VOL. 51.

EARL GREY NOT CALLED TO OTTAWA

RETURNS TO MEET AMBASSADOR BRYCE

Governor-General Planned to Be Back in the Capital To-day

(Special to the Times.)

Ottawa, May 1.—The announcement in a Winnipeg dispatch that Earl Grey, who had been attending the performances at Winnipeg in connection with his excellency's annual dramatic musical contest, has been summoned to Ottawa lacks confirmation here. When his excellency left for the West a week ago Thursday his intention was to be back in Ottawa to-day, and in leaving Winnipeg on Saturday night Earl Grey was only carrying out his pre-arranged programme.

Ambassador Bryce proposed to pay a visit to Ottawa several weeks ago, but found it impossible to do so. It was then arranged that he would be in Ottawa on Tuesday, May 2nd, and would be the guest of his excellency at Rideau hall. The necessity of Earl Grey returning to Ottawa is thus made clear. Beside the capital this week has its first horse show and his excellency promised to grace the occasion by his presence.

Ambassador Bryce has made a practice of visiting Ottawa occasionally to confer with his excellency and the Canadian government on matters of international importance affecting Great Britain, Canada and the United States. This will be done on the approaching visit of the ambassador.

Besides reviewing the situation generally some special attention will be given to the question of preservation of seals, sea otter, etc., in Pacific waters. The conference with regard to this matter will open in Washington, May 22, at which representatives of Great Britain, Russia, Japan, the United States and Canada will be present. The Canadian representative will be Joseph Hope, head of the Canadian department of external affairs.

Not Summoned to Ottawa.

Winnipeg, May 1.—There is no disposition in well-informed circles here to attach undue significance to the return of the vice-regal party to Ottawa on Saturday night, although it had been hoped that their excellencies would be here for the musical festival of the empire, under the direction of the Sheffield choir, during the week. The departure of the party was on the initiative of his excellency himself and not due to any request from the Ottawa government. It is no secret that Earl Grey was much perturbed at the aspect of the absence of Sir Wilfrid Laurier from the imperial conference owing to the political crisis at Ottawa connection with the reciprocity agreement.

There was no modification in the programme of the closing day of the visit. Their excellencies were guests of the lieutenant-governor, Sir Daniel Macmillan, at the Walker theatre and afterwards attended the two matinee performances at the Walker theatre in connection with the Earl Grey Musical and Dramatic trophy. Thence they drove to the corner of Maryland and Westminster avenue, where his excellency laid the corner stone of the Presbyterian New Westminster church, which will cost \$14,000. A brief visit was then made to the fine banking premises of Messrs. Alloway and Champion, which his excellency formally opened and christened "Barlscourt."

The vice-regal party attended the closing performances in the musical and dramatic competition, of which the winners will not be announced for a fortnight. Particularly pleasing on Saturday evening was the work of the Margaret Eaton School of Elocution of Toronto in "The Stoops to Conquer."

At the close of the performance J. A. M. Atkins, K. C., made a brief speech, thanking their excellencies on behalf of the citizens of Winnipeg for their visit, in the course of which he said that Earl Grey had done more in various ways for western Canada than any other governor-general, a sentiment which was received with cheers by the audience. The vice-regal party then drove directly to the station.

LIEUT-GOVERNOR OF MANITOBA

Sir D. McMillan Remains in Office For Further Term of Six Months

(Special to the Times.)

Winnipeg, May 1.—It is understood here that Sir Daniel Hunter McMillan whose term of office as Lieut. Governor of Manitoba expires this month has again consented to continue duties for a further term of six months.

WILL BOND CLAIMS

(Special to the Times.)

Nelson, B. C., May 1.—A hundred thousand dollar bond on the McKillop group of mineral claims in Erskine camp will be signed in a few days by the British Columbia Copper company.

WILL HEAR VIEWS ON RECIPROCITY

U. S. SENATE COMMITTEE PREPARES FOR WORK

Much Time Likely to Be Given to Discussion of Trade Agreement

Washington, D. C., May 1.—The senate began to-day the consideration of a tariff programme, when the finance committee, which has before it the Canadian reciprocity bill, took up that measure and discussed plans for the hearings on it. Members of the committee are disposed to give a good amount of time to those who desire to oppose or advocate the measure before it is reported to the open senate. During the committee fight the House continued consideration of the free list bill in the House.

W. F. MUNROE DEAD.

(Special to the Times.)

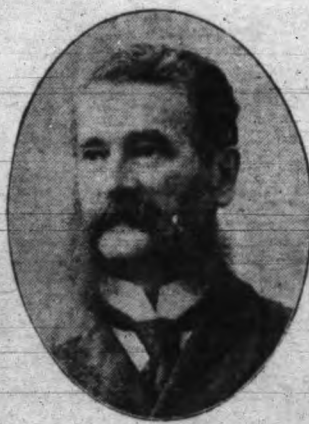

Toronto, May 1.—W. F. Munroe, aged 78, formerly commercial editor of the Globe and registrar for West Toronto, died on Saturday. Mr. Munroe, Winnipeg, and James Munroe, Armstrong, B. C., were sons.

WILL BE BURIED WITH MILITARY HONORS

Funeral of the Late Lieut.-Governor of Quebec to Be Held Wednesday

(Special to the Times.)

Quebec, May 1.—Flags are flying at half-mast all over the city in memory of the lieutenant-governor, Sir C. A. P. Pelletier, who passed away at Spencerwood late on Saturday afternoon. His honor, who has had several bad turns since his return at Atlantic City, had rallied somewhat on Friday, and was able to sign some state papers. During Friday night, however, he again began to sink, and it was realized the end was near. He died surrounded by members of his family, to whom he gave his blessing prior to his passing away. Arrangements for the funeral have been completed. The body will be transferred from Spencerwood late this evening to the legislative buildings, where it will lie in state in the legislative assembly chamber from 10 a. m. to 10 p. m. Tuesday. The funeral service will take place at the basilica at 10 o'clock on Wednesday morning, after which the body will be taken by special train over the Intercolonial railway to Riviere Quille, his native parish, where another service will be held and the interment take place. The funeral will likely be military in character. Telegrams of condolence have been received from Earl Grey, Sir Wilfrid Laurier and Lady Laurier, Mr. Stagni, Hon. R. Lemieux, Mayor Guertin of Montreal, and a telegram from Sir Iomer Gouin, who is in Paris. Numerous floral tributes are also arriving.

LATE SIR C. A. P. PELLETIER

ferred from Spencerwood late this evening to the legislative buildings, where it will lie in state in the legislative assembly chamber from 10 a. m. to 10 p. m. Tuesday. The funeral service will take place at the basilica at 10 o'clock on Wednesday morning, after which the body will be taken by special train over the Intercolonial railway to Riviere Quille, his native parish, where another service will be held and the interment take place. The funeral will likely be military in character. Telegrams of condolence have been received from Earl Grey, Sir Wilfrid Laurier and Lady Laurier, Mr. Stagni, Hon. R. Lemieux, Mayor Guertin of Montreal, and a telegram from Sir Iomer Gouin, who is in Paris. Numerous floral tributes are also arriving.

STRIKE AT TORONTO

Bridge and Structural Iron Workers Quit Work When Employers Refuse to Raise Wages.

(Special to the Times.)

Toronto, May 1.—The bridge and structural iron workers of the city went out on strike this morning because the bosses refused an increase from 35 to 40 cents an hour. At a mass meeting here this morning the men prepared to fight the issue to a finish. The strikers claim that over 1,000 men are affected and they expect the Hamilton members of the union to join them. If prolonged the situation will seriously affect the building trades.

THE POOR OLD TORY BIRD APPEARS TO BE MOULTING

Subsidy Is Granted for Dry Docks

(Special to the Times.)

Ottawa, May 1.—An order in council was passed on Saturday authorizing the granting to the Esquimalt Graving Dock and Ship-building Company of the Dominion Government subsidy provided for what are known as docks of

this class, being three and a half feet deep and will accommodate the largest vessels afloat.

The amount upon which the subsidy will be paid is estimated at \$2,637,800, which includes cost of dock, wharf, repair, machinery and buildings. The dock will be 900 feet long, 128 feet wide.

TOGO AND NOGI TO ATTEND CORONATION

Admiral and General Will Be Among Representatives of Japanese Emperor

Tokyo, May 1.—A notable delegation from Japan will visit England as the representative of the Emperor at the coronation of King George. Prince and Princess Huguhi Fushimo are the most prominent, but the most interesting personality to Englishmen will be Admiral Count Togo, the hero of Japan and the victor of the battle of the Sea of Japan. Count Togo has retired from active service in the navy, but he remains the most noted figure in Japan. General Count Nogi, who commanded the attack on Port Arthur, accompanies the admiral.

Prince and Princess Huguhi will leave here by the Kamo Maru and will reach London June 5. The Japanese cruisers Kusurama and Tone, both of which were built entirely in Japan shipyards, are due to arrive at Dover or Portsmouth June 10.

Vice Admiral Shima Mura, who is Admiral Togo's chief of staff during war, is in command of the coronation squadron.

EIGHT PASSENGERS BURNED TO DEATH

Scores of Others Sustain Injuries and Death Roll May Be Increased

(Special to the Times.)

Easton, Pa., May 1.—As far as is possible to ascertain here and at the scene of the wreck, eight people were burned to death, three fatally injured, two others so seriously injured that their lives are despaired of and scores of persons were cut, burned and bruised in the wreck of the teachers' special from Philadelphia to Washington, D. C., on the Belvidere-Delaware road at Martin's creek, N. J., Saturday afternoon.

MAINE CITY IS SWEEPED BY FIRE

LOSS AT BANGOR REACHES \$6,000,000

One-Third of City in Ruins—Thousands of People Are Made Homeless

Bangor, Maine, May 1.—One-third of Bangor is in ruins; thousands of persons this morning are homeless, wet, hungry and exhausted by their long fight against the flames, and a property loss estimated at \$6,000,000 has been sustained, as the result of a fire, which raged for hours last night.

When dawn broke over the stricken city, hundreds of groups of men, women and children could be seen huddled around smouldering bonfires or stretched along the edge of the smouldering ruins, endeavoring to warm and dry themselves.

Starting in a hay shed on Broad street, the fire swept along Broad and Exchange streets through the heart of the city, leaving residences, churches, schools, business buildings, and all the public buildings, with the exception of the city hall, a mass of smoking asher. For many hours the firemen assisted by men and apparatus from other Maine cities battled against the blaze before they conquered it. At 7.45 a. m. to-day the fire was virtually extinguished, but not before one-third of the city had been destroyed, including some of the finest homes in the residential part of Bangor.

During the fierce sway of the fire dynamite proved of little avail. Buildings were blown up, but the flames easily leaped the chasms thus made, and it was not until the wind, which had been blowing almost a gale during the night, shifted and a light rain fell, that there was any indication that the firemen would win.

Checked by the help from this unexpected quarter, the fire fighting forces were concentrated near the corner of Hammond and Central streets, nearly two miles from the start of the blaze, and the spread of flames was partially checked. But while the rain and the shifting of the wind to the east saved the rest of the city, it only added to the worth of property had either been sold or given under option.

(Continued on page 15.)

NEW STEAMERS FOR THE PACIFIC

CONFIRMATION BY SIR THOS. SHAUGHNESSY

C. P. R. Will Shortly Award Contract for Two 15,000 Ton Vessels

(Special to the Times.)

Montreal, May 1.—Sir Thomas Shaughnessy, who arrived home from England yesterday, announced that contracts for two new 15,000 ton steamers for the Canadian Pacific Oriental route would be given out shortly. The ships will be larger than the Atlantic Empresses, to be completed in eighteen months.

Sir Thomas denied the rumor that the Atlantic Empresses would be transferred to the Pacific service and replaced by the new vessels on their completion.

Sir Thomas also said the C. P. R. would not extend the line through the Yellowhead Pass and denied the rumor that George Bury would be appointed second vice-president.

He announced that the Dominion Atlantic line from Yarmouth to Halifax would shortly be taken over by the C. P. R.

DEMAND MORE PAY AND SHORTER HOURS

Practically All the Union Bakers in Vancouver Are Idle

Vancouver, May 1.—The supply of bread fell off very visibly in Vancouver this morning, and there were many householders who sought their usual number of loaves to-day in vain. Practically all the union bakers in the city, numbering between 80 and 120, went out last night, declaring that they were going to observe May 1 as a holiday. Whether their departure from work will constitute a strike remains to be seen, but it is claimed at union headquarters that the bakers have no intention of going back to their jobs unless their demands are acceded to by the proprietors.

Friendly the bakers seek the observation of the closed shop principle, an increase in wages of about \$2 a week, an eight-hour day shift instead of eight hours and a half as at present, and time and a half for overtime. The police were called out at one shop last night where union pickets had become active.

SCULLING RACE

Barry Defeats Albany and Retains the Title of Champion of England.

London, May 1.—Ernest Barry successfully defended his title of the professional sculling champion of England by defeating Albany over the Putney to Mortlake course in twenty-four minutes. The weather was fine but gusty. Albany led in the first half, but Barry drew level at Hammer Smith bridge. Albany again led, but the champion caught him at Thorneycroft and led by a length to the finish.

DIES FROM STARVATION

Half Million Dollars Found in Rooms of Countess After Her Death

St. Petersburg, May 1.—Princess Shachivoseva is dead after twenty years voluntary seclusion in two rooms of the palace at Moscow, to which she retired after the death of her betrothed on the eve of the wedding. Death was due to starvation. Notes and coins amounting to \$500,000 were found in her room.

CIVIL SERVICE VACANCIES

Ottawa, May 1.—The civil service commissioners give notice that applications will be received from candidates qualified to fill the following positions in the inside division staff of the civil service of Canada: Translator in Privy Council office, subdivision A of second division, initial salary \$1600 per annum; assistant in the hydrographic survey department of the naval service, subdivision B of second division, initial salary \$900 per annum.

COLD IN KANSAS

Topeka, Kas., May 1.—Kansas is shivering to-day. A 25-mile north wind is blowing and overcoats have once more been put into service. The mercury dropped to 34 degrees. A severe frost is expected to-night.

SETTLERS FOR CANADA

(Special to the Times.)
Glasgow, May 1.—Seventeen hundred persons sailed from the Clyde for Canada last Saturday.

CHINESE REBELS TAKE THREE TOWNS

MURDER AND PILLAGE RIFE NEAR CANTON

It is Feared Troops May Desert if Insurrection Continues to Spread

Hongkong, May 1.—The insurrection at Canton is spreading through the countryside. The rebels have taken three important towns in the West River district, Wen Chow and Woo Chow. Murder and pillage are reported from all parts of the district.

All advices from Canton indicate desperate conditions in that city. There are 30,000 soldiers within the walls and there is great fear that many of these will prove disloyal if it appears that the rebels are about to gain the upper hand.

The rebels are strong in numbers and have carried their work of destruction with fanatical bravery. They made an attack upon the provincial arsenal, but were repulsed by troops under loyal officers. Many were killed and some fled to an unoccupied rice store and built a barricade with hundreds of bags of rice. The troops found great difficulty in assaulting the barricade, as the rebels threw bombs with accuracy. Finally the store was set on fire, while the troops remained at some distance to pick off those who might seek to escape the flames. Thirty or more were burned to death, while others committed suicide rather than be taken.

Plot Against Government.

There has been a gathering at Canton of many of those opposed to the Manchu dynasty. Several hundred advanced from Hongkong. The plot to overthrow the government was betrayed and the leaders of the movement urged the viceroy's bodyguard to join forces and kill the Manchus. This the bodyguard refused to do, with the result that when the attack was made upon the residence of the viceroy a few days ago, the revolutionists were routed.

