Provided that—

- (1) The periods for which a person may be authorised by the Minister under section four of the Act of 1922 as applied by this section to receive benefit in the first benefit year shall be periods not exceeding in the aggregate twenty-six weeks, and, notwithstanding anything in any Act, no person shall, whether as being so authorised or otherwise, be entitled to receive benefit in the first benefit year for periods amounting in the aggregate to more than twenty-six weeks :

Provided that the Minister may from time to time, if he thinks fit, by regulation direct that the benefit year shall begin or end on some date other than the date for which provision is made by this subsection, and so that any benefit year may be a greater or less period than twelve months, and for the purpose of meeting any change thereby effected in the benefit year, the Minister may with the consent of the Treasury make such corresponding variation as regards the number of weeks of benefit which may be received within any benefit year as appears to him to be proper.

4.—(1) Section one of the Act of 1922, which provides for an increase in the rate of benefit in respect of dependants, and which as originally enacted is to continue in operation so long only as the rates of contribution fixed by that Act remain in force, shall continue in force after the end of the deficiency period.

Provided that for the purposes of this section different scales may be fixed for different classes of education authorities and every such scale shall be fixed after consultation with such associations as may appear to the Minister to represent the interests of local education authorities and shall be such as will, so far as can be estimated, on an average produce sums sufficient to reimburse to the authorities undertaking additional duties under this section the amount by which their administrative expenses are increased by reasonable expenditure upon those duties and to compensate them in respect of interest.

(3) If a scheme under this section provides for the exercise by the council of a non-county borough or urban district of the powers of the education authority under this section, the scheme may also provide for the repayments and payments aforesaid being made direct to that council instead of to the education authority.

(2) If a question arises whether any person is liable under the provisions of this section to have a deduction made from benefit due to him, that question shall be determined in the same manner as a claim for benefit.

### CHAPTER 3.

An Act to provide, during Twelve Months, for the Discipline and Regulation of the Army and Air Force. [26th April 1923.]

**W**HEREAS the raising or keeping of a standing army within the United Kingdom in time of peace, unless it be with the consent of Parliament, is against law :

And whereas it is adjudged necessary by His Majesty and this present Parliament that a body of land forces should be continued for the safety of the United Kingdom and the defence of the possessions of His Majesty's Crown, and that the whole number of such forces should consist of one hundred and seventy thousand eight hundred, including those to be employed at the depôts in the United Kingdom for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within His Majesty's Indian possessions :

And whereas under the Air Force (Constitution) Act, 1917, His Majesty is entitled to raise and maintain the air force, and it is judged necessary that the whole number of such force should consist of thirty-three thousand, including those employed as aforesaid, but exclusive of the numbers serving as aforesaid, and the provisions of the Air Force Act are due to expire at the same dates as the provisions of the Army Act : 7 & 8 Geo. 5.  
c. 51.

And whereas it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in His Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid :

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or vessels, merchant ships or vessels, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the government of His Majesty's forces by sea :

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm, by martial law, or in any other manner than by the judgment of his peers and according to the known and established laws of this realm; yet, nevertheless, it being requisite, for the retaining all the before-mentioned forces, and other persons subject to military law or to the Air Force Act, in their duty, that an exact discipline be observed and that persons belonging to the said forces who mutiny or stir up sedition, or desert His Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military or air force discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow :

And whereas the Army Act and the Air Force Act will expire in the year one thousand nine hundred and twenty-three on the following days:—

- (a) in Great Britain and Ireland, the Channel Islands, and the Isle of Man, on the thirtieth day of April; and
- (b) elsewhere, whether within or without His Majesty's dominions, on the thirty-first day of July :

Be it therefore enacted by the King's most Excellent Majesty by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Short title.

1. This Act may be cited as the Army and Air Force (Annual) Act, 1923.

Army Act  
and Air  
Force Act  
to be in  
force for  
specified  
times.

