THE

ACTS OF THE APOSTLES.

PARENTIBUS OPTIMIS QUIBUS SI QUID HABEO ACCEPTUM REFERO. BIBIE- IV, I, ACTS. Green,

THE

ACTS OF THE APOSTLES,

BEING

THE GREEK TEXT

AS REVISED BY

DRS WESTCOTT AND HORT,

WITH EXPLANATORY NOTES

BY

THOMAS ETHELBERT PAGE, M.A.

ASSISTANT MASTER AT CHARTERHOUSE, AND FORMERLY FELLOW OF ST JOHN'S COLLEGE, CAMBRIDGE.

London:

MACMILLAN AND CO. AND NEW YORK. 1886

[The Right of Translation is reserved.]

352621

Λουκας ό ίατρὸς ὁ ἀγαπητός. Col. iv. 14.

Λουκάς έστιν μόνος μετ' έμοῦ. 2 Tim. iv. 11.

Μάρκος, 'Αρίσταρχος, Δημῶς, Λουκῶς, οἰ συνεργοί μου. Phil. 24.

THE COLLECT FOR ST LUKE'S DAY.

Almighty God, who calledst Luke the Physician, whose praise is in the Gospel, to be an Evangelist, and Physician of the soul; May it please thee, that, by the wholesome medicines of the doctrine delivered by him, all the diseases of our souls may be healed; through the merits of thy Son Jesus Christ our Lord. Amen.

PREFACE.

THIS edition is intended chiefly for use in Schools, at the same time I am not without hope that in some points it may be of service to other students. Certainly, after a careful examination of the Revised Version, I am justified in saying that there are some passages in the Acts the meaning of which is not generally understood even by scholars. It may suffice to refer to the unintelligible renderings given of such important passages as i. 16—22 and x. 34—39, to the less obvious but clear errors pointed out in the note on $\mu \epsilon \nu \ o v$ ii. 41, and to the direct violation of the laws of language in the translation of xix. 2 and xxvii. 12.

That there is room for a useful School edition of the Acts, and indeed of any portion of the New Testament, few with any experience in teaching will deny. Schoolboys are for the most part grievously ignorant of the subject. For this two main reasons may be assigned.

(1) Being conversant with the English version they are able to translate the Greek with fatal facility, and fall into the common error of supposing that they understand the meaning of words, the sound of which has been familiar to them from infancy.

360205

a 3

ACTS OF THE APOSTLES.

(2) Most commentaries are quite unadapted for practical work with boys. Their fault is this. The editors do not confine themselves chiefly to explanation of the text, which is the first and strictly the only duty of a commentator, but encumber their notes with doctrinal discussions and moral reflections. Such additions are at best out of place, even where the doctrinal arguments are not wholly one-sided and the moral disquisitions not trite and mediocre: in a scholar they usually create irritation; schoolboys soon cease to read the notes altogether.

In the present edition the notes with some few exceptions-which will I hope justify themselvesare confined to explanation and illustration of the text. By thus limiting myself I have been enabled to make the notes comparatively short and at the same time fairly thorough. I have moreover carefully studied brevity: it would have taken me half the time to write twice as much. In one point too much space has been saved. Passages of the Bible referred to are rarely quoted. This is done deliberately. I know that as a rule boys will not look up references. This is only natural where the references are to a variety of books, and in such cases passages referred to should usually be quoted; but to read the Greek Testament without a Bible at hand is useless, and it is most important that boys should become accustomed to working with it and examining passages referred to in it.

Allusion has been made not unfrequently to the views of other commentators. The limits however of my work preclude any but a brief examination of

vi

PREFACE.

conflicting opinions except in important cases. Perhaps it is well that this is so. The number of commentators is immense, and there is no possible or impossible view of even simple passages which has not found advocates. To have overloaded the notes throughout with a discussion of the views, which seemed to me plainly erroneous, would have made them useless for their purpose. Indeed even now, after cutting out all that seemed possible, I much doubt whether they are as simple as they should be. Certainly some of them can be of little use to any but advanced boys, but I trust that this may be due rather to the complexity of the subject than to a lack of clearness or brevity on my part: at any rate I do not hold that even in a school-book difficult passages should be slurred over, exactly because they are difficult.

I have not written an 'Introduction'. It would be fairly easy to compile one similar to those which are to be found in many English editions. The problems however presented by the Acts are so many and so complex, that an Introduction worthy of the name would require a separate volume and a capacity immeasurably exceeding mine.

It is right however that I should refer to my personal opinions on one or two points. One is that I consider that on critical grounds the writer of the Acts is to be identified with the writer of the third Gospel, and that I see no reason whatever why he should not be St Luke. Another point is that I regard the writer as an *honest* writer, and my notes are written on that supposition: they are an endeavour

viii ACTS OF THE APOSTLES.

to make clear the meaning of a writer, who is, I consider, endeavouring honestly to lay before his readers certain facts which he himself believes. This declaration is, I think, required from me in this preface, for it is clear that the whole character of my notes would be altered if I started from the supposition that the writer either wilfully misrepresented facts or was influenced by such a strong bias or tendency as to render his narrative continually open to suspicion. Beyond this, however, I do not think it necessary for a commentator to go in expressing his personal opinions: if he does, he passes from exegesis into criticism, and these two subjects should, where possible, be kept entirely apart. I will endeavour to illustrate my meaning by two instances.

(1) It does not seem to me that it lies within my province to discuss the exact details and evidence of the miracles related in the Acts. That miracles are impossible or, under certain circumstances, improbable, cannot logically be asserted except from the premises of pure materialism; a priori they are exactly as possible as any act of human volition. Moreover they form an integral part of Christianity; the claims of Christianity as a religion essentially rest on the miraculous. It is obvious however that the miracles related in the Acts stand on a different footing to those ascribed to Christ: it would be perfectly reasonable to fully accept the latter and at the same time hold that some of the former are related on insufficient evidence or are based on exaggerated reports. The examination, however, of such questions is entirely without the range of my duty as a commentator: my

duty is only clearly to point out that the writer is describing a miracle, when I judge from his words that he is doing so.

(2) In dealing with the argument of certain speeches I have endeavoured to bring out the meaning of the text. In doing so I have at times spoken of the argument as 'clear' or 'telling', but this does not imply or require that I should hold any special views as to the method of Messianic interpretation of the Old Testament which is employed, but only that, the legitimacy of that method being presupposed, the argument founded on it appears to me valid.

Moreover, all questions about the exact nature of inspiration seem to lie outside my work. I have commented on the Acts as on a work written by a man for men, that is to say, produced in accordance with the laws of human thought and to be examined and understood by human intelligence. Nor indeed is there any clear ground of reason or authority for any other supposition. That the preservation of an adequate record of the life of Jesus and the foundation of the Christian Church would be ensured by God, may be safely maintained by any believer, and that record is justly regarded with a reverence such as can attach to no other human writings: on the other hand the assertion of higher claims serves no necessary end and involves many difficulties.

Lastly I may add that I have not attempted in any way to use my notes to support any particular form of dogmatic teaching. Legitimate exegesis has no concern with the opinions which may be founded on the results at which it arrives. It is the duty of a

ACTS OF THE APOSTLES.

commentator to examine the facts before him, and to decide upon them with judicial impartiality. To the easy triumphs which await the impassioned advocate of a popular cause he has no right: if he makes them his aim, he may indeed gain the cheap applause of partisans but he will forfeit the esteem of sober seekers after truth.

On these points I have endeavoured to express myself clearly. It is distinctly not my wish that any one should use my notes without knowing the principles on which I have proceeded. I have therefore thus far been personal and possibly controversial. From this point, however, I believe that the reader will find little to which those adjectives can justly be applied. My one object has been to elucidate the text: occasionally I have had to express a decided opinion that certain views were erroneous, but nowhere have I willingly written a word except in charity.

Of the text which I am enabled to employ it would be impertinent in me to speak critically. This much I may say, that, as is the case with everything of real excellence, its merits are clear even to one who is not an expert.

A list of the works principally used by me will be found facing the notes. References to such works will frequently be found in the margin as nearly as possible parallel to that part of the note which is borrowed from them or in agreement with them. It must not be assumed however that the commentators so referred to are (except when marks of quotation are given) in exact accord with my notes: it is rather my object to indicate to those, who wish to examine more fully the

x

grounds on which a note is based, in what books they will find similar views maintained. As I am ignorant of Hebrew, explanations given of Hebrew words or phrases are in no case original.

I owe my best thanks to my friend the Rev. C. C. Tancock for looking over the proofs of the notes, but he is in no way responsible for any errors or opinions to be found in them.

T. E. PAGE.

CHARTERHOUSE, GODALMING.

The following explanation of the notation employed in the text is copied from the smaller edition of the Greek Testament by Drs Westcott and Hort, pp. 580—3.

"The primary place in the text itself is assigned to those readings which on the whole are the more probable, or in cases of equal probability the better attested. The other alternative readings occupy a secondary place, with a notation which varies according as they differ from primary readings by Omission, by Addition, or by Substitution.

A secondary reading consisting in the Omission of words retained in the primary reading is marked by simple brackets [] in the text.

A secondary reading consisting in the Addition of words omitted in the primary reading is printed at the foot of the page without any accompanying marks, the place of insertion being indicated by the mark \top in the text.

A secondary reading consisting in the Substitution of other words for the words of the primary reading is printed at the foot of the page without any accompanying mark, the words of the primary reading being included within the marks $\lceil \rceil$ in the text.

Wherever it has appeared to the editors, or to either of them, that the text probably contains some primitive error, that is, has not been quite rightly preserved in any existing documents, or at least in any existing document of sufficient authority, the marks $+^+$ are placed at the foot of the page, the extreme limit of the words suspected to contain an error of transcription being indicated by the marks $^{\frown}$ in the text. Where either of two suspected extant readings might legitimately have been printed in the text, one of them is printed as an alternative reading between the $+^+$: where there is no such second reading entitled to be associated with the text, the $+^+$ are divided only by dots. All places marked with $+^+$ are the subject of notes in the Appendix to the larger edition."

ΤΟΝ ΜΕΝ ΠΡΩΤΟΝ ΛΟΓΟΝ έποιησάμην περί r πάντων, ω Θεόφιλε, ων ήρξατο Ίησους ποιείν τε καί 2 διδάσκειν άχρι ής ήμέρας έντειλάμενος τοις άποστόλοις δια 3 πνεύματος άγίου ους έξελέξατο ανελήμφθη· οις και παρέστησεν έαυτον ζώντα μετά το παθείν αὐτον έν πολλοίς τεκμηρίοις, δι' ήμερών τεσσεράκοντα όπτανόμενος αὐτοῖς 4 και λέγων τα περί της βασιλείας του θεου. και συναλιζόμενος παρήγγειλεν αυτοίς από 'Ιεροσολύμων μη χωρίζεσθαι, άλλα περιμένειν την επαγγελίαν του πατρός ήν 5 ήκούσατέ μου. ότι 'Ιωάνης μεν εβάπτισεν ύδατι, ύμεις δε έν πνεύματι βαπτισθήσεσθε άγίω ου μετά πολλάς ταύτας Οί μέν ούν συνελθόντες ήρώτων αυτόν $6 \eta \mu \epsilon \rho a s.$ λέγοντες Κύριε, εί έν τῷ χρόνω τούτω ἀποκαθιστάνεις τὴν 7 βασιλείαν τω Ίσραήλ; είπεν πρός αὐτούς Ούχ ὑμῶν έστιν γνώναι χρόνους ή καιρούς ούς ό πατήρ έθετο έν τή 8 ίδία έξουσία, άλλα λήμψεσθε δύναμιν έπελθόντος του άγίου πνεύματος έφ' ύμας, και έσεσθέ μου μάρτυρες έν τε Ίερουσαλήμ καὶ [έν] πάση τη Ἰουδαία καὶ Σαμαρία καὶ ἕως 9 έσχάτου της γής. και ταυτα ειπών βλεπόντων αυτών έπήρθη, και νεφέλη υπέλαβεν αυτόν από των οφθαλμών 10 αὐτῶν. καὶ ὡς ἀτενίζοντες ἦσαν εἰς τὸν οὐρανὸν πορευομένου αύτοῦ, καὶ ίδου ἄνδρες δύο παριστήκεισαν αὐτοῖς έν

T. R.	The Textus Receptus, the text of the second Elzevir edition, Leyden, 1633, founded on a collation of the third edition of Stephanus, 1550, with the editions of Beza: it differs very slightly from the text which had been employed for the Authorized Version.				
W.	The Acts, by Bishop Wordsworth. New Edition. 1860.				
W. & H.	The New Testament in Greek, by Dr Westcott and Dr Hort, 2 vol. 1881.				
v.	The Vulgate or Latin version of Jerome, circ. 383.				

THE

ACTS OF THE APOSTLES.

CHAPTER I.

1. τόν μέν πρώτον λόγον] 'The Gospel according to St Luke', which also commences with a formal inscription to Theophilus, Luke i. 1-4.

λόγος ('treatise' A. and R.V.) is a very general term applied to any 'narrative' or 'account'. Plato contrasts it with μ θ θ σ s 'a (fictitious) tale', *Phaedo* 61 B ποιέν μύθους, άλλ' οὐ λόγους. The phrase λόγον ἐποιησάμην is more simple and less formal than the ἰστορίης ἀπόδειξις of Herod. I. 1, or the ξυνέγραψε of Thuc. I. 1.

πρώτον by a natural inaccuracy = πρότερον. μ έν has nothing formally to answer to it: Luke glides imperceptibly into 'the second narrative'.

• $\mathbf{\delta}$ Θεόφιλε] Luke i. 4 κράτιστε Θεόφιλε; from the epithet κράτιστε which is applied to Felix twice, xxiii. 26, xxiv. 3, and to Festus xxii. 25, it has been inferred that Theophilus held some high official position.

 $[\delta v]$ by attraction for *d*, a very frequent idiom, cf. e.g. iii. 21 δv έλαλησεν, iii. 25 ήs διέθετο, vii. 17 ήs ώμολόγησεν.

ήρξατο ποιέιν] The work which Jesus '*began*' on earth is regarded as *continued* by the Apostles with the aid of Jesus in heaven. Luke marks his second narrative as a natural and necessary sequel to his first.

Others say that the use of $\delta\rho\chi\epsilon\sigma\theta a\iota$ with the inf. (which occurs 28 times in Luke) is only a slightly more 'vivid and M. dramatic' way of putting the simple verb: but a careful examination of the passages (e.g. Luke iii. 8, xi. 20; Acts ii. 4, xi. 4, xi. 15, xviii. 26) will shew that, although $\delta\rho\chi_{o-\mu\alpha\iota}$ is not always emphatic as here, where the context throws emphasis upon it, yet it never entirely loses its meaning or degenerates into a mere auxiliary verb. 2. $\check{a}\chi\rho\iota$ $\hat{\eta}s$ $\dot{\eta}\mu$.] by attraction for \check{a} . $\tau\hat{\eta}s$ $\dot{\eta}\mu\epsilon\rho s$ $\hat{\eta}$. Cf. ver. 22, $\check{\epsilon}\omega s \tau\hat{\eta}s \dot{\eta}\mu\epsilon\rho s \hat{\eta}s$.

έξελέξατο] a word frequently used of the 'choosing' of the Apostles, e.g. Luke vi. 13 $\epsilon \kappa \lambda \epsilon \xi \dot{a} \mu \epsilon vos \dot{a} \pi' a \dot{\nu} \pi \omega \tau \delta \omega \delta \epsilon \kappa a$: also of the 'choosing' of Israel, xiii. 17 n.: and Christians are often called 'chosen', $\epsilon \kappa \lambda \epsilon \kappa \tau o i$.

3. παρέστησεν...] e.g. on the mountain in Galilee, Matt. xxviii. 16, to the eleven as they sat at meat, Mark xvi. 14, at the sea of Tiberias, John xxi. 1—23.

 $\pi \alpha \theta \epsilon i \nu$] So absolutely of 'the passion' xvii. 3, xxvi. 23.

τεκμηρίοις] 'infallible proofs' A.V., 'proofs' R.V. τεκμήριον is defined as ἀναγκαῖον σημεῖον Arist. Rhet. I. 2. 16.

δί ήμ. τεσσεράκοντα] The length of time is given here only. At the flood 'it rained upon the earth forty days', Gen. vii. 4; Moses was in the mount forty days, Ex. xxiv. 18; Jesus fasted forty days, Matt. iv. 2.

όπτανόμενος] 'being seen' A.V.; but R.V. rightly 'appearing'. The word only occurs here in N.T., and seems to describe 'transitory appearances attended with miracu-H. lous circumstances', cf. the use of $\delta \pi \tau a \sigma i a$ 'a vision' xxvi. 19; Luke i. 22, xxiv. 23.

τη̂s βασ. τοῦ θεοῦ] This phrase occurs 33 times in Luke, 15 times in Mark, but Matt. almost always has η βασ. τῶν οὐρανῶν. It represents that kingdom which the Messiah was sent to establish. The meaning attached to it has naturally varied with the belief held as to the person and purpose of the Messiah. The Jews looked for a restoration of their empire as it had been in the days of David. The same feeling was entertained by the first disciples, cf. ver. 6, Matt. xx. 21, and only gradually disappeared. On the other hand, in their widest sense, the words may include (1) the spiritual kingdom which our Lord came to establish upon earth, (2) His kingdom in heaven.

4. συναλιζόμενος] 'being assembled together with them' A. and R.V. The marg. gives 'eating with them' and V. convescens, but this derivation of the word from $ä\lambda_s$, 'salt', is without authority, and probably due to a comparison of passages such as Luke xxiv. 41; John xxi. 12, where the risen Jesus is described as 'eating' with His disciples.

παρήγγειλεν...] Cf. carefully Luke xxiv. 49. The 'promise of the Father' is the Holy Spirit, cf. ii. 33. $\tau \sigma \tilde{v}$ πατρόs is the subjective gen.; the Father gives the promise: on the other hand ii. 33 $\tau \sigma \tilde{v}$ πνεύματοs is the objective gen.; it is that to which the promise refers. έπαγγελία is regularly used in N.T. of 'divine promises' (cf. ii. 39, vii. 17, xiii. 23) which are not promises made under an agreement (ὑπόσχεσις) but voluntary offers; ἐπαγγέλλεσθαι=ultro offerre.

ήν ήκούσατέ μου] R.V. 'which, said he, ye heard from me'. Transition to direct speech, cf. Luke v. 14.

 ^{*} Ιωάνης μέν...] John's own words are έγὼ μὲν βαπτίζω ὑμᾶs ἐν ὕδατι...αὐτὸs ὑμ. βαπτίσει ἐν πν. ἁγ. καὶ πυρί (Matt. iii, 11).

où µerd...] At Pentecost (see ch. ii.), 10 days after the Ascension. In the Church Calendar Ascension Day is the 40th day after Easter, and Whitsunday the 10th day after Ascension Day.

6. of $\mu \lambda \nu$ over...] 'So then they (the eleven) having come together...'. At this point the regular narrative of the Acts begins, viz. with an account of the Ascension. ov connects it with the brief Introduction and Summary of vv. 1-4, which in its turn connects the Acts with the Gospel.

R.V. rightly here commences a fresh paragraph.

κύριε] κύριος = (1) 'having strength', 'power', (2) 'master', 'lord', dominus; frequently applied to men, e.g. xvi. 30; Matt. xxi. 30 έγω, κύριε, 'I go, Sir'; to an angel x. 4; but especially in LXX. to God, cf. Gen, ii. 15 κύριος δ θεός 'the Lord God', and Acts ii. 34 είπεν Κύριος τῶ κυρίω μου: it is used in prayer to the Father, e.g. i. 24, iv. 29; it is however especially applied in N.T. to Jesus 'the Master', cf. xix. 5, 10, 13, 17; and in prayer to Him, vii. 50.

cl] The use of ϵl after phrases like $o i \kappa \ o l \delta a$ in classical Gk. ='whether' is well known. Hence its use in N.T. to express a direct question in the form of a doubt which the utterer desires to have solved, cf. vii. 1, xix. 2, xxi. 37, xxii. 25; Matt. xii. 10; Luke xiii. 23.

iν τῷ χρόνῷ τούτῷ] Emphatic. 'Is it now that thou dost re-establish?' The resurrection of Jesus and His subsequent words about 'the kingdom of God' (ver. 3) had re-kindled their hopes of the immediate re-establishment of an earthly Jewish empire.

7. $\chi\rho\delta\nu\nu\nus$ η $\kappa\alpha\rho\rho\delta s$] Usually distinguished as 'periods' and 'points (i.e. critical moments) of time'. The distinction cannot however be maintained, cf. $\kappa\alpha\rho\rho\delta s$ (xvii. 26) of long periods of national existence, and the common phrase $\delta\nu\delta\nu \kappa$. = 'the present life': see too iii. 19, 21 n.

xpbros = 'time', 'period of time' merely; kaipbs, 'a period of time' not with reference to its length, but regarded as fixed upon, marked out, or adapted for some end.

¿θετο...] An absolute monarch may 'place' certain affairs 'in the hands of his ministers': others he may 'place within (or 'subject to') his own personal authority': these latter he would be said $\tau i \theta \epsilon \sigma \theta a i \epsilon \nu \tau \eta i \delta$. Evola. The phrase is an emphatic one, tola being as much stronger than éautoù as proprius than suus, and égovola expresses full and uncontrolled authority (cf. v. 4).

8. καl έσεσθε... της yηs] The Acts themselves form the best commentary on these words, and the words themselves might be given as the best summary of the Acts.

We have first the preaching of the gospel 'in Jerusalem' until the martyrdom of Stephen; then the dispersion throughout Judaea and Samaria, viii. 1; Philip going down to Samaria, viii. 5; and afterwards Peter and John, viii, 14; then the conversion of Paul 'the Apostle of the Gentiles' and the vision of Peter; finally a full account of the missionary labours of Paul and others, culminating in the establishment of the gospel in the capital of the world.

μάρτυρες] 'witnesses': doctrinâ et sanguine, B. Notice the first duty of an Apostle and cf. iv. 33, x. 39, xiii. 31.

9. $i\pi \epsilon \lambda \alpha \beta \epsilon \nu$] 'received him' so that He seemed to be supported by it. oxyma Basilikov, Chrysostom.

10. drev([ovres] A. and R. V. 'looking stedfastly'. The word (from a intensive and $\tau \epsilon \nu \omega$) occurs 10 times in the Acts and describes a somewhat strained, earnest gaze, cf. iii. 4, 12, vi. 15, vii. 55.

els toy oupavor] Notice the quiet emphasis of these words four times repeated.

ώς...ήσαν, και ίδού] Cf. Luke vii. 12 ώς ήγγισε...και ίδού. The simplest method of representing two events as happening together is to place them side by side, and this method. very common in Homer, is fairly frequent in classical v.Stallb. Gk, e.g. Plat. Symp. 220 c, ήδη μεσημβρία ήν και ανθρωποι $\eta\sigma\theta\dot{a}\nu\sigma\nu\tau\sigma$, 'it was midday when they began to notice'. Cf. too iii. 2 n.; Mark xv. 25 ήν ώρα τρίτη και έσταύρωσαν αὐτόν, and the use of atque in simul atque. Hence even where a temporal particle, e.g. ώs, is used we often find, as here, a

ad loc. Curtius. Gk Gr. pp. 213, &c.

pleonastic $\kappa a i$ added to mark that the two events happened exactly together.

άνδρες] Cf. Luke xxiv. 4: so too an 'angel' is called 'a man' x. 30. Cf. xi. 13.

11. ούτως...δν τρόπον] Emphatic repetition.

12. 'Elanŵros] 'Olivet', V. Olivetum, 'the olivegarden' (cf. $d\mu\pi\epsilon\wedge\omega\nu$); only here, usually $\tau\delta$ does $\tau\omega\nu$ $\epsilon\lambda\alpha\iota\omega\nu$. The Mt of Olives is a ridge about one mile long, running N. and S., on the E. of Jerusalem, separated from it by the narrow ravine of the Kidron.

σαββάτου...] Cf. Ex. xvi. 29, 'abide ye every man in his place, let no man go out of his place on the seventh day'. This special command had been made by the Rabbis the basis of a general rule fixing the distance which might be lawfully traversed on the Sabbath at '2000 cubits' (about six furlongs), the space kept between the ark and the people in the wilderness Josh. iii. 4, the distance to which the suburbs of a Levitical city extended, Numb. xxxv. 5, and the traditional distance which separated the tabernacle from the furthest part of the camp.

 $\xi_{\rm XOV}$ is not = $\delta \pi \epsilon_{\rm XOV}$: the distance is regarded as a quality possessed by the mountain. Many consider that B.W.A. Luke here describes the Ascension as taking place at some spot on the Mt of Olives distant a sabbath day's journey from Jerusalem, and the present Church of the Ascension is on the central peak of the mountain, which is at about that distance. But this view does not agree with Luke xxiv. 50 where it is said that 'Jesus led them out to over against (Ews $\pi \rho \delta s$) Bethany', which is a village on the E. slope of the Mt of Olives 'fifteen furlongs' (John xi. 18) from Jerusalem. Probably therefore Luke here gives the distance of the Mt of Olives from Jerusalem for the information of his Gentile readers and does not fix the exact spot of the Ascension, which took place amid 'the wild uplands Stanley, which overhang Bethany, in a seclusion which would per-Sinai haps nowhere else be found so near the stir of a mighty c. 3. city'.

13. τὸ ὑπερῷον] Possibly the ἀνώγεον μέγα of Mark xiv. 15, Luke xxii. 12, where the Last Supper took place. The ὑπερῷον in a house was a large room suitable for gatherings, cf. xx. 8.

δ τε Πέτρος...] The following table gives the four lists of the Apostles to be found in the N. T.

78 ACTS OF THE APOSTLES. [1. 13							
	Matthew x. 2.	Acts i. 13.					
Simon Peter							
	Andrew	James	Andrew	John			
	James	John	James	James			
	John	Andrew	John	Andrew

Thomas

τοῦ 'Αλφαίου 4

Simon

Judas

Matthew

ό Ζηλωτής

of James' Vacant

Thomas

James b

In each list the twelve names fall into three groups of four, each group headed by the same name. The first two groups are identical in their composition. In the third it is necessary to identify Thaddaeus (or Lebbaeus, for the readings vary) with 'Judas of James'. For the use of double names cf. ver. 23 n.

Isca riot

δ [ηλωτήs] The Greek equivalent of the Chaldee Kararacos (not Xararacos='inhabitant of Canaan'). Simon belonged to the seet of the Zealots who were noted for their fierce advocacy of the Mosaic ritual, and who assume so prominent a position in the siege of Jerusalem.

Merivale, c. 59. Matthew

Thad daeus

Ju das

Simon | & Kavavalos

'I. 'Ιακώβου] A. V. 'brother of James', assuming that he is 'Ιούδας ἀδελφὸs' Ιακάβου of Jude i. 1. R. V. rightly gives the natural rendering 'son of James'. He is referred to as 'Judas not Iscariot' John xiv. 22. Nothing else is known of him.

14. δμοθυμαδόν] Eleven times in the Acts: not elsewhere in N. T. except Rom. xv. 6.

σύν γυναιξίν. και Μ.] 'with women and (noteworthy among them) Mary'. Such women might be Mary Magdalene, Joanna, Susanna, Luke viii. 2, 'Mary the mother of

James and Joses', and Salome the 'mother of Zebedee's children', Matt. xxvii. 56.

τοιs aSeλφois] . Cf. Matt. xii. 46; Mark iii. 31; Luke viii. 19, 'his mother and his brethren'; mentioned with 'his mother' and 'his sisters', and their names given 'James and Joses and Simon and Judas' Matt. xiii. 56; Mark vi. 3; 'his brethren' John vii. 9; 'James the Lord's brother' Gal. i. 19.

The fact that they are *invariably* termed $\delta\delta\epsilon\lambda\phi ol$, and so often mentioned, as here, with 'his mother', seems to make it certain that they were actually His brethren the sons of Mary. No other meaning can naturally be given to the words.

A strong desire however to make Jesus the only son of 'the Virgin' has given rise to many theories, of which the two chief are:

(1) A theory advanced first by Jerome A.D. 383 that they were 'cousins' of Jesus. To assign such a meaning to aderados is distinctly contrary to its biblical usage (its application to a 'nephew' Gen. xxix. 15 being exceptional, and its frequent metaphorical use, e.g. i. 15, being quite distinct). The theory is built upon a series of assumptions of which the first is that Mary had a sister also called Mary (a most improbable view and only supported by a very doubtful punctuation of John xix. 25), and that this Mary is identical with 'Mary the mother of James and Joses', Matt. xxvii. 56. It is sufficiently disproved by Excur-Lightfoot.

sus ad Gal.

(2) A theory held in very early times and strongly advocated by Epiphanius bishop of Constantia A.D. 367. that they were the sons of Joseph by a former wife. According to Epiphanius Joseph was eighty years old when betrothed to Mary. This theory being purely suppositional admits no proof or disproof. It is advocated by Lightfoot who refers to the fact that the dying Jesus commended His Lightmother to John (John xix. 26, 27) who took her ' unto his foot, own home', as a 'fatal objection' to her having had sons of $\frac{Gal}{ed. 2}$ p. 264. her own.

15. έν ταις ήμ. ταύταις] i.e. between the Ascension and Pentecost.

όνομάτων] A. V. 'names'; R. V. rightly 'persons'. For this Hebrew use cf. Numb. i. 2, 18, 20; Rev. iii. 4.

in inl rd auro] of place 'gathered together', cf. ii. 1, iii. 44; Luke xvii. 35.

16. $\check{\alpha}\nu\delta\rho\epsilon_{S...}$] The clear and telling argument of this speech is so obscured in both A. and R.V. that it needs careful attention.

In it Peter brings forward a Messianic prophecy to shew (1) that a certain event in the past was necessary, viz. the betrayal of Jesus by an Apostle, (2) that thereby a necessary duty is imposed upon them in the present, viz. the selection of a successor. This connection is emphatically marked by the prominent $\delta \epsilon_i$ the first word of the speech, and the equally prominent $\delta \epsilon_i$ (ver. 21) the first word of the second half.

With regard to the first division of his speech the method Peter adopts is not to give the prophecy first and the corresponding facts afterwards, but to give the facts first and the prophecy afterwards.

(a) He states that the prophecy had to be fulfilled which was spoken concerning Judas, and argues that its application must be to Judas because Judas was an Apostle. (It will be seen that the prophecy refers to one who held an 'overseership', so that the fact of Judas being an Apostle is the proof of its reference to him.)

(β) He then proceeds (v. 18) further to prepare the way for the quotation of the prophecy by referring to another remarkable fact, viz. the purchase by Judas of a field and (i) his suicide in that field, (ii) the consequent pollution of the field, which became 'a field of blood' and uninhabitable.

Then he brings forward the prophecy which accurately tallies with these facts, (β) (i) as invoking a curse on the betrayer, (ii) as referring to an $\ell\pi\alpha\nu\lambda\iota_s$ he possessed $(=\chi\omega\rho\iota\nu\nu\ \delta\ \ell\kappa\tau\eta\sigma\alpha\tau o)$ which is to be desolate and uninhabitable, and (a) as mentioning the betrayer as holding an 'overseership'.

ξδε.] 'It was necessary'. Throughout the Acts Jesus is regarded as the Messiah whom the Jewish scriptures foretold. The circumstances of His life and death must therefore necessarily fulfil the prophetic passages of Scripture. It is the constant endeavour of the Apostles to shew that the life and works of Jesus do accurately correspond with these prophecies.

την γραφην] 'the passage of scripture', i. e. the one he is about to quote, ver. 20. A. V. wrongly refers in margin to Ps. xli. 9.

'The singular $\gamma \rho a \phi \eta$ in the N. T. always means a particular passage of Scripture'.

Lightfoot, Gal. iii, 22. ην προείπε...] The Psalmist spoke of his own troubles, but through his instrumentality (διά) the Holy Spirit foretold the sufferings and betrayal of the Messiah.

τοῦ γεν. όδηγοῦ] Cf. Matt. xxvi. 47.

17. $\delta \tau \iota$] 'that', 'in that', 'seeing that', 'because'. H. gives $\delta \tau \iota$ = 'although'—a typical instance of mistranslation intended to save, and in fact ruining, the sense.

κλήρον] (1) 'a lot', (2) 'a thing assigned by lot', (3) 'allotment', 'portion'. Hence clerus='the clergy'.

18. $o\bar{v}ros \mu i v o\bar{v} \dots A' \mu \alpha \tau os]$ Marked off in R. V. as a parenthesis, (and so in the text,) and generally regarded as inserted by the historian. But it has been rightly remarked that (1) such an insertion of a historical notice is A. M. La. unnatural, (2) the use of $\mu i v o\bar{v}v$ (a formula of transition = 'so then') to introduce a parenthesis is unknown, (3) the whole verse is rhetorical not narrative in style, cf. $o\bar{v}ros$, $\mu u\sigma \theta o\bar{v} \tau \eta s$ doktas, $i \lambda d \kappa \eta \sigma \epsilon \mu \epsilon \sigma os$, and beyond all (4) the words are absolutely necessary to Peter's argument.

On the other hand in ver. 19 $\tau_{\hat{\eta}}$ $\delta\iotaa\lambda\epsilon\kappa\tau\varphi a\vartheta\tau\omega$ and $\tau\sigma\vartheta\tau'$ $\epsilon\sigma\tau\iota\nu \ X\omega\rho\iota\omega \ A\ell\mu a\tau\sigma s$ are clearly explanations inserted perhaps awkwardly but very naturally—by Luke writing in Greek for Greek readers who would not have understood the word ' $A\kappa\epsilon\lambda\delta a\mu d\chi$.

έκτήσατο χ...] 'acquired (i.e. made a $\kappa \tau \hat{\eta} \mu a$ or possession) a field from the reward of his guilt', i.e. from the '30 pieces of silver' which the chief priests had 'covenanted' to give him, cf. Matt. xxvi. 14—16, and xxvii. 3—8, where the account given differs considerably from that given here. Attempts to reconcile the two passages by translating $\epsilon \kappa \tau \hat{\eta} \sigma a \tau \circ$ 'gave occasion to the purchase of' involve a perversion of the plain meaning of the Greek.

πρηνής...] 'having fallen face-foremost'. The words indicate suicide by jumping or falling from a height of some sort, and the suicide is clearly referred to as connected with the field. Matt. has $\dot{a}\pi\epsilon \lambda \theta \dot{a}\nu \dot{a}\pi \dot{n}\gamma\xi aro$.

iλάκησεν, from λáσκω, always of sound, is here used of bursting accompanied with sound, cf. frango, fragor; 'crack'.

19. τη διαλέκτφ αὐτῶν] inserted by Luke from the point of view of himself and Theophilus who used Greek.

διάλεκτος, from διαλέγεσθαι, 'to converse',='language' not 'dialect', cf. ii. 6, xxi. 40.

Χωρίον Αξματος] Matt. has $d\gamma\rho\delta s$ αξματοs, adding that its former name was $\delta d\gamma$. τοῦ κεραμέωs.

Ρ.

20. γενηθήτω...] Ps. lxix. 25:

γενηθήτω ή έπαυλις αύτών ήρημωμένη καί έν τοις σκηνώμασιν αὐτῶν μη ἔστω ὁ κατοικῶν,

David and his kingdom are types of the Son of David and His kingdom. Hence words used of his own enemies by David are applied to the enemies of the Messiah, or referred specially to one such enemy as here. 'The 69th Psalm is often guoted in St Matt, and St John and seems to have been regarded as peculiarly prophetic of the Messiah'.

Emaulis] Clearly parallel to xwplov.

την έπισκοπην...] Ps. cix. 8. For έπισκοπήν A. V. gives the derived word 'Bishoprick', but R. V. 'office' and in the margin 'overseership'.

21. & εἰσηλθεν κ. έξ. έφ' ήμας]=versabatur inter nos, of habitual daily intercourse, cf. ix. 28; Ps. cxxi. 8; 1 Sam. xxix. 6; John x. 9.

τοῦ βαπτ. 'Ιωάνου] which immediately preceded the 22. public ministry of Jesus, cf. Luke iii.

τούτων] Deictic, and emphatic by position.

23. ¿στησαν] i.e. the whole company did so.

'Ιωσήφ...] Nothing is known of either.

Joseph's regular name (cf. καλούμενον) was Joseph Barsabbas, i.e. son of Sabbas, it being common thus to distinguish men by adding the name of the father, cf. Matt. xvi. 17 Simon Barjona, Acts xiii. 6 Barjesus. To this name was often added an additional name, a sort of 'surname' (cf. $\epsilon \pi \epsilon \kappa \lambda \eta \theta \eta$), sometimes expressing some personal characteristic (cf. iv. 36 'Iwon ϕ δ $\epsilon\pi\iota\kappa\lambda\eta\theta\epsilon$ Bapvá β as, i.e. 'son of consolation'; x. 5 Σίμωνα δε έπικαλειται Πέτρος, i.e. 'the rock'), frequently Latin in form, for use no doubt in dealing c. 19, s. f. with non-Jews, and often similar in sound to the Hebrew name, as here Joseph Justus; cf. xiii. 9 Saul, Paul.

> Mattathias (= Theodorus), a common Jewish name.

> 24. καρδιογνώστα] Emphatic. He 'who knows the heart' must judge right. The same adj. applied to God xv. 8.

> ανάδειξον] 'appoint', cf. Luke x. 1, ανέδειξεν ο κύριος έτέρους έβδομήκοντα.

> 25. είs τον τόπον τον ίδιον] Euphemism. The phrase is a strong antithesis to $\tau \partial \nu \tau \delta \pi o \nu \dots d \pi o \sigma \tau o \lambda \eta s$; he was chosen for the place of an Apostle, he had chosen his own place

H. So M. with Chrys.

v. F.

II. 1]

for himself. In Numb. xxiv. 25 'Balaam returned to his place' ($\tau \delta \nu \ \tau \delta \pi \sigma \nu \ a \vartheta \tau \sigma \vartheta$) was interpreted by the Rabbis of Gehenna.

Not only is the adj. thus a strong one, cf. i. 7 n., but it is emphasized by its position, as always, when the adj. is thus placed after the noun and preceded by the article, cf. ii. 20 $\eta\mu\epsilon\rho\mu$ $\tau\eta\nu$ $\mu\epsilon\gamma\lambda\eta\nu$ kal $\epsilon\pi\iota\phi\mu\nu\eta$, ii. 40 $\tau\eta$ s $\gamma\epsilon\nu\epsilon$ as $\tau\eta$ s okolas ratorns, vi. 13 $\tau\sigma\sigma$ $\tau\delta\sigma\sigma\nu$ $\tau\sigma\sigma$ $\dot{a}\gamma lov$, xi. 23 $\tau\eta\nu$ $\chi\dot{a}\rho\iota\nu$ $\tau\eta\nu$ $\tau\sigma\sigma$ θ ., xiii. 10 $\tau\dot{a}$ s $\dot{\delta}\sigma\dot{o}$ s $\tau\dot{a}$ s $\dot{e}\dot{d}\epsilon\ell$ as.

26. $\xi\delta\omega\kappa\alpha\nu \kappa\lambda\gamma\rhoous$] 'cast lots'; $a\dot{\nu}\tau o\hat{i}s$, ethic dat. 'for them'. Decision by lots is very frequent in O.T. The scape-goat was chosen from two by lot Lev. xvi. 7—10, Moses ordained (Numb. xxxiv. 13) that the inheritance of the 12 tribes should be assigned by lot, and Joshua so assigned it, Josh. xiv. 2, xviii. 6—an instance which would naturally be considered here in filling up the number of the *twelve* Apostles, who represent the *twelve* tribes (cf. Luke xxii. 30).

The two names would be written on small tablets and cast into a vessel (or 'the lap', cf. Prov. xvi. 33) and then shaken (cf. $\pi \alpha \lambda \lambda \omega$, $\pi \alpha \lambda \infty$) until one fell ($\xi \pi \epsilon \sigma \epsilon \nu$) out.

συνκατεψηφίσθη] The word is exactly $= \sigma v \gamma \kappa a \tau a \rho \iota \theta \mu \epsilon \omega$, 'reckon in along with', 'number with': ψηφοι, calculi, were regularly used in counting. Cf. $\sigma v \nu \epsilon \psi \eta \phi \iota \sigma a \nu$, xix. 19.

CHAPTER II.

 ἐν τῷ συνπληροῦσθαι...] lit. 'on the day of P. being fulfilled'. Pentecost was a festal day looked forward to as *completing* the period of harvest: hence, when it arrives, it can be spoken of as 'being fulfilled', 'filled up', 'added to the now full tale of days'.

Cf. Luke ix. 51 $\epsilon \nu \tau \hat{\omega} \sigma \nu \mu \pi \lambda \eta \rho o \hat{\upsilon} \sigma \delta a \iota \tau \dot{\alpha} \dot{\sigma} \dot{\eta} \mu \dot{\epsilon} \rho a s \tau \hat{\eta} \dot{s} \dot{\sigma} a \lambda \dot{\eta} \mu \dot{\epsilon} \rho a s \dot{\sigma} \tau \dot{\eta} \mu \dot{\epsilon} \rho s$. i.e. simultaneously with the days of his taking up being completed (filled up to the proper number) he set his face.....

τη̂s πεντηκοστη̂s] A feast, as its name implies, held on the *ijitieth* day from the second day of the Passover, on which day a sheaf of the *firstfruits* was 'waved' before the Lord, whereas at Pentecost a sacrifice was made for the *completion* of the harvest, cf. Lev. xxiii. 15—21. The Passover, Pentecost, and the Feast of Tabernacles were the three great feasts of the year, on which all males were 'to appear before the Lord in the place that he shall choose', Deut. xvi. 16. It is also called the 'feast of weeks', from the 'numbering seven weeks'. Whitsunday, on which the sending of the Holy Spirit is commemorated, is the 10th day after Ascension day, and so 50 days from the day when 'Christ our passover was sacrificed for us'.

 $\pi \alpha \nu \tau \epsilon s$] All the believers in Jesus.

2. $\omega\sigma\pi\epsilon\rho$] Note that it is not 'the sound of a blast' but 'of as it were a blast': so too $\omega\sigma\epsilon l \pi\nu\rho\delta s$.

3. **Sumpergéneral** Not 'cloven' as A.V. (for the word is not an adj., but a present part.) but 'distributing themselves', i.e. one to each, a meaning which is necessary to account for the singular verb $i\kappa d\theta \omega \epsilon \nu$, the nom. to which is $\gamma\lambda\omega\sigma\sigma a$, which can be naturally supplied after the $\gamma\lambda\omega\sigma$ - $\sigma a\iota$ have been referred to as 'distributing themselves', but not otherwise. V. has dispertitue, and cf. $\delta\iota e \mu \epsilon \rho_{\delta} \sigma \nu$ ver. 45.

For the resting of a flame on the head as a sign of divine favour cf. Virg. Aen. II. 683,

Ecce levis summo de vertice visus Iuli Fundere lumen apex.

So too Ov. Fast. vi. 635 flammeus apex, and Hom. Il. xviii. 214.

4. $\lambda\alpha\lambda\epsilon\hat{\imath}\nu$ έτέραις $\gamma\lambda\omega'\sigma\sigma\alpha\imath$ ς] 'to speak with tongues different to their own', for *έτερο*ς expresses something different (cf. ver. 13), not merely, like $\lambda\lambda\lambda$ os, something additional.

With regard to this event nothing is known but what Luke tells us. From his words it is clear (1) that he describes the speakers speaking in languages they did not know before, and the hearers understanding them, vv. 8 and 11, (2) that the event is described as exceptional and accompanied by great excitement, ver. 13, (3) that it is connected not with teaching but with praise and adoration, ver. 11. Compare x. 46—48 where 'speaking with tongues' is also spoken of as an exceptional event and connected with 'glorifying God', and xix. 6 where it is again exceptional and distinguished from 'prophesying' or preaching.

'Speaking with tongues' seems to have been used as a regular form of worship in the Corinthian Church. St Paul describes the practice at length 1 Cor. xiv., but it is clear that as in use there it differed from what is described here, for he dwells on the fact that the utterances could not be understood without an interpreter: he also distinctly deprecates the practice: he speaks of it as inferior to preaching $(\pi\rhoo\phi\eta\pi\epsilon\epsilon)$ and adds ver. 19 'I would rather speak five words with my understanding $(\tau\hat{\varphi} \ \nu\hat{o})$, that I might

instruct others also, than ten thousand words in a tongue (έν γλώσση)'.

Mark xvi. 17, where to 'speak with new (kawais) tongues' is promised by Jesus, is a doubtful passage, and the reading kawaîs is also extremely uncertain.

άποφθέγγεσθαι] eloqui: expresses eager impassioned utterance, cf. ver. 14 and xxvi. 25, the only other passages where it is found in N.T. Lucian (Paras. 4) uses it of the 'ring' of a vessel when struck.

5. Katolkouvtes] 'dwelling' A. and R. V. The word certainly usually describes residence in a place, cf. iv. 16, vii. 2, 4, ix. 22, 32, but should here perhaps be taken in a fairly wide sense, to include those who were 'dwelling' in Jerusalem temporarily for the feast, as well as those who had returned to reside there, either hoping for 'the consolation of Israel', like Simeon (Luke ii. 25 ανθρωπος $\epsilon i \lambda a \beta \eta s$), or desiring to die and be buried in the Holy City.

6. γενομένης δε της φωνής] A. V. 'when this was noised abroad', which would require $\phi \eta \mu \eta s$, 'a rumour', 'report': R. V. rightly 'when this sound was heard', referring to the $\eta \chi_{05}$ of ver. 2; cf. $\phi \omega_{\nu} \eta$, of the sound of the wind, John iii. 8; of an instrument, 1 Cor. xiv. 7, 8, 10.

συνεχύθη] mente confusa est. V.

7. Talilatoi] All the Apostles and many of the disciples came from Galilee, the chief scene of Jesus' labours. The word is used here in its simple geographical sense: as Galilaeans their natural language was Aramaic, not the language of any of the nations about to be named.

There is no trace of contempt in the word here, although Galilee was looked down upon (cf. John vii. 52), nor is there any reference to the Galilaean 'accent' (cf. Mark xiv. 70), for διάλεκτοs is not=' dialect', cf. i. 19 n. The Gibbon, contemptuous application of Galilaei by Julian to the Chris- c. 23. tians is of course wholly distinct from the use of the word here.

9. Πάρθοι...] i.e. Jews who had settled and become naturalized in those districts. They were known as 'Jews of the dispersion' ($\delta\iota a\sigma \pi o\rho \dot{a}$); cf. too xxi. 21 rovs $\kappa ar\dot{a} \dot{\epsilon} \theta \nu \eta$ Iovoalous. They may be divided into four divisions :

(1) The Eastern or Babylonian, originating in the carrying away of the ten tribes by Shalmaneser B. c. 721, 2 Kings xviii. 11, and of Judah and Benjamin under Nebuchadnezzar B.C. 588, 2 Kings xxiv.

(2) The Syrian, due to the removal of Jewish colonists by Seleucus Nicator (B.c. 312-280) from Babylon to the

west. Antiochus the Great also removed 2000 Jewish families from Judaea to Lydia and Phrygia.

(3) The *Egyptian*, due to the Jewish settlements established in Alexandria by Alexander and Ptolemy I., where at the Christian era Jews formed two-fifths of the population. Cf. xviii. 24 n.

(4) The *Roman* Jews brought to Rome by Pompey after his occupation of Jerusalem B. c. 63 and settled in the trans-Tiberine region.

The text corresponds to these four historical and geographical divisions: (1) Πάρθοι...Μεσοποταμίαν, (2) Ἰουδαίαν ...Παμφυλίαν, (3) Αίγυπτον...Κυρήνην, (4) οἰ ἐπι. Ῥωμαΐοι.

The Cretes and Arabians are mentioned last—somewhat awkwardly—as not falling into any group.

Πάρθοι] Put first as most important : their empire at this time extended from India to the Tigris.

Mîĵo.] A name strictly applied to a people of Western Asia, who were merged with the Persians into one powerful empire by Cyrus the Great (B.C. 559). They were subdued by Alexander the Great, and after his death soon absorbed by the Parthians. The Greek writers use the word vaguely = 'Persians', 'the inhabitants of the Persian kingdom'.

'Ελαμέται] 'inhabitants of Elam', a district S. of Assyria and E. of Persia, with Susa (Shushan) for its capital.

Meromoraplar] Between the Euphrates and Tigris.

'Iouδa(av] Clearly not Judaea as distinguished from Samaria (cf. i. 8) but the 'land of the Jews', i.e. Palestine and perhaps some part of Syria. It is naturally placed at the head of the second group with which it is geographically connected.

Cappadocia extends from Mt Taurus northward to Pontus, which extends to the Euxine; Phrygia lies inland W. of Cappadocia; Pamphylia on the S. coast E. of Cilicia.

την 'Ασίαν] As throughout the Acts=the Roman province of Asia comprising Mysia, Lydia and Caria, with Ephesus for its capital.

10. $\tau d \mu \epsilon \eta ...$] The singularly fertile district to the W. of the Greater Syrtis known as the Cyrenaic Pentapolis, the modern Tripoli. 'Simon a Cyrenian' is mentioned Matt. xxvi. 73.

έπιδημοῦντες] Used generally of temporary stay in a foreign place, cf. xvii. 21 ol έπι. ξένοι. The word is not however here contrasted with κατοικοῦντες (ver. 5), but seems added to shew that Ψωμαῖοι is used in a geographical sense

Merivale, c. 28 and 29.

= 'from Rome', and not, as often, in a political sense = 'Roman citizens', cf. xvi. 21, 37, 38.

'Ιουδαίοί τε καὶ προσήλυτοι] In apposition with and So A. defining all the preceding proper names, and not merely M. La. 'Pωμαΐοι. This would have been perfectly clear had it not been for the addition of the 'Cretes and Arabians', apparently as a sort of afterthought, to what was already a complete and symmetrical list.

προσήλυτοs (from προσέρχεσθαι='one who joins') is used in LXX. to render the Hebrew word for which A. V. gives 'stranger', e.g. Ex. xx. 10 ο προσ. ο παροικών έν σοί. Instances in the O.T. are Uriah the Hittite and Araunah the Jebusite. Matt. xxiii. 15 refers to the zeal shewn for 'making proselytes'; cf. Hor. Sat. I. 4. 142 ac veluti te Judaei cogemus in hanc concedere turbam. For the number of Jews and Jewish proselytes in Italy cf. Tac. Ann. II. 85, who refers to a decree made by Tiberius (A. D. 19) ut quattuor millia libertini generis ea superstitione infecta...in insulam Sardiniam veherentur, ... ceteri cederent Italia. The division into Proselytes of the Gate, who were not bound by circumcision and the other special laws of the Mosaic code, and Proselytes of Righteousness, who were circumcised and carried out the full Judaic ritual, seems later than this period.

12. διηπορούντο, διαχλευάζοντες] Cf. x. 17 n.

13. $\gamma \lambda \epsilon \dot{\nu} \kappa \sigma v_s$] A. and R. V. 'new wine', somewhat unwisely, as Pentecost came before the vintage. From Lucian Ep. Sat. xxII. it is clear that it is raw young wine with fermentation still going on, indigestible and intoxicating, served to poor guests, while the rich man drinks olvos $dv \theta o \sigma \mu as.$ Cf. too Job xxXII. 19 $d\sigma \kappa \delta s \gamma h e \dot{\kappa} \kappa s \dot{\kappa} \delta \sigma e \dot{\kappa} \mu e \dot{\kappa} s$ $\nu \sigma s.$ The use of the word clearly implies contempt, cf. Juv. III. 292 cujus aceto...tumes ! where aceto is contemptuous.

14. $\sigma \tau \alpha \theta \epsilon i s \delta \epsilon \dots$] Peter's object is to explain and justify what has occurred, his whole argument being from the fulfilment of prophecy. Signs and wonders were to accompany the coming of Messiah, and the speaking with tongues is one of these signs. Moreover that Jesus is Messiah is shewn by His works (ver. 22) and especially by His death and resurrection, which exactly fulfil the words of David.

σταθείς, ἐπῆρεν τὴν φωνήν, ἀπεφθέγξατο] These introductory words mark the importance of the speech. This pictorial use of $\sigma \tau a \theta \epsilon t_s$ is a marked peculiarity of Luke, being used by no other writer in N. T. Cf. Luke xviii. 11, 40, xiz. 8; Acts v. 20, xvii. 22, xxvii. 21. roîro] explained by où $\gamma \dot{\alpha} \rho$... below : 'this, namely that these men are not...'.

15. ourol] Deictic.

ώρα τρίτη] The Jews, like the Romans, divided the time between sunrise and sunset into 12 equal parts, which would vary in length according to the time of year. At the equinoxes the 'third hour' would be 9 a.m. It was the first hour of prayer, and the time of the offering of the morning sacrifice in the Temple. 'Before it no pious Jew might eat or drink'.

16. τοῦτό ἐστιν τὸ εἰρημένον...] i.e. 'this, which is happening, is identical with' or 'the fulfilment of what was spoken...'.

The quotation is from Joel ii. 28-32 and closely follows the LXX.

17. $i\nu$ raîs $i\sigma\chi draus j\mu$.] Joel has merely $\mu erd \tau a \partial \tau a$, but himself proceeds to define the time as $j\mu\ell\rho as$; $i\kappa\epsilon lrass$ and $j\mu$. Kvplov (Joel ii. 29, 31), and so Peter, interpreting the prophecy as foretelling Messiah's kingdom, naturally substitutes for μerd $\tau a \partial \tau a$ the well-known phrase 'the last days', which is frequently used to indicate the time of Messiah's coming (e.g. Is. ii. 2; Micah iv. 1), and which Peter would naturally use of the time when he was speaking, for the Apostles regarded themselves as living 'in the last days' and looked forward to the coming of Christ in glory in the near future. (Cf. Heb. i. $2 i\pi' i\sigma\chi d\tau u \tau u j\mu$. $\tau o i\tau u r$.)

όράσεις] 'visions': this word, for which Luke always employs $\ddot{\rho}_{\rho\mu\mu\alpha}$, indicates something clearer than 'a dream'. Matt. xvii. 9 describes the appearance (ώφθησαν) of Mosse and Elias at the transfiguration as $\ddot{\rho}_{\rho\mu\alpha}$, cf. vii. 31 where the 'burning bush' is $\delta_{\rho\mu\alpha}$: its clearness is marked x. 3 $\dot{\epsilon}_{\nu}$ $\dot{\rho}_{\rho\dot{\mu}\alpha\tau\iota}$ $\phi_{\alpha\nue\rho}\hat{\omega}s$. On the other hand it may occur to a person 'in an ecstasy', xi. 5, or 'in the night', xvi. 9, xviii. 9; and xii. 9 it is marked as something which the beholder knows to be unreal.

18. τούς δούλους μου] A. V. in Joel, following the Hebrew, has 'the servants and the handmaids', i.e. actual servants. Peter here follows LXX.

19. The words δw and $\sigma \eta \mu \epsilon \hat{a} \kappa \delta \pi \omega$ are not in LXX. and seem to be introduced to make the antithesis between what should happen in heaven and on earth clearer. In heaven there are to be $\tau \epsilon \rho a \pi a$, 'marvels', 'prodigies', such as changes in the sun, on earth $\sigma \eta \mu \epsilon \hat{a}$, 'signs', events which symbolize some great change. The next words illustrate these $\tau \epsilon \rho a \pi a$ and $\sigma \eta \mu \epsilon \hat{c} a$ in inverse order (per Chiasmum),

A. and so W. and therefore $al\mu a \ \kappa al \ \pi \partial \rho \dots$ must be taken as = 'bloodshed and devastation by fire', and not 'bloody and fiery appearances'. Cf. the prediction by Jesus, Matt. xxiv. 6, 29, of wars on earth and portents in heaven.

20. $\dot{\eta}\mu$. Kup(ou...] The second coming of Messiah in glory. For the adj. emphatic by position cf. i. 25 n. $\dot{\epsilon}\pi_i$. $\phi\alpha x\eta$ (in the Heb. 'terrible'; A. and R.V. 'notable'; V. manifestus) describes a day which will be 'clearly visible' to all in its occurrences and meaning.

For $\epsilon \pi \iota \phi \dot{\alpha} \nu \epsilon \iota a}$ used of 'the second coming', cf. 2 Thess. ii. 8; 1 Tim. vi. 14. We use the term 'Epiphany' of the 'manifestation' to the Gentiles: cf. Collect for the Epiphany 'O God, who by the leading of a star didst manifest thy only-begotten Son to the Gentiles'.

22. 'Ιησοῦν τὸν Ναζωραῖον] The names applied to our Lord in the Acts deserve careful study.

(1) Jesus is His name as a man. It is an ordinary name, and is the Gk form of Joshua (of. vii. 45 'brought in with Jesus'), which is contracted from Jehoshua='the help of Jehovah' or 'Saviour', cf. Matt. i. 21.

'Jesus of Nazareth' is used when reference is made to Jesus as a man needing thus to be identified (of. carefully John xviii. 5, 7, xix. 19; Acts vi. 14, xxvi. 9, and the very interesting instance xxii. 8 with note). In the absence of surnames this addition of their birthplace is one of the best known methods of identifying individuals.

In the healing of the impotent man, iii. 6 and iv. 10, Paul twice speaks of 'Jesus Christ of Nazareth', thus (1) clearly identifying the person, (2) giving Him the title in virtue of which the act of healing is performed.

(2) Christ, $\delta \chi\rho\iota\sigma\tau\deltas$, 'the anointed one', is a rendering of the word 'Messiah' (cf. John i. 41), the name applied by the Jews to the Great Deliverer whom the Prophets foretold. He is described as 'the anointed one' because priests and kings were anointed, and He was to be the Priest and the King. The descent of the Holy Spirit at His baptism is regarded as the 'anointing' of Jesus, cf. Luke iv. 18; Is. lxi. 1; Acts x. 38 $\xi\chi\rho\iota\sigma\epsilon\nu$ advise $\delta\theta\epsilon\deltas$ $\pi\nu\epsilon\delta\mu$, $\mu\alpha\tau$ $\delta\gamma\ell\rho$.

(3) Jesus Christ has not in the Acts yet become a mere name, but involves a statement, viz. the identity of the man Jesus with Messiah; 'Jesus Messiah' may be compared as an appellation with 'Caesar Imperator'. To prove the claim of the man Jesus to the title 'Christ' is one main purpose of the Acts. As ascribing the title Messiah to Him the name 'Jesus Christ' is very frequently assigned to our Lord when authority, power, or dignity is ascribed to Him, e.g. ii. 38, iv. 10 'in the name of Jesus Christ', ix. 34 'Jesus Christ healeth thee'.

The following passages afford instances of the use of $\chi \rho \iota \sigma \tau \delta s$ as applied to Jesus:—.

ii. 36 χριστόν έποίησεν ό θεός τοῦτον τόν Ίησ., 'made Jesus (to be) Messiah'.

iii. 20 $\tau \delta \nu \dots \chi \rho \iota \sigma \tau \delta \nu$ 'I $\eta \sigma \sigma \delta \nu =$ 'the...Messiah' and then is added in explanation 'Jesus'; so too v. 42.

xvii. 3 οῦτός ἐστιν ὁ χριστὸς ὁ Ἰησοῦς, 'this man is the Messiah even Jesus'.

xviii. 5 διαμαρτυρόμενος εΐναι τον χριστον Ίησοῦν, 'that the Messiah is Jesus'; so too xviii. 28.

In xxiv. 24 $\tau \eta s$ els Xριστ ∂v 'Ιησοῦν πίστεωs is somewhat doubtfully supported and probably wrong, being contrary to the entire usage of the Acts.

άποδέδειγμένον] A. and R.V. 'approved'. The word is a strong one, 'clearly shewn', 'pointed out specially', 'apart from others', cf. 1 Cor. iv. 9: it also, while thus expressing clearness, suggests certainty, cf. xxv. 7.

άπὸ τοῦ θεοῦ] divinitus; not 'by', but 'from God', from whom he received His mission and authority; cf. Gal. i. 1 οἰκ ἀπ' ἀνθρώπων. Notice how Peter marks the divine origin of the mission of Jesus by emphatic repetition of ὁ θεόs, τοῦ θ., ὁ θεόs (vv. 22-24), ὁ θεὸs, τοῦ θεοῦ (vv. 32, 33), ὁ θεόs (ver. 36).

δυνάμεσι, τέρασι, σημείοις] The same acts viewed in different lights, (1) as indicating *power* in the person doing them, (2) as exciting *wonder* in the persons seeing them, (3) as being signs from which inferences can be drawn.

23. $\tau \circ \tilde{\tau} \circ \tau \circ \nu$] recalls attention with emphasis to the person described, a very frequent use.

βουλη] 'will', 'purpose', 'counsel'; cf. Hom. Il. 1. 5 Διός δ' ἐτελείετο βουλή.

προγνώσει] 'praescientiâ' V., 'foreknowledge' A. and R.V. The death of Jesus is described as willed and known beforehand by God, and for that reason alone possible.

διά χειρός ἀνόμων] through the instrumentality of lawless men, i.e. the Roman soldiers. The Jews did not actually crucify Jesus, although they caused His crucifixion.

προσπήξαντες] A graphic and realistic word, used designedly.

ἀνείλατε] 'made away with', 'destroyed'; a word very frequent in the Acts of putting to a *violent* or *unjust* death, cf. v. 33, vii. 28, ix. 23, 29, x. 39, and *ἀναίρεσιs* viii. 1; Luke xxii. 2.

24. $\lambda \dot{\nu} \sigma as \tau \dot{a}s...$] The 'pangs of death' had 'laid See M. hold' of Jesus (cf. $\kappa \rho a \tau \epsilon \hat{\iota} \sigma \theta a \iota$, and its use iii. 11, xxiv. 6; here. Luke viii. 54); from this 'hold' God had 'loosed' Him. For pain or disease described as 'confining', 'holding prisoner', cf. xxviii. 8 $\delta \nu \sigma \epsilon \nu \tau \epsilon \gamma \ell \mu \epsilon \sigma \nu \epsilon \gamma \ell \mu \epsilon \nu \sigma \nu$; Plat. Rep. 574 A $\omega \delta \tilde{\iota} a \iota \nu \ell \epsilon \gamma \epsilon \sigma \theta a \iota$.

The phrase $\omega\delta$. $\theta a\nu \dot{a}\tau ov$ is from LXX. Psalm xviii. 4, exvi. 3 $\pi e \rho l e \sigma \chi \dot{o} \nu \mu \epsilon \omega \dot{\delta} i \nu e s$ $\theta a \nu \dot{a} \tau ov$, where the Hebrew however gives 'snares' or 'traps of death', death being compared to a hunter. Having regard to the sense of $\lambda \dot{v} \sigma a$ and $\kappa \rho a \tau \epsilon \hat{i} \sigma \theta a$, and to the fact that Peter was not speaking in Greek but to Jews, it is not improbable that he used the word 'snares' and that Luke has replaced it by the wellknown LXX. rendering.

25. προορώμην...] Almost verbatim from LXX. Psalm xvi. 8—11. Peter argues that the words of David could not all have been spoken of himself alone, especially ver. 27, and should rather be regarded as applicable (cf. λέγει εἰs αὐτόν) to Messiah in His hour of trouble: he therefore interprets them of Messiah, who is regarded as uttering them as an expression of His trust in Jehovah, even when 'held' by the 'pangs of death'.

προορώμην='I saw before me', i.e. present: A.V. gives 'foresaw', obscuring the sense. $\kappa \dot{\nu} \rho \iota \rho \nu$ =Jehovah.

έκ δεξιών] In the position of a defender: the advocate M. stood at his client's right hand, cf. Psalm cix. 31.

26. $\overleftarrow{\epsilon}\tau\iota$ $\delta\overleftarrow{\epsilon}$ kal] Emphatic. 'Nay more my flesh (i.e. my actual body) shall dwell awhile (i.e. in the grave) supported upon hope $(\overleftarrow{\epsilon}\pi' \overleftarrow{\epsilon}\lambda\pi t \delta\iota)$ '.

For κατασκηνώσει, 'pitch a tent', 'rest', 'dwell awhile', cf. Matt. xiii. 32 'the birds of the air come and lodge (κατασκηνοῦν)', John i. 14 ὁ λόγος σάρξ ἐγένετο καὶ ἐσκήνωσεν ἐν ἡμῶν.

27. els $\tilde{q}\delta\eta v$] Constructio praegnans. A.V. has 'in hell', R.V. 'in Hades', i.e. 'the unseen world'. $\tilde{q}\delta\eta v$ represents the Hebrew sheel, 'the grave' (e.g. Gen. xxxvii. 35), a very negative word, 'the place not of the living but of the dead'. It is often used locally as the opposite of 'heaven', e.g. Job xi. 8, and ef. Matt. xi. 23; Luke x. 15. Neither it, nor $\tilde{q}\delta\eta s$, denotes a place of punishment; even in Luke xvi. 23 'in hell ($i\nu \tau \tilde{q} \tilde{q}\delta\eta$) he lift up his eyes', the marked addition of the words $i\pi d\rho_X \omega v \ell \beta a \sigma d \sigma s$ shews that the idea of torment is in no way involved in the word. 'Death' and 'Hades' are strictly parallel terms: he who 'is dead' is 'in Hades'; the word is used four times in Rev., and always with $\theta d \sigma a \tau os$, 'death'.

The 'in Hades' of R.V. is not a translation but a mere transliteration, and does not to an ordinary reader convey the simple meaning of the Greek, viz. 'in the grave', while to an educated reader it is useless.

From this passage are derived the words of the Apostles' Creed 'He descended into hell'. The English word 'hell' is derived from 'helan', to hide. The bad sense which attaches to it is partly due to its having been employed not only as a rendering of adns but also of yterra, e.g. Matt. v. 22.

28. boods juns] i.e. as applied by Peter to Jesus, His rising from the dead : so too the next words describe His ascension and position in heaven enjoying the presence of Jehovah.

29. άνδρες άδελφοί] The addition of the word άνδρες in addressing an audience is respectful and therefore necessary in any speech that is in any way formal, cf. the wellknown avopes dikastal, 'Abyvaloi, &c., and cf. i. 11, ii. 14, ii. 22, vii. 2. It may often be rendered 'men', but in the present phrase we are compelled to omit it and translate 'brethren', thus losing the distinction between this more formal phrase and the affectionate $\delta\delta\epsilon\lambda\phi ol$ of iii. 17 and the Pauline epistles.

¿¿ov] sc. ¿orí. 'I may speak freely to you about David'. for you are Israelites and know (1) the facts of his death and burial, (2) his hopes and predictions about his descendant, the Messiah.

πατριάρχου] Usually applied to Abraham, or the twelve sons of Jacob (cf. vii. 8) as the great 'original fathers' of the race. Here to David as head of the family from which Messiah was to come.

τό μνήμα αύτου...] Cf. 1 Kings ii. 10; Neh. iii. 16. The sepulchre is said to have been opened and robbed by Jos. Ant. VII. Hyrcanus B.C. 134 and again by Herod.

> 30. ὑπάρχων] Strictly 'to be originally', 'in the beginning', 'to start with'; hence $\tau \dot{a} \, \dot{v} \pi \dot{a} \rho \chi o \nu \tau a$, 'property', iv. 32, and often in Luke, and $i\pi \alpha \rho \xi \epsilon is$ ii. 45. It is a favourite word with Luke (never found in Matt., Mark, or John), and though perhaps never quite losing its strict meaning, it becomes often almost=' to be', e.g. vii. 55. Hence the use of $\pi \rho o \nu \pi \hat{\eta} \rho \chi \epsilon \nu$ viii. 9 when the sense of 'before' has to be clearly expressed.

őρκφ...] Cf. 2 Sam. vii. 16 with Ps. cxxxii. 11.

καθίσαι] Active, 'set', 'cause to sit'. There is no acc. after it, for the words 'from the fruit of his loins' practi-

15. 3.

cally contain the object of the verb, viz. 'a son', ' descendant'.

32. τοῦτον τὸν 'I.] Emphatic, bringing home and summing up the argument. 'David foretold that Messiah should rise from the dead: this man Jesus (cf. ver. 22) God did raise from the dead : therefore Jesus is Messiah'.

 $o\tilde{v} = 'of which fact'.$

33. τη δεξιά] 'by the right hand': dat. of instrument. Throughout Peter emphasizes the action of God. The renderings 'at' or 'to the right hand' are impossible, but Bengel's dextra Dei exaltatus est ad dextram Dei is a fair deduction from the Greek, especially when compared with ver. 34.

oiv] 'therefore', 'and so': God's raising Him to heaven is the natural sequel to His raising Him from the grave.

 $\tau \eta \nu \tau \epsilon \dots \lambda \alpha \beta \omega \nu$] i.e. having received the Holy Spirit which had been promised, cf. i. 4.

έξέχεεν, referring to ver. 17. τοῦτο δ...i.e. the phenomenon, which you have just witnessed, which was an 'outpouring of the Holy Spirit'.

34. où yàp...] Dilemma. Propheta loquitur aut de se aut de Messia. Non de se v. 29, ergo de Messia. B.

κάθου ἐκ δεξιών μου] Cf. Matt. xx. 21. 'Be thou a Lumby. sharer of my throne and power. This is a common Eastern expression'.

 $\kappa \dot{a} \theta ov$ is conversational and late Gk for the classical κάθησο imperative of κάθημαι.

35. ἕως αν θώ...] Indicating complete subjugation, cf. Josh. x. 24.

36. ἀσφαλώs οὖν...] Summary of the argument introduced emphatically by as palas.

autoy ... toutov tov 'I.] 'him ... even this Jesus', a strong assertion (for the second time, cf. ver. 32) of the identity of Messiah and the man Jesus, introducing also the powerful contrast between Messiah whom God glorified and Jesus 'whom you crucified'.

δν ύμεις έσταυρώσατε] Note the position of these words. Aculeus in fine, B.; cf. κατενύγησαν.

37. κατενύγησαν] They felt the sting of his words, felt compunction (compungo). The same metaphor in the famous description of Pericles' oratory-td κέντρον έγκατ- Eupol. έλιπε τοις ακροωμένοις.

38. βαπτισθήτω...] In accordance with the command of Jesus, Matt. xxviii. 19. The same phrase is used x. 48,

Dem. 6.

and $\beta a \pi \tau$. els $\tau \delta$ brows $\tau \circ \delta$ world $v \circ \delta$ and τ . Find $\delta \sigma \sigma$ and $\delta \sigma \sigma$ and $\delta \sigma \sigma$ and $\delta \sigma \sigma$ world σ used in baptism by the Apostles, but merely states the *fact* that they baptized those who acknowledged Jesus as Messiah or as Lord.

The Church has made the words of Jesus ($\beta a \pi \tau i \xi o \nu \tau e s$ $\tau \delta \delta \sigma o \mu a \tau \sigma \tilde{v} \pi a \tau \rho \delta s \kappa a t \tau \sigma \tilde{v} v i \sigma \tilde{v} a \tau \sigma \sigma \delta \pi \nu e \delta \mu a \tau \sigma \delta$ into a baptismal formula: 'I baptize thee in the name of the Father, and of the Son, and of the Holy Ghost'.

eis $d\phi \epsilon \sigma \iota v$] of the object or aim of the baptism.

την δωρεάν τοῦ...] The Holy Spirit is itself the gift, cf. viii. 17 n.

39. ή ἐπαγγελία] The promise contained in the passage quoted from Joel, ver. 18.

πάσι τοῖς εἰς μακράν...] i.e. to the whole heathen world, cf. ver. 21, a verse which Paul (Rom. x. 13) quotes as proving that there is to be no distinction between Jew and Gentile; cf. Eph. ii. 13, where he speaks of the Gentiles as of ποτε δυτες μακράν.

The command of Jesus (Matt. xxviii. 19) is clear, 'Go and teach all nations' ($\pi \dot{\alpha} \tau \pi \ \tau \dot{\alpha} \ \ell \theta \tau \eta$); and Messiah's kingdom was generally expected to be universal: Peter expresses this belief, but (cf. ch. x.) it had not yet been revealed to him that the Gentiles as such, i.e. without becoming proselytes to Judaism, were to be included in it.

40. $\delta\iota\epsilon\mu\alpha\rho\tau\dot{\rho}\rho\alpha\tau o]$ A. and R. V. 'testified', and so throughout the Acts. In classical GK $\mu\alpha\rho\tau\nu\rho\dot{\epsilon}\omega=$ 'I am a witness', 'testify'; $\mu\alpha\rho\tau\dot{\rho}\rho\mu\alpha$,='I call to witness' (often invoking God), 'I protest', and this distinction is maintained in N.T., cf. n. on $\mu\alpha\rho\tau\dot{\rho}\rho\mu\alpha$ xx. 26. It seems unreasonable therefore to translate $\delta\iota\alpha\mu\alpha\rho\tau\dot{\rho}\rho\mu\alpha\iota$ 'testify'. Its exact sense is 'to protest solemnly', especially in the case of falsehood or wrong, and it is accurately used in the Acts of the witness borne by the Apostles to Jesus, viewed as a protest against the false view of Him held by those they are addressing, cf. x. 42, xviii. 5, xx. 21. Cf. also its use in Luke xvi. 28 of a warning, protesting message; Acts xx. 23 of a warning spiritual voice. In 1 Tim. v. 21, $\delta\iota\alpha\mu\alpha\rho\tau\dot{\rho}-\rho\mu\alpha\iota\dot{\epsilon}\nu\dot{\sigma}\iota\partial\tau$ of $\theta\epsilon\hat{v}$, it is distinctly 'I protest solemnly', 'I conjure you': so too 2 Tim. ii. 14, iv. 1.