Certain bodies of troops may be depended upon, and all attempts by the rebels to induce them to join the revolt have proved futile. But the rebels, working together according to a well devised plan, have succeeded in doing much damage to property in addition to killing some of the officials. The fallen viceroy is now living on a gunboat. Wu Sun, a Chinese who was educated in Japan and a weak European, is the leader of the movement. Both he and his confederates came to Canton from Singapore. While the authorities have not been able to capture these men, several suspects have been arrested and decapitated. It is feared, however, that some of these were innocent.

The American gunboat Wilmington is now at Spangia, the foreign concession, above the city, southward of the western suburb and facing Madam Fort passage.

Two Hundred Killed.

During the fight in the streets, Chinese gunboats patrolling the west river fired into several parties of rebels, slaughtering 200 of them.

Retreating to the countryside the revolutionists attacked and captured Sam Shui, 30 miles west of Canton and murdered the prefect. The troops were put to flight and the rebels moved on to Wen Chow and Woo Chow, both of which towns they took after slight resistance. Brigands following in their wake looted the shops of three towns.

The triumphant sweep of the revolutionists continued westward along the west river, and reports from that district say the movement is spreading, and rebels are murdering and pillaging in other places.

While the movement to the west is being directed by Wu Sun, the brigand chief Luk has led a force to the north of Canton. He looted the market at Chung Lok, 20 miles north of Canton, then made a wide detour to the west of Canton and fell on Fatshan, a town 15 miles to the southwest of the capital of the province. Here he first destroyed the palace of the assistant magistrate and then turned the town over to his followers to be looted.

Communication Interrupted.

Advices state that Shui Hung, on the west river, has fallen before the revolutionists, who have murdered the prefect. The battle at Fatshan was hard fought, the imperial troops making a stand at Lung Shi. Thirty-seven soldiers were killed before the troops fell back.

The revolutionists are cutting the telegraph wires and communication between Canton and points to the north and west are interrupted. Traffic in the Chinese section of the railway leading north from Canton has been suspended. A report that Shanghai, the foreign concession above Canton, had been invaded, is a baseless rumour. The American gunboat Wilmington has the place under her guns.

The viceroy of Canton, who took refuge on a gunboat after his palace was burned Wednesday night, has ordered troops to pursue the rebels. The gates of the city are closed and no one is allowed to enter. A vigorous roundup of suspects is being made. Several gunboats are anchored off the city.

SIR C. A. P. PELLETIER DIES AT QUEBEC

Lieut.-Governor of Quebec Passes Away After Long Illness.

Quebec, May 1.—Sir C. A. P. Pelletier, lieutenant governor of Quebec province, died Saturday evening, after a long illness. The members of his family were at his bedside when he passed away.

Sir Charles Alphonse Pantaleon Pelletier, K.C.M.G., L.L.D., K.C., P.C., was born at Riviere Ouelle, January 22, 1837. He was the youngest son of the late J. M. Pelletier and Julie Painchaud. He was educated at St. Anne de la Pointe College and Laval University, where he graduated in law, being called to the bar in 1860, made Q. C. in 1879 and Batonnier of the Quebec bar in 1892 and city solicitor of Quebec for forty years. He was twice elected president of the Society of St. Jean Baptiste and was for several years mayor of the Ninth battalion "Volontaires de Quebec," in which battalion he saw service during the Trent affair and which he commanded during the Fenian raid in 1864.

He sat for the commons for Kamouraska, 1867-71; for Quebec East in the Quebec legislature assembly, 1873-74; was minister of Agriculture in the Mackenzie government from January, 1877 till the retirement of the minister; senator, 1877-1904; was honorary president of the Dominion Board of Agriculture and president of the Canadian commission of the Paris Universal Exhibition of 1878; speaker of the senate of Canada, 1896-1901; and judge of the supreme court of the province of Quebec from 1905-08. He was decorated C.M.G. for eminent services as Canadian commissioner for the Paris Exhibition in 1878; K.C.M.G., G., 1894, for a long and important political career. He resigned as judge to be appointed lieutenant governor of the Province of Quebec. He married first the daughter of the late Hon. C. E. Casgrain, and second the daughter of the late Hon. M. P. de Sales de Terrero.

WORDS IN BIBLE

New Haven, Conn., May 1.—In connection with the Bible tercentenary which is being celebrated throughout the English speaking world, Professor Albert T. Cook, of Yale, has made an interesting computation showing that in spite of the influence of the Bible upon literature the number of words which appear in it falls far below the number of words used by Milton or Shakespeare. In the revised version, according to Prof. Cook, use is made of only about 6,000 words, whereas Milton found it necessary to draw upon about 13,000 and Shakespeare something like 12,000.

VICTORIA ECLIPSES BUILDING RECORD

First Four Months of Present Year Show Increase of Twenty-Three Per Cent

An increase of twenty-three per cent is represented by the building figures of Victoria for the first four months of the year over the same period of last year, and an increase of no less than seventy-five per cent over the same period of 1909. That is record-breaking with a vengeance.

The figures achieving this remarkable result are \$394,450, representing the aggregate value of buildings for which permits have been issued during the period under review, as against \$317,945 last year and \$353,430 for 1909. The figures for the month of April just closed were the largest for the year and, with two exceptions, they are also the largest for any previous year. No less than eighty-six permits were issued during the month as against seventy-nine for the same month last year. The appended table shows the comparison of the first four months of the year's 1910-11.

	1911	1910
January	\$153,455	\$128,995
February	\$82,940	\$51,760
March	\$279,945	\$244,740
April	\$260,110	\$193,440

Four months... \$394,450 \$317,945
Among the permits issued yesterday was one to W. A. Jamieson and Co., coffee merchants, for the erection of a three storey brick building to be used as a warehouse, on Houghton street, the cost being estimated at \$14,700.

WILL VISIT RUSSIA.

Berlin, May 1.—Crown Prince Frederick William and the Crown Princess will go to St. Petersburg about the middle of May to pay the visit which had been planned in connection with the Prince's interrupted trip in the Far East and congratulate Emperor Nicholas on occasion of his birthday, May 15. The visit is regarded not only as a demonstration of the recently concluded Russo-German understanding, but also as an indication of definite abandonment of the Prince's proposed trip to China and Japan.

FARMERS' FREE LIST BILL.

Washington, D. C., May 1.—Representative C. S. Hammond, of Minnesota, the only Democratic member of the ways and means committee who voted against the Canadian reciprocity bill in the House, in a speech in that body Saturday declared that he would support the Democratic free list bill only inasmuch as it would give some return to the farming interests of the country for injuries they were likely to receive as a result of the Canadian trade agreement.

Mr. Hammond believed that the Canadian trade agreement was not in line with Democratic policy, as expressed in previous years. Since the agreement apparently is destined to go into effect, he said, the free list bill should be passed also.

DR. A. W. CHASE'S 25c CATARRH POWDER

DRAFT PROGRAMME FOR VICTORIA DAY

Every Promise of Old-Time-Enthusiastic Celebration of Popular Holiday

The draft programme for the Victoria Day celebration gives promise of an enjoyable day at the Gorge and an evening on Beacon Hill. The programme drawn up for the aquatic events is as follows:

1. Double scull school boys' race, open to those 17 years and under. Prize, \$12.
2. Five-oared whalers, open to army and navy. 1st, \$18; 2nd, \$5.
3. Boys' double scull race, open to those under 15 years. 1st, \$12.
4. Indian war canoes, from 40 to 50 feet. 1st, \$8 per paddle; 2nd, \$4 per paddle; 3rd, \$1 per paddle.
5. First heat of the four-oared lap-stroke.
6. Four-oared gigs, open to army and navy forces. 1st, \$15; 2nd, \$7.50.
7. Second heat, four-oared lap-stroke.
8. Indian war canoes, 40 feet. 1st, \$8 per paddle; 2nd, \$3 per paddle; 3rd, \$1 per paddle.
9. Single skiff race, silver cup.
10. Ladies' race, double paddle.
11. Kloofchman's race. 1st, \$3 per paddle; 2nd, \$2 per paddle; 3rd, \$1 per paddle.
12. Final heat, four-oared lap-stroke.
13. Men's race, double paddle.
14. Ten-oared service cutter race, open to navy.
15. Double paddle Indian canoe race. 1st, \$12; 2nd, \$5; 3rd, \$5.
16. Canoe race.
17. Greasy pole. 1st, \$10; 2nd, \$5.
18. Tug-of-war contest.
19. Best comic aquatic display, \$10-50 per cent. for costume and 50 per cent. for amusement provided.

The fireworks display to be given in the evening at Beacon Hill park has been placed in the very capable hands of the Hill Bros., of Seattle, as well known in Victoria by their past successes. The programme includes 40 pieces, all of a strictly modern character. There are several which should be of outstanding beauty. One is a "grand aerial device," produced by the simultaneous discharge of large rockets, producing the effect of hanging chains and festoons, appearing in the sky in different directions, also floating balloons suspended from parachutes. The finale is "The Silver Nyanza Falls," a dazzling torrent of brilliant white fire 50 feet in width, falling from special tube ejectors clear to the ground from a height of 50 feet. From the centre of the falls will appear the motto, "God Save the King."

POTTER GETS HIS PERMIT.

Will Erect \$15,000 Hotel Near George Jay School.

Thomas Potter has carried his point in regard to his plans to build a hotel on the present site of the Lion saloon, Chambers street. His petition for a permit was refused by the building inspector on the ground that a saloon in such close proximity to the new George Jay school would be detrimental to the best interests of that educational institution, but on the matter being referred to the city solicitor for opinion and advice the council learned that there was nothing in the city by-laws to prevent Mr. Potter from having a permit for the desired purpose. It is estimated that the proposed hotel will cost \$15,000. A cut of the building appeared in a recent issue of the Times.

KICK WITHOUT A CAUSE.

The Trades and Labor Council has applied to the city council for information regarding the manner adopted in staffing the fire department. They allege that one W. Pool, an engineer holding a third-class certificate, applied to the fire chief for a position, but was referred to A. Aiken for recommendation. The labor council desired to state that if the instance referred to exemplified the general practice then it was detrimental to the best interests of the department.

When the matter was brought up in council Fire Chief Davis denied point blank that any Mr. Pool had made application to him. The matter is being inquired into.

ABOLISH THREE PESTS.

In pursuance of the provisions of the noxious insect destruction by-law the city will enforce the regulations requiring all owners or occupying lessees of property within the city limits to spray and cleanse all trees, bushes and plants on property owned or occupied by them with a solution of arsenate of lead of the proportion of two pounds to 50 gallons of water. This spraying must be accomplished before May 10, and in addition all nests of the tent caterpillar or other noxious insects must be cut off and destroyed.

OWNERS' CONSENT NEEDED.

The contract of blasting the rock on Asquith street in order to permit of the laying of the lateral sewers and water mains to each lot will be given to the Pacific Coast Construction Company if the property owners on the street give their unanimous consent to the work being done. The work has not been included in the local improvement by-law, and consequently cannot be done without the consent of the owners. It is desired by the council that this work should be done before the permanent sidewalks are laid.

CLUSTER LIGHTING.

A sufficient number of standards to compete the installation of the cluster lighting system on those streets already paved will be purchased by the city council. Tenders will be called for a large number of standards, both of the type at present in use in the city, and the type adopted in New Westminster. The latter is favored by approval of the aldermen, not only on account of its peculiar design, but on account of its cheapness.

Where Do You Buy Your Wines and Liquors?

We have a large stock of old brands and blends, and should like to quote you. May we have the pleasure?

THIRTY MILES OF LINES LAID OUT

ONE THOUSAND MEN FOR SUMMER'S WORK

Four Survey Camps on West Coast Line of C. N. R. Construction

Between thirty and thirty-five miles of country has been opened up for railway construction purposes in connection with the Victoria to Barkley Sound railway being built by Mackenzie & Mann. Commencing one and a half miles east of Parson's Bridge, the line of route travels to a point on the Sooke river. From 25 miles to 34 miles the right-of-way is cleared, much excavation and embankment work has been done by a large force of men and extensive plant under operation and direction. Between the points named the various necessary kinds of construction is being carried forward with all due speed, and the country passed through is of rock and earth, while around Sooke is all rock work from 18 miles to practically 40 miles.

The contractors, M. B. Carlin and Grant Smith and Company, will put a heavily increased force of men in the field on the approach of the summer. Plans are being made now for this, and shortly the C. N. R. island line will begin to take shape very quickly. Right now there are 550 men engaged in actual construction, and the force is to be augmented by 450 additional in the summer, so 1,000 men will be working on the line by June.

From 16-mile to Peddar Bay there is every evidence of rapid construction, grades in some points being already made. It is between these points that the most work has been done. The west coast line is being surveyed by Surveyors Shute, Crenshaw, McCasary and Bartlet. These are working from headquarter camps at Nitinat River, Cowichan River, north and south shores, and Shawnigan. All the work in these locations is reported as going forward with as much speed as the circumstances permit. Along the Nitinat there is much heavy work in consequence of the rocky nature of the country. On all divisions the first made surveys are being checked, and in some cases minor alterations on the plans affected.

THINKING THEMES

BY DR. FRANK CRANE

Man is essentially a dependent creature. He is like certain sea-beings, such as the pterocaris caput medusae, which cannot live, though they be animals, without attaching themselves to some rock or shell.

When you examine any human greatness, you will always find it consists in a human spirit finding some cause or principle or person and giving himself up to it. There is no heroism that is not self-surrender.

The good Mother is, one who is tied to her children. A man's passions never become noble until they are chained to the one woman he has chosen. It is this sense of servitude, of bondage, of obedience to another in our innermost will and feeling, that lends honor and stature to our commonest human relations. Jesus was never taller than when he called himself "Servant of All." And it was said of Him, "It behooved the captain of our salvation to learn obedience."

Freedom is only a superficial and a relative term; it can only mean renouncing a low master for a higher one.

Those who are independent of every government are properly called pirates and bandits, and are hunted down by all nations as enemies of mankind.

Those who seek to be entirely independent, to do as they please, to be their own master, become speedily slaves to the worst of masters, their own appetites.

The beauty of a worthy master is that he sets us free. Only as we find that to which we can look up and reverence, and as we find that which is reverencing, do we escape from the irritating slavery of self. "If the Son shall make you free, ye shall be free indeed."

—Read J. N. Harvey's adv., page 2.

In France and Germany the census is taken every five years; in most other countries every ten years.

Curina Cream

Should be in the grip sack of every tourist. It provides the nutrient necessary to keep the skin soft, healthy, and beautiful. Removes sunburn, redness, and roughness. Excellent for men's use after shaving—25c and 50c per bottle at

Hall's Drug Store

Corner Yates and Douglas Streets. Telephone 201.

Campbell's

Early Summer News From The Fashion Centre

The leadership of "CAMPBELL'S" as the principal show-room for late spring and early summer fashions must be conceded. As a matter of fact, that leadership has long been taken for granted among the best dressed women of Victoria and suburbs, and among those who are fashion's most ardent devotees. This store was established with that object, and each succeeding season has seen its pre-eminence more firmly established, its supremacy as style centre more widely recognized.

We regard our display this season as a signal triumph for our ahead-of-date methods. For in this store you can always find the very latest, the most striking novel style conceptions that it has been possible for the best brained designers to conceive and for the best equipped establishments to produce.

COMPARISON

Even if we gave you in print the price list of every garment in the store it would be simply giving you a rough idea. What we earnestly seek is COMPARISON—that's our best advertisement. See what we have, compare our values, then your decision can be made with ease, with pleasure, and with positive satisfaction.

