TRAFFIC OFFICER HAS LITTLE REST IN EAGLE ROCK

Two Motorists Are Caught Racing Through City Early This Morning

This was one of the busy mornings for Traffic Officer McMahon of Eagle Rock. Six o'clock found him running neck and neck on his motorcycle with the drivers of two Fords who came into Eagle Rock by way of Pasadena, and who endeavored to beat each other out of the city. McMahon finally overhauled them at the intersection of Colorado boulevard and Central avenue and requested their appearance in court. They were said to have been going thirty-eight miles an hour. Another Ford driver went up Colorado boulevard toward Glendale at 8 o'clock at a pace rather too fast for the safety of the driver or others. He was overtaken at Broadway and Colorado and asked to report. The driver of another Ford who persisted in driving on the wrong side of the street, was overtaken near Townsend and Colorado. He will also explain to Judge Cruzan.

Japan Art & Tea Store Gives Prizes

T. Kuranaga, manager of the Japan Art & Tea Store on South Brand boulevard, was host last night at the Chamber of Commerce hall, where he awarded grand prizes.

There were two prizes awarded by Mr. Kuranaga, first a \$150 hand-carved Oriental settee, won by Mrs. Frank Allen of 614 South Louise street, and, second, a hand-carved Oriental chair, won by Miss Sheridan of 318 West Patterson avenue. In addition, there were 175 packages donated as booby prizes by the H. Jevne company, the National Elscut company, Chas. & Sandborn Coffee company and Austin Nichols company and thirteen other prizes and candy given by Mr. Kuranaga. Early in the evening Mr. Kuranaga welcomed the guests and thanked his patrons for their interest in his store. His daughter Rose, a pupil at the Pacific Avenue school, gave a dance, costumed as a Japanese doll baby, she also sang in Japanese. She was accompanied by Miss Faye Williams.

SEMI-XMAS GIFT
A Studebaker sedan was the Christmas gift Mrs. R. C. Goudie, Sr., of 324 West Elk street, received from Mr. Goudie.

Eagle Rock Locals POSSIBLY YOU

A public installation of the officers of Eagle Rock Chapter 213 of the Order of Eastern Star will be held at the Masonic temple at 120 South Central avenue on the evening of January 2.

Joseph Manning, a brother of Mrs. Anna Schwemer of 232 North Grand avenue returned Tuesday from a six weeks' pleasure trip through Japan. Mr. Manning reports a very pleasant and instructive tour.

The third contest of the spelling bee at the kindergarten department will be held at Central school next Saturday evening. Next week the winners in three contests will compete for the honors.

Mr. and Mrs. Adolph Mais and Mrs. Mais' sister, Mrs. Anna Brackman of Glendale, and quite recent arrivals from Spokane, were holiday guests of their old-time friend, Mrs. J. C. Brayton of 117 West Hill avenue.

Many business men distributed handsome calendars to their friends the first of the week. Among those entitled to be placed in the "nifty" class were those distributed by the J. B. Brown & Co., realtors.

Rev. J. B. Leedom and wife returned yesterday from Upland where they visited over Christmas with their daughter, Mrs. A. C. Eowland and her husband.

Mr. and Mrs. H. Baly of 151 Eddy avenue had as their holiday guests, Mrs. Baly's brother, Elmer Hyndman of Long Beach.

A. M. Sloane of Oakland, Calif., who, with his family, are visiting in Los Angeles over the holidays with his wife's parents, was in Eagle Rock this morning looking over the field with a view to establishing himself in business and making his permanent home in Eagle Rock.

Mrs. W. C. Cates and daughter of Milford, Utah, were the guests of Mrs. Cates' parents, Rev. and Mrs. J. B. Leedom of 147 South Virginia avenue. They departed for their home Wednesday.

Miss Margaret Stuchwisch of 208 South Sycamore avenue was hostess last night at a very pretty arranged dancing party at which about six couples were present. Miss Stuchwisch, who is a pianist of considerable note, favored her guests with a selection or two during the evening. Refreshments concluded a most enjoyable evening.

Mrs. W. E. Bruce of 157 Rowland avenue, is enjoying a visit from Mrs. Lillian Ryder, who arrived last Sunday from Boston, Mass., and will remain for quite an extensive visit. Mrs. Bruce and Mrs. Ryder are girlhood school mates.

Mr. and Mrs. O. W. Nelson of 152 Ellenwood Drive, and Mr. and Mrs. W. Dickey, attended Wednesday, the funeral of their aunt and cousin, respectively, Mrs. Nannie Brown, whose death occurred in Los Angeles, Sunday, December 24. Funeral services were held at Pierre Bros. chapel in Los Angeles. Interment in Inglewood cemetery. Mrs. Brown was the wife of W. M. Brown of Los Angeles.

The Misses Agnes and Margaret Rasmussen, proprietors of the Eagle Rock Variety store, returned from Modesto Wednesday, having spent a very enjoyable Christmas with their mother, Mrs. J. Rasmussen, in the northern city.

The appearance of the young ladies at their former home was a complete surprise to the other members of the family, as their coming was unexpected.

The girls report a very enjoyable trip and are rather proud of the fact that they made it each way in a day, especially as they have been driving their sedan only a month or two. Previous to this trip they had driven but a little better than 500 miles.

The Christmas party given by the Twentieth Century Woman's club of Eagle Rock to the little tots yesterday afternoon was greatly enjoyed by all present. Mrs. Don Harden of 135 Paloma avenue had charge of the program, which consisted of games, the storytelling and so on. The lawn surrounding the clubhouse was brought into play for a number of out door games. During the afternoon light refreshments were served the guests by their mothers.

Mrs. F. M. Runge, chairman of the committee for the Twentieth Century Woman's club, suggests that anyone who has pink or white roses to donate toward decorating the float for the Pasadena New Year's celebration, should leave them with the Caddell motor company next Sunday, December 31. Any time during the day will do, but not before that time.

W. L. Miller is having a block real estate office erected on his property at 206 East Colorado boulevard.

Auto Turns Turtle, Young Woman Dies

SAN DIEGO, Dec. 28.—Mrs. Ione Barrett, 22 year old wife of Lyman Barrett, was killed early today while driving with A. B. Lightfoot, 40, when their auto turned turtle a few miles south of here.

Lightfoot was placed under arrest charged with driving while intoxicated.

EAGLE ROCK WILL HAVE BIG FLOAT AT PASADENA

Club Women Preparing Plans for Exhibit at Rose Tournament

The Twentieth Century Woman's club of Eagle Rock has taken up the matter of furnishing a float for Eagle Rock in the New Year's Day Rose Carnival parade at Pasadena. They are now soliciting funds and material with that end in view. Mrs. E. M. Runge, chairman of the committee of fifteen that was appointed for the purpose, reported very good progress yesterday. She said the following citizens and firms had signified intention of aiding:

The Caddell Motor company has agreed to furnish a truck for the float. The board of trustees of Eagle Rock have appropriated \$150 for decorations; the Chamber of Commerce, \$5; Security Trust & Savings bank, \$10.

Lumber Is Donated
The Eagle Rock Lumber company has donated the necessary lumber; Claude Bramble, chief of police, has agreed to furnish the green covering for the base of the truck, and Marion F. Ayres will donate his services as a driver.

Considerable expense in the way of labor will be saved through the members of the club donating their services in decorating. A special effort will be made by the committee to create a float that will rank with the best in the big parade. Any assistance given by individuals will be greatly appreciated.

Mrs. Mary Baxter Gives 'Kid Party'

Mrs. Mary Baxter entertained with a "kid party" Wednesday night at her home, 462 Ivy street. Twelve women were present, dressed as kiddies. The evening was spent in games such as the young folks they were masquerading would have played, and a hilarious time was enjoyed by everyone. Prizes given in the chief game, a guessing contest, were won by Mrs. Anderson and Mrs. Dunn, while the prize for "the best looking kid" went to Mrs. Bufkin.

Refreshments of ice cream and cake were served, just as in the days of yore, and the guests departed at a late hour, feeling younger and happier for the unique evening.

Those present were Mrs. Mary Baxter, the hostess, and Mrs. Martha Dunn, Mrs. Alice Bufkin, Mrs. Cella Panzer, Mrs. Loretta Williams, Mrs. Isabel Varliurens, Mrs. Grace Yarbrough, Mrs. Anneta Anderson, Mrs. Maud Larrimore, Miss Edith Kelly, Miss Florence Morey and Miss Gladys Cranel.

