DON'T LIVE AMID **DISCOMFORTS**

By OUR PLAN of Designing, Financing, Constructing and Operating COMPLETE Systems, WE CAN SHOW ANY TOWN that WANTS TO GROW,—Municipal IMPROVEMENTS PAY.

WATER WORKS, ELECTRIC LIGHTS, SANITARY SEWERS

Mean HEALTH, COMFORT and GROWTH for ANY TOWN, when intelligently handled.

Let us send list of cities and small towns in NORTH CAROLINA and adjacent States (over 300), plants we've built.

PROFIT BY THEIR EXPERIENCE

Kerosene or gasoline lights, surface wells and country sanitation were all right for towns 50 YEARS AGO—but no normal town of 600 population or over CAN AFFORD this NOW.

A postal will bring information of value.

DON'T DELAY!

STATE GOVERNMENT---JUDICIAL DEPARTMENT

THE SUPREME COURT OF NORTH CAROLINA.

Walter Clark, of Wake, Chief Justice.

Platt D. Walker, of Mecklenburg, Associate Justice.

William A. Hoke, of Lincoln, Associate Justice.

George H. Brown, of Beaufort, Associate Justice.

Wm. R. Allen, of Wayne, Associate Justice.

J. L. Seawell, of Raleigh, Clerk.

Weldon T. Smith, of Raleigh, Office Clerk.

Robert H. Bradley, of Raleigh, Marshal and Librarian.

Geo. F. Kennedy, of Wake, Custodian Building.

Robert C. Strong, of Raleigh, Reporter.

The Supreme Court meets on the first Monday in February and the last Monday in August of each year. The call of appeals from the judicial districts begins on Tuesday of each week during the term.

APPLICANTS FOR LICENSE TO PRACTICE LAW.

Each applicant must have attained the age of twenty-one years, and must have studied:

Ewell's Essentials, 3 volumes.

Clark on Corporations.

Schouler on Executors.

Bispham's Equity.

Clark's Code of Civil Procedure.

Revisal of 1905.

Constitution of North Carolina.

Constitution of the United States.

Cresay's English Constitution.

Sharswood's Legal Ethics.

Sheppard's Constitutional Text-Book.

Cooley's Principles of Constitutional Law (or equivalent).

Each applicant must have read law two years at least.

Examinations for license to practice law are held on the first Monday in February and the last Monday in August of each year. The examinations are in writing.

Conditions Precedent to Examination.

Before being allowed to stand an examina-

tion each applicant must comply with the following conditions:

1. He must be at the time twenty-one years of age, or will arrive at that age before the time for the next examination.

2. He must file with the Clerk of the Court a certificate of good moral character, signed by two attorneys who practice in that Court, and also a certificate of the dean of a law school or a member of the bar of this Court, that the applicant has read law under his instruction or to his knowledge or satisfaction for two years, and upon examination by such instructor has been found competent and proficient in said course. Such certificate while indispensable, will of course not be conclusive evidence of proficiency. An applicant who has obtained license to practice law in another State, in lieu of the certificate of two years reading and proficiency, can file (with leave to withdraw) his law license issued by said State.

3. He must deposit with the Clerk twenty-three dollars and fifty cents. Of this sum one dollar and fifty cents shall be retained by the Clerk and two dollars is for printers for the parchment on which the certificate of license is issued. If the applicant obtains license the remaining twenty dollars shall be paid by the Clerk to the librarian for use of the Supreme Court library. If the applicant fails on examination the twenty dollars shall be repaid him.

NORFOLK SOUTHERN RAILROAD

SERVES THIRTY-FIVE COUNTIES

IN

NORTH CAROLINA

Connects Norfolk and the Carolina Coast Country With Charlotte
and the Plains of the Piedmont

COVERS NORTH CAROLINA LIKE A BLANKET.

The new Norfolk Southern System, with over nine hundred miles of main and branch line trackage, now gives the Old North State a service unequalled in its history.

The productions from the East, from the truck fields, the Sounds and the Ocean, will now be in quick touch with the enterprising country of the West, the sand hill section, the lands of fruit, grain and minerals.

QUICK TRANSPORTATION and the possibility for the exchange of products will work greatly to the advantage of both the East and the West portions of the country, now so closely linked together by the Norfolk Southern System.

IN CORN PRODUCTION North Carolina has records that lead the world. Within the State there are over 3,000,000 acres of undeveloped lands, typical corn growing soils, awaiting the experienced corn growers of the West, to change idle acres into rich producing farms.

CORN AND COTTON JOIN HANDS IN NORTH CAROLINA.

The Soil, Climate and Rainfall conditions of the State combine for the favorable growing of both Corn and Cotton, a condition elsewhere unknown.

THE GREAT ADVANTAGES of the Carolina territory served by the Norfolk Southern, can be better understood by corresponding with the Industrial Department of the railroad at Norfolk.

ADDITIONAL INFORMATION concerning manufacturing locations, timber supplies, farm lands, and resort points, will gladly be furnished for the asking. Address:

B. E. RICE, General Industrial Agent

STATE DEMOCRATIC PLATFORM—1914.

We, the representatives of the Democratic Party assembled in convention under conditions of Democratic responsibility in State and Nation, rejoice in the large measure of success with which Democratic promises have been enacted into law, and with which Democratic principles have been applied in restoring equal opportunities to all sections and all classes. We reaffirm our allegiance to the cardinal principles of Democratic government, and we again present our cause to the people in the full confidence that a continuation of Democratic control will result in a complete restoration of the high ideals of constitutional government as established by the fathers of the Republic, and interpreted to meet the needs of the progress of the times.