Smart Suits

Even those acquainted with rare suit values we have offered heretofore, will be surprised and delighted with our success of giving better values. Our suit racks are just full of the most stunning costumes for early summer wear, for both Ladies and Misses, and then, too, we have all the outside sizes. No matter whether you pay \$16.50 or \$75.00 for a "Campbell Suit" you are getting the most possible for the money.

New Coats

The light weight Coats for early summer and summer wear, cover a splendid range, being extensive in colors, materials and trimmings. There's the severely plain or the elaborate lace coats, then, too, are the popular Pongee Coats, Auto Coats, and the little heavier weight Boating Coats, not forgetting the various serges in plain or striped effects. Prices range from \$60.00 to \$75.00.

Lingerie Dresses

Modish and becoming little gowns with a distinctiveness and style beyond the skill of the ordinary dressmaker, both Ladies' and Misses' sizes. Trimmings are of handsome embroidery and fine lace is carried out in the waists and skirt of several models, eyelet embroidery is an effective feature as well as tucked flounces and exquisitely finished sleeves. Prices start from \$4.25.

Wash Dresses

The popular Wash Dresses, dresses that are low in price and strictly correct in style, will please many a lady who makes an early inspection while the stock is at its best. Blue, of course, is a much favored color, but we have other colors as well. For boating and auto riding, these dresses are especially commendable. They are easily washed, exceedingly durable, and give an extremely neat appearance to the wearer. Prices start at \$2.50.

Blouses and Waists

A "town crier" could not attract more attention than our Waist Department. Our display this season has utterly eclipsed that of last year. We bought more extensively in this line, and have gathered together an array of Waists representing values that women like to get, but heretofore have been unable to. There are hundreds of Lingerie and Tailored Waists here in a profusion of styles which must be seen to be appreciated. Our values cannot be equalled anywhere—comparison will prove this to be true.

1008-1010 Government Street

IS HE OR IS NOT HE?

Court Says He is Not in Deciding Insurance Case.

A few bones whitening the wilderness of old Mexico, or buried in an unmarked grave, a man with pockets full of money enjoying all the comforts and luxuries that wealth can bring—such of these fates is that of James Brown, of Midland.

This question was, in effect, put before Chief Justice Meredith at Ontario Hall, Toronto, by the A.G.I.W., in which Brown was insured for \$2,000. It

the court thought the man was dead the order was quite willing to pay over the money to Mary E. A. Potvin, of Midland, his niece.

It is quite possible that the unfortunate man has met his death. There is sufficient evidence here for a declaration that he is to be presumed dead.

The papers filed showed that James Brown had left Midland in 1897 and wandered through the States, going home frequently to Mexico. He wrote from California in 1902, and had been heard from of him since a letter written from Casas Grandes, old Mex-

ico, on August 28th, 1903. On that date he was just setting out to the Yagui gold fields, accompanied by J. C. Lane, "a splendid partner, as good as ever drew breath." They took along with them as mascot a little dog named "Nugget."

"I am aware that it is a hard proposition," he wrote, "but such is life. The Indians and Mexicans do not hitch at all, but we can get along O.K. and take the coming Alaska, and easier to take the gold out of the ground. We have the best outfit of arms the country can produce. If I come

out of here with a whole hide you will hear from me. Of course there is a chance the other way, but we take that chance anyway." This letter to his sister, Mrs. Potvin, was the last heard of him. Repeated inquiries addressed to the consulates and postoffices of the district where he disappeared have been made in vain. James Brown is accordingly "to be presumed dead," and the money from his insurance will go to his niece.

A London policeman arrests on an average nine persons every year.

THE DAILY TIMES

Published daily (excepting Sunday) by THE TIMES-PRINTING & PUBLISHING CO., LIMITED.

Notice to Advertisers

Owing to the rapidly increasing circulation of the Times and the growing demands for space, it has become absolutely necessary to place a limit upon the time at which changes for advertisements will be accepted and guaranteed publication.

MOTIVES FOR OPPOSING RECIPROCIETY.

The Colonist is honest enough, and has sufficient respect for the intelligence of its readers to admit that reciprocity with the United States may be a desirable thing from a business point of view and to recant the reiterated parrot cry of its sister, the Vancouver News-Advertiser, that the effect of closer trade relations must be to weaken National and Imperial sentiments in the breasts of the people of this country.

CITY PAVEMENTS.

The city council will have before it this evening the consideration of the awarding of contracts for paving some thirty-six miles of the city streets, and a large number of tenders for this work have been submitted.

various contracting concerns. The chief advantage to the city which is being put forward as an argument that such an award should be made is that the work could be done within a year and would not be drawn out to a period of perhaps two years.

We do not see that either of these considerations, as put forward in the advocacy of the award to a single firm, should obtain. The council is in a position to fix the time, indeed has fixed the time, by which the work is to be completed. It does not affect the length of time that will be occupied in performing the work whether it is done by one contractor or a dozen.

It may be pointed out that where equally good work can be done by British Columbia firms as by others whose tenders are before the council, the rational method of procedure would be to encourage home industry. It is no argument to say that because a firm has gone to the expense of tendering on certain work, and in case it should not be awarded the contract, that this will have a tendency to frighten large firms from tendering on future work.

There has been a suggestion made that the company whose case is so favorably recommended to the tender consideration of the council would be willing to sign contracts with a proviso protecting the city in case any legal complications should afterward arise as a result of such action as is admitted would be illegal.

If, in the opinion of the council, it is advisable to award the entire paving contracts to a single firm, surely the closing of the contract can be delayed until such time as the legal complications resolve themselves. There can be no safe solution of legal complications by complicating them still further, and we deplore any attempt to advise the council, however skillfully guarded that advice may be, to adopt a course which may but prove the beginning of sorrows.

In saying these things the Times is not tendering advice to the council. It is simply deploring the fact that it appears in certain minds that the council needs advice. It is difficult, too, to believe that council to adopt a course which involves only a couple of weeks of time-losing in the matter of the contract awards is wholly disinterested or that its interest is evolved entirely from sympathy for the welfare of the people.

COLONIAL LEAGUE.

The Colonial Intelligence League is one of the recent organizations which is attracting, or rather obtruding itself upon, public attention in Britain at the present time. The objects of the League are to provide intelligence respecting openings in the various overseas Dominions of the Empire for those educated people in England who, unfortunately, have not sufficient room for the exploitation of their talents and qualifications for human service.

The London Standard devotes a recent editorial of some length to the conditions which seem to promise for the League a useful existence. It points out that there are in Great Britain a large number of well educated people who, owing to the crowding in most of the professional and even industrial occupations, have an opportunity to earn their own livelihood. The disparity, it says, is great because there are so many more women than men constituting this

class. Men can go abroad and seek their fortunes; while the gentler sex have neither opportunity nor physical equality to enable them to take these risks. In the professional and commercial ranks the superfluity of female workers is almost painfully conspicuous. All these things are laid at the door of the changed conditions in modern social life and it is pointed out that it is no wish of her own that compels the average woman to go into the world of industry and support herself. There is, however, an increasing number of these in the higher middle classes, and the conditions of some of these is said to be very unhappy.

We believe the League can find ample scope for the undertaking, but we are less hopeful of satisfactory results. The available openings for the class of people it is proposed to help are few in Canada, and we presume in the other colonies also. Nor must it be forgotten that the colonies are developing a large class of just the same quality of people. More than this, the social customs in Canada particularly, are so different from those to which the members of the class referred to have been accustomed to move in England that it would be no prophet's eye to see that a large crop of discontent and perhaps misery can be harvested by the protégés of the League.

In any case, the League might take a leaf out of the book of the Salvation Army and engage to provide places only for those who are actually fitted and prepared to accept the circumstances into which they might be thrust. With men and with domestic servants it is not difficult. They adapt themselves easily and in a short time come to consider the apparent disadvantages of this new country as affording scope for individual talent and adventure. With women of the better class, and particularly the educated class, the disposition to move along on old and traditional lines might become a serious obstacle in the way of success.

Shanghai now has an anti-lottery crusade. It is only twenty-five years late for the procession, but it is a sure presage of many other moral reform sieges.

Winnipeg city has a Chairman on its detective force. He is chargeable with disloyalty to his countrymen because he says Winnipeg Chinatown is "Heap welly bad place."

Winnipeg Tribune says of an accident that an "automobile ran into a ditch and turned turtle." Water in the ditch, we must suppose. Well, that's what ditches are for.

Spokane has arrested a census taker for falsifying five hundred names on census list. Send him to England to take the census of the suffragettes. Punishment enough.

Speaking of names, they have a Chateau "Laurier" in Ottawa. Everybody is loyal in Ottawa. Mem.—The Chateau has not succeeded in obtaining a license yet.

The Calgary News-Telegram says: "Ralph Connor will welcome the appointment as chairman of the miners' investigating board as giving him an opportunity of securing material for another novel of 'The Prospector' type." Why shouldn't he? We have seen heroes dug out of worse coal pits.

PROMINENT CITIZEN DIED THIS MORNING

Death Occurs of William Harrison—Came to This Province in 1862

The death occurred this morning of William Harrison, aged 69 years, one of Victoria's pioneer citizens. Mr. Harrison was a native of Burnley, Lancashire, England, and came to British Columbia on the Sitkonia in 1862.

After prospecting in the Cariboo district and at Leach river for a number of years Mr. Harrison came down to Victoria and entered the employ of H. Saunders, grocer, for whom he worked about 17 years. Later he started in business with John McAllister in the Duck block, corner of Government and Johnson. Mrs. Harrison died 17 years ago.

The late Mr. Harrison is survived by four sons, W. H., Albert E., James Douglas Helmecken and Robert, and two daughters, Mrs. H. Cathcart and Mrs. A. Smith. The funeral announcement will be made later.

Blagovest is being called a thief by a customer, M. Borin, a Geneva watchmaker, with a bill for \$100.00. The watchmaker for straight dealing, fell to the ground and died a few hours afterwards.

A Capital Range. This range we had especially designed to meet the requirements of those who desire a more moderately priced range than our high grade Arcadian Malleable. "The Capital" is an honest little range and gives entire satisfaction. It is built of the best Belgium Steel and English pig iron, cast and assembled by a firm who have spent a lifetime making stoves.

Patent Medicine Department. DALTON'S CONCENTRATED LEMONADE AND ORANGEADE—One bottle makes 12 glasses of a fine refreshing beverage. Per bottle .15¢

\$1.00 Silks, Wednesday 50¢. 2,000 YARDS 40-INCH CHIFFON NINON for dresses. Suitable for party and street dresses; color, Nile, rose, pink, champagne, King's blue, gold, reseda, cream, white and black.

Vacuum Cleaner. Ring up phone No. 1246 for the services of the Vacuum Cleaner. None but careful and skilled workmen employed. Estimates given.

Women's Underwear. WOMEN'S LIGHT WEIGHT COMBINATIONS, in fine wool and cotton, made with short and no sleeves, buttoned front, knee length. Sizes 36, 38 and 40 inches. Prices \$1.85 and \$1.75. WOMEN'S LISLE AND COTTON UNDERWEAR, vests with fancy tops and shoulder straps .85¢

Cutlery and Hardware. We have just received a shipment of the famous "Mag-na Scissors," in all sizes from the small embroidery scissors to large cutting-out shears. Here are a few styles and prices: EMBROIDERY SCISSORS, Per pair, from 65¢ down to 20¢. POCKET SCISSORS, Per pair .40¢

DAVID SPENCER, LIMITED

OBITUARY RECORD

The death occurred yesterday afternoon at the residence of her daughter, Mrs. Julia C. Travis, 910 Hillside avenue, of Mrs. George Keithley, aged 74 years. Her death marks the passing of another of Victoria's oldest pioneers, deceased having resided in Victoria upwards of 50 years.

Mrs. Mary Elizabeth Roberts, aged 27 years, passed away at the St. Joseph's hospital yesterday. The funeral will take place to-morrow at 8.45 a.m. from the Victoria undertaking parlors and fifteen minutes later from the Roman Catholic cathedral, where mass will be said by Father Luterme. Interment will be made in the Ross Bay cemetery. The deceased was a native of Liverpool, England, and is survived by a husband in this city.

The funeral of the late Mrs. Emily Brunell took place from the Hannah chapel yesterday afternoon and fifteen minutes later from the St. Barnabas' church, where services were conducted by Rev. E. G. Miller. Numerous friends of the deceased were present. The following acted as pallbearers: W. Savage, W. B. Grant, W. S. Greenshaw and J. McLeod. Interment was made in Ross Bay cemetery.

The funeral of Mrs. Marlon Downey, who died at Kamloops on April 26, will take place on Wednesday at 11.30 a.m. from the residence of George Anderson, 323 King's road, and shortly afterwards from St. Stephen's church, South Saanich. Flowers left at the B. C. funeral furnishing parlors will be delivered. The remains arrived in this city on Sunday.

The death occurred at the St. Joseph's hospital on Sunday night, after a short illness, of Edward Godfrey Lendrum, aged 33 years. Deceased is survived by a wife and two children, residing at 303 Langford street. He was a native of New Zealand, and came to Victoria several years ago, since when he has been in the employ of the B. C. Electric Railway Co. The funeral will take place from the home on Wednesday afternoon. The time will be announced later.

There passed away at the residence of her brother, Godfrey W. Smith, 565 Rutherford street, Saturday night, Adelaide H. S. Smith, in her twenty-seventh year. Deceased was of a very bright and cheerful disposition, and will be much missed by those with whom she was associated. She leaves to mourn her loss her father, R. F. Smith; two sisters, Mrs. M. G. Lee, of San Diego, Cal., and Mrs. John Sutcliffe, of Seattle, Wash.; four brothers, J. H. and W. R. of Stewart, and P. L. and G. W. of this city. The funeral will be held on Monday at 2.30 p.m. at the home, and will be followed by a service at 10 o'clock at Christ Church cathedral. Interment will be made in the Family plot, Ross Bay cemetery, Dean Doolittle officiating.

CULINARY EDUCATION OF PRINCESS MARY

Sketch of Home Training of Only Daughter of King and Queen

Princess Victoria Alexandra Alice Mary, only daughter of King George V. and Queen Mary, is now in her fifth year, and with the coronation of her parents becomes of especial interest to the nation. Sir Richard Holmes, in a recent sketch of Princess Mary, as she is called, says: "I am an old man now, and I can remember when Queen Mary's dear mother, the Duchess of Teck, looked like her in girlhood. Princess Mary is the exact image of her grandmother. She has the same features, the same splendid physical qualities, and the same cast of mind."

"Frank and open in countenance, high-spirited in character, and affectionate in disposition, Princess Mary will, when she leaves the schoolroom, and comes out in the social world, take all hearts by storm. She is so natural, so jolly, and so brimming over with the energy and the joy of life. An old man, I hope may be pardoned for trying to look into the future, and I must admit that I often wonder who will win the hand of our princess. What an immensely lucky man he will be!"

"Even in the radiant vigor of her girlhood, she is immensely thoughtful for others. I can call to mind how sometimes when I was working in the library at Windsor Castle she would come rushing in, and then directly she saw me at work would walk on three across the room, and having performed the errand on which she may have come to the room, to take or return a book, perhaps, would steal out quickly again. And the manner in which she looks after her younger brothers shows that she possesses a sense of responsibility that I dare say sometimes makes her much older than she is."

"The princess has been brought up very quietly and naturally at York Cottage, with periods of sojourn at Marlborough House and Buckingham Palace, and longer and perhaps more enjoyable visits to Scotland, for the royal children have always delighted in being at Aberdeide. Her early life has fortunately not been very eventful, but it has been exceedingly bright and happy, and singularly free from illness. The princess is endowed with a robust constitution, and the manner of her upbringing has been such as to insure her a continuance of all the blessings which result to the possessor of robust physical health. I think the princess would make rather an impatient patient. On the few occasions on which she has been confined to her bed or in doors with a cold, her royal highness, I believe, has always resumed such care of her health as she could command."

