List of German Diplomats, German Government Officials and Connected Individuals and Employees, in Japan. This list is compiled by location and categories. It does not include military or naval personnel who have not designated as having diplomatic status or connections. Certain individuals, some of whom were listed by the German ambassador as members of the embassy or consular staffs, have been arbitrarily eliminated from those categories and placed in category VII, which is a partial compilation of German Gestapo and intelligence operatives and Nazi party leaders in Japan. (Most of those in category VII have been, or will be, subject to arrest and internment for security reasons).

The Royal Swedish Legation presents its compliments to the General Headquarters of the Supreme Commander for the Allied Powers and has the honour to ask for their kind assistance in order to obtain the necessary authorization to send on the diplomatic evacuation ship, scheduled to leave Yokohama at the beginning of February, next, also the luggage of H.E. the Swedish Minister, W. Bagge, who left Japan by airplane in April, 1945, and consequently could not bring his luggage with him.

It should also be appreciated if such an authorization could be granted for the Swedish Consul, Mr. I.P. Troedsson, whose wife left Japan on board a hospital ship at the beginning of this month to undergo medical treatment in the United States, and thereafter to continue to Sweden. As the diplomatic evacuation ship is not scheduled to call at an American port, Mr. Troedsson, who wants to proceed to the United States in order to assist his wife and thereafter return to Japan, is endeavouring to leave by some other ship.

The specification of the abovementioned luggage is as fol-
