall be round; it shall be made of a rubber bladder covered with a

---

NOTE—"Basket Ball for Women," edited by Miss Senda Berenson, of Smith College, and containing the revised rules for women, is published in Spalding's Athletic Library; price 10 cents.

**RULE II.**

leather case; it shall be not less than 30 nor more than 32 inches in circumference; the limit of variableness shall not be more than one-fourth of an inch in three diameters; it shall weigh not less than 18 nor more than 20 ounces.

SEC. 2. The ball shall be provided by the home team; except in serial championships, when the championship committee shall furnish the ball; shall be tightly inflated and so laced that the ball cannot be held by the lacing, and shall otherwise be in good condition.

SEC. 3. The ball made by A. G. Spalding & Bros. shall be the official ball. Official balls will be stamped as herewith, and will be in sealed boxes.

SEC. 4. The official ball must be used in all match games. The referee may in all match games and shall in serial championships declare all games void when this rule is violated.

Q. When for any reason the home team cannot furnish an "official" ball, could a ball of the same size, but not "official" be used?

A. The above rule, section 4, answers this.

**RULE III.**

SECTION I. The baskets shall be hammock nets of cord, suspended from metal rings 18 inches in diameter (inside). The rings shall be placed 10 feet above the ground in the centre of the short side of the actual playing field. The inside rim shall extend 6 inches from a

Size of Ball.  
Ball provided by home team or Championship Committee as the case may be.

Official ball to be used in all match games.

BASKETS.

**RULE III.**

rigid supporting surface, which must be flat, perpendicular, and of wood at least three-fourths of an inch thick. In case the supporting surface is not a wall of the building, a special background must be supplied, which shall measure at least 6 feet horizontally and 4 feet vertically, and extend not less than 3 feet above the top of the basket.

SEC. 2. The baskets shall be rigidly supported. There must be no projections beyond the sides nor above the upper edge of the basket.

SEC. 3. The baskets made by A. G. Spalding & Bros. shall be the official baskets.

SEC. 4. The "official" baskets must be used in all match games. The referee may in all match games and shall in serial championships declare all games void when this rule is violated.

SEC. 5. No spectators or others shall be permitted nearer than six feet to the baskets in any direction. The referee shall see that this rule is enforced and act in accordance with Rule XII., sec. 5, and Rule VI., sec. 4.

OFFICIAL BASKET

Official basket to be used in all match games.

**RULE IV.****TEAMS.**

SEC. 1. Teams for match games shall consist of five men.

Players must be bona fide members of teams they represent.

SEC. 2. In match games all players must be bona fide amateur members of the organization which they represent.

**RULE IV.**

SEC. 3. In serial championship games no member of one team shall play or act as substitute on any other team in that championship.

SEC. 4. *Official A.A.U. rules* govern the eligibility of all players playing under the sanction of the A.A.U. (See A.A.U. Official Handbook.)

A. A. U. rules govern.

Q. If a physical director plays in a practice game (not a match game) of ball are the other players made professional thereby?

A. That depends on your definition of a practice game. The rules recognize a practice game one where only members of one local organization, association, school, college, etc., are playing. A match game is one where members of more than one organization play.

According to the above interpretation, if he played in a practice game, it does not affect the amateur status of the players. If he played in a match game according to the above interpretation it does make them professionals, whether the organization was a member of the A.A.U. or A.L.N.A., or whether the men were registered.

SEC. 5. *Official Y.M.C.A. Athletic League rules* govern the eligibility of all players playing under the sanction of the Y.M.C.A. Athletic League. (See Y.M.C.A. Athletic League Handbook.)

Y. M. C. A. athletic rules govern.

SEC. 6. In games played between teams representing educational institutions, the eligibility of players is determined by the rules of the governing body to which such institutions belong.

I. C. A. A. A. A. rules govern.

(1) When teams from educational institutions play teams not representing educational institutions, A.A.U. rules govern.

When A. A. U. rules govern educational institutions.

**RULE IV.**

When teams from educational institutions are required to get sanction and have individuals registered.

(2) Teams from educational institutions are required to get sanction and have the individual players registered in the A.A.U. when they play teams not representing an educational institution. (See A.A.U. Official Handbook.)\*

**RULE V.**

OFFICIALS. The officials shall be a **Referee**, one **Umpire**, a **Scorer** and a **Timekeeper**.

**RULE VI.**

REFEREE. SECTION 1. The **Referee** in all cases must be a thoroughly competent and impartial person, and shall not be a member of either of the competing organizations.

Referee an outsider.

Home team must be notified about referee.

SEC. 2. In all but championship games, the visiting team shall choose the **Referee**, but shall notify the home team of such selection not later than four days before the date fixed for the game. Any team neglecting to send such notification within the limit specified shall forfeit the right to appoint the referee.

SEC. 3. In all championship games the **Referee** shall be selected by the Championship Committee.

Alterations in rules, about grounds and time.

SEC. 4. Before the game begins the **Referee** shall see that the regulations respecting the ball, baskets, grounds and spectators (Rule III., sec. 5) are adhered to. By mutual agreement

\*A. A. U., I. C. A. A. A. A. and Y. M. C. A. Athletic League hand-books may be secured from the publishers of this Guide.

**RULE VI.**

of the captains, the **Referee** may allow alterations in the rules regarding grounds and time, but not in baskets, ball or teams. The **Referee** shall ascertain before the commencement of the game the time for beginning, or any other arrangements that have been made by the captains.

SEC. 5. The **Referee** shall be judge of the ball. He shall decide when the ball is in play, to whom it belongs, when a goal has been made, and have power to call all fouls provided for in the rules.

Referee decides when ball is in play and when goal has been made and calls fouls.

SEC. 6. The **Referee** shall approve of the timekeeper and scorer before the game begins.

SEC. 7. The **Referee** shall blow a whistle whenever necessary to call "time" or a foul. In case of a foul he shall indicate the offender and announce the nature of the foul, so that both the offender and scorer can hear him.

Calling Time.

Q. In a game played, a goal was made, after which the referee discovered that one of the opposing players was injured, and upon the injured player claiming that he had called for the referee to blow his whistle and the referee did not hear him, then the injured player and captain of the same side talked the referee into changing his decision and deciding that the goal should not count.

The referee gave his decision on the ground that there is a rule that states "officials are to use their own judgment in accord with the general spirit of the rules."

Should the goal count or not?

The referee did not blow his whistle nor did he notice that a player was injured until after the goal was thrown.

A. The goal should count. First, because the referee must know that the man is sick before he can stop the game, and simply because the man cried "stop the game," is no reason on his part for claiming that a goal made

**RULE VI**

after that cry should not count. If such were the case, a team that was tricky could stop every goal that is made by the opposing side by saying that one of their men cried "stop the game." Second, the game is in progress until the referee's whistle is blown. If the referee's whistle was not blown, then the game was not stopped, and if the game was not stopped, the goal counted.

SEC. 8. The **Referee** is the superior officer of the game and shall decide all questions not under jurisdiction of the other officials and all questions not covered by the rules.

Referee has no power after game.

SEC. 9. The **Referee's** term of office shall only extend from the time the game begins until it is concluded, and his decision awarding the game must then be given. His jurisdiction shall then end and he shall have no longer any power to act as referee.

Referee to notify committee when man has been disqualified.

SEC. 10. The **Referee** shall notify the secretary of the committee under whose jurisdiction the game has been played, whenever a player has been disqualified, giving the player's name, date, place, name of team and nature of the offence.

**RULE VII.**

UMPIRE.

Umpire, outsider.

SECTION 1. The **Umpire** in all cases must be a thoroughly competent and impartial person, and should not be a member of either of the competing organizations.

Q. Rule VII, section 1, states that the umpire shall not be a member of either of the competing organizations. We are forming a League, consisting of Y.M.C.A., Business University, Catholic School and State Normal School. Say Y.M.C.A. would play Business University. Must we take our officials entirely outside of these four organizations, or could we take the officials from the other two organizations not represented in this

**RULE VII.**

particular game; or does the ruling mean just the men playing on the various teams represented?

A. The interpretation of the rule is as follows: Say, for example, the Y.M.C.A. and the State Normal School play together, then the officials should not be members of either the Y. M. C. A. or students at the Normal School. It would be better to get the officials outside of all the organizations in the League, but this is not always possible, so the plan has been followed of selecting the officials from the teams that do not play together on a given night. For instance, the night that the Y.M.C.A. and the State Normal School play, you might select the officials from the Business University and the Catholic School, and when they play they would select the officials from two of the other organizations in the League.

Q. Will you kindly let me know whether, in a match game between two Y.M.C.A. teams, the physical director has a right to umpire that game.

A. Would say it largely depends on the circumstances whether it is wise for the physical director of one of the associations to umpire the game. As a rule, however, I do not think it is wise, as it often raises complications which are sometimes unpleasant.

SEC. 2. In all but serial championship games the home team shall choose the **Umpire**, but shall notify the visiting team of such selection not later than four days before the date fixed for the game. A team neglecting to send such notification within the limit specified shall forfeit to the visiting team its right to appoint the **Umpire**.

Visiting team must be notified about Umpire

SEC. 3. In all serial championship games the **Umpire** shall be selected by the Championship Committee.

SEC. 4. The **Umpire** shall make decisions and call fouls for the violation of all rules except those specifically reserved to the **Referee**.

Umpire calls fouls.

SEC. 5. The **Umpire** shall make his decisions independently of the **Referee** and a decision made by either official within his jurisdiction shall not be questioned by the other.

Umpire not to question Referee's decisions.

**RULE VII.**

Whistle blown on  
foul.

SEC. 6. The **Umpire** shall blow a whistle whenever it is necessary to call a foul. He shall then indicate the offender, and announce the nature of the foul so both the offender and the scorer can hear him.

Q. Has the umpire a right to call time for anything outside of fouls?

A. No.

Official's whistle  
calling foul takes  
precedence.

SEC. 7. When the **Umpire's** whistle sounds simultaneously with either the **Referee's** or **Timekeeper's**, the official's whistle calling attention to a foul shall take precedence. The **Umpire** or **Referee** shall have power to call fouls for violation of rules committed either within or without the boundary lines, also at any moment from the beginning of play to the call of time at the end of a half or game. This includes the periods when the game may be momentarily stopped for any reason. Fouls may be called on any number of players at the same time.

Q. If, during the game the referee blows his whistle and calls held ball before the umpire can blow his whistle for a foul, the foul being made immediately before or at the same time the referee's whistle is blown, which whistle should have the preference? (b) Which decision should be counted? (c) If both, which first?

A. The one calling a foul.

**RULE VIII.**

**SCORER.**

SECTION I. The **Scorer** shall be appointed by the management of the home team, subject to the approval of the **Referee**, except in serial

**RULE VIII.**

championship games when he shall be appointed by the Championship Committee.

SEC. 2. The **Scorer**, before the commencement of the game, shall secure from the management of each team a list of their players, with their positions and registration numbers.

SEC. 3. He shall notify the **Referee** when a player has committed two Class B fouls, according to Rule XI., sec. 24.

Scorer must notify referee about disqualifying players.

SEC. 4. Match games shall be scored in and according to the details in the official score book, and this shall constitute the official record of the game.

SEC. 5. The use of blackboard, cards, etc., to announce the score to spectators, shall be in charge of the **Scorer** or one of his assistants, and only the official score shall be announced thereon. In case of mistake on the board, cards, etc., it shall be corrected according to the record in the official score book.