Indorsement of President Wilson's Administration.

We indorse the administration of Woodrow Wilson, and the broad statesmanship, high ideals, earnestness and application with which he is administering his high office. The Democratic Party under brave and wise leadership has merited the confidence and the support of the American people. It has restored the Government to the people and wrested the Government from the hands of the favored classes, in which the Republicans had placed it. The tariff has been revised downward, and the power to tax the people wrested from the favored few. It has destroyed monopoly of credit and enacted a system which will insure equal banking facilities for all of the people without regard to section or class.

Foreign Policy Indorsed.

We especially commend the just and patriotic foreign policy of the President of the United States. In dealing with other nations, our country, under the guidance of President Wilson's great intelligence and sincere love of justice, has acknowledged no standard of conduct beneath that demanded by Christian nations.

Indorsement of Senators and Representatives in Congress.

We heartily indorse the record of achievement and leadership in the National Congress of our United States Senators and Representatives, and take pride in the opportunity that came to our State to furnish their wise and seasoned leadership in the successful working out of the great problems of a National Democratic Administration.

Indorsement of State Administration.

We indorse the administration of Governor Locke Craig, and the other State officials, and especially commend the successful efforts of the General Assembly, the Governor, and the Corporation Commission for the readjustment of our interstate freight rates; and we express the confidence that their zeal in this cause will be productive of further fruitful results until discriminations in freight rates will be entirely removed; and we pledge a continuation of our efforts to remove all such discriminations.

Education.

We rejoice in the progress our State is making in the cause of the education of all the children under Democratic rule, and we pledge to the people of the State the continued support of the party until a six months school in every district throughout North Carolina shall be a realization, and the resources of the State under Democratic rule will be used to promote this end as rapidly as economic conditions permit, and to this end we urge the adoption of the amendment to the Constitution providing for the establishment of a six months

school. We urge that the efforts of those men and institutions engaged in the splendid work of conserving the health of our people, in eradicating disease and preventing infection, be seconded with enthusiastic and unstinted support, both by State and local governments.

Enforcement of Prohibition Laws.

We stand for the strict upholding of the laws prohibiting the sale and manufacture of intoxicating liquors, in the enforcement of which great progress has been made. We are glad by the evidence that both drinking and drunkenness and the crime that they bring are rapidly decreasing.

Legalized State-Wide Primary.

We indorse the principles of a legalized State-wide primary for all National, State and Judicial officers, and we pledge the party to the enactment of such laws as will make this principle applicable to all political parties.

Revise Penal System.

We recommend that our penal system be revised in light of the most modern methods.

Reduction of Freight Rate.

We congratulate all concerned upon the advances made by our Governor and the General Assembly, and especially upon the epoch-making victory recently won before the Interstate Commerce Commission, in the matter of relieving North Carolina points of the discrimination in freight tariffs in favor of points in other States; and we urge that the struggle so well begun shall be pressed until there shall not remain a shadow of suspicion that the people of this State labor under disadvantage so far as the common carriers are concerned, both interstate and intrastate.

Insurance Rates.

We likewise ask that the present investigation of insurance rates be pressed to a conclusion that will remove all question as to discriminations adverse to our people on this point.

Aid to Farmers—Rural Credits.

We bring before our party the especial demands and the needs of the farmers of North Carolina, in the conviction that all that serves them serves all the people. We recommend that the State follow up its increasingly useful work of inspection, education, and instruction, with aid to a system of rural credits, designed to enable the producers of the wealth, from which the State draws its life, to manage their enterprises at the lowest possible rate of interest and to market their products to the best advantage. We urge our Representatives in Congress to uphold the President in his plans to aid our farmers in the matter of rural credits. We recommend the encouragement of studies in practical agriculture in our free schools.

Conservation of Resources.

We recommend the enactment of effective legislation to control our natural resources, especially our forests and fisheries and our wild game, and that such legislation be, so far as possible, State-wide.

Good Roads.

We urge the building of good roads throughout the State and the encouragement of our farmers in the splendid progress which they are making in the improved condition of country life.

Public Health.

We demand every possible safeguard for the health of the people of the State, and that the government of the State shall be at all times responsive to the needs, demands, and happiness of our people.

REPUBLICAN STATE PLATFORM—1914.

The Platform As Adopted.

The platform adopted, is as follows:

First—We Republicans in convention assembled appeal to the people of North Carolina to set the welfare of our State above party and above prejudice; to exercise their freedom to vote; to vote according to the dictates of conscience and to choose such men for public office and vote for such measures as will best promote our common interest.

Republican Principles And Policies.

Second—We stand, as we have always stood, for the principles and policies of the Republican party, and hereby invite a comparison of the conditions both of business and labor that prevailed under the laws enacted in pursuance of these policies during the sixteen years from the election of McKinley to the election of Wilson, with the conditions of today, when we have had only two years under Democratic policies.

Revenue And Taxation Amendment.

Third—We favor the adoption of the proposed amendment to article V. of the Constitution relative to revenue and taxation.

Six Months Public School.

Fourth—We favor the education of the children of the State to the highest point possible and as a means to that end we favor the adoption of the proposed amendment to the Constitution providing for a six months' school term.

State-Wide Legalized Primary.

Fifth—We favor a State-wide legalized primary applicable to all parties and for all offices.

Australian Ballot.

