Tide Table for L. I. Sound

The following table gives correct time of one high tide each day at NEW ROCHELLE. Figures are from U. S. Geodetic Coast Survey Table for 1903, for Governor's Island, to which has been added proper time allowance of 3h. 8m. This table will be found approximately correct for all L. I. Sound ports, City Island to Stamford. For an approximate A.M. or P.M. tide, where not shown, add 12h. For approximate low water, add 6h.

For correct time for high water at Tarrytown, deduct 2h. 8m. from table below.

| | APR. | MAY | JUNE | JULY | AUG. | SEPT. | OCT. |