σκολιάς] pravus; opposite of $\epsilon \dot{v} \theta \dot{v} s$ (xiii. 10), rectus.

41, 42, 43. οἱ μὲν οὖν.....ἦσαν δὲ.....ἐγίνετο δὲ...] 'So then they indeed.....and were.....but fear fell'.

The use of $\mu \dot{\epsilon} \nu \ o \ddot{v} \nu$ should be carefully noticed: it is a formula of transition very frequent in the Acts. $o \ddot{v} \nu$ connects with what precedes; $\mu \dot{\epsilon} \nu$ points forward to an anti-

A. La.

L. & Scott, s.v. thesis to follow. Here $\mu \dot{\epsilon} \nu \ o \tilde{\nu} \nu$ introduces a brief statement of the immediate effect of Peter's speech and prepares the way for the general account of the condition of the Church given in vv. 43—47.

The statement introduced by $\mu \epsilon \nu \ o \delta \nu$ need not consist of only one clause, but may consist of several clauses *parallel* to or *subordinate* to the first clause; such clauses may be introduced by $\delta \epsilon$ (as for instance the clause $\tilde{\eta} \sigma a \nu \delta \epsilon$...here), and it is therefore important not to confuse these with the real *antithesis* to the $\mu \epsilon \nu$ clause, which must be discovered by attention to the sense. It is by no means necessary that the first $\delta \epsilon$ which follows it should be the antithesis to $\mu \epsilon \nu$.

Simple instances of the use of $\mu \epsilon \nu \ o \tilde{\nu} \ are v. 41$, viii. 4, 25, ix. 31, xi. 19, xvi. 5. Instances where several clauses intervene between the $\mu \epsilon \nu$ clause and the clause with the antithetical $\delta \epsilon$ are xii. 5, xiii. 4, xiv. 3, and the very important xvii. 17, in all of which R.V. is entirely at fault; also xxiii. 31, xxv. 4.

42. τη κοινωνία] 'fellowship', i.e. in daily intercourse and also in mutual sharing of goods, cf. ver. 44, and the use of κοινωνία='contribution', Rom. xv. 26; Heb. xiii. 16.

τη κλάσει τοῦ άρτου] 'the breaking of bread', R.V. The 'breaking of bread' at common meals, which was practised by the other believers, cf. ver. 46, is mentioned as the third point in which these new converts observed the same practices.

At a meal he who presided first blessed and then broke bread, cf. Luke xxiv. 30; Acts xxvii. 35. This act Jesus had performed (Matt. xxvi. 26 $\lambda a\beta \omega r \tilde{a} \rho \tau o r e \delta \lambda a \gamma \eta \sigma as č \kappa \lambda a \sigma e,$ Luke xxii. 19 λ . \tilde{a} . $e \delta \chi a \mu a \tau \eta \sigma as$ $\tilde{\kappa} \lambda a \sigma e$) during ' the Last Supper, and had by a solemn command added to it a special significance. Thenceforth with the disciples that special significance attached to the 'breaking of bread' at their common meals. It so attaches to the 'breaking of bread' in the Holy Communion. At first, however, "and for some time till abuses put an end to the practice (cf. 1 Cor. x. xi.), the Holy Communion was inseparably connected with the $\delta \gamma \delta \pi a$ or 'love-feasts' of the Christians and so B.

¹ Matt. xxvi. 26 says 'while they were eating'. Edersheim' describing the Paschal ritual says that the 'Head of the Company' would at the commencement of the meal "break one of the unleavened cakes, of which half was put aside for after supper and called the *Aphikomon* or 'after-dish'." The Aphikomon is again broken and eaten at the close of the meal in connection with the third cup, or 'cup of blessing'. Although this custom only commenced when the Paschal Lamb ceased to be offered, Edersheim considers that the 'breaking of bread' by Jesus *during* the meal is to be connected with it. II. 510.

unknown as a separate ordinance". Cf. ver. 46 κλώντες ...άρτον, μετελάμβανον τροφήs, and xx. 7, xxvii. 35.

To simply explain $\tau \hat{\eta}$ κλάσει τοῦ ἀρτου as = 'The Holy Communion', is to pervert the plain meaning of words, and to mar the picture of family life, which the text places before us as the ideal of the early believers.

Before $\tau \hat{\eta} \kappa \lambda \delta \sigma \epsilon \iota$ T.R. has $\kappa a l$, which does not alter the sense: in the text the four things are put in two pairs.

rais $\pi po\sigma \epsilon v x a s$] For the regular hours of prayer cf. iii. 1 n.

Vv. 43-47. A brief general description of the position. of the Church (1) as regarded by the people with a certain 'fear' due to the wonders wrought by the Apostles, (2) as being a brotherhood or 'single family' living in common and regarding all they had as belonging to the common stock, (3) as increasing in numbers.

44. έπι τὸ αὐτὸ] of place, 'being together', cf. ver. 47, and i. 15.

είχον άπαντα κοινά...] The text clearly describes the early believers as treating individual property as subject to the claims of all members of the community; cf. iv. 32. It may be remarked, however, that (1) the rule was not absolute even at first, cf. v. 4, and the special mention of the 'alms' of Dorcas ix. 36; (2) it is nowhere mentioned except in the church at Jerusalem.

45. $\kappa \tau \eta \mu \alpha \tau \alpha$] landed property; $i \pi \delta \rho \xi \epsilon \iota s$, other property. For the sense cf. Luke xii. 33 $\pi\omega\lambda\eta\sigma\alpha\tau\epsilon$ $\tau\dot{\alpha}$ $\dot{\nu}\pi\dot{\alpha}\rho\gamma\rho\tau\alpha$ $\dot{\nu}\mu\omega\nu$ καί δότε έλεημοσύνην.

aird] 'them', i.e. the price received for them.

καθότι αν...είχεν] Cf. iv. 35. καθότι= 'just as'; καθότι ad Vig., p. 820. av is more indefinite, 'non certo quodam tempore, sed quotiescunque occasio ita ferret'.

> 46. κατ' οίκον] 'at home', opposed to $\dot{\epsilon}\nu \tau \hat{\psi} i\epsilon \rho \hat{\psi}$, cf. v. 42.

> άφελότητι] The adj. $\dot{a}\phi\epsilon\lambda\dot{\eta}s = \text{`simple', `blunt',}$ `straightforward', e.g. Dem. 1489, 10 $\dot{a}\phi\epsilon\lambda\dot{\eta}s$ και παρρησίαs μεστόs (à priv. and φελλεύs, 'stony ground').

> 47. τούς σωζομένους] A.V. wrongly, 'such as should be saved': R.V. rightly, 'those that were being saved', i.e. those who joined the new Church (cf. $\sigma \dot{\omega} \theta \eta \tau \epsilon$ ver. 40), and so came to be on the road to salvation.

So B. Baum. M.

Herm.

96

CHAPTER III.

1. $i\pi i$ to avito] T.R. reads $\tau \hat{\eta} \epsilon \kappa \kappa \lambda \eta \sigma la$ after $\kappa a \theta$ Text ήμέραν, and begins the next sentence with έπι τὸ αὐτὸ δὲ NABCD. Ilérpos

Πέτρος καl 'Iwayns] Frequently mentioned together: as partners Luke v. 10; sent to prepare the Passover Luke xxii. 8; running to the sepulchre John xx. 2-5. See too Acts viii, 10.

avé Barvov] The temple stood probably on Mt Zion, Smith's Dict., the 'holy hill' (Ps. ii. 6), to the E. of Jerusalem.

 $i\pi i \tau \eta \nu \, \omega \rho \alpha \nu \dots$] 'for', i.e. to be there at that hour. $\tau \eta \nu$ salem. $\epsilon \nu \dot{\alpha} \tau \eta \nu$: the adj. is often thus added after the noun to make clear or definite some point as to which there might otherwise be doubt, cf. ver. $2 \tau \eta \nu \lambda \epsilon \gamma o \mu \epsilon \nu \eta \nu$.

There were three hours of prayer, the 3rd, the 6th, and the 9th the time of the evening sacrifice, cf. Dan. vi. 10; Ps. lv. 17.

Kal TIS avrip...] A. and R.V. wrongly place a full 2. stop before *kal*: the sentence is 'they were going up...and a lame man was being carried', cf. i. 10 n.

τήν θύραν τήν...] Not named elsewhere. It is perhaps the gate of Nicanor on the E. side of the outermost court of the temple looking towards Kidron, which Josephus, B. J. after describing the other nine gates overlaid with gold and v. 5. silver, describes as μία ή έξωθεν τοῦ νεὼ Κορινθίου χαλκοῦ, πολύ τη τιμή τὰς καταργύρους και τὰς περιχρύσους ὑπεράγουσα. Μ. La.

τοῦ αἰτεῖν] gen. of purpose, or the thing aimed at : very common, cf. ix. 15 τοῦ βαστάσαι, xx. 30 τοῦ ἀποσπῶν.

 $\lambda \epsilon n \mu o \sigma \nu n \nu$] 'that which is given in pity' ($\lambda \epsilon o s$). Hence our word 'alms': Germ. Almosen.

3. ήρώτα...] 'in me benefac tibi' is a form of asking alms quoted from the Rabbis. M.

5. ἐπείχεν] sc. τόν νοῦν; cf. Luke vii. 14 ἐπέχων, πῶs 'when he marked how', 1 Tim. iv. 16 ἔπεχε σεαυτώ. In classical Gk much more frequently $\pi \rho o \sigma \epsilon_{\chi \omega}$.

6. ἐν τῶ ὀνόματι...] 'in the name ... ': the healing power is in that name, and so by it the power is exercised. So Luke ix. 49 έν τω δνόματί σου έκβάλλοντα δαιμόνια: x. 17 τα δαιμόνια υποτάσσεται ήμιν έν τω όν. σου, and Acts iv. 7. 10, ix. 27, xvi. 18.

7

For ev cf. ev tive iv. 9 n.

P.

s.v. Jeru-

The 'name of Jesus' is a phrase frequent in the Acts. It should be borne in mind that in Hebrew 'name' often does not "mean a definite appellation but denotes office, rank, dignity. The 'Name of God' in the O. T. denotes the Divine Presence or the Divine Majesty, more especially as the object of adoration and praise. To praise the *name*, to bless the *name*, to fear the *name* of God are frequent expressions. Gesenius defines the 'name of God' (Thes. p. 1432) as 'Deus quatenus ab hominibus invocatur, celebratur'."

7. $\pi a \rho a \chi \rho \hat{\eta} \mu a$] A strong word. 'Parallel to' or 'along with the act', i.e. of Peter's taking him by the hand; 'then and there'. The word occurs ten times in Luke, six times in the Acts, twice in Matt., and nowhere else in N. T.

ai βάσεις] 'things to go upon', 'feet', as in Plat. Tim. 92 A.

rd σφυδρά (T. R. σφυρά) 'ankle-bones', 'tali'. Proprie locutus est medicus Lucas. B.

 έξαλλόμενος] 'leaping up'. Cf. Is. xxxv. 6, 'Then shall the lame man leap as a hart'.

čoτη] one single act; περιεπάτει, 'kept walking about'.

10. ἐπεγίνωσκον] A. V. 'knew'; R. V. rightly 'took knowledge of'. The word indicates the direction of the perceptive powers towards an object, often producing consequent recognition. Cf. iv. 13, xii. 14, xix. 34, xxvii. 39.

θάμβουs] amazement mingled with awe, cf. Luke iv. 36, v. 9 θάμβος περιέσχεν αὐτόν. So often in classical Gk, e.g. Od. 11. 372 θάμβος δ' έλε πάντας ἰδύντας.

ikortárews] The condition of one who is no longer in his ordinary state of mind. Like the frequent $i\xi i \sigma ra\sigma \theta a a$ (cf. ii. 7, 12) it often describes amazement, as here, and Mark v. 42. But x. 10, xi. 5, xxii. 17='a trance'.

 $i\pi\iota \tau \hat{\omega} \sigma \upsilon \mu \beta$.] $i\pi\iota$ with the dat. is very frequently used of that which is the ground or foundation upon which some feeling or act is based. Here the miracle is the ground of their amazement.

Cf. iii. 12 $\theta a \nu \mu \dot{\alpha} \dot{\epsilon} e \nu \dot{\epsilon} \pi l \tau o \dot{\tau} \varphi$; iii. 16 $\dot{\epsilon} \pi l \tau \hat{\eta} \pi l \sigma \tau e \iota$, resting on faith as the foundation; iv. 9 $\dot{\alpha} \nu \alpha \kappa \rho \mu \nu \dot{\rho} \mu e \partial a \dot{\epsilon} \pi' \dot{\epsilon} \dot{\nu} \epsilon \rho \gamma \epsilon \sigma l a$, of the subject-matter of the inquiry; $\lambda \alpha \lambda \hat{\epsilon} \dot{\nu} \dot{\epsilon} \pi l \tau \hat{\varphi}$

Light. ad Phil. ii. 9. $\delta \nu \delta \mu a \tau \iota$ making the name the basis of the preaching, and v. 28, 40, xv. 31, xx. 38.

11. $\kappa\rho a \tau o \tilde{\nu} \tau o s \dots \tau o \nu$ II.] 'holding', and so naturally with acc. Where the sense of 'winning', 'gaining possession of' prevails the gen. is more common, cf. xxvii. 13, and Soph. O. C. 1380 rows rows $\rho\rho brows \kappa\rho a \tau o \tilde{\nu} \sigma v$ with 1385 $\gamma \hat{\eta} s \dot{\epsilon} \mu \phi \nu \lambda low \kappa\rho a \tau \hat{\eta} \sigma a$.

 $i\pi l \tau \hat{\eta} \sigma \tau o \hat{q}$...] Solomon's porch was on the E. of the Jos. Ant. temple. It was said to be an original work of Solomon ^{XX. 9. 7.} which had survived from the former temple.

όλαός... ἕκθαμβοι] Construction according to the sense. Cf. v. 16 πλήθος...φέροντες, vi. 7 ὄχλος... ὑπήκουον, xi. 1 ἔθνη... ἐδέξαντο.

12. $d\pi\epsilon\kappa\rho(va\tau \sigma)$ 'answered', i.e. not any expressed question, but their obvious desire for information, cf. v. 8 $d\pi\kappa\kappa\rho(\theta\eta)$, where Sapphira had probably come desiring information about her husband; cf. too x. 46; Luke iii. 16; and Matt. xi. 25.

 $i\mu\hat{\nu}$ [Emphatic by position, and so parallel to $l\delta la$: "Why gaze on us? It is not by our own power..."

δυνάμει] causa effectiva; εὐσεβείa, causa meritoria. M.

πεποιηκόσιν τοῦ περιπατεῖν] The gen. of purpose with the inf. (cf. ii. 2 n.) becomes increasingly frequent in later Gk, and the idea of purpose passes often, as here, into that of result: or rather it may be said that the gen. gives the contents of the action described by the verb, cf. xxvii. 1 $\epsilon \kappa \rho (\theta \eta \tau o \hat{u} \, a \sigma \sigma \lambda \epsilon \hat{v} \, where the gen. gives the contents of the$ $decision (cf. xx. 3) <math>\epsilon \gamma \epsilon \mu \sigma \sigma \gamma \nu \omega \mu \eta \pi$: 'the determination' was 'to return'), and vii. 19 $\epsilon \kappa \delta \kappa \omega \sigma \epsilon \dots \tau o \hat{v} \pi o \epsilon \hat{v} \nu$, where the gen. gives the act in which the $\kappa \delta \kappa \omega \sigma \epsilon \infty$ site. Cf. also ix, 1 n.

13. δ θεός...] Ex. iii. 6; Matt. xxii. 32; Acts vii. 32. For δ θ. τῶν πατέρων cf. v. 30; 1 Chron. xii. 17.

ἐδόξασεν] 'glorified', i.e. by means of the miracle just So La. wrought, which was wrought through faith in Jesus (ver. M. 16) and set forth His 'glory'; and this is no cause for wonder, Peter urges, but is in accordance with Jehovah's clear declaration of Jesus as Messiah, as shewn in raising Him from the dead (ver. 15) and receiving Him into heaven (ver. 21).

 $\tau \delta \nu \pi \alpha i \delta a$] R. V. 'his Servant', adding in margin 'or Baum. Child', and so throughout the Acts. The phrase 'servant and of Jehovah' is specially applied to Messiah in the second *Is*. ed. 2, part of Isaiah. Cf. Is. xlii, 1-7, xlix, 1-9, lii. 13-liii. Essay 4.

7 - 2

100 ACTS OF THE APOSTLES. [III. 13

12. Cf. too Matt. xii. 18, where Is. xlii. 1 'Behold my servant (πa ?s) whom I have chosen' is referred to Jesus.

The term $\pi a \hat{s} \theta$. is also frequently applied to Israel, cf. Luke i. 54 'Ispah $\lambda \pi a a \hat{\delta} \hat{s} a \dot{\sigma} r \hat{\sigma} \hat{s}$; it is used of David, Luke i. 69; Acts iv. 25. The term for 'Son of God' is vids $\theta e \hat{\sigma} \hat{v}$. The Apostles do not call themselves $\pi a \hat{c} \hat{\delta} e \hat{s} \theta$. but $\delta \hat{\sigma} \hat{h} \hat{o} \theta$. cf. iv. 29; Tit. i. 1, Ha $\hat{v} \hat{h} \hat{o} \hat{s} \hat{o} \hat{v} \hat{h} \hat{o} \theta$.

ύμεῖς μὲν...] Nothing formally answers to μέν. The real antithesis is ver. 15, öν ὁ θεὸς ἥγειρεν. Cf. the strong opposition throughout, ὁ θεὸς...ὑμεῖς μὲν...ὑμεῖς δὲ...ὁ θεὸς.

ⁱ jρνήσασθε] 'denied', i. e. that he was Messiah, Lukexxiii.
2; John xix. 15. ήρνήσατο is the word used by all four Evangelists of Peter's 'denial'.

кріvavtos] Luke xxiii. 13-22.

ἐκείνου] Not αὐτοῦ, and so pointing the antithesis between them and him.

14. τὸν ἅγιον καὶ δίκ.] Strong contrast to ἄνδρα φονέα. For τὸν ἅγ. cf. Luke iv. 39, ὁ ἅγ. τοῦ θεοῦ, and ὁ ἅγιος Ἰσραήλ is applied continually to Jehovah in Isaiah, e.g. xliii. 3, Jesus is also called ὁ δίκαιος vii. 52, xxii. 14.

άνδρα φονέα] Luke xxiii. 18, 19.

χαρισθήναι] The word indicates 'to grant as a favour', not as a matter of right or justice: it is used accurately here and xxv. 11, xxvii. 24.

In classical Gk the word is used='founder' of a race (Soph. O. C. 60) or city (Plat. Tim. 21 E), and also='a general', Aesch. Ag. 259; Thuc. 1. 132 Ἐλλήνων ἀρχ. of Pausanias.

It seems here (and v. 31) rather to mean 'Prince' or 'Leader of life', i.e. he who leads to life and salvation: the idea seems that of a chief who leads his followers to win life. The words are in strong contrast to $\Delta\pi\epsilon\kappa r\epsilon tractare$.

16. $\tau_{\Pi}^{\circ} \pi (\sigma \tau \epsilon \iota \tau \circ \circ \delta v)$ For $\delta \nu \circ \mu a$ cf. iii. 6 n. $\tau \circ \circ \delta \nu$. is the objective gen. The name of Jesus is that to which their belief is directed: they believe that He is Messiah and so has power to heal. Observe the emphatic repetition of $\pi i \sigma \tau i s$ and $\tau \delta \delta \nu \circ \mu a$.

ή πίστις ή δί αὐτοῦ] 'the faith which comes through Him': Jesus gives the faith, and is also the object of it.

Baum.

M,

III. 20]

NOTES

όλοκληρίαν] Cf. Plat. Tim. 44 c ελόκληρος νηίης τε πωνταύτην: deictic. τελώς.

17. Kalvûv] Favourite particles of transition in speeches in the Acts; cf. vii. 34, x. 5, xxii. 16. So too kal tà vûv iv. 29. v. 38. xx. 32. xxvii. 22. κal vûv, idoú not only connects a new statement with what precedes, but gives marked emphasis to it, cf. xiii. 11, xx. 22.

άδελφοl] Much more affectionate than άνδρες άδ., cf. ii. 29 n. Appellatio comitatis et misericordiae plena. B.

Katà ayvolay] Luke xxiii. 34.

18. $\pi \acute{\alpha} \tau \omega \nu \tau \widetilde{\omega} \nu \pi$.] Luke xxiv. 27; Acts x. 43. That Jesus is the Messiah, to whom all prophecy points, is the argument of all speeches addressed to Jews in the Acts.

παθείν τον χριστόν] 'that the Messiah should suffer'; cf. xvii. 3 and xxvi. 23, εl παθητός ό χρ. To Peter's hearers the words would be an immense paradox. They looked for Cheyne, a triumphant Messiah : a crucified Messiah was an idea they $I_{\text{Essay 5}}$, could not reconcile with their hopes, a 'stumblingblock' as Paul calls it 1 Cor. i. 23 Χριστον έσταυρωμένον, 'Ιουδαίοις σκάνδαλον. Cf. too Peter's own use of τὰ τοῦ Χρ. παθήματα 1 Pet. iv. 13, v. 1. In all these cases no version can reproduce the force the words originally had.

19. μετανοήσατε...] Change of mind is to produce change of attitude. They are to 'turn' from sin (cf. ver. 26) and look 'towards (i.e. keep before them as their object) the blotting out of their sins'. Cf. επιστρέφειν επί τον κύριον ix. 35, xi. 21; ent rov Ocov xiv. 15, xv. 19, xxvi. 20; els quis xxvi. 18: absolutely xxviii. 27: Luke xxii. 32.

¿ξαλιφθήναι] 'blotted out', and so commonly in classical Gk, e.g. Dem. 791, 12 $\dot{\epsilon}\xi a\lambda \eta \lambda i \pi \tau a i \tau \delta \delta \phi \lambda \eta \mu a$. Lit. = 'smear out', of obliterating the writing on a wax tablet.

20. $\delta \pi \omega s \, \tilde{\alpha} v \dots$ in order that so'; R.V. 'that so', $\delta \pi \omega s$ Jelf. Gk $a\nu$ differs from $\delta\pi\omega s$ in making the end spoken of somewhat Gram. more conditional or dependent upon something else hap- § 810. pening; here it gives the sense 'repent that so (i.e. when you have repented) times &c.' The words convey the idea that the 'times of refreshing' can only follow the repentance.

Cf. carefully xv. 17, and Luke ii. 35 onws av anoraλυφθώσιν.

kalpol dvay.] These words are defined by the words which follow (*kal* $\dot{a}\pi \sigma\sigma\tau\epsilon(\lambda \eta...)$ as referring to the second coming of Messiah in glory. This was the $\pi a \rho \dot{a} \kappa \lambda \eta \sigma \iota s \tau o \hat{v}$ 'Ισραήλ Luke ii. 25.

101

• τζν πρόκεχειρισμένον...] •him who was appointed (or 'elected') for you as Messiah, even Jesus'. For προχειρίζεσθαι cf. xxii. 14, xxvi. 16.

Text T.R. reads' $I\eta\sigma\sigma\partial\nu X\rho$.—an excellent specimen of ignorant NBDEP. correction.

21. oùpavôv $\mu \hat{k} \nu$] The acc. before the verb. Take away $\delta \epsilon \hat{\epsilon}$, and the statement is $\delta \nu$ oùpavôs $\mu \hat{\epsilon} \nu$ $\delta \epsilon \hat{\xi} \epsilon \tau a \ldots$. Nothing formally answers to $\mu \hat{\epsilon} \nu$, but the real antithesis is clear. Jesus shall remain in heaven 'until the restoration of all things', then He shall return in glory to earth.

χρόνων ἀποκατ.] The same as the καιροί ἀναψύξεωs. The phrase describes the period of Messiah's reign in glory, II. cf. i. 6 n. 'The word ἀποκατάστασις is applied by Josephus to the return from captivity, and by Philo to the restitution of inheritances in the year of jubilee'. The phrase 'restoration of all things' seems to have been used specially with reference to the Messianic time, cf. Matt. xvii. 11 'Hλίας μἐν ἕρχεται καὶ ἀποκαταστήσει πάντα.

 $[\delta v]$ with $\chi \rho \delta \nu \omega v$; the words $\dot{a} \pi \sigma \kappa a \tau$. $\pi \dot{a} \nu \tau \omega v$ form a single idea, and if the reference were to them $\dot{\eta}_s$ would be needed.

δια στόματος] as the channel or instrument through which God's words were communicated.

22. Mauris $\mu i \nu$] Peter justifies his reference to 'all the prophets' (1) by quoting from Moses, the greatest of them, (2) by referring to 'the prophets from Samuel' who also all (*kai* $\pi d \nu \tau \epsilon s$) foretold Messiah. The same division into 'Moses' and 'all the prophets' is made xxvi. 22; Luke xxiv. 27.

προφήτην] Quoted again vii. 37; taken with slight variations from LXX. Deut. xviii. 15—19. For προφήτην cf. xi. 27 n.

For Moses as a type of Christ cf. Stephen's speech chap. vii. The Jews regarded him as the greatest of the prophets (cf. Deut, xxxiv. 10), with whom alone 'the Lord spake face to face, as a man speaketh to his friend', Ex. xxxiii. 11.

αἰτοῦ] Emphatic. ἀκούσεσθε, 'hear' with the combined idea of 'hearken', 'obey', cf. iv. 19 θεοῦ ἀκούεω.

23. ἐξολεθρ.] LXX., following the Hebrew, ἐγὼ ἐκδικήσω ἐξ αἰσοῦ, 'I will require it of him', i.e. exact punishment from him. For this Peter substitutes a phrase very common M. (e.g. Gen, xvii. 14) in LXX, 'that soul shall be cut off' $(\epsilon\xi_0\lambda\epsilon\theta_{\rho})$ from his people', which indicates (1) separation from among the chosen people, (2) sentence of death.

24. ἀπό Σ. καὶ τŵν καθ.] 'from S. and those that succeeded him', a slightly inaccurate but very clear expression ='all the series of prophets beginning with S.' For the absence of prophecy before Samuel cf. 1 Sam. iii. 1: it is in his time that we first hear of the 'schools of the prophets'.

25. ὑμεῖς...ὑμῖν πρώτον] The emphatic position of these words marks the argument. 'You are the ... therefore to you first...'.

διαθήκης] Cf. vii. 8 n. For the covenant cf. Gen. xii. 1-3. The quotation is from Gen. xxii. 18. In Gal. iii. 16 the words $\tau \hat{\omega} \sigma \pi \epsilon \rho \mu a \tau l \sigma o v$ are definitely referred to Christ. 'In Light-Him the race was summed up. In Him it fulfilled its pur- foot, ad loc. pose and became a blessing to the whole earth'.

26. πρώτον] Praevium indicium de vocatione gentium. B. It must not however be supposed that Peter as yet had a complete idea of the universality of Messiah's kingdom. Like the Jews generally he believed that other nations would share its blessings, but he was as yet ignorant that they could do so otherwise than by accepting Judaism.

avaothoas] as in ver. 22.

 $\epsilon v \tau \hat{\omega}$] 'the turning away each of you' is that in which the blessing has its place of action.

CHAPTER IV.

1. oidox.] v. 24 n.

ό στρατ. τοῦ ἰεροῦ] The temple was guarded by 24 bands of Levites, one band being on duty at a time. The commanders of these bands are the $\sigma \tau \rho \alpha \tau \eta \gamma o l$ of Luke xxii. 4 rois apprepeior rai orparnyois, and some think that o orpar. here = 'the commander of the band then on duty', but from the prominent position assigned him v. 24 it is perhaps better to regard him as the captain of the whole body.

καl of Σαδδ.] Naturally 'sore troubled', because they denied a resurrection, cf. Matt. xxii. 23 Σαδδ. λέγοντες μή είναι ἀνάστασιν; Acts xxiii. 8. They were the opponents of the Pharisees (1) as denying that an oral law had been given to Moses in addition to the written law, (2) as denying a resurrection because it is not mentioned in the written law.

2. ἐν τῶ 'Ιησ.] 'in', i.e. in the person, or in the case of Jesus. Unico exemplo refutabantur penitus. B.

4. $i\gamma \epsilon v \eta \theta \eta$] i.e. the total number of believers was made by this addition about 5000.

5. $\sigma\nu\nu\alpha\chi\theta\eta\nu\alpha\ldots$] i.e. a meeting of the Sanhedrin. Little is known of it, except that it numbered 70 or 72 members. The Rabbis referred its institution to Numb. xi. 16, 17, but its Gk name $(\sigma\nu\nu\ell\delta\rho\iota\sigma\nu)$ shews its late origin. It may be the same as the $\gamma\epsilon\rho\sigma\nu\sigma la\ \tau\hat{\omega}\nu$ Iovdatwr 2 Macc. i. 10, iv. 44, xi. 27.

Before it Jesus was brought, cf. Matt. xxvi. 3; Mark xiv. 53, and Luke xxii. 66, where it is also called $r\partial \pi \rho c \beta \nu \tau \ell \rho \omega \nu \tau \sigma \hat{\nu} \lambda a \sigma \hat{\nu}$; its members are described as 'chief priests' (=ol $d \rho \chi c \nu \tau c s$ here), 'elders' and 'scribes'—qui conspicui erant imperio, consilio, doctrina. B.

τούς γραμματεῖς] Sopherim, 'writers'. A body of men who rise into importance during the Captivity, probably owing to the growing necessity of carefully preserving the sacred writings. Ezra (vii. 12) was 'a scribe of the law of the God of heaven'. Gradually, as Hebrew ceased to be the language of daily life, they became the expounders of scripture. The comments and expositions of their great teachers or 'Rabbis' were handed down by 'tradition', and began to be treated as more authoritative than the original text, the plain sense of which they frequently altered, cf. Matt. xxiii. These 'traditions' were, subsequently to the Christian era, embodied in the Talmud. At this time the scribes were practically the religious teachers of the Jews.

6. $\kappa al^{"}Avvas$] R.V. rightly supplies 'was there'. He was high-priest A.D. 7—14, and was then deposed by the Roman governor. Five of his sons became high-priests. Caiaphas was his son-in-law and legally high-priest at this time, having held the office A.D. 25—37. The influence of Hannas was clearly great among the Jews: Jesus was led away 'to Hannas first', John xviii. 13; he was to them still 'the high-priest' though no longer legally so. Luke (iii. 2) mentions both 'Hannas and Caiaphas' as being the highpriests, the one being so in the opinion of the Jews, the other by Roman law.

Of John and Alexander nothing is known, but no doubt they were prominent members of the 'kindred of Hannas' $(\gamma \epsilon \nu os \, d \rho \chi \epsilon \epsilon \rho a \tau \iota \kappa \delta \nu)$, which is clearly described as forming a considerable portion of the Sanhedrin.

H. W.

7. ἐν τῷ μέσω] The council sat in a semicircle.

iν ποία...] Cf. iii. 6 n. Luke represents the Sanhedrin as ignorant, or ignoring, that they were disciples of Jesus, cf. ver. 13. Both the use of ποῖος and the position of ὑμεῖς mark contempt.

104

8. $\pi\lambda\eta\sigma\theta\epsilon\iotas\pi\nu.\dot{a}\gamma(ou)$ Cf. Luke xii. 11, 12. See too xix. 1 n.

9. et] 'if', used with great rhetorical skill here, instead M. of $\dot{\epsilon}\pi\epsilon l$: 'if...for a good deed...we are being tried'.

άνακρινόμιθα] ἀνάκρισιs at Athens was a preliminary enquiry to see whether an action would lie. Here, xii. 19, and Luke xxiii. 14, of examination by a judge.

έπ' εὐεργεσία.] Emphatic,—as benefactors, not malefactors.

 $i v \tau (v \iota]$ 'wherein' or 'in whom', i.e. in what or in whom is the healing power which has made him whole, cf. iii. 6 n. and xi. 14 μήματα i v ols σωθήση; Soph. Ajax 519 i v σοl πῶσ' έγωγε σώζομαι. Practically $i v = {}^{\circ} b v'$.

σέσωσται] The word can bear a double meaning, cf. ver. 12 ή σωτηρία and σωθήναι. The bodily healing is the work of Him, who also heals the soul. Cf. the Collect for St Luke's Day, 'that by the wholesome medicine of the doctrine delivered by him, all the diseases of our souls may be healed'; Matt. i. 21 'Thou shalt call his name Jesus, for he shall save (αὐτὸς σώσει) his people from their sins'.

10. $\delta \nu \dots \delta \nu \dots$] The repeated word emphasizes the antithesis.

έν τούτω] After $\delta\nu \dots \delta\nu$ and before $o\bar{\upsilon}\tau os$ at the beginning of the next sentence, clearly masculine='in Him'.

11. $\delta \lambda(0 \circ s]$ Ps. exviii. 22 $\lambda(0 \circ v \delta m \epsilon \delta \circ \kappa(\mu a \sigma a v ol o i \kappa \circ \delta \circ \mu o \delta v \sigma s \epsilon' \gamma \epsilon m' \delta \eta$ els $\kappa \epsilon \phi$. $\gamma \omega \nu l a s$. Jesus had used this quotation of Himself Matt. xxi. 42; cf. 1 Pet. ii. 7. The 'head of the corner' was the highest corner-stone, of great importance in supporting the roof.

12. $\dot{\eta} \sigma \omega \tau \eta \rho(a]$ Absolutely, 'the salvation', i.e. the promised salvation which Messiah is to bring, cf. Mal. iv. 2.

ἐν άλλω...ἕτερον] άλλος, 'one more', ἕτερος, 'one of two'. Salvation is not to be found 'in any besides, for indeed there does not even exist a second name...'.

13. $\pi \alpha \rho \rho \eta \sigma(\alpha \nu)$ 'frank', 'free', 'fearless speech', cf. vv. 29, 31. $\pi \alpha \rho \rho \eta \sigma \iota d j \epsilon \sigma \theta \alpha \iota$ is also frequently used of the preaching of the Apostles, cf. ix. 27, 28, xiii. 46, xiv. 3.

ίδιῶται] A. and R.V. 'ignorant', which conveys a wrong idea. The word in classical Gk = (1) a private person, (2) one who is without special or professional knowledge of a subject, 'a layman', e.g. Thuc. 11. 48. That it does not F. M. mean 'ignorant' cf. Plat. Legg. 830 A ἀνδρῶν σοφῶν, ἰδιωτῶν La. τε καl ποιητῶν. Here, like ἀγράμματος, it describes men who had never studied in the rabbinic schools, and had no special knowledge of rabbinic teaching.

έπεγίνωσκον] 'began to take notice of them', 'began to recognize who they were'.

16. ὅτι μέν] answered by άλλά ver. 17.

γνωστόν] A. and R.V. 'notable'. γνωστόν is opposed to δοξαστόν (e.g. Plat. Rep. 479 D), as that which is the object of knowledge to that which is the object of opinion. The healing was a fact about which definite knowledge was attainable; it was not a matter of mere conjecture.

17. απειλησώμεθα...μηκέτι λαλείν] 'Let us threaten them', i.e. 'order them with threats, no longer ...'. T. R. has $\dot{a}\pi\epsilon_i\lambda\hat{\eta}\hat{a}\pi\epsilon_i\lambda\eta\sigma\dot{\omega}\mu\epsilon\theta a$ 'straitly threaten'.

τούτω] non dignantur appellare nomen Iesu. cf. v. 28. B. It is "an instance of that avoidance of the name of Christ." F. which makes the Talmud refer to Him most frequently as Pelonî-'so and so'."

19. ένώπιον τοῦ θεοῦ] coram Deo. ἐνώπιον, ἐναντίον, έμπροσθεν, έναντι followed by θεοῦ or κυρίου are very frequent in O.T. The phrase expresses a belief in the immediate presence of Jehovah as viewing, judging, or attesting something; cf. vii. 46, viii. 21, x. 33; hence it is used in asseverations, e.g. Gal. i. 20 ίδου ένώπιον τοῦ θεοῦ ὅτι οὐ ψεύδομαι, and adjurations, e.g. 2 Tim. ii. 14 διαμαρτύρομαι $\dot{\epsilon}\nu$. $\tau o\hat{\nu}$ kuplow. Here that which is 'just in the sight of God' is appealed to as something higher than human justice.

With Peter's answer of. Socrates' words (Plato Apol. 17). II. έγω ύμας, ω άνδρες 'Αθηναίοι, άσπάζομαι μέν και φιλω, πείσομαι δε τῷ θεῷ μαλλον ή ὑμίν.

μηδέν εύρίσκοντες το πώς ...] The words το πώς ... 21. are explanatory of the positive part of $\mu\eta\delta\dot{\epsilon}\nu$: 'not finding anything, i.e. any means of punishing them ... ', cf. xxii. 30 n.

They asked themselves $\pi \hat{\omega}_s$ κολασώμεθα αὐτούs; to that question they could find no answer 'owing to the people'. i.e. because they feared an outbreak of indignation.

24. Spoonuason A strong word, 'with one impulse', 'with united eagerness': cf. v. 12, vii. 57, xv. 25. It is frequent in the Acts, but only used once elsewhere in N.T.

 $\epsilon i \pi a \nu$] 'they said'. The words which follow are clearly not a general and fixed form of prayer, but refer definitely La, B. A. to the special circumstances. We may therefore suppose them to be uttered by some one Apostle, the rest of those present assenting to them, and possibly audibly joining in the well-known words of the Psalm.

Text KABD.

M. L'aum.

 $\Delta i \sigma \pi \sigma \tau a$] The word seems to imply the ascription of supreme power and authority. It describes the relation of a master to servants or slaves, cf. δούλοιs ver. 29, Luke ii. 29 νῦν ἀπολύεις τὸν δοῦλόν σου, δέσποτα; 2 Pet. ii. 1 τὸν άγοράσαντα αύτούς δεσπότην άρνούμενοι. It is only used elsewhere of God in Jude 4 and Rev. vi. 10.

ό ποίησας] cf. Gen. i. 1 έν ἀρχ \hat{y} ἐποίησεν ὁ θεὸς τὸν οὐραvor kal $\tau \eta \nu \gamma \eta \nu$, and for the full phrase Ex. xx. 11.

25. ό τοῦ πατρός...] T.R. omits τοῦ πατρός ήμῶν and $\pi \nu$. $\dot{\alpha} \gamma i o v$. The text given 'doubtless contains a primitive Westerror'. 'A confusion of lines ending successively with AIA cott and Hort. Δαλ λια may have brought πν. άγίου too high up, and Westcaused the loss of one $\delta_i a'$, a view supported by R.V. which gives 'by the Holy Ghost by the mouth of...'.

 $\Delta avei\delta$ [Throughout the Acts the Psalms are spoken of as written by David, in accordance with the common usage of speaking of them as 'the Psalms of David', he having been the great psalmist and the author of very many of them.

The reference is to Ps. ii. 1.

έφρύαξαν] (1) 'to neigh eagerly' or 'violently' of horses, (2) 'to be proud', 'haughty'.

 $\ell\theta\nu\eta...$] The explanation is given in ver. 27. $\ell\theta\nu\eta =$ the Romans; $\lambda a ol =$ the Jews (commonly called in LXX. o λaos, the plural in ver. 27 perhaps referring to the 12 tribes); $\beta a \sigma i \lambda \epsilon i s = Herod; d \rho \chi o \nu \tau \epsilon s = Pilate.$

The distinction between $\ell\theta\nu\eta =$ 'the nations', gentes, all non-Jewish peoples, 'Gentiles', and $\lambda \alpha \delta s =$ 'the people', 'the chosen people', must be most carefully noticed in the Acts. Cf. the use of populus = 'the Roman people' opposed to gentes Lucan Phars. 1. 82, 83.

27. συνήχθησαν... Ηρώδης τε και Π. Π.] Luke alone (Luke xxiii. 12) mentions that in this matter Herod and Pilate 'were made friends together, for before they were at enmity'.

Herod Antipas was son of Herod the Great and tetrarch of Galilee and Peraea (xiii. 1). See Mark vi. 14–28; Luke iii. 19, 20, ix. 7, xiii. 31, 32. He was subsequently persuaded by his wife Herodias to go to Rome to obtain the title of king, but was opposed by his nephew Herod Agrippa, who had great influence with Caligula, and banished to Lugdunum A.D. 39. He died in exile.

Pontius Pilatus was appointed A.D. 25 sixth procurator of Judaea, which on the deposition of Archelaus, A.D. 6, had been attached to the province of Syria. A.D. 36 he was sent to Rome by Vitellius, governor of Syria, to answer a charge brought against him by the Samaritans. His name Pontius suggests a connection with the great Samnite family of the Pontii, and Pilatus is perhaps=pileatus('wearing the *pileus*' or cap worn by manumitted slaves) and so may indicate that he was a *libertinus*.

δν ἔχρισας] i.e. at His baptism, cf. ii. 22 n. § 2.

28. $\pi o i \hat{\eta} \sigma a i$] Inf. of purpose. The sentence is somewhat concisely put: they came together to bring about the death of Jesus, and so (unwittingly) 'to do all that thy hand...', cf. ii. 23 n.

29. $\tilde{\epsilon}\pi\iota\delta\epsilon$] occurs only twice in N.T., but is specially used in classical Greek of the gods: it signifies to 'regard with attention', either with a view to bless (cf. Luke i. 25 $\epsilon^{i}\pi\epsilon\iota\delta\epsilon\nu$) or to punish. Cf. Hom. Od. xvII. 487 $\theta\epsilonol...\delta\nu\theta\rho\dot{\omega}$ maw $\ddot{\nu}\beta\rho\nu$ $\tau\epsilon$ kal $\epsilon\dot{\nu}\nu\rho\mu\dot{\eta}\nu$ $\dot{\epsilon}\phi\rho\rho\omega\nu\tau\epsilon\varsigma$.

30. ἐν τῷ ἐκτείνειν] dum extendis B., and so R. V. 'while thou stretchest forth'. Better 'in stretching out' (or, as A.V. 'by'); God gives His protection in stretching out His arm.

The phrase 'with a stretched-out arm', $\dot{\epsilon}\nu$ $\beta\rho\alpha\chi\dot{\epsilon}\nu$ $\dot{\nu}\psi\eta\lambda\hat{\varphi}$, is common in O.T., e.g. Ex. vi. 6; Ps. cxxxvi. 12 $\dot{\epsilon}\nu$ $\chi\epsilon\iota\rhol$ $\kappa\rho\alpha\tau\alpha\iota\hat{q}$ κal $\dot{\epsilon}\nu$ β . $\dot{\nu}\psi$, where the use of $\dot{\epsilon}\nu$ is clear.

καl σημεία...γίνεσθα.] Subordinate to $iν \tau \hat{\varphi}$, and so closely connected with $τhν \chi$. iκreiνειν: the miracles are the visible proof of the outstretched arm. A. and R.V. put a stop after *iaσιν* and make γ*iνεσθα*. depend on δ*is*.

31. ἐσαλεύθη] Used of the effect of an earthquake xvi. 26: for 'earthquake' as a sign of the Divine Presence cf. Ps. cxiv. 7 ἀπὸ προσώπου κυρίου ἐσαλεύθη ἡ γῆ: Is. ii. 19, 21. See too Virg. Aen. 111. 90.

*ἰ*λάλουν...παρρησίας] Luke, with simple skill, describes the fulfilment of their prayer in the very words of the prayer ver. 29. Note the emphatic position of μετὰ παρρησίας, and cf. xxviii, 31.

32. **καρδία και ψυχή μία**] in credendis et agendis. Egregius character. B. So too others distinguish between καρδία, the seat of thought and intelligence, and ψυχή, the seat of the active affections and impulses. Such distinctions are however hard to maintain, cf. 1 Chron. xii. 33 'the rest of Israel were of one heart (ψυχή μία) to make David king'; 2 Chron. xxx. 12 'the hand of God was to give them one heart (καρδίαν μίαν) to do the commandments'.

The expression, with emphatic fulness, describes complete unanimity of thought and feeling, resulting naturally, and not as a matter of enforced rule, in their considering

108

all believers as brothers, who could have no separate interests in heaven or on earth.

oute eis] Much stronger than oudeis. For the fact of. ii. 44 n.

Exever] 'said', i.e. 'reckoned' or 'considered'.

33. ἀπεδίδουν] 'gave', A. and R.V. inadequately. The word indicates 'giving back', 'duly delivering' something entrusted to you. It is used for 'paying' a debt, Matt. xviii. 25; Luke vii. 42, for 'duly rendering' an account, Matt. xii. 36. The 'witness of the resurrection' was the special charge entrusted to the Apostles: they were bound 'duly to deliver' it.

τοῦ κυρ. Ίησ. τῆς ἀναστάσεως] Τ. R. has τῆς ἀναστ. τοῦ κυρ. Ἰησ. In the text the second gen. explains and defines the first: their testimony was 'of the Lord Jesus' that is, of 'his resurrection'.

xápis] Clearly=gratia Dei, as vi. 8 and St Paul passim. The proof of its presence is given in the next words 'For none was in want'. In the similar summary ii. 47 yapıs is definitely described as 'favour with the people', but that cannot affect it here, where it is used absolutely.

35. παρά τούς πόδας] To be taken literally, for teachers among the Jews (cf. xxii. 3 n.) and magistrates among the Romans sat on a raised seat, cf. Cic. pro Flacco c. 28 ante Quoted pedes praetoris in foro expensum est auri pondo centum. At by A. the same time the words convey the ideas of submission and deference.

36. 'Iwonφ] T. R. 'Iwon's. The case of Joseph Barnabas is specially mentioned because of the important position Barnabas subsequently takes in the Acts, but the fact of its being mentioned at all shews that there can have been no absolute rule as to the sale of property.

For emikindels cf. i. 23 n.

Yids Παρακλήσεως] A.V. 'son of consolation'; R.V. more accurately 'son of exhortation'. The sense of 'encourage', 'exhort' is certainly the first and most usual sense of $\pi a \rho a \kappa a \lambda \epsilon i \nu$ and $\pi a \rho a \kappa \lambda \eta \sigma \iota s$. The phrase here clearly describes one who was remarkable in speaking for his power of 'encouraging', 'cheering', or 'exhorting'; cf. xi. 23 where $\pi a \rho \epsilon \kappa \dot{a} \lambda \epsilon \iota$ 'exhorted' is used of Barnabas, and 1 Cor. xiv. 3, where it is said that a preacher speaketh either 'instruction' (οἰκοδομήν) or 'exhortation' (παράκλησιν) or · consolation ' $(\pi a \rho a \mu \upsilon \theta i a \nu)$.

παράκλησιs is also used ix. 31, xiii. 15, xv. 31, and both A. and R. V. give three different renderings, viz. 'comfort', 'exhortation' and 'consolation', though in all three cases the word 'encouragement' would be suitable. In 2 Cor. i. 3—7 the sense of 'encouragement' is clearly marked, e.g. παρακαλείν rovs έν θλίψει. In Luke ii. 25 προσδεχόμενος παράκλησιν τοῦ Ίσραήλ = 'waiting for the encouragement of Israel', i.e. by the coming of Messiah.

The verb $\pi a \rho a \kappa a \lambda \hat{\epsilon \nu}$ is very frequent in the Acts and means either to 'invite', 'beseech', e.g. xvi. 9 or 'to encourage', e.g. xx. 12.

παράκλησις ubi desides excitat est hortatio, ubi tristitiae medetur est solatium. B.

 $\Lambda_{evel}(\tau_{\eta}s]$ Levites were not allowed to hold land (Numb. xviii, 20), but the Mosaic laws about the division of the land seem to have been neglected after the Captivity.

Κύπριος τῷ γένει] Cf. xviii. 2 Ποντικόν τῷ γένει; xviii. 24 'Αλεξανδρεύς τ. γ., in all three cases of Jews, the phrase indicating their place of birth.

CHAPTER V.

1. 'Avav(as] The Hebrew name of Shadrach (Dan. i. 6, iii. 13), found in the *Benedicite*, = 'God is gracious'. $\sum a \pi \phi \epsilon(\rho \eta \text{ probably} = \text{'beautiful'}.$

2. ἐνοσφίσατο] 'set apart', not to be handed over with the rest. The same word is used of Achan taking for himself some of the dedicated spoil of Jericho, cf. Josh. vii. 1, where 'committed a trespass in the accursed thing' is in LXX. ἐνοσφίσαιτο ἀπὸ τοῦ ἀναθέματος.

3. $\delta \Sigma \alpha \tau \alpha \nu \hat{\alpha} s$] A Hebrew word='adversary'. For the sense cf. Luke xxii. 3 $\epsilon i \sigma \hat{\eta} \lambda \theta \epsilon \nu \delta \hat{\epsilon} \Sigma \alpha \tau \alpha \nu \hat{\alpha} s \epsilon i s' Iou \delta \alpha \nu$, and John viii. 44 'he is a liar and the father of it'.

The question addressed to Ananias implies that he might have resisted.

ψενσασθαί σε] 'so that thou should est cheat'; cf. ver. 21 απέστειλαν...αχθήναι αὐτούς.

SoValck. ψεύσασθαι τὸ πνεῦμα: ἐψεύσω θεῷ] ψ. τινά is directly in M. 'to cheat' or 'deceive a person'; ψ. τινί is 'to lie' or 'cheat in the presence of a person', suggesting the idea of an insult or outrage against him.

ούδεις ψευδόμενος θεόν ψεύδεται, ψεύδεται θεώὄστις ψεύδεται.

τὸ πνεῦμα τὸ ἄγ.] i.e. as present in the Apostles. The Holy Spirit had been given them to guide them 'into all

A. IL.

truth' (John xvi. 13); an attempt to deceive them is an attempt to deceive Him, or, as in ver. 9, 'to make trial' of Him.

4. ¿jour(a] i.7 n.

τί ὅτι] quid est quod? Cf. Luke ii. 49 τί ὅτι ἐζητεῖτέ με; The form of question expresses some astonishment or indignation.

 ξέψνξεν] Only here and xii. 23 in N. T., apparently connoting a violent, not peaceful death. Classical Gk has άποψόχω animam agere.

καl έγένετο φόβος...] Emphatically repeated ver. 11.

roùs dkoúovras] Probably as at ver. 11 'those who heard of it': had the phrase referred only to those present we should expect 'those who saw it'.

6. ci νεώτεροι] = ci νεανίσκοι ver. 10, the younger members of the congregation.

συνέστειλαν] A. V. 'wound him up', R.V. 'wrapped him round'. The word means 'draw together', 'pack up', and here describes the 'putting together' of the extended limbs and 'wrapping up' of the body for carrying it out. The regular word for 'arranging' a corpse for burial is $\pi \epsilon \rho tor \ell \lambda \lambda \omega$, compone.

έξενέγκαντες] ' having carried him out', a regular word in connection with burial, which with the Jews, as with the Greeks and Romans, took place *outside* the city walls—a rule founded partly on a reasonable regard for health, partly on fear of ceremonial defilement (Numb. xix, 11).

7. ¿yévero & ...] The construction is 'But it happened M. --an interval of about three hours—and his wife came in'. We should say 'it happened that'.

That διάστημα is not the nom. to έγένετο but parenthetical is shewn by comparing Luke ix. 28 έγένετο δὲ μετὰ τοὐς λόγους τούτους ώσεὶ ἡμέραι ὀκτὼ καλ...ἐνέβη.

8. $d\pi\epsilon\kappa\rho(\theta\eta)$ iii. 12 n. Peter answers her expectant looks with a question.

τοσούτου] Pointing to it. ἀπέδοσθε: plural, 'ye' not 'thou'.

9. of $\pi\delta\delta\epsilon_3$] A dramatic form of expression, cf. Is. lii. 7 'How beautiful upon the mountains are the feet of him...' Alford remarks that the young men were probably barefooted and would not be *heard* coming.

11. τὴν ἐκκλησ(av) Here first used in the Acts of the 'assembly of believers'. The word is only found twice in

the Gospels: Matt. xvi. 18 'I will build my church', and xviii. 17. It was however a well-known term for the ' congregation' of Israel, cf. vii. 38 n. In the Acts it is used of any 'assembly', as xix. 32, but usually of the body of believers in any one place or town.

12-16. A brief description of the state of the Church (viz. rapid growth and increasing influence due to the miracles wrought by the Apostles), introduced to explain the strong and decisive action of the high-priest and rulers described ver. 17.

That this is the connection is clear from the use of the imperfect tense vv. 12-16, contrasted with the dramatic άναστάs of ver. 17 and subsequent aorists. The imperfects describe a state of things during a period of some duration : the aorists express the single action which resulted from that state of things.

The paragraph describes.

The miracles wrought by the Apostles.
 The gathering of all believers in Solomon's porch.

(3) ¹The fact that, though none of the rest (i.e. the priests and rulers) dared to join them, yet the people magnified them.

(4) The great increase of believers, naturally resulting $(\ddot{\omega}\sigma\tau\epsilon)$ in a great public manifestation, viz. the placing sick folk in the streets by the inhabitants of Jerusalem and even the bringing them in great numbers from neighbouring cities.

It was this public manifestation which at last roused the 'envy' of the rulers.

H. M.

w.

12. $\pi \alpha \nu \tau \epsilon s$] i.e. all the believers, cf. ii. 1.

τη Στοά Σολ.] iii. 11 n.

13. $\tau \hat{\omega} \gamma \delta \hat{\epsilon} \lambda_{01} \pi \hat{\omega} \gamma$] $\delta \hat{\epsilon}$ is not adversative, but merely a particle of transition here. So too µaλλov δέ, and συνήρχετο δέ ver. 16.

 $\lambda_{0i\pi\hat{\omega}\nu}$ is not opposed to the believers mentioned before. but to haós which follows. The opposition of the rulers and the $\lambda a \delta s$ has already been referred to iv. 21. Others, who contrast $\lambda_{0i\pi}\hat{\omega}\nu$ with $\pi \dot{a}\nu\tau\epsilon s$ and make it='nonbelievers', are driven to render κολλασθαι 'obtrude on them', 'interfere with them', whereas it always denotes close friendly intercourse, cf. ix. 26, x. 28, xvii. 34.

15. πλατείας] sc. όδούς.

¹ I do not understand the punctuation in the text, and adopt the usual punctuation, removing the colon after avrois and placing it after Aaós.

κραβάττων] grabatus, said to be a Macedonian word = 'a camp-bed'.

ίνα...κάν ή σκια ἐπισκιάσει] Τ. R. ἐπισκιάση. The construction in the text is that which is common with ὅπωs in classical Greek.

 $\kappa \ddot{a} \nu = \kappa a \dot{e} \dot{a} \nu$; the sentence fully expressed would be, that the shadow—even if only the shadow—of Peter...',= that at any rate the shadow...'.

 δχλουμένους] The same word as 'vexed'; the root Cartius. expresses 'restless movement'.

17. $dva\sigma\tau ds$] A pictorial word representing the commencement of vigorous action. It is frequent in Luke and the Acts and is sometimes to be taken literally, e.g. ver. 34, ix. 11 $dva\sigma\tau a \pi \sigma \rho\epsilon i \theta \eta \tau \iota$, sometimes, as here, metaphorically, e.g. ix. 18 $dra\sigma\tau a \epsilon \beta a \pi \tau i \sigma \theta \eta$; xi. 7 $dra\sigma\tau a \epsilon \theta \sigma \sigma v$; xxii. 16 $dra\sigma\tau a \epsilon \beta d\pi \tau i \sigma a \iota$; in both cases it vividly depicts action. The similar use of $dre \sigma \tau v$ is also very common.

TayTes] i.e. those mentioned iv. 6 and other Sadducees.

at perus] = (1) 'a choosing', (2) 'a set of philosophic or religious principles chosen', (3) as here, 'those who have so chosen certain principles', 'a school', 'a sect'. It is applied to the Pharisees, xv. 5, xxvi. 5. The Christians were regarded as 'a sect' by the Jews, xxiv. 14, xxviii. 22. The word does not in itself imply condemnation as 'heresy' does, but a bad sense naturally soon attaches itself to the word as implying division and disunion, cf. its use by Tertullas xxiv. 5 and Paul's objection to the word xxiv. 14.

 $\dot{\chi}\dot{\eta}\lambda\omega$] A.V. 'indignation', R.V. 'jealousy'. The word (from $\dot{\xi}\epsilon\omega$) indicates 'eager action', and according to the context bears a bad sense='jealousy', or a good sense= 'emulation'.

18. ἐν τηρ. δημοσ(q] 'in the public prison': not as A.V. 'the common prison', giving a somewhat wrong idea. Cf. Thue. ∇ . 18 τδ δημόσιον.

20. $\sigma \tau a \theta \epsilon \nu \tau \epsilon_s$] cf. ii. 14 n. The word is not only pictorial but suggests the idea of firmness. Cf. too the emphatic clearness of $\epsilon \nu \tau \varphi$ lep $\hat{\varphi}$ and $\pi \dot{\alpha} \nu \tau a$.

τῆς ζωῆς ταύτης] Cf. xiii. 26 ὁ λόγος τῆς σωτηρίας ταύτης. 'This life', 'this salvation'=the life, the salvation, which Jesus came to give and which it is the duty of the Apostles to preach. Here the word 'life' suggests an antithesis to the denial by the Sadducees of a life after death.

21. ύπό τόν όρθρον] sub lucem.

πάσαν την γερουσίαν] The γερουσία of Sparta and Senatus of Rome are well known. The word repovola is used in 2 Macc. of the Sanhedrin, which is also called $\pi\rho\epsilon\sigma$ - $\beta \nu \tau \epsilon \rho \iota \sigma \nu$, cf. iv. 5 n. But here, as the Sanhedrin has been specially mentioned, probably the word does not describe any official body but is used generally to indicate men of age and experience who, though not members of the Sanhedrin, may have been summoned to its meetings on occasions of importance.

24. oi apx upe is] The heads of the twenty-four courses of priests, and possibly the relatives of the high-priest, cf. iv. 6. The word is used loosely, cf. xix. 14.

τί αν γένοιτο τοῦτο] The question τι γενήσεται τοῦτο (' what will be the end' or 'result of this') put obliquely.

26. ού μετά βίas] Emphatic by position. R. V. therefore rightly, 'but not with violence'.

28. παραγγελία παρ.] cf. vii. 34 n.

έπαγαγείν...] i.e. to make them responsible for His death, cf. Matt. xxvii. 25; and for the expression 2 Sam. i. 16; Matt. xxiii. 35.

τοῦ ἀνθρώπου τούτου] cf. iv. 17 n.

29-31. θεώ...ό θεός...δν ύμεις...τοῦτον ὁ θεός] Note the emphasis of these words.

30. ήγειρεν] Without έκ νεκρών (like ανίστημι iii. 22, 26) = raised up', 'brought forward', cf. Luke i. 69 $\eta\gamma\epsilon\iota\rho\epsilon$ κέρας σωτηρίας ήμίν; Acts xiii. 22 ήγειρεν αὐτοῖς τὸν Δαυείδ. The reference is to His birth and coming forward as Messiah. The order of events is this: God raised Him up; you crucified Him; God exalted Him,

 $\delta_{\epsilon \chi \epsilon \iota \rho (\sigma a \sigma \theta \epsilon]}$ cf. xxvi. 21. The word connotes violence and injustice: 'made away with violently'. The words κρεμ. $\epsilon \pi l \xi \delta \lambda o v$ pointedly call attention to His treatment as a malefactor and accursed man, cf. Deut. xxi. 23 κεκατηραμένος ύπο θεού πας κρεμάμενος έπι ξύλου: Gal. iii. 13.

 ἀρχηγόν] iii. 15 n. Here clearly 'Prince'.
 (τοῦ) δοῦναι] 'to give', i.e. that He may give, in His character of Prince and Saviour. The passage must be compared with Luke xxiv. 47, 48, where Jesus gives His parting injunctions to the Apostles and orders that there be proclaimed as by heralds $(\kappa \eta \rho \nu \chi \theta \eta \nu \alpha \iota)$ 'repentance'—the condition He imposes as a Prince, and 'remission of sins' -the reward He offers as a Saviour. He then adds jucis μάρτυρες τούτων, to which here ημείς έσμεν μάρτυρες τών ρημάτων τούτων accurately corresponds. Finally He says, 'and behold I send the promise of my Father (i.e. the

80 Lange. v. 37]

Holy Spirit) upon you', and so here Peter speaks of the Holy Spirit as actually sent and present in them, joining them as a 'witness' to the events they relate.

32. $\dot{\rho}\eta\mu\dot{a}\tau\omega\nu$] Not 'sayings' but 'things expressed in words', 'history', 'story'; cf. Luke ii. 15 το $\dot{\rho}\eta\mu\alpha$ το γεγονόs, and the important instance Acts x. 37.

34. **Φαριστίος**]= 'separated', the name of an important Jewish sect; they believed (1) that an oral law had been given to Moses in addition to the written law, and had been handed down by tradition; (2) that the actual law needed to be supplemented by the explanations of the great doctors, which established 'a hedge round the law' and enjoined an immense number of minute ritual observances; (3) in opposition to the Sadducees, that there is a future life.

Γαμαλιήλ] Grandson of the great teacher Hillel; afterwards president of the Sanhedrin; known as 'the glory of the law'; one of the seven Rabbis to whom the higher title of Rabban was given; teacher of St Paul, xxii, 3.

νομοδιδάσκαλος] So νομικός Matt. xxii. 35. A teacher or expounder of the Mosaic law.

παντὶ τῷ λαῷ] Ethic dat. = 'in the opinion of', cf. Eur. Hec. 309 ἡμῶν δ' ᾿Αχιλλεὐς ἄξιος τιμῆς, and vii. 20 n.

τούς άνθρώπους] Τ. R. τούς άποστόλους. Gamaliel would certainly not call them 'Apostles': the reading of the text is much more vigorous and real.

36. $\Theta ev\delta \hat{\alpha}s$] Gamaliel clearly speaks of the revolt of J_{OS} . And, Theudas as preceding that of Judas. On the other hand χx . 5. 1, Josephus describes a revolt very similar to this one and full in headed by a Theudas in A.D. 44, and therefore subsequent to A. this speech. Commentators therefore either (1) assume a historical error here, (2) or, not unreasonably, consider that among the many risings which took place in Judaea about the time of the birth of Jesus, there may have been another W. insurgent leader of that name.

λέγων είναί τινα έαυτόν] cf. viii. 9; Gal. vi. 3 εl γàρ δοκεῖ τις είναί τι μηδέν ών; Soph. El. 930 ηδχεις τις είναι, the nom. after the verb being more classical. The use of 'somebody'='some great person', as opposed to 'a nobody', is common in many languages. From the use however of almost the same phrase of Simon Magus (viii. 9) it would seem that Theudas is described as having claimed to be more than human, possibly to be the promised Messiah. Jos. Ant.

37. 'Ιούδας ὁ Γαλ.] In Josephus called 'Ιούδ. ὁ Γαν- Ι, given λανίτης, having been born in the city of Gamala in Gaulani- in A.

8 - 2

tis. His insurrection was in connection with 'the taxing', and he maintained that God alone was the king of Israel. His followers known as Gaulonites seem to have passed into the well-known Zealots.

 $iv \tau \alpha \hat{s} \dots]$ i.e. the celebrated 'registration' or 'enrolment' with a view to taxation referred to Luke ii. 2, which took place A.D. 6 under the prefecture of P. Sulpicius Quirinus.

38, 39. $\dot{\epsilon} d\nu \dot{\eta} \dot{\epsilon} \dot{\xi} d\nu 0$ $\dot{\epsilon} l \delta\dot{\epsilon} \dot{\epsilon} \kappa \theta \epsilon o \hat{\iota} \dot{\epsilon} \sigma \tau (\nu)$ 'in case it be... if it is'. ϵl with ind. represents a thing as less conditional and more possible than $\dot{\epsilon} d\nu$ with subj. It must not be inferred however that Gamaliel indicates the second alternative as more likely to be true; the change of construction only indicates that he puts forward one of two alternatives, as the one the *possibility* of which he wishes to be considered, as being the foundation of his argument.

39. θεόμαχοι] Il. VI. 129 οὐκ ἂν ἔγωγε θεοῖσιν ἐπουρανίουσι μαχοίμην.

41. κατηξιώθησαν άτιμασθήναι] Oxymoron.

τοῦ ὀνόματος] iii. 6 n.

42. κατ' οίκον] ii. 46 n.

εύαγγ. τὸν χριστὸν Ἰησ.] ' preaching the Messiah, even Jesus'.

CHAPTER VI.

1. γογγυσμός] Imitative reduplicated word='murmuring'.

'Ελληνιστῶν] from 'Ελληνίζω 'to imitate or use the manners, customs, or language of the Greeks' [cf. Λακωνίζω, Μηδίζω, 'Ιουδαΐζω (Gal. ii. 14), Φιλιππίζω]=those Jews who, having settled out of Palestine, habitually spoke Greek, and probably adopted many foreign customs, whereas 'Εβραΐα=those Jews who, continuing to live in Palestine, spoke Syro-Chaldaic, and were more strict in their observance of the laws of Moses.

2. où a decróv erw] non placet, a somewhat authoritative phrase, cf. ver. 5, $\tilde{\eta}_{\rho\epsilon\sigma\epsilon\nu}$, placuit, of the adoption of the proposition by the assembly.

διακονεῖν τραπέζαις] Note the emphatic position of τραπέζαις. The Apostles do not object to 'serve', but to 'serve' tables': they desire to confine themselves to the 'service of the word' ($τ\hat{\eta}$ διακονία τοῦ λόγου).

The seven men here appointed are usually called 'the seven Deacons', but there is no authority for this in N. T., where they are only alluded to as 'the seven' (cf. xxi. 8). Their 'ministry' is distinctly opposed to the 'ministry of

La. A. dubiously. VI. 9]

the word', and it therefore seems clear that they are not to be identified with that class of Christian ministers called $\delta\iota \dot{a} \kappa \sigma \nu \sigma \iota$ (1 Tim. iii. 8; Phil. i. 1) after whom 'Deacons' are named.

The words diácovos, diaková, diaková are used (1) in the II. Gospels, usually of ministering to bodily or temporal wants, e.g. Matt. iv. 11; Luke x. 40, (2) in the Acts and Epistles, usually of ministering to spiritual wants, e.g. Paul calls himself diákovos Xριστοῦ, δ. eðaγγελίου. Lastly diákovos is used in a special sense of a definitely appointed minister= 'a Deacon' e.g. Phil. i. 1, σῦν ἐπισκόποις καὶ διακόνοις.

τραπέζαις] Used with some indignation = 'food', 'eating and drinking'. τράπεζα is also used of the table of a moneychanger (e.g. Matt. xxi. 12), and τραπεζίτης= 'a banker', but here the connection with διακονεῦν precludes the explanation 'tables at which the alms were distributed in small H. coins'.

3. μαρτυρουμένους] i.e. of acknowledged good life and character, cf. x. 22, xvi. 2, xxii. 12.

ous karaστήσομεν] 'whom we may appoint', A. and R. V. rightly. The future describes the second action as subsequent to and dependent on the first; cf. the use of $\delta \pi \omega s$ and $\delta \nu a$ with the fut. ind. To render 'whom we will appoint' would convey a wrong idea, cf. vii. 40 of προπορεύσονται.

5. $\Sigma \tau i \phi a v o v \dots$] Notice with reference to the cause of their appointment that all bear Greek names. Seven is a sacred number. Of none except Stephen and Philip (cf. viii. 5, xxi. 8) is there anything further mentioned in N.T. Nicolaus has been identified with the founder of the sect of 'the Nicolaitans' mentioned Rev. ii. 6, 15, but this seems conjectural.

6. ἐπέθηκαν...] The laying-on of hands was used in blessing, cf. Gen. xlviii. 14—20; Matt. xix. 13; at the appointment of Joshua, Numb. xxvii. 18, and in healing by Jesus, Mark vi. 5. The act seems symbolical of the transmission of some divine power, cf. Acts viii. 17, ix. 17, xiii. 3, xix. 6, xxviii. 8. It is employed in the Church of England at Confirmation and Ordination.

7. ὄχλος...ύπήκουον] iii. 11 n.

8. χάριτος] as iv. 33. Gratia Dei δύναμιν efficit: δύναμιν demonstrant τέρατα καί σημεΐα.

9. $\sigma\nu\nu\alpha\gamma\gamma\gamma$ s] 'place of meeting'. The institution of Eders' synagogues' dates from the Captivity. They were so $\frac{481-450}{481-450}$

H. Lumby, &c. arranged that the congregation turned towards Jerusalem, and at the end opposite them was an ark or chest containing the Book of the Law. Towards the middle was a pulpit in which the reader stood and the preacher sat. Each synagogue had a 'minister' or attendant ($i\pi\eta\rho\epsilon\eta s$ Luke iv. 20), and was under the management of a college of elders ($\pi\rho e\sigma\beta i re\rho \sigma$ Luke vii. 3; $i\rho\chi torvir \gamma w\gamma \sigma t$ Acts xii. 15), with a president δ $d\rho\chi_{t\sigma} v \kappa' \gamma w\gamma \sigma s$. There was a fixed liturgy, a reading of a first lesson from 'the Law' and a second from 'the Prophets' (cf. xiii. 15), and afterwards the Derash or exposition. It is said that there were 480 synagogues in Jerusalem, but the number is untrustworthy.

Λ(βερτίνων] libertinorum. Probably descendants of the Jews taken to Rome as captives by Pompeius, who had there gained their freedom, and perhaps also proselytes of the freedman class, cf. ii. 10 n.

Three synagogues seem to be described: (1) of the Libertini, (2) of the men of Alexandria and Cyrene, both African cities, (3) of the men of Cilicia and Asia, who are joined together, as $\tau \hat{\omega} \nu \ d\pi \delta$ clearly shews.

συνζητοῦντες] Used of the 'questionings' of the Pharisees and Scribes (Mark viii. 11, ix. 14): cf. too ix. 29.

τῶν ἀπὸ Κιλ.] Therefore probably including Paul. Tarsus is the capital of Cilicia.

10. ἀντιστῆναι τῆ σοφία] Cf. the promise of Jesus Luke xxi. 15 ἐγὼ δώσω ὑμῖν στόμα και σοφίαν ἦ οὐ δυνήσονται ...ἀντιστῆναι.

11. $i \pi i \beta a \lambda o \nu$] subornarunt. The word indicates putting forward in an underhand way for purposes of fraud.

dκηκόαμεν...] As in the case of the false witnesses against Jesus (Matt. xxvi. 60, 61), the falsehood of these witnesses would consist in misrepresenting what Stephen had actually said. He had doubtless spoken of the transitory nature of the Mosaic law and the Temple worship, and this they distort. Hence they are distinctly spoken of as 'false' or 'lying' ($\psi ev\delta \hat{e}_s$), because 'a lie that is half the truth is ever the blackest of lies'.

 τοῦ τόπου τοῦ ἁγ.] i.e. the Temple, cf. xxi. 28. The emphatic position of the adjective marks the special holiness of the place, cf. i. 25 n.

14. o Naz. obros] obros is contemptuous, cf. vii. 40, xix. 26.

καταλύσει] The word used Matt. xxvi. 61 δύναμαι καταλῦσαι τὸν ναόν. Stephen (vii. 48) points out that God ⁴ dwelleth not in (buildings) made with hands'.

So M.

παρέδωκεν] tradidit, cf. Juv. xIV. 102 Tradidit areano quodcunque volumine Moses.

15. elbav...] Cf. Ex. xxxiv. 30; 2 Cor. iii. 7. Tennyson, The Two Voices, 'God's glory smote him on the face'.

CHAPTER VII.

The speech of Stephen must be considered in reference to the twofold charge (vers. 13, 14) to which it is an answer. The argument is throughout from Scripture, and is twofold, but the two threads are not kept distinct, but interwoven.

(1) He meets the charge of 'speaking against this Holy Place'—a charge no doubt founded on the fact of his having taught that worship in the Temple was not essential to the worship of God—by shewing that the worship of God is not confined to Jerusalem or the Jewish temple, this being proved by reference,

a. to His dealings with the patriarchs and people when in foreign lands, in Mesopotamia (ver. 2) and in Egypt (vers. 9-28);

b. to His appearing to Moses 'in the desert of Sinai' (ver. 30);

c. to the fact that all places are holy where God is (ver. 33);

d. to the 'church in the wilderness' (ver. 38);

e. to the fact that it was not until Solomon's time that the Temple was built, and that even that was not the real dwelling of the Most High (ver. 47), as is shewn by a quotation from Isaiah (vers. 48, 49).

