THE PRACTICAL NURSERYMAN.

PUBLICATION OFFICE:

HUNTSVILLE,

ALABAMA.

W. F. HEIKES, Editor and Manager.

Issued Monthly. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of 2 200 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be handed in one week before the day of publication. Advertisements for less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

The Kieffer Pear and Kindred Sorts.

JOSEPH MEECHAN.

It is now twenty years since the Kieffer pear was first brought to public notice, the occasion being the Centennial Exhibition at Philadelphia, in 1876. Mr. Kieffer, the originator, exhibited the fruit there, and it received a first-class recommendation from the judges. Ever since that time it has been both lauded and defamed, and even at the present time public opinion is by no means unanimously in its favor. But there are more who speak for its good qualities now than there used to be. It has got to be better understood how to ripen it and how to grow it, both of which have a great bearing on its quality. For my part, I think there are lots of better sorts, and in a collection of some dozen sorts grown for home use I do not give it a place. But there is no question of there being a public demand for its fruit, a demand which is a growing one, and were I planting for commercial purposes the Kieffer would be well represented in the collection. Its prodigious production of fruit

is one good point which goes a long way with most persons. Every nurseryman knows that the mass of his customers prefer quantity to everything else, no matter whether it be in the matter of fruit or in the size of an ornamental tree. This is more pronounced in those who have their living to provide for than in others. In this respect the Kieffer surpasses all other trees of its kind, its tendency being to overbear always. Next to this good point is that of its season of ripening, which is October here. The fruit can be kept until Christmas; and it is in not keeping it late enough that so many fail to eat it at its best. It is a good keeper, and does not rot quickly. Long after they appear to be fully ripe they may be kept, and will be the better for it. Many persons are disappointed at it because of its bitter skin. The fruit should always be pared to get rid of the skin. Beneath it, when quite ripe, is a juicy pear, which to many is very refreshing. It has been well settled that many of the hard, small fruits of it seen in the market are the product of half-starved trees, or those which have been permitted to overbear. When the fruit sets so close as to touch each other, every other one, or more, should be thinned out. It is better to have a smaller number of fine pears than a larger number of small ones. Treated in this way and the tree well fed, the fruit is a taking one and a profitable market one.

The LeConte is from the Chinese sand pear, as the Kieffer is, but save in shape, which resembles the other to some degree, it is not much like it. It is to-day the leading pear of the far South, where it thrives admirably. As it ripens early, the fruit finds its way to Northern markets to some extent. In quality, as grown in the North, it is not first-class. It reminds me of the Vicar pear, a sort much grown for preserving chiefly, but yet of fair quality when well ripened. As with the Kieffer, it is a great bearer, and room may be given it on that account, but there are a good many better ones in cultivation in the North.

Garber is another of this type, having much of the Kieffer look in the fruit. It has not been so widely distributed as it should be. Some fruit which was sent to me last year impressed me as being better than the Kieffer.—Texas Farm and Ranch.

LeConte.....	24	226

These were very strong, handsome one-year trees, mostly 4 to 5 feet high, and many of them ½ inch calibre. They were grown from root-grafts, transplanted at one year old, cut back to the ground and one shoot allowed to grow. They have the appearance of two-year buds, and are very fine roots and tops.

Grafted on French Seedlings or own roots, as may be preferred.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

In this issue of our price list we show the numbers, sizes and prices in all varieties remaining unsold to date. Correspondents should, however, give us the privilege of substituting varieties, sizes and prices, as far as it can be allowed, if in a hurry for shipment, as we do not substitute as a rule, without permission.

DISTRIBUTING POINTS.—We are making St. Louis, Mo., Rochester, N. Y., and Philadelphia, Pa., distributing points; and will deliver free of freight charges to transfer companies, at either of these places, all orders in car lots, or in less than car lots, to be shipped from Huntsville early in Spring and placed in cold storage, so that customers can get their trees early and at a day's notice when shipment is desired.

Orders should be sent in as early as possible to insure a good assortment, as our surplus is less than usual.

CUT PRICES AND COMPLIMENTARY PRICES.—We intend to make a first price on our surplus left on hand March 1st, and will not cut prices nor sell anything at "complimentary prices," as we have done heretofore in closing out at St. Louis.

We have orders from three New Jersey customers who have planted our Kieffers on "own roots" several years since, saying they found them superior as orchard trees to Kieffers received from other nurseries. The three orders aggregate 3500. We have a few thousand more of these trees to sell.

We have a few hundred extra plants of Empress of China Rose at Biloxi for sale at \$7.00 per 100.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

We make special prices on Orange and Meech Quince grafts one year old in thousand lots for "Lining out." Our stock is pure. We propagate them only by grafting, and they are not liable to mixture as they are when budded.

We wish our customers to keep in mind, when considering prices offered by others, that we hold to our high standard in grading and quality of our stock and that we ship promptly and handle trees in a better manner than any one else in the trade.

Our customers all say that our Cherry trees are better rooted and better graded than any that can be had elsewhere.

Notice our quotations on Grape Vines. We are selling as low as any responsible firm, and the quality of our vines cannot be excelled.

GRAPE VINES.

