VOL. 50

VICTORIA, B. C., FRIDAY, JUNE 22, 1917

NO. 149

GOVERNMENT OF STATES ASKED FOR \$2,000,000,000 AND THE PEOPLE GAVE MORE THAN \$3,000,000,000 FOR LOAN

Great Strength American Republic Brings to Cause of Entente Indicated by Outpouring of Gold at Call From Washington for Purposes of War Against Prussianism

Washington, June 22.—The subscriptions to the Liberty Loan surpassed the highest estimate of the Treasury officials, exceeding \$3,000,000,000.

This is the greatest outpouring of gold at the call of the Government in the history of the United States. The Government asked for \$2,000,000,000, hence the loan has been over-subscribed by more than half.

The satisfactory showing is due in no small degree to the strong efforts made by all branches of the Government and by all the agencies appointed throughout the country when the first few days of the subscription period showed that a faster rate of subscription was necessary if the expected total was to be forthcoming. The amount grew by leaps and bounds in the last two days as a result of the accelerated campaign for increased offerings.

Administration supporters of the food bill rearranged their battle lines today to make sure that the Senate does not kill the second bill on the ground that the first bill is enough.

Fearing that should the first, or production bill, with its clause against food hoarding, be finally enacted while the Senate debates the second, or control bill, it might be contended that the provisions of the first bill are sufficient, the House leaders today decided to let the first bill remain in its present stage and thus force the Senate to enact all the programme before any of it gets to the critical stage of conference between the two Houses.

Should the House leaders be able to delay the appointment of conferees on the first bill until after passage of the second by both Houses, they expected to get most of the Administration's programme on the statute books.

AMERICANS AIDING WITH THE WOUNDED

Have Taken Over Six Great British General Field Hospitals

British Headquarters in France, June 22.—(By a Correspondent of the Associated Press.)—American doctors, nurses and enlisted men within the last fortnight have taken over six of the great British general field hospitals, relieving the British staffs for duty near the front. American surgeons also rendered valuable aid in the forward casualty clearing stations during the battle of Messines.

The Stars and Stripes fly with the Union Jack from each hospital flagstaff, the two ensigns fluttering side by side in the cool breezes that sweep in from the sea.

The British selected their hospital sites with the greatest care and have developed them with the completeness that has come from nearly three years of field experience. Some of the general hospitals are made up of tented wards accommodating forty to sixty beds each. Others are constructed of a series of huts. The operating theatres are splendidly built and seem to lack nothing in the way of surgical equipment.

Originally planned for 1,940 beds each, practically all the general hospitals have been enlarged to 1,400 beds, and during a crisis can accommodate 2,000 patients.

Turned Over.
The units which have taken over the various hospitals were organized by the American Red Cross as United States base hospitals, and with the declaration of war these staffs were turned over to the regular army for service as required.

Each unit has brought along an organizing director who was a surgeon in civil practice but now takes command as a major in the United States reserve. The commanding officer in each unit is a regular American army surgeon, while the subordinate members of the staffs are made up of regular army surgeons and doctors commissioned from civil life. The nurses are all graduates of well-known training schools and probably will be supplemented soon by voluntary aid detachments of young women workers such as are now attached to the various British staffs. The non-commissioned orderlies were practically all taken from civil life, but in keeping with the doctors and nurses have settled into their new work with marked efficiency and enthusiasm.

RAILROAD PRESIDENT.
Chicago, June 22.—James E. Gorman was elected president of the Chicago, Rock Island and Pacific Railway at a directors' meeting in New York today.

ATTACKS COMING ON WIDER FRONT

Resumption of Heavy Fighting on Aisne Front is Anticipated

RAIDING OPERATIONS BY BRITISH TROOPS

London, June 22.—The engagement between French and German forces which was opened on Wednesday by a German attack near Vauxaillon, south-east of Laon, is being continued spiritedly by the artillery, the infantry fighting having temporarily died down. Paris today reports an extension of the artillery duel eastward from Vauxaillon. It was raging last night along a front of approximately 19 miles as far as the vicinity of Bray-en-Laonnois, reaching what the officials' report characterizes as "extreme intensity." The infantry battle, after initial successes won by the German Crown Prince, came to a halt after his troops had lost virtually everything they had gained. Only one small salient remained to the Germans. Resumption of attacks by one side or the other and along a much wider front appears an early probability.

In Champagne also heavy fighting is in progress. After their unsuccessful attack yesterday between Mont Carnillet and Mont Bond, in which the Crown Prince's forces were not only repulsed, but afterward driven from their own positions, they attacked again last night, this time at Teton Height. This assault also failed, Paris announcing that the positions remaining in French hands.

Along the British front in France and Belgium only raiding operations are reported. The British raids have been chiefly in the region between the Arras battlefield and that of the recent advance in Belgium. This curving section of the German line protects Lille, the main objective of both the Arras and Messines drives.

The news that the Germans had retreated out of all the territory west of the River Lys from near Warneton southward caused great satisfaction here. British patrols reported yesterday that they had failed to encounter a single German in this section. The enemy evidently realized the critical position he occupied in the Lys River bend, and hurriedly decamped in the face of British pressure. This territory is in the French-Belgian border region.

French Report.
Paris, June 22.—After violent artillery preparation last evening German troops attacked the Teton Height, the War Office reported this afternoon. They penetrated advanced French posts but were ejected after sharp fighting.

Raids by British.
London, June 22.—"We made successful raids last night southeast of Queant and in the neighborhood of Neuve Chapelle and Armentieres," the War Office announced today. "Casualties were inflicted on the enemy and we secured prisoners."

IDEAS OF VIENNA ABOUT PEACE TERMS

Serbia and Montenegro in Customs Union; Frontier Against Italy

Copenhagen, June 22.—Assumption that the "Survey of Austrian Public Opinion on War Aims" circulated by the Austrian correspondence bureau represents the Austro-Hungarian Government's programme of peace terms is confirmed by an article in the *Lemberg Gazette*, reproducing these conditions of the official government programme.

The article, for which high authority is stated, says that Serbia and Montenegro must find their future economic development in close economic association with Austria-Hungary. In other words, a customs union is proposed. It declares that Mount Lovchen in Montenegro must be retained by Austria as the key of the Gulf of Cattaro and "that Albania must be given autonomy under the military and economic suzerainty of Austria-Hungary."

Discussing Roumania, the statement says that this question is for the Austro-Hungarian identical with the Danube problem, and arrangements must be made for a free, open Danube route not subject to the control of any foreign power.

Finally it is said that Austria-Hungary must have a better military frontier against Italy, more fully protecting Trieste and the Tyrol.

HUNGARIAN CENSORSHIP.
Amsterdam, June 22.—A Budapest dispatch says that the Hungarian Minister of Justice has told the Budapest Press Association that he intends to remove the censorship as far as possible.

Successes Won by Gen. Cadorna's Men Against Austrians

Rome, June 22.—Italian successes in both the Dolomites region and on the Carso Plateau were reported by the War Office to-night. The summit of Hill 2668 on Lagazuoi Piccolo was carried by Italian troops. South of Verico the Italians advanced their lines and repulsed enemy assaults.

SENATOR CHOQUETTE FIRES SOME HOT SHOTS

He Defends Quebec on Recruiting and Pays His Respects to Ontario

Ottawa, June 22.—Senator Choquette delivered a warm speech in the Senate yesterday, defending Quebec in the matter of recruiting and hitting back strongly at the "slanders" of Ontario. He declared that at least 25,000 French-Canadians had enlisted in the militia Department, and said that if he could get permission to make an examination of the enlistment records and failed to prove his statement he would apologize to the senate and admit everything that Ontario had said about his province. He held that many French-Canadians with English names had been classed as English and maintained that the large number of French-Canadian names in the enlistment lists showed that they were being sent forward in the fighting at the front "to save the skins of those who are hiding behind them as they are doing in Ontario."

Senator Choquette brought up the question in connection with an article in *The Montreal Star* urging open voting in case there should ever be a referendum on the conscription measure so that the ballot might not be used to shield moral or physical cowardice. Senator Choquette said that Quebec citizens would not fear to vote openly upon conscription, but in some other provinces it would be better for the conscription measure if the voters were compelled to declare themselves in the open. Ontario was one of these provinces. The senator declared that when the National Service cards were sent out and conscription was hinted at thousands of young men left Ontario for the United States but none had left the province of Quebec.

The Toronto News had stated that more than 18,000 young men had left Ontario recently and gone to the United States. Yet it was Ontario that was slandering Quebec and charging it with shirking military service. It was probably because of this, he said, that out of \$2,000 spent by the Government in recruiting advertising, \$18,000 had been spent in Ontario and only \$2,000 in Quebec.

Toronto employers were not showing any very great patriotism, he said, for a Toronto newspaper had recently complained that they were giving 94 per cent of the good jobs to aliens. "These things," commented Senator Choquette, "show that we in Quebec are being slandered by men who are not fit to tie our shoes."

As for the owner of the *Montreal Star*, Lord Graham, the senator said that he had made a lot of money by following every party and dancing to every tune. He should be called Lord Ragtime.

Roumanian Mission Reaches the States; Recruits Are Sought

A Pacific Coast Port of the United States, June 22.—A Roumanian mission to the United States arrived here today.

Count Vassilo Stoica, Reverend W. M. Mothea and Basilio Lucaci are the members of the Mission. Count Stoica wore the uniform of a lieutenant in the Roumanian army.

After visiting Washington, the Mission expects to stimulate recruiting for the Roumanian army, which was said to number 600,000 men.

FINNISH SOCIALISTS WISH THEIR COUNTRY A SEPARATE NATION

Helsingfors, June 22.—The Social Democratic congress of Finland has adopted resolutions demanding separation of Finland from Russia and the formation of an independent republic.

AMERICAN VESSEL SANK A SUBMARINE

Blew Away Periscope of U Boat and It Disappeared From View

CREW CHEERED AS INCIDENT ENDED

An American Atlantic Port, June 22.—The captain of an American steamship just arrived at an Atlantic port reported to-day that he believed the steamship had sunk a U boat on June 4 when two days out from Liverpool en route to an American port.

In a story written to-day by the wireless operator on the ship, he said: "We left Liverpool on our homeward voyage on June 1. We were running at night without lights. The guns were cleared for action. We received S.O.S. messages from two British vessels attacked by submarines, but in each case they escaped after a gun battle.

"We could plainly see the shells from these British vessels as they dropped but could not see the submarines with which they were fighting.

"We were on a zigzag course and making full speed when the lookout sighted a lifeboat. We steered to see what was in it. It was empty. About 20 minutes after passing the empty lifeboat, or about 6.30 p. m. ship's time, one of the gunners sighted a torpedo headed straight for us. He shouted from the bridge: 'Here she comes—torpedo—port side.'

"The chief officer, who was on the bridge, shouted to the quartermaster, 'Hard starboard.' We swung off. The torpedo had a red head about 16 inches in diameter and was about 10 feet long. The torpedo struck us on the port side a glancing blow amidships, right near the engine room. Our ship was empty and we all thought it had exploded from the terrific noise it made when it hit.

Back to Ship.
"Simultaneously the ship's whistle blew short and successive blasts, which was a signal to abandon ship and man the lifeboats, which were launched at once. The captain, who had remained on the ship, found the torpedo had failed to explode. All hands then were ordered back on the ship. We were lying perfectly still for at least an hour.

"When the commander of the submarine saw our crew coming back in the lifeboats and climbing upon deck he immediately gave up his chase for two other British merchant ships and started for us again. The submarine was about 2,000 yards off on our starboard beam.

"Suddenly came the command: 'Man the guns.' The chief gunner gave the ranges from the bridge.

"When the submarine was about 500 yards off our starboard quarter a shell from our forward gun hit her and she submerged. Again she appeared and after our gun hit her and blew away her periscope. Another shot from our forward gun fell right on top of her. There was a shower of black specks which rose high in the air, followed by a great commotion, bubbles, after-water and a light blue smoke arising from the conning tower of the U-boat, where a second before had been the eyes of our enemy.

"Our crew, which was lined up against the starboard rail watching the battle, gave a hearty cheer when the submarine disappeared.

"Nineteen shots in all were fired, which is the Secretary of the Navy's military salute."

NORWEGIAN VESSEL SUNK; ALSO DANISH

London, June 22.—The sinking of the Norwegian steamship *Cedric* is reported in a Central News dispatch from Copenhagen, which credits the announcement to the Norwegian Foreign Office. The captain and 12 men are said to be missing.

It was reported several days ago that the *Cedric*, a freighter of 1,128 tons, which left New York on May 28 for Liverpool had been sunk, but the New York representatives of the line said they had received no official advice.

New York, June 22.—The Danish steamship *Orion*, a vessel of 1,329 tons gross, was sunk by a German submarine on June 4 in the North Sea, according to officers of a Dutch ship which arrived here today. The crew was saved.

WHERE YOU VOTE

DIVISION ON SECOND READING AT OTTAWA PROBABLE THURSDAY

Is Thought Debate on Measure in Commons Will Have Been Concluded by That Time; Interest Grows; Speech by Graham

Ottawa, June 22.—The debate in the Commons on the conscription bill probably will not be concluded until towards the end of next week. It is thought to-day that the division on the second reading of the measure will take place on Thursday next.

As the debate proceeds the interest grows. The sitting this afternoon started with the prospect of Hon. George P. Graham being the principal speaker. He was expected to come out in favor of the bill and against the holding of a referendum. Other speakers on the programme were W. M. German, Lieut.-Col. J. Arthurs, who is back from the front; E. W. Nesbitt and W. F. Cockshutt.

L. J. Gauthier, Liberal, Ste. Hyacinthe, Que., whose speech in the House last night created somewhat of a sensation, says his words were not understood. He explains that when he said the people of Quebec would fight the conscription measure "through the bill," all he meant was that they would take advantage of the tribunal to be established by the bill to deal with cases of exemptions, and if the tribunal failed them they would be subject to the penalties as deserters. In other words there would be passive resistance to the bill in Quebec.

The debate is not likely to be concluded until towards the end of next week. The division probably will take place on Thursday next.

ENTENTE BLOCKADE OF GREECE LIFTED

Allies Expect Co-operation in Future; Constantine's Progress Through Switzerland

Washington, June 22.—The lifting of the Entente blockade of Greece is announced in a brief cablegram to the State Department from Minister Droppers, at Athens. This is taken here to mean that the Allies are satisfied with the Greek situation and that there is no further need to apply repressive or punitive measures.

Cordial co-operation between the powers guaranteeing Greek independence and the new Greek King, Alexander, is expected. The blockade originally was imposed as a result of former King Constantine's anti-Entente policy. It was very strictly enforced during the demobilization of the Greek army and the withdrawal of Greek troops from all northern Greece was one of the strongest measures of repression used. It is believed now the Allies can count upon at least a friendly, and possibly upon a co-operating, Greece.

Constantine's Whereabouts.
Thusa, Switzerland, June 22.—Former King Constantine of Greece arrived yesterday evening by special train with a suite of thirty persons. The railway station was guarded by troops to prevent manifestations. The reception of the dethroned King was sympathetic.

Out of Greece.
Paris, June 22.—A dispatch to the Haras Agency from Athens says former Premier Gounaris, with thirty other prominent Greeks who were ordered expelled from Greece, including M. Dragoumis, son of ex-Premier Dragoumis and once Minister to Petrograd, embarked to-day.

Costa Rica Approves Attitude of Brazil In the Big Contest

San Jose, Costa Rica, June 22.—In reply to the Brazilian note announcing revocation of the decree of neutrality in the war between the United States and Germany, the Costa Rican Government gives assurances that its attitude conforms with that of Brazil, particularly in respect of the policy of Pan-American solidarity, the defence of small nations, vindication of international law and a true interpretation of the Monroe Doctrine.

PORTO RICO HAS REGIMENT READY

San Juan, Porto Rico, June 22.—Porto Rico has brought its regiment of infantry of the United States army to full war strength, 1,304 men, by the voluntary enlistment of 600 men within less than one month and a total increase of approximately 1,400 men in less than a year.

JAPAN READY TO AID RUSSIAN GOVERNMENT

Copenhagen, June 22.—Finnish newspapers say that Japan has offered to support the Russian Government in the work of organizing the democracy and in the reorganization of the army. Japan, according to these papers, expressed the wish that Russia would soon resume its place in the ranks of the combatants.

Winnipeg, June 22.—At a meeting of the aggr. Board of Grain Supervisors this forenoon a request was presented from the Canadian Council of Agriculture that the Government set fixed prices for all grains of the 1917 crops.

J. A. Maharg, speaking for the grain growers, stated that the cost of producing grains had increased greatly and that it cost from \$14 to \$15 per acre to grow wheat.

