

MORE LIGHT FLASHED ON THE SCHOOL BOARD

Many persons are inquiring whether in the event of the defeat of the school loan the State authorities or the board of directors would have the power to provide proper school facilities at the expense of tax payers.

In last week's issue of "Our Town" it was pointed out that the school code provided that the State superintendent would have power to declare our annual State appropriation forfeited, but neither he nor any other State official is given express power to take any affirmative action to provide that which we have failed to provide. While other sections of the code which were quoted last week gives our school directors full power to raise all necessary funds for such purpose, and to any extent so long as the indebtedness is not increased beyond seven per centum of the assessed valuation of property in the school district, yet this provision must necessarily be read in connection with the limitation in Article 9, Section 8 of the Constitution of Pennsylvania, which provides that no municipality or school district shall increase its indebtedness to an amount exceeding two per centum of the assessed valuation of property, and insofar as the school code attempts to bestow larger powers on the school board it would seem to be unconstitutional. The only alternative of the school board would be to devise some method of providing necessary facilities by paying for them out of current taxes or income, thus avoiding an increase of indebtedness. Of course, to carry out such a plan would mean an enormous increase of taxes for a few years, and also that we would be obliged to pay within that period of time the full cost, which would, under a bond issue, be distributed over a period of thirty years.

We believe that every citizen who gives this question serious thought must realize the importance of good schools to our community. In fact, we cannot conceive of any logical argument which can be made against this view, and we are glad to say that as far as we know none has been attempted. There has, however, been considerable objection raised to the erection of a new building on the present site of the old, the contention being that a building for the primary grades should be more centrally located.

Board of Education

Concerning the Board of Education, the proposed loan and the projected playground: A is one of our citizens and B is another (I use letters because individuals are not involved, as I view the matter, except incidentally). Here's what actually happened here in Narberth within the last ten days. I met A and said: "How about this school loan and the playground?" This was his reply: "It's the height of folly; there is absolutely no need for it!"

Councils Appoint Efficiency Committee

At a recent meeting of Councils a committee was appointed to investigate and determine whether the department of local government requiring the greater expenditure of public funds, as, for instance, the Highway Department, can be operated more efficiently and economically. This action is in line with up-to-date business methods and shows that our Councilmen are earnestly endeavoring to give us full value for our money. How different this is from the method adopted by public officials in certain other parts of this commonwealth.

The committee is composed of the following persons: Charles Humphreys, Geo. M. Henry and Robert G. Sgwill.

Later I met B and put the same question to him. This was his reply: "It's a splendid idea; practically all the advanced educators endorse the playground; it is an integral part of the best of the newest educational systems." Both men were equally sincere, but both can't be right. Meanwhile, election is drawing nearer.

Last year the school loan was defeated, but I don't believe twenty-five per cent. of the citizens who voted against the loan were really opposed to additional and improved school facilities.

There was a time—not more than a hundred years ago, too—when the people of Philadelphia had to fight for public schools, but it is reasonable to suppose that practically everyone in Narberth is in favor of everything that will make for the better education of the children—if they are thoroughly acquainted with conditions!

Heretofore there has been no regular and dependable means of communication between the Board of Education and the citizens, but now that we have a weekly paper I should like to see the board use publication whenever it contemplates any new project.

A playground is either right or wrong; it is needed or it isn't needed. Those who are advocating it surely have their reasons; they have studied the subject and must certainly know now and why it is going to benefit the children.

I don't believe Narberth folks are so arbitrary that they will refuse to listen to reason, or that they will cut off their noses to spite their faces when the welfare of their children is at stake.

A statement from the Board of Education on this subject is due the voters of Narberth, and, I believe, will be generally appreciated.

E. A. MUSCHAMP.

A Correction

At a meeting of voters held at the house of Mr. Verna it was noticed that the resolution of the School Board as outlined on the second page of the first issue of "Our Town" omitted to state that if the new school loan was passed that the new school building would be erected on the grounds now owned by the present school.