Signing Subscribers To Fund for Hotel

Fully fifty per cent of the subscribers to the hotel fund have been signed over on the new drive started yesterday, announces Mrs. M. L. Tight, chairman of the hotel committee of the Glendale Advancement association.

Mrs. Tight feels confident that by the first of the week all old subscribers and a number of new ones will be signed, and matters adjusted so that a hotel at the Glendale avenue and Broadway site will be an assured fact.

C. OF C. WILL GET NEW AUTO SIGNS FOR STREETS

Directors Believe Increased Warnings Will Cut Down Traffic Arrests

If arrests for speeding in the Eagle Rock section do not become less frequent in the near future, it will not be because of a lack of warning, or of an effort on the part of the Eagle Rock Chamber of Commerce in warning autoists that a "speed cop" is patrolling the territory.

At the last meeting of the executive committee of the Chamber of Commerce, its secretary was directed to write the Automobile Club of Southern California, asking that a sign warning motorists be placed at the first turn of the boulevard on East Colorado beyond the Eagle Rock road toward Pasadena.

This action is being taken by the Chamber of Commerce in an effort to reduce the arrests by giving speeders fair warning when entering Eagle Rock.

Mr. and Mrs. Joseph V. Griffin, of 632 West Alexander street, took their three young sons, Jim, Jack and Dan, and the dog, "Rex," for a long motor ride Tuesday, going up the San Fernando road to Chatsworth park and thence to Moor park, where they enjoyed a picnic lunch. Resuming the trip in the afternoon, the party proceeded up the grade and over the Santa Susanna pass to Camarillo, and thence home over the state highway. It was a lovely day and a splendid trip and everybody, even good old "Rex," felt the better for it.

Mr. and Mrs. Thomas A. Wright of 141 North Louise street entertained at dinner in their home on Christmas day Mrs. Wright's cousin and family, Mrs. and Mrs. H. J. and Miss Myrtle Chambers, Mr. Wright's sister-in-law, Mrs. Viola Wright, Mrs. Corey and Mrs. Marriot, all of Glendale.

Mrs. J. S. Walker, 461 West Vine street, is expecting her sisters, Mrs. Charles Crocker, Mrs. Charles Reynolds, and Mrs. George Hunt, all of Boston, Mass., for a visit of two months in Glendale. They will arrive Friday morning. Their brother, S. E. Cushing, 423 Kest Vine street, will also entertain them while they are here.

Mrs. Dora Gibson and her son, James, of 1321 North Maryland avenue, were the Christmas day guests of James' school and army friends and their families, Mr. and Mrs. Louis Leppelman and son, Clement, and Mr. and Mrs. Fred Farner and their son, Jimmie and daughter, Margaret, of Glendale. All three young men were with the 143rd Regiment of Field Artillery in France.

SOCIAL EVENTS

Large Celebration

There was no happier Christmas day celebration than that taking place Monday at the home of Dr. and Mrs. J. D. Camerer at 319 West Garfield avenue. There were nine guests invited to spend Christmas day at the Camerer home and for their entertainment Dr. and Mrs. Camerer had their home most artistically decorated and elaborate plans made for the 2 o'clock dinner.

Christmas bells, arrangements of poinsettias, and pepper boughs decorated the rooms of the Camerer home. The centerpiece of the dinner table was a miniature Christmas tree, bright with tinsel, ornaments and candles.

Places at the table were marked with Christmas cards attached to streamers of ribbon leading to the tiny Christmas tree in the center of the table, where the other ends of the streamers were fastened to gifts for each of the company.

Features of the dinner hour were the two "gift pies," one served before and the other after the final course of the dinner. There were two streamers in each pie for every one present and these streamers led to humorous and real Christmas gifts, the unwrapping of which gave rise to much enjoyment among the guests.

Those enjoying the Camerer's hospitality were Dr. Camerer's aunt, Mrs. Cordelia Augustus of Glendale and her two sons-in-law and daughters, Mr. and Mrs. Fred Pence of Pasadena, and Mr. and Mrs. Joe Rawson of La Habra; Mr. and Mrs. J. W. Stratton, Miss Minnie Tyner and Mrs. Mel Reynolds of Glendale.

The only regrettable part of the day was the absence of Dr. and Mrs. Camerer's son and daughter, Lieut. Commander C. B. Camerer, who were called to Mare Island for six weeks by navy orders and were therefore unable to spend Christmas in Glendale.

At Nielsen Home

The holiday season has been especially enjoyable for Mr. and Mrs. Andres J. Nielsen of 511 North Isabel street for they have had the pleasure of a two weeks' visit from their nephew and niece, Mr. and Mrs. Emil Telmanyi of Hungary. The Telmanyis have spent two weeks at the Nielsen home and left this morning for New York, where they will spend two weeks before sailing for Europe.

Mr. and Mrs. Telmanyi are both artists, Mr. Telmanyi being known in eastern and European musical circles as a promising young violinist, while Mrs. Telmanyi, daughter of the Danish composer, Carl Nielsen of Copenhagen, Denmark, is a portrait painter.

The Telmanyis visited America last year but this was their first visit to California and they expressed themselves as overwhelmed with the grandeur of southern California climate and scenery.

Mr. Telmanyi is booked for concerts in London and Berlin in February of the new year.

In entertainment of their guests Mr. and Mrs. Nielsen were hosts at a Christmas dinner on Monday. Other guests were the sons-in-law and daughter, Mr. and Mrs. M. E. Peterson of Los Angeles.

Four Generations

Four generations were represented at a gathering held at the home of Mr. and Mrs. C. W. Ingledue, 501 East Wilson avenue, on Christmas day. They include, from grandmother down, Mrs. Laura Whitney, Mrs. Ingledue, Mrs. Ellis Thomas and Baby Doris Jean Thomas. Additional guests included Mrs. A. A. Birchfield, Miss Margaret Birchfield, Mrs. S. Voorhies, Mrs. S. H. Fish and Ellis Thomas.

Birthday Party

Only three candles will burn on the birthday cake of R. A. Richards, 625 East Chestnut, at the birthday dinner tonight, for he will be 74 years old and there would not be room for a candle for each year, the cook says. So one candle will be lighted for the past birthdays, one for the present and one for those to come.

Mr. Richards was born in East-on, Pa., but he spent most of his business life in Topeka, Kansas, where he was in real estate business for forty-one years. He came to Glendale three years ago. Helping him celebrate the anniversary this evening will be

Glendale Personals

Mr. and Mrs. W. A. Maxwell of 327 West Harvard street entertain a party of Los Angeles friends for dinner at a Los Angeles hotel last evening.

Mrs. Mabel Judd, 600 East Chestnut street, daughter Miss Grace, and son John of Leland Stanford university, are attending a house party at the island given at the Hamlin and Heppburn cottage.

Mr. and Mrs. G. L. Person, of 2150 Kenneth Road, entertained at a family reunion at their home on Christmas day. A number of the grandchildren were present, among them Miss Laura Mau Person, of San Francisco, Mr. and Mrs. Hillard Gage, of Philadelphia, and Mr. and Mrs. J. Thompson, of Glendale.

Mr. and Mrs. John W. Garver and little son, James Prescott of 925 North Brand boulevard, entertained as week-end guests Mr. and Mrs. R. W. Rishforth of Los Angeles. The Christmas turkey was served at mid-day Sunday, and, in addition to the above guests, there were Mrs. Garver's father, W. N. Read, and her sisters, Misses Charlotte, Clara and Ethel, and Mrs. W. S. Balrd of Minneapolis.

his wife, his son, L. A. Richards and family of 411 South Pacific avenue, and Mr. and Mrs. T. W. Thomas. Mr. and Mrs. Richards have another son, Grant, but as he lives in Portland, Oregon, he will not be present at the family dinner Thursday.

Family Reunion

The home of Mrs. W. G. Watson of 126 North Cedar street was the scene of an enjoyable occasion on Christmas day when more than a score of relatives gathered around the proverbial festive board in their annual family reunion. The guests included Mr. and Mrs. T. W. Watson and children, William, Dorothy, Anabel, Thomas and Wayne, of Montrose; Mrs. Fred Helm of Los Angeles; Mrs. Nellie Weymouth of Taft; and the following Glendalians: Mr. and Mrs. Jack Peebles, Evelyn Peebles, Johnny Peebles, Mr. and Mrs. Floyd Reed, Ernest Reed, Miss Alice Watson and Ivy Watson.