FRATERNIZING WAS TRICK OF GERMANS

Leaflets Dropped Informing Russians Troops Moved to West Front

Petrograd, June 22.—Along the Russian northern front south of Smorgon German aeroplanes have dropped leaflets which read:

"Thanks for the long rest during which fraternization enabled us to transfer troops to the western front to hold up the attack of the English and French. Now enough are transferred. We are going to fight and will fire on fraternizers."

A Conference.
Copenhagen, June 22.—A Budapest dispatch says that the Hungarian Socialists have received a telegram from N. C. Tschelidze, the Russian Socialist leader, announcing the convocation by the Petrograd Council of Workmen's and Soldiers' Delegates of an international Socialist conference at Stockholm from June 28 to July 3. This is the first chronicle direct communication of this nature between belligerents during the present war.

Urgo Dissolution.
Petrograd, June 22.—A resolution has been adopted by a small faction in the Soldiers' and Workmen's Congress calling for the dissolution of the Duma and the Council of the Empire. The action is based on the ground that in the early days of the revolution a group of Duma members took advantage of their parliamentary position to become the centre of a tumult which was anti-democratic.

Reforms in Russia.
Petrograd, June 22.—The Provisional Government continues the promulgation of important reforms. One concerns the zemstvos. Henceforth the vote will be enjoyed by both sexes independently of the present provision regarding property. Elections are to be on a system of proportionate representation. The zemstvos are freed from the tutelage of administration.

The Government decreed the formation of a special committee to consider the possible development of the Empire's productive forces and necessary measures in the domain of home and foreign trade.

The sickness and insurance law will be extended to all parts of the Empire.

Railway Situation.
Petrograd, June 22.—The strikers on the first section of the Nicolas railway, which connects Petrograd with Moscow, have resumed work, having been given an increase in wages.

Clam-Martinic Fails to Form a Cabinet for the Austrians

Amsterdam, June 22.—Count Henry Clam-Martinic, Premier in the Austrian Cabinet which recently resigned, has failed in his attempt to reconstruct the Ministry, according to a dispatch from Vienna. He has asked Emperor Charles to invite some one else to form a Cabinet.

HUNGER RIOTS IN STETTIN, GERMANY; TROOPS CALLED OUT

Malmö, Sweden, June 22.—Travelers arriving from Stettin, Germany, report hunger riots in that city, mainly by women and children. Troops were called out to quell the disturbances.

CIVILIZATION MUST TRIUMPH, DECLARES ITALIAN PREMIER

Rome, June 22.—"Peace without the victory of civilization and without complete national freedom is impossible. It would be merely the forerunner of a new and more inhuman scourge of war," was the keynote of Italy's war and peace aims, as expressed in the Chamber yesterday by Premier Basselli. He was roundly cheered by the deputies.

The announcement of the Ministry's aims created a favorable impression also on the huge crowds which had massed in the streets, giving evidence of the public's interest in the opening of Parliament.

SINN FEINERS ARE ACTIVE ONCE MORE

Dublin, June 22.—A crowd of several thousand persons enthusiastically welcomed Countess Georgina Markiewicz, one of the leaders in the Sinn Fein uprising, on her arrival in Dublin last evening from prison, where she had been under a sentence of penal servitude for life. The police did not interfere with the demonstration. There was no disorder.

London, June 22.—According to The Daily Chronicle, the leaders of the Sinn Fein have applied to the Government for passports for three of their representatives in order that they may go to the United States and lay the cause of the Sinn Fein before the American public.

AVIATORS NEEDED FROM THE STATES

French Delegation Points to Part Aeroplanes Will Play in Victory

New York, June 22.—After an inspection of the army aviation field at Mineola, the delegation of French aviators which has come to this country to train American aviators, issued a statement which says:

"The United States could end the war at once, making possible a decisive victory over Germany for the Allies, if it could supply 10,000 aviators now."

Billion Needed.

Washington, June 22.—A billion dollars probably would be required to put 100,000 American aeroplanes and 10,000 to 20,000 aviators into the air, Allan R. Hawley, president of the Aero Club of America, told a sub-committee of the House Military Affairs Committee. He declared 25,000 aviators could do more toward ending the war than 1,000,000 additional soldiers. He endorsed the bill to establish a department of aeronautics.

What might remain of the 100,000 aeroplanes when peace is restored could be utilized for commercial purposes, he said. A French Government commission now was making plans for such use.

Mr. Hawley predicted that the day of Trans-Atlantic air lines was at hand. "We now are manufacturing air cruisers capable of crossing the Atlantic and have both the pilots and the instruments needed for piloting them," he said.

A RAILWAY STRIKE ON RUSSIA'S HANDS

Petrograd, June 22.—The railway men on the first section of the Nizhny Novgorod railway, which connects Petrograd and Moscow, have gone out on strike. The remainder of the railwaymen are said to be opposed to like action.

The men struck without awaiting award of a commission that had been appointed to examine their claims. The Government has issued an appeal to the people to remain calm in view of a possible extension of the strike.

RED RIDING HOOD RUSSIA AND THE WOLF

Red Riding Hood Discovers the Dangerous Situation in Time to Avoid Disaster.

VARIED OPINIONS ON CONSCRIPTION PLAN

Debate in the Commons Yesterday Afternoon and Last Evening

Ottawa, June 22.—The debate on the conscription measure in the Commons yesterday afternoon and last evening was characterized by an unusually high standard of oratory, though it provided a bewildering variety of opinions. On the Liberal side Mr. Gauthier, Ste. Hyacinthe, Que.; Hon. Charles Murphy, Russell, Ont., and Mr. Demers, St. John's and Ivesville, Que., stood by the proposal for a referendum moved by Sir Wilfrid Laurier, while two others, Messrs. Pardee, West Lambton, Ont., and McCraney, Saskatoon, opposed the referendum plan. On the Government side Messrs. Meighen, Armstrong and Burnham stood strongly for the bill before the House, but with differences.

Mr. Gauthier, Ste. Hyacinthe, closed a speech which had opened with bantering criticism of the Government with the prediction that the consequence of an attempt to enforce conscription in Quebec would be serious. His words, which somewhat startled the House, were:

"This is the most solemn moment of my life. It may be the last opportunity I will have to address the House. I say to the Government that if it presses this measure on my province, our people, declaring that the Government has no mandate, will use this very bill to fight it out. We acknowledge that in the fight there will be suffering and there will be pain. We may have to go to the direst consequences. If you impose on them such legislation they are willing to go the limit, and I tell you, sir, that I believe they will be right, and I will do, as they will do."

Mr. McCraney, who spoke after Mr. Gauthier, expressed regret that a member whom he had always regarded as a moderate man, should use such words.

Mr. McCraney strongly approved of the principle of conscription and disapproved of the referendum amendment moved by Sir Wilfrid Laurier. He believed, however, that Sir Wilfrid was actuated by what he believed to be the highest patriotic motives.

He feared, however, that it would be disastrous for a moribund Parliament to endeavor to enforce conscription in certain parts of Canada. Its operation, he said, should be delayed until after a general election.

Mr. Meighen.

Hon. Arthur Meighen believed that the Government had adopted the only possible course open to it in view of the failure of voluntary enlistment. He said that the bill would promote unity instead of disunity, and that it would fall less heavily on Quebec than any of the other provinces.

Mr. Murphy.

Hon. Charles Murphy stood by the amendment. In his opinion the enforcement of the bill without the sanction of the people under the circumstances would conduce to the unity which was essential to the winning of the war. The member for Russell advised a continuation of the voluntary system under proper organization. The voluntary system had not failed; it had never been given a proper trial. He advocated the immediate undertaking of a census of the Dominion's resources of men and money, followed by a judicious disposition of those in the manner best calculated to win the war.

Major Burnham.

Major J. H. Burnham, Conservative, West Peterboro, Ont., who opposed the referendum amendment, but declared that there must be an election before the bill could be properly enforced, referred to the sub-amendment of Mr. Barrett calling for a six months' halt, as an "abortion."

"What we have got tied up to in this

House," he said, "God only knows, but it will have to be wiped out. Where it came from I do not know, but of where it is going I have a very good idea."

"Once the people give their mandate, all the people will obey," was the opinion of the member for West Peterboro.

CASUALTIES AMONG CANADIAN SOLDIERS

Ottawa, June 22.—The following casualties have been announced:

Infantry.

Killed in action—Pte. F. A. Hart, Montreal; Pte. J. Leblanc, Montreal; Pte. R. W. Anderson, Craigie, Sask.; Pte. A. C. McKinnon, Port. Hastings, N. S.

Previously reported missing; now presumed to have died—Pte. J. A. Macdonald, Elora, Ont.; Pte. N. McDonald, Port Hood, N. S.; Pte. J. Serrell, Salem, N. S.; Pte. A. Mortimer, Calgary; Pte. A. McDonald, Truro, N. S.

Died of wounds—Pte. W. Thompson, Winnipeg; Capt. G. O. Hall, Toronto; Pte. R. C. Merrey, Toronto; Pte. J. Solomon, Oshawa, Ont.

Missing—Pte. A. McKee, Port Prim, P.E.I.; Pte. A. H. Ballard, England; Pte. W. Jones, Regina, Pte. J. Smith, England; Pte. G. Smith, Scotland.

Previously reported wounded; now not wounded—Pte. L. Arsenault, St. Louis, P.E.I.

Wounded—Pte. W. Allen, England; Pte. E. Stewart, Toronto; Pte. J. Reynolds, Burkton, Ont.; Lieut. A. S. Anderson, Toronto; Capt. R. R. Ayle, Paradise, N. S.; Pte. A. Hersey, Chatham, N. B.; Pte. V. Crocker, Westboro, Mass.; Pte. F. Booker, Perth, N. B.; Pte. M. West, Aylesworth, N. B.; Lieut. C. S. Griffin, Sidney, B. C.; Lieut. H. A. Crombie, Toronto; Pte. O. Tarrant, Oshawa, Ont.; Pte. M. Mansel, Chatham, N. B.; Pte. W. Dyke, Cobourg, Ont.; Pte. G. R. Whitlock, Dallas, Texas; Pte. H. Westerman, Montreal; Pte. E. Bennett, Alberton, P.E.I.; Pte. W. Brown, Toronto; Pte. P. Huddleston, Dundas, Ont.; Pte. J. Wells, Edmonton; Pte. M. McLuckie, Scotland; Pte. J. Hyde, Ireland; Cpl. J. Burns, Ireland; Pte. T. R. Ross, Victoria; Pte. A. Peterson, Hamilton; Pte. G. W. Gates, England; Pte. W. Varley, Toronto; Pte. M. Fitzpatrick, Toronto; Pte. C. Wilson, Toronto; Pte. H. Boardman, Peterboro, Ont.; Pte. J. Perks, Berton, Ont.; Pte. T. Perks, Berton, Ont.; Pte. W. Wilson, Saskatchewan; Pte. G. Ross, Fort Erie, Ontario; Pte. J. H. Stratford, Brantford; Pte. D. Murray, Scotland; Pte. J. Sargent, England; Pte. J. Westlake, Cabri, Sask.

Artillery.

Killed in action—Cpl. J. Allen, Toronto; Gnr. E. James, Toronto.

Wounded—Gnr. W. Rogers, Sydney, N. S.; Gnr. J. G. Chalmers, Vancouver; Gnr. M. G. Baker, Carp, Ont.; Gnr. F. R. Morden, Woodstock, Ont.; Gnr. G. Gougeon, Quebec; Gnr. R. Bolland, Scotland.

Mounted Rifles.

Killed in action—Pte. J. McDonald, Scotland; Pte. F. Thorne, Toronto.

Wounded—Pte. W. C. Reid, 1484 Lang Street, Victoria; Lieut. J. Hamilton, Humboldt, Sask.

Engineers.

Died of wounds—Lieut. R. H. Uglow, England.

Services.

Wounded—Pte. J. C. Burke, Vancouver; Capt. G. E. Macdonald, Toronto; Chaplain and Hon. Capt. G. C. F. Pringle, Joyce, B. C.

COWAN'S Filbert Nut Bar

Fresh plump filberts scattered generously throughout the finest and smoothest milk chocolate manufactured.

Sold everywhere. Made in Canada.

FRENCH GAINED ON AISNE FRONT AND IN THE CHAMPAGNE

Paris, June 22.—The following official report was given out last night:

"In the course of the day fighting was continued to our advantage east of Vauxaillon. A counter-attack by our troops in a trench section occupied by the enemy in the sector of the Moisy farm gave important results. At this hour we have retaken all of our positions with the exception of a salient situated 400 metres northeast of this farm, where enemy groups still are maintaining themselves.

"The artillery action remains very lively in this region. Between Hurbise and Cradome our first lines were quite violently bombarded.

"In Champagne the advance made this morning by our troops northeast of Mont Carnillet was accomplished under particularly brilliant conditions. A German attack about 3 o'clock this morning was made on positions which we had taken on June 18 between Mont Carnillet and Mont Blond, but was repulsed by our grenadiers, who, taking the offensive in their turn, pursued the enemy detachments into their own trenches, which they captured. We also made an advance of 300 metres in depth on an extent of 600 metres. About 100 German dead remained on the ground."

A Belgian communication issued last night said:

"Last night there was bomb fighting near the Ferryman's House and the usual artillery activity during the day."

German Statement.

Berlin, June 22.—The War Office stated last night:

"There was lively fighting activity in the morning southwest of Lens near Vauxaillon and southeast of Nauroy. Otherwise there is nothing to report."

BRITISH NOW HOLD SECTOR OF LINE AT COAST OF BELGIUM

London, June 22.—The following official report was issued last night:

"Hostile raiding parties were repulsed by our fire last night south of the Hapaume-Cambrai road, east of Laventie and in the neighborhood of Lombartzyde.

"Another part of the enemy succeeded in entering one of our front line positions near Lombartzyde, but was soon driven off. A few of our men are missing.

"The enemy's artillery was active during to-day south and north of the Scarpe River."

Lombartzyde is northeast of Nieupoort and very near the Belgian coast. The announcement of these raids by the enemy there indicates that British forces have taken over that section of the line.

LEADER OF ROTARIANS.

Atlanta, Ga., June 22.—Rev. Leslie Pidgeon, of Winnipeg, was elected international president of the International Association of Rotary Clubs at the 8th annual convention here yesterday. R. L. Lybette, of Calgary, was elected governor of the eighteenth district, comprising Manitoba, Saskatchewan, Alberta and British Columbia.

MENNEN'S BORATED TALCUM

The best known and most used baby talcum in the world.

Seattle, June 22.—Labor difficulties between the Pacific Telegraph & Telephone Company and its operators and electrical workers at Aberdeen threatened to spread within a day or two to all Pacific coast cities where the company operates its telephone system.

Word authorizing a general strike against the company is awaited from F. J. McNulty, president of the International Association of Electrical Workers, who is now in Washington. He has been informed of the situation in Aberdeen, where electrical workers last Wednesday went on strike in sympathy with the girl exchange operators, who claim they were locked out when they started to organize a union.

ENEMY PEOPLES ARE WORRIED ABOUT CROPS

Drought in Germany and Hungary; Swedish People Also Are Anxious

New York, June 22.—A Stockholm dispatch to the New York World says: "Germany's hottest June weather since 1848, with no relief in sight, is occasioning very grave anxiety because, if the drought continues, it may spell another crop failure as serious as last year's, which would be tantamount to a national catastrophe."

"Private reports from Hungary, the Dual Monarchy's granary, indicate that a serious drought is prevalent there and that the crop is threatened. About the only bright spots for the Central Powers to-day are the fine weather and excellent crop reports from Roumania."

"Sweden also is getting anxious about her food outlook. An almost unprecedented drought continues there, with only one small fall of rain since

March. Innumerable Swedes say that if there is no rain soon to save the crop situation we shall have nothing next winter." The nervousness of the Swedish people is increased by ignorance of what the United States may supply to the neutrals hereafter. As seen through Swedish eyes, there is a possibility of a world famine."

HUNGARIAN MINISTER OF WAR SAYS CONTEST WILL LAST TWO YEARS

London, June 22.—The Daily News has a Rotterdam dispatch from the correspondent of the Nieuwe Rotterdamse Courant announcing that General Szmay, the Hungarian Minister of Defence, has declared that Hungary counts upon two more winters of war and is making preparations accordingly. Authoritative circles in Budapest, the correspondent states, do not share this view, but are of the opinion that the war will last an indefinite length of time.

BRAZILIAN ARRESTED FOR STEALING FUNDS

Paris, June 22.—A dispatch from Lyons says that Vendon Mendoza, formerly a Brazilian Deputy, has been arrested in Geneva charged with having appropriated the proceeds of a ten-million franc loan which he had been entrusted by the Brazilian Government to place in France.

FRANCE LOST FIVE SHIPS DURING WEEK

Paris, June 22.—Five French merchantmen of less than 1,500 tons were sunk by submarines or mines during the week ended June 17, according to an official statement issued here. No vessels of greater tonnage were sunk. Five merchantmen were unsuccessfully attacked by submarines.

