# DECEMBER 6 POLLING DAY IN CANADA

## Giants Give Yankees Severe Trimming In Slugging Game

### National Leaguers Murdered Offerings of Four Pitchers—Outfielder Young of Giants, Makes Triple and Double in One Inning Driving in Five Runs—Score 13-5.

Polo Grounds, New York, Oct. 7.—You'll have to take off your hats to a batter to-day. He is Young, the Giants' right-fielder, who with his mighty bludgeon created a new record in a world's series. In the seventh inning of to-day's game he came to bat twice. He first time he doubled and scored two runs and the next trip to the plate he smashed out a triple with the bases full and drove in three runs. As a result of Young's smashing as well as the terrific slugging of Meusel, Rawlings, Frisch and Burns the Giants turned in their first victory of the series. The score was 13-5.

The game was a change from those which preceded it. Instead of a pitcher's battle with the batters as witness as a lot of sheep, the fans were treated to a real war with the giants hammering the pill at a terrific rate.

The Giants kept in subjection by Mays and Hoyt, got a new set of bats today and literally smashed their way through all opposition. They hit everything and anything.

Four Yankees pitchers were used, but none were effective. Shawkey, who started, was relieved in the third and Quinn went along until the seventh, when he was hampered from the box. Collins did not survive this record, making an inning and Rogers was sent in to replace him.

Barnes gets the credit for the Giants' win. Toney came to bat in the third inning. Branes was effective over the rest of the route.

It looked as though the Yankees were going to break up the game in the third inning. They drove Toney from the mound and when Barnes had succeeded in retiring the side our base runners had crossed the plate.

For the first time during the series the Giants showed their fighting spirit. McGraw went after his players and finally got them into their stride with the result that the score was tied up. The Giants made Bob Shawkey quit the mound. Shawkey could not control the ball. After two men had singled Shawkey walked three men in a row and forced in two runs. Manager Huggins replaced Shawkey with Quinn.

It was Shawkey who started the trouble for Giants in the third inning. After Schang had walked, Shawkey drove to right. Miller followed with a single that scored Schang, and when Peckinpah drew a pass, the bases were loaded.

The real moment had arrived. With the benches fully populated Babe Ruth came to the bat. A tense moment followed. Was Ruth to win everlasting fame by banging out a homerun or was he to go down to strut back to the bench and accept a censure? The score decreased neither course for the Sambito. Toney showed his courage, and pitched to the Home-run King. Ruth got a ball in his liking, and shot it to centre for a single. Miller followed with a single that scored Schang, and when Peckinpah drew a pass, the bases were loaded.

Three runs had been enough for the Yankees to win the first two games, but the Giants were hitting today. Barnes connected for a single on his first at-bat. Miller followed with a cut to right, Shawkey did not pitch to Frisch, walking him and filling the bases. Shawkey set completed control and walked both Young and Kelly, forcing in two runs. An out scored the third run and Rawlings scratch blow sent Young across with the fourth run, tying the score.

Things were peaceful-like until the seventh, when the Giants went crazy with their shillaha and murdered a big part of the Yankees' pitching staff. Their eight hits combined with three bases on balls yielded eight runs.

The Game. Polo Grounds, New York, Oct. 7.—The band played the Star Spangled Banner and the Giants took the field. First inning, Yankees—Miller out. Peckinpah to Frisch. Peckinpah caught up. Rawlings—three out. Peckinpah at first. Ruth up. Ruth struck out and Toney got a big cheer as he walked to the bench. No runs, no hits, no errors.

First Inning, Giants—Burns up. Burns threw to Meusel. Bancroft up. Ward fired out Bancroft at first. Frisch up. Frisch shot a single into right. Young up. It was in his arms and "play and Frisch had to go back to first on Young's foul. Young walked. Kelly up. McNally threw.

## GERMAN OFFICIALS SEEK ARREST OF KAPP LEADERS

Leipzig, Germany, Oct. 6.—The German Government is renewing its efforts to apprehend the leaders of the Kapp revolution, who since March, 1920, have succeeded in evading arrest.

The public prosecutor now has issued warrants for the arrest of Dr. Knapp, Colonel Bauer, Major Babert, General von Luettwitz, Captain Ehrhardt, Ignatius T. Lincoln and two others connected with the revolt.

## BROADER POLICY OF IMMIGRATION

### Pattullo Says Canada Needs New System

### British Capital for B. C. Development Work

Toronto, Oct. 7.—"What we need in Canada is an immigration policy on broader lines than have been talked about so much of late. We must have people on the land, for settlement of the rural district means increased manufacturing activity in the cities," was the way Hon. T. D. Pattullo, Minister of Lands in the British Columbia Government, summed up to-day the situation in regard to the solution of Canada's problems in the near future.

"Every man on the land means the need for one more man in the factories of the cities," said the Minister.

On Way Home. Mr. Pattullo is in the city on his way home after spending four months in Europe.

"During my stay in England, arrangements were made for British capital to come over and develop immense water powers in British Columbia," he said.

"Bringing the timber resources of British Columbia and of Canada in general to the knowledge of the world requires a lot of education."

Mr. Pattullo is in the city on his way home after spending four months in Europe.

## MAN WALKED TO HALIFAX FROM PACIFIC COAST

Halifax, Oct. 7.—W. H. Coulter, during the war a gunner in the First Battery, Canadian Field Artillery, walked into Halifax from Vancouver. He left Vancouver May 21, and states that he has made a better record than the hikers who reached Vancouver this summer from Halifax.

There were twenty-one days on which he did not walk, he said.

Coulter set out from Vancouver for Ottawa originally with the intention of bringing attention to alleged bad treatment he received while in service.

## FIRE LOSSES SHOW INCREASE

### Canada's 1921 Total Will Be Above 1920

### Parry Sound Topped List in September

Toronto, Oct. 7.—Fire losses during September, according to an estimate of The Monetary Times, reached a total of \$2,410,000, which was almost \$600,000 less than in August and \$700,000 less than in September last year. Although there are three months yet to go during this year, the total for the nine months is only \$3,000,000 short of last year's total, and it is evident that the losses during 1921 will exceed the 1920 record.

Parry Sound had the largest fire of the month, the loss totalling \$500,000. Hatton, Saskatchewan, came second with a loss of \$250,000.

## GREATER ACTIVITY IN BOND CIRCLES

### Predictions Regarding Canada Are Being Fulfilled

Toronto, Oct. 7.—Anticipating that the fall would see great activity in bond circles have been realized. The Monetary Times says. New financing in Canada of all classes exceeded \$7,000,000 during the month of September. "Of course," The Monetary Times continues, "Canada was only able to absorb a small portion of this, approximately \$6,000,000 being taken up by our southern neighbors. The Province of Ontario was by far the heaviest borrower, bonds being sold to the extent of \$3,000,000, while the Canadian National Railways were second with a total of \$25,000,000. In the municipalities Toronto added \$15,000,000 to its outstanding obligations."

The summary of September's financing shows Government borrowings of \$34,350,000, municipal \$23,783,717, railways \$25,000,000, and corporations \$1,800,000.

## LIQUOR RULING BY SUPREME COURT OF THE DOMINION

Ottawa, Oct. 7.—(Canadian Press)—Judgment in the case of the Gold Seal Company versus the Dominion Express Company is expected to be delivered by the Supreme Court next Tuesday. Much interest attaches to the judgment, as the case not only tests the validity of the Alberta prohibition laws, but has a direct relation to prohibition in the other provinces where it is in force.

The Supreme Court will resume its sittings next Tuesday after the summer vacation and the delivery of a number of judgments will be its first business.

## URGE U. S. TO AID FINANCE PLANS

### International Chamber of Commerce and Allies

### New French-German Reparation Agreement

Paris, Oct. 7.—The United States is called upon to join with the Allied Powers in plans to solve all problems growing out of the reparations and payment of the Allied debts in a resolution adopted unanimously by the council of the International Chamber of Commerce, which met here to-day.

The resolution was recommended by the special finance committee appointed last June at the annual congress of the International Chamber in London.

Paris, Oct. 7.—France is insured reparations payments and Germany is given a means to avoid possible bankruptcy through the agreement signed yesterday at Wiesbaden by Louis Loucheur, French Minister of Liberated Regions, and Dr. Walter Rathenau, German Minister of Reconstruction. The agreement is regarded here as of extreme importance and will permit Germany to pay the equivalent of 2,000,000,000 gold marks in the next five years.

It is expressly stipulated that all deliveries shall be devoted to reconstruction of devastated regions in Northern France," says an annex to the agreement.

## MARSHAL FOCH IS INVITED TO VISIT QUEBEC

Quebec, Oct. 7.—Premier Taschereau, on behalf of the Province of Quebec, will extend an invitation to Marshal Foch to visit Montreal and Quebec as well as other cities of this province on the occasion of his visit to this continent in connection with the disarmament conference to be held in Washington.

## MASSEY WELCOMED HOME BY HOUSES OF PARLIAMENT

London, Oct. 7.—Canadian Press Cable)—The House of Commons, Wellington, N. Z., says both Houses of Parliament yesterday extended to Premier Massey the most cordial of welcomes on his return to the House after attending the Empire conference in London.

The Leader of the Opposition said no party lines could be drawn when the affairs of the Empire were concerned.

Premier Massey, in replying, paid an eloquent tribute to the work of the British Prime Minister.

## PREMIER LEADS BRITISH DELEGATES

### Irish Conference Names Are Announced

### Lloyd George and Five of Colleagues

London, Oct. 7.—(Associated Press)—The personnel of the Government delegation to the conference with Sinn Fein leaders here next Tuesday was officially announced to-day as follows: Premier Lloyd George, Lord Birkenhead, the Lord High Chancellor, Sir Hamar Greenwood, Chief Secretary for Ireland, Austen Chamberlain, Government Leader in the House of Commons, Sir Laming Worthington-Evans, Secretary for War, and Winston Spencer Churchill, Secretary for the Colonies.

Attorney-General Hewart will be a member of the conference whenever constitutional questions arise.

Valera Speaks. Dublin, Oct. 6.—The principle of Irish unity was reiterated this afternoon by Eamon de Valera, the Irish "Republican" leader, in addressing a meeting of the Irish Nationalists.

Several delegations from Nationalists within the area of the Northern Parliament.

Ireland was naturally a unit, de Valera asserted, and any attempt to depart from the whole nation as a unit would lead necessarily to political absurdities. He asserted that the majority of Irish did not get rid of the minority problems, but multiplied them. He said the unity of Ireland was as much a fundamental principle as self-determination, and that the latter was based upon right and justice.

## WANT \$25,000,000 BEFORE CHRISTMAS

### Russian Relief Needs Stated by Nansen

### Correspondents Tell of Scramble for Bread

London, Oct. 7.—Efforts to save 10,000,000 Russians from starvation will fail unless \$25,000,000 is raised before Christmas, declared Dr. Fridtjof Nansen in an interview with The Daily Herald last night.

Dr. Nansen, who is in London for the purpose of furthering measures for relief in Russia, asserted that the solution of the world problem of unemployment was to be found in combating famine in Russia.

Dr. Nansen praised the nations which already have sent assistance, but declared this aid was not nearly enough to meet necessities.

Surplus Supplies. "It is a pity," he said, "that with Argentina burning her spare grain in furnaces, wheat rotting in the United States, and Canada's bins bulging with 2,000,000 or more tons of grain more than she can use, there are Russian millions should die of starvation."

He argued that apart from humanitarian reasons, it was entirely to the interest of British business men to protect Russia from disaster, open a wider field of trade and enable the Russians to work. Dr. Nansen recently stated that despite much advertising and constant appeals, British subscriptions to the Russian famine fund had been only \$22,000.

Scramble for Bread. Samara, Russia, Oct. 7.—A month's journey from Constantinople to Moscow by way of the Caspian Sea and the Volga region has revealed to correspondents an immense hunger circle culminating in intensity at Samara and Kazan. It is difficult to say whether more people are slowly perishing from under-nourishment in Constantinople, Tiflis, Baku, Astrakhan or the Saratov region.

In each region there is a constant scramble for bread, with the whole undivided purpose of every individual whether rich or poor, to stock up a slender store of provisions against the approaching cold weather. Nowhere is there more than a two-months' supply of food.

Despite the famine, the curious fact stands out that everywhere it is possible to obtain a good meal if the traveler has money.

Baku, Oct. 6.—A general famine is affecting this city of 300,000 inhabitants, and its oil workers, unable to procure bread and other food in sufficient quantities, dislike to work for mere money.

The oil supply is being reduced, estimates putting the 1921 production at 15,000,000 poods, as compared with 450,000,000 poods before the war. (A pood is approximately 35 pounds).

At present it is feared this estimated supply will dwindle to half the quantity, thereby interfering with oil-burning steamer traffic on the Caspian Sea and Volga River.

The soviet in Azerbaijan, however, is making a great effort to feed the workers, and also is sending from Samara and other provinces many thousands of homeless workers, giving them employment in the oil fields and providing clothes, lodging and some food.

## PERSIAN FACTION HAS SURRENDERED: LEADER KILLED

London, Oct. 7.—The Persian Legation here has been officially informed that Colonel Mohammed Khan, who was causing trouble for Khorasan, was killed in action and that his followers have surrendered to the Government troops.

## MONTEREAL MAYOR WAS HONORED

### Banquet on Reversion to Aldermanic System

Montreal, Oct. 7.—In a monster demonstration by 3,000 guests at a banquet tendered him last night, Mayor Mederic Martin witnessed the culmination of his ten-year fight for the return of the aldermanic system. Mr. Martin was presented with a bronze bust of himself and a couple of lion cubs, typifying courage and tenacity. In his speech the Mayor stated that he had confidence that the Provincial Government would give back to him as mayor the powers he once held, and "it is my intention," he added, turning to Hon. H. Merello, "to ask at the next session of the Legislature that the Mayor be returned his power of veto and his surveillance of the city's employees."

## CONSTABLE ACQUITTED

North Bay, Ont., Oct. 7.—Judge Vain yesterday honorably acquitted Constable Fleming, of the local police force, on a charge of theft laid against him by Alex Solloway, an Ontario Temperance Act operative.

## AEROPLANE WAS CAUSE OF DEATH

Quebec, Oct. 7.—Eleszar Larose, aged seven, son of Honore Larose, was electrocuted here under unusual circumstances. An aeroplane in which Captain George Veilna and J. M. Landry were flying made a forced landing and in doing so collided with some electric wires, which were torn down. One of the wires became entangled in a wire fence nearby and young Larose, while in the act of climbing over the fence, was shocked.

## Nominations Nov. 22 And New Parliament To Meet January 17

### People of Canada Will Mark Ballots on First Tuesday in Last Month of Year; Announcement Made in Ottawa To-day; Other Political News.

Ottawa, Oct. 7.—(Canadian Press)—Tuesday, December 6, was officially announced this afternoon as the Federal general election voting day. Nominations will be made on November 22 and the new Parliament will be summoned to meet January 17, 1922.

Sir James Loughheed, acting head of the Government, made the announcement in the absence of Premier Meighen, who is in the Maritime Provinces.

The Federal general election, set for December 6, will come the day before the civic nominations in all municipalities in British Columbia except Vancouver. Thus the people of Victoria will go to the polls the first Tuesday in December to choose who shall represent them in the new House of Commons of Canada and on December 7 will hold the official nominations of candidates for the City Council, the School Board and the Board of Police Commissioners. The civic polling day will be December 14.

Cariboo. Kamloops, B. C., Oct. 7.—The National Liberal and Conservative party will meet in convention here Saturday, October 15, to select a candidate for the riding of Cariboo.

Edmonton. Winnipeg, Oct. 7.—The National Progressive Party will run candidates in East and West Edmonton, but no other urban constituencies in Alberta; Norman Lambert, secretary of the Canadian Council of Agriculture, stated upon his return from the West.

## LIBERALS WILL SELECT CANDIDATE

### Nominating Convention to Be Held To-night

The Liberal nominating convention to select a candidate to represent Victoria in the forthcoming federal election campaign will be held at the Liberal Club rooms, Kent building, at 8 o'clock to-night.

There are 2,700 members on the rolls who are eligible to attend the convention, but the seating capacity of the club is limited to 500, and it is expected that there will be something over that number in attendance to-night.

Premier Oliver Hon. John Hart and J. B. Clearihue, M. P., will address the meeting.

Robert Macnicol, chairman of the Provincial Liberal Association, commented "I have never been approached, nor have I had any intention at all of permitting my name to be brought up at this convention."

## NOVA SCOTIANS TO HEAR CRERAR

Truro, N. S., Oct. 7.—Hon. T. A. Crerar, leader of the National Progressive Party, will address four meetings in Nova Scotia on dates as yet announced. It was learned here to-day.

## MORE CANDIDATES ENTER THE FIELD

Renfrew, Ont., Oct. 7.—George McNab, inspector of schools of South Renfrew, was unanimously chosen as Liberal candidate in the Federal constituency of South Renfrew. I. E. Pedlow, the late member, whose name was before the convention, withdrew.

Temiskaming. North Bay, Ont., Oct. 7.—Edward E. Shepherd of North Bay was yesterday named the choice of the Conservatives of Temiskaming to carry their standard in the coming Federal election.

West Kootenay. Nelson, B. C., Oct. 7.—Dr. Hamilton, of Revelstoke, was nominated at a Liberal convention here this morning as candidate in the Federal riding of West Kootenay.

Selkirk. Stonewall, Man., Oct. 7.—J. E. Adamson, a Winnipeg lawyer, was chosen at an open convention of farmers to the Federal constituency of Selkirk as a candidate. Unless he is endorsed by the regular Progressive convention of present date to be held in Winnipeg, October 11, it is understood he will run as an independent.

Honi J. W. Edwards. Kingston, Ont., Oct. 7.—Hon. J. W. Edwards, Minister of Health and Immigration, was the unanimous choice of the Conservative of Frontenac, in convention here yesterday afternoon.

Colchester. Truro, N. S., Oct. 7.—F. E. Ellis of the publication, Farmer and Dairyman, Peterboro, Ont., and formerly of Colchester, was nominated by the United Farmers' Association of Colchester County here yesterday. Hon. F. B. McCurdy was the member in the House of Commons dissolved this week.