Christmas Party

Miss Phyllis Maurine Baker of 331 North Maryland avenue was hostess Tuesday night at a Christmas party of the Christian Endeavor society of the First Presbyterian church. A large Christmas tree, holly and poinsettias decorated the Baker home for the affair.

Santa Claus was a special guest, appearing late in the evening and presenting a toy gift to each of the forty guests. A holiday luncheon was also enjoyed.

Social Gathering

Mr. and Mrs. Don Orput, who have been residing temporarily in Glendale while Mr. Orput has been engaged in Community Service organization, were complimentary last night at a social gathering given by Mrs. M. W. Bradley and son, Philip, at their home at 428 North Jackson street.

The company enjoyed dancing and games and during the evening Mrs. Helen Sawyer gave a group of vocal numbers and Mrs. Bradley read the Christmas scene, "The Shepherds' Watch" from "Ben Hur" and responded to an encore with some Scotch dialect.

Poinsettias and Christmas bells decorated the Bradley home for the affair. The feature of the buffet luncheon served at a late hour was a large cake decorated with poinsettias and bearing the names of the guests of honor.

The Bradley invited for the evening Mr. and Mrs. Don Orput, Mr. and Mrs. George Kaeding, Mr. and Mrs. Earl Osgood, Mr. and Mrs. B. Elsen, Mr. and Mrs. Earl Schuyler, Mrs. Helen Sawyer, Mrs. Mary C. Beauchamp and sons, George and Bayne, Mr. and Mrs. James Woods, Misses Kathleen and Dorothy Woods and Hubert Woods.

Give Dinner Party

The home of Mr. and Mrs. C. S. McKee of 429 West Wilson avenue was the scene Christmas day of a pleasant gathering of relatives who were entertained at dinner. The rooms were bright with Yuletide colors of red and green. Red predominated in the decorations of the table, which was also lighted with red candles. The guests were assembled when the host and hostess were happily surprised by the arrival of Fred Krueger of Phillipsburg, Montana, an old-time friend whom they had not seen for twenty years, and who had not notified any one of the group of his intention of coming to the coast.

The unexpected guest became the guest of honor and gladly joined the group at the table where covers were laid for Mr. and Mrs. C. Frank Smith, Mr. and Mrs. Alroy McKee of Los Angeles, Bert Smith of Butte, Mont., Olive Kee, and the host and hostess. Following the dinner a beautiful Christmas tree was lighted and gifts distributed, and the evening passed most happily.

Turkey Dinner

Mr. and Mrs. Roy L. Kent and children, Wesley, Howard and Ethelwyn of 522 North Louise street entertained with a Christmas day turkey dinner at which covers were laid for fourteen. The decorations were striking, poinsettia and holly predominating. On the table, as a centerpiece, was a small Christmas tree decorated with colored bulbs. Attractive favors in holiday colors and red and green place cards were laid beside each place.

The guests were Mr. Kent's father and mother, Mr. and Mrs. C. W. Kent, his uncle and daughter, E. and Irene Metzner of Cleveland, his sister and family, Mr. and Mrs. L. M. West and children, Melvin and Alice, and Miss Auth of Cleveland.

Series of Parties

Mrs. Charles C. Stevenson, 264 Burchett, will give a series of parties for her two sisters, Mrs. Robert Riggs and Mrs. H. B. Fuller of Tacoma, Wash., who arrived in the city this week for a short visit.

Tonight Mrs. Stevenson will give a small dinner. Mesdames Ward, Billington and Nesbit will be the Glendale guests. Friday evening Mr. and Mrs. Stevenson will entertain Mr. and Mrs. Mary Irene Ward, Irene Fuller and Ernest Volo for dinner. In the evening there will be a card party for some of the young people of the neighborhood.

Pleasant Reunion

The home of Mr. and Mrs. N. W. McBray of 126 North Louise street, was the scene of a pleasant family reunion Christmas day morning, when the families of Mr. and Mrs. N. W. McBray, Mr. and Mrs. James McBryde, Mr. and Mrs. James McBryde, Mr. and Mrs. T. J. Flambrough and

mother Flambrough, Mr. and Mrs. E. Rumble, Mrs. Aileen Baker and her two children gathered around a beautiful Christmas tree, where presents were dispensed to all "Uncle Mack."

At 3 o'clock in the afternoon this party sat down to a big turkey dinner at the home of Mr. and Mrs. T. J. Flambrough, 206 North Orange street, in a room attractively decorated for the occasion. In another richly decorated room a Christmas tree shone resplendent with bright ornaments and lovely gifts.

Girl Scouts Meet

Mrs. Reed Heustis and Mrs. William Willis of Glendale were joint hostesses Wednesday afternoon when they entertained a number of the Girl Scouts of Troop No. 4 and their friends. The affair was in the nature of a progressive party, the guests assembling at the home of Mrs. Heustis on North Campbell street, where several games were played and one course of a dainty lunch served. The guests then journeyed to the home of Mrs. Gies, 823 North Brand boulevard, where they gathered about the beautiful Christmas tree displayed in the library, more games were enjoyed and punch and Christmas cookies and candies served the guests. Those who enjoyed the hospitality of the two homes were

Catherine Doll, Helen and Ruth Houie, Peggy Brennan, Virginia Baudino, Madeline Guglielmino, Peggy Clark, La Verne Wolfgram, Beatrice Smith and Miss Margaret Sharpe. Betty Heustis assisted her mother and aunt in entertaining the girls.

Family Dinner

Mrs. Pearl Curran of 214 East Chestnut street entertained with a family dinner Sunday. The rooms of her studio were decorated with holiday green and a large Christmas tree. Covers were laid for Mr. and Mrs. Greedy Edwards and daughters, Ruth and Martha, of Los Angeles. A cousin of the hostess, Mrs. Goldie Mortland, Mr. and Mrs. Emil Linkogel, Mr. and Mrs. Jim Linkogel, Mr. and Mrs. Cook, all of whom are relatives who have come west recently and are living in Los Angeles; Mrs. Linkogel and Miss Hazel Linkogel, Gloria Curran and Mrs. Curran.

Dinner and Dance

Mr. and Mrs. E. Z. Barnett of 704 East Windsor road spent Christmas very pleasantly in Los Angeles at the home of their son, E. R. Barnett and family of Crenshaw boulevard, who were entertaining with a dinner dance. The house was beautifully decorated for the Yuletide festivities. Covers were laid for sixteen and

other guests joined them later in the evening. Mr. and Mrs. Barnett remained over night and departed Tuesday morning to Huntington Park, where they called on relatives, continuing their trip to Walnut Park where they were luncheon guests of Mr. and Mrs. Harry Hoffer. They returned home Tuesday night. Sunday they enjoyed a visit from their son, Charles Barnett, and his wife of Redlands, who came over for the day.

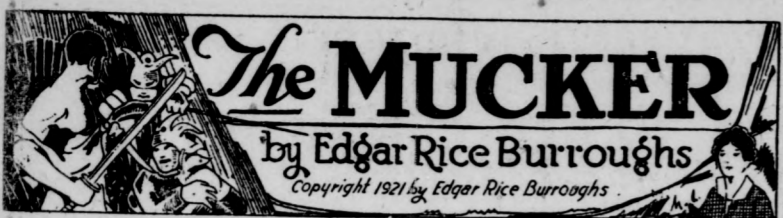

Ramona Institute

Ramona Institute met Wednesday night at the I. O. O. F. hall for their regular meeting and initiated seven new members. Miss Henrietta Smith, president of the institute is planning a membership drive for the next few weeks and predicts a splendid year's work for the season of 1923. On Thursday night the institute will enjoy their annual Christmas party. This year Mr. Frank Eck will be the hostess at her pretty home at 1223 Hague Court, near Magnolia and Central avenues.

CHAPTER IV
On the Trail

As they entered the place Billy, who was ahead, sought a table, but as he was about to hang up his cap and seat himself Bridge touched his elbow.

"Let's go to the washroom and clean up a bit," he said, in a voice that might be heard by those nearest.

"Why, we just washed before we left our room," expostulated Billy.

"Shut up and follow me," Bridge whispered into his ear.

Immediately Billy was all suspicion. His hand flew to the pocket in which the gun of the deputy sheriff still rested. They would never take him alive, of that Billy was positive. He wouldn't go back to life imprisonment, not after he had tasted the sweet freedom of the wide spaces—such a freedom as the cramped city cannot offer.