PRO-GERMAN PAPERS BUSY IN MEXICO

Charged They Receive Free Print Paper From United States

Mexico City, June 22.—Every possible pressure, including financial offers, is reported to have been brought to bear by Germans and pro-Germans to stop the campaign of El Universal for the severance of relations between Mexico and Germany.

The discussion of the campaign has brought a renewal of the charge that the pro-German papers are being directly aided in their campaign against the United States by free print paper supplied by firms in the United States. It is known that 400 rolls of paper were shipped by the steamship Monterey from a New York firm to Vera Cruz in April. It is charged that Le Opinion, of Vera Cruz, was offered part of this shipment free if it would take a pro-German stand. The paper refused and the shipment reached Mexico City.

Other papers here have repeatedly charged that the 400 rolls were given free to pro-German papers in the capital. Telegraphic news, written with the obvious purpose of misrepresenting the United States, comes from New York and apparently has no difficulty in passing the censor.

FUN FOR AMERICAN SAILORS IN BRITAIN

Base of American Flotilla in British Waters, June 22.—(By a Correspondent of the Associated Press.)—Two American pool tables, the first ever seen in this picturesque old village, arrived today. They are the latest addition to the clubhouse which is being built with funds provided by American business men for the crews of the American destroyers here. Although the dormitory, which will provide sleeping accommodations for 75 men, will not be completed for a month, the clubhouse will be formally opened on Saturday night. The programme has been printed by the destroyers' printers, and announces songs, dances, recitations and wrestling matches by "the most marvelous aggregation from God's country that ever set foot in anybody else's country." A moving picture machine from one of the ships has been installed, and the orchestra of the destroyer fleet is busy practicing for its share in the entertainment. Another feature will be a minstrel show by a troupe of comedians who formerly were on the battleship Nebraska.

The old American doctrine of keeping eyes shut as to what is going on in the German submarine. This was the impression obtained by the writer, who to-day made an inspection of torpedo boat destroyers that happened to be in the sheltered waters.

WORKS OF ART FROM RUSSIA TO STATES

Petrograd, June 22.—The Novoye Vremya prints a big advertisement from an unnamed American corporation which declares that it has assigned \$20,000,000 for the purchase in Russia of antiques, pictures, porcelain and tapestries. Maxim Gorky has issued a furious protest describing the plan as "robbery of our national treasures." He demands a law similar to that in Italy forbidding the export of works of art.

Eph Wiley has six daughters and they are marrying at the rate of about one a year. Yesterday an old friend approached Eph on the subject of a little loan. "I'm very sorry I can't accommodate you, old man," said Eph, in an attempt to soften his refusal, "as I'll have another son-in-law to set up in business next month."—Topeka Capital.

WHAT ONTARIO FOLKS SAY.

Hamilton, Ont.—"This is to state that I have received great benefit from the use of Dr. Pierce's Favorite Prescription. Some time ago I was run down and weak, suffered loss of appetite and was miserable. Four bottles of the 'Prescription' cured me up in fine shape; it did wonders for me and I can recommend it very highly to women who are ailing."—Miss MAURIE MILLER, 127 Hess St., Hamilton, Ont.

Brantford, Ont.—"Some few years ago I got in a very much run-down condition. Was very weak; could not do anything; had no strength at all. I began taking Dr. Pierce's Favorite Prescription; I only took five bottles and it put me in splendid condition. I felt better than I had for years. Other members of my family have used this medicine and found it equally as beneficial. I can highly recommend it to weak women."—Mrs. A. GILMOUR, 71 Brighton Row, Brantford, Ont.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. There are no more crying spells. "Favorite Prescription" makes weak women strong, sick women well. Like an open book, our faces tell the tale of health or disease. Hollow cheeks and sunken eyes, listless steps, sleepless nights—tell of wasting debilitating disease some place in the body. It may be one place or another, the cause is generally traceable to a common source. Get the "Prescription" to-day—either in liquid or tablet form—if you want to better your physical condition speedily. Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. Keep the body clean inside as well as outside.

REGULATION OF AIR TRAFFIC AFTER WAR

Lord Montagu Makes Suggestions in Address Delivered in London

London, June 22.—Lord Montagu of Beaulieu, lecturing in London last evening, made a striking appeal for the regulation of the great air traffic which he is confident will come about soon after the war. The regulations would have to be strictly enforced by international agreements. Under his scheme certain air levels would be limited to certain classes of traffic. The first 2,000 feet should be prohibited to all traffic except to the owner of the soil or for purposes of landing, while the lower altitudes should be used only by machines with silenced engines. The lowest flying level would be reserved for commercial planes on the ground that they would want to operate as cheaply as possible. Above this would be the level for general air traffic, also silenced; while from 4,000 feet to 10,000 feet would be the stratum for the official planes of each nation. These would be used by the naval, military and civil forces and by the necessary air police.

Above 10,000 feet, Lord Montagu proposes, the levels should be internationalized and free to all, provided pilots comply with the rules for meeting and overtaking, etc., and that aircraft be passed as airworthy. An aircraft desiring to leave its own level would use its wireless to ask permission from the national or international flying authorities.

The British Empire, he remarked, is in a peculiarly favorable position, for its widely separated possessions would enable British airmen to proceed round the world over land and sea without asking concessions from any nation. Lord Montagu thought the average speed of commercial flying probably would not go much over 80 miles an hour. For some time to come mails probably would proceed continuously, but as far as passenger services were concerned he assumed that world flying would be arranged by stages.

By the Southern Atlantic route to North America the 1,200 miles of the first stage to the Azores via Portugal would be covered comfortably in one day under ordinary circumstances, with a rest overnight, while from there the second day's flight to St. John's, Nfld., would form another quite possible daylight stage. The lecturer proceeded to suggest time tables of routes to and from India, in one of which, starting from London at 7 a. m., and allowing for an hour's break at Marseilles, Saigon would be reached at 6 p. m., and the second day's run would end at Alexandria at 5.45 p. m. the third day at Basra at 5 p. m. and the fourth at Karachi at 6.30 p. m. Each morning a start would be made at 7 o'clock and the total distance covered would be 4,500 miles, with actual flying time of 29 hours and 15 minutes.

GERMANS NOT DRAWING LARGELY ON EAST FRONT

London, June 22.—Maj.-Gen. Maurice, Chief Director of Military Operations at the War Office, last night to an Associated Press representative contradicted reports that have been circulated that the Germans have been drawing large forces from the Eastern front to take part in the fighting in France. "The fact is," added the general, "that there has been no considerable movement of German troops from the East to the West. The Germans have sent fresh units to the Western front, but these were made up largely of men called to the colors recently. The Germans have been using the people in the occupied territories to replace laborers at home, who are thus released for the army."

DENTAL WORK FOR SOLDIERS AT TACOMA

Tacoma, June 22.—The Washington Dental Association at its clinics is doing \$600 worth of dental work on the teeth of soldiers at its convention this week. At an actual meeting to the association of 200. The dentists say they are glad to do their bit for their country. Dr. E. S. Barnes and Dr. Martin Null, both of Seattle, delivered addresses on phases of their profession yesterday. Dr. W. L. Lea, Vancouver, B. C., spoke at the session to-day, and Dr. J. W. Rawlings, of Tacoma, will speak at a banquet to be held to-night. Dr. E. S. Barnes, of Seattle, and Major H. T. Montague, of the Canadian Army Dental Corps, also will speak.

NELSON STREET CARS IDLE; AN ACCIDENT

Nelson, June 22.—One hundred and fifty cabs at the city power sub-station were burned out during an electrical storm in Nelson yesterday, and as a consequence the street car system will be out of commission for ten days. Repairs will take that time. The light and power distribution system is not affected.

A LLOYD GEORGE PRECEDENT.

Montreal, June 22.—An exceptional feature of the wedding of Mr. Lloyd George's daughter, the Montreal Gazette's London correspondent cables, is the fact that it is the first instance in history of a Prime Minister's daughter being married in a non-conformist place of worship, and the chapel selected is one of the smallest and least known in the metropolis.

"The Fashion Centre" Angus Campbell & Co., Ltd. 1008-10 Government Street. Burberry Coats, Trefousse Gloves.

WINNIPEG MEMBER REFUSES TO RESIGN

Winnipeg, June 22.—F. J. Dixon, Independent member of the Manitoba Legislature for Centre Winnipeg, refused to resign his seat in response to a petition signed by the Army and Navy Veterans' Association. The movement for Mr. Dixon's recall was instituted after he had criticized publicly the National Service scheme. Mr. Dixon has written to Lieut.-Col. G. F. Carruthers, president of the Veterans' explaining his refusal. He had intimated previously that he would resign his seat if 25 per cent. of the electors of his constituency demanded it. He now explains to Lieut.-Col. Carruthers that 25 per cent. of the electors on the 1915 list would be 3,329, and that the petition sent him is said to contain 3,396 names. Actually, Mr. Dixon writes, it has 2,377 names, of which he declares only 1,581 are genuine voters in Centre Winnipeg. He classifies 456 names as "doubtful" and 1,340 as "bogus." There are 59 "repeaters" and the names of at least 20 women.

MASONIC OFFICERS.

New Westminster, June 22.—Officers of the Grand Lodge, A. F. & A. M., of B. C., now in session here, were elected last night as follows: Grand Master, Bro. Dr. Douglas Corsan, Fernie; Deputy Grand Master, Bro. John Shaw, Nanaimo; Senior Grand Warden, Bro. Samuel J. Willis, Victoria; Junior Grand Warden, Bro. Charles A. Welsh, New Westminster; Grand Treasurer, Bro. Harry H. Watson, Vancouver (re-elected); Grand Secretary, Bro. Dr. De Wolf Smith, New Westminster (re-elected); Grand Tyler, Bro. J. H. Hughes, New Westminster. The officers were installed to-day.

Even She Had Corns

Until a little while ago she thought them unavoidable. If you have corns don't blame yourself too much. Many an old person has had them fifty years.

YET they have done what you do—pared them and used old-time, useless treatments. Apply a Blue-jay plaster in a jiffy. Then forget it. It will never pain again.

But what folly it is when nowadays about half the world keeps free. The chemist who invented Blue-jay made corns forever needless. Last year some 17 million corns were ended in this simple, easy way. Just try one corn.

BAUER & BLACK Limited Toronto, Canada, Makers of Surgical Dressings, etc. Blue-jay Stops Pain—Ends Corns Instantly. For sale by all Druggists Also Blue-jay Plasters.

THE YPRES SALIENT.

With the withdrawal of the German forces west of the Lys and south of Warneton, the Ypres salient passes out of existence.

Instead of curving westward along the Messines ridge south of Ypres, the line now runs almost straight south from a point east of that town, passes eastward of Armentieres, on the French side of the boundary, and then sweeps into another and larger salient to Lens, covering La Bassée and the western approaches to Lille.

In ordinary circumstances the straightening and shortening of his front would be of decided advantage to the enemy, but in this instance he is handicapped by the loss of those points of observation and artillery stations to which he has clung so long and desperately and the possession of which cost him enormous losses.

He must now defend himself in a section of country as flat as a table. This means that he must make up for his inferiority of position by a greater concentration of men and material, which will vastly increase his proportion of losses.

He must substitute a human rampart for the Messines ridge, just as he has had to substitute a human rampart between Lens and the Scarpe for the Vinny-ridge.

The Ypres salient was an asset to the Germans and a liability to the British. It had to be held by our troops at all costs because it was the key to the defenses along the waterway from Ypres to the sea, held by Belgian and French forces, and commanded the approaches to Calais and the other French channel ports.

Hundreds of thousands of brave men have suffered and died to hold that narrow bend, perhaps the most difficult position to defend on the entire western front. Exposed to heavy artillery fire from three directions and from positions favorable to the enemy, it could not lend itself to the system of trench fortification which exists elsewhere on the front.

Its defence was a matter of constant improvisation, like the defence of that other immortal salient on the Meuse—the salient of Verdun. And like Verdun it will stand in history forever as a monument to the heroism, fortitude and skill of its defenders.

Like Verdun, too, it is a bitter recollection to the enemy, who lost whole armies in vain efforts to destroy it. The Ypres salient is gone, but it did not go as the Germans hoped it would go. It went because the enemy was smashed away from it.

The military significance of the extinction of the Ypres salient is out of all proportion to the actual territorial gain made by the British troops. When the Germans were hurled from the Messines ridge they lost also that priceless asset in war, the capacity for the initiative on that front, the vantage ground for an offensive. The vulnerability of the salient, its costliness to hold, was a constant invitation to the enemy to attack, and there is no doubt that were it not for their stern pre-occupation elsewhere the Germans would have launched a big counter-offensive in that sector. They cannot do it now with any hope of

success, which means that they will not try it at all. Nor dare they attempt a serious effort against the canal from Ypres to the sea owing to the menace of a drive at their communications from the new line. To hold this front on the flats between Ypres and the French boundary they must lose as many men as they have lost in covering the Drocourt-Queant spur beyond Lens and Arras. If they lose ground ever so slightly from a local attack they must counter-attack to retake what they lost at a cost greatly in excess of what their enemy had to pay. The Germans lost five times as many men trying to recapture the hill as the British lost in capturing it. It will cost them many more casualties to hold their present straight line on the flats in southern Belgium than it cost them to dominate the Ypres salient.

A brief glance at the western front shows that the Allies now hold most of the commanding positions from Ypres to the Vosges. This is not to say that the Germans do not still retain useful points of observation, while at Laon, for instance, they are formidablely situated. But in several of the most vital sectors, that is, between Ypres and Lens, Arras and St. Quentin, and Soissons and the Champagne, the Allies have secured themselves in a series of key positions which promise the most favorable developments for the future. Just how important these are in the eyes of the enemy is revealed by the countless counter-attacks in mass formation he has launched and—north of the Aisne—is still launching against them. With such advantages of position and the even greater advantage of initiative which enable them to dictate the rate of German losses and the whole nature of his operations, the Allies should make heavy inroads upon the enemy's front in the gigantic offensive for which they are preparing and which they probably will launch in concert with operations elsewhere. The capture of Messines ridge enhances the possibilities of the next big movement. Honor and glory to the army which held the never-to-be-forgotten Ypres salient for nearly three years!

HOW TO DO IT.

There has been very little active opposition to the enforcement of the selective draft measure in the United States. This is due to the fact that the Government started properly. It did not waste time in hopeless expedients and its members did not sidestep the question by declaring, as Mr. Bennett did in Canada, that conscription would drag the country into a revolution. Washington made up its mind and stuck to its decision. It laid its plans and set up the machinery to carry them out. Incendiary speakers and other agitators are promptly jailed. Seditious newspapers are suppressed. A few days ago officers visited the headquarters of the anarchist newspaper, Mother Earth, and gathered in Emma Goldman and Berkman, the man who served fourteen years in the penitentiary for trying to kill Henry Clay Frick.

All this shows what can be done by firm, decisive measures. And the same measures will be applied to the other war services. War profiteers will be dealt with without ceremony, and we shall be very greatly surprised if many super-profits escape the clutch of Uncle Sam's collector. Food speculators are also going to learn how heavy is the hand of a nation at war. Indeed, there will be action more drastic in regard to the food situation than in connection with any other matter. Mr. Hoover is not the kind of man to waste time politely issuing circulars to the combines. He will act swiftly and uncompromisingly. Uncle Sam has undertaken to carry the chief burden of feeding his Allies across the ocean, although he is going to be seriously short of food himself next year, and he will cut out his undertaker.

PARDEE'S SPEECH.

The speech of Mr. Pardee, chief Liberal Whip, in the House of Commons yesterday was a fine, moving utterance which should strike a responsive chord throughout the country. He expressed himself strongly in favor of the principle of compulsory service and announced his intention of voting against the referendum proposal of his leader, at the same time imputing none but the highest motives to those who disagreed with him. He called for strong leadership, the fullest consecration of the material and human resources of the nation to the service of the state and for an end of the political partisanship which has played so prominent and injurious a role in the conduct of the country's affairs up to this time.

Mr. Pardee opposes a referendum because he thinks the public mind was not properly prepared for the introduction of conscription and that in such a case the proposal would not be carried. This, however, in our opinion is not the strongest objection to the referendum. It would involve too great a loss of time, for at best it would be

difficult to ascertain the will of the soldiers overseas, who would be most directly concerned in the result. Nor do we think that a last effort to obtain the reinforcements required by the voluntary system before the conscription measure is brought into force would be effective. There might be a spurt in the recruiting for a time, but it would soon die down. The auxiliary units would have no difficulty in filling their ranks, but the infantry would make but little headway.

In this connection it should be understood that for a long time the recruitment totals of Canada have not accurately reflected the number of reinforcements enlisted for the fighting front. The gains have been mainly in the army service corps, army medical corps, mechanical transport corps and forestry corps. It would be interesting to know how many of the 130,000 Canadian troops in England belong to these units. We do know, however, that the divisions at the fighting front have not been at full strength for some time, and that it is the duty of this country to supply the deficiency and keep it supplied without delay.