## GLASGOW VIEW ON CANADIAN ELECTION

London, Oct. 7.—(Canadian Press)—The Glasgow Herald, in an editorial article on the forthcoming Canadian general election, says it thinks the Labor party in Canada "is so strongly individualistic that it is unlikely to win much support for its proposals, comprising state ownership. A good deal of Labor's thunder has been stolen by the farmers' party, the rise of which is by far the most outstanding feature of present day politics. While one can not but sympathize with many of their aims, it is a matter of regret that sectional feeling should have organized itself so militantly in national politics. Whatever may be the success of the Farmers' party in the election and whatever function it may serve, it is unlikely to win much support for its proposals, comprising state ownership. ### MEIGHEN CONTINUES HIS EASTERN TOUR

Speaks in New Glasgow and Pictou, N. S.

New Glasgow, N. S., Oct. 6.—Premier Meighen addressed an audience of 2,000 and an overflow meeting here to-night.

"I do not often make any prediction," he said, "but there is an impression that is getting stronger in my mind that the people of Canada are rising to their height on this occasion, and there is a wave growing that, in the course of the next few years, will be so high that those who have been spreading calumny and misinformation among the Canadian people will be beneath it, and where they will be on the night of the election will be a humiliation they will remember for years to come."

**At Pictou.**  
Pictou, N. S., Oct. 6.—Premier Meighen addressed a large crowd here to-day, Senator Tanner presiding at the meeting. He declared that the men who had raised the tariff issue were now trying to evade it. He said he had not raised the issue, and he was not afraid of it.

The Liberals at their Ottawa convention in 1919 had declared for the free entry of foodstuffs, implements of production, cements, oils, dressed and undressed lumber, and fifteen other articles, Mr. Meighen declared. The definite policy of the Liberal Party, which it was pledged to follow, was contained in that platform. If Mr. Meighen wished to repudiate that platform it was his affair, but it would be dishonest for him to gain power on such a platform and then repudiate it.

Mr. King's platform meant the paralysis of virtually all the important industries of Canada, declared Mr. Meighen.

**Manion Spoke.**  
Port William, Ont., Oct. 6.—Hon. R. J. Manion, New Minister of Soldiers' Civil Re-Establishment, addressed a meeting here to-night. "There is no reason on earth why the Liberals and Conservatives should not link up with me," he said. "There is not a plank in the Meighen platform that even the staunchest Liberal in the country need have any qualms of conscience in extending his support to."

The Minister condemned the arguments set forth by Hon. T. A. C. Crerar against the Meighen policy. "The Progressive group are not the only people who have aspirations for a better, Canadian," declared Dr. Manion.

### RELIEF PLANS IN SOUTHERN ALBERTA

Government Announcement: Liquor Act Problem

Edmonton, Oct. 7.—At a civic reception at ball here last night Premier Greenfield announced that the Cabinet had decided upon a system of relief in Southern Alberta this year, and that a study of a permanent policy looking to the rehabilitation of the South would be made by a small committee of experts. Schools that had been closed because of lack of funds had all been opened, and would stay open for the full term.

Advisability of the appointment of a special commissioner to assist him in the work of administering the liquor act in the province was being considered by Attorney-General Brownlee, according to statements he made before the provincial convention of the W. C. T. U. He was considering the whole problem of substituting Government vendors for druggist selling, and was now securing information on the relative advantages of the two systems.

### MINE ACTION ENDED IN COURT

Vancouver, Oct. 7.—The trial of the action regarding the title of the Engineer mine, situated on Taku Arm, near Atlin, came to a sudden end yesterday when, without leaving the bench, Mr. Justice Clement gave his decision in favor of the heirs of the late Captain Alexander on the ground that Section 85 of the Mineral Act constituted a complete bar to the action. This section deals with adverse claimants to mineral claims, and stipulates that any contest concerning the rights of another to a claim must be marked by the commencement of action in the Supreme Court within sixty days of the first publication in The British Columbia Gazette. This publication is one of the formal requirements in securing titles. The act further states that a failure to commence such action shall be considered a complete waiver.

S. S. Taylor, K. C. for the plaintiff, the original Engineer Mining Company, which alleged that the late Captain Alexander and his associates jumped its claims, in his argument laid particular stress upon the point that although the defendants might have an apparently good crown grant, this claim was nevertheless based upon a trespass in the first place, and that so long as the root of the title was bad, the whole structure fell to the ground.

Although the judge seemed rather to deprecate the strength of the allegation of fraud, Mr. Taylor contended that it was clearly proven. Mr. Symes, for the defence, rested his case largely on the absolute regularity of the proceedings, the opportunity given the plaintiff to object in the early stages and their acquiescence during a long period of years.

Notice of appeal was at once given by Mr. Taylor, and it is expected the case will go to the Privy Council.

### TANK CARS TO RUSSIA

Montreal, Oct. 7.—It is announced that the first consignment of the mammoth order for tank cars received several months ago from the Russian Soviet Government by the Canada Car & Foundry Company will be shipped from this port next week on the steamship Canadian Challenger.

It has been decided to convey them through the Mediterranean to the Black Sea, where they will be landed at Novorossiysk.

### LOAN PERIODS ARE EXTENDED

Manitoba Farmers Met Adverse Conditions

Winnipeg, Oct. 7.—Rural credit societies of Manitoba will be forced to extend time for payment of \$1,000,000 of farmers' notes until next Fall, according to information obtained here. Total outstanding loans of societies amount to \$2,600,000. It is expected \$1,500,000 of the loans will be collectible this Fall, and new notes payable in 1922 will be accepted for the balance.

Excessive rains which held up threshing operations and lowered prices of grain and livestock are the reasons the societies are unable to make full collections this Fall.

### BRITISH-AMERICAN COTTON CONTEST

London Times Deals With Freight Rates

London, Oct. 7.—The London Times learns in connection with the Egyptian cotton freight controversy that information has been received from Alexandria that the United States Shipping Board is prepared to carry cotton seed to the United Kingdom at freight rates a shilling per ton below the British rate, and is further prepared to pay the difference between the rates of insurance charged for cargo carried in United States vessels and the lower rates of insurance quoted for British steamships.

The Times supplements these advices with a lengthy review of the controversy, stating that what it says, according to authoritative information, is the British shipping position. For many years past, the custom of cotton merchants has been to make a yearly contract with the British lines for the shipment of their cotton to the United Kingdom and the United States. Early last year the United States Shipping Board showed interest in the contract, and the representatives at Alexandria put forward the demand that the whole of the United States direct shipments should be left to Shipping Board vessels. These were refused, and the contract was renewed. The latter was declared that unless the demand was complied with, rates would be cut in all directions.

**Broken Off.**  
The review then relates how the British lines secured the contract until August 31, 1920, and later, after the British and United States tenders had been submitted, the contract also for the 1920-21 season. The latter contract was accepted, although the quotation of the British lines per ton for United Kingdom destinations was five shillings higher than the United States rate. Then it was alleged that improper methods had been used in securing the contract, after which negotiations were begun between the Shipping Board and the British lines. These were being fairly satisfactorily operated when stopped on instructions from Washington.

"The review continues: 'It now seems that under the Jones Act, because the British lines refused to give up almost their entire United States rights under a contract which they had obtained in open and fair competition and have held for many years, their steamships may be refused the common right of entry into ports of the United States with cargo from a country under British influence.'

### DR. JOHN HOSKIN DIED IN TORONTO

Toronto, Oct. 7.—Dr. John Hoskin, treasurer of the Law Society of Upper Canada, died last night after a lingering illness.

He was a member of the law firm of McCarthy, Osler, Hoskin & Hartcourt of Toronto.

He was born in Holworthy, Devonshire, England, in 1836, and came to Canada in 1854. He graduated from Toronto University in 1863 and was called to the bar.

### SALES OF WOOL SHOW INCREASE

Ottawa, Oct. 7.—(Canadian Press.)—Sales of graded wool during the month of September exceeded any previous month of the year. The bulk of the trading was done in Western wools, as there is little to offer in the Eastern grades. The market for pulled wools continues dull, with little movement of accumulated stocks this year's pelts.

The cost of putting an extremely good value in fleece wools has made it difficult for the puller to operate. Quotations on pulled wools run from 17 to 50 cents a pound, depending on the length and quality.

### HIGH COMMISSIONER

London, Oct. 6.—A Reuter dispatch from Melbourne says Sir Joseph Cook, the Treasurer of the Commonwealth, has been appointed Australian High Commissioner in London. He succeeds Rt. Hon. Andrew Fisher, who was appointed in October, 1915, and resigned a few months ago.

## LUX

for Voiles, Linens, Balistes, Cottons

### PANIC GROWS AMONG AUSTRIANS

Vienna, Oct. 7.—The value of the Austrian crown continues daily to fall. This has brought about a panic and all classes of people are seeking to buy merchandise or any kind of foreign securities or money. Offers of 3400 crowns for a dollar have been made but no sellers of the dollar are to be found.

The food stores have taken on a wartime aspect. Long lines of women are to be seen herded by the police outside grocery stores. Stores have been compelled to close as their stocks have been sold.

There is a certain amount of agitation among the working classes on account of the events in West Hungary, the news received here leading them to believe that a monarchist coup is being prepared there.

### WELL OF WHISKY IN TENNESSEE

Knoxville, Tenn., Oct. 7.—Police today discovered a well of whisky in a residential section of the city. A small copper pipe from a huge copper tank sunk ten feet under the ground enabled the owner to keep a supply of moonshine whisky on tap at all hours. The whisky was forced through a faucet by a hand pump.

## CAPITOL

One day a workman, the next a financier; now an uneducated steel worker, now a polished gentleman; these are the positions occupied by Conway Tearle in his new Selznick Picture, "The Road to Ambition," which will be at the Capitol Theatre all week.

As Bill Matthews, an energetic, inventive young man, Conway Tearle has added to the long list of great screen characterizations, fine roles in the foremost ranks.

Through an invention for the purpose of making use of waste steel, Matthews is lifted from sordid surroundings to a life of ease and luxury. He employs a young woman of one of society's foremost families, who is in need of money, to help him acquire the polish and education, lack of which he so keenly feels. The young woman, desiring his money, tries to inveigle him into a marriage with her, but this fails, and he marries the girl of his choice, even though she has confessed to the long list of great screen characterizations, fine roles in the foremost ranks.

Among those who support Mr. Tearle are Florence Dixon, Gladden James, Tom Brooks, Tom McGuire and Adolf Millar.

## PRINCESS

"As We Are" is a novel sort of entertainment, staged in excellent fashion, and presented to the Princess patrons in the usual fine style with which the Mildred Page Players always handle their productions. The entire cast appears to advantage, and the singing and dancing numbers of Lilly Dooly, Le Jason and Ernest Impet, are especially well received.

There are three distinctly different sketches which are all good, and altogether, "As We Are," has proved a great success.

The next play chosen by the Princess management is "The Sultan's Daughter," an especially clever comedy with some new musical interpolations, the nature of this delightful play is such that it is sure of a hearty reception at the Princess. "The Sultan's Daughter" will open Wednesday night of the next week.

"As We Are" will continue to-night and the balance of the week with the Saturday matinee.

## ROYAL VICTORIA

The acting profession have given two more directors to the screen in the persons of Carl Harbaugh and Paul Bern, who directed Rex Beach's picture for Goldwyn, "The North Wind's Malice," which will be shown at the Royal Victoria Theatre again to-day.

Director Harbaugh's first acting engagement of importance was in the Belasco production of "The Girl of the Golden West." He was an actor for ten years and played for Cohan and Harris, Wagener and Kemper before becoming a scenario writer for the screen. He wrote "The Three of Us," "Regeneration," "Carmen" and "The Repeating Gun." His work as director includes plays for Olga Petrova, as well as "The Scarlet Letter" and the William J. Flynn series of detective stories.

Paul Bern was an actor for five years and frequently staged manager. He played in stock at Woonsocket, R. I., and the next year directed stock at Lowell, Massachusetts and later in Denver. His first motion picture work was in Canada in 1915. Since that time, he has been connected with the Goldwyn Pictures Corporation, both as a cutter and editor of film. His last picture was Madge Kennedy's "Trimmed With Red," for which he acted as assistant director to Hugo Ballin at the Goldwyn Eastern Studios.

The musical attraction this week will be Miss Clara Powell, musical reciter and entertainer, who will give some striking recitations with musical accompaniment. "The Call of the Wild," by Robert Service with special electrical effects, will be one, and "My Ships" by Ellis Wheeler Wilcox will be the second selection. This class of entertainment is new to Victorians, and will no doubt please them very much.

## DOMINION

Cecil B. De Mille productions are famous for the ultrafashionable wardrobes of the feminine players, but it remains for "The Affairs of Anatol," the latest Cecil B. De Mille Paramount production at the Dominion Theatre all week, to set a new mark in this respect.

An important contributing cause to the general effect is the remarkable assemblage of feminine players who appear in this production. Gloria Swanson, Wanda Hawley, Bebe Daniels, Agnes Ayres and Julia Payne, are all famous for their fashion flair both on and off the screen. The first named trio wear gowns in this picture that rival the latest Parisian creations. The other three shine by contrast because of type of roles which they portray.

## VARIETY

Charlie Chaplin has produced a full length feature. It runs six reels, where his former pictures generally averaged but two reels. It is three times as long and more than three times funnier than anything he has ever done. The title of it is "The Kid," described as First National's six reels of joy, and will be the attraction at the Variety Theatre again to-day.

Collecting match boxes from all over the world is one of Alma Ruby's means of enjoying herself away from the studio. Alma got the idea from one of Anatole France's books and found it a perfectly fascinating pursuit.

Variety—"The Kid."

## TWO LANDMARKS TO BE RAZED

### New York to Lose Union Square Theatre; Its History

New York, Oct. 6. (Associated Press)—Two historic landmarks—the Union Square Theatre and the Morton House—which have stood for half a century in Union Square, at one time famous as the centre of New York's rialto, are to be razed to make way for more modern structures.

The Union Square, built and opened by Sheridan Shook in 1873, began as a variety house. Later it became a first-class producing house in which many of the famous actors and actresses of the present day made their burlesque theatre.

Its Early Career.

As a variety or vaudeville house it opened with a programme including the Martinetti-Ravel troupe of pantomimists, the team of Harrigan and Hart and Jefferson De Angles.

When A. M. Palmer, who afterward made the Palmer Stock Company famous in America and England, was placed in charge of the theatre, he began staging a series of London revivals with Miss Agnes Ethel, once

## NOW SHOWING AT DOMINION

Wallace Reid and Gloria Swanson in the Paramount Picture, "The Affairs of Anatol." A Cecil B. DeMille Production.

leading lady for Augustin Daly, in the lead. Others in the company were Kate Claxton, Clara Morris, Eliza Weatherly, who afterward became Mrs. Nat Goodwin; Clara Jennings and Emily Mestayer. James O'Shea, the star of "Monte Christo" fame; J. H. Stoddard, Mark Smith, Charles R. Thorne, Jr., Maude Harrison and Agnes Booth came later.

New plays were soon added by the company which took on other players, including McKee Rankin, Louis Aldrich, John Parselle, C. T. Parselle, Minnie Palmer, Rose Eyttinge, F. F. Mackay, Marie Wilkins, Charles Coghlan and Richard Mansfield.

## The Two Orphans

The most famous success of the Union Square was the "Two Orphans," translated from the French and hawked about for \$1,500 until

## BACK TO WORK AGAIN

—quite rid of an obstinate wound or other disabling injury. Wouldn't it make any man feel thankful toward Zam-Buk? A 6c. box of this wonderful healer is to the wage earner, as good as any accident insurance policy. Cuts, wounds, burns and scalds can't fester or become inflamed or poisoned where antiseptic Zam-Buk is promptly applied.

"I was back at work in a week thanks to Zam-Buk," though the doctor was sure I would be laid-off for a month," says Mr. H. Hogben, 338, Beverley St., Winnipeg. "My hand caught in a revolving belt, and three fingers were badly mangled. After one week's use of Zam-Buk the wounds were well healed. It was worth three weeks' wages to me."

Mr. C. Oakley, of Saskatoon, Sask., says:—"Down at the stoneyard, I cut my leg badly. A doctor sewed up the wound and attended me for five weeks. It had cost me \$40 when I determined to try Zam-Buk. In two weeks I dollar's worth healed the limb splendidly."

Zam-Buk is equally valuable in eczema, acne, ringworm, ulcers, piles, abscesses, bad legs, etc. Purely herbal. It's a most wonderful skin remedy.

**Zam-Buk SAVES MONEY**

## For Tired, Aching Feet—Quick Relief

New method keeps feet in perfect condition

JUST plunge those tender, aching feet into a bowl of warm water. Work up a thick lather with Blue-jay Foot Soap. How soothing!

It brings instant relief to jangling nerves. It prevents swelling, excessive perspiration and itching.

Then massage the aching muscles with cooling, soothing Blue-jay Foot Relief, a penetrating balm.

Then apply that delightful antiseptic deodorant, Blue-jay Foot Powder. Your feet will feel fine.

Write for free booklet—"The Proper Care of the Feet"—to Bauer & Black, Limited, Toronto.

## Blue-jay Foot Treatment keeps feet feeling fine

Palmer read it. The play ran 180 bought it outright and played it for 20 years.

Other famous plays produced were the "Banker's Daughter," "My Partner," "The Celebrated Case," "Arkwright's Wife" and "Brighton." The successes were followed by stock productions in which Frank Mayo, Minnie Palmer, Nelly Howard, Owen Fawcett, Kate Denin Wilson, Charles L. Harris, Lawrence D'Orsay and Augustus Cook and others played.

The first performance of "The Mikado" in New York was given in the Union Square with Roland Reed and Alice Harrison in the title roles.

It's Latter History.

In 1885, James M. Hill took the theatre and brought out a new and unheard of star, Margaret Mather, and put on "Romeo and Juliet." During his management, Chauncey O'Connell, obtained his first engagement in opera. A little later, Charlie Chaplin, now famous moving picture comedian, made his debut in New York, nights and was the sensation of the theatrical season. Kate Claxton, who played "Louise, the blind girl,"

AWAY WITH ALLIANCES!