Blackboards, cards, etc., for announcing score, to be in charge of official scorer.

**RULE IX.**

SECTION I. A **Timekeeper** shall be appointed by the management of the home team, subject to the approval of the **Referee**, except in serial championship games, when he shall be appointed by the Championship Committee.

**TIMEKEEPER.**

SEC. 2. He shall note when the game starts and shall blow his whistle at the expiration of twenty minutes' actual playing time in each half.

**RULE IX.**

Time out only on  
referee's order.

SEC. 3. Time consumed by stoppages during the game shall be deducted only on order of the **Referee**. Time involved in making "free throws" or putting the ball in play either by official or players shall not be considered stoppages.

Q. Two teams play a game in local league. Timekeeper has no whistle. At end of time in second half, timekeeper calls time, but is not heard, and before referee can blow whistle, team A makes a basket. Does basket count?

A. Yes. Timekeeper should have had a whistle. Players are not supposed to pay any attention to anything but a whistle.

**RULE X.**

**CAPTAINS.**

SECTION 1. **Captains** shall be indicated by each side previous to the commencement of the game; they must be players in the game.

SEC. 2. The **Captains** shall be the representatives of their respective teams.

Captains speak to  
officials.

SEC. 3. The **Captains** shall toss for choice of baskets and they only shall be entitled to address the officials regarding any matter arising during the game. The **Referee** shall apply Rule XII, secs. 3 and 4 to the captains' conduct when necessary.

**RULE XI.**

**THE GAME.**

Time of halves  
for seniors and  
juniors.

SECTION 1. For seniors the game shall consist of two halves of twenty minutes each, with a rest of ten minutes between the halves. This is the time of actual play. These times

**RULE XI.**

may be changed by mutual agreement of the captains, except in serial championship games, in which case the Championship Committee shall make the change if necessary.

Q. If two teams playing a match game of the usual length of halves are compelled to discontinue before the game is finished (owing to the ball having to be closed), still having nine minutes to play with one team one point in the lead, should the leading team be declared the winner, or be it declared no game?

Both teams knew the hall would be closed at a stated hour, but owing to several delays the game continued over this time, and had to quit with nine minutes to play?

A. The rule states that the game should consist of two twenty minute halves, with a rest of ten minutes between. Unless an agreement was made beforehand that the game should end with the closing of the hall, and the team ahead at that time be considered the winner, I would decide that there was no game and that it would have to be played over.

SEC. 2. The teams shall change baskets at the end of the first half.

SEC. 3. Any persistent or intentional delay of the game shall be counted as a foul against the team so delaying. The **Referee** shall call this foul.

Persistent or intentional delay of game.

SEC. 4. At the opening of the game, at the beginning of the second half, after each goal, and at such other times as hereinafter provided, the **Referee** shall put the ball in play in the centre. The centre men shall stand with both feet in the centre circle and the **Referee** shall toss the ball up in a plane at right angles to the side lines to a greater height than either of the centre men can jump, and so that it will drop between them.

Ball, how and when put in play at centre.

Q. Shall the referee wait for the two men to get to the center circle in putting the ball in play, or shall

**RULE XI.**

he put the ball up in play whether the two men are there or not?

A. The referee should blow his whistle, and when a reasonable length of time for both men to present themselves in the centre has elapsed, and if only one man is ready and at the expiration of a reasonable length of time the other man is not there, the ball should be thrown up just as if the other man were present.

SEC. 5. When the **Referee** puts the ball in play in the centre, he shall blow his whistle when the ball reaches its highest point, after which it must be first touched by either or both of the centre men. The **Referee** shall put the ball in play again in the same manner when this rule is violated.

Ball to be touched first by one or both centre men.

Q. Has one of the center men a right to jump and catch the ball with both hands and then throw it?

A. Yes.

SEC. 6. Whenever the ball is put in play other than in the centre, the players who are to first touch the ball must not stand further than two feet from the spot indicated by the **Referee** where the ball is to fall and have both feet together until the jump is made.

Players who "jump" for ball must stand with both feet together.

SEC. 7. After time has been called the **Referee** shall stand between the players and the nearer side line and put the ball in play by tossing it up in such a manner that it will drop near the spot where it was when time was called. The two opponents nearest this spot when time was called shall jump for the ball. They shall be indicated by the **Referee**.

After "time," ball goes up at spot where it was when time was called, except when it was outside.

SEC. 8. If the ball is out of bounds when time is called, play shall be resumed at the

**RULE XI.**

whistle of the **Referee** the same as if time had not been called.

SEC. 9. When the ball is held by two players **Held ball.** for any length of time, the **Referee** shall blow his whistle, stop the play, and throw the ball up from where it was held.

Q. Is this length of time at the discretion of the referee.

A. Yes.

SEC. 10. Not more than one player of each team shall tackle the ball at the same time. A foul shall be called on each player violating this rule. Either the **Referee** or **Umpire** shall make decision on this rule.

SEC. 11. The ball may be thrown or batted in any direction with one or both hands.

SEC. 12. The ball shall not be kicked or struck with the fists. **Kicking or using fists not allowed.** The **Umpire** or **Referee** shall call a foul for violation of this rule.

SEC. 13. A player shall not advance with the ball while in bounds, nor across the line to out of bounds. He must play it from the spot on which he catches it. Allowance is to be made for one who catches it while running, provided he throws it at once or stops as soon as possible. This shall not be interpreted as interfering with a man's turning around without making progress as long as he keeps one foot in place. The **Umpire** or **Referee** shall call a foul for violation of this rule. **Ball not to be carried.**

Q. Can a player catch the ball with both hands and then stand still in one position and touch the ball to the

**RULE XI.**

floor, first on one side of himself, then on the other, and raise the ball in both hands, so as to pass the ball?

A. If the man handled the ball as you state it would not be considered a foul.

Q. How many steps do you allow for the phrase "stops as soon as possible"?

A. Depends on the judgment of the official in each case.

Q. Is it allowable for a man near the basket, holding the ball, to make a long jump toward the basket, and while in the air to throw or try to throw a goal?

A. Yes, providing the ball leaves his hands before he reaches the floor.

Ball held by hands only.

SEC. 14. The ball shall be held by the hands only. The using of any other part of the body to hold or assist in holding the ball constitutes a foul. Hugging the ball is a foul. The Umpire or Referee shall call a foul for violation of this rule.

Q. If a ball passed to a player should go through his hands and strike his body, and he catch it with his hands just as it strikes his body, but does not hold it to the body, should it be called a foul?

A. If he takes the ball away at once, no.

Q. Is a player allowed to hold the ball longer than five seconds while in the field of play? ,

A. Yes.

Q. If the ball strikes the body accidentally and is caught on the rebound by the hands, has this rule been violated?

A. No.

Q. If the ball strikes hands and body simultaneously, there being no effort on the part of the catcher to use his body in catching it, and it is instantly removed from the body, has this rule been violated?

A. No.

Q. If the catcher deliberately uses his body to assist in catching the ball, but instantly removes it from his body, is he considered to have held it against his body and violated this rule?

A. No.

Q. If a player falls on the ball on the floor, is it a foul?

A. No, unless he uses his body to assist in holding it.

"Dribbling" with one hand but not with two.

SEC. 15. *A dribble is a play in which the player advances more than two steps while rolling or bouncing the ball against one or*

**RULE XI.**

both hands one or more times, without the assistance of another player. In a dribble both hands shall not be used simultaneously more than once. Violation of this rule is a foul and may be called by either the **Referee** or **Umpire**. A player who has dribbled may not score a goal until the ball has been played by another player. Successive tries for goal by one who has not dribbled shall not be considered a violation of this rule.

Q. What constitutes a playing of the ball, Rule XI, section 15? Does the player have to take the ball with both hands and play it, or does a mere batting with one hand constitute a playing?

A. Batting with one or both hands comes within the definition of the word "play."

Q. A player takes the ball, releases it from his hand, and it rolls along the floor, say three or four feet. He is running along with the ball, but not touching it. Every three or four feet he bats the ball with his hand, the ball being on the floor. Is this carrying the ball?

A. No; dribbling.

SEC. 16. The ball is out of bounds only when it has completely crossed the line.

Ball out of  
bounds.

SEC. 17. When the ball is caused to go out of bounds in any manner intentionally or unintentionally (except in violation of sec. 13) and remains there, the **Referee** shall give it to the opposite side.

Q. If a man running catches the ball and takes one complete step, but in doing so crosses the boundary line, would he be carrying the ball out of bounds? (b) Again, if he catches the ball in field of play, steps out with one foot, has he carried the ball from field of play, or must he cross the line with entire body and ball? (c) Is a man out of bounds with one foot outside of line?

A. Yes. (b) No, both feet must be over the line.  
(c) No.

**RULE XI.**

SEC. 18. In case of a doubt in the mind of the **Referee** as to which side caused the ball to go out of bounds, it shall be tossed up between two players indicated by the **Referee**.

When ball rolls  
or bounces in  
again.

SEC. 19. When the ball goes out of bounds and immediately returns, play shall continue whether or not it was touched while out of bounds, except if the whistle of the **Referee** is blown, the ball shall then be put in play as though it had not returned to the field of play.

Q. Should the Referee blow his whistle every time the ball leaves the field of play?

A. Yes, if he is reasonably certain that the ball will remain out.

SEC. 20. A player is allowed five seconds to hold the ball out of bounds, and if he holds it longer it shall be given to an opponent by the **Referee**.

To be played by  
another player.

SEC. 21. The ball may be thrown into the field of play in any direction, from any spot (outside of bounds) on a line drawn at right angles to the boundary line at the spot where the ball crossed it. The ball may be thrown or bounced into the field of play, and must be played by some other player before the player who passed it in can again play it. When either of these rules are violated the **Referee** shall give the ball to the opponent at the same spot.

Q. When a person has the ball out of bounds, is that person supposed to come up to the boundary line in order to return the ball to the field of play?

**RULE XI.**

A. No.

Q. When the ball goes out of bounds, can it be returned to field of play while other than the player possessing the ball remains outside of bounds?

A. Yes.

Q. A ball out of bounds passed to a player whose feet are inside the line but whose hands may receive the ball outside the line. Is it foul or fair?

A. The ball must not be touched until it has completely crossed the line.

Q. Suppose an A player has the ball out of bounds at X. He throws it so it strikes inside and goes out again at Y, without having been touched by any player. To whom does the ball belong and where?

A. Belongs to B at Y.

Q. The ball goes out of bounds. B gets it and tries to throw it in. A bats it out right on the line. B again gets it and throws it in. A again bats it out. B gets it and throws it straight at A and hits him in the face. Umpire calls foul on B. According to Rule XI, section 21, should this foul be called? B claimed he had right to throw ball in where he pleased, according to Rule XI, section 21. A did not touch ball until after it had crossed the line, but knocked it back as soon as it had entered the field.

A. If B threw the ball into the field of play and A did not touch it until after it had crossed the line, no foul could be called on A. A foul should be called on B for roughness.

Q. Is the Referee supposed to blow his whistle if the ball goes out of bounds and rolls, etc., in again, the ball not having been touched by a player when out of bounds?

A. No.

SEC. 22. There shall be no interfering with the player who is returning the ball: that is, no part of the person of his opponent shall be outside of the field of play, and the ball may not be touched until it has crossed the line. If either of these rules is violated the **Referee** shall return the ball to the player who had it and have it again put in play at the original place.