Bridge saw the movement.

"Cut it out," he whispered, "and follow me, as I tell you. I just saw a Chicago dick across the street. He may not have seen you, but it looked almighty like it. He'll be down here in about two seconds now. Come on—we will beat it through the rear—I know the way."

Billy Byrne heaved a great sigh of relief. Suddenly he was almost reconciled to the thought of capture, for in the instant he had realized that it had not been so much his freedom that he had dreaded to lose as his faith in the companion in whom he had believed.

Without sign of haste the two walked the length of the room and disappeared through the doorway leading into the washroom. Before them was a window opening upon a squalid back yard. The building stood upon a hillside, so that while the entrance to the eating place was below the level of the street in front, its rear was flush with the ground.

Bridge motioned Billy to climb

SMALL BOY LIVES WEEKS IN TANK

The children's society in New York has taken charge of little Johnny Miller, an 8-year-old waif, who was found, with a little dog as his lone companion, living in an empty tank on the roof of a building in the lower east side. Johnny's father died some time ago, and his step-mother, preparing to leave for Poland, gave the youngster \$5 and turned him out of the house. Johnny removed his meagre belongings to the roof of a nearby building, fitted the tank with an old mattress and blankets, built a rough roof over the top of the tank and called it home. But the cold weather proved too much, and Johnny was found one morning, half frozen, by a woman living in the building.

UNCLE WIGGILY AND SAMMIE'S JOKE

"Where are you going, Sammie?" asked Mrs. Littletail of her bunny rabbit boy one day during Christmas week.

"Oh, I'm going over to Uncle Wiggily's hollow stump bungalow," answered Sammie, trying to make his pink nose twinkle like the rabbit gentleman's. But Sammie's nose was hardly large enough.

"What are you taking with you?" asked Mrs. Littletail, for she saw that Sammie was carrying something under his paw.

"Oh, I'm just taking my toy Christmas steamboat over to show Uncle Wiggily," said the rabbit boy.

"Uncle Wiggily doesn't want to see your steamboat!" laughed Mrs. Littletail.

"Yes, he does," insisted Sammie. "He told all us animal boys and girls to bring over any of our presents he hadn't seen, and he hasn't seen my steamboat that goes around and around in a bath tub of water!"

"Well, don't try to sail your steamboat in Uncle Wiggily's tub, for Nurse Jane Fuzzy Wuzzy won't let you splash the bath room," said the rabbit lady.

"Oh, maybe she will," said Sammie, hopeful like.

Uncle Wiggily was at home when Sammie hopped over to the hollow stump bungalow a little later.

"What have you there, Sammie?" asked Uncle Wiggily, as he let in the bunny boy. And then Sammie happened to think of a way he could play a trick on Uncle Wiggily.

"Oh, I—I—now just got something," said Sammie, squirmy like. "And could I go up in your bath room a minute, Uncle Wiggily?"

"Oh, yes; I guess so," chuckled the bunny gentleman. He thought perhaps Sammie wanted to clean his teeth or wash his hands. But when Sammie did was to put the stopper in the bath tub and turn on the water. He wanted to fill the tub so his steamboat would float in it. And the steamboat could be wound up by twisting a handle and what looked like some smoke came out of one of the stacks, and then the propeller went whizz-izzie and the boat sailed down the tub and back again.

"Uncle Wiggily, who is up in

around very fast and splashed a lot of water into the open mouth of Nurse Jane.

"Glub! Glub! Obble! Bubble!" gurgled Nurse Jane.

"What's the matter up there?" cried Uncle Wiggily. "Sammie, what are you doing to Nurse Jane?"

But just as Sammie opened his mouth to say he wasn't doing anything the steamboat swung around in the bath tub near him and a stream of water shot in Sammie's mouth.

"Wub! Ub! Glub!" gurgled Sammie.

"My goodness! What can have happened?" cried Uncle Wiggily. Up the stairs he hopped three steps at a time. He opened the bath room door and saw Nurse Jane and Sammie soaking wet.

"Who did this?" cried Uncle Wiggily. "You—?" But just as he opened his mouth the steamboat swung around near him and squirted the bunny gentleman's mouth full of water.

"Oh, glubbe-wubble-snubble!" cried Uncle Wiggily. "I don't know what might have happened only just then the steamboat ran down and could squirt no more water. Then they dried themselves off. Nurse Jane told Sammie not to do it any more and Sammie said he wouldn't. But it was a queer trick, wasn't it? And if the ice pick doesn't take a leaf out of the dining room table and try to make it grow on the rubber plant I'll tell you next about Wiggily and Jackie's joke." Daily News Letter

General News and Gossip from Staff Writers at Home and Abroad.

TODAY—Roland Krebs, New York correspondent, writes of that city's aged messenger "boys." Many of them well along in years, garbed in boys' suits, manage to maintain their youthful outlook.

TOMORROW—Alice Langelier, Paris correspondent, contributes a column of random news notes of unusual happenings about the French capital.

By **ROLAND KREBS**
For International News Service.
NEW YORK, Dec. 28.—One of New York's great pastimes is poking fun at the elderly men, some with beards, whom misfortune has compelled to take positions as telegraph messengers. The Gotham wits call these patriarchs "Jackie Coogans."

They are replicas of the type made famous in motion picture comedies. The city's attitude appears to be: "It's a pity to laugh but I can't help it."

They are undeniably comic in appearance and often in behavior. First of all, the uniforms they wear were designed for boys, and when men are between the ages of 50 and 70 they don't look exactly dashing or roguish in short sleeves or youthful jackets.

Many of them carry pinch-nose glasses which they gravely adjust to examine the receipt signature in all its scrawly details. Perhaps it hurts when they first take these jobs, but in time they grow hardened to be jeeringly called "boy" and "son" and "buddy."

These "Jackie Coogans" are tottering testimonials to the trust that New York wants only youth, that can be knocked down and get up smiling again and again until age wipes the smile off his face. When it has stolen youth's vitality it tosses the whitened, dry excess to the asphalt, the messenger jobs and still less exalted positions.

New York is a city of wonderful opportunity, but you have to make good while you're young or you don't make good at all. With this considered, it is interesting to speculate on what is in the minds of many of the immigrants who hopefully trudge ashore. Some of them are so feeble that it is questionable if they have strength enough even to hope.

A "Jackie Coogan" just walked in with a telegram. He probably was 65 years old, but he could pass for 200 anywhere. While I signed for the telegram he whistled "The Sheik of Alabama" and before he went he asked: "Got a cigarette you can spare?" Probably inhales every drag. Maybe they're not as old as they seem to be.

France Denies Plan For Another War

PARIS, Dec. 28.—At the conference of the allied premiers in this city next week, France will ask Great Britain and Italy to authorize additional sanctions to compel Germany to meet her reparations obligations, according to the newspaper L'Intransigeant today.

The newspaper added that if France's request is refused the French will act independently in imposing sanctions. It is understood that the sanctions included occupation of the Ruhr.

Rail Telegraphers To Take Strike Vote

ST. LOUIS, Dec. 28.—Railroad telegraphers on eleven western roads have been given permission to take a strike vote in the event the United States railroad labor board refuses their petition for a re-hearing on the question of wages, Edward J. Manion, president of the Telegraphers' Order, announced today.

The re-hearing is sought because the labor board cut about \$1,500,000 from the pay of 11,000 workers in the organization.

Put An End To Neuritis

Neuritis is an inflammation of the nerves brought on by colds, injuries, bruises, malaria or infectious diseases. As the pain it settles in the shoulder, neck, forearm, thigh, leg or small of the back, causing merciful, stabbing pains that are often mistaken for rheumatism, sciatica or neuralgia.

Regardless of what caused your neuritis or where the pains are located it is possible to obtain quick relief without taking narcotics or other dangerous drugs. An application of Tysmol over the part that hurts usually stops the misery. Tysmol is absorbed through the pores of the skin and has a soothing, healing effect upon the diseased nerves.

APPARATUS AND DEVICES

By RALPH BROWN, RADIO ENGINEER

These telephone plugs are so connected that ordinary telephone cords may be inserted in them without having to take off the cord tips. The plugs are particularly useful in connection with radio where multi-stage amplifiers are used, for, without the necessity of making special soldered connections, the user has at his disposal a ready means for applying any pair of telephone receivers to a plug and jack system.