TRAMWAY STRIKE.

The Times extends its felicitations to all concerned on the happy termination of the strike of the tramway employees. The perfect decorum that attended the suspension of the service was a tribute to the disposition of the men, the general cordiality of their relations with the company and the forbearance of the public under the strain of a certain dislocation of business and inevitable inconvenience. We believe that in some respects the results of the strike will have the effect of clearing the air, of removing some misunderstandings and driving away several misapprehensions. The public has had an unmistakable demonstration of the fact that the maintenance of an adequate street railway service is essential to the business welfare as well as the personal convenience of any community of considerable proportions. During the past week we have been living in a state more or less of chaos, and we believe it is no exaggeration to say that great satisfaction was felt throughout the city yesterday afternoon when The Times announced that through the efforts of the new Minister of Labor, the business men and the Mayors of the cities of Victoria and Vancouver an understanding had been reached between the two contending parties and that traffic upon all lines of the company would immediately be resumed.

The demands of the men have been acceded to, as seemed inevitable from the beginning of the trouble. They were supported by the palpable fact of the great increase in the cost of living within the past two years. The company admitted the inherent justice of the claim, but pleaded that on the basis of its earnings from traffic and the enormous inflation in values of the materials used in its operations it could not concede the advance in wages unless it were granted some compensating advantages with the consent of the municipal corporations from which it derived its franchise. These are matters which, under arrangements, are to be left to the judgment of an independent authority. The matter of chief public concern at present is that the strike is over and business is proceeding as usual.

Editor Rathom says the secret service operations of the Providence Journal were facilitated by the presence of green blubber instead of grey matter in the heads of the Prussian agents in the United States. Von Bernstorff and his aides were supposed to be the wisest members of the Hun diplomatic and underground service, yet Rathom and his staff played with them, actually having one of his men made assistant private secretary to the Ambassador. The Providence Journal staff evidently takes no stock in German "efficiency." Nor does anybody else who refuses to take the Hun at his own valuation.

Undoubtedly one result of the strike must be a change of the attitude of the public to the street railway company when we read that on the reappearance of the cars on the streets of Vancouver last evening the waiting crowd "could scarce forbear to cheer!" "Germans are allowed only one egg per month. But do not rush to the conclusion that the cold storage business over there has been reduced to a more exact science than on this continent. The eggs are deemed to be of greater value when raised to the status of chickens."

It is the duty of every voter to exercise his franchise to-day. That is what it is for. People who can vote but will not vote misconceive the value of the privilege which is theirs. Curiously enough, if that right were lost they would raise a row.

If the election campaign lasted two weeks longer, what a rich vocabulary the doctor would develop! He is able to give the Hamburg Friends

Present Coal Prices

Are low. There is an actual shortage at the mines, with an ever increasing demand. We advise you to continue buying at present prices. Best Lump\$8.50 Best Nut\$7.50

Signs of Strain

An hour's reading makes your eyes ache, or Printed matter occasionally goes misty, or You are obliged to stop work periodically to rest your eyes, or You find it easier to read further away than formerly, or You cannot recognize people across the street, or Bright light gives you pain in the eyes, or You had better come to me if any of these symptoms are present and let me examine your eyes.

Frank Clugston Optician 654 Yates St., Cor. Douglas St. Phone 5351.

blat in its daily morning strafe a run for its money even now.

Experience has proved that while the jitney is all very well in its place, in the present stage of its development it cannot "deliver the goods" as a substitute for the street railway. The average man, and particularly the average woman, is glad at heart that the cars are running again.

Come along, put in the Minister of Finance and let's get down to business. We have had enough political dissection. There are big problems to be solved, but they cannot be solved by calling names.

Lord Northcliffe says the war has only begun. Another authority predicts that it will last fifteen years. But two days ago it looked as though the street car strike might be prolonged indefinitely.

Fred. Pardee's appeal for a greater appreciation of what is at stake in the world war is more applicable to the Government than to the people. The people have done nobly in the entire absence of leadership.

Fuel consumers here are at liberty to draw such consolation as they can from the fact that in Germany coal has been advanced 60 per cent in price since the war began. The consolation, however, is mighty small.

The late strike was the most orderly that has been, a testimony to the pleasant relations that normally obtain between company and employee.

Boston Transcript: To-day the Union Jack flies side by side with the Stars and Stripes all over the United States. These things will leave their residue of influence upon our life and our ideals. We shall never again have the same antipathy to the mingled cross of St. George and St. Andrew that once we were supposed to have. The ice has been broken in the relationship of the British and American peoples. But we do not note any essential difference in our public relations with the Canadian Dominion, and we are sure that the Canadians have not adopted Washington as a second capital. We can never regulate our political or our fiscal affairs on any other basis than that of our own absolutely independent existence. The world-wide conference of the British mother with the children of her Dominion will not have attractions for us, nor will any zollverein whatsoever, have any terrors for us.

MANIFESTATIONS OF DESPERATION.

The submarine and mine are manifestations of desperation on the part of the enemy, and they may involve this nation in privation and suffering. But neither the one nor the other can bring victory to Germany unless all the teaching of history is unlearned. We should play into the hands of the enemy if we were to lose either courage, patience or composure, endeavoring to deflect the naval administration from the course it is pursuing to bring the enemy to his knees, amid the ruins of an Empire which already is under a constriction rendering life almost impossible.

DAVID SPENCER, LTD.

STORE CLOSÉS TO-NIGHT AT 9.30. TO-MORROW, 1 P.M.

\$5.75 to \$15 Separate Skirts of Cloth and Silk In a Special Sale, To-Night and Saturday Morning \$3.75 \$5.75 \$7.50

The Best Year We Have Yet Experienced for White Footwear

And that is making a very bold statement when one considers the thousands of pairs of White Boots and Shoes we have sold in previous years. Yet, despite that fact we claim that our records show this to be the greatest yet experienced. There's a constant and increasing demand as the season advances.

Yesterday we received another shipment of stylish White Footwear, and we consider ourselves very fortunate in receiving same under existing conditions. If you have yet your White Footwear to buy for the holiday season we would strongly urge your doing so early—for you may be disappointed if you leave it later. Note these prices and come and see the goods.

Vote for Hart and progressive administration.

Baby Show, Red Cross Carnival, Royal Athletic Park, Saturday, June 19. Entries received at 641 Fort Street.

Dancing—George Pavilion, Wednesday and Saturday afternoon and evening. Good music.

Gorge Park—Smart Set Concert Party, Daily, 3 and 8. Laughable sketch, Saturday.

Rain General on Prairies.—The barometer remains low over northern British Columbia and showers may again become general extending from Cariboo to the state of Oregon. Rain is now becoming general from Alberta to Manitoba. The forecast for 36 hours ending 7 p. m. Saturday in Victoria and vicinity is light to moderate easterly and southerly winds, partly cloudy with showers.

Water Boards.—Notice is given in the current Provincial Gazette of the sittings of the Boards of Investigation under the Water Act for the Alberni, the North Thompson and the district containing all streams on the Mainland north of Powell River and south of Millbank Sound with streams on Texada Island and islands between Vancouver Island and the Mainland north of Texada Island, and those on the East Coast of Vancouver Island, between Menzies Bay and Salmon River. The Board will sit at Alberni on September 11, at Vancouver on September 18, and at Kamloops on September 19.

Lake Hill Women's Institute.—At their last meeting the Lake Hill Women's Institute made arrangements for the flower show to be held in connection with the annual school closing exercises on Friday, June 29. Ten ladies volunteered to help at the Dominion Day Red Cross sports, headed by Mrs. Calvert as convener. A committee was formed to make arrangements for the annual picnic to be held on July 11. The affair is to be at the Experimental Farm, Sidney, and it is probable that some of the soldiers from Resthaven will be invited over for the occasion. Arrangements were concluded for a military five Hundred to be held on Thursday, June 28, in charge of Mrs. Corbett.

Resthaven Wants Bulbs.—Any bulbs or bedding out plants would be very acceptable by Military Convalescent Home, Resthaven, Sidney.

Wins Centre-Piece.—Ticket No. 719, held by J. P. Gibb, Penticton, B. C., was the lucky number in the drawing for the Battenberg centre-piece raffled by the Pythian Sisters.

New Superintendent.—George W. Bowen, successor to T. R. Stockert as general manager of the Nanaimo mines of the Western Fuel Company, has promoted John Hunt, until now underground superintendent, to be general superintendent of the company.

Public Market.—The resumption of the street car service will have a good effect on the City Market to-morrow, visitors now being able to carry home their purchases without discomfort. There will be a full supply of fruit, vegetables and other produce, such as is customary at the week-end market.

Visited Vancouver.—K. E. McLeod, city passenger and ticket agent for the Canadian Northern, when in Vancouver yesterday stated that the new summer service from Victoria to Cordova Bay had been inaugurated and the service from Patricia Bay to Vancouver was meeting with considerable success.

Narrow Escape.—Thomas Reid, of Nanaimo, who had a miraculous escape from death when he was buried under a fall of rock by an accident in the Jungle Pot mine several days ago, is progressing nicely at the Nanaimo hospital and is now reported out of danger. Mr. Reid had a narrow escape to his fellow workers, who at the risk of their own lives rushed in while rock was still falling and extricated him from under a mass of debris.

Shakespeare Lecture.—By request of the Women's Educational Club, E. O. S. Schofield, Provincial librarian and archivist, will on Friday, June 29, repeat his address on "Shakespeare," already heard on several occasions by appreciative Victoria audiences. There have been collected and prepared by Mr. Schofield for this lecture some very beautiful slides illustrating the plays of "The Bard of Avon," after the famous artists who have painted the great scenes of the more renowned Shakespearean actors. The lecture will commence at 8 o'clock sharp, and will be in the Provincial Library.

Additions to Stanley Park Zoo.—The Stanley Park swannery is richer by a blood of pretty, fluffy little cygnets recently hatched. They have already attracted much attention. It is some years since cygnets were hatched in the park. A male swan has been added to the park, also a male wallaby and a male wallaroo. W. S. Rawlings, the park superintendent, has just returned from Victoria, where he inspected the wonderful collection of Ellis Joseph, from whom the specimens named above were purchased. Two broods of mallard ducks have also been added to Stanley Park.

Increase in Directors.—The Canada Gazette notices state: Whereas the number of the directors of The Foundation Company of British Columbia, Limited, is five and it is expedient that the number should be increased; now therefore The Foundation Company of British Columbia, Limited, enacts as follows: That the board of directors of the said company be and the same is hereby increased from five to eight of whom three shall form a quorum. The secretary-treasurer of The Foundation Company of British Columbia, Limited, certifies under the seal of the company that the foregoing by-law was duly passed at a meeting of the directors of the company held on June 1.

Provincial Appointments.—The following list of appointments is announced in the B. C. Gazette: To be justices of the peace, Harry LeDuke, of Endako, County of Cariboo; Robert J. Craig, of Parksville; Adam Link, of Mirror Lake; Frank Inrig, of Rivers Inlet; Lieut. Arthur Malins, Canadian Army Service Corps, Victoria; Harry Hickling, of Nanaimo, to be coroner; Brynild Brynildsen, of Bella Coola, district registrar of vital statistics; Ernest H. Robinson, of Alert Bay, district registrar of vital statistics and issuer of marriage licenses; Leonard A. Dodd, of Yale, and Herbert Berch, of Hope, justices of the peace, to have jurisdiction under the Small Debtors Court Act; Rupert W. Hagen, of Quesnel, to be a notary public.

St. Barnabas' Garden Fete.—Mrs. Scribner will open St. Barnabas' annual garden party and fete to be held in the church grounds to-morrow afternoon. The opening ceremony will be at 3 o'clock. The ukulele, which has been making such a bid for favor as a musical instrument during the last few months here, will furnish part of the programme, an octette of players having undertaken to provide several numbers. Mr. Dignon has promised to give some out-door sleight-of-hand performances, and there will be the usual clock-golf and other garden games. The Ladies' Aid and different women's societies of the parish will have charge of the arrangements for the affair.

Companies Are Gazetted.—The British Columbia Gazette contains notice of the incorporation of the following companies: New Westminster Construction and Engineering Company, Limited, with head office at New Westminster, and a capital of \$30,000; Ruby Lake Timber Company, Limited, Vancouver, capital \$10,000; Grand Forks Lumber Company, Limited, Grand Forks, capital \$50,000; Schara Tzedek, a Jewish society, organized under the provisions of the Benevolent Societies Act, with headquarters at Vancouver. The Naval Service Fund is also incorporated under the Benevolent Societies Act for the purpose of administering that portion of the net proceeds of the recent British Columbia Commercial Travelers' War Dance, held at Vancouver, as may be allocated to it.

Wood Motor Company, Limited

1019 Rockland Ave. Phone 4900

Proceed With Resolutions.—In spite of the fact that it was already known that the street railway strike was over, aldermen in special session of the City Council yesterday afternoon passed two resolutions on the subject. One was to confirm a letter ordered to be forwarded to officials of the company at a private meeting on the previous day, while the other was a demand on the company to resume operations immediately.

Horticultural Resigns.—R. M. Winshaw, Provincial Horticulturist, has resigned his position in the Department of Agriculture to accept that of manager for British Columbia of the Mutual Brokers, Limited, of Vancouver, one of the largest concerns dealing in fruit now operating in British Columbia. He will sever his connection with the department with which he has been connected in his present position since February, 1909, on July 7 next.

Cueists Play Tournament.—A party of Nanaimo cueists including Messrs. W. Dunwoody, E. Marshall, O. Dobson and R. R. Hindmarch, motored to Parksville Wednesday evening and played a tournament with four of Parksville's best billiard players. The Nanaimo men won every game; the scores being: Dunwoody beat Phillip 100 to 79; Marshall beat Phillip 100 to 97, and Hindmarch won from Chandler 100 to 38.

En Route to Shriners' Meeting.—Stephen Jones and G. M. Perdue, represent Island members of Gizeh Temple, and C. A. Welsh the Mainland members of the temple at the convention of the Nobles of the Mystic Shrine, which is being held this year in Minneapolis, from June 26 to 28. They left yesterday for the south, intending to join a special train in Seattle to carry Shriners to the gathering. The display which usually accompanies these gatherings in the convention city will be abandoned this year, announcement to this effect having been made some weeks ago.

Manual Training Exhibit.—The boys of the George Jay School are holding an exhibition of manual work this afternoon and evening from 3 to 8 p. m., and from 7 to 10 p. m. The parents and the public generally are cordially invited to visit the school and see the splendid results achieved by the pupils. A unique feature will be a model drawing-room, furnished by the senior scholars, including book-cases, tables,

Morris chairs and settees. It is hoped that all interested in technical education will make an effort to be present to see the educational value and practical utility of the manual training course.

Call of Fire.—The fire department was called yesterday afternoon to put out a fire on a gasoline boat in storage at the corner of Stanley Avenue and Gladstone Avenue. The loss was small.

Yesterday's Blast.—The heavy blasts fired at the old reserve yesterday have opened a considerable section of rock for removal at the knoll, and have placed the steam shovel in a much better position to handle material.

Many Tourists Arrive.—The registers at the hotels, as well as the callers' book at the Victoria and Island Development Association offices, indicate that in spite of the difficulties put in the way of international travel by official regulations, the movement is becoming much more marked than has hitherto been the case, and the prospect for a good tourist season is improving. Travel has hitherto been chiefly northbound from the Pacific seaboard.

Advance in Price of Lumber.—When the last advance of \$2 per thousand for rough lumber was announced in these columns recently, it was intimated that owing to the difficulty of securing logs, and increasing cost of materials another increase would shortly follow. It is now announced that rough lumber has advanced to \$19 per thousand, with corresponding increases for better grades.

Jitneys Collide.—Shortly after 1 o'clock yesterday afternoon an accident caused by the colliding of two jitneys occurred on the corner of Cook and Fort Streets. Mrs. Shields, of 1159 Oxford Street, was bruised and severely shaken, while her two-and-one-half-year-old boy, Albert, was slightly cut about the head with flying glass. They were attended by Dr. Bryant and removed to their home in the police ambulance. The motor in which they were riding was driven by W. G. Richards and made a short turn from Fort onto Cook Street and was run into by a car coming in a westerly direction on Fort Street. Before his name could be ascertained the driver of the latter car got away. Richard's car was badly damaged about the front.

Vote Early and mark your ballot for Hon. John Hart.

TEA-LESS. Some one complains of a threatened shortage of tea. What would be the really serious results if it was shut off altogether?

Social & Personal

MRS. A. E. GRIFFITHS

Of the Municipal I. O. D. E., which is in charge of Alexandra Rose Day collections for Local Charities. Seven local philanthropic institutions are to benefit by the proceeds of the sale of roses made by the Crippled Children of London, England.