Interfering with thrower in.

Q. A player has the ball out of bounds, his opponent knocks it out of his hands, what is the penalty?

A. See Section 3.

SEC. 23 There shall be no tackling or holding or pushing of an opponent. The arms

Holding, etc.

**RULE XI.**

shall not be used in any way to interfere with the progress of a player who has not the ball. Grasping the clothing or person of a player with the hands or putting one or both arms about a player shall be called holding. The **Umpire** or **Referee** shall call a foul for violation of this rule.

Q. If, during the progress of the game, a player should keep one or both hands in front of his opponent's face or body, not touching him at any time (a) should it be called a foul? (b) If the opponent should rush into the arms of the player, should a foul be called?

A. (a) Yes. (b) Yes.

Q. Can a guard, keeping watch of his forward, touch him with his elbow, etc., so as he won't lose him, viz. : keep in touch with him all through the game by personal contact? Would you not call this interference?

A. It is a foul to so interfere.

Q. Can a forward who has the ball in his right hand hold his left arm out rigidly so the guard cannot get to the ball, and the forward practically getting a free throw for goal.

A. No.

Q. Can a player in attempting to get the ball from his opponent put one arm across his neck or back at an angle of 45 degrees? Is it a foul?

A. Yes; if it violates section 23.

Q. Can a player use his body, with arms down, to interfere with the progress of a player who has not the ball?

A. Depends on how he used his body. If he violates sections 23 and 24 it is a foul.

Q. Is it not a foul if A throws his body on B, who has the ball? I mean by slightly raising himself and putting his whole weight on his opponent with his arms out straight.

A. Yes.

Roughness will  
disqualify.

SEC. 24. There shall be no striking, kicking, shouldering, tripping, hacking or unnecessary roughness of any kind. Violation of this rule constitutes a foul. The **Umpire** or **Referee** shall call a foul for violation of this rule. The **Referee** may, for the first offence, and shall for the second offence, disqualify the offender, for

**RULE XI.**

that game and for such further period as the committee in charge shall determine; except that disqualification for striking, kicking, hacking shall be for one year, except by alteration of penalty in any special case by the proper Registration Committee of the Amateur Athletic Union or the Governing Committee of the Athletic League of the Young Men's Christian Association. The **Referee** has power to disqualify for violation of this rule whether a foul was called or not.

Disqualification  
for one year.

Q. What is hacking?

A. I would interpret hacking as meaning a chopping movement, which is sometimes indulged in by one opponent against another who is holding the ball; that is, A has the ball in both hands and B makes a chopping movement and strikes A's arms with his arms with the intention of knocking the ball out of A's hands. This he has no right to do. He must not tackle the man. The rules give the privilege of tackling the ball only.

Q. If a man falls down behind another one and this man falls over him, who is the foul on?

A. Depends on the umpire's and referee's judgment who was at fault.

Q. A large man played against a small man. The large man played a rough game, and when the small man got the ball, ran into him with full force. At last the small man got tired of this treatment and the next time the large man charged him, he braced himself low and caught the large man in the stomach with his elbow. The umpire called foul on the small man. Was it a foul?

A. Yes; on both. If the umpire had called fouls on the large man for his former rough tactics, this play would not have occurred.

Q. One of the A players was playing rough and giving his opponents the "hip." He did this several times. The umpire warned him if he did it again he would compel him to leave the game. Shortly afterward he did it again and the umpire said he would have to get out of the game. Was the umpire justified in compelling the referee to disqualify this man?

A. The course for the umpire to have pursued was to call fouls on the man and draw the attention of the scorer to his duties as outlined in Rule 8, section 3. Disqualification is not within the province of the umpire. This duty falls upon the referee and he is not compelled to accept orders from other officials.

**RULE XI.**

Substitute  
allowed for dis-  
qualified player.

SEC. 25. A substitute shall be allowed for a player who has been disqualified, and the foul made by him shall be counted.

Five minutes for  
"time."

SEC. 26. Whenever, because of sickness or accident to a player, it becomes necessary for the **Referee** to call "time," play must be resumed in five minutes. If the injured player is unable to resume play by that time, a substitute shall take his place, or the game start at once without him. If it becomes necessary for any reason to change men it can be done at any time but only after the **Referee** and **Scorer** have both been notified. Any goals made by the team violating this rule shall not be counted, but this shall not affect the score of the other team. A man once removed from the game cannot play again during that game.

Men to be  
changed only  
after the Referee  
or Scorer has  
been notified.

A man once  
removed cannot  
play again.

SEC. 27. A game must be decided by the winning of the most points in forty minutes playing time; at the end of which time the **Timekeeper's** whistle shall be blown and the score announced.

Requires two  
points to win in  
case of tie.

SEC. 28. In case the score is found to be a tie, the **Referee** shall then order the game to continue (without exchange of baskets) until either side has made 2 additional points. The goals may be made either from field or foul line, the team first scoring 2 points wins.

Q. Two teams are A and B. When time was called in the last half the score was A, 13; B, 13. So the game went on. A threw a foul, and then B did likewise.

**RULE XI.**

Score: A, 14; B, 14. Then A threw another foul, making score, A, 15, B, 14. Now, is A the winner because it has scored the first two points after time was called, or must the game go on till one side wins by two points?

A. The team that scores two points first, regardless of the score of the other team, wins the game.

SEC. 29. In case of a tie and both teams make the second points simultaneously through both teams scoring on double fouls, the game shall continue, as provided for in section 28.

SEC. 30. A goal made from the field shall count 2 points; a goal made from a foul shall count as 1 point; a goal thrown shall count for the side into whose basket the ball is thrown, even though it was done by mistake. To constitute a goal, the ball must enter and remain in the basket until after the **Referee's** decision.

Scoring of goals.

What constitutes a goal.

SEC. 31. If the basket or ball is touched by an opponent when the ball is on the edge of the basket, the **Referee** shall award 1 point to opposing team.

Basket or ball touched by opponent.

SEC. 32. If a player while trying for goal is fouled by an opponent, and it is called by either the **Referee** or **Umpire**, the **Referee** shall award 1 point to the team whose player was fouled, and if the player succeeds in making a goal, it shall also count. This shall not interfere with a free throw for goal from foul line.

SEC. 33. When a foul has been made, the opposite side shall have a free throw for the basket at a distance of not less than fifteen

Free throw mark.

**RULE XI.**

Thrower must  
not cross mark.

feet from a point on the floor directly beneath the centre of the basket, measuring towards the opposite basket. The player having a free throw shall not cross the fifteen-foot line until the ball has entered or missed the basket. If this rule is violated, a goal, if made, shall not be scored, and, if missed, the ball shall be dead and put in play in the centre. If the basket is missed and no rules have been violated, the ball is in play. The **Referee** renders decisions on this rule.

Ball to be thrown  
at basket.

SEC. 34. The ball shall not be thrown to another player; an honest attempt must be made to cage it; if in the judgment of the **Referee** the ball is purposely caromed to another player and he succeeds in throwing a goal, it shall not be counted. In such case whether the goal is made or missed the ball shall be thrown up at the centre. The **Referee** makes the decisions on this rule.

SEC. 35. The blowing of any official's whistle shall not prevent a free throw that has been awarded.

Six-foot lane for  
players. Penalty  
for crossing line  
before ball  
reaches  
basket.

SEC. 36. No player shall stand nearer than six feet to the thrower, nor in a lane six feet wide from the thrower to the basket nor interfere with the ball until after it reaches the basket. He shall not be interfered with in any way whatever, either by players or spectators.

**RULE XI.**

The **Referee** or **Umpire** may make the decision on this point. If this rule is violated by one of the opposite team, and a goal is not made, he shall have another free throw. If violated by one of his own team, or by players of both teams, and a goal is made, it shall not count, and whether missed or made the ball shall be thrown up in the centre. The **Referee** renders the decisions for violation of this rule.

Q. If, while throwing for the basket after a foul, two men on opposite teams should enter the basket before the ball enters or misses the basket, would you give the side throwing another trial? (b) During this trial a basket is made and no one enters the lane. Do you throw the ball up in centre?

A. No. (b) Yes.

Q. Can a player stand back of the 15-foot line and jump up to it as he throws the ball, if he doesn't cross the line?

A. Yes.

Q. When a free throw is being made, is it necessary for both teams to take their original position? If not, what positions must they be in?

A. The men usually line up on each of the six-foot lane. Those not lining up stand where they please, providing they are six or more feet from the thrower.

Q. I believe the referee can allow a player to throw from the foul line until he scores, provided, of course, he, the referee, cannot stop the audience from hissing and disturbing the player's nerve. Am I correct?

A. Yes; if the audience of the home team persists in interfering you could give the game to the other side.

Q. During the progress of the game a whistle was blown by one of the spectators. An A player had the ball in his hand when the whistle was blown. He glanced toward the officials, as did each of the other players, expecting, of course, that there had been a foul committed. At the same time, however, he passed the ball to one of the other players, who tossed it into the basket. Each of the three officials admitted having heard the whistle and yet each denied having blown it. It was then apparent that the whistle was blown by a spectator. It was a loud, shrill whistle and was heard distinctly all over the hall. The B players had stopped when they heard the whistle and made no effort to prevent A players from throwing the goal, yet the referee said that the goal counted. I protested immediately on the ground that the spectators had interfered. He said that there was no rule which covered this particular case. Did that goal count?

**RULE XI.**

A. The Committee rules that the goal does not count because if a ruling were made allowing the goal, there might be a collusion between the players on one side and an individual in the audience who is in possession of a whistle, and he might use it at a stated time agreed upon prior to the game.

Two fouls at  
once.

SEC. 37. When two or more fouls are called at same time on opposite sides, they shall be thrown in succession and the ball shall be put in play in the centre after the last throw. When two or more fouls are called at the same time on one team, they shall be thrown in succession. If a goal is made on the last throw, the ball shall be put in play at the centre; if missed, the ball is in play.

Q. Can a player who has been given the ball out of bounds by the referee carry the ball as long as he is out of bounds and does not step into the playing space? Or must he throw it in from the exact spot at which it went out or at which he secured it?

A. He has full five seconds to hold it out of bounds after he picks it up, and then he must throw it in from a spot any distance from the boundary line, provided that spot is somewhere on a line drawn at right angles to the boundary line at the point where the ball crossed it.

Q. If a player throws for goal and the whistle blows while the ball is in the air does it count?

A. Yes, if no rules have been violated.

Goal counts if  
whistle is blown  
when ball is in  
the air.

SEC. 38. If a player throws for the basket and the **Referee** decides the ball was in the air when the whistle of the **Referee, Umpire** or **Timekeeper** sounded, and the throw results in a goal, it shall count, except as in sections 39 and 40 of this rule.

Q. At a game last night at which I was referee, the whistle of the timekeeper was heard by one side only, and I blew mine so that they would stop playing. As my whistle blew a basket was thrown. The question then arose as to whether the points should count. I held that as the timekeeper's whistle had blown before the ball was passed for the throw that resulted in the basket, that they should not count.

**RULE XI.**

A. According to the conditions in your letter your decision was correct. If the ball was not in the air when the timekeeper's whistle blew the goal does not count.