(2) As regards the charge of changing 'the customs which Moses delivered', he points out that God had had many dealings with their fathers before the giving of the law (e.g. in the covenant of circumcision ver. 8), and that, far from contradicting Moses, Jesus is the very successor whose coming Moses had foretold (ver. 37). He describes Moses at length in words which clearly point him out as the type of Jesus: he was the divinely appointed redeemer of Israel (ver. 35), their saviour (ver. 25); the manner in which the Israelites again and again rejected him (vers. 25, 27, 35, 39) is typical of their rejection of Jesus. As he dwells on this theme the speaker, who began with calm and sober narrative, becomes gradually (as he remembers that his accusers are the children and representatives of those who consistently rejected Moses and the prophets) more argumentative and passionate, until at ver. 51 he breaks out into indignant invective and arraigns his accusers on the very charge which they were bringing against himself-'Not I, but you, you are the men who received the law and did not keep it'.

VII.

The speech however is not wholly apologetic, but also constructive. Stephen prepares the way for Paul: he grasps the idea of a religion not exclusive but universal: he anticipates the final declaration of Paul in the Acts, viz. that the Jews will reject and the Gentiles accept the truth offered to them.

2. & Beos The SoEns] i.e. the God who reveals Himself in Glory. 'Glory' = the Shechinah, a visible radiance, which indicated the presence of God, and was believed to rest especially on the mercy-seat between the cherubim; cf. ver. 55; Luke ii. 9; Ex. xxiv. 16. By commencing with these words Stephen at once refutes the charge of vi. 11.

Μεσοποταμία] = $\gamma \hat{\eta}$ Χαλδαίων ver. 4, used loosely for the district beyond the Euphrates. In Gen. xi. 31 it is 'Ur of the Chaldees'-a district of Mesopotamia N.E. of Haran.

Xappáv] 'Haran' Gen. xi. 31; Carrae, an ancient town in Mesopotamia not far from Edessa. Here Crassus met his death B.C. 53 after his defeat by the Parthians. cf. Luc. 1. 104 miserando funere Crassus | Assyrias Latio maculavit sanguine Carras.

from LXX. Gen. xii. 1, where however the revelation is said to have been made in Haran. In several instances however Stephen refers to traditions not identical with the state -. ments in our present Pentateuch. In Gen. xv. 7; Neh. ix. 7 the removal of Abraham from Ur is clearly referred to divine direction.

3. ήν αν σοι δείξω] 'whichever I shall shew thee': non norat Abram quae terra foret, Heb. xi. 8. B.

4. μετά τὸ ἀποθανεῖν...] In Gen. xi. 26-xii. 4 it is stated that Abraham was born when Terah was 70 years old, and that he left Haran when 75, Terah dying in Haran at the age of 205, and therefore 60 years after Abraham's departure. 'Stephen therefore follows an independent tradition '.

μετώκισεν] sc. o θebs.

5. οὐκ ἔδωκεν...] A perfectly natural expression: the 'burial-ground' which Abraham acquired (cf. ver. 16) could hardly be reckoned 'an inheritance'.

The rendering of our $\delta \delta \omega \kappa \epsilon \nu$ 'had not yet given' is downright mistranslation. To lay stress on έδωκεν and explain B. and non ex donatione divina accepit Abram, quia emit implies a so de W. singularly narrow view of God's gifts.

Α. II.

&c.

For βήμα ποδόs cf. Deut. ii. 5; Cic. ad Att. XIII. 2 pedem ubi ponat in suo non habet.

έπηγγείλατο...] Gen. xvii. 8, xlviii. 4.

6. $\ell \lambda d \lambda \eta \sigma \epsilon \nu \dots]$ A free quotation of LXX. Gen. xv. 13, 14 which ends with the words $\mu \epsilon \tau \lambda$ $\delta \epsilon$ $\tau a \delta \tau a$ $\ell \xi \epsilon \lambda \epsilon \delta \sigma \sigma \tau a \tau \lambda$ $\delta \delta \epsilon \ \mu \epsilon \tau \lambda$ $\delta \tau \sigma \sigma \kappa \epsilon \upsilon \eta \tilde{s}$ $\pi \sigma \lambda \lambda \eta \tilde{s}$. The words $\kappa a \lambda a \tau \rho$, $\mu \omega \epsilon \nu \tau \tilde{\varphi}$ $\delta \tau \sigma \tau \sigma \delta \tau \sigma q$ (i.e. in Canaan) seem to be a reminiscence of Ex. iii. 12 $\kappa a \lambda a \tau \rho \epsilon \delta \sigma \epsilon \tau \tau \tilde{\varphi} \theta \epsilon \tilde{\varphi} \epsilon \nu \tau \tilde{\varphi} \delta \rho \epsilon \iota \tau \sigma \delta \tau \varphi$ (Horeb). The addition is natural, for in Gen. xv. 14 it is clear that 'they shall come out' refers to a coming out into Canaan, although the $\delta \delta \epsilon$ of LXX, is not represented in the Hebrew.

πάροικον] 'sojourning'. The word indicates residence in a country which is not of a permanent character nor attended with full rights of citizenship. Cf. vii. 29, xiii. 17; Deut. xxvi. 5 κατέβη els Αζνυπτον καl παράκησεν έκεῖ; Eph. ii. 19 where ξένοι καl πάροικοι are opposed to συμπολιται καl okceoi; this life is 'a sojourning' 1 Pet. i. 17; we are all 'sojourners' 1 Pet. ii. 11.

ἔτη τετρακόσια] So too in round numbers Gen. xv. 13. The exact period of 430 years is given Ex. xii. 40; Gal. iii. 17. This includes the whole period from the giving of the promise to the Exodus (the period from the going down of Jacob into Egypt being 215 years), the 'sojourn' of the patriarchs in Canaan as well as of their descendants in Egypt. ἔτη τετρακόσια does not go merely with κακώσουσιν.

δουλώσουσιν] sc. οἱ ἀλλότριοι inferred from ἐν γŷ ἀλλοτρία.

7. κρινώ έγώ] Emphatic. Ego-Deus.

8. διαθήκην περιτομής] A covenant of which circumcision was to be the outward sign. Gen. xvii. 9-14.

In classical Greek $\delta\iota a\theta\eta\kappa\eta$ is almost always 'a testamentary disposition', 'a will', $\sigma w\theta\eta\kappa\eta$ being 'a covenant' or 'agreement'. On the other hand in LXX. and N. T. $\delta\iota a\theta\eta\kappa\eta$ is regularly='a covenant', and from its being rendered into Latin as 'testamentum' we have our curious phrases 'The Old' and 'The New Testament' meaning the Old and New Dispensation or Covenant. 'The LXX. trans- Light. lators and New Testament writers probably preferred $\delta\iota a$ - $\frac{ad}{6uL}$ $\theta\eta\kappa\eta$ as better expressing the *free grace* of God than $\sigma w\theta\eta\kappa\eta'$.

'οὕτως] 'thus', i.e. after this covenant had been made, and as an earnest of its fulfilment.

For the facts cf. Gen. xxi. 3, xxv. 26, xxix. 31-xxx. 21, xxxvii. 28.

9. ζηλώσαντες] cf. Gen. xxxvii. 11 έζήλωσαν. απέδοντο

Gen. xxxvii. 28. 1/ v o 0. μετ' αύτοῦ, cf. Gen. xxxix. 21 ήν Κύριος μετά Ιωσήφ.

Cf. Gen. xli. 37 et seq. 10.

 Φ apad β aor. Aly.] Pharaoh is not a name but a title borne by the kings of Egypt. It corresponds with the P-RA or PH-RA of the hieroglyphics, which means 'the sun'.

Grotius.

M.

ήγούμενον] 'vice regis cuncta regentem. Gen. xli. 43'.

11. χορτάσματα] 'Fodder for their cattle' (cf. χορτάζω), the word used in LXX. Gen. xxiv. 25, 32, xlii. 27 and translated 'provender'. It was the first necessity of existence for great owners of flocks and herds like the patriarchs.

12. ακούσας...] Gen. xlii. 2 ίδου ακήκοα ότι έστι σίτος έν Αιγύπτω.

14. iv yuxaîs.....] 'in', i.e. consisting in. The Heb. text Gen. xlvi. 26 gives the number who 'came with Jacob' as 66, and then ver. 27, reckoning in Jacob and Joseph with his two sons, gives the whole number as 70. The LXX. in ver. 27, reckoning in some grandchildren of Joseph, gives the number as 75.

16. μετετέθησαν] sc. αὐτὸς καὶ οἱ πάτερες ἡμῶν. According to Gen. xlix. 30, 1. 13, Jacob was buried 'in the cave of the field of Machpelah which is before Mamre' ('the same is Hebron in the land of Canaan' Gen. xxiii. 19): Joseph was embalmed (Gen. l. 26), taken away at the Exodus (Ex. xiii. 19), and ultimately buried at Shechem (Josh. xxiv. 32). Of the other patriarchs Scripture records nothing as to their burial.

ώ ών. 'Aβρ.] Gen. xxiii. 3-20. Abraham bought a burying-place at Hebron from Ephron. Jacob (Gen. xxxiii. 19) bought a field, not a burying-place, 'at Shalem, a city of Shechem' 'at the hand of the children of Hamor, Shechem's father'. 'The two accounts are certainly here confused'.

τιμής άργυρίου] Gen. xxiii. 16 'four hundred shekels of silver, current money with the merchant': Gen. xxxiii. 19 (of Jacob's purchase) 'an hundred pieces of money'.

17. καθώs] 'as', not 'when': as the time drew near so the people

τής έπαγγελίας] Cf. vers. 6, 7; and ii. 33 n.

ηύξησεν, ἐπληθύνθη, ἀνέστη...... Ἰωσήφ] LXX. Ex. i. 7.

18. ös ούκ ήδει τον 'I.] i.e. who knew nothing of the M. referhistory and services of Joseph. 'The previous dynasty ring to Knobel had been that of the Hyksos: the new king was Ahmes who s. Ex. i, drove out the Hyksos'.

A; so La. H.

8.

19. κατασοφ. τὸ γένος] σοφίζεσθαι 'to use subtle, unfair means' is intrans. but like many verbs (cf. καταπονεῖν ver. 24, καταδυναστείω x. 38) becomes trans. when compounded with κατά= 'to injure by using subtlety'. In Ex. i. 10 it is rendered 'let us deal wisely with them'.

ἐκάκωσεν...τοῦ ποιεῖν...] 'so that he caused ' or 'by causing their children to be exposed'. The genitive describes that in which the κάκωσις consisted (cf. iii. 12 n.), its purpose being expressed in the words ϵls το μή ζ. ζωογονείσθαι= 'kept alive', cf. Ex. i. 17 ἐζωογόνουν τὰ ἄρσενα.

20. $d\sigma\tau\epsilon los \tau \hat{\varphi} \theta\epsilon \hat{\varphi}$] 'fair (in appearance) to God', i.e. 'before' or 'in the sight of God', $\theta\epsilon \hat{\varphi}$ being an Eth. Dat. Cf. Aesch. Ag. 352 $\theta\epsilon o \hat{z}s \, d\nu a \mu \pi \lambda d\kappa \eta \tau os$ 'guiltless in the sight of heaven'. A. and R.V. render 'exceeding fair', treating the phrase as a Hebrew method of expressing extreme fairness, cf. Jon. iii. 3 $\pi \delta \lambda is \mu \epsilon \gamma d \lambda \eta \tau \hat{\varphi} \theta\epsilon \hat{\varphi}$; Gen. x. 9; 1 Sam. xvi. 12 $d\gamma a \theta \delta s \, \delta \rho d \sigma \epsilon i$ Kuplw, 'of a beautiful countenance and goodly to look to'.

dστείοs lit. 'belonging to the city', urbanus; 'witty'; then 'elegant', 'pretty', lepidus: it is applied to Moses LXX. Ex. ii. 2, and Heb. xi. 23 'a proper child' ἀστείον παιδίον.

μήνας τρεῖς] Ex. ii. 2; ἀνείλατο Ex. ii. 5; ἐαυτή εἰς ὑ. Ex. ii. 10. The succeeding quotations up to ver. 35 are from the same chapter and the beginning of c. iii.

21. ἀνείλατο] sustulit, the opposite of ἐκτιθέναι, ἕκθετον ποιεῖν, exponere.

τοῦ πατρός] Amram; Ex. vi. 29.

22. πάση σοφ. Αἰγ.] which was proverbial, cf. 1 Kings iv. 30; Her. II. 160 τούς σοφωτάτους ἀνθρώπων Αἰγυπτίους. The priestly caste were especially renowned for their M. knowledge of Natural Science (and Magic), Astronomy, Medicine and Mathematics.

δυνατὸς ἐν λόγ. καὶ ἔργοις] The phrase used of Jesus Luke xxiv. 19. δυν. ἐν λόγ. must not be taken as referring to 'rhetorical skill' or 'eloquence' (cf. Ex. iv. 10 'I am slow of speech and of a slow tongue'), but to the weight and wisdom of the matter of his words, spoken or written.

23. τεσσερακονταετής χρόνος] The life of Moses is given as divided into three periods, each of 40 years. His first appearance before Pharaoh (Ex.vii. 7) is 40 years after this, and his death 40 years later, when he was 'an hundred and twenty years old' (Deut. xxxiv. 7).

έπι καρδίαν ἀνέβη] Same words 1 Cor. ii. 9: a LXX. M. phrase: e.g. Jer. iii. 16 οὐκ ἀναβήσεται ἐπὶ καρδίαν.

τούς άδελφούς] motivum amoris. B. ἐπισκέψασθαι, 'visit', but also connoting care, consideration, or regard for those 'visited', cf. xv. 36; Luke i. 68; Matt. xxv. 36.

24. ἐποίησεν ἐκδίκησιν] ' wrought an avenging', 'avenged'. έκδίκησιν ποιείν, έκδικείν are common in N.T. in this sense, e.g. Rom. xii. 19; so Ekõikos 'one who exacts vengeance' Rom. xiii. 4.

τώ καταπονουμένω] Present: 'the man who was on the point of being overcome'.

τόν Αίγυπτ.] As in the use of αὐτοῖs ver. 26, a familiarity with the facts of the story is assumed in his hearers.

25. Evóµığev Se] Not in Exodus, but a comment of Stephen's, who is drawing a parallel to the similar rejection of Jesus. Note the rhetorical power of oi de ou ouv nkav, and cf. ver. 53 και οὐκ ἐφυλάξατε.

airois] Ex. ii. 13 'two among the Hebrews'.

26. συνήλλασσεν] Imperfect: A. and R.V. 'would have set them at one again'.

29. MaSiáu] Probably the peninsula on which is Mount Sinai.

vioùs Súo] His father-in-law was Jethro Ex. iii. 1; his wife Zipporah Ex. ii. 21; his sons Gershom and Eliezer Ex. ii. 22, xviii. 4.

30. Zival Ex. iii. 1 'Horeb'. Both were probably peaks of one mountain range. The names are used almost indifferently. "Horeb is probably 'the Mountain of the Dried-up Ground'; Sinai 'the Mountain of the Thorn'."

βάτου] "the wild Acacia (Mimosa nilotica), under the Stanley, name of 'sunt', everywhere represents the 'seneh' or 'senna' of the Burning Bush".

> a yyελos] but ver. 31 the voice is of 'Jehovah', and ver. 32 the presence of 'God' is asserted. So too in Ex. iii. 2-4.

> 33. λῦσον...] So too Josh. v. 15. The priests who ministered in the temple were bare-footed. Moslems still enter their mosques bare-footed. Cf. too Juv. vi. 158 observant ubi festa mero pede sabbata reges.

> Note carefully the importance of these words for Stephen's argument as to 'the holy place'.

> 34. iSwv eiSov] rendered in Ex. iii. 7 'I have surely seen'. The Gk represents the Hebrew idiom, cf. Heb. vi. 14; and Ps. xl. 1 υπομένων υπέμεινα, expectans expectavi, 'I waited patiently'. Repetition or reduplication is one of the earliest and most universal methods of expressing emphasis: the particular emphasis must be judged from the

Stanley, Sinai and Palestine. speaking

of the Desert of Sinai.

context. Cf. Plat. Symp. 195 B φεύγων φυγή; Soph. 231 B ή γένει γενναία σοφιστική; Soph. O. T. 1469 & γονή γενναίε; Acts ii. 30 δρκω ώμοσεν; ii. 35 ύποπόδιον τών ποδών; v. 28 $\pi a \rho a \gamma \gamma \epsilon \lambda l a \pi a \rho \eta \gamma \gamma \epsilon l \lambda a \mu \epsilon \nu$ 'we straitly charged you'; xxiii. 14 αναθέματι ανεθεματίσαμεν; xxviii. 26; Luke xxii. 15 έπιθυμία ἐπεθύμησα.

35. τοῦτον...τοῦτον...] Note the emphatic and rhetorical repetition; and obros...obros...obros vers. 36, 37, 38. The object is to place the personality of Moses as the divinely appointed saviour of Israel in marked contrast with the treatment he received. The parallel thus drawn between Moses and Jesus is clear; cf. too novnoavro with novnoavle iii. 13, and λυτρωτήν with λύτρωσιs 'redemption' Luke i. 68, ii. 38; Heb. ix. 12.

Note also the contrast in the clauses,

τίς σε κατέστησεν άρχοντα καί δικαστήν;

ό θεός απέσταλκε και άρχοντα και λυτρωτήν.

ήρνήσαντο] with ref. to ver. 27. Note the plural and cf. ver. 41 έμοσχοποίησαν. Unius hominis dicta et facta ad- B. scribuntur etiam illis qui eodem sunt animo.

38. τη έκκλ.] v. 11 n. The reference is to the assembly held for the giving of the commandments, Ex. xix.

ό γενόμενος μετά τοῦ ἀγγ...καὶ τῶν πατέρων] i.e. he acted as an intermediary between them; he received ($\epsilon \delta \epsilon \xi a \tau o$) the law from the angel to give (δούναι) to their fathers. So Moses is called o µeolings 'the mediator' Gal. iii. 19; and Jesus is κρείττονος διαθήκης μεσίτης Heb. viii. 6.

τοῦ ἀγγέλου] in Exodus, 'Jehovah'. The substitution De belongs 'to later theology'.

Wette.

(ŵvra] 'living', i.e. possessing vitality and force, not dead, cf. Heb. iv. 12 jur yap & Loyos tou 0.; 1 Pet. i. 23. This answers the charge of speaking 'against the law'. See too Soph. O. T. 481 τὰ δ' ἀεὶ ζώντα περιποταται of oracles which remain in force and effectual; Ant. 457 $\zeta \hat{\eta} \tau a \hat{\upsilon} \tau a$ of laws.

40. εἰπόντες] Ex. xxxii. 1, 4. For the pillar of fire that had hitherto gone before them, cf. Ex. xiii. 21.

οί προπορεύσονται] A.V. rightly 'to go before us'. Cf. vi. 3 n. R.V. alters to 'which shall go before us', without reason.

ό γαρ M. ούτος...ούκ οίδαμεν...] ούτος, contemptuous, cf. vi. 14 n. Note the vigorous change of construction; cf. Aesch. S. c. Theb. 678

> άνδροίν δ' όμαίμοιν θάνατος ώδ' αὐτόκτονοςούκ έστι γήρας τοῦδε τοῦ μιάσματος.

41. ἐμοσχοποίησαν] The Egyptians worshipped the bull Apis at Memphis, regarding him as the symbol of Osiris, the Sun. Cf. too the golden calves set up by Jeroboam 1 Kings xii. 28: and the winged bulls discovered at Nineveh.

Aaron made the calf, but it was at the people's request: hence the plural, cf. Ex. xxxii. 35 'the Lord plagued the people, because they made the calf, which Aaron made'.

42. ἔστρεψεν] intrans. like ἀναστρέφω v. 22, xv. 16. ἐστράφησαν Israelitae (ver. 39), ἔστρεψεν Deus.

λατρεύειν...] 'This fact is not mentioned in the Pentateuch. In after times we have frequent traces of starworship, e.g. 2 Kings xvii. 16, xxi. 3, 5. See also Deut, iv, 19'.

i v B(βλ ω τῶν προφ.] The Jews divided their Scriptures into 'the Law, the Prophets, and the Psalms' (or Hagiographa), Luke xxiv. 44, or less accurately into 'the Law and the Prophets', cf. xxiv. 14, xxviii. 23. 'The Law'=the five books of Moses. 'The prophets' are thus enumerated:

Elder	Joshua, Judges, 1 and 2 Samuel, 1 and 2 Kings.	Later {	Greater .	Jeremiah, Ezekiel.
				The twelve minor prophets.

The Hagiographa includes the rest of the Hebrew Canon. The quotation here is from Amos v. 25, and apparently the Rabbis regarded the twelve minor Prophets as a single book, so that probably the words 'the prophets' should be taken here in this narrower sense; cf. xiii. 40 where a quotation from Habakkuk is referred to as 'in the prophets'.

 $\mu \lambda$...] $\mu \eta$ interrogative expects the answer, No. 'Did ye offer me...? No. Ye actually (*ral*) took up....'

43. $\dot{a}v\epsilon\lambda\dot{a}\beta\epsilon\tau\epsilon$] 'took up', i.e. after each halt, to carry it with you instead of the tabernacle of Jehovah.

 σ κηνήν] 'tent', used as a moveable temple: the word is frequently applied to 'the tabernacle', cf. ver. 44.

 $Mo\lambda \delta \chi$] The Hebrew here gives 'your king'. Molech (as the name is elsewhere rightly spelt) means 'king'. He was an Ammonite deity to whom children were offered. The image is said to have been ox-headed, with arms outstretched (in which the children were placed) and hollow so as to be heated underneath: hence perhaps the phrase 'pass through the fire to Molech', Lev. xviii. 21, xx. 2; 2 Kings xxiii, 10.

Smith's Dict. of the Bible.

Λ.

La. W. 11.

το άστρογ...] The Heb. has Chiun for 'Poμφά or 'Peφάν. B ⁶ Chiun' has been considered to mean 'Saturn'. Among ^{Poμφάμ} Egyptian divinities however two are found of foreign origin, Pedáy Renpu and Ken: they occur together and form a pair, CE. being male and female. The names so curiously correspond Smith's to 'Rompha' and 'Chiun' that it would seem that in some Dict. reference to them is to be found the explanation of the Remremarkable variation of the Hebrew and LXX.

τὸ ἄστρον probably refers to some symbol or type (cf. $\tau \dot{v} \pi o vs$) under which the god was worshipped.

Βαβυλώνος] Δαμασκού, LXX. with Heb. The date of the 'removal to Babylon' is 588 B.c. in the reign of Nebuchadnezzar.

44. ή σκηνή τοῦ μαρτ.] Verbally the mention of 'the tabernacle of Moloch' seems to suggest the mention of the real 'tabernacle', but the connection of thought is loose ; a fresh division of the speech begins here: Stephen passes on from the conduct of the Israelites to his other argument that God is not necessarily worshipped in a particular spot.

The tabernacle is called 'the tabernacle of the testimony' because it contained 'the ark of the testimony' (Ex. xxv. 22), which contained the two 'tables of testimony' (Ex. xxxi. 37), or 'witness' to God's government of Israel.

κατά τὸν τύπον] Εχ. χχν. 40 ὄρα ποιήσεις κατά τὸν τύπον τον δεδειγμένον σοι έν τῷ όρει.

45. 'Inσoû] ii. 22 n.

είσήγαγον διαδεξ.... έως των ήμ. Δ .] 'brought in (i.e. to Canaan) having received it in their turn...up to the days of David', a slightly careless but perfectly clear phrase= 'received it and brought it into Canaan, where it remained up to the days of David'.

έν τῆ κατασχέσει] 'in' or 'at the time of their taking possession of the nations'. For the 'nations' cf. Ex. iii. 8; Josh. iii. 10.

46. n'Thoato] 'asked', but did not obtain permission, 2 Sam. vii. 2 et seq.

εύρειν σκήνωμα...] LXX, Psalm cxxxii. 5. Σολομών... 1 Kings vi. 14.

48. ἀλλ' οὐχ ὁ ὕψ....] The same thought in Solomon's prayer at the dedication of the temple, 1 Kings viii. 27: cf. too Acts xvii. 24. Note the emphatic position of ov, and the use of o upuros for God in contrast with xeipomolyra-* conveniens appellatio. Hunc nulla moles capit'.

δ προφ.] Is. lxvi. 1, almost verbatim,

'Ρομφά

phan.

B.

49. $\pi \circ (\circ \gamma)$ Not 'what', but 'what manner', 'what sort of house?' The word expresses scorn, and is so used frequently in classical Greek. Cf. iv. 7 and $\pi \circ (a \chi \alpha \rho s$ Luke vi. 32, 33, 34.

51. σκληροτράχηλοι...] There is no need to suppose 'an interruption from the audience' to account for this outburst: the growing warmth of the speech naturally leads up to it.

Both the epithets used are frequently applied to the Israelites in O.T., e.g. Ex. xxxii. 9; Lev. xxvi. 41. 'Circumcision' as a sign of purification and dedication to God can naturally be used metaphorically of the heart.

• μεῖs] Emphatic. 'You, not I'; cf. immediately afterwards ὑμῶν, ὑμεῖs, ὑμῶν, ὑμεῖs.

τῷ πνεύματι...] Apparently a recollection of Is. lxiii. 10 ηπείθησαν και παρώξυναν τὸ πν. τὸ ἄγιον αὐτοῦ. ἀντιπίπτετε (=in adversum ruitis. B.) is a very strong word, not found elsewhere in N.T., but used of Israel Numb. xxvii. 14.

52. τίνα τών προφητών...] Cf. Luke xi. 47.

προδόται] as the accomplices of Judas. φονεῖs as urging on Pilate.

53. cirtures] 'yes, you who'. 'The use of cirures instead of of so very frequent in the Acts and Epistles, occurs when the clause introduced by it contains a *further explanation* of the position or classification of the person or persons alluded to, and not when the relative serves for simple identification'. Cf. viii, 15, ix. 35, x. 41, 47.

έλάβετε...εis διαταγάs dyy.] 'received the law as an ordinance of angels'; $\epsilon is =$ for', 'so as to be', 'as'. Cf. Heb. xi. 8 λαμβάνειν εls κληρονομίαν. The expression is distinctly intended to glorify the law and so enhance their guilt in not keeping it. It was no human ordinance but received by them to be treated as an 'ordinance of angels'. In the O.T. the law is spoken as given directly by God, cf. the first verse of chapters xi. --- xxvii. in Leviticus : ' And the Lord spake unto Moses, saying'. The mention of angels in connection with it is first found in the poetical passage Deut. xxxiii. 2, but occupied a very prominent place in later rabbinical speculation. In Gal. iii. 19 Paul refers to the law as διαταγεls δι' άγγέλων 'ordered through the medium of angels'. This substitution of 'angels', where the O.T. speaks directly of God, seems due to an artificial idea of reverence similar to that which forbade the use of the actual name of Jehovah.

So A.

The only other possible rendering of this passage is 'received the law into the administration of angels', which might be considered a condensed phrase='received from

128

H. B. La.

Α.

H.

angels the law which was given them to administer'. The words $\delta_{ia\tau a\gamma \eta}$, $\delta_{ia\tau a\sigma \sigma \epsilon \nu}$ do not however describe 'administration' by an intervening agent, but distinctly 'ordering' by a superior, cf. Rom. xiii. $2 \tau \eta \tau o \theta e o \theta \delta_{ia\tau a\gamma \eta} d\nu \theta \epsilon \sigma \tau \eta - \kappa \epsilon \nu$; Luke viii. 55 $\delta_{i\epsilon a \xi \epsilon \nu} a \nu \tau \eta \delta_{i} \partial \theta \eta \nu a$; Acts xviii. 2, xxiii. 31, xxiv. 23.

55. 'Ιησοῦν ἐστῶτα...] cf. Matt. xxvi. 64 'sitting'; Mark xvi. 19 'sat on the right hand of God'. Gregory the Great is happy in his comment: 'Stephanus stantem vidit quem adjutorem habuit'; cf. Coll. for St Stephen's Day: 'O blessed Jesus, who standest at the right hand of God to succour all those that suffer for Thee'.

56. θεωρώ] a strong word, implying clear vivid vision; ef. viii. 13 n.

τὸν νἱὸν τοῦ ἀνθρώπου] This name for the Messiah (cf. A. H. Dan. vii. 13) is often applied by Jesus to Himself, but never La. in N.T. applied to Him by any one else, except here, where there seems to be a reference to His own promise Matt. xxvi. 64.

58. $\xi \omega \tau \eta s \pi o \lambda$.] Lev. xxiv. 14, and for the law as to stoning for blasphemy, ver. 16.

We know too little about the Sanhedrin to decide whether they were acting within their legal rights or not, but cf. John xviii. 31. Probably the exact limits of their authority as opposed to that of the Roman Procurator were ill-defined and variable.

οί μάρτυρες...] In order to cast the first stones, cf. Deut. xvii. 7.

Zaídou] "Like Theaetetus means 'asked' (of God)". F. Note the effect of the repetition of $\partial \lambda \partial \theta \partial \delta \partial v v$.

59. $\epsilon\pi\nu\kappa\alpha\lambda\circ\dot{\mu}\nu\nu\sigma\nu$] Regular word for calling upon a god for aid. Translate, 'calling upon (the Lord Jesus) and saying 'Lord Jesus...'. The only acc. that can be grammatically supplied after $\epsilon\pi\nu\kappa\alpha\lambda$. is $\tau\partial\nu\kappa\delta\rho$. 'I $\eta\sigma\sigma\partial\nu$. Bentley's conjecture that $\overline{\Theta N}$ is lost after the final ON is unnecessary. For the 'invocation' of Jesus cf. ix. 14, xxii. 16.

60. μή στήσης αὐτοῖς...] 'do not establish (make fixed, irremoveable) for them (Eth. Dat.) their sin'. ἰστάναι τινὶ ἁμαρτίαν is the opposite of ἀφιέναι τινὶ ἁμαρτίαν. For the prayer cf. the dying words of Jesus (Luke xxiii, 34) πάτερ, ἄφες αὐτοῖς.

έκοιμήθη] cf. xiii. 36. The metaphor is common to all languages, but the word is used here in striking contrast with the scene just described. Note too the cadence of the W. on word expressing rest and repose, and cf. the last word of the xxviii. Acts, $d\kappa\omega\lambda\tau\sigma$ s.

P.

CHAPTER VIII.

1. $\Sigma a \hat{v} \lambda o s \delta \hat{c} \dots$] Rightly appended to the preceding narrative in R.V., and not cut off from it as in A.V. The historian leaves our eyes fixed on him who is from this point to be the central figure of the narrative. That this is done purposely is marked by the reference to Saul vii. 58, and the repeated reference to his activity which immediately follows here, $\Sigma a \hat{v} \lambda o \hat{c} \hat{c} \lambda v \mu a t \nu e \tau \dots$.

έν ἐκείνη τῆ ήμ.] 'on that day' R.V.; not 'at that time', as A.V. The persecution took place (ἐγένετο) then and there. Non differebant adversarii. B.

Σαμαρίαs] The district between Galilee on the N., and Judaea on the S. Its capital was Samaria, 'the watchmountain', built by Omri B.C. 925 (1 Kings xvi. 24). It was afterwards named Sebaste by Herod the Great in honour of Augustus ($\Sigma \epsilon \beta a \sigma r \delta s$). Most of the inhabitants had been carried away by Shalmaneser B.C. 721 (2 Kings xvii. 6) and afterwards by Esarhaddon, who replaced them by settlers from Babylon, Hamath, &c. (2 Kings xvii. 24). The mixed race ($\dot{\alpha}\lambda\lambda o\gamma \epsilon \nu \epsilon \tilde{s}$ Luke xvii. 18) which subsequently grew up were regarded by the Jews with peculiar hatred, John iv. 9 et seq.

2. συνεκόμισαν] Cf. Soph. Aj. 1048 ούτος, σε φωνώ τόνδε τον νεκρον χεροίν | μή συγκομίζειν.

είλαβείς] 'devout', 'god-fearing'. The word only occurs in N.T. three times elsewhere; Luke ii. 25 (of Simeon); Acts ii. 5, and xxii. 12, and in each case is applied to Jews. It is certain that the word here indicates that Jews as well as Christians took part in the burial. Had Christians alone been meant, $\mu a \theta \eta \tau a l$ would have been used. It is not however necessary to confine the word here to Jews because of πάντεs in ver. 1; πάντες διεσπάρ. merely describes a general dispersion; many Christians were left, cf. ver. 3.

κοπετός] Lamentation, consisting chiefly in beating the breast, cf. planetus (πλήγνυμι).

2. ἐλυμαίνετο] A very strong word, implying not only injury but insult. Frequent in Demosthenes. Only here in N.T. but found Ps. lxxx. 13 of a wild boar destroying a vineyard—έλυμήνατο αὐτὸν σῦs ἐκ δρυμοῦ. Cf. ix. 21 πορθήσαs.

σύρων] 'haling', A. and R.V. (=hauling). Cf. Plaut. Poen. 111. 5. 45 collo obtorto ad praetorem trahor.

5. $\epsilon is \tau \eta \nu \pi \delta \lambda \nu \tau \eta s \Sigma \alpha \mu$.] 'the city of Samaria'. T. R. omits $\tau \eta \nu$; if so, we should render 'a city of (the district of) Samaria', and the words could not refer to the capital.

Text NAB. 4, 5. εὐαγγελιζόμενοι, ἐκήρυσσεν] It is dangerous to distinguish words too minutely. Of the various words however used for 'preaching',

 $\lambda a \lambda \epsilon \hat{\iota} \nu \tau \delta \nu \lambda \delta \gamma o \nu$ merely expresses without emphasis the utterance of the word;

εὐαγγελίζεσθαι τὸν λόγον draws attention to the character of the word (1) as a message conveying *news*, (2) as conveying *good* news. It is distinctly a *missionary* word and, as such, very frequent in the Acts.

κηρύσσειν calls attention to the character of the speaker as 'a herald', and suggests the idea of some great person he is charged to proclaim. Hence the special use of the word in Matt., Mark, and Luke, of John the Baptist, and its use in the Acts here followed by τον $\chi\rho$.; by τον 'Iησ. ix. 20, xix. 3; by Moυσην xv. 21; by την βασιλείαν του θεού xx. 25.

διδάσκειν is the word specially used of Jesus in all the Evangelists, and suggests His special name δ διδάσκαλος. It certainly implies *authority* in the speaker. Cf. Matt. vii. 29.

Φ(λιπποs] the deacon; called 'the Evangelist' xxi. 8, clearly from his special power of 'preaching'.

6. προσείχον] sc. τον νοῦν, as often in classical Greek= 'attended to'.

7. $\pi o \lambda \lambda o \gamma d \rho \dots$] T.R. $\pi o \lambda \lambda \hat{\omega} \nu$, an obvious correction. Text The construction is loose, 'For many of those having **NABCE**, unclean spirits, shouting...they (the spirits) went out'. The nom. is perhaps due to an unconscious tendency in the writer to make this clause strictly parallel with the next, which begins $\pi o \lambda \lambda o \lambda \delta \epsilon$.

παραλελυμένοι] 'palsied', i.e. paralysed; lit. 'loosened at the side', i.e. having no power to contract and so exert the muscles which regulate the limbs.

9. $\Sigma(\mu\omega\nu)$ Usually called 'Simon Magus'. There are see A. many legends about him but nothing is really known; e.g. Justin Martyr relates that he subsequently went to Rome, performed miracles and had a statue erected to him with the inscription Simoni Deo Sancto; but in this he was undoubtedly mistaken, as a stone found in the Tiber A. D. 1574 bears the inscription SEMONI SANCO DEO FIDIO SACRUM, Sancus being a Sabine name for Hercules, and Semo = Semihomo ($\eta\mu\mu\thetaeo$) 'a hero'.

μαγεύων] The Magi were the priestly class under the Median and Persian empires. The founding of their order is ascribed to Zoroaster. Their influence and learning were very great. Hence the word is used in a good sense.

9-2

Matt. ii. 1, 'There came wise men (uayou) from the East'. But, as their scientific knowledge was most frequently used to impose on the vulgar, the word has generally a bad sense in Greek, as here and xiii. 6 and in our 'magic'.

έξιστάνων... έξεστακέναι ver. 11... έξίστατο ver. 13] This marked repetition clearly indicates that the 'amazement' produced by Simon on the Samaritans was exactly the same effect which was produced on him by Philip. The 'belief' spoken of ver. 13 is the result of this amazement not of any real conversion.

10. dπò μικρού...] cf. xxvi. 22; Heb. viii. 11.

ή Δύναμις τοῦ θεοῦ ή καλουμένη Μεγάλη] There seems Milman, at this time to have been a belief current in Oriental specu-Bk 11.c.5. lation that certain ' powers' (δυνάμειs) or emanations of The

Godhead were revealed or became incarnate in the person of men. The 'power' described in the text is marked with emphatic clearness as 'the one which is called Great'-the one which beyond all others was considered to mark divinity. This being so, it seems that Simon is described as supposed to be little less than himself divine. With this later traditions about him agree, for Jerome (in Matt. c. 24) states that Simon said 'Ego sum sermo Dei,...ego omnipotens, ego omnia Dei'.

The theory of divine emanations rises to considerable importance in later Gnostic speculations. δύναμις is used of 'a being endowed with power' parallel to ayythos, Rom. viii. 38.

13. προσκαρτερών τώ Φ .] i.e. persistently clinging to, or keeping with Philip; cf. x. 7.

 $\theta \in \omega \rho \hat{\omega} v$ This word, which is frequent in the Acts, always seems to describe clear vision (cf. vii. 56 n.), whether physical (as here, iii. 16, xvii. 16), or mental (xxvii. 10), or a combination of both (iv. 13, xvii. 22).

14. Πέτρον και 'Ιωάνην] See iii. 1 n. So Jesus sent out the Apostles 'two and two' (Mark vi. 7), and also the Seventy (Luke x. 1). Cf. xiii. 2 'Barnabas and Saul'; xv. 22 'Judas and Silas'; so too xv. 39 Paul takes with him Silas, and Barnabas Mark.

15. καταβάντες] 'having come down': partly of the actual descent from the high ground of Jerusalem (Mt Zion is 2535 feet above the level of the Mediterranean), partly with the idea of going down from the centre or capital of a country to a provincial town; cf. ver. 5 κατελθών; καταβαίνουσαν ver. 26; ανέβη είς Ιερουσαλήμ xi. 2; κατήλθον xi. 27.

öπως λάβωσιν πν. άγ.] For the words πνεῦμα ἄγιον cf. xix. 1 n. Clearly here, and elsewhere in the Acts, this

N. La.

'receiving the Holy Spirit' is described as accompanied by certain signs obvious to eye and ear—singularia dona, qui-Calvin bus Dominus initio Evangelii quosdam esse praeditos voluit in A. ad ornandum Christi regnum. Cf. $l\delta\omega\nu$ ver. 18; and the effects mentioned, as for example $\lambda\alpha\lambda\epsilon\hat{\nu}\gamma\lambda\omega\sigma\sigma\alpha$ s. 44—48; $\pi\rhoo\phi\eta\tau\epsilon\dot{\nu}\epsilon\nu$ xix. 6.

16. For βεβαπτισμένοι... cf. ii. 38 n.

18. προσήνεγκεν χρήματα] Hence our word 'Simony' applied to trafficking in things sacred.

20. $\tau \delta$ $d\rho\gamma\dot{\nu}\rho\dot{\nu}\sigma\nu$ $\sigma\nu...$] Not necessarily a curse on Simon, who may repent (ver. 22) and possibly be pardoned. Grammatically the words may fairly be regarded as a brief and vehement expression, which put more carefully would be, 'Thy money perish, even as thou art now perishing', 'art now treading the path that leads to perdition'. The words are not 'Perish thou', or 'Perish thou with thy money', but 'Perish thy money with thee'.

είη είς] A pregnant construction: 'go to destruction and stay there', cf. ver. 23 εls χολήν...δντα 'hast fallen into and art now in'; vii. 4 εls ήν κατοικείτε; Luke xi. 7 εls τήν κοίτην είσίν.

τήν δωρεάν] Emphatic.

κτασθαι] ' to acquire', 'gain possession of': κέκτημαι = 'I possess', 'own'.

21. ἐν τῷ λόγφ τούτφ] A. and R.V. 'in this matter' Ast in M.

ή γὰρ καρδία...] Ps. lxxviii. 37 ή δὲ καρδία αὐτῶν οὐκ εὐθεία μετ' αὐτοῦ. εὐθύς passes from the meaning of mathematically straight, cf. ix. 11, to that of moral uprightness or 'rectitude'. Cf. xiii. 10, where it is to be seen in a transition state.

22. $\epsilon i \, \alpha \rho a$] 'if haply'; 'to see if possibly'; *si forte*. The expression indicates that the possibility is small. Cf. Mark xi. 13 $\eta \lambda \theta \epsilon \nu \epsilon i \, \delta \rho a \, \epsilon \nu \rho \eta \sigma \epsilon \tau \iota$. A still stronger form is $\epsilon i \, \delta \rho a \, \gamma \epsilon \, x v i$. 27.

23. $\chi o \lambda \eta \nu \pi \kappa \rho (as \kappa a) \sigma \nu \delta \delta \kappa (as]$ The gen. in each case defines and makes clear the metaphorical word. The 'gall' or 'poison', with which he is filled, is defined as $\pi \kappa \rho (a 'a bitter, malignant disposition' (cf. Rom. iii. 14; Heb. xii. 15) into which he has fallen, and the 'fetters' which bind him are his own 'unrighteousness' or 'iniquity'.$

χολήν πικ. cf. βίζα άνω φύουσα έν χολή καl πικρία Deut. xxix. 18. συνδ. dδ. Is. lviii. 6.

24. vµeîs] Emphatic.

د.

25. κώμας εὐηγγ.] The verb is allowed to take an acc. from the general sense of 'instructing' contained in it. Cf. xiv. 21, xvi. 10.

26. κατά μεσημ.] ' toward the south' A. and R.V.; he was to proceed ' with his face to the south', cf. xxvii. 12 n.

Táţav] 'The Strong' city, at the extreme S.W. of Palestine towards Egypt, two miles from the sea; in the portion of Judah, but soon taken by the Philistines, and made one of their five cities; taken by Alexander the Great after a siege of five months; destroyed by the Jewish king Alexander Jannaeus n.c. 96, and re-built by Gabinius n.c. 56; is now known as Ghuzzeh and has 15,000 inhabitants.

aῦτη] 'This (i.e. the particular road you are to take) is desert', i.e. leads through the desert. aῦτη refers to the principal noun of the sentence, δδδs, not to Γάζαν, and the words are part of the angelic direction to Philip, pointing out to him which of the roads to Gaza he was to take, viz. 'the desert road'.

If $a \forall \tau \eta$ refers to $\Gamma \dot{a} \langle a \rangle$, the words must be treated as a parenthetical remark of the writer, perfectly unnecessary, and also, as regards the condition of Gaza, untrue.

27. ἀνάστηθι καl πορεύου ver. 26: ἀναστὰς ἐπορεύθη ver. 27] Specimen obedientiae.

Alθίοψ] Ps. lxviii. 31. εὐνοῦχοs: frequently employed by Eastern sovereigns in high posts.

Kavδáκηs] Like 'Pharach', 'Caesar', this was not a name, but the title borne by the queens of Aethiopia. Their capital was Merce on the upper Nile.

yáins] A Persian word used of 'the royal treasure': common in Latin, gaza.

δs έλ. προσκυνήσων εἰs 'I.] cf. John xii. 20. He was clearly already a convert to Judaism.

28. ἀνεγίνωσκεν] In its proper sense 'reading aloud', ef. η κουσεν below. It would probably be from the LXX. version, naturally well known in Egypt.

30. $d\rho \alpha \gamma \epsilon$] 'Dost thou really?' implying that he does not.

γιν. & ἀναγινώσκεις;] quae legis, ea intellegis?—a play on words. Cf. the famous saying of Julian with reference to the Christian writings ἀνέγνων, ἕγνων, κατέγνων, and the retort ἀνέγνως: ἀλλ οὐκ ἕγνως· εἰ γὰρ ἕγνως οὐκ ἂν κατέγνως.

31. $\pi \hat{\omega}s$ ydp $\hat{\omega}v \dots$] ydp, elegans particula, hoc sensu: guid quaeris? B. 'You need not ask, for how should I be able?' The sentence in its first half expresses hopelessness: a gleam of hope and possibility comes in with the words $\hat{\epsilon}dx \ \mu\eta \dots$

Lange; and so M. Baum. A.

F. W. M. &c. 32. ή δὲ περιοχή τῆς γραφῆς ῆν] 'the contents of the A. M. passage (of Scripture) which...'. For γραφή 'a passage (of W. Scripture)' cf. i. 16 n. 'Where the reference is to the Light. sacred writings as a whole the plural $\gamma \rho \alpha \phi \alpha i$ is universally $\frac{G \alpha}{22}$. found'. Therefore the Vulgate, locus scripturae quem legebat, and A.V. 'the place of the scripture', cannot be right.

ώς πρόβατον...] Is. liii. 7, 8. The quotation is from LXX. which differs considerably from the Hebrew. A.V. gives :

'He was taken from prison and from judgment :

And who shall declare his generation?

For he was cut off out of the land of the living :

For the transgression of my people was he stricken'.

This should be thus rendered and explained: He fi. e. Cheyne, Jehovah's Servant) was taken away (=cut off, i.e. by a ad loc. and so violent death) through oppression and judgment (i.e. R.V. through an oppressive judgment), and as for his generation (i.e. contemporaries), who considered that he was cut off ... that for the transgression of my people he was stricken? (i.e. no one of his contemporaries meditated on the truth that the Divine Envoy's life was cut short for the sins of the people.)

This explanation of the Hebrew gives enough light to make clear the general meaning of the Greek, viz.: 'he was humiliated, but who can describe (the wickedness of) his A. La. de W. contemporaries, in that he was put to death ?'

The words ή κρίσις αὐτοῦ ήρθη cannot possibly however be brought into conformity with the Hebrew. The meaning seems to be, 'by his humiliation, his sentence (i. e. to death) was done away with', i.e. because he humbled himself to So La. death he is now exalted and the sentence of death has been B. annulled. Cf. Phil. ii. 8 έταπείνωσεν έαυτόν, γενόμενος ύπήκοος μέχρι θανάτου...διό και ό θεός αὐτὸν ὑπερύψωσεν.

35. avoigas to otóma] used only to introduce some weighty utterance, cf. Matt. v. 2, before the Sermon on the Mount, and below x. 34.

evnyy. Toy Inoov i.e. described the life of Jesus, and pointed out its correspondence with the account of Messiah given in Isaiah.

37. T.R. reads eine de o Plunnos, El nioreveis es ons Not in τής καρδίας, έξεστιν. ἀποκριθείς δὲ εἶπε, Πιστεύω τὸν υἰὸν τοῦ KABCG θεοῦ είναι τὸν Ἰησοῦν Χριστόν.

'The insertion seems to have been made to suit the for- A. mularies of the baptismal liturgies'. The phrase toy 'Ingour Xpiorby could not have been written by Luke, see ii. 22 n.

38. $\kappa \alpha \tau i \beta$. is $\tau \delta$ is ωp] Literally, actual immersion being practised, see the account of the baptism of Jesus (Matt. iii. 16) and the rubric in the Baptismal Service, 'if... the child may well endure it, he (the Priest) shall *dip* it in the water discreetly and warily'. The *Teaching of the Twelve Apostles* c. 7 prescribes that it shall be if possible 'in running water' ($i\nu$ idart idwrt), failing that in other water, cold if possible, but if not in warm: only as a last alternative may water be 'poured thrice on the head'.

39. πνεῦμα Κυρίου...] 'the Spirit of the Lord...'. Clearly a miraculous removal of Philip is described, cf. 1 Kings xviii. 12 πνεῦμα Κυρίου ἀρεῦ σε, 2 Kings ii. 16 μήποτε ἦρεν αὐτὸν πνεῦμα Κυρίου: for ἦρπασεν=abripuit, cf. 2 Cor. xii. 2; 1 Thess. iv. 17.

xalpuv] Note its position.

40. εύρέθη els "Aζ.] Pregnant construction. 'Was carried to and found at A.'

Azotus, Ashdod, is 60 miles W. of Jerusalem, 35 N. of Gaza, and was one of the five cities of the Philistines and noted for the worship of Dagon, 1 Sam. v.

Kaurap(av] 'the city of Caesar', called C. Palaestinae to distinguish it from other cities of the same name (e.g. C. Philippi), originally Turris Stratonis, but largely improved by Herod the Great and called Caesarea in honour of Augustus. It is 55 miles N.W. of Jerusalem, on the coast S. of Mt Carmel. It possessed a fine harbour made at great cost by Herod. It was the chief city of Palestine (Judaeae caput Tac. Hist. 11. 79), and the residence of the Roman Procurator (cf. xxiii, 23, xxiv, 27).

CHAPTER IX.

1. $\ell \nu \pi \nu \ell \omega \nu d\pi$. kal $\phi \delta \nu \sigma \nu$] The genitives indicate that in which the 'breath' consisted: it was 'a breath of threatening and murder'. So in the Anthology $\pi \delta \theta \sigma \nu$, $\ell \rho \omega \pi \sigma \nu$, $\chi a \rho (\tau \omega \nu \pi \nu \epsilon \tilde{\nu} \nu$. The cognate acc. is more common in classical Greek, e.g., $\pi \tilde{\nu} \rho$, $\phi \delta \sigma \nu \sigma \nu \pi \nu \epsilon \tilde{\nu}$.

2. ἐπιστολάς] 'By decrees of Julius Caesar and Augustus the high priest and Sanhedrin at Jerusalem had jurisdiction over Jews resident in foreign cities'.

Δαμασκόν] About 150 miles N.E. of Jerusalem; one of the oldest eities in the world, situated in a singularly fertile plain watered by the Barada (Abana, 2 Kings v. 12) on the direct line of traffic between Tyre and the East. First mentioned Gen. xiv. 15: taken by David but lost by Solomon, and the capital of a great Syrian power until taken

H. referring to Biscoe, c. 6, pt. 2. by Tiglath-Pileser king of Assyria (2 Kings xvi. 9) B.C. 740. It was soon rebuilt, but its greatness was celipsed by that of Antioch. At this time it was in the possession of Aretas v. W. (2 Cor. xi. 32) an Arabian prince tributary to the Romans, ad loc. who may have been favourable to Jewish authority. It was in and on taken in A.D. 634 by the Mahometan Arabs and became the metropolis of the Mahometan world. It has still 150,000 inhabitants. Josephus mentions that 10,000 Jews were B.J. butchered in it by Nero.

τη̂s όδοῦ] ' the way', κατ' ἐξοχήν : the way pointed out by God, which leads through faith in Christ to salvation. So xix. 9, xxii. 4, and xvi. 17 όδ. σωτηρίας; xviii. 25 όδ. κυρίου. It is opposed to αξρεσις xxiv. 14 q. v.

3. $iv \, \delta i \tau \tilde{\varphi}$...] Paul's conversion is described by himself xxii. 6—12, and xxvi. 12—19. The variations in the three accounts are considerable and relate (1) to the words spoken by Jesus, (2) to the effect produced on Paul's companions.

(1) In c. xxvi. very much more is said to have been spoken by Jesus, but it is not improbable that Paul there in his speech unites to the words actually heard by him the fuller explanation of them subsequently divinely communicated by Ananias and in other visions.

(2) As regards his companions,

(a) $l\sigma\tau\eta\kappa\epsilon\iota\sigma\sigma\nu$ èvect here has been contrasted with xxvi. 14 $\pi\delta\mu\tau\sigma\nu$ $\kappa\sigma\tau\sigma\sigma\sigma\sigma\sigma\sigma\nu\sigma\nu$ $\eta\mu\omega\nu$ ets $\tau\eta\nu$ $\gamma\eta\nu$, but the points of time referred to are different. Here the position of Paul's companions after the vision is described in the words 'they were standing speechless': in xxvi. 14 their act on the first appearance of the vision is described—'they and Paul $(\eta\mu\omega\nu)$ fell to the ground'; the act is parallel to the mereor of ver. 4 in this account.

(b) Here they are described as $d\kappa o'o\nu\tau \epsilon p \ell \nu \tau \eta \epsilon \phi$. $\mu\eta\delta\ell\mua \delta\ell \theta\epsilon\omega\rhoo\nu\tau\epsilon$, but xxii. 9 $\tau\delta \mu\ell\nu \phi\delta\epsilon \ell\theta\epsilon d\sigma a \tau \sigma \tau \eta \nu \delta\ell$ ϕ . $o'\kappa \eta \kappa ovca\nu \tau o'' \lambda a \lambda o'' \nu \tau \delta'' \mu a$. It will be observed however that there is no real inconsistency. What Paul hears and sees is definite: what they hear and see is indefinite. They heard the $\phi\omega \nu \eta$, 'the utterance', but did not hear 'the utterance of him who spake to me', i.e. the actual words which Paul heard. They 'saw the light' but saw 'no person' ($\mu\eta\delta\ell\mua$), whereas Paul saw Jesus.

In any case the variations are a proof of the honesty of the writer. Variation in a repeated account is natural, but the artificial introduction of this natural variation with a view to deceive is very hard to imagine.

Paul himself refers to this event as establishing his claim to be an Apostle, i.e. one who had seen the Lord and received his commission directly from Him. 1 Cor. ix. 1, xv. 8, 9; Gal. i. 12, 16.

περιήστραψεν φώs] It was 'about mid-day' (xxii. 6) and the light was 'above the brightness of the sun' (xxvi. 13). $\pi \epsilon \rho \eta \sigma \tau$. indicates that the light flashed around him suddenly and unexpectedly like lightning.

4. ήκουσεν φωνήν] but ver. 7 ακούοντες φωνής. It is extremely hazardous to draw the distinction that $\dot{a}\kappa$. $\phi\omega\nu\dot{\eta}\nu =$ 'to hear and understand', $\dot{\alpha}\kappa$. $\phi\omega\nu\eta s =$ 'to hear' merely. For xxii. 7 Paul says ήκουσα φωνής λεγούσηs and then xxvi. 14 ηκουσα $\phi \omega \nu \eta \nu \lambda \epsilon \gamma$, shewing that the constructions are simple equivalents.

Σαούλ Σαούλ] The Hebrew form of the word (cf. xxvi. 14) used in all three accounts and by Ananias (ver. 17, xxii. 13) but not elsewhere. The repetition of the word expresses solemn emphasis; cf. Matt. xxiii. 37 'O Jerusalem, Jerusalem'; Luke x. 41 'Martha, Martha'.

με] Jesus identifies Himself with His followers, cf. Luke Augusx. 16. Caput pro membris clamabat. tine in M.

5. έγώ...σύ] Very emphatic antithesis, lost in English.

διώκεις] Here T.R. adds 'without the authority of any Greek codex' σκληρόν σοι προς κέντρα λακτίζειν (from xxvi. 14). τρέμων τε και θαμβών είπε, Κύριε, τί με θέλεις ποιήσαι; και ό Κύριος πρός αὐτόν.

7. iστήκεισαν] 'were standing'; it is used as the imperfect of Egynka "I stand' (cf. i. 11, xxvi. 6). The word certainly indicates an upright position, and could not refer to men prostrate on the ground: to explain 'had halted', 'had ceased to move forward', and so to reconcile it with xxvi. 14, is impossible and needless.

11. o κύριος] Jesus, cf. ver. 17.

ρύμην τήν ...]. "We are allowed to bear in mind that the thoroughfares of Eastern cities do not change, and to believe that the 'straight street', which still extends through Damascus in long perspective from the Eastern gate, is the Pal, street where Ananias spoke to Paul".

> ρύμη, here merely 'street' as xii. 10; Matt. vi. 2, though Luke xiv. 21 $\pi \lambda a \tau \epsilon las \kappa a l \delta = (broad)$ 'streets and lanes'.

> Σαύλον ονόματι T.] 'one S. by name, a man of Tarsus'. Tarsus on the Cydnus, 12 miles from its mouth, was the capital of the Roman province of Cilicia. It ranked with Athens and Alexandria as a celebrated school of philosophy and literature. It was an urbs libera, i.e. a city enjoying

As La. W. &c.

de Wette.

As W.

C. & H. and so Stanley, Sin. and the right of local self-government. Paul himself speaks of it as our domuos $\pi \delta \lambda s xxi. 39$.

12. ἀναβλέψη] 'see again', 'recover his sight'. A. and R.V. 'receive his sight'.

13. aylors] The same word as 'sanctus' 'saint': here first used='Christians'. Very common in St Paul's Epistles.

15. σκεῦος ἐκλογῆς] Gen. of quality: 'vessel' or 'instrument of choosing', i.e. 'chosen vessel'. The object for which the vessel is to be used is expressed in $\tau o\hat{\nu}$ βαστάσαι 'to carry my name...'.

έθνῶν] Cf. iv. 25 n. Gentes primo ponuntur; nam B. Paulus gentium apostolus.

βασιλέων] Agrippa (xxvi. 2): Nero.

16. $i\gamma\dot{\omega}\gamma\dot{d\rho}....$] With the main verb $\pi\rho\rho\epsilon\dot{\nu}\sigma\nu$: 'Go v. Lange. (without fear)...for I will shew him what he must himself suffer' (so that you need not fear that he will do injury to you). This brings out the clear contrast between $\delta\sigma a$ kak $\tau \delta\hat{s} \dot{\alpha}\gamma$. $i\pi\sigma\ell\eta\sigma\epsilon$ (ver. 13) and $\delta\sigma a \delta\hat{\epsilon}\hat{a} a\dot{\nu}\tau\dot{\nu}\nu \pi a\theta\hat{\epsilon}\hat{\nu}\nu$, it being remembered that $\pi\sigma\epsilon\hat{\epsilon}\nu$ and $\pi\dot{a}\sigma\chi\epsilon\nu\nu$ are strongly antithetical words. Patitur Paulus quae fecerat Saulus. For 'the things he suffered' cf. 2 Cor. xi. 23-28.

 $\dot{\mathbf{v}}$ ποδείξω]=to point out beforehand, especially by way of warning. Cf. Matt. iii. 7; Luke iii. 7 τίς ὑπέδειξεν ὑμῶν φυγεῶν; Luke xii. 5.

18. $d\pi \epsilon \pi \epsilon \sigma \alpha \nu \dots \omega s \lambda \epsilon \pi (\delta \epsilon s]$ 'there fell from his eyes as it were scales'. The Gk does not indicate that 'scales' or 'something like scales' actually fell from the eyes, but that what Paul experienced was the 'falling away' of 'a sort of scale' or 'film', which had previously obscured his vision.

For $\lambda \epsilon \pi t \delta \epsilon s$, cf. Tobit xi. 13 $\epsilon \lambda \epsilon \pi t \sigma \theta \eta \dots d\pi \delta \tau \hat{\omega} \nu \delta \phi \theta a \lambda \mu \hat{\omega} \nu$ $\tau \dot{a} \lambda \epsilon \nu \kappa \dot{\omega} \mu a \tau a$, 'the white film peeled from his eyes', and Pope, *Messiah*, 39

'He from thick films shall purge the visual ray

And on the sightless eyeball pour the day'.

19. $\eta\mu\epsilon\rhoas \tau\iota\nu\alpha s$] A short period, cf. x. 48, xvi. 12, xxiv. 24. Luke apparently knows nothing of the journey into 'Arabia' which Paul tells us (Gal. i. 16) followed 'immediately' after his conversion, he returning from it to Damascus, and only going up to Jerusalem 'after three years'. It would seem also that Luke was not aware of the length of this interval, as the phrase $\eta\mu$. *ikarai* (ver. 23) is a very vague one (cf. ver. 43 n.), though not absolutely inconsistent with the existence of a considerable interval.

Cf. 1 Kings ii. 38 where the words 'many days' are in the next verse referred to as 'three years' (though LXX. gives $\tau \rho la \ \epsilon \tau \eta$ in both places).

Paul's own account of this period Gal. i. 13-24 is to be carefully compared, and it should be borne in mind, (1) that, whereas Luke 'derives his information at second hand', the Epistle to the Galatians is written by an 'eyewitness and actor in the scenes which he describes', and (2) that the *object* of the two writers is different: Luke desires to give a historical narrative of the *outward* facts of Paul's career, Paul to explain the facts of his *inward* spiritual history. 'The two accounts are not contradictory, but the impression left by St Luke's narrative needs correcting by the precise and authentic statement of St Paul'.

21. δ πορθήσας] The word similarly used of himself by Paul, Gal. i. 13 $\epsilon \pi \delta \rho \theta o \nu \nu a \dot{\nu} \tau \dot{\eta} \nu \dot{\epsilon} \kappa \kappa \lambda \eta \sigma (a \nu)$. It is a military word.

22. $\sigma v \gamma \beta_i \beta a'_i \omega v]$ Just as $\sigma v \nu l \eta \mu$ 'to put together' means 'to comprehend', 'understand', so $\sigma v \mu \beta_i \beta a'_i \omega$ 'to bring together' is used of bringing several facts together and deducing the logical inference, 'proving'. Thus:

It was foretold that Messiah should do certain things;

Jesus has done these things;

Therefore Jesus is Messiah.

The word exactly describes the method of argument continually employed by the Apostles, cf. xvii. 3.

24. $\pi a \rho \epsilon \tau n \rho o \hat{\nu} \tau o]$ i.e. the Jews. Cf. 2 Cor. xi. 32, where Paul says it was $\delta \epsilon \delta \rho \star \delta \rho \chi \eta s' A \rho \epsilon \tau a \tau o \hat{\rho} \sigma \sigma i A \epsilon \omega s, 'the$ governor of A retas the king (of A rabia)': the Jews probablyapplied for and obtained the assistance of the governor.

25. Sid $\tau o\hat{v} \tau \epsilon (\chi o v s]$ 2 Cor. xi. 33 Sid $\theta v \rho (\delta o s \dots \delta i d \tau o \hat{v} \tau \epsilon (\chi o v s \dots \delta s n d v n d v s n d$

σφυρίδι] T.R. σπυρίδι; the word used Matt. xv. 37; Mark viii. 8: the Latin sporta, whence sportula: a plaited basket for holding provisions.

27. ἐπιλαβόμενος] Pictorial, cf. xvii. 19: 'having taken him by the hand'.

πρός τούς ἀποστόλους] Paul (Gal. i. 18) tells us that he went up 'to visit' or 'become acquainted with (i στορ η σ a d)Cephas' with whom he abode fifteen days, and adds 'other of the Apostles saw I none save James the Lord's brother'. Luke clearly possesses only inexact knowledge of this period.

v. Lightfoot, Ex. ud loc.

28. n. eis 'Ispouraln' T. R. ev. The phrase eis clearly means 'he was with them in Jerusalem going in and $\frac{ABCEL}{P}$ out with them', i.e. in close personal intercourse with them, of. the use of $\epsilon l \sigma \eta \lambda \theta \epsilon \nu$ κal $\epsilon \xi \eta \lambda \theta \epsilon \nu$ i. 21. The words $\eta \nu$ ϵls go together, and the use of ϵls , in preference to ϵv , is probably due to the intervention of the verbs expressing motion.

Paul (Gal. i. 22) says that he was 'unknown by face to the churches in Judaea', and it is to be observed that Luke describes the present visit as abruptly terminated, and strictly confined to Jerusalem itself.

30. κατήγαγον] 'brought down', i.e. to the sea-coast. Caesarea, used absolutely, clearly refers to the best-known Caesarea on the coast. The whole phrase indicates a voyage by sea to Tarsus, though ¿ξαπέστειλαν does not by itself imply 'a sending off by sea'; it is a favourite word of Luke As A. (e.g. xi. 22, xvii. 14) = 'send away' whether by sea or land. Light-

In Gal. i. 21 Paul says έπειτα ήλθον είς τὰ κλίματα της foot Συρίas κal της Κιλικίas, but it is not therefore necessary to state. assume that he travelled by land through Syria to Cilicia and Tarsus. He merely states that the next period of his life was spent in the district which he describes as that of 'Syria and Cilicia', the name of Syria being probably v. Lightplaced first on account of its greater importance as a foot, ad loc. province.

Paul next visited Jerusalem 'after fourteen years'. Gal. ii. 1.

31. eixev eipήvny] The Jews had at this time (A.D. 39. 40) troubles enough of their own in connection with the decision of Caligula to place his statue in the Holy of Holies. Cf. Tac. Hist. v. 9 Jussi a Caio Caesare effigiem ejus in templo locare, arma potius sumpserunt: quem motum Caesaris mors diremit.

οἰκοδομουμένη] This interesting word is used in the N. T. (1) in its literal sense 'to build', (2) metaphorically, (a) as here, of the 'building' of a non-material fabric, such as the Church, (b) in the more secondary sense of spiritual 'instruction', 'advancement', 'strengthening', which attaches to the words 'edify' and 'edification', which we have derived from it through its Latin rendering aedifico.

It occurs eleven times in Luke and always in its literal sense: the only passage in the Gospels where it is not so used is Matt. xvi. 18, where it is used by Jesus, as here, of the Church, έπι ταύτη τη πέτρα οικοδομήσω την έκκλησίαν μου. It is used in its third sense Acts xx. 32. It and olkoSoun are frequent in St Paul's Epistles (cf. 1 Cor. xiv.), always in a metaphorical and often in a secondary sense.

The use of this and similar words with a gradually developing meaning deserves attention, as serving possibly to throw valuable light on the comparative order in point of time of the books of the N.T. Certainly the use of oikoδομῶ points to an early origin of the Synoptic Gospels or their common source.

 $\tau \hat{\omega} \phi \delta \beta \omega$] The dat. expresses the rule or standard by which they regulated their course, cf. xxi. 21 $\pi \epsilon \rho i \pi a \tau \epsilon \hat{\nu}$ τοίς έθεσι.

τη παρακλήσει...] cf. iv. 36 n. The 'encouragement' of the Holy Spirit is described as aiding or guiding them in their progress.

The term $\pi a \rho d\kappa \lambda \eta \tau os$ is applied to the Holy Spirit only by St John (xiv. 16, 26, xv. 26, xvi. 7) and is there rendered 'Comforter', the margin in R.V. however giving 'Helper' or 'Advocate'.

32. Λύδδαν] In O.T. Lod (1 Chron. viii. 12) near Joppa; afterwards Diospolis.

34. laτal σε 'Inσούς] Grata Lucae medico paronomasia. Cf. iv. 30 last and Ingov last words of two parallel clauses; x. 38 'Ιησούς ός διήλθεν Ιώμενος.

στρώσον σεαυτώ] Note the aorist. Now, forthwith, do thyself what others have hitherto done for thee.

35. τον Σαρώνα] Not a place, but, as the article shews, the district called Sharon ($\delta \Sigma d\rho \omega \nu$, Is. xxxiii. 9), the famous plain extending along the coast from Caesarea to Joppa, cf. Sol. Song ii. 1.

o'TIVES] 'and they', or 'who also', cf. vii. 53 n.

36. 'Ióππn] Now Jaffa, the port (cf. 2 Chron. ii, 16) of Jerusalem on the Mediterranean.

Taβειθά] An Aramaic word='a gazelle', a term often used of women in Oriental poetry. *Dopkas* is strictly a fem. adj.= 'the creature with the beautiful look' or 'eyes' from δέρκομαι.

37. λούσαντες] Cf. Il. XVIII. 350 και τότε δή λοῦσάν τε καl ήλειψαν λίπ' έλαίω; Virg. Aen. VI. 219 corpusque lavant frigentis et unguunt.

39. ἐπιδεικνύμεναι] Not merely 'shewing', as A. and R.V., but 'displaying', 'exhibiting'. The word conveys the idea of 'shewing with pride', 'satisfaction', v. Lex.

χιτώνas κal iμάτια] The two great divisions of clothes; the xitwir, an under garment fitting close, the ination, an outer garment loose and flowing. In Latin tunica and toga.

142

M.

σσα] Not merely å 'which', but 'all which': they were numerous.

40. $i \kappa \beta a \lambda \dot{\omega} \epsilon \xi \omega \pi \dot{a} \nu \tau a s$] The reference to the account of the raising of Jairus' daughter by Jesus Luke viii. 54 is misleading, as the insertion there of the words $i \kappa \beta a \lambda \dot{\omega} \nu$ $\dot{\epsilon} \kappa \rho a \dot{\omega} \tau a \kappa a lis without authority.$

43. ikavds] This adj. is very frequent in the Acts. It is employed to describe (1) time, (2) number, (3) size. Derived from invéonal it indicates that which 'does not fall short', 'is adequate', 'sufficient', and it has a purely relative value. For example, when applied to time it might describe ten days, ten months, or ten years : it merely describes the time as not out of relation to what you would expect, though it certainly suggests rather a long than a short time. Here for instance $i\kappa$. $\eta\mu$. might refer to a month and so xviii. 18: but viii. 11 is. $\chi \rho \delta \nu \omega$ could hardly be so short a period, and Luke viii. 27 χρόνψ ίκ. might mean 'many years'. So too when applied to numbers e.g. xi. 24, 26, xiv. 21, the adj. must be considered in relation to the number of inhabitants in the cities mentioned. As applied to size the vagueness of $\phi\hat{\omega}s$ ik. xxii. 6 is obvious.

βυρσεί] Classical Greek βυρσοδέψηs. The trade was v. P. held unclean by the Jews. The word seems added inten- c. 15. tionally and emphatically at the end, in connection with the event which follows.

CHAPTER X.

1. Κορνήλιοs] Probably the descendant of some freedman of the great Cornelian family.

ἐκατοντάρχηs] The centuria is one of the oldest divisions of the Roman army, and its officer was centurio 'leader of a hundred': the 'full legion' (*justa legio*) at this time consisted of 60 centuries or 10 cohorts.

⁶ The Roman centurions in the N. T. always appear in a H. favourable light. See Matt. viii. 5; Luke vii. 2, xxiii. 47; Acts xxvii. 3⁷.

 $\sigma\pi\epsilon(\rho\eta s]$ Like globus = 'a band of men', probably here 'a cohort', as xxi. 31.

τη̂s καλ. 'Ιταλικη̂s] Probably as consisting of native Italians, not troops levied in the Provinces. Such a cohort would naturally be stationed at Caesarea, the seat of the Roman governor.

2. $\kappa al \phi o \beta$. $\tau \delta \nu \theta$.] The addition of these words to the general epithet 'pious' seems to shew that they are intended M.

to particularize Cornelius as not merely a god-fearing man, but as 'fearing God', i.e. the God of the Jews (cf. xiii. 16, 26), and so a Proselyte of the Gate, i.e. uncircumcised. Cf. too the use of $\sigma_{\epsilon}\beta \delta_{\mu\epsilon} \sigma_{\epsilon}$ clearly in the same sense xvii. 4, 17.

τῷ λαῷ] i.e. the Jews (cf. iv. 25 n.), and so confirming the view that $\tau \partial \nu \theta$. before and $\tau o \partial \theta$. after it must refer to Jehovah. Moreover $\tau o \partial \theta$. ver. 3 is certainly Jehovah.

4. $\dot{a}\nu i \beta \eta \sigma a v$] 'rose' or 'went up', i.e. like the smoke or savour of an offering or incense. For the metaphor, applied to prayer cf. Ps. exli. 2, and to alms Phil. iv. 18.

είς μνημόσυνον] 'so as to be a memorial', so as to remind God of thee. μνημόσυνον is used in LXX. Lev. ii. 2, 9, 16 of the portion of the meat-offering which was actually burnt.

6. $\pi \alpha \rho d \theta \dot{\alpha} \lambda \alpha \sigma \sigma \alpha \nu$] Outside the town and near the sea, on account of his trade.

 προσκ. αὐτῷ] Classical, cf. Dem. 1386, 6 θεραπαίνας τὰς Νεαίρα τότε προσκαρτερούσας.

 τῆ ἐπαύριον] 1st day they set out; 2nd about noon reach Joppa; 3rd return with Peter; 4th reach Caesarea again. Joppa was 28 miles from Caesarea.

 $d\nu$ έβη ἐπὶ τὸ δῶμα] 'went up on to the house', i.e. on to the roof of the house. The flat roofs of Oriental houses were used for many purposes, e.g. drying corn, hanging up linen, as places of recreation in the evening and as sleeping places at night (I Sam. ix. 25, 26; 2 Sam. xi. 2, xvi. 22; Prov. xxi. 9); as places of devotion and even idolatrous worship (2 Kings xxiii. 12; Jer. xxxii. 29).

ώραν ξκτην] iii. 1 n.

10. $a\dot{v}\tau \hat{\omega} v$] i.e. the people of the house, those whose business it was.