Sixth—We demand a fair election law and the opportunity for every man to cast a secret ballot, and to that end we favor the enactment of a law providing for the Australian ballot, with every citizen protected from fraud in election by a most rigid corrupt practice act.

Labor Laws.

Seventh—We believe in the dignity of labor and the elevation of the wage earner, and pledge our party to the enactment of such laws as will best promote this end.

Reformatories.

Eighth—We favor the establishment of

one or more reformatories for the correction of youthful criminals, convicted of minor offenses, and we favor a separate reformatory for females convicted of similar offenses.

Use of Convicts.

Ninth—Instead of using our convicts in raising cotton and peanuts in competition with the farmers of our State, we favor the State opening up lime quarries and employing the convicts in them, thereby giving our farmers lime at absolute cost and in their use in the construction of public highways and other public improvements, but we demand that a more humane system be inaugurated in the management and working of the convicts of our State and that the hours of labor shall be fixed and limited by law.

Just Freight Rates.

Tenth—We demand that the discrimination against our State and her cities in freight rates shall cease, and that laws be enacted to correct any and all inequalities, irregularities and exorbitant charges on the part of the railroads, insurance companies, and all other public service corporations.

Railroads In New Sections.

Eleventh—Realizing the difficulty to meet their expenses that confronts all railroads built into new and undeveloped sections, we favor the enactment of such law as will permit them to earn a fair compensation.

Against Bond Issues.

Twelfth—We deplore the continual issue of bonds made necessary to provide means to meet the deficiency in our State treasury, increasing in amount every year; caused largely by the great and continued increase in the appointment of office holders, and other extravagances in the administration of our State affairs. We therefore invite every tax payer for his own protection to join us in bringing about a more economical administration in the correction of these abuses in our State affairs.

Health Plank.

Thirteenth—We believe the greatest field for conservation in North Carolina is the conservation of human lives, health, happiness, and efficiency. Preventable and postponable diseases now destroy thousands of North Caro-

linians every year and temporarily incapacitates tens of thousands of others. The gross economic loss to our State from preventable sickness and death now amounts to many millions of dollars every year.

It has been fully demonstrated in parts of our own State and elsewhere that practically all this tremendous loss through preventable sickness and death can be checked through adequate, efficient public health measures. We therefore endorse the efforts of those persons at present engaged in this work so far as they have gone, and urge that ample provision be made for the more rapid conservation of this great loss, commensurate with its importance.

To this end we urge that provision be made for increasing the capacity of the State Sana-

torium for the Treatment of Tuberculosis as rapidly as the demands may require and that provision be made for the treatment of our indigent tubercular sick at the State Sanatorium.

We urge that additional provision be made for furnishing biological products such as diphtheria antitoxin, anti-rabic serum, anti-rabic serum, anti-typhoid vaccine and small-pox vaccine to all citizens of the State free of charge.

We urge that additional duties and powers be given health authorities to enable them to forestall and to especially cope with outbreaks of contagious or infectious diseases and to enable them to prevent the occurrence of diseases due to filth and insanitation.

PROGRESSIVE STATE PLATFORM—1914.

PLATFORM OF PROGRESSIVE PARTY,
ADOPTED AT GREENSBORO, SEPT.
3, 1912.

We, the representatives of the Progressive party in North Carolina, in our first State convention assembled, conscious of our responsibilities as citizens and convinced of the righteousness of the cause we espouse, confess our faith in the national Progressive platform, pledge our efforts to promote their enactment into law, and declare our allegiance to Roosevelt and Johnson, the distinguished candidates of the party for president and vice-president of the United States.

Confronted for years in this State by unfortunate political conditions, which excluded intelligent political discussion of State affairs, embittered public discussion, and produced political intolerance, we may now congratulate ourselves as a people that the baneful era is passed, and, in this nation-wide progressive movement toward higher ideals of statesmanship in dealing with economic, social and industrial questions, which press upon us as for solution, there is no place for the antiquated issues of a dead past. Every man, we believe, whose conscience is awake to the obligations of citizenship should intelligently and resolutely, at whatever sacrifice, align himself with that political party which represents his views as to State and national issues. This is freedom. This is liberty. It is patriotic duty.

National Platform.

The national platform of the Progressive party in its stand for only "honest protection" which shall "equalize conditions of competition between the United States and foreign countries both for the farmer and the manufacturer, and which shall maintain for labor an adequate standard of living;" for the conservation of our natural resources; the drainage of our swamp lands and the building of reservoirs to supply water to our arid wastes; for governmental efficiency in all departments of our government, executive, legislative and judicial, with the recall of judicial decisions on constitutional questions; for the restoration of this government from the rule of the bosses, who are the subservient tools of the special interests, to the rule of the people as expressed in primaries and elections; for the betterment of the conditions of farm life, protection to working men, and minimum scale of wages for working women; for control and regulation of railroads and corporations, but for social and industrial justice applied to all classes and conditions of society; and in outlining a program of practical legislation for needed reforms, constitutes in itself a call of

righteousness to the patriotic citizens of this land.

Appeal to Electors.

We, therefore, appeal to the electors of this State, whatever their past political affiliations, to read and digest our platform with impartial consideration and, if in accord with its views, to unite with us in this progressive movement to attain for the people the much needed legislation.

In the spirit of progress, looking forward and not backward, we believe the time has come in this State for its citizens, who would lay broadly and deeply the basis of our future civilization on practical achievements and firm moral standards, to unite their efforts in bringing about social, industrial, legislative and judicial reforms in the State, as well as the national government.