Woman's Page

Side Talks by Ruth Cameron

SHALL WE LEND?

A Letter Friend wants to know what I think about borrowing and lending.

She says her father used to tell his children never to borrow and never to lend.

I will admit that that practice steadily adhered to prevents one from getting into trouble with one's neighbors, but, then, so would never speaking to them, or having anything to do with them.

My ideas on borrowing and lending are somewhat at cross purposes. For I have two sets of them. One is the way I should like things to be, the other is the way things are.

Along Came Ananias

I like to be free to borrow and I love to lend. It seems to me you get double value out of a thing if you can use it yourself and have someone else also use it, too. I love that passage in the Bible where Paul tells about the way the early Christians lived. "And all that believed were together and had all things in common and sold their possessions and goods and parted them to all men as every man had need." That was pure Christianity, to my way of thinking. That was a further extension of free borrowing and lending. But, alas, how long did it last? How long was it before "there arose a murmuring of the Grecians against the Hebrews because their widows were neglected in the daily ministrations" and before "a certain man named Ananias sold a possession and kept back part of the price."

Men Were Human

Even while they were still living in the afterglow of that great day when divine love walked on earth, men were human, and powerfully moved by their love for their possessions.

That's why we can't look at the matter of borrowing and lending just from the ideal standpoint.

It would take two real Christians, two people living thoroughly by the do-as-you-would-be-done-by standpoint to borrow and lend, and have any hard thoughts.

But when average human beings borrow and lend there is often trouble. As my Letter Friend says: "People borrow books, tools, umbrellas and never think to return them or thank the owner for the use of them." Furthermore, if the owner needs them and has to ask for them she feels uncomfortable and abashed, and the borrower feels offended. Again people borrow things and then return them in bad condition.

Don't Stop Lending

To my mind, the remedy is not to stop lending altogether, but to stop lending to that sort of person. No one who fails to return an article, or who returns it in a damaged condition, deserves to have anything loaned to him again. Or, if one does want to go on lending to him, I think one is justified in speaking out frankly about the previous experience and saying that he will be willing to loan again if it is not repeated. I think that is far better than smiling and then feeling sore when the offense is repeated. Maybe the person will be offended and never borrow again. But that is his fault and not yours. And I do think that because some people haven't any sense of good manners or decency is any reason why you should not lend or borrow among other people who have.

Tomorrow—If I Were a Saleswoman.

Diet and Health By Lulu Hunt Peters, M.D.

ANSWERS TO CORRESPONDENTS

Mrs. R. B.—Mucous colitis is a chronic inflammation of the colon, characterized by the excessive formation of mucus. It is usually manifested by paroxysms of abdominal pain which disappear abruptly on the discharge of the mucus. It is a disease which is more common in women than in men and occurs most frequently in middle life, although it has been observed in children and old age.

Chronic constipation seems to be the cause in many instances. It may appear independently of other disorders but in the majority of cases there are disorders such as viceroposis (viscus, organ; ptosis, fall—the falling of the abdominal organs), chronic appendicitis and disorders of the generative organs. These would have to be corrected.

Digestive disturbances are often present and most of the sufferers are nervous and inclined to be over-worried about their symptoms. Some authorities believe mucous colitis is an inflammatory disease and others that it is a purely nervous disturbance without structural changes in the bowels.

Kellogg believes that the disease is chiefly due to the use of flesh foods because they encourage intestinal putrefaction, and intestinal putrefaction engenders inflammation. Hence his advice is to discard all meats, fish and, in some cases, eggs.

The dietetic treatment is the major part of the treatment, and the constipation must be overcome. Von Noorden believes that a diet of coarse foods, whole grain preparations, bran, greens and other fresh vegetables and stewed fruits would be included in this laxative course diet. Others believe that, at least in some cases, the coarse foods aggravate the condition.

The daily use of an enema,

BEAUTY CHATS

PREVENTING CHAPPED SKIN

These are the days when a cold cream jar is a woman's best friend. Few things so spoil one's good looks and good nature as a rough, red, prickly, dry, chapped complexion. No one need have it who takes the very slightest care of herself.

The first thing to remember is that in really cold weather the ordinary inexpensive cold cream is not good enough. These creams, made from white mineral oil, which the skin will not readily absorb. To be sure, such creams will help a little in preventing or curing chaps—but try this instead:

Almond oil (or olive oil), 4 ounces.
Spermaceti, 1 ounce.
White wax, 1 ounce.
Rose water, 4 ounces.
Benzoin, 1 gram.

Make up as usual, melting the oil and the wax and spermaceti, adding the warmed rose water and benzoin and beating until ready to congeal. This forms a stiff cream and goes on best after the face is washed with hot water. Wipe off what's left on the skin with a cloth wrung from hot water, powder—and you can face the keenest wind unharmed.

This is good for the hands, if used after they've been washed and if loose gloves are pulled on and kept on for some hours. It's a splendid moishing cream and I also advise it usually for massaging wrinkles. But any cream is awkward on the hands during the day. The Honey-Almond Lotion is best for that purpose as it evaporates so readily and leaves the skin soft and white. Have you my formula for it also? If not write for it, not failing to enclose your s. a. c.

Mrs. T. W. S.—In-growing nails should be trimmed so the center of the nail is shorter than at the sides. The sides of the nails are then lifted very gently from the fleshy part of the toe and a very small piece of absorbent cotton is placed under these. This will keep the nail from continuing the pressure under the flesh and will almost always correct this bad tendency.

dissolved one-fourth teaspoon soda, and beat together well.

One or two spoonfuls of the batter may be saved from the batch to add to the next mixing. This gives a pleasing acidity to the cakes.

Buckwheat may be eaten from October until April; it is too heating during the rest of the year.

Chicken Shortcake—Here is a good way to convert the remnants of a chicken stew or fricassee into a tempting and savory dish: Free the chicken from skin and bones and cut into small slivers. Put the meat on to heat in enough gray to make it quite moist. Sift two teaspoons baking powder and one-half teaspoon salt with two cups flour; rub in two tablespoons shortening, then stir in three-quarters of a cup of sweet milk. Stir the dough into a ball and roll into a cake about an inch thick. Bake in a quick oven about 15 minutes. When done, open the edge with a knife and tear the cake in two (never cut the cake in two with a knife, for it will make it "sad.") After spreading the hot chicken on the lower half replace the upper half. Over the whole pour a generous

THEATRES

The Glendale

The name William Fox on a film has come to mean real entertainment of a high order, and when are added Tom Mix's brand and a title like "The Fighting Streak," the ensemble is certain to be a production head and shoulders above the ordinary level.

Such is the film now playing at the Glendale Theatre. It is a story of a brawny young blacksmith (played by Mix), in a small western town, who is forced by taunts and circumstances to show the fighting streak within him, after vainly trying to avoid trouble because of a promise to a dying mother. When he finally does "see red" and open up in a two-fisted way on his bullying tormentors, the result makes him an outlaw with a price on his head—to be regenerated by the saving grace of a beautiful girl, in the last of the story's many twists.

The T. D. & L.

guished stage and screen star, heads a fine cast in the Cosmopolitan production, "The Face in the Fog," now playing at the T. D. & L. Theatre. The supporting players are Seena Owen, Mary McLaren and Lowell Sherman.

The picture is produced from the popular "Boston Blackie" stories by Jack Boyle and is regarded as one of the best crook romances ever screened. Good men may make bad husbands, but when a man as wicked as Boston Blackie goes to the altar there's only one direction in which he can develop—for the better. This he does with a vengeance, becoming a crook to catch other crooks. That is the role Barrymore plays, of course, and it is immense.

As for romance there is a Russian grand duchess adored at the court of the czars—and a love as fine as any ever portrayed on the screen.

amount of hot chicken gravy and serve at once.

Spiced Cookies—Mix one cup of molasses, one cup of brown sugar and one-half cup shortening until smooth. Add one teaspoon mixed spices (such as cinnamon, nutmeg, cloves, ginger) one-fourth teaspoon salt, and two teaspoons soda which has been dissolved in four tablespoons hot water. Add four cups flour, one at a time. Mix lightly; roll out on a floured board and cut with cutter. Bake on slightly floured sheet for ten minutes in hot oven.

