A STRIKE TIES UP GERMAN POTASH MINES

Magdeburg, Germany, Aug. 6.—Via London, Aug. 7.—(Associated Press).—A general strike has begun in the potash mines throughout the Stassfurt district because of terrorization by a few radical elements who threatened to cut off the needed electric current. When this threat failed they promised to plunge empty cars into the shafts and to cut the cables letting them down and up. This so frightened willing workers that they joined the general strike, which was inaugurated everywhere in the district by the use of the same methods. The strike is almost as important as the uprisings in the coal regions, for potash is one of Germany's few remaining raw products which is utilized for export and for fertilizing purposes.

WIRELESS MESSAGES THROUGH EARTH AND WATER A DISCOVERY

San Diego, Cal., Aug. 7.—As a result of discoveries at a little experimental station on a barge unnotified for the past two months in San Diego Bay, radiography will be revolutionized by transmission through the earth and water, instead of the air, according to an announcement made here by Lieut. R. A. Morton, of the navy radio laboratory at Mare Island, who has conducted the experiments.

LIBERALS EXPRESS LOYALTY TO KING

And Attachment to Empire; Ottawa Convention Also Praises Soldiers

Ottawa, Aug. 7.—The following resolution moved by Senator Bostock and seconded by Mr. McMillan, who was Liberal candidate in South Huron, Ontario, at the last election, was unanimously carried, the delegates all arising and signing the National Anthem: "This Convention desires to place on record its devotion to the person and office of His Gracious Majesty King George V., and its appreciation of his untiring efforts during the war in promoting harmony throughout his Dominions, and also its unalterable attachment to the British Empire and to our own beloved Canada."

Canada's Army. "And this Convention further desires to place on record its gratitude to the valiant Canadian army for its splendid share in the great victory which brought the blessings of peace to the world. In the desperate struggle between the forces of autocracy and democracy our gallant soldiers covered themselves with glory by their courage and devotion to duty and earned the undying gratitude of all Canadians and made the name of Canada an inspiration for future generations."

Senator Bostock, in moving the resolution, said that the Canadian soldiers had gained a name that would go down in history as one of the greatest examples of courage and patriotism that had ever been recorded in this world. Their record, he said, was one that would redound to their credit for all time to come.

Premier Stewart. Hon. Charles Stewart, Premier of Alberta, was called upon by Chairman Murray to give an address. He said that he hoped that the deliberations of the Convention would result in benefit to the country.

In speaking for the prairie he said that he did not come in a spirit of opposition. It had often been urged by the East that the prairie men were so radical that it was impossible to negotiate with them. He said that was not the case this time. The prairie men came in a spirit of "get together." The prairie men would come East as far as possible if the people of the East would make an attempt to go West to meet them.

AMERICANS INVITE FUCH

New York, Aug. 7.—Marshal Foch will be invited to attend the first national convention of the American Legion, to be held in Minneapolis on November 10, 11 and 12, it was announced at the national headquarters here last night.

DEATH REPORTED.

An old offender that hung on for years. Nothing touched his stony heart but Putnam's Corn Extractor, and out he came, root, stem and branch. All corn cured just as quickly when Putnam's is used; try it, 25c. at all dealers.

CONVENTION OF LIBERALS DECLARES FOR DUTY-FREE FOOD AND FARM MACHINES

Also for Duty-Free Mining, Flour and Sawmill Machinery, Fishermen's Equipment, Cement and Fertilizers—For Fifty Per Cent. Cut in Duties on Wearing Apparel and Footwear and Increase of British Preference to Fifty Per Cent. of General Tariff

Ottawa, Aug. 7.—The National Liberal Convention last night passed the following resolution: "That the best interests of Canada demand that a substantial reduction of the burden of customs taxation be made with a view to the accomplishing of two purposes of the highest importance: "First, diminishing the very high cost of living, which presses so severely on the masses of the people; "Second, reducing the cost of the instruments of production in the industries based on the natural resources of the Dominion, the vigorous development of which is essential to the progress and prosperity of our country."

"That in order to bring about the foregoing objects, the Liberal Party pledges itself on receiving the endorsement of the electors to enact legislation: "1.—Placing on the free list, wheat flour and all products of wheat; the principal articles of food; farm implements and machinery; farm tractors, mining, flour and sawmill machinery and repair parts thereof; rough and partly-dressed lumber; illuminating, lubricating and fuel oils; nets, twines and fishermen's equipment; cements and fertilizers."

"2.—Diminishing the tariff in order to extract a reduction of at least fifty per cent. in the duties on wearing apparel and footwear, and raw materials entering into the production thereof. "3.—Increasing the British preference to fifty per cent. of the general tariff."

Oliver Amendment. The resolution, which was submitted by Hon. George Langley, of Saskatchewan, seconded by Hon. P. J. Veniot, of New Brunswick, was objected to by Hon. John Oliver, Premier of British Columbia, who moved an amendment. Mr. Oliver would have struck out the paragraphs of the resolution designating certain articles of production which should be placed on the free list and recommending a downward revision of the tariff on wearing apparel, boots and shoes, etc. No objection was made by Mr. Oliver to a proposal to increase the British preference to fifty per cent. of the general tariff.

Wider Scheme. Mr. Oliver's objection to the proposition was that it should be wider in its application, and he suggested by way of amendment the proposal that all necessities of life, together with all tools, implements and machinery necessary for the development of natural resources, should be made free of customs duties. Mr. Oliver declared the resolution as drafted to be class legislation and not a square deal, describing it as a "get-by proposition."

Cost of Living. The cost of living was a great question agitating the minds of the people, said Premier Oliver. The only way to meet this problem was to put the necessary articles of life on the free list and to relieve them from the burden of taxation. The principal of removing the burden of taxation from the necessities of life was beneficial to every class of the community, to the laboring man and farmer and every other man, and such would not be class legislation nor sectional legislation.

"If we were to do this, we would only be putting food products on the free list, but it was necessary to develop the whole of Canada's resources. The resolutions committee would furnish a weapon of attack to the opponents of the Liberal Party. "It would tie my hands behind my back," Mr. Oliver declared, and it also would tie the hands of a great majority of the Liberals' candidates in the next election.

Supported by Women. Miss H. E. Petrie, of Hamilton, seconding the amendment, said that until the whole question had been gone into it was not safe to deal with any specific items.

James A. Fraser, of New Glasgow, introduced an amendment to the amendment, seconded by Mr. Whitman, of Stellarton. His amendment was that the first three clauses in the original resolution, "and all of the amendment that does not jibe with this one, be struck out."

The Fraser amendment provided for the removal of the duty from manure, kerosene, fuel and raw materials, for the production of revenue largely by a direct tax on land values, by a graduated tax on all incomes of more than \$3,000, a tax on company profits of more than ten per cent. and by a graduated inheritance tax on all estates of more than \$15,000.

The Fraser amendment was declared out of order by the chairman on the ground that it contained matter extraneous to the subject under discussion. Supported by Mr. Oliver. Kirk Cameron, of Montreal, supported the Fraser amendment. He stated that his chief objection to the resolution was that it was too specific. He thought it had political management to specify the lines upon which reductions would be made.