SEC. 39. When a player makes a throw for the basket and the **Referee** decides that part of his person was touching the floor out of bounds, if a goal is made it shall be declared no score; if not made, the ball shall continue in play.

Goal from outside.

SEC. 40. The **Referee** shall decide that a goal thrown before the whistle can be blown for a foul made by the team throwing it shall not count.

Goals affected by fouls.

SEC. 41. If only one team puts in an appearance at the appointed time, the **Referee** shall announce that the team complying with the terms agreed upon shall be declared the winner of the game by default.

Winning by default.

SEC. 42. When it happens, however, that neither team is ready to begin playing at the hour appointed for the game, the team which completes its number first and appears on the field ready for play cannot claim a default from its opponent. The latter shall be entitled to fifteen minutes' additional time, and if then unable to present a full team shall be obliged to play short-handed or forfeit the game. The **Referee** shall be the authority on this rule.

When neither team is ready.

SEC. 43. Any team refusing to play within three minutes after receiving instructions to do so from the **Referee** shall forfeit the game.

**RULE XI.**

Q. If the captain of the team orders his men off the court and the referee neglects, in the confusion, to go through the formality of ordering the men on the court, can he give the game to the opposing team? What is done about the awarding of the game?

A. The referee cannot award the game unless the team has refused to play after receiving instructions to do so from the referee. The game cannot be awarded to either team.

SEC. 44. The **Referee** shall announce a team defaulting or forfeiting a game the loser by a score of 2 to 0.

**RULE XII.**

**FOULS.** SECTION I. Fouls are classified according to their penalties as follows:

(a) *General*.—1. Delaying game (Rule XI, sec. 3); 2. Tackling ball (Rule XI, sec. 10); 3. Kicking ball (Rule XI, sec. 12); 4. Striking ball (Rule XI, sec. 12); 5. Holding ball (Rule XI, sec. 14); 6. Dribbling (Rule XI, sec. 15); 7. Tackling opponent (Rule XI, sec. 23); 8. Holding opponent (Rule XI, sec. 23); 9. Pushing opponent (Rule XI, sec. 23); 10. Addressing officials (Rule XII, sec. 3).

(b) *Specific*.—*Fouls for which players may be disqualified*.—1. Striking opponent (Rule XI, sec. 24); 2. Kicking opponent (Rule XI, sec. 24); 3. Shouldering opponent (Rule XI, sec. 24); 4. Tripping opponent (Rule XI, sec. 24); 5. Hacking opponent (Rule XI, sec. 24); 6. Unnecessary roughness (Rule XI, sec. 24); 7. Using profane or abusive language (Rule XII, sec. 4).

**RULE XII.**

SEC. 2. Officials are expected to be as strict as possible, both with players and spectators. In all cases not covered in these rules officials are to use their own judgment in accord with the general spirit of the rules.

Officials to be strict and to go by spirit of rules.

SEC. 3. Any remarks on the part of a player during the progress of the game derogatory in any way to the officials shall be called a foul by the **Referee**.

Derogatory remarks about officials.

Q. If a player makes remarks about the officials, although the remarks are not addressed to them, would you call a foul?

A. If the remarks of a player are derogatory in any way to the officials, whether the man is talking to the captain or to some one else, a foul should be called on him.

SEC. 4. The **Referee** shall promptly disqualify any player using profane or abusive language.

Profanity disqualifies.

Q. Kindly let me know if a referee could disqualify a man under the following circumstances: An umpire called a foul on a player, when the captain of the team said to the umpire: "Why don't you read the rules; he did not run with the ball." Later in the game the captain had a foul called on him, when he objected (addressing the umpire) in practically the same language. The referee threatened to disqualify him if the offense was repeated, under the impression that such talk was in effect an abuse of the umpire and that this rule was intended to protect umpires from such things. Could a man be disqualified in such a case?

A. Would say that a great deal depends on the circumstances whether the man could be disqualified or not. The rules allow the captain to address the umpire, but, of course, that means in a gentlemanly manner. Now, if the captain simply took exception to the decision of the umpire and addressed him, so stating without using derogatory remarks, then he could not be disqualified, for this is the captain's right. On the other hand, if the captain used foul language or made derogatory remarks regarding any of the officials, the referee is justified in disqualifying him. It altogether depends on how the language used by the captain is interpreted, and, of course, this interpretation would be based on the words used and the manner in which they were used.

SEC. 5. The home team shall be held responsible for the behavior of the spectators.

Behavior of spectators.

**RULE XII.**

Failure to keep them from interfering with the progress of the game or from discourteous conduct shall, after a warning by the **Referee**, make the home team liable to forfeit the game. In serial championship games the championship committee is responsible.

Q. If the game is not one of a championship series and is played on neutral ground who is responsible for the observance of the rules by the spectators?

A. Both teams should see that the rules are observed, as in the above circumstances there would be no home team.

Visiting team to  
have benefit of  
doubt.

SEC. 6. In case of any doubt on any point, *in the mind of the Referee or Umpire*, arising from the presence of the spectators, the visiting team shall have the benefit of the doubt.

Protesting  
decisions of  
officials.

SEC. 7. There shall be no protests against the decisions of the officials except in regard to interpretation of rules.

Q. Has a player the right to complain to his captain during the progress of a game regarding failure of officials to enforce rules?

A. Yes; provided he does so in a way not to violate Rule XII, see 3 and 4.

Q. Is it right for the captain to make protests to officials during the progress of a game?

A. Yes; provided he does not do so in a manner which violates Rule XII, sections 3 and 4.

Q. When the captain wishes to call the attention of the officials to violations of rules, etc., should the referee blow his whistle and order "time out"?

A. The referee is the judge whether the protest is of sufficient importance to stop game. The less discussion the better.

Questions con-  
cerning interpre-  
tation of rules.

SEC. 8. All the questions pertaining to the interpretation of the rules may be referred to the Basket Ball Committee of the Amateur Athletic Union, 3 West Twenty-ninth Street, tenth floor, New York City, or to the Y.M. C.A. Athletic League, 3 West Twenty-ninth Street, New York City. Protests must be presented in writing within forty-eight hours.

## Suggestions For Officials

BY GEORGE T. HEPBRON.

There was a decided improvement in the efficiency of the officials last season. This is to be expected as the rules became better known and the object of the game better understood; still, there is room for improvement.

The fact that a man is a good player is not sufficient reason for selecting him to be an official. In addition, he must have character and backbone.

If, among others, the following characteristics are exhibited by the officials, the games this season will be better officered, and less friction will be manifested:

1. Instant recognition of a violated rule and the penalty for same.
2. Backbone enough to make a decision and stick to it.
3. Abstinance from fault finding. (The duty of officials is to make decisions—not to lecture the players.)
4. Readiness to explain in the fewest possible words why that particular ruling was made.
5. Willingness to produce the rule as authority for action.
6. Never, under any circumstances, allowing the prolonged discussion of a rule during the progress of the game.
7. Willingness to allow the players the privilege of appeal from his interpretation of the rules to the proper committee.
8. Kindness and courtesy to all and the maintenance of a level head under trying circumstances.
9. A strong purpose to follow the rules in letter and spirit, and a determination not to be susceptible to outside influences.
10. Will not overstep his authority, appreciating at the same time his full duty.
11. Knows the rules so well that a reversal of decision is not necessary.
12. Impartial in all his dealings.

## How to Score Basket Ball

By LUTHER HALSEY GULICK, M. D.

The increased use of the score book last year resulted in the teams getting down to more scientific playing. Better records were kept, and the managers were able to size up their men more accurately. This score book is almost a necessity to the manager of a team who wishes to keep accurate record of all his players; who made the fouls, and what kind of fouls; who made the goals, and under what conditions they were made. A sample page for a single team is herewith given. In the first column is found the names of the team and the players; in the second column, the goals that were made during the first half. In this column will be found three sets of marks: an X, which is a goal from the field; an O, which is an attempted goal from a free throw, but which was missed, and an X inside of an O, which means a goal thrown from a free throw. The X, of course, counts two points, the O nothing and the X inside an O, one point. At the bottom of the column is the total number of points made during that half. In the third column are the fouls. First, is A1. By referring to the bottom of the page, under the head of FOULS, we see that A1 is for delaying the game. This foul, together with A5 and A4, was made by John Jones. If A. P. Yost had made another Class B foul, he would have been disqualified. In the second half, the captain thought that Chas. Brown would best make the free throws, but after two failures, he went back to John Jones who scored two. A score kept in this way is of the greatest value, and without it a scientific estimate of the men is hardly possible.

NAME OF TEAM	FIRST HALF		SECOND HALF	
	GOALS	FOULS	GOALS	FOULS
<i>Nonesuch</i>	X O ⊙	A1 A5 A4	⊙ X ⊙	A4
<i>John Jones</i>				
<i>Henry Smith</i>	X	B4		
<i>Shas. Brown</i>	X X X		0-0	
<i>Paul Munson</i>	X X		X	A3 B1
<i>A. P. Yost</i>	X X X	A4 B6	X	
	21

## Miscellaneous Questions Answered

### REINSTATEMENTS.

Q. Can a basket ball player who has played with or against an unregistered player or team be reinstated?

A. Depends on the circumstances. Application should be made in writing to the local A.A.U. representative, stating the offense committed and the purpose of the applicant in the future regarding the violation of established athletic rules.

### RULES BOOKS GOVERNING ATHLETICS.

Q. Where can I procure the rules of the various athletic governing bodies in the United States, and what are their books called?

A. American Sports Publishing Company, 15 Warren Street, New York City, price 10 cents each. Amateur Athletic Union Handbook, Inter-Collegiate A.A.A.A. Handbook, Y.M.C.A. Athletic League Handbook.

### SANCTION AND REGISTRATION.

Q. Is a registered amateur athlete forbidden to compete with or against an unregistered amateur?

A. Yes.

Q. Is a registered amateur athlete forbidden to play on the same team with an unregistered amateur?

A. Yes.

Q. Suppose a team plays through the season and is not registered?

A. Prevents the team from competing in any of the annual A.A.U. basket ball championships; prevents the individuals on the team from competing in any athletic games held under sanction of either the A.A.U. or the Y.M.C.A. Athletic League of North America.

Q. Does the A.A.U. have jurisdiction over games held between educational institutions?

A. No; the I.C.A.A.A.A. has.

Q. Is sanction and registration in the A.A.U. required when educational institutions play together?

A. No; these games are under the jurisdiction of the I.C.A.A.A.A., and this organization does not require sanction or registration for basket ball players.

Q. Is sanction and registration required by the A.A.U. when educational institutions play with organizations other than educational institutions?

A. Yes.

Q. I want to be enlightened upon a point. There are several athletic organizations here, but we do not fellowship with them, except the \_\_\_\_\_ University. Thus far we have had no games with any other local teams, neither have we a representative team. But

1, Van Sant, Capt.; 2, McCurdy; 3, Rosenmerkel; 4, Radcliffe, Sec.; 5, Hummelshime;

JOLLY FIVE, BRIDGEPORT, CONN.

some of our fellows want to have a friendly game now and then with the University (especially some of our business men's class). I have read the Handbook carefully and it seems that in any case, whether it be for sport or "blood," the members of the team that goes must be registered and the game must be sanctioned. How about that point? Also, how about the team at the University? They are not Association members. They must be under A.A.U. rules. Would not the spirit of the rule prevent the physical directors on both sides from participating in such a "just-for-fun" game? These points have not been mentioned in the Handbook.