According to a theory worked out by the Paris correspondent of The London Times there is a possibility that the Anglo-French Entente will be renewed or consolidated through the British and French delegates working together at the Washington Conference.

It will be difficult for the lay mind to understand what reason for alarm there exists at the present time for anything other than concord between the two nations. The war itself, the negotiations of the Peace, and the hundred and one occasions on which it has been necessary for both British and French Governments to meet in the most open-minded and frank fashion, should have convinced the ardent sceptic that motives for action inimical to the welfare of either Great Britain or France have been swept away by a magnificent spirit of co-operation and mutual sacrifice.

Nor should it be forgotten that identity of view in many national and international affairs affecting the two partners in the Entente is quite out of the question. National aspirations and temperament are entirely opposite in a host of cases. But France may be assured—and the history of the last decade bears testimony—that she will always possess a neighbor across the English Channel whose geographical position, if for no other reason, will impel more or less common action under conditions of menace such as developed in the Summer of 1914.

ness is the elimination of much of the cause of war. If it shall achieve that, international complications will gradually disappear. Alliances merely breed war.

JUST A LITTLE PATIENCE.

One very small section of the press of Canada has taken upon itself to demand that the British Government lift the embargo upon Canadian cattle forthwith. One newspaper says the embargo must be lifted without delay and inquires if the people of Great Britain wish to play dog in the manger by setting out to be the greatest manufacturing centre in the Empire and at the same time refusing Canada's right to become the greatest cattle-producing centre in the Empire.

INTERESTING.

More than usual interest centres in the appointment of Sir Joseph Cook to the High Commissionership of Australia in London. The new appointee is the third official of the Commonwealth who takes the experience of a Prime Minister to the important position in the Empire's metropolis.

HE NEVER DEFAULTS.

From time to time some unimaginative individual conceives the idea that the British Government will throw up its hands in despair and tell Uncle Sam that John Bull cannot pay his debts to the United States. Equally frequent is the appearance of some statement on this side of the Atlantic that the Treasury Department at Washington is pressing the British Chancellor of the Exchequer for an immediate settlement.

However, in view of the frequent discussions upon the world's financial condition it is particularly gratifying to observe the opinion which the financial editor of The New York Times expressed to the Bankers' Convention at Los Angeles yesterday and particularly his references to Great Britain's capacity to adjust her national till. In comparing the Motherland with Continental Europe he pointed out that in the fiscal year ending in March, 1919, the excess of public expenditure over public revenue in Great Britain was £1,690,000,000 as against a surplus revenue of £230,000,000 applied to the redemption of debt at the end of March this year.

STILL AFTER LINCOLN.

Whether it will be successful or not is a difficult matter upon which to speculate, but the Ger-

man Government is showing its mettle in endeavoring to apprehend the leaders of the Kapp revolt of last year. One of the gentlemen concerned in that ill-planned and clumsy attempt to overthrow the revolution is none other than Ignatius T. Lincoln who was formerly a member of the British House of Commons and a warrant for his arrest, among others, has been sworn out by the Public Prosecutor. This adventuresome and dangerous alien was one of the chief instigators of the plot and his participation in such a movement seemed to indicate at the time that the Royalists were being used by interests more powerful than themselves in order to create a stampede towards Bolshevism in Germany.

NOTE AND COMMENT

During the course of his address at Brandon on Wednesday the Hon. Mr. Crerar hoped that his voice would be heard 'from Halifax to Vancouver.' While we know exactly when he meant we must remind the leader of the Progressives that Victoria is still in the land whose fortunes he is hoping to control after December the sixth.

When he was interviewed in Toronto this morning the Hon. T. D. Pattullo said that "every man on the land means the need for one more man in the factories of the cities." The British Columbia Minister of Lands is quite right; we observed something similar yesterday in dealing with Sir Joseph Flavelle's remedy for Canada's railway problem.

Miss Sylvia Pankhurst is no longer active in the Third Internationale. The paper which she now controls has promised its allegiance to the Fourth Internationale. But if the Fourth fares no better than the Third her new patronage will hardly make for financial success.

HOROSCOPE

FRIDAY, OCTOBER 7, 1921. (Copyright, 1921, by The McClure Newspaper Syndicate.) Sinister influences dominate this day, according to astrology. Saturn, Neptune and Jupiter are all in malignant aspect. Sudden business depression may be felt, owing to some unexpected incident, probably some labor disturbance. The stars seem to give warning of increased mining difficulties and strikes in more than one state. While temporary settlements may avert serious results, there is to be some sort of federal interference in certain states, the stars foretell. The planetary government encourages the success of sinister propaganda at this time and there may be increased acceptance of Soviet theories. The great conjunction of Saturn and Jupiter, which occurred in September, presages sweeping changes in the system of taxation and constantly extending labor disputes as the winter advances. There is to be much suffering during the coming winter when the poor will require wise and extensive aid. Grave educational discussions are forecast for the government as to meet religious prejudices in its programme of federal organization of various lines of activity. Revolutionary agents are to receive new assistance in various parts of the country. If the stars are read aright, Mexico comes under a better sway at this time and will enjoy a period of national progress that will be beneficial to this country. Both men and women should practice self control more than ever before, for increase of nervous diseases will be marked at this time. Charitable and philanthropic organizations have the agony of increased activities and great need of money. Persons whose birth date it is should beware of risking money this year. They should pay strict attention to business, for they may have a strenuous year. Children born on this day may be often in trouble on account of lack of money. They probably will be very talented and artistic. Success is assured if they are carefully trained to be thrifty and industrious. Bazaar and Christmas Fair.—At the regular monthly meeting of the Ladies Aid Society of St. Andrew's Presbyterian Church, final arrangements were made to hold a grand bazaar and Christmas fair in the school and lecture rooms of the church on Friday, December 2.

POLITICS Farmers Not Fossils, but Created Political Stir. Less Politics, More Business. Too Hasty on Tariff? U. S.-Canada Trade.

In spite of political inexperience, the Farmers Government of Ontario have not turned out to be the "fossils" some persons expected, Premier Drury declares. "The Farmers have accomplished much useful work and created some stir in the Province since they took office," he says. "The Farmers Government of Ontario has clearly demonstrated that it does not require political experience to carry on the affairs of government. It is time for the common sense elements of the Dominion—farmers, business men and professional men—to take a hand in the government of the country."

"What is wanted is business efficiency, with a little less politics and a little more business," Premier Drury also says. "We are in a very desperate condition, so far as the Dominion is concerned. The war debt has to be carried, but the railway situation is one which ought never to have been created. If the people put in a set of new men, who are not politicians, they could not make a worse job than the politicians who have had control in the past. And, there is a mighty good chance of their making a better job of it."

The intimacy of the trade relations between Canada and the United States is dealt with editorially by The New York Sun, as a result of Premier Meighen's announcement the tariff is the issue in this election. "Canada's Premier seems to fear that Congress will adopt a tariff schedule that will change the historic, close and friendly economic intercourse between the two countries," says The Sun. "But he appears to be a bit hasty in urging a restriction on United States goods before our Government's tariff plan has taken final form."

The extent of the economic intercourse between the two countries is thus detailed by The Sun: Trade between Canada and the United States had been steadily increasing when the reciprocity agreement in 1911 proposed a mutual accommodation in the way of customs levies along the lines of the treaty of 1854, establishing free trade in natural products. Canada rejected the plan, and since then there has been no agreement governing tariff making. The Dominion grants a 33 per cent. preference on British goods, but American products are subject to the general duties applying to all foreign countries. Despite this fact, the United States is Canada's chief source of supply. Between 1910 and 1914 the value of American products imported into Canada was \$2,601,000,000, while in the same period only \$952,000,000 worth of imports came from Great Britain. In exports Great Britain led in the decade with a total value of \$1,447,000,000, the United States being a close second with \$1,157,000,000.

Among nations buying from the United States in the first half of the present year Canada was second, taking \$296,355,000 worth of American goods, as compared to the \$510,909,000 in exports that went to our best customer, the United Kingdom. As a source of supply to this country Canada was first this year, with exports to the United States worth \$179,045,000, or 13.5 per cent. of our total importation.

Dealing with the organization of the third party in Canada, Premier Drury of Ontario says: "I like that name 'People's Party.' We have had too many parties that were not people's parties, and we do want a party that does belong body and soul to the people. The only way to get that is by holding meetings financed by

yourself; by raising campaign funds among yourselves—not from some central source unknown to the public. Why Not?—All reports agree that political candidates are dressing more carefully than ever before, in honor of the women's vote. The ladies judge by merit alone, of course, but the boys want to be polite.—Toronto Telegram.

OIL DRILLING NOT TO CEASE Imperial Officials Confirm Report of Great Strike of Gas in Alberta

Edmonton, Oct. 7.—There will be no stop in the Imperial Oil Company's development of the Alberta oil fields," says A. McQueen, vice-president of the company, who arrived in Edmonton on Monday, accompanied by several other prominent officials and directors from headquarters. "Mr. McQueen confirmed the dispatch sent out from Winnipeg to the effect that a strike of two million feet of gas had been made at Pouce Coupe this year at a depth of 1,650 feet. He added that drilling operations would be prosecuted throughout the winter with the utmost vigor as far as weather conditions permit at every one of the company's 13 wells in Alberta. The drilling crews are all being left in for the winter with instructions to 'carry on' as far as possible. "I have every confidence that next year's operations will finally determine the value of the Alberta-oil fields," said Mr. McQueen. "Drilling during the next 12 months should reach a stage that we will be in a position to have definite information regarding all the fields at present being worked."

**Minister Inducted.**  
 Courtenay, Oct. 6.—Tuesday the Rev. W. T. Beattie, of Manitoba, was inducted into the charge of St. George's Presbyterian Church, Sandwick and Comox. For almost a year, Courtenay has been without a minister, while Rev. Thomas Menzies, M. P., was minister at Sandwick and Comox.  
 Rev. Mr. Roland of Union Bay, had charge of the ceremony attendant upon the induction of Rev. Mr. Beattie. Rev. Mr. Lister, of Nanaimo, preached the sermon. After the sermon Rev. Thomas Hood, of Cumberland, addressed the new pastor.  
 Another minister present was Rev. Mr. Dobbin, of Parksville, who also addressed his remarks to the congregation "as an occupant of a pew, not as from the pulpit."  
 During the evening a communication was read from the Rev. J. W. Filton, rector of St. Andrew's Anglican Church, Sandwick, regret-

ting his inability to be present, but extending a glad welcome to the new Presbyterian minister and expressing the hope that Mr. Beattie's pastorate would be a long and successful one.  
 At the conclusion of the service, the Rev. Mr. Beattie stood at the door of the church, where he met and was introduced to everyone present by Mr. Wm. Duncan, one of the managers of the church. During the refreshment hour Rev. Thomas Menzies, M. P., formerly minister of Courtenay Church, delivered a short address.

**\$50,000 LOST IN VANCOUVER FIRE**  
 Vancouver, Oct. 7.—A midnight fire partially destroyed the Western Woolen Mills factory here. The damage is estimated at \$50,000, partially covered by insurance. The cause of the fire is unknown.

## THE QUEEN CHARLOTTE ISLANDS

Home of the Haida Indians of the North—Where the Giant Aeroplane Spruce Trees Grow.  
 By Thomas Deasy.

Within eighty miles of the mainland of British Columbia, jutting out into the Pacific Ocean, a group of islands forms the western limit of the Dominion. Two of the islands, Graham Island, and Moresby Island, are over one hundred and fifty miles in length, by fifty miles in width, the northern limit of which is directly west of Prince Rupert, while the southerly end is opposite Milbank Sound.

The first certain account of the discovery of the group of islands is credited to Ensign Juan Perez, in the Spanish corvette "Sancti Spiritus" during the year 1774. Bodega and Murrill visited the islands in the following year. In 1788 La Perouse coasted the shores of the islands, and in 1787, Captain Dixon spent a month around them, and named the group after his vessel, the "Queen Charlotte." The most important expeditions, in the early days, of which some records can be found, were made by Captain Douglas, Captain Ingraham, Captain Bute, and Captain Vancouver.

**Twenty Thousand Disappear.**  
 After that time, numerous trading vessels visited the waters of "Dixon Entrance," trading with the Indians for valuable "fur seal," and "sea otter" skins. This meant the introduction of the vices and diseases, following "civilized customs and habits," which led to bringing down the population of the islands from at least twenty thousand natives, to the present number, of less than one thousand. The furs were taken to China, and transhipped to the European markets. The Hudson's Bay Company erected their first trading store at the entrance to Massett Inlet at the north end of Graham Island, where traces of the building are yet in existence. A number of the houses built according to the plans of the Hudson's Bay Company, still stand at the entrance to Massett Inlet, and are occupied by the Indians.

**Largest Towns Aboriginal.**  
 A glance at the maps of the islands will show Graham and Moresby, divided by a narrow channel, which will eventually be bridged, connecting the north and south ends of a portion of the province, little known, even at this late day. Although the native population decreased the two largest towns, occupied by the "Haidas," while a few hundreds of white settlers occupy the smaller towns, and are engaged in agricultural pursuits, logging and fishing. In many places inlets cut into the large islands for many miles affording shelter, and along the shores of which a wealth of trees have grown for generations which will constitute a reserve of timber for future generations. During the recent war the millions of feet of aeroplane spruce shipped out from these islands were considered of better quality than from any other part of the world.

**Small Fruits.**  
 As an agricultural country the many drawbacks in the way of transportation and forest growth, are obstacles which may be overcome in the course of time. Along the sea-coast stretches of open land are found on which pasturage for a limited number of cattle may do well. Small fruits, both of the wild and tame variety, appear in great plenty. The climate is milder than in any other portion of the Dominion with little frost or snow, while the thermometer never shows a temperature below zero mark. It would always be advisable for those intending to change their place of residence to investigate before deciding to take up residence in the North. When those in control of the affairs of the public decided that the transportation problem is of more importance than it appears to be, the "settler" whose sole aim is the up-building of the country, will receive more consideration. Although discovered in the year 1774, and within eighty miles of the terminus of a transcontinental railway, the steamer service is "fortrightly" it might easily be imagined, the length of time necessary to build up an important section of the country, dependent on "water-transportation" with a service similar to that of a century ago.

**Coal Reserves.**  
 During the early sixties coal was discovered on the Queen Charlotte Islands. A large number of residents of the cities to the south invested in "coal lands." Efforts were made to advance development work but the lack of capital with the cost of mining and transport brought about the discontinuance of work. In the report of the Geographical Survey of Canada, issued in 1915, the probable area of the coal reserve of Graham Island is reported on by the late Sir Geo. M. Dawson and C. H. Clapp. The report concludes as follows: "It has been seen that while the actual reserve of Cretaceous coals, that is the reserve of a high degree of probability is small, only about 6,000,000 tons, the reserve of a fair degree of probability is rather large, about 293,000,000 tons." In reporting on Camp Wilson, one of the workable coal mines, the Geologist reports: "The coal area of the syncline that may be considered as probably underlain with coals, however, is only eight square miles. With the average thickness of the seam taken at four feet, this would give a probable reserve of 3,000,000 tons. On account of the high grade character of the known coal the prospecting of the northwest extension of the Camp Wilson syncline is strongly recommended."

**Other Minerals.**  
 Gold, silver, copper, iron, platinum, irradium, and other metals have been discovered in various parts of the islands. Along the east shore line for one hundred miles, black sand deposits attracted numerous parties of prospectors. The black sand is in evidence but the extraction of gold, as stated as it with iron, discouraged all prospectors. During the early days the Hudson's Bay Company worked a "mine" at a place called Gold Harbor. From a vein but one inch wide over thirty thousand dollars in gold were produced. The Indians discovered this property and disposed of it to the Hudson's Bay Company long before the discovery of the Cariboo mines. The value of other mineral deposits is unknown. Few prospectors visit the islands where indications of precious metal have been discovered in many directions. There are very promising copper mines at Jedway, Lockport, and the south end of Moresby Island, notably the Ikeda mine, formerly owned by Japanese.

Charlotte Islands will mean the formation of colonies of white fishermen along the shores of the west coast, and on Langara Island—Hait-but, herring, salmon and other species of fish are caught in abundance. A few canneries have been erected, which work intermittently. Hundreds of "rollers," principally Indians, common operations early in April of each year, and continue until the end of September. While trolling for salmon, many of them place a "skate of hooks out, baited with herring, with which they catch a large number of halibut. A remarkable run of pink salmon occurs every two years in the various inlets. It is not uncommon for a "seine net crew of eight men to capture 30,000 of these fish in a single day. The most singular coincidence of the disappearance of the salmon of this species every second year would bear investigation. It is asserted by some that the salmon of other streams during the "off year" where they spawn and multiply without hindrance. Although this species of salmon is in less demand than the sockeye and coho, it is of equal food value, in fact, the natives and many of the older white fishermen prefer this species to the coho. The same remarks apply to what are called the white Spring salmon. During the recent run the white Spring salmon brought but ten cents a piece, while the red variety sold at ten cents per pound. Imagine purchasing a sixty pound salmon for the sum of ten cents, while another of the same species and of the same value as food, brought ten cents per pound. The only reason given for the disparity in price is that eye and the palate require salmon of the red variety. It is remarkable that the epicure is more than satisfied with the white halibut, taken in our waters, although they appear to make a distinction between the "chicken" halibut and those of a larger size.

**Oil Situation.**  
 With regard to the discovery of petroleum in paying quantities, it has proven that all of the requisites to the existence of petroleum are in evidence on the west coast of the island. Vast beds of oil shale line the shores from Cape Knox to Rennell Sound, a distance of over fifty miles. The "shale" is impregnated with tar, while the same is in a liquid state, running from a formation of sandstone. A test of the "shale" has been made, which shows that it carries petroleum from the surface. The placing of drills is only a question of time. Prospectors examined a portion of the shale over which the late Sir George M. Dawson reported "oil territory." Those visiting the west coast of the island are more than optimistic; lack of capital precludes exploration work. It is passing strange that oil drills are being installed in other parts of the province, while the country showing every evidence of the existence of petroleum of the best description, and in paying quantities is being neglected. The introduction of machinery and the commencement of development work.