Truth Wanted. A. R. McIsaac, the framer of the original resolution, disagreed with the contention that it should not be specific in its declarations. The people of Canada, he said, wanted the truth, not generalities. As far as political strategy went, the Canadian people were sick, tired and nauseated with political strategy. What they wanted was some method whereby the high cost of living would be reduced, production increased and combines and trusts, which eliminated competition, controlled.

The Oliver amendment was submitted and declared lost. The tariff resolution then was carried on a show of hands.

By Women. For the first time in the history of Federal political conventions, women delegates championed a cause and secured the adoption of a resolution. This honor fell to Miss Armstrong, of London, Ontario, and Miss Petrie, of Hamilton, who respectively moved and seconded a resolution declaring it to be necessary to secure the franchise for women in order to improve the standard of Canadian citizenship. The ladies were accorded an enthusiastic reception by the delegates.

### EXCESSIVE PROFITS IN THE SHOE TRADE

#### United States Federal Trade Commission Makes Declara- tion in Report

Washington, Aug. 7.—The Federal Trade Commission's report on its investigation of the shoe industry in the United States, made public yesterday afternoon after presentation to Attorney-General Palmer, charges that the high prices of shoes have resulted from excessive profits taken by every factor in the trade. The packers, tanners, manufacturers and retailers all share in the blame.

**Packers.**  
The history of all the United States Government's anti-trust prosecutions in twenty-five years does not show a single individual ever serving a jail sentence for a violation. There is evidence, however, that the Government hopes for some in its present campaign in which the Armour, Swift, Morris, Wilson and Cudahy meat packing concerns are to be hauled before the fed-

eral courts. The companies have been pictured in the investigation of the Federal Trade Commission and before Congressional committees as a combination in control of food products.

The Attorney-General pointed out yesterday that all of the war-time laws governing production and distribution of foodstuffs still were in force, and that they would be used to the fullest extent. The conditions confronting the country now, he said, are properly classed as resulting from the war, and are a part of war conditions.

**A Defence.**  
Testifying before a Senate committee investigating living conditions in the District of Columbia, Thomas E. Wilson, president of Wilson & Company, and chairman of the Institute of American Meat Packers, declared that the packers were not profiteering. The high cost of living, he told the committee, was a world problem, and not local. "The world is on a holiday and people are spending money like drunken sailors without producing," he added.

**Big Merger.**  
New York, Aug. 7.—The United States Food Products Corporation announced yesterday that it had purchased the Sugar Products Company, the Pure Cane Molasses Company of the United States, the Pure Cane Molasses Co. of Canada, the British Molasses Company of Great Britain and the Treas Company, Ltd., of Great Britain. The entire purchase price was said to have been paid in cash. The United States Food Products Corporation was formerly the Distillers Securities Corporation.

### MORE EVIDENCE HEARD AT WINNIPEG

#### Preliminary Hearing of Leaders of Recent Strike Proceeds

Winnipeg, Aug. 7.—Direct evidence that the city police of Winnipeg stood by and watched the strikers on the first day of the strike while they deliberately maltreated citizens on their way to work, trespassed and destroyed property, was given at the preliminary trial of eight strike leaders here yesterday afternoon by A. A. Riley, of the Canada Bread Company.

Denial that the Citizens' Committee of 1900 was a "capitalist concern," and that it was formed for any other purpose than endeavoring to continue the operation of public utilities during the strike, was tendered by Edward Parnell, of the Speers-Barnell Baking Company. Sandy Cuthbert, of the City Street Commissioner's department, also told of threats that had been made if he did not quit work. He stated that one of the strikers, an Australian, and a former employee of this department, had threatened to kill him. A. A. Riley, manager of the Canada

Bread Company, gave evidence that he had no notice of the strike until about 2:30 p. m., the first day of the strike. That evening, said the witness, an organized gang, two truck-loads of "strong-arm men," came from downtown under the leadership of a man named Winters, who witness believed was organizer for the carpenters. These men forcibly entered the building, shut off the machinery and prevented the men from working.

"In response to a call for aid, a police officer came," said witness, "and as we entered the building Winters came out."

"Speaking to the officer, he said, 'We've cleared the last grab out. The policeman replied: 'That's fine.'"

"Turning to the policeman, I said: 'This is pretty tough luck. They've done some damage, and he replied: 'I know, but the people are not going to stand for your business to be carried on like this, you know.'"

George Houghton, of Houghton & Phillips, oil distributors, gave evidence of the use of orders issued by the Strike Committee for the purchase of gasoline. "This entitles the bearer to six gallons of gasoline," (signed) Winnipeg Trades and Labor Council, per M. M., was the reading of the order.

William McLaren said that he had been obliged to stop delivering papers in the North End owing to threats by a mob, headed by a foreigner, that if he continued his work he "would be torn to pieces," and A. Taylor, a returned soldier who secured employment with the city health department during the strike, was forced, he stated, because of threats, to quit work and ask aid from the returned soldiers' relief committee.

### CONTRACTOR SAYS HE SPENT MANY A DOLLAR IN VAIN

#### William Grant Found Nothing to Help Him Until He Took Tanlac; Is in Pink of Health Now

"Well, I don't know what it is; but there's something about this Tanlac that certainly does the work," said William Grant, a well-known contractor, living at 1869 46th Avenue, East, Vancouver, recently.

"For the past year," he continued, "I have certainly gone through a world of suffering on account of my stomach, and have spent many a dollar trying to find something to help me. My appetite was not very good, and my stomach so upset that I hardly ate enough to keep soul and body together. My food would invariably sour and feel like lead in my stomach. The gas caused by this undigested food would often press on my heart and bring on spells of palpitation that made breathing difficult. I was constantly belching up this sour gas, and would blow until I was so miserable that I would have to unbutton my vest. I would have headache for hours at a time, and some days my back ached so bad I couldn't stoop over. My nerves were so shattered I couldn't get a good night's sleep, and I would get up mornings all tired out and feeling unfit for anything."

"But since taking Tanlac I have an entirely different story to tell, for I'm feeling simply fine. Meal time comes too slow for me now, and I thoroughly enjoy everything I eat, for my food digests perfectly and my stomach never troubles me the least bit. I never have a headache nor a pain in my back, and I am getting good, sound, sleep every night for my nerves are in splendid shape. In fact, I am just in the pink of health now, and there's nothing too good to say for a medicine that will do what Tanlac has done for me."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Advt.

year were compiled and announced yesterday.

No fewer than 8,347 compensatable claims reached the Board between January 1 and June 30, and of this number 8,019 cases have been finally settled.

A large number of accidents resulted fatally, the number of deaths being 169. Of this number, however, only eighty-two actually lost their lives this year. The other eighty-seven deaths were of persons who were killed late last year, of which the claims did not reach the Board until early this year.

There has been disbursed each month this year in the way of pensions for dependents of deceased workmen and for payment to those

permanently injured, approximately \$11,500. In addition to this there has been spent \$170,000 for medical attention.

#### FOUR-YEAR SENTENCE

Montreal, Aug. 7.—Four years in the penitentiary was the sentence imposed yesterday by Judge Cousin on Bernard Garner, who was arrested a few days ago charged with forgery and passing bad cheques. Garner was shown to be a ticket-of-leave man who had broken his parole. He was convicted of forgery in Winnipeg in 1910 and sentenced to ten years in Stony Mountain penitentiary, and after serving four years was released on parole.