Pickled Rump Roast—Lard four pounds of rump of beef; rub both sides with salt and butter, then put it in a s.cone crock, or deep earthen bowl, and cover with best cider vinegar. Let stand in the pickle for two days and two nights. Take out, wipe with a clean dry cloth, dredge lightly with flour, and brown on all sides in hot butter or melted drippings; then add one tablespoon brown sugar, three whole cloves, one bay leaf, and lastly add the vinegar in which the meat was pickled. Cover closely and let simmer until the meat is tender. When done remove meat to hot platter, and thicken the gravy with flour in the usual way. (This is excellent and is especially welcomed after having had so many sweets during the holiday season.)

Apple Snow—Wipe, pare and core five apples and cook in covered saucepan with one-half cup water until soft. Add one cup sugar and one-eighth teaspoon grated nutmeg or cinnamon. Cool, then fold in the stiffly beaten whites of three eggs and a few drops of lemon juice. Serve cold.

DR. APPLETON IS SPEAKER AT CLUB

Exchange Members Hear of Electrons as Explained By Local Physician

Dr. W. H. Appleton, of 111-A East Broadway, was the speaker yesterday at the Broadway Inn before the members of the Glendale Exchange Club.

A brief outline of some of the theories of Dr. Albert Abrams of San Francisco in regard to disease was given by Dr. Appleton. He called attention to the fact that the electron, which is the basis of Dr. Abrams' theories, has at last been isolated.

According to Dr. Appleton, Dr. Abrams regards the human body as an electrical storage battery which receives energy, stores it up and irradiates it when needed. Electrons in the body charged with positive electricity or force form the outside of each atom while electrons charged with negative force form the center. When these electrons become disturbed in an atom for any cause, disease results.

"Things Change Rapidly
"What we learn today will be old tomorrow," remarked Dr. Appleton. "Things are changing very rapidly."

The luncheon was attended by the following members of the club: President W. B. Kelly, Secretary James Howarth, G. C. McConnell, George A. Whitaker, D. Ripley Jackson, George A. Thomas, C. C. Coghlan, R. E. Johnston, Fred S. Hill, W. H. Block, Dr. C. F. Toumy, George A. King, W. Claire Anspach, A. Gelmer, Fred E. Hoyt, W. C. Waring, E. B. Sutton, C. E. Kimlin and Ed Radke.

MAKE YOUR OWN TERMS, OWN FORD

Pre-Inventory Sale Now in Progress at Agency of Jesse E. Smith

The big pre-inventory sale of Ford cars now in progress on the floors of the Jesse E. Smith Co., local agents, 115 West Colorado boulevard, causes one to ponder what the motor car has come to mean in our daily life, and what Henry Ford's great genius for standardization has had to do with this miracle of service.

A few years ago it was our wont to envy unconsciously at least—the man with the automobile. Now anyone steadily employed can possess one of these almost essential machines. On the floors of the Jesse E. Smith Co. are Fords of every type and model, and for every pocketbook—touring cars, coupes, roadsters, sedans, trucks, all years from 1915 to 1922, all prices from \$25 to \$500.

In order that everyone who desires to become a Ford owner may be accommodated, Mr. Smith has revolutionized methods of financing the purchase of these cars.

"Name your own terms," says Mr. Smith, "pay five dollars or more down and five dollars a week, and drive your car home. We are going to have an inventory soon, and after that the prices will be advanced. Meanwhile we want to clear our floors and are slashing all prices way below the market."

Liner Reaches N. Y. After Stormy Trip

NEW YORK, Dec. 28.—Battered from stem to stern, lifeboats missing and sheathed in ice, the French liner Savoie, reached port, sixty hours overdue, after passing through the worst storms that have swirled the north Atlantic in thirty-two years.

On board were 320 passengers who loudly proclaimed their joy at seeing land once more.

Captain Boisson said that the liner left Havre and that it raged incessantly night and day until the Savoie reached the western side of the Atlantic.

All the passengers were ordered to remain in their cabins and the crew did not get to bed for three nights.

The World Over By Franklin B. Morse. PACIFIC SPORTS SERVICE

No more superb climax to the extraordinary football season of 1922—extraordinary in every way—could be conceived than a final game between the teams of the University of California and Princeton university—the West and the East rims of the continent. There is absolutely no doubt in the minds of any of the followers of Pacific coast football that the University of California is supreme in that section. Its supremacy is such that all the other teams, when arrayed against the Blue and Gold, appeared like second-rate.

No more spectacular team ever appeared on a gridiron than that of Princeton in the East. There may be a few hypercritical ones who may figure some other team stronger in theory, but Princeton's record of achievement is such as to confound these critics. A game between the two teams mentioned would result in the turning away of hundreds of thousands of would-be spectators. There would come applications from the remotest corners of the country.

Thus from their actual records and eliminating the theoretical "might have beens," the champions of the various sections would line up about as follows: Pacific Coast, University of California; Middle West, Iowa university; East Coast, Princeton university; South, West Virginia; Rocky Mt. Conf., Utah university; Missouri Val. Conf., University of Nebraska; National Conference, University of Washington, University of Oregon (tied).

Of outstanding players, the season has been replete in all of the positions and this has been the case to such a marked degree that there has been unusually little difficulty for the critics to come to a fairly general agreement. To be sure, opinions vary as to whether a man should be rated for the first team in his section or the second. In some cases the disposition of the men has been a mere toss up, it being manifestly impossible to put all on the first team when their ability was so much on an equality. There can be but little doubt that the following roster of men fairly well represent the best playing talent of the United States on the gridiron for 1922.

Ends—Muller, University of California; Berkeley, University of California; Logan, Santa Clara; Porrio, University of Washington; Hall, University of Washington; Kirk, Michigan; Goebel, Michigan; Kadosky, Iowa; Tobell, Wisconsin; Gray, Princeton; Stout, Princeton; Hulman, Yale; Jenkins, Harvard.

Backs—Beum, University of California; Ingram, University of Washington; Lacey, Oregon Aggies; Anderson, Oregon Aggies; Crim, University of Washington; Stanford, University of Oregon; King, Chicago; Heldt, Iowa; Garbisch, Army; Lovejoy, Yale.

Halves—Nichols, University of California; Zell, University of Washington; Wilcox, Stanford; Baker, University of Southern California; Martineau, Minnesota; Kipke, Michigan; Fretz, Chicago; Shuttleworth, Iowa; Owen, Harvard.

SPORTS CHATTER By BILL UNMACK. PACIFIC SPORTS SERVICE

The 1922 boxing year saw three world's titleholders deprived of their honors. In the bantam weight division Joe Lynch deposed Jack Britton in the welter-weight class, while Battling Siki, the Senegalese, deprived Georges Carpentier of the light heavyweight honors under circumstances that, to say the least, has not done the professional boxing game any particular good, even though it may not have worked it any injury.

Of the other champions, with one exception, all had to defend their titles on several occasions. The exception is Jack Dempsey, the world's heavyweight champion, who went through the entire year without meeting a competitor. In his case the fault can scarcely be said to attach to him. The trouble has been there are no heavyweights who are considered as having a chance against him, and promoters have not been willing to risk a pecuniary loss Harry Wills, the negro, has been spoken of as the most likely man to challenge White.

A glance at the many scores of battles that were staged during 1922 reveals the fact that there are few, if any, that really can be stamped with the mark of being a really first class championship event. To be sure, three titles were lost, but even in these affairs, there was none of the old-time glamor that clung to title events. Few more than a dozen fights were staged of any approximation of merit. These included: Georges Carpentier knocked out George Cook of Australia at London in four rounds.

Gene Tunney won the American light heavyweight title from Battling Lovinsky at New York in twelve rounds. Charley White beat Johnny Dundee at Boston in twelve rounds. Harry Wills beat Sam Langford at Portland in ten rounds. Benny Leonard defeated his title against Rocky Kansas in New York in twelve rounds. Dave Shade fought a fifteen-round draw with Jack Britton in New York.

Benny Leonard defeated Pat Moran at New Orleans in ten rounds. Lew Tendler beat Johnny Dundee in a fifteen-round bout in New York. Georges Carpentier knocked out Ted "Kid" Lewis in London in one round. Bill Brennan knocked out Jim Tracey of Australia in eight rounds at New York.

Eugene Craik of France knocked out Joe Fox of England in twelve rounds at London. Joe Lynch secured the title on a knockout from Johnny Buff in New York in the fourteenth round. Battling Siki won the world's light heavyweight title from Georges Carpentier in Paris in six rounds. Mickey Walker beat Jack Britton for the world welterweight title in fifteen rounds in New York.

