(O) RESULTS: (For all hits claimed on ship targets and for land targets of special interest, draw diagram, top or side view or both, as appropriate, showing type and location of hits. For all targets give location and effect of hits, and identify by numbers above. Use additional sheets if necessary).

1 - CARCH cadesed flight to fire recipits and drop bombs in general area of building along a road. All the bombs and recipits hit the area and the buildings were observed to be wrecked after the attack.

(p) Were Photographs Taken? Photographs of Damage, When Taken, Should Be Attached By Staple.