čkoraσιs] The word represents a state in which a man, to a greater or less extent, ceases to be under the control of conscious reason and intelligence: he 'passes out of himself' (ξ *i*σraraı) and needs 'to come to himself' again (cf. xii. 11 $\epsilon \nu \epsilon a v \tau \hat{\varphi} \gamma \epsilon \nu \delta \mu \epsilon \nu \sigma s$). It may describe the effect of awe and amazement (cf. iii. 10 $\theta d \mu \beta \sigma s \alpha l \epsilon \kappa$, viii. 9, 11, 13), or fear (Mark xvi. 8 $\tau \rho \delta \mu \sigma s \kappa a l \epsilon \kappa$,), or as here and xxii. 17 a complete loss of outward consciousness, 'a trance'.

11. θεωρεί] Graphic present.

τέσσαρσιν άρχαῖς καθιέμενον] R.V. rightly 'let down (being lowered) by four corners' lit. 'beginnings'. In English we say 'ends' not 'beginnings'.

La.

Smith's Dict., s.v. House. Alford says that this would certainly require the article —'the four corners'. He is wrong: a sheet so let down has not necessarily four ends or corners: it might be lowered by 3, 5, 6 or any number of ends, and therefore you can say 'by four ends' or 'corners' without adding the article. His rendering 'a rope-end' is impossible: $d_{\alpha}\chi_{\beta}^{\alpha}$ cannot mean the 'end of a rope', except where a rope has been already mentioned, e.g. Eur. Hipp. 772 $\pi i \epsilon to \mu a \pi w d \alpha \chi d x$.

13. avaotás] v. 17 n.

14. μηδαμῶς] not οὐδαμῶς: a protest, not a refusal. Cf. the similar conduct of Peter, Matt. xvi. 22 ἕλεώς σοι, κύριε· οὐ μὴ ἔσται σοι τοῦτο; John xiii. 8 οὐ μὴ νίψης τοὐς πόδας μοι.

οὐδέποτε...πâν] A Hebraism common in N.T., e.g. Matt. xxiv. 22 οὐκ ἀν ἐσώθη πῶσα σάρξ. Cf. Teaching of the Twelve Apostles, c. ii. οὐ μισήσεις πάντα ἄνθρωπον.

KOUVDY] Identical with $d\kappa d\theta a\rho \tau o\nu$, cf. Mark vii. 2 KOUVAIS $\chi\epsilon\rho\sigma l$, $\tau\sigma\sigma\tau$ ' $\delta\sigma\tau\nu$ $d\nu d\pi\tau\sigma\sigma$. That which is 'common', 'shared by all', is opposed to that which is 'peculiar', 'possessed by few'; hence the word acquires the contemptuous sense of 'ordinary', 'vulgar', or, as here, is applied to food not specially pronounced 'clean'. For 'unclean' animals cf. Lev. xi.

For the sense of this passage and the use of $\kappa o \iota \nu \delta \omega$ and $\kappa a \theta a \rho l \zeta \omega$ cf. carefully Mark vii. 18, 19, where Jesus distinctly asserts that 'nothing that goeth into a man can defile ($\kappa o \iota \nu \omega \sigma a \iota$) him', and Mark (who is said to have here derived much information from Peter) adds the remarkfollows able comment 'This he said, making all meats clean ($\kappa a \theta a - T. R.$ $\kappa a \theta a \rho t \zeta \omega r$)'*.

15. & δ θεός...] 'what God made' or 'declared clean', and sacr i.e. by thus offering them to thee.

sacrifices all sense.

16. $\ell \pi \ell$ $\tau \rho(s]$ Thus emphasizing the command. Cf. Cf. F. Gen. xli. 32.

17. διηπόρει—διενθυμουμένου] ver. 19. Luke is singularly fond of verbs compounded with διά, cf. διηποροῦντο ii. 12; διαχλευάζοντες ii. 13; διαπονούμενοι iv. 2; διατηρεῖν xv. 29; Luke ii. 51; διακατηλέγχετο xviii. 28; διαγογγύζω Luke xv. 2, xix. 7; διαγρηγορεῖν Luke ix. 32, and many others. The preposition strengthens and emphasizes the verb: it adds the idea of thoroughness.

 $\tau \ell \, \tilde{\alpha} \nu \, \epsilon \tilde{\epsilon} \eta$] 'what it could be', i.e. imply. The phrase expresses more doubt and uncertainty than $\tau \ell \, \epsilon \tilde{\epsilon} \eta$, 'what it was'.

Ρ.

20. διακρινόμενος] This verb in the middle is consistently used in N.T. (e.g. Matt. xxi. 21; Rom. iv. 20, xiv. 23; James i. 6) of 'being divided in mind', 'being in doubt', 'wavering', cf. Tennyson 'hither and thither dividing the swift mind', Virg. Aen. IV. 285 animum nunc huc nunc dividit illuc.

In xi. 12 where these words are repeated the active is used, $\mu\eta\delta\dot{e}\nu$, $\delta i\alpha\kappa\rho i\nu\alpha\nu\tau\alpha$, and R.V. substitutes for 'nothing doubting' the rendering 'making no distinction', in accordance with the regular usage of the active, e.g. xv. 9 δ $\theta \epsilon \delta \ldots ...\delta\dot{e}\nu$ $\delta \iota \epsilon \kappa \rho \mu e \nu$. The difference is curious, and though in xi. 12 the reading is uncertain, some Mss. giving μ . $\delta \iota \alpha$ $\kappa \rho \mu \nu \delta \mu e \nu \sigma$, others omitting the words, still the preponderance of authority for μ . $\delta \iota \alpha \kappa \rho \ell \nu \alpha \nu \tau \alpha$ is very considerable, and it is not easy to get rid of the words as an interpolation due to an incorrect recollection of the present passage.

Perhaps we may say that here the idea dwelt on is Peter's own *internal* doubt, whereas in xi. 12 the result of such doubt in his *active conduct to others* is contemplated. Here the command is 'Go, without letting the distinction between Jew and Gentile perplex your mind'; in xi. 12 it is 'Go, without letting that distinction cause you to hesitate in action'.

22. μαρτυρούμενος] cf. vi. 3.

τοῦ ἔθνους τῶν 'Ι.] Not λαοῦ, for the speaker is not a Jew.

ἐχρηματίσθη] Also of a divine communication Luke ii. 26 ῆν αὐτῷ κεχρηματισμένον ὑπὸ τοῦ πνεύματος; Heb. xi. 7 πίστει χρηματισθείs Νῶε.

24. τοὺς ἀναγκ. ϕ(λους] So in Latin necessarius, and necessitudo of close, intimate friendship.

25. $\dot{\omega}_s \delta \dot{\epsilon} \dot{\epsilon} \dot{\epsilon} \dot{\epsilon} \epsilon \tau \sigma \tau \sigma \hat{\upsilon} \dot{\epsilon} \dot{\epsilon} \sigma \epsilon \lambda \theta \epsilon \hat{\epsilon} \nu$] The editors seem to regard the gen. as inexplicable. It appears however that the genitive gives the contents of the action contained in the verb: it is parallel to, though more difficult than, the constructions commented on iii, 12, vii, 19. The thing which took place is defined as consisting in Peter's entry.

 $\epsilon l\sigma \epsilon \lambda \theta \epsilon \tilde{\nu}$ here of entering the house; ver. 27 $\epsilon l\sigma \hat{\eta} \lambda \theta \epsilon \nu$ of entering a particular room.

προσεκύνησεν] Adoravit: non addidit Lucas, 'eum'. Euphemia. B.

The word does not necessarily imply worship, but is often used of Oriental prostration, e.g. Herod. VII. 136 $\pi\rho\sigma\sigma$ - $\kappa\nu\nu\epsilon\epsilon\nu$ $\beta a\sigma\iota\lambda\epsilon a \pi\rho\sigma\sigma\pi t \tau \nu\sigma\tau as$. Such prostration would how-

146

ever be unnatural in a Roman centurion, and Peter clearly regards the act as implying worship.

Jesus accepts such worship, e.g. Matt. viii. 2.

27. συνομιλών] A. and R.V. 'as he talked with them'. $\delta\mu\lambda\omega$ is only found in N.T. four times (Luke xxiv. 14, 15; Acts xx. 11, xxiv. 26), and always in the sense of 'converse'. Cf. our word 'Homily'.

ώs άθέμιτον...] There is no such prohibition in 28. the Mosaic law; it seems due to the teaching of the Rabbis exaggerating the danger of defilement. 'Any contact with Edersa heathen might involve such defilement, that on coming heim, c. 31, from the market an orthodox Jew would have to immerse'. Vol. II. Though no doubt frequently modified in practice, especi- p. 15. ally outside Palestine, yet there is abundant evidence of Jewish exclusiveness, cf. Juv. xiv. 103 non monstrare vias eadem nisi sacra colenti ; Tac. Hist. v. 5 adversus omnes alios hostile odium, separati epulis, discreti cubilibus.

κολλάσθαι ή προσ.] κολλάσθαι (cf. v. 13 n.) indicates close intimacy and is much stronger than $\pi \rho o \sigma \epsilon \rho \chi \epsilon \sigma \theta a \iota$. What was forbidden was not merely 'intimacy', but any 'coming near' a Gentile.

κάμοι ό θ....] A.V. straightforwardly gives 'but'; R.V. has 'and yet', which is the same thing in a roundabout way. The only possible rendering of kal here is 'and'. Possibly we should explain: 'Ye know that ..., and to me it M, and was God who shewed ...', i.e. I know the Jewish law as well as nearly so A. you do, and a divine revelation alone explains my conduct.

29. $\tau(\nu \lambda \delta \gamma \omega)$ Plat. Gorg. 512 c $\tau(\nu \iota)$ $\delta \iota \kappa a l \omega \lambda \delta \gamma \omega \tau o \tilde{\nu} M$. μηχανοποιοῦ καταφρονεῖς;

άπο τετάρτης ήμέρας ...] Lit. 'From the fourth 30. day up to this hour I was during the ninth hour praying', or as R.V. 'I was keeping the ninth hour of prayer'; i.e. four days ago (quarto abhinc die) reckoning up to this hour (at which I am speaking to you) I was keeping ... '.

A person speaking at 3 p.m. on Friday would refer to 3 p.m. on Tuesday as aπd τετάρτης ήμ. μ. τ. τ. ώρας, according to the Jewish method of reckoning in both days. Cf. ver. 9 n.

T.R. has ήμην νηστεύων και την έν. ώρ. προσευχόμενος.

 $\lambda \alpha \mu \pi \rho \hat{\alpha}$ cf. i. 11; Mark ix. 3. The epithet indicates a heavenly radiance.

καλώs ἐποίησας] A formula of expressing thanks. 33. Cf. Phil. iv. 14 καλώς εποιήσατε συνκοινωνήσαντές μου τή θλίψει. Andoc. de Myst. 40 είπειν ούν τον Εύφημον ότι καλώς ποιήσειεν είπών, 'that E. said he was much obliged for the information'.

10 - 2

34. avolgas...] viii. 35 n.

 $\epsilon \pi' d\lambda \eta \theta \epsilon (as...]$ The purport of this speech is this: 'I now see that all men, without distinction of nation, are acceptable to God (i.e. He is willing to accept or welcome them). His message on this subject ($\tau \partial \nu \lambda \delta \gamma o \nu$) He sent to the children of Israel proclaiming peace (to be obtained) through Jesus the Messiah, yes, Jesus who is Lord (not of one nation only but) of all men. You (vµeîs) know the story of the events which took place (7) yevbuevov onua), how Jesus of Nazareth was 'anointed' by God and so declared to be Messiah, His commission being demonstrated by the works which He performed (vers. 37, 38), and we ($\kappa \alpha i \ \eta \mu \epsilon i s$) are the witnesses to that life, and to the facts of His death and resurrection (vers. 39-41); we are commanded to proclaim Him as the universal judge, even as Him to whom all the prophets bear witness, that He is the Saviour of all who believe on Him'.

Observe the emphasis of $\epsilon \nu \pi \alpha \nu \tau l \ \epsilon \theta \nu \epsilon i$; $\pi \dot{\alpha} \nu \tau \omega \nu \kappa \dot{\nu} \rho \iota os$; $\pi \dot{\alpha} \tau a \tau \dot{\nu} \pi \iota \sigma \tau \epsilon \dot{\omega} \nu \tau a$. Jesus is Messiah, and Messiah is the Saviour of all men—this is the essence of the whole speech. Jesus est Christus, Christus est omnium Salvator.

Most editors read $\tau \partial \nu \ \lambda \delta \gamma o \nu \ \delta \nu$ and make $\lambda \delta \gamma o \nu, \ \dot{\rho} \eta \mu a$, $T\eta \sigma o \delta \nu$ all governed by $\delta \delta a \tau e$ and in apposition, the words $\delta \delta \tau \delta \sigma$, ... $\kappa \delta \rho \iota o s$, which contain the gist of the speech, being placed in a parenthesis. This is extremely harsh as regards grammar, ignores the marked difference between $\lambda \delta \gamma o s$ and $\dot{\rho} \eta \mu a$, and yields no satisfactory sense.

 $\delta \nu$ is omitted in AB and may easily be a repetition of the final ω in $\lambda \delta \gamma \omega$. Even if it is retained, the stop after $a \vartheta \tau \hat{\omega}$ $\epsilon \sigma \tau i \nu$ should be removed, and $\lambda \delta \gamma \omega \nu$ be governed by $\kappa a \pi a \lambda a \mu \beta a \nu a \mu - 1$ apprehend that all...are acceptable, the message which...'

καταλαμβάνομαι] Exactly 'I apprehend', i.e. 'seize hold' or 'grasp with my mind'. Certain words had only been words before to him: now he *really grasps* their meaning.

προσωπολήμπτης] Only here; but cf. Luke xx. 21 οὐ λαμβάνεις πρόσωπον; Gal. ii. 6 πρόσωπον θεὸς ἀνθρώπου οὐ λαμβάνει. In Deut. x. 17 God οὐ θαυμάζει πρόσωπον οὐδὲ οὐ μή λάβη δῶρον, and so 2 Chron. xix. 7; Ps. 1xxxii. 2 of evil judges πρόσωπα ἀμαρτωλῶν λαμβάνετε. The phrase indicates paying regard to the external circumstances or accidental qualities of a man as opposed to his intrinsic character. To shew special favour to a Jew, merely because he was a Jew, would be πρόσωπον λαμβάνειν.

35. δεκτός] A.V. 'accepted with'; R.V. 'acceptable to'. The word can=not merely acceptabilis but acceptus, cf. Luke iv. 19, 24; Phil. iv. 18 θυσίαν δεκτήν εὐάρεστον τῷ θ.

H. M. W. La. and so A.V. and R.V.

So A. de W.

Light. ad Gal. ii. 6. Lange. 36. $\tau \partial \nu \lambda \delta \gamma o \nu \dots$] A recollection of Ps. evil. 20 $d\pi \epsilon \sigma \tau \epsilon i \lambda \epsilon$ $\tau \partial \nu \lambda$. $a \dot{\nu} \tau o \ddot{\nu}$ sal $i \dot{a} \sigma a \tau o a \dot{\nu} \tau o \dot{\nu}$. $\lambda \delta \gamma o \epsilon$ is the regular word for the divine message which was delivered by Jesus, e.g. $\delta \lambda$. $\tau \sigma \hat{\nu}$ θ . iv. 31, viii. 14; $\delta \lambda$. $\tau o \hat{\nu} \kappa \nu \rho lo \nu$ viii. 25; $\delta \lambda$. $\tau \hat{\eta} s \sigma \omega \tau \eta \rho la s$ xiii. 26; $\delta \lambda$. $\tau \hat{\eta} s \chi \delta \rho \iota \tau \sigma s$ xiv. 3 or simply $\delta \lambda \delta \gamma \sigma s$ xvi. 32.

εὐαγγ. εἰρήνην] A recollection of Is. lii. 7 πόδες εὐαγγελιζομένου ἀκοήν εἰρήνης. The peace is peace with God.

Sid 'I.] 'through Jesus', i.e. as the messenger.

ovros] 'He, yes he'—very emphatic. If any one will place a comma after $X_{\rho\sigma\tau\sigma\sigma}$ and substitute δs for ovros, he will at once see the emphatic force of ovros. The four words $\delta v \sigma s$ is the advance of the very gist and essence of Peter's argument. Their strong simplicity is admirable merely as an instance of rhetorical power. Printed as an unmeaning parenthesis in our English Version their whole power is lost.

37. τὸ γενόμενον ἑῆμα] cf. v. 32 n. Perhaps 'the story that was enacted' would fairly express the meaning.

 $d\rho\xi d\mu\epsilon\nu\sigmas$] So NABCDE; T.R. $d\rho\xi d\mu\epsilon\nu\sigma\nu$. The word is so frequently used adverbially that possibly it is used here as a pure adverb or else Luke may have commenced to write 'beginning with Galilee...how Jesus (nominative) was anointed and then went about '.

and $\tau\eta s \Gamma a \lambda$.] Luke iv. 14.

38. 'In $\sigma \circ \hat{\nu} \dots a \dot{v} \tau \delta v$] The acc. thrown prominently forward and then the pronoun inserted pleonastically after the verb. Great emphasis is thus thrown on 'I. $\tau \delta v \Lambda a_{i}^{\star}$, it being Peter's object to emphasize the fact that Jesus, the man 'Jesus of Nazareth', was declared to be the Messiah.

«χρισεν] ii. 22 n.

καταδυναστευομένους] vii. 19 n.

τοῦ διαβόλου]= 'the False Accuser', 'Slanderer'. Cf. διαβάλλω; διαβολή.

39. kal $\eta\mu$ ers] answering to $\nu\mu$ ers ver. 37. The historical part of Peter's speech is an appeal (1) to what his hearers know; (2) to what the Apostles are witnesses of. For $\mu\mu\rho$ rupes of. 1. 22 n.

dveîλav...] ii. 23 n.: v. 30 n.

41. ήμῦν, οἴτινες...] 'even to us, for we (vii. 53 n.)...'. For the 'eating and drinking' cf. Luke xxiv. 41, 43.

42. π αρήγγειλεν] i.e. δ θεόs, clearly. Throughout it is the action of God which is dwelt on: God sends Jesus the Messiah, and commands the Apostles to proclaim and bear

avto's witness to the fact. Moreover $v\bar{v}\tau os$ (i.e. Jesus) could not refer to the nom. of $\pi a\rho \eta \gamma \gamma \epsilon i \lambda \epsilon \nu$. T. R. reads $av \tau os$, thus BCDEG, probably making 'Jesus' nom. to $\pi a\rho$.: in which case the reference would be to the command of Jesus Matt. xxviii. 19.

43. $\pi \iota \sigma \tau \epsilon \acute{u} \circ \nu \tau a \epsilon is a \acute{v} \tau \acute{v}$] Of the person towards whom the belief is directed, in whose existence and personality it rests. So the Nicene Creed $\pi \iota \sigma \tau \epsilon \acute{v} \rho \iota \sigma \epsilon \acute{v} \epsilon \tau$ Credo in Deum. So too $\pi \iota \sigma \tau \epsilon \acute{v} \omega \epsilon \pi l \tau \circ \kappa \circ \rho \iota \sigma \tau$ is, 42, xi. 17. A distinction is usually drawn between these phrases and $\pi \iota \sigma \tau \epsilon \acute{u} \omega \sigma \iota$ which is said to = credo tibi 'I believe' or 'trust you', but the distinction cannot be maintained, cf. v. 14, xvi. 34, xviii. 8, $\pi \iota \sigma \tau \epsilon \acute{v} \epsilon \nu \tau \acute{\varphi} \theta \epsilon \vartheta$, $\tau \acute{\varphi} \kappa \nu \rho \ell \varphi$.

45. oi $\ell\kappa$ περιτομής πιστο] 'those who from circumcision had believed', i.e. those who, having been Jews, had become Christians. Cf. xi. 2; Gal. ii. 12 τούς $\ell\kappa$ περιτομής of the Judaizing party. They believed that as a preliminary to being accepted as Christians, i.e. believers in the Messiah, it was necessary to be circumcised and accept the Mosaic Law.

τὰ ἔθνη] 'the Gentiles': ab exemplo ad omnes concluditur. B.

46. $d\pi \epsilon \kappa \rho (\theta \eta]$ cf. iii. 12 n. The 'answer' was not necessarily to their openly expressed questions, but to their visible doubt and amazement.

47. μήτι τὸ ὕδωρ...] 'Surely no one can withhold the water...?' For μήτι cf. Luke vi. 39 μήτι δύναται τυφλός τυφλόν όδηγεῖν; Mark xiv. 19 μήτι ἐγώ;

Note the article, 'the water'. Hitherto the 'gift of the Holy Spirit' had followed the human act of baptism as a visible sign of God's presence in those baptized (cf. ii. 38, viii. 16, 17). Now the conditions were reversed: God's presence had been made clear; it therefore rested with them to do their part. Of the two requisites of baptism, water and the Spirit (cf. xi. 16), the Spirit had been given, the water could not be withheld.

κωλύσαι] Cf. Luke vi. 29 τον χιτώνα μή κωλύσης. 48. ἐν τῷ ὀνόματι...] ii. 38 n.

CHAPTER XI.

1. čθνη čδέξαντο] Sense construction, cf. iii. 11 n.

2. διεκρίνοντο] The idea of the word is 'division' and so 'contention': cf. Herod. IX. 58 μάχη διακριθήναι πρός τινα.

3. $\text{åv}\delta\rho$ as $\text{åk}\rho$. $\text{å}\chi$ ov τ as] Not $\text{å}\theta\nu\eta$: the phrase is contemptuous, cf. the use of the adj. 'uncircumcised' in O.T., e.g. 1 Sam. xvii. 26; 2 Sam. i. 20.

ouvédayev] So involving the danger of eating some 'unclean' animal, or meat improperly killed. 'To this day F. orthodox Jews submit to any inconvenience rather than touch meat killed by a Gentile butcher'.

4. ἀρξάμενος...] The careful particularity of ἀρξάμενος, of exertibero, and of kabeins (Luke i. 3), and the full repetition of the whole narrative, part of it being indeed given Baum. three times (x. 3-6, 30-32, xi. 13, 14), make it clear that Luke attaches much importance to it. The case of Cornelius was a test case of primary importance. The question, whether to become a Christian it was necessary first to accept the Mosaic law, was the first great difficulty of the early Church, cf. xv. 1 and Gal. passim.

6. κατενόουν καl είδον] 'I was considering it (i.e. trying to understand what it was) and then I saw (aorist)'.

12. Siakpivavta] Cf. x. 20 n.

13. τον άγγελον] Peter would probably say 'an angel', but Luke who knows that his readers are already acquainted with the story, not unnaturally writes 'the angel'.

15. iv doxn] Originally, i.e. at the first outpouring of the Spirit at Pentecost.

16. 'Iwávys µèv...] Cf. i. 5 n. The point of the quotation is this : Jesus promised to us as a special gift baptism with the Holy Spirit; that gift He has visibly bestowed on the Gentiles exactly as it was bestowed on us; surely we are bound to admit to the external rite those who have received the reality of baptism.

17. aύτοîs...πιστεύσασιν]. 'to them as to us having believed', or 'because of belief'. Both in grammar and sense $\pi \iota \sigma \tau$. seems properly taken both with autois and $\eta \mu i \nu$: 'belief' in both cases was the condition of receiving the gift. A. and R.V. give 'when we believed'.

έγώ τίς...] Really a double question (1) 'Who was I that I should...', cf. Ex. iii. 11 τίς είμι έγω ὅτι πορεύσομαι; (2) 'was I able to...'. Observe the emphatic position of $\epsilon \gamma \omega$ heightening the contrast and emphasizing the argument: it is not 'who was I?' but 'I, who was I?'

18. ήσύχασαν] Negative: their opposition ceased. ¿δόξασαν, positive: their praise began.

apa] ergo, 'then', 'so then': the word draws an inference, cf. Luke xi. 20 άρα έφθασεν έφ' ύμαs, xi. 48 άρα μαρτυpeire, and apa our commonly in St Paul at the beginning of a sentence or clause (e.g. Rom. v. 18), a position which apa cannot occupy in classical Greek.

τήν μετάνοιαν eis ζ.] 'the repentance (which leads) to life', the repentance which it was the special mission of Jesus to offer, cf. v. 31 n.

19. oi μèr our διασπαρέντες] Luke markedly connects this with viii. 4 of $\mu \epsilon \nu$ our diagmap $\epsilon \nu \tau \epsilon s$ dightor. From that point we have the description of one set of incidents, which arose out of the dispersion and persecution consequent on the death of Stephen: here our attention is definitely recalled to the same point, that we may trace the same cause acting in another direction, viz. in the spread of the Gospel to Antioch, the first great scene of St Paul's labours and the centre from which he commences those missionary journeys, the record of which composes the chief part of the remainder of the Acts.

 $\theta \lambda (\psi \epsilon \omega s]$ From $\theta \lambda (\beta \omega (akin to \tau \rho (\beta \omega));$ cf. tribulum whence 'tribulation'.

 $\epsilon \pi \sum \epsilon \phi \dot{a} v \omega$] ' about S.', as the original cause of it, cf. iii. 10 n. Andoc. de Myst. 25 των φυγόντων έπι τοις μυστηpiors.

Powlens] A plain 120 m. long by 15 broad, on the seacoast to the W. of Lebanon, its chief cities being Tyre and Sidon.

'Avtioxelas] On the Orontes, 15 m. from its port Seleucia, one of the most important cities of antiquity. It was built B.C. 301 by Seleucus Nicator, and became the capital of Syria and residence of the imperial legate. Afterwards one of the five patriarchates with Jerusalem, Rome, Constantinople and Alexandria.

Kupyvaloi] ii. 10 n. 20.

καί πρός τούς 'Ελληνιστάς] ' also to the Grecians', i.e. as well as to the Jews mentioned ver. 19. But this is not sense, for the term 'Iovdalos includes 'Eaunviorn's.

v. A. M. La. W.

Ελληνας

given in R.V.,

Chrys.,

Lach-

mann,

dorf,

&c.

Eus.,

The readings demand attention.

kal is found in NAB but omitted in DEHLP.

"E $\lambda\lambda\eta\nu$ as is found in A (which however reads "E $\lambda\lambda\eta\nu$ as wrongly ix. 29), D¹ (where it has been altered to $E\lambda\lambda\eta\nu\iota\sigma\tau ds$) and \aleph^3 as a correction of $\epsilon \dot{\upsilon} a \gamma \gamma \epsilon \lambda \iota \sigma \tau \dot{a} s$.

'Ελληνιστάs is found in BD²EHLP.

The objections to Ellywords, notwithstanding its great MSS. authority, are almost insuperable, for (1) the Hellenists (vi. 1 n.) had always been accepted as members of the church. Grotius, see the list in ch. ii., and preaching to them would certainly not be mentioned specially or have given occasion to the Tischensending of Barnabas; (2) they were 'Iovdaîou and cannot be M. Á. N. La. F. opposed to them as they are here: the opposite of $E\lambda\lambda\eta$ νιστής is 'Eβραĵos.

A. F.

The reading $\Xi\lambda\lambda\eta\nu\sigma\tau\dot{\alpha}s$ seems due to a belief that the conversion of Cornelius was the *first* case of the conversion of a Gentile, whereas, if $\Xi\lambda\lambda\eta\sigma$ be read here, we seem to have a prior instance of such conversion, for the words which describe the commission and conduct of Barnabas are A. thought to indicate that what had happened at Antioch startled and surprised the Church at Jerusalem. But (1) although the case of Cornelius was first in *importance* (as Luke clearly indicates by the position and length of his narrative) it is not necessary to assume that it was first in point of *time*; (2) even assuming that the case of Cornelius was already known, it would surely be natural to send a commissioner to examine and report on the working of the newly-accepted principle in practice.

It is also urged against "E $\lambda\lambda\eta\nu as$ that xiv. 27 when Paul and Barnabas return to Antioch they bring back news that 'God had opened a door of faith to the Gentiles', and that there would be no need to proclaim this if the same thing had happened at Antioch itself. It will be observed however that the words in xiv. 27 are not the announcement of a new principle, but of a new fact, viz. successful missionary work among the Gentiles of Asia Minor, which would naturally be good news to the Gentile converts in Antioch.

As a proof that 'ENAppicrás is a correction, observe that all the mss. which read it omit kat except B, which retains kat. This is remarkable. Any one altering "ENAppas to 'ENAppicrás would naturally omit kat, for 'also to the Grecians' is obviously not sense (see above). How then is it possible to account for the reading of B, except on the supposition that kat $\pi\rho\delta s$ rob's 'ENAppicrás is an *incomplete* correction from kat $\pi\rho\delta s$ rob's "ENAppicrás".

21. $\chi\epsilon\iota\rho$ Kup(ou] 'the hand of Jehovah', i.e. His visibly exerted strength; cf. iv. 30, xiii. 11; Luke i. 66 kal $\chi\epsilon\iota\rho$ K. $\eta\nu$ $\mu\epsilon\tau'$ auroû. The phrase is graphic, and common in O.T., e.g. Ex. ix. 3; Is. lix. 1.

22. $\pi\epsilon\rho a \dot{\tau} \omega v$] i.e. the new converts.

έξαπέστειλαν] Clearly as a commissioner to examine and report. The narrative does not seem to indicate surprise or opposition, as when the case of Cornelius was reported, v. N. but rather describes the conduct of those, who regarded with natural interest the practical working on a large scale of a principle already accepted.

23. χάριν...ἐχάρη] Suavis paronomasia; grace brings gladness. Cf. Luke i. 28 Χαῖρε, κεχαριτωμένη.

τήν τοῦ θεοῦ] Emphatic, cf. i. 25 n. παρεκάλει] iv. 36 n. $\pi \rho o \theta \epsilon \sigma \epsilon l$ 'purpose', cf. xxvii. 13.

26. $\sigma \nu \nu \alpha \chi \theta \eta \nu \alpha \iota \ell \nu \tau \eta \ell \kappa \kappa \lambda$.] 'assembled (with the other believers) in the church'.

χρηματίσαι] '(1) negotiari, (2) ita ut nomen inde adipiscaris, (3) denominari: cf. Rom. vii. 3 μοιχαλίς χρηματίσει'.

v. H. W. La.

W.

Xpioriavoús] About this word two points are clear:

 It was not employed by the Christians of themselves, being only found in N.T. here, Acts xxvi. 28 (contemptuously), and 1 Pet. iv. 16. The 'believers' are of μαθηταί, ol äγιοι, ol πιστοί, ol άδελφοί.

(2) It was not invented by the Jews, who would not apply the term 'followers of the Messiah' to those who they maintained were the followers of the man Jesus, who was not the Messiah. The Jews called them 'Nazarenes' or 'Galilaeans'.

The word is formed on the analogy of Pompeiani, Caesariani, 'Hρωδιανοί (Matt. xxii. 16), and so means 'partizans' or 'followers of Christus'. It is found Tac. Ann. xv. 44 quos vulgus Christianos appellabat. Auctor ejus nominis Christus.... It was also spelt Chrestiani, and Suet. Claud. 25) has Chrestus, apparently connecting it with $\chi \rho \eta \sigma \tau \delta s$, and cf. Fr. chrétien=chrestien.

It is a remarkable word, being 'written in Hebrew and Greek and Latin', for it refers to the Hebrew belief in a Messiah, it is a Greek word, and it is formed as a Latin adjective.

27. ἐν ταύταις...] i.e. during the stay of Paul and Barnabas at Antioch.

κατήλθον] Jerusalem being regarded as the central point; viii. 15 n.

προφήγται] Both in N. T. and O. T. the word 'prophet' is not limited to its modern sense of one who 'foretells the future', but is used in a wider sense of one who 'declares' or 'forth tells the will of God', and refers either to the present, past, or future. In N. T. it is clearly applied to persons possessing some special inspiration. In 1 Cor. xiv. 'prophecy' is distinguished from γλώσσαιs λαλεîν as being intelligent and intelligible, and (ver. 3) its objects are defined as οἰκοδομὴν καὶ παράκλησιν καὶ παραμυθίαν. The term is frequent in the Acts, cf. xiii, 1 π. καὶ διδάσκαλοι; xv. 32 π. δντes...παρεκάλεσαν καὶ ἐπεστήριξαν.

28. avaoras] v. 17 n. "Ayaßos, also xxi. 10.

J. Ant. xx. 5.2 famine in the reign of Claudius, but Josephus speaks of 'the great famine' in Judaea A.D. 44, and describes how provisions were purchased for the Jews from Egypt by Izates king of Adiabene and his mother Helena, who were Jewish proselytes. Famines in various places however characterized the reign of Claudius, and Suet. *Claud.* 10 speaks of *assiduas sterilitates*; cf. too Suet. 18; Tac. Ann. xII. 43.

λιμός fem. is Doric, from which dialect many forms W. passed into Hellenistic Greek. Cf. xii. 4 πιάσας for πιέσας.

Kλaυδίου] Roman emperor 41-54 A.D.; born B.C. 10; son of Drusus the brother of the Emperor Tiberius; predecessor of Nero.

29. $\tau \hat{\omega} \nu \delta \hat{\epsilon} \mu \alpha \theta \eta \tau \hat{\omega} \nu$] Strict grammar would require of $\mu \alpha \theta$, as nom, to $\ddot{\omega}_{\rho \iota \sigma \alpha \nu}$, but the gen. is due to $\tau \iota$ s occurring in the intervening clause $\kappa \alpha \theta \hat{\omega} s \ e^{i} \pi \sigma \rho e^{i} \tau \delta \tau \iota s$. But the disciples according to every one's means determined each of them to send with a view to help...'.

The complexity of the sentence is due to Luke's desire to insert so much, viz. (1) the general determination, $\ddot{\omega}\rho\iota\sigma\alpha\nu$, (2) the rule which determined the amount of the contributions, $\kappa\alpha\theta\omega$ s every $\sigma\rho\epsilon\hat{\epsilon}\tau\delta$ $\tau\iota$ s, (3) the individual interest excited, έκαστοs αὐτῶν.

30. $\tau o \vartheta s \pi \rho \epsilon \sigma \beta \upsilon \tau \epsilon \rho o \upsilon s]$ Here mentioned for the first time. They probably occupy a similar position in the church to the 'elders' in the Jewish synagogue. The 'elders' naturally become marked off in all communities (cf. vi. 11 $\tau \partial \nu \lambda a \partial \nu \kappa a \ell \tau o \partial s \pi \rho \epsilon \sigma \beta$., and the words senatus, $\gamma \epsilon \rho o \upsilon \sigma a$, alderman, $\pi \rho \epsilon \sigma \beta \upsilon \tau \epsilon \rho o \upsilon x x ii. 5$), and the 'elders' were treated with especial reverence by the Jews and spoken of as a separate body, v. O. T. passim. The word soon begins to indicate not so much superior age as superior position. The Apostles appointed 'elders' in every city xiv. 23: they ranked next to the Apostles (xv. 2, 4, 6), and are also called $\epsilon \pi i \sigma \kappa \sigma \pi \omega$ 'overseers' (xx. 17 compared with xx. 28).

From the word our 'priest' is derived, being, like the French prêtre, a contracted form of 'presbyter'; some confusion has arisen from the fact that 'priest' is the ordinary rendering of lepeus, which is quite distinct in meaning from $\pi \rho \epsilon \sigma \beta \delta' r \epsilon \rho o s$.

Σαύλου] St Paul in Gal. does not mention this visit.

CHAPTER XII.

1. κατ' ἐκεῖνον...] i.e. about the time of the mission of Barnabas and Paul.

 $i\pi\epsilon\beta\lambda\epsilon\nu$ τds χ .] to be taken literally: 'laid his hands on', $\kappa\alpha\kappa\omega\sigma\alpha\iota$ giving the object of his doing so. It is not merely = $i\pi\epsilon\chi\epsilon\iota_{om}\epsilon\nu$. 'attempted', cf. iv. 3, v. 18.

'Ηρώδης ό β.] Herod Agrippa, son of Aristobulus and Berenice, grandson of Herod the Great, educated at Rome. Caligula at his accession (A.D. 37) gave him the tetrarchy of Trachonitis and the title of king, subsequently adding Galilee and Peraca. He was at Rome at the death of Caligula, and aided Claudius in acquiring the empire; in return for his services Samaria and Judaea were added to his government. He is described by Josephus as a pleasant, x1x. 7. 3. vain man, very anxious to secure popularity with the Jews, whose rites he scrupulously observed (rà πάτρια καθαρώs έτήρει).

> 'Ιάκωβον] Son of Zebedee, Matt. iv. 21. Specially 2. chosen with John and Peter to be present at the raising of Jairus' daughter (Mark v. 37), at the transfiguration (Matt. xvii. 1), and the agony in the garden (Matt. xxvi. 37). Of him and John Jesus had specially said 'Ye shall indeed drink of my cup' (Matt. xx. 23). He is the only Apostle whose death is mentioned in N.T.

> µaxalpn] By beheading; cf. the case of John the Baptist Matt. xiv. 10.

> 3. προσέθετο συλλαβείν] 'A Hebraism. See Luke xx. 12 προσέθετο πέμψαι'; Gen. iv. 2 προσέθηκε τεκείν; xxxviii. 26 προσέθετο τοῦ γνῶναι.

> $\tau \hat{\omega} v \dot{a} [\dot{\nu} \mu \omega v]$ 'bread not made with yeast' ($\dot{\epsilon} \omega$ and 'yeast' being from one root). It was to remind the Israelites of the haste with which they left Egypt and ate the first passover (Ex. xii. 34, 39). It was eaten for seven days after the eating of the passover lamb on the 14th of Nisan (Ex. xii. 14; Lev. xxiii. 6).

4. τέσσαρσιν τετρ.] Four bodies of four men, each of which would be on duty for six hours out of the twentyfour. The Romans divided the night into four 'watches' (vigiliae), and so perhaps each 'quaternion' would take one 'watch' of the night. Two of the soldiers were chained to Peter, and perhaps two kept watch outside the cell, but it As M. A. is an error to identify these with the $\pi\rho\omega\tau\eta$ $\phi\nu\lambda\alpha\kappa\dot{\eta}$ kal $\delta\epsilon\nu$ τέρα of ver. 10, as the words φυλακή and διελθόντεs do not admit this.

μετά τό π.] Clearly not merely the 14th of Nisan, the day of the eating the passover lamb, but the whole passover week, for the reference to at $\eta\mu$. $\tau\omega\nu$ dζ. and the imperfect etypeito ver. 5 imply a duration of several days, and Luke himself defines $\tau \delta \pi \dot{a} \sigma \chi a$, cf. Luke xxii. 1 $\dot{\eta} \dot{\epsilon} o \rho \tau \dot{\eta}$ τών άζύμων ή λεγομένη πάσχα.

M. W. A. Non judicant die festo was a Jewish rule.

avayayeiv] Herod would take his place on the raised

W.

J. Ant.

do.

judgment-seat $(\beta \hat{\eta} \mu a, tribunal)$ and the prisoner be led up to it, and there condemned in the presence of and for the pleasure of the Jews $(\tau \hat{\varphi} \lambda a \hat{\varphi})$; Ethic Dat. embracing both these ideas). Cf. John xix, 13-16.

5. $\delta \mu \delta \nu \delta \nu \Pi$] 'So then P. was being guarded... and prayer was being made.....but when Herod was about...'.

The clause $\pi \rho \sigma \sigma \epsilon v \chi \dot{\gamma} \delta \dot{\epsilon}$... is parallel to $\dot{\sigma} \mu \dot{\epsilon} \nu \sigma \hat{\nu} \nu \Pi$, the antithesis to which is $\delta \tau \epsilon \delta \dot{\epsilon}$ Both A. and R.V. are in error here; cf. ii. 41 n.

6. $\delta\epsilon\delta\epsilon\mu\epsilon'\nuos\,\dot{\alpha}\lambda$. $\delta\nu\sigma\prime\nu'$] cf. xxviii. 16, 20. The prisoner was chained by the wrist usually to one soldier, here for more security to two. Cf. Sen. Ep. 5 eadem catena et militem et custodiam copulat.

7. $i\pi \epsilon \sigma \tau \eta$] cf. verse 10 $i\pi \epsilon \sigma \tau \eta$. Both words connote La. suddenness. Cf. Luke ii. 9 $d\gamma \gamma \epsilon \lambda os$ Kuplov $\epsilon \pi \epsilon \epsilon \sigma \eta$. The 2nd aorist of $\epsilon \phi l \sigma \tau \eta \mu \iota$ occurs seven times in Luke, eight times in the Acts, and nowhere else in N.T.

oἰκήματι] 'a room in a house', 'chamber', but frequently used euphemistically='a cell', 'a prison', e.g. Dem. 890.

8. $(\hat{\mu}\sigma \alpha_i)$ 'put on thy girdle', worn round the Che- Edersthoneth $(\chi_{\iota\tau}\omega_{\nu})$. 'It was not a hasty escape as in Hor. Sat. heim, I. I. 2. 132 Discincta tunica fugiendum est ac pede nudo'. II. Cf. too $\delta(\omega\sigma\tau\sigma s) =$ 'hurried' Hes. Op. 343.

10. διελθόντες...] 'when they were past the first and second ward', A. and R.V. rightly.

The word $\delta\iota\epsilon\lambda\theta\delta\nu\tau\epsilon$ s suggests 'traversing a place', and so seems to necessitate rendering $\phi\upsilon\lambda\alpha\kappa\eta$, 'ward': otherwise it might='guard', 'body of men on guard'.

αἰτομάτη] So of things without life, *Π*. v. 749 αὐτόμαται δὲ πύλαι μύκον οὐραροῦ.

11. $\dot{\epsilon}\nu$ $\dot{\epsilon}\alpha\nu\tau\hat{\varphi}$ $\gamma\epsilon\nu$.] Peter had hitherto regarded the impressions he had received as visionary and unreal, as similar to those received x. 10 when he was in an 'eestasy'; now having 'come to himself', i.e. finding himself in his ordinary everyday waking state, he perceives that they are real.

12. συνιδών] cf. xiv. 6; 'having viewed and comprehended the case', having grasped the situation; so Dem. 17 πάντα δὴ ταῦτα δεῖ συνιδώντας ἄπαντας βοηθεῖν....

Mapías] Otherwise unknown. In Col. iv. 10 $Md\rho cos$ $\delta \ dre \psi \delta \delta$ Bapráßa is rendered in A.V. 'sister's son to B.', thus making Mary sister of Barnabas, but the rendering of $dre \psi \delta \delta$ is quite arbitrary, and R.V. rightly gives 'cousin'.

ACTS OF THE APOSTLES. [XII, 12

'John surnamed Mark' is generally identified with Mark the Evangelist. As with Saul, so with him, his Hebrew name ceases to be used generally, cf. xiii. 5, 13 'John', but xv. 39; 2 Tim. iv. 11; Philem. 24 'Mark'. Notwithstanding his desertion of Paul recorded in the Acts he was with him during his first imprisonment at Rome, cf. Col. iv. 10. Ancient testimony agrees in making him the έρμηνευτήs of Peter, cf. 1 Pet. v. 13 Mapros o vios µov.

13. κρούσαντος, ύπακοῦσαι] Both classical in this sense. Cf. Xen. Symp. 1. 11 κρούσας την θύραν είπε τω ύπακούσαντι.

τήν θύραν τοῦ πυλώνος] From this phrase it is clear that πυλών 'gateway', 'gate', is a more inclusive term than $\theta i \rho a$ 'door': the words are often however used indifferently. cf. ver. 14.

15. Malvn] cf. xxvi. 24.

Sugyupliero] Classical. A very strong word, 'kept confidently affirming'.

ό ἀγγελοs] It was a popular belief among the Jews that each man had 'a guardian angel'. Cf. the genius of the Romans, and Hor. Ep. 11. 2. 188

> Genius, natale comes qui temperat astrum, naturae deus humanae, mortalis in unum

quodque caput, voltu mutabilis, albus et ater.

And Pind. Ol. 13. 148 $\delta a \ell \mu \omega \nu \gamma \epsilon \nu \epsilon \theta \lambda \iota os.$

Matt. xviii. 10 is important as regards the validity of this belief.

17. karaselsas] cf. xiii. 16, xix. 33, xxi. 40, of a speaker, who indicates by a downward movement of the hand a desire for silence.

'Ιακώβω] cf. xv. 13, xxi. 18, president of the Church at James v. Jerusalem; specially mentioned by Paul (Gal. i. 19) as F. ad xv. seen by him and 'a brother of the Lord', and an 'Apostle' v. Light- (but not therefore one of the Twelve, or to be identified with foot, ad 'James of Alphaeus').

> 18. ούκ όλίγος] Litotes; cf. xix. 11 ού τὰς τυχούσας. The phrase occurs eight times in the Acts; e.g. xv. 2.

> τί άρα...] 'what could have become of P.'; τί άρα expresses much more doubt and astonishment than τl ; cf. Luke i. 66 τί άρα τὸ παιδίον τοῦτο ἔσται;

> 19. avaκρίνas] iv. 9 n. aπaχθηνaι here absolutely ='to be led away to execution'; cf. Matt. xxvii. 31 $d\pi \dot{\eta}$ γαγον αὐτὸν εἰς τὸ σταυρῶσαι; Dem. 736, 2 ἀπαγαγεῖν τοῖς ένδεκα. So too duci, cf. Plin. ad Traj. 96 (of the Christians) Confitentes iterum ac tertio interrogavi, supplicium minatus: perseverantes duci jussi.

For

loc.

158

XII. 23]

20. $\theta u \mu o \mu a \chi \hat{o} v$] Late Gk,= 'to fight passionately', but de W.M. Herod could have no power to go to *war* with Tyre and Sidon, and so here='have an angry quarrel with'. A. and R.V. 'was highly displeased with'.

Typiors Kal Σ .] Both cities are on the coast; Tyre is 20 m. S. of Sidon, of which it was a colony, though it became more important than the mother city; it was almost the first commercial city of the ancient world. The main part of the town was on an island half a mile from the shore. It was taken by Alexander (B.C. 322) after a siege of seven months, and never regained its former consequence.

τον ἐπὶ τοῦ κοιτώνος] praefectus cubiculo, cubicularius, 'chamberlain'—an officer who from his opportunities of personal access might naturally obtain great influence with a monarch.

διά τὸ τρέφεσθαι...] They were large commercial cities with an amount of territory not proportioned to their population, and so looked largely to Palestine for their foodsupply, cf. 1 Kings v. 9; Ezek. xxvii. 17. Herod might render this importation of food very difficult.

τακτή...] Josephus gives a full account of Herod's Ant. 21. death. The occasion he describes as a festival held in XIX.8.2, honour of the emperation the second day Hand having the second day Hand having honour of the emperor: on the second day Herod having A. put on a robe all of silver tissue (στολήν ενδυσάμενος έξ άργύρου πεποιημένην πάσαν) came into the theatre at daybreak, and, the rays of the sun striking full on this robe. it gave forth a marvellous radiance ($\theta a \nu \mu a \sigma i \omega s \ a \pi \epsilon \sigma \tau i \lambda \beta \epsilon \nu$) striking awe and terror into the beholders. Thereupon flatterers hailed him as a god with the words Educyn's eins. He did not rebuke them, but shortly afterwards observed. an owl $(\beta o \upsilon \beta \hat{\omega} \nu a)$ perched on a rope above his head and at once took it for a messenger of evil (dyyehov ... evens even of κακών είναι); he was presently seized with pain in the pit of his stomach and died (γαστρόs άλγήμασι διεργασθείs) five days later after continuous suffering.

 $i\pi \tau \sigma \hat{\upsilon} \beta \hat{\eta} \mu \alpha \tau \sigma \hat{\upsilon}$ From Jos. we know that this took place in the theatre, which was often used for public assemblies (cf. xix. 29). $\beta \hat{\eta} \mu \alpha$, originally the platform in the Pnyx at Athens from which the orators spoke, is frequently used for the raised seat or platform (*suggestus*, *tribunal*) of a Roman magistrate or officer; cf. Matt. xxvii. 19; Acts xviii. 12, xxv. 6.

έδημηγόρει] Contionabatur: he addressed the ambassadors in a 'public harangue' before the assembly.

23. ἐπάταξεν...άγγελος Κυρίου] cf. xii. 7 ἄγγελος Κυρίου ...πατάξας: observanda antithesis. For the 'angel of Jehovah', cf. 2 Kings xix. 35, of the destruction of Sennacherib, $\xi\xi\hat{\eta}\lambda\theta\epsilon\nu$ $d\gamma\gamma$. K. κal $\epsilon\pi\dot{a}\tau a\xi\epsilon\nu$; also 1 Chron. xxi. 15.

v. F. ad loc.

At this point begins the history of St Paul's three missionary journeys, and the rest of the Acts is confined to an account of his life. 'Each journey is commenced from Antioch and ends with a visit to Jerusalem, each is illustrated with a speech, the first before Jews (xiii. 16-41), the second before Gentiles (xvii. 22-31), the third before Christians (xx. 18-35)'.

CHAPTER XIII.

1. προφήται καί διδ.] xi. 27 n.

Συμεών... Μαναήν] Unknown. Μαναήν = Menahem (2 Kings xv. 14).

σύντροφος] V. collactaneus; R.V. 'foster-brother'. A.V. 'brought up with'. There are no grounds for deciding between the two senses.

ő τε Βαρνάβαs...καὶ Σαῦλος] The marked insertion of the other names between these two names, hitherto mentioned in close connection (e.g. xii, 25), is curious. It would seem that Luke before describing their special 'separation' for their missionary work, is desirous to point out that previously they were not 'separated' from, but only two among the other 'prophets and teachers' at Antioch.

'Ηρώδου] iv. 27 n.

2. λειτουργούντων] In classical Greek 'to undertake the performance of one of those public services' (λειτουργίαι) such as the equipment of a trireme, which fell in turn on all wealthy Athenian citizens: in LXX. used of 'ministering' in the temple, e.g. 1 Sam. ii. 11; Ex. xxviii. 39 (43), cf. Heb. x. 11: here apparently of 'worship' generally, cf. our word 'liturgy', and 'service' in the phrase 'Morning Service'.

'Fasting' and 'prayer' are continually connected, cf. x. 30; 1 Sam. vii. 5, 6; Dan. ix. 3.

Ant. XVII. 6. 5.

de W.

So M.

άφορίσατε δή] δή gives vigorous emphasis to the command. Cf. xv. 36; Luke ii. 15 διέλθωμεν δή, and the frequent use of άγε δή, φέρε δή, &c.

Paul speaks of himself (Rom. i. 1) as ἀφωρισμένος εἰς εὐαγγέλιον θεοῦ.

δ] els is to be repeated before the pronoun, cf. ver. 39. από πάντων ῶγ; Stallb. Plat. Phaed. 76 D ἐν τούτῷ ἀπόλλυμεν ῷπερ καl λαμβάνομεν—non iteratur praepositio ἐν moreloquendi paene legitimo; Soph. O. C. 749.

4. αὐτοὶ μὲν οῦν] The antithesis is διελθόντες δέ, cf. ii. 41 n.

iπò τοῦ άγ. πν.] Note this repeated reference to the source of their authority, and cf. ver. 9.

 $\Sigma \epsilon \lambda \epsilon \nu \kappa (a\nu)$ Seleucia 'by the sea', as it was called to distinguish it from other cities of the same name, was founded B.C. 300 by Seleucus Nicator at the mouth of the Orontes.

Κ(iπρον] The birthplace of Barnabas, cf. iv. 36. The F. number of Jews was so great there, that A.D. 116 they rose upon the native inhabitants and massacred, it is said, 240,000.

5. Zalaµîva] The principal town of the island, on the E. coast in what is now the harbour of Famagousta; said to have been built by Teucer, son of Telamon king of Salamis, whom his father refused to receive home after the death of Ajax, and to have been called after that famous island, cf. Hor. Od. 1. 7. 29 ambiguan tellure nova Salamina futuram.

κατήγγελλον...] It was Paul's regular practice to enter the synagogues and preach, cf. xiv. 1, xvii. 2 κατὰ τὸ εἰωθός, xviii. 4, 19, xix. 8. His rule in preaching the Gospel was, 'to the Jew first and also to the Greek', Rom. i. 16; cf. Acts xiii. 46 ὑμῶν πρῶτον.

Jesus in the same way preached after reading the lesson, cf. Luke iv. 20. For the synagogue worship, vi. 9 n.

iπηρέτην] Probably in the same sense as Luke iv. 20,
 where it is used of the 'minister' (Chazzan) or 'assistant'
 of the synagogue, cf. vi. 9 n.

6. Πάφου] New Paphos on the W. coast, 8 m. N. of the old Paphos celebrated for the worship of Venus.

μάγον] viii. 9 n.

Bapingoois] 'son of Jesus' or 'Joshua', cf. i. 23 n.

άνθυπάτφ] 'proconsul'. Under the emperors the provinces were divided into two classes, imperial and senatorial.

Ρ.

The former were usually such as needed the presence of a military force and were governed by a military officer (legatus) immediately subordinate to the emperor : for the latter the governors were nominally appointed by the senate from Dio and termed proconsuls, that term being applied to them ' though they had only been practors'.

Cyprus had been an imperial province but had been sius, LIII. restored to the senate by Augustus in exchange for Dalmatia. General Cesnola discovered an inscription in La. from Cyprus with the words

ΕΠΙΠΑΥΛΟΥ... THATOT

the letters ANO being probably to be supplied.

7. συνετώ] from συνίημι ('I put together', 'grasp', ' understand') indicates the possession of sound sense and sagacity. Amid the decay of belief in their own mythology many inquiring minds at Rome turned their attention to the consideration of foreign religions, and especially that of the Jews. Hence the influence obtained even with 'sensible' men by such impostors as Barjesus, cf. Juv. vi. 543 Arcanam Judaea tremens mendicat in aurem | interpres legum Solymarum.

8. 'Elúµas] Probably an Arabic word = $\mu \dot{\alpha} \gamma \sigma s$ 'the wise man': still found in the Turkish title Ulemah.

διαστρέψαι]= 'to pervert', 'turn aside', or into a wrong direction some one who is taking the direct road to an object, cf. ver. 10 διαστρέφων; Luke ix. 41 γενεά διεστραμμένη.

9. S Kal IIavlos] Up to this point the Apostle has always been called by his Hebrew name Zavlos, henceforward he is always called by his Roman name, Παῦλος. It is clear that S. Luke notes the change of name as important and marking an epoch; it would seem that his non-Jewish name is thus introduced at the commencement of his missionary labours as the Apostle of the Gentiles, in order to indicate that the narrative is no longer concerned with a comparatively unknown Jew, but with one who, under the name of Paul, was to win a wider and universal fame.

Many connect the name with Sergius Paulus (ob tam magnae insigne victoriae, Aug.), but in the text no such connection seems hinted at, and the similarity of the Latin name to the Hebrew one is probably its real origin (cf. i. 23 n.). It may have been always borne by the Apostle,

though hitherto, while among Jews, not generally used.

Augustine remarks nomen elegit ut se ostenderet parvum, but as a proper name the word rather suggested the glories

E.g. Jerome, Augustine, B. Baum.

Aug. de Spir. et Lit. c. 7.

Cassius, LIII. 13. Dio Cas-12, la, Cyprus, its Ancient Cities. London, 1877'.

y. F.

W. F.

of the Aemilian family, and even to us recalls the name of Hor. Od. 1. 12. 38. another Paulus, who was 'lavish of his noble life'.

παντός...πάσης...πάσης] Note the emphasis. 10.

δαδιουργίas]= 'acting lightly', 'easily', 'without principle', cf. ἑαδιούργημα xviii. 14.

τds δδούs...τds εύθ.] The adj. emphatic by position. The opposite expression is 'crooked ways', Ps. cxxv. 5; Prov. ii, 15. Isaiah had specially foretold of Messiah that 'the crooked shall be made straight' (Is. xl. 4, xlii. 16 τά σκολιà είς εὐθεῖαν: cf. Luke iii. 5).

11. xelp Kuplou] xi. 21 n. Cf. Job xix. 21 xelp yap K. ή άψαμένη μού έστιν.

έπι τη...] For έπι cf. iii. 10 n. κυρίου is the objec-12. tive gen.: 'teaching about the Lord'.

avax θévres] 'having put out to sea', classical, and 13. thirteen times in the Acts, cf. too Luke viii. 22 ἀνήχθησαν. The Greeks regarded the coast line as lying low: from it you go up inland (avaßalvew) or up on to the 'high seas' $(a\nu a\gamma \epsilon\sigma\theta a)$, the opposite words being καταβαίνειν, κατάγεσθαι.

oi περl Π.] 'Paul and his companions': so Plat. Crat. 440 c of $\pi\epsilon\rho\tilde{i}$ 'Hpákheirov. Note that now Paul becomes the main figure, and contrast his secondary position ix. 27, xi. 30, xiii. 1, 2.

 $\Pi \left\{ \rho \gamma \eta \nu \right\}$ On the river Cestrus $7\frac{1}{2}$ m. from its mouth. Pamphylia lies along the coast between Cilicia on the E. and Lycia on the W.

'Iwavys...] Cf. xv. 38.

14. 'Avrióxeiav] Like the great Antioch built by Seleucus Nicator and named after his father; made a 'free city' 189 B.C., and a colony by Augustus, who called it Caesarea.

τών σαββάτων] Heb. word='day of rest', cf. Gen. ii. 3.

15. προφητών] 'The Prophets were not read in the H. from synagogues till B. c. 163, when they were substituted for the Brown's Law, which was prohibited by Antiochus Epiphanes. After the Jews, the removal of that prohibition by the Maccabees, both Law 1. 610. and Prophets were read'.

'On the Sabbath at least seven persons were called on to Edersread successively portions of the Law'.

λόγοs παρακλήσεωs] iv. 36 n. Any Rabbi or distinguished stranger might be called on to preach: ordination was not requisite. Cf. the case of Jesus, Luke iv. 16 et seq.

The outline of Paul's discourse is this: as God has shewn special care for Israel in the past (16-22), so He has now

heim, 1.

11 - 2

sent to Israel the promised Saviour-Jesus (23). The message of this salvation, long promised to our fathers, has been sent to us (26). The Jews at Jerusalem did not recognize Jesus as the Messiah but crucified Him as had been foretold. God has however proved His claims by raising Him from the dead (27-30), and of this fact we, the Apostles, are witnesses, and accordingly preach to you that Jesus is the Saviour whom the Scriptures foretell (31-37), and warn you to give heed to our message (38-41).

καl οί $\phi o \beta$. τ. $\theta \epsilon \delta \nu$] Cf. x. 2 n.; not Israelites, 16. but proselytes, as is clearly shewn by comparing ver. 43.

17. τούτου] deictic.

έξελέξατο] Cf. i. 2 n. and Deut. iv. 37 έξελέξατο τδ σπέρμα αὐτών: Ps. lxxxix. 3 διεθέμην διαθήκην τοῖς ἐκλεκτοῖς μου. Israel was 'the chosen' people.

υψωσεν] 'raised', i.e. increased in numbers, strength, and dignity,-the last especially in connection with their miraculous delivery. So the sojourn in Egypt and delivery from it are referred to with grateful pride, Ps. cv. 23-38. A. and R.V. 'exalted'.

παροικία] vii. 6 n.

μετά βραχίονος...] Εx. vi. 6 λυτρώσομαι ύμας έν βραχίονι ύψηλώ.

18. καl ώs...] This reading makes ώs='when', but the alternative reading is much simpler, placing a kal before $\kappa \alpha \theta \epsilon \lambda \omega \nu$ and making $\omega s = 'about'$, as in A. and R.V.

έτροποφόρησεν] 'suffered he their manners' A. and R.V. For the meaning of the word cf. Cic. ad Att. XIII. 29 In hoc τόν τῦφόν μου πρός θεών τροποφόρησον; Schol. Arist. Ran. 1432 ή μή καταδέξασθαι ή καταδεξαμένους τροποφορείν.

There is a distinct reference to Deut. i. 31 $\tau_{\rho 0} \pi_0 \phi_{0} \rho_0 \sigma_{\epsilon \iota}$ σε κύριος ό θεός σου, ώς εί τις τροποφορήσαι άνθρωπος τόν υίόν αύτοῦ, κατὰ πάσαν την όδον...

The original Hebrew word means simply 'to bear' ('carry'; or 'endure' 'be patient with'), and both in the LXX. and here $\epsilon \tau \rho o \phi o \phi \delta \rho \eta \sigma \epsilon \nu$ is also read. Whether it in ACIE, means merely 'nourished' (= $\xi \theta \rho \epsilon \psi \epsilon \nu$ Hesych.), or 'bare them as a nursing father' (R.V. in margin), $\epsilon \tau \rho o \phi o \phi b \rho \eta \sigma \epsilon \nu$ seems clearly required by the sense here (and also in Deut. i. 31), for the Apostle is dwelling not on the perversity of F. de W. Israel but on the care and affection of God for them : erpo- $\pi \circ \phi \circ \rho \eta \sigma \epsilon \nu$ distinctly is out of place.

> Tulit Deus populum Israeliticum in deserto beneficentissima, eaque plane singulari ratione, quae proprie illi conveniret aetati tenellae, qua populus non ipse se tulit, ut homo

τροπ. in NBC² DHLP. τροφ. erood. is given in A. M. H. B. W.

M.

adultus, sed Deus eum, ut parvulum necdum sibi suppetentem, gestavit. B. Cf. Is. lxiii. 9; and especially Num. xi. 12.

19. ἕπτα ἔθνη...] Cf. Deut. vii. 1.

κατεκληρονόμησεν] 'gave (them) as an inheritance': T.R. without any authority κατεκληροδότησεν 'divided to them by lot'.

20. ώs ἔτεσι...] The text seems to mean that the whole Textin × of the events from God's 'choosing' Israel, i.e. from His ABCand followed covenant with Abraham up to the entrance into Canaan, by W.B. took place in 'about 450 years'. For the dat. cf. viii. 11 R.V. ίκαν ω χρόνω.

T.R. places these words after µετà ταῦτα, thus making Cf. Jos. the period of the Judges 450 years. This was the popular Ant. chronology, and the figure is apparently obtained by adding together the dates assigned in the O.T. to the various Judges including Eli; this method of calculation however does not take into account that several Judges may have been contemporaneous, and is inconsistent with 1 K. vi. 1, where Solomon's temple is said to have been begun 480 years after the departure from Egypt.

Many consider that the reading given in the text is a eg. F.A. correction, and that the reading of T.R. (following E, G, H) is right, Paul having used the popular, though probably inaccurate, chronology.

έδωκεν κριτάς] Judges ii. 16.

21. ήτήσαντο βασιλέα] 1 Sam. viii. 5. έδωκεν...1 Sam. ix. 1 et seq.

έτη τεσσεράκοντα] The time is not given in O.T.; Josephus however tells us that Saul reigned 18 years during Ant. VI. the lifetime of Samuel, and 22 after his death.

22. µeraornjoas] 'having removed him from his office'. i.e. by the sentence of deposition recorded 1 Sam. xv. 23. Cf. Luke xvi. 4 όταν μετασταθώ της olκονoμlas.

εύρον...] A combination of Ps. lxxxix. 20 εύρον Δαυίδ τόν δούλόν μου, έν έλέει άγιω έχρισα αὐτόν, and 1 Sam. xiii. 14 ζητήσει κύριος έαυτώ άνθρωπον κατά την καρδίαν αύτου καί έντελείται κύριος αὐτώ...

23. τούτου] Emphatic. 'Of this man from the seed ...'

κατ' ἐπαγγελίαν...] The promise is to be found 2 Sam. vii. 12; Ps. cxxxii. 11, both passages being Messianically interpreted.

The verb ἄγω is found in Zech. iii. 8 of the sending of ήγαγεν Messiah ἄγω τον δοῦλόν μου ἀνατολήν ('the Branch'). Τ.R. in XABE has myeiper.

24. προκηρύξαντοs] As a herald before a king.

πρό προσώπου] 'before', 'in front of', with a recollection of Mal. iii. 1 (the passage quoted Mt. xi. 10) έξαποστέλλω τόν άγγελόν μου, και έπιβλέψεται όδον πρό προσώπου μου.

ώς δε έπλήρου...] Paul's favourite metaphor from 25. the race-course, cf. xx. 24; 2 Tim. iv. 7 τον δρόμον τετέλεκα; Corpus Gal. ii. 2. An inscription found at Tarsus refers to the completion of the stadium there. Note the imperfects.

> ούκ είμι έγώ] A. and R.V. rightly 'I am not he', i.e. He whom you expect, the Messiah. Cf. the question put to him; John i. 25 τι ούν βαπτίζεις, ει σύ ούκ εί ό χριστός;

άλλ' ίδού...] John i. 27.

26. ήμîν] 'To us': emphatic. The message of this So La.M. salvation, of the salvation brought by Jesus the Saviour (cf. ver. $23 \sigma \omega \tau \hat{\eta} \rho a ' I \eta \sigma o \hat{\nu} \nu$), long promised to our fathers (cf. ver. 32), has been sent to us, in our day (cf. n. on $\eta \mu \hat{\omega} \nu$ ver. 32). The clause which follows, viz. of yap..., does not give the reason why this is so, but tells how it is so. $\gamma d\rho$ introduces the narrative which explains the message.

> T.R. has $i\mu i\nu$, thus drawing a contrast between the Jews of Antioch and the Jews dwelling at Jerusalem-'we come to you with this message because the Jews at Jerusalem rejected it'. But it seems impossible that Paul at this emphatic point in his speech, marked as emphatic by the repeated personal address (avopes add...), should explain why he was preaching to the Jews of Antioch and not to those of Jerusalem. Nowhere else is such a distinction drawn between the two classes, nor is it drawn here, for Paul pointedly addresses his hearers as viol yévous 'Aßpaáµ, i.e. as in common with all other Jews, children of the promise now ful-The introduction of such a distinction between two filled. classes of Jews mars the whole meaning of the speech, which is not a justification of Paul's presence in Antioch but a great argument that Jesus is the Messiah.

> 27. τοῦτον] i.e. Jesus the Saviour, implicitly referred to in $\tau \eta s \sigma \omega \tau$. $\tau a \dot{\upsilon} \tau \eta s$ and the subject of the whole discourse.

> ayvonoavtes] A mild word, purposely chosen, as suggesting unwilling error, cf. iii. 17. It governs both τοῦτον and τ às $\phi \omega \nu$ às (as A. and R.V.) : they failed to recognize Jesus and they failed to recognize the prophetic utterances about a suffering rather than a triumphant Messiah. Others take καl almost = 'also' and joining aγνοήσαντες with eπλήρωσαν.

> 28. µndeµlav airlav...] Cf. Pilate's words Luke xxiii. 22 ούδεν αίτιον θανάτου εύρον έν αύτώ.

Insc. Gr. 111. 209, No. 4437.

ήμιν NAD and so R.V.

v. A.

ευρόντες] etsi quaesiere B. pointedly, but wrongly: it is not Paul's object to suggest the guilt of the Jews at Jerusalem.

32. uµas] acc. after εύαγγ. as a verb of teaching, cf. viii. 40; $\tau \eta \nu \epsilon \pi a \gamma \gamma \epsilon \lambda la \nu$ is the second acc. of the thing taught, 'we teach you the promise, how, that is, God has fulfilled it ... '.

ήμῶν] T.R. αὐτῶν ήμῶν, rightly as regards sense, but without any authority. It can hardly be doubted that W.& II. $\dot{\eta}\mu\hat{\omega}\nu$ is a primitive corruption of $\dot{\eta}\mu\hat{\imath}\nu$ '. Indeed $\dot{\eta}\mu\hat{\imath}\nu$ is necessary to the sense: 'the promise made to the fathers, that (promise) God has fulfilled to the children, having for us raised up...', or 'to the children, even us, by raising up...'.

άναστήσαs 'Ιησοῦν] as iii. 22, vii. 37; certainly not As A.M. 'having raised him from the dead', for the Psalm imme- Inter-trasdiately quoted, which refers to the sending of Messiah, mus, &c. would have no relevance. Paul refers to the 'raising up of Jesus' i.e. the sending of Him as Messiah as fulfilling one prophecy, and the 'raising Him from the dead' as fulfilling another. The two are separate acts, though forming part La. de of one divine purpose, and the one is the natural and necessary complement of the other, as the use of the same verb seems to indicate (cf. below the repeated words δώσω, δώσεις; τὰ όσια, τόν όσιον).

33. viós...] Verbatim from Ps. ii. 7. For δευτέρω D has So F. M. $π_{\rho \omega \tau \varphi}$, which is not improbably right, the first Psalm being de W. regarded by the Jews as introductory, and the second one dorf. counted as 'the first'.

34. μηκέτι μέλλοντα...] Cf. carefully Rom. vi. 9 'Christ being raised from the dead dieth no more'.

δώσω...] Is. lv. 3 διαθήσομαι ὑμῖν διαθήκην αλώνιον, τὰ ὄσια Δαυίδ τὰ πιστά. Translate 'I will give to you (the Israelites) the holy promises of David that are sure'. $\tau \dot{a}$ ὄσια is the noun, τὰ πιστά the predicate, marked by its posi-tion as emphatic. What 'the holy promises of David' are is immediately made clear by the second quotation, which refers to 'the Holy One', i.e. Messiah, the great Son of David.

35. διότι...] 'Because...': Paul immediately justifies his application of τa or $a \Delta$. to the Messiah by referring to Ps. xvi. 10 which, he says, shews that the 'holy promises of David' cannot merely mean that David was God's holy one, for the Holy One spoken of is described as 'not seeing

corruption', and so cannot be David who died, but must be the Son of David who had been raised from the dead.

36. $\gamma \epsilon \nu \epsilon \hat{\alpha}$ [56, ...] Of the various ways in which these words may grammatically be taken, the clearest sense is obtained by rendering, 'Having served his own generation, by the will of God fell asleep...and saw corruption'. Thus the words are taken in their natural order and we have a double distinction marked between David and Jesus, for (1) Jesus 'is of service' to all generations, and (2) 'by the will of God He fell asleep' but did not 'see corruption'.

προσετέθη...] 'An expression arising from the practice of burying families together'. Cf. Gen. xv. 15; Judges ii. 10.

39. $d\pi \delta \pi d\nu \tau \omega \nu \, \omega \nu$] i.e. $d\phi' \, \omega \nu$, cf. ver. 2 n. $\delta \iota \kappa a\iota \delta \omega =$ 'to make' or 'declare righteous': $\delta \iota \kappa a\iota o \delta \tau a\iota \, d\pi \delta \dots =$ 'is justified (by being set free) from...' The believer receives 'remission of sins', and so is freed from them and 'made righteous'.

Opposed to Jesus in whom $(\ell \nu \tau \sigma \delta \tau \varphi)$ is to be found justification from all sin, is the law of Moses in which $(\ell \nu \nu \delta \mu \varphi)$ no justification is possible, according to Paul's constant argument (e.g. Gal. iii. 11) that no man can keep the Law or be 'declared righteous' under it, but that for thus being made 'righteous' forgiveness of sin through Jesus is needed.

40. $iv \tau \sigma \hat{s} \pi \rho o \phi \dot{\eta} \tau \alpha s$] vii. 42 n. The quotation is almost verbatim from LXX. Hab. i. 5. The immediate reference of the prophecy is to the Babylonian captivity. For 'ye despisers' the Heb. has 'among the nations'.

42. $a\dot{v}\tau\hat{\omega}v$] i.e. clearly Paul and Barnabas, the nom. to $\pi a\rho\epsilon\kappa a\lambda ouv$ being 'those in the synagogue'.

T.R. without any authority $\xi\xi_i (\delta \tau \omega \nu \delta \dot{\epsilon} \kappa \tau \hat{\eta} s \sigma \nu \nu a \gamma \omega \gamma \hat{\eta} s \tau \hat{\omega} \nu i Southalder, \pi a \rho \epsilon \kappa \dot{a} \lambda \sigma \nu \tau \dot{a} \dot{\epsilon} \theta \eta$. The correction is due to some one who considered that the Jews were opposed to the Apostles from the first, whereas the reverse is described as being the case.

είς τὸ μεταξύ σ.] 'the following sabbath', a late use of μεταξύ, e.g. Plutarch Inst. Lac. $42 \, \Phi(\lambda \iota \pi \pi \sigma \nu \dots \kappa a) \, \mu \epsilon \tau a \xi i \delta'$ ' Αλέξανδρον τὸν νίον.

43. $\lambda \upsilon \theta \epsilon (\sigma \eta \varsigma ...]$ Apparently subsequently to the departure of Paul and Barnabas.

46. $\eta v \dot{a} v \alpha \gamma \kappa \alpha \hat{i} v \cdots$ Cf. the command of Jesus i. 8. See too iii. 26 n., xiii. 5 n.

κρίνετε έαυτούς] Emphatic, 'ye judge yourselves': it is your own choice.

See F.

A. F.

A.

47. ούτω γάρ...] The quotation almost verbatim from LXX. Is. xlix, 6.

Paul states that this Messianic passage (1) declares that Messiah is sent not only to the Jews but to the Gentiles, (2) is therefore a direct injunction from God as to their conduct in preaching.