We need the spirit of a broader statesmanship in this State, the vision of things to be done in the service of the people, and the devotion of men to the substantial welfare of the State, apart from personal ambition, and the concentration of the public mind upon our agricultural, industrial, educational and moral advancement.

We, therefore, applying the progressive spirit of the affairs of State, advocate:

Primaries and Elections.

1. Honesty in the conduct of primaries and elections. There is no difference between political and personal honesty in any standard of morals. The corrupt use of money in party primaries and public elections is a growing evil in this State. The sacredness of the ballot box is essential to the preservation of our liberties. We favor the passage of a corrupt practice act, applicable alike to all primaries and elections, requiring publicity of campaign expenditures, and making all improper use of money, methods or means, tending to debauch the electorate, a felony in the person or persons in the wrong; and when such means are employed, the offender shall forfeit his suffrage and the candidate benefited thereby the right to the nomination, if chosen, or public office, if elected. The hope and permanency of our institutions depend upon honest elections and high standards of personal responsibility in the exercise of their franchise.

Public Schools.

2. Our public schools should be adequate to meet all reasonable demands. No false economy should thwart the opportunity of any boy or girl in the State to obtain an education. Their education is an imperative and sacred duty. The State should provide free school books and a longer school term. Edu-

cation should be compulsory in all counties which may vote by a majority of the electors so to make it. County superintendents of education should be elected by the people. We condemn as unjust the practice of making school districts so as to lay the special tax schooling on corporate or other special property owners. Education in the public schools should be directed to equipping the boy for some practical occupation, and the girl in a knowledge of domestic science and economy. Our lady teachers, now underpaid, not averaging salaries greater than paid to uneducated colored day laborers, should be adequately compensated for their services that they may be able the better to equip themselves for their work, and others to be encouraged to enter the profession. Chivalry to them demands it. This is social justice.

3. The public institutions of this State, alike educational and charitable, should be liberally sustained, but in the interest of efficiency and wise economy, all supplies to these and other departments should be purchased and supervised by a non-partisan commission to be appointed by the governor. Estimates of materials required should be made at the beginning of each year and contracts awarded, after advertisement, to the lowest bidder, the materials to be delivered as required in the current year; thus enabling the State to purchase in quantities at the lowest price. It has been said by a leading business man, once a member of the board of one of our public institutions, that three intelligent business men, supervising the expenditures of all of our public institutions, could save the State \$75,000 annually.

Board of Health.

4. The Legislature, in concurrence with

the medical societies of the State, should liberally sustain and extend the work of the State board of health by appropriating ample means for its efficient maintenance in disseminating a knowledge of sanitary laws and the eradication of preventable diseases. Statistics show that the death rate from typhoid fever in North Carolina is four times the average in Switzerland. No people can be a great people who are not strong, virile and healthy. The State should take every possible means known to modern science to preserve the health of its people. Our climate naturally is healthy and invigorating and we should maintain a high standard of public health by the strict enforcement of all sanitary laws.

Penal Institutions.

5. Our penal institutions should be corrective and reformatory in their purpose. Prisoners should be treated humanely. Murder is murder, whether committed by prison guard or other person and discipline is not dependent upon severity. The parole system should be introduced and liberally granted to prisoners. Convicts should be employed only on public works and roads. Society derives no economic benefit when it imprisons the citizen, whatever his crime, and deprives those dependent upon him of support and pockets the proceeds of his labor. The profit derived by the county or State from the labor of convicts falls on the innocent wife, child or others whom the convict may have supported. We, therefore, advocate the passage of a law requiring the State or county to pay to the family of the convict all income derived from his labor at a fair compensation over and above his necessary support while confined, and laws which will put into practice such training as will better fit the convict for citi-

zanship when discharged. This is enlightened social justice.

Registration Laws—Torrens System.

6. Our registration system is antiquated. We favor the adoption of the Torrens system. The State should undertake a State survey of its territory on lines by which all titles may be ultimately conveyed. The Torrens system means that the owner of the land, at his option, submits his title to examination, the State corrects all defects, if any, guarantees the title and possession and issues to the owner a certificate which certifies his title. A duplicate of the certificate is retained at the register's office, and on the transfer of the property the certificate is surrendered to the register, cancelled, and a new certificate issued to the purchaser. The land cannot be conveyed afterwards except by a surrender of the certificate. Temporary loans can be made by attaching this certificate to a note, since, without the possession of the certificate, the owner could not part with the property. In the same manner as stock certificates of corporations are used as collateral, the State in the first instance collects a small percentage on the tax valuation, which is paid into a fund to protect its guaranty. This system would bring land into an active market as collateral, facilitate transfers, add to land values, and enable small loans to be made without the expense of legal examination and the drawing of deeds. If necessary, we favor a constitutional amendment to make this system permanent and effective in this State.

Tax Laws.

7. Our tax laws should be modernized. Hundreds of thousands of dollars on personal property escape taxation. Local tax assessors undervalue land to avoid the payment of tax to the State on a proper valuation. Laws should be passed to equalize tax assessments, so that all property should bear pro rata the burden of taxes.

The Courts.

8. The Legislature, in concurrence with the bench and bar of this State, should remodel our court procedure. "The law's delay" is proverbial, but its very life is in the prompt enforcement of criminal law and in the redress of private grievances without delay. The non-enforcement of the law in many sections of our State has become a public scandal. There is no use of passing statutes without enforcing them and you cannot enforce them without the means to do so. The attorney general's department should be given greater power and should be allowed legal assistance to manage all litigation in which the State is involved and supervise the proper enforcement of criminal statutes. There should be a contingent fund placed at his disposal to be used by him when the emergency arises for the detection and punishment of criminals. Our system of criminal law and detection should be adjusted to meet the conditions of a more complex population.