**Lignite Deposits.**  
 The "lignite" deposits of Graham Island are reported on by Geologist C. H. Clapp as follows: "The lignite reserve underlain by tertiary sediments, which almost assuredly contain more or less lignite through the northeastern portion of the island, may be estimated at totalling 136 square miles, and the probable lignite reserve is at least 1,000,000,000 long tons. It is therefore not a question of the quantity of the lignite, but of its quality and commercial possibilities." He continues: "However, the lignite of which has been seen by the writer is strong, and does not slack on exposure to the air like the lignites of the prairie regions. It is, therefore, capable of being transported and of being used directly as fuel. Also many of the lignites, certainly those of Skokim Island, are low in ash." Nevertheless, of late years, great deal of attention has been given to the lignites of North America, and economical processes for their use have been developed. Hence, the lignites of Graham Island are of great future value.

**A Neglected Opportunity.**  
 Without considering the many unknown resources of the Queen Charlotte Islands, the evidence of minerals, oil, timber and other products should bring this unknown land into prominence. There should be no difficult problems in the way of

# QUALITY

and what it has done for

THESE are the testing days, the days that put the acid test on every business. Sound businesses will survive and the unsound will pass off the map entirely, or start afresh with the bitter lessons of experience as a guide and a warning. When there was business for everyone in the happy post-war period, sound businesses swept along with big turnovers and satisfactory profits, and there was enough left to keep unsound businesses trailing happily along behind. Everybody was happy.

And then!—The fresh breeze of prosperity died down and the calm of stagnant business fell like a pall.

It was a dead calm for unsound businesses, and they drifted hopelessly and helplessly about.

The sound businesses were equipped, as it were, with an auxiliary motor, the motor of quality, and a reputation built up by years of faithful service to the buying public.

That motor has kept them moving steadily along, and some business skippers wonder where they get their momentum from.

It's no secret. Twenty-one years ago we decided to build this business on quality. In those twenty-one years there have been four periods when the little bird of expediency whispered, "drop quality and depend on wind alone."

We were tempted, but we did not fall. The stronger the temptation, the stronger our determination to hold fast to quality and keep that equipment up to full strength and efficiency.

How fortunate for us that we did not waver! When thousands are crying "cheap, cheap," and "price, price," we find that our reputation for quality is carrying us right along, and that in this year of grace 1921 our volume of business in cold dollars and cents will be as great as in any year previous to the abnormal post-war period.

That's what quality has done for 20th Century Brand Fine Tailored Clothes for Men.

And we're so grateful that we have decided to put more quality into our garments. We're doing so right now. Not less quality to meet the cry for cheap goods, but more quality to meet the demand for value and service.

Quality has been the one big factor in the success of our business. Watch and see what more quality will do for us.

Agents in every city and town in Canada.

## Cook's Trump Card

The object of a good cook is to make meals nourishing as well as tasty. A little Bovril greatly increases the nourishing value of any dish to which it is added.

In addition to its own high direct nutritive value, Bovril has a remarkable power of enabling you to extract more nourishment from other foods.

Independent scientific investigation has proved this beyond question, and has established the body-building power of Bovril at from 10 to 20 times the amount taken.

# BOVRIL

## Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such up-building treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pearse, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. This was so severe that I would have to bind a cloth tightly about my head so that I could get my work done. A friend advised the use of Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

transportation, with a transcontinental railway almost at the very doors of this large extent of territory. We are always bemoaning about the importation of foreign material in the way of foodstuffs and natural products. Our imports exceed our exports by many millions of dollars. Our cities are overcrowded with those seeking homes and employment. Foreigners with foreign capital, are taking advantage of the heritage of our people, while we permit those who are willing to do the pioneer work to seek out an existence without roads or water transportation. It is refreshing to read of purchasing products of British Columbia in places where residents have facilities for exporting their products similar to those provided the Indians fifty years ago.

**CAR TRADE IMPROVES**  
 Gradual improvement in the automobile business is shown in trade reports received at the National Automobile Chamber of Commerce. Automobile shipments for August showed a 2 per cent gain over July and reached 72 per cent of last year's August business. The south, the Pacific coast and the middle west states are registering the most sales, with the chief business coming from towns and cities. The seasonal decline in sales is expected for Fall and Winter, though improvement over the same period a year ago is looked for. Farmers have been liquidating crops, and the money from the harvest this Fall is expected to stimulate rural demand for cars and trucks now so widely needed on farms.

Registered at the Empress Hotel is R. R. Scott, of Winnipeg.

Thomas Pearson, M. P. P. was in the city yesterday from Kerrisdale.

A. C. Cochrane, of Montreal, has arrived at the Empress Hotel.

Mrs. Alfred Smith, of Banfield, is guest at the Empress Hotel.

Dr. and Mrs. William Crawford, of Hamilton, are guests at the Empress Hotel.

Mr. and Mrs. Charles S. Rankin, of Vancouver, are guests at the Empress Hotel.

Mr. and Mrs. C. S. Valentine, of Westville, Wash., are guests at the Empress Hotel.

Mrs. V. E. Thomas, of St. Charles Street, has as her guest her cousin, Miss Marguerite Lindsay of Montreal who has been visiting friends in Vancouver.

Mrs. Fairbairn accompanies her husband, J. M. R. Fairbairn, Chief Engineer of the Canadian Pacific Railway, on his present western tour. They are registered at the Empress Hotel.

Miss Vanethal Samm, of 119 Moss St., left on the G. T. P. Sunday, en route to St. Paul, Minn., and central parts of Iowa, for an extended visit with relatives. Her mother, Mrs. W. C. Samm, accompanied her as far as Seattle.

Vancouver registrations at the Strathcona Hotel include A. J. Williams, Mr. and Mrs. L. Wright and family, E. N. Case, W. F. McDonald, Miss Courtenay, W. C. Hodgson, F. H. Stevens and C. G. La Reid.

Mr. H. W. Dickie, Duncan, H. B. Hayward, Duncan, J. B. Warren, Countess, Mr. and Mrs. W. J. Page and family, Ganges, B. C., W. Harrington Poote, Thetis Island, are guests at the Strathcona Hotel.

Mr. and Mrs. J. Boyle, Sheho, Sask.; Mrs. T. J. Carcadden, Fort Saskatchewan; Miss Catherine Peters, Toronto, and F. J. Mann, Billings, Mont., are registered at the Strathcona Hotel.

Miss Eugenie Perry, of Wilmet Place, Oak Bay, will leave on S. S. Makura on Saturday for Honolulu where she will attend the World's Press Convention. She expects to return to Victoria early in December.

Mrs. Robert Watson of Victoria went over to Vancouver for the marriage on Wednesday of her niece Miss Gladys Louise De Coul to William Herbert Purchase. During her stay in the city Mrs. Watson was the guest of her sister, Mrs. W. A. De Coul.

R. A. Cornett and Mrs. Cornett, of Calgary; D. N. Collins and Mrs. Collins, of Telkwa; Mrs. N. B. Williams of Trail; Geo. W. Simpkins of Juneau; Mrs. Rosella Crozier, of Penikese; E. C. Turner, of New Westminster; Lambert Ralph and Miss Edith, of Hazelton; Mrs. C. A. Thomas and C. A. Stevens, of Portland, Oregon, are new arrivals at the Dominion Hotel.

Up-Island guests of the Dominion Hotel include Mrs. W. Drom and Miss M. Drom, of Duncan; Mrs. C. A. Cathcart and Miss Harriet W. Bell, of Chemainus; John S. Freeman and Mrs. Freeman, of Cobble Hill; Lionel J. Peake, of Nanaimo; Capt. V. C. Best, of Ganges, and Douglas Watson, of Deep Cove.

W. W. Johnston, of San Francisco; Charles A. Brown, of Seattle; William Howard, of Denver; N. V. Goodwin, Pearl Town, of Fremont, Ind.; G. H. Hampton, of Chicago; Pearl Briggs, of Everett; G. Bigger, G. Bernstein; J. C. Jones, P. Dowsett, J. J. Crossman, B. E. Childs, A. M. Fraser, R. Hill Fairley, Mr. Rae, D. W. Reeve and J. K. McKenzie, of Vancouver, are stopping at the Dominion Hotel.

deaths of different colors, pink, red, blue, yellow, purple, brown and lavender, and such queer looking creatures you cannot imagine; even the Green Dwarf looked handsome beside them, which was just what the old Witch intended.

"And now, Mother, you must change the Princess every day into a mermaid, that she may sit in the sun upon the rocks around my home in the sea in the morning just as the sun comes up for an hour," said the Green Dwarf, as he with his seven queer companions made ready on the shore to mount the next incoming wave.

The Witch swept with her big cane the seven Dwarfs into the wave and the Green Dwarf with the Princess. They were carried far out into the sea, and instead of being drowned, as mortals would have been, the Witch Mother, to change her into a mermaid for an hour each day, and the spunky little Princess, who had always had her own way, was not at all changed.

"I shall never marry any of you horrid creatures," she said. "I think you are all the ugliest little monkey creatures I ever have seen and I hate green, so I think you are the worst looking of all."

The Green Dwarf was so surprised at her daring that he did not speak but stood looking in a stupid manner until the seven dwarfs who for the time did anything began to laugh. They laughed so hard that they rolled over and over on the floor in such a funny way the Princess began to laugh, too, and there stood the Green Dwarf wondering if after all he had been wise in bringing them all to his rocky castle.

But he knew that at sunrise the Princess would find her mermaid and then he expected she would be easier to manage, for, of course, she would be frightened to find herself changed and beg him to help her.

**ARION CLUB CONCERT TO AID Y. W. C. A. ON WEDNESDAY NEXT**

In order to assist the Y. W. C. A. towards its goal of a new building adequate for its requirements, the Arion Club has generously offered to give a concert at the Empress Hotel on Wednesday evening next at 8.30. So excellent a reputation is borne by this aggregation of male voices that its association of its name with any concert is sufficient criterion of the standard of the programme, and music-lovers are assured of rare treat.

Subscribers to the Arion Club are reminded that this concert is not included in the regular series, being an additional one arranged solely with the view to helping the "Y" building fund, but it is hoped that all friends of the Club as well as of the Y. W. C. A. will rally to its support in this philanthropic undertaking.

**FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT**

**THE GREEN DWARF—Part II.**

When the last Prince had been changed to suit the fancy of the Witch, she had seven queer animals in her cave: a lion, a tiger, a big black cat, a leopard, a bear, a fox and a wolf, so when the other guests came near the cave the animals frightened them away just as the Witch wanted them to do, and the Green Dwarf was safe from harm.

"And now my handsome son, what is it you wish me to do?" asked the old witch.

"Send for a wave to take me back to my mother in the sea and so that the Princess will think me handsome. I want all the Princess you have changed into animals changed to dwarfs that will not be handsome as I am," said the Green Dwarf.

Again the Witch went to her boiling cauldron, and she took the magic fluid all the animals and the Princess, and when Princess Izell opened her eyes she saw seven

When they were all inside the seven dwarfs home he made the seven dwarfs stand up in a row, so that the Princess might see that they were very ugly and not as handsome as he. "You must choose your husband, Princess Izell," said the Green Dwarf, "and as I am the handsomest one, I am sure you will select me."

But the Princess was not as easy to manage as the Green Dwarf had expected, for he had only asked his Witch Mother to change her into a mermaid for an hour each day, and the spunky little Princess, who had always had her own way, was not at all changed.

"I shall never marry any of you horrid creatures," she said. "I think you are all the ugliest little monkey creatures I ever have seen and I hate green, so I think you are the worst looking of all."

The Green Dwarf was so surprised at her daring that he did not speak but stood looking in a stupid manner until the seven dwarfs who for the time did anything began to laugh. They laughed so hard that they rolled over and over on the floor in such a funny way the Princess began to laugh, too, and there stood the Green Dwarf wondering if after all he had been wise in bringing them all to his rocky castle.

But he knew that at sunrise the Princess would find her mermaid and then he expected she would be easier to manage, for, of course, she would be frightened to find herself changed and beg him to help her.

**I.O.D.E. TO LOOK INTO ORIENTAL QUESTION**

**Many Matters Considered at Provincial Meeting**

Chilliwack, Oct. 7.—Members of the Provincial Chapter, I. O. D. E., met in quarterly session on Wednesday, with the regent, Mrs. Herbert Drummond, in the chair.

Some discussion on the Asiatic question arose out of a letter from the Trades and Labor Council, and it was decided that the members present were not in a position to definitely voice the opinion of the entire order in British Columbia. Mrs. R. C. Boyle was asked to convene a committee of the overseas work from different chapters to go further into this matter.

A letter with reference to the proposed memorial to Mrs. Clarke-Murray, founder of the order, was received from the National Chapter, and after deliberation a resolution proposed by Mrs. R. C. Boyle, of Vancouver, and seconded by Mrs. B. M. Hasell, of Victoria, was passed suggesting that as a memorial to Mrs. Clarke Murray a fund be raised sufficient to ensure interest to the following: a memorial fund for memorial scholarships, the scholarship to be awarded to the University with which Prof. Clarke Murray has been connected for forty years.

**The Questionnaire.**

The greater part of the afternoon session was taken up with the discussion of a questionnaire on the national constitution sent out by the National Chapter, the decision on the different points raised to go forward to national headquarters as suggestions of amendments or otherwise.

A report of the annual meeting of the National Chapter was given by Mrs. O. L. Boynton, of the district of which she was tendered a standing vote of thanks.

Mrs. Herbert Drummond, who left during the afternoon, was the recipient of a check for \$100.00 presented by Mrs. E. H. Barton, regent of Municipal Chapter of Chilliwack. The members also wished her bon voyage in view of her impending departure for the Orient.

**Secretary's Report.**

In giving the secretary's report, Miss Gertrude McGaffin, assistant secretary, stated that at the September executive meeting, in accordance with a request from head office, the following appointments were made: B. C. on various national committees; National immigration committee, Mrs. R. C. Boyle; press committee, Mrs. Millicent Wright; Navy League committee, Mrs. A. McC. Greery; work in India, Mrs. Craig; child welfare, Mrs. A. U. dePencier.

The educational report and that of the national memorial were also given by Mrs. O. L. Boynton.

**Bruce Presentation.**

Mrs. Hasell spoke of the proposed presentation to Mrs. John Bruce of the National Chapter, and stated that it was now in order to send copies of the lower mainland being held this week in Chilliwack. All farm products grown or tended by women are to be included in this exhibit and a committee of arrangement will be formed at this conference.

**Women's Press Club Formed—Representatives of the local press and other members of the journalistic profession met last evening at the home of Mrs. Hodges for the purpose of forming a Victoria branch of the Canadian Women's Press Club. Organized by Mrs. Hodges, the following provisional officers were elected: President Mrs. H. P. Hodges; secretary, Miss Eugenie Perry; treasurer, Mrs. V. S. MacLachlan. An interested visitor was Mrs. Kate Simpson-Hayes, one of the charter members of the Canadian Women's Press Club, a writer of note and a former member of the staff of the Manitoba Free Press. Miss Perry who will attend the World's Press convention at Honolulu as a delegate from the Canadian Women's Press Club was delegated to convey a message of greeting from the local branch.**

**Home Cooking Sale—Busy housewives will appreciate the fact that the Ladies' Aid of the St. Columba Presbyterian Church of Oak Bay will hold another of their popular and successful sales of home cooking to-morrow. The sale will take place at 1218 Government Street, next door to the New England Market. The ladies have prepared a fine line of fancy needlework, which includes a limited number of embroidered pillowcases that have proved so popular at their former sales.**

**Home Industries.**

A report on home industries was given by Mrs. Craig of Sardis, and Mrs. Cooper of South Vancouver spoke of the Canadian wool exhibit at the provincial exhibition and stated that if Canadian women were to spend on Canadian wool products one-third of the amount now expended on imported products, wool mills of this country would be kept running continuously.

A report on the immigration committee was given by Mrs. B. J. Sharpe of Coquitlam and Mrs. Goodfellow of Burrilliam.

The committee appointed on agriculture included Mrs. Osborne of Mission, Mrs. Croft of Surrey, Miss Croftbank of Clayburn, Mrs. Davis of Central Park and Mrs. Davis of Chilliwack.

The new institutes formed since last year were Barnston Island, Lynn Valley, Langley Prairie and Otter. The Women's Institute of Atcheltis acted as hostesses at tea, and a motor drive was provided by the Board of Trade in the afternoon.

**ELABORATE SUPPER FOR HOSPITAL BALL**

**Donations of Cakes, Salads and Money Needed**

Plans for the big Musicians' Ball to be given at the Empress Hotel on Wednesday, October 19, in aid of the Jubilee Hospital, are proceeding apace, and many promises of support were given at a meeting yesterday of representatives of the various women's organizations. With the promise of free music, and the ballroom, palmcourt and readingroom of the Empress placed at the disposal of the dancers free of charge, it is hoped to turn over practically the whole of the money derived from the sale of the tickets to the hospital fund.

The supper arrangements are being handled by a committee including Mrs. C. W. Rhodes, Mrs. W. A. Gailther and Mrs. Duncan Ross. The supper will be an elaborate scale reminiscent of the pre-war days at the old Assembly Hall. To achieve this result an appeal is being made to the women of the city to donate materials or money for the supper. As it is anticipated that there will be fifteen hundred guests at the ball, the supper requirements will be large. Of the hundred and fifty cakes required, seventy-five have already been promised, and anyone willing to donate a cake for this worthy cause is asked to phone Mrs. Gailther, telephone No. 724, or Mrs. Duncan Ross, telephone No. 6781L.

Salads will be a feature of the menu, and for this purpose donations of chickens, eggs, and oil of dressing, celery, greenstuff and other ingredients will be very gratefully welcomed by Mrs. Rhodes, telephone No. 649. Practically all the bread and butter required for sandwiches have been promised, but the filling is still required.

The various chapters of the I. O. D. E. are generously donating money towards the supper expenses, but much more is needed to cover the heavy cost involved in the feeding of so large a number of guests as is anticipated. As the ball is in the nature of a community effort it is emphasized that any donation, no matter how small, will be welcomed.