The editor replies that the resolution as printed was furnished by the School Board.

Our Voters' Predicament

It seems unfortunate for all concerned that the form in which the new school loan is presented will necessitate many citizens voting against it, even though opposed to neither the loan or the School Board, but seriously questioning the wisdom of new buildings, at the present seemingly unsuitable location.

Park Committee Appointed

The vote of the subscribers to lots in the park development resulted in the election of Messrs. James Artman, Augustus J. Loos and John B. Williams, as members of the Park Development Committee. The committee chosen by the Board of Directors of the Civic Association are: William E. Smedley, Fletcher W. Stites and George M. Henry, and these six members at a recent meeting, chose J. Berg Esenwein as the seventh member necessary to make up the full committee.

This committee, it will be remembered, is to have general charge of all park improvements "subject to the approval of the directors" of the Civic Association.

A NEW KIND OF A NARBERTH CHRISTMAS COMING

A new kind of Christmas is coming to many Narberth homes this year—to the homes of those of our folks who do what they can to bring joy, yes, and comfort, to the little children of war-torn Europe.

When the big ship sails from America, along about the first of November, there will be many Narberth packages stowed away in the hold. Already a number of our citizens have sent contributions; many others are planning to follow suit. Why shouldn't every Narberth home be represented?

Address your package to The Child Federation, Christmas Ship Receiving Station, City Hall Courtyard, Philadelphia, and give it to some member of your family with instructions to "leave it" on the way from Broad Street Station. Money contributions in checks should be made payable to J. Earnest Richards, treasurer of The Christmas Ship Fund of The Child Federation, Care The West End Trust Company.

All gifts should be in the hands of The Child Federation by October 28.

If the "made in America" idea appeals to you why not make it a "Merry Christmas—Made in America" for the little boys and girls of Belgium, Germany, France, Austria and England! Santa Claus is just as dear to the hearts of those children as it is to our own little folks. It is right that the

children of Narberth should be made happy on Christmas morning; it is right that we should help the children of Philadelphia and other localities in our own country whose parents cannot afford to buy them gifts, but it isn't going to "break us" if we send some little things along to those children over the seas. They are not to blame for the follies of the fathers and big brothers or the lusts of their rulers, and they shouldn't be punished.

It will be a better and brighter Christmas for each of us if we do what we can for the children of Europe. If you doubt this make an experiment. Send one inexpensive gift—a garment or a toy—to The Christmas Ship, and on Christmas morning, as the shouts and laughter of your own little folks rings through the house, listen! Not with your ears, but with your heart. Faintly there will come to you from some humble, perhaps bomb-shattered dwelling in one of those far-away countries, the music of another child's laughter. The words of joy and exclamation will not be in English, probably, but you will understand; you will know that the experiment has been worth your while; you'll enjoy such a Christmas as you have never had before; you'll glimpse the real spirit of Christmas-yet-to-come—the kind of Christmas that will some day girdle the globe.

A COMMUNITY NEED AND ONE WAY OUT

There is no greater need awaiting to be supplied in Narberth than the establishment of a reliable medium of communication between its citizens and the organized activities which represent them.

There have been two recent attempts on the part of individuals to perform this public service on a commercial basis. The field proving too small in which to publish a well-conducted paper, other than at a loss, both these enterprising individuals felt it wise to discontinue their efforts.

The Narberth Civic Association begins with this issue of OUR TOWN an experiment in co-operative journalism—and believes that this effort points the one way out—for a community situated as is Narberth to enjoying the benefits of a good local newspaper.

The Association proposes to give Narberth a weekly newspaper of merit. The editorial, reportorial and business staffs as well as the special contributors are all volunteer workers, many of them of wide experience in the publishing field.

The services of all these workers could not be paid for by Narberth—on a salary basis. And Narberth cannot hope to command their time and talent for long unless it pays their price—which is, in this instance, LOYAL SUPPORT.