Very Rev. Dean Paget, of Calgary, is to be a visitor in the city for a few days, and on Sunday will preach at St. Barnabas Church at the Choral Eucharist.

Rev. Capt. Campbell on Thursday, June 14, celebrated the marriage of William H. Baldwin, of Inkeram, Ontario, and Emma B. Dotson, of Kitchener, Ont. The rite took place at the minister's residence, "Breadalbane," Fort Street.

Recently a very pleasant social affair took place at the home of Miss Sea, vice-president of the Garden City Women's Institute, the members of the organization calling in a body in celebration of her thirtieth birthday.

Phil K. Gordon, of San Francisco, general agent of the Southern Pacific; C. M. Andrews, of Seattle, district freight and passenger agent of the Southern Pacific; and R. D. Williams, of San Francisco, manager of the Pacific Coast traffic of the Erie railroad, were visitors to the city this week, and

renewed acquaintances with Mr. Graham, of the Victoria Steam Laundry, who took them to places of interest in the city and neighborhood.

Rev. Harold King on Wednesday, at St. Paul's Church, Vancouver, united in marriage Miss Mae Turnbull Waddell and Gunner Wyatt Gooding, of the R.C.G.A. J. G. Johnston, the bride's brother-in-law, gave her in marriage, and attending her as bridesmaid was her sister, Miss Jessie Waddell. The best man was Mr. W. Green, of the R.C.G.A., Esquimalt. Gunner and Mrs. Gooding have come to Victoria to make their home until the bridegroom's battery leaves for the front.

A pretty wedding took place at the Reformed Episcopal Church on Monday night, when Margaret, daughter of Mr. and Mrs. James Henly, of this city, became the wife of Alfred Jenner, formerly of Nanaimo, now of Niagara Falls, N. Y. Rev. A. DeK. Owen officiated, and the ceremony was witnessed by a few of the more immediate relatives of the bride and bridegroom. Following the ceremony a reception was held at the home of the bride's father. Among the special guests who came in for the wedding were Mr. and Mrs. James Gray, of Gabriola Island.

The Intermediate class of the Boys' Central School, under Miss Mackenzie, one day this week visited the Provincial Library and was shown over the archives by E. O. S. Schofield. The boys were very appreciative, and listened with great interest to the remarks of the archivist, who described some of the events connected with the maps, engravings and old diaries which were shown. Particularly were they interested in the portraits of Captain Cook and Vancouver, the navigators whose history is so closely interwoven with the early events of the province.

The beautiful grounds of Hatley Park, the residence of the Hon. James Dunsmoir and Mrs. Dunsmoir, are to be thrown open to-morrow afternoon, from 3 to 5 o'clock for a garden-party in aid of the Great War Veterans' Association. There will be a small admission charge, and with the exception of a candy-stall all the attractions offered are free. Flower-lovers will find in these lovely gardens ample to keep them interested, and a tour of the cattle-barn, the model dairy, and the stables will be a pastime for those interested in live-stock. Tennis enthusiasts will be able to play a set or two on the courts, and the putting-green will be kept busy no doubt. Visitors

Rabbit Pies for Friday and Saturday

In the past we have advertised Rabbit Pies for special occasions. Invariably the response has been so good that we were unable to meet the all-day demand. This week-end we will have more of these Pies on sale than ever, but just to make sure of getting one, shoppers should call in the forenoon if possible. Prices: 25¢, 50¢, 75¢.

The Yorkshire Bakery
640 Yates St. Phone 1929

will also be able to go for a row on the lake. The question of transportation is rather a difficult one, and in order to give those who do not own cars an opportunity to see Hatley Park arrangements have been made for motor trolleys to leave the Campbell building at 2.30 p.m. The return trip can be made for a nominal sum. The Belmont Road entrance will be used, as it is the most convenient for motorists. Through the courtesy of Lieut.-Col. Angus and officers of the unit the 5th Regiment band will play during the afternoon. Arrangements have been made to take the returned soldiers from Esquimalt to the garden-party and all returned soldiers will be admitted free.

CALIPH OF BAGHDAD PICTURESQUE STORY

Love, Jealousy and Guile Are Old Subjects Yet Ever New

In view of the coming presentation of the Caliph of Baghdad by a picked troupe of local actors the following story of the play will prove of interest:

In years gone by it so fell out that grave and weighty matters of the State demanded of the Caliph of Baghdad that he should make a journey to a foreign power, leaving as his deputy one Kasim Bala—a man of wealth and power within the city, but yet who worshipped Shaitan as his Master.

To his untold care was left the Caliph's little son and heir, a lad of tender years, and living well and healthily beneath the happy roof of old Abdullah, Kasim's steward, who acted as a foster-father to the boy. Allah in his own Almighty wisdom then decreed to call the Caliph to himself, leaving the traitor Kasim as the Regent of the State. To try to kill the boy was Kasim's first foul deed, and but for old Abdullah's care in sending off the lad to Khorashan, would have succeeded in his ghastly purpose.

Some twenty summers then went by when this our tale begins, and here we see the ancient city groaning 'neath the despot's hand. A train of slaves is marshalled to the market place, and one—a dancer from the Nile name Corraline—doth so bewitch old Kasim that he alters all the marriage laws to get her in his harem.

But here the God of Love steps in, and guides the steps of Baghdad's rightful lord—now fully grown to man's estate—back to his own domain in search of evidence to prove his title, and throw the foul usurper out of office.

Cupid (or his Arabic equivalent) decreed that Corraline and Caliph then should meet, and from that moment they become—as is the way with maid and man—the only two alive that day, the world, for them, embodied in each other.

When Kasim, green with jealousy, discovers this to be the case, he thinks to end it all with bowstring and the river; and how, and why, he is prevented from accomplishing his foul designs is what can be discovered when the play is seen.

A wealth of fun runs through the tale, which bears you bravely on in the golden barque of melody, sailing through a perfect sea of color.

The box office is now open at Superfluities Shop, Belmont House, and the opening night will be July 2.

"WI' A HUNDRED PIPERS AND A"

The advance of the Canadian Highlanders, with their pipes playing, made a great impression, said a wounded soldier, speaking of an incident at Vimy Ridge. One Canadian Highland Battalion boasts of a pipe-major, Richardson, who during a particularly fierce fight on the Somme marched up and down in front of the German wire, playing his pipes until our forces got through. Then Richardson went through to and was killed in the enemy trenches. When this same battalion moved up for the Vimy attack its pipers begged to be allowed to take part. One went with each company, and the pipe-major accompanied the colonel. The colonel was very ill with gastritis but refused to be absent. The men said it was a wonderful sight—the colonel and the pipe-major marching in step under the heavy fire. They moved straight on, turning aside for nothing. The skirl of the pipes could be heard even amid the deafening noise of the bursting shells. Wounded men lying in shell-holes raised themselves on their elbows and cheered. "We all fought better for the sound of the pipes," said one soldier. Montreal Journal of Commerce.

TUBERCULAR WARD OPENS WEDNESDAY

Women's Auxiliary Garden Party at Jubilee Hospital to Celebrate Event

On Wednesday next, June 27, Victorians will have an opportunity of witnessing the opening of three new wards of the Provincial Royal Jubilee Hospital. These will include the tubercular, the children's and the Sir Richard McBride wards.

The new tubercular ward opening will mark a stage in the development of the work at the Jubilee Hospital that has for many years been a condition unvaried. Until the present the caring for patients afflicted with tuberculosis has been carried on by the staff of the hospital under circumstances that have been most trying and to a great extent unproductive of the results that the new surroundings will make possible.

The building, that is one story in height, is composed of two large, and at the same time spacious wards, which join in the form of a right-angle. One may enter from the front on either ward, the one facing south and the other west, and the large verandas on these sides are exposed to the brightness and warmth of the summer sun, while at the same time they receive an abundance of fresh air though they are sheltered by the main hospital building and a large grove of trees, from the fury of a winter tempest.

The sides of the wards bordering the verandas are entirely open for their full length but in cases where it becomes necessary it is possible to close the verandas by large screens that have been provided especially for this purpose. The closing of these, however, will, it is thought, only be necessary as a protection during very inclement weather.

The general finishing of the interior of the building is very simple but at the same time the most suitable that could possibly be obtained. The ceiling and walls, including the doors and mouldings, are all of white, while the floors are covered with linoleum harmonizing completely with the spotless whiteness of the ward. In all, the building will have space for the accommodation of fifty odd patients, although at first it will only be prepared to receive about twenty.

The section of the structure connecting the two wards is being utilized to accommodate such apartments as the pantry and kitchen, office, doctor's examining room and private office. All the furnishings are of the most up-to-date style and have been selected by the skilled and experienced judgment of the lady superintendent, Miss McKenzie, with a view to attaining complete efficiency.

Care and pains have not been confined alone to the building and its interior furnishings and equipment. Its position is such that the patients will have garden surroundings that will be most pleasing to the eye. A lawn extending for the full extent of the building will border it on the front, while sheltering shade from several giant oaks will also add to the attractiveness of the scene.

The opening of the children's ward will add considerable interest in view of the fact that a local organization, the Daughters of Pity, have been instrumental in completely furnishing this particular room of the hospital. In accomplishing this they have spared no labor or thought in perfecting every detail in the most satisfactory manner possible. On entering the ward the visitor is immediately impressed with the cheerfulness of the general setting in which he finds himself. The walls are covered with paper of shades attractive to children. Here the equipment is all of the most modern, a fact that will greatly facilitate the accomplishing of efficient work.

CONSERVATION OF LIFE—THE BOY.

To the Editor.—The boy of to-day will be the citizen of to-morrow. It is a patriotic responsibility at the present time to lay well the foundation of Canada's future citizenship by training her 'teen age boys. The Young Men's Christian Association in co-operation with representatives of the Sunday School Boards of the Church of England, Episcopalian, Baptist, Methodist and Congregational Churches have organized the Canadian National Advisory Committee for co-operation in boys' work.

Their plan is to enlist as many as possible of the 'teen age boys under the Canadian standard efficiency tests. Under this plan the boy is chartered under four standards—intellectual, physical, religious and service. Each of these is subdivided into eight branches; and so many points are allowed according to the boy's knowledge. In this way his weak points are discovered and an effort is made to develop him along these lines. If carefully followed out instead of lopsided men, this will develop the four square man, and this is the type Canada needs to-day as never before.

VANCOUVER ATTEMPT

Failure of Tempting Expedient to Reduce Taxation Has Lesson for Victorians.

The vote in Vancouver shows that the solution of the tax delinquency question on the principle of borrowing sums of money to shift heavy loads to the future in the hope of relieving present burdens does not commend itself to a majority of the electorate. It also leaves in darkness the problem in Victoria, for taxpayers are like sheep in desiring to follow through the breach in the fence which such a scheme would have opened. There is no light from any source as yet as to the method in which the Victoria citizens can reasonably expect to look for relief.

When the city balance sheet was made up this spring the city had \$1,473,600 of tax and other arrears, and \$900,000 of local improvement arrears. It is to be hoped that a sufficient number of men in Victoria will devote some of their time and talents to this splendid work.

The asset by December 31 in the way of arrears of taxes should offer a substantial surplus for any further suspensions of the local improvement sinking fund, which is entitled to \$500,000 of the arrears already incurred by owners.

If the city is to finance without borrowing on tax arrears, it will have to continue to do without sinking fund allocations for some time, a course which does not entail any danger so long as the city is as far ahead in payments as in the present case, and provided that the surplus of arrears over amounts due to sinking fund be maintained in the present ratio.

The Finance Committee has not yet made any recommendation to the City Council with regard to the policy this year, although on many occasions informal suggestions have been made to borrow against the tax arrears. The non-council members of the tax delinquency committee had suggested this method in connection with taxation relief, but no decision was reached on the policy to be adopted with regard to it.

THE MEMBER FOR SAANICH.

To the Editor.—Much talk is heard about the dissatisfaction manifested in Saanich regarding the Premier's choice of Finance Ministers. There is no doubt that the Liberals and many Conservatives in Saanich are annoyed to think that Mr. Brewster should not regard the standing and priority of their member in the same light as they do themselves; for Mr. Pauline, in the view of a good many people, is not only the first member for Saanich, but is in point of esteem second only to the Premier in Victoria. Other constituents may be having feelings very similar to ours at the present moment, for we probably were not the only riding expecting this honor for their member.

In the absence of Mr. Pauline at this time I would therefore like to say that he is not the kind of gentleman to feel piqued, like some of his friends, and were he in the city to-day he would doubtless be found loyally behind the leadership and choice of Mr. Brewster.

GEO. VALLANCE,
Secy of Saanich Liberal Assn.
June 21.

DR. HALL'S IDIOSYNCRASIES.

To the Editor.—I read with interest in your issue of the 20th inst. the account of the speech made by Dr. Ernest Hall and the allegations he made against the Hon. John Hart, but did not see anything about proving any of the allegations the good doctor made. Dr. Hall intimated that Mr. Hart was champion of all interests against freedom, workingmen, and the interests of democracy. I fear that jealousy and prejudice actuate Dr. Hall's ideas. He claims that prohibition should be in force at the present time, and that he has worked for it, devoting time and money to it for several years. Is prohibition freedom? I doubt it very much. I also doubt if Dr. Hall has ever seen any prohibition towns or he would realize the ill results of such conditions as prohibition incurs. I believe in temperance above all things, but prohibition is not temperance. It is too radical.

Dr. Hall advocates conscription. Well, I am ashamed for Canada's sake to say that it is necessary and the only thing under the present conditions, but it doesn't alter the freedom idea, which Dr. Hall wants to make his strong point. I have been turned down several times for the army. Why hasn't Dr. Hall tried to go? Lots of medical men from this town have gone. Of course, it is possible that Dr. Hall is medically unfit for active service, or any other service. Well, apart from all that, we need a man who is not narrow-minded or prejudiced for the position of M.P.P. in this province, and I am afraid Dr. Hall does not fill the bill.

N. WILLIAMSON,
June 21.

NAVIGABLE WATERS PROTECTION ACT

R. S. C. Chapter 115
The Lemon Gousson Company, Limited, hereby gives notice that it has, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Victoria at Victoria, a description of the site and plans of a wooden pier wharf proposed to be built in Rock Bay, Victoria Harbor, at Victoria, B. C., in front of Lots 16, 17 and 18, at the southwest corner of Orchard and Government Streets.

And take notice that after the expiration of one month from the date of the first publication of this notice the Lemon Gousson Company, Limited, will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans, and for leave to construct the said wooden pier wharf.

PAINS SHARP AND STABBING

Woman Thought She Would Die. Cured by Lydia E. Pinkham's Vegetable Compound.

Ogdensburg, Wis.—"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound. Physicians undoubtedly did their best, but with this case steady and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound. If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice."

TUG OWNER BRINGS ACTION FOR DAMAGES

Aftermath of Collision Between G. T. P. Steamer Prince Rupert and Tugboat Cleeve

Before Mr. Justice Martin, sitting in Admiralty Court at Vancouver yesterday, Capt. Coughlin, owner of the tugboat Cleeve, sued the G. T. P. owners of the steamer Prince Rupert to recover \$1,100 damages. This figure is the amount of damage which Capt. Coughlin considers he suffered in the collision between the Prince Rupert and the Cleeve in Vancouver harbor in December last. C. W. Woodworth appeared for Capt. Coughlin, and C. B. McNeill, K. C., for the owners of the Prince Rupert.

The suit is the third legal proceeding which has taken place as the outcome of the collision. In the first place a marine court of inquiry was held in Victoria at which the finding of the court placed the blame on the tug. Capt. Coughlin entered an appeal from this finding with the result that at the second marine court of inquiry held in Vancouver on April 27, the finding of the first court was reversed and the blame for the mishap laid upon the Prince Rupert. On the basis of this finding Capt. Coughlin brought his damage suit.

In order that Capt. Duncan McKenzie and other officers of the Prince Rupert might rejoin their ship at Vancouver last night, the court adjourned the hearing of the claim of the owners of the Norwegian steamer Belridge against the Empress of Japan, and proceeded with the Prince Rupert-Cleeve case.

REPORT ABOUT RAIDER WITHOUT FOUNDATION

Washington, June 22.—Reports of a British steamship arriving at an American port with prisoners from a German raider, were declared by the Navy Department officials today to be without foundation. They had conferred by telephone with naval officers at the port in which the steamship arrived and were assured that while a British vessel had come into the harbor they were unable to find any truth in the reports that she carried prisoners from a German raider.

LINER DEPARTS FOR PORTS IN ORIENT

Majority of Travelers by Empress of Japan Composed of Russians and Dutchmen

The Empress of Japan, which departed last night on her outward voyage to the Far East. The majority of the Russian party hailed from Pittsburgh and are bound to their former homes in Russia by way of Japan, Vladivostok and the trans-Siberian railroad.