Freight Discrimination.

9. The discrimination of freight rates against the cities and towns of this State is a matter of serious import and continuous loss to our people. In the short-sighted policy of the lease of the North Carolina railroad, at midnight and secretly, several years in advance of the termination of the old lease and for a period of ninety-nine years, at the rate of seven per cent. on the stock held by the State, and the parting with the control of that property, is partly the occasion of the discrimination, and when it appeared the State could have leased it at 10 per cent., if com-

petition had been open, the direct loss to the State is the difference between 7 and 10 per cent., or the loss of \$90,000 each year for the period of ninety-nine years, and the inexcusable action of the State Legislature of 1899 in permitting the dismemberment of the Cape Fear and Yadkin Valley railroad, when a former Legislature had prohibited its dismemberment and the Federal courts held it could not be legally done, without legislative permission, whereby the road was divided, the western half passing to the Southern and the eastern half to the Coast Line, is another cause of freight discrimination. This dismemberment cut 1,500 square miles of trading territory from the seaport of Wilmington, subordinated the control of the western section of the road to Norfolk and northern markets, and destroyed the benefit of lower freight rates in competition with the water rates through Wilmington and Southport. These wrongs to the State serve to illustrate the domination of public and legislation by the special interests and, in the latter case, was concurrent with large contributions of the railroads to the campaign fund of the dominant political party. The loss to the State directly or indirectly has been incalculable. We favor the proper action by the State Legislature through the courts and by appeal to the State and Interstate Corporation commissions to ameliorate the unjust discrimination in freight rates against this State.

Corporations.

10. Corporations, industrial and railroad, are necessary agencies for our material development, and they should be protected in their just rights and accorded a "square deal," but, they should be required at all times to conduct their operations in fairness to others, and the public interests. We oppose industrial corporations known as trusts; favor the repeal of the present State statute permitting one corporation to own stock in another, and the passage of a law which will prohibit it and prevent all combinations in restraint of trade which are oppressive and unreasonable.

Water Powers.

11. The natural water powers of the State should be owned and controlled by the State. The development of these water powers, under the State's supervision, would repay with interest the cost and largely contribute in time to the State's revenue. The concrete dam once constructed the power could be leased to electric companies for transmission under conditions which would prevent the possibility of private monopoly. The Legislature could make provision to acquire by condemnation for the public use all undeveloped water power and the credit of the State should be used for this development as the power could be used. This would be conservation of our natural resources.

State Canals.

12. The Federal government is now opening up the Cape Fear river from Wilmington to Fayetteville with a permanent eight-foot channel. The State should supplement this work of the government by extending an inland canal system, which is feasible and was once begun, but abandoned in the early history of the State. The effect would be to give central North Carolina a water rate to the ocean.

Employers' Liability Act.

13. We favor the passage by the State of an employers' liability act providing for compensation of injured working men, similar to such statutes adopted by the Federal government and in other States; the abolition of the doctrine of contributory negligence and as-

sumption of risk in all cases, and laws to safeguard workmen in dangerous employments. The fact that in industrial plants operating machinery, and on railroads, over one-half of a million injuries occur annually, as reported to the accident insurance companies, make such laws imperative as a duty to humanity.

14. We favor the creation of State loan and land banks to be operated under State supervision and control loans to be made on real estate only within a given radius of the location of each bank, such banks not to be allowed to engage in commercial banking. Object: to utilize the capital of each community in facilitating loans, bring land into the market as collateral, and to employ through the medium of the bank the savings of the people to the advance of their own community. The commercial bank and the savings bank each have distinct functions. The practice in vogue in this State by which national banks, doing a commercial business, operate so-called savings banks subsidiary thereto, as an indirect means of paying interest on deposits, which are used in commercial transactions, should be prohibited. The directors and officers of one bank should not hold similar positions or exercise control in another bank, as it tends to concentrate the control of banking facilities. The savings banks should, by law, be confined to their proper sphere and their loans should be made within the State on staple securities so as to keep the people's deposits within the State for its upbuilding and to prevent our capital being sent to other States where the rates of interest are higher. The custom of these so-called savings banks paying four per cent. interest on deposits and loaning their deposits on commercial paper in other States at rates of interest higher than those provided by statute in North Carolina should be prohibited by law.

Agriulture.

15. The influence of our State agricultural department, supplementing the work of the Federal government, upon approved farm methods, has been potential for good. It should be liberally maintained and its field of operation extended as occasion demands. The farm is the basis of our wealth. The farmers prosperity is the nation's prosperity. Legislation, State and Federal, should be directed toward bettering the condition of the farmer, and in collaboration with his organized societies, devise ways and means to promote the highest efficiency of agriculture, in all its branches, and the welfare of the tiller of the soil.

Public Roads.

16. The convenience, economy and necessity of public roads is now recognized. The State should issue bonds and build a system of State highways from the seacoast to the mountains, cross sectioned from the Virginia to the South Carolina line, of permanent construction, and as a basis of an interconnecting system of highways all over the State, leaving the counties free to connect their local roads to such main highways.

Swamp Lands.