**URGE BACK TO THE LAND MOVEMENT**

As Remedy for Unemployment; Women's Institutes Busy

Chilliwack, Oct. 7.—A women's institute exhibit at next West- minister exhibition was decided upon at Wednesday afternoon's session of the conference of women's institutes held at the Empress Hotel last week in Chilliwack. All farm products grown or tended by women are to be included in this exhibit and a committee of arrangement will be formed at this conference.

The question of a co-operative laundry and bakery came up for discussion but no definite action was taken. Mrs. J. Croft of Surrey was of opinion that co-operation in work of the home was not possible in scattered districts. A suggestion that a model kitchen with electric appliances be shown at next Vancouver and provincial exhibitions did not meet with undivided approval.

It was pointed out that many women lived in districts where electricity was not available and no effort will be made to have two model kitchens on exhibit fitted up with electrical appliances and one without.

"Back to the Land."

Mrs. Oliver Fearn of Mount Lehman, formerly Miss Gutteridge, Vancouver, spoke during the afternoon of "Back to the Land." She stated that it was of opinion that unemployment was an inevitable condition in view of industrial development and introduction of labor-saving devices, and that as a result of present conditions people were being forced back to the land. Reporting on agriculture for women, Mrs. H. Morrison stated that the field for women in agriculture was a wide one, but only open to young women.

She advised against women undertaking duties inside the home as well as work outside. Too many older women were broken in health as a result of such a life, she said.

Reports during the morning were given by various institutes and a new form of report was explained by Mrs. MacLachlan, secretary of B. C. Institutes. She also stated that the institutes might engage instructors for evening classes for members and that the government would pay four-fifths of salary, such classes to be arranged through the School Board and an average attendance of ten was necessary. The members were urged to study provincial legislation, and an address by J. S. Cowper on the Asiatic problem of Pacific Coast was given during the evening session.

**MANY DONATIONS AT GUILD'S SHOWER FOR LIGHTHOUSE HAMPERS**

Many gifts suitable for inclusion in the Christmas hampers to families in the lonely lighthouses around the adjacent coasts were received at the silver shower held at the Copnaght Seamen's Institute yesterday afternoon under the auspices of the Ladies' Guild for Sailors. Monetary donations amounted to about \$15. Among the many parcels received, particular mention must be made of the generous donation from the Penikese family of Oak Bay, their contribution including a handsome Paisley shawl and money from Mrs. Pennell, tobacco from Mr. Pennell and magazines from younger members of the family. Mrs. Finmore of the Navy Yard also sent a generous collection of toys, candy, tobacco, books and clothing. As the hampers will not be packed until the end of the month, those still desirous of helping may leave contributions at Dean

**Money Prizes—Honey prizes at the Saanichton Fair were awarded as follows: Honey in jars—1, Mrs. T. W. Walker and Mrs. L. Hafer; Comb honey—1, Mrs. MacQueen; 2, Mrs. T. W. Walker. Display of honey—Mrs. T. W. Walker.**

**LETTERS**

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the writer wishes. The publication or rejection of articles is entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

**NOT IN POLITICS.**

To the Editor:—I note in yesterday's issue of The Times a statement that W. G. Stone had the almost solid support of the returned soldiers in the city in the coming political campaign.

As Mr. Stone has not seen fit to deny a statement so misleading I would like to say, as a member of the Great War Veterans' Association, to which Mr. Stone also belongs, that Mr. Stone has not even the support of his own organization in his campaign; that the G. W. V. A. has repeatedly gone on record as being opposed to taking any party political action; and that it is even now engaged in purging its membership of certain political leaders and wire pullers who are attempting to use the association for their own personal ends.

H. A. BOWDEN,  
123 Moss Street, Victoria, B. C.,  
October 7, 1921.

**"SILLY?"**

To the Editor:—In your issue of the 4th inst. you say that the people of this Province voted for Government sale of liquors in sealed packages and that the Government has given them what they asked for.

What is the use of trotting out that silly fiction so often? The people voted for the only measure of freedom that the Government allowed them to vote for. It was either that or prohibition, and of the two evils they chose the lesser.

Instances have been known of men who have been sentenced to be hanged for begging to be shot instead, but no one would seriously contend that they would not have preferred freedom to either.

COMMON SENSE.

**PROVISIONAL EX-SERVICE AMALGAMATION COMMITTEE.**

To the Editor:—In accordance with arrangements made at last meeting of the above-mentioned Amalgamation Committee, printed forms have now been issued containing a promise to enrol in an amalgamated body representing an amalgamation of the existing ex-service associations in the city of Victoria and district.

As this is only a voluntary committee, it is impossible for the members to cover all the ex-service men in Victoria, and any who are interested might get in touch with the members of the committee or the various ex-service associations, when they will be supplied with the application form.

The number of forms signed yesterday far exceeded the most optimistic expectations of the committee, and it is hoped to be in a position to issue the first enrollment list in two weeks' time.

A large number of men who signed forms yesterday have belonged to no association in the past, but are more than willing to support an amalgamated body.

ROBT. MACNICOL,  
Chairman Provisional Ex-Service Amalgamation Committee, P. O. Box 957, Victoria, B. C.

**ONE-MAN CARS.**

To the Editor:—It is the intention of the B. C. Electric Railway Company to operate "one-man cars" in the city of Victoria. As we are vitally interested in this question from the standpoint of street railway employees and as citizens we are desirous of bringing our views to your notice regarding same. We have gone very thoroughly into this question from data received from cities where these cars are in operation, and have come to the conclusion that the installation of the "one-man car" is detrimental to the best interests of the traveling public, for the following reasons:

It is impossible to give the same service with "one-man cars" as with cars operated by a motorman and conductor.

At the present time the cars are running on a fast schedule, which takes all the energy of the motorman to maintain even with the conductor collecting fares, giving transfers, etc. It is quite plain that this service could not be maintained with "one-man cars." In fact, it has meant an increased allowance for running time and consequent loss of time to the traveling public in all cities where these cars are operated.

The reports which we have from places where these cars are operated all indicate that there is a larger percentage of accidents with the "one-man car" than with the "two-man type. Many of the recent accidents in other cities are peculiar to the "one-man car," such as run-away cars, jamming of automatic doors with passengers inside, doors in some cases having to be broken to release passengers.

The Four Cardinal Points of the WILLIS PIANO

Value ———— Tone ———— Touch

Service

The name WILLIS is your safest guarantee.

**Willis Pianos, Ltd.**  
1003 Government St. Phone 514

Senders after accidents. Persons being caught and injured by automatic doors. Collisions with other vehicles owing to the motorman being engaged in collecting fares or giving information to passengers while car is in motion.

In fact the general opinion we have received from operators of the so-called "safety-cars" in other cities is that: They are treacherous; liable to leave the track at almost any angle of the road, and will not keep the track like heavier cars where any obstruction gets on the rail.

**NOT A CANDIDATE.**

To the Editor:—In reference to the report in yesterday's issue of The Daily Times respecting my candidacy for the Liberal nomination in this city, I beg to state that I have not announced any intention of being a candidate.

While I desire to thank my friends for considering me in this connection, I wish also to make it clear that I am not in the field for nomination. I will, of course, heartily support the choice of to-night's convention.

C. H. O'HALLORAN,  
October 7, 1921.

**ESQUIMALT POLITICS.**

To the Editor:—Please allow me a little of your valuable space to say a few words about the meeting at the Rex Theatre last night (October 3). As one of the many present I wish to put in the strongest possible protest against the disgraceful scenes which took place. How any business was done at all is a perfect miracle. The nonsensical hazing that went on was like the famous "Mad Hatter's tea party" in "Alice in Wonderland." I feel most strongly about the way some people at the back of the hall howled down Capt. Cox when he got up to speak. It would have been well for these people to have remembered that they were at a British meeting. As the meeting went on it got so bad that not even ladies, when they got up to speak, got the courtesy of being heard, but were run, yelled and booed at. I think a Hot-tent would have known better how to behave. So finally some people were sought bringing in voices from outside. In conclusion I will say that the meeting last night was a disgrace to Esquimalt. The chairman, and I do not blame him, was so pestered with shouts and hazing that he hardly knew whether he was on his head or his feet. I sincerely hope that at the next political meeting in Esquimalt proper precautions will be taken and that anyone who makes himself objectionable will be promptly turned out.

W. E. PERRY,  
1048 Lylall Street, Esquimalt, October 4, 1921.

**EAT LESS MEAT IF BACK HURTS**

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat exerts a poisonous action on the system; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the joints; rheumatism, sciatica, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or if kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clear, thus avoiding serious kidney disease. (Adv.)

**NANAIMO RED CROSS.**

Nanaimo, Oct. 6.—At the annual meeting of the Nanaimo branch of the Canadian Red Cross Society held Tuesday evening the reports of the several officers were read and adopted and officers elected as follows: President, Mrs. Davidson (re-elected); first vice-president, Mrs. George Hume; second vice-president, Mrs. McQuade; secretary, Miss Letty Wilcox; treasurer, Miss May Plummer; recording secretary, Miss Alma Howie; executive committee, Mrs. A. Randle, Mrs. W. McGuff, Mrs. A. Paull, Mrs. J. C. McGuff, Mrs.

**NOBODY WANTS BIRDS UNLAWFULLY KILLED**

Eighteen Pheasants Awaiting Owner in Police Station

There is a hand grip with eighteen dead pheasants in the city police station to-day, and nobody will claim the property. The shooting season for pheasants will not open until October 15, and yet eighteen dead pheasants line the inside of a grimy suit case in varying stages of decomposition. The grip, along with another containing nine blue grouse, was seized by Game Inspector Gidley at the store on Johnson Street of Velarius Paul.

Paul, charged in court to-day with being unlawfully in possession of the pheasants, denied all knowledge of the birds, and stated he did not own the grip. The grip containing the grouse was the property of a man named Richard Veness, but the pheasant grip was not apparently owned by anyone. The case was remanded for Veness to be called.

A large number of witnesses were called to-day to prove that the store was much used to leave parcels at for several stage lines. J. A. Alkman appeared for the accused, who pleaded not guilty to both charges.

Posterity's Road Rights.—The Saanich Council last night expended more than an hour and a half upon subdivision matters, Messrs. Logan,

of Prospect, Dean of Mt. Newton, and Wood of Ralph Street, laying involved claims before the councilors. Subdivision of the Anderson property on the West Saanich Road was again to the fore through the medium of a letter from M. B. Jackson, K. C., M. P.

**BE PRETTY! TURN GRAY HAIR DARK**

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyneth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. (Adv.)

**"IRRESISTIBLY SMART"**

Our New Autumn Blouses  
Crepe de Chine and Georgette

**To-morrow \$6.50 to \$8.50**

A brilliant collection of new Autumn Blouses

From Paris—from New York—come these radiantly lovely ideas, which have been carried out in our own up-to-date workrooms with materials imported direct by us. These materials—of such luxuriously rich quality—we bought at a great saving—coupled with the low exchange in our favour—hence it is that we are able to sell such wonderfully fine blouses at 1/3 to 1/2 less than 1920 prices.

Examine every thread of these blouses—notice the superb texture of the materials, exquisite laces and trimmings, the irreproachable finish—the cut—countless clever touches—then compare the prices—and there will not be a doubt in your mind that these values are incomparable.

Some of the clever new effects are French High Necks—Peter Pan and Modified Peter Pan collars—Lattice Work Tucking—Saw Tooth Edging—"Coat" Collar and "Coat" Cuffs—Hand Drawn Work—Brushed Wool Collar and Cuffs—Shirt Bosom and Shirt Cuffs.

Come early and choose your Fall Blouse from one of these bewitching models.

Hoyt, Discharged by Giants, Has Revenge

Youthful Pitching Hero of Yesterday's Game Achieved Secret Ambition of Beating McGraw—Hoyt Had Best of Nehf in Pitching Duel—Batting Averages Show Frisch on Top.

New York, Oct. 7.—Waite Hoyt, youthful pitching hero of the second world's series game, was happy to-day in the realization of a secret ambition—to beat the club that turned him loose on his first venture into the big leagues.

A mere schoolboy, just out of Brassus Hall high school, Brooklyn, in 1916, Hoyt was signed by Manager McGraw of the Giants, but was quickly released to the minors.

Penny for His Thoughts. The Giants chief sat on the bench yesterday, sadly watching the cast-off turn the National Leaguers back to two scant hits for a 3 to 0 victory.

The young twirler, now only 23 years old, was as cool and sure of himself as a Mathewson. "He had everything, plus," as the experts say.

Poor Old Dad. But his father, Add Hoyt, who had shared the secret of his son's ambition, was as excited as a cat in a hat.

Hoyt, after his release by the Giants, was sent to the Rochester, N. Y. club, but he did not stay. He decided to join the Baltimore Orioles instead.

Hoyt's Every-Why. Analysis of yesterday's pitching duel was the second world's series game shows that Waite Hoyt had the better of his older opponent, Arthur Nehf, in every angle of the game.

Nehf threw the ball to the Yankee batters 121 times in eight innings, for an average of about 15 deliveries per inning. The umpire called 57 of them balls, 16 foul strikes, nine as foul strikes, and four as fouls.

Leading Batters. New York, Oct. 7.—Mays and Hoyt, the two winning Yankee pitchers, are tied for first place in their club's batting averages.

NEW VANCOUVER SWIMMING POOL Deal, N. J., Oct. 7.—Miss Alexa Stirling, of Atlanta, and Miss Marion Hollins, of New York, will play to-morrow for the woman's national golf championship.

### NEWS IN BRIEF

**Pays Shares.**—The Saanich Council last night voted \$15 to the Union of B. C. Municipalities, as its proportion of the additional expenses incurred during the past year by the Union.

**Annual Poultry Party.**—The annual poultry party will be held at the W. C. T. U. on Tuesday afternoon next from 3 till 6 o'clock, when gifts of money, groceries or any article of use in the home will be gladly welcomed.

**Fortunate Winners.**—Announcement is made of the winners of the raffles held in connection with the recent tag day of the Lady Alderson Chapter, I. O. D. E. Mr. A. Gonnason, Dallas Road, won the basket of fruit with ticket No. 57, and Mrs. C. F. Gardiner the tray with ticket No. 1.

**Gorge Road Improvement.**—The Saanich Council last night authorized the placing of drains and rock shoulders on each side of the Gorge Road paving as soon as the Provincial Government makes its expected contribution, \$1,500 having been definitely promised of the \$3,000 anticipated by Saanich.

**Support For Parents.**—The Saanich Council last night was informed that an old couple, with six sons surviving of thirteen, were in destitute circumstances, the sons alleging their inability to contribute. The Council decided to request the legislature for authority to compel contribution in such cases.

**Let Housing Contracts.**—The Saanich Council last night approved the letting of three contracts for houses under the Better Housing Act to the following: Lambie & McCreadie, \$2,748, for Mr. Mawhinney; D. Kennedy, \$2,225 for Mr. Eccleston, and J. W. Alton \$2,600 for Mr. Greene.

**Arts and Crafts.**—Through an error it was stated that the annual exhibition of the Arts and Crafts Club would be held in the Pemberton Building, whereas the exhibition will be in the Belmont Building as last year. Members are requested to bring their exhibits on Wednesday, October 12, between the hours of 9 a. m. and 6 p. m., and any members willing to assist in hanging the pictures are asked to communicate with the secretary before that date.

**Kumtuku Club Dance.**—Members of the Kumtuku Club are sparing no pains to make their first dance to be held at the Alexandra ballroom on Tuesday evening, October 11, a brilliant success. The ballroom will be charmingly decorated and Heaton's five-piece orchestra will furnish a splendid programme of music. Tickets for the affair, which are priced at a nominal figure, are obtainable from members of the club.

**Alleviates Tax Charge.**—The Saanich Council last night made a grant of \$18 to a returned soldier, to correct a condition whereby, through legal delays, a cancellation of a subdivision authorised last year had not gone into effect in time to give him the intended benefit. The grant is a book-keeping cross entry to make effective the intended lower tax rate. It being reported to the Council that his disability of a serious character secured this man \$18 as pension, the Council decided to urge consideration by the authorities.

**Military 500.**—The military 500 party given in the Orange Hall, Courtney Street, by the Victoria Amateur Swimming Club on Wednesday evening, was a huge success. Twenty-five prizes were used for the accommodation of the guests. The winners of the first prizes were Mrs. Wood, Mrs. Anderson, Mr. Pitts and Mr. Barrett; second, Mrs. Menell, Mrs. Wood, Mr. Bird and E. Silburn, while the consolation went to Mr. Welburn, Sr., Mr. Gandy, Miss Murray and Miss Winterbottom. Refreshments were served, and Mrs. Armstrong and J. Allen supplied the music for an informal dance.

**Royal Purple Lodge.**—At the last meeting of Royal Purple Lodge, No. 5 held in the Elk's Club, the ladies decided to give all possible assistance to the committee in charge of arrangements for the hospital ball to be held in the Empress Hotel, October 19. The members will help to provide refreshments, and in the sale of tickets. The first of a series of social events, the proceeds of which will be devoted to "Christmas Cheer" work, will be given by the ladies in the Elk's clubrooms Tuesday, October 18, and will take the form of a progressive 50¢ party with refreshments and dancing.

**To Entertain Boys.**—The boys attending South Park and Central Schools who are twelve years of age or over will be entertained by the Y. M. C. A. at headquarters Saturday afternoon. A programme of games will be commenced in the gymnasium at 3:30 o'clock, and after a dip in the swimming tank the guests will be treated to a three-reel moving picture. Principals and teachers of the schools mentioned will also attend, admission being by ticket. The affair is in the nature of an experiment, and if successful all other schools in the city may be entertained in turn.

**Authorize College Lease.**—At a brief special session yesterday afternoon, the City School Board authorized the signing of a lease covering the use of Craigdarroch Castle as a home for Victoria college.

**Old Boys' Rugby Practices.**—There will be a rugby practice of the U. S. Old Boys at the University School ground at 3 o'clock to-morrow afternoon. All old players are earnestly requested to attend.