French and German, as well as in her native tongue. "From her earliest years the Princess Mary has been carefully trained by Queen Mary in the household arts. She has been taught cooking, and has herself prepared all manner of dishes; though I have heard it somewhat humorously remarked that her taste in the culinary art inclines to the preparation of such dishes which she most enjoys herself. The princess has also been instructed to do various kinds of needlework. She is an associate of the London Needlework Guild, and sends it some of her work every year."

"The princess, by the way, was the first member of the royal family to open an account in the postoffice savings bank. "Her royal highness is, of course, being carefully trained for the important social duties which in a few years she will have to perform. She has acted already as hostess on several occasions at children's parties at Buckingham Palace, and a most charming and self-possessed little hostess she makes."

BIG INCREASE NOTED.

Customs Returns For April Show Large Advancement Over Last Year. Showing an increase of over fifty thousand dollars over the returns for the corresponding month of last year, the customs receipts for April amounted to \$338,761.89. Advances are to be noted in the duties and also in the head taxes collected from the Chinese. The largest increase was in Chinese, swelling the receipts to a new record. The returns were as follows: Duties \$143,316.04 Chinese 192,945.00 Other Revenues 1,500.85 Total \$338,761.89

STATEMENT BY GOMPERS.

Indianapolis, Ind., May 1.—Samuel Gompers, president of the American Federation of Labor, said this afternoon that he had completed his work here in connection with the arrest of J. J. McNamara, who is in jail in Los Angeles, and that he would go to Chicago in a few days. "We have received evidence," said Mr. Gompers, "which disproves the charges against the men and shows that they are entirely innocent."

KING ALFONSO'S ILLNESS.

Paris, May 1.—L'Intransigeant claims that King Alfonso is gravely ill with tuberculosis and that at a recent consultation of his physicians it was decided that urgent measures of treatment were necessary and also that the Spanish monarch should pass the coming winter at Leysin, Switzerland, where the climate is better adapted to his condition.

—In reply to the Penticton board of trade as to when the construction of the Kettle River Valley railroad will commence, President J. J. Warren has said work on construction will be commenced before Dominion Day, and that by the end of the year twenty-five miles of steel will be laid. The Kettle River Valley road is being built coincident with a bond guarantee of the Canadian Northern railway by the provincial government.

—The twenty-fourth anniversary of Triumph Lodge, No. 16, International Order of Good Templars, will be celebrated on Thursday next by a supper and concert at the Soldiers' and Sailors' home, Esquimalt, when the chair will be taken by Rev. C. M. Tate, grand chief templar. A good time is promised to all who attend. Several well-known singers and reciters have promised to take part, and a number of girls from Conqueror Juvenile Temple will give an exhibition of fancy marching. Tickets admitting to both supper and concert may be obtained from any members of the lodge.

—The Ross House, a four-storey building, with a saloon license, on Johnston street, land 60 by 120 feet, was sold on Saturday by W. & J. Wilson to D. G. Hall, F. Lansberg and associates for \$60,000. The price shows an advance on Johnson street property over what it was a year ago. Other real estate sales reported are as follows: Lot measuring 60x30 feet, at the northeast corner of Blanchard and Broughton streets; lot 12, near the corner of John and Government streets, with a house and 66 feet on the former thoroughfare; city lot 974 on Yates street; lot 765 on Pembroke street, with a brick house; a lot on St. David street; and lots 12, 13 and 14, with a frontage of 99 feet on Victoria crescent.

Wilson, ham, bacon and box butter; Pauline & Co., linoleum for front and back halls; F. R. Stewart, jam, dried fruit and ham; Paterson Bros., fresh fruit; Smith & Champion, new window shades; A. Lloyd, sweeping chimneys; E. S. Stiles, cleaning carpets; E. J. Knott, laundry tub; Robinson & Andrews, curtains.

KIRK'S SODA WATER

Made from the celebrated Esquimalt water, which contains no germs whatever.

ODDFELLOWS' SERVICE.

Ninety-second Anniversary Commemorated in First Baptist Church.
The ninety-second anniversary of the order of Odd Fellows and Sisters of Rebekah was commemorated yesterday in the First Baptist church. In full regalia the members of the order marched in possession to the church accompanied by the band of the Fifth Regiment. The company was headed by the members of the Grand Lodge and staff, and the Canton, all in uniform. Many members of brother lodges also took part in the picturesque parade. The symbol of the order, the three links, were borne by an ensign deputed for that honor.

The service in the church was delivered by the Rev. J. B. Warnicker, the subject of his text being "The Characteristics of Brotherhood." The characteristics of brotherhood were peculiar to all societies, he said, but particularly to the Odd Fellow society. They supplied the material wants, and the carrying out of the true form of Christianity, namely the brotherhood of man. There was great need for the work their society was doing. The social condition in which they lived created the greatest need for the work and accordingly the greatest opportunity also. The poverty in the big cities of the world was an ever ending source of effort for the uplifting of mankind. It was not by the building of battleships nor by the maintenance of great armies that a nation was kept in the forefront of civilization; it was by the creation of strong, healthy-minded men. No circumstance of combination of circumstances could keep such a race of men behind. A nation of such men could not be held in check. They must go on until they led the world.

—A fine display of handkerchiefs from all over the world for sale at the Handkerchief and Plant Bazaar at First Baptist church, corner of Yates and Quadra streets, Thursday afternoon. Opening hour, 1 p. m.

—The Young People's Society of St. Andrew's church will hold their usual meeting in the lecture room to-night when H. J. Pollard will deliver an address on "The Hymns of the Church."

—By request, on a majority vote of the members, the studies of the Victoria branch of the Imperial British Israel Association will be continued throughout May, during which the president will deal with "The Five Covenants with the Hebrew Race." To-morrow evening in the No. 1 hall of the A. O. U. W., Yates street, the first of the new series, "The Abrahamic Covenant," in its bearing upon the coronation of King George V., and the identification of his throne with that of David, king of Israel, will be considered. Visitors from all denominations are welcomed to these meetings.

—The "SALADA TEA" CO., so far this year, have made the greatest progress in their history; their increase alone in Canada and the United States amounting to more than the total business they did during the first five years of the Company's existence.

GUILTY ON THREE BURGLARY CHARGES

James H. Holt, Accomplice of Buckley, Awaits Sentence for Theft of Jewelry

With three charges of burglary against him James Henry Holt, the accomplice of the burglar Buckley, who was sentenced to three years last week, was presented this morning before the police magistrates and pleaded guilty on all three counts. He will be sentenced on Thursday.

Robbery from the house of W. E. McIntyre, Battery street, from which jewelry was taken on April 21, was the first charge. The others were burglary at the house of Alexander McMoran, Pandora avenue, and burglary from the house of E. W. Knight, Pandora avenue.

The prisoner's mother was in court and asked the magistrate to deal leniently with her boy, who is eighteen years of age. As the boy pleaded guilty the mother came forward, but the boy from the dock waved her away, evidently desirous that she say nothing.

She told the court the boy had from time to time come to the home where she and his sisters and father lived, but that they had never had cause to suspect him of following a dishonest mode of living. He had told her he had no need of work.

When the accused was arrested a search warrant was issued empowering the detective to search the home of his parents. There they found much jewelry of a total value of \$400. Some was being worn by the boy's mother and sisters, who claimed he had given it to them as presents. There was also some jewelry believed to have been brought here from Vancouver.

John Wilson, for using filthy language on Government street Saturday night, was given two weeks' imprisonment with the option of a \$10 fine.

An assault charge against Harry Gardner, the outcome of an affair on Saturday night, was set for hearing to-morrow, and accused allowed to go meantime on his personal surety.

James Strong and George Bell, ventilated a grudge three months old on one of the city thoroughfares Saturday night last, with the result that after blows were struck they were escorted to the jail. They were bailed out and this morning paid fines of \$5 each.

THE INTERESTS OF POLICY-HOLDERS ARE SUPREME.

It costs the policy-holders of the Mutual Life of Canada very little over one-half as much to look after their business as in the average of all Canadian companies, and while the amount paid to policy-holders and held for them for the Mutual Life of Canada exceeds \$26,000,000, not a single dollar has ever been paid to a stockholder. There is no interest to consider or care for in the Mutual Life of Canada, except the interests of its policy-holders, and they alone receive all profits earned by the company, which last year were over 27 per cent of the premiums received. For rates and particulars apply to R. L. Drury, Manager, or to Fred M. McGregor, Special Agent, offices 913 Government Street, Victoria, B. C.

To-Day Is May Day!

Independent of All Combines.
"If you're waking, call me early. Call me early, Mother, dear."
And we have had to get up early, not to be Queen of the May; like Tenyson's young lady, but for one of our busy, busy work-a-days. Every first day of the month means big work at Kirkham's—a big rush—big orders. Many new customers for the busy Pure Food Market will be seen here to-day leaving their May orders. We have always maintained that the people of Victoria desire the best goods, but of course at reasonable price. We meet their wishes in every way. Our three stores are independent of combines; we make our own prices, supply everything for the table at lowest possible figures for good, pure, fresh goods. We shall appreciate your smallest order to-day because

BOOSTERS WILL MEET ON WEDNESDAY NIGHT

Club to Be Formed to Root for Islanders—Every "Bug" is invited

A meeting of all who wish to join the Booster club has been called for Wednesday night in the real estate office on the corner of Trousseau alley and Broad street.

CHAMPIONSHIP UNDECIDED.

Ladysmith and Nanaimo play to Draw Yesterday—Latter's Hard Luck.

The British Columbia football championship is still in doubt, for yesterday's game between Ladysmith and Nanaimo on the latter's grounds, which would have undoubtedly decided it, resulted in a draw, 0-0.

The Island champions were outclassed in the second half, but Nanaimo weakened by the absence of Sutherland and Adams, its two best forwards, was slow in attacking and failed to score.

Even at that, hard luck was responsible for the loss of at least two goals. The largest crowd in attendance at an Island football game (this season) witnessed the struggle, J. Ovington, Nanaimo, refereed.

Ladysmith and Nanaimo will doubtless play off for the championship at a later date, as both the mainland teams are so far behind as to be out of the running.

C. W. SCOTT'S ELEVEN LOSE TO SOLDIERS

Garrison Cricketers Defeat the Civilians—Capt. Mills High Scorer

On Saturday afternoon at the Work Point grounds, C. W. Scott's cricket eleven met with defeat at the hands of the Garrison players by 67 runs.

INTER-COMPANY RIFLE MATCHES

No. 2 Co., Fifth Regiment, Won the Cup Shoot on Saturday

Favored with magnificent weather the Fifth Regiment on Saturday afternoon held the first of the series of inter-company contests for the Hamilton cup, and the keen interest taken in this competition was reflected in the excellent turnout of the members of each of the three companies.

Table with 2 columns: Name and Score. Includes Garrison Eleven, C. W. Scott's Eleven, and various players like Q. M. S. Williamson, Gr. Needham, etc.

SHACKLEFORD MOBBED.

Tacoma, Wash., May 1.—Infuriated fans came near mobbing Umpire Shackelford yesterday afternoon in the ninth inning of the game between Vancouver and Tacoma.

As the Islanders have made a miserable showing against Spokane, considerable knocking has been going on among the fans and it is to be feared that all interested in baseball will be present to contribute any ideas they may have on hoisting in general.

When the last man was put out, the mob swarmed on the field and started to do personal violence to the indicator-handler.

When the last man was put out, the mob swarmed on the field and started to do personal violence to the indicator-handler.

MILLION HERALDED BIG LEAGUE PLAYER

Victoria's Centre Fielder Has Scored Offers of Big Clubs—His Record

Ten Million, Victoria's centre fielder, is touted as one of the comers in the Northwestern league. He conducted his twelve games on Saturday with a batting average of .287, ranking among the league's top best hitters, and has consistently filled in a no. 1 in the error column opposite his name.

The Seattle "bugs" are wondering how Million happened to cast his lot in with Victoria, when making his debut into professional ball, instead of taking up one of the offers from several major league clubs, notably Cincinnati and St. Louis.

SPORT NOTES

It has been decided to adopt in local rugby circles one of the customs long in use in the British schools. That is, the players will be presented with caps on which will be embroidered the dates of the years in which they have been Rugby football representatives of this city.

ABOUT BASEBALL

In Saturday's game at Seattle, the Giants rallied in the eighth inning, piling up five runs and defeating Portland, 9 to 7.

At Vancouver the Beavers made it four out of five on Saturday against Tacoma; by winning in what was almost a no-hit game for Engle. The score was 2 to 0. Engle only allowed the Tigers one single.

That the pitching staff of the Victoria team is in a bad condition is shown by the fact that Hoseholder has been compelled, besides recalling Rush, to ask Belford and Narveson, two twirlers who had been passed along to the Twilight league, to report to the team at Seattle this week.

Parke, the southpaw, is the only one of the Islanders now left in town. He will have a pretty lonely time working out at the ball park by himself, but will no doubt, by pressing in to service someone to catch for him, continue training, as there is no tatter, and he wired ahead: "Toots, do you need money?"

Not since Peter Latham defeated George Standing, in New York in 1879, has such widespread interest been shown in a racquet match as was exhibited in the first half played at Queens Club London Saturday after

noon, when Charles Williams defeated Farooz Jamssetji of Bombay, for the world's championship and a side bet of \$2,000.

A. H. Colbert, who won the covered court tennis championship—final by defeating M. J. C. Ritchie at London, England, Friday, defeated F. G. Lowe, the holder of the title, 3-0 on Saturday.

Tacoma Manager Put Out of Game for Season.

Vancouver, May 1.—President Lindsay of the Northwestern League, announced Saturday night prior to his departure for home that he had suspended Mike Lynch, playing manager of the Tacoma Tigers, for the remainder of the season for his assault upon Umpire Jack Ward in last Thursday's game. No fine will be imposed.

"I came to Vancouver expressly for the purpose of investigating Lynch's case," stated Judge Lindsay. "I talked with men I was not personally acquainted with regarding the assault and also with Vice-President Hayward and other officials. Lynch was also given an opportunity to present his side of the case and I was very much amused when he said, 'I didn't assault him, Judge, I just pushed him in the head.'"

"As this was hardly the proper thing for a manager of a baseball club to do and very poor example to set before his players and the public generally I decided to suspend him for the remainder of the season. There will be no fine, as I think the suspension for one year will be sufficient. We intend to keep baseball clean and will not tolerate such conduct on the part of any player or official connected with the Northwestern League."

President Lindsay left for home on the boat last night. He was present at Saturday's game and was enthusiastic over the exhibition served up by the teams.

SPORT NOTES

It has been decided to adopt in local rugby circles one of the customs long in use in the British schools. That is, the players will be presented with caps on which will be embroidered the dates of the years in which they have been Rugby football representatives of this city.

ABOUT BASEBALL

In Saturday's game at Seattle, the Giants rallied in the eighth inning, piling up five runs and defeating Portland, 9 to 7.

At Vancouver the Beavers made it four out of five on Saturday against Tacoma; by winning in what was almost a no-hit game for Engle. The score was 2 to 0. Engle only allowed the Tigers one single.

That the pitching staff of the Victoria team is in a bad condition is shown by the fact that Hoseholder has been compelled, besides recalling Rush, to ask Belford and Narveson, two twirlers who had been passed along to the Twilight league, to report to the team at Seattle this week.

