SUBJECT. Application for approval on removal and operation of reparation machines.

TO. K.M.G.T. Maizuru Dett.

Sir.

We received an application enclosed herewith from Kyoto Nenshi Kabushiki Kaisha concerning the removal and operation of reparation machines, a part of Nagahama plant of the former 3rd Naval Explosives Arsenal. As this area and the buildings of this area were already released, we permitted them the operation, and we ask you to get your approval on it, and, so for reparation machines in the red-colored building (Building No. 72.) on the map attached, we desire, in view point of control to remove them outside of the area in which the operation is applied. Therefore, we should ask for your permission on this removal too.

When we get your approval on the subject we will erect fences between the control area of reparation machines and outside area.