**FREE THIS WEEK ONLY**  
At the Stores Named Below  
A 10-Day Tube of Pepsodent

## Science Saves Teeth By Applying a Digestant Nowadays

All Statements Approved by High Dental Authorities

### That Slimy Film Is What Wrecks Teeth

Millions of people who brush teeth daily find that they still discolor, still decay. Tartar forms, and pyorrhea often gets a start. Every few weeks a dental cleaning becomes necessary.

Statistics show that tooth troubles have been constantly increasing, despite the wide use of the tooth brush.

Science finds the reason in a film. That slimy film which you feel with your tongue causes most tooth troubles.

That is what discolors—not your teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. The dental name for this film is "bacterial plaque." Those germs, with tartar, are the chief cause of pyorrhea. They also lead to other serious troubles.

That film clings to the teeth. It gets into crevices, hardens and stays. The ordinary dentifrice cannot dissolve it. Soapy tooth pastes even help to make it cling.

That is why the tooth brush has proved disappointing. It removed food debris, and the teeth seemed clean. But the great tooth destroyer—which is film—was left to do its damage.

Now dental science has evolved an efficient film combatant. Clinical tests under able authorities have proved this fact beyond question. Now the method is embodied in a dentifrice called Pepsodent, and leading dentists everywhere are urging its adoption.

To hasten this we are supplying this 10-Day Tube for home tests.

### See for Yourself What This New Way Does

Pepsodent will prove itself to anyone who tries it. So we supply this 10-Day Test Tube free. And we urge you to try it, for your sake and your children's sake, and see for yourself what it does.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to day by day combat it.

Pepsin long seemed impossible. It must be activated, and the usual method is an acid, harmful to the teeth. But dental science has evolved a harmless activating method. Five governments have already granted patents. In the opinion of experts, that method—used in Pepsodent—will bring about a dental revolution.

To avoid mistake, able authorities have submitted Pepsodent to many careful tests. They have watched the results in thousands of cases, and watched them for years in some.

Now the time has come when everyone should know it, and at once. So we have supplied free 10-Day Tubes to the stores named below. And we urge every household to get one there this week.

Use it like any tooth paste and watch results. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten—how they glisten—as the fixed film disappears.

Just let it prove itself. Judge it by the clear results, and by the reason for them.

Then decide for yourself what filmless teeth will mean to you, and if Pepsodent insures them. This test is most important to you.

Cut out the coupon now.

### Put a Little In Your Porridge

This is another of Mrs. Hall's ideas and a very good one it is.

She says: "When the porridge is ready for the table, stir in about five tablespoons of Pacific Milk. Beat it well for a few minutes and serve."

This is for porridge for four people.

It makes it delightfully smooth and rich tasting.

THE DAILY TIMES
Published every afternoon (except Sunday) by THE TIMES PRINTING & PUBLISHING COMPANY LIMITED

THE TARIFF RESOLUTION.
Notwithstanding Premier Oliver's objection that it does not go far enough, the tariff resolution adopted by the Liberal Convention at Ottawa yesterday provides for a material revision of the country's fiscal policy.

The resolution adopted yesterday recommends the removal of customs duties from the principal articles of food, farm implements and machinery, mining and saw mill machinery, fishing implements and other materials and commodities required for the development of Canada's basic resources and for consumption by the people.

Mr. Oliver's objection has much to commend it. For example, in regard to clothing and footwear the resolution with some vagueness recommends a "revision downward and substantial reduction" of the tariff on these commodities.

All this, no doubt, is rank heresy to the guardians of special privilege, who present the phenomenon of continuing to urge the maintenance of a protective tariff on the necessities of life and the buttressing of special privilege at a time when both the cost of these things and the profits on them have reached a height they never have attained before.

The provision of the resolution for the increase of the British preference to fifty per cent. will find general favor. This would be a great stimulus to trade between Great Britain and Canada and would be a decided advantage to the Canadian consumer.

It may be taken for granted that Brigadier-General Odium knew whereof he spoke when he stated in an interview the other day that Lieut.-Gen. Sir Arthur Currie would remain in a technical position in the military forces of Canada.

Before talking to his interviewer about himself, however, Brigadier-General Odium made reference to the work of his chief and took the opportunity to pay a splendid tribute to the Canadian Corps Commander.

British Columbia will congratulate Brigadier-General Odium upon his safe return after a brilliant record of service for his country. This officer may take unto himself a large measure of satisfaction as the originator of a mode of trench warfare which did so much to wear down the German armies near to the point of exhaustion.

Brigadier-General Odium's observations about

his future, however, are eloquent of the manner in which he measures Canadianism. He said: "I have told the authorities at Ottawa that I am going to ask for nothing, that I am not going to ask them to take care of me now that I have returned. I have come back, physically fit, as you can see, and mentally able to look after myself, and I am going to make my own way in civil life again."

P. G. E. EXTENSION.

One of the natural developments in connection with any additional extension of the Pacific Great Eastern Railway system will be a link with the two trans-continental lines at Ashcroft. It may be some time before the project can take tangible shape; but the Provincial Department of Railways will not go far wrong in its plans to obtain at once the best possible location for the ultimate grade.

It is problematical, of course, whether the railway policy of the Province and the financial grant of the Legislature at its next session will be confined to construction further towards the Peace River district, or whether it will be possible to obtain authority to connect the southern section of the road with the C. P. R. and the C. N. R. by building the thirty odd miles from Clinton to Ashcroft.

ANOTHER LEGAL VICTORY.

It was held in the courts of this Province that the Workmen's Compensation Act had no application to accidents occurring outside the territorial waters of British Columbia. The Sophia disaster was the particular case in point and through the Attorney-General's appeal to the Privy Council an extremely important decision has been given in favor of the Province.

The foundering of the ill-fated steamship at the entrance to Lynn Canal caused the loss of forty members of her crew, in addition to three hundred passengers, the dependents of whom filed claims under the Provincial Statute. The Canadian Pacific Railway Company applied for and was granted an injunction restraining the Compensation Board from paying the awards, agreeing afterwards, however, that payments could be made—to prevent loss and suffering to the dependents during the period of litigation—until the status of the Board had been definitely settled.

One of the most important facts established by the decision of the Privy Council, however, is that the Provincial Legislature has the right to legislate to cover accidents occurring to British Columbia-employed workmen outside the territorial limits of the Province. In referring to the question in the House in February last Mr. Farris held this view, and contended that the British Columbia Workmen's Compensation Act covered the contingency in point. He is to be congratulated upon his successful appeal to the highest court of the Empire.

HONOR FOR MR. LLOYD GEORGE.

No doubt the British Prime Minister could have had any honor within the gift of the sovereign had he chosen to name it. From the very moment that honors for war service came to be considered seriously, however, Mr. Lloyd George resolutely refused to consider himself as a possibility for distinction, or at least distinction of a character that would have been out of harmony with his well known democratic ideas.

His Majesty, therefore, has dignified his Prime Minister with perhaps the most coveted honor the King can bestow. The Order of Merit is a rare distinction, although Mr. Lloyd George will doubtless regard the simple, personal and very intimate message contained in His Majesty's letter as adequate compensation for his services to the Empire.

THE NEW NAVIES.