For els φώς έθνών cf. Luke ii. 32 φώς els αποκάλυψιν έθνών.

48. $\delta \sigma o i \eta \sigma a \nu \tau \epsilon \tau a \gamma \mu \epsilon \nu o \ldots$] 'as many as were ordained' A. and R.V. The word $\tau \epsilon \tau a \gamma \mu \epsilon \nu o o$ is distinctly passive,= 'placed in a certain position' or 'order'. To the Jews, who of their own choice rejected God's word, are opposed the Gentiles who believed; but, as the term $\tau a \ \epsilon \theta \nu \eta$ La. was too wide, the historian adds a correcting and limiting phrase, 'such of them, that is, as had been appointed', 'marshalled' 'placed in the ranks of those who were on the road toward (els) eternal life'.

Luke is simply recording a fact; he describes certain Gentiles as $\tau \epsilon \tau \alpha \gamma \mu \epsilon \nu o \epsilon i \xi$; al.; he uses a participle passive to describe their position, but there is no shadow of an indication that the question of 'predestination' was before his mind. He could not have used simpler language. Certain men were in a certain position: he states that they were in that position, but by whom placed there, or why, or how, he does not say. Cf. the use of the passive forms $\pi \rho \sigma \sigma \epsilon \lambda \eta \rho \omega \theta \eta \sigma \nu x vii. 4, <math>\omega \tau \iota \tau \alpha \sigma \sigma o \mu \epsilon \nu \omega r$ xviii. 6.

For the use of τάσσω cf. xviii. 6 ἀντιτασσομένων; Luke vii. 8 ὑπὸ ἐξουσίαν τασσόμενος; 1 Cor. xvi. 15 εἰς διακονίαν τοῖς ἀγίοις ἔταξαν ἐαυτούς; Rom. xiii. 1 al οδσαι ἐξουσίαι ὑπὸ θεοῦ τεταγμέναι εἰσίν.

V. has *praeordinati*, unfairly: Aug. *destinati*, a much too strong word: A. 'disposed', an ambiguous term: H. 'who had set themselves to attain that great end', cf. xx. 13.

50. τὰς σεβομένας γ ...] Proselytes of distinction, as xvii. 12. For σεβομένας cf. x. 1 n.

51. ἐκτιναξάμενοι] Cf. xviii. 6 and the command of Jesus, Mt. x. 14 ἐκτινάξατε τὸν κονιορτὸν τῶν ποδῶν ὑμῶν. It is a sign of the rejection of all intercourse.

[']Ικόνιον] Four or five days' journey S.E. of Antioch, on the table-land of Lycaonia, at the meeting-point of several Roman roads. It was reckoned at various times as in Pisidia, Lycaonia, or Phrygia. Still a large town Konich with 30,000 inhabitants.

52. οι τε μαθητα!...] 'Another joyful peroration; like W. and a calm after a storm. See viii. 4, ix. 31, xii. 24'.

CHAPTER XIV.

2. $a\pi\epsilon_0 \theta \eta \sigma a \nu \tau \epsilon_s$] T.R. has $a\pi\epsilon_0 \theta o \hat{\nu} \nu \tau \epsilon_s$: the aorist is Text NA. much better,='those who disbelieved' i.e. when Paul BC. preached. R.V. gives 'that were disobedient'. No doubt strictly $\dot{a}\pi\epsilon\iota\theta\epsilon\omega = 'disobey', \dot{a}\pi\iota\sigma\tau\epsilon\omega = 'disbelieve': but these$ distinctions cannot be accurately maintained; cf. xix. 9 $\dot{\eta}$ πείθουν with xxviii. 24 ήπίστουν. Moreover in John iii. 36 the opposite of $\delta \pi i \sigma \tau \epsilon \dot{\upsilon} \omega \nu \epsilon i s \tau \delta \nu \upsilon i \delta \nu$ is $\delta \dot{a} \pi \epsilon i \theta \hat{\omega} \nu \tau \hat{\omega} \upsilon i \hat{\omega}$. 'he that disbelieveth'. In the Greek language 'belief' and 'obedience' were regarded as almost the same thing and represented by a single word— $\pi\epsilon \ell \theta o \mu \alpha \iota$.

> 3. ikavov $\mu \epsilon v o v \ldots$] The antithesis is not $\epsilon \sigma \chi l \sigma \theta \eta \delta \epsilon$ (as A. and R.V.) but ws de evero, cf. ii. 41 n. The sense is clear. 'For a considerable time they stayed, God giving them clear witness and the multitude being divided so that they were not actually molested, but when they found that they were going to be attacked ... they took refuge'.

¿π] iii. 10 n.

διδόντι] T.R. και διδόντι marring the sense. The Lord Text ABDEP. 'bears witness to the word of His grace by granting': διδόντι is subordinate to μαρτυροῦντι.

v. Light-foot, Gal. here so called for the first time. The term 'apostle' was 4. τοιs άποστόλοιs] i.e. Paul and Barnabas (cf. ver. 14), not confined to 'the twelve', whom our usage designates 'The Apostles'. The word was in use among the Jews to indicate any one sent on a mission by some central authority, and was especially applied to those who were sent from Jerusalem to collect the temple tribute. To be an 'apostle of Jesus', a direct commission from Him would be needed ; this Paul had received, and probably Barnabas. Moreover to have seen the risen Jesus was essential to their first duty: cf. i. 8 n.

> 5. ώs έγένετο όρμή] 'when there was an assault made' A.V.; 'onset' R.V. It is clear however from συνιδόντες κατέφυγον that no 'assault' or 'onset' took place; όρμή therefore is better taken with the infinitives='eagerness' or 'impulse to outrage'; cf. Thuc. IV. 4 σχολάζουσιν όρμη έπέπεσεν έκτειχίσαι το χωρίον; Dem. 309. 4 εls δρμήν του τά δέοντα ποιείν.

> τοῖς ἄρχουσιν αὐτῶν] Not τοῖς ἄρχουσιν absolutely (cf. xvi. 19) 'the magistrates', for they would not take part in such a proceeding, but, as the addition of airŵr shews, 'the rulers of the Jews'. Cf. xiii. 27 of apxoutes autor; as it had been with Jesus, so it was with His followers.

 λ ιθοβολήσαι] Cf. vii. 58 n.

sus.

A. M.

6. συνιδόντες] xii. 12. καθέφυγον: confugerunt, cf. the command of Jesus Mt. x. 23.

Aukaovías] A high table-land, ill watered, bleak, but suited for sheep pasture. Both Lystra and Derbe are S.-E. from Iconium but their exact site is unknown. Lystra was probably the birthplace of Timothy, cf. xvi. 1.

8. ἐκάθητο] 'used to sit', probably in some public place regularly: cf. nkove 'used to listen', i. e. to Paul when speaking to the people.

arevioras] i. 10 n. Of Paul, xiii. 9, xxiii. 1. 9.

πίστιν τοῦ σωθήναι] The gen. describes not only the aim but the result of the faith. Faith to be healed is the cause of healing, cf. iii. 16; Luke vii. 50 $\dot{\eta} \pi i \sigma \tau i s \sigma o v \sigma \epsilon \sigma \omega \kappa \epsilon \sigma \epsilon$.

 $\sigma\omega\theta\hat{\eta}\nu\alpha\iota$ (cf. iv. 10 n.) primarily of bodily healing, but also conveying the idea of spiritual healing.

10. ήλατο] 'he leapt up' suddenly, and 'was walking'.

11. Λυκαονιστι] lit. 'in Lycaonian fashion', i.e. in the Lycaonian speech. So 'EAAnviorl ouviévai 'to understand Gk', and $\Delta \omega \rho_i \sigma \tau l$, $\Phi \rho_i \gamma_i \sigma \tau l$, $\Lambda v \delta_i \sigma \tau l$ applied to styles of music.

What the Lycaonian speech or dialect was we do not know. Living in a mountainous and secluded district they probably only used Gk in their intercourse with strangers, as Welshmen might use English. It is clear that the Apostles did not understand the cry that was raised, or they would have protested at once.

oi feol...] One of the oldest of beliefs, cf. Hom. Od. xvII. 484

> καί τε θεοί ξείνοισιν έοικότες άλλοδαποισιν παντοίοι τελέθοντες έπιστρωφωσι πόληας.

It was in the neighbouring country of Phrygia that Philemon and Baucis were fabled to have entertained the two divinities here mentioned, Jupiter and Mercury, cf. Ov. Met. viii. 626.

12. $\tau \delta \nu$ B. $\Delta (a)$ Perhaps from his more imposing N. appearance. Paul (2 Cor. x. 10) says of himself ή παρουσία τοῦ σώματος ἀσθενής; and cf. 2 Cor. xii. 7 ἐδόθη μοι σκόλοψ τŷ σαρκί; Gal. iv. 14. Tradition, probably exaggerating these references, describes him as $\mu i \kappa \rho \delta s \tau \hat{\psi} \mu \epsilon \gamma \epsilon \theta \epsilon i$, $\psi i \lambda \delta s A cta$ τήν κεφαλήν, αγκύλος ταῖς κνήμαις, but it is clear from the Pauli et comparison of him to Hermes that the writer had no idea of his presence being mean or contemptible, for Hermes, the herald of the gods, is a beautiful figure.

ό ήγ. τοῦ λόγου] Hermes was the inventor of speech, cf. έρμηνεύω; Hor. Od. 1. 10. 1 Mercuri | qui feros cultus hominum recentum | voce formasti catus.

171

13. τοῦ ὄντος...] The god is identified with his temple, which was 'before the city'.

στέμματα] Regularly used in sacrifices: worn by the priests, carried by the attendants, placed on the victim.

τούς πυλώνας] Some say 'the gates of the house where the Apostles were', but if so the plural is strange, cf. xii. 13. It can only be conjecture, but it seems better to refer to the gates of the temple of Zeus, the altar being in front of the v.Renan. temple: this gives great force to $\tau o \dot{\tau} \sigma \dot{\tau} \omega \nu$ in ver. 15, which thus becomes deictic and vigorous.

> 14. Siapphéavres rà imária] A sign of grief and horror, cf. 2 Kings xviii. 37, xix. 1; Matt. xxvi. 65.

> 15. δμοιοπαθείς] 'of like passions' A. and R.V., the word 'passions' being used in a technical sense as in Art. I., where God is described as 'without body, parts or passions'. The rendering here is however hardly happy, as the ancients always represented the gods as influenced like men by love. anger, hate and those feelings which are usually termed 'passions'. The word $\delta\mu oio\pi a\theta \eta s$ is of far wider meaning, and describes one who is in the possession of a like nature, and therefore has like feelings or sensations, is affected in the same way by the same things, as heat and cold, pleasure and pain, disease and death.

> The word may be well illustrated from Shakespeare, Merch. of Ven. 111. 1, 'Hath not a Jew eyes? Hath not a Jew hands, organs, dimensions, senses, affections, passions? fed with the same food', &c.

> άπο τούτων...] Cf. 1 Thess. i. 9 επιστρέψατε πρός τον θεόν ἀπό τών είδώλων, δουλεύειν θεώ ζώντι και ἀληθινώ.

> τούτων is deictic. Paul points to the heathen temple and its altar and images, and calls them 'these vain things', i.e. things which do not represent reality, cf. 1 Cor. viii. 4 οίδαμεν ότι είδωλον ούδέν.

θεόν ζώντα] 'a living God', opposed to the 'vain', non-Text AB CDE. existent gods of the heathen. T.R. has rov 0. rov furra, probably as seeming more precise and emphatic. Paul however very frequently has $\theta \epsilon \delta s \zeta \hat{\omega} v$, e.g. 2 Cor. vi. 16; Rom. ix. 26, where he is quoting from Hos. i. 10 $\kappa \lambda \eta \theta \eta \sigma \sigma \nu \tau \alpha \iota$ viol θεού ζώντος; and so regularly in LXX. with no article. Cf. too in illustration of the phrase the well-known Hebrew method of confirming an oath, 'Jehovah liveth', e.g. Hos. iv. 15 μή δμνύετε ζώντα Κύριον; Jer. iv. 2 δμόση ζή Κύριος.

δs ἐποίησεν...] Gen. i. 1 ἐν ἀρχŷ ἐποίησεν ὁ θεὸς τὸν ούρανον καί την γην. Ps. cxlvi. 6 τον ποιήσαντα τον ού. και την γήν, την θάλασσαν και πάντα τα έν αύτοις.

It will be observed that to the men of Lycaonia, though

A. W.

Paul quotes O.T., he does not rest his argument upon it, as when addressing Jews, but on the witness that nature bears to God. For this cf. the fine passage Cic. *Tusc.* 1. 28, and Rom. i. 20; Ps. xix. 1.

17. $d\gamma a \theta oup \gamma \hat{\omega} v \dots \delta \iota \delta o \dot{\upsilon} \dots \dot{\epsilon} \mu \pi \iota \pi \lambda \hat{\omega} v$] Notice the three M. participles, the second subordinate to and explaining the first, and the third the second, 'He gave witness of Himself by doing good, that is, by giving rains, &c., in that way filling....'

oupavo $\theta \in v$ Not otiose: caelum sedes Dei. B.

verovs] It has been pointed out that the district was A. one which was liable to suffer from drought, and that the wells were of unusual depth.

εὐφροσύνης] Specially used in Gk of the cheerfulness which attends a banquet—'good cheer'.

18. τοῦ μὴ θύειν] gen. dependent on κατέπαυσαν, 'made to cease from sacrificing', μὴ being redundant as commonly after verbs containing a negative idea like *forbidding* or *stopping*.

19. ἐπήλθαν δέ...] Probably after some interval; the narrative is here very brief.

λιθάσαντες] Cf. 2 Cor. xi. 25, απαξ ελιθάσθην. The attack is evidently an irregular proceeding, for a formal or quasi-formal stoning for blasphemy would have been outside the eity, cf. vii. 58.

20. avaoras...] Luke clearly describes a sudden, miraculous recovery.

 $\Delta \epsilon \rho \beta \eta \nu$] The exact site is unknown, but it was probably to the E. of Lycaonia, near the pass called 'the Cilician gates'. Their return over the same road by which they had come must have been intentional, for their natural road to Antioch would have been by the Cilician gates, or a similar pass over Mt Taurus, the very road taken by Paul in passing from Antioch to Derbe at the commencement of his second missionary journey, cf. xv. 41—xvi. 1.

22. $\kappa \alpha l \, \tilde{\sigma} \tau \dots$] 'and saying that...'; Luke draws special attention to this point in their exhortation, which he gives verbatim, the quotation being marked by $\tilde{\sigma} \tau \iota$, cf. xv. 1.

 $i\mu\hat{a}s$ 'we': the speakers are subject to the same conditions as their hearers : 'we' is more sympathetic than 'you'. It is quite unreasonable to infer the presence of Luke from As A. the use of 'we' here.

23. $\chi \epsilon_i \rho \sigma \tau \sigma \nu \tau \sigma \sigma \tau \tau \tau s$] lit. 'having voted for', strictly of election by show of hands in a public assembly, but here used generally: 'appointed': cf. x. 41 $\pi_{\rho\sigma\kappa\epsilon\gamma\epsilon\iota\rho\sigma\tau\sigma\nu} \mu_{\ell\nu\sigma\iotas}$.

174 ACTS OF THE APOSTLES. [XIV. 23

aύτοις: Ethic Dat. For 'presbyters' xi. 30 n. κατ' ἐκκλησίαν] κατά is distributive.

παρέθεντο] Cf. xx. 32; Luke xxiii. 46 Πάτερ els χεῖράs σου παρατίθεμαι τὸ πνεῦμά μου. The word is not so classical as παρακατατίθεσθαι='to place a deposit (παρακαταθήκη) with any one', 'give to be taken care of', e.g. of money with a banker; hence generally 'to entrust'.

24. 'Arral(av] W. from Perga at the mouth of the river Catarrhactes, near the borders of Lycia; at this time the capital of Pamphylia; built by Attalus II. king of Pergamus.

27. ora] 'all the things that', implying that they were many.

μετ' αὐτῶν] Cf. the promise of Jesus καl ἰδού, ἐγὼ μεθ' ὑμῶν εἰμί. The phrase expresses the presence and implies the assistance of God.

ήνοιξεν...] Cf. 1 Cor. xxi. 9 θύρα γάρ μοι ἀνέψγε μεγάλη; 2 Cor. ii. 12 θύρα ἀνεψγμένη; Col. iv. 3 ὑνα ὁ θeờs ἀνοίξῃ ἡμῶν θύραν τοῦ λόγου. The phrase expresses in a vivid and pictorial form the result of their first missionary journey.

 $\theta i \rho a \nu \pi i \sigma \tau \epsilon \omega s$] i.e. a full opportunity of belief and so of entrance or admittance into all the blessings attending on that belief.

28. οἰκ ὀλίγον] cf. xii. 18, implies a considerable time, e.g. a year or more.

CHAPTER XV.

1. $\kappa \alpha$ ($\tau \iota v \epsilon s$...] This visit of Paul to Jerusalem is usually identified with the one he describes Gal. ii. 1—10, fourteen years after his conversion.

The question, whether for admission to the Christian Church it was necessary first to accept the Jewish Law, and especially, as a sign of that acceptance, to submit to circumcision, might appear to have been settled by the case of Cornelius and the discussion which ensued upon it; but it would seem that many still regarded that case as exceptional and by no means clearly establishing a general principle. The question revived again in full vigour, even after the Galatians, in which Paul establishes the freedom of the Gentiles. It must be remembered, with regard to the great importance which this question assumed, that the Jews considered themselves a peculiarly privileged people, and even those who acknowledged Jesus as the Messiah may not unnaturally have held that those Gentiles who accepted the Jewish Messiah were also bound to accept the Jewish Law.

τινές] Paul describes these men as παρεισάκτους ψευδαδέλφους, οίτινες παρεισήλθον κατασκοπήσαι τὴν ἐλευθερίαν ἡμῶν. Gal. ii. 4.

 $\{\delta(\delta a \sigma \kappa o \nu)\}$ Note the imperfect, and also that the word implies a definite purpose.

öτι] Introducing their very words, cf. xiv. 22.

τῷ ἔθει] Cf. τὰ ἔθη vi. 14; same as τὸν νόμον ver. 5. Dat. of the rule by which.

2. $\sigma \tau \acute{\alpha} \sigma \epsilon \omega s$] A strong word, used = 'uproar', 'riot' xix. 40: 'sedition' Luke xxiii. 25. Here 'a division between two opposing parties', cf. xxiii. 7. It is the well-known classical word for an outbreak between the democratic and oligarchical parties in a state.

έταξαν] sc. ol ἀδελφοl from ver. 1. Paul says (Gal. ii. 2) ἀνέβην δὲ κατ' ἀποκάλυψιν: Luke gives the external, Paul the internal history.

καί τινας άλλους] e.g. Titus; Gal. ii. 13.

3. $\pi\rho\sigma\pi\epsilon\mu\phi\theta\epsilon\nu\tau\epsilon_{\rm S}$] The verb signifies 'to accompany some one setting out on a journey a part of the way' as a mark of affection and honour. Cf. xx. 38, xxi. 5.

4. παρεδέχθησαν...] The narrative is by no means clear, but seems to mark three main points:

(1) A public reception by the whole Church of Paul and Barnabas.

(2) The raising in a definite form by 'certain converts from among the Pharisees' of the question of circumcision, but whether at the first reception or later is not clear.

(3) A subsequent meeting of the whole (vers. 12, 22) Church to decide the question.

Paul's own account is (Gal. ii. 2) και ανεθέμην αὐτοῖς τὸ εὐαγγέλιον ὅ κηρύσσω ἐν τοῖς ἑθνεσιν, κατ' ίδίαν δὲ τοῖς δοκοῦσιν, μή πως εἰς κενὸν τρέχω ἢ ἔδραμον.

Alford fairly observes, 'Paul did not lay before the so N. whole assembly the Gospel which he preached among the Light-Gentiles, viz. the indifference of the Mosaic Law to their salvation (Gal. i. 7—9), for fear of its being hastily repudiated and so his own work hindered ($\mu\eta \pi\omega s...$). But he did so in private interviews with the chief Apostles'. Cf. his conduct xxi. 18.

τη̂s ἐκκ. καl...] The words καl τῶν ἀποστ. καl τῶν πρεσβ. are added because the 'Apostles and elders' would naturally take a prominent part in the reception, and their presence is therefore specially noted. So ver. 6 they are mentioned without the Church, because the decision of the question would naturally be left with them, though as we see from vers. 12, 22, 'the Church' was present and agreed in the decision.

5. autous] The converted Gentiles.

6. τοῦ λόγου τούτου] The subject under consideration, cf. viii. 21 n.

7. Ilérpos] Here last mentioned in the Acts.

άφ' ήμερῶν ἀρχαίων] About 15 years before. The phrase seems to refer to the 'early days' of the Church, cf. xi. 15, ἐν ἀρχῶ referring to Pentecost; xxi. 16 ἀρχαίω μαθητῶ. Itseems designedly chosen to indicate that the acceptanceof Gentiles was no new, novel principle.

8. καρδιογνώστης] qui cor non carnem spectat. B.

9. **kaθapíσas**] Markedly recalling the word used x. 15. God had taken away the 'uncleanness' of their hearts.

10. $\epsilon\pi\iota\theta\epsilon\iota\nu\alpha\iota$] The inf. completes the notion of the verb by explaining wherein the 'tempting' consists: the $\pi\epsilon\iota\rho\alpha\sigma\mu\delta$ s is defined as $\epsilon\pi\iota\theta\epsilon\iota\nu\alpha\ldots$; it is an extension of the epexegetic inf. and may fairly be rendered 'tempt by placing...': cf. ver. 14 $\epsilon\pi\epsilon\sigma\kappa\epsilon'\mu\alpha\tauo\Lambda\alpha\beta\epsilon\iota\nu$, where the 'regard' is defined as 'a taking...'; Luke i. 25 $\epsilon\pi\epsilon\iota\delta\epsilon\nu$ deeler.

For $\pi\epsilon\iota\rho d\xi\epsilon\tau\epsilon \tau \partial\nu \theta$. cf. Ex. xvii. 7 (where 'Massah' is in LXX. $\Pi\epsilon\iota\rho a\sigma\mu \delta s$); Deut. vi. 16; Matt. iv. 7; 1 Cor. x. 9. The phrase expresses acting without trust in God, refusing to follow His guidance till He has been *tried* or *tested* by some overt proof, such as the sending water from the rock in Horeb, or the vision sent to Peter at Joppa.

ζυγόν] i.e. the burden of fulfilling the Law; ζυγόν δουλείας Gal. v. 1. Opposed to it is the 'easy yoke' (ζυγός χρηστός Matt. xi. 30) of Jesus.

11. δια τῆς χάρ. τ. κ. 'Ιησ.] With $\sigma \omega \theta \hat{\eta} \nu a\iota$ not with πιστεύομεν. The words are thrown forward for emphasis: 'not through the Law, but by grace...'.

12. Βαρνάβα καl Π.] Notice the reversion to this order, possibly because the events take place in Jerusalem, where as yet Barnabas was better known than Paul. So too ver. 25.

έξηγουμένων ὅσα...] Paul and Barnabas simply report the facts. The Council discuss and decide. The triple repetition of δσα έποίησεν ὁ θεὸs (xiv. 27, xv. 4) is noteworthy. Throughout Paul does not argue, but appeals to the facts as a visible proof of God's presence.

13. ἀπεκρίθη] 'answered', i.e. spoke in reply to the

A. M.

general expectation of a closing opinion from the president after the debate.

14. **Συμεών**] Found also 2 Pet. i. 1; a by-form of James uses Peter's Hebrew name. Simon.

έπεσκέψατο λαβείν] A. and R.V. 'did visit the Gentiles to take ... '; but the sense of 'regard', 'consideration' is stronger here in enerske yaro (cf. vii. 23 n.) than that of 'visit'. It is='shewed regard' or 'consideration in taking'.

έξ έθνών λαόν] Egregium paradoxon. B. Cf. x. 2 n. Israel is no longer to be alone 'the people': from 'the nations' God may take Himself a people-the Israel of God, not after the flesh but after the spirit.

τῷ ἀν. αὐτοῦ] i.e. to be called 'God's people', 'the Israel of God' (Gal. vi. 16). Cf. ver. 17.

oi Nóyoi] Plural: 'the utterances', of which he 15. proceeds to select one.

16. μετά ταῦτα...] From LXX. Amos ix. 11, 12 ἐν τη ημέρα έκείνη άναστήσω την σκηνήν Δαυίδ την πεπτωκυίαν, καί άνοικοδομήσω τὰ πεπτωκότα αὐτῆς, καὶ τὰ κατεσκαμμένα αὐτῆς άναστήσω...ending with λέγει Κύριος ὁ ποιῶν ταῦτα πάντα.

The passage of Amos refers in the first instance to the restoration of the Davidic empire (instead of the 'house of David' it speaks poetically of 'the fallen tent'): secondly, it refers to the Messiah's kingdom ('the throne of David his father' Luke i. 32).

17. ὅπως ἀν ἐκζητήσωσιν οἱ κατάλοιποι...] In Amos A.V., following the Hebrew, has 'that they may possess the remnant of Edom', referring probably to the slaughter M. already inflicted on Edom by Amaziah (2 Kings xiv. 7).

Certainly, though the general Messianic reference of the F. and so passage be undisputed, the Hebrew text 'that they (the even Baum. Jews) may possess' is 'much less apposite to the purpose of the speaker' than the LXX. version.

¿6' ous...] A Hebrew expression, for those who acknow- M. ledge Jehovah as Lord, 'God's people', cf. Deut. xxviii. 10; Is. lxiii. 19.

17, 18. λέγει Κύριος ποιών ταῦτα γνωστά ἀπ' αί.] So NBC. 'saith Jehovah, making these things known from of old' By omitting the article before mois and adding the words Omit 5 γνωστα άπ' alώvos James incorporates with the quotation N1B. certain explanatory words of his own, intended to shew that the extension of Messiah's kingdom to the heathen 'is not a chance occurrence or trivial, but much rather God's Baum. I. determined act'.

T. R. reads ό ποιών ταῦτα πάντα. γνωστὰ ἀπ' αἰώνός ἐστι τῷ θεῷ πάντα τὰ έργα αὐτοῦ. The addition seems due to a A.

P.

12

177

178 ACTS OF THE APOSTLES. [xv. 18

desire to make the words $\gamma \nu \omega \sigma \tau \dot{a} \dot{a} \pi' a l.$ intelligible: not being found in Amos they would be regarded as a separate sentence needing some addition to give sense.

For $\dot{a}\pi'$ alwoos cf. iii. 21 $\tau \hat{\omega} \nu$ $\dot{a} \gamma l \omega \nu$ $\dot{a}\pi'$ alwoos $\pi \rho o \phi \eta \tau \hat{\omega} \nu$, and Luke i. 70, and for the whole phrase Is. xlv. 21.

19. έγω κρίνω] Ego censeo. Not 'my sentence is', as A.V., but 'I judge' ('my judgement is' R.V.): James expresses his own 'judgment', not the 'sentence' or 'decision' of the assembly, which is given ver. 22.

20. $\dot{\epsilon}\pi\iota\sigma\tau\epsilon\hat{\iota}\lambda a\iota...\tauo\hat{\upsilon}$ $\dot{d}\pi\epsilon\chi\epsilon\sigma\theta a\iota$] The gen. gives the 'aim' or the 'contents' of the 'letter'. For $\dot{\epsilon}\pi\iota\sigma\tau\epsilon\hat{\iota}\lambda a\iota$ cf. έπιστολήν ver. 30, and έπέστειλα ύμιν Heb. xiii. 22. It is safer to render $\epsilon \pi \iota \sigma \tau \epsilon \hat{\iota} \lambda a \iota$ 'write' and $\epsilon \pi \iota \sigma \tau \circ \lambda \dot{\eta}$ 'letter' (as A. and R.V.), but the sense of 'enjoin', 'injunction' strongly attaches to both words, cf. our use of 'message' and 'mandate'.

τών άλ. τών είδώλων] By a comparison with ver. 29, xxi. 25 clearly = $\epsilon l \delta \omega \lambda \delta \theta v \tau a$ 'meat sacrificed to idols'. Lit. 'the pollutions of idols' from the late Greek $\dot{a}\lambda\iota\sigma\gamma\epsilon\hat{i}\nu$, ' to pollute'. With the ancients sacrifice was always accompanied by feasting: the parts not burnt on the altar or taken by the priests afforded the materials for a feast or were sold. Paul in 1 Cor. viii. clearly lays down his view with regard to eating or not eating such meat : in no case will he 'make a brother to offend', though such meat is really but as other meat.

The four things specially prohibited are those referred to as 'defiling' in Lev. xvii, and xviii, and forbidden not only to Jews but to 'strangers that sojourn in the land', M. de W. and it is probable that the same prohibitions were enforced on all 'proselytes of the gate'.

(1) $\tau \hat{\omega} \nu \ d\lambda$. $\tau \hat{\omega} \nu \ \epsilon l \delta \hat{\omega} \lambda \omega \nu$, cf. Lev. xvii. 1—9. Of all beasts killed the blood was to be offered to the Lord, and the offering to devils was prohibited.

(2) and (3) TOU TVIKTOU Kal TOU alu. cf. Lev. xvii. 10-16. No blood was to be eaten, and consequently no flesh of anything of which the blood was not 'poured out'.

(4) τη̂s πορνείαs, of. Lev. xviii, 1-18. All forms of uncleanness forbidden.

With regard to the classing of a moral offence apparently on an equal footing with other merely ritual offences, it should be remembered (1) that $\pi o \rho \nu \epsilon la$ was hardly looked upon as wrong by the ancient Gentile world, (2) that to the Jews the distinction between moral and ceremonial offences was hardly as clear as it is to us; they regarded all the offences mentioned as direct violations of divine laws.

21. Movon's ydo] i.e. they are to abstain because their

Baum.

xv. 26]

conduct would give offence. The prohibitions enforced by Moses on 'strangers', and consequently by the Jews on all proselytes, were so well known to all their Jewish brethren that to neglect them would cause offence. They are a minimum with less than which the Jewish Christians could not be satisfied— $\tau \dot{a} \dot{\epsilon} \pi \dot{a} \nu a \gamma \kappa \epsilon s$ ver. 28. Some explain the words as an apology to the Jews present for requiring so Eraslittle : nec est metuendum ne Moses antiquetur, habet enim mus, ille....

and so N. Baum.

«δοξε] A regular word at the commencement of 22. decrees.

έδοξε τοις αποστόλοις... έκλεξαμένους... πέμψαι... γράψαν-Tes] An instance of loose sense construction. The first participle is attracted from the dat. into the acc. by the proximity of the inf., and the second is in the nomin. by a reversion to the logical nom. of the sentence (¿dože rois $\dot{a}\pi o\sigma \tau \delta \lambda ous =$ the Apostles determined ').

'Ιούδαν] Not otherwise known. Silas is an abbrevia- v. w. tion for Silvanus (cf. Lucas=Lucanus, Epaphras=Epaphroditus &c.) as he is called 1 Thess. i. 1; 2 Cor. i. 19: he accompanied Paul in his second missionary journey, cf. xv. 40.

23. και οί πρεσ. άδελφοί] T. R. has και οι άδελφοl with poor Text NA authority. The embassy had been sent to 'the Apostles and BCD. elders' (ver. 2); it is answered by 'the Apostles and elders', and in the reply the word $d\delta\epsilon\lambda\phi ol$ is added to emphasize the unity of feeling which the letter was intended to produce; it is from 'brethren to brethren', from Jewish Christians at Jerusalem to Gentile Christians at Antioch. Translate 'The Apostles and elders, brethren to the brethren...' R.V. gives 'The Apostles and elder brethren'-a meaningless phrase.

άδελφοί...τοῖς ἀδελφοῖς...χαίρειν] Fratres Fratribus Salutem. Auspicata salutatio, fratrum enim to avto φρονείν, cf. 2 Cor. ii. 13 άδελφοί, τὸ αὐτὸ φρονεῖτε.

For $\chi alpeuv = salutem$ at the beginning of a letter, cf. xxiii. 26; James i. 1.

24. avao Kevá (ovtes] Only here in LXX. and N.T. It is the opposite of κατασκευάζειν 'to equip', 'furnish', and = 'unfurnish', 'destroy', 'subvert' (as A. and R.V.); it is especially used as a *rhetorical* term of 'destructive arguments', cf. Ar. Rhet. 11. 24. 4 το δεινώσει κατασκευάζειν η άνασκευάζειν; Quint. 11. 4. 18 opus destruendi confirmandique quod avaskevý et karaskevý vocatur.

e quod avacken et karacken country. The rendering 'turning up the foundations' is totally Given by A. F. M. wrong, cf. Thuc. 1. 18, IV. 116, and Poppo ad loc.

ols où διεστειλάμεθα] Observe the forcible brevity:

12 - 2

weakened in A.V. 'to whom we gave no such commandment'. R.V. omits 'such'.

26. παραδεδωκόσι] 'hazarded' A. and R.V. The word = 'to give' or 'place out of your own power into that of another'. By their actions they had 'placed their lives out of their own power'. Cf. Thuc. v. 16 $\tau i \chi y$ αὐτὸν παραδίδωσιν. Optime rem commissam curant, qui suam vitam non curant.

ύπέρ τοῦ ởν.] iii. 6 n.

27. aυτούς δια λόγου] Personally, and by word of mouth.

28. \tilde{to}_{5e} ...] The words express a distinct belief that the Holy Spirit was present and inspired their resolution (cf. John xvi. 13), and there seems also a reference to the fact that the right of the Gentiles had been proved by the 'gift of the Holy Spirit', cf. ver. 8, x. 47, xi. 15.

29. $\epsilon \tilde{\upsilon} \pi \rho \acute{a}\xi \epsilon \tau \epsilon$] A.V. 'ye shall do well', an ambiguous rendering, as 'do well' may='act rightly' or 'fare well', whereas $\epsilon \tilde{\upsilon} \pi \rho \acute{a} \tau \epsilon \iota \upsilon$ can only mean the latter, and so R.V. rightly 'it shall be well with you'. Cf. Plato Protag. 333 D $\epsilon l \epsilon \tilde{\upsilon} \pi \rho \acute{a} \tau \sigma \upsilon \sigma \iota \acute{a} \delta \iota \kappa \delta \tilde{\upsilon} \tau \tau \epsilon s$; Dem. 469. 14 $\epsilon \tilde{\upsilon} \acute{\epsilon} \pi \delta l \eta \sigma \epsilon \upsilon \dot{\upsilon} \mu \acute{a} s \epsilon \delta \pi \rho \acute{a} \tau \sigma \upsilon \tau \bullet s$.

 $[eppwor\theta e]$ Valete.

31. τη παρακλήσει] Contained, that is, in the letter; this 'encouragement' the bearers of the letter repeat and increase by their spoken words (διὰ λόγου π. παρεκάλεσαν).

33. ποιήσαντες δὲ χρόνον] cf. Dem. 392 οὐκ ἀνέμειναν τὸν κήρυκα οὐδ' ἐποίησαν χρόνον οὐδένα.

After ver. 33 T. R. with very poor authority inserts $\xi\delta\delta\xi\epsilon$ $\delta\delta\epsilon \tau\varphi\Sigma(\lambda a, \epsilon\pi\mu\epsilon(vat av\tau o), an addition apparently to explain$ $ver. 40. But the <math>\mu\epsilon\tau a \tau \nu as \eta\mu\epsilon\rho as$ of ver. 36 allows for a considerable interval during which he may have returned from Jerusalem.

38. $\mu\epsilon\tau d$ $\delta\epsilon...$] Commencement of Paul's second missionary journey.

ἐπιστρέψαντες δή ἐπισκεψώμεθα] For δή (particula excitandi) cf. xiii. 2 n. Note the vigour of the repeated ἐπι.

37. $i\beta oi\lambda \epsilon \tau o$] volebat 'wished'; $ij\xi(ov, aequum censebat$ 'thought right'; but probably there is no real difference of meaning between the two verbs, $h\xi(ov...\mu)$ being simply= 'refused', 'objected'. To note 'characteristic mildness' in the one and 'characteristic vehemence' in the other is imaginative.

37, 38. συμπαραλαβείν, μή συνπαραλαμβάνειν] simul assumere, non simul assumere. Contradictio sententiarum vivide expressa. B.

Text follows NA BEHL P.

As F.

NOTES.

Note too the emphasis with which TouTov is added pleonastically at the end. Its force is best felt by reading over the Greek without it. Even in the indirect form in which the historian gives it, the refusal is instinct with energy— 'One who deserted us before, and went not on with us! No, I will not take him'.

Mark was subsequently reconciled with Paul; Col. iv. 10; 2 Tim. iv. 11: Philemon 24.

39. $\pi a \rho \delta \nu \sigma \mu ds$] 'irritation'; the word is a strong one. but has not necessarily a bad sense, cf. xvii. 16 παρωξύνετο; Heb. x. 24 ϵ is παροξυσμόν ἀγάπης και καλών ἕργων; but on the other hand 1 Cor. xiii. 5 ayann...ov παροξύνεται.

 $\pi a \rho a \delta o \theta \epsilon ls]$ Cf. xiv. 26. 40.

41. διήρχετο...] His way would be by the Gulf of La. F. Issus through 'the Syrian gates', a narrow road between steep rocks and the sea, and then inland, probably past Tarsus and over Mt Taurus by the ' Cilician gates'.

CHAPTER XVI.

1. Tuióleos] Probably a native of Lystra (to which έκει must refer), not of Derbe, as has been wrongly inferred from xx. 4. His mother's name was Eunice 2 Tim. i. 5. He had probably been converted on his former visit by Paul, who calls him τέκνον μου άγαπητόν και πιστόν έν κυρίω. 1 Cor. iv. 17.

2. ¿μαρτυρείτο] vi. 3 n.

3. $\lambda \alpha \beta \omega \nu \pi \epsilon \rho \iota \epsilon \tau \epsilon \mu \epsilon \nu$] To be taken literally: any Israelite might perform the rite.

Sid rows 'IouSalous...] Clearly not Christian Jews (for them the Jerusalem 'decrees' referred to ver. 4 would have sufficed), but Jews generally. Paul saw that in preaching SoM.La. to the Jews, if Timothy was to be of any use to him, he Baum.F. must be circumcised: they would not have associated with one who was uncircumcised or allowed him to preach in the synagogues. He circumcised him 'because of the Jews, for they all knew that his father was a Greek', and therefore that he was not circumcised.

The refusal of Paul to circumcise Titus (Gal. ii. 3) is quite different. Titus, who was a Greek, had gone up with Paul on the mission referred to in the last chapter. A demand had been made that he should be circumcised. To have complied would have been fatal to the cause of Gentile freedom, which Paul was sent to represent. Idem non est semper idem.

4. παρεδίδοσαν] 'they kept handing over': the decrees had been entrusted to them; it was their duty to 'pass them on', 'deliver them'.

6. διήλθον δè...] 'They went through the Phrygian and Galatian district having been hindered (i.e. because they had been hindered) from preaching in Asia'.

Had they kept on in the direction in which they were going, following the great line of traffic to the West, they would have reached Ephesus, the chief city of proconsular Asia (ii. 9, vi. 9), but their progress was 'barred' by a divine prohibition and they turned off either to the N. or N.W. T.R. has διελθόντες δε την Φ. και την Γ. χώραν obscuring and probably altering the sense; cf. A.V.

την Φρυγίαν καl Γαλ. χ.] Not two districts (as reading ABCD. of T.R. makes it) but one: it was 'the country which could be termed indifferently Phrygia or Galatia. It was in fact the land originally inhabited by Phrygians but subsequently occupied by Gauls'. See however xviii. 23.

> Galatia is the land of the $\Gamma \alpha \lambda \dot{\alpha} \tau \alpha \iota$, $K \epsilon \lambda \tau \alpha \iota$ or Galli, the same race who B.c. 390 sacked Rome, and in B.c. 279 poured over Greece: a portion of this latter body, instead of proceeding S., turned E. and crossed the Hellespont into Asia, where they finally occupied the territory called Galatia. It was made a Roman province B.C. 25.

> The Churches of Galatia to which Paul addressed his Epistle were probably founded during this journey, though Luke gives no hint of it. It may be noted however that the narrative here is extremely brief, the writer being clearly anxious to pass on to the preaching of Paul in Europe.

> Others consider that Paul uses the word 'Galatians' in an official sense = 'inhabitants of the Roman province of Galatia' and that the Epistle is addressed to the Churches of Lycaonia, which formed part of that province.

> κατά την M.] R.V. rightly 'over against': with 7. it opposite them.

> τό πνεῦμα 'Iŋσοῦ] T.R. with poor authority omits 'Inσού. R.V. gives the 'Spirit of Jesus'. The exact expression occurs nowhere else, but cf. Phil. i. 19 τοῦ πν. Ἰησοῦ Χριστού; Romans viii. 9 πνεύμα Χριστού. In all these cases R.V. gives 'Spirit' not 'spirit'.

> 8. παρελθόντες] A. and R.V. 'passing by', which may either mean 'neglecting' or 'passing along the edge of'.

It is certainly natural to take the word literally and M. La.A. not metaphorically, as merely describing their route (cf. F. give $\delta_{i\eta\lambda\theta\sigma\nu}, \epsilon\lambda\theta\sigma\nu\tau\epsilons, \kappa\alpha\tau\epsilon\beta\eta\sigma\alpha\nu)$ 'having passed along the side 'neglectof Mysia', 'skirted it', keeping it, that is, on their right. In

διηλθον NABCD E. καί Γαλ.

Lightfoot.

So Light-foot. F. A. W. N.

e.g. Lange, M.

ing'.

XVI. 12]

this case Mysia must = Mysia Minor which belonged to Bithynia, whereas Mysia Major was part of the province of Asia.

Τρωάδα] Alexandria Troas, S.W. of Troy on the seacoast, a Roman colony.

9. opaµa] Hitherto they had been simply 'hindered'. 'forbidden' to approach certain places; now there is a positive direction.

10. έζητήσαμεν] 'We sought'. The introduction of the first person plural, in a writer with such considerable literary skill as Luke, cannot be set down to the inartistic incorporation of some narrative written by an actual companion of Paul, but clearly indicates the presence of Luke himself. The use of it ceases xvii. 1 when Paul leaves Philippi, and is resumed six or seven years later (xx. 5) on his sailing from Philippi, and continued to the end of the Acts.

συνβιβάζοντες] ix. 22 n. avax θέντες xiii. 13 n.

11. εύθυδρομήσαμεν] expresses a straight run with the wind well astern: the journey from Neapolis (xx. 6) took five days.

Σαμοθράκην] A small island opposite the mouth of the Hebrus, distant about 38 m.; celebrated for the worship of the Cabiri.

· Néav Πόλιν] Just opposite Thasos; at this time be- M. La. longing to Thrace, but from Vespasian's time to Macedonia.

12. Φιλίππουs] Founded by Philip, father of Alexander the Great, on the site of the old Krenides, 'Wells'; near the sources of the river Gangites or Gangas, which flows into the Strymon, about 30 m. distant. On the intervening plain took place the battle of Philippi B.c. 42. The city lies on the great Via Egnatia (see xvii. 1 n.). Augustus, as Philip had done, recognized the strategical importance of its position and founded a Roman colony there, Colonia Augusta Julia Philippensis.

ήτις...] 'for it is, first in the district, a city of Macedonia. a colony'.

Whatever the exact meaning of these words, it is clear So Lightthat the clause, introduced by the explanatory $\eta_{\tau is}$, is in- foot (q. tended to call attention to the fact that Paul had reached v.), Lathe place to which he had been specially directed in ver. 9.

It seems plainer to take $\tau \hat{\eta} s \mu \epsilon \rho l \delta o s M. = 'that portion'$ or 'district of Macedonia' than to make µeploos='province' and render 'the province Macedonia'. 'Macedonia' is the Roman province of that name (including Macedonia proper,

Illyricum, Epirus, and Thessaly) which had been divided after its conquest 168 B.C. by Aemilius Paulus into four districts, of which one, Macedonia Prima, between the Strymon and the Nestus, had Amphipolis for its capital, but whether this district still existed and is referred to by the words $\tau \hat{\eta} s \mu \epsilon \rho l \delta o s$ is doubtful.

The word $\pi \rho \omega \tau \eta$ cannot='chief city', as it otherwise naturally should, for Amphipolis was the chief city of that So Light- district and Thessalonica of the whole of Macedonia. Tt remains therefore to explain it with Erasmus: prima occurrit a Neapoli petentibus Macedoniam. Passing from Neapolis the traveller has to cross the lofty ridge of Symbolum before entering Macedonia, and the first city he comes to is Philippi.

It must be admitted however that the use of $\pi \rho \hat{\omega} \tau \sigma s$ in this sense without any words to make it clear is unexampled.

κολωνία] colonia. A colony consisted of a body of Roman citizens publicly sent out to occupy some town, usually important on military grounds, who in their new home still continued to enjoy the full rights of Roman citizens. Cicero calls colonies propugnacula imperii, and Aulus Gellius (xvi. 13) describes them as 'offshoots' or 'miniature copies of the Roman people'-quasi propagatae ... pop. Romani quasi effigies parvae simulacraque. The name is still found. in 'Lincoln', 'Cologne' $(=K\ddot{o}ln)$.

13. $\pi a \rho \dot{a} \pi \sigma \tau a \mu \dot{o} v$] The Gangites. The term $\pi \rho o \sigma \epsilon v$ v. reff. in $\chi \eta$ is applied to any 'place of prayer', whether a building, or open space as here (cf. ένομίζομεν). It was a well-known А. term, cf. the sneer in Juv. III. 296 in qua te quaero proseucha? The choice of a spot by a river had probably reference to Jos. Ant. ceremonial washings. A decree of Halicarnassus allowed XIV. 10. the Jews τὰς προσευχὰς ποιείσθαι πρὸς τη θαλάσση κατὰ τὸ 23. πάτριον έθος. Cf. Ps. cxxxvii. 1, 'By the waters of Babylon ...'.

> καθίσαντες έλαλουμεν] Non statim se contulere ad docendum B., and so others speak of it as 'informal conversation'; but to sit was customary for a preacher (vi. 9 n.), and $\lambda \alpha \lambda \epsilon i \nu$ is a regular word for preaching, e.g. xviii. 25, and by no means denotes 'conversation', 'talk', in N.T. The words clearly describe preaching.

14. Avola] Probably so called from her birthplace being in Lydia, though 'Lydia' was a common female name.

πορφυρόπωλις] 'The guild of dyers at Thyatira have left inscriptions still existing'. The celebrity of the purple dyeing of the neighbourhood is as old as Homer, cf. Il. IV. 141. ώς δ' ότε τίς τ' έλέφαντα γυνή φοίνικι μιήνη Μηονίς ήε Κάειρα, παρήϊον έμμεναι ίππω.

La. F.

A.

foot.

Claudian de Rapt. Pros. 1. 270

non sic decus ardet eburnum Lydia Sidonio quod femina tinxerit ostro.

Θυατέρων] In N. of Lydia on the river Lycus: one of the seven Churches mentioned Rev. ii. 18.

Sinvoiter] A strong word, such as might be used of opening folding-doors and throwing them wide back. Cf. Luke xxiv. 45 διήνοιξεν αὐτῶν τὸν νοῦν. It occurs four times in Luke, three times in the Acts, once elsewhere in N.T.

15. πιστήν τῶ κυρ.] 'believing on the Lord', one who La. really believes on Jesus as Lord. A. and R.V. 'faithful to'an ambiguous rendering.

παρεβιάσατο] Cf. Luke xxiv. 29 και παρεβιάσαντο αὐτόν; 1 Sam. xxviii. 23 οὐκ ἐβουλήθη φαγεῖν καὶ παρεβιάζοντο αὐτόν; in all three cases of gentle, hospitable constraint.

16. ¿yévero Sè...] i.e. on a subsequent day.

eis the $\pi \rho \sigma \sigma \epsilon v \chi \eta v$] i. e. the $\pi \rho \sigma \sigma \epsilon v \chi \eta$ already mentioned. T.R. omits $\tau \eta \nu$: 'as we went to prayer' A.V.

NABCE. πνεύμα πύθωνα] In apposition: T.R. Πύθωνος. Πύθων Text was the name of the serpent slain by Apollo, whence his *ABCD. name of $\Pi i \theta_{i}$ and the prophetess of Apollo at Delphi (anciently $\Pi \upsilon \theta \omega$) was called $\Pi \upsilon \theta i a$.

Plutarch however tells us that in his day (50-100 A. D. ?) de defecthe term Πύθωνεs was applied to τουs έγγαστριμύθουs Εύρυ- tu Orac. κλέαs or 'ventriloquist prophets', and so too Hesychius ^{p. 414}. explains the word. It is also used in LXX., cf. Lev. xix. 31 ούκ έπακολουθήσετε έγγαστριμύθοις, and xx. 6, 27, where A. and R.V. give 'that have a familiar spirit'; and of the witch of Endor 1 Sam. xxviii. 7 yuvaîka eyy.

The derivation of the word is unknown. Bengel (as the ancients probably thought) says ex quo $\pi i \theta \epsilon \sigma \theta a \iota datur.$ Lange gives the root budh, 'depth', whence Billos, puteus; Curtius doubtfully the same root as pus, putidus.

Expagev...] So too the unclean spirits recognize 17. Jesus, e.g. Mark i. 24, iii. 11.

18, 19. καl $\hat{\epsilon}$ $\hat{\epsilon}$ $\hat{\eta} \lambda \theta \epsilon \nu$... $\tilde{\sigma} \tau i \hat{\epsilon} \hat{\epsilon} \hat{\eta} \lambda \theta \epsilon \nu$] Note the simple skill of this repetition, not reproduced in A. or R.V. Render, 'departed'.

19. «Xxvoav] denotes violence. Cf. Plaut. Poen. III. 5. 45 obtorto collo ad praetorem trahor.

eis the dyopav] i.e. into the forum, near which would be the courts of law.

Text

τοὺς ἄρχοντας] 'the magistrates', a general term; the actual magistrates before whom they were brought are immediately specified as τοῖς στρατηγοῖς, which is the Gk rendering of practor. Colonies were actually governed by duumviri, who occupied a position similar to that of the consuls at Rome, but we learn from Cicero that at Capua cum in ceteris coloniis Duumviri appellentur, hi se Practores appellari volebant, and it is probable that the same vanity was not uncommon, cf. the contemptuous Lucco practore Hor. Sat. 1. 5. 34.

20. ούτοι οἱ άνθρωποι] Contemptuous.

ἐκταράσσουσιν...] Suberat utilitas privata, publica ostenditur. B.

'Ιουδαῖοι ὑπάρχ.] Used to excite prejudice in strong opposition to 'Ρωμαίοις οἶσιν. For the unpopularity of the Jews cf. xviii, 17, xix. 34; Tac. Hist. v. 5 Caetera instituta sinistra, foeda, pravitate valuere....Apud ipsos fides obstinata...adversus omnes alios hostile odium, and cf. Juv. xiv. 96---106 and Mayor ad loc.

It will be observed that their accusers speak of them as Jews, and it is most probable that the Christians were for some time confused with the Jews in the general estimation.

21. $\epsilon \theta \eta \dots J$ The exact nature of this the first charge made against Christians before a Roman magistrate should be noted. It is that they preach 'unlawful customs', i.e. the practice of things unlawful. No Roman magistrate would deal with abstract theological questions (cf. xviii. 15): religion only became a subject for the magistrate, when it (1) might tend to create a breach of the peace (cf. $\epsilon krap d \sigma \sigma o v \sigma v \mu$), (2) or tend to the encouragement of illegal acts, especially to the formation of secret sects, organizations, &c.

Brissonius, de Formulıs.

H.

lib. 1x. 8

22. $\pi\epsilon\rho_i\rho_i[\epsilon_avres]$ Summove, lictor, despolia, verbera, might be the order. Cf. Liv. 11. 55 Consules spoliari hominem et virgas expediri jubent. Provoco, inquit, ad populum, Volero... Quo ferocius clamitabat, eo infestius circumscindere (cf. $\pi\epsilon\rho_i\rho_i\epsilon$) et spoliare lictor. So Dion. Halic, has $\pi\epsilon\rho_i\kappaara\rho_i\rho_i\epsilon$ in this sense. $\rho_a\beta\delta(\epsilon_ev=virgis caedere.$

24. ήσφαλίσατο] Cf. ἀσφαλῶς τηρείν above.

τό ξύλον] 'used at Sparta (Herod. 1x. 37), Athens (Ar. Eq. 366), Rome (Plaut. Capt. 111. 70

nam noctu nervo vinctus custodibitur)'.

25. ὕμνουν] Clearly connotes thanksgiving, cf. Is. xii. 4 και έρεις έν τῆ ἡμέρα ἐκείνη, Ὑμνεἶτε κύριον...; Dan. iii. 23 (Shadrach, Meshech and Abednego) περιεπάτουν ἐν μέσω τῆς ἡλογὸς ὑμνοῦντες τὸν θεόν.

Crus in nervo cor in caelo. W.

Altered from Tertullian.

de Leg.

Agr. 34.

ἐπηκροῶντο] ἀκροάομαι = 'hear' 'listen to with pleasure', especially of listening to a recitation, music or the like: ἐπακρ. also suggests the idea of attention. Cf. ἀκούω = 'hear', ἐπακούω = 'hear attentively'.

27. ἐαυτόν ἀναιρεῖν] It was near Philippi that Brutus committed suicide. For the fact that it was so frequent as to become almost a 'national usage' under the empire cf. Merivale c. 64.

For the punishment of those who had allowed a prisoner to escape cf. xii. 19.

30, 31. Kúpioi ... τόν κύριον] Non agnoscunt se dominos. B.

 $σωθ\hat{ω}$] In the same sense as όδ∂ν σωτηρίας ver. 17, and σώζω throughout the Acts. The keeper was acquainted with the purport of their preaching.

31. σ i kal ó cíkós σ ou] These words are added to supplement and make more correct (*per Epanorthosin*) the statement $\pi l \sigma \tau$. kal $\sigma \omega \theta \eta \sigma \eta$. Cf. xi. 14.

R.V. rightly, 'Believe...and thou shalt be saved, thou and thy house'.

A.V. wrongly, Believe...and thou shalt be saved, and thy house'.

33. ἕλουσεν...καὶ ἐβαπτίσθη] Chrys. Hom. xxxvi. 2 ἕλουσεν αὐτοὐς καὶ ἐλούθη ἐκείνους μέν ἀπὸ τῶν πληγῶν ἕλουσεν, αὐτὸς δὲ ἀπὸ τῶν ἁμαρτιῶν ἐλούθη.

Both acts would perhaps take place at a well in the courtyard, cf. $\pi \rho o a \gamma a \gamma \dot{\omega} \nu \, \xi \omega$.

34. avayayáv] Perhaps his house was over the prison.

παρέθηκεν τράπεζαν] Cf. Od. v. 92 ώς άρα φωνήσασα θεὰ παρέθηκε τράπεζαν. The tables being small and easily moveable, were actually placed before the guest.

πανοικέ] Not classical, but cf. πανοικησία (Thuc. 11. 16, 111. 57), πανδημεί, πανστρατιά.

πεπιστ. τ $\hat{\varphi}$ θε $\hat{\varphi}$] Hitherto he had been a heathen. The words could not have been used of a converted Jew.

35. $\tau o \nu s \dot{s} a \beta \delta o \dot{v} \chi o v s] = `fasces-bearers', regular Gk for$ lictor. Cicero appears to suggest that the lictors of the de Leg.duumviri should have carried baculi not the fasces— Agr. 34.`anteibant lictores, non cum baculis, sed, ut hic praetoribusantecunt, cum fascibus duobus'.

37. **Selpavres...**] Note the rhetorical power of this verse. First the statement of the wrong done ($\delta e i \rho a v r e_s$): then the threefold aggravation of it by the circumstances under which it was done, (1) $\delta \eta \mu o \sigma i a$, (2) $\delta \kappa a \tau a \kappa \rho I r o v_s$, (3)

ACTS OF THE APOSTLES. [XVI. 37

 $\dot{a}\nu\theta$. 'Pupalovs $\dot{v}\pi$: then the wrongful imprisonment; and lastly the enhancement of the injury by the inadequate reparation offered, which was (1) $\lambda d\theta \rho a$, not $\delta \eta \mu o \sigma t a$, (2) not offered personally, cf. $a\dot{v}\sigma o\dot{t} \dot{\epsilon} \xi a \gamma a \gamma \dot{\epsilon} \tau \omega \sigma a \nu$, (3) without courtesy, cf. $\dot{\epsilon}\kappa\beta d\lambda \lambda o v \sigma \nu$.

δείραντες] Cio. in Verr. v. 66 Facinus est vincire civem Romanum, seelus verberare; v. 57 illa vox et imploratio, Civis Romanus sum, quae saepe ultimis in terris opem inter barbaros et salutem tulit.

This immunity was secured by the Lex Valeria B.c. 500 and the Lex Porcia B.c. 248.

The praetors do not question Paul's claim, nor does Claudius Lysias xxii. 27. A false claim might be punished with death, of. Suet. Claud. 25 civitatem Romanam usurpantes...securi percussit.

'Pωμαίους iπ.] Cf. xxii. 28. How Paul was 'free-born' we do not know; certainly not merely as citizen of Tarsus, which was only an *urbs libera*. Of Silas we know nothing.

 $i\kappa\beta$ άλλουσιν] 'cast us out', a strong word; cf. $i\xi$ αγαγέτωσαν, 'conduct us out'.

où yáp] $\gamma d\rho$ is the $\gamma d\rho$ so frequent in answers: the question it answers here is implied in the indignant protest which precedes. 'They propose to do this ! Shall they do it? No, indeed'. So too où $\gamma d\rho$ oùr.

airol] In person, not by sending their attendants.

39. παρεκάλεσαν] Cf. v. 15; Luke xv. 28: 'invited', 'besought', its earlier sense. In ver. 40 as usual 'encouraged', 'exhorted'.

40. ¿ξήλθαν] 'they went out': not Luke.

CHAPTER XVII.

1. διοδεύσαντες] The όδός was the via Egnatia, so called from Egnatia, on the coast of Apulia, where the Appian road reaches the sea. It passes from that point to Brundisium, and then leads from Dyrrhachium to Byzantium. It was the great road from the W. to the E.

'Aµ $\phi(\pi o \lambda_i v]$ On the left bank of the Strymon, just below L. Cercinitis, 3 m. from the sea: the river flows almost round it, whence its name. On account of its situation it was an important town in Gk history, several times colonized by the Athenians and recaptured by the Thracians. Acquired by Philip B.C. 358. An *urbs libera* and capital of Macedonia Prima.

188

XVII. 5]

³Aπολλων(aν) About 30 m. S.-W. of Amphipolis, halfway to Thessalonica.

 $\Theta\epsilon\sigma\sigmaa\lambda\sigma\nu(\kappa\eta\nu)$ Originally Therma, at the head of the Thermaic Gulf; Cassander largely increased it and called it Thessalonica after his wife, the sister of Alexander the Great. It is still the second city of European Turkey, with 70,000 inhabitants, and called Saloniki.

 ηv συναγωγη] T.B. $\eta v \dot{\eta}$ συν. In either case the town Text is distinguished from the other towns mentioned, in which there was no synagogue. This implies the existence of but few Jews in Macedonia.

2. $\delta\iota\lambda\xia\tau o$] Used 9 times in the Acts, 3 times in the v. de W. rest of N.T. The word originally indicates an *interchange* of words, conversation; it is then used of reasoning or arguing by means of question and answer—the 'dialectic method' as illustrated in the Dialogues of Plato. In Luke however the word has lost this meaning, and does not imply discussion, though sometimes conveying the idea not merely of 'reasoning' but 'arguing', 'disputing', as perhaps here; ver. 17, xviii, 19, xxiv. 12. In other places it is simply ='discourse', as xx. 7, 9.

άπὸ τῶν γραφῶν.....] A most important description of the Apostolic method of teaching, cf. ix. 22 n.

Paul first 'expounds' ($\delta i a \nu o \bar{\gamma} \epsilon i$ xvi. 14 n.) and 'brings forward' ($\pi a \rho a \tau (\theta \epsilon \tau a.)$ passages of 'the Scriptures', i.e. of the O.T., to shew that the Messiah ($\delta \chi \rho i \sigma \tau \delta s$) must do certain things. He then shews that Jesus did these things, and so draws his conclusion 'that this man is the Messiah ($\delta \tau i \circ \delta \tau \circ \delta x$), even Jesus whom I preach to you'.

For $\pi a \rho a \tau i \theta \epsilon \mu \epsilon \nu o s =$ 'bring forward', 'quote as evidence', cf. Plat. Polit. 275 B $\tau \delta \nu \mu \hat{\nu} \theta o \nu \pi a \rho \epsilon \theta \epsilon \mu \epsilon \theta a$, $\omega' \epsilon \nu \delta \epsilon \xi a \tau o \dots$

3. τόν χρ. έδει παθείν] Luke xxiv. 26 ούχι ταῦτα ἔδει παθείν τὸν χριστόν; and cf. iii. 18 n.

4. προσεκληρώθησαν] Strictly passive, 'were allotted to', but A. and R.V. probably rightly 'consorted', cf. n. on τεταγμένοι xiii. 48.

5. $\tau \hat{\omega} v \dot{\alpha} \gamma o \rho \alpha (\omega v)$ The $\dot{\alpha} \gamma o \rho \dot{\alpha}$ was the natural resort of those who had nothing to do, cf. Matt. xx. 4. Hence $\dot{\alpha} \gamma o \rho \alpha \hat{\alpha} c = `idlers', `good-for-nothing fellows', cf. Plat. Prot.$ $347 c <math>\tau \hat{\omega} v \phi \alpha (\lambda \omega v \kappa \alpha d \dot{\alpha} \gamma o \rho \alpha (\omega v \dot{\alpha} v \phi \rho \dot{\omega} \pi \omega v \dot{\alpha} v \phi \rho \dot{\alpha} \omega)$ Xen. Hell, vi. 2. 23 $\tau \dot{\nu} a \dot{\gamma} o \rho \alpha (\omega v \dot{\omega} \chi)$ Den. 269 $\pi \epsilon \rho (\tau \rho \mu \mu \alpha d \dot{\gamma} o \rho \dot{\alpha} s)$, where it is put side by side with $\sigma \pi \epsilon \rho \mu \alpha \lambda \dot{\gamma} \gamma o s$ (cf. xvii. 18 n.). So subrostrani, subbasilicani.

'Iárovos] A common name in Thessaly; or possibly he was a Jew and it is here a Gk form of Joshua or Jesus, as in 2 Macc. i. 7. είς τόν δημον] Thessalonica was an urbs libera, retaining its own government (cf. τόν δημον) and its own magistrates (cf. τούς πολιτάρχας).

6. τούς πολιτάρχας] It is noteworthy that this word, which never occurs in Gk literature (πολίταρχος occurs once in Aeneas Tacticus), is found in the verbal form in an inscription of about the date 69–79 A.D. found on an arch at Thessalonica, which begins πολειταρχούντων Σωσιπάτρου... and names seven such politarchs.

The word literally = 'burgomasters', and is formed on the analogy of Boi $\omega \tau d\rho \chi a \iota$, 'A $\sigma \iota d\rho \chi a \iota$.

of $\tau \eta \nu$ okc...] Note, in this the second instance of accusation before non-Jewish magistrates, (1) the exaggeration, (2) that the charge is not made on religious grounds but for disturbance and treason. Cf. xxiv. 5.

7. oùs $i\pi\sigma\delta\epsilon\delta\epsilon\kappa\tau\alpha\iota$ 'I.] Added because he is the prisoner, and they are justifying their apprehension of him. $i\pi\sigma\delta\epsilon$ - $\chi\epsilon\sigma\theta\alpha\iota$ is especially used of 'receiving with hospitality', cf. Luke x. 38 $i\pi\epsilon\delta\epsilon\xi\alpha\tau\sigma$ $a\dot{v}\tau\delta\nu$ ϵ ls $\tau\dot{\nu}\nu$ $\sigma \delta\kappa\sigma\mu$ $a\dot{v}\tau\gamma\beta$.

καl οῦτοι...] A charge against all Christians as guilty of treason. Under the emperors to accuse any one of treason (majestatis deferre; laesae majestatis accusare) was the surest method of procuring a conviction. To acknowledge allegiance to another king would be treason and render the offender liable to the Lex Julia de Majestate (cf. τῶν δογμάτων Katrapos). The Jews here bring the same charge against His disciples which they had brought against Jesus, cf. Luke xxiii. 2 κωλύωντα Kalσαρι φόρους διδόναι λέγοντα ἐαυτόν χριστόν βασιλέα εΐνα.

Although the emperors never ventured to assume the title *rex* at Rome, in the Eastern provinces they were regularly termed $\beta a \sigma i \lambda \epsilon \dot{\nu} s$.

έτερον] 'different' i. e. from Caesar.

9. $\lambda \alpha \beta \acute{o} \nu \tau \epsilon_5 \tau \acute{o} i \kappa \alpha \nu \acute{o} \nu$] The Roman law would be in force even in an *urbs libera*, and this is clearly the Gk for the legal Roman phrase satis accipere or exigere 'to take security', the opposite of satis dare, 'to go bail', 'give security'. Probably security for the departure of Paul was required.

10. Bépotav] About 60 m. S.W. from Thessalonica, near Pella.

11. εὐγενέστεροι] that is, in disposition: 'stirred up not to envy but to inquiry'.

προθυμίαs] 'readiness of mind' A. and R.V., but the word is stronger='heartiness', 'eagerness'.

'Now in the British Museum', Cook.

A.

τό καθ' ήμέραν] So in the Lord's Prayer, Luke xi. 3 $\tau i \nu$ άρτον ήμων τον έπιούσιον δίδου ήμιν το καθ' ήμέραν 'day by day'.

avakp(vovtes] implies careful and often judicial examination into facts, e.g. Thuc. 1. 95 Παυσανίαν ανακρινοῦντες ών πέρι ἐπυνθάνοντο. Cf. iv. 9 n.

For the sense cf. John v. 39 έρευνατε τὰs γραφàs...

ταῦτα] Paul's statements: οῦτως, as he stated them.

13. oi ἀπὸ Θεσσ. 'I.] Const. praegnans. They are regarded not merely as 'the Jews in Thessalonica' but as 'the Jews who went from Thessalonica to Beroea'.

 $\kappa d\kappa \epsilon l$ with $\sigma a \lambda \epsilon v o \nu \tau \epsilon s$, 'stirring up the people there too' i.e. as they had done at Thessalonica.

14. čωs ἐπὶ...] 'as far as to...'. T.R. ώs ἐπὶ..., which τωs does not imply that it was a *feint*, Paul actually going by was land (as A.V. seems to think, 'to go as it were to the sea'), HLP, but is merely expresses their intention or thought. Ews omit D. seems a correction. is being misunderstood.

He would probably reach the sea at Dium.

15. καθιστάνοντες] so classical of 'conducting to' a place, e. g. Thuc. IV. 78 οί δε Περαιβοί αὐτὸν...κατέστησαν ές $\Delta \hat{i} \partial \nu$.

[να...έλθωσιν] Cf. xviii. 5; they joined him at Corinth.

16. iv Si rais 'A0.] Athens had been captured by Sulla B.C. 86 and suffered greatly. Her renown was however great as a place of education : she was 'the classic university Meriof the ancient world'.

vale, c. 56.

παρωξύνετο] xv. 39 n.

κατείδωλον] 'wholly given to idolatry' A.V., but R.V. rightly, 'full of idols', i.e. statues, &c. For the formation of the word of. καταβόστρυχος νεανίας Eur. Phoen. 146; κατάδενδρος; κατάμπελος; κατάχρυσος.

For the fact cf. Xen. de Rep. Ath. where he describes La. Athens as $\delta \lambda \eta \beta \omega \mu \delta s$, $\delta \lambda \eta \theta \partial \mu a \theta \epsilon o \hat{s} \kappa a \hat{a} \hat{a} \nu \hat{a} \theta \eta \mu a$, and Livy xLv. 27 alludes to simulacra deorum hominumque omni genere et materiae et artium insignia.

17. διελέγετο μέν ουν...] The sense of this passage is lost in A.V., and is not clear in R.V. or in the text as punctuated.

Before coming to the special event which he wishes to narrate at length, Luke by means of several parallel clauses, loosely connected, describes the general condition of things preceding it. These clauses have their verbs in the imperfect ($\delta\iota\epsilon\lambda\epsilon'\gamma\epsilon\tau_0$, $\sigma\nu\nu\epsilon'\betaa\lambda\lambda\sigma\nu$, $\epsilon'\lambda\epsilon\gamma\sigma\nu$, $\epsilon'\eta\gamma\gamma\epsilon\lambda'\xi\epsilon\tau_0$), the special event being markedly introduced by two aorists (επιλαβόμενοι ήγαγον).

While he was thus waiting in Athens Paul's spirit was gradually provoked by the number of idols he saw. In consequence of this (1) he used to discourse not only in the synagogue but in the market-place with those who came up. (2) Among those $(\tau \nu i \delta \delta \epsilon \kappa a)$ who thus entered into conversation with him Luke notes that there were some philosophers. (3) The general opinion of him was contemptuous. But at last 'they (i.e. the people generally) took him and conducted him...'.

It is to be noted that the antithesis to $\delta\iota\epsilon\lambda\epsilon\gamma\epsilon\tau\sigma \ \mu\epsilon\nu$ is $\epsilon\pi\iota\lambda\alpha\beta\delta\mu\epsilon\tau\sigma\iota\delta\epsilon$ (for which T.R. has $\epsilon\pi\iota\lambda\alpha\beta$, $\tau\epsilon$), cf. ii. 41 n., and that the clause $\tau\omega\epsilon$ $\delta\epsilon \ \tau\omegar$ 'E π ... $\sigma\omega\epsilon\beta\alpha\lambda\sigma \ \alpha\iota\tau\varphi$ is almost parenthetical* (cf. xii. 5, xiii. 5 for similar clauses with $\delta\epsilon$, intervening between $\mu\epsilon\nu$ and the antithetical $\delta\epsilon$), and in no case are 'the philosophers' to be regarded as the people described ver. 19 as 'taking hold of Paul', for Paul's speech was certainly not addressed to 'the philosophers', who could not possibly be called $\delta\epsilon\iota\sigma\iota\delta\alpha\iota\mu\sigma\epsilon\tau\epsilon\rho\sigma\nus$ or have had the remarks in vv. 24, 29 addressed to them, but was made to the 'men of Athens' generally.

iv τη άγορη] S.W. of the Acropolis, between it and the Areopagus and the Pnyx. Especially in the forenoon (the time known as πλήθουσα άγορά) it was a place of general resort, both for business and pleasure. It was here that Socrates 'argued' (διελέγετο) or 'reasoned' with all who came up to him, Cf. Plat. Gorg. 469 D πληθούσης άγορας έκει φανερός ην.

er 18. Eπικουρ(ων...] The Epicurean and Stoic schools were at this time the two great rival systems—sharply contrasted both in reality and in popular opinion.

The Epicureans, so called from Epicurus (342-270 B. c.), taught at Athens in the famous gardens of Epicurus.

They considered (1) that the world was created by the fortuitous combinations of indestructible atoms; (2) that the aim of life was pleasure, defined as mental calm or freedom from passion $(\dot{a}ra\rho a\xi ia)$, and that the soul perishes with the body; (3) that the gods lived an existence of eternal calm not troubling themselves about men. Lucretius has embodied their philosophy in the greatest of Latin poems, and in a popular form it permeates Horace.

The Stoics were founded by Zeno (360–260 в. с.), who lectured in the $\sigma\tauo\lambda \ \tauouch\gamma$; but Chrysippus (280–207 в. с.) was held to have really established the system by his great ability. He was, it may be noted, of Soli in Cilicia, and his' successor was Zeno of Tarsus.

Their principal doctrines were (1) a theory that the Diog. L. world was due to the transition of a 'constructive fire' $(\pi \hat{\nu} \rho \gamma^{\text{VII. 166.}} \tau \epsilon \chi \nu \kappa \delta \nu)$ or 'breath' through air into water and so into

* 'Ein sehr flüchtiger Pinselstrich im ganzen Bilde', F. Overbeck,

v. Ritter and Preller. solids; (2) that $d\rho\epsilon\tau\eta$ was the one thing desirable, and that this consisted in living 'conformably to nature' (ouoloyou- $\mu \epsilon \nu \omega s$ ($\eta \nu$), all other things, e.g. pleasure, pain, health. wealth, being 'indifferent' (ἀδιάφορα); (3) that God was a Diog. L. certain living force immanent in nature (το ποιοῦν...τον έν VII. 134. $\tau \hat{\eta}$ ühn hoyov), a sort of natura naturans, and was known to men by many names, e.g. είμαρμένη, νοῦς, Ζεύς.

καί τινες έλεγον...] Probably not the philosophers but generally some of those who heard Paul.