These volunteer workers (really commandeered workers) promise a real newspaper, fitted to the needs of the community. In return for this the business houses serving the community should pledge their co-operation by using the columns of OUR TOWN in which to advertise their wares and service. It will be profitable for them to do so. The citizens who compose the community should guarantee their support by subscribing to OUR TOWN and by reading the really worth-while contributions that will appear in the editorial and news columns and the business news that will be in the advertising columns. It will be time profitably employed.

The coupon below gives each citizen an opportunity to pledge his support to OUR TOWN—the wise merchant will seek his opportunity.

First Edition Exhausted—Several Two-Year Subscriptions

The first edition of Our Town (700 copies) was entirely exhausted early Saturday, and many persons had to go without the extra copies, which they tried to obtain to send away to friends. We suggest that hereafter, when extra copies are desired, they be ordered in advance of one of these two news dealers—Mr. Davis or "Charlie."

Subscriptions were received immediately after distribution of our initial number (without solicitation), several citizens expressing their faith in the longevity of Our Town by subscribing for two years in advance. Have you subscribed for one year? If not, fill out the above coupon, and mail it tonight.

Three Month's Work of Rev. Cnris G. Koppel

During the present pastorage of three months we have made exceptional progress. Thirty-one have been added to the church membership. Of these, 11 were received by profession of faith, and 20 by letter. With the exception of 4 boys and girls the new members are adults. The congregations are growing steadily, and the members say they are the largest in the history of the church. During the summer the parsonage and church were renovated and repaired, the lawns regraded, new electric lamps installed, etc., at a cost of \$275.00.

Some of the features of our services are the large number of young men and young women in the congregation, and the singing of the newly organized chorus choir, of 24 voices, under the efficient leadership of Mrs. David D. Stickney. A popular song service precedes the Sunday evening services.

The growth of the Sunday school has been remarkable, having received 51 new scholars in the primary and intermediate departments. The attendance has reached 100, double that of any previous period in the school's history. This has necessitated the election of four new teachers, two primary assistants, a librarian, a cradle roll department, and a chorister. Also the providing of new equipment such as new chairs and literature, also the purchasing of a supply of the new Methodist Sunday school hymnals. One of the encouraging and promising classes is that called the Young Men's Bible Class which has been started and organized. The class now has 18 young men enrolled, who are making themselves useful in the Young People's Society and doing the ushering in the church.

CHURCH NEWS
Baptist Church
A special meeting of the Farther Lights was held Monday afternoon, at the home of Miss Mazie Simpson, in preparation for a coming event of considerable interest.
The Ushers' Association met with a large attendance at the home of Mr. W. P. Wemmer, Grove Place, Monday evening. The speaker was Mr. C. Oscar Beasley, Esq., Philadelphia, on the Historical Aspects of the Present War.

The Ushers' Association is an active organization of men of the Baptist congregation who meet for mutual social betterment, and who seek to provide for the comfort of the congregation. It issues a weekly calendar of church services and notices. The meetings are held on the third Monday of each month at the home of some member. Civic as well as moral and religious matters are considered at the business session, a speaker on some live topic of the day is heard, and a social hour follows.

A young people's meeting of genuine worth was held Sunday evening. The solo was excellent and the talk by Professor W. T. Melchior was well received. The young people will hold a union service next Sunday evening. All the young people of Narberth are invited. We expect a speaker from Scranton to be present.

The monthly union meeting will be held at 7.45 P. M. We will have four speakers, converts of the Billy Sunday revival at Scranton. There is every indication that this will be a notable service. Everyone is invited.

Subject of the pastor's sermon next Sunday morning is "Christ the Word." Men and women are especially urged to attend the Bible-school classes for them next Sunday at 10 A. M.

All Saints' Church
Sunday services at All Saints' Church, corner Montgomery and Wynnewood avenues, are as follows: 8 A. M., the Holy Communion; 9.45 A. M., the Sunday-school; 11 A. M., morning prayer and sermon; 4 P. M., evening prayer.

There will be a second celebration of the Holy Communion on the first Sunday of next month, at 11 o'clock.