Together with Battling Siki, there can be no doubt that Pancho Villa, the Philippines boxer who won the American flyweight championship from Johnny Buff, were the outstanding figures as far as interest and picturesqueness are concerned. There is this difference, Siki has put himself

PANCHO PLANS TO LEAVE COUNTRY

Flyweight Championship to Depart With Him to Dear Old Manila By DAVIS J. WALSH For International News Service. NEW YORK, Dec. 28.—The next bout for the American flyweight title may be fought no nearer than Manila, P. I., unless Pancho Villa can be persuaded to revise plans which call for him to return to the rice paddies of his native land at no distant date. Pancho, the puncho, it is intimated, intends to leave the country no later than February and with him will go the American flyweight championship.

He has a bout scheduled with Terry Martin, a bantamweight, at Madison Square garden tomorrow. It may or may not be fought, according to the condition of a twisted ankle the Filipino sustained in training. In either case it is no great moment since the bout is at catch weights and Pancho's title is as secure as Gibraltar on one of its steady days.

Very Particular Pancho is very particular about details of this kind. He has studiously avoided all flyweights since winning the title and has instituted a campaign against the bantams, none of whom are particularly dangerous. His departure at this time would leave all plans for meetings with Jimmy Wilde and Frankie Monroe out on a limb. Also, it would place the New York state athletic commission in an embarrassing position.

FACTORY'S PLANS TOLD AT DINNER
Making of Golf Balls in Glendale Is Plan of Higgins-Huyck Co.
 (Continued from Page 1)
 Weaver, former president of the Los Angeles Chamber of Commerce.
 Golf Ball Story
 Thomas Lee Woolwine, district attorney; Asa Keyes, his chief assistant; and E. C. Huyck were among the principal speakers while Glendale was represented at the table by Reed Heustis and William Smith of the Evening Herald editorial staff, and Gil A. Cowan of The Glendale Evening News.
 Mr. Huyck told the story of golf ball manufacture which is more interesting to the readers of this great family journal than the fact that those present enjoyed chicken, etc.
 Three store rooms have been leased at 1012 South San Fernando road, this city, and an additional building is being erected, in which specially constructed machinery of the best design for the proper making of golf balls now is being installed.
 The manufacture of two types of the principal product will give the "dub" the benefit of a low tension ball in which to gauge distances while the other bearing the "Pat H" monogram will be as standard as the "Silver King" or other well known makes.
 First West of Ohio
 In Glendale will be the first golf ball factory west of Ohio and here too, hand forged clubs will be made, although several club makers already are working on the coast. As to the possibilities of growth Mr. Huyck stated that, while the initial investment exclusive of buildings and alterations will be more than \$25,000 within a year, at least \$150,000 will be put into development and, from a beginning of twenty-five skilled workers, more than 100 will be employed to meet the demand of western golfers.
 In this country there are now 2750 golf courses and 2,750,000 players. This number is increasing at the rate of 10,000 a day and new clubs are being organized in every city and hamlet of the country.
 Sixty million balls were consumed in this country last year, many of them being eaten by squirrels, undoubtedly, according to Mr. Huyck, and the wholesale business represented \$34,000,000.
 Genuine Demand
 It may readily be seen that there is a genuine demand for the establishment of such a business as the Higgins-Huyck company have entered and with Mr. Higgins' financial ability and knowledge of sports, Mr. Huyck's years of experience in the rubber business, assisted by H. M. Platt, ten years a maker of golf balls and accessories at Akron, Ohio, Glendale has been awarded an industry which will do much to advertise the fastest growing city in America.
 Summarizing the reasons for bringing this factory to Glendale, Mr. Huyck stated that the climatic conditions are ideal for handling rubber, the atmosphere is clean and that crude materials and labor are equally as accessible as elsewhere. It is cheaper to manufacture golf balls on the coast than it is to ship them from the east, he added.
 Right Conditions
 Explaining the desire for ideal atmospheric conditions, such as are to be found in Glendale, the delicate machinery which winds the rubber thread on the golf balls will automatically stop at the variance of one-one-thousandth of an inch.
 As soon as additional machinery can be installed even the rubber thread will be made here, making the industry complete. However, it is noted that all machinery is made specially for each factory as it is an exclusive specialty line in which one machine will turn out 30 balls a minute and the capacity of the local plant will be about 3,000 a day.
 "Lose 'em as fast as you like, There will always be more, According to Mr. Huyck.

FILM STAR WILL WED, IS REPORT
Movie Rumors Link Names Of Mary Miles Minter And Gaston Glass
 HOLLYWOOD, Cal., Dec. 28.—Reports were current in film circles today that Mary Miles Minter, famous screen star, has parted company with her family and will wed Gaston Glass.
 The report is believed to have arisen from the fact that Miss Minter and her mother are residing in different abodes. But reports coming from the star's home in Arroyo, on the edge of the Hollywood hills, have it that Miss Minter and her mother are not estranged.
 The change in residence was explained by saying the young actress has arrived at the age where she wants to "have things for herself." It was also said that her spacious home in New Hampshire street is undergoing repairs, the mother and other members of the family occupying a bungalow at the rear during the alterations.

TRAIN ROBBER IS NABBED IN L. A.
Alleged Murderer Taken by Police on 'Tip'; Was in Hospital
 LOS ANGELES, Dec. 28.—Declared to be wanted as a convicted train robber and murderer and twice escaped from southwestern penitentiaries, G. R. Anderson was being held by the sheriff's office today following his arrest at the county hospital where he was being treated for an injury. Anderson, who was arrested on a "tip" through an anonymous letter, is said to have admitted to the man the officers wanted.
 Anderson, alias R. B. Mathews, is wanted in Texas and Colorado, according to the letter, and was a member of the gang which included "Bob" Miller, "Chuck" Wallace and "Red" Lambert that terrorized southwestern communities over ten years ago.
 The quartet is said to have held up the M. K. & T. Flier in Texas in September, 1910, and escaped with a large sum. Anderson is said to have been captured later and sentenced to fifty years' imprisonment at the Huntsville, Tex., state prison, but effected his escape about a year ago and fled into Mexico.

DETAIN NEGRO IN WOMAN'S DEATH
New Jersey Police Question Suspect; Brutal Crime Stirrs Whole City
 ORANGE, N. J., Dec. 28.—Police today were questioning William E. Battles, held without bail on charge of first degree murder in connection with the brutal killing of Mrs. Eleanor Louise Brigham, in an effort to secure a confession from him.
 Feeling is running high in this little town against the black and his father, who is being detained by the officials for examination.
 The body of Mrs. Brigham was found last night by detectives in the basement of her home in an exclusive residential district, packed into a preserve closet in the cellar. She had been strangled.

On the way down he will stop off at San Francisco to visit some relatives, and will then come on down to spend the winter in Glendale with his son and wife. Mr. Von Oven feels that such a trip is quite remarkable for a man of eighty to be making all by himself.

Beran Company to Build Another Home
 S. S. Beran company took out a permit yesterday for another of its distinctive Spanish type houses. The permit calls for a \$19,000 structure. The house is being erected for H. Chasse, of 619 North Orange street. It is said to be something entirely different.
 Mr. Beran has also under construction his own residence at 1529 East Broadway, which will cost in excess of \$15,000. Mr. Beran states that this house will be complete and original to the minutest detail, and that it might well be called a "made to order" house, as all outstanding features are of his own design, no stock materials being used.

Plans Investigation Of Daughter's Death
 LOS ANGELES, Dec. 28.—The sheriff's office today awaited the arrival of G. M. Christenson, who arrived that he was coming to Los Angeles to help gather evidence to solve the mystery surrounding the death of his daughter, Lola Lawler, who was found with an empty chloroform bottle in her hand last July 3. Neighbors declared the girl was despondent some days prior to her death. Domestic troubles were said to have been at the bottom of her difficulties.
Dust in Flour Mill Explodes; 2 Dead
 KANSAS CITY, Mo., Dec. 28.—Two men were probably burned to death here this afternoon and fifteen others seriously injured when a dust explosion occurred in the Schreiber Flour and Cereal company mill here. The explosion shook the buildings for blocks.
 The Schreiber building was an entire loss a few minutes after the explosion.