The Empress of Japan, which departed last night on her outward voyage to the Far East. The majority of the Russian party hailed from Pittsburgh and are bound to their former homes in Russia by way of Japan, Vladivostok and the trans-Siberian railroad.

After spending several months in England, Lady Gait and daughter are returning to India. Her husband, Sir Edward Gait, entered the India consular service in 1882, and since that time has occupied various responsible posts in India. He was made Lieutenant-Governor of Bihar and Orissa in 1915.

Count Tolstoy is the son of the famous Russian writer, Count Leo Tolstoy, and brother of Count Ilma Tolstoy, who recently passed through Victoria on his way to Russia. The Count, who has been in the United States for a considerable period, stated before his departure that he was returning to Russia because his country was calling him.

"I think it is the duty of all Russians to go back to their native land at a time like the present," he declared, "and that is why I am going. I knew the call would come and I am now on my way." He was particularly interested in the Russian mission to Washington and said that General Kobayashi is one of the prominent members of that party, is a close friend of his.

In view of the fact that the shipment of a certain class of mail matter from the United Kingdom to Russia, via the trans-Pacific route, has been curtailed, the mail shipment handled by the Empress was somewhat lighter than usual. She carried a capacity cargo for ports in Japan and China.

NEW REGULATION

Passengers Entering United States From Orient Must Have Passports Verified

A new regulation of the United States Government requires that all persons hereafter bound from the Orient to the United States must submit their passports for verification and visa to an American diplomatic or consular officer before embarking. This requirement extends to American and all other travellers, irrespective of nationality, of the class of passage by which they may be travelling, or of the fact that they may intend merely to pass through the United States en route to another country.

EXCURSION POSTPONED

Mishap to Princess Maquinna Delays Board of Trade Jaunt to West Coast.

Owing to the accident to the steamer Princess Maquinna, the Board of Trade excursion to the west coast of Vancouver Island, arranged for July 4, has been postponed. It is expected that the Maquinna will be ready to make the trip a week later, but further announcement regarding the excursion will be made in due course.

SAYS SINALOA MAY POSSIBLY BE SAVED

Seattle, June 22.—That there is a possibility of the Norwegian steamship Sinaloa, ashore near Cape Blanco on the California Coast, being saved, is the opinion of Capt. M. Gove, master of the tug Sea Eagle which arrived in Seattle yesterday from San Francisco with the oil barge Erskine M. Phelps at tow.

Captain Gove said that he passed close to the wreck of the Sinaloa on his way up the Coast and that she is standing in an upright position in a high just inside Cape Blanco. The vessel is in a sheltered spot, according to Captain Gove, and will not be affected by northerly winds. He said that he felt sure that there was a good chance to save her.

The Erskine M. Phelps is owned and operated by the Union Oil Company and brought a cargo of oil to Seattle from the South. She was formerly a famous clipper ship plying in the over-seas trade.

DAMAGE TO PRINCESS MAQUINNA EXTENSIVE

Twenty-one plates, twelve of which will have to be replaced, were damaged as a result of the steamer Princess Maquinna touching an uncharted reef off the entrance to Kygnout Sound last Saturday. Part of the keel was also damaged. The principal injuries were sustained on the port side.

ORCHESTRAL MUSIC FOR G.T.P. PATRONS

Company Introduces Pleasing Feature in Connection With Summer Steamer Service

An acceptable and highly desirable innovation in the shape of an orchestra has been decided upon by the G. T. P. in connection with the operation of its summer tourist service to northern British Columbia and Alaska ports. Both the steamer Prince George and Prince Rupert will carry an orchestra of three pieces throughout the summer season. This is a departure that will be greatly appreciated by the many tourists patronizing the G. T. P. steamers plying on the scenic route to the Land of the Midnight Sun.

Orchestral music will be a regular feature aboard these steamers with the inauguration of the G. T. P. summer schedule which will go into effect on Monday next, when the steamer Prince George, Capt. D. Donald, will leave Seattle at 9.30 a. m., departing from Victoria at 2 p. m. for Vancouver, Prince Rupert, Ketchikan, Wrangell, Juneau and Skagway.

The steamer Prince Rupert, which left yesterday for Prince Rupert and Anxox, will return here on Tuesday night, proceeding at midnight to Seattle to take up the 9.30 a. m. run on June 27 for Victoria, Vancouver, Prince Rupert and Anxox. The following Monday the Prince Rupert will take the Skagway trip, and thereafter the two big boats will alternate on the Skagway and Anxox routes.

When the Prince Rupert left here yesterday she was under the temporary command of Capt. W. Morehouse, master of the steamer Prince Albert, who handed over the vessel to Capt. Duncan McKenzie at Vancouver. The Admiralty Court case arising out of the collision between the Prince Rupert and the tug Cleeve was on trial at Vancouver and Capt. McKenzie was detained there to give evidence.

The officers who have been signed on to serve with the Prince Rupert are: Capt. Duncan McKenzie, master; Rodrick McKenzie, first officer; M. McLean, second officer; J. O. Handy, chief engineer, who has changed over from the Prince George; D. H. Cochran, second engineer; Malcolm J. Woods, purser and John W. King, chief steward.

NEW C.P.R. SCHEDULE EFFECTIVE ON SUNDAY

Boat for Vancouver Will Leave Here at 3 p. m. Daily; Revised Train Service

Covering the regular summer service, the new time card of the C. P. R. will become effective on Sunday next. The only alteration affecting the Gulf Steamship service will be a change in the sailing time of the boat leaving here in the afternoon for Vancouver.

Commencing on Sunday the steamer Princess Victoria will sail from Belleville Street wharves at 2 p. m. instead of 2 p. m., which has been the sailing hour throughout the winter months. On the Seattle leg of the triangular service the boat will continue to leave here at 4.30 p. m. as usual. From Vancouver, two new trains, which will travel over the Soo Line to St. Paul, are the only additional trains to be put on the service, while there are slight changes in the schedules of the existing trains. Train No. 14 to St. Paul will leave Vancouver at 12.45 (1.45 p. m.) and train No. 15 from St. Paul will arrive at Vancouver at 9.25 a. m. daily. No. 724 for Seattle will leave during the summer at 5 a. m., and No. 723 will arrive at 12.55, No. 4 for Toronto will leave at 8.30, and No. 13 will arrive at 2.15. No. 2 for Montreal will depart at 20.30, which is the same as usual and No. 1 is scheduled to reach Vancouver at 8.00. No. 10 for Nelson, via the Kettle Valley route, will leave at 12.50, and No. 9 will arrive at 10.15.

ASK COMMISSION TO FIX UNIFORM PRICE FOR STEEL

Washington, June 22.—The Federal Trade Commission will be asked soon by President Denman, of the Emergency Fleet Corporation, to fix a uniform price for steel and steel products for all industries throughout the country.

The commission will be asked to name a fair price which will afford the producers a fair profit not only on steel but on pig iron, iron ore and every other material entering into the manufacture of steel.

The time used is Pacific Standard, for the 120th meridian west. It is counted from 24 hours from midnight to midnight. The figures for height serve to distinguish high water from low water. High tides occur in the table, the tide gauge or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, above the average level of lower low water.

Equivalents.—To find the depth of water on the sill of the dry dock at any tide, add 2.9 feet to the height of high water as above given.

THE TIME BALL

The time ball on the Belmont Building will be raised half-mast high at 12.45 p. m. to the top at 12.55 p. m., and will be dropped at 1 p. m. daily.

F. NAPIER-DENISON, Superintendent.

The Observatory,
Gonzales Heights

AGREEMENT REACHED ON TEA SHIPMENTS

Japanese Steamship Lines Will Carry 50,000 Tons Across Pacific This Season

Word was brought by the Japanese liner Tamba Maru, in port yesterday from the Orient, that an agreement has been reached between the shippers and transportation companies regarding the question of space rates and the time for the shipments of now-crop tea across the Pacific. Further negotiations, however, are going on in connection with the settlement of details.

The greater part of the tea shipments this season will be handled by the Nippon Yusen Kaisha, followed by the Osaka Shosen Kaisha and the Toyoko Kisen Kaisha. The N. Y. K. fleet will handle 18,700 tons at Shimizu and Yokohama and 2,070 tons at Yokkaichi and Kobe, total 20,770 tons; the O. S. K. fleet, 17,900 tons at Shimizu and Yokohama and 1,970 tons at Yokkaichi and Kobe, total 19,870 tons; the T. K. K. fleet, 8,600 tons at Shimizu and Yokohama and 960 tons at Yokkaichi and Kobe, total 9,560 tons. The grand total of tea shipments to be carried across the Pacific this season, therefore, will be 39,200 tons.

The Toyoko Kisen Kaisha, which operates a fleet of ships between Yokohama and San Francisco, has not made Yokkaichi a port of call for its trans-Pacific steamships hitherto.

The Tamba Maru carried a large consignment of tea in her cargo destined for the United States.

STRIKE DECLARED BY LONGSHOREMEN AT SEATTLE WHARF

Following the arrival of the Osaka Shosen Kaisha liner, Mania Maru at Seattle from the Orient, via Victoria, about eight longshoremen employed on the Chicago, Milwaukee & St. Paul pier, walked out at noon yesterday demanding an increase from 40 to 60 cents an hour to 55 and 75 cents an hour, for straight and overtime labor.

It was anticipated last night that the company would grant the new schedule. The liner, Mania Maru was discharging her cargo of raw silk and frozen eggs when the longshoremen decided to quit work.

About 200 cases of silk, the remainder of five carloads, was to be discharged when the walkout occurred. The frozen eggs were discharged by the ship's gear into slings and thence into tanks that were backed up to the ship's side, and the work of unloading was not interfered with.

Milwaukee officials claim that the trouble started with the inauguration of the schedule of 35 cents per hour for regular and 75 cents for overtime by the Seattle port commission.

It was predicted yesterday that it might be necessary to discharge the cargo from O. S. K. ships at the Milwaukee dock at Tacoma, where there are no industrial troubles.

LONG TRIP AHEAD OF GOVERNMENT DREDGE

Port Arthur, June 22.—When the dredge Quinquecenta leaves the Port Arthur drydock she will commence a 6,500-mile journey which will not be completed until Hudson's Bay is reached. The vessel is now having her anchor cranes and other parts removed in preparation for the trip.

The dredge was purchased this spring by the Canadian Government from the Canadian Dredging Company and will be used in dredging James Bay preparatory to it being used as a national harbor. It is expected the vessel will be at least one month in making the trip.

JOE BAYLEY HAS A FINE RING RECORD

Principals Preparing for Their Meets at the Willows Tomorrow Evening

Joe Bayley, the local boy who claims the lightweight championship of Canada, and who will endeavor to make good his claim in the ring at the Willows against Harry Anderson tomorrow evening has had a notable-fistic career.

Some of his most striking meets are the following: Bayley's Record: George Bright, won decision 4 rounds; Ernie Ricketts, won decision 4 rounds; Tommy Knuckton, won decision 4 rounds; Ernie Ricketts, won decision 4 rounds; George Bright, won decision 4 rounds; Freddy Johnson, won decision 4 rounds; Al Hatch, won K. O. 2 rounds; Joe Holland, won K. O. 1 round; Billy Hill, won K. O. 1 round; Ernie Barrietta, won K. O. 10 rounds; Mike Rafferty, won K. O. 3 rounds; Alex. Roman, won K. O. 4 rounds; Freddie White, won K. O. 2 rounds; Kid Maxwell, won K. O. 11 rounds; Tommy Maher, won K. O. 4 rounds; Oscar Nelson, won K. O. 2 rounds; Eddie Merino, won K. O. 8 rounds; Harry Lombard, won K. O. 5 rounds; Billy Lander, won K. O. 15 rounds; Billy Dorceusey, won K. O. 15 rounds; Pat Scott, won 20 rounds; Billy Allen, won decision 15 rounds; Billy Allen, won K. O. 3 rounds; Dick Hyland, draw 15 rounds; Tom Moore, no decision 15 rounds; Charlie Reilly, won decision 15 rounds; Frency Vaise, lost decision 15 rounds; Frency Vaise, draw 15 rounds; Johnny O'Leary, lost decision 15 rounds; Johnny O'Leary, draw 15 rounds; Jack White, won K. O. 9 rounds; Johnny O'Leary, draw 15 rounds; Frency Vaise, draw 15 rounds; Jimmy Welsh, won K. O. 3 rounds; Paul Welsh, draw 15 rounds; Willie Hooper, draw 4 rounds; Willie Robinson, won decision 4 rounds; Joe Azevedo, draw 10 rounds; Floyd Madden, lost decision 4 rounds; Jimmy Moore, won decision 18 rounds; Charlie Burns, won decision 20 rounds; Harry Anderson, no decision 4 rounds; Jimmy Clark, draw 15 rounds; Hector McDonald, won decision 15 rounds.

BASEBALL GOSSIP

Hal Chase, of the Reds, and Water Henkle, of the Giants, the two first sackers who batted their way to fame last season, are still first basing.

Perhaps the White Sox traveling uniforms, of brownish gray with black stripes, are responsible for the Rowlands success. One dash at the tug and the opposition loses heart for pasturing.

TENNIS TOURNAMENT GAMES ARE CONTINUED

Yesterday's more favorable weather conditions permitted the continuing of the games in the American handicap tournament now in progress at the courts of the Victoria Lawn Tennis Club.

At 5 o'clock—Mr. and Mrs. Fairbairn vs. Mrs. Ward and Palm.

At 5:30 o'clock—Miss Rickaby and Davis vs. Mrs. Ward and Palm. Mr. and Mrs. Leeming vs. Miss Harris and Brethour.

At 6 o'clock—Mrs. Rickaby and Davis vs. Miss Harris and Brethour. Miss Harlow and Servener vs. Mrs. Elliott and Terry.

At 6:30 o'clock—Mr. and Mrs. Leeming vs. Miss Harlow and Servener. Miss Harris and Brethour vs. Mrs. Ward and Palm.

ADDED ATTRACTION

An added attraction on the card of tomorrow's boxing tournament that will be staged at the Willows Camp will be a bout between J. C. Noble and A. Alexander.

As the season grows apace it becomes more apparent that the Giants have not got the copper-pivoted cinch for the pennant that many predicted for the McGraws at the beginning of the season.

BASEBALL RECORDS

Table with columns: League, Team, Won, Lost, Pct. Includes Northwestern League and Coast League records.

TITLE CLAIMANT

JOE BAYLEY Who will be seen at the Willows tomorrow night matched against Harry Anderson for the lightweight championship of Canada.

BEGINNER HAS MANY IMPRESSIONS ON GOLF

Knowledge of the Game Brings Respect in the Mind of the Participant

A fool game! Yes, this is the impression of every person who has not played the game, says Francis Guilmet. They wonder why people who, are supposed to be intelligent waste their time on the game of golf.

It is intensely interesting to see the manner in which some of these chaps go about hitting the ball. Nine of every ten, yes, even a far greater proportion, will grab that club like grim death, thinking that the harder they grip it the more power they can get into the shot.

Several National League teams have been angling for Max Carey, of the Pirates. The Pirates should be able to keep up their pace in the league race even should they allow Max to get away.

Clark Griffith recently confessed that he originated the century ball during his pitching days, some twenty years ago. Little by little the past life of the Old Fox is coming to light.

Honus Wagner day is to be celebrated at the Cubs' yard in Chicago on June 24. It is supposed to be the semi-centennial of Honus's first appearance in the Windy City as a big timer.

The Browns have had more hitters among the first dozen batsmen than any other American League team, but it hasn't helped the Jones's to break into real society.

If the Tigers can continue to produce the same brand of ball at home that they have furnished on the road, the Detroit crowd is going to prove troublesome before the end of the big show.

After all, hat miracle stuff seems to have been just another Boston fad and now thrown into the discard after a short-lived popularity.

Despite the lack of heavy hitters, the Phillies have held their own so far with the best in the National League. If the Phils don't hit a lick, it's still some job for their opponents to get by Moran's pitching staff.

As the season grows apace it becomes more apparent that the Giants have not got the copper-pivoted cinch for the pennant that many predicted for the McGraws at the beginning of the season.

GIANTS WIN IN THE FOURTEENTH INNING

Wild Battle Yesterday at Seattle Baseball Park Against Great Falls

It was a "bush" game in every sense of the word, that the Seattle Giants and Great Falls dished up yesterday; everyone of the fair crowd of fans who stayed until Bill Cunningham won it for Seattle in the fourteenth inning admitted that it was an exciting battle nevertheless.

For six innings the game ran along smoothly, with both clubs playing lightning baseball and both Bert Hall and Big Joe Dailey twirling excellent ball. And then the fun started. Hester's crowd got four runs off the tall youngster, and the Giants came back and tied it up again.

Ump Cusak had a wild-off afternoon of it. Cusak has pleased everybody with his work, but the big fellow had an off day yesterday. He called several bad ones, and it happened that the visitors got the worst of it.