Parke, the southpaw, is the only one of the Islanders now left in town. He will have a pretty lonely time working out at the ball park by himself, but will no doubt, by pressing in to service someone to catch for him, continue training, as there is no tatter, and he wired ahead: "Toots, do you need money?"

Not since Peter Latham defeated George Standing, in New York in 1879, has such widespread interest been shown in a racquet match as was exhibited in the first half played at Queens Club London Saturday after

noon, when Charles Williams defeated Farooz Jamssetji of Bombay, for the world's championship and a side bet of \$2,000.

A. H. Colbert, who won the covered court tennis championship—final by defeating M. J. C. Ritchie at London, England, Friday, defeated F. G. Lowe, the holder of the title, 3-0 on Saturday.

Tacoma Manager Put Out of Game for Season.

Vancouver, May 1.—President Lindsay of the Northwestern League, announced Saturday night prior to his departure for home that he had suspended Mike Lynch, playing manager of the Tacoma Tigers, for the remainder of the season for his assault upon Umpire Jack Ward in last Thursday's game. No fine will be imposed.

"I came to Vancouver expressly for the purpose of investigating Lynch's case," stated Judge Lindsay. "I talked with men I was not personally acquainted with regarding the assault and also with Vice-President Hayward and other officials. Lynch was also given an opportunity to present his side of the case and I was very much amused when he said, 'I didn't assault him, Judge, I just pushed him in the head.'"

"As this was hardly the proper thing for a manager of a baseball club to do and very poor example to set before his players and the public generally I decided to suspend him for the remainder of the season. There will be no fine, as I think the suspension for one year will be sufficient. We intend to keep baseball clean and will not tolerate such conduct on the part of any player or official connected with the Northwestern League."

President Lindsay left for home on the boat last night. He was present at Saturday's game and was enthusiastic over the exhibition served up by the teams.

ENGINEER ASTLEY NOT COMING WEST

Receives Offer of \$5,000 to Remain in the Employ of Winnipeg

A dispatch received from Winnipeg Saturday afternoon confirms the statement which appeared in the Times on Friday to the effect that J. W. Astley, who had received an offer from the city of Victoria of the appointment of construction engineer was not likely to come here. He has received an offer of \$5,000 to remain in the employ of the city of Winnipeg, and will remain in his present place.

PLAGUE CONFERENCE Meeting at Mukden to Consider Situation Has No Practical Result.

St. Petersburg, May 1.—An official telegram from Mukden says the delegates to the international plague conference in that city are agreed that the conference was without practical result. The delegates split into three camps: those from the United States and Great Britain siding with the Chinese, while Germany and Austria formed a connecting link between the first named country and representatives of Russia, Japan, France, Holland, Italy and Mexico. The Chinese took the ground that they could consider only practical suggestions in connection with the fight against the pneumonic type of plague, and accordingly the attempt of other groups to broaden the scope of the conference proved futile.

GIRL SUDDENLY DIES.

Nagasaki, May 1.—The death occurred at Cumberland Friday night of Edith, only daughter of Mr. and Mrs. John Thompson, aged 18. The deceased had always enjoyed the best of health, and the family received a terrible shock when entering her apartments shortly before 10 o'clock Friday night they found her dead, heart failure evidently being the cause of her sudden demise.

DOUBLE FACED RECORDS Montelius Piano House 1104 Government St., Near Fort. RED RECORDS SEAL

OUR LETTER BOX A TENANT'S WOEFUL TALE.

To the Editor:—Looking back a few years I can remember when Victoria was an English haven of rest for the "tenant," whose lot was then a happy one, and his song was not that of the weary. But now, help him, he is only a football to be kicked about by every speculating house-grabber and poor-spirited "landlord," who suddenly sells the house over his head for a paltry profit of a few dollars. But the "tenant" may be thankful that, in such dealings, the law of British Columbia, if properly administered, protects his body and soul from being sold with the house.

AN OPEN LETTER.

To the People of Victoria:—We consider it fitting upon the closing of business in this city to extend a full measure of gratitude to all those who have so generously favored us with their patronage during the thirty years which we have been in business here. In opening our establishment at 27 Johnson street in 1881, we anticipated a most satisfactory trade, an anticipation that has been realized beyond our fondest hopes, and terminating with a year of record-breaking sales.

Mountains, in which we enjoyed by far the largest business of the kind in the city of Victoria. Our motto has always been "Honest Goods at Honest Prices," and the public have shown their appreciation in a tangible way, therefore, we desire to thank the very many citizens of both sex who have helped us to build up so large a business.

It was very pleasing during the late sale to have so many steady patrons refer to the long years of satisfactory business that they had done with our house.

While E. Williams & Co. are going out of business, our Mr. W. T. Williams, who has been proprietor for so many years, is becoming a member of the new firm, and will therefore be engaged in business in a much larger way.

To our successors, Messrs. J. N. Harvey, Limited, we bespeak a fair amount of the good will and patronage with which you have so generously favored us. We do not hesitate when saying that our successors will accord to all patrons the same satisfactory treatment which has made our business the most important of its kind in Victoria.

Now that our stores have closed we have decided to take you into our confidence and tell you that when we began our "going out of business sale" on Thursday morning, April 13, there was in excess of \$100,000 worth of goods in stock. When we tell you this you will realize how utterly impossible it was for us to clear out so large a stock in thirteen days, and we have turned over to J. N. Harvey, Ltd. (who took possession last night) the balance of our stock, and we understand it is Messrs. Harvey's intention to clear this stock out at once.

It was a great disappointment to our Mr. W. T. Williams that on account of the unfortunate accident which befell him about four weeks ago he was unable to be present and personally supervise the "going out of business sale." Again thanking you for the very generous treatment you have extended to us at all times, we remain, Very sincerely yours, B. WILLIAMS & CO. Per W. T. Williams. Victoria, B. C., May 1, 1911.

cabin and is tenderly treated by the woman, who bandages his wounds. The redskin belongs to a band of Indians known as the Pequotas and he knows that they intend attacking the cabin. He informs his kind-hearted Samartain, and she flees before the Indians arrive. "The Rival Candidates," an Edison comedy. "In the Hot Lanes," a western picture, showing a girl's noble display of heroism. "The Runaway Motor Car," a picture showing what happens to a man who undertakes to operate a car. "Max Goes Skiing," a comedy representing a novice in this uncertain sport.

Crystal Theatre. During the coming week the management has secured the services of "Jock" Melville, the famous local entertainer, who will give special musical selections at each performance in the evening. "Jock" Melville is probably the nearest rival of Harry Lauder and the latter was at his best, and will surely make a hit. "The Last Rose." When the favorite flower girl of Tommy Atkins in Ireland is in danger of being captured by a visiting American captain, all the strategic art of war is called in by the quartette of English soldiers. "The People of the People," a grand presentation of life in the Middle Ages, when the upper classes were really up, and the common people had nothing in common except suffering, starvation and oppression. There will also be two more feature reels equally as good as the above.

Romano Photoplay Theatre. A leading film for to-day and tomorrow is "In the Tepee's Light." Jack Edgar falls madly in love with Wild Dove, an Indian maid, and while his affection is returned by the girl his suit is frowned on by her father, who wishes her to marry an Indian brave who has given him many presents. Jack suddenly draws his revolver, and makes the surprised Indians at bay, keeping his escape with Wild Dove. They are seen in the morning far away from the camp as the day is breaking, on a rocky knoll overlooking the desert, and the rays of the sun burst forth, bathing a scene of wild beauty with gorgeous splendor.

"The Melody of Fate" shows a blind girl violinist and a crippled genius of the piano. A surgical operation restores her sight, but young Eric remains a cripple. He cannot endure her pitying glances, so what does he do? "A Day With an English Bageman" is a refreshing bit of summer joy and scenic splendor. There are two other good reels and Miss Eschmeyer's song. The Romano orchestra will furnish the music for the pictures.

New Grand Theatre. With the box list almost sold out all night for the three performances to-morrow, Patrice, played in "The Lobbyist"

"It's Burnside Road for Me"

BURNSIDE ROAD So said a client of ours who was looking for "something good for a small outlay." Burnside Road Is Good Stuff Think of it! To clear out the Balance of B. Williams & Co's. High Class Stock of

CLOTHING, HATS AND FURNISHINGS at Unheard of Prices

STORE CLOSED MONDAY-----Making Another Cut SALE OPENS TUESDAY, MAY 2nd, 9.30 a.m.

WE have taken over the B. Williams & Co's. store at 614 Yates Street and with all their stock of brand new high class Clothing, Hats and Furnishings. This stock we do not want as our buyer has bought our own stock on his recent trip East, which is now beginning to arrive. This makes it absolutely necessary for us to clean out, even to the very last thread of the B. Williams & Co's. stock. We will endeavor to do so this week, and while you have got genuine bargains here during the B. Williams & Co's. sale, they will not be a patch on what you will get here this week. A large staff of competent, obliging and experienced salesmen will be on hand, when the doors open at 9.30 a.m. Tuesday, to see that everyone who comes will have their wants attended to

KOOTENAY FRUIT GROWERS' UNION

Directors Elected at Meeting at Nelson—Warehouse for Current Season

Nelson, April 29.—With the election of the permanent board of directors, the final step of the organization of the Kootenay Fruit Growers' Union, Limited, was taken, when, also, the large shareholders' meeting held at the board of trade rooms, authorized the newly constituted board to arrange for a temporary central warehouse for this season's crop handling. The strong position of the new organization was apparent from the membership roll of 99, while the stock now subscribed amounts to \$5,019. The membership of the board of directors, however, has raised from seven to eight. The election of the permanent directors was by ballot, 360 ballots being cast. The plan of territorial representation was tacitly followed, and the board was constituted as follows: Raymond T. Hikes, Kootenay lake; P. J. Locke, Crawford Bay; G. F. Attree, Queens Bay; Gordon Hallitt, C. W. Busk, West Arm; John Hyslop, Nelson; Chas. F. McFarley, Slokan river and lake; J. E. Anabelle, Kootenay river. Directors will be seated for their cash outlay only. By resolution of the meeting, G. O. H. Playle of Nelson was appointed auditor.

At the directors' meeting, held subsequently, C. W. Busk was elected president, and Gordon Hallitt, vice president, while E. K. Beeson was appointed secretary-treasurer. The report of the directors was as follows: "Your directors beg to submit a financial statement of the union to the 11th instant. From this it will be seen that 501 shares have been sold, and your directors regret that a larger proportion of the first issue of 1,000 shares has not been taken up. They express the hope, however, now that the union is fully organized, that many who have promised to join but who are withholding their names, will become subscribers, and that others who have taken only small amounts of stock will increase their subscriptions.

"Looking to the amount of stock subscribed, your directors recommend the retiring of a temporary warehouse in Nelson, for the purpose of handling this year's crop. They recommend that every shareholder of the union, should deal entirely through the union, whether for the home market, for England or for the fair factory, as they feel that better and more regular prices can be obtained. They recommend that a short form of contract for the crop of 1911 should be entered into between the members of the union and the growers, in order that the produce handled may be estimated, and the best markets, whether in England, the United States or Canada, may be obtained. "They also strongly recommend that all members should place their orders for crates and boxes through the union, as quickly as possible, as from inquiries made they are able to state that a considerable economy can be effected by buying together.

"The directors consider it advisable that the union should join the British Columbia Fruit Growers' association. "They also recommend that the directors to be elected at this meeting should be chosen as far as possible upon the principle of the territorial representation."

IMPROVEMENTS AT CHILLIWACK. Chilliwack, April 29.—Four by-laws providing for bond issues in the aggregate sum of \$111,000 were passed by large majorities by the ratepayers. Of this amount \$70,000 will be spent on macadamizing the city streets, \$10,000 on street grading machinery and \$31,000 on a new city hall. The three last by-laws were voted upon and passed several months ago, but owing to certain irregularities had to be submitted to the ratepayers again. Work on the streets will now be started in earnest. Considerable work is still to be done at the quarries before actual rock crushing can commence, but in the meantime the streets will be prepared to receive the paving material.

There is still about \$4,000 of the drainage fund on hand which will be applied on the Mountain View section. Another attempt will be made to induce the British Columbia Electric Railway Company to join forces with the city to drain their property in conjunction with the Mountain View district. Of the road machinery fund considerable money has already been expended and work on the city hall has been under way for several weeks.

Dr. McCaffrey submitted his resignation as medical health officer to the city council at Monday night's meeting, who accepted it and appointed Dr. Patten in his stead.

DREADNOUGHT, OBSOLETE. Five Years Now Average Life of Monster Battleships.

The first Dreadnought of the new type has already been superseded as the latest and finest sea fighting machine, though she has only been in commission five years—she was launched six years ago—Admiral William May hauled down his flag three weeks ago, and the original Dreadnought is to be taken in hand for a thorough refitting. An even stronger vessel than either will soon be ready. This is the Orion, which is nearly 500 tons larger than the Dreadnought. The pace at which improvements are being effected in the construction of these tremendous battleships means that their period of usefulness is growing shorter. Formerly, warships remained for years as first-class fighting machines, but every few years now a days practically new ships are discarded. During the present year no fewer than nine are under orders to be struck out.

OVER TWO THOUSAND MEN EMPLOYED

Work of Improving C. P. R. Lines Between Vancouver and Field in Progress

Vancouver, April 29.—Fully 1,500 extra men are employed on C. P. R. Improvements between Vancouver and Field on the British Columbia division, it is reported, in an attempt to have the new 50-lb. steel rails, which are taking the place of 65-lb. rails on sidings and branch lines, and the other contemplated improvements, ready for use when the heavy autumn traffic commences. The estimate of the number of additional track and bridge workers was made unofficially from the C. P. R. general offices here, but it is believed to be very close to the mark.

On every train leaving the city for weeks past gangs of men have been sent out on construction work, being detailed to the various section points between here and Field where new bridges, sidings and station buildings are being constructed. Track laborers, bridge and building carpenters, painters and workmen of all classes of railway improvements have been secured to help out the regular departmental employees, who, it is said, number at least 1,000. The maintenance-of-way men, who are about 500 strong between here and the eastern end of the division, have received large additions to their numbers, while many new members have joined the bridge and building forces and other construction gangs.

Taking regular and extra men together, it is estimated that the company has at present an army of 2,500 men improving its lines in the British Columbia division, this total excluding, of course, workmen engaged in Vancouver.

KASLO AND SLOCAN LINE. Operation of Railway Means Much to Kaslo.

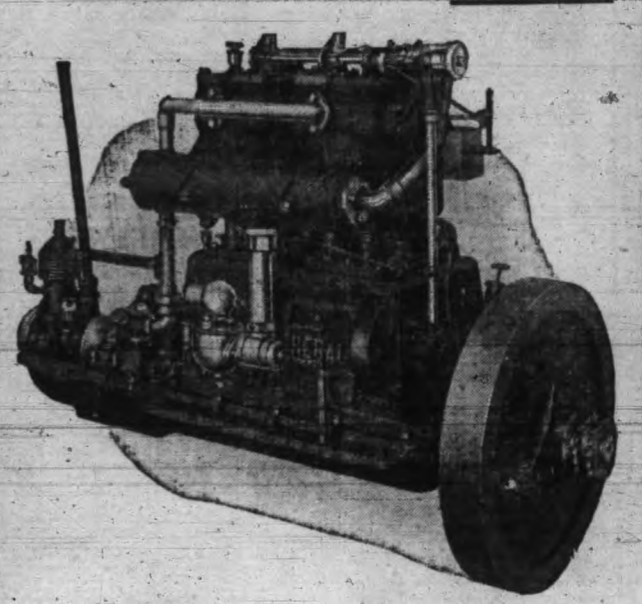

Nelson, April 29.—"There does not seem to be any doubt, but that the line located along the line of the Kaslo and Slocan railroad will again have transportation facilities this summer," said G. O. Buchanan, Mr. Buchanan was present at the meeting on Friday night at Kaslo and described it as having been marked with considerable enthusiasm on the part of those in attendance. "To Kaslo the reoperation of the line means that the city will not be much longer cut off from the mines of the district upon which it is chiefly dependent for business," said Mr. Buchanan. "It means that the Uteca, the Lucky Jim, the Whitewater mines and many others, together with those located along the south fork again have a means of transportation from and to the properties. The operation of the line will be of the greatest benefit to Charles Colwell, the operator of the Uteca, which is located only about six miles from Kaslo, and therefore beyond the distance to which the C. P. R. might possibly have built a line from Three Forks.