17. The drainage of swamp land would be of inestimable advantage to the State. The State should employ engineers to lay off areas to be drained, issue bonds for the purpose and distribute the cost between the owner of the drained lands, according to the benefit each derives and collect by special assessment from the land owners, levied annually over long periods of time, the money so expected and advanced, which should be applied to the payment and redemption of the bonds issued.

18. Local self-government is a fundamental policy of our political institutions. The right of a State to legislate, either under its general or police powers, in all matters of State concern, is equally fundamental. Each should

“English Literature”

By J. C. METCALF,

Professor of English Literature in Richmond College.

This is a clear, concise, and exceedingly readable account of English Literature and its makers from the beginnings to the present day.

The book is in form and content the outcome of Mr. Metcalf's signally successful experience as a teacher of English Literature and has the merit of having been written "with a definite set of individuals in view."

DR. EDWIN MIMS,

Vanderbilt University.

"I have read with much interest and admiration Professor Metcalf's *History of English Literature* and regard it as one of the very best books of its kind. The summaries of the various periods of literary history, the characterizations of individual authors, the very felicitous use of apt quotations, the illustrative material, the bibliographical notes—all strike me as very noteworthy. The book is accurate without being pedantic or academic; it is written in a style that interests the student and the general reader. I see no reason why it should not be extensively used in high schools and colleges."

THE NEW EDITION OF
Webster's School Dictionaries

Based on the New International Dictionary
thus conforming to the best present usage

Webster's Elementary-School Dictionary

45,000 words and phrases. 900 illustrations. 720 pages, 5 $\frac{3}{8}$ x7 $\frac{3}{4}$ inches. 90 cents.

Carefully planned to meet the needs of all the elementary grades and other schools in which etymologies are not taught. It contains all words found in the school texts generally used, and includes the technical expressions of ordinary business and words used in elementary sciences. Special attention is devoted to making a word's meaning clear to immature minds, especially by the use of illustrative sentences or phrases and by discriminating synonymies. Inflected forms are given when irregular.

Webster's Shorter School Dictionary

35,000 words and phrases. Fully illustrated. 544 pages, 5 $\frac{1}{8}$ x7 inches. 60 cents.

In spite of its small size, this book presents a very large fund of useful information concerning not only common words, but technical and scientific terminology and up-to-date words needed by elementary pupils. It is unique among smaller dictionaries in making clear grammatical difficulties.

ELON COLLEGE

**North Carolina. For Both Men and Women.
Christian Character First and Always.**

**Character—Health—Culture—Scholarship—Beauty—Clean Athletics.
Lowest Rates in the South. Delightful Location. Every Modern Convenience.
Deep well water. A quarter century without a single case of dangerous sickness.
Two gymnasiums. No hazing.**

A Distinguished Bostonian writes; "Of all the colleges I have visited in six years as International Field Secretary of Christian Endeavor, the spirit of Elon College seems to be the most genuinely Christian."—Karl Lehman.

Marshall A. Hudson, Founder of the Baraca-Philathea Movement testifies: "I found in Elon College what I never found quite so prominently before, a spiritual attitude and a desire to learn of spiritual things. I congratulate Elon upon her splendid spiritual atmosphere."

Horner Military School

1851-1915.

CHARLOTTE, N. C. (Formerly of Oxford, N. C.)

Located in Myers Park, the most beautiful and best laid out residential suburb in the United States; on a magnificent plat of 50 acres of elevated, undulating land, overlooking the city of Charlotte, two miles in the country, but on paved boulevard and street car line to the city.

Ideal climate; midway between New York and Florida; entire equipment new, modern, fireproof, steam heat, electric lights, hot and cold water from city water works in each room, toilets and shower baths on each floor.

The Most Complete and Best Equipped New Barracks in the South

Ten teachers with degrees from the best colleges and universities. Limited to 250 cadets who dine with the teachers and ladies of the Principal's family. The academy has had a successful career of 64 years with a history that is a guarantee that it is not an experiment. The large patronage from the best people of our home State, who know us best, is its greatest endorsement. Charges \$400.00 per year.

J. C. HORNER, A. B., A. M., Principal.

FOR THE SOUTH

The Southern Railway is a part of and is vitally interested in the development and the continued prosperity of the South. Its policy is to cooperate just as fully as possible with the people of the South in the proper development of the country; not merely in the way of giving traffic facilities, but in active, direct work in the location of industries, the utilization of the South's natural resources, the bringing in of farmers and other homeseekers, the improvement in farming, the conservation and building up of the soil, the introduction of dairying, the extension of the live stock industry, the encouragement of fruit and truck raising, the marketing of farm products and in the building of good roads, making more attractive and prosperous cities and towns and the securing of the best character of home life.

For the cooperation with the people in all these directions development and educational agencies have been established. The service of the Industrial and Agricultural Department, with its industrial, immigration, agricultural, live stock and dairy agents, working for the common interests of the people of the South and the railroad company, is freely given to all who desire its cooperation.

The South affords a wide field for its own people and for great numbers from beyond its borders, its opportunities in every line are unsurpassed. The Southern Railway will assist in making a greater and more prosperous South.

Correspondence relative to development and progress is welcomed.

PARCEL POST INFORMATION

Unsealed matter of the fourth class, which embraces all mailable merchandise, including farm and factory products, not exceeding in size 72 inches in length and girth combined; and not exceeding 50 pounds in weight in the 1st and 2nd zones, and 20 pounds to all other zones, bearing the name and address of the sender, and prepared for mailing in such manner that the contents can be easily examined, is mailable at the rates of postage provided for in the accompanying table.