While it was class Z ball much of the way after the sixth, a few pretty plays broke the monotony of hot-air squawks. Bill Leard's play on Kelly's blow in the ninth saved the game for Seattle. Leard chased the hit down past second base as in the days of yore and forced Boeckel at second in play which would have given the Great Falls boys the tally that would have won. Jack Goldie made a nice catch in left, while McArdle saved a Seattle score by a pretty stop at short.

Score table for Seattle vs. Great Falls. Columns: Player, A, B, R, H, E, O, A, E. Includes totals for both teams.

Summary: Two-base hits—Leard, Dailey, Kelly, Carman. Sacrifice hits—Carman, Goldie, Morse, Kelly, Byler, Hall. Sacrifice flies—Cheek, Murphy, Morse. Stolen bases—Carman, Morse, Hester, Messenger, Byler (2). Double plays—Leard to Morse to Gardner; Rojas to Strand. Struck out—By Hall, 8; by Dailey, 5; by Rojas, 4. Bases on balls—Off Hall, 4; off Dailey, 5; off Rojas, 0. Wild pitches—Hall, Rojas, Umpire—Cusak.

DENVER CLUB WOULD STAGE TITLE-MATCH

Eddie Pitts, Denver promoter, who under the auspices of the Colorado A. C. staged the Welsh-White fight last year, has wired an offer of a \$20,000 purse for a twenty-round bout to a decision between Benny Leonard and Johnny Kilbane, to be fought in Colorado Labor Day, it was announced yesterday.

MRS. LEROY AND MISS WALSH WIN AT TENNIS

Philadelphia, June 22.—Mrs. Robert Le Roy, of New York, and Miss Phyllis Walsh, of Philadelphia, defeated Mrs. K. S. Green and Miss Jacqueline Green, of Philadelphia, in the only semi-final doubles match of the women's national tennis tournament played yesterday.

NOTICE

Estate of Hussey Burgh George Macartney, Late of Chemainus, B. C., Deceased.

All persons having any claims against the Estate of the late Hussey Burgh George Macartney, who was killed in action on or about the 25th day of June, 1915, and whose will has been proved in the Supreme Court of British Columbia, Victoria Registry, are required to send particulars of their claims, duly verified, to the undersigned, on or before the 15th day of August, 1917, after which date the administratrix will distribute the assets, having regard only to the claims of which she then has notice.

Dated this 12th day of June, 1917. C. H. PULLEN, Solicitor for Administratrix, 410 Central Building, Victoria, B. C.

Where You Cannot Prophecy -PREPARE!

NOT even the best-informed man in government or business circles dares to attempt a prophecy of conditions after the war. We hope for the best—meantime wise men are preparing now for anything!

How? By regulating their expenditures according to their actual needs rather than by their prosperity—by husbanding the surplus—and by investing to the limit in Canadian War Loans that help so much to maintain present prosperity.

Money saved and loaned to Canada by Canadians is a two-fold safeguard for the future. The lenders will benefit directly from the excellent interest return and absolute security—and indirectly because the interest thus kept in Canada will help to keep business good after the war.

Canadian War Savings Certificates are issued in denominations of \$25, \$50 and \$100, repayable in three years. At the purchase prices of \$21.50, \$43 and \$86 respectively, they yield over 5% interest. Buy them at any Bank or Money Order Post Office.

The National Service Board of Canada, OTTAWA. 10

SAVE THAT BOTTLE We do not canvas from house to house bothering people, but leave it to you to call us when you have Bottles to sell. We are always at your service. The Returned Soldiers' Bottle Agency Is kept up by Bottles. Sell us what you have. BHONE 144 1313 BLANSHARD Hudson's Bay "Imperial" Lager Beer, quarts, \$2.78 per dozen.

It's a Long, Long Way to Success Unless You Use a Times Advertisement

Victoria Daily Times

ADVERTISING Phone No. 1090

Rates for Classified Advertisements

Situations Vacant, Situations Wanted, To Rent, Articles for Sale, Lost or Found, Business Cards, etc., 10c per word; insertion, three insertions, 2c per word; 4c per word per week; 50c per line per month.

No advertisement for less than 10c. No advertisement charged for less than one dollar.

In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.

Advertisers who so desire may have replies addressed to a box at The Times Office and forwarded to their private address. A charge of 10c is made for this service.

Birth notice, 50c; marriage notice, \$1.00; death notice, \$1.00; funeral notice, 50c, additional.

Classified advertisements may be telephoned to The Times Office, but such advertisements should afterwards be confirmed in writing. Office open from 9 a.m. to 5 p.m.

EXCHANGE—House, Esquimalt, for a good make car, property always ready.

ALTERNATIVE PLAN
HARBOR CROSSING

Aldermen Are Informed of Scheme to Meet Present Difficulties

There is a prospect that there will be a settlement of the Johnson Street bridge controversy in the near future. An alternative scheme has been suggested by the E. & N. Railway Company...

The city proposes to ascertain whether the government has provided for a right-of-way for the extension of Johnson Street to the western end of the bridge. It is appreciated that an archway would be necessary, and for that reason a trestle bridge to the existing railway trestle is suggested.

PUT OUT OF ACTION
DR. ADAM SHORTT POSSIBLY MAY COME

Premier Brewster this morning received a telegram from Dr. Adam Shortt, head of the Dominion Civil Service at Ottawa, stating that he is willing to come to investigate the transportation difficulties here, but the Dominion Government has not yet given its consent.

TELLS OF SPIRIT WITH WHICH FRANCE MET HUN DESPOILER

Miss Helen Stewart Gives Lecture for French Red Cross

Although she talked for an hour and a half and every sentence was interesting, Miss Helen Stewart, lately returned from a year in the Red Cross centers in France, admits that she could still tell much more.

She said that she had seen the horrors of war, the suffering of the people, and the courage of the French soldiers. She also mentioned the spirit of sacrifice and the love of country that she had witnessed.

VANCOUVER EDITOR SAYS STATES READY

D. A. Chalmers, of Westminster Review, Declares Americans Fully Awake

ONLY SON WOUNDED

Serg. T. M. Hickey Has Been Admitted to Canadian Hospital at Etaples.

Serg. T. M. Hickey, only son of Mr. and Mrs. P. Hickey, of 715 Fort Street, has been officially reported wounded in the latest casualty list, issued from Ottawa. No particulars regarding the actual extent of the injuries, however, were contained in the telegram received yesterday by the parents.

Serg. Hickey first enlisted as a private in Victoria with the Western Scots and after completing his training in this city proceeded first to England and then to the continent. When wounded he had been serving in France for a period of eleven months, the latter part of which time was spent as a sergeant with Warden's Warriors, to which unit he had transferred. The dispatch states that he has been admitted to the Canadian Hospital at Etaples.

Serg. Hickey, who is an only son, is 32 years of age and a native son. Prior to enlisting with the forces he was engaged in surveying work in the province.

Wonderfully Calm. "It is not the war feeling that one remembers about France. It is the wonderful calm," Miss Stewart noted at another point. She recalled that at Nancy it was not the store with the coolest rest-room or the best refreshments that was the most popular. It was the place with the best bomb-proof cellar. They use to see the distant airplanes high in the heavens. But these pale specks were not impressive. It was hard to associate them with the havoc-wreaking missiles that came to earth. And in so much of the country close to the lattleline the work of harvesting went on in the fields so peacefully that it needed almost the second glance to discover that the workers were old, old men and boys and women—a reminder that the war had not yet taken its toll.

Great Responsibility. "I do not know how France managed to adjust itself, how it found ways and means of caring for all the orphans, how it accommodated all that flood of working people driven from

TO BUILDERS

AUTOMOBILE TRAGEDY IS NARROWLY AVERTED

Back Tars Shot Out of Car on Steep Incline Near the Malahat

On the new road leading from the oldstream Hotel to the Malahat there is one of the steepest inclines to a tragedy last night. A heavy automobile, driven by Phil Burnett, with several passengers on a British war vessel, as his fellow passengers, commenced its headlong career down the steep sides of the road. The plunge, however, was short-lived since collision with a log pile caused the car to pitch onto its side, the top cover being literally torn off and shattered as it did so.

Simultaneously with the impact the occupants were unceremoniously deposited upon the hillside and despite the wild rumors of the death of one of the tars and serious injury to others, the only damage done was apparently to the car. All occupants escaped miraculously with nothing more than a rude jolt.

"FAIRFIELD" PARTY A GREAT SUCCESS

Red Cross Branch Makes Money for Funds at Delightful "At Home"

Any suspicion that interest in Red Cross parties was flagging would have been banished by a visit to the Dominion Hotel last evening, where nearly 200 people were present at the Fairfield Branch social. The recently decorated grill room of the hotel resounded under the favoring auspices of the event, the beautiful rooms having generously been offered to the branch for the occasion by Stephen Jones.

The card tables were arranged in the main dining room, prettily shaded with candles, carnations, and ferns adding to the general brightness of the picture. The recently altered and redecorated annex was utilized as a ballroom, the floor proving to be equal to any in the city for this purpose.

The program of delightful musical numbers was supplemented by a sailors' hornpipe danced by two party officers from the Rainbow, J. G. Longton, writer, and J. Keiley, E. E. W. who proved graceful and skilled. The vocalists in the set programme were Mrs. Harry Pooley, Mrs. H. Munsmuir, Mrs. H. Briggs, Miss Doris Bagshaw, Mrs. Rochfort, and Mr. Kelway, all of whom sang most acceptably.

Garden Party—James Bay Branch have been very busy all week making arrangements for the garden party which they are holding on Saturday from 3 to 10 p. m. at the home of Mrs. McGregor. The proceeds will go to help the comfort and kit-bag funds.

VICTORIANS OBJECT TO SUCH HIGH PRICE

Vancouver Got Cheaper Berries Than Local Consumers; Plenty Next Week

A flurry of excitement and dissatisfaction was caused in the city this morning when it was discovered that local-grown strawberries which were sold here through the Fruitgrowers' Association at \$5.50 a crate to wholesalers and \$6 to retailers while the same berries were being sold in Vancouver at as low as \$3.75 a crate.

An investigation into the cause of this was made this morning and the president of the Fruitgrowers' Association states that instructions were given not to break the price below the local figures during the first offerings in Vancouver, as the growers consider with the great expense of picking at the commencement of the season, they are worth \$5.50 a crate.

The local growers are looking to break into the export trade in the Seattle markets before the season closes, Washington berries being practically finished. While a few pickers have gone out to the strawberry plantations, there has hitherto been no general call on the women registered for employment. Children of school age will not be engaged till after the vacation begins in a week's time.

ALEXANDRA ROSE DAY

Ten Thousand Rose "Tags" Sent Out This Morning in Hands of Lady Collectors.

Ten thousand rose "tags" went out from the headquarters of Alexandra Rose Day during the forenoon to-day, and it is hoped that every one of these and whatever substitutes it will be possible to manufacture over and above will be sold by the time the last tagger comes in to-night. The "tag" is in aid of seven local charities, the Jubilee Hospital, W. A., the B. C. Protestant Orphanage, the Anti-Tuberculosis Society, the Victorian Order of Nurses, the Day Nursery, the Roman Catholic Societies, and the W. C. T. U. Refuge Home, and has been organized by the Municipal Chapter, I. O. O. E. Mrs. Rhodes is general convener.

WOUNDED IN HEAD

Private R. S. Little, of Garden City, Now in Canadian Hospital at Etaples.

Mrs. Janet Little, of Garden City, has been advised that her son, Private Robert Stark Little, serving with the Canadian forces in France, sustained a gunshot wound in the head while in action on June 3, and is now an inmate of the Canadian General Hospital at Etaples.

IN FLYING CORPS

Victorian Obtains Commission; Left Here With Signalling Column.

Second Lieut. W. H. Brown, eldest son of E. W. Brown, of this city, has now secured his commission in the Royal Flying Corps, and is attached to a reserve squadron stationed in England. He left here in September, 1914, with a detachment of Signallers, and five months ago obtained leave to transfer in order that he might qualify for the Flying Corps.

GENERAL MANAGER ISSUES STATEMENT

Strike Settlement a Temporary Expedient Pending Findings of Commission

POSITION OF VICTORIA SOMEWHAT OBSCURE

Everybody seems to be perfectly happy this morning. The cars are running. The polling is going slowly. Both sides are going to work. The public once more is able to do as it did a week ago. The businessmen are looking to the return of pre-strike activity. The ladies tagging are reaping the harvest of good feeling by reason of the strike settlement, with possibly a dash of election elation.

Company Makes Statement. When seen by a representative of The Times this morning Manager Goward declared himself greatly pleased that the inconvenience to the public had ceased. As to the official opinion of the strike, its progress and final settlement, he said he could do no better than to refer to the statement authorized for publication this morning by General Manager Kidd, which is reproduced below and is self-explanatory.

Mr. Goward, however, desired to point out that the attitude of the business men at Vancouver, referred to in the statement, was one of absolute unanimity that the jitneys had to be eliminated. He was present at that meeting and the feeling in the matter was intensely decisive for this course of action, since they realized the street car system was essential to their interests.

SPEAKS IN SEATTLE

Sergt. Major E. Manning Addresses Two Meetings in Behalf of American Red Cross.

Sergt. Major E. Manning, a son-in-law of Mrs. R. B. McMicking, of this city, and who holds the recruiting record for Canada, spoke twice in Seattle on Monday night on behalf of the Red Cross. Seattle is at present in the midst of a campaign to collect \$300,000 for this patriotic cause, and is enlisting all the experienced war-workers who chance to be staying in the city. Sergt. Major Manning gave short addresses at the Clemens Theatre at 7:30 o'clock and at the Moore Theatre at 8:40.

MR. ROOT ADDRESSES

RUSSIAN AUDIENCE

Tells Hearers States Going to Fight Till Democracy Made Safe

Petrograd, June 22.—Declaring that the United States is going to fight until the world is made safe for democracy, Ethiu Root, head of the American Mission to Russia, made his first public appearance here to-day. Mr. Root spoke to a large and enthusiastic Russian audience gathered under the auspices of the Russian-American Committee for an Industrial and Economic Rapprochement, recently organized. Several speeches voicing the appreciation of the coming of the American Mission were made by members of the society. Chief of these was that of N. A. Pokrovsky, president of the organization, who introduced Mr. Root.

Mr. Root outlined the causes which had induced the United States to enter the war. "Cheered, encouraged and made enthusiastic by the freedom won by Russia, who was to become our ally and friend, we entered the war," said Mr. Root, "and we are going to fight until the world is made safe for democracy—yours as well as ours—no overbearing military caste shall push you or us off the sidewalk." The speech was interpreted sentence by sentence and aroused the greatest interest, his peroration being loudly applauded.

AMERICAN SUBMARINE CHASER IS TESTED

Washington, June 22.—Preliminary reports from the New York Navy Yard on trials of the first of the 110-foot submarine chasers show satisfactory results in every respect. The hull was completed in a few weeks' time and the boat ran already has weathered her first test run without developing defects. The new patrol boat is equipped with triple screws driven by three gasoline engines. The majority of the thirty or more private firms building vessels of this type do not expect to deliver their first boats before October 1.

considerable had the company refused to resume its service until the commissioners report is completed. I said, continues Mr. Kidd, "that the company realized its duty to the public in connection with its wages bill, because ultimately the wages bill must be paid by the public through the fares they pay to the company."

"The position to-day, therefore, is that the company resumes its old service in competition with the jitneys, pending the results of the commission which will no doubt result in drastic changes in the present position of the transportation in Vancouver and surrounding districts."

Economic Basis Essential. "The conditions are so abnormal," Mr. Kidd proceeds, "regarding the labor situation, that abnormal expedients by the company with regard to its transportation system will also have to be adopted. It must of course be apparent that the transportation system must be placed on an economic basis, and one of the main factors in the costs of any street car company is necessarily wages. It is unfortunate that Vancouver has to pay so high a rate as that which has been granted to its employees, as this wage must necessarily be a determining factor in arriving at the extent of and revenue to be derived from the company's service."

In conclusion Mr. Kidd says that "the company relies on the good faith of the authorities and the public to see that whatever recommendations are made by the commissioner are given effect to by the authorities and the public."

MEN PLEASED

President Nock says that as far as the men are concerned there is a return to the pre-strike day round. A concert had been arranged last night, but the call of duty had come and the proceedings were dropped, all concerned being fully appreciative of the company's attitude in meeting their request. The telephone was kept busy, and despite the fact that news of settlement did not reach the city until half-past two, by six-thirty a full service was in operation, many of the men being at their post in "civies."

LITTLE INTEREST TAKEN IN VOTING

Less Than 1,500 Votes Polled Up to 2:30 o'Clock To-day

If the three meetings held during the week in support of the rival candidates earned the characteristic description of "lively," the same cannot be said of the polling to-day. Up to 2:30 this afternoon less than fifteen hundred votes had been cast, and at every polling booth there was an entire absence of enthusiasm.