A. Would say that registration and sanction are required wherever two sets of men play together unless they are both from the same organization. I think I understand the point you have in mind, and it is all right, but we cannot always tell what games are for sport and which are for blood, using your own words, and it will be necessary for both teams to be registered, if they abide by the rules of amateur sport, and to have sanction also. The \_\_\_\_\_ University may apply to Mr. James E. Sullivan, 15 Warren Street, New York, for information regarding sanction and registration of its men. The spirit of the rule and also the letter of the law would prevent physical directors from one or both sides from participating in the games, because physical directors are looked upon as professionals, and amateurs and professionals have no dealings with each other.

Q. I am manager of our school basket ball team in this city, and Prof. \_\_\_\_\_, at our Y.M.C.A., told me I would have to sanction my team and referred me to you about it. Please let me hear from you at once, giving a full account of this Union and the reason for having it, and its benefits as well as all information on the subject you can furnish.

A. When your team plays other school or college teams neither sanction nor registration is required. This rule was made at a recent meeting of the A.A.U. Basket Ball Committee. The reason for this is that the Intercollegiate Association, under whose jurisdiction and rules most educational institutions are, do not require sanction or registration. When you play Young Men's Christian Associations, athletic clubs, Turners' societies, or any organization not educational, both sanction of the game and registration of the individual player is required. The reason for this is that the Amateur Athletic Union, the ruling body in athletics in this country, requires such sanction and registration.

The sanction rule was put into operation so that the games could be controlled. It has the advantage of keeping dishonest teams in line. For example: One team may arrange for a game with another team, and then on the morning of the game send notice that they cannot come. Of course, if this is a game where admission is charged and it has been advertised to any extent, it embarrasses the home team. In this case if it was a registered team, sanction would be withheld, and they would be thereby punished for such ungentlemanly and unsportsmanlike conduct.

The registration scheme is for the individual, and is nothing more than athletic bookkeeping. Honest men

MISSION ATHLETIC CLUB, BROOKLYN.

need not fear the registration rule, but men who are in athletics for what they can get out of it, and who jump around from one team to another, and accept money considerations for their services, these are the men that are checked by the registration rule.

The way to get your team registered and your game sanctioned would be to write to the A.A.U. representative in your locality, stating just what you wish to do. He will send you some registration blanks that you may fill out. Then you return same to him with 25 cents for each man you wish registered. This registration is good for one year, and can be used not only in basket ball, but in athletic events as well. The sanction fee is \$2 a year.

I trust you may see your way clear to get your men registered, and thereby add to the teams throughout the country that are standing for clean sport.

#### DISQUALIFICATIONS.

Q. How is a team to know all the teams that are disqualified?

A. By following the press notices; by making inquiries when arranging games, and communicating with the A.A.U. representative in your locality, or the Editor of this Guide.

Q. What disqualifies a registered team?

A. Playing with or against unregistered or professional teams; playing unsanctioned games; playing a team that is suspended or disqualified.

#### PROFESSIONALS.

Q. Is a registered amateur athlete forbidden to compete with or against a professional?

A. Yes; this is in force whether the athlete is registered or not.

Q. May registered amateur teams play against professional teams?

A. No; not in basket ball.

Q. What constitutes a professional?

A. See Official Handbook of the Y.M.C.A. Athletic League of North America, published by the American Sports Publishing Co., 15 Warren Street, New York City.

Q. If an amateur basket ball team plays a professional team, is the former made professional by so doing?

A. Yes.

Q. Can an all-amateur base ball or foot ball team play an all-professional base ball or foot ball team?

A. Yes.

Q. Does the A.A.U. govern all branches of athletics? If so, what constitutes a professional in foot ball, basket ball, indoor and outdoor base ball, races, athletics, etc?

A. A professional in one branch of the sports, over which the A.A.U. has jurisdiction, is professional in all. The list of these sports is printed in the Official A.A.U. Handbook, published by the American Sports Publishing Co., 15 Warren Street, New York.

Q. May a professional wrestler register as an amateur basket ball player?

RUTLAND (VT.) HIGH SCHOOL.

Photo by  
Baldwin.

A. A professional in any sport over which the A.A.U. has jurisdiction cannot register under any circumstances for any other sport.

Q. Will you kindly give me the following information about the amateur standing of basket ball players who belong to a school team in the Interscholastic League here and who also play on a professional team? Our basket ball team belongs to the League, and according to the Philadelphia Public Ledger, the players on it should be classed as professionals, owing to the fact that they compete with a team some of whose players participate in professional games. The team in question is the \_\_\_\_\_ College Preparatory School, Philadelphia, two of whose players play with a professional team, the \_\_\_\_\_ of Philadelphia, although, according to the \_\_\_\_\_ manager, without receiving compensation. As St. \_\_\_\_\_ team is scheduled to play \_\_\_\_\_ School, I should like to be directed by you as to how to act, being responsible as a member of the faculty for the conduct of athletics here. I inclose you the clipping from the Ledger referred to.

A. I take pleasure in replying by referring you to the Official Handbook of the Amateur Athletic Union, relative to the amateur definition and conditions of competition. This book is published by the American Sports Publishing Co., and is one of the numbers of Spalding's Athletic Library. The cost is 10 cents, and you may get it at almost any of the stores that sell sporting goods or from any newsdealer. If not, write to the American Sports Publishing Co., 15 Warren Street, New York, direct. I would refer you to "Conditions of Competition" in the A.A.U. Handbook and the interpretations under Sanction and Registration in this Guide.

The Public Ledger, as quoted by you, is correct. If a man competes with a professional, it makes him a professional, and he in turn makes all others professional who compete with him.

I notice in the clipping that you sent me the writer of the article says amateur teams and professional teams may play "exhibition games" without jeopardizing the standing of the amateur team. This is incorrect. At the annual meeting of the A.A.U., in 1898, it was decided that amateur and professional basket ball teams could not play together without affecting the status of the amateur team.

I like the tone of the article very much, and if I come to Philadelphia any time in the near future, I would like the opportunity of talking the matter over with you, as the history of basket ball in and around Philadelphia is a long story.

I would suggest that your league get together and adopt stringent rules, and allow no boy to play on these professional teams and still retain his amateur status. Basket ball, from past experience, needs to be dealt with at once and to the point, and dilly-dallying tactics must not be countenanced for a moment.

I am much pleased to receive this letter from you, and hold myself ready to assist you in every way possible.

1, Wright; 2, Gork; 3, N. Wall; 4, S. Wall; 5, Sorenson.

INDIANA (PA.) ATHLETIC ASSOCIATION.

## REDRESS FOR WRONGS COMMITTED.

Q. I write you in regard to some unfair treatment we received last January. The score in the first half was 8 to 1 in our favor. Before the game started our captain warned Mr. ———, who was a player on the opposite side, that if he refereed the first half he could not play in the second half, but he did not heed this warning, and came out to play in the second half and we refused to play, and the game was forfeited to our opponents by a man who was only a spectator during the first half. Mr. ——— is also physical director for this club, thus violating several of the most stringent rules. If there is any possible chance for us to show the public that we are in the right, you will be doing me a great favor by doing so, or let me know so I can do so.

A. I take pleasure in replying to you, but cannot see how the A.A.U. can be of any service to you in this particular case. The A.A.U. cannot deal with any class of men who do not voluntarily agree to abide by the rules of the A.A.U. The game you played was not sanctioned by the A.A.U., and I do not think the individual men were registered. Therefore, the game was not under the jurisdiction of any athletic body; hence, no athletic body can act on anything that occurred during the game. If Mr. ——— has taught gymnastics for money he is a professional, and while he has a perfect right to act as an official in a basket ball game, the very fact of his playing in a game makes every man that played with him who knew he was a professional, a professional also. If you will apply to the A.A.U. representative for Pittsburg, get your individual men on the team registered, get sanctions for your games, and then when such cases as you mention occur, the A.A.U. can deal with them. Otherwise, you are at the mercy of the men who run basket ball and do not conform to the rules of any governing athletic body. Basket ball in your city is largely in the hands of professionals, and if your institution wishes to play clean ball and get fair dealing, they should affiliate with the organization which is attempting to do this in this country, viz., the A.A.U. I shall be glad to co-operate with you in any way to bring this to pass. A, B, C and D teams are registered, and I understand that ——— Academy has also applied for registration. Mr. ———, physical director there, so informed me recently when I talked with him about it.

## Auxiliary Basket Ball Committee

The Basket Ball Committee recommended to the A.A.U. that auxiliary members of this committee be appointed in every section where such appointment would assist in maintaining a high amateur standing for the game.

This recommendation was favorably acted upon, and steps were taken to establish such a committee.

All the A.A.U. committees in the various sections of the country were corresponded with and the names on page 4 is the result.

The committee hopes to add to this list from time to time, until every locality in the country is represented.

This plan will put basket ball more in the hands of those who play the game than is done in any other sport at the present time.

The duties of this committee are as follows:

1. To keep a list of all the teams in their locality.
2. To receive suggestions regarding changes in rules for the next year and forward to proper person.
3. To collect the photographs of the best teams in their locality and forward to proper person.
4. To assist in conducting tournaments in their vicinity which are held in accordance with the rules of amateur sport.
5. To furnish for the Annual Guide a report of their locality regarding the progress of the game in general and of tournaments in particular.
6. To assist in every way possible to keep the game free from professionalism and to eliminate individuals who are not disposed to play gentlemanly ball.
7. To dig out good, level-headed men for officials who are interested in seeing fair play for both sides.
8. To keep in close touch with the national committee on the correct interpretation of rules.

Those interested are requested to send names of good men for this committee.

## Suggestions for Teams

1. Select a coach that is interested in the well-being of the game and is not blinded with the god of victory.
2. Select a manager that will not lead the team into professional games.
3. Select only competent, impartial officials. If there are none in your locality, develop some.
4. Select teams to play that use only the official rules.
5. Select teams that play with the official ball and save your team from losing a game already won by having the game declared forfeited because another ball was used.
6. Select teams to play that use the official basket ball and have a background in accordance with the rules, presenting a rigid surface, whether it be constructed of boards or wire.
7. Select only those teams that abide by the recognized rules, having their games sanctioned and men registered.
8. Select teams to play that have suitable floor space so the spectators do not interfere.
9. Select teams to play that do not allow rowdies in to see the game, to insult your players and create disorder.
10. In short, abide by the rules yourself and insist on others doing likewise or refuse to play them.

A letter addressed to the secretary of the A.A.U. Basket Ball Committee, 3 West Twenty-ninth Street, New York, will be courteously treated and information given on interpretation of rules, the names of the persons to whom you may apply for registration and sanction, etc. Please enclose stamp for reply.

## Registration of Basket Ball Teams

Teams wishing to register their men may receive full information by writing to the representative of the A. A U. in their territory, or to George T. Hepbron, 3 West Twenty-ninth Street, New York.

JOHN STEIL, Box 611, New York.—New York, New Jersey, north of Trenton.

J. FRANK FACEY, 36 Prospect Street, Cambridge, Mass.—Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut.

DR. WM. GRANT, 2104 North Avenue, Baltimore, Md.—Maryland, West Virginia, District of Columbia, Virginia, North Carolina, South Carolina.

J. C. O'BRIEN, 2909 Lawton Avenue, St. Louis, Mo.—Missouri, South Dakota, Kentucky, Wyoming, Indian Territory, Nebraska, Arkansas, Kansas, New Mexico, Oklahoma, North Dakota, Colorado.