March 16, 1914, parcel post service is extended to include books. The rate of postage on books weighing 8 ounces or less is one cent for each 2 ounces or fraction thereof and on those weighing in excess of 8 ounces the regular zone rate applies.

The rate to any point in the Hawaiian Islands, Alaska, Canada, Canal Zone, Cuba, Mexico, Panama, Philippines and to the United States Postal Agency at Shanghai, China, (except for parcels weighing four ounces or less) is 12 cents for the first pound and 12 cents for each additional pound. Parcels for the Canal Zone, with commercial value, and for Mexico and Panama must be accompanied by custom declaration. Parcels for Canada and Cuba must not exceed four pounds, six ounces in weight; those for Mexico and Panama cannot exceed that weight unless sent by international parcel post.

A mailable parcel may be insured against loss in an amount equivalent to its actual value, but not to exceed \$25.00 on payment of a fee of 5 cents and in an amount equivalent to its actual value in excess of \$25.00, but not to exceed \$50.00, on payment of a fee of 10 cents in stamps affixed in addition to the required postage.

The sender of a mailable parcel on which postage is fully prepaid may have the price of the article and the charges thereon collected from the addressee on payment of a fee of ten cents in postage stamps affixed, provided the amount to be collected does not exceed \$100.00. Such a parcel will be insured against loss, without additional charge, in an amount equivalent to its actual value, but not to exceed \$50.00.

“READ IT BECAUSE THEY HAVE TO.”

“The News and Observer Is An Institution Read By Something Like 75,000 People. Two-Fifths of Whom Hate It Like The Devil.”

(From the News and Observer, November 19, 1911).

In connection with its year's work on the newspaper situation, Collier's offered sixty prizes of fifty dollars each in the cities and regions of the United States and Canada for the best letters from readers concerning their newspapers. It prints the prize-winning letters. In its issue of last week it prints the prize North Carolina letter—It was written by Dr. G. M. Cooper, of Clinton, and his subject was “The News and Observer.” Collier's paid Dr. Cooper fifty dollars for the letter, as it paid fifty-nine others who wrote the best criticism concerning newspapers in all the States. These letters have been interesting and illuminating and helpful both to the public and to the editors. It is a good thing for an editor to read the opinion of a subscriber, particularly when a great newspaper, like Collier's thinks enough of the opinion of the writer to pay fifty dollars for it. If he is a wise editor he will be helped by candid criticisms. Dr. Cooper's is most kind, but is the sort of criticism of which it was said by the highest authority: “Faithful are the wounds of a friend.” Here is his article for which Collier's paid Dr. Cooper fifty dollars:

RALEIGH, N. C.

I read the daily “News and Observer” of Raleigh, N. C. That paper is an institution. It is read by something like seventy-five thousand people, two-fifths of whom hate it like the Devil, but read it just the same. Why? Because they have to. Its policies make and unmake Governors, Senators, judges and lights of leases magnitude. Politically it is mightier than all the politicians and bosses in the State, for the simple reason that it is backed by public opinion.

Ask any of the enemies why they read **The News and Observer** and the answer is always the same: “It publishes the news.” That is literally the truth; nothing of real interest is suppressed. By “news” I do not mean the sickening stories of crime and domestic infelicity that fill the columns of most daily papers. I mean news of political importance or of significance to society in general. In other words, **its news matter is clean and healthy.** In its editorials it reflects the best thought of the soundest thinkers in the country and especially of the South.

Another good reason for the influence wielded by this paper is its direct personal appeal. No one knows or cares who owns its stock, but every line it publishes is universally regarded as the honest, sincere convictions of the editor. To illustrate this point: It is Democratic in politics, and whenever a Republican speaker or paper alludes to an editorial in **The News and Observer** they always refer to “Josephus” (its editor is Josephus Daniels). That is “personal journalism” which might make even a Nelson or a Watterson take notice. No mortal man can measure the influence which this one paper exerts. It has fought and won many battles for better conditions in North Carolina. Its voice has been remarkably clear for the people against special privilege in national affairs.

Much more might be said in commendation of this paper, which for many a year to come bids fair to continue master of the newspaper field in this section of the South. But what I have said is sufficient to illustrate its power for good.

On the other hand, what criticism have I to offer? Very little. First, and chief, it is not at all times and in all things consistent. For instance, it carries no whiskey advertisements, but thousands of its friends are frequently forced to blush with shame at some of its glaring patent medicine announcements.

Second, and in conclusion, as a friend to the principles for which this paper stands; as one who loves the glorious history of this great country, and who hopes for its future, I would beseech its editor to beware lest in its zeal for the cause he brings to me, perhaps unconsciously, just a little more of the spirit of partizanship than of the spirit of Democracy.

PERQUIMANS COUNTY

COUNTY SEAT, HERTFORD.

POPULATION—(Census 1910), 11,054.

Formed in 1672 as a precinct of Albemarle county, and in 1738 made a county. Name derived from tribe of Indians who occupied the region. It was here that George Durant, famed in the early Colonial History of the State, settled and received deeds from the Indians, which deeds can now be seen on record at Hertford. Part of the county still bears the name "Durants Neck." At Phelps Point, which is now the town of Hertford was held the first religious service in North Carolina, of which there is any authentic record. The records in this county are among the oldest and most interesting in the State. One section of the county was settled and is still peopled by the Friends or Quakers.

AREA—220 square miles.

Value of real estate, \$1,679,590; value of personal property \$1,172,918.