The gradual withdrawal of ships from distant stations some years ago has made it possible for us to welcome them back—we hope permanently—to-day. If anything has been proved by the war it is that British safety lies on the sea—not only the safety of the British Isles, but the safety of the British Empire—and in the future we may expect to see Britain's naval strength maintained at a standard which the scattered nature of her possessions requires. It is to the Dominions Overseas that appeal must be made to continue the good work, so happily started, of providing Navies which can do for them in the hour of peril what the Grand Fleet has done for Britain, the Empire and the world.

HUMOR OF THE COUNTRY.

A Sussex farmer espying a lusty young man standing idle in the market place, thus accosted him: "Do you want a job, sonny?" "Ah, that I do," came the answer. "Well, I've a heap of manure yonder I want shifted; will that suit you?" "No—a, I couldn't do that." "Why not? You are a lazy beggar." "Maybe; I'd rather be called that than feel tired!"

VAIN EFFORT.

Attorney-General Gregory at a dinner recently remarked: "Bored are always talkative. There is no such thing as a silent bore. One of the lik once said to me at a party: 'Jones isn't very polite. He yawned three times while I was talking to him yesterday.' 'But maybe he wasn't yawning,' I protested. 'Perhaps he was trying to say something.'"

STOOD OUTSIDE AND WISDOM IS PROVED. Graham Says His Refusal to Join Borden Cabinet His Best Move. Ottawa, Aug. 7.—Hon. George P. Graham, addressing the National Liberal Convention last evening, made a strong plea for tolerance, declaring that bigotry had caused the defeat of the Liberal Party in 1911.

ROYAL BULLETINS. M. Clemenceau's way of assisting his physicians in drawing up his own bulletins is one of the privileges of great personages. Kings and eminent Ministers have generally claimed a right to know what was being said about them. William IV, perhaps went farther than most, for he actually dictated the bulletins, at least in the earlier stages of his last illness, and would not allow anything else to be published. Queen Victoria was disinclined to allow anything of a too disquieting nature to appear, and King Edward is believed to have gone through the bulletins which preceded his death with some care and a touch of masterfulness.—Tit-Bits.

A STATEMENT ON SHANTUNG SCHEME. Wilson Tells of Japanese Delegates' Promise Regarding Area. Washington, Aug. 7.—President Wilson, through the State Department, made public the following statement about the Shantung question: "The Government of the United States has noted with the greatest interest the frank statement made by Viscount Uchida with regard to Japan's future policy respecting Shantung. The statement ought to serve to remove many of the misunderstandings which had begun to accumulate about this question. But there are references in the statement to an agreement entered into between Japan and China in 1915, which might be misleading if not commented upon in the light of what occurred in Paris when the clauses of the treaty affecting Shantung were under discussion. I, therefore, take the liberty of supplementing Viscount Uchida's statement with the following: "At the conference of April 30 last, where this matter was brought to a conclusion among the heads of the principal Allied and Associated Powers, the Japanese delegates, Baron Makino and Viscount Uchida, in reply to a question put by myself, declared that: 'The policy of Japan is to hand back the Shantung Peninsula in full sovereignty, retaining only the economic privileges granted to Germany and the right to establish a settlement under the usual conditions at Tsing Tau.'"

ORDER OF MERIT FOR MR. LLOYD GEORGE. King Honors Prime Minister For Services in the War. London, Aug. 7.—King George has conferred upon Mr. Lloyd George the Order of Merit as a sign of his appreciation of the Prime Minister's war services. In a letter to the Prime Minister, dated Buckingham Palace, August 5, announcing the award, the King said: "My Dear Prime Minister: Honors and rewards to officers of the army, navy and air forces having been submitted to Parliament, I feel that my people will share with me regret that it is not possible to express the nation's grateful recognition of the persistent services rendered by the Prime Minister, both in carrying the war to a victorious end and in securing an honorable peace. To rectify somewhat this omission, and personally to mark my high appreciation of these services, it gives me great pleasure to confer upon you the Order of Merit. Believe me, Yours very sincerely, GEORGE R. I."

We've Got the Blues! Not the ones that make one feel sad and depressed, but the Edison Blue Amberol Records which put life and pep into your home and your life, and give you music which can be enjoyed by all. A household that possesses an Edison Amberola and a good selection of Blue Amberol Records never has the blues in it. This sounds like a paradox, but it's true just the same. Amberolas at \$62.00, and Blue Amberol Records, playing four minutes and indestructible, at 90 cents each. "No Needles to Change" KENT'S EDISON STORE 1004 Government Street Phone 3449

TWENTY-FIVE YEARS AGO TO-DAY. Victoria Times, August 7, 1894. The steamer Maude returned from Alberni last night. She brought the first shipment of brown wrapping paper from the new mill. This week the company will make Manila paper, and the next week white paper. A meeting of the Liberal Association will be held on Friday evening. The Association will discuss the question of tendering a reception to Hon. Wilfrid Laurier, the Liberal Leader, during his visit here. It is probable that Mr. Laurier will address a public meeting in the city. Lord and Lady Randolph Churchill will arrive from Vancouver this evening. A REPORT TO FRENCH CHAMBER ON TREATY. Paris, Aug. 7.—Louis Barthou, formerly Premier and Foreign Minister, read his report on the peace treaty to the treaty committee of the Chamber of Deputies. The report was laid on the table of the House before it rose, so that the printing of it could begin at once. The report of M. Barthou concludes in favor of ratification. On the question of responsibilities and punishments the former Premier develops new considerations establishing the crushing responsibility of the former Kaiser and Germany, and declares that international morality will not be satisfied until the chief guilty persons are punished.

**DAVID SPENCER, LIMITED**

Store Hours: 9 a.m. to 6 p.m. Wednesday, 1 p.m. Saturday, 6 p.m.

A BEDTIME STORY

Uncle Wiggly and the Green Cow

Copyright 1914, by McClure Newspaper Syndicate. (By Howard R. Garis.)

"Well, she is coming, Uncle Wiggly, said Nurse Jane Pussycat, the muskrat lady housekeeper, one day, as she came out on the porch of the hollow stump bungalow, where the bunny rabbit gentleman was twinkling his pink nose. "She is coming."

Beautiful Women of Society, during the past seventy years have relied upon it for their distinguished appearance. The soft, refined, pearl white complexion it renders instantly, is always the source of flattering comment.

Society

Mr. and Mrs. E. W. Inslee, of New York, are guests at the Empress Hotel. Mrs. J. S. Creighton, of Woodstock, N. E. is a guest at the Empress Hotel. Mr. and Mrs. G. A. Turner, of Calgary, are guests at the Empress Hotel.

Mr. and Mrs. W. D. Adams, of Hoquiam, Wash., have arrived at the Empress Hotel. Mr. and Mrs. R. H. DeLafield and Miss DeLafield, of Seattle, with Mrs. Max Smith, of New York, registered at the Empress Hotel yesterday.

Mr. and Mrs. G. Hansen, of Victoria, are holiday-making in Vancouver as the guests of Mr. and Mrs. Randall, of Seventh Avenue West.

Miss Dorothy Campbell returned to the city yesterday morning from Vancouver, where she has been the guest of Mrs. H. Fybus, Jervis Street, for some days past.

Mr. R. T. Freeman, of Poul Bay, and her little daughter Dorothy, left yesterday afternoon for Vancouver on her way to England, where she will visit relatives for the next few months.