These vines are grown for us by one of the most successful growers of grape vines at Fredonia, N. Y. We guarantee them equal to the very best produced in quality and grade.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

This is the nurseryman's paradise. There are no injurious insects on nursery stock, no slugs on pears, no aphids on cherries nor peaches, no San Jose scale on anything. There are some borers in the roots of peach trees, but everybody knows how to get them.

Our reasons for charging more for Peach trees north of the Ohio River are that we must pay freight to distributing points, whilst our Southern customers pay freight from Huntsville, and that for shipments to Northern points we are usually required to dig early or place in cold storage in Spring, all of which is expensive, and the low prices we quote on Peach trees to Southern points cannot bear it. We make no additional charge for other trees for Northern points.

HEIKES-BILOXI NURSERIES COMPANY PRICE LIST.

Heikes-Biloxi Nurseries Company,

BILOXI, MISSISSIPPI.
Capital Stock, Paid Up, \$20,000.

JESSIE S. MOSS, President, MILTON MOSS, Vice-President
W. F. HEIKES, Secretary, Treasurer and Manager.

MANAGER'S OFFICE, - - HUNTSVILLE, ALABAMA.

All Correspondence relating to Trees and Plants should be addressed to
W. F. HEIKES, MANAGER, Huntsville, Ala.

STANDARD PEAR TREES--Two Years.

Kieffer, LeConte, Idaho, $\frac{3}{4}$ to 1 inch, \$75; 11-16 to $\frac{3}{4}$, \$70; $\frac{5}{8}$ to 11-16, \$30, 9-16 to $\frac{3}{4}$, \$50 per 1,000.

STANDARD PEARS--One Year.

LeConte, 5 to 6 feet, \$10; 4 to 5 feet, \$10; 3 to 4 feet, \$30; 2 to 3 feet, \$25.

Kieffer and Garber, 2 to 3 feet, \$25 per 1,000.

PLUMS--One Year, on Plum.

Satsuma, Robinson, Pottawattamie, 5 to 6 feet, \$75; 4 to 5 feet, \$50; 3 to 4 feet, \$30 per 1,000.

MULBERRIES--Very Fine.

New American and Downing, two years, $\frac{3}{4}$ to 1 inch, \$100; $\frac{5}{8}$ to $\frac{3}{4}$, \$30; \$75 per 1,000.

New American and Downing, one year, 6 to 8 feet, \$8; 5 to 6 feet, \$75; 4 to 5 feet, \$30 per 1,000.

FIGS.

Assorted, one year, 4 to 5 feet, \$3.50 per 100; 3 to 4 feet, \$3.00 per 100; 2 to 3 feet, \$7.00 per 100.

PECANS--Budded and Grafted.--Stuart and Russell, 4 to 5 ft, \$1.25 each; \$100 per 100; 3 to 4 feet, \$75. The finest paper shells on the Gulf Coast.

We have decided to make a grade of Roses called No. 1 $\frac{1}{2}$. This grade will be made up of plants just under No. 1, such as do not have the required number of branches or slightly under weight and height. This grade will do to fill agents' orders where heavy grades are not required, and makes a very nice grade for potting off to sell in spring as blooming plants. Price 30 per cent. off the price of No. 1.

ROSES--One Year. Own Roots, 2 to 4 Feet.

NO. 2 PLANTS OF ABOVE VARIETIES FOR TRANSPLANTING AT ONE-HALF THE PRICE OF NO. 1. The top of No. 2 plants will be cut back to 2 or 3 inches, as they are only intended for transplanting. Grown from cuttings. Price of boxes or bales to be added. Delivered at depot at Biloxi. Orders sent in by Northern customers for Spring delivery, we will pay freight to St. Louis, and hold in cold storage there until wanted. The No. 1 plants will have three or more branches and will be cut back to 24 to 30 inches. The roots are very fine.

Terms and conditions governing above quotations are the same as those given by the Huntsville Wholesale Nurseries.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred. Orders requiring 300 trees or more, and not less than 10 of a variety, will be filled at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows:

Boxes 30 inches square, from $7\frac{1}{2}$ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment, to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add $\frac{1}{4}$ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

ALLEN L. WOOD,

Woodlawn Nurseries,

ROCHESTER, N. Y.,

Wholesale Grower of Small Fruit Plants
for Nurserymen and Dealers.

We offer for the Fall of '96 the largest and most complete collection in the world of high grade Small Fruit Plants.

SPECIALTIES:

- Raspberries, Transplants, of all the leading kinds.
- Blackberries, Root Cuttings, of all the leading kinds.
- Currants, one and two year, of all the leading kinds.
- Gooseberries, two years, of all the leading kinds.

Introducer of the Pearl, the most prolific Gooseberry known. I have the largest block of Currant and Gooseberry of any Nurseryman in the United States.

If you have not received my Wholesale Catalogue, send for it. Ready August 1st.

P. S.—Columbian Raspberries.—I am growing a large stock of this valuable new berry; and I am "not in the combine," and can therefore make my own prices. I guarantee my stock to be the True Variety. Also growing this season Golden Mayberry, Strawberry-Raspberry, and Logan Berry.