COMMENT THAT'S ALL
A Dry New Year's!
For the Love of a Buddy
Dick Wick Hall's Desert Telephone Aids News
 —By Gil A. Cowan—
 SOUTHERN CALIFORNIA will have a dry New Year's. Such is the assurance of the prohibition enforcement agents who find harbor in the city of Los Angeles.
 Here's hoping the weather man co-operates and doesn't permit it to rain nickels on the football games and rose tournament and such.
 But it is well to warn the celebrants—spirits convivial of 1919 B. V. D. (Before Volstead Dryness)—to keep their hip pockets tightly buttoned New Year's eve, for the "dry wave" will be ushered in and the wet parties ushered out by "vamp" officers who are replacing the damp entertainers.
 There is every reason to believe that the drive on booze this year will be effective and only in a few select family parties will their joy spread by the blinking of glasses. Certainly, cafes will not take chances on abatement proceedings to satisfy the few who insist on openly violating the federal statutes.
 Especially will this be true in view of the toll taken by "bootleg" moonshine liquor during the Christmas holiday. About 100 deaths throughout the country are reported; others went blind; and others still are suffering from the effects of the poison.
 In the words of a comedian, "Don't do the wrong act, folks. It may be the Wright act for you."
 Over the wastes of Arizona, out where the carrion casts its ominous shadow and coyote stalks its prey, a lone army aviator is ceaselessly searching for his lost "buddy" and a superior officer, long since given up as dead by others less intrepid who have soared far and wide over the great southwest in vain endeavor to find the two missing flyers who lost their lives in flight from San Diego to Fort Huachuca, Ariz.
 There is in this little note appearing in the newspapers, a tender feeling of fealty only known by those who have served together, who, in common parlance, are called "buddies."
 Webster cannot define that term, but perhaps Dr. Abrams of San Francisco and others who hold the theory of vibrations controlling the universe will give a satisfactory explanation some day as to just why one will lay down his life for another whom he has grown to love more than a brother!
 The day is not far distant when lovers will insure marital happiness by vibratory tests; when employees will be given work where their vibrant notes show them to be best suited; when insensible people will be re-created into human beings by the diminishing or increasing of their vibratory reaction.
 Such is the lesson to be learned from this single service man's devotion to his dead "buddy" as he sails into etheral heights and down into the valleys of the shadow, guided only by that responsive chord.
 There is something about the desert that is healing and inspiring. The very freedom of these vast expanses of sand creates a desire among people to tarry and camp by the vast sandhills.
 Indeed, the lure is so strong that people have been known to leap from the limited trains into the bosom of God's unattended kingdom.
 It is in just such environment that Dick Wick Hall, garage owner and hotel keeper, at Salome, Ariz., gets his inspiration for those clever lines accredited by the Saturday Evening Post to the "Salome Sun."
 Perchance the writer visited Salome and found the "Sun" doing business on Sunday, high in the skies, above a community which once was a mining center—and still is, in the eyes of Hall.
 While partaking of crackers and cheese at the little store next to the garage where a tire was being patched, inquiry was made as to Dick Wick and his paper.
 Every once in a while he has an edition printed on a mimeograph when he visits Los Angeles. These are distributed to the tourists. Yield Dick Wick Hall to the description this editor gives to Yuma county roads.
 Hall spends half of his time in Los Angeles, New York or elsewhere than Salome. When at home he gladly gathers the shekels from transcontinental tourists and uses the profits of his enterprises to build roads which Yuma county officials have forgotten.
 "Don't Cuss This Road," says one of the signs he has posted, "I Did This Work With a Pick and Shovel." Another says: "Yuma County Roads Are H—1, But It Cost Me \$10,000 to Make What There Is of This."
 Gladly you accept the bumps and jagged rocks, and thank heaven that Dick Wick Hall is performing a great service for his fellow man, although the federal government could well help in providing a few rock crushers, several carloads of dynamite and a few thousand dollars for labor.

COMMENT THAT'S ALL
A Dry New Year's!
For the Love of a Buddy
Dick Wick Hall's Desert Telephone Aids News
 —By Gil A. Cowan—
 SOUTHERN CALIFORNIA will have a dry New Year's. Such is the assurance of the prohibition enforcement agents who find harbor in the city of Los Angeles.
 Here's hoping the weather man co-operates and doesn't permit it to rain nickels on the football games and rose tournament and such.
 But it is well to warn the celebrants—spirits convivial of 1919 B. V. D. (Before Volstead Dryness)—to keep their hip pockets tightly buttoned New Year's eve, for the "dry wave" will be ushered in and the wet parties ushered out by "vamp" officers who are replacing the damp entertainers.
 There is every reason to believe that the drive on booze this year will be effective and only in a few select family parties will their joy spread by the blinking of glasses. Certainly, cafes will not take chances on abatement proceedings to satisfy the few who insist on openly violating the federal statutes.
 Especially will this be true in view of the toll taken by "bootleg" moonshine liquor during the Christmas holiday. About 100 deaths throughout the country are reported; others went blind; and others still are suffering from the effects of the poison.
 In the words of a comedian, "Don't do the wrong act, folks. It may be the Wright act for you."
 Over the wastes of Arizona, out where the carrion casts its ominous shadow and coyote stalks its prey, a lone army aviator is ceaselessly searching for his lost "buddy" and a superior officer, long since given up as dead by others less intrepid who have soared far and wide over the great southwest in vain endeavor to find the two missing flyers who lost their lives in flight from San Diego to Fort Huachuca, Ariz.
 There is in this little note appearing in the newspapers, a tender feeling of fealty only known by those who have served together, who, in common parlance, are called "buddies."
 Webster cannot define that term, but perhaps Dr. Abrams of San Francisco and others who hold the theory of vibrations controlling the universe will give a satisfactory explanation some day as to just why one will lay down his life for another whom he has grown to love more than a brother!
 The day is not far distant when lovers will insure marital happiness by vibratory tests; when employees will be given work where their vibrant notes show them to be best suited; when insensible people will be re-created into human beings by the diminishing or increasing of their vibratory reaction.
 Such is the lesson to be learned from this single service man's devotion to his dead "buddy" as he sails into etheral heights and down into the valleys of the shadow, guided only by that responsive chord.
 There is something about the desert that is healing and inspiring. The very freedom of these vast expanses of sand creates a desire among people to tarry and camp by the vast sandhills.

 dealing with the European situation, President Harding said, "The first practical step would be to free the hands of the American debt funding commission in negotiating with European powers for the payment of their debts to this country."
 The president's letter in part follows:
 "On the face of things it is equivalent to saying that the executive branch of the government which is charged with the conduct of foreign relations, is not fully alive to a world situation which is of deep concern to the United States. As a matter of fact, the European situation has been given most thorough and thoughtful consideration for many months. Without questioning the good faith of the proposal, I am very sure it would have been repaired, and the action of the congress could be taken much more intelligently if proper inquiry had been made of the state department relative to the situation in which we are trying to be helpful.
 "Of necessity the communications to the state department relative to delicate matters among nations cannot be bulletined from day to day, but the situation is never withheld from members of congress, who choose to inquire for confidential information in a spirit of co-operation.
 Makes Reservation
 "In ratifying the treaty of peace with Germany the senate made a reservation that the United States should not be represented on the reparations commission without the consent of congress and no such consent has been given. Moreover, in creating the world war debt funding commission that body was restricted to explicit terms for rates of interest and ultimate time of payment. If congress really means to facilitate the task of the government in dealing with the European situation, the first practical step would be to free the hands of the commission so that helpful negotiations may be undertaken.
 "It is quite generally accepted that the adjustment of the questions of reparations must underlie any economic rehabilitation of Europe and reparations cannot be secured without the consent of governments concerned. The United States cannot assume to say to one nation what it shall pay in reparations, nor to another nation what it shall accept.
 Contrary View
 "In discussions with foreign governments, the previous administration and the present administration have insisted that the question of European debts to the United States is distinct and apart from the question of reparations, but European nations hold a contrary view and it is wholly inconsistent to invite a conference for the consideration of questions, in dealing with which the government is denied all authority by act of congress.
 "So far as the limitation of land armaments is concerned, there seems to be at this time no more promising prospect of accomplishment than when the conference was held in Washington a year ago. Here again, I venture to warn the senate against the suggestion to our people or a gesture of promise to the world which cannot be fulfilled until the nations directly concerned express their readiness to co-operate to such an end.
 "With respect to a limitation of auxiliary types of naval craft, which are not limited by the present naval treaty, it is to be said that such an agreement is much to be desired, whenever practicable, but we may reasonably postpone our further endeavors along