Miss Lelia Larson, of this city, has been visiting friends in Vancouver and on Tuesday was among the out-of-town guests at an afternoon party given at the summer home of Mrs. Freehand Bourke and Mrs. H. G. Hoskins at Ambleside, West Vancouver.

Mr. and Mrs. A. B. Cumming, of Riverside, California, have been spending a few days with Mr. and Mrs. W. M. Ritchie, of 1495 Fernwood Road. The Southern visitors are delighted with Victoria and Vancouver Island.

H. T. Ravenhill, Chairman of the Victoria branch of the Navy League, announces that by kind permission of the Lieutenant-Governor and Lady Bernard an "Old English Fair" will be held in the grounds of Government House on the afternoon of Wednesday, September 10. The proceeds will be in aid of the funds of the local branch of the Navy League.

MANY VISITORS AT YESTERDAY'S FETE

G.W.V.A. Auxiliary Held Successful Affair at Home of Mrs. Bowser Yesterday

Glorious weather and numerous attractions combined to make an outstanding success of the garden fete held at the home of Mrs. W. J. Bowser, Terrace Avenue yesterday afternoon. As a result of the funds of the Women's Auxiliary to the Great War Veterans' Association should be augmented by a substantial sum.

Crepe paper in delicate pastel shades formed the decorations of the dining stalls and which, viewed from the terrace above, presented the appearance of huge summer blossoms. Under a canopy of pink and white, Mrs. J. McGregor and Mrs. T. G. Hunt sold dainty baby-wear.

### ORPHANAGE APPEALS FOR FRUIT FOR JAM

Ladies' Committee of Protestant Home Hears Excellent Reports; 73 Inmates

The ladies' committee of the Protestant Orphanage met at the Home on Monday last. The president, Mrs. McTavish, presided, and the following members were present: Mesdames McCulloch, Higgins, Stewart, Cameron, Todd, Scowcroft, Walker, Huckle, Spencer and the Misses Tolmie and Harger. A vote expressing sympathy for the family of the late Mr. Hayward was passed. Votes of thanks were accorded to Mrs. Gordon, Mrs. J. N. Kirby and Mrs. Cross for their kindness to the Orphanage. Bills amounting to \$413.35 were passed for payment. Mrs. Walker and Mrs. Beard were appointed visitors for the month.

Following is the report of the July visiting committee: "The boys and girls are taught to make their own beds, set the tables, clear away and wash the dishes, mend and work in the garden. This training will prove invaluable in later life. However, it is by no means all work and no play for them. They spend many happy hours in the Home grounds. Many kind friends have taken the children to their homes for a holiday, and Mr. Richards has taken some of them for a motor drive each Saturday afternoon of the month. The Matron, Miss Johnston, has returned from her three weeks' holiday. During her absence everything about the Home had been kept in splendid order under the direction of the assistant matron, Miss Tindale. Peace Day made a deep impression on the minds of the children, all but the smallest ones seeing the parade. Before going out, Miss Tindale explained to them the meaning of the occasion, and asked them to especially notice the memorial to the fallen heroes. There are now seventy-three children in the Home.

Many Donations. The committee gratefully acknowledges the following list of donations: Cloverdale, 100 lb sack sugar; Mrs. Sears, cake; Gonzales Chapter, I. O. E. E., sandwiches, cake; Miss Feers, vegetables; Mrs. W. Cameron, five dozen buns; Mrs. McTavish, candy; Mrs. Foster, clothing; C. J. Morley, cherries; Mrs. Curtis Sampson, vegetables; Mrs. Harness, vegetables; King's Daughters, clothing (three); Ormonde, Limited, cakes, candy; Miss Braik, buns; five little girls, proceeds of a "Back-Yard Show" for the Orphanage; \$3; Mrs. Gordon, Otter Point, \$70; Mrs. Huckle, \$2.50; The Times and Colonist. Cherries or fruit of any kind that could be used for jam would be very gratefully received at the Orphanage.

### ON VISIT FROM TRINIDAD

Hon. Aucher Warner, K. C. Cautious With Regard to West Indian Confederation. "Oil development is proceeding satisfactorily in Trinidad, and promises to add greatly to the wealth of the Island. The work is in the hands of British interest, for the greater part," says Hon. Aucher Warner, K. C., Secretary-General of Trinidad, who is now in the city on a visit. Mr. Warner, who is accompanied by Mrs. Warner, is making an extended tour in British Columbia. On the great question of the future of the British West Indies, Mr. Warner was asked what he thought about confederation with Canada. "I do not want to be quoted," he replied with a smile, "but perhaps with its short-comings, Downing Street looks better to us in the West Indies than Ottawa." He spoke highly of the prosperity of Trinidad, remarking that the plantations of the Island were in a healthy condition. Mr. Warner, who is a graduate of Oxford, and was called to the Bar at the Inner Temple, has practised law in Trinidad for many years. A DEFINITION. "Mother, what is propaganda?" asked a child quoted in Life. "Propaganda, child, is the bunch of compliments your father pays me on my old hat, when he knows I am thinking of a new one."

### COUNCILS JOIN IN DELIGHTFUL PICNIC AT MOUNT DOUGLAS

Municipal Authorities Give Themselves Up to Outdoor Sports

### WAS DAY OF MIRTH AND INFORMALITY

With the cares of public life cast aside for the day, and with such things as Johnson Street Bridges, skid-mobles and legal tangles faded into a hazy municipal mist, members of the Victoria, Saanich and Oak Bay Councils, accompanied by their wives and kiddies, dispersed themselves like carefree schoolboys yesterday afternoon and evening on the beautiful green-sward of Mount Douglas beach. The weather, the sports, the supper and, most of all, the Mayor, made the whole affair such a success that in all probability it will be repeated annually. The beautiful reserve makes a delightful picnic ground.

By three o'clock automobiles crowded with the municipal governors of the three municipalities and their families began to arrive at Mount Douglas Park and to disgorge smiling occupants of both sexes and all ages. Introductions were conducted by Mayor Porter, who quickly became the life of the whole party, and it was not long before the ladies were comfortably installed on the beach and the kiddies roaming about at will. From then on to supper time more motors arrived at various intervals until the grounds were pleasantly filled with something under a hundred people.

It then developed that some of the gentlemen were not averse to a little exercise, so a party headed by Reeve C. E. Jones, of Saanich, started a pleasant jaunt up Mount Douglas. Not one of the city representatives was equal to the ordeal of mountain climbing, but four delegates from Oak Bay, headed by Reeve C. E. Wilson, displayed unusual "pep." The road up the mountain seemed about a hundred miles long. The view from the summit, however, was well worth the effort. Stretched below on all sides could be seen beautiful Saanich Peninsula, checkerboard with farms and orchards, while far to the south the city and the Straits were visible. The trail down was covered quickly, the party

### INTESTINAL PARALYSIS

### "Fruit-a-lives" Quickly Relieved This Chronic Trouble

589 Casgrain Street, Montreal. "In my opinion no other medicine is so curative for Constipation and Indigestion as 'Fruit-a-lives.' "I was a sufferer from these complaints for five years, and my sedentary occupation, music, brought about a kind of intestinal paralysis; with nasty headaches, belching gas, drowsiness after eating and pain in the back. "I was induced to try 'Fruit-a-lives' and now for six months I have been entirely well." A. ROSENBERG. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

### arriving in time to witness the exciting finish of a game of quots between the city and Saanich.

The Mayor Was Busy It appears that the picnickers had not been idle during the absence of the Alpine expedition. Mayor Porter was kept busy receiving the guests, making them known to those who already had arrived and generally becoming the most popular male on the scene. Though they did not rise to the height of mountain climbing, Victoria's aldermen rallied nobly to the task of competing with Saanich in the strenuous quots game. Alderman Patrick and Sangster ably represented the city, heaving themselves to victory. Aldermen Johns and Clark, however, fell down badly before the Saanich experts. Reeve Wilson and Councillor Mallett, of Oak Bay, strove gallantly against the Saanich team, but were beaten in the end just before the gathering adjourned to the most important feature of the day—the supper, needless to say.