**Ward Five Liberals.**—Ward Five Liberals will meet at the Liberal Club at 3 o'clock to-morrow night for the purpose of discussing plans in connection with the Federal election campaign, as well as general business of the ward. All members are urgently asked to attend.

**Daughters St. George.**—Princess Patricia Lodge No. 228, Daughters of St. George, will hold its regular meeting to-night at 8 o'clock at 1230 Government Street, when all members are requested to attend.

**Successful at Whist.**—At a merry party of the Alexandra Lodge, Sons of England, held at the A. O. F. Hall last night, the prize winners were Messames Williams, Johnson and Parilly, while for the gentlemen, M. J. Waters, M. James and J. Hobkirk were successful. A large number attended the whist drive, which was the first of the series that will be played throughout the winter.

**Fairfield Garage—Five Points** will be open for business on October 10. New machinery installed and equipped for all repair work. Alfred Stanford, phone 2675R.

**Access to Mt. Newton.**—John Dean, of Mount Newton, last night explained to the Saanich Council his reasons for asking for a road in Saanich municipality from the Old West Road to his hilltop property in North Saanich, just outside the municipal boundary. The Council sympathetically advised Mr. Dean to secure as preliminary, the consent of landholders whose properties will be traversed. Mr. Dean explained that only in Saanich had surveyors been able to locate a practicable route up Mt. Newton, and offered to contribute \$500 towards construction costs. He explained the gassing of the proposed road by the Provincial Public Works Department, without first securing the consent of the Council, as due to a misunderstanding.

**Educational Matter.**—The educational pamphlet issued by the Victoria and Island Development Association on a co-operative basis with the various educational institutions of the Victoria with a view to the distribution of a compact brochure on local facilities for training, has been received warmly in the Orient, where there are a large number of wealthy business men who are anxious to have their children trained in good British institutions. P. J. Duggan, General Passenger Agent for the Canadian Pacific Steamships, Limited, Hongkong, writes that the pamphlet fills a long-felt want. He has made many requests in the past for booklets on Victoria's educational institutions and was unable to get them. Mr. Sullivan has been sent a large supply of the literature.

## Hay - Fever SUMMER COLDS, ASTHMA, RAZ - MAH

Positively stops these troubles! Sneezing, weezing, coughing, weeping eyes aren't necessary—unless you like being that way! \$1.00 at your druggist's, or write Templetons, Toronto, for a free trial.

Sold by The Owl Drug Co., Ltd. and other Victoria Druggists: Duncan, J. E. A. White; Ladysmith, R. G. Jessup; Sidney, E. Lescoe.

## SANGSTER OUT FOR TOLMIE; REPUDIATES MEIGHEN BODY HERE

Thinks Minister Logical Man; Is Not a Tory

Alderman George Sangster came out definitely to-day in support of the candidature of Hon. S. F. Tolmie, Minister of Agriculture in the Meighen Government, but as having no connection whatever with the Meighen organization here. He added that he was "far from being a Tory."

"I support Dr. Tolmie, because I confess that he is the best member of the city has ever had, and because he has done work of incalculable value for Victoria," Alderman Sangster told The Times. "But I want it clearly understood that I am not a member of the Victoria Branch of the National Liberal and Conservative Party, although my name, along with other Liberals, was placed upon the list of officers of that organization. My name was used, with that of several Liberals, without my consent. I shall have nothing whatever to do with that organization, but I shall certainly support and work for Dr. Tolmie."

The alderman emphasized that, in supporting Dr. Tolmie he had not abandoned his former ideas of the tariff and other election issues. He said in principle he was a free trader, but argued that free trade in Canada was not possible to-day.

"I feel that Dr. Tolmie is the right man to represent Victoria, and that in my main consideration, as it is the main consideration of hundreds of others," he added.

Alderman Sangster last night attended a ward meeting of the National Liberal and Conservative Association to see that his name was not included in the list of officers or in any way connected with the Meighen organization.

**Alberni Mayor Here.**—Mayor Huff, of Alberni, is in Victoria at present and is visiting Dr. Lewis Hall and Mrs. Hall.

**Amalgamation Committee.**—A meeting of the Provisional Amalgamation ex-Service Committee was held in the rooms of the British Campaigners' Association, Union Bank Building, this evening at 7:30 o'clock.

**Bake Oven Fire.**—Some wood piled over a bake oven caused a fire at the premises of J. Haig, North Park Street, at 10:15 this morning. One machine responded from headquarters, and the fire was quickly put out. The roof of the bake oven was badly burned.

**Follow the Birds.**—J. G. Thomson, publicity commissioner of the Victoria and Island Development Association, reports that the association has received its copyright in the slogan and design of "Follow the Birds to Victoria," which has attracted such widespread notice and had gained so much publicity for the city. Those desiring to use the design and slogan should apply to the Association for the privilege.

**Will Interview Council.**—Chief Fry will head a delegation of the local police to interview the City Council in connection with the afternoon. The police are going to request that the city reconsider their attitude in relation to the civil service superannuation pension measure, as applied to the slogan and design of "Follow the Birds to Victoria," which has attracted such widespread notice and had gained so much publicity for the city. Those desiring to use the design and slogan should apply to the Association for the privilege.

**Silver Tea.**—A silver tea under the auspices of the Ladies' Aid of the First Congregational Church was held Wednesday afternoon at the home of Mrs. Harold Beale, 1647 Hampshire Road, Oak Bay, and was attended by a very large number of guests. Mrs. Beale's talk about her many Indian curios, Mr. and Mrs. Harold Beale returned this year from Hyderabad, India. A dainty tea was served several ladies assisting Mrs. Beale. Miss Muriel Kelley was in charge of a very pretty candy stall, which was well patronized. Altogether a substantial sum was realized for the funds of the society.

**An Oriental Tour.**—City Solicitor H. S. Pringle lectured on "A Trip Through Japan and Korea" before an audience of more than two hundred Odd Fellows, and members of the Rebecca Lodge Wednesday night. Mr. Pringle illustrated his lecture with a number of interesting lantern pictures which showed the leading cities of Japan. Canada could develop a much larger trade with Japan than existed now, he declared. The commercialism of the Japanese, he said, would make them strong competitors in the commerce of the Orient.

# MAYOR TAKES UP DANISH PASTRY

## Porter Follows Mayor Rolfe of San Francisco in Love of Delicacies

L. C. Klitteng, who besides being associate editor of the United Press is claimed as "the greatest pastry cook in the world and receives a salary of \$250 a day, was formally welcomed to-day by Mayor Porter to Victoria where he arrived two days ago from the East to prepare Danish pastry at Government House for Lieutenant-Governor Nichol.

Following the greeting ceremony, it was announced that Mayor Porter will try out Klitteng and his art during the mayor's couple of days as the Lieutenant-Governor will not be back in Victoria until next week some time.

The Mayor said that he had never been introduced to the mysteries of Danish pastry and admitted he thought \$250 a day for its production was ridiculous until Klitteng showed him his contracts and photographs of his pastries.

Mayor Porter is the first mayor in Canada who has taken up Danish pastry. Mr. Klitteng said. Mayor Rolfe of San Francisco took it up some time ago, and had an extra celebration on Danish pastry with a number of other prominent citizens. Mr. Klitteng added. When Al. Smith was Governor of New York he also took to Danish pastry, and so has Governor Bamberger of Utah.

While awaiting the return of Lieutenant-Governor Nichol, Mr. Klitteng is at work in his suite at the Empress Hotel on his new book. He devotes a certain part of his time to his newspaper articles for the United Press.

Mr. Klitteng has also been visiting some of the bakery shops in Victoria. He told the Mayor to-day that conditions in Victoria bakeries are the worst he has seen on this continent, with large quantities of substitutes used in the preparation of food and production carried on a cheap and low quality scale.

**Kumtuku Club Luncheon.**—Members of the Kumtuku Club are requested to note a change in the place of the fortnightly luncheon, which will be held in the private dining-room at David Spelzer's, Ltd., third floor, on Monday, Oct. 16, at noon. In order to facilitate the preparations for the catering for the dance on Tuesday members are requested to telephone to Miss McLaren, No. 84, or 858R, on Saturday, as to the number of tickets they have disposed of.

**Would Equalize Rates.**—At the close of this morning's session of the B. C. Fire Insurance Agents' Convention a resolution was endorsed by the assembly requesting that the B. C. Fire Underwriters' Association and the Canadian Fire Underwriters' Association take immediate action to equalize the rates of commission payable to fire insurance agents in the interior of the Province.

# OBITUARY RECORD

The funeral of the late William Fisher, whose death occurred through accidental drowning on the first of October, at Esquimalt, will take place on Saturday afternoon, October 9, at 2 o'clock, from the Thomson Funeral Home. Interment will be made at Ross Bay Cemetery.

The funeral service for the late Mrs. Catherine Findlay took place yesterday afternoon from the Thomson Funeral Home, at 2 o'clock, Rev. Joseph McCoy officiating. The following were pallbearers: B. H. Baldwin, A. Kingsley, A. George and H. Meekin.

The funeral of the late Katherine Cross Roberts, wife of Thomas Roberts, took place yesterday afternoon from the family residence, 403 Young Street, James Bay. Rev. Dr. Clay conducted the service during which the hymn, "Lead, Kindly Light," was sung by the big congregation, while Miss Mari Matheson sang, in Gaelic, the Twenty-third Psalm. Interment was at Ross Bay Cemetery, the pallbearers being H. J. Scott, F. W. Nolte, Justin Gilbert, J. A. MacTavish, J. R. Mackie and J. C. Newbury. The floral tributes were numerous and beautiful.

Mrs. Anna Lizette Hillis, wife of Percy David Hillis, was accidentally killed by a motor car on the Esquimalt Road, Strawberry Vale, yesterday. The late Mrs. Hillis was a native of Dover, Ohio, and had been a resident of this district for three and a half years. She is survived by her husband, three sons and one daughter at home; her mother, Mrs. Harger, of this city; also two sisters, Mrs. H. M. Hillis and Miss Edna Harger, and one brother, M. Harger, all residing in this city. The remains are reposing at the Sands Funeral Chapel. Funeral notice later.

The funeral of the late Mrs. Annie Christina Doyle, the wife of Wm. Doyle, who passed away at the Royal Jubilee Hospital last Tuesday, took place yesterday afternoon at 3:30 o'clock from the Sands Funeral Chapel. There was a large gathering of sympathizing friends present at the impressive service conducted by the Rev. J. McCoy, and the numerous beautiful floral tributes bore testimony to the popularity of the deceased. The hymns sung were, "Lead, Kindly Light" and "Jesus, Lover of My Soul." The following acted as pallbearers: R. Ritchie, H. Bird, P. Tomlin, C. Cottell, D. R. Black and T. King. Interment was made at Ross Bay Cemetery.

At the family residence, 806 Esquimalt Road, the death occurred last evening of James Jordan Burnes, aged 68 years, a resident of this city for the past twenty-one years. He was born at Syracuse, New York, and by occupation was a steamfitter and engineer. He is survived by his widow and one daughter, Miss Irene Burnes, of this city; also the teaching staff of Lampson Street School. The remains are reposing at the B. C. Funeral Chapel, from where the funeral will be held on Monday at 2:15. Interment will be made at Ross Bay Cemetery.

# POLITICIANS

A. D. Macfarlane, Councillor of Oak Bay, will likely be the choice of the Nanaimo Liberal nominating convention to be held at Duncan, October 15. It was said to-day that F. A. Pauline, M. P. P., stated this afternoon that it is likely that Mr. Macfarlane's name will be the only name to go before the convention.

C. H. Dickie, of Duncan, will likely be the N. L. and C. candidate, according to Cowichan advices. Mayor Busby, of Nanaimo, is likely to draw out from the running. It was announced to-day, as a sort of compromise has been agreed upon with the two ends of the riding for the middle.

Plans are being made for a new Liberal convention in the Comox-Alberni riding, as there were no delegates at the recent Parksville convention from the Comox part of the riding.

Joseph Food, returned soldier leader and president of a local cooperative organization, was interviewed to-day by returned soldiers who asked him to allow his name to go before the Liberal nominating convention to-night.

On behalf of the campaign for the nomination of W. G. Stone, it was announced this afternoon by A. E. Hall, Jr., his publicity manager, that the Liberal nominating convention to-night will be open almost without restriction to all Liberals in the city. Certain restrictions will be necessary to make sure that Liberals only get in to take part in the voting. Returned soldier Liberal supporters of Mr. Stone will be welcomed to assist in the choice of their candidate.

Liberals of Ward Four carried on organization work at Liberal headquarters last night. Young Liberals of the city held a big meeting last night, and proceeded with their organization work. W. G. Stone addressed both meetings, in connection with his campaign to become the Liberal and returned soldier candidate in the election.

Vancouver, Oct. 7.—Two Brigadier-Generals will contest Vancouver seats in the Federal election.

Brigadier-General Victor W. Odum was nominated by the Liberal convention last night, in Vancouver South.

Brigadier-General J. A. Clark, formerly of the 72nd Highlanders was nominated by the N. L. and C. convention for Burrard. The name of John Nelson, formerly of Victoria, was put in nomination, but he withdrew and supported General Clark.

Nelson, Oct. 7.—Dr. W. O. Rose, M. P. P. for Nelson was unanimously nominated by the N. L. and C. convention for West Kootenay riding.

This was after Dr. Rose and Lorne A. Campbell, of Rossland, had both declined, and Mayor C. F. McHardy, C. R. Hamilton, K. C. and Mrs. Garland Foster, all of Nelson, and Thomas Abriel, of Nakusp, had been placed in nomination. Senator R. F. Green and Dr. Saul Bonnell, ex-M. P. for East Kootenay, were present and spoke.

William Duck was last night elected president of Ward Five, N. L. and C. organization of work for the reelection of the Hon. S. F. Tolmie. Mrs. John Mowat was chosen secretary.

C. T. Cross, president of the N. L. and C. association of Victoria and Canon Hinchliffe, spoke, urging the return of Dr. Tolmie because of the work he has done for the city and Dominion at Ottawa.

Mrs. Gibbs and A. T. Kirkpatrick were chosen representatives on the central executive committee of the N. L. and C. Association.

Ward executive was chosen as follows: Mrs. O. Gibbs, Mrs. R. Raymer, Mrs. Georgina Seymour Kent, Mrs. Cole, Mrs. J. Rae, Mrs. S. Roberts, Percy Saunders, A. Cooman, A. T. Kirkpatrick, Q. D. H. Warden, C. H. Whiting, D. M. McLean, B. Gibbs, A. G. Sargison, G. H. Waife, R. Scarborough, J. H. Hillierby, W. McAlister and Chester Harris.

Ward Five workers will meet every Monday night in N. L. and C. headquarters, St. Francis Hotel.

Ward Four N. L. and C. workers will meet at N. L. and C. headquarters to-night for organization.

Agricultural Heads Meet.—Director of the B. C. Agricultural Association met in Mayor Porter's office this morning to deal with routine business connected with the association's recent Fall Fair.

# RAILWAY MEN ASK MORE COMPENSATION

## Want the Workmen's Act Amended; Farris and Premier Hear Proposals

For the purpose of requesting amendments to the Workmen's Compensation Act, a delegation of railway officials from various associations waited upon Attorney-General Farris this morning.

They asked that the rate of indemnity to injured workmen be increased from 55 to 64 2-3 per cent.

That where a workman is killed and leaves no dependents the sum of \$1,000 be taken from the general fund and used as a rehabilitation fund for the education of injured workmen.

That where a workman is killed and leaves children but no widow and a near relative care for the children the regular allowance be paid to that person.

That the provisions of the amendments of the Act be made retroactive so as to include payment of indemnities to widows coming under the provisions of the Act since the amendments were passed.

That the Government discontinue the practice of withholding one week's indemnity to injured workmen. At present if a workman is injured and forced to lay off for three weeks he receives only two weeks' indemnity.

Hon. Mr. Farris spent considerable time with the delegation and promised to lay their requests before the Executive Council at an early date.

The representatives also interviewed Premier Oliver this afternoon on the same matter.

The following official box score tells how the Giants wielded their wicked maces.

# WINNERS HAD THIRTEEN

New York, Oct. 7.—The Giants emerged from their batting slump to-day, cuffed three Yankee hurlers off the mound and submerged the American League champions by a score of thirteen to five in the third game of the world's series.

The 38,000 spectators saw the Giants rain base hits all over the place in the seventh inning and when the dust had settled the scoreboard showed eight runs for the National League.

The Yanks took the lead in the third inning by getting to Tony for four runs, but the Giants came right back and tied the score.

The following official box score tells how the Giants wielded their wicked maces.

Giants	AB	R	H	P	O	A	E

C. T. Cross, president of the N. L. and C. association of Victoria and Canon Hinchliffe, spoke, urging the return of Dr. Tolmie because of the work he has done for the city and Dominion at Ottawa.

Mrs. Gibbs and A. T. Kirkpatrick were chosen representatives on the central executive committee of the N. L. and C. Association.

Ward executive was chosen as follows: Mrs. O. Gibbs, Mrs. R. Raymer, Mrs. Georgina Seymour Kent, Mrs. Cole, Mrs. J. Rae, Mrs. S. Roberts, Percy Saunders, A. Cooman, A. T. Kirkpatrick, Q. D. H. Warden, C. H. Whiting, D. M. McLean, B. Gibbs, A. G. Sargison, G. H. Waife, R. Scarborough, J. H. Hillierby, W. McAlister and Chester Harris.

Ward Five workers will meet every Monday night in N. L. and C. headquarters, St. Francis Hotel.

Ward Four N. L. and C. workers will meet at N. L. and C. headquarters to-night for organization.

Agricultural Heads Meet.—Director of the B. C. Agricultural Association met in Mayor Porter's office this morning to deal with routine business connected with the association's recent Fall Fair.