"It means also that the system is now in the hands of those who are in a position to make arrangements for its permanent operation as a railroad with slips and other proper facilities for transportation at Kaslo. "It means that the sawmill will enjoy the benefit of having a standard gauge track in its yards, upon which standard gauge cars may be run from the barges upon which they are conveyed to Nelson, and also that ore will be shipped directly from the narrow gauge cars to those of the broader pattern, and thus shipped in the same way as will be the lumber and with a corresponding saving in cost and time. "And finally," concluded Mr. Buchanan, "it means that Kaslo will once again occupy its old position as an important point of transshipment for the mines of the district."

THE STOMACH NEEDS HELP The Liver, Kidneys and Bowels Must Be Kept Active to Ensure Health. DR. CHASE'S KIDNEY-LIVER PILLS

Not one person in a hundred can get along at this time of year without using something to enliven the action of the liver, kidneys and bowels. Too much eating of heavy artificial foods, too little outdoor exercise, this is the explanation. The liver and kidneys are overworked in their efforts to remove the poisonous waste matter from the system. They fall and become torpid and clogged. The bowels become constipated and stomach derangements follow. There is one medicine which will overcome this condition more certainly and more quickly than any other, and this is Dr. Chase's Kidney-Liver Pills. This medicine gets the bowels in action at once and by awakening the liver and kidneys ensures the thorough cleansing of the filtering and excretory systems. With the poisonous obstructions removed, the digestive system resumes its healthful condition, appetite improves, pains and aches disappear as well as irritability and depression. You cannot imagine a more satisfactory treatment for biliousness, constipation, headache and kidney disease than Dr. Chase's Kidney-Liver Pills. One pill a day, or two or three, at all dealers or Edmanston, Bates & Co., Toronto.

EXPECTS BUSY SEASON IN NORTH

Skeena River Millman Says There Will Be Big Demand for Lumber

Prince Rupert, April 29.—E. W. Leeson, of the Skeena Lumber Company, arrived here a few days ago. Mr. Leeson is on his way on the river to resume operations for the season. This lumber mill has a capacity of 60,000 feet of lumber and 60,000 shingles per day. This season, says Mr. Leeson, promises to be one of the most prosperous in the history of this northern country. The canneries always use a large amount of rough lumber, but in addition to the old markets a considerable new market is this year expected on account of the very large influx of people who are certain to come into this district this year.

Northern British Columbia is attracting the greatest attention. Mr. Leeson said he had just returned from a visit to Montreal, Boston and other eastern points, and everywhere he said the attention was the same—looking to this great new country to the north. The Lakelse valley will this year be fairly well settled. A great many inquiries concerning this Lakelse valley is being made. Where the productive-ness of this country has been demon- strated it has attracted much attention. About forty men are at present em- ployed by the Skeena Lumber Com- pany.

APPOINTMENT OF AUDITOR CANCELLED

M. B. Cotsworth Has Been Released From Position at Burnaby

New Westminster, April 29.—At next meeting of the Burnaby council Reeve Weart will formally present the document he has received from Victoria authorizing the release of Auditor Moses B. Cotsworth, appointed auditor of Burnaby under section 56 of the Municipal Clauses Act, a section giving him almost unlimited powers. The government was requested by the council some weeks ago to cancel Mr. Cotsworth's appointment, differ- ences of a most contentious nature having arisen between Reeve Weart, Councillor McGregor and the auditor. Mr. Cotsworth still keeps his position as government auditor at New West- minster. This appointment holds good for a year, and the time will be up within a few weeks.

WAPPENSTEIN'S TRIAL

Seattle, Wash., May 1.—The trial of Charlie W. Wappenstein, former chief of police, on a charge of re- ceiving a bribe from Clarence Gerald and Gideon Tupper for permitting them to operate a gambling house, has been set for May 23. There are three other indictments against Wap- penstein.

—Read J. N. Harvey's adv., page 2.

The movement of drifting ice in the Far North is about two miles a day.

Dockstader's Airship

The famous Dockstader airship will again be in evidence, only this time the daring Lew, has discarded the old type of dirigible balloon and has provided himself with a modern up-to-date aeroplane, upon which he sails around the auditorium of the theatre and delivers his monologue dealing with local topics and in which he discusses important topics of the day.

It is said that a more than ordinarily capable corps of assistants has been provided by the comedian and especial attention is called to the claim that the singing contingent is way and far above the average. Among the im- portant members of the 20th Century Minstrels are: Carroll Johnson, Eddie Mazur, Happy Naulty, Charles Falk, William Braudt, Frank Panon, Thomas Hughes, William Smith, Charles Raymond, and about eighty more. The minstrels make their usual street parade this afternoon and will be seen this evening at the Victoria theatre.

Sheffield Choir and Musical Company

In a recent interview granted to a newspaper representative, Dr. Charles Harris, who will bring the Sheffield Choir here on May 17, 18, 19, in their tour of the Empire, declared that the scheme in contemplation would be an effective means of making known, through the medium of music, the great wonders of the overseas dominions.

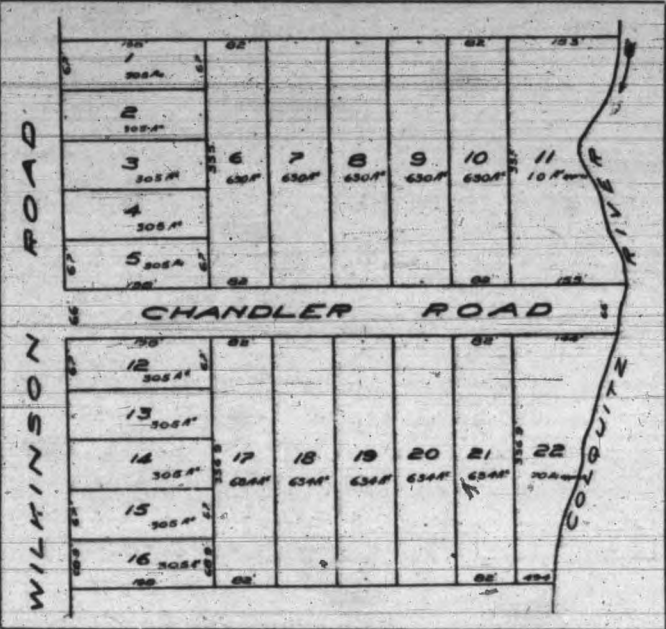

"My twenty-five years' experience in Canada," said Dr. Harris, "has made me what I am—an enthusiastic citizen and worker. It has taken me eight years to induce brainy people from England to follow me in my propaganda, and if to-day in my enthusiasm for Australia, New Zealand, South Africa, and my own Canada, I can influence the greatest body of singers in the world, to become part and parcel of my musical reciprocity platform then I am satisfied, that more than the power of sound which this air produces can be got out of music."

"I am a practical musician," continued Dr. Harris, "who for the amount of time and labor sacrificed in this work must derive an adequate return. This is given me by proving to the hard dollar and cent man that

DON'T WAIT

Construction of the B. C. Electric car line has commenced and it won't take many months to reach this subdivision, which is only four miles from the City Hall. When the line is completed prices are bound to advance. Come in now and secure a suburban homestead which is bound to increase in value.

This Property is All Under Cultivation and Nearly All Planted to Fruit. The Trees are 3 Years Old

The lots are two-thirds of an acre and will make desirable homesites. To those who do not wish to build at once we guarantee to prune, spray and cultivate the trees free of charge for two years at which time you would have a revenue producing property of the latest varieties of fruit.

Don't Miss This

music is capable of bringing to Aus- tralian shores a great body of bus- ness men (and educated singers) who desire to know you for what you are. They would become, as I have, strong advocates in the homeland of the great new world.

"The Mikado."

The talent secured by the Vancouver Amateur Operatic Society to present the Mikado at the Victoria theatre on Saturday next is all that could be wished for even by the most up-to- date and exacting. It is the intention of the V. A. O. S. to take this com- pany to Ottawa next season to enter for the Earl Grey trophy and bring it to British Columbia.

GERM LIFE IN SOIL

Why Comparatively Dry Land is Much Improved by Drainage.

A bulletin recently prepared by the Colorado experiment station contains some rather interesting suggestions concerning the character of soils and particularly pertaining to the great variety of life forms that appear in soils. For the benefit of young people, particularly those interested in what you might call the scientific side of things, a short extract from this bulletin which shows the part played by germs in the liberation of plant food, is published:

"The most of us think of the soil as a mass of very small particles of rocks and some moisture which furnishes physical support and sustenance to the plants that grow in it, and nothing more. We do not think of it as teem- ing with life, but it is. Some of this life is beneficial to the growth of the cultural plants which furnish us our food and pleasure, but some of it is indifferent or perhaps prejudicial. Most of us have, during the past few years, heard of the part played by certain germs, which acting in succession affect the conversion of organic nitric acid forming nitrates in the soil, in which form the nitrogen is taken up by the plants. This change of organic nitrogen, either of vegetable or animal origin, into nitric acid or nitrates, is called nitrification, and consists, as intimated, of several separate pro- cesses. This is not the only process going on in the soil which is dependent upon the presence of germ life, or micro-organisms. Among others is one which has to do with the building up of nitric acid or the formation of nitrates. The preceding process, nitrifi- cation, depends upon the vegetable or animal matter in the soil for its sup- ply of nitrogen and there are three steps in the process of converting it into nitric acid, but in this one the source of the nitrogen is the nitro-

McGregor Heights

OAK BAY

FOR CHOICE HOMESITES

There is as much difference between a lot in McGregor Heights and the ordinary sub- division as there is between a house and a home.

McGregor Heights is distinctive, artistic, a place that appeals to the best people. It is a place that has character and forms character. The view from the hill is unsurpassed anywhere in Oak Bay or the surrounding country. The panorama of mountain, sea, and verdant meadow, with gnarled oaks here and there, makes a picture of unrivalled beauty. It is unspoiled by the hand of man, and is now for the first time offered to those who wish something better than the average.

The owners of McGregor Heights want none to purchase except such as will erect houses in keeping with the surroundings, and for that reason they have placed a building restriction of \$3,000 on each lot.

The lots face Hampshire Road, Gonzales Avenue and Victoria Avenue, and vary in size to suit different purchasers. The smallest lots are on Hampshire Road with fifty feet frontage and running back 120 feet.

5 LOTS AT, EACH, \$1,100	P r i c e s	1 LARGE LOT . . . \$1,400
4 LOTS AT, EACH, \$1,200		1 HALF ACRE . . . \$3,000
1 DOUBLE CORNER \$2,500		ONE 3-4 ACRE LOT \$2,500
1 CORNER LOT . . \$1,300		ONE 1 1-4 ACRE LOT \$7,000

phere and the agent which takes the nitrogen from the atmosphere and converts it into nitric acid, respectively nitrates, is also a germ that lives in the soil.

It should be added that this process of nitrification can only be carried on when the soil contains a reasonable supply of moisture and it cannot be carried on under and circumstances when the soil particles are absolutely surrounded by free water. This is why so many soils are greatly improved by the drainage, even though they may never appear to be very wet at any

INCREASED WAGE
BUT SAME HOURS

TEAMSTERS-FIGURE
IN STRIKE OF HOURS

Victoria Drivers Make Em-
ployers Come Half Way—
Strike Over After Lunch

The union teamsters of Victoria failed
to put in an appearance at the vari-
ous establishments where they are em-
ployed this morning, in view of the
failure of their employers to accede to
the demands of the new wage scale
which came into operation to-day, and
in consequence of the strike not a little
inconvenience and delay was occasioned
at the work of the transfer companies.

The new wage scale called for \$2 for
an eight-hour day, an against \$2.75 for
a ten-hour day for truckmen, and \$2.75
per day as against \$2.50 per day for
double expressmen, and the other
grades in the proportion of a 25 cent
increase per day. The company came
through with the money, and the men
decided that half a loaf was better
than no bread, and let go the demand
for eight hours.

The Pacific Transfer Company and
Joseph Heaney agreed to meet the
demands of the men in this fashion,
and their offer was accepted, and they
men returned to work at 1 o'clock. The
G. T. P. Transfer Company and H.
Caldwell refused to consider the men's
demands at all, but in view of the ac-
tion of the other companies granting
the desired increase it is likely that
they will fall in line.

The Victoria Transfer Company
recognized the difficulty of taking on
new men, and decided to negotiate for
a settlement. The meeting was held in
the forenoon and resulted in the agree-
ment outlined above. The other ac-
quiescing companies also took the op-
portunity of presenting the situation
from the employers' point of view at
that meeting and achieved a similar
satisfactory result.

The G. T. P. Transfer Company,
however, did not think it worth while
to attend that meeting. As a result of
the strike they are shy only four men.
W. Skilling, the manager, speedily had
their places filled, which action brought
upon his head the threats of the union-
ists.

Mr. Skilling declares that while he is
naturally averse to increasing the
wages of his men, he is more than
naturally averse to the proposed in-
crease so long as the men who are de-
manding it are of the class which he
has had to employ. He does not mind
paying the \$2 a day, but he cannot af-
ford to pay it to men who are not
worth it, he says.

BRITISH PRESS ON
CANADIAN QUESTIONS

London, May 1.—The Times observes
that President Taft's allusion to the
ideals of British Imperialism betrays
a complete misunderstanding of both
British and Canadian sentiment. When
President Taft accuses British Imper-
ialists of seeking to erect a Chinese
wall between English-speaking com-
munities on the North American con-
tinent he surely forgets the conditions
under which Canada, against all odds,
has grown. The opponents to the
agreement would hardly ask a strong-
er confirmation of the contentions that
as soon as Canadian producers, distri-
butors and carriers developed a great-
er independence of American markets
that pressure will follow which will do
more to obtain an extension of the re-

FLANAGAN'S CHICKENS
COME HOME IN COURT

Judge Lampman Has Side-
light Into Poultry-Raising
on Out-of-Town Lot

Flanagan's chickens came before
Judge Lampman in the county
court this morning, as also did Flana-
gan's wife, his two children, his
wife's horse, his own cart, his wife's
harness, Flanagan's dog and Flana-
gan's incubator.

It is the incubator that is respon-
sible for bringing the whole family
into prominence as well as the
chickens. Flanagan somehow counted
his chickens before they were hatched.
He counted them even before he
bought the incubator; in fact, it has
one of those arithmetical hatching
poultry yards.

He bought the incubator from Syl-
vester Brothers and paid a deposit
of \$25. The incubator, he said this morn-
ing, when the court was inquiring
why the balance had not been paid,
was railroaded upon him in a hurry
two months before he expected it, and
he had found afterwards that he could
not meet the balance. The old story
that an incubator will pay for itself,
or that fortunes can quickly be won
by taking a correspondence course in
egg-hatching, did not prove correct in
the case of Flanagan's chicks, for he
could Judge Lampman this morning
that the chicks were not at all well.