A Delightful Supper. That supper, all agreed, far surpassed any aldermanic or public banquet that had ever been held. A dozen or so giant table cloths were spread in a long line on the grass and all ranged themselves beside it in whatever attitude pleased them. Appetites, whetted by the open air and the strenuous exercise, made rare havoc with the generous and delectable refreshments, it being mooted abroad that the Mayor once more distinguished himself. The repast was made all the more pleasant by its informal character. Titles like Mayor, Reeve and Alderman disappeared completely and were succeeded by such appellations as "Bob," "Charlie"—there were two Charlies—and George. Discussion of public matters

### Boys' Wash Suits

Full range of Oliver Twist and Two-Piece Wash Suits in white and blue and white stripes and fawn and white; all latest designs. Prices range from \$1.75 to \$4.50. English Sailor Suits in white drill at \$4.50 and English Galatea at \$4.00.

### W.&J. Wilson

BOYS' DEPARTMENT 1217, 1219, 1221 Government St., Cor. Truncheon Ave.

By unspoken but general consent were absolutely taboo and anyone who happened inadvertently to touch on such subjects was promptly rebuked. Municipal Races. The banquet adjourned, picnickers enjoyed sports with the Mayor as chief organizer. The big feature of the day was a race for the wives of the aldermen and councillors. All the ladies started off in great style, and it looked for a moment as if Trustee Mrs. Andrews, representing the School Board, was going to win. Mrs. Andrews, however, was fatigued by a walk up Mount Douglas and she had the misfortune to fall, allowing Mrs. C. E. Wilson, wife of Reeve Wilson, to cross the line first. Mrs. Turgooose came a close second, while Mrs. Porter, the Mayor's wife, finished up third. Miss Dorothy Morris carried off the laurels in the young ladies' race, Miss Genevieve Sangster gaining second, with Miss Watson third. Mayor Loses Marathon. There followed the real Marathon. Though it was over a course of only fifty yards, it proved quite enough for the competitors. The chief citizens of the three municipalities started off and Mayor Porter's lead during the first few yards rejoiced the hearts of the Victoria people. His Warship soon dropped behind, however, Reeve Wilson thund-

**CHEAPER THAN ICE CREAM.**

Down in the Jewish section of New York, during the very hot spell last week, a father and son went for a stroll together. As they passed a vendor of ice cream the boy turned to his father and said, lovingly:

"I wish you'd pay me some ice cream, father, I do feel so warm."

His father gazed at him for a few seconds in mild surprise, and then exclaimed:

"No, no, Ikey, my boy; but I'll tell you what I'll do: I'll tell you some ghost stories you'll make your blood run cold."

A certain lady called up her grocer by telephone the other morning, and after she had scolded the man, she added: "And what's more, the next order you get from me will be the last."

"It probably will, madam," said a voice at the other end of the wire.

"You are talking to an undertaker."

Help you to solve your buying problems economically. We are able to offer you money-saving opportunities, and we will tell you about them promptly in these advertisements every week.

**Johnson Street Merchants.**

## ELEVEN THOUSAND STRIKES AND LOCKOUTS

United States Has Remarkable Record For Past Three Years

The United States Department of Labor has compiled a report which gives a history of the strikes and lockouts that occurred in the United States during the years 1916, 1917 and 1918. In 1916 there were 3,678 strikes and 108 lockouts; in 1917, the year the United States entered the war, there were 3,151 strikes and 104 lockouts. The department points out that it is of the opinion that no strikes of importance have failed to come to the attention of the United States Bureau of Labor Statistics, and "that the report is sufficiently complete to warrant publication." The grand total is 11,902.

**May Chief Month.**

A table submitted with the report shows that May is the chief strike month in all years, and this large increase is accounted for by the fact that the trade agreements in many industries terminate on April 30, and that May being the first month of the new labor year, in many instances the unions ask for wage increases in that month. It is also stated that the reports for the final months of 1918 probably are incomplete, and the department estimates that corrected returns will show that the number of strikes in 1918 were nearer 3,400 than the figure given.

The disturbances for the year 1918, it is noted, do not appear to have been confined to any district or industry. One-seventh of the strikes occurred in New York City and vicinity. More than 50 per cent of labor disputes took place in New York, Massachusetts, Pennsylvania, Ohio and Illinois. In New York City in 1918 there were 352 strikes and eleven lockouts; in 1917 the strikes numbered 479 and the lockouts thirteen, while in 1918 the New York City strikes totaled 462 and the lockouts sixteen. Chicago is second with seventy-three strikes and no lockouts in 1918, 114 strikes and five lockouts in 1917, and ninety-one strikes and nine lockouts in 1918. Philadelphia is third with twenty-three strikes and one lockout in 1917, and seventy-eight strikes and two lockouts in 1918. Boston is fourth, St. Louis fifth, Newark sixth, Cleveland seventh and San Francisco eighth.

**Non Union Strikes.**

In 1918 the employees were members of unions in 1,811 strikes and seventy-three lockouts, and non-union in 356 strikes and four lockouts. In twenty-six non-union strikes the strikers organized immediately after they went out. In 1918 the strikers were men on 2,345 occasions, women on eighty-six, and both men and women on 283. In 487 strikes the sex of the strikers was not reported.

"It is difficult," says the report, "to particularize the more important strikes of the two-year period, 1917 and 1918. Many of them were short and involved large numbers of employees. In both years strikes of miners, shipbuilders, longshoremen, machinists and workers connected with the erection of cantonments throughout the country attracted general attention. In 1917 probably the largest disturbances were those that occurred in the oil fields of Louisiana and Texas; in the telephone systems in Arkansas and the Pacific northwest; in the packing houses in St. Louis and Omaha; among the sugarcane workers in Porto Rico; in the sugar refineries in New York and Philadelphia; among the potters in Ohio and New Jersey; in the silk mills in Hoboken and vicinity; in the iron and steel industry in Pittsburgh; among the cigar makers in Porto Rico and New York City; hatmakers in Danbury, Conn.; shoemakers in New York City; in the various clothing industries in New York City, Philadelphia and Chicago; in the northwest lumber industry, and the general strike in Minneapolis and St. Paul. In 1918 probably the largest disturbances were those that occurred among the tailors of New York City; in the textile industry in New Hampshire, Rhode Island and Philadelphia; among the garment workers in Chicago and the tailors in New York City; the paper mills in northern New York; the cigar makers of New York City and St. Louis; the trolley systems of Buffalo, Kansas City and St. Louis; the molders and teamsters of Chicago; the retail clerks of St.