# MAUSEL SACRIFICES

Double plays — Ward and Pipp; Quinn, Peckinpaugh and Pipp. Left on bases—Americans, 5; Nationals, 0. Bases on balls—Off Shawkey 4; off Toney, 2; off Barnes, 2; off Quinn, 2; off Collins, 1. Hits of Toney 4 in 2 innings; none out in third. Barnes 4 in 6 innings; off Shawkey 5 in 2 1-3 innings; off Quinn 3 in 3 1-3 innings; none out in seventh; off Collins 4 in 2-3 innings; off Rogers 3 in 1 1-3 innings. Hit by pitched ball—By Barnes (McNally). Struck out—By Toney, 1; by Barnes, 7; by Quinn, 2; by Rogers, 1. Wild pitch—Barnes. Winning pitcher—Barnes. Losing pitcher—Quinn. Umpires—At plate, Quigley; first-base, Chilli; second-base, Rigler; third-base, Moriarty. Time of game—2:40.

# PREMIER TO REST FOR LABEL TRIAL

Premier Oliver will leave for Vancouver to-night, and go on to his farm at Ladner to rest up during Saturday and Sunday for the opening Monday in Vancouver of the big label trial between Charles S. Campbell, publisher of The Vancouver World, and The Vancouver Sun.

The action results from attacks made by The Sun on the purchase by the Liquor Control Board of the Campbell warehouse building in Vancouver for \$150,000, a couple of days before Mr. Campbell bought The World, and turned it from an opposition into a Government organ.

The Premier will give evidence at the trial.

The Hon. J. W. de B. Farris, Attorney-General and Minister of Labor, left for Vancouver this afternoon to discuss the unemployment situation with J. D. McNiven, Deputy Minister of Labor, who is going over to attend the conference.

The Hon. T. D. Pattullo, Minister of Lands, will arrive in Victoria on October 19, he telegraphed Premier

# MAKE NEW CEMETERY WITHOUT SAANICH, ALDERMEN PROPOSE

Alderman Robert Dinsdale and other aldermen have commenced to press for the establishment of a new city cemetery without the co-operation of Saanich, it became known at the City Hall to-day.

These aldermen believe that the city has waited too long for Saanich in its efforts to replace the Ross Bay Cemetery which has been almost filled. They are afraid that if the city delays much longer it will not have its new cemetery in use before the present burial ground is entirely filled. They fear, too, that it will be months before Saanich is ready to go ahead with its share of the cemetery project.

It is probable, however, that the city will delay its cemetery plans now until the Saanich aldermen have voted upon a referendum to approve or reject the principle of an inter-municipal cemetery.

"I would go ahead alone anyway without waiting another day," Alderman Dinsdale, who is leading the fight for immediate action on the cemetery plan, announced to-day. "We have waited too long now and we need a cemetery without further delay."

Alderman Dinsdale, who has been conducting the new cemetery negotiations for some years, and Alderman Dewar, chairman of the Cemetery Committee, yesterday visited land which they believe would make an excellent cemetery. This land lies in the area of the city which would make a much more satisfactory cemetery, than would other property which has been examined before.

One of to-day's want advertisements was printed for YOU!

# DOMINION TIRES

## The King of the Road

ALL DOMINION TIRES are GOOD Tires. All Dominion Tires are popular because of their serviceable treads, their superior quality and workmanship.

But—if there can be one tire in all Canada that is the national favorite, this tire is "NOBBY TREAD."

Everybody likes "NOBBY TREAD"—the proud possessor of a lordly limousine as well as the happy owner of a Ford, Chevrolet, Overland, Gray-Dort or McLaughlin.

The big, tough, long-wearing, springy nobbs are proof against punctures, blow-outs and road-cutting. They simply wear and wear and wear. And when your speedometer gets up in the thousands of miles, you begin to appreciate the sound economy as well as the easy comfort of these famous DOMINION TIRES.

The big nobbs, however, do not account for all this popularity. It is the workmanship—the perfect materials—the faultless construction throughout—that make "NOBBY TREADS" the KING of the road.

When you consider their greater mileage, their wonderful durability, their freedom from ordinary tire troubles and their greater ease and comfort in driving, "NOBBY TREADS" are sound economy, no matter what size or make of car you use.

There are DOMINION TIRES for every car, for every purpose, business and pleasure. The Dominion Tire DEALER will show you the different treads and explain the special features of each. He also carries DOMINION INNER TUBES and DOMINION TIRE ACCESSORIES. Have a tire talk with him—he knows.

By order, J. D. MACLEAN, Provincial Secretary, Victoria, September 15, 1921.

ACREAGE. UPLANDS RESIDENTIAL PARK. PLEASE take notice that all inquiries for sites in the beautiful Uplands district known as The Uplands should be made at our office, 110 Belmont House, Government Street, Victoria, B. C. A. T. MEHAREY, 408-9 Sayward Building. If you have property for sale, please let me have particulars. \$300 ACRES, 16 acres under cultivation, 40 acres in pasture, 2 large crocks, 2000 raspberries, 2000 blackberries, 3 acres strawberries, new 6-room house and other buildings, 1 mile from Duncan, on the main road; \$15,000 on terms or quick sale, \$5,000 on terms or quick sale. A. T. MEHAREY, 408-9 Sayward Bldg., Phone 315.

COLLECTIONS. B. C. COLLECTION AGENCY—The oldest and best established agency in the city. 214 Millbrook, Phone 2412. DETECTIVES. B. C. DETECTIVE AGENCY—Legitimate investigations, private inquiries, etc. 1111 Belmont House, Phone 1078. INSURANCE. GEORGE S. BROWN—All kinds of fire insurance anywhere at non-tariff rates. 1111 Belmont House, Phone 1078.

INSURANCE. GEORGE S. BROWN—All kinds of fire insurance anywhere at non-tariff rates. 1111 Belmont House, Phone 1078. HOTELS. CLARENCE HOTEL, Yates and Douglas. Transients, 75c up; weekly, \$2.00 up. A few housekeeping suites. Phone 2475. HOTEL ALBANY, 1071 Government St. Furnished bedrooms, hot and cold water. Weekly rates. Phone 7459.

PLUMBING AND HEATING. The Colbart Plumbing & Heating Co. 155 Broughton Street. Phone 112. TYPENITERS. VICTORIA TYPEWRITER EXCHANGE. Repairs, Rentals, Lion Carbon Paper, etc. 10-12 Remington Typewriter and Desk, 540 Phone 3421. 204 Stobart Building.

WINDY CLEANING. HAVE the auto vacuum for your carpet—satisfaction assured. Phone 4516. 45. 18-25; kindling, 45¢. P. T. Tapscott, 1578. SAANICH WOOD COMPANY—Cord and kindling blocks, \$1.75 a cord, 12 half cord; cordwood, \$1.25, inside city limits. Phone 2385, night 4966.

GOVERNMENT OF THE PROVINCE OF BRITISH COLUMBIA. NOTICE TO CONTRACTORS. Separate sealed tenders superintended "Tender for Pumps" will be received by the Honorable the Minister of Lands up to 12 o'clock noon of Monday, the 17th day of October, 1921, for "Three Motor Drive Pumps." Specifications, contract and form of tender may be seen at the Government Agent's Office at Vancouver, and at the Water Rights Branch, Victoria. Tenders will not be considered unless made out on the forms supplied, signed by the actual signature of the tenderer and enclosed in the envelope furnished. The lowest or any tender not necessarily accepted.

ESQUIMALT. THORBURN GROCER AND F.O. Call, phone or send along the children. I guarantee you satisfaction or money refunded. Phone 41. MAYWOOD BUTCHER. King, proprietor, 314 Douglas, above 12th. Fresh meats and fish. Free delivery. VICTORIA WEST MEAT MARKET—H. local killed; heavy, 1511. Fresh meats, fish. Free delivery.

His Peculiar Hobby. An astonishing letter appeared in this journal a few days ago. A man wrote: "When I was ten years old my mother died, and I was adopted by a distant relation, a widow. I was informed that I was to be a girl. My hair was allowed to grow and I was educated at home. I was brought up in everything feminine, and now, at twenty-three, my hair reaches below my waist." After the publication of this letter another correspondent—a man—wrote to say that "she" was now thirty years of age and had never worn a masculine garment in his life. He would view with alarm having to cut my hair and don the hideous garments worn by the male sex," he wrote. At Huddersfield, in 1911, a mill operative named Evans was sent to jail for theft. He had been going about in woman's attire, obtaining lodgings and leaving without paying for them. He was fully rigged out, painted and powdered, with his hair dyed golden. A remarkable story of a man's fondness for impersonating a woman was told before the Peterborough magistracy. The defendant dressed in a green straw hat, white blouse, blue skirt, white apron, a brown wig, and patent shoes. When stopped he admitted he was a man. He had registered himself at a Labor Exchange and a cook out of employment, and gave his name as "Mary Johnson." His wife said that masquerading as a woman was her husband's "hobby," and had done it for years.—The Star.

BUSINESS DIRECTORY. ART GLASS. ALBERT F. HOY, 1115 Yates. Art glass, leaded light maker, glass sold, shades glass. Established 1873. Phone 37. AUCTIONEERS. F. W. HANCOCK & CO., 726 View St. Phone 3778. AWNINGS. GEO. HIGHT, 825 Piggard. House and store awnings. Phone 6188 or 2106E. 19. BABY CAR SPECIALISTS. T. H. JONES, Baby Car Specialist. SHIPPING NEWS

FROM DAY TO DAY

## HAWAII MARU WAS DELAYED BY FOG

### O. S. K. Liner Reached Port This Morning From China and Japan Ports

Fifteen days out from Yokohama, the Japanese liner Hawaii Maru, Capt. Suruga, reached port early this morning and landed passengers and freight at the Outer Docks before clearing for Seattle.

The ship encountered much fog outside and but for the atmospheric conditions would have made port yesterday noon. The Hawaii Maru brought in less than 2,000 tons of Oriental cargo and 70 passengers.

She landed ten steerage passengers here. The ports of loading in the Orient were Hongkong, Shanghai, Dairen, Kobe, Yokkaichi and Yokohama.

**Purser Nagai Back.**  
Purser A. Nagai, formerly with the O. S. K. liner Panama Maru, returned with the Hawaii Maru after two years' absence from the North Pacific route.

Two years ago Purser Nagai left the Panama Maru and was assigned to the Himalaya Maru, which in December, 1919, transported one thousand ex-German prisoners from Kobe, to Wilhelmshaven, Germany. Subsequently Purser Nagai was transferred to the round-the-world service of the Osaka Shosen Kaisha.

**Silk Cargo.**  
Included in the cargo of the Hawaii Maru was 2,091 bales of raw silk, and 140 cases of manufactured silk goods. Twenty-six bags of mail were discharged here, also two bags of air mail, picked up by Eddie Hubbard, the aerial mail carrier.

The Hawaii Maru left port about 11 o'clock for Seattle.

**HIGHER RATE FOR LUMBER FORWARDED FROM PUGET SOUND**

Seattle, Wash., Oct. 7.—Eight lumber cargoes, aggregating 20,000,000 feet, will proceed to the Orient in Shipping Board bottoms during October and November. All the cargoes, including two others dispatched at the end of September, were taken at the old base rate of \$12.50 per thousand linear feet, having been booked prior to the suspension order issued by the Board last August. But after November 30 lumber will be carried by government owned ships only at a rate not less than \$17.50, according to a supplementary notice.

On the latter date also the Shipping Board plan of concentrating its service between Puget Sound and the Orient under the Admiral Line flag will go into effect. Freighters now being operated by other companies or firms will be "put up," and the Trans-Pacific business formerly shared by them will be turned over entirely to the fleet of \$3,000,000 freight and passenger vessels operated by the Admiral Line, supplemented by such other ships as cargo requirements may demand.

The announcement with reference to the acceptance of lumber offerings at \$17.50 further stated that extra tonnage would be provided at this rate, and while it is believed in some quarters that there will be little business done at the increased figure, many shipping operators are of the opinion that the new rate finally will prevail. This view is based on the fact that as soon as the Shipping Board suspended bookings at \$12.50 the rates demanded by privately owned carriers immediately advanced to \$15 and \$16.

Japan and other Oriental countries also are experiencing building booms, and virtually all the Asiatic lumber markets are displaying distinctly bullish tendencies. This is considered another factor favoring the establishment of the high rate for carrying lumber.

**VESSEL CHARTERED FOR MOVIE DRAMA**

The American barquentine Olympic has been chartered by the Famous Players-Lasky Company for two months. The vessel will be used in the production of motion pictures.

## IN PORT TO-DAY FROM FAR EAST

O. S. K. LINER HAWAII MARU

## Hull of Arizona Badly Holed by Contact With Reef

### All Serious Damage Is Confined to Starboard Side Aft; Punctured Tanks Allow Fuel Oil to Leak Into Dock Causing Problem.

Survey of the freighter Arizona in the Esquimalt drydock this morning disclosed that the vessel had sustained serious damage when she struck on Kellett Bluff. It is conservatively estimated that at least ten bottom plates will have to be renewed and a number of frames straightened, and the tank tops have been set up. All the damage is confined to the starboard side well abaft the engine-room and extends to the twin propellers, the blades of which have been twisted by impact with the reefs.

Two large holes, one of sufficient size to permit a man to crawl through, have been ripped through the steel plates at the starboard bilge; three other smaller holes are located further aft and nearer the keel and two keel plates are damaged.

**Tanks Punctured.**  
The after tanks were punctured and fuel oil is still leaking into the drydock, the bed of which is flooded with the thick black liquid. The escape of fuel oil into the dock left the ship liable to a penalty of \$1,000 and a certified cheque covering that amount was turned over to the dock superintendent before the vessel entered the graving basin. A notice posted in the dockyard announces the forfeiture of the sum posted in the event of fuel oil escaping into the dock. The case of the Arizona is recognized as an exceptional one as the ship was in grave danger of sinking as she swung at her mooring in the harbor awaiting her turn in drydock.

**Wading in Oil.**  
The escape of fuel oil from the Arizona's tanks has created a terrible mess in the bottom of the drydock. At the sea end there is a foot or so of the pungent and sticky mixture, making it exceedingly difficult for the surveyors to get at the damage. Workmen were wading about in it in gum boots, others had various parts of their anatomy covered with the liquid adhesive and the dock and its approaches were plastered with the fuel.

**Pumping Liquid Out.**  
In an effort to clear the dock of the fuel oil a steam pump was in operation and by this method the thick liquid was pumped from the bottom of the dock into a scum-moored off the dock gates.

The oil floats on the surface, but it was necessary to pump both oil and water. The bottom of the dock presented a filthy spectacle and it will prove a costly job to remove the oil coating from the granite facings. The dripping fuel oil will make the repair job an unpleasant one and much more expensive one than would otherwise be the case.

**Oil Floating in Harbor.**  
The Department of Marine and harbor officials displayed concern this morning over the condition of the harbor at Esquimalt as a result of the oil leakage. The harbor is covered with floating oil and it is feared that the floating buoys and aids to navigation will become coated with the floating oil.

In view of the state of the ship and the dock from the escaping fuel oil there is every indication that the repair contract will be awarded here. The specifications are now being prepared and it is expected that the repair job will be awarded within the next few days.

**Capt. Curtis Here.**  
Capt. Libbeus Curtis, of the Marine survey firm of Pillsbury & Curtis, San Francisco, arrived in Victoria to-day to survey the damage caused to the Arizona.

Owing to the accident to the Arizona, the steamship Alaskan has been placed on the Arizona's route, and has been dispatched from Seattle to Vancouver to load cargo.

## SHIP STRANDING ENDED IN SCRAP

The members of the crew of the Arizona, now in the Esquimalt drydock, sought a warrant to-day for the arrest of the first mate, H. Tobish. An information, however, was granted, charging Tobish with assault. The incident followed an argument on board in which one of the quartermasters who had been at the wheel when the ship struck a reef was badly beaten up. Chief Dawley of the Esquimalt force induced the delinquents to remain peaceful, and bring any dispute they had to court.

## OUTGOING MAILS ON PACIFIC ROUTE

**China and Japan.**  
Ixion—Mails close—October 7, 8 a. m.—due Yokohama—October 22; due Hongkong November 3.  
Fushimi—Mails close—October 7, 4 p. m.; due Yokohama October 21; due Hongkong November 5.  
Empress of Asia—Mails close—October 13; due Yokohama October 24; due Hongkong November 3.  
Wenatchee—Mails close—October 15, 4 p. m.; due Yokohama October 27; due Hongkong November 6.  
Empress of Japan—Mails close—October 22; due Yokohama November 5; due Hongkong November 13.  
Hawaii Maru—Mails close—October 25, 4 p. m.; due Yokohama, November 29.  
Katori Maru—Mails close—October 28, 4 p. m.; due November 12; due Hongkong November 26.  
**Australia and New Zealand.**  
Makura, October 8, noon; direct. Tahiti October 25, 4 p. m., via San Francisco.

## BARQUENTINE TOLMIE TO START LOADING

The H. R. McMillan company will shortly put on berth at Vancouver the Victoria-built four-masted barquentine Simon F. Tolmie, which has been fixed to load lumber for the Orient.

## MANY CHINESE LEFT BY IXION

After embarking 350 Chinese steerage passengers here this forenoon, the Blue Funnel liner Ixion got away for the Orient. The Ixion took out a capacity cargo.

Inbound from the Orient, the Blue Funnel liner Talithybus is expected to arrive here on Monday.

## OPEN TENDERS ON CANADIAN IMPORTER

At 4 o'clock this afternoon tenders will be opened by Capt. W. B. Finglass, marine superintendent for the Canadian Government Merchant Marine, and the contract later awarded for repairs to the steamship Canadian Importer. The engines will need a thorough overhaul, and repairs will be necessary to the "fidley" top, damaged by the bonfire maintained to attract attention when the vessel was drifting helplessly at sea.

## PORT AUTHORITIES TO MEET SHORTLY

## Both American and Pacific Coast Bodies Arrange Conventions

The American Association of Port Authorities, whose annual gathering will commence in Seattle on Tuesday, comprises all the chief ports of the United States and Canada, and usually representatives of several foreign countries attend. Under these circumstances direct representation of Victoria, and an invitation to the delegates to pay a brief visit here will be greatly valued.

The purpose of the association is to exchange information relative to port construction, maintenance, operation, organization, financing and management, and to formulate recommendations regarding various matters; also to encourage waterborne transportation and industrial development and to promote city, state and national publicity of all port affairs.