GEORGE K. HERMAN, 96 La Salle, Street, Chicago.—Ohio, Illinois, Indiana, Michigan, Wisconsin, Iowa, Minnesota.

B. P. SULLIVAN, 233 Baronne Street, New Orleans, La.—Alabama, Florida, Georgia, Louisiana, Mississippi, Tennessee, Texas.

GEORGE JAMES, Sacramento A. C., Sacramento, Cal.—California, Arizona, Nevada, Utah, Idaho, Montana, Oregon, Washington, Alaska, Hawaiian Islands.

T. L. GAMBLE, 424 Walnut Street, Philadelphia, Pa.—New Jersey, south of and including Trenton, Delaware and Pennsylvania.

**APPLICATION FOR REGISTRATION IN THE METROPOLITAN ASSOCIATION OF THE AMATEUR ATHLETIC UNION OF THE U. S.**

*Registration Committee of the Metropolitan Association of the A. A. U.:*

Gentlemen.—Enclosed please find Twenty-five Cents in payment of the Registration Fee in accordance with the provisions of General Rule XI I certify that I am an amateur and eligible to compete under the rules of the Amateur Athletic Union.

I CERTIFY THAT MY BEST PERFORMANCES WERE AS FOLLOWS:

Event	Date	Name of Games	Scratch Man	Start Received	Finished	Time, Height or Distance	Name of Winner	Time, Height or Distance

I have played *Basket Ball* with the following teams during season of \_\_\_\_\_

I have played *Foot Ball* with the following teams during season of \_\_\_\_\_

I have played *Base Ball* with the following teams during season of \_\_\_\_\_

## Basket Ball Wearing Apparel

A new shoe has been designed for basket ball players, one that cannot slip because of the unique construction of the sole, which is made of rubber with

holes in it so as to form a sufficient suction when in contact with the floor to prevent slipping and yet not enough to interfere with the freest action.

This shoe, No. BB, is well made, of the best material, and of inestimable value on any floor, and especially on a slippery floor where instant starting and stopping is necessary to play the best game.

This shoe sells for \$4.00, and fills a long felt need. A team equipped with these shoes begins the game with a decided advantage over the opposing team.

The No. BBL shoe is made same as above with the exception that it is for ladies' use and sells for \$3.50.

A good high-cut rubber soled canvas shoe is sold under No. 1H for \$1.50, and another one of similar style, cheaper grade, for \$1.00, and is catalogued under No. M.

In low cut shoes, No. 1, which corresponds in quality to No. 1H, sells for \$1.25, while the next grade low-cut costs 75 cents.

1, Roach; 2, Harvey; 3, Waters; 4, Williams; 5, Frechorne, Phy. Dir.; 6, Dunn;

Durfee; 7, Mustard; 8, Chase. NEWPORT (R. I.) Y. M. C. A. INTERMEDIATES. Photo by Smith.

No. 1PB.

Various styles of pants are used in basket ball, The No. 1PB, costing \$1.75 a pair, is made of good quality brown canvas, and padding will not interfere with free movements. No. 5B, made of heavy brown canvas, padded loosely on hips and very loose fitting, costs \$1.00 per pair. No. XPB is made of heavy white drill and well padded, and costs 75 cents per pair.

Those desiring knee tights will find the No. 604 at \$1.25 a pair and made of worsted, and the No. 4B, of sanitary cotton, at 50 cents a pair, well made and very desirable.

Knee pants are preferred by some. Those of white or black sateen, fly front, lace back, cost \$1.25, \$1.00, 75 or 50 cents per pair, according to quality of material. Stripes down sides cost 25 cents per pair extra.

No. 5B.

Shirts of various styles and material to suit the player are enumerated as follows: Sleeveless ones of worsted, No. 600, at \$1.25; sanitary cotton, No. 6E, at 50 cents.

Those desiring quarter sleeves should order No. 601, of worsted, at \$1.25, or sanitary cotton, No. 6F, at 50 cents.

1, Price, Phy. Dir. and Coach; 2, Kaplan; 3, Dove, Capt.; 4, Bostwick, Mgr.; 5, Ward; 6, Simmons; 7, Storey; 8, Torrey. Photo by Marceau.

LOS ANGELES (CAL.) Y. M. C. A.

1, Searfoss, Phy. Dir.; 2, Repp; 3, Calahan, Mgr.; 4, West; 5, Clark; 6, Trax, Capt.; 7, Miller; 8, Evans. SECOND TEAM PITSTON (PA.) Y.M.C.A.

Either of the foregoing, especially the worsted, will be found to give entire satisfaction.

The sanitary cotton are well made, but being cotton, do not absorb the perspiration as readily, but in other respects make a good garment for the purpose intended.

Sweaters are a needed adjunct of every basket ball player's outfit. Spalding's No. A. Intercollegiate Sweater, which is the official sweater worn by all the leading university and college teams, is made of pure Australian lambs' wool and has been found indispensable as a preventative for taking cold. It retails for \$6.00. The No. B heavy weight sweater retails for \$5.00, and the No. C, standard weight, for \$4.00.

In jerseys, a very popular garment worn with sleeveless jackets, is Spalding's No. 10PX, which is manufactured from hard twisted worsted of good quality and closely woven. It is made with a solid color body

with alternate striped sleeves,—usually two inches of same color as body with narrow stripes of any color. It costs \$2.75. The same grade in solid, plain colors, costs \$2.50. Full striped jerseys in a large variety of colors—Spalding's No. 10PS is a popular style—cost \$3.00 each.

No. 1R

No. 3-63

Every good player realizes that a stocking of extra value is necessary for basket ball, and can rest assured that these are the best that can be procured for the money.

1, Conant; 2, Reid; 3, Peterson; 4, Whiting; 5, Chandler, Capt.; 6, Wolforth.  
 WHITMAN (MASS.) Y. M. C. A.

1, Woodworth; 2, McGinley; 3, Williams, Coach; 4, Schwaner; 5, Prince; 6, Murray,  
 Capt.; 7, Fenwick. NEW LONDON (CONN.) Y. M. C. A. INTERMEDIATES

No. 3-0S stockings are made of heavy ribbed wool, especially woven, and come in a variety of alternate colors to suit the most critical. These stockings retail for \$1.75 per pair. The same grade in plain cost 25 cents less. The No. 1RS stockings, heavy weight, also have alternate colors and retail for \$1.25 per pair; the medium weight in same grade retails for \$1.00. The Nos. 1R, 2R and 3R come in heavy, medium and lighter weight, and sell for \$1.00, 80 and 60 cents, respectively. A pair of cotton stockings can be bought for 25 cents.

A good belt to wear is No. 804, in black only, which retails for 85 cents. A cheaper quality can be bought for 25 cents.

No. 804

No player should play without a supporter. This advice is not needed by some who have learned the above by serious experience. Many a game is lost by the best player being injured and withdrawn from the game because the above advice has not been heeded.

The No. 5 "Bike" Supporter has been conceded by all as the "only" jockey strap suspensory. It is clean, comfortable and porous, and is made in three sizes. The price is 75 cents.

No. 5

The Spalding

Two other well known suspensories are the Spalding, which sells from 25 cents to \$1.25, according to material used, and the Old Point Comfort, at \$1.00 to \$1.50, depending on the material also.

O. P. C.

Spalding's elastic supporters are used a great deal, and are a most necessary part of the equipment. They are made in several styles, and cost 25 and 50 cents each, depending upon material used.

WORKING BOYS' TEAM, CENTRAL Y. M. C. A., CHICAGO.

## Complete Basket Ball Outfit

Official Goal.

A. G. Spalding & Bros.' No. 80 goals, price \$4.00 per pair, are the ones referred to as "official" in the basket ball rules and must be used in all match games. The leading teams of the country are using these goals. A new feature of the goal this season will be a unique arrangement of the net, so the bottom can be

left open for practice and closed for match games. No annoying stoppages of the game to repair inferior goals will occur where these goals are used.

The conditions in the basket ball rules relating to the ball are extremely rigid, and it requires the greatest care in selection of materials, the most skilled mechanics being required to make them. This has made the Spalding ball the most difficult one on the market to manufacture, because, to be of uniform size and weight, each piece of leather must be of the best, so as to prevent irregularity in shape and endurance.

The No. M, manufactured by A. G. Spalding & Bros., and sold for \$5.00, is the one mentioned as the "official" ball in the basket ball rules. Be sure it bears the trade-mark as shown on page 71, as this ensures excellence in manufacture, quality and workmanship. This ball must be used in all match games.

Is there anything more annoying than to have the rubber bladder burst in the midst of a good series of plays? The ball has

1, Lane; 2, McIntosch; 3, Graf; 4, Modesitt; 5, Rudolph; 6, Minz; 7, Brook.

Photo by Niceley.

CRAWFORDSVILLE (INDIANA) Y. M. C. A.

to be unlaced, the bursted bladder removed and a new one replaced—providing you happen to have one—and then laced up again. All this time the spectators are waiting patiently—or otherwise, the players are anxious to play, and the whole game may be spoiled by this occurrence. Suppose the renewed one should burst within the next five minutes—perish the thought! The only thing to do is to call the game off, give rain checks, and play it out at some later date. All this may be obviated by getting the official ball in the first place, which is fitted with one of A. G. Spalding & Bros.' No. OM bladders. They cost \$1.00 each, and are fully guaranteed. These may be bought separate from the ball if desired, and it is a good plan to always have an extra one on hand.

Basket ball is an indoor game, but is fast becoming an outdoor one as well. The experiment of holding an outdoor tournament was tried at the Pan-American Exposition in Buffalo and proved a success. A. G. Spalding & Bros.' Outdoor Goals contributed largely to this success. After these goals were put in position for the first game of the series they needed no attention whatever, remaining in place as rigid as if put up inside on a solid wall.

All club managers should keep official scores. The Spalding Official Score Book was prepared to meet the demand of the intelligent players who wished to keep record of goals and fouls, their nature, and by whom made. This book enables the manager to tell at a glance how many fouls and goals each man made, and serves as a guide for him in coaching his team. A score book containing space for ten games can be bought for 10 cents, or one for twenty-five games, 25 cents.

# The Spalding "Highest Quality" Sweaters

Made of the very finest Australian lamb's wool, and exceedingly soft and pleasant to wear. They are full fashioned to body and arms and without seams of any kind. The various grades in our "Highest Quality" Sweaters are identical in quality and finish, the difference in price being due entirely to variations in weight.

Our No. AA Sweaters are considerably heavier than the heaviest sweater ever knitted and cannot be furnished by any other maker, as we have exclusive control of this special weight.

No. AA.	Particularly suitable for foot ball and skating.	
	Heaviest sweater made.	Each, \$7.00
No. A.	"Intercollegiate," special weight.	6.00
No. B.	Heavy Weight.	5.00
No. C.	Standard Weight.	4.00

Colors: White, Navy Blue, Black, Gray, Maroon and Cardinal.  
Other colors to order. Prices on application. All made with 10-inch collars; sizes, 28 to 44 inches.

Send for Spalding's handsomely illustrated catalogue of all athletic sports.  
Mailed free to any address.

# The Spalding Special 'Varsity Foot Ball Jackets—Sleeveless

Showing No. VK Jacket. Note reinforcement and extra large arm holes.