Property listed in 1914, by whites, \$2,496,436; by negroes, 356,072.

LEGAL HOLIDAYS IN THE VARIOUS STATES

January 1—New Year's Day—In all the States (including the District of Columbia) except Massachusetts.

January 8—Anniversary of the Battle of New Orleans.

January 19—Lee's Birthday—In Florida, Georgia, North Carolina, South Carolina, Virginia, Alabama, Arkansas and Mississippi.

February 12—Lincoln's Birthday—In Connecticut, Illinois, Minnesota, New Jersey, New York, North Dakota, Pennsylvania, Washington (State), Wyoming, Colorado, Delaware, Kansas, Nevada, Iowa, Michigan and California.

February 22—Washington's Birthday—In all the States, including the District of Columbia and Arizona.

March 2—Anniversary of Texan Independence.

April—In Oregon the forty-fifth day preceding General State Election primary nominating election held. Every day on which an election is held throughout the State is a legal holiday.

April 6—Confederate Memorial Day—In Louisiana.

Good Friday—Friday preceding Easter Sunday—In Alabama, Florida, Louisiana, Maryland, Minnesota, New Jersey, Pennsylvania, Tennessee and Connecticut.

April 19—Patriot's Day—In Massachusetts and Maine.

April 21—Anniversary of the Battle of San Jacinto—In Texas.

April 26—Confederate Memorial Day—In Alabama, Florida, Georgia and Mississippi.

May 10—Confederate Memorial Day—In North Carolina and South Carolina.

May (Second Friday)—Confederate Day—In Tennessee.

May 20—Anniversary of the Signings of the Mecklenburg Declaration of Independence—In North Carolina.

May 30—Decoration Day—In all the States and Territories (and District of Columbia), except Alabama, Arkansas, Florida, Georgia, Idaho, Louisiana, Mississippi, New Mexico, North Carolina, South Carolina, Texas. In Virginia known as Confederate Memorial Day.

June 3—Jefferson Davis' Birthday—In Florida, Georgia, Alabama, Mississippi, Tennessee, Texas and South Carolina.

July—Independence Day—In all the States and Territories and the District of Columbia.

August 16—Bennington Battle Day—In Vermont.

Labor Day (the first Monday in September—In all the States and Territories (and the District of Columbia), except North Dakota. In Louisiana observed in Orleans Parish. In Wyoming by proclamation of the Governor.

September 12—Old Defenders' Days—In Baltimore, Md.

October 12—Columbus Day—In California, Colorado, Connecticut, Illinois, Maryland, Michigan, Missouri, Montana, New Jersey, New York, Pennsylvania, Massachusetts, Alabama, Vermont, Indiana, Delaware, Rhode Island, Kan-

sas, Oklahoma, Oregon and Washington.

November (Tuesday after the First Monday)—General Election Day—In Arizona, California, Colorado, Delaware, Florida, Idaho, Illinois (in Chicago, Springfield and East St. Louis only), Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Michigan, Minnesota, Missouri, Montana, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio (from 5.30 a. m. to 9 a. m. only), Oklahoma, Oregon (for Presidential elections only), Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Virginia, West Virginia, Washington, Wisconsin and Wyoming in the years when elections are held therein.

November—Thanksgiving Day (usually the fourth Thursday in November)—Is observed in all the States and in the District of Columbia, though in some States it is not a statutory holiday.

December 25—Christmas Day—In all the States and Territories and in the District of Columbia.

Sundays and Fast Days are legal holidays in all the States which designate them as such.

In Kansas Decoration Day, Labor Day and Washington's Birthday are the only legal holidays by legislative enactment; other legal holidays are so only by common consent. In New Mexico Decoration Day, Labor Day and Arbor Day are holidays when so designated by the Governor.

Arbor Day is a legal holiday in Arizona, Maine, Maryland, New Mexico, Wisconsin and Wyoming, the day being set by the Governor in Texas, February 22; Nebraska, April 22; Utah, April 15; Rhode Island, second Friday in May; Montana, second Tuesday in May; Colorado (school holiday only), third Friday in April; in Oklahoma, the Friday following the second Monday in March; in Arkansas, first Saturday in March.

Every Saturday after 12 o'clock, noon, is a legal holiday in Illinois (in cities of 200,000 or more inhabitants), Maryland, Michigan, New York, New Jersey, Ohio, Pennsylvania, Rhode Island, Virginia, the District of Columbia (for banking purposes), and in New Orleans, La., and Charleston, S. C.; in Louisiana and Missouri in cities of 100,000 or more inhabitants; in Tennessee, for State and county offices, and in Colorado during June, July and August, in New Castle County, Delaware.

There is no National Holiday, not even the Fourth of July. Congress has at various times appointed special holidays. In the second session of the Fifty-third Congress, it passed an act making Labor Day a public holiday in the District of Columbia, and it has recognized the existence of certain days as holidays for commercial purposes, but with the exception named, there is no general statute on the subject. The proclamation of the President designating a day of Thanksgiving only makes it a legal holiday in the District of Columbia and the Territories.

A Better Grade of Tobacco

and MORE OF IT, can be raised per acre if you fertilize liberally with

Virginia-Carolina High-Grade Fertilizers

before planting. Nourish with the same plant food during growth, and use modern farming methods if you have not already adopted them. V.-C. Fertilizers are vastly superior to other tobacco fertilizers. Profitable Tobacco Culture is fully explained in our free 1913 FARMERS' YEAR BOOK or almanac, which will be sent to you on your request.