## CORN OIL SUPPLANTING HIGH PRICED OLIVE OIL

By Edwin F. Bowers, M. D., author of "Side-Stepping Ill-Health" and "Zone Therapy."

The world has made another important discovery. This time it has to do with an essential article of food—the lack of which, during the war, was found to work a greater hardship upon a population than the deprivation of any other variety of food form. This nutritive substance is fat. The particular fat which has been evolved by the food experts into an indispensable article of food is the oil derived from the germ of corn.

It has been found that this oil is unusually rich in lecithin, considered by many physiologists as one of the most important tonics, restoratives, and tissue-builders known to science. Lecithin is a dominant element in the fat that goes to make up brain and nerve cells, and has a very decided effect in increasing nutrition. Corn oil is digested and assimilated more readily than almost any other variety of fat—either animal or vegetable.

In addition, however, corn oil has valuable culinary uses, particularly because of the fact that the burning point of this oil is so much higher than that of other oils of animal fats. Corn oil stands a temperature of six hundred and fifty degrees before it burns, whereas butter, fat, lard, and goose grease at four hundred, lard at four hundred and twenty-five, cotton seed oil at five hundred and thirty-five, and olive oil at six hundred degrees.

It is the low burning property of animal fats that makes frying with these fats such a nuisance around meal-time in most kitchens. For the degree of heat generated by gas, gasoline, coal, wood or electricity averages about two thousand degrees.

The higher burning point of corn oil, on the contrary, lends itself admirably to modern cooking methods, as it makes it possible to deep food quickly, and at a higher temperature, without, at the same time, burning and searing the food.

**No Kitchens Odors.**

Meat, fish, or odoriferous vegetables, cooked in corn oil, are quickly sealed over on their surfaces. This forces them to retain the flavors and odors otherwise lost during the process of cooking with quick-burning fats.

So complete is this sealing effect that many families who employ corn oil in cooking, fry meat or fishballs, onions, and other food products all in the same pan—finishing up, not infrequently, by using this same oil for the baking of a delicately flavored cake or some form of pastry—without carrying the slightest odor or flavor from one food to the other.

On the other hand, the "reverse English" can be worked with corn oil, for it also has a lower congealing point than other oils. This is a property especially valuable in the preparation of salads, for corn oil can be subjected to a temperature of fourteen degrees without congealing, whereas olive oil, for instance, becomes cloudy and stiff at a temperature of "fifty-two degrees." And the cost is some-

Soap-box Orator—"Well, 'taint yours and 'taint mine, is it?"

**HYGIENIC TO A DEGREE.**

"They are very particular at the new bakeshop. The girls who wait on customers have to wear white gloves." "Yes, and I'm told they don't even allow the lady fingers to touch the other cookies."

**DOMINION**

Dorothy Gish, the famous screen star, is delighting Dominion audiences with her latest picture a charming comedy romance entitled, "I'll Get Him Yet." She has a delightful role in that of Susy Paraday, who becomes head of a railway corporation,

and finds happiness in the fires of love and jealousy. To avoid too much income tax, Susy's fond papa has transferred the Standard Railroads Corporation into her name. To the consternation of all concerned, she insists upon running the works. Susy finds her job complicated with two gentlemen who wish to marry her, and with the troubles of Riviera, a town where the through-cars, by her orders, go whooping through without even hesitating. Among Susy's lovers is Harold Packard, a wealthy young dilettante and her fat and solemn attorney, Hamilton, not to mention the superintendent of the road. She signs her orders "S. F. Jones," later corrupted into "Skinflint Jones." And oh, how Riviera hates S. F. Jones, the monster who will not let the through-cars stop. Packard cannot imagine how Susy could possibly overlook him and as

he happens also to own a newspaper, he sends for the star reporter to tip him off to his probable engagement. Susy comes across the copy of the premature notice of this engagement; her heart freezes toward Packard, but she finds a sudden and growing interest in the reporter. Their chance acquaintance blossoms into a love affair and the reporter, Scoop McCree, goes with faltering footsteps to see Father. He throws Scoop bodily out and calls him a fortune hunter. Scoop's pride hurt, he tells Susy it is goodbye forever both to her and to all the other rich girls in the world. But Susy is a young woman of determination. She takes the love trail and fairly drags the offended young swain to the altar.

**ROYAL VICTORIA**

Fannie Ward has starred in many powerful dramas under the Pathe banner, but in "Common Clay," her latest picture which will be the attraction at the Royal Victoria again to-night, she eclipses every previous effort of emotional action. She acts as to the manner born throughout all the phases of "Ellen Neal's" career as shop girl, cabaret singer, housemaid and society girl. This play gives her scope for her talent and she takes every advantage

**VARIETY**

Taylor Holmes, the star of the George K. Spoor feature, "A Pair of Sixes," which is the current attraction at the Variety, has a big stock of yarns. This is one of them:  
"One day I called on a friend of mine—a clever fellow—who made a good living writing jokes. His melancholy struck me forcibly as I sat down in his office. He was hulked over his desk, chin sunk on his short front, with an 'and-he-had-everything-to-live-for' expression on his face.  
"What's the matter, old top?" I asked sympathetically. "Something gone wrong?"  
"Yeah," he answered, coming out of his reverie a little. "I can't find an answer to this riddle: 'Why should the President of the United States not eat oysters in September?'"  
"Gosh!" I answered. "You got me."  
"There should be an answer to it. It sounds reasonable enough. But I can't do it out!"  
"And there sat that man—corner of jokes—fearfully trying to dope an answer to a silly conundrum, acting as

**Durham-Duplex Blades Now Made in Canada**

**EVERYBODY** knows the wonderful success of Durham-Duplex Razors and Durham-Duplex smooth shaving, oil tempered hollow-ground blades. So great has been the demand for them all over Canada that we have established a separate Canadian factory in order to increase our output and facilitate quick delivery.

Everything is there, even to the almost human machines which put that marvelous edge on Durham-Duplex detachable blades—the longest, strongest, keenest blades on earth. Thousands of Durham-Duplex users all over Canada will welcome this news because it assures them a more complete and satisfactory service. They have learned that no other razor is as dependable, keen and perfectly balanced.

**DURHAM-DUPLEX**

**A Real Razor—made Safe**

A guarded razor that won't cut your face—that won't heat your skin because it has no wire edge. It gives you a smooth, cool, comfortable shave. And if you compare it with the straight razor you'll find that its blade is detachable and double-edged and longer and better tempered and so gives you more shaving mileage than any other blade on earth. Don't discard this blade when dulled. You can hone it, you can strop it—why throw good steel away?

Ask your Dealer to show you a Durham Demonstrator Razor and prove the above statements for yourself.

The Greatest Shaving Mileage At Any Price

**\$1.50 COMPLETE**

This set contains a Durham-Duplex Razor with an attractive white handle, safety guard, stropping attachment and package of five Durham-Duplex double-edged blades (10 shaving edges) all in a handsome leather kit. Get it from your dealer or from us direct. Additional Blades 60 cents for a package of 5.

though he had lost the person dearest to him in all the world."