No. VJ.

We make two styles of jackets, both sleeveless, in this grade. The illustrations will show some of the features of the VK style, which is made according to the very latest ideas. Arm holes, particularly, are made extra large and there is a heavy reinforcement running all around them and around neck and back to give additional strength at those points where it is most needed and to support lacing at edges.

Jacket, sleeveless.

**No. VK. Each, \$1.25**

Jacket, sleeveless; regular style, without reinforcement.

**No. VJ. Each, \$1.00**

## SPALDING'S FOOT BALL SHIN GUARDS

No. 30

No. 60

No. 9

Made of heavy sole leather, corrugated and molded to shape, but flexible so that they will conform to any size leg. The new method of attaching the light but strong straps permits the guards to be bound lightly to leg and prevents them from getting loose or shifting. A very light guard but gives absolute protection to the shins.

**No. 30. Sole Leather. Per pair, \$1.50**

Made with covering of black leather, backed up with real rattan reeds and felt padding. Leather straps and binding. Light in weight and well made.

**No. 60. Per pair, \$1.25**

Made of cotton moleskin, backed up with real rattan and felt padding. Substantially made.

**No. 11. Per pair, 60c.**

We are making two sizes and styles of canvas shin guards, both well made and light in weight.

Canvas. Length 9 inches. Reed and felt padding.

**No. 8. Per pair, 40c.**

Canvas. Length 11 inches; Reed and felt padding.

**No. 9. Per pair, 50c.**

# Spalding's Pneumatic Head Harness

Patented

This represents really one of the greatest improvements that has so far been invented in the way of equipment for foot ball. It is made of soft black leather with an inflated crown. The pneumatic part of the head harness is sufficient to give ample protection with space left for ventilation through heavy wool felt. In every particular it is made in accordance with official rules. Heartily endorsed by prominent players and trainers who have examined it thoroughly. When ordering specify size of hat worn.

No. 70. Each, \$5.00

# Spalding's Combination Foot Ball Glove and Wrist Supporter

Patented June 17, 1902.

Designed by H. B. Conibear, Trainer, University of Chicago. The back of the hand is protected by a piece of sole leather, and any strain to the wrist is avoided by leather strap supporter which forms the upper part of the glove. The glove does not interfere with the free use of the hand, and those in use last season were highly commended by the players.

No. 1. Made for right or left hand. Each, \$1.00

# Spalding's Championship Hockey Sticks

**M**ADE of the finest selected Canadian rock elm, and exclusively used and endorsed by the Ottawa team, of Ottawa, champions of the world and holders of the Stanley Cup, and by the Victoria team, of Winnipeg and the famous Shamrock team, of Montreal, former champions. These sticks will not fray at the bottom where the sticks come in contact with the ice, and will retain their shape under all conditions. The very important matter of weight and balance has been carefully considered, and the "Spalding Stick" is much lighter, yet stronger than any on the market.

# SPALDING'S HOCKEY STICKS

---

---

## “Regulation” Hockey Stick

Made on the lines of our best grade Regular Forward Stick and of selected and well seasoned timber. Very popular as an all around stick.

No. 1. “Regulation.” Each, 50c.

---

---

## “Wigwam” Hockey Stick

Indian hand made stick. Made of yellow birch and noted particularly for rigidity and lightness. The product of a tribe of Indians in Canada, who, for years past have been turning out sticks that have become famous there. Made only in regular model.

No. W. “Wigwam.” Each, 50c.

---

---

## “Practice” Hockey Stick

Regulation size and made of good quality timber. A very serviceable stick.

No. 2. “Practice.” Each, 25c.

---

---

## “Youths’” Hockey Stick

Smaller than Regulation and painted red. A very strong and serviceable stick for boys.

No. 3. “Youths’.” Each, 25c.

---

Send for Spalding's handsomely illustrated catalogue of all sports.

Mailed free to any address in the United States or Canada.

## The Spalding "Shamrock" Hockey Stick

THESE sticks are made of the finest selected Canadian rock elm, only the most perfect ones being selected at our factory to be finished, stained and polished. No detail of manufacture has been neglected in making them up, and we recommend them without reserve as the most perfect sticks on the market.

No. 2-O.

Spalding Shamrock Stick, furnished in either Regular Forward, Long Blade Forward, or Goal and Defense Models.

Each, 75c.

## The Spalding Special "Built Up" Goal and Defense Stick

ADOPTED in order to provide goal keepers and defense players with a stick that is up to the full limit of size allowed under the rules. This is done by adding to the regular defense stick a strip of elm, attached firmly and in such a way as to make the stick 50

per cent more effective to a goal keeper or defense player than the ordinary style. Body of stick is made of the finest selected Canadian rock elm.

No. B.

Spalding's "Built Up" Goal and Defense Stick.

Each, 75c.

# The Spalding Tubular Steel Racing Skate

FOR years past racing men have been looking for a skate that could be depended upon absolutely. Ordinary solder is not always sufficient to stand the strain at certain points when a man is turning a corner at full speed, and this is one reason why the Spalding Tubular Steel Skate, with every joint brazed like a bicycle frame—not soldered, jumped into such great popularity immediately upon its introduction late last season. We claim that this skate embraces more good points necessary to a first-class racing skate than any other style on the market to-day. We have the opinions and practical experience of some of the most prominent racing men in this country to go by, notably Mr. Sam See, who passed on most of the details of construction, and every pair is backed up with a positive guarantee of quality. If it gives way through any fault of its construction, we will gladly replace with a new pair or refund the money.

---

## Some Good Points about the Spalding Tubular Steel Racing Skate

Absolutely guaranteed; very light weight, all tubular steel construction; every joint brazed, not soldered, making it the strongest racing skate manufactured; blades very thin, made of 1-16 in. Norway tool steel, hardened; toe and heel plates made of the best partly hardened steel, left full size so that they can be cut to fit any size shoe. In three lengths of blade, 14, 15 and 16 inches.

**Pair, \$6.00**

*Showing method of cutting to fit sole of shoe. Full directions for attaching with either lacing or rivets, enclosed with each pair of skates.*

# The Spalding Patent Ankle Support and Skate Strap

Pat. July 1, 1902

The simplest and most effective ankle support yet invented. It will be found of value not only to those with weak ankles, but among the more hardy skaters should prove popular on account of the fact that it combines a skate strap with ankle brace.

Ladies, with the aid of the Spalding Patent Ankle Support and Skate Strap, may use any of the full clamp American Club skates

as readily as the half clamp skate with heel strap. We refer them also to the various Hockey and Rink skates with which this appliance can be used effectively. Made in either Black or Russet and in ladies' and men's sizes.

Per pair, 25c.

## Ankle Support

Can be attached to any skate. It is made of steel, handsomely nickel-plated, with a rib running up through the centre, which strengthens the brace and makes it light, strong and durable.

No. 1. Per pair, 75c.

Spalding's handsomely illustrated catalogue of athletic goods mailed free to any address.

# THE SPALDING "GOLD MEDAL" RACKET

ABSOLUTELY PERFECTION

Enclosed in mackintosh cover. Tag attached to each racket gives particulars of special inspection.

*The Spalding Gold Medal Racket, \$8.00  
With cane handle, 50 cents extra*

# THE SPALDING "GOLD MEDAL" RACKET

OR some time past we have been working on the Spalding Gold Medal Racket. Taking one of the Spalding Expert shape frames as a basis, various methods of stringing have been tried with the object of getting just the happy medium of firmness and resiliency demanded in the stringing of a tennis racket by the expert player, and in presenting the No. A and No. B styles, as illustrated on opposite page, it is our firm belief that every virtue demanded in the stringing of a tennis racket is contained in one or the other, and they are bound to meet with the favor of even the most critical.

Frames of absolutely best quality white ash, finished with a high polish and bound at shoulders. Throat-piece of polished mahogany and handle of best grade mahogany, either 5, 5 1-4 or 5 1-2 inches circumference, combed. Stringing of clearest and absolutely best quality lambs' gut.

Send for Spalding's handsomely illustrated catalogue of tennis and all athletic sports. Sent free to any address

# Spalding's Patented Running Shoes

We believe, in this shoe all the various difficulties experienced in manufacturing a satisfactory running shoe in the past have been overcome. First of all, you have here a shoe in which the spikes cannot by any possibility come in contact with the foot; then you have a rubber sole that is an assistance, in that it is partly underneath the spike, and therefore acts in the nature of a cushion. Above all, our patented principle in this shoe enables us to place the spikes so that they will not come loose after being wet, as water has no effect on the rubber sole. We also claim that on account of the non-slippable purchase a runner obtains with this sole, he is able to make a quicker start than is possible with a shoe of ordinary construction, and this fact has been demonstrated conclusively by those who have already tried our shoe and who pronounce it perfect in all respects.

# HOW TO PLAY FOOT BALL

EDITED BY  
WALTER CAMP  
NEWLY REVISED FOR 1904

---

---

---

The contents embrace everything that a beginner ought to know and many points that an expert will be glad to learn. Mr. Camp writes an introductory chapter for beginners, in which he goes into the rudiments of the game

very thoroughly, in addition to chapters on how to play the game and tackle-back formations. Quarterback is described by de Saulles, the famous Yale player; how to give signals is explained by Rockwell and Hogan of the Yale team, who show with many diagrams how the big teams make their sensational plays; Lewis, the well-known Harvard player, gives instructions in the methods of defense, and William T. Reid, the former Harvard full-back, tells of the duties of the backs. The final chapter is on training, and has been contributed by Michael Murphy, whose success with the Yale teams has made his name familiar to every foot ball player. The pictures are made from snapshots of leading teams and individual players in action, and are commented upon and described by Mr. Camp.

# Ten Minutes' Exercise

By  
Dr. Luther Gulick **for Busy Men**

Dr. Gulick says: "The experience of years has demonstrated the efficiency of the exercises contained in 'Ten Minutes' Exercise for Busy Men' in securing the ends for which they were devised. Many letters have been written by men, testifying to the great benefit which they have secured from these few minutes of simple but vigorous work.

"\* \* \* The correspondence schools of physical training have come into great activity. Their general aim is to build up big muscles. A somewhat careful investigation of them satisfies me that they are inferior to the exercises in this drill for purposes of building up vigor and manliness.

"One of the most vigorous claims of some of these schools, namely, that the heart particularly is benefited by their work, is false, for I have had case after case of men whose hearts have been injured by taking the correspondence schools' work when they were not in condition for it.

"The exercises in 'Ten Minutes' Exercise for Busy Men' are recommended with the confidence of long, successful use. The results secured are better than those possible from the correspondence school work in the specific directions mentioned."

## HOW TO BECOME A BOXER

For many years publications have been issued on the art of boxing that to a certain extent did not enable the novice nor the youth to become proficient in the manly art. There is probably no man in America better qualified to teach boxing than Prof. William Elmer, and in his book on the subject he goes into it very exhaustively. The book contains about seventy full page illustrations, showing how each blow is to be made, how to attack and how to defend yourself. It shows how the hands must be held and the positions to take, with descriptions that are so accurate that any boy can take them, open them up and with a young friend become proficient. Besides being a fully illustrated book on the art of self-defence, it contains nearly all the photographs of the leading American boxers and the positions they take, which in itself is instructive; the different rules under which all contests are held, and articles which will interest anyone on the question of physical education. In order to make this publication the most accurate one issued, Prof. Elmer had his sparring partner posed personally for all the illustrations.