J. A. Aikman, who appeared for
Sylvester brothers, asked what the
hen-farmer owned. Mr. Flanagan ad-
mitted possession of a wife and two
children. Then Mr. Aikman drew
from him the fact that he owns a cart
worth \$15. Visions of a horseless cart
were dispelled when the judge secured
the information that Flanagan's wife
owns the horse and the harness. There
is also a dog. Flanagan said he
owned that.

What the incubator originally cost
was not divulged, but the bill, includ-
ing law costs and service fees, which
owing to mileage to Flanagan's ranch
amounts to \$14 at each service, now
total nearly \$90. Flanagan said he did
not want it to bound up any higher,
so he agreed to pay \$5 on account May
15, a further \$5 one month later, and
thereafter \$10 every month. As long
as he does this the possessions of him-
self and his wife will not be disturbed,
but Flanagan said he would like to
have the company take back the in-
cubator. He is not so sure about for-
tunes in poultry-raising.

MAINE CITY IS
SWEEP BY FIRE

their homes go up in flames, and who
were huddled together in the streets.
The burning of churches and public
buildings left many of the unfortunates
without shelter.

Three lives are known to be lost, al-
though their names are unknown. A
fireman was injured by a falling wall
and died on the way to the hospital, an
unidentified young man was crushed to
death when one of the churches col-
lapsed and an elderly man from Brewer,
who had crossed the river to watch the
fire, also was buried beneath falling
debris.

The problem of housing and feeding
the residents must be met and it will
be a serious one. Every householder in
Bangor whose home escaped destruc-
tion, opened his doors to less fortunate
ones, but in spite of this, thousands
were forced to spend the night in the
streets, surrounded by the few articles
of clothing and household utensils they
had been able to save from the flames.

Because of the destruction of food
supplies in the retail district, the prob-
lem of feeding the multitude adds to
the seriousness of the situation. Early
morning trains brought food to the
city, but it was some time before the
authorities could arrange for its distri-
bution.

tle heaps of furniture and clothing

GOLD SNAP WELCOMED
ON THE PRAIRIES

Spring Wheat Not Yet Out of
Ground and No Damage
Has Resulted

(Special to the Times.)
Brandon, Man., May 1.—The cold
snap is regarded here as having come
at a most opportune moment. Vegeta-
tion was far too rapid and the chilly
weather checked the rush. There is
evidence of wonderful growth. In fact,
wheat was above the ground just one
week after it was sown and everything
was rushing along in the same way. It
is felt that serious damage would have
resulted had growth not been checked
as it has been. There was only six and
one-half degrees of frost during the
night and no damage of any kind re-
sulted. The barometer is still high, the
wind very cold and two or three days
of chilly weather is expected.

Checks Rapid Growth.
Winnipeg, May 1.—There was any-
where from ten to twenty degrees of
frost over most of the prairie west last
night, the coldest wave striking north-
ern Saskatchewan and Manitoba.
Spring wheat is not out of the ground
in most places and farmers claim the
frost will do much good in checking too
rapid growth.

Calgary, May 1.—The Canadian Pa-
cific crop report published this morning
from all parts of the province states
that fall wheat is in fine condition.
There are no reports of damage by
frost. The fall of soft snow during the
past week in most parts has proved
most beneficial. In southern Alberta
the crop is nearly all in while in the
north about 50 per cent. is in the
ground.

KILLED BY EXPLOSION.

Vancouver, May 1.—The explosion of
a hot water tank in the basement of
the Gem barber shop at 49 Cordova
street on Saturday, resulted in the
death of Alfred Lawrence, the janitor,
who was engaged in filling the tank
at the time.

The shop contains eight chairs and
was full of customers at the time that
Lawrence went below to fill the tank.
A few minutes later there was a ter-
rific explosion which shook the shop
and could be felt by hundreds of per-
sons in the vicinity. Mr. Clark, one of
the proprietors, went below and found
Lawrence lying dead and terribly mangled.
His legs and arms were broken
and he had been thrown several feet
by the force of the explosion.

The bootblack of the shop, who had
been sitting on a seat directly above
the stove and near the shoe shining
stand, was thrown about ten feet but
was not seriously injured.

Alfred Lawrence, the man who was
killed, was thirty-seven years of age
and unmarried.

Imperfect Kidney Action
Causes Rheumatism

Rheumatism with its kindred ailments
—Lumbago, Wry Neck, Neuralgia, etc.,
usually results from lodgments of uric
acid in the joints and muscles.
Now the chief function of the kidneys
is to properly filter this poison from the
blood.
Only when they fail to do this is
Rheumatism probable.
Kidney weakness starts in various
ways. A sudden chill, after perspiring
freely, sometimes settles in the kidneys
—or an unusual strain may cause it.
Poisons which should be filtered out
of the system are pumped back into the
blood, causing Uric Acid, the real cause
of Rheumatism, Lumbago, Wry Neck,
Neuralgia, etc.
In the early stages Nyal's Stone Root
Compound will stop it.
Will start your kidneys working prop-
erly so that the Uric Acid is reabsorbed
and eliminated.
Away goes your Rheumatism with it.
Perhaps these early warning twinges
have passed unheeded, and your Rheu-
matism has become deep seated.
Muscles all snarled up in knots as it
were.
Then you'll need Nyal's Rheumatic
Cure.
Ask your own druggist about these
remedies.
His opinion is worth while.
For sale by all druggists.

REJECTED LOVER

ATTEMPTS MURDER

Attacks Girl With Razor and Then Ends His Own Life

(Special to the Times.)

Montreal, May 1.—Montreal was this morning the scene of an attempted murder and suicide. John Robinson early this morning armed himself with two razors at his boarding house, 203 St. Antoine street, and going to the ice cream parlor owned by Eudore Larue, at the corner of Beaubien and Sanguinet streets, without warning slashed Miss Larue across the throat with a razor and then cut his own throat from ear to ear with the same weapon.

Robinson formerly boarded with the Larues; it is said, and was requested to leave owing to his unwelcome attentions to Miss Larue. It is supposed that he brooded over this until he became temporarily deranged.

A set of clamps, operated by a lever to draw them together and a notched bar to hold them, has been invented by a Pennsylvania man to facilitate the joining of belt ends.

Your Ad. Should be There When The Ad-Reader Gets a Pair of Scissors!

When the ad-reader gets busy with a pair of scissors, and begins to clip out ads yours OUGHT TO BE THERE.

For these clipped ads serve as memoranda on little trips—little buying excursions—shopping, house hunting, property hunting, servant hunting trips. They decide the trend of the day's quests. They influence the day's business deals—more than that; they initiate them. Many of the day's deals, sales and purchases would not have been made at all but for them. So have your ad. in the Times when the ad-reader looks for a pair of scissors.

AN EASTERN TORY "FORGERY"

HON. FRANK OLIVER TO MAKE STATEMENT

Will Reply to Attack Made on Him by the Toronto Telegram

(Special Correspondence) Ottawa, May 1.—In the House of Commons this afternoon Hon. F. Oliver promised to make a statement in the house to-morrow regarding the insinuation of graft preferred in a red-headed way against him in the Toronto Telegram last week and sponsored by Day, McNeill, ex-editor of the Calgary News. Mr. Oliver denies any dishonesty or graft of any kind in handling the funds referred to in the charge.

Calgary Comment.

Calgary, Alb., May 1.—The sole topic of conversation in political circles now is the attack made upon Hon. Frank Oliver by political enemies. As the incidents in connection with the alleged exposure are pretty well known here, the interest is keen. Rumors about what Cross was going to do to Oliver have been in circulation for a year, together with statements that there are no foundations for the statements made.

The Morning Albertan (Liberal) editorially associates Cross with the affair and refers to the reported efforts to "get" Frank Oliver. One plan was to "show Oliver up" at the Laurier demonstration last September. That hopelessly failed. Another was the attempt to break up the Oliver meeting a few days ago, all of which was engineered by Cross of the Cross faction, which is rapidly growing smaller. The Albertan is inclined to believe that this is the last effort in the series, as Cross has been in Ottawa for some time and is supposed to be in Ottawa now. The effect of the attack will make Oliver stronger than ever and spell the final overthrow of the Cross influence, which is now confined to a small coterie of politicians with strange methods.

The Albertan also comments upon the practical methods of securing information, which have become popular in the past few months. A Detroit bank was pirated some months ago and a photograph of a document secured which, grossly misrepresented, was used against Hon. W. H. Cushing. Now the Imperial bank at Edmonton is entered, a page of private firm ledger secured, photographed and used against another Alberta public man.

Edmonton Views.

Edmonton, Alta., May 1.—The Journal to-day says that if the Oliver charges are false their author should be proceeded against and the atmosphere cleared.

The Bulletin says that the charges are anonymous, that Sir Wilfrid has shown his contempt of them, and that it is a false and underhand attempt to damage the minister.

Bankers' Statement.

Toronto, May 1.—The pictorial reproduction published by the Evening Telegram in connection with the story regarding one of the ministers of the federal cabinet is absolutely false. It is not a photographic reproduction of the ledger of the Imperial Bank of Canada nor a copy of the account. This was the statement made to the Globe last evening by Mr. D. R. Wilde, president and general manager of the Imperial Bank, when asked if he had anything to say concerning the pictorial part of the article published by the Telegram.

Two Hungarian Counts met in a fierce duel near Vienna. Three shots were first exchanged without effect, and the two men then fell by heavy cavalry sabres. One of the Counts had his head gashed and his side laid open before the seconds stopped the duel.

POLICY OF RAILWAY CONSTRUCTION

Programme Outlined at Caucus of Liberals Held at Ottawa

(Special to the Times.)

Ottawa, May 1.—The Liberal members spent two hours in caucus this morning, with the result that it was decided to proceed immediately with the construction of the Hudson's Bay Railway and likewise adopt a progressive policy in regard to the extension of I. C. R. in the Maritime Provinces by the purchase and construction of additional branch lines to the system in New Brunswick and two in Nova Scotia. The details will be announced in the House by the Minister of Railways at an early date.

The Liberals say there was but little discussion of the situation arising out of the apparent deadlock on the railway question, as it was taken for granted after what occurred in the House Saturday that the fight would be proceeded with in the House and that Sir Wilfrid Laurier will not go to the Imperial conference. They say that Saturday's long silence of the Cabinet was devoted to the discussion of supplementary estimates and other of the railway programme submitted to caucus to-day.

"JULIUS CAESAR"

Frederick Warde to Present Greatest of Tragedies on Thursday.

Frederick Warde, who is one of the greatest, if not the greatest, exponent of the Shakespearean drama in this country, plays a brief engagement of one night at the Victoria theatre on Thursday, May 4, when he will present a special production of Shakespeare's most popular tragedy, "Julius Caesar," which has not been seen in this city for some time, and never upon so elaborate a scale as is promised during Mr. Warde's engagement.

Mr. Warde for years has been identified with the character of Marc Antony, but upon this occasion will be seen as the noble Brutus. The two characters are so widely different that it will be interesting to note Mr. Warde's interpretation, particularly as he is an actor who never follows in the footsteps of others and creates his characters from a purely original conception and imagination.

Ernest C. Warde, the youngest son of the tragedian, will appear as Cassius, he of the fiery and untamed nature, who conceived and executed what was probably the greatest murder in the world's history. This is one of the most difficult roles in the gamut of Shakespeare to interpret, yet young Mr. Warde has achieved quite a success in the part, both lately with his father and some years ago while associated with the late Richard Mansfield. Edward Ffritz will appear as Marc Antony, Arthur Holt as Julius Caesar, John Burke as Cassa, Miss Frederica Going as Calphurnia, wife of Caesar, and Miss Helen Hilton as Portia, wife of Brutus. The rest of the characters will be in the hands of a competent company. The scenic production is said to be very handsome, notably the scene, showing the street in Rome, the gardens of Brutus' home, and the senate chamber.

CARPENTERS WALK OUT.

Los Angeles, Cal., May 1.—A general carpenters' strike was ordered to-day to enforce a demand for a daily wage of \$4 instead of the present pay of \$3. About 500 carpenters are said to have walked out. Union leaders deny that they intended to call a general labor strike in Los Angeles at the present time.

RAILWAY EMPLOYEES STRIKE.

Pittsburg, Pa., May 1.—Employees of the Pennsylvania railroad shops went on strike in Pittsburg and Altoa to-day. The men assert that thousands of sympathetic railroad employees will join them.

German drill has superseded British methods of training in the Afghan army.

NON-UNION LABOR ON LABOR TEMPLE

Application for Injunction Will Come Up at Vancouver on Thursday

Vancouver, May 1.—Declaring that he could not grant an injunction on the affidavits as they stood and suggesting that the application be adjourned to come up pre-emptorily on Wednesday or Thursday, Chief Justice Hunter this morning temporarily disposed of the fight the Labor Temple Company is making to prevent the Norton Griffiths Steel Construction Company from using non-union labor on the construction of the building under labor of Vancouver is erecting at the corner of Homer and Dunsmuir streets. It was finally agreed by counsel that the adjournment should be till Thursday morning.

In the meantime look at the amount of profanation that is going on, remarked His Lordship with a smile.

Acting on behalf of the Labor Temple Company, J. W. Debb Parris appeared this morning in support of the application for an injunction to prevent the Norton Griffiths Steel Construction Company from employing non-union labor on the building. E. P. Davis representing the defendant company.

The hearing was continued by a rebuke which the Chief Justice administered to Mr. Parris when the latter, during the course of his argument, referred to the non-union men now employed by the defendant company on the building as "scabs." His Lordship informed counsel that he must not make use of any such term in court.

Mr. Parris hastened to explain that he had only used the designation in a technical sense and did not mean it to be taken offensively.

NEW YORK STOCKS.

TEN THOUSAND MAY STRIKE.

New York, May 1.—Ten thousand or more men and women in three trades will go on strike to-day, say labor leaders here. By to-night not a wheel will be turning in a single union machine shop here, they assert, unless employers grant the demand for an eight-hour day.

The machinists' strike overshadows in extent those which have been called by the waist-makers and bakers, these affecting only isolated shops in Brooklyn and the East Side. The machinists are demanding an eight-hour day in Hudson county, New Jersey, and the waist-makers in certain shops threaten to walk out in protest against the re-creation of conditions which existed before the recent strike. These, they say, include a return to unsanitary surroundings and a cut in wages. The bakers, it is said, will strike in scattered shops for better sanitary conditions.

One of the largest employers of machinists of Brooklyn has addressed a letter to each of its 2,200 employees notifying them there can be no compliance with their demands and their places will be filled. Of the 25,000 or more union machinists employed in the strike-district approximately half or better, labor leaders assert, are already working under an eight-hour day contract. These will not strike.

FINCH & FINCH

Artists in Ladies' Attire

Individual studies for exclusive gowns for all occasions. Throughout the entire range of Dresses and Suits great care has been exercised to have the materials and styles. Garments of exquisite beauty, also of bewitching simplicity betokening the most ingenious and clever designing in sumptuous models, Oriental Neglige Gowns, the Garden Party Frock, the Quaint Short-waisted Coat, also many youthful creations. Very pretty Swiss Muslins, French Delaine and Net Gowns in dainty whites and beautiful colors. We especially study the gowns for elderly ladies' wear.

ARTISTIC MILLINERY

The success of the "Finch" Hat clearly demonstrates the fact that exclusiveness and artistic designs appeal at once to the woman of taste. Our Willow Plumes in plain and shaded effects make a fitting finish to a dressy summer hat.

For immediate wear the popular small hat is shown in Black and Tuscan, also light colors, with high mounts. Prices \$9.00 and \$10.00.