τί αν θέλοι] Cf. x. 17 n. The phrase suggests that possibly, but only possibly, there was a meaning in his words.

σπερμολόγος] (1) 'a rook' or 'crow', cf. Ar. Av. 578 τότε χρή στρούθων νέφος άρθεν | ή σπερμολόγων έκ των άγρων | τό σπέρμ' αυτών άνακάψαι.

(2) Eustath. on Od. v. 940 says that the Athenians applied the term to rows $\pi \epsilon \rho i \epsilon \mu \pi \delta \rho i a \kappa a i a \gamma o \rho a s \delta i a r \rho i B o \nu r a s,$ διά το άναλέγεσθαι τα έκ τών φορτίων άναβρέοντα και διαζήν, and so it is used of rows ouderos Abyou actions, 'hangers-on'; 'good-for-nothing fellows'.

Dem. 269 calls Aeschines $\sigma \pi \epsilon \rho \mu o \lambda \delta \gamma o s$, $\pi \epsilon \rho \ell \tau \rho \ell \mu \mu a d \gamma o \rho a s$, δλεθροs γραμματεύs, where the meaning is clearly not 'babbler' but 'parasite', 'hanger-on', also with a hit at his voice (as throughout the speech) and method of speaking. Cf. Suidas, σπερμολόγον; ευρυλόγον, ακριτόμυθον : Hesychius too explains the word by $\phi \lambda vap \delta s$.

So here it means (1) a man who hangs about to pick up odds and ends in the market-place; (2) one who was all sound without meaning.

Eéver Saiporler] The first count against Socrates was Xen. Mem. 1. άδικεί Σωκράτης...καινά δαιμόνια είσφέρων.

The plural is generic: Paul preached 'Jesus and His rising from the dead'; the Athenians considered this to be an account of some new Eastern divinity (Eévov daim.), and immediately classed Paul among the 'preachers of new divinities'.

Many commentators explain the plural by saying that e.g. the Athenians imagined that 'Arástasıs was the name of a $\frac{Chrys}{La}$ goddess, but Luke cannot have meant this, as those for Baum. whom he is writing could not possibly so understand the word, for he has already used it several times of 'the rising again' of Jesus.

καταγγελεύς] Cf. ver. 23, καταγγέλλω.

19. ἐπιλαβόμενοι] Not by any means implying violence, cf. ix. 27, xxiii. 19; Mark viii. 23 ἐπιλαβόμενος της χειρός τοῦ τυφλού.

194 ACTS OF THE APOSTLES. [XVII. 19.

τόν "Αρειον Πάγον] Α.Υ. 'unto Areopagus', adding in the margin 'It was the highest court in Athens'. No doubt the court of Areopagus (ή βουλη ή έξ 'Αρ. πάγου) did especially deal with religious offences, but there is not the slightest indication of any judicial hearing here, indeed the polite interrogation δυνάμεθα γνώγαι at the outset precludes it.

The hill is W. of the Acropolis, N. of the Agora, accessible from it by a flight of steps cut out of the rock. Perhaps Paul was taken there for a *quiet* hearing.

20. $\xi \epsilon \nu (\zeta o \nu \tau a)$ Cf. 'Elly $\nu (\zeta \omega \& c., 'act as a stranger', 'to be strange', 'unusual'. <math>\tau (\nu a \ \theta \in \lambda \in \iota..., cf. ii. 12.$

21. 'Αθηναΐοι δέ...καινότερον] Explanatory remark of the writer.

οί ἐπιδημοῦντες ξένοι] For ἐπιδημεῦν cf. ii. 10 n. Athens was much frequented, not only as a town of historical interest, but also as a university by young Romans. Cf. Cic. de Off. I. 1 Quanquam te, Marce fili, annum jam audientem Cratippum idque Athenis abundare oportet praeceptis...

М.

ηὐκαίρουν] Late Gk, =vacare alicui rei.

καινότερον] The Greeks frequently use the comparative, where there is no direct comparison, merely to indicate that the quality described by the adj. is present in an unusual degree: cf. next verse δεισιδαιμονεστέρουs; xxiv. 4 έπι πλεΐον; xxiv. 22 ἐκριβέστερον είδωs; xxv. 10 κάλλιον ἐπιγινώσκειs; xxv. 14. With καινόs however and νέοs their fondness for using the comparative is quite singular, and scems to illustrate the restless desire for novelty so characteristic of the Athenians and often referred to, e.g. Thuc. II. 38; Dem. 156 πυνθανόμενοι κατὰ τὴν ἀγορὰν, εἰ τι λέγεται νεώτερον. Nova statim sordebant, noviora quaerebantur. B.

22. $\sigma \tau a \theta \epsilon h s \delta \epsilon ...]$ Cf. ii. 14 n. Observe the dramatic power with which Luke calls attention to the great actor $(\sigma \tau a \theta \epsilon h s \delta \epsilon II.)$ and the great stage $(\epsilon^{i} r \mu \epsilon \sigma \varphi \ldots)$ on which he appears. Amplum Theatrum. B.

'The temple of the Eumenides was immediately below him:...eastward was the temple of Theseus...he beheld the Propylaea facing him and the Parthenon fronting him from above. The temple of Victory was on his right...Above him towering over the city...was the bronze Colossus of Minerva, armed with spear, shield, and helmet, the champion of Athens'.

δεισιδαιμονεστέρους] δεισιδαίμων is in itself a neutral word, and can be used (1) in a good sense='god-fearing', 'reverent', or (2) in a bad sense='fearful of the gods', 'superstitious'.

See also Stallb. Euthyphro, sub in.

W.

Dem. 721, 14,

A.V. gives 'too superstitious', R.V. 'somewhat superstitious', and V. superstitiosiores. These renderings are however misleading. Paul certainly does not commence with words of rebuke: he makes the unusual regard which the Chrys.A. Athenians paid to religious matters the point d'appui of his Baum. address. It seems clearly right therefore to take the word F. de W. in a good sense='very god-fearing' or 'reverent'. For this reverent spirit of the Athenians, cf. Pausanias 1. 17. 1 οί 'Αθηναίοι θεούς εύσεβούσιν άλλων πλέον; Soph. O. C. 260 τάς γ' 'Αθήνας φασί θεοσεβεστάτας.

At the same time the choice of the peculiar word here (cf. too its use xxv. 19) seems not unintentional. To the writer of the Acts the 'reverence' of the Athenians was 'superstition', and, assuming that we have only the substance of Paul's speech, it is possible that Luke, writing for Christians, chooses a word to describe the religious feeling of the Athenians which at any rate suggests the idea of superstition.

23. avaθεωρών] 'passing in review'. σεβάσματα, 'objects of reverence', e.g. temples, altars, &c.

καί βωμόν...] 'among others an altar...' ω έπεγέγραπτο =inscriptum erat.

ATN $\Omega\Sigma T\Omega \Theta E\Omega$] 'to (i.e. dedicated to) an unknown god'. The Greek gods had each their own rights and privileges (e.g. one guarded the sea, another the air; one was a god of healing, another of war): when therefore some occasion of prayer or thanksgiving necessitated the dedication of an altar, it was important to dedicate it to the proper deity, for otherwise there was grave danger of incurring the anger of the deity who was thus defrauded of his rights.

So Epimenides in a pestilence, which could not be Diog. attributed to the anger of any special deity, advised the Laert. sacrifice of a sheep $\tau \hat{\psi} \pi \rho o \sigma \eta \kappa o \nu \tau \iota \theta \epsilon \hat{\psi}$, and to this fact is assigned the existence at Athens of Bupol arwrupor.

So too the chorus in great perplexity Aesch. Ag. 155 appeal to Zevs, ootis not eotiv, not implying any doubt of his existence, but not knowing by what title properly to address him under the circumstances, and so asking him to accept an ambiguous address.

Pausanias 1. 1. 4 says that in Athens there are $\beta \omega \mu ol$ θεών δνομαζομένων άγνώστων, i.e. altars dedicated to a god not with any definite name but nameless or 'unknown'.

Text δ...τουτο] T.R. δν ... τουτον, probably corrected from an NIAIBD, idea of reverence. 'What'='the divinity which', cf. 70 or NSA2 deiov below. EHLP.

Epim. 3.

195

13 - 2

ACTS OF THE APOSTLES. [XVII. 23 196

ayvoouvres] The keynote of the speech: God unknown hitherto, now revealed. Instead of your needing to appeal to a god one among many and unknown, I proclaim to you God who is (1) the God, and (2) is revealed, (a) by His works, (b) by the special revelation of Jesus.

κύριος] dominus, here clearly 'owner', 'absolute 24. possessor'.

ούκ έν χειροποιήτοις] Cf. vii. 48 n. The thought is not uncommon in heathen writers, cf. Eur.

ποίος δ' αν οίκος τεκτόνων πλασθείς υπο

δέμας το θείον περιβάλοι τοίχων πτυχαίς;

So too Cicero says that Xerxes is reported to have burnt the Leg. II. temples of the Greeks, quod parietibus includerent deos quorum hic mundus omnis templum esset et domus.

> 25. ύπό χειρών ...] Cf. Ps. 1. 9 seq. 'I will take no bullock...'.

Ulpian in La.

Fragm.

ap.

10.

Clem.

Alex.

προσδεόμενος] προσδείσθαι = έχειν μέν μέρος, έτι δέ δείσθαι $\pi pois \tau \partial \tau \epsilon here v$. This exactly describes the popular conception of the gods as needing for their full happiness the offerings of men. On the other hand the Epicureans asserted that the divine nature was self-complete; cf. Lucr. 11. 650 Divom natura... ipsa suis pollens opibus nihil indiga nostri.

mâoil 'to all', carefully not 'to all men'. In vv. 24, 25 God is described as the Creator of 'the universe, the heaven and the earth, and all that is in it'; in ver. 26 as the Creator of men and their governor.

26. inolnow] Clearly in its emphatic position 'He made' So A.& R.V. i.e. created, parallel to o ποιήσαs ver. 24. Others give έποίη-So A. M. σεν κατοικείν 'He caused to dwell'; cf. Mark vii. 37 τους κωφούς ποιεί ακούειν. La. de W.

Katoikely] Inf. of purpose or result, 'so that they should dwell'; cf. below $(\eta \tau \epsilon i \nu)$, which is not joined with $\kappa a \ell$ because it is not parallel to κατοικείν, but somewhat subordinate in sequence of thought: not 'so as to dwell...and seek', but 'so as to dwell...so as to seek'.

έπι παντός προσ.] Gen. xi. 8 έπι πρόσωπον πάσης της γής. 27. el apa ye] viii. 22 n.

ψηλαφήσειαν...καl εύροιεν] The two verbs form one compound idea, 'if haply they might by groping find Him': it is not the searching that is problematical but the finding. For $\psi_{\eta\lambda\alpha\phi\dot{a}\omega}$, cf. Phaedo 99 B, where it is used of vague guesses at truth.

Kal ye...] 'and that though He is ...'.

23. $i\nu \operatorname{aut} \hat{\omega} \gamma d\rho$...] Proving that He is not far from us, and therefore to be taken literally, 'for in Him...', but also including the meaning 'by Him'. As air is everywhere, and in it and by it we live, so in a fuller sense we live in God and by Him.

 $\omega_{\mu\nu\nu}, \kappa_{\nu\nu}\omega_{\mu}\epsilon_{\theta,a}, \epsilon_{\sigma\mu}\epsilon_{\nu}$] Lange remarks that these words Sotoo M. by themselves are in a descending scale; life is more than movement, movement than existence: but taken in their connection here they form an ascending scale and produce a climax; not only our life but movement, not only movement but existence is in God.

τινές...] Aratus of Soli in Cilicia (flor. B.C. 270) in his astronomical poem τὰ Φαινόμενα, which begins ἐκ Διὸς ἀρχώμεσθα, has these exact words. Cleanthes, the Stoic philosopher (300-220 B.C.), in his Hymn to Zεψs 1. 5 has ἐκ σοῦ γὰρ γένος ἐσμέν. In both cases Ζεψς is used in a Pantheistic sense, see note on the Stoics ver. 18.

Paul quotes a Gr. poet again in 1 Cor. xv. 33 φθείρουσιν ήθη χρήσθ' όμιλίαι κακαί; Tit. i. 12 Κρήτες ἀεὶ ψεῦσται, κακὰ θηρία, γαστέρες ἀργαί.

 $\gamma \epsilon \nu o s...$] Thrown forward to connect the argument: being His offspring we ought to know that He cannot be like an image, to which we are ourselves unlike and superior.

29. οὐκ ὀφίλομεν] Clemens locutio praesertim in prima persona plurali. B.

χρυσφ...δμοιον] The same protest against anthropomorphism is not uncommon in antiquity, e.g. Xenophanes has

> είς θεός έντι θεοίσι και άνθρώποισι μέγιστος ούτε δέμας θνητοίσιν όμοίζος ούτε νόημα.

Ap. Clem. Alex. Strom. v. p. 601 c:

χαράγματι] 'a thing graven', from χαράσσω.

τέχνης καl ένθυμ.] artis externae, cogitationes internae. B.

τὸ θεῖον] Not 'God', because Paul is referring to their ideas of 'the Divine'.

30. τούς χρ. τῆς ἀγνοίας] The time previous to the sending of the 'message' by Jesus which Paul 'proclaims', and also with reference to ἀγνώστψ, ἀγνοοῦντες ver. 23.

iπεριδών] A.V. 'winked at'; R.V. 'overlooked'. Both words suggest an idea of 'pardon', not contained in $i_{περ$ $ιδείν}$. The word is the opposite of εφορῶν 'to regard', and only occurs here in N. T., but is found in LXX. in the clear sense of 'neglect', e.g. Ps. lv. 1 μη ὑπερίδηs την δέησίν μου; Ps. lxxviii. 62 την κληρονομίων αὐτοῦ ὑπερείδεν; Gen. xlii. 21; Deut. xxii. 1. The word here however must not be pressed.

ACTS OF THE APOSTLES. [XVII. 30

as though it contained any positive statement as to God's treatment of men in the past: it has merely a negative force, serving to bring out more clearly the contrast between the past and God's present definite revelation. One part of an antithetical statement should never be taken alone.

μετανοείν, καθότι...] 'to repent, according as ... ': the warning to repent is in accordance with the declaration of judgment.

μέλλει κρίνειν...] Ps. ix. 8 αύτος κρινεί την οίκουμένην έν δικαιοσύνη.

31. ἐν ἀνδρὶ ῷ...] 'by means of the man whom...'; cf. Matt. ix. 34 έν άρχοντι τών δαιμονίων έκβάλλει τα δαιμόνια.

πίστιν παρασχών] 'having afforded' or 'brought forward proof' (i.e. of this appointment) by having raised ...'.

παρέχεσθαι, regularly in Dem. of 'bring forward evidence'.

32. avaotaou verpaul 'a resurrection of dead men'; not 'the resurrection of the dead', as R.V. Paul had said nothing about the resurrection of the dead generally, but only spoken of the resurrection of Jesus: his hearers immediately refuse to listen any more to a man who talks about 'a rising again of dead men'. The plural 'men' represents their scornful generalization.

33. οῦτως...] 'Then (cf. vii. 8, xxvii. 44, xxviii. 14) Paul went forth from their midst'. The graphic vigour of these words deserves notice.

34. ALO. & 'Apeom.] According to tradition ordained Euseb. Hist. III. Bishop of Athens by Paul. 4.

CHAPTER XVIII.

1. Kópwov] Taken and destroyed by L. Mummius B. C. 146: rebuilt and made a 'colony' by Caesar: capital of the province of Achaia and residence of the proconsul: the chief commercial city of Greece.

2. 'IouSalov] 'a Jew', not 'a disciple', and therefore probably not at this time a Christian: the reason assigned for Paul's residence with him is not that he was a Christian but that he was 'of the same trade'.

'Aκύλαν] Aquilam. For Jews of Pontus cf. ii. 9 n. Aquila and Priscilla went with Paul to Ephesus and stayed there (vv. 18, 26; 1 Cor. xvi. 19), but are referred to as again at Rome, Rom. xvi. 3.

198

Πρίσκιλλαν] dimin. of Prisca, cf. Livilla, Drusilla. She is called Ilplokav Rom. xvi. 3 (where T.R. wrongly Ilploki)- $\lambda \alpha \nu$).

Sià tò Siatetaxévai ...] Claudius was Emperor 41-54 A.D. Suetonius says Judaeos impulsore Chresto assidue Claud. tumultuantes Roma expulit. These ambiguous words may 25. refer (1) to riots at Rome headed by some one actually called 'Chrestus' (xpnotos), or (2), much more probably, to disturbances due to disputes among the Jews about 'the Christ' (Suet. having mistaken the name and its meaning). and possibly in connection with the new teaching that Jesus was 'the Christ'.

The edict (like the other edict of Claudius against astrologers (Tac. Ann. XII. 52) cannot have been strictly enforced, for Jews were numerous in Rome very shortly after this, cf. e.g. xxviii. 15.

3. oµorexvov] The Rabbis enjoined that every father should teach his son a trade, that he might always be able to earn his own bread. The Rabbi Judah says 'He that teacheth not his son a trade, doth the same as if he taught him to be a thief'.

For Paul earning his own living, cf. xx. 34; 1 Thess. ii. 9; 2 Thess. iii. 8. The Teaching of the Twelve Apostles ch. 12 distinctly asserts that those who claim to be prophets or preachers shall earn their own living.

σκηνοποιοl] 'tent-makers'. It is suggested that the word may refer to 'making the material for tents'; the manufacture of a substance called *cilicium*, much used for tents, was much practised in Cilicia, the goats in that region possessing specially thick hair. There is however no authority for rendering okyvomoulds 'maker of material for tents'.

'The fertile plain on which Tarsus stands is, in harvest Cook time, still studded with these hair-cloth tents'.

5. συνείχετο τῷ λόγω] T.R. with poor authority τῷ fort πνεύματι.

 $\dot{\mathbf{R}}$.V. renders 'was constrained', as though the arrival $\frac{mai}{273}$. of Silas and Timothy had caused this increased vigour, whereas the imperfect clearly expresses that when they arrived 'they found Paul wholly occupied with the word'.

For $\sigma_{\nu\nu}\epsilon_{\chi}$ omai, cf. xxviii. 8; Luke viii. 37 $\phi \delta \beta \omega \mu \epsilon \gamma \delta \lambda \omega$ συνείχοντο; Thuc. 11. 49 τη δίψη απαύστω ξυνεχόμενοι. The word expresses a firm hold.

6. ἐκτιναξάμενος] Cf. xiii. 51 n. Neh. v. 13.

τό αίμα...] Cf. Ezek. xxxiii. 4 το αίμα αύτοῦ έπι της κεφαλής αὐτοῦ ἔσται. The words here are not a curse but

with ref. to Beau-Karanania.

(1) a warning, (2) a solemn disclaimer of responsibility, cf. xx. 26; Ezek. xxxiii. 8, 9; 2 Sam. i. 16.

eis rà čôvn] i.e. here at Corinth, cf. ver. 19.

7. iccifier] from the synagogue. The house of Justus he enters probably for the purpose of preaching. There is no indication of his leaving either his residence or his work with Aquila.

Τιτίου 'Ιούστου] MSS. vary much; some give *Tίτου*, others omit the word. Perhaps the word is due to the final **τ**. **A**. **M**. *τι* in *όνόματι* being written twice and *τι* taken as a contraction for Titus, Justus being elsewhere only a second name, cf. i. 23; Col. iv. 11.

8. Kρίσπος] 1 Cor. i. 14.

9. μη φοβού] Is. xliii. 5.

λάλει και μή σιωπήσης] The double form expresses emphasis. Cf. John i. 3, 20; Acts xiii. 11 τυφλός μη βλέπων τόν ήλιον.

10. διότι έγώ...] Cf. x. 38; Judg. vi. 16; Jer. i. 8.

λαόs] Cf. iv. 25 n., not Jews but 'a chosen people', i.e. chosen from among the heathen.

11. ἐκάθισεν] Cf. Luke xxiv. 49 καθίσατε ἐν τŷ πόλει; 'remain', 'tarry'. The two Epistles to the Thessalonians are generally assigned to this period.

12. **Γαλλίωνοs**] brother of Seneca and uncle of Lucan; his original name was M. Annaeus Novatus until he was adopted by the rhetorician Gallio. Seneca describes him as possessing comitatem et incompositam suavitatem, and adds, Nemo enim mortalium uni tam dulcis est quam hic omnibus. So too Statius Silv. 11, 7. 32 dulcem Gallionem.

άνθυπάτου] xiii. 6 n. Achaia had been a senatorial province: Tiberius made it an imperial one (Tac. Ann. 1. 76), but Claudius gave it back to the senate (Suet. Claud. 25).

'Axa(as] By Homer the Greeks generally are termed 'Axatol, but in classical times the name is confined to the inhabitants of a narrow strip of land to the N. of Peloponnesus; the Achaeans however become again important with the formation of the Achaean league B.c. 281, and on the final reduction of Greece B.c. 146 the term was applied to the Roman province, which embraced the whole of Greece proper. Beyond it was 'Macedonia', cf. xvi. 12 n.

βήμα] xii. 21 n.

13. παρά τὸν νόμον] The Jews designedly use an ambiguous phrase 'contrary to the law' desiring to induce Gallio to put Paul on his trial: he however rightly distin-

Quest. Nat. 4, Praef.

П.

xvIII. 18]

guishes between Roman law, which he was bound to administer, and Jewish law (νόμου τοῦ καθ' ὑμâs), with which he had nothing to do. Observe the emphatic position of the words.

14. ei uer nu...ei Se intnuará eotiv] 'If it had been (which it is not)...but if they are (as they are)'.

άδίκημα] injuria, a general word for anything which La. B. would form the ground of civil or criminal proceedings. ραδιούργημα πονηρόν : a criminal offence.

κατά λόγον] Opposite of παρά λόγον.

άνεσχόμην] Judaeos sibi molestos innuit. B. Cf. the contemptuous plural intipuata, and 'Ioudalou without avopes.

15. λόγου καl ἀνομάτων] words not facts; cf. the old Roman principle-facta arguebantur, dicta impune erant (Tac. Ann. 1. 72).

The sentence xpiords o Invois would give rise to questions about a statement ($\lambda \delta \gamma \sigma \nu$) and names ($\delta \nu \sigma \mu \dot{\alpha} \tau \omega \nu$)'.

όψεσθε αὐτοί] Really imperative; 'look to it yourselves'; cp. Matt. xxvii. 4 où over. So airds yvwore Plat. Gorg. 505 c.

17. πάντες] i.e. the bystanders. T.R. adds of Ελληνες- of Ελλ. a correct gloss.

DEHL P. text

Σωσθένην τον dox.] Perhaps the successor of Crispus NAB. ver. 8. Anyhow he seems to have been prominent in bringing forward the charge against Paul.

18. ἀποταξάμενος] Mark vi. 46; Luke ix. 61='bid farewell'.

Kelpauevos...] Without doubt referring to Haulos the main subject, the words κal σύν αὐτῷ... 'Aκύλas being parenthetical. Nor is it an objection to this that Aquila is named after his wife, as, for some unknown reason, the same order is found ver. 26; Rom. xvi. 3.

The incident seems referred to in order to call attention to Paul's personal obedience to the Jewish Law.

What the cause or nature of the vow was is not known. Abstinence from wine and allowing the hair to grow were common accompaniments of a vow, cf. xxi. 24, 26, and the description of the vow of the Nazarites. Numb. vi. Shaving the head would mark the completion of the vow. and strictly could only be performed in the Temple, the hair being burnt with the offering. Wordsworth however draws a v. w. distinction between Keipáµevos 'having polled', 'cut shorter', ad loc. and Euphowrat xxi. 24 'shaved', comparing 1 Cor. xi. 6 aioxpor yuracki to kelpastal n Eupastal; and it seems that

one who had taken a Nazarite vow in foreign lands might so poll his hair, provided that he kept the hair for burning when the head was finally shaved.

Roman sailors made similar vows, cf. Juv. xII. 81 gaudent ubi vertice raso | garrula securi narrare pericula nautae.

Keyypeais] The Eastern of the two ports of Corinth (bimaris Corinthi Hor. Od. 1. 7. 2), 70 stades from the city: Lechaeum was the W. port.

19. κάκείνους κατέλιπεν αύτοῦ] i.e. Aquila and Priscilla. The words somewhat anticipate Paul's actual departure, but Luke is desirous to pass on to the action of the central figure (cf. autós).

21. αποταξάμενος] T.R. has απετάξατο αύτοις είπων, Δεί με πάντως την έορτην την έρχομένην ποιήσαι είς Ιεροσόλυμα, NABE. πάλιν δέ...

> 22. avaβàs] Clearly to Jerusalem, cf. viii. 15 n.

έξηλθεν] Commencement of the third missionary 23. journey, ending at Jerusalem (xxi. 16). For $\dot{\eta} \Gamma a \lambda$. $\chi \dot{\omega} \rho a$, which is here distinguished from Phrygia, see xvi. 6 n.

24. 'Alexander founded Alexandria B. C. 332, and himself planted a colony of Jews there; at this time they formed a third of the population. It was the great meeting-point of Judaism and Hellenism, and it was here that the LXX. version of the Old Testament was produced. For Apollos, cf. 1 Cor. i. 12, iii. 5, iv. 6.

λόγιος] A.V. 'eloquent'; R.V. 'learned' with 'eloquent' in margin. The word can bear either meaning, but, as the words Súv. w ev rais y. describe learning, it seems preferable to render 'eloquent'. Moreover when it means' 'learned' it specially means 'learned in history' ($\delta \tau \hat{\eta} s$ iστορlas έμπειρος, Hesych.), a sense not required here.

κατηχημένος] lit. 'orally instructed', cf. Luke i. 4. 25. But, as oral instruction was almost the only method used, it = merely 'instructed'.

ζέων τῷ πνεύματι] 'fervent', expresses the effect of 'yeast' or 'ferment'. Cf. Rom. xii. 11 τῶ πνεύματι ζέοντες, and the comparison of the kingdom of God to 'leaven' (ζύμη) Luke xiii. 21.

άκριβώs] A.V. 'diligently' and in next verse 'more perfectly'; R.V. 'carefully' and 'more carefully': but as in ver. 26 the word is clearly objective, referring not to the greater care they took but to the greater accuracy of their information, we should perhaps render 'accurately' in both cases. The accuracy of Apollos' teaching was only comparative and needed supplementing. Like his master John,

Omit

See quot. in W.

XIX. 2]

he knew much but not all (cf. the account of John's uncertainty about Jesus being the Messiah, Matt. xi. 2; Luke vii. 18).

τό βάπτισμα 'Ιωάνου] = βάπτισμα μετανοίας (xiii. 24 ; xix. 4), baptism of which repentance was the condition as a preparation for the coming of the Messiah; opposed to it is the baptism by the Messiah Himself έν πνεύματι άγίω και πυρί (Matt. iii. 11; Mark i. 8; Luke iii. 16).

27. προτρεψάμενοι...έγραψαν] Clearly 'encouraged him and wrote' as R.V., not 'wrote exhorting the disciples' as A.V. He was eager and they urged him on: currenti addi- Calvin in M. derunt calcar.

τοîs πεπιστευκόσιν] Rigavit Apollo non plantavit. B. Cf. 1 Cor. iii. 6.

δια της χάριτος] With συνεβάλετο but placed last for emphasis: his success was due to 'grace': so Paul ascribes his success to the same cause 1 Cor. xv. 10.

28. εὐτόνως] Classical, and Luke xxiii. 10=intentis nervis.

διακατηλέγχετο] A very strong word. έλέγχειν merely expresses 'proof', but $\kappa a \tau \epsilon \lambda \epsilon \gamma \chi$.='overpower by proof', 'confute', and $\delta_{ia\kappa a\tau\epsilon\lambda}$. = 'thoroughly confute'.

CHAPTER XIX.

1. τα ανωτερικα μέρη] the inland part of Asia Minor, see xviii. 23.

2. πιστεύσαντες] A.V. 'since ye believed': R.V. rightly 'when ye believed'. The question asked is whether when they became believers they 'received the Holy Spirit', i.e. clearly the special visible gift of the Holy Spirit as described ch. ii., x. 44-46, and ver. 6 here.

άλλ' ούδ' εἰ πνεῦμα ἄγιον ἔστιν ήκούσαμεν] 'Nay, we A. and did not even hear whether there is a Holy Spirit'; i.e. at so F. our baptism (cf. aorist ηκούσαμεν) so far from receiving a rant of Holy Spirit we did not even hear of the existence of a the very Holy Spirit.

This, the only possible rendering of the Greek, gives a clear sense. John preached βάπτισμα μετανοίαs els αφεσιν άμαρτιών; this baptism these men had received: he also proclaimed a coming Messiah, who should baptize ev πνεύ- $\mu a \tau i \dot{\alpha} \gamma l \omega$; of this baptism these men had not heard. It is on this point that Paul specially supplements their knowledge, 'John's baptism of repentance', he says, 'was preparatory to a belief on one who should come after him, viz., Jesus'.

name'.

R.V. gives, 'Nay, we did not so much as hear whether the Holy Ghost was given', a rendering which in several ways misrepresents the Gk.

(1) The words $\pi\nu\epsilon\hat{\nu}\mu a$ $\check{\alpha}\gamma\iota\nu\nu$ may be used as = (a) The Holy Ghost, (3) 'the holy spirit' or 'inspiration' which He produces by His presence, (γ) 'a spirit of holiness', without any special reference to the Holy Ghost. The rendering 'Holy Ghost' is on the other hand far more definite.

(2) The Gk has no article, and though in Paul's question to render 'Did ye receive the Holy Ghost' gives the true sense, because he is definitely referring to the Holy Ghost; yet in the reply to render $\pi\nu$. $\ddot{\alpha}\gamma$. 'the Holy Ghost' is to assume that the words were understood in the sense in which Paul used them.

(3) The rendering 'was given' cannot be supported by John vii. 39 τοῦτο δὲ εἶπε περί τοῦ πνεύματος οῦ ἔμελλον λαμβάνειν οι πιστεύσαντες είς αὐτών· οῦπω γὰρ ην πνεύμα, where A.V. renders $o \tilde{v} \pi \omega \tilde{\eta} \nu$ 'was not yet given'. Jesus there had been telling of a great gift which He had to bestow, and the writer adds, 'This He said with reference to the spirit which they were about to receive: for as yet the spirit was not'. The words ound yap no are explanatory of ou ξμελλον λαμβάνειν. John writing long after the spirit had been given, thinks it needful to explain the phrase 'which they were about to receive' by recalling to his hearers the fact that 'as yet the spirit was not', i.e. was not received. 'They were about to receive it' he says 'for as yet it was 'not (received)'. The addition of the word 'given' in A.V. is legitimate though unnecessary, and the addition of the word 'received' would have been much better.

Here however $\ell \sigma \tau \iota$ is totally unconnected with $\ell \lambda d \beta \epsilon \tau \epsilon$, so that it is impossible to supply $\ell l \lambda \eta \mu \mu \ell \tau \sigma \sigma$. The two verbs that are connected are $\ell \lambda d \beta \epsilon \tau \epsilon$ and $\eta \kappa \sigma \sigma \sigma \mu \epsilon \tau$, and they are in marked antithesis $(d \lambda \lambda' \sigma \ell \delta \ell)$. The addition of the word 'given' destroys the sense. This is at once made clear by altering the form, but not the sense, of the question. 'When you became believers', Paul asks, 'was the Holy Ghost given you?'; to this the revisers make the men reply 'Nay, we did not even hear that the Holy Ghost was given'. The strong antithesis vanishes.

(4) As has been already pointed out, to assume that these men were acquainted with John's Messianic preaching is to assume that they knew exactly what Luke describes Paul as proceeding to teach them: the revisers quit the necessary rendering to destroy the necessary sense.

c. Lastly, lest it should be assumed that, as Jews, they must have heard of $\pi \nu e \hat{\nu} \mu a \ \ddot{a} \gamma \iota o \nu$, it should be remembered that the phrase only occurs three times in the O.T. and is never

As B. &c."

used absolutely as here. Cf. Is. lxiii. 10, 11 (and Cheyne ad loc.), Ps. li. 13.

It is perhaps necessary to add that in any case the 'was given' of R.V. is a grammatical error; it should have been 'is' or 'has been given', or, if accuracy be desired. 'has been received'.

3. eis rí] 'into what?' Their answer was 'into John's baptism', i.e. into repentance. They are now baptized 'into the name of the Lord Jesus', i.e. into an acceptance of Jesus as the Messiah.

 $\epsilon (\pi \epsilon v)$ Clearly the words given are but a summary of Paul's argument shewing the merely preparatory nature of John's teaching, which only had a meaning in as far as it pointed onward to his successor. Notice els tor épyouevor $\mu\epsilon\tau'$ autóv placed with great emphasis before iva $\pi\iota\sigma\tau$.

5. εἰς τὸ ὄνομα...] ii. 38 n.

άποστάs...] As he had done at Corinth, xviii. 7. 9.

σχολη] 'school', ludus. (1) Originally='time not occupied by business', (2) then, as such leisure was frequently employed by educated Greeks in philosophic or literary discussion, the word is applied to such discussions, (3) the place in which they are held, 'a lecture-room', 'a school'.

10. ἔτη δύο] xx. 31 Paul speaks of his stay at Ephesus as $\tau \rho \iota \epsilon \tau \iota a \nu$; here the three months of ver. 8 are to be added, and perhaps the period referred to in vv. 21, 23. Anyhow TPIETIAN need not mean more than 'a part of three years', cf. the famous 'after three days' Matt. xxvii, 63.

ώστε πάνταs] To this visit may be referred the foundation of 'the seven churches' in Asia. Rev. i. 11.

11. ού ταs τυχούσας] Litotes, cf. xxviii. 2. In classical Gk. $\delta \tau v \chi \omega v =$ 'one who meets one by chance', 'any chance' or 'ordinary person'.

σούδαρια ή σιμικίνθια] Sudarium, 'a napkin' or 12. 'handkerchief'; the word used Luke xix. 20; John xi. 44, xx. 7. Semicinctium, perhaps a linen apron worn by servants Baum. or workmen, and Paul did manual work at Ephesus, cf. xx. notes this. 34.

These words, transliterated from Latin, are interesting historically; the Roman conquest could not have been superficial when such words as these had passed into the ordinary language of Greek-speaking countries.

13. τών περιερχ. 'Ι. έξορκιστών] For the practice of heim, exorcism by the Jews on those ' possessed' cf. Matt. xii. 27. App. 16.

Ant. VIII. 2. 5. Josephus relates traditions as to the skill of Solomon in expelling demons who caused various diseases, and says that his formulae and words of exorcism were known in his day.

> όρκίζω ὑμῶς τὸν 'I.] Cf. Mark v. 7 ὀρκίζω σε τὸν θεών; 1 Thess. v. 27 ἐνορκίζω ὑμῶς τὸν κόμιον. ὑμῶς is the direct acc. after the verb, τὸν 'Ιησοῦν the cognate accusative giving the words of the adjuration (ὅρκος) with which the person adjures (ὀρκίζω).

14. apxicpéws] 'a chief-priest', cf. v. 24 n.

15. γινώσκω...ἐπίσταμαι] 'know...know' A. and R.V. rightly. It is easy, but unsafe, to say that γινώσκω='ac-knowledge', i.e. as recognizing His power, whereas ἐπίσταμαι = 'know' merely expresses acquaintance with a fact. The change of the word seems due to a natural tendency to variation, cf. xx. 15, where $\tau \hat{y}$ ἐπιούση, $\tau \hat{y}$ ἐτέρα, $\tau \hat{y}$ ἐχομένη = 'on the next day'.

ύμεῖs] Thrown forward contemptuously.

Text NABD. suit $i\pi\tau \dot{a}$ above. Two sons only would seem to have been present on this occasion.

So A. La. 18. τῶν πεπιστευκότων] 'believers', absolutely, cf. Baumg. xviii. 27, xxi. 20, 25. They had embraced Christianity but had not hitherto given up their evil practices. Not 'those As M. who believed owing to the event', which would rather require the aorist.

 $\pi \rho \alpha \xi \epsilon s$] 'deeds' A. and R.V., but rather 'dealings', viz. with the magicians.

19. ikavol & ...] Apparently contrasted with the 'many believers' who confessed their dealings with magicians are the 'considerable number of those who dealt in magical arts', i.e. actual magicians, who burnt their books as a sign of relinquishing their art.

τά περίεργα] i.e. things better left alone, not meddled with; cf. Plat. Apol. 19 Β Σωκράτης άδικεῖ καl περιεργάζεται ζητών τά τε ὑπὸ γῆς καl τὰ ἐπουράνια. So too Ecclesiasticus iii. 23.

x. A. F. β(βλους] i.e. magical books. Pieces of parchment containing words copied from a mysterious inscription on the figure of Artemis were well known under the name of 'Εφέσια γράμματα, and supposed to act as charms.

As W. and others.

dovrolou] i.e. 50,000 drachmae, the drachma being the standard silver coin (so now a 'shilling', 'franc', 'mark') representing the Latin *denarius* = eightpence or ninepence.

kard kpáros] Only here in N.T. A frequent mili-20. tary term in classical Greek, e.g. Thuc. VIII. 100 πόλιν έλειν ката кратоз.

21. $\delta\epsilon\hat{\iota} \ \mu\epsilon \ \kappa \alpha \hat{\iota} \ \hat{P} \omega \mu \eta \nu [\delta\epsilon\hat{\iota} \nu]$ The emphasis of this almost v. Baum, rhythmical phrase is distinct. The Apostle sees before him ^{ii.} 27. the final goal of his labours. Cf. xxiii. 11 n. For his desire to visit Rome cf. Rom. i. 13: the Epistle to the Romans was probably written from Corinth shortly after this.

22. "Epagros. The same name 2 Tim. iv. 20; Rom. xvi. 23.

els Thy 'Ao(av] 'in Asia', A. and R.V. But from the fact that the words are not 'in Ephesus' it would seem that the phrase implies movement from Ephesus into other parts of Asia, or at any rate that his stay had reference to parts of Asia outside Ephesus. Cf. xxii. 5 n.

24. vaous] Apparently small models of the temple, portable, and placed in houses or even worn as amulets. Wordsworth refers to similar Παλλάδια περιαυτόφορα.

Ephesus, near the mouth of the Cayster, was the capital and of the province of Asia, and at this time the most important c. 16 n. city of Asia Minor. The temple of Artemis, built in the 6th century B.C., was burnt down by Herostratus on the night of Alexander's birth (Oct. 13-14 B.C. 356), but was restored and reckoned one of the wonders of the world.

The Ephesian Artemis (quite distinct from "Aprepus= Diana) was an Asiatic deity: the image (see below ver. 35) was swathed like a mummy, and πολύμαστος, probably symbolizing the fructifying powers of nature.

26. ό Παύλος ούτος] Contemptuous, cf. vi. 14.

our eiolv Geol ...] One of the most striking differences between the Jews and most heathen nations as regards religion was that the latter used 'images' or 'idols', which the common people certainly identified with the gods themselves, whereas to the Jews the making of an idol was most strictly forbidden, cf. Ex. xx. 4; Ps. cxxxv. 15-18 and the description of the 'making of a god' (cf. of dia xeipŵr yiyr.) Isajah xliv. 9-17. Tac. Hist. v. 6 Judaei...nulla simulacra urbibus suis nedum templis sinunt.

27. µépos] ' part', ' part assigned one', and so 'trade', 'business'. juiv dat. incommodi, ' there is risk of our finding our trade '

Athens

ACTS OF THE APOSTLES. [XIX. 27] 208:

alla kal] sed etiam. Efficax sermo, quem utilitas et superstitio acuit. B.

 $d\pi\epsilon\lambda\epsilon\gamma\mu\delta\nu$] lit. 'rejection after being examined'; R.V. 'disrepute'.

τής μεγάλης θ. 'Apr.] The goddess was generally known as ή μεγάλη; cf. Xen. Ephes. 1. p. 15 όμνύω την πάτριον ήμιν θεόν, την μεγάλην Έφεσίων "Αρτεμιν. On an inscription found at Ephesus in 1877 she is styled in $\mu\epsilon\gamma i\sigma\tau n \theta\epsilon os.$

τη̂s μεγαλειότητος] T.R. has acc. The gen. seems partitive, 'there is likely to be overthrown of her magnificence', cf. Xen. Hell. IV. 4. 13 καθελείν των τειχών; and Diod. Sic. IV. 8 καθαιρείν τι τής του θεού δόξης. But R.V. 'that she should even be deposed from her magnificence'.

ήν όλη...] Cf. Apuleius 2, Diana Ephesia, cujus nomen unicum, multiformi specie, ritu vario, nomine multijugo, totus veneratur orbis.

29. els tò θέατρον] The theatre at Ephesus was colossal and capable of containing 56,000 spectators. 'On inscriptions of Ephesus discovered in 1877 the theatre to Wood, appears as the well-known place for public meetings...In it

were many statues and inscriptions referring to the worship of Artemis'. For a similar use of a theatre, cf. Tac. Hist. 11. 8 Antiochensium theatrum ingressus, ubi illis consultare mos est.

Taiov] Gaium: the same name xx. 4. For Aristarchus cf. xx. 4, xxvii. 2; Col. iv. 10; Philem. 24.

31. $\tau \hat{\omega} \nu A \sigma \iota a \rho \chi \hat{\omega} \nu$] Ten officers elected by the various cities in the province of Asia, whose duty it was to celebrate at their own cost the public games and festivals. The games in honour of Artemis were held in May, which was called after her (ἐπώνυμον τοῦ θείου ὀνόματος). The mention of the Asiarchs here makes it probable that this disturbance took place, as it very naturally might, in that month.

Souval A. and R.V. 'adventure': the word suggests hazard.

33. συνεβίβασαν] T.R. προεβίβασαν, an obvious correction. The nom. is certainly the same as that of Expaçor -- 'so then they (i.e. the various members of the 5xlos) kept crying (imperfect)...but at last they pushed forward (aorist) Alexander....'

What the narrative seems to describe is this. The excitement of the multitude had inspired fear among the Jews at Ephesus (unpopular there as at Philippi and Corinth, cf. too ver. 34), for the multitude would not distinguish between Paul and other Jews, and the special teaching with regard

La. and M. referring

to idols, which had caused the riot, was wholly Jewish. They therefore tried to put forward $(\pi\rho\sigma\beta\alpha)\delta\nu ra\nu$ one of their number, Alexander, in the hope that he might get a hearing and make a defence $(\dot{a}\pi\sigma)\alpha\gamma\epsilon\hat{a}\sigma\theta\alpha\hat{a}$, shewing that they had nothing to do with Paul. The result was that the people 'joined in pushing him out of the throng', i.e. forced him out of the mob on to some raised place, from which he could address them.

συνεβίβασαν, from $β_iβάζω$ the causal of βalνω = ` make to go', seems a graphic word accurately describing the way in which a mob, when their attention had been directed to a man, would join in pushing him forward, 'thrust' or 'squeeze' him out. For this use of $β_iβάζω$ in compounds cf. καταβιβάζω, έκβιβάζω, προβιβάζω, and συμβιβασθέντες, συμβιβαζόμενον = 'made to go together' Col. ii. 2, 19.

Meyer renders 'instructed', cf. 1 Cor. ii. 16, and so R.V. in margin, but this yields no sense.

34. $\dot{\epsilon}\pi\iota\gamma\nu\delta\nu\tau\epsilons...\phi\omega\nu\eta$ $\dot{\epsilon}\gamma\dot{\epsilon}\nu\epsilon\sigma\mu\langle a]$ Sense-construction = 'having learned...they should'. T.R. $\dot{\epsilon}\pi\iota\gamma\nu\delta\nu\tau\omega\nu$ with no authority.

35. όγραμματεύς] 'town-clerk', a very important officer, keeper of the public records, whose duty it was to draw up official documents and read them in the public assembly. Often named on Ephesian inscriptions. The tone of his speech is 'decidedly legal'.

Baum.

τίς γάρ...] Explaining his conduct: 'I have tried to quiet you and there is no reason for disturbance, for...'.

νεωκόρος (1) 'temple-cleaner', (2) 'guardian of a temple', See A. (3) frequently applied as a title of honour especially to Asiatic cities, and so found on coins and inscriptions, the Ephesian people being described on two inscriptions as δ νεωκόροs δήμοs, and also ν. τῆs 'Αρτέμιδοs.

τοῦ διοπετοῦς] ' the image that fell from heaven '; A. and R. V. 'that fell from Jupiter', giving a distinctly wrong impression, for διο- merely describes 'the bright sky' (of which no doubt Ze's is king) from the root $\delta_i F$ found in *dies* &c., and should no more be translated 'Jupiter' than in the phrase sub dio. $\delta_{u\pi}er\eta$'s is applied to rivers as being fed by rain 'fallen from heaven', Hom. Il. xvi. 174; Od. rv. 477.

The same tradition attached to the statue of Artemis at Tauris (Eur. Iph. T. 977 διοπετές άγαλμα, ούρανοῦ πέσημα), H. the Palladium of Troy, the Minerva Polias of Athens (Paus. Att. 26 [•] Αθήνας άγαλμα ἐν τῆ νῦν ἀκροπόλε...φήμη δὲ ἐς αὐτὸ ἔχει, πεσεῖν ἐκ τοῦ οὐρανοῦ), the Cybele of Pessinus, &c.

209

ACTS OF THE APOSTLES. [XIX. 37 210

37. yap] explains προπετέs- 'headstrong, as your conduct has been, for ... '

ούτε βλασφημούντας] Apostoli non collegerunt multa absurda ex mythologia sed proposuerunt veritatem Dei. B. rightly. On the other hand Chrysostom τοῦτο ψεῦδος. ταῦτα μέν πρός τόν δήμον.

38. ayopaîoi] sc. nuepai. ayopaîos = forensis, and as the law-courts in Rome and other towns were near the forum or ayooa, the adj. becomes= 'having to do with the law-courts', e.g. forense genus dicendi, 'the oratory of the bar'.

Translate 'court-days are kept', i.e. at certain regular periods, not in any degree implying that at that particular time court-days were being kept; for in that case 'and there is the proconsul' ought to follow, and the plural $\dot{a}\nu\theta$ ύπατοι could not stand, as at no particular time was there more than one proconsul. So too the statement 'there are proconsuls' is general, = there is always a proconsul. not always the same, but always one.

In the provinces the proconsul passed round the principal towns, administering justice, much as the judges in our assize towns. Such 'holding assizes' was conventus agere. which seems = ayopalous ayew.

'The following inscription of the age of Trajan from an aqueduct of Ephesus happily illustrates the accuracy of St Luke's language. ή φιλοσέβαστος Έφεσίων βουλη. και ό νεωκόρος δήμος καθιέρωσαν ἐπὶ ἀνθυπάτου Πεδουκαίου Πρεισ-κείνου, ψηφισαμένου Τιβ. Κλ. Ἰταλικοῦ τοῦ γραμματέως του δήμου'.

περαιτέρω B. περ έτερον E. περί έτέρων **P**.

39. εί δέ τι περαιτέρω...] i.e. charges of illegal conduct should have been brought before the regular magistrates, but 'if you want anything further' (cf. Plat. Phaed. 107. 8 ούδεν ζητήσετε περαιτέρω), e.g. to pass any public resolutions on the subject which is exciting you, then that can be settled at the regular meeting of the assembly. The use of NADHL έννόμω suggests the irregularity of the present assembly.

> 40. στάσεως...] The text here is very uncertain and the Greek awkward, but the general sense is clear.

> στάσεως έγκαλεῖσθαι] These words go together, and $\pi \epsilon \rho l$ τη̂s σήμερον = 'concerning to-day' (cf. ή σήμερον ήμ. xx. 26; ή σήμ. Matt. xi. 23), for if περl be taken as governing στάσεωs (R.V. 'concerning this day's riot') not only is its position very unusual in N.T. but the town-clerk is represented as calling what had happened by the strong word

W. B.

Cic. 2 Verr. v. 11. 28. W.

M.

στάσιs, which he would naturally not do, but rather refer to it as $\sigma v \sigma \tau \rho o \phi \eta$ 'a gathering', as he does immediately after.

 $\pi \epsilon \rho l \circ \tilde{l}$ 'and as touching it' R.V. The relative has no grammatical antecedent, but refers to the subject before the speaker's mind, and is immediately defined by the explanatory words περί της συστροφής ταύτης. T.R. omits of Text after ov. Ρ.

άποδοῦναι 'to give an account when called upon', rationem reddere.

'There was nothing on which the Romans looked with F. such jealousy as a tumultuous meeting. Qui coetum et concentum fecerit, capitale sit, Senec. Controv. 3. 8'.

CHAPTER XX.

doπaσáμενos] The word describes the kiss and 1. embrace which accompanied either arrival or departure (cf. xxi. 6, 7, 19); here the latter.

2. τα μέρη ἐκείνα] i.e. Macedonia; autous the Christians there. From Rom. xv. 19 (written shortly after this) it is inferred that he almost reached Illyricum. The 2nd Ep. F. to the Corinthians is assigned to this period.

τήν 'Ελλάδα]='Aγalav xviii. 12. It is the national not the official name. Only here in N.T.

3. ποιήσας...έγένετο γνώμης] T.R. has γνώμη, a sense- Text construction, like xix. 34. He would naturally reach NABE. Corinth, to which he had recently sent his two Epistles, and from which he could most easily 'put to sea for Syria' (ανάγεσθαι είς τ. Συρ.).

τοῦ ὑποστρέφειν] The genitive gives the contents or. substance of the yv wun.

4. συνείπετο δε αύτώ] T.R. adds άχρι τηs' Aolas; but Text NB Trophimus went to Jerusalem, xxi. 29, and Aristarchus to Vulg. Rome, xxvii. 2; Col. iv. 10.

Sopater, Gaius, and Secundus are unknown. Dékouvoos = ADEHL Secundus, ov representing Latin u and our \overline{oo} (as in 'boot').

'Aoravol] ex Asia stricte dicta. B. Tychicus (for the meaning of name cf. Euroyos ver. 9 and Faustus) was a close companion of Paul, cf. Eph. vi. 21; Col. iv. 7; Tit. iii. 12; 2 Tim. iv. 12. Trophimus, cf. xxi. 29; 2 Tim. iv. 20.

ήμαs] xvi. 10 n. 5.

6. ταs ήμ. των ag.] cf. xii. 3 n. 'Paul left Philippi La. and so F. about April 4, A.D. 58'.

14 - 2

NABHL

τής 'Ασ.

άχρι ήμ. πέντε] The phrase expresses the time up to which their voyage lasted. Cf. Luke ii. 37 χήρα ἕως ἐτῶν δγδοηκοντατεσσάρων. D has πεμπταῖοι, a correct explanatory gloss. For the journey, cf. xvi. 11.

7. τη μιά τῶν σαββάτων] 'the first day of the week', cf. Luke xxiv. 1; John xx. 1: πρώτη σαββάτου Mark xvi. 9: opposed to σάββατα Matt. xxviii. 1: the day of the resurrection: ή κυριακή ήμ. Rev. i. 10: specially selected for alms-giving 1 Cor. xvi. 2. This is the first place in which there is any reference to a special observance of the day, it being here clearly marked as a fit day for an ἀγάτη.

The use of the cardinal for the ordinal numeral is a Hebrew idiom.

κλάσαι ἄρτον] ii. 42 n. 'The breaking of bread in the Holy Communion was at this time inseparable from the $\dot{a}\gamma \dot{a}\pi a\iota$. It took place apparently in the evening (after the day's work was ended) and at the end of the assembly after the preaching of the word'.

8. $\eta \sigma a v$ St...] Pictorial description, natural in an eyewitness.

έν τῷ ὑπερῷω] i. 13 n.

9. $i\pi t \tau \eta s \theta v \rho(\delta o s]$ 'on the window-seat', the window being without glass or frame-work. They sometimes had latticed-doors, as in French houses, to keep out the sun.

Ahaziah met his death in this way, cf. 2 Kings i. 2 'fell down through a lattice in his upper chamber'.

καταφερόμενος...κατενεχθείς] R.V. gives 'borne down... being borne down', utterly hiding the force of the participles: the one expresses the gradual stealing of drowsiness upon him, the other the moment when sleep wholly overpowered him and he fell.

In A.

Arist. de som. et vig. 3 τὰ ὑπνωτικὰ...καρηβαρίαν ποιεῖ... και καταφερόμενοι και νυστάζοντες τοῦτο δοκοῦσιν πάσχειν.

Cook.

10. $\kappa \alpha \tau \alpha \beta \alpha s$] 'by the outside staircase usual in the East'.

ἐπέπεσεν αὐτῷ] Like Elijah, 1 Kings xvii. 21, and Elisha, 2 Kings iv. 34.

μη θορυβείσθε] So on the death of Jairus' daughter, Matt. iz. 23 ίδών τους αύλητάς και τον σχλον θορυβούμενον, and Mark v. 38 θεωρεί θόρυβον και κλαίοντας και dλαλάζοντας where Jesus asks τί θορυβείσθε; These passages shew that θορυ-

M.

La. M.

A.

xx. 15]

 $\beta\epsilon i\sigma\theta a\iota$ describes the loud and ostentations lamentation common in the East. 'Make ye no ado' R.V.

ή γαρ ψυχή...] Not at all implying that they had been mistaken in supposing him dead. Luke distinctly describes a miraculous restoration to life; cf. the opposition $\eta_{\rho}\theta_{\eta}$ νεκρός verse 9)(ήγαγον ζώντα verse 12.

11. κλάσας τὸν ἄρτον] They had came together 'to break bread'; this would have taken place naturally at the end of Paul's discourse but for the interruption; he now therefore resumes the interrupted order of the meeting by 'breaking the bread'.

yevoráµevos] i.e. having eaten a meal, to satisfy hunger, as x. 10.

όμιλήσας] x. 27 n. 'conversed'. The word is much less formal than $\delta i \epsilon \lambda \epsilon \gamma \epsilon \tau o$ above.

ourws] cf. xxvii, 17=tum demum: the word sums up all the preceding participles, 'having done all these things, then, and then only, he departed'. A very frequent classical usage.

13. "Aggov] A seaport in Mysia, S. from Troas, opposite Lesbos.

διατεταγμένοs] perf. pass. in sense of middle; cf. for the use of the middle 1 Cor. vii. 17 διατάσσομαι; xi. 34 διατάξοual.

μέλλων...] The distance is about 20 m., and there was La. then a Roman road between Troas and Assos. merever 'go afoot' A.V., but the word only means 'go by land' R.V.

Μιτυλήνην] Capital of Lesbos on the E. coast. 14.

κατηντήσαμεν] as xvi. 1, xviii. 19, 24 'arrived'. 15.

άντικρυς X. = 'opposite' or 'off Chios', where they would anchor for the night. Chios is an island about 30 m. by 10, 8 m. from the opposite peninsula of Clazomenae.

παρεβάλομεν εis Σάμον] T.R. adds και μείναντες έν Τρω- Text $\gamma v \lambda \lambda l \omega$ and omits $\delta \epsilon$ after $\tau \hat{\eta}$. Trogylium is on the main- MABCE. land about 5 m. from Samos. The omission of the reference to Trogylium may be due to an idea that $\pi a \rho \epsilon \beta \delta \lambda o \mu \epsilon \nu$ ε. Σ. means 'put in to Samos' i.e. to pass the night, in which case they could not have 'stayed at Trogylium'. But cf. Thuc. III. 32 παραβαλείν els 'Iwvlav 'to cross over to Ionia', which is the meaning of $\pi a \rho \epsilon \beta \delta \lambda o \mu \epsilon \nu$ here.

In crossing from Chios to Samos they would 'sail past' Ephesus.

Mantov] At one time the most important city of the Ionian Greeks, but at this period quite eclipsed by Ephesus.

214 ACTS OF THE APOSTLES. [xx. 15

About 28 m. S. of Ephesus. Its site is now several miles from the sea owing to the silting-up of the Maeander.

17. $\tau o \delta \pi \rho e \sigma \beta v \tau \epsilon \rho o v s$] called $\ell \pi l \sigma \kappa \sigma \sigma o v er. 28$; 'elders' and 'bishops' being in apostolical times interchangeable words.

18. $\epsilon (\pi \epsilon \nu)$ A great 'Apology' at the close of his three missionary journeys.

In this speech occur many words and phrases also found in Paul's Epistles: these are noted as they occur, and deserve careful attention.

 $d\pi \partial ... A \sigma (av]$ The clause is thrown forward for emphasis, and goes not with $\ell \pi l \sigma \tau a \sigma \theta \epsilon$ but with $\pi \omega s \, \epsilon \gamma \epsilon \nu \delta \mu \eta \nu$.

έπέβην] 'set foot in' R.V.; pedem intuli B.

πῶς ἐγενόμην] He describes 'how' vv. 19—21. For the phrase cf. 1 Thess. i. 5 οἴδατε οἶοι ἐγενήθημεν ἐν ὑμῖν; ii. 10 ὑμεῖς μάρτυρες...ὑs ὀσίως...ὑμῖν ἐγενήθημεν.

19. $\delta ov \lambda \epsilon \dot{v} \omega v$] "With the sole exception of the assertion of our Lord, 'Ye cannot serve God and Mammon' (Matt. vi. 24; Luke xvi. 13), the verb $\delta ov \lambda \epsilon \dot{\omega} \omega$ for 'serving God' is used by Paul only, and by him six times, e.g. Rom. xvi. 18 and cf. Phil. i. 1; Gal. i. 10".

ταπεινοφροσύνηs] Favourite Pauline word, e.g. Phil. ii. 3. "In heathen writers *ταπεινόs* has almost always a bad meaning, 'grovelling', 'abject'.... It was one great result of the life of Christ to raise 'humility' to its proper level; and, if not fresh coined for this purpose, the word *ταπεινοφροσύνη* now first becomes current through the influence of Christian ethics".

δακρύων] cf. ver. 31; 2 Cor. ii. 4; Phil. iii. 18. 'Tears' under strong emotion, whether sorrowful or the reverse, were common with the ancients.

 οἰδὲν ὑπεστειλάμην] 'I did not (cautiously) hold back' or 'conceal': ὑποστέλλεσθαι is the opposite of παρρησιάζεσθαι, cf. Dem. 54 πάνθ' ἀπλῶs, οὐδὲν ὑποστειλάμενος, πεπαρρησίασμαι; so too 415. The word describes 'caution' As F.W. and 'reserve', cf. Gal. ii. 12. To describe the word as a 'nautical' metaphor is erroneous.

> τοῦ μη...] Probably the gen. expresses that in which the 'concealment' would have consisted, viz. in 'not proclaiming...', and so we should render 'by not proclaiming...'; cf. iii. 12 n., vii. 19 n.

> Others make $\tau o \hat{v}$ the direct gen. after $\dot{v}\pi \epsilon \sigma \tau \epsilon i \lambda \dot{a}\mu \eta \nu$ in the sense of 'shrinking', 'withdrawing', and regard $\mu \eta$ as a pleo-

Lightfoot, Ex. ad Phil. i. 1.

Lightfoot, ad loc.

A

nastic repetition of the negative sense of the verb-'I shrank not from declaring' R.V.

22. ioú] Purely adverbial, and so singular, cf. Matt. x. 16 ίδού, έγω άποστέλλω ύμαs.

δεδεμένος τώ πνεύματι] 'bound in the spirit', i.e. in my spirit, feeling an inward constraint: so with reference to this same journey xix. 21 o II. $\ell\theta\epsilon\tau \circ \ell\nu \tau\hat{\omega} \pi\nu$. It is clearly not 'bound by the Holy Spirit' (alligatus Spiritu V.), for 'the Holy Spirit' is specifically mentioned immediately. Not that the sense is affected; Paul looks on the Holy Spirit as directly influencing his spirit; cf. Rom. viii. 16 $\tau \delta \pi \nu \epsilon \hat{\nu} \mu a$ συμμαρτυρεί τώ πν. ήμών. The rendering of το πν. το άγιον 'Holy Ghost' is a distinct loss in this passage.

24. oùdevos lóyou ...] A combination of two constructions viz. où $\delta \epsilon v$ is λ . π . $\tau \eta v \psi$. and où $\pi o i o \hat{v} \mu a i \tau \eta v \psi$. $\tau i \mu l a v$ έμαυτώ.

T.R. has άλλ' ούδενος λόγον ποιούμαι, ούδε έχω την ψ. μου τιμ. έμ.

ώς τελειώσω] 'in order that I may accomplish'. For the metaphor, cf. xiii. 25 n.

T.R. has $\dot{\omega}s \tau \epsilon \lambda \epsilon \iota \hat{\omega} \sigma a \iota = ' as to accomplish', i.e. in com- Omit$ parison with accomplishing. It also adds µerd xapas after µerd x. τόν δρόμον μου.

Insert

καί τήν διακ.] Explanatory of τον δρόμον, 'even my CEHLP. ministry'.

25. oίδa őτι...] In two letters written from Rome (Phil. ii. 24; Philem. 22) Paul expresses his hope of quitting Rome and travelling to the east, but we do not know that he ever did so. Luke certainly here seems to regard this parting as final. In any case olda does not express more than Paul's personal conviction: cf. its use xxvi. 27. To lay great emphasis on $\pi \dot{a}\nu\tau\epsilon s$ is to pervert the plain As B. and W. sense.

ύμεῖς π. ἐν οἶς διηλθον]. The use of $\delta_i \eta \lambda \theta_{ov}$ shews that not merely the Ephesian elders are meant: in addressing them Paul regards them as representatives of all those in that region among whom he had laboured as a missionary.

26. μαρτύρομαι ύμιν] μαρτύρομαι does not occur elsewhere in N.T. except in Paul's Epistles, viz. Gal. v. 3; Eph. iv. 17; 1 Thess. ii. 12.

It means 'I protest', i.e. I assert as in the presence of Lighta witness. The word signifies properly 'to call to witness', foot, Gal. v. 3. and is never, except perhaps in very late Gk, equivalent to μαρτυρώ 'I bear witness'. See too ii. 40 n.

216 ACTS OF THE APOSTLES. [xx. 26

έν τη σήμερον ήμέρα] Emphatic: on this the last day that I shall see you. καθαρός... cf. xviii. 6 n.

27. τὴν βουλὴν τοῦ θ .] i.e. His purpose of redemption through Jesus the Messiah. The sense is not 'all the counsel of God' absolutely, but 'all His counsel as far as it refers to my work'.

28. προσέχετε έαυτοῖs] The same phrase v. 35; Luke xii. 1, xvii. 3, xxi. 34 and nowhere else in N.T. Paul however has προσέχειν μύθοιs, οἴνφ, τ \hat{y} ἀναγνώσει 1 Tim. i. 4, ii. 8, iv. 13.

τῷ ποιμνίω] Cf. Luke xii. 32 μη φοβοῦ, τὸ μικρὸν ποίμνιον, and John xxi. 16 ποίμαινε τὰ πρόβατά μου.

interview of the set of the set

τήν ἐκκ. τοῦ θεοῦ ήν...] It is impossible to determine the reading here; the MSS. are divided between θεοῦ and *κυρίου* with some preponderance for the latter.

(1) It is urged for $\theta \epsilon o v$ that $\epsilon \kappa \kappa$. τ . $\theta \epsilon o v$ occurs 11 times in Paul's epistles, whereas $\epsilon \kappa \kappa$. τ . $\kappa \nu \rho lov$ does not occur elsewhere, nor does 'the church of Jesus'. Judging therefore from his regular practice it is argued that Paul must have said 'church of God'. (For this cf. Alford.)

Kaileov HLP. The value of this argument depends however on the For $\theta \in o\tilde{v}$ opinion that may be formed as to how far Luke gives the c. W. very words of a speaker.

Moreover it may be maintained in reply that $\theta\epsilon o\hat{v}$ is a correction to make the passage fit with the well-known phrase, and that the reading $\kappa v \rho lov \kappa a l \theta \epsilon o\hat{v}$ points to the introduction of $\theta \epsilon o\hat{v}$ as a gloss.

(2) It is said for $\theta \epsilon o \hat{v}$ that, if θ , be read, the passage would contain a reference to $\tau \delta a l \mu a \tau o \hat{v} \theta \epsilon o \hat{v}$ and that this would perplex many readers and cause copyists to alter the phrase.

But though such a phrase as $\tau \delta a^{\dagger} \mu a \tau o \vartheta \theta \epsilon o \vartheta$ is certainly contrary to apostolic usage, yet it is well known later and is found e.g. in Ignatius and Tertullian, so that there

v. Lightfoot, ad loc.

θεοΰ κΒ,

Vulg.

Syr.

κυρίου ACDE, Copt. Arm. κυρίου καὶ θεοῦ HLP. For θεοῦ cf. W. and H. Appendix.

So W.

is no reason against a copyist introducing it. Moreover there would be a strong tendency to read $\theta \epsilon_0 \hat{v}$ at and after the Arian controversy from a desire to see Jesus called Deós.

(3) It is also said for $\theta \epsilon_0 \hat{v}$ that a comparison with Psalm lxxiv. 2, to which there is a reference, points to the nom. to $\pi \epsilon \rho \epsilon \pi \sigma i \eta \sigma a \tau \sigma$ being God. But the reference to the Psalm ($\mu\nu\eta\sigma\theta\eta\tau\iota$ $\tau\eta$ s $\sigma\nu\mu\alpha\gamma\omega\gamma\eta$ s $\sigma\sigma\nu\eta$ s $\epsilon\kappa\tau\eta\sigma\omega$ $d\pi'$ $d\rho\gamma\eta$ s) is slight, and hardly justifies the inference.

Reading *kuplov*, as is certainly preferable, the sense is So M. very simple, 'the Church of the Lord' or 'Master which He La. purchased with His own blood' and the words Tou kuplou nu. Lumby, have great force as assigning a special reason why the F. Lach-elders should be careful guardians of the Church. And for Tischenthe Church being called the 'Church of the Lord' cf. Jesus' dorf, Baung, own reference to 'My Church', Matt. xvi. 18. &c.

Reading $\theta \epsilon o \hat{v}$, it is certain that $\theta \epsilon o \hat{v} = \text{God}$ the Father. 'The supposition that by the precise designation $\tau o\hat{v} \theta \epsilon o\hat{v}$, Dr Hort. standing alone as it does here, with the article and without any adjunct, St Paul (or St Luke) meant Christ, is unsupported by any analogies of language'.

This being so we must render ' the church of the Father which He purchased through the blood that was His own', i.e. the blood of Jesus; and the conception of the death of Christ as a price paid by the Father is in strict accordance with St Paul's own language (Rom. v. 8, viii. 32); and cf. The Prayer for those that are to be admitted into Holy Orders 'Almighty God, our heavenly Father, who hast purchased to Thyself an universal Church by the precious blood of Thy dear Son'. It must be allowed however that such a rendering is forced, and not justified even by the peculiar position of Tou lolov. It is suggested that the W. and passage contains some primitive error, and that the position H. of $\tau o \hat{v}$ lolov may be accounted for by supposing TIOT to have dropped out after $TOTI\Delta IOT$.

29. $d\phi(\xi_{\nu})$ 'departure'; cf. Herod. 1x. 76 $d\pi \epsilon \pi \epsilon \mu \psi \epsilon$ ές Αίγιναν, ές την αύτη ήθελε απικέσθαι. μετά δε την απιξιν (departure) The YUVaikos ... an IKOVTO (arrived) Martirées.

λύκοι] For the metaphor cf. John x. 12. The 'wolves' are false teachers, for whose presence at Ephesus cf. 1 Tim. i. 20; Rev. ii. 2.

μή φειδόμενοι] Litotes.

30. διεστραμμένα] xiii. 8 n.

γρηγορείτε] verbum pastorale. B. τριετίαν xix. 10 n. 31. νουθετών] A. V. 'warn': R. V. rightly 'admonishing'. The word implies authority on the one side and wrong

218 ACTS OF THE APOSTLES. [xx. 31

doing on the other; cf. 1 Cor. iv. 14 is $\tau \epsilon \kappa \nu a \mu ov d\gamma a \pi \eta \tau a$ $\nu ov \theta \epsilon \tau \hat{\omega} \nu$. Only here, and seven times in Paul's Epistles.

32. παρατίθεμαι] xiv. 23 n.

κυρίω only in B, and $θ \epsilon \hat{\omega}$ is decidedly preferable.

τφ δυναμένφ] 'which is able' A. and R. V. Many refer this to τφ κυρίφ, considering the words καl τφ λόγφ της χ. a. explanatory, and that it is God only who can be spoken of as 'able to build up...', but in reality the whole phrase is one; 'the Lord and the word of His grace' are regarded as one in their action.

κληρονομίαν...] There is a comparison between the kingdom of Canaan, which was given as an inheritance to Israel, and the kingdom of Jesus the Messiah, which is the inheritance of all the saints.

κληρονομία is frequent in LXX. of Canaan, and of Israel as God's inheritance. The Israelites are termed of $\dot{\eta}\gamma\iota a\sigma\mu\epsilon$ νοι Deut. xxxiii. 3.

The expression is Pauline, cf. Eph. i. 18 τη̂ς κληρονομίας αὐτοῦ ἐν τοῖς ἀγίοις.

iματισμοῦ] Oriental wealth largely consisted in costly raiment. Cf. 2 Kings v. 5; Gen. xxiv. 53; Ps. xlv. 13, 14; Matt. vi. 19, where 'treasure' is referred to as corrupted by the 'moth'.

34. avraı] Deictic; cf. xxvi. 29, xxviii. 20. Callosae, ut videbant. B.

35. $\pi \dot{\alpha} \nu \tau a$] R. V. 'in all things'; for which cf. 1 Cor. x. 33 $\kappa \dot{\alpha} \gamma \dot{\omega} \pi \dot{\alpha} \nu \tau a \pi \dot{\alpha} \sigma \nu \dot{\alpha} \dot{\rho} \dot{\epsilon} \sigma \kappa \omega$; Eph. iv. 15. It is certainly equally natural to place the full stop $a f t e \pi \dot{\alpha} \nu \tau a$, and commence the next sentence with the forcible $\dot{\nu} \pi \dot{\epsilon} \delta \epsilon \iota \xi a$ —'an example I set you (by doing so) that...'.

For $i\pi\epsilon\delta\epsilon_i\xi\alpha =$ 'shewed by pattern' or 'example', cf. $i\pi\epsilon\epsilon\pi\epsilon\iota\nu$, $i\pi\circ\gamma\rho\delta\phi\epsilon\iota\nu$.

ἀντιλαμβάνεσθαι...] Cf. Luke i. 54 ἀντελάβετο 'Ισραήλ παιδός αὐτοῦ: ' to take hold of (so as to afford support, both moral and material) to those who are weak (i.e. either in health, wealth, or religious knowledge)'. The phrase is perfectly general.

airòs $\epsilon lm \epsilon v$] 'He himself' or 'The Master said'. Cf. the answer of the Pythagoreans when asked for a proof of their opinions, $airòs \,\epsilon\phi\eta$, *Ipse dixit*.

μακάριον...] This is the only saying of Jesus recorded in N.T. not in the Gospels. The best known traditional saying of Jesus is γ (νεσθε τραπεζίται δόκιμοι.

So all editors.

e.g. Vulg. Luther, B

So M. de W. Lach.

Westcott, Int. to Gospels. Ap.

Cic. de

Nat. D. 1. 5. 10. For $\mu a \kappa d \rho \mu o r$ cf. Matt. v. 3—11. For the sense Arist. Eth. IV. 1 $\mu a \lambda \lambda \delta v \ \epsilon \sigma r \iota \ \tau o 0 \ \epsilon \lambda \epsilon v \theta \epsilon \rho hov \ \tau \delta \delta \delta \delta \sigma a o 0 \ \delta \epsilon \ell \ \eta \ \lambda a \mu - \beta d \sigma \epsilon v \ \delta \epsilon^2 - b u t$ the reason he assigns is the pleasure of feeling superiority. Sen. de Ben. Qui dat beneficia, deos imitatur, qui recipit, foeneratores.

37. κατεφίλουν] A strong word 'were covering with kisses': used also Matt. xxvi. 49.

38. προέπεμπον] xv. 3, xxi. 5.

CHAPTER XXI.

1. $d\pi o \sigma \pi a \sigma \theta \epsilon v \tau a s]$ avulsos, non sine desiderio magno, cum vi, B., but cf. Luke xxii. 41 $d\pi \epsilon \sigma \pi \delta \sigma \eta$ merely= 'He was parted from them', and so R.V. here 'He parted from them'.

Kŵ] Now Stanchio, an island opposite Halicarnassus.

'PóSov] The famous island off the S. coast of Caria; at this time a great commercial centre with a university; the Colossus was not at this time standing, having been overthrown by an earthquake.

Πάταρα] A seaport of Lycia near the mouth of the Xanthus, possessing an oracle of Apollo (*Patareus Apollo* Hor. Od. 111, 4. 64).