PRICE BY MAIL 10 CENTS.

Contains directions for playing, diagrams of important strokes, description of grounds, instructions for the beginner, terms used in the game, and the official playing rules. Price 10 cents.

## No. 140—Wrestling

Catch as catch can style. By E. H. Hitchcock, M. D., of Cornell, and R. F. Nelligan, of Amherst College. The book contains nearly seventy illustrations of the different holds, photographed especially and so described that anybody who desires to become expert in wrestling can with little effort learn every one. Price 10 cents.

## No. 142—Physical Training Simplified

By Prof. E. B. Warman, the well-known physical culture expert. Is a complete, thorough and practical book where the whole man is considered—brain and body. By following the instructions no apparatus is required. The book is adapted for both sexes. The exercises comprise directions as follows: how to stand; how to sit; how to rest; breathing; exercises for the fingers, wrists, elbows, shoulders, neck, hips, knees, ankles; a word about the muscles; the arms and thighs; shoulders and chest; waist; sides; back and abdomen; bowing; bending; twisting; the liver squeezer, etc., etc. Fully illustrated. Price 10 cents.

## No. 143—Indian Clubs and Dumb-Bells

Two of the most popular forms of home or gymnasium exercise. This book is written by America's amateur champion club swinger, J. H. Dougherty. It is clearly illustrated, by which any novice can become an expert. Price 10 cents.

## No. 149—The Care of the Body

A book that all who value health should read and follow its instructions. By Prof. E. B. Warman, the well known lecturer and authority on physical culture. The subject is thoroughly treated, as a glance at the following small portion of the contents shows: An all-around athlete; muscular Christianity; eating; diet—various opinions; bill of fare for brain workers; bill of fare for muscle-makers; what to eat and drink; a simple diet; an opinion on brain food; why is food required? drinking water; nutrition—how food nourishes the body; a day's food, how used; constituents of a day's ration—beefsteak, potatoes bread, butter, water; germs of disease; diseases peculiar to children; digestion—time required; dieting; milk; alcoholic drinks; tobacco; should clergymen smoke? corsets; methods of training; symmetrical development; the perfect man; the perfect woman; proper weight, height and measurement; the secret of not growing old; three rules for preventing wrinkles; physicians and drugs; Christian science; catching cold; bathing; the uses of salt; catarrh; a clear complexion; sleeping; insomnia; the care of the feet; color of the clothing; breathing; ventilation. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

PRICE TEN CENTS PER COPY

## No. 152—Table Tennis

The contents include the official rules and illustrations of the various strokes, posed by experts. Price 10 cents.

## No. 154—Field Hockey

To those in need of vigorous and healthful out-of-doors exercise, this game is recommended highly. Its healthful attributes are manifold and the interest of player and spectator alike is kept active throughout the progress of the game. Can be played by either sex and occupies a prom-

inent place in the sports at Vassar, Smith, Wellesley, Bryn Mawr and other leading colleges. Price 10 cents.

## No. 156—The Athlete's Guide

How to become an athlete. It contains full instructions for the beginner, telling how to sprint, hurdle, jump and throw weights, general hints on training; in fact, this book is one of the most complete on the subject that has ever appeared. Special chapters contain valuable advice to beginners and important A. A. U. rules and their explanations, while the pictures comprise many exclusive scenes showing champions in action. Price 10 cents.

## No. 157—How to Play Lawn Tennis

A complete description of lawn tennis is found in this book; a history of the game; a lesson for beginners and directions telling how to make the most important strokes; styles and skill of the experts; the American twist service; how to build and keep a court. Illustrated from photographs of leading players in action. Price 10 cents.

## No. 158—Indoor and Outdoor Gymnastic Games

Without question one of the best books of its kind ever published. Compiled by Prof. A. M. Chesley, the well-known Y. M. C. A. physical director. It is a book that will prove valuable to indoor and outdoor gymnasiums, schools, outings and gatherings where there are a number to be amused. The games described comprise a list of 120, divided into several groups; simple games for a large number, tag games and racing games; games for a few; ball games and athletic feats. Price 10 cents.

## No. 161—Ten Minutes' Exercise for Busy Men

By Dr. Luther Halsey Gulick, superintendent of physical training in the New York public schools. Anyone who is looking for a concise and complete course of physical education at home would do well to procure a copy of this book. Ten minutes' work as directed is exercise anyone can follow. It already has had a large sale and has been highly commended by all who have followed its instructions. Nearly 100 pages of illustrations, and 100 of text. Price 10 cents.

# SPALDING'S ATHLETIC LIBRARY

PRICE TEN CENTS PER COPY

## No. 162—How to Become a Boxer

For many years books have been issued on the art of boxing, but it has remained for us to arrange a book that we think is sure to fill all demands. It contains over 70 pages of illustrations showing all the latest blows, posed especially for this book under the supervision of one of the best instructors of boxing in the United States, who makes a specialty of teaching and who knows how to impart his knowledge. They are so arranged that anyone can easily become a proficient boxer. The book also contains pictures of all the well known boxers. A partial list of the 200 pages of the book include: A history of boxing; how to box: the correct position; the hands; clenching the fist; the art of gauging distance; the first principles of hitting; the elements of defence; feinting; knockout blows: the chin punch; the blow under the ear; the famous solar plexus knockout; the heart blow; famous blows and their originators: Fitzsimmons' contribution; the McCoy corkscrew; the kidney punch; the liver punch; the science of boxing; proper position of hand and arm, left hook to face; hook to the jaw; how to deliver the solar plexus; correct delivery of a right uppercut; blocking a right swing and sending a right uppercut to chin; blocking a left swing and sending a left uppercut to chin; the side step; hints on training, diet and breathing; how the boxer trains; boxing in the Amateur Athletic Union; rules for boxing. Price 10 cents.

## No. 165—The Art of Fencing

This is a new book by Regis and Louis Senac, of New York, famous instructors and leading authorities on the subject. Messrs. Senac give in detail how every move should be made, and tell it so clearly that anyone can follow the instructions. It is illustrated with sixty full page pictures, posed especially for this book. Price 10 cents.

## No. 166—How to Swing Indian Clubs

By Prof. E. B. Warman, the well-known exponent of physical culture. The most complete work on this special subject ever issued. By following the directions carefully anyone can become an expert. Price 10 cents.

## No. 189—Rules for Games

Compiled by Jessie H. Bancroft, director of physical training, department of education, New York City, Borough of Brooklyn. The games described in this book are intended for use at recesses, and all but the team games have been adapted to large classes. While it is desirable that all the players should have a maximum of physical activity, it has been found that some games, which keep only a few of the players running at once, are of important service for mental hygiene, through their power of holding the voluntary attention. Indeed, the interest of the children has been made one test of the success of the games. The games are suitable for children from three to eight years, and include a great variety, divided under the general heads of ball games, bean bag games, circle games, singing games and miscellaneous games. Price 10 cents.

## No. 190—Official Athletic Almanac

Compiled by J. E. Sullivan, Secretary-Treasurer of the Amateur Athletic Union. It is the only annual publication issued now that contains a complete list of amateur best-on-records; complete intercollegiate records; complete English records from 1866; swimming records; interscholastic records; Irish, Scotch and Australasian records; reports of leading athletic meets; skating records; important athletic events and numerous photos of individual athletes and leading athletic teams. Issued January 1st of each year. Price 10 cents.

## No. 191—How to Punch the Bag

By W. H. Rothwell ("Young Corbett"), champion featherweight of the world. This book is undoubtedly the best treatise on bag punching that has ever been printed. Every variety of blow used in training is shown and explained. The pictures comprise thirty-three full page reproductions of Young Corbett as he appears while at work in his training quarters. The photographs were taken by our special artist and cannot be seen in any other publication than Spalding's

Athletic Library No. 191. Fancy bag punching is treated by a well known theatrical bag puncher, who shows the latest tricks. Price 10 cents.

## No. 192—Indoor Base Ball

America's national game is now vying with other indoor games as a winter pastime. This book contains the playing rules, pictures of leading teams, and interesting articles on the game. Price 10 cents.

## No. 193—How to Play Basket Ball

By G. T. Hepbron, editor of the Official Basket Ball Guide. Contains full instructions for players, both for the expert and the novice, duties of officials, and specially posed full page pictures showing the correct and incorrect methods of playing. The demand for a book of this character is fully satisfied in this publication, as many points are included which could not be incorporated in the annual publication of the Basket Ball Guide for want of room. Price 10 cents.

## **No. 200—Dumb-Bells**

This is undoubtedly the best work on dumb-bells that has ever been offered. The author, Mr. G. Bojus, of New York City, was formerly superintendent of physical culture in the Elizabeth (N. J.) public schools, instructor at Columbia University, instructor for four years at the Columbia summer school, and is now proprietor of the Liberty Street Gymnasium, at 121 Liberty Street, New York City. The book contains 200 photographs of all the various exercises, with the instructions in large, readable type. It should be in the hands of every teacher and pupil of physical culture, and is invaluable for home exercise as well. Price 10 cents.

## **No. 201—Lacrosse—From Candidate to Team**

By William C. Schmeisser, captain Johns Hopkins University champion intercollegiate lacrosse team of 1902; edited by Ronald T. Abercrombie, ex-captain and coach of Johns Hopkins University lacrosse team, 1900-1904. Every position is thoroughly explained in a most simple and concise manner, rendering it the best manual of the game ever published. Illustrated with numerous snapshots of important plays. Price 10 cents.

## **No. 202—How to Play Base Ball**

Edited by T. H. Murnane. New and revised edition. Contents: How to become a batter, by Napoleon Lajoie, James Collins, Hugh Jennings and Jesse Tannehill; how to run the bases, by Jack Doyle and Frank L. Chance; advice to base runners: by James E. Sullivan, Secretary-Treasurer A.A.U.; how to become a good pitcher, by Cy Young, "Rube" Waddell and Bert Cunningham; on curve pitching, by Cy Young, James J. Callahan, Frank Donahue, Vic Willis, William Dineen and Charley Nichols; how to become a good catcher, by Eddie Phelps, William Sullivan and M. J. Price 10 cents.

EXPOSITION UNIVERSELLE  
PARIS 1900

GRAND PRIX

THIS is a fac-simile of the grand prize awarded to A. G. Spalding & Bros. for the finest and most complete line of athletic goods exhibited at the Universal Exposition, Paris, 1900. We have brought this medal to America in competition with the leading makers of the world. It is the highest award given for an exhibit and is exclusively granted for the best goods in that particular class.

WE aim to make this trade-mark a badge of honor, standing for all that is best in athletic goods. In manufacturing it is never knowingly put on anything the quality of which is not believed to be the best it is possible to produce for the price. Our business experience extends over a period of nearly thirty years, and coupled with unequalled facilities for manufacturing we can assure our customers, who are the most critical experts in the various sports which this catalogue represents, that an article which bears the Spalding trade-mark will stand the test. Spalding Athletic Goods are the standard quality, recognized as such by the United States Government in the various departments where athletic goods are used—notably the Army and Navy—endorsed in the highest possible manner, i. e., by the test of continual use in the principal universities, colleges and preparatory schools of this country, especially adopted as perfect and correct in every particular by the various baseball leagues, and last, but by no means least, approved universally by every man, woman and child who desires athletic goods of highest possible quality at prices that are fair and moderate.