The Success of the Children's Section

Is undoubtedly owing to the splendid assortment and the high grade materials combined with the very best workmanship.

SOCIAL AND PERSONAL

T. A. Cuthbertson is in Vancouver on a business trip. J. H. McGregor went over to the mainland Saturday night. J. R. Collister left on Saturday night on a business trip to Vancouver. Mrs. W. S. Goodwin will not receive on Tuesday nor again this season. G. Sangster and D. S. F. Tolmie have been over to Vancouver for the horse show. Mrs. John Aitkin, Boston, Mass., is visiting here with her uncle, D. H. Dodd. Mrs. Richard R. Hamilton has as her guest her aunt, Mrs. R. H. Cannon, Winnipeg. W. H. Austin, Summerland, has arrived here and will make this city his home hereafter. Mr. and Mrs. W. E. Burns have returned to Vancouver after a three days' visit here. Mrs. John A. Turner left yesterday for Winnipeg and will not receive again till next autumn. Miss W. E. Withers left last Saturday for the Old Country by way of the C. P. R. and Lake Champlain. J. Hornsby left yesterday on a three months' trip to Europe. He will sail from Quebec on the Dominion. Mr. and Mrs. Mitchell, Cadboro Bay, left Saturday via the C. P. R. and Royal George on an extended visit to the Old Country. Commander Stewart, of H. M. C. S. Rainbow, and Mrs. Stewart were guests of Mrs. E. P. Davis in Vancouver during Horse Show week. Dr. C. P. Higgins and Mrs. Higgins have returned to Vancouver and are the guests of their sister, Mrs. P. J. McMahon of Granville Mansions. Thomas Dooley has returned to this city from England, after an absence of over twelve years. When here before he was well known as a singer of comic songs. W. C. Wells, Nelson, formerly commissioner of lands and works, is at the Empress on his way home from Southern California, where he has been spending the winter. The Cat Club dance on Thursday evening in the A. O. U. W. hall promises to be a popular affair. It is being promoted in aid of a home for stray and lost cats and dogs, and a hospital for sick or injured animals. The music will be supplied by Miss Thain's orchestra. A reception was held last Thursday at Kenwyn, the charming home of Mr. and Mrs. S. Porter, Toronto street, in honor of Miss Flora Shore, whose wedding to Mr. Montague Powell will take place soon. The floral decorations were charming, carnations and asparagus ferns being used in the drawing room, while the card room was adorned with yellow daffodils. About forty guests assembled to offer their good wishes to the prospective bride and groom, and a most enjoyable evening was spent in cards and games. Shortly after midnight a dainty buffet supper was served. Accompanied by Mrs. McBride and his secretary, Lawrence Macrae, Premier McBride left on Saturday afternoon for the mainland en route for London, to attend the coronation of King George on June 22. The party is travelling over the Great Northern with one short stop over at St. Paul. The premier was given a semi-public and private send-off by friends, quite a number of people going to the C. P. R. dock to see the party off. Throughout the early part of Saturday Mr. McBride was visited by some two or three hundred people in his office at the Government buildings, where they extended best wishes for a pleasant trip. Following are the committees which have in hand the arrangements for the Cinderella dance to be given under the auspices of the Daughters of Pity in the new Alexandra Club on Friday evening, May 12: Supper, Miss Hancock, Miss O. Fawcett, Miss Surrey, Mrs. W. A. Jamieson, Miss White; music, Mrs. C. E. Wilson, Miss Thain; floor, F. J. Marshall, H. E. Newton, L. S. V. York, W. A. Jamieson, J. D. Virtue, H. Dalby, C. E. Wilson, J. Lawson, R. Wilnot, Gilbert Wilson, Dr. George Hall and Dr. Simpson; grand march, Mrs. G. A. Simpson. Tickets may be obtained from the Daughters of Pity, from T. H. Hibben & Co., Victoria Book and Stationery Co., Dean & Hisecks, Challoner & Mitchell, Redfern, Wilkerson, and the Alexandra club. This event has always received the very kindest patronage from the community both old and young, and

DIAMONDS

While, of course, our stock of Diamonds embodies every quality known, in this ad. we emphasize our line of perfectly blue white and intensely brilliant stones. Our collection embraces some of the most attractive pieces it has ever been our pleasure to exhibit—exquisite pendants, neck chains, dinner and theatre rings, diamond-studded watches and bracelets, solitaires and other beautiful pieces. We consider our diamond exhibit one of the most fascinating in this western country.

the Daughters of Pity again ask for the interest of all friends.

A pretty wedding took place Wednesday afternoon at St. Mark's church, when Mr. John P. Sarsint, Tennyson avenue, was married to Miss Eva Phyllis Hughes, only daughter of Mr. and Mrs. J. H. Hughes, Tennyson avenue. The bride looked beautiful in a simple Empire gown of soft wavy silk. She wore a bridal veil over a cornet of roses and carried a spray of white bride's roses. She was attended by Miss K. Dowdall, in a gown of cream silk voile over silk, trimmed with baby ribbon, and a mushroom hat trimmed with pink forget-me-nots. Two flower girls, Miss Winifred Disher and Miss Norma Dowdall, were also in attendance, one in cream and the other in pink silk voile over silk, with mushroom hats to match. One of the girls carried a basket of lovely pink roses and lilies of the valley, the other a pink crook with carnations. They all wore gifts from the bridegroom. Mr. J. DeLourme acted as best man, Mr. G. Hughes, brother of the bride, and Mr. Stewart acted as ushers. The church was beautifully decorated. Rev. T. R. Henage performed the ceremony, after which he presented the bride with a hymn and prayer-book as a mark of gratitude for her services in the church.

choir. The party then retired while the organist played the "Wedding March." The wedding breakfast was served at the home of the bride's parents. The tables were beautifully decorated with pink and white carnations, asparagus ferns and white roses. About forty guests were present, each of whom was presented with a souvenir card painted by Mrs. J. M. Hollins. A reception was held in the evening, when the young couple received congratulations of friends. They left the same evening for Vancouver and the coast cities for the honeymoon, and on their return will reside on Tennyson avenue.

The Evening Chit-Chat

BY RUTH CAMERON

"You aren't glad to see me tonight?" said the six-foot man.

"Yes," said the six-foot man, "I'm glad to see you."

"I told you over the telephone."

"Surely you don't mean because I asked you to come to meet me instead of my going out to the house for you?"

"Why not?"

"But, dear, didn't I tell you that I had some unexpected work that I positively had to do that kept me later than usual?"

"I know, but I think it's perfectly horrid for a girl to have to go to meet a man."

"But you know I don't often ask it of you, and if you hadn't come in tonight we would have missed half the first act and made everybody get up to get to our seats."

"Well, I don't know; but it seems to me that if a man truly liked and respected a girl he would manage some way to come to her father's house and get her."

The six-foot man looked down at the distractingly pretty little tormentor, half exasperated, half puzzled. If this had been an unusual occurrence it would not have been so trying, but it was not. This was only one of the many exasperating little spasms of unreasonable behavior in which the pretty little lady continually indulged.

For a moment he remembered the hours of tense straining to get that work done in time to go to all, and the scrap of sandwich which had served him for dinner, and he looked rather stern, and then, partly because he was a six-foot man—partly because she was distractingly pretty, he simply said gently:

"Well, little girl, we will try not to let it happen again."

Whereupon the little girl, to reward him, smiled up very sweetly and tightened ever so lightly the clasp of her fingers on his coat sleeve, and the six-foot man, thrilled in every nerve by that 100-volt current of exquisite sensation which those fingers had power to start, quite forgot he had felt exasperated even for a moment.

And apparently all was merry as wedding bells.

But really it wasn't.

For the little girl was committing one of Julia Fontana's fifteen errors of life from which I have quoted before—"Not to yield in unimportant trifles."

Just now the six-foot man finds it worth while to endure this exasperating pettiness, but some day, after they have been married a year or two, there will come a time when the current does not work so spontaneously, and the smile will have become a commonplace, and then, if the little girl hasn't grown any wiser, there will surely be trouble.

Trouble may mean an overharrassed love changed to indifferent and cold courtesy.

Or it may more happily mean a quick revolt that will open the little girl's eyes in time.

Let us hope the latter.

Many women have an idea that men rather like them to be inconsistent and exasperating.

So they do.

But as reasoning for the meal of life, not for its substance.

They are doubtless glad to have cake apiced with the cinnamon of inconsistency and the allspice of coquetry, and even a little of the ginger of temper and exactness.

But you can win a sure wager if you bet that there isn't a man living who will eat very much of the cake if he finds the cook has dumped in a cup of ginger in the place of the flour of common sense and loveliness.

SUDDEN DEATH.
Engineer, Here But a Week From Glasgow, Passes Without Warning.

While still at his work, R. Martin, engineer at the Victoria steam laundry, dropped dead this morning at about 10.30. The deceased was a man of about 45 years of age and was a member of the stationary engineers' union. Little is known of him in Victoria as he only arrived here one week ago. He is a native of Glasgow, Scotland, and is survived in that city by a wife and family.

The other employees in the engine

room heard Martin fall and immediately ran to his assistance, but death occurred before medical help could be summoned. The coroner was notified and an inquest will be held to-morrow. The funeral arrangements will be made by the B. C. Funeral Furnishing Company.

The regular meeting of the Baxter Hive, L. O. T., will be held in Sample's hall, Victoria, West, to-morrow, starting at 8 p. m. Representatives from the other hives in the city are asked to attend, to discuss question of assisting the Daughters of the Empire in their coronation carnival.

AWARDING CONTRACTS AT TO-NIGHT'S MEETING

Prices Are 30 Cents Per Yard Cheaper Than in Any Other City

At to-night's special meeting of the city council the contracts for the 600,000 yards of asphalt paving will be awarded. The streets which are included in the contract number eighty-seven, and when it is considered that there are about half a dozen tenders for each of them it will be readily understood that the work of the committee appointed to tabulate them was no easy one.

It is expected that the work will be completed this afternoon and that the list will be ready to be submitted to the council at the meeting to-night, which has been called for that special purpose. Of course the contract may be awarded to one single firm, or it may be split up. In the advertisement for tenders provision was made for this and quite a number of the largest firms on the north American continent have entered the field of competition.

By taking this step the city has received offers that are much better than they would have been if the work had been split into lots of 50,000 yards. As a matter of fact it has been possible for these companies to tender for the work at prices which are 25 to 30 cents cheaper per square yard. Taken all over the bidding for the standard pavement is easily 15 per cent lower than that paid by any other city in the Dominion of Canada. The prices revealed in the tenders proved to be a revelation to the committee.

TROOPER MOLLOY.
Brave Canadian Soldier Pays a Flying Visit to Victoria.

Trooper Molloy, who won distinction in the South African war, is at present on a visit to Victoria as the representative of an influential British syndicate which has as its object the establishment of a large manufacturing industry on Vancouver Island.

It was at Reitfontein that Molloy won the distinguished conduct medal and lost his eyesight. He, along with Captain Birch and Bordon (the latter being the son of the Canadian minister of militia), who lost their lives on that occasion, succeeded in holding an important position against the Boer aggression when Botha was trying all he knew to recapture Pretoria.

Trooper Molloy left for Vancouver today to deliver an address on "Citizenship and Defence," before the Canadian Club of that city. On returning to England he expects to enter the political arena.

—Read J. N. Harvey's adv., page 3.

—A mass meeting of cement workers is called for this evening in Labor hall, the charter having arrived.

DIED.
DOWNY—At Kamloops, on April 28th, Mr. Marion Edith, wife of Mr. J. Henry Downy, of Saanich, B. C.

The funeral will take place from the residence of Mr. Geo. Anderson, 824 King's road, at 11.30 a. m., and at 2.30 p. m. at St. Stephen's, South Saanich, where services will be conducted by the Rev. Mr. Plinton.

California Oil Companies Pay Big Dividends

DURING the year 1910, the various Oil companies operating in the California oil fields paid in dividends the handsome sum of \$40,000,000 and with present indications this should be equalled, or even better, this year. We are agents for the United Oil Company. This company has 24 producing wells with a monthly production of 75,312 barrels of high grade oil. This production is from only 3 per cent of their holdings, leaving 97 per cent still undeveloped. Shares are now selling at 85c per share. For fuller particulars, address

Phone 544. **O. H. Bowman & Co.** P. O. Box 1048. 8 Mahon Building.

CARPENTERS' DEMANDS.
Leading Firms Grant Extra Fifty Cents a Day.

At a mass meeting held this morning in Labor hall, the Carpenters' Union considered the question of increased wages. Deputations were named to visit the different employers of the city and these will make their report at a meeting called for 5 o'clock this afternoon.

It was reported that four of the leading contractors of the city had granted the fifty cents per day increase. Several of the smaller firms have also acceded to the demands of the men. Roughly, it is estimated that about 200 men will return to work at the increased scale.

Several members of the union addressed the meeting. The business agent of the Building Trades Council, F. C. Webb, occupied the chair. Two meetings will be held this evening, one at 5 p. m., the other at 8 p. m.

SEALD TENDERS addressed to the undersigned, and endorsed Tender for Metallic Fittings, Railway Mt. Service, Vancouver, B. C., will be received until 4.00 p. m., on Monday, May 22, 1911, for the supply of the fittings mentioned. Plans, specifications and form of contract can be seen and forms of tender obtained at the Post Office, Vancouver, and at this Department.

Persons who are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, and accompanied by a check or a chartered bank payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fails to complete the work contracted for. The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary,
Department of Public Works,
Ottawa, April 24, 1911.

THIS MONTH At the Store Where the Most Furniture is Shown and Sold

WHAT FURNITURE SATISFACTION REALLY MEANS—It means a satisfaction that cannot be expressed merely in dollars and cents; for there is an aristocracy in certain furniture, such as you see here, inherent qualities about it that mark it as indispensible above the ordinary and commonly so-called "high grade." It is the kind of furniture that is a never-failing source of pleasure to its owner.

In our furniture department may be seen a splendid assortment—an exclusive assortment—of all that is needed for a correctly furnished bungalow, cottage or mansion, and during this month you can study your own interests best by visiting this store, where "SALES" are never needed, and where you can ALWAYS rely on getting the highest possible value for every cent you may spend with us at any time of the year.

MEDICOS-DOWN ON QUACKS.

Occult Sciences Have Hard Time of It in France.

Many people of the working class in town and country still have great faith in quack doctors, and if these persons profess to have some acquaintance with the occult sciences this confidence is strengthened rather than diminished. In connection with the death of a young man who died after a short illness, a woman who went in for bone-setting, and who, moreover, had recourse to empiric devices, has just been arrested in the Lyons district, France. When, at the eleventh hour, the doctor was called in, he diagnosed pneumonia, but he saw that his services could be of no avail, as the case was already too far advanced. The young man had been a patient of

the so-called sorceress, who had laid the body of a cat, which she skinned while it was alive, on his chest, with strict injunctions that it should be kept there as a sovereign remedy. Sometimes she used pigeons, rabbits, and even squirrels for the same purpose. She had a special liking for squirrels, but in this particular instance the cat was employed, as it was less expensive.

Although she is in custody it is difficult to get evidence against this woman, as the peasants are reluctant to give anything away on account of the wonderful reputation that she enjoys among them as an expert in the healing art. Her prestige in these parts had been greatly enhanced by the fact that she has never missed an opportunity of proclaiming that some time ago she cured the wife of a physician in practice in one of the chief towns in France, of a dreadful malady, and that the lady's husband, out of gratitude, had initiated her into the secret of dealing effectively with every manner of disease. This story, of course, is pure fabrication, but the ignorant peasants believe it.

Try Cuticura Soap and Ointment Free.