2. $\epsilon \dot{v} \rho \dot{v} \tau \epsilon s$] Hitherto the voyage had been apparently in a small hired boat, at the disposition of Paul and his companions, in which they crept along from island to island, after the fashion of the early Gk mariners, not venturing out into the open sea at all. This they now dismiss and become passengers on board a larger merchantman, which, instead of hugging the coast, was going to stand straight across $(\delta \iota a \pi \epsilon \rho \dot{\omega})$ for Tyre.

3. $d\nu a\phi d\nu a\nu \tau \epsilon s \tau \eta \nu$ K.] lit. 'having made C. rise up out of the sea', i.e. having sighted Cyprus. The opposite idiom is $\gamma \eta \nu d\pi \sigma \kappa \rho \omega \pi \tau \epsilon \nu$ (Plat. Prot. 338 A); cf. Virg. Aen. III. 291 Phaeacum abscondimus arces; III. 275 formidatus nautis aperitur Apollo.

 $i\kappa\epsilon$ $(\sigma\epsilon..., \eta\nu \ d\pi o\phi.]$ for there the ship was unlading her M. de W. cargo'. $i\kappa\epsilon$ $i\sigma\epsilon$ because of the idea of movement and carrying into the town contained in 'unlading'; the words do not describe the *destination* of the vessel, which they clearly wait for and proceed in to Ptolemais.

4. ἀνευρόντες] suggests 'looking for': they were probably few in a large city.

ACTS OF THE APOSTLES. [XXI. 4 220

διά τοῦ πνεύματος] cf. xx. 23. The Spirit gives them and Paul the same warning of danger. Affection therefore urges them to detain him; duty impels him to go.

¿Eaptioal]=justum numerum explere, 'fulfil', 'make 5. up an exact number'. The days referred to are 'the seven days' probably required for the unloading of the ship and taking in fresh cargo.

els rà l'Sia] 'to their homes', cf. John xix. 27 6. έλαβεν ό μαθητής αὐτήν εἰς τὰ ίδια.

7. τον πλούν διανύσαντες] Not with and Tύρου (as A.V. 'when we had finished our course from Tyre'), for the short journey to Ptolemais would not be specially referred to as 'fully completed' (diavúoavres). It is better rendered 'but we, having (thereby) completed our voyage, came from Tyre to Ptolemais'.

Πτολεμαίδα] A bay surrounded by mountains; the best harbour on the coast. Called Accho Judges i. 31; afterwards Ptolemais from one of the kings of Egypt; in the time of the Crusades St Jean d'Acre, or Acre.

8. ἐξελθόντες ήλθαμεν] 'having gone out from Ptolemais came' i. e. clearly by land.

T.R. after $\xi\xi\epsilon\lambda\theta\delta\nu\tau\epsilon s$ inserts of $\pi\epsilon\rho\ell$ $\tau\delta\nu$ $\Pi a\hat{\nu}\lambda\rho\nu$ —an adde W. M. A. dition due 'to the commencement of a lesson' in Church. services at this point.

Φιλίππου] viii. 5 n. For 'the seven' vi. 5. For είαγγελιστοῦ cf. Eph. iv. 11, from which it appears that the word N. de W. had a special sense and is not merely='preacher'. Proba-M. bly as the word implies (-one rite) bly as the word implies (=one who carries good tidings), they were 'travelling missionaries'. The English 'Evangelist'='writer of a gospel'.

> 10. κατήλθέν τις...προφ. όν. "Ay.] mentioned as though not already referred to xi. 28.

> 11. άρας την ζώνην] Symbolical acts are frequently employed by prophets in O.T., e.g. 1 Kings xxii. 11, Zede-kiah 'made him horns of iron'; Is. xx. 2. For the particular symbol cf. the prophecy of Jesus about Peter, John xxi. 18. For jun cf. xii. 8 n.

> τάδε λέγει...] An authoritative formula, frequent in LXX. e.g. τάδε λέγει κύριος ο θεος... Ex. v. 1.

> παραδώσουσιν...] Cf. the words of Jesus about Himself Matt. xvii. 22 μέλλει ο vios τοῦ ἀνθρώπου παραδίδοσθαι εἰs χείρας άνθρώπων; Matt. xx. 19 παραδώσουσιν αὐτὸν τοῖς ἔθνεσιν.

M. La. de W.

 τί ποιείτε κλαίοντες...] The phrase indicates strong remonstrance, cf. Mark xi. 5 τί ποιείτε λύοντες τὸν πῶλον;

συνθρύπτοντες] stronger than θρύπτοντες, lit. 'break in pieces', but almost always = 'make weak', and especially 'enervate', 'unman': they were 'unmanning' or 'weakening Paul's heart, 'i.e. determination. R. V. 'breaking my heart' hardly gives the sense.

14. $\tau o \hat{\upsilon} \kappa v \rho (o \upsilon ...]$ Perhaps with reference to $\tau o \hat{\upsilon} \kappa v \rho (o \upsilon La. M.)$ 'I $\eta \sigma o \hat{\upsilon}$ just before; and so $\kappa v \rho (o \upsilon = Jesus$. On the other hand the expression seems a perfectly general one of acquiescence in the Divine will='God's will be done', cf. Matt. vi. 10 H. $\gamma e \sigma \eta \theta \tau \omega \tau \hat{\upsilon} \theta \epsilon \lambda \eta \mu \hat{\sigma} \sigma \upsilon$; Matt. xxvi. 42.

15. ἐπισκευασάμενοι] 'having packed up'; A.V. 'we took up our carriages'; Geneva Version 'trussed up our fardels'.

16. ἄγοντες...] A. and R.V. 'bringing with them Mnason with whom we should lodge', which assumes that Mnason was at Caesarea.

Others, perhaps more accurately, take the Gk as = M. La.B. $a\gamma ov \tau \epsilon s \pi a \rho d M \nu a \sigma \omega v a$, $\pi a \rho' \hat{\psi} \xi \epsilon v$. 'bringing us to the house de W. of Mnason, with whom we should lodge'.

άρχαίφ μαθ.] R.V. 'an early disciple', cf. xv. 7 n. or H. possibly 'one of the original disciples' converted at Pentecost, cf. xi. 15 $\epsilon \nu \ \delta \rho \chi \hat{y}$.

17. ἀπέδέξαντο] T.R. ἐδέξαντο. The compound verb Text is peculiar to Luke in N.T. «ABCE.

18. σύν ήμιν] Note that Luke is personally present.

 $\pi\rho\deltas$ 'Iá $\kappa\omega\beta\sigma\nu$] Probably to his house. It would seem, from the absence of all reference to them, that none of the apostles were in Jerusalem at this time. The presence of 'all the elders' is noted (as at the council xv. 6), and the observations (vv. 20-25) are throughout in the plural.

19. $\dot{\xi}$ ηγεῖτο καθ' ἕν ἕκαστον ῶν] The treating of the adverbial expression καθ' ἕν äs a direct acc. after the verb is classical, e.g. Dem. 1265 τῶν παρόντων καθ' ἕνα...ἄγοντες.

20. $\theta \epsilon \omega \rho \epsilon \hat{s}$] The word indicates actual 'seeing', 'beholding'.

πόσαι μυριάδες] A. and R. V. 'thousands', regarding μυριάς as used indefinitely for any large round number, as it is used Luke xii. 1, ἐπισυναχθεισῶν τῶν μυριάδων τοῦ ὅχλου.

Whether Paul reached Jerusalem by Pentecost (cf. xx. 16) or not is doubtful, but the city was still full (cf. ver. 27) of Jews from a distance: and there is no reason for not

222 ACTS OF THE APOSTLES. [XXI. 20]

including these Jews of the dispersion among the 'many myriads of zealots' whom Paul is said to 'behold', for from ver. 27 we see that 'the Jews of Asia' were chief among those who accused Paul as teaching contempt of the Law to the Jews of the dispersion.

ξηλωταί τοῦ νόμου] For ζηλ. i. 13 n. The word is here used in a general sense, as it is used by Paul speaking of himself before his conversion Gal. i. 14 ζηλωτής ὑπάρχων τών πατρικών μου παραδόσεων.

21. κατηχήθησαν] cf. xviii. 25 n. The word certainly describes Paul's opponents as acting with deliberate purpose, and suggests that they were in a position of authority and 'teachers'.

άποστασίαν] A strong word: classical Greek, ἀπόστασις.

τούς κατά τά...] The Jews of the dispersion, cf. ii. 9 n.

μη περιτέμνειν...] Circumcision was the most distinctive rite of the Mosaic law, and the sign of obedience to it. The charge therefore of teaching Jews 'not to circumcise their children' involved the further charge of teaching them 'not to walk by the customs' of the Mosaic law. The term 'uncircumcised' was used by the Jews with the bitterest contempt, e.g. 1 Sam. xvii. 26 'this uncircumcised Philistine'.

τοῖς ἔθεσιν περιπατεῖν] Cf. ix. 31 n. and note on στοιχεῖς ver. 24.

22. πάντως...] Τ. R. has πάντως δεῖ πληθος συνελθεῖν · ἀκούσονται γὰρ ὅτι ἐλήλυθας.

In any case the sense is that Paul is requested to mark in a public and noticeable manner his regard as a born Jew for the Law.

The question of *heathen* converts obeying the Mosaic law had been settled, see ch. xv.; the question here is whether Paul teaches *Jewish* converts to despise the Law: his action clearly marks the reverse. Cf. his own statement of his rule of conduct 1 Cor. ix. 19 $\epsilon\gamma\epsilon\nu\delta\mu\eta\nu$ $\tauo\hat{s}$ 'Ioudalos des 'Ioudalos tra Toudalous $\kappa\epsilon\rho\delta\eta\sigma\omega...\tauo\hat{s}$ around to drouge tra $\kappa\epsilon\rho\deltaam\hat{\omega}$ rous drouges.

23. $\epsilon i \chi \dot{\eta} \nu \check{\epsilon} \chi o \nu \tau \epsilon g...]$ This vow seems clearly to have been the Nazarite vow, for which cf. Numb. vi. 1-21. It was a vow of 'separation $(\dot{\alpha} \gamma \nu \iota \sigma \mu \delta s)$ unto the Lord,' marked (1) by abstinence from wine, (2) by not allowing the hair to be cut. Its completion was marked by several costly sacrifices (Numb. vi. 13-15) in the Temple, and the shaving of the head and burning of the hair upon the altar.

Text BC¹ Syr. Copt. Arm. Aeth. Insert NAC²DE HLP.

It was considered a work of piety to relieve needy Jews from the expenses connected with this vow, as Paul does here. Josephus mentions that Herod Agrippa so paid the Antiq. expenses of very many (µala συχνούs) Nazarites.

ayvioonTi...] Paul does not merely pay the ex-24. penses of the men, but takes the vow and 'becomes a Nazarite with them'. The word $\dot{a}\gamma\nu\iota\sigma\theta\eta\tau\iota$ seems to shew this: it is rendered in A. and R.V. 'purify thyself', but it is the word used in LXX. of those who actually take the Nazarite vow, and there rendered 'separate', cf. Numb. vi. 1 os av eognat εύχην άφαγνίσασθαι άγνείαν Κυρίω; ver. 5 πάσας τὰς ήμ. τοῦ $\dot{a}\gamma\nu\mu\sigma\mu\sigma\hat{v}$. Lange however considers that $\dot{a}\gamma\nu\rho\sigma\theta\eta\tau$ is not used here in a special sense = ' take the Nazarite vow'. but quite generally='perform some ceremony of purification', and this would much simplify the whole passage.

(va Eupyoovtal) A construction unknown to class. Gk but not uncommon in N.T. Cf. the classical use of $\delta \pi \omega s$ with fut. ind.

στοιχεîs] 'to walk by a line' or 'rule'; cf. Gal. vi. 16 τώ κανόνι τούτω στοιχήσουσιν. Here strictly used: the rule is 'the Law'.

25. $\pi \epsilon \rho \delta \delta \epsilon$...] Anticipating an objection: 'this only with regard to Jews, with regard to Gentile converts ...

After κρίναντες T.R. inserts μηδέν τοιοῦτον τηρεῖν αὐτούς, Text ei µn.

26. διαγγέλλων...] A.V. 'to signify the accomplish- CDEHL. ment of the days of the purification', which is misleading as suggesting that the vow was finished.

The Gk states that Paul, the day after he took the men into his company ($\pi a \rho a \lambda a \beta \omega \nu$), 'joined them in their separation' (i.e. took upon himself the vow of separation which they had already upon them), and went into the Temple 'to report the fulfilling of the days of separation', naming, that is, the day 'on reaching which (Ews ov) the sacrifice was offered'.

It was ordained that he who was under a Nazarite vow should bring the sacrifice ($\pi \rho \circ \sigma \circ \delta \epsilon \iota$ Numb. vi. 13) on the day when he had fully completed the days of his vow (ή αν ήμέρα πληρώση ήμέρας εὐχής Numb. vi. 13). Paul would report to the priests what would be the day when the vow would come to an end, which, adds the historian,-' was the day on which the sacrifice was offered', of which naturally the priests might require notice.

The past $\pi \rho o \sigma \eta \nu \epsilon \chi \theta \eta$ is best explained by regarding the words $\xi \omega_s o \tilde{\upsilon} \dots \eta \pi \rho o \sigma \phi o \rho \dot{a}$ as an explanatory addition of the dew. M. historian.

XIX. 16.

XAB. Insert

224 ACTS OF THE APOSTLES. [XXI. 27

27. al $i\pi\tau d$ $\eta\mu$.] 'the seven days' can only naturally refer to the seven days for which Paul had taken the vow, and we must assume that when he joined the four men seven days of their vow were still unfulfilled. Luke's reference to 'the seven days', though he has not previously mentioned the number, is parallel to his use of the word $d\mu\phi\sigma t \rho \omega x$ ix. 16, where we have no hint previously that only two sons of Sceva were present. The Mishna names 30 days as the least period for which a vow can be taken, but our knowledge on this point is very uncertain. Nor can we determine whether this vow has any connection with the one referred to xviii, 18: Luke certainly marks no connection except the dubious reference to his coming up to Jerusalem 'for sacrifices', xxiv. 17. The whole passage remains very perplexed.

28. $\beta o \eta \theta \epsilon i \tau \epsilon$] 'Help', 'To the rescue', as though an outrage were being committed.

κατά τοῦ λαοῦ] This part of the charge differs from that against Stephen (vi. 13): Paul's teaching is represented as 'an attack on the chosen people', doing away, that is, with their special privileges.

 $\xi_{\tau\iota}$ τ_{ϵ} kal] i.e. not contented with *teaching*, he has moreover actually brought Greeks....

"Ελληνας] Malevolent generalization : he was supposed to have brought one, cf. ver. 29.

els rò icpóy] Clearly, that is, beyond the court of the Gentiles into the court of the Israelites. On the wall which divided them inscriptions in Greek and Latin warned all Gentiles that the penalty of entering was death.

Such an inscription was found by Clermont-Ganneau built into the walls of a mosque in the Via Dolorosa: μηθένα άλλογενη είσπορεύεσθαι έντος τοῦ περι το lepòr τρυφάκτου και περιβόλου· ὅς ὅ ἅν λήφθη ἐαυτῷ αἴτιος ἔσται διὰ τὸ έξακολουθεῖν θάνατον.

κεκοίνωκεν] cf. x. 14. For Trophimus cf. xx. 4.

29. ¿vóµıjov] Putabant. Zelotae putantes saepe errant. B.

30. ἐκλείσθησαν...] i.e. by the Levites, to avoid the pollution of the Temple by Paul's murder.

31. $dv\ell\beta\eta$] ' went up', literally, the Roman guard being stationed (and on festivals kept under arms, cf. $\xi\xi\alpha\nu\tau\eta$) in the *turris Antonia*, a fort built by Herod on a rock at the N.W. corner of the Temple, commanding the Temple and connected with it by stairs ($d\alpha\beta\alphad\mu\omega$)'s ver. 35).

Athenaeum, July 8, 1871 : cf. M. F.

As W thinks.

τ $\hat{\boldsymbol{\varphi}}$ χιλιάρχ $\boldsymbol{\varphi}$...] 'to the tribune of the cohort (stationed i.e. Claudius Lysias, cf. xxiii. 26. Each legion had there)' six tribunes, and as the legion with its full complement (justa legio) numbered 6000 men, each tribune had 1000 men: hence the Greek word formed on the analogy of έκατοντάρχης. For σπείρα cf. x. 1 n.

33. Sebnval cf. xii. 6. The tribune considered Paul to be a leader of assassins.

τίς είη καl τί έστιν...] Probably the change of construction is merely for the sake of variety : $\tau i \epsilon i \eta \pi \epsilon \pi o i \eta \kappa \omega s$ after τ is ϵ in would be very ugly. Most editors draw a distinction: 'he was uncertain who he was, but assumes as certain that Text he is a malefactor'. T.R. has τ is $a\nu \epsilon i\eta$.

34. ἐπεφώνουν] A word peculiar to Luke in N.T. For its use here cf. Luke xxiii. 21 ἐπεφώνουν λέγοντες, Σταύρου, σταύρου αὐτόν and Acts xii. 22.

τήν παρεμβολήν] xxii. 24, xxiii. 10, 16, 32: 'barracks', the soldiers' quarters inside the fort.

αίρε αὐτόν] Cf. Luke xxiii. 18 αίρε τοῦτον. The 36. full phrase Acts xxii. 22.

37. εί έξεστιν...] A simple question, 'May I ...?' cf. i. 6 n. Bengel remarks modeste alloquitur, straining the Greek.

'Ελληνιστί γινώσκεις;] So Xen. An. VII. 6.8 'Ελληνιστί ξυνιέναι; Cyrop. VII. 5. 31 Συριστί ἐπίστασθαι. Cic. pro Flacco 4 qui Graece nesciunt.

38. ούκ ἄρα σὺ εί...] 'Thou art not then (as I supposed) the Egyptian....' The sentence asks a question in fact though not in form. ούκ is emphatic: the centurion hearing Paul speak Greek says, 'I was wrong it seems in taking you for the Egyptian'. A. and R.V. 'Art thou not then the Egyptian?' which would certainly require $\delta \rho' \circ \delta \kappa$ el σύ ...;

ό Aiyúπτιos...] One of the many impostors who, like Theudas (v. 36 n.), arose during this unsettled period. Josephus tells us that he collected 30,000 people on the B. J. II. Mount of Olives to see the walls of Jerusalem fall down 13.5. before him, and that he was attacked by Felix with great ^{Ant. xx.} 8.6. loss, but escaped himself.

The discrepancy between 30,000 and 4000 need not M. de W. trouble us, as Josephus contradicts himself, in one passage describing 'the majority' of the 30,000 as killed or wounded, in the other stating that 400 were killed and 200 wounded.

τούς τετ.] 'the four thousand'; referred to as well known.

P.

NABD.

226 ACTS OF THE APOSTLES. [XXI. 38

B. J. II. σικαρίων] sicariorum; R.V. 'assassins'. Josephus refers
 to the number of the banditti, to be found even in Jerusalem, wearing concealed daggers (sicae) and committing murders with impunity.

39. $i\gamma\omega$ $a\nu\theta\rho\omega\pi\sigma\sigma$ $\mu i\nu...\delta\epsilon\rho\mu\alpha\iota$ $\delta i...$] Note the position of $\mu\epsilon\nu$: 'I ($i\gamma\omega$), as regards your question to me, am a man ($a\nu\theta\rho\omega\pi\sigma\sigma$ $\mu\epsilon\nu$)..., but, as regards my question to you, I ask ($\delta\epsilon\rho\mu\alpha\iota$ $\delta\epsilon...$)'.

ούκ ἀσήμου] Litotes. Cf. Eur. Ion 8 ἔστιν γὰρ οὐκ ἄσημος Ἐλλήνων πόλις (of Athens).

πόλεως πολίτης] Effective assonance, adding to the emphasis on $π_{o\lambda}(r\eta_s)$.

40. πολλής δε σιγής] A.V. excellently 'a great silence'. For the scene cf. Virgil's famous lines Aen. 1, 148—152 ac veluti magno in populo..., and for κατέσεισε..., Pers. IV. 7 calidae fecisse silentia turbae | majestate manus.

Edersheim 1. 10. 130. τη 'Eβρatδι δ.] Aramaic or Aramaean.

CHAPTER XXII.

1. Two points should be noticed in Paul's speech, (1) his argument that the strength of his former zeal for Judaism gives a measure of the strength of the conviction which had induced him to adopt the course he had taken a conviction based on direct and repeated revelation; (2) the way in which, while developing this argument, he answers the charge of enmity to 'the people', 'the Law', and 'the Temple', by referring to his Jewish birth and strict Jewish training in the law of their fathers, ver. 3, by his description of Ananias as an observer of the Law, ver. 12, by his reference to the 'God of our fathers', ver. 14, to his prayer 'in the Temple', to his earnest desire to remain and preach in Jerusalem, vv. 19, 20.

άδελφοl κal πaτ.] So vii. 2. Amoris et honoris nomina.

3. $\pi a \rho d \tau$. π . $\Gamma a \mu$.] Some would join these words with $\pi \epsilon \pi a \iota \delta$, but the commencement of each clause seems marked by a participle, $\gamma \epsilon \gamma \epsilon \nu r \mu \ell \nu \sigma s$, $d\nu a \tau \epsilon \theta \rho a \mu \mu \ell \nu \sigma s$, $\pi \epsilon \pi a \iota \delta \epsilon \nu \mu \ell \nu \sigma s$. Moreover 'brought up in this city at the feet of G.' is one complete fact, 'educated in the strictness of our ancestral law' another.

The Rabbis sat on raised seats, their pupils on low benches or on the ground: it was at the age of 13 that a Jewish boy destined to become a Rabbi entered the school of some great teacher.

F.

Paul gives exactly the same account of his early life, Gal. i. 13, 14.

άκρίβειαν] The word expresses 'mathematical accuracy': on this rigid accuracy in observance of the Law the Pharisees prided themselves, cf. xxvi. 5 ἀκριβεστάτην αἴρεσαν; Jos. Ant. xvii. 2. 4 ἐπ' ἀκριβώσει μέγα φρονοῦν τοῦ πατρώου νόμου; B. J. II. 8. 18 Φαισαῖοι οἱ δοκοῦντες μετὰ ἀκριβείας ἐξηγεῖσθαι τὰ νόμιμα.

ζηλωτής ὑπάρχων τοῦ θεοῦ] Note carefully the difference between this and ζηλωταί τοῦ νόμου ὑπάρχουσιν (xxi. 20).

5. $\delta d\rho \chi$.] Saul had asked for a commission from 'the high priest' (ix. 1), who at that time was Theophilus. That he was still alive is inferred from this passage, although Ananias was the actual high priest (xxiii. 2).

τό πρεσβυτέριον] i.e. the Sanhedrin probably, cf. iv. 5 n.

τοὺς ἐκέσε ὄντας] Constructio praegnans: those who had fied to Damascus on the prosecution after the death of Stephen, and were in Damascus. This traditional explanation is however very unsatisfactory. It seems better to say that the use is deictic, and almost pictorial: the word represents the speaker as directing his thoughts and the attention of his hearers to Damascus. Cf. the otherwise inexplicable τηρείσθαι τὸν Παῦλον εἰs Καισαρίαν xxv. 4 and xix. 22 n.

8. 'Invois ó Najupaîos] But ix. 5, xxvi. 15 'Jesus' only. It is clear that Paul adds the explanatory words o Najupaîos here because, mentioning Jesus for the first time (in ch. xxvi. Jesus had been already referred to as 'Jesus of Nazareth') he finds it necessary to do so for the sake of clearness. Such an addition would be perfectly natural. The instance however shews how hard it may often be to separate *ipsissima verba* from explanatory additions, and it is important to bear this in mind when we come to consider the account of the conversion ch. xxvi.

9. έθεάσαντο] T. R. adds και έμφοβοι έγένοντο.

Omit NABH.

13. $d\nu d\beta \lambda e \psi o \dots ... d\nu \ell \beta \lambda e \psi a e is a \dot{\nu} \tau \delta \nu$] R.V. 'receive thy sight...I looked upon him'. The same verb is used ix. 17, 18, where it distinctly is = 'receive sight again', and it should be so rendered here, $d\nu \ell \beta \lambda e \psi a e is a \dot{\nu} \tau \delta \nu$ being put shortly for 'I received my sight (and looked) upon him', as R. V. gives in margin.

15 - 2

228 ACTS OF THE APOSTLES. [XXII. 13

Of course $d\nu a\beta\lambda\epsilon\pi\omega$ can mean 'look up', as John ix. 11, but here the meaning of $d\nu a\beta\lambda\epsilon\psi\sigma\nu$ absolutely determines the meaning of $d\nu\epsilon\beta\lambda\epsilon\psi a$.

14. τον δ(καιον] Jesus, cf. iii. 14.

16. $\beta \dot{\alpha} \pi \tau \sigma \sigma a$] Middle: 'cause thyself to be baptized'. For kal $\dot{\alpha} \sigma \dot{\delta} \lambda \sigma \sigma a$, $\tau \dot{\alpha} s \dot{\alpha} \mu a \rho \tau las$ cf. the Baptismal Service 'O God...who didst sanctify water to the mystical washing away of sin', and cf. 1 Cor. vi. 11.

έγένετο δέ μοι...προσευχομένου μου...γενέσθαι με]
 For similar carelessness of style in Hellenistic Gk cf. xv.
 22 n.

ύποστρέψαντι] Cf. ix. 19 n. έν έκστάσει, cf. x. 10 n.

18. σπεύσον] He only stayed 15 days, cf. Gal. i. 18.

19. abrol $i\pi (\sigma \tau a \nu \tau a \iota ...]$ 'they themselves know...': Paul's reply expresses this argument: the Jews must believe that my conversion was due to a miraculous and divine revelation, because they themselves know how previously I hated the Christians.

20. μάρτυρος] A.V. 'martyr'; R.V. 'witness'; V. testis, and cf. Rev. ii, 13; xvii. 6 ἐκ τοῦ αἴματος τῶν μαρτύρων Ἰησοῦ, where it certainly is='martyrs'. The word is here seen in a transition state, no longer merely meaning 'witness', but not yet specifically describing one who had borne witness by his death—'a martyr'.

Text 21. είs ἔθνη] Emphatic. The 'mission to the Gentiles' ^{NABCD} is the 'word' or 'utterance' up to which the Jews listen.

22. καθήκεν] Τ. R. καθήκον with no authority. The imperfect is vigorous, expressing impatience, 'it was not fitting' i. e. he ought long ago to have been put to death. Cf. Ar. Eccl. 177 τί ποθ' äνδρες οὐχ ἥκουσιν · ὥρα δ' ἦν πάλαι.

23. ριπτούντων] 'threw off' R.V.; 'cast off' A.V., for which cf. Plat. Rep. 473 Ε ρίψαντας τὰ ἰμάτια, γυμνούς, of men about to make an attack. Here however there is no sign of an attack, and the participle is in the present and the verb frequentative (ριπτέω jacto, ρίπτω jacio?), so that A.La.M. it is better to explain 'tossing about their garments' as a de W.H. symbol of excitement and abhorrence. So Chrys. ἐκτινασνόντων. Cf. Ov. Am. 111. 2, 74 jactatis signa dedere togis.

комортоу...] 2 Sam. xvi. 13; Job ii. 12.

24. ἀνετάζεσθαι] This commencing an 'inquiry' (cf. Digest L. 'Inquisition') by torture was contrary to Roman law. Non XLVII. 18. 18. esse a tormentis incipiendum, Divus Augustus statuit.

M.

v. H.

25. $\dot{\omega}_s \delta \dot{\epsilon} \pi \rho o \dot{\epsilon} \tau \epsilon \iota \nu a \nu ...]$ 'when they had bound him (leaning) forward with thongs', i.e. so that his back was exposed to the lash. R.V. in marg. 'for the thongs', but this needlessly makes $l\mu \hat{a}\sigma \iota \nu$ exactly = $\mu \dot{a}\sigma \tau \iota \xi \iota \nu$.

τον έστῶτα έκατ.] The inferior officer appointed to carry out the tribune's orders. So at the crucifixion Matt. xxvii, 54.

εί ανθρωπον 'Ρωμαΐον...;] xvi. 37 notes.

26. $\tau l \ \mu \epsilon \lambda \lambda \epsilon \iota s \ \pi o \iota \epsilon \nu; \delta \ \gamma d \rho \dots$] The words $\tau l \ \mu \epsilon \lambda \lambda \epsilon \iota s \ \pi o \iota \epsilon \iota \nu;$ contain a warning = 'Be careful'; hence $\gamma d \rho$. T.R. $\delta \rho a \ \tau l \ \mu. \ \pi.$ gives the right sense but is less vigorous.

27. $\sigma\delta$ 'Pomatos $\epsilon \hat{i}; \sigma i$ expresses astonishment and presupposes contempt.

28. $\kappa\epsilon\phi a\lambda a(ov)$ Classical='principal'as opposed to 'interest', caput; or 'a large main sum' (e.g. Dem. 834 $\tau\delta$ $\kappa\epsilon\phi$. $\tau\eta$ s $\epsilon\mu\eta$ s ovolas 'the bulk'), 'a capital sum', as here.

The sale of the Roman citizenship was resorted to by the emperors as a means of filling their exchequer, much as James I. made baronets.

 $\pi o \lambda \iota \tau \epsilon (a v = j u s civitatis.$

30. $\tau \delta d\sigma \phi a \lambda \delta s \tau \delta \tau \ell...$] The words $\tau \delta \tau \ell...$ are epexegetic of $\tau \delta d\sigma \phi a \lambda \delta s --- \ell$ the exact facts, viz. what accusation is brought'. $\tau \ell$ is nom. cf. Thuc. I. 95 $\delta \delta \iota \kappa \ell a \kappa a \tau \eta \gamma o \rho \epsilon \tilde{\ell} \tau \sigma$; M. Soph. O. C. 529.

έκέλευσεν συνελθείν] T. R. has $\epsilon \lambda \partial \epsilon \hat{\iota} \nu$, which would mean Text 'to come to him', whereas συνελθείν = 'assemble', probably <code>%ABE'</code>, in their ordinary place of meeting. That they did not $\epsilon \lambda \partial \epsilon \hat{\iota} \nu$ 'meet' in the Turris Antonia is clear from καταγαγών, and Copt. that it was not inside the Temple is shewn by the presence Aeth. of Lysias.

CHAPTER XXIII.

1. $d\tau \epsilon \nu l \sigma a \dots \tau \hat{\varphi} \sigma \nu \epsilon \delta \rho [\omega]$ Same construction iii. 12. The words indicate that he confronted them boldly, cf. xiii. 9.

Note too $\dot{a}\delta\epsilon\lambda\phi ol$ without the usual (cf. iv. 8, vii. 2, xxii. 1) and respectful kai $\pi a \tau \epsilon \rho \epsilon s$.

συνειδήσει] 33 times in Paul's Epistles, three times in Cook. Peter's, not elsewhere in N.T.

πεπολίτευμαι τῷ θ.] The ideal Jewish state was a state under the direct government of God—a theocracy. Paul says 'You accuse me of speaking against the Jews, the Law, &c.; I answer that in the sight of God, the ruler and lawgiver of the Jewish nation, I have acted as a good citizen'.

230 ACTS OF THE APOSTLES. [XXIII. 1

For the metaphor cf. Phil. i. 27 άξίως τοῦ εὐαγγελίου τοῦ χριστοῦ πολιτεύεσθε: iii. 20 ἡμῶν τὸ πολίτευμα ἐν οὐρανοῖς ὑπάρχει.

н. м.

Jos. B. J. 11. 17. 9. 2. 'Avavías] Son of Nebedaeus, nominated to the office by Herod, king of Chaleis, A.D. 48: sent to Rome A.D. 52 by Quadratus, prefect of Syria (predecessor of Felix), to answer a charge of rapine and cruelty made against him by the Samaritans, but honourably acquitted. He was murdered about ten years after this.

τύπτειν αὐτοῦ] Cf. the treatment of Jesus, John xviii. 22.

3. τύπτειν σε...] Note the indignant emphasis of the position of τύπτειν. Cp. carefully the reply of Jesus.

τοίχε κεκονιαμένε] Cf. Matt. xxiii. 27 τάφοις κεκονιαμένοις, where the following words explain the phrase. It seems to have been a proverbial expression.

The stone which marked a grave was 'kept whitened, to warn the passer by against defilement'.

καl σψ...] κal at the commencement of a question expresses indignation or astonishment. 'Dost thou indeed sit...?', or 'What! dost thou sit...?' Cf. καl $\pi\hat{\omega}s$; &c.

5. ούκ ἤδειν...] 'I did not know...', the only possible rendering of the Greek.

So Chrysostom: σφόδρα πείθομαι μη είδέναι αὐτον ὅτι ἀρχιερεύς ἐστι· διὰ μακροῦ μὲν ἐπανελθόντα χρόνου, μη συγγινόμενον δὲ συνεχῶς Ἰουδαίοις, ὁρῶντα δὲ και ἐκεῖνον ἐν μέσω μετὰ πολλῶν και ἑτέρων.

This explanation is the only natural one. Others argue (assuming too much) that Paul must have recognized the High Priest from his position, attire, &c. But Lange points out (1) that the High Priest, not being engaged in the service of the Temple, would not necessarily be distinguishable by his dress; (2) that the assembly was an irregular one, summoned by Lysias, and he may not have been presiding.

Calvin took the words ironically—'a man who so acts could never I thought be the High Priest': others render B. N. W. non reputabam, and make the words apologetic—'I forgot it was the High Priest'. Both explanations do violence to the Greek. Others have conjectured that Paul was nearsighted, giving an unnatural and forced meaning to $\dot{\alpha}\tau e\nu l\sigma as$ in ver. 1.

> γέγραπται γάρ] 'I did not know, otherwise I should not have spoken as I did, for...', cf. Ex. xxii. 18 ἄρχοντα τοῦ λαοῦ σου οὐ κακῶs ἐρεῖs.

Edersheim II. 320.

6. vvois St...] Luke here in a marked manner points out that it was Paul's purpose to introduce dissension into the assembly.

Some regard Luke's account as unsatisfactory and un- M.Reuss in M. authentic.

Many approach very near to the dangerous assertion that the end justifies the means, pointing out that Paul And so preaching the Gospel: e. g. Alford, 'he uses in the cause of Lunge, Truth the maxim so often perverted in the cause of falsehood, Cook; divide et impera'.

Farrar distinctly condemns Paul's conduct, and takes this. xxiv. 21 as a virtual confession of error. In the absence of adequate data for forming a fair judgment, we may note (1) that this act of Paul's stands by itself, and is without any parallel in his life or writings; (2) that to found on it such a comment as bellum haereticorum pax ecclesiae is to violate Corn. a the whole teaching of the N. T.

It will be observed that xxiv. 21 where Paul refers to this event he makes no reference (1) to the motive described in the words yvois de..., (2) to the words eyà Papisalos elui. It is therefore possible that Luke has here assigned a motive for Paul's words, or even amplified his description of the occurrence, because he desires to explain to his Gentile readers (cf. the explanation ver. 8) how it was that a statement about 'the resurrection' should have caused so great a diversion in Paul's favour. Paul, in xxiv. 21, refers definitely to his 'one utterance', viz. 'about the resurrection of the dead I am on my trial', and it is certainly natural to assume that the words there given accurately represent the fact, for it was distinctly his belief in the resurrection and consequently in the Messiahship of Jesus which distinguished Paul from other Jews, and it is to the resurrection that he constantly appeals as the very centre of his faith; cf. his speech at Athens and 1 Cor. xv. throughout.

έγώ Φαρ....] This sentence (subject to the above remarks) must be taken as a whole. The words 'I am a Pharisee' are immediately limited and defined by what follows-'I am a Pharisee for I believe in a resurrection'.

Paul and Pharisaism seem to us such opposite ideas that we often forget that to Paul Christianity was the natural development of Judaism. Luke throughout describes him as a pious Jew: see too his own emphatic assertion of agreement with Judaism xxiv. 14, xxvi. 5 (ἔζησα Papisalos. Kal vov ...). He differed from the Jews as regards facts perhaps rather than principles. They looked for a Messiah; he said Jesus is the Messiah. The Pharisees

W. on

Lapide.

asserted a resurrection of the dead; Paul said Jesus has risen from the dead.

vids Papioalwv] 'Perhaps refers rather to his teachers Lightfoot than his ancestors, being a Hebraism like 'the sons of the Phil. iii. prophets'; cf. Amos vii. 14.' 5.

> ¿λπίδος καl avaστ.] Probably a hendiadys; 'hope of a resurrection'.

7. στάσις] xv. 2 n. The Sadducees, iv. 1 n.

8. μήτε άγγ. μήτε ...] T.R. has μηδε άγγ. μήτε, a correction made in order to join ayyedov and muciua together and so make $du\phi \delta \tau \epsilon \rho a$ formally accurate, as it is perfectly accurate in fact, the denial of the existence of 'either angel or spirit' being a single tenet.

 $πν ε \hat{v} μ \alpha$ is 'any spiritual incorporeal being', but here as distinguished from $d_{\gamma\gamma\epsilon\lambda\sigma}$ perhaps refers, to ' the spirit of man after death' (homines defuncti B.).

9. ούδεν...] Luke xxiii. 4 οὐδεν εὐρίσκω αἴτιον ἐν τώ App. 13. ἀνθρώπω τούτω. A sentence of acquittal.

εί δέ...] After άγγελος T.R. adds μή θεομαχώμεν from Text **XABCE.** v. 39. As punctuated the sentence is generally regarded as an instance of aposiopesis, 'But if an angel spoke to him (what then?)', putting a hypothetical case which deserves consideration.

Surely however ϵi is interrogative (i. 6 n.) and a question should be marked, 'But did an angel speak to him?', referring to Paul's own statement xxii. 6 ff.

11. o kúpios] Jesus.

ούτω σε δεî καl els Pώμην μ.] Cf. xix. 21. It is important to notice these two emphatic phrases. It is clear that Luke looks on Paul's preaching at Rome as the crowning point of his narrative. Paulus Romae, apex Evangelii B.

12. $\pi \epsilon i \nu$] = $\pi \iota \epsilon i \nu$.

έως ού άποκτείνωσιν] άποκτ. is 1st aorist subj. 'until they shall have killed'; cf. ver. 21 Ews ou ave hwow.

13. πλείους τεσσεράκοντα] Cf. iv. 22 πλειόνων τεσσερ.; xxiv. 11 πλείους δώδεκα; so in class. Gk, e.g. Plat. Apol. 17 D έτη πλείω έβδομήκοντα, and in Latin amplius decem annos.

14. avalépart avelepartoraper] Emphatic repetition of the word. Cf. vii. 34 n.

 $d\nu d\theta \eta \mu a$ is used in classical Gk of 'a thing set up in a temple', 'dedicated'-an offering; cf. Luke xxi. 5 ἀναθήμασιν κεκόσμηται, the only place where it occurs in N.T.

But a thing may be 'dedicated' in a good or bad sense (cf. auri sacra fames Virg. Aen. III, 57; devota arbos Hor.

Text NABCE,

For Jewish Angelology v. Edersheim

Od. III. 4. 27), and so the by-form $d\nu d\theta \epsilon \mu a$ came to be used in Hellenistic Gk in a bad sense='a thing accursed', cf. Josh, vii. 1 ένοσφίσαντο άπο τοῦ ἀναθέματος, Gal. i. 8 ἀνάθεμα $\xi_{\sigma\tau\omega}$ and $a\nu a\theta \epsilon \mu a\tau i \zeta \epsilon \nu = 'make accursed', 'curse', cf. Mark$ χίν. 71 άναθ. και δμνύναι.

Here the sense is that they solemnly declared themselves aν aθ εμa, i.e. 'an accursed thing', if they did not kill Paul before eating or drinking.

υμεîs] Emphatic: it anticipates ήμειs δέ. 15.

indavioare...] 'make a statement' or 'declaration to the tribune to induce him $(\delta\pi\omega_s)$ to bring Paul down to you. on the plea that you propose (ws µέλλονταs) ...'. The words $\omega_s \mu \in \lambda \lambda_{ovtas...give}$ the substance of the declaration to be made to the tribune.

A. and R.V. 'signify to the chief captain that he bring him', a rendering which suggests that authority in the matter belonged to the chief priests, whereas eupavlieuv in no way indicates the possession of authority by the person making the declaration, but rather that the person to whom the declaration is made is himself in authority (cf. xxiv. 1, xxv. 2, 15).

 $\tau \circ \hat{v} \, dv \epsilon \lambda \epsilon \hat{v}$ Gen. of purpose, or the thing aimed at.

16. o vios ...] Quite unknown except here.

παραγενόμενος και εἰσελθών] Graphic fulness of descrip-tion. It is possible however to take παραγ. with what precedes, 'having heard ... having come upon them'; but this is not so simple.

18. δ δέσμιος Π.] Probably now in custodia militaris (cf. xxviii. 16), a prisoner, but with free access to him, as had been the case since xxii. 30; a relief from the 'two chains' (xxi. 33).

20. $\omega \leq \mu \epsilon \lambda \lambda \omega \gamma$ This must refer to the tribune, and is Text inconsistent with ver. 15. So R.V. 'bring down Paul...as ABE, though thou would st inquire': but this cannot be right, $\frac{\mu \epsilon \lambda \lambda \delta \nu}{\tau \epsilon s}$ T.R. for it describes the tribune as giving a reason for bringing $\mu \epsilon \lambda \lambda \sigma ra$ Paul down, whereas it is clear that the Jews should give a HLP, reason for asking him to do so, as in ver. 15. Moreover $\mu^{\epsilon\lambda\lambda\sigma\nu}$ Luke could not repeat ver. 15 with so absurd an alteration.

The reading $\mu \hat{\epsilon} \lambda \lambda \sigma \nu$ (in agreement with $\sigma u \nu \hat{\epsilon} \delta \rho \sigma \nu$) seems to account for the other readings best.

23. τινάς δύο] Cf. Luke vii. 19 προσκαλεσάμενος δύο τινάς των μαθητών, 'certain two'; Thuc. VIII. 100 τινές δύο $\nu \hat{\eta} \epsilon s$. The expression indicates that they were not specially chosen. Two centurions naturally 'got ready two hundred men'.

στρατιώτας...ίππεις...δεξιολάβους] The words describe the three varieties of troops which formed a Roman army, and which would be found in every fraction of an army, e.g. in the cohort of Lysias. The στρατιώται were the heavyarmed legionaries; the $i\pi\pi\epsilon$ is a portion of the alae equitum attached to every legion, and the $\delta \epsilon \xi_{io} \lambda \dot{\alpha} \beta_{oi}$ formed one of the many varieties of troops which composed the auxilia or supplementary troops, not Romans, but foreigners armed with their native weapons, e.g. Balearic slingers, Cretan archers.

What $\delta \epsilon \xi$. exactly means is unknown. A. and R.V. 'spearmen', and V. lancearii. A has δεξιοβόλους, perhaps = 'slingers': Syr. has dextra jaculantes.

The size of the escort points to the unsettled nature of the times, and so perhaps does the night start.

24. κτήνη τε παραστήσαι] Change to indirect speech, 'and (he ordered them) to provide ...'.

κτήνη] jumenta, beasts of burden or for riding: asses or horses, not war-horses.

Φήλικα] Felicem. Antonius Felix, procurator of Judaea, who succeeded Cumanus about A.D. 52, was brother of Pallas the notorious freedman and favourite of Claudius. Ta-Hist.v. 9. citus says of his government, per omnem saevitiam et libidi-Ann.XII. nem jus regium servili ingenio exercuit, and Judaeae impositus, 54. et caneta malefacta sibi impose cuit, and Judaeae impositus,

Jos. Ant. xx. 8. 9.

et cuncta malefacta sibi impune ratus tanta potentia subnixo. He was recalled by Nero about 60 or 62 A. D. on the complaint of the Jews, but protected by the influence of Pallas.

25. $i\pi (\sigma \tau o \lambda \eta v)$, Such a letter, containing a summary of the facts, when a charge was referred to a superior magistrate, was technically termed elogium.

τύπον] Like exemplum in Latin (cf. Cic. ad Att. IX. 6. 3 literae sunt allatae hoc exemplo: Pompeius mare transiit ...) of the 'purport', 'contents' of a letter. So 3 Macc. iii. 30 ό μέν της έπιστολής τύπος ούτως έγέγραπτο.

26. κρατίστω] Cf. i. 1 n. ήγεμόνι; cf. Matt. xxvii. 2, Πιλάτω τῶ ήγεμόνι.—The word is general='governor', not defining the particular rank of the governor. xalpew: xv. 23 n.

27. ἐξειλάμην, μαθών] 'I rescued him, having learned', i.e. when I had learned: Lysias clearly leaves the inference open that he rescued Paul because he was a Roman, though he did not discover this until after he had rescued him and was about to scourge him-a point about which he is also silent (de verberibus tacet. B.).

 $\mu a \theta \dot{\omega} \nu$ cannot possibly = $\kappa a \ell \xi \mu a \theta o \nu$ as Grotius and others take it.

29. [ητήματα...] The distinction which Gallio drew, xviii. 14, 15 n.

30. μηνυθείσης ... έπιβουλής ... έσεσθαι] A natural combination of two constructions, (1) μηνυθείσης... ἐπιβουλής... έσομένης, (2) μηνυθέντος... έπιβουλήν... έσεσθαι.

ἐπὶ σοῦ] 'in the presence of', 'before', especially of hearing 'before a judge', cf. xxiv. 20 ἐπὶ τοῦ συνεδρίου; xxiv. 21 έφ' ὑμών; xxv. 26, xxvi. 2; so in Latin apud, e.g. apud judices, apud senatum. T.R. adds Eppwoo, Vale.

31. oi $\mu \epsilon \nu$ où ν $\sigma \tau \rho$.] The antithesis to $\mu \epsilon \nu$ is probably xxiv. 1 $\mu\epsilon\tau\dot{a}$ $\delta\dot{\epsilon}...;$ 'so then the soldiers, &c. &c...., but after five days' See n. on xxiv. 11.

διά νυκτόs] They could not reach Antipatris that night, but their march continued 'through the night'.

Antipatris, formerly Capharsaba, had been rebuilt by Herod the Great and named after his father: it was 42 m. from Jerusalem and 26 from Caesarea.

33. or $\tau_{\nu\epsilon}$ Not the same people as the nom. to $\dot{\nu}\pi\dot{\epsilon}\sigma\tau_{\rho\epsilon}$. $\psi_{\alpha\nu}$, but 'the cavalry' to be supplied from τ_{0} is $i\pi\pi\epsilon$. The sense must override strict grammar, as often in late Gk.

όναδόντες] Classical Gk αποδόντες, quum reddidissent.

34. imagy clas] Provinciae. The object of the question of Felix is not clear. It is said that Cilicia was included in the province of Syria and that Felix was desirous of learning whether the case was within his jurisdiction, but it is not easy to see how, even though Cilicia was under the governor of Syria, Felix, who was only procurator of Judaea, would have jurisdiction over it. Luke seems merely to indicate that Felix contented himself for the time with some personal inquiries about Paul.

Slakoúropal] Of a full hearing, as contrasted with Digest 35. the present brief interrogatory. The rule was: qui cum 3.6. elogio mittuntur, ex integro audiendi sunt.

έν τῶ πραιτ. τοῦ 'H.] The palace built by Herod the Great and used as a residence by the Roman governor.

 $\pi pair \omega p (\omega = praetorio, (1))$ originally the general's tent in a camp, (2) the residence of a governor or prince, cf. Mark xv. 16 έσω της αύλης, ο έστι πραιτώριον; Juv. Sat. x. 161 sedet ad praetoria regis.

CHAPTER XXIV.

1. πρεσβ. τινών] Τ. R. τών πρεσβ. 'the elders': in Text NABE. any case it can only have been a deputation.

ρήτορος...] R.V. rightly 'an orator, one Tertullus'. In classical Gk $\dot{\rho}\eta\tau\omega\rho = a$ public speaker in the assembly;

in Latin rhetor is 'a teacher of rhetoric' and is often opposed to orator, one who actually speaks in court or elsewhere. Here however $\dot{\rho}\eta\tau\omega\rho$ is clearly = orator or causidicus, 'a barrister'.

'The provincials being themselves unacquainted with the law of their rulers, employed Roman advocates to plead for them'. This practice in the provinces (usus provincialis, Cic. pro Cael. 30) was regarded as good training for young men. Tertullus is a dimin. from Tertius, as Catullus from Catius, Lucullus from Lucius.

2. $\lambda \epsilon \gamma \omega \nu$] Obviously a summary of the speech. The statement of the case vv. 5-8 could not possibly have been made so briefly.

 $\pi o \lambda \lambda \hat{\eta} s...$ The speaker begins with the regular captatio benevolentiae. See Quint. Inst. Or. IV. 1. So too Paul ver. 10.

elpήvns] Tacitus (Ann. XII. 54) does not give this description of the government of Felix, but describes him as secretly encouraging banditti and sharing the plunder, and he was shortly after this accused by the Jews at Rome, cf. xxiii. 24 n.

Anyhow to refer to the 'peace' of a district would be acceptable and usual flattery to a governor. Cf. Ulpian de officio praesidis: Congruit bono et gravi praesidi ut pacata sit provincia.

διορθωμάτων] 'corrections', 'reforms'. T.R. κατορθωμά-Text NABE. $\tau \omega \nu = recta$, recte facta, a philosophic term; A.V. 'worthy deeds'.

mpovolas] 'providence' A. and R.V., evidently regarding So H. B. it as used in flattery and representing the Latin providentia. A. Providentia Caesaris being common on coins, and providentia being used of God in post-Augustan Latin. But surely $\pi \rho ovola ext{ is only} = prudentia, 'wise forethought', 'care'. Cf.$ Lumby. e.g. 2 Macc. iv. 6 άνευ βασιλικής προνοίας άδύνατον τυχείν είρήνης. So της σαρκός πρόνοιαν Rom. xiii. 14 'provision for the flesh', and προνοείσθαι 'take thought for' or 'provide' Rom. xii. 17: 2 Cor. viii. 21: 1 Tim. v. 8.

> πάντη τε καl πανταχού] The rhetorical balance of 3. the sentence is increased by taking these words with $\delta_{\iota o \rho \theta}$. ywoukvwv. The words which record the virtues of Felix begin with $\pi o \lambda \hat{\eta}s$ and end with $\pi \dot{a} \nu \tau \eta \tau \epsilon \kappa a \lambda \pi a \nu \tau a \chi o \hat{v}$: it is for 'great peace and improvements everywhere' that, says the orator, we must begin by expressing our thanks to-day.

> R.V. 'we accept it in all ways and in all places': but surely the speaker in using $d\pi \sigma \delta \epsilon_{\chi} \delta \mu e \theta a$ expresses not their 'acceptance in all places', but their acknowledgment that

La.

So

H.

day and in that place of benefits they had in all ways and in all places received from Felix. Moreover, 'we accept in all ways, in all places, with all thankfulness' is an exaggeration of style which verges on the absurd.

4. $\epsilon \nu \kappa \delta \pi \tau \omega$] The opposite of $\pi \rho \sigma \kappa \delta \pi \tau \omega$, used of pioneers 'clearing a way', =(1) impede a way, (2) delay, interrupt.

συντόμως] 'concisely'; strictly of speakers, then naturally of hearers, 'to hear briefly' or 'in a few words'.

έπιεικεία] 'consideration', 'courtesy'. ἐπιεικήs is 'a Ar. Eth. reasonable man', 'one who makes reasonable concessions': v. 10, Plat.Leg. often opposed to Sikauos, 'one who insists on his strict 757 p. rights'.

5. εύρόντες γάρ...] Here follows a summary of the charges against Paul. There is no verb, and it bears the stamp of a résumé of the points urged by Tertullus.

Note the charge of inciting to disorder put strongly forward, cf. xvi. 20 n.

άνδρα τοῦτον λοιμόν] So Dem. 794 οῦτος οῦν αὐτὸν έξαιτήσεται ο φαρμακός, ο λοιμός; 1 Macc. x. 61 άνδρες λοιμοί; Cic. pro Sest. 14. 33 illa furia ac pestis patriae (of Clodius).

κατά την oik.] xvii. 6 n.

τῶν Ναζωραίων] Here only in the plural and used con-temptuously, cf. John i. 46. 'Christians are still called W. by this term by Jews and Mahometans'. Elsewhere in N.T. the adj. merely describes the birthplace of Jesus.

αίρέσεως, v. 17 n.

6. enelpager] verbum aptum ad calumniam. B. It had been alleged that he had profaned the Temple (xxi. 28) but this could not be proved.

After έκρατήσαμεν T.R. adds και κατά τον ημέτερον νόμον Omitted ήθελήσαμεν κρίνειν. παρελθών δε Δυσίας ό χιλίαρχος μετά by πολλής βίας εκ τών χειρών ήμων απήγαγε, κελεύσας τους κατη- LP. γόρους αὐτοῦ ἔρχεσθαι ἐπὶ σέ—an insertion due to the speech of Tertullus seeming incomplete.

8. παρ' où] i.e. from Paul. Examine him, they say, La. M. and he will not be able to deny it: Paul (ver. 20) rejoins de W. 'let them say if they can what crime I have committed'.

The suggestion of a quaestio per tormenta is quite un- w. Corn. warranted. In T.R. of refers to Lysias.

à Lapide. Grotius.

9. συνεπέθεντο] 'joined in the attack'; a strong word.

10. $\pi o \lambda \lambda \hat{\omega} v$] About seven. For $\mathcal{E} \theta v \epsilon \iota = J \text{ ews xxviii. 19 n.}$

11. δυναμένου σου...] i.e. I address myself with confidence to a judge of your experience, because you will find out that the crime charged against me was committed only twelve days ago, and therefore as an experienced judge you can easily discover the exact truth.

The days may be thus reckoned: 1, arrival in Jerusalem; 2, meeting with James, xxi. 18; 3, taking of the vow, xxi. 26; 7, arrest in the temple $\omega s \, \ell_{\mu} \epsilon \lambda \sigma \nu a \, \ell_{\pi} \tau \dot{\alpha} \, \dot{\eta}_{\mu}$. $\sigma \nu \tau \epsilon \lambda \epsilon \hat{\sigma} - \theta a_i$; 8, taken before the Sanhedrin xxii. 30; 9, conspiracy of Jews xxiii. 12; 10, arrival at Antipatris; 11, at Caesarea; 13, the day when Paul is speaking.

It will be noted that this reckoning makes the 'after five days' of xxiv. 1 refer, not to Paul's arrival in Caesarea, but to his despatch from Jerusalem by Lysias; the difficulty of doing so is much relieved by observing that $\delta \epsilon$ in xxiv. 1 is the antithesis to $\mu \epsilon r$ xiii. 31 (v. n.).

παραστήσαι] 'present', 'shew', 'prove'; so classical,
 cf. Plato Rep. 600 D τοῖs ἐφ' ἐαυτῶν παριστάναι ὡs...

14. $\delta\mu\sigma\lambda\sigma\gamma\omega$ $\delta\ell...$] Paul, having denied the charge of disturbance, now proceeds to answer the charge of being 'a ringleader of the sect of the Nazarenes'. This he does by declaring that Christianity is not a deviation from Judaism but the fulfilment of it.

την όδον ην λέγουσιν αζρ.] For όδός cf. ix. 2 n. αζρεσις v. 17 n. Paul objects to the term αζρεσις employed by Tertullus (ver. 5), which he himself elsewhere uses in a bad sense, e.g. Gal. v. 20, where among the 'works of the flesh' are διχοστασίαι, αἰρέσεις. The distinction he draws here is between the path which is marked out for a man by God (via divinitus prescripta B.) and a self-chosen course, which a man marks out for himself. Cf. the same distinction in Newman's hymn: 'I loved to choose and see my path, but now Lead thou me on'.

τῷ πατρώψ θ.] The adj. emphasizes the argument: cf. v. 30 ὁ θ. τῶν πατέρων; xxii. 3 τοῦ πατρώου νόμου.

15. ἐλπίδα....ἡν προσδέχονται] Those 'look for a hope' who look for its fulfilment. Cf. Tit. ii. 13 προσδεχόμενοι τὴν μακαρίαν ἐλπίδα.

In using the words about obrou Paul points to his accusers, not regarding them as probably for the most part Sadducees who denied a resurrection, but as representatives of the Jewish nation and religion.

A.V. gives 'hope...which they allow', apparently avoiding the difficulty about the Sadducees.

16. ἐν τούτφ] 'herein', referring to his whole declaration of belief vv. 14, 15. καl αὐτόs] 'I also', as well as my accusers and the Jews whom they represent. 'In all the points just mentioned *I* also endeavour to live without offence to God or man'.

άπρόσκοπον] A.V. excellently 'void of offence', for the word may have two meanings:

(1) 'not stumbling' i.e. not offending, upright—in this sense Paul seeks to be $a\pi\rho\delta\sigma\kappa\sigma\sigma\sigma\sigma$ $\pi\rho\delta\sigma$ $\tau\delta\nu$ $\theta\epsilon\delta\nu$.

(2) 'not stumbled against', i.e. not causing offence—in this sense Paul seeks to be ἀπρόσκοπος προς τους ἀνθρώπους.

The word only occurs twice elsewhere in N.T., both times used by Paul: viz. in its first meaning Phil. i. 10 *iva* $\eta \tau \epsilon i \lambda \iota \kappa \rho \iota \sigma \delta \kappa a i d \pi \rho \delta \sigma \kappa \sigma \tau o \iota \epsilon i \eta \iota \ell \rho a \nu X \rho \iota \sigma \tau o \tilde{\iota}$; in its second meaning 1 Cor. x. 32 a d \pi \rho \delta \sigma \kappa \sigma \sigma \iota \kappa a i Iov \delta a los γ l ν ε σ θ ε κ a i "Ελλησι.

 $d\sigma\kappa\hat{\omega}...\pi a\nu\tau\delta s$ might be given as the best statement of Paul's rule of conduct in dealing with his difficulty between Jews and Gentiles.

17. δι' ἐτῶν πλειόνων] 'after an interval of several years'. His last visit was on his return from his second missionary journey, xviii. 22.

έλεημοσύνας] For this collection for the poor in Jerusalem cf. 1 Cor. xvi. 1—4; Rom. xv. 26.

προσφοράς] 'offerings', 'sacrifices', i.e. in the Temple. The same word xxi. 26.

18. $\dot{\epsilon} v \alpha \hat{s} \hat{s}$ 'in which', i.e. in connection with the offer- Text ing of the sacrifices. T.R. $\dot{\epsilon} v \alpha \hat{s}$ 'herein', i.e. in connec- $\overset{\text{NABE}}{\underset{\text{HLP}}{\text{vois}}}$ tion with these matters generally.

τινές δέ] So NABCE. T.R. omits δέ, making τινές nom. to εδρον—an obvious correction.

The sentence as given in the text is broken off after the words $\pi\rho\delta$; $\epsilon\mu\epsilon$: 'they (my accusers here present) found me, I grant, in the Temple performing a religious duty, *not* creating a disturbance, *but* certain Jews from Asia, who ought to have been present to-day to support any charge they had against me—or let these men here (turning to his accusers) state what illegal act they found me guilty of when I was arraigned before the Sanhedrin'.

δέ after $\tau \iota \nu \dot{\epsilon} s$ is opposed to the emphatic où $\mu \epsilon \tau \dot{\epsilon} \delta \chi \lambda o \nu$ où δè μ . θ .—'I was not creating disturbance, but certain Jews from Asia (brought an accusation to that effect)'. Before stating what the accusation was Paul proceeds parenthetically to comment on the absence of his accusers as indicating the falsity of their charge. Strictly he ought to have gone on to state what the accusation was, instead of doing so however he breaks off, and, turning to the Sanhedrists, says 'or let these men say what I was proved guilty of', the force of 'or' being this—'The absence of my original accusers shews that they had no case, or, if this inference is objected to, then let these men *themselves* (though their evidence is only second-hand) say what...'.

The passage as it stands is instinct with life, and seems to exhibit the abruptness so characteristic of the Pauline Epistles. Cf. xxvi, 9 n.

20. $\tau i \dots \eta = \tau i \, d\lambda \lambda \dots \eta$, 'what ... except'.

21. ἐκέκραξα] Reduplicated aorist. Cf. Numb. xi. 2 ἐκέκραξεν and 'almost always in LXX.'

22. $d\nu\epsilon\beta\dot{a}\lambda\epsilon\tau\sigma$] When a case was put off for fuller hearing the judge AMPLIUS pronuntiabat, cf. Cic. Brut. 22 cum consules re audita AMPLIUS de consilii sententia pronuntiassent.

άκριβέστερον...] These words assign a reason why Felix put off the case, just as the next participle είπας assigns the reason he alleged for so doing, viz. the need of Lysias' evidence.

Lange.

A.

Brissonius,

de For-

mulis.

He did so 'because he had more exact knowledge of the Way', the comparative indicating a more than usually exact knowledge, such as was not unnatural in one who had been so long governor and had a Jewish wife. His knowledge enabled him to see that Paul could not be condemned by a Roman tribunal on the religious question, and he accordingly 'put off' the case, alleging the need of further evidence. He might have acquitted Paul, but he may have wished not to offend the Jews (cf. ver. 27) and trusted that time would afford some chance of getting out of the difficulty, or he may have hoped for a bribe from Paul (cf. ver. 26).

Some say $\epsilon l\delta\omega s = \epsilon$ now that he had learnt', i.e. he put them off because he had learnt from Paul's speech to understand more clearly what Christianity was. But $\epsilon l\delta\omega s$ cannot naturally = certior factus.

23. averual lit. 'relaxation'; R.V. 'indulgence'—the opposite of strict confinement; the next words serve to explain it.

24. $\Delta \rho o v \sigma (\lambda \lambda \eta \tau \hat{\eta} l \delta (a \gamma v v a \kappa \ell]$ Suctonius (Claudius 28) calls Felix trium reginarum maritum aut adulterum; one was a daughter of Juba, king of Mauretania, the third is unknown. Drusilla was a daughter of Herod Agrippa (xii. 1), who killed James; Felix had persuaded her to leave her former husband Aziz, king of Emesa. She perished with her son in an eruption of Vesuvius in the reign of Titus.

The MSS. authority for lôla is not strong, and it is perhaps safer to render merely 'his wife', but the reading is

M. H.

ίδία BC².

A.

remarkable considering the history of Felix and Drusilla omit and the description given of Paul's discourse. $\tau_{\hat{T}}^{\text{PL}}$

ούση 'Ιουδ.] The words seem to suggest that the inter wirou view was held on her account as taking a natural interest in Ex¹. Paul and his teaching.

εls Χριστόν Ίησοῦν] Probably wrong, cf. ii. 22 n. Ίησοῦν found in NEL; omitted N²AHP.

	temperance'. Strictly
$\sigma \dot{\omega} \phi \rho \omega \nu = \text{one who}$	has got the mastery over his passions.
έγκρατής =	is getting
άκρατής =	is losing
άκόλαστος =	has lost
	TT 1 '' 11 1 2 2 2 10/ 1

τὸ νῦν ἔχον] Cf. Tobit vii. 11 τὸ νῦν ἔχον ἡδέως γίνου, Lumby. for the present'.

26. $\chi p \eta \mu a \tau a$] He knew that Paul had gone up to Jerusalem with money collections (xxiv. 17). Lex Julia de Digest repetundis praecipit, Ne quis...ob hominem in vincula publica (XL II. 3) conjiciendum, vinciendum...exve vinculis dimittendum... II. 7] aliquid acceperit. Such laws are of course often a dead in H. letter.

27. Πόρκιον Φήστον] Porcium Festum. He died after about two years.

χάριτα καταθέσθαι] Lit. 'to deposit a favour with', i.e. to do a favour which may as it were stand to your credit, on which you may at any time draw. The verb is strictly used of 'depositing with a banker': its metaphorical use is classical, e.g. Thuc. I. 33 sub in. μετὰ ἀειμνήστου μαρτυρίου τὴν χάριν καταθήσεσθε; I. 138 εὐεργεσίαν ἐς βασιλέα κατέθετο.

CHAPTER XXV.

1. $\tau_{\hat{\eta}} \dot{\epsilon} \pi a \rho \chi \epsilon l_{\hat{q}}$ Cf. xxiii. 34 n. Strictly Judaea was not a 'province', but a department of the province of Syria, but the term is used loosely. Syria was under a *legatus* H. I.a. *Caesaris*, Judaea under a *procurator* ($\dot{\epsilon} \pi i \tau \rho \sigma \pi \sigma s$).

2. οί πρώτοι] Not identical with but including of πρεσβύτεροι ver, 15. All 'the chief Jews' would attend to pay their respects to the new governor.

4. $\delta \mu \hat{\epsilon} \nu \delta \nu \Phi$.] Answered by $\delta \iota a \tau \rho l \psi a s \delta \hat{\epsilon}$... ver. 6. Cf. ii. 41 n.

τηρείσθαι] A.V. 'should be kept'; R.V. rightly 'was kept': the words seem to contain a rebuke of their unusual request. 'Paul is in custody at Caesarea', said Festus, 'and I am going there soon: you had better go there too'.

els Kaisaplav] cf. xxii. 5 n. on ékcise.

Ρ,

242 ACTS OF THE APOSTLES. [XXV. 5

5. Suvarol] A.V. 'them...which are able'; R.V. rightly 'which are of power'. Festus orders the proper authorities to go.

άτοπον] Cf. Luke xxiii. 41 οὖτος δὲ οὐδὲν ἄτοπον ἕπραξε 'nothing amiss'. So in LXX.

7. alτιώματα] What they were, is seen from Paul's reply; cf. too xxiv. 5.

8. els Kalorapa] An offence against Caesar would render liable to the penalties of majestas, 'treason'. Nero was 'the Caesar' A.D. 54-68. 'Caesar' is originally a family name. Augustus was so called as the adopted son of Julius Caesar. It soon became a title=Emperor (cf. its derivatives Kaiser, Czar). Nero was the last emperor who had any hereditary claim to be so called.

9. $i\pi' i\mu\sigma\hat{v}$] These words literally mean only 'in my presence', but in connection with $\kappa\rho\iota\theta\hat{\eta}\nu\alpha\iota$ certainly imply 'in my presence as judge', cf. xxiii, 30 n. It is clear however that Festus means Paul to be tried really by the Sanhedrin, for otherwise (1) what favour would he do the Jews? (2) what is the point of Paul's reply 'I stand at Caesar's judgment-seat'?

Festus certainly seems to be laying a snare for Paul. So B., *Hoc Festus speciose addit.*

10. ἐστώς...] i.e. I am a Roman citizen before a Roman tribunal. Festus is the representative of Caesar: the tribunal of Festus is the tribunal of Caesar.

Quae acta gestaque sunt a procuratore Caesaris, sic ab eo comprobantur, atque si a Caesare ipso gesta sunt.

κάλλιον] 'very well' A. and R.V.: not at all implying that he understood the point better than he pretended to, but rather perhaps a polite use of the comparative, cf. xvii. 21 n., and 2 Tim. i. 18 βέλτιον σὐ γινώσκει.

10, 11. 'Ιουδ. ούδὲν ήδίκηκα...εἰ μὲν οὖν ἀδικῶ] Paul says 'of offences against the Jews I am not guilty, as you know, and therefore refuse to be sacrificed to a Jewish court: if I am guilty of any crime against Roman law, let it go before a Roman court'.

παραιτούμαι] deprecor.

δύναται] 'is able', that is, legally.

xaploaotai] iii. 14 n.

12. Καίσαρα ἐπικαλοῦμαι] Caesarem appello. In capital cases the Roman law had always allowed an appeal to the people (provocatio ad populum). This right of appeal from any magistrate was confirmed by the Lex Valeria et Horatia

Ulpian in M.

As La. M. de W. B.C. 449 and by the *Lex Valeria* B.C. 300. The emperor represented the Roman people, and so the appeal passed to him.

Cf. Pliny's conduct with regard to the Christians in Epist. Bithynia: quos, quia cives Romani erant, adnotavi in urbem X. 97. remittendos.

τοῦ συμβουλίου] Probably the chief officers and personal retinue of the procurator. These constantly acted as a council of assessors to a Roman governor. They were technically known as cohors, cf. Hor. Sat. 1. 7. 23 laudat Brutum laudatque cohortem; Epist. III. 6; Cic. ad Q. Fr. 1. 1. 4 quos aut ex domesticis convictionibus aut ex necessariis apparationibus tecum esse voluisti, qui quasi ex cohorte praetoris appellari solent.

13. 'Ayp($\pi\pi\alpha_s$ & $\beta\alpha\sigma$.] Son of Herod Agrippa I., brother of Drusilla and Bernice; the last of the Herods; only 17 when his father died, A. D. 44, and too young to receive his father's kingdom, Cuspius Fadus being sent as procurator to Judaea. He was made king of Chalcis A. D. 48; received the tetrarchies of Philip and Lysanias (Luke iii. 1) A. D. 53. He was governor of the temple and appointed the high priest. His title was only a courtesy title, as he was really a vassal of the Roman empire. He endeavoured to dissuade the Jews from their great rebellion in 66 A.D., and afterwards retired to Rome, where he died A.D. 100.

Bepvíky] = $\Phi \epsilon \rho \epsilon \nu k \eta$, Veronica (and cf. Victoria); a noted beauty; she had originally married her uncle Herod of Chalcis, but after his death lived with Agrippa. She became Suet. Tit. afterwards the mistress of Titus.

άσπασάμενοι] So NABEHLP. T.R. ἀσπασόμενοι 'to salute', which certainly gives a preferable sense.

Agrippa visited the new governor to pay his respects and to indicate his acknowledgment of Roman supremacy, much as an Indian prince might do to a new Governorgeneral.

14. $d\nu \epsilon \theta \epsilon \tau o$] R.V. 'laid Paul's case before': the verb is used of communicating something with a view to consultation or receiving an opinion. Cf. Gal. ii. 2 $d\nu \epsilon \theta \ell \mu \eta \nu$ $a \dot{\nu} \tau o \dot{s} \tau \delta \epsilon \dot{\nu} a \gamma \epsilon \lambda \iota o \nu \dots o f$ Paul laying before the Apostles at Jerusalem an account of the gospel he taught among the Gentiles.

Festus would do this on account of Agrippa's acquaintance with the Jews and the Jewish religion, cf. xxvi. 3, 27.

16. $\pi\rho \ln \eta$... $\xi_{\chi_0 \iota}$] Optative because the sentence passes into oblique narration. Direct speech would be $\pi\rho \ln \sigma \nu$... ξ_{χ_0} .

 $\tau \circ \pi \circ v = locum$, 'opportunity'.

16 - 2

244 ACTS OF THE APOSTLES. [XXV. 18

18. altíav $[\phi_{\epsilon \rho o \nu}]$ T.R. $\epsilon \pi \epsilon \phi_{\epsilon \rho o \nu}$, which is more classical; cf. Thuc. vi. 76 alτίαν ευπρεπή έπενεγκόντες. ΕL, έπέφερον

Text

HP.

Text

Text

Р.

NABC

ών έγώ ύπενόουν πονηρών] Festus had suspected some serious charge (1) from the strong feeling shewn by the Jews, (2) from the length of Paul's imprisonment.

19. Tŷs ibias Seisidaipovias] Cf. xvii. 22 n. The rendering 'superstition' is certainly wrong: Agrippa, whom Festus addresses, was at any rate professedly a Jew. Festus says 'their own religion' because as such it did not concern a Roman magistrate.

έφασκεν] 'alleged', suggesting that the statement was false, cf. xxiv. 9; Rom. i. 22 φάσκοντες είναι σοφοί έμωράνθησαν.

20. απορούμενος ... την ... [ήτησιν] T.R. has els before RABH τήν. But ἀπορείσθαι can take a direct acc. e.g. Plat. Crat. 309 D το πυρ άπορω; Thuc. v. 40 ταυτα άπορουντες. The reason Festus assigns differs from that assigned to him 'ver. 9.

> έλεγον εί βούλοιτο] Apparently εί βούλοιτο is the oblique form of the direct question εl βούλει; 'dost thou wish?'-'I said to him, did he wish ... '.

> 21. ἐπικαλεσαμένου τηρηθήναι] 'having made appeal to be kept'. The 'making appeal' involved a request: hence the infinitive.

τοῦ Σεβαστοῦ] The Gk rendering of Augustus. Octa-Merivale vian assumed this agnomen B.C. 27. The adj. had never c. xxx. been used as a name before, but was applied to things venerable and sacred, cf. Ov. Fast. I. 609 sancta vocant augusta patres, augusta vocantur templa. By his successors it was assumed as a title.

 $\dot{a}\nu a\pi \epsilon \mu \psi \omega$ send up' to a central authority, or from a province to the metropolis. T.R. $\pi \epsilon \mu \psi \omega$. NABCE.

22. έβουλόμην] 'I was wishing'. The expression is a polite request which Festus immediately grants; 'I was wishing to hear him myself too. To-morrow you shall hear him'. The imperfect is due to a tendency, common to many languages, to soften the direct 'I wish' or 'I want'. The imperfect is less direct than the present: 'I was wishing' says Agrippa courteously, and the imperfect implies that, if the wish is inconvenient, it may be taken as withdrawn and no longer existing.