## FUSHIMI MARU IS CLEARING OUTWARD

## Big N.Y.K. Liner Taking Out Good List of Passengers For Orient

The Nippon Yusen Kaisha liner Fushimi Maru, Capt. H. Shimidzu, left Seattle at 10 o'clock this morning for this port, and will clear from the Outer Docks late this afternoon on her return voyage to the Orient. The ship is taking out a good list of passengers and a capacity cargo.

Among those booked outward in the Fushimi's first cabin is S. Nakase, formerly assistant manager of the Seattle office of the company and his family. Mr. Nakase spent three and a half years in Seattle, and for the past year and a half has been in New York. Having been five years away from the home office he is returning on a vacation and then reassignment. S. Tomimaga of the London, England office of the N. Y. K. is also returning to Japan.

Miss Ethel Chandler, daughter of H. J. Chandler, general agent for the Chicago, Milwaukee & St. Paul Railway at St. Paul, is also to be a passenger by the Fushimi, being en route to Shanghai to visit a brother there.

J. C. Vint of Seattle, who only recently returned from London, is from there proposes to go to Harbin, Manchuria. Rev. Thomas Barclay, a missionary, is en route from London to Formosa. Dr. J. S. Sartre, wife and daughter, of Chicago, are also booked by the Fushimi.

James Carle, George Morgan and H. Peterson, the latter accompanied by his wife, form a party of engineers booked for China.

Miss Celeste J. Miller, a wealthy young American woman, who has made several trips to the Orient, is also among the passengers to sail by the Fushimi. S. Q. Hayes and daughter, Helen, are booked for Manila by this vessel.

A ten minutes struggle in writing a want ad, and you will sell that property just as sure as taxes. Phone 1090, Times Adv. Dept.

MARKET CROWDED; FEED FLUCTUATION MUST BE ENLARGED STOCKS UNRESTED IN WALL STREET

Use Present Fire Hall, Market Head Urges

Announcing that the Victoria Public Market is crowded to capacity and that recent applicants for stalls have been turned away, Alderman Robert Dinadale, Chairman of the Civic Market Committee, declared today that the Headquarters Fire Hall must be made part of the market next year.

"The market is absolutely filled now," Alderman Dinadale stated. "At the present time the Market Committee has in its hands applications for stall room from 34 different persons and has been unable to grant any of them. This, of course, is a serious state of affairs as the growth of the market should certainly be encouraged. It is one of the most profitable and useful of the city's institutions and the restriction of its development and operation is serious from the standpoint of the corporation and the public."

"The only logical and sensible way to extend the market is to take in the Main Fire Hall. I endeavored recently to get the Fire Department to allow the market a small amount of space but I was informed that the Department needed every inch of it. The only thing to do is to build a new and modern fire hall in place of the present antiquated one and use the present hall as part of the market."

"I propose that the new hall be built on the site of the present Yates Street pumping station—a central location in every way suitable. This would enable us to close up the Yates Street hall and would make the Department much more efficient in every way. That this move is necessary is proved by the continual growth of the market and the present condition in which we find ourselves—unable to allow legitimate enterprises an opportunity to sell to the public."

MAN CHOKED TO DEATH ON APPLE

Hamilton, Ont., Oct. 7.—John Branton, twenty-two, while at the home of a friend yesterday choked to death on a piece of apple.

Hamilton, Ont., Oct. 7.—John Hoffman, twenty-five, a farmer, died last night of a bullet wound accidentally self-inflicted. Hoffman, while hunting rabbits at dawn on a stump and rested the rifle between his knees pointing toward his abdomen. In some way the gun was discharged. He was a returned soldier.

Numerous Changes Are Registered in Wholesale List

For practically two months a list of wholesale prices has prevailed throughout the feed market and with the exception of a few stationary changes the market has been stationary. But once again the quotations produce an encouraging outlook, with numerous variations, which illustrate a fluctuation in the majority of products with only one commodity to advance in price, and as this product is used very little, the effect on the feed market will not be felt. The downward trend of the feed prices might be put down to the completion of harvesting. The hay this year has produced a bumper crop of excellent quality and a bumper crop of alfalfa hay, while wheat and alfalfa hay, while wheat has advanced the price to \$63, which gives a margin of \$2.00 over the old price. Fish prices remain about the same except for whole red salmon, which sell at 15c per pound and two for 25c. Whole codfish dropped two cents, while fillets are being picked up by the consumer at 15c straight in place of the former quotation, which read two for 25c.

"The only logical and sensible way to extend the market is to take in the Main Fire Hall. I endeavored recently to get the Fire Department to allow the market a small amount of space but I was informed that the Department needed every inch of it. The only thing to do is to build a new and modern fire hall in place of the present antiquated one and use the present hall as part of the market."

Financial News

STOCKS UNEASY IN WALL STREET

New York, Oct. 7.—The stock market showed little change at the close today and except in a few instances where selling prevailed little change was recorded. Chandler Motors and Mexican Petroleum were the features when heavy pressure brought to bear on these issues. No special news.

TO-DAY'S EXCHANGE

(Burdick Bros., Limited.) New York sterling, \$378.6. Canadian sterling, \$4.17. New York funds, 10 per cent. New York silver, foreign, 70-3c. London bar silver, 41-7c.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, Oct. 7.—The earlier strength on the local wheat market was not sustained today, although the price was steady during the day. There was not sufficient to hold the pressure of holding sales. The close was 1 1/2 to 1 3/4 lower. There was a fair demand for cash wheat at unchanged prices. Offerings of No. 1 Northern were fairly plentiful, but No. 2 and 3 Northern were light. On the future, coarse grades were all fractionally lower, barley 1/4 higher, flax 3/4 to 1/2 higher and rye 1/2 to 1/4 lower. Connections totalled 1,245 cars, of which 973 were contract wheat.

Table with columns: High, Low, Close. Lists various commodities like Wheat, Barley, Flax, Rye, etc.

SELLING CONTINUES IN CHICAGO GRAINS

The bullish feeling created by the large export sales reported yesterday was wiped after the first hour of trading when influential selling made its appearance and continued without abatement right up to the close. Late in the session feelings of extreme pessimism were prevalent and although there was evidence of further export business being done, the demand will prove permanent. It was estimated that the bulk of the buying was merely to fill ocean tonnage. Buying of this sort has been in progress from time to time for some time. It is believed that the bulk of the buying was merely to fill ocean tonnage. Buying of this sort has been in progress from time to time for some time. It is believed that the bulk of the buying was merely to fill ocean tonnage.

FIRE PREVENTION WEEK TO BEGIN

Proclamation Sets Next Week for Preventive Measures

On Sunday, by the proclamation of the Governor-General, Fire Prevention Week will begin.

His Excellency makes the following recommendations: "That at some time during that week as may be found most practicable: 1. All dwellings and their surroundings be carefully inspected by their occupants and all conditions likely to cause or promote the spread of fires removed.

2. All public buildings, stores, warehouses and factories be inspected and cleaned of rubbish in order to reduce fire hazards and maintain health and safety.

3. All hotels, theatres, asylums, hospitals and other institutional buildings be inspected and provision made for all changes necessary to protect the occupants from danger in the event of fire.

4. Fire drills be held for the children in all schools, for the inmates of all institutions and for the employees in all large stores and factories in order that a greater degree of safety may be ensured by acquainting the occupants with the best and most expeditious mode of exit in time of danger.

5. Special instruction on the subject of fire prevention be given by the teachers and by municipal officials in the schools, and that such appropriate literature as may be made available be distributed to the pupils.

6. Boy Scout leaders give instructions to the troops under their control as to the best means of co-operating with municipal fire departments in the prevention and extinguishment of fires and especially as to the desirability of qualifying for the fireman's badge.

7. Operators of lumber camps, settlements, campers, hunters and others who may from time to time enter our national parks and forest areas acquaint themselves with all laws, regulations and precautionary rules

OPponents OF CAMPAIGN FOR

Case Against Loss of Presbyterian Identity Stated

Permanent Organization is Set Up Here

A meeting of the Presbyterian Church Association was held in the Orange Hall last night with the Rev. Joseph McCoy in the chair. The meeting was well attended. The Rev. Dr. Leslie Clay, who presided, stated that the meeting was called for the purpose of discussion on the question of organic union of the Protestant churches. The Association stands against organic union in any form, being for the retention of the Presbyterian service and creed in their original form.

Statement of Case. The Rev. Dr. Leslie Clay gave the main address of the evening being a rehearsal of the organic union proposals that have been heard in the General Assembly since the year 1911. He stated: "In introducing his resolution, the speaker stated that the movement on the part of the Association and its supporters for the preservation of the Presbyterian Church was not begun in malice or ill feeling, but was a branch of the Christian Church, for all were of the one great faith of Christ, but was without pride or malice to preserve the faith of their fathers."

The first definite proposal for organic union came to the general assembly of Canada in 1904, stated the speaker, being a proposal from the Methodist Church for organic union of both bodies. A union committee was formed by the General Assembly, which reported to the assembly one year later, in 1905. The report of this committee contained a condition that had since been broken, a statement from the late Dr. Warden that "It is universally recognized the union of the churches to be everlasting, must have the consent of the entire membership of those churches."

"The Bedrock Promise." In 1907, continued Dr. Clay, it was decided that the consent of the people would be tested. This must be a people movement from start to finish, said the speaker, and the consent of the entire church membership was a bedrock promise. The vote of the people was taken in 1911, being reported to the General Assembly one year later. Only 37 per cent. voted in favor of organic union and 15 per cent. as opposed to the union at that time. The vote was 106,700 for and 48,278 against, and that was in 1912. "Or a little more than half the people voted, and of these one-third voted in opposition," continued the speaker.

A Strong Minority. In spite of resolutions to bring about union, the Assembly at Edmonton in 1912 decided that it would be unwise to proceed with the suggested union until a practically unanimous decision had been secured from the people of the church. It was held, continued Dr. Clay, that 48,000 would be too large a minority to disregard, when the promise of entire consent had been given. The vote taken in 1915, stated the speaker, and the voting was 106,500 for union, or two or three hundred less than the first vote, while 49,915 voted against, a gain of 22,000 for those opposing the union. The voting of the entire membership had not yet been accomplished, and of those that did vote, 60 were in favor and 40 against. In breaking the promise of entire consent, the Assembly passed a resolution that "in accordance with the recommendations of the union committee we do hereby resolve to unite with the other members of the Christian church."

The Position of 1917. "You will understand that those of us who attended the general assembly that year went away with a very different opinion of the General Assembly of the Presbyterian Church in Canada," continued Dr. Clay, "the resolution also went on to authorize the legal advisers of the assembly to proceed with the necessary steps to effect the organic union of the churches named in Canada. I shall never forget the assembly of 1917. There was the resolution for union of the union committee, an amendment of the minority group, of which I was a member, and a second amendment referring all to a special committee."

"As a result of the report of the special committee, after we had thrashed it out all day, the assembly decided that it would be unwise to go to the assembly and report no recommendation of any nature whatsoever, but put the whole question up to the assembly. It was a very moderate resolution in favor of union was brought in, and an amendment at once offered that no steps be taken without a clear mandate from the people of the entire church. The amendment lost and the motion carried, showing the confidence of the people in our way of thinking. The whole effort of the 1917 assembly was tended to make the people feel that union was not really a very im-

WIFE TAKES HUSBAND'S ADVICE

And Is Made Well Again by Lydia E. Pinkham's Vegetable Compound

Springfield, Mass.—"The doctors told my husband that I had to have an operation, otherwise I would be a sickly woman and could not have any more children on account of my weakened condition. I refused to have the operation. My husband asked me to try Lydia E. Pinkham's Vegetable Compound. For the first four months I could do but little work, had to lie down most of the time, and was very nervous, but my husband was always reminding me to take the Vegetable Compound, which I did. Of my eight children this last one was the easiest birth of all and I am the happiest mother of them all. I recommend it to my friends when I hear them complaining about their ills."—Mrs. M. Natalie, 72 Fremont St., Springfield, Mass.

Sickly, ailing women make unhappy homes, and after reading Mrs. Dr. Leslie Clay, Rev. Dr. McCoy, Rev. Daniel Walker, Rev. Joseph McCoy, Rev. E. McQueen, treasurer W. H. McDonald, secretary Miss N. Maclean. An executive committee was also formed consisting of Messrs. Coombs, McQueen, McCandlish, Davidson, Muir, Douglas, Angus, and Mrs. Gillespie. The Association was formed at a recent meeting, and the purpose of last night's session was to put the association upon a permanent basis.

Officers Chosen. The election of permanent officers followed with W. A. Jameson being chosen president, vice-presidents, Rev. Dr. Leslie Clay, Rev. Dr. McCoy, Rev. Daniel Walker, Rev. Joseph McCoy, Rev. E. McQueen, treasurer W. H. McDonald, secretary Miss N. Maclean. An executive committee was also formed consisting of Messrs. Coombs, McQueen, McCandlish, Davidson, Muir, Douglas, Angus, and Mrs. Gillespie. The Association was formed at a recent meeting, and the purpose of last night's session was to put the association upon a permanent basis.

Waterworks By-law Finally Passed; Tenders for Pipe Invited. The Saanich Council last night finally and unanimously passed the waterworks extension by-law approved by the ratepayers on Saturday last, after Clerk Cowper had, in his capacity of Returning Officer, reported endorsement by a vote of 819 to 418. Refund to the Gordon Head Water Committee of their guarantee deposit of \$200 was also authorized.

YOUNG PEOPLE'S DEPT. TO CONDUCT MOCK PARLIAMENT

On Wednesday evening the Young People's Department of the First Presbyterian Church held a most successful meeting in the church hall. There were over seventy-five present. Mr. W. Hudson, the president of the Young People's Department presided. The meeting opened with the singing of the well-known hymn "Count Your Blessings," after which prayer was led by Mr. S. Anderson, assistant superintendent of the Sabbath School.

Miss Eva Dixon read a paper on a devotional topic. The next part of the programme consisted of the opening of "Parliament." It has been decided to hold this Parliament every two weeks, and various bills will be brought up for discussion there. Mr. F. Bartholomew acted as Lieutenant-Governor and was escorted in by Mr. R. Hunter, who was Sergeant-at-Arms. The speech from the Throne was read and replied to by Mr. Archie McKinnon. Mr. Bill Hudson acted as Speaker and the meeting at arms was shown throughout the various proceedings.

Mr. Aubone Hoyle has been nominated as Prime Minister. Mr. Jack Macrae as Clerk of Session. Miss Doris Morley as Provincial Secretary. Miss Evelyn Smith as Government Whip. Miss Mary McKinnon will lead the Opposition and the other members will be nominated at an early date. Each member of the Young People's Department will represent a constituency of B. C. and during the coming winter a very interesting and profitable time is anticipated. This Parliament will be conducted as far as possible along parliamentary lines, and the Young People will no doubt learn a good deal about the procedure of the various sessions.

WOMAN BURNS TO DEATH IN HOME

Shocking Tragedy Takes Life of Mrs. Percy Hillis

A shocking tragedy took place at the home of Percy D. Hillis, Granville Road, Strawberry Vale, yesterday, slightly after nine o'clock, when Mrs. Hillis, his wife, was burned to death in the kitchen of the residence before aid could be brought to her assistance.

Herman Williams a boy working in a field some 200 yards distant from the residence, heard screams and ran to the house to find the kitchen in flames, and Mrs. Hillis lying on the floor behind the kitchen door, apparently already dead, from the effects of burning. Her clothes were charred and her body was charred and blackened. The kitchen was still blazing, and took the united efforts of the Saanich police and some neighbors to extinguish.

After the fire had been put out it was found that Mrs. Hillis had apparently been cooking over a wood fire in the stove. There was food on the stove at the time, and a coal oil can beside the stove. It is thought that the unfortunate victim had carelessly poured oil on to the wood in the range to quicken the fire, and in so doing set light to her clothing. Her dress and blouse were so badly burned that any aid could be rendered, her terrible burns caused her death.

Mr. Hillis was in the city on business at the time of the tragedy. His children were at school. The late Mrs. Hillis was 43 years of age and very highly esteemed by her neighbors and friends. The body was removed to Sands Funeral Establishment for burial. Coroner E. C. Hart was notified, and decided that an inquest would not be necessary.

SAANICH CALLS FOR BIDS FOR MATERIAL

Waterworks By-law Finally Passed; Tenders for Pipe Invited. The Saanich Council last night finally and unanimously passed the waterworks extension by-law approved by the ratepayers on Saturday last, after Clerk Cowper had, in his capacity of Returning Officer, reported endorsement by a vote of 819 to 418. Refund to the Gordon Head Water Committee of their guarantee deposit of \$200 was also authorized.

Plans are rapidly maturing for the forty-fifth annual meeting of the American Humane Association, which will take place in Philadelphia, beginning Monday, October 17, and continuing through Thursday, October 20. Headquarters will be established at the Majestic Hotel, where most of the sessions of the convention will meet. The first two days will be given to animal work, the last two to children's work.

NEWS AND NOTES OF THE MINES

Independence Mine. The Fitzgerald brothers are well pleased with the results of the season's work on their Independence group on Bear River at Goose Creek, says The Portland Canal News. The tunnel, driven in on the big lead at the 1,899-foot level, is in a full face of good concentrating ore, at a lateral depth of twenty-two feet. This ore is not high grade, but contains values which make it a milling proposition, especially when the enormous size and extent of the ore body is taken into consideration. The outcrop has been traced as far as the 1,590-foot level.

Bayonne Camp.

Very important mining operations have commenced in the Bayonne through reorganization of the Bayonne Gold Mining Company and the inclusion of a number of Washington financial men in the company, says The Nelson News. James Grant, the veteran prospector, returning from a trip into the Bayonne country on Saturday, reported the Bayonne company is now in great haste to complete preliminary work on the mine all through the winter. A permanent new camp with bunkhouses completed has been packed in to the mine and camp, and ten tons more are en route. Development work is being carried on under the direction of the brothers H. and B. Sharpe. A crosscut is being driven to tap the ore body at the 760-foot depth, the working face working