**COLUMBIA**

One of the gripping scenes in "A Nymph of the Foothills," the Vitagraph Blue Ribbon Feature, which will be the attraction at the Columbia to-day and for the balance of the week, with Eddie Polo in "The Lure of the Circus" as a special added attraction, is where Ben Kirkland is on trial for his life in a wild mountain hamlet charged with slaying the father of Emmy Chaney, a beautiful but untutored daughter of the mountains, whom he married and carried away to his city home. Emmy had been coldly received by his parents and a former sweetheart of Ben's easily convinced her she was not married because she could show no marriage certificate. So she returned to her mountain home to face another tragedy; the murder of her father, together with the fact that the man she loved but who, she believes, had wronged her, was the murderer. Gladys Leslie has the role of Emmy and her facing of the great problem of her life is said to be one of her strongest and most appealing screen performances.

**ROMANO**

Any girl who has a lagging love affair on her hands and who cares enough about the man to feel like injecting a little fresh interest and spirit into things, should certainly see Mary Miles Minter's latest film, "The Intrusion of Isabel," which will be the screen attraction at the Romano to-day and for the balance of the week. A becoming evening gown new-angled does wonders for Isabel's romance. The incident is likely to suggest the very treatment needed to startle some other girl's napping sweetheart into a state of wakefulness. Miss Minter, as Isabel, is as bonny a maid as any young "bach" might find in a lifetime of searching; and, when her mothering heart impels her to make sure that his vest buttons are where and how they should be, you wonder how on earth he managed to stop at just a gracious smile and thank you. However, there's another woman in the case—but that's telling.

**PANTAGES**

One of the truly delightful offerings of vaudeville is to be seen at the Pantages this week in the appearance of the "Coming Generation" troupe under the personal direction of Mr. and Mrs. Howard Douglas. Here is a group of nine exceedingly capable juveniles, conceded by many critics to be the best aggregation of the kind on the vaudeville stage. They sing and dance. Mostly they dance, and their repertoire covers practically every angle of the art. In all these presentations, the children are charming in their capabilities and the most satisfying finish of their work. The act is well staged and furnishes a satisfying headline attraction for the variety programmes of the Pantages.

An added attraction, another big act is presented by the "Hello, People, Hello" company in the form of a miniature musical comedy featuring Adele Jason and Al Prince, as leading woman and comedian respectively. Duvitch

Lewis sings a tastefully chosen programme and discloses a very fine mezzo-soprano voice. Ball and West present a neat sketch well laden with droll humor and Brosius and Brown have a snappy specialty with which they open the show. "Richard the Great" will be a big drawing card at the Pantages all this week, since he is unquestionably the most perfectly-trained monkey on the stage to-day. The bill as a whole is snappy and attractive.

**AMPUTATION CLUB**

Meeting to be held To-morrow Evening in G. W. V. A. of All Boys Who Lost Limbs.

To-morrow evening at 8 o'clock a meeting will be held in the G. W. V. A. rooms, Fort Street, of all men who lost limbs in the war, for the purpose of organizing a branch of the Amputa-

tion Club. Lieut. A. A. Clarke, a member of the executive committee of the Vancouver organization, has arrived in this city to assist the local boys in getting their branch started.

The object of the club is primarily to assist the boys who have suffered the loss of an arm or leg during the conflict. Arrangements are also being made to make loans to any of these men who wish to start in business. The club also intends to work with the Dominion Government in suggesting improvements in artificial limbs.

### WILL FINISH ARCH IN STUCCO MATERIAL

Peace Gateway to Have Extended Life, With Artistic Arrangement of Shields

Steps which have been taken by Frank Giolma, M.P.P. on behalf of the Rotary Club have resulted in the necessary funds being subscribed for the permanent improvement of the Peace Arch. The intention, when it was erected, had been to transfer the hastily constructed archway, with its temporary decoration of avarags and flowers, into something permanent which would afford a welcome to arrivals at the C.P.R. docks.

There were two alternative proposals, one to move the arch to Beacon Hill Park, the other to erect it permanent on the present location, as the true gateway to Victoria for a very large proportion of the population who arrive on the Island from Seattle and Vancouver. It was found that it would be practically impossible to remove the arch from its present location. Therefore Mr. Giolma was reduced to the alternative of discovering the best way to improve the present improvised structure.

It has been decided after consultation with the architect to stucco the exterior. The arch, which will bear a welcome to Vancouver Island, will be embellished, it is planned, and will bear the arms of the city. Twelve shields with the names of the several district municipalities, and up-Island cities will be affixed. The white stucco will be relieved with gilt finishings.

There are several minor improvements, with regard to bunting and to the sentry boxes contemplated. The funds raised from public bodies and generous individuals will enable the Rotary Club, which has taken charge of the matter, to carry out an effective scheme.

The intention is to have the work finished in time for the festive occasions of next month.

### SUMMER SCHOOL HAS ENJOYABLE CONCERT

Students of Miss Coney's Musical Class Gave Excellent Programme Last Night

One of the most delightful entertainments arranged in connection with the Provincial Summer school was that given by the students of Miss Coney's musical class before a large audience at the High School last night. Every item on the varied programme was of outstanding merit and was received with enthusiasm, and tangible appreciation of the work of Miss Coney was shown at the conclusion when she was presented with a magnificent bouquet from the students.

John Kyle, Superintendent of Technical Education, was in the chair and opened the proceedings by calling upon the whole company to sing "O Canada." An orchestral selection rendered with much skill was followed by the presentation of four scenes from the Shakespearean comedy, "Much Ado About Nothing." The cast was as follows:

Don Pedro	..... Mrs. Thain
Claudio	..... Miss Carr
Benedick	..... Miss Macdonald
Leonato	..... Miss Maquart
Hero	..... Miss R. Taylor
Beatrice	..... Miss Warner
Ursula	..... Miss E. Taylor
Margaret	..... Miss Lettice

Each of the players revealed marked histrionic talent and entered with zest into the spirit of the comedy. Equally enjoyable was the scene from "Macbeth," Miss Giberson giving a striking performance of Lady Macbeth. Miss Keenan taking the part of the Gentlewoman, and Mr. Devereux the Doctor.

A beautiful executed violin solo by Mr. Barron, a quaint Morris dance and a chorus number by the students preceded selections from the opera "Martha," in which Miss Lambert and Miss Hallowes distinguished themselves. The National Anthem brought the enjoyable concert to a close.

### LARGE DEVELOPMENT CONCERN REGISTERED

Size 72 x 84, per pair	..... \$20.00

### BLIND MAN'S WALKING TOURS.

The death occurred recently of Mr. Harry Vowles, familiarly known to the inhabitants of Brighton as "Blind Harry." For thirty-five years he was a well-known figure on the esplanade, where he was wont to take up a prominent position and accompany himself on a melodeon.

He was born blind, but his life was marked by long distance walking feats, which he accomplished alone. Every year until a few years ago he was tramped to Putney for the Boat Race week, and always found his way without assistance.

Only once did he make a mistake. At a junction he took the wrong road, but he had not proceeded far when the surroundings "appeared" strange to him and he returned to the crossroads, there righting his error.

"Blind Harry" always walked by night. The advent of motor-cars and their consequent danger to him caused him to stop the journey some years ago.—Tit-Bits

### DID YOU EVER?

A minister, with two lovely girls, stood entranced by the beauties of a flowing stream. A fisherman happening by, and mistaking the minister's occupation, said: "Ketchin' many, pard?"

"I am a fisher of men," answered the preacher with dignity.

"Well," replied the fisherman, with an admiring glance at the girls, "you sure have the right bait."