It is usual to quote in illustration Gal. iv. 20 ήθελον δέ παρείναι and Rom. ix. 3 ηὐχόμην γὰρ ἀνάθεμα είναι αὐτός, but in those passages the imperfect is put for the imperfect with av, and av is omitted to make the wish more emphatic and unconditional—in fact the exact opposite of the form of wish here.

23. φαντασίαs] 'pomp', 'parade'; cf. Herod. vii. 10 τà ύπερέχοντα ζώα κεραυνοί ο θεός ούδ' έφ φαντάζεσθαι.

άκροατήριον] auditorium, 'hall of audience'. The hearing was semi-judicial, to obtain materials for a statement of the case to the emperor, cf. ver. 26.

26. τῷ κυρίω] Domino. Dominus='master' or 'owner' and, as being specially applied to the relationship of a master to his slaves, the appellation was repudiated by Augustus and Tiberius, but it soon began to be regularly Suet. applied to the emperors by the servility of a later age. It $\frac{Aug}{53}$ is still to be found as a title on the degree lists of the *Tib*. University of Cambridge.

avaκρίσεωs] In cases of appeal the judge who allowed the appeal had to send what were termed litterae dimissoriae or apostoli, containing a statement of the case. So Marcia-Brissonus: Post appellationem interpositam litterae dandae sunt ab $p_{+}432$ eo, a quo appellatum est, ad eum qui de appellatione cogniturus est, sive principem sive quem alium. Quas litteras dimissorias sive apostolos appellant.

CHAPTER XXVI.

1. ἐκτείνας την χειρα] An oratorical gesture.

2, 3. έπι σοῦ...μάλιστα γνώστην ὄντα σε] T.R. adds είδώs with no authority. R.V. gives the right sense, 'especially because I know thee to be expert The acc. is governed by the sense of 'thinking' or 'considering', which is the main idea of the sentence.

έθων] consuetudinum, in practicis, ζητημάτων quaestionum, in theoreticis. B.

4. την μèν οῦν...] vv. 2 and 3 contain the preliminary captatio benevolentiae. Paul now passes on with the transitional particles $\mu \dot{\epsilon} \nu \ o \dot{\upsilon} \nu$ (ii. 41 n.) to the narratio or statement of his case: 'with regard then to my mode of life...'. But at ver. 6 the account of his life is interrupted by a parenthesis, the speaker being desirous of pointing out that his new belief is not opposed to his old belief when a Pharisee, but a legitimate development of it. The account of his life is then markedly resumed, ver. 9, with $\dot{\epsilon}\gamma\dot{\omega}\,\mu\dot{\epsilon}\nu\,\sigma\dot{\nu}\mu$... La. A.

For a very similar instance cf. Dem. 945 $\pi \rho \hat{\omega} \tau o \nu \mu \hat{\epsilon} \nu o \hat{\nu} \nu$ αναγνώσεται τὰς συνθήκας ... καί μοι λαβε τὰς συνθήκας...

ΣΥΝΘΗΚΑΙ. ai μέν οῦν συνθηκαι.... Here and ver. 9 μέν. as frequently when introducing a narrative, has nothing to answer to it. In ver. 9 A. and R.V. render µèv ouv by an ambiguous 'verily'.

5. Papioralos] Emphatic by position.

Kal vûv] 'and now'. As I was in my youth a Pha-6. risee, so now also it is because I have shared the Pharisees' hope of a Messiah and belief in a resurrection that I am accused.

 $i\pi'$ $i\lambda\pi(\delta_1)$ The hope is the ground or basis of the charge. The 'promise...' is the Messiah, as xiii. 32.

7. ϵ is ηv] 'into which', i.e. into the fulfilment of which.

τό δωδεκάφυλον] Only here, but cf. James i. 1 ταîs δώδεκα φυλαîs ταîs $\dot{\epsilon} v \tau \hat{y}$ διασπορậ. The term comprises the whole of the Jews throughout the world, and expresses a certain national pride, and sense of national unity in spite of dispersion.

ev extevela...] Cf. the instances of Simeon and Anna, Luke ii. 25-38.

ύπο 'Ιουδαίων] Indignantly last.- A Jew for expecting Messiah accused by Jews!

8. τί ἄπιστον...] Suddenly turning from the king (cf. $\beta a \sigma(\lambda \epsilon \hat{v})$ to the whole audience (cf. $\pi a \rho' \dot{v} \mu \hat{v}$) Paul answers their unexpressed objection by referring to the resurrection as a proof that Jesus is the Messiah. They would have urged : Jesus is not the Messiah, for He was crucified, and is dead; Paul replies: Jesus is risen, and why not? Is it incredible that God raises the dead?

aπιστον el] Possibly merely 'incredible that', as θαυμασ- $\tau \partial \nu \epsilon i$ continually; but it is better to render ϵi 'if', for Paul is putting the case as a hypothesis which is not incredible.

9. έγώ μέν οῦν...] Resuming the narrative. The parenthesis of vv. 6, 7, 8 seems to possess great vividness and reality, and to be such a parenthesis as a powerful and passionate speaker might introduce naturally arising out of the statement of facts. The argument of the abrupt question in ver. 8 is not expressed with smooth fulness, but Paul's arguments often seem abrupt; like a powerful mathematician he omits several steps in rapidly reaching his conclusion.

Others take $\dot{\epsilon}\gamma\dot{\omega}\ \mu\dot{\epsilon}\nu\ o\tilde{\upsilon}\nu...$ as an answer to the question contained in ver. 8, explaining 'and indeed there was a time when I thought the same and persecuted Christianity'.

So apparently A. and R.V.

But (1) such a use of $\mu \dot{\epsilon} \nu \ o \partial \nu$ in reply needs justification, (2) the words do not answer the question of ver. 8 at all; they say 'I did everything to injure the name of Jesus'; (3) the question in ver. 8 is rhetorical and needs no answer.

έγω... έδοξα έμαυτῷ...τῶν ἁγίων ἐγω] Ita egoismus saepe fallitur.

'Ιησοῦ τοῦ Ναζ.] The distinctively human name of Jesus. Paul speaks from the point of view he held before his conversion: to him then Jesus was 'Jesus the Nazarene', not 'Jesus the Messiah'.

10. $\tau \hat{\omega} v \dot{\alpha} \gamma (\omega v)$ Used in the same connection ix. 13.

κατήνεγκα ψήφον] Not found elsewhere: R.V. 'I gave my vote against them'. The phrase is much more vivid and pictorial than $\kappa a \tau \epsilon \psi \eta \phi l \sigma a \mu \eta \gamma$; $\dot{a} \kappa a \rho \sigma \mu \epsilon \omega \tau \omega \tau \omega \tau \omega \tau \omega$ is of course the gen. absolute, but it also supplies the genitive which has mentally to be supplied as the object of $\kappa a \tau \eta \nu \epsilon \gamma \kappa a$ $\psi \eta \phi \sigma \nu$.

Others render $\kappa a \tau \eta \nu \epsilon \gamma \kappa a$ 'I deposited', i.e. in the urn or M. A. ballot-box, a rendering which takes all force from the deduce passage.

It is clear that Paul must have been a member of the *tiam*. Sanhedrin.

11. $\eta'\nu\dot{\alpha}\gamma\kappa\alpha\dot{\beta}\circ\nu$ $\beta\lambda\alpha\sigma\phi\eta\mu\epsilon\dot{\nu}\gamma$] A.V. 'compelled them to blaspheme'; R.V. rightly 'I strove to make them blaspheme'. The imperfect sense is not due however to the As A. IIverb being in the imperfect, for the imperfect merely indi- Cookcates that Paul's efforts were repeated, but to the fact that $d\nu\alpha\gamma\kappa\dot{\alpha}\omega$ merely means 'to bring compulsory (not voluntary) motives to bear', and does not indicate whether the compulsion is effective or not; cf. Gal. vi. 12 $d\nu\alpha\gamma\kappa\dot{\alpha}\beta\nu\sigma\iota$ $\pi\rho_{0}r\dot{e}\mu\nu\epsilon\sigma\theta\alpha_{i}$, 'they try to make you be circumeised'.

βλασφημέιν i.e. εls 'Ιησούν: the word is the opposite of εὐφημείν.

Cf. Pliny, Ep. x. 97, where he writes to Trajan that he compelled certain men accused of being Christians maledicere Christo, and adds quorum nihil cogi posse dicuntur qui sunt revera Christiani. Ergo dimittendos putavi.

τάς έξω πόλεις] i.e. outside Palestine.

12. $\dot{\epsilon} v \ o \hat{s}]$ i.e. in connection with their leaving Palestine and my following them beyond it.

έξουσίαs καl ἐπιτροπήs] A. and R.V. 'authority and commission'. ἐπιτροπή is any office or duty entrusted (ἐπιτρέπω) to a person, ἐξουσία the authority attaching to one holding official position and power.

248 ACTS OF THE APOSTLES. [XXVI. 13

13. oùpavóθεν...] ix. 3 φῶs ἀπὸ τοῦ οὐpavoῦ, xxii. 6 φῶs ἰκανόν. For the variations in the three accounts, cf. ix. 4 n. It is clear that Paul here interweaves with the words of Jesus others spoken to him subsequently by Ananias, or communicated to him in subsequent visions (cf. ver. 16 ῶν τε ἀφήσομαί σοι), or which seem necessary to explain the exact meaning of the divine call to his hearers.

Doubtless Paul, believing that from his conversion his divine Master had been in frequent direct communication with him, never thought of critically distinguishing the message conveyed at one time from the similar or fuller message conveyed at another, or the fuller understanding of it which came later. Luke certainly saw nothing unreasonable in giving the words of Jesus here differently, or he would not have left such variations in his three accounts. Deliberate forgery would certainly not have left them as they stand. On the other hand the variations are a direct warning to those who found dogmatic statements on isolated words or phrases of Scripture.

14. $\tau_{\hat{\eta}}$ 'Εβρ. διαλέκτω] Only in this account: a natural addition, as Paul is probably speaking in Greek.

σκληρόν σοι...] Only here, its introduction in the other accounts being without authority. The proverb is common in Greek, e.g. Aesch. Ag. 1624 προς κέντρα μη λάκτιζε, and cf. Ter. Phorm. I. 2.27 quae inscitia est! advorsum stimulum calces! It is taken from an ox that being pricked with a goad kicks and receives a severer wound. The application here is to Paul's resistance referred to in ver. 9.

16. ἀνάστηθι καὶ στῆθι] Emphatic assonance. Cf. Eph. vi. 13 (quoted below, ver. 22 n.). The latter part of the phrase is from Ezek. ii. 1 Υἰἐ ἀνθρώπου, στῆθι ἐπὶ τοὺς πόδας σου.

προχειρίσασθαι] 'appoint', iii. 20. ύπηρέτην] ministrum.

 $\hat{\omega}\nu$ τε έδές με $\hat{\omega}\nu$ τε όφθήσομαί σοι] 'of what thou hast seen (the present vision) and of the visions in which I shall (hereafter) be seen by thee'. For such visions cf. xviii. 9, xxiii. 11; 2 Cor. xii. 2.

de W. II. 17. ξξαιρούμενος] 'choosing', not 'delivering' as A. and R.V. The use of τοῦ λαοῦ shews this: when the Jews are referred to as enemies they are 'Iouôaîou (cf. vv. 7, 21); $\lambda a \delta s$ is their name of honour,—Paul is chosen from the chosen people and from all the world. Cf. ix. 15; where he is called $\sigma \kappa \epsilon \bar{\upsilon} \sigma s \, \epsilon \kappa \lambda \sigma \gamma \hat{\eta} s$, in special reference, as here, to his conversion.

Elsewhere in the Acts (vii. 10, 34, xii. 11, xxiii. 27) the word means 'deliver'. It can bear either meaning: the context must in each case determine the right one. Nor is the reference to Jer. i. 8 and 1 Chron. xvi. 35 sufficiently definite to fix the meaning here, where 'delivering' spoils the sense.

18. ανοίξαι...] For ανοίξαι ἀφθαλμούς, cf. Is. xlii. 7, and for $\dot{a}\pi\dot{o}$ σκότους, Is. xlii. 16 ποιήσω αὐτοῖς τὸ σκότος ϵἰς φῶς.

 $\dot{\alpha}\nu\sigma\tilde{z}$ ξαι is the infinitive of purpose, and $\tau\sigma\tilde{v}$ $\dot{\epsilon}\pi\iota\sigma\tau\rho\epsilon\psi\alpha\iota$ is subordinate to it (= that then they may turn'), $\tau\sigma\tilde{v}$ $\lambda\alpha\beta\epsilon\tilde{v}$ being again subordinate to this and expressing the final result aimed at.

πίστει τη είs έμέ] Note the emphatic position of these words and the special emphasis of the words $\tau \hat{\eta}$ είs έμέ.

19. $\mathcal{C}\theta\epsilon\nu$] i.e. as the conclusion of all this which has been described.

ούκ ἐγενόμην ἀπειθής] Litotes : plane statim obedii. B. For ἀπτασία cf. ἀπτανόμενοs i. 3 n.

20. $\pi \hat{\alpha} \sigma \alpha \nu$] So **NAB** omitting ϵi_s ; but surely ϵi_s is needed and the preceding $o_{\epsilon s}$ may account for its omission. In the text the acc. must represent the *space over which* their teaching extended.

άξια της μετ.] Cf. Matt. iii. 8 ποιήσατε οῦν καρπόν άξιον της μετανοίας.

22. ^{'ξ}στηκα] sto, a picturesque word, expressing immoveable firmness. Cf. Paul's words Eph. vi. 13 ἀντιστῆναι ἐν τῆ ἡμέρα τῆ πονηρậ καὶ ἄπαντα κατεργασάμενοι στῆναι. στῆτε οῦν....

μαρτυρόμενος] 'protesting', NABHLP. T.R. μαρτυρούμενος, which means 'of good repute', cf. vi. 3.

οὐδὲν ἐκτὸs...] Again reverting to his main point, that Christianity is the fulfilment of the Jewish religion, Jesus the Jewish Messiah.

οί προφήται...καὶ Μωυσής] So Luke xvi. 29 $\xi_{\chi oυ \sigma \iota}$ Mωσέα καὶ τοὺς προφήτας. Moses was the greatest of 'those who declared God's will'. Cf. iii. 22 n.

23. (i) 'whether', not that Paul considered it question- So B. able, but because it was the question at issue with the Jews.

250 ACTS OF THE APOSTLES. [XXVI. 23]

παθητός] V. passibilis, 'subject to suffering', as R.V. in margin. The word= 'one liable to suffer' (παθεῖν), so Plut. Pelop. 16 τ∂ θηητόν καl παθητόν, but, from the wellknown use of παθεῖν in connection with 'the Passion' (e.g. i. 3) it here specially means 'liable to be put to death'.

A.V. 'should suffer', R.V. 'must suffer', and Beza fuisse passurum, giving a good sense but neglecting the Greek.

cl πρῶτος...] A.V. mistranslates and mars the sense, 'should be the first that should rise from the dead, and should shew light...': R.V. better, 'that he first by the resurrection of the dead should proclaim light...'. A more accurate rendering would be 'that he first by a resurrection from the dead...'

Others Paul believed to have risen from the dead, as for instance Lazarus, but Christ 'first by a resurrection from the dead proclaimed light', because, while they died afterwards, Christ's rising again was the first instance of that of which it is the earnest, viz. a resurrection to life everlasting; cf. 1 Cor. xv., and Rom. vi. 9 $X \rho \iota \sigma r \delta s \ \epsilon' \gamma \epsilon \rho \rho \epsilon' \delta s \ \epsilon' \kappa \ \nu \epsilon \kappa \rho \tilde{\nu} \sigma' \delta \kappa' \epsilon' \delta \pi \sigma \theta' \gamma \sigma \kappa \epsilon \iota$.

φῶς: cf. ver. 18, and Luke ii. 32 φῶς εἰς ἀποκάλυψι» έθνῶν.

24. ταῦτα...ἀπολογουμένου] Present part., shewing that it was the latter portion of Paul's discourse which provoked the exclamation of Festus.

 $\mu \alpha (\nu \eta)$ 'Thou art mad'. The word does not in any way describe 'insanity'. It merely represents the opinion which practical common-sense men often form of the speculations of an enthusiast: it is immediately defined by its opposite, he who 'is mad' does not speak words 'of reality and soberness'. An Athenian would have used the word of any abstruse philosopher.

Cf. the description of a philosophic 'madman' Plato Phaedr. 249 D έξιστάμενος των άνθρωπίνων σπουδασμάτων και προς τῷ θείω γιγνόμενος νουθετεῖται μὲν ὑπὸ τῶν πολλῶν ὡς παρακινῶν, ἐνθουσιάζων δὲ λέληθε τοὺς πολλούς.

τά πολλά σε γράμματα] Note the remarkable position of σέ: multae illae te litterae: 'that great learning of thine'. The word γράμματα no doubt refers to knowledge of the Hebrew Scriptures (al γραφαί), of. John vii. 15 πῶs οἶτos γράμματα οἶδεν μὴ μεμαθηκώs; and γραμματείs='a scribe'.

25. $d\lambda\eta\theta\epsilon(as \kappa al \sigma \omega \phi \rho. \dot{\rho} \eta \mu.]$ The first gen. is objective, the second subjective: the words describe the exact facts, and are uttered by one in full possession of a controlled reason.

La. M. de W.

As A.

La.

A. and R.V. give $\sigma\omega\phi\rho\sigma\sigma\nu\eta s =$ 'soberness', but note that σώφρων is from σῶς φρήν, sobrius from so (=se) -ebrius.

28. έν όλίγω με πείθεις Χριστιανόν ποιήσαι] ποιήσαι NAB; T.R. with EHLP yeverobal, which seems a correction for the more difficult $\pi oin \sigma ai$.

 $\epsilon \nu \delta \lambda l \gamma \omega$ is clearly = 'with little (trouble, effort)', $\epsilon \nu$ being instrumental, its sense being determined by the use of the phrase in Paul's reply $\epsilon \nu \delta \lambda$. $\kappa a \ell \epsilon \nu \mu \epsilon \gamma a \lambda \phi =$ with little or with great (trouble)'. It cannot $= \epsilon \nu \delta \lambda \ell \gamma \omega \chi \rho \delta \nu \omega$ 'quickly', for έν μεγάλψ (so NAB but T.R. έν πολλώ with HLP) could not mean 'in much time'.

The words seem spoken chiefly with reference to Paul's brief final appeal directly to Agrippa, and to be a light indifferent dismissal of the subject 'not in a jeering tone but La. without real earnestness'-'With little art thou persuading me (so as) to have made me a Christian'. It should be noted that $\pi \epsilon l \theta \epsilon \iota s$ does not express the actual effecting of persuasion, but only 'the effort to persuade'.' So R.V. rightly gives 'wouldest fain make'.

A has the reading $\pi \epsilon l \theta \eta$, and this certainly improves Alford the sense and gives $\pi_{ol} \hat{\eta} \sigma_{al}$ a more intelligible construction. $\frac{\text{and}}{\text{Lach-}}$ With little art thou persuaded (cf. ov $\pi \epsilon l \theta o \mu a \iota$ ver. 26) to mann have made me a Christian'.

The use of $X_{\rho i \sigma \tau i a \nu \delta s}$ is certainly not as 'an offensive reading. appellation': the whole discourse of Paul had been about o As A. $\chi \rho_{i\sigma\tau \delta s}$; he had shewn why he believed that the Messiah had come, and Agrippa not unnaturally characterizes one who holds such a belief as Xpioriavos, 'a Messiah-follower'. Agrippa was a Jew, and 'Messiah-follower' would not be used by a Jew as 'an offensive appellation'.

On the other hand it is impossible to take Agrippa's M. de words as sober earnest, 'With thy few words thou art per-suading me to become...'. The emphasis on $\dot{\epsilon}r \, \delta \lambda i \gamma \varphi$ is too marked to allow this; it also involves the acceptance of $\gamma \epsilon \nu \epsilon \sigma \theta a \iota$, and then neglects the aorist ('to have become', not 'to become').

και έν μεγάλω] 'or with great', so δis κal τρis, terque B. 29. quaterque.

31. $\pi p \acute{a} \sigma \sigma \epsilon_i$ agit egitque. Non de una actione sed de tota vita Pauli loquuntur.

32. ἐδύνατο] αν is often omitted with simple verbs such as έδει (xxiv. 19), έχρην &c. So in Latin poterat, debebat, instead of posset, deberet.

have

CHAPTER XXVII.

1. ἐκρίθη τοῦ ἀποπλεῖν] The gen. gives the purport of the decision, cf. iii. 12 n., xx. 3 n.

v. La.

As A.

252

 $\sigma \pi \epsilon (\rho \eta S \Sigma \epsilon \beta a \sigma \tau \hat{\eta} s]$ cohortis Augustae. The adj. 'Augustan' applied to troops affords as little means for identifying them as 'Royal' would now-a-days. All conjectures as to what the cohort was and who Julius was are worthless.

The words certainly do not mean a cohort of men from $\Sigma \epsilon \beta a \sigma \tau \eta = Samaria, which would require <math>\sigma \pi \epsilon \hat{\iota} \rho a \Sigma \epsilon \beta a \sigma \tau \eta \nu \hat{\omega} \nu$. To refer to the Augustani of Tac. Ann. xiv. 15, troops specially selected by Nero to applaud his artistic performances, is more than arbitrary.

Possibly the adj. was applied by way of distinction to one of the cohorts at Caesarea specially attached to the person of the procurator, who was the representative of 'the Augustus'.

2. 'Aδραμυντηνῷ] Adramyttium, in Mysia, opposite Lesbos. The vessel was probably a small coasting vessel on its way back to Adramyttium for the winter, intending to touch at various ports on the road (cf. $\pi \lambda \epsilon \hat{u} r \sigma \delta r$ $\kappa ar \lambda r η r ' A \sigma (ar r \delta \pi \sigma ors, i.e. places along the coast of Asia).$ At one of these ports Julius hoped to find a larger vessel bound for Rome, to which he might transfer his prisoners, for it is highly improbable that he intended to take them to Adramyttium, and then through the Troad, across the Hellespont and along the via Egnatia to Dyrrhachium, and so by Brundisium to Rome.

C. & H.

3. eis $\Sigma_1\delta\hat{\omega}\nu\alpha$] 67 miles.

φιλανθρώπως...χρησάμενος] Cf. Xen. Mem. IV. 3. 12 φιλικώς χρήσθαι; Dem. 1286. 23 ύβριστικώς χρ.

4. ὑπεπλεόσαμεν] Cf. ver. 7, and ver. 16 ὑποδραμβντες; lt.V. 'sailed under the lee of Cyprus', i.e. so that Cyprus was between us and the wind, on the left hand, and we were 'sailing through the sea off Cilicia and Pamphylia'. The direct course would have been straight to Patara keeping to the S. of Cyprus (as Paul had come from Patara, xxi. 1-3), but the Etesian winds from the N.W. were still blowing and would have been dead in their teeth.

On the coast of Cilicia 'they might expect to be favoured by the land wind, which prevails there during the summer months, as well as by the current, which constantly runs to the westward, along the S. coast of Asia Minor'.

5. $M_{\nu\rho\sigma}$ An important town $2\frac{1}{2}$ miles from the sea: its port Andriace had an excellent harbour.

Smith, p. 67.

6. $\pi\lambda o i o \gamma' A \lambda \epsilon \epsilon a \nu \delta \rho i \nu o \gamma' Rome with its vast popula$ tion was, like London, mainly dependent on imported corn, the supply from Egypt being especially large. It seems probable that this ship was a corn-ship, cf. ver. 38 n., and its presence at Myrra would be accounted for by the unfavourable winds. Such ships were usually employed for conveying passengers (e.g. Titus returned to Rome in one Suct. after the capture of Jerusalem), and a cargo of corn would in no way interfere with this. If the number 276 in ver. 37 be correct it is calculated that the ship must have been of 500 tons burden.

κατά την Κνίδον] 130 m. from Myra, a Lacedae-7. monian colony of great importance, on the promontory of Triopium in Caria; it had two harbours, that on the E. being especially large. It was the scene of the naval defeat of Pisander by Conon B.c. 394.

μή προσεώντοs] Up to this point in spite of the continuous N.W. winds they had worked along by tacking, though slowly (βραδυπλοούντες) and with difficulty (μόλις), but now 'they lost the advantage of a favouring current, a C. & H. weather shore and smooth water, and were met by all the force of the wind from the westward'. At this point therefore the wind stopped their further course (μή προσεώντος); they could not hold on in the direct course, which would Smith, have been 'by the north side of Crete, through the Archi- p. 73. pelago, W. by S.' They therefore made for Salmone, the E. promontory of Crete, S.W. by S. from Cnidus.

The rendering $\pi \rho o \sigma \epsilon \hat{\omega} \nu \tau o s$ 'permitting us to enter the As R.V. harbour' seems unreasonable, for (1) Why did they wish to F. M. stop at Cnidus? (2) What reason was there for not being able to enter its southern harbour? The word is a $a\pi a\xi$ λεγόμενον.

8. παραλεγόμενοι] So legere oram in Latin commonly.

μόλις] because the same difficulties would occur as in coasting along to Cnidus.

Kaloùs Aunévas] At C. Matala the land 'trends sud- Smith, p. 75. denly to the N. and the advantages of a weather shore cease, and their only resource was to make for harbour'. Just E. Smith, of Cape Matala is such a harbour, still known as Kalus App. Limeonas, open to the E. and S.E. and a fair harbour, but not fit to winter in, cf. ver. 12. About a mile to the E. Spratt. (and also 3 or 4 m. to the E.) ruins have been discovered, in Crete, which may be those of Lasea, one of the 'hundred cities' of 11. 1-20. Crete.

London.

9. ἐπισφαλοῦς τοῦ πλοὸς] With the ancients naviga- Works tion ceased in winter. Hesiod fixes the time at the setting and

254 ACTS OF THE APOSTLES. [XXVII. 9

of the Pleiades (about Oct. 20), others fix the latest day at Nov. 11. 'The fast' which is referred to is 'the one fast in the Jewish calendar', i.e. the great Day of Atonement (see Lev. xvi. 29 to end), on the 10th day of the month Tisri, about the time of the autumnal equinox, so that their arrival in Rome, before the period when sailing ceased, was extremely doubtful.

10. " $\beta\rho\epsilon\omega s$] R.V. 'injury'. The word is a strong one, and indicates violent injury: it is the legal word for 'violent personal assault', and describes what the ship would suffer from the battering and buffeting of the waves.

öτι....μέλλειν] Change of construction, accounted for by the number of words intervening.

11. ναυκλήρω] The word usually = 'captain and owner'.

 εί πως δύναιντο...] Almost giving in oblique narration their very words, έdν πως δυνώμεθα; 'we vote for going... on the chance that we may be able...'.

Φοίνικα] Phoenix, 'the town of palms' ($\phi o\hat{\iota} \nu \iota \xi$): several towns of Crete have palm-trees on their coins.

λιμένα τῆς Κ. βλέποντα κατά λίβα και κατά χώρον] 'a harbour of Crete which faces the S.W. and N.W.'

 $\Lambda l \psi$ is Africus, the African or Libyan wind, X $\hat{\omega}$ pos the Latin Caurus in Gk letters.

The ancients having no compass or exact maps, continually mark direction by the quarter from which a wind blows; indeed they had no other method of marking the points of the compass, except for the four quarters N., S., W. and E.

A harbour 'looks' or 'faces' (or 'has its mouth') seaward always, and a harbour $\beta \lambda \epsilon \pi \epsilon \kappa a \tau \lambda \lambda \beta a \kappa a \iota \kappa \chi$. when it looks towards the points of the compass indicated by $\lambda \iota \psi$ and $\chi \omega \rho os$, i.e. when one side runs towards the S.W. and the other to the N.W., the harbour thus 'looking S.W. and N.W.' and being open from those points.

R.V. gives Tooking N.E. and S.E.', an impossible rendering, apparently due to a belief that the harbour referred to must be the harbour of Lutro, which answers that description, and is said to be the only good harbour on the coast.

Two explanations of this rendering are given, which however obtain the desired result by directly contradictory methods :---

1. Taking κατὰ λίβα καί κ. χ. rightly, but βλέποντα F. and so wrongly: it is said that the explanation is to be found in the C. & H. 'subjectivity of sailors', who 'speak of everything from their

So A.V. Vulg. W. B. H. M.

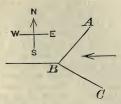

Days.

F.

Smith.

NOTES.

own point of view', that is to say, a sailor entering the harbour ABC would speak of 'the harbour' (not of 'its sides')

'looking N.W. and S.W.' because the side AB runs from A to B towards the S.W. and CB towards the N.W.

But (i) although sailors naturally speak of certain phenomena of motion from their own point of view (see xxi. 3 n.) as we talk of 'the sun rising', yet to talk of a harbour as looking landwards because they are sailing into it is most unnatural; a harbour can only look seawards. A harbour which you sail into from the E. cannot be said 'to look F. says towards the W.' Has any sailor ever described Torbay as it can. 'looking towards the W.'? Where is the proof of this startling 'subjectivity of sailors' or anyone else? When you enter a cathedral walking northwards does the door you enter by 'look towards the N.'?

(ii) Assuming that it is conceivable that any one sailing into a harbour from the E. should describe the harbour as 'looking west', yet it is inconceivable that he should describe 'the harbour' (not 'its sides') as 'looking N.W. and S.W.', for the double point of view is only possible for any one placed, or mentally placing himself, at the point B, and such a person can only describe the sides BA, BC as looking N.E. and S.E.

2. Taking κατά λ. καί κ. χ. wrongly but βλέποντα rightly, Smith, as indicating the way the harbour faces from the point B Alford. looking seaward: it is urged that $\kappa a \tau \lambda \lambda \beta a = in a N.E.$ direction' because the wind from the S.W. blows towards the N.E. and karà indicates the line of motion, which is N.E. So too κ . $\chi \hat{\omega} \rho o \nu =$ 'in S.E. direction'.

But (i) no doubt κατὰ ῥόον, κατ' οὖρον, κατ' ἀνεμον are common enough, and mean 'in the direction of a stream, wind, &c.', i.e. down the line of motion of the stream or wind; they cannot however be used except of an object in motion, e.g. a ship, and in reference to a stream or wind actually in movement. Now a harbour does not move and must look $\kappa a \tau a \lambda l \beta a$ whether $\lambda l \psi$ is blowing or not: more-

256 ACTS OF THE APOSTLES. [XXVII, 12

over, if $\lambda l \psi$ and $\chi \hat{\omega} \rho os$ represent, not points of the compass, but winds in motion, then $\kappa a \tau \hat{\alpha} \lambda l \beta a \kappa a l \kappa a \tau \hat{\alpha} \chi \hat{\omega} \rho ov$ involves the assertion that two winds are blowing at the same time.

(ii) $\beta \lambda \ell \pi \epsilon \iota r \kappa a \tau \dot{a} \tau \iota$ can only be used of that which is opposite you, which you face; cf. Luke's own use of $\kappa a \tau \dot{a}$, $\kappa a \tau \dot{a} \pi \rho \delta \sigma \omega \tau or$ (iii. 13); $\kappa a \tau \dot{a} \tau \dot{\eta} \nu M \upsilon \sigma \iota \omega$ (xvi. 7) 'with Mysia in front of you'; $\kappa a \tau \dot{a} \tau \dot{\eta} \nu K \nu \ell \delta \sigma (xxvii. 7)$ 'off' or 'opposite Cnidus'; $\pi o \rho \epsilon \dot{\nu} o \kappa a \tau \dot{a} \mu \epsilon \sigma \eta \mu \beta \rho \iota \omega$ (viii. 26) 'go with your face towards the south'. If $\beta \lambda \ell \pi \omega \kappa a \tau \dot{a} \lambda \ell \beta a$ can mean 'The S.W. wind is blowing on my back', language must cease to be intelligible. Even $\pi o \rho \epsilon \dot{\nu} \rho \iota a \tau \dot{a} \lambda \beta a$ would mean 'I go to the S.W.' The only case where $\kappa a \tau \dot{a} \lambda \ell \beta a$ could mean 'I do the N.E.' would be in such a sentence as $\nu a \vartheta \kappa a \tau \dot{a} \lambda \beta a \phi \epsilon \rho \tau a$, where $\lambda \ell \psi$ is distinctly referred to as in movement and the cause of movement.

It will be observed that Luke never reached Phoenix, and that his remark is a mere obiter dictum derived from

Smith, p. 94. - report, and quite possibly an error. Moreover there is marked on the map a harbour opposite Lutro which does look S.W. and N.W. and has the name Phineka¹.

13. ὑποπνεύσαντος] ὑπό in composition='slightly', cf. Hom. Il. IV. 423 Ζεφύρου ὑποκινήσαντος; so too ὑποταρβεῖν, ὑποταράσσειν: and sub as in subagrestis, subaccusare.

τη̂s προθέσεως] viz. to reach Phoenix; after passing C. Matala a S. wind would enable them to reach any harbour such as Lutro. κεκρατηκέναι='to have got within their brField. grasp'. Cf. Diod. Sic. XVI. 20 κεκρατηκότες ήδη τη̂s προθέσεως.

> äρaντες] A.V. 'loosing thence'; lit. 'having started' or 'moved'; B. moventes. R. V. has 'having weighed anchor', as though the word meant 'to lift', and 'anchor' had to be supplied, but even in classical Gk the word means simply 'to move', and is used transitively or intransitively, and of movement either by sea or land, cf. Thuc. I. 52 ăpavres τὰs raῦs; IV. 129 ăp. raῦs rauơiv; II. 23 ăpavres περιέπλεον; but II. 12 ăpas τῷ στρατῷ; II. 23 ăpavres ἐκ τῶν 'λχαρνῶν, and II. 98 of land marches.

> $\hat{a}\sigma\sigma\sigma\nu$] 'nearer', 'closer to the shore', an adv. comparative of $\check{a}\gamma\chi\iota$. Long mistaken for a proper name; cf. V. cum sustulissent de Asson.

> ¹ The whole of this note was originally written independently of Wordsworth's note, with which it remarkably agrees.

14. ¿Balev] 'dashed' or 'beat', intransitive, or rather reflexive; 'flung (itself)', 'dashed (itself) down', cf. ¿πιδόντες ver. 15, $\epsilon \rho \epsilon \delta \sigma a \sigma a$ ver. 41, $d \pi o \rho \delta \psi a \nu \tau a s$ ver. 43.

κατ' αὐτῆs] 'down from it', i.e. from Crete: for the construction cf. the Homeric usage, κατ' Ούλύμποιο καρήνων. κατ' 'Iδαίων δρέων 'down from'.

airn's naturally refers to Kontys, and the wind did actually blow 'down from Crete'; see next note.

 $\kappa \alpha \tau' \alpha \dot{\upsilon} \tau \hat{\eta} s$ cannot be 'down on her', i.e. the ship, supply- As A.V. ing vews, for the ship is $\pi\lambda o i o \nu$ throughout, and only vaus ver. 41.

άνεμος...Εύρακύλων] Whether Euraquilo or Eurocly- Ευρακύdon represent the right reading, the wind referred to was $^{\lambda\omega\nu}_{NAB}$. certainly Euraquilo, 'the N.E. wind', or 'E.N.E. wind', Evoofor (1) the wind struck the vessel when off C. Matala and KAVSON drove her under Cauda, which is about 20 m. S.W. of that ".R. point, (2) the sailors feared to be driven on to the Syrtis, HLP. and that is exactly where a N.E. wind would have taken them.

The wind would descend from Mt Ida, which was just Sir C. above them, 'in heavy squalls and eddies and drive the now Penrose helpless ship far from the shore'. The words in Italics Sector exactly represent $\tau v \phi \omega \nu \kappa \delta s$, which describes the character Sprattin Smith, of the gale, just as Eupakuluv gives its direction. p. 97.

Εύροκλύδων seems to represent a corruption of Euraquilo, possibly by Gk sailors, suggesting a false but tempting etymology from κλύζω κλύδων (cf. our 'Charter House 'cray-fish', 'lanthorn', and other false etymologies).

Euraquilo will be a wind lying between Eurus and Aquilo (cf. Euronotus in Pliny), but, as Aquilo may not be a wind blowing from due N. but is placed by Pliny inter septen- N. H. trionem et exortum solstitialem, it may be rather a wind from 11. 47. E.N.E. than from N.E.

Smith. App. 4 and 5.

15. $a\nu \tau \circ \phi \theta a \lambda \mu \epsilon i \nu$] 'face the wind' R.V. The violence of the N.E. gale prevented her getting her head (or 'eyes') enough to the wind to make Phoenix. Great eyes were often painted on the prows of vessels.

έπιδόντες έφερόμεθα] 'giving (ourselves) up (i.e. to the wind), we were being carried along', i.e. scudded before the gale. Cf. Hom. Od. v. 343 σχεδίην ανέμοισι φέρεσθαι | κάλλιπε.

16. Kaῦδa] or Kλaῦδa, now Govdo. They took ad-^{Spratt}, vantage of the comparatively smooth water under the lee of in L274 Cauda, (1) to get the boat on board, (2) to undergird the vessel.

P.

258 ACTS OF THE APOSTLES. [XXVII. 16

 $\mu \delta \lambda s$] Doubtless owing to the sea being only comparatively smooth and the boat almost full of water. For $\sigma \kappa \delta \phi \eta$ 'a small boat', usually towed behind, cf. Cic. de Invent. II. 51 funiculo qui a puppi religatus scapham annexam trahebat.

17. $\beta_{0\eta}\theta_{\epsilon}(a_{1S}]$ What these 'helps' were the participle $i\pi_{0j}\omega_{\mu\nu}\omega_{\nu\tau\epsilon}$ defines: they were $i\pi_{0j}\omega_{\mu}a_{\tau}a$ or cables, passed round the hull of the ship, and tightly secured on deck, to prevent the timbers from starting, especially amidships, where in ancient vessels with one large mast the strain was very great. Cf. Hor. Od. 1. 14. 6 ac sine funibus | vix durare carinae | possint imperiosius | aequor ; Plat. Rep. 616 c.

The technical English word is 'frapping', but the process has only been rarely employed since the early part of the century, owing to improvements in shipbuilding.

την Σύρτιν] Clearly the Syrtis Major, which derived its name from the dangerous sand-banks (σύρτις from σύρω) in it. Cf. the description of the fleet of Aeneas in the same seas, Virg. Aen. I. 111 tres Eurus ab alto | in brevia et syrtes urget.

ἐκπέσωσιν] Classical Gk for a ship being driven out of her course in the deep seas (cf. ab alto urget above) on to shoals, rocks, &c. Cf. Xen. Anab. vii. 5. 12 τῶν νεῶν πολλαἰ ὀέλλουσι καὶ ἐκπίπτουσιν; Herod, viii. 13, In Latin ejicior.

χαλάσαντες τὸ σκεῦος] 'having lowered (cf. χαλασάντων ver. 30) the gear'. One point seems clear, viz. that the neut. sing. σκεῦος denotes a single thing, or a single thing and its accompaniments, so differing from the collective σκευή (ver. 19)=supellex. Cf. the use of the word ix. 15, x. 11, and Luke viii. 16. Moreover the definite article describes something which was specially 'the gear' or 'equipment' of the ship, and this can hardly have been anything but the mainyard and the mainsail attached to it. It is objected to this, (1) that to have thus struck sail would have involved their drifting straight towards the Syrtis; (2) that the vessel would have rolled and pitched in the most dangerous manner. But (1) by striking the mainsail they would immensely diminish their speed in the direction of the Syrtis; (2) they had still other sails (e.g. the artemon ver. 40) with which to keep the ship steady.

The following explanation is a priori very probable, but does not immediately arise from the text. To avoid being driven by Euraquilo right on to the Syrtis the ship would be laid with her head as near as possible to the wind, i.e. within about 7 points of the wind¹. Enough sail would be

¹ That is to say, a line drawn in the direction of the ship's length

Smith, p. 105.

H.

So W. who is very good. Smith, H.

H.

See C. & H. kept 'to keep the ship steady, and by pressing her side down into the water prevent her from rolling violently, and also to turn her bow in the direction of the wind'. Under these conditions, thus close-hauled, a ship drifts in a direction between that of the wind and that in which her bow points, and it is said that 36 miles in 24 hours would be an average distance to drift. Moreover with 'a wind E.N.E. a ship would drift W. by N.' Now, if of 'the 14 days' (ver. 27) one was taken up with reaching Cauda, we have $13 \times 36 = 468$ miles of drift in a direction W. by N. from Cauda, and as a matter of fact Malta is about 480 miles from Cauda, in exactly that direction.

The explanation is very tempting and the result striking, but it will be observed that it assumes a somewhat even gale steadily blowing in one direction, and hardly agrees with $\delta a \phi \epsilon_{PO} \mu \epsilon_{PV}$, ver. 27.

18. $\epsilon \kappa \beta o \lambda \eta v$] jacturam. The object was to lighten the ship. So Jonah i. 5 $\epsilon \kappa \beta o \lambda \eta v \epsilon \pi o i \eta \sigma a \pi \tau \sigma v \sigma \kappa \epsilon v \omega \omega v \dots \tau o v \kappa v \omega \phi i \sigma \theta \eta v a i \pi^* a v \tau \omega v$. The $\epsilon \kappa \beta o \lambda \eta$ here would be of part of So R.V. the cargo, which is the regular use of the word, cf. Aesch. Ag. 1008, S. C. Th. 755, where the reference is to a merchant flinging overboard part of his cargo to save the rest. Moreover the $\epsilon \kappa \beta o \lambda \eta$ on this day is opposed to the 'flinging-out of the furniture' on the next.

 $\epsilon \pi \sigma \iota \sigma \delta \nu \tau \sigma$] Notice the imperfect. The process of lightening the ship was commenced by this throwing overboard of some of the cargo, and completed the next day (cf. $\epsilon \rho \iota \psi a \nu$ aorist) by flinging out the furniture.

F. asserts that the aorist $\xi_{\mu\nu}\psi_{\alpha\nu}$ must describe a single act, and so the flinging overboard a single object, e.g. the great mast. But $\sigma_{\kappa\nu\eta}$ is a collective word = 'furniture', i.e. all the heavy articles of tackling, &c. which were not absolutely necessary.

For $\xi_{\rho\nu\mu\sigma\nu}$ T.R. has $\epsilon_{\rho\nu\mu\sigma\nu\nu}$, a correction due to $a\nu\tau\delta$ - Text $\chi_{\epsilon\nu\rho\epsilons}$, which seems as if it should mean 'with our hands', ^{NABC}. indicating that on the next day the need was so urgent that Luke and Paul took part in the task. The word is however only one of the graphic words, so common in the Acts, used by the writer to make his readers vividly realize the danger.

20. μήτε δè...] And so without a compass they would be ignorant of their course. Cf. Virg. Aen. 1. 85; 111. 195.

 $\lambda_{0im}\delta_{\nu}$] Neut. adj. used adverbially, 'as regards the future'.

would form an angle of $\frac{7}{8}$ of a right angle with the direction of the wind: if the wind were E.N.E. the ship's head would be turned N. by W., the point which lies between N.N.W. and N.

260 ACTS OF THE APOSTLES. [XXVII. 20

περιηρείτο] A very vivid word: 'was being gradually stripped from us', v. Lex.

21. dout(as] Not 'want of food', for there was corn on board (ver. 38), but 'going without food' (*jejunatio*, V.) owing to want of fires to prepare it with, &c.

σταθείs] Mark the force of this pictorial word amid such a scene; cf. xvii. 22. It is impossible not to recall the 0d. m. 3. vir justus et propositi tenax, whom Horace depicts unmoved ^{1.} amid the storms of 'unreposeful Hadria'.

έδει μέν] μέν has nothing to answer it; the words 'but you did not listen ' are omitted in courtesy.

κερδήσαι] Does μή pass on to κερδήσαι, or is the construction έδει τε κερδήσαι?

R.V. carries on $\mu \dot{\eta}$, rendering 'and have gotten this injury and loss'. But surely $\kappa \epsilon \rho \delta \eta \sigma a$ ($\eta \mu la \nu$ is a strange phrase if it means merely 'suffer loss', for $\kappa \epsilon \rho \delta \sigma s$ is the direct opposite of $\zeta \eta \mu la$ (e.g. Arist. *Eth.* v. 4) and could hardly be thus joined with it without any antithetical force.

It is better not to carry on $\mu\eta$: 'you ought not to have put to sea, and (you ought by so not putting to sea) to have gained this loss', i.e. not suffered it. A person is said in Gk 'to gain a loss' when, being in danger of incurring it, he by his conduct saves himself from doing so. A merchant, who being in danger of losing 1000*l*. manages to avoid doing so, 'makes a gain of 'the 1000*l*.

Čf. Arist. Mag. Mor. 11. 8 & κατὰ λόγον ην ζημίαν λαβεῖν, τὸν τοιοῦτον κερδάναντα εὐτυχή φάμεν. So Cic. Verr. 11. 1. 12 lucretur indicia veteris infamiae; and in Pliny lucrifacere injuriam.

23. $\theta \epsilon o \hat{v} \dots \check{a} \gamma \gamma \epsilon \lambda o s$] Note the emphatic position of $\theta \epsilon o \tilde{v}$ 'from God...an angel'.

24. κεχάρισται] iii. 14 n., and for the general sense, Gen. xviii. 26.

27. is $\delta t \tau \epsilon \sigma \sigma \alpha \rho$.] 'when the fourteenth night came as we continued to be driven to and fro' (present part.). The fourteenth night is clearly reckoned from the time when they began to be so driven, i.e. from the evening of the day when they left Fair Havens.

διαφερομένων] certainly describes 'drifting to and fro', ef. Philo de Migr. Abr. p. 454 ὥσπερ σκάφος ὑπ' ἐναντίων ἀνέμων διαφερόμενον. Smith says 'being driven through the sea of Adria', but the Gk hardly justifies this. F. gives 'tossed hither and thither', but adds 'so it would appear to those on board'—an easy but unsatisfactory explanation.

So M. A. La. H. de W.

A.

έν τῶ 'Aδρία] Not merely 'the Adriatic', but the whole sea between Italy and Greece. Strabo II. p. 123 o 'Ióvios H. κόλπος μέρος έστι του νυν 'Αδρίου καλουμένου.

 $\pi \rho \sigma \sigma \sigma \gamma \epsilon v$ Intransitive, v. Lex., = 'was approaching'. 'Lucas optice loquitur nautarum more'. Cf. Virg. Aen. III. Kypke. 72 Provehimur portu, terraeque urbesque recedunt. So we talk of 'the sun rising'. The sailors would detect the sound of breakers, and fear a rocky coast ($\tau \rho \alpha \chi \epsilon \hat{i} s \tau \hat{o} \pi o v s$).

29. ἐκ πρύμνης...] The ordinary practice was and is to anchor by the bows; cf. Aen. III. 277 anchora de prora jacitur. With a view to running the ship ashore anchoring from the Smith, p. 132. stern would, it is said, be best.

At the Battle of Copenhagen (April, 1801) the fleet so anchored, and Nelson is reported to have stated 'that he C. & H. had that morning been reading the 27th chapter of the Acts'.

30. προφάσει] Dat. used adverbially, cf. Luke xx. 47 κal προφάσει μακρά προσεύχονται; Thuc. VI. 76 προφάσει μέν... διανοία δέ....

extelvery] They would carry out the anchors until the cable was taut. It is contrasted with blyavres, ver. 29.

31. $\sigma\omega\theta\eta\nu\alpha\iota$ où Súva $\sigma\theta\epsilon$] Cf. ver. 24. Rejici potest promissa salus.

33. axpi Se ou...] 'up to the time when day was about to dawn'-during the interval before dawn. Paul urged them to use this interval for the purpose of taking food, and so being ready for action at dawn.

34. πρός της ύμ. σωτηρίας] lit. 'from the side of ', 'in the interests of '. Cf. Thuc. III. 59 où mods this unetépas doEns; Dem. 1006 $\pi p \delta s \ell \mu o \hat{v} \dots \tau \eta \nu \psi \eta \phi o \nu \ell \theta \epsilon \sigma \theta \epsilon$. In Latin ex, cf. e re publica facere.

oudévos ydp...] A proverbial expression, cf. Luke xxi. 18; 1 Kings i. 52.

35. λαβών άρτον εύχαρίστησεν...και κλάσας] From the careful way in which Luke refers to each act here it would seem that he describes something more than the acts of 'an ordinary pious Jew' when beginning a meal. M. de W. See ii. 42 n., where it is remarked that since the 'Last Supper' the 'breaking of bread' had received for believers a special significance as a remembrance and a hope.

37. ώς έβδομήκοντα [ξ] T.R. has διακόσιαι for ώς, and so R.V. is rests 'on the single evidence of B', and Alford M. marks it as due to the ω of $\pi \lambda o l \omega$ and σ (=200) of the numeral.

ACTS OF THE APOSTLES. [XXVII. 38 262

lighten the ship, so that she might be run as far on to the land as possible.

That Tor oîtor refers to the cargo of corn and not to As M. A. mere 'provisions' is certain. The casting overbaard of 'provisions' could not have been of much service, and the fact that the ship was a trader from Alexandria to Rome removes all doubt.

> 39. ἐπενίνωσκον] 'recognize', i.e. as being Melita. Cf. χχνιίι. 1 έπέγνωμεν.

> alγιαλόν] 'a beach', R.V. Cf. Matt. xiii. 2 ό όχλος έπλ τόν αlγιαλόν είστήκει; Acts xxi. 5. Not ἀκτή 'a rugged, rocky coast'. Dr Field aptly quotes Xen. Anab. vi. 4. 4 λιμήν δ' ύπ' αυτή τη πέτρα...αίγιαλον έχων.

irowoal] 'get the ship safe ashore'. T. R. iswoal, Text BC. 'drive the ship up on to it'.

> 40. περιελόντες] lit. 'having taken away all round': strictly used, as there were four anchors, which would be in a sort of semicircle round the stern.

> είων εis την θάλασσαν] Not 'they committed themselves unto the sea' as A. V., but 'they left them in the sea'. The notion of 'discarding', 'abandoning', is strong in elw and accounts for ϵis with the acc.

avévres rds [cukr.] 'The ships of the Greeks and C. & H. Romans, like those of the early Northmen, were not steered by means of a single rudder, but by two paddle-rudders, one on each quarter' . . . ' the hinged rudder does not appear on any of the remains of antiquity till a late period in the middle ages'. These paddle-rudders had been ' hoisted up and lashed' while the ship was at anchor, 'to prevent them fouling the anchors'. They were now required to steer the ship straight ashore.

τον αρτέμωνα] R.V. 'foresail', and so Smith, who gives illustrations of two coins of Commodus with a corn-ship on the obverse with mainsail and foresail set. Cf. Juv. xII. 68 cucurrit | vestibus extentis et, quod superaverat unum, | velo prora suo, where the Scholiast explains artemone solo veliv. Smith, caverunt. The word does not occur elsewhere in Greek, but is found in Italian and French, though the meaning varies. App.

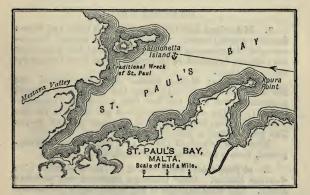

> 41. περιπεσόντες δέ...] The words describe something unexpected which befell them. 'They were making for the beach (cf. κατείχον imperfect), but came upon (aorist) a $\tau \delta \pi \sigma \sigma \delta i \theta d \lambda a \sigma \sigma \sigma \sigma$ and ran the vessel aground'. They never reached the beach but unexpectedly grounded, and to reach

NOTES.

the beach was a matter of great difficulty (cf. vv. 42-44). That what happened was unexpected is also clear from the obviously sudden resolution of the soldiers to kill their prisoners: if what happened was what they expected, why did they not propose to kill them before leaving their anchorage?

διθάλασσος is usually applied to a neck or tongue of land lying between two seas or portions of sea, a reef. Dion Chrys. 5, p. 83, mentions among the dangers of the sea $\tau pa\chi \epsilon a$ ('rocks', cf. above $\tau pa\chi \epsilon is \tau \delta \pi ovs$) κal διθάλαττα (? half-sunken reefs), κal ratuat (sand-banks), and so Virg. Acn. 1. 108 refers to saxa latentia . . . dorsum immane mari summo . . . brevia et syrtes, and certainly, if we only regard the text, we should render $\tau \delta \pi o$ $\delta \theta$. here 'a ridge' or 'reef running out into and dividing the sea', or a ' bank', on to which they ran the ship, because being at the time wholly covered by the water they did not see it (cf. n. on $\epsilon \lambda \delta \epsilon \tau o$ blow).

A fairly strong case is however made out for the shipwreck having taken place in what is known as 'St Paul's Bay', a little to the N.W. of Valetta. It is pointed out that a ship drifting W. by N. might pass very close to land off Koura Point (where the sailors would hear breakers, ver. 27), and that just beyond the soundings are 20 fathoms, and just beyond 15 fathoms, with a good anchorage. Here they

would be just off the little island of Salmonetta, but could not tell that it was an island, it being only separated from the mainland by a channel 100 yards wide. It is considered that this channel is the $\tau \acute{\sigma} \pi \circ \delta i 0$. of Luke, and that they

So Lumby.

M.

264 ACTS OF THE APOSTLES. [XXVII. 41

ran on some mudbank due to the currents caused by the channel. This is the account of Smith, who however, assuming his view generally to be right, seems clearly wrong in describing the vessel as driven on to the beach, a mistake in which he is followed by A., F., C. and H., &c. For the sense he assigns to $\tau \circ \pi \circ \delta \iota \theta$. Smith quotes Strabo II. 5. 12 who calls the Bosporus $\delta \iota \theta \lambda a \tau \tau \circ \tau \rho \delta \pi \circ \tau$.

ἐρείσασα] cf. ver. 14 n. A strong word, 'having planted itself firmly'.

¿\úero] Notice the imperfect. For the description cf. Virg. Aen. x. 303,

sed non puppis tua, Tarchon. Namque inflicta vadis dorso dum pendet iniquo, Anceps sustentata diu fluctusque fatigat, Solvitur.

ύπὸ τῆς βίας] So NAB. T.R. with CHLP adds τῶν κυμάτων, certainly improving the sense.

42. Γνα τοὺς δεσμώτας...] 'Soldiers were responsible with their own lives for their prisoners'; cf. xii. 19.

44. οῦς μὲν...οῦς δὲ...] So Dem. 248 πόλεις âς μὲν ἀναιρῶν εἰς ẳς δὲ τοὺς φυγάδας κατάγων, and this use of the relative is common in later Greek.

CHAPTER XXVIII.

1. Meltrijvn] This is the reading of B only, and seems due to a clerical error. 'The scribe had written Meltry- $\nu\eta\sigma\sigmas$ for Meltry $\eta\eta\eta\sigma\sigmas$ omitting the article: but perceiving his mistake, expunged $\nu\eta$ and began again thus Meltry $\nu\eta\eta\eta$, $\nu\eta\sigma\sigmas$ ' Dr Field.

T.R. $M\epsilon\lambda i\tau\eta$; Melite, Malta. That the island was Malta is shewn not only from the name and general probability, but from the fact that a ship of Alexandria (ver. 11) on the way to Puteoli had put in there for the winter, and from the reference to Syracuse (ver. 12) as the first port touched at after leaving it.

Meleda, an island off Illyria, near Ragusa, has been suggested, from a mistaken view of xxvii. 27.

2. oi βάρβαροι] Diod. Sic. v. 12 ἔστι δὲ ἡ νῆσος αὕτη Φοινίκων ἀποικος. Their language therefore was probably Punic. The word βάρβαρος is not in the least = 'barbarous' in the modern sense; it is an imitative word and = 'speaking unintelligibly', cf. 1 Cor. xiv. 11. The Greeks applied it to all non-Greek-speaking peoples, cf. Rom. i. 14 "Eλλησί τε καί βαρβάροις, and so well known was the use that Plautus,

Smith, p. 138.

F.

speaking of a translation of his from Philemon, says *Plautus Pl. Trin. vortit barbare*, i.e. into Latin. Here it probably = 'not ^{prol. 19}. speaking Greek or Latin', the two great languages of the civilized world at that time.

3. συστρέψαντος τοῦ Π.] Exemplum αὐτουργίας. Β.

φρυγάνων τι πληθos] A. and R.V. 'a bundle of sticks'. The term φρόγαρον can be used of anything useful for kindling a fire. Wood is now very scarce in Malta and there are no vipers, but it is now densely populated and carefully '1200 to cultivated, and the effect of changed conditions on the ex. the istence of plants and animals in a district is well known. So, m.

άπὸ τῆs θέρμηs] Probably 'by reason of the heat': the viper lay among the sticks or brushwood in a state of torpor. T.R. with very poor authority reads $\dot{\epsilon}\kappa$.

καθηψε] 'laid hold of', i.e. bit. Cf. the promise of Jesus Mark xvi. 18.

4. **dove**'s] They knew that he was a prisoner being taken to Rome on some grave charge, and *inferred* that the charge was murder.

ή δ(κη] Like the Latin Justitia, an abstraction per-w. sonified.

ούκ είασεν] Note the past tense. Jam nullum putant esse Paulum. B.

6. πίμπρασθαι] A. and R.V. 'would have swollen'. The word combines the ideas of 'inflammation and swelling'. πίμπρημι and πρήθω, both having aorist ἕπρησα, seem connected, though πίμπρημι is usually='burn', and πρήθω='blow up,' cause to swell'. Cf. πρεστήρ=(1) a flash of lightning, (2) a hurricane, (3) a venomous snake, the bite of which caused both 'inflammation' and 'swelling'; cf. Lucan IX. 790 Percussit Prester: illi rubor igneus ora | succendit tenditque cutem.

καταπίπτειν...] Cp. Shakespeare Ant. and Cleop. v. 2, of H. Charmian bitten by an asp, 'Tremblingly she stood, and on the sudden dropped'.

άτοπον] 'extraordinary'.

μεταβαλόμενοι...] Cf. the opposite change at Lycaonia xiv. 11 and xiv. 19.

7. τῷ πρώτω τῆς νήσου] 'the governor of the island', Cia in which was under the government of a deputy of the practor $V_{4.15}$. of Sicily. The title is not elsewhere referred to, but is found on an inscription from the island Gaulus, close to Malta. $\Lambda(ούκιοs), K\Lambda(aυδίου) viðs, K., Προύδηνs, ἰππεὐs 'Pa-$ I.a. from μαίων, πρώτος Μελιταίων, και πάτρων, άρξας και ἀμφιπολεύσας Röckh, Corpus θεῷ Αὐγούστῷ ἀνέστησεν.

Inser. Grace. mo. 5754.
Ποπλίψ] Publio. The Gk represents no doubt a common pronunciation of the name. So publicus on inscriptions, often poblicus or poplicus, being from populus=populicus.

 $\dot{\eta}\mu\hat{\alpha}s$] Not the whole crew (which would be $\pi\dot{\alpha}\nu\tau\alpha s\dot{\eta}\mu\hat{\alpha}s$, as ver. 2) but, as throughout the narrative, Paul and his companions, including the writer, cf. ver. 10.

8. $\pi\nu\rho\epsilon\tau\sigma\hat{s}$] 'attacks of fever'; cf. Dem. 1260 $\pi\nu\rho\epsilon\tau\sigma l$ $\sigma\nu\nu\epsilon\chi\epsilon\hat{s}$. Note the medical terms in connection with Luke.

катакєїоваї]=cubare (Hor. Sat. 1. 9. 18).

10. $\tau\iota\mu\alpha$'s] H. objects to the rendering 'honours', and gives 'presents'; comparing Ecclesiasticus xxxviii. 1 $\tau\iota\mu\alpha$ $la\tau\rho\delta\nu\pi\rho\deltas\tau\dot{a}s\chi\rho\epsilon las\tau\iota\mu\alpha$'s $a\dot{v}ro\vartheta$; but this is unduly to narrow the phrase 'honoured us with many honours', though no doubt among those 'honours' were included actual gifts, such as 'the needful things' immediately referred to as placed on board, it being a common practice so to 'honour' a parting guest; cf. Virg. Aen. 1. 195 Vina bonus quae deinde cadis onerarat Acestes | litore Trinacrio dederatque abeuntibus heros.

11. μετά τρεῖς μῆνας] i.e. in the early part of February. Navigation began with spring (Hor. Od. 1. 4. 2), and spring commenced on Feb. 9 (Ov. Fast. 11. 149).

παρασήμω] That this is a noun is proved by an inscription found near Lutro, which refers to one Dionysius of Alexandria, Gubernator navis parasemo Isopharia. Διοσκούροις is in apposition to παρασήμω, describing what the παράσημον was; cf. the construction δνόματι Ποπλίω ver. 7. Others take the word as an adj.

For Castor and Pollux as guardians of ships cf. Hor. Od. 1. 3. 2 sic fratres Helenae, lucida sidera (te, navis, regant). In thundery weather a pale-blue flame may sometimes be seen playing round the masts of ships, due to the tendency of 'points' to produce a discharge of electricity. This was taken to indicate the presence of the Dioscuri and the safety of the ship. Italian mariners call it the fire of St Elmo.

12. Συρακούσας] 80 m. from Malta, the chief city of Sicily, founded B. c. 734.

Text 13. $\pi\epsilon\rho\iota\epsilon\lambda\delta\nu\tau\epsilons$] R.V. in margin 'cast loose', cf. xxvii. NB as M. 40, but there seems no authority for this absolute use of the word. T. R. has $\pi\epsilon\rho\iota\epsilon\lambda\theta\delta\nu\tau\epsilons$, which can hardly mean 'having gone round (Sicily)', but must='having made a

So too W.

Smith, Preface, p. 7. circuit' (A.V. 'having fetched a compass'), i.e. having been unable, owing to the winds, to steer direct for Rhegium : the opposite of $\epsilon i \theta v \delta \rho o \mu \eta \sigma a v \tau es$.

'Ρήγιον] i.e. 'the place where the land breaks off' (φήγνυμι), at the extreme S.W. of Italy in Bruttium, opposite Messana.

 $\epsilon \pi i \gamma \epsilon \nu o \mu \epsilon \nu o \nu$ The word might mean 'came after', 'suc- As A. ceeded', i. e. the hitherto adverse wind, but more probably describes a wind that 'blew from right astern' (*ventus secundus*). The distance is 182 m., which would take 26 hours at seven knots or so an hour.

Ποτιόλουs] *Puteoli*, Pozzuoli ('Wells'), N. of the bay of Naples, a little E. of Baiae. It was at this time the chief port of Rome, and the regular harbour for the corn-fleet from Alexandria. Portions of the great mole are still visible.

καὶ οῦτως εἰς τὴν 'Ρώμην ἤλθαμεν] The exultant tone of these words is marked. Paulus Romae captivus: triumphus unicus. Luke regards Paul's visit to Rome as the crowning point of his career, cf. xix. 21, xxiii. 11. It is this eagerness to reach Rome which makes him slightly anticipate the narrative, which in the next verse reverts to events which happened before their arrival.

It would make the narrative much clearer if the end of a paragraph were marked at $\hbar/\delta a\mu er$. The events related in vv. 15, 16 are regarded not as part of Paul's journey, but as part of the action of the Roman community with which Luke closes his narrative vv. 15–28.

It is hardly safe to draw distinctions between $\tau \dot{\eta}\nu$ 'P. here and 'P $\dot{\omega}_{\mu\eta\nu}$ ver. 16, as Bengel does ($\tau \dot{\eta}\nu$ 'P $\dot{\omega}_{\mu\eta\nu}$ emphasin habet, ut notetur urbs diu desiderata), for xviii. 2 we have $\tau \dot{\eta}s$ 'P. where there is no emphasis, but xix. 21, xxiii. 11 no article where there is strong emphasis.

Paul would go from Puteoli to Capua (for the coast road to Sinuessa was made later by Domitian) and there join the great Appian road, constructed by the censor Appius Claudius n. c. 312. From there the distance is about 125 m. He would pass Sinuessa, Minturnae, Formiae, Anxur, and at Templum Feroniae might either proceed by road or by the canal which ran parallel to it through the Pomptine Marshes, to Forum Appli, and from there to Tres Tabernae, Lanuvium and Aricia, entering Rome by the Porta Capena.

See for the route Hor. Sat. 1. 5, and full information in C. and H., F., &c.

Appii Forum is about 40 m. from Rome, and Tres Tabernae about 30, In B.

15. θάρσος] έλλογος όρμή: θράσος άλογος όρμή, Ammonius.

16. καθ' έαυτον] 'by himself', i.e. not with the other prisoners in some public prison. In ver. 23 there is reference to $\tau \eta \nu \xi \epsilon \nu la \nu$, 'his lodging', and in ver. 30 to to to our $\mu l \sigma \theta \omega \mu a$, 'his own hired room' or 'dwelling'. These two last phrases probably refer to the same thing, it being specially described in ver. 30 as to $\omega \mu l \sigma \theta$. because Luke is there dwelling strongly on the comparative freedom enjoyed by Paul. Others argue that Eevia implies 'residence with friends', but this is unduly pressing the Greek.

After 'Ρώμην T.R. adds, ο έκατόνταρχος παρέδωκε τους δεσμίους τῷ στρατοπεδάρχη, τῷ δὲ Π...

HLP. σ τρατοπεδάρχης = Praefectus praetorio. The praetorian cohorts (a select body of household troops, about 10,000 in number, who served on the body-guard of the emperor) Ann. 1v. 2. had been collected into one camp by Sejanus, A.D. 23, outside the Porta Viminalis. Afranius Burrus was their commander A.D. 51-62. Before and after him there were two 'prefects', but no argument as to date can be drawn from the use of the singular here, as the singular might merely represent the one on duty. They had charge of Plin, Ep. prisoners sent to Rome; cf. the rescript of Trajan to Pliny, x. 65. vinctus mitti ad praefectos praetorii mei debet.

> 17. συνκαλέσασθαι...] Here, as throughout, Paul first appeals to the Jews. As he cannot go to the synagogue, he summons them to him. He desires to make it clear that his appeal to Caesar was forced upon him, and does not arise from any desire to accuse his nation.

> παρεδόθην] Practically, though not technically. The violence of the Jews had compelled the Romans to interfere.

19. τοῦ ἔθνους μου] Not λαοῦ, because he is not considering them as God's people, but as his own nation, whom he would not wish to accuse before a foreign tribunal.

20. παρεκάλεσα] R.V. 'did I intreat you', but A.V. rightly 'I called for you', i.e. invited you here, as xvi. 15.

της έλπίδος του 'I.] Cf. xxvi. 6; the hope of a Messiah.

την άλυσιν τ. περίκειμαι] Cf. xxvi. 29. For περίκειμαι cf. Heb. v. 2, $\pi \epsilon \rho l \kappa \epsilon i \tau a i a \sigma \theta \epsilon \nu \epsilon i a compassed with in$ firmity', and so commonly, v. Lex. The acc. is due to the active sense of 'wearing', 'having on', contained in the verb.

21. nueis...] The Jews do not assert that they had never heard of Paul, which would be 'inconceivable'; what they state is, that with reference to the charge against Paul just mentioned by him they had received no letter or report;

La

As F. states. the aorists ($i\delta\epsilon\xi\dot{\alpha}\mu\epsilon\theta a$, $d\pi\dot{\eta}\gamma\gamma\epsilon i\lambda\epsilon\nu$, $i\lambda\dot{\alpha}\lambda\eta\sigma\epsilon\nu$) shew that their statement must be so limited, and does not express general ignorance of Paul and his views; moreover they immediately acknowledge that they are aware that his views are 'everywhere spoken against'. It was almost impossible that they should have had knowledge of Paul's appeal to Caesar, for how could the news have reached Rome before Paul?

25. τοῦ Παύλου] The personal name instead of the pronoun for emphasis. Note, too, the strong emphasis of $\hat{\rho}\eta\mu\alpha$ $\hat{\epsilon}\nu$: he had appealed to them 'from morning until evening': he had appealed to the Jews elsewhere continually in vain: he has now but 'one word' more to say.

καλŵs] So placed first with strong indignation: cf. Matt. xv. 7 ὑποκριταί, καλῶς προεφήτευσε περὶ ὑμῶν ʿHσalas; Mark vii. 6.

ύμων] So NAB. T.R. ήμων.

26. $\pi \circ \rho \epsilon \circ \theta \eta \tau \ldots$] Accurately from the LXX. Is. vi. 9, the famous passage which describes the vision and call of Isaiah. It is the passage quoted by Jesus (at length, Matt. xiii. 14, and partially Mark iv. 12; Luke viii. 10) when explaining why He taught the Jews in parables. It is also quoted John xii. 40, where he refers to the disbelief of the Jews in Jesus.

άκοη άκούσετε, βλέποντες βλέψετε] Emphatic repetition, to strengthen the contrast with their 'not understanding' and 'not seeing (i.e. perceiving)'.

Cf. for the sense Dem. 797, 3 δρώντας μη δράν και άκούοντες μη άκούειν; Aesch. Prom. 448 κλύοντες ούκ ήκουον; Soph. O. R. 371 τυφλός τά τ' ώτα τόν τε νοῦν τά τ' ὅμματ' εῖ.

où $\mu \dot{\eta}$] Strong negation : 'surely ye shall not understand'.

27. ἐπαχύνθη ή καρδία] The phrase seems to describe the negligence and indifference to religion produced by prosperity. Cf. Deut. xxxii. 15 έφαγεν 'Ιακώβ καl ἐνεπλήσθη, καl ἀπελάκτισεν ὁ ἡγαπημένος, ἐλιπάνθη, ἐπαχύνθη.

ἐκάμμυσαν] The Heb. has 'their eyes besmear' (cf. Is. Cheyne axix. 10, xliv. 18), i.e. seal up.

καl táσομαι αὐτούς] T.R. táσωμαι. The future ind. Text after μή represents the action of the verb as more vividly $\stackrel{\text{NABH}}{\text{LP}, \text{ and}}$ realized as possible and probable than is the case when the $\stackrel{\text{LP}, \text{ and}}{\text{so LXX.}}$ subj. follows. The change from the subj. to the ind. here is very forcible and vigorous: it represents the 'healing', which the Jews refused, as something clearly apprehended by them to be the purpose of God, and so enhances the guilt of their refusal.

270 ACTS OF THE APOSTLES. [XXVIII. 27

Cf. Plat. Rep. 451 Α φοβερόν και σφαλερόν...μη...κείσομαι and Stallb. ad loc.

28. τό σωτήριον τοῦ θ.] Ps. lxvii. 2 τοῦ γνῶναι ἐν τῆ γỹ τὴν όδόν σου, ἐν πῶσιν ἔθνεσιν τὸ σωτήριών σου.

αὐτοὶ καὶ ἀκούσονται] αὐτοί is vivid and antithetical: '*They* will also hear (as opposed to your 'hard hearing' and 'not hearing', ver. 27). Cf. Luke vi. 11 αὐτοὶ δὲ ἐπλήσθησαν ἀνοίας.

T.R. adds here, και ταῦτα αὐτοῦ εἰπόντος, ἀπῆλθον οἰ Ίουδαῖοι, πολλὴν ἔχοντες ἐν ἐαυτοῖς συζήτησιν, marring the climax.

30. $\delta_{\iota \epsilon \tau (\alpha \nu)}$ In this period were written the Epistles to the Philippians, Colossians, Ephesians, and to Philemon.

μετά πάσης παρρησίας ἀκωλύτως] παρρ. fiducia, intrinsecus, ἀκωλ. sine impedimento, extrinsecus. B. The rhythmic cadence of the concluding words is marked (cf. vii. 60 n.). Cf. the end of St Luke's Gospel, και ήσαν διὰ παντὸς ἐν τῷ ἰερῷ εὐλογοῦντες τὸν θεόν; also the last words of Dem. de Cor. και σωτηρίαν ἀσφαλῆ.

Various arguments have been deduced from the fact that Luke ends his narrative at this point and leaves us without any account of Paul's subsequent history. Some have in consequence regarded the Acts as an unfinished work. It is clear, however, that Luke regards Paul's preaching at Rome as the crown and goal of his career. Rejected by the Jews, the Gospel is for 'a whole two years' preached to the Gentiles in Rome, the capital of the world, Urbi et Orbi—this is the climax of the Acts. Moreover the whole style of vv. 25—31 marks a concluded narrative: notice the distinctive $\tau o \hat{n} \Pi a \delta \lambda o v$, the emphatic $\hat{\rho} \eta \mu a \notin v$, the indignant $\kappa a \lambda \hat{a}s$, the full quotation of Isaiah's famous prophecy, the clear $\delta \epsilon \tau (a w \delta \lambda \eta v)$, the description of Jesus as $\tau o \hat{v} \kappa \nu \rho i o v$ 'I $\eta \sigma o \hat{v} X \rho i \sigma \tau o \hat{v}$, and, lastly, the closing cadence of $\mu e \tau a$ $\pi d \sigma \eta s$ mapping as $\hat{a} \kappa \omega \lambda \dot{v} \tau \omega s$.