Ones and twos are straggling into the booths with a look as if they were quite unconcerned about the issue. Significant, however, among the scrutineers are the representatives of the newly admitted electorate, so many as eleven being on duty at No. 3. Ward No. 3 could only boast of one hundred and seventy votes at the time stated above; No. 1 came next with 220; No. 2 with 254; No. 3 with 385; and No. 4 leading with 428. This is by no means half of the total votes polled up to the same hour on September 14 last and the general prospect, when the poll closes at seven o'clock to-night, is that less than five thousand votes will have been cast. Some estimates place the total at four thousand.

There is a lack of interest at the booths; those "on guard" representing both the Minister and Doctor Hall are alone in possession of the calm but wise look, each consoling the other of certainty of victory. Each side have the plum already pocketed. In the meantime cars are working hard for both sides rolling up the things that count—votes.

Of outstanding incident there has been little. One lady presented herself at No. 5; she was, however, not attempting to vote, but apprehensive lest her husband should be falling in his duty. Worthy of note is the fact that the secretary of the Board of Trade refused to cast his vote, Mr. Elworthy not falling in with the idea of having to sign his name.

BRILLIANT RECORD OF YOUNG AVIATOR

Nephew of E. W. Bishop, Oak Bay, Wins Military Cross, D. S. O. and Promotion

Information was received by E. W. Bishop, of Oak Bay Junction, yesterday to the effect that his nephew, Flight Commander W. Bishop, M. C., had been again honored by the award of the Distinguished Service Order for his brilliant work in the air. It is only a few weeks ago since this young aviator was awarded the Military Cross and advanced to the rank of Flight Commander.

Up till the time of winning that coveted distinction he had bagged no less than twelve enemy planes, and seven of these were accounted for by the young Canadian on Easter Sunday, during the vigilance carried out in the air by the British High Command, prior to the attack on Vimy Ridge.

The particular incident which earned for Flight Commander Bishop the D. S. O. is recorded in the official notification. While in a single seated aeroplane he attacked three enemy machines, two of which he brought down, although he himself was attacked by four other hostile machines.

The human hero from Owen Sound, is twenty-six years of age, and is a graduate of the Royal Military College at Kingston. He is a brother of Major Bishop, who also received his military training at Kingston. Mr. Bishop, of Oak Bay Junction, has seven nephews on the fring line in France.

ADMIRAL ADDRESSES

ST. ANN'S GRADUATES

Young Ladies Reminded to "Play the Game!" Many Witness Proceedings

"The great thing is to Play the Game. Be honest and truthful. Be generous one to another. Not only in games of amusement, but in the game of life play the game for its own sake and not for your own personal credit!"

Vice-Admiral Story, R.N., was addressing the girl graduates at the Commencement Exercises of St. Ann's Academy Wednesday night. Happiness was an elusive bird, he reminded them, and it needed a lot of salt to catch it. When all was said and done it would be found to be a thing within oneself, a thing best attainable by doing one's duty and doing it well. And one's duty—what was that? Toward one's neighbor it was, as he reminded them, playing the game. Toward God it was to obey the lessons they had there been taught by the Sisters of St. Ann. Those of them who were Catholics should not fear to show it always in their lives, openly. She who did so would be respected and honored.

Ht. Rev. Monsignor Leterme, V.G., presided in the absence of Bishop Macdonald, and presented the medals and diplomas. He it was who laid the crown of laurel on the brows of the valedictorian, Miss Freda M. Handford, who came forward and knelt before him while the little ceremony was carried out. Returning to the platform she read the valedictorian address, the subject of which, "Our Conquest and Our Pledge," was treated in an idealistic spirit. A basket of pink sweet peas and a sheaf of cream roses and maidenhair fern were afterwards presented to her, and classmates and Sisters as well as the Sister Superior to whom she had expressed particular gratitude, came forward at the end of the proceedings to congratulate her.

Medals Awarded.

Among the most interesting moments of the evening was that when the medals were being presented. Miss Irene Macdonell, who merited equally with A. Blanche Thomson, Lucille Duffy and Mildred Duffy the Governor-General's silver medal for observance of rule and politeness among resident senior pupils, was successful in drawing the coveted award. Several girls, Beulah Brown, Edith Lineham, Lillian B. Robson, Mona C. Archer, Norah C. F. Story, Adele G. Hamburger and Rhoda Bickie, merited the bronze medal presented by Their Excellencies the Duke and Duchess of Devonshire. Edith Lineham being lucky in winning the drawing. Lillian B. Robson won the gold medal for regular attendance among academic students.

The stage was beautifully decorated with broom and a delightful programme was given.

The following received testimonials

Bathing Caps

Our line comprises the latest styles and color combinations in many unique designs and a complete range of prices from 50 cents to \$1.50 each.

A pure rubber fitting cap for 50 cents.

Handford; commercial course, Geraldine Dickson, Kathleen Kurt-Smith, Rhoda Bickie, Mildred Duffy, Lucille Duffy, Zaiba Ormond and Gertrude Stokes; senior matriculation, Freda M. Handford; junior matriculation, Edith F. Lineham, J. Irene Macdonell and Beulah B. Brown.

Black as Dirt About the Eyes

Liver Was All Upset and There Was Pain Under the Shoulder-Blade—Two Interesting Letters

Toronto, Ont., June 22.—So many people suffer from ailments of the liver that we feel sure these two reports, just recently received, will prove interesting reading and valuable information to many readers of this paper.

Mrs. F. L. Harris, Kestley P. O., Sask., writes: "I was suffering from liver trouble—had a heavy pain under one shoulder blade all the time. My eyes were nearly black as dirt around the eyes, and I concluded to try some of Dr. Chase's Kidney-Liver Pills. I did so, and before I had taken one box the pain had left me and I commenced to gain in flesh, and by the time I had taken two boxes I was completely cured and felt like a new person. My trouble was caused by heavy work out-of-doors, and, of course, heavy eating and constipation. I would advise anyone suffering from kidney or liver trouble to give Dr. Chase's Pills a trial."

Mrs. Charles Terry, Tweed, Ont., writes: "Before I was married I was troubled with enlargement of the liver. My liver became so enlarged that you could detect the swellings on either side, and it was only with difficulty that I could get my clothes on. A friend advised me to get Dr. Chase's Kidney-Liver Pills and take them. I commenced this treatment, and used nine boxes, which cured me at that time. Then, about two or three years afterward I was troubled again, with the swelling, but only on my right side. I secured more Kidney-Liver Pills, and took them, which finally cured me. I have not been troubled in this way since. I can cheerfully recommend Dr. Chase's Kidney-Liver Pills to anyone having kidney or liver trouble."

"We have also found Dr. Chase's Liver and Turpentine excellent for coughs and colds. In fact, any of Dr. Chase's medicines which we have used have been good."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 2c. a box, 5 for \$1.00, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

Boxer vs. Fighter—Willows, Saturday, 9 p. m.

FINAL RALLY OF DR. ERNEST HALL

Hon. John Oliver Created Live-ly Diversion and Refuted Statements

DOCTOR ASKS WHERE THE OTHER \$2,500 WENT

With possibly the fair sex predominating, voters and non-voters who gathered in goodly numbers at the Alexandra Club Ball Room last night for the final rally of Dr. Ernest Hall, gave the impression that he was the candidate of their choice. It was largely confined to a series of refutations on the part of the doctor to the "villainous" attacks which he declared had been levelled at him the night previous. That he answered a number of the points in a manner befitting the atmosphere of the meeting was evident by the enthusiasm shown without stint on several occasions.

Honest John There.

Describing the campaign as one which had grown from puny state to full vigor of the "lick creation" variety, Chairman Joseph Patrick was more than optimistic concerning Dr. Hall's chances of election to-day. The formidable opposition, even, was by no means a discouragement to the forces working in support of Dr. Hall. The candidate himself was in fighting fit. There were times during his speech when the imperturbable Minister of Railways felt called upon to flash retort for stab.

As a protest against one volley of the doctor's, Hon. John Oliver rose to full height, the gentle hint from the independent candidate, that he had given fair hearing to the ministerial party on the previous evening, was sufficient to bring the veteran of Liberalism to his seat; the sword was thus sheathed and the doctor proceeded.

Many Points Touched.

Spirited passages on the subject of campaign funds, the Premier's sanction to the acceptance of the cheque, Hon. John Hart's attitude towards military duty, the B. C. Electric and a mysterious "nigger in the wood pile," the hints of other thousands, about which they would hear later, were all cleverly handled by the doctor with the proper and popular garnishings calculated to enthrall a sympathetic audience.

Corporation's "Benevolence."

Joseph Patrick could not conceive of any corporation consenting to a donation of \$2,500 without "strings." He wanted to know how long the B. C. Electric had gone in for the principles of a Benevolent Association. It made an honest man's blood boil, he declared. Then again the idea of honest John Oliver stating that he would not sit with Billy Bowser was repugnant to Mr. Patrick. They had thrown out one Government and would do so again. This was not Russia and the people were not slaves.

Good, honest government was all that concerned him. Liberals and Conservatives were nothing more than mere terms. "As I said last night, Dr. Hall will make a good watch dog and that is what we want across the Bay."

We want someone to watch John Oliver, and Laay it whether he is here or not," concluded the chairman. "I'm here alright," chirped Hon. John Oliver from the body of the hall amid roars of laughter.

"Slush" Fund.

After the subsidence of the cheering which greeted the doctor as he rose to address the gathering, he asked if it would not be possible to give a round for Hon. John Oliver. The audience was not greedy and a good resounding ring for the minister restored the general equilibrium and away went the doctor. It was, strange, he said, that what appeared to be a dishonorable thing for a Conservative government to do was a perfectly just course for Liberals to pursue, apparently alluding to the B. C. Electric contribution to the campaign funds.

He wondered whether another \$5,000 had been paid in to the Liberal "slush" fund, since the cars had commenced to roll. "I am glad that the Hon. John Hart was so frank about the matter. It saved me from bringing out a lot of more material. Remember, there is a 'nigger in the wood pile' somewhere, was the somewhat cryptic reference to the transportation company and a conspiracy against the jitney.

"Red Herring."

On the subject of the Alberti "deal" Doctor Hall denied that it was of his seeking. He declared that many prominent Liberals had gone to his office and had begged of him not to persist in the contest here. Schemes after schemes had been suggested to him to the accompaniment of honeyed phrases.

He described a third party to whom the Premier had suggested the possibility of his withdrawal from the Victoria contest and the trying of his luck at Newcastle. But this had been told in confidence and the Premier had violated that confidence. The doctor dismissed the incident of the "deal" by assuring his audience it had nothing to do with the issue, but was a "red herring across the trail."

Ashamed of Premier.

Passing on to the meeting at the Princess Theatre in support of the Minister of Finance, Doctor Hall swooped into a tirade against the Premier and the dignity of his exalted office. "If ever I was ashamed of a public man," exclaimed the doctor, "I was ashamed of the Premier last night."

Was it compatible with the dignity of the Premier of the province to attack

him as he had done last night? he queried of his auditors.

He desired to remove the least suspicion of an impression he might have left on his audience of Tuesday last that he had imputed personal dishonesty to Hon. John Hart. The Liberal machine and its component parts equally shared the guilt. It was not a question of personal use or advantage.

Selling of Bonds.

Still clinging to the belief that it was a five thousand dollar donation, Dr. Hall was curious to know where and to what the use "the other half" had been applied. Yielding to the temptation to have another "dig" at the Premier and his knowledge of the donation, from the Street Railway Company, the independent standard bearer told of the long distance telephone conversation between here and the mainland during which Hon. Mr. Brewster had sanctioned the acceptance of the cheque.

His reference to the matter here was intended as a contrast to the speech of the Premier, which he said he had himself heard, in which the honorable gentleman had declared with the full weight of his position and authority, that no cabinet minister, who had soiled his hands with corporation funds, could sit with him in the Executive Council. "I noticed the smile of Mr. Macdonald when he was being rebuked by the Premier. The late Attorney-General well knew that his chief's hands were likewise unclean. Macdonald was crucified for the sake of others who were equally guilty," protested Dr. Hall with enthusiasm.

Changed His Opinion.

He had endeavored that morning to convince the Premier that there was a difference between the private donation of a dollar or so and the large sums from corporate sources, no eggs or no strings, but he declared the Premier was not able to see eye to eye with him. "His consistency (you art a jewel)" wound up a particularly mixed tribute to the honesty and integrity of the first minister of the province.

He had wanted to see Mr. Brewster elected to power by reason of his strength of purpose and unflinching honesty. He regretted, however, that he had to change his mind now. The reference to the B. C. Electric incident ended in a demand from the doctor for an investigation into the books to see where "the other \$2,500" went "and possibly other thousands you may hear about later on" went to.

Strong Language.

"He is either a politician, a coward or a Hun," was the choicest reference which occurred to the doctor's mind as reflecting his opinion of the non-attendance of the Premier at the conscription meeting in Vancouver. Instead of making his position on the platform there he had remained behind with an almost full battery of cabinet ministers to fire shrapnel at a "brainstorm," the like of which he (Dr. Hall) had been dubbed at the Princess Theatre meeting. He felt it incumbent upon himself to apologize for the use of such terms, but the nature of the attacks he had made upon him, justified him in hitting out boldly.

Minister's Refutation.

Dr. Hall had not gone to the front because the doctor had told him he was too old. Hon. John Oliver had asked that, and yet he had several sons of military age who were not in uniform. "I am told that the Minister of Railways has a son studying medicine with two years' study behind him. He would be invaluable for Red Cross work. I am also told that Hon. John Oliver declared it was too expensive to educate his son to be shot." This was too much for the Hon. John, who flashed, "I never said any such thing," to which Dr. Hall replied that he had been told so.

Would Give \$1,000.

One thousand dollars would be the amount of the doctor's gift to the individual who could prove that he had charged a laboring man two months' wages for a ten-minute operation, still mindful of one part of the Hon. John Oliver's speech at the Princess Theatre. He had always stood for the nationalization of the medical profession. Ever ready was he to be put under a salary to continue his labors for the benefit of humanity. He loved his profession and his record would stand the light of day. He looked for a better state of things in British Columbia. The day was past when governments should be allowed to do the thinking for the people.

Mrs. Grant Speaks.

Mrs. Gordon Grant made an eloquent plea for support for the doctor. He stood for progression in its best sense. He was a fearless brave soul. She regretted that the women had not been given the opportunity to exercise their newly won franchise. It was not content with the pre-election platform plank of the Liberal party.

Jas. McEwan declared that it was not an issue between a Liberal and Conservative, but a question as to the man who would serve the people best. The return of Dr. Ernest Hall did not mean the defeat of the Government. It meant a beneficial dilution of the partisan majority. If Victoria elected Mr. Hart it would go on record as condoning the Premier's action in calling a man into his cabinet when there were vacant places for able-bodied men in the trenches.

Mrs. Ackroyd wanted a telegram sent to the Government to postpone the election until the women could vote, which resolved itself into a protest from the meeting against the hurried election.

Art Embroidery Class for Children To-morrow Morning, 9.30 Till 11.30

MANUAL TRAINING EXHIBIT AT SCHOOL

Excellent Display of Models Made by Pupils Shown to Visitors Yesterday

It is a bare statement of fact to say that the exhibition of models which was held yesterday by the pupils of the manual training classes of the Boys' Central School was a revelation to those parents and friends who paid a visit to the school during the afternoon or evening. The all-round ability of these youthful handers of tools to determine on a particular style of model, to plan and to draft their rough boards into models that stand as examples of flawless workmanship in many cases, is certainly to be complimented most heartily.

On entering the room containing the exhibits it was at first hard for the visitor to realize that the models that were arranged before him were the results of the efforts of young school boys. So perfect indeed were many of the articles that one would be inclined to question whether it were really possible for lads of fourteen years and thereabouts to accomplish the work.

Such, however, has been the case and it speaks well for the individuality and skill of the boys as well as for the capable personal directorship of the instructors, Messrs. Ansty and Ball.

The manual training course as planned for the scholars requires that during the first term the boys follow a series of models in order that they may become proficient in the use of tools. In the second year an advanced stage along the same lines is continued, and by the third session the selection of individual work is permitted all who have shown any marked degree of proficiency. In this branching out into this class of more independent work the pupil first selects from a catalogue of models one which suits him and after consulting his instructor to have his selection approved he proceeds to draft his plan and elevation to a scale. When this is completed the actual work on the model itself is commenced.

The results from this class, as shown by the exhibition, have been most satisfactory and Supervisor Binns may justly feel pride in the work that the students of this department have accomplished.

Another exhibit is being held to-day at the George Jay School.

Morse and Wireless Telegraphists are in great demand. Superior Schools Government Street.