2.—(1) The Army Act and the Air Force Act shall be and remain in force during the periods hereinafter mentioned, and no longer, unless otherwise provided by Parliament (that is to say):—

- (a) Within Great Britain and Ireland, the Channel Islands, and the Isle of Man, from the thirtieth day of April, one thousand nine hundred and twenty-three, to the thirtieth day of April, one thousand nine hundred and twenty-four, both inclusive; and

(a) the principal society may make on behalf of the subsidiary society the deposit required to be made by this section and may apply any of its funds for that purpose, and in that case the interest on the deposit, or the securities in which the deposit is for the time being invested, shall be paid to the principal society and not to the subsidiary society; or

(b) the principal society may guarantee the liabilities of the industrial assurance fund of the subsidiary society to the extent of twenty thousand pounds in such manner and subject to such amendment of rules as the Commissioner may require, and the principal society may amend its rules accordingly; and if the Commissioner is satisfied with such guarantee he may accept the guarantee in lieu of the deposit required by this section.

Where the principal society is a society with branches, the rules of the society may provide for the central body

- (b) for the industrial assurance fund being as absolutely the security of the owners of the industrial assurance policies as though it belonged to a society carrying on no business other than industrial assurance business, and not being liable for any contracts of the society for which it would not have been liable had the business of the society been only that of industrial assurance, and not being applied directly or indirectly for any purposes other than those of the industrial assurance business of the society, so however as not to affect the liability of that fund to the prejudice of persons interested in contracts entered into by the society before the fourteenth day of February, nineteen hundred and twenty-three;
- (c) for separate valuations being made of the industrial assurance business of the society.

(2) Save as otherwise provided by the rules of a collecting society, being rules registered before the fourth day of August, nineteen hundred and twenty-one—

**10.**—(1) The Commissioner may, on the application of a society registered or applying for registry, grant to the society a certificate of exemption from all or any of the provisions of this Act, in any case where he is satisfied that the society does not or will not carry on the business of effecting assurances upon human life, premiums in respect of which are received by means of collectors at a greater distance than ten miles from the registered office of the society, and where he is of opinion that the society is not one to which those provisions ought to apply.

(2) A certificate of exemption under this section shall be granted subject to the condition that the society will not employ collectors to receive premiums on policies issued by the society at a greater distance than ten miles from the registered office of the society, and, if in the case of any society to which a certificate of exemption has

been so granted, the said condition is at any time not complied with, the society and any collector so employed shall be deemed to have contravened the provisions of this Act, and this Act shall be deemed as from the date of such non-compliance to have applied to the society as if no such certificate of exemption had been granted to it.

- (a) by such collecting society, industrial assurance company, member or person as aforesaid, if the amount of the claim does not exceed fifty pounds and the legality of the policy is not questioned, and fraud or misrepresentation is not alleged ; and
- (b) in any case, by both parties, without restriction as to the amount of claim or the nature of the question to be decided ;

and, where a dispute is so referred, the Commissioner may deal with the dispute as if it were a dispute referred to him under the provisions of section sixty-eight of the Friendly Societies Act, 1896, and the consent of the Treasury to his dealing therewith had been given.

(2) In any case where a doubt arises as to the continued existence of the person on whose life a policy of industrial assurance was taken out, the Commissioner may, on the application of the owner of the policy or of the society or company which issued the policy, award that the society or company shall pay to the owner of the policy the surrender value thereof at the time of the award, and the award shall be a discharge for all claims by or against the society or company in connection with the policy.

*Provisions as to Collectors, &c.*

#### *Amalgamations, Transfers and Conversions.*

Transfer of engagements of collecting societies.

**36.**—(1) Section seventy of the Friendly Societies Act, 1896, in its application to an amalgamation and transfer of engagements of collecting societies shall have effect subject to the following modifications:—

- (i) Before the assent required by that section is sought to be obtained, there shall, unless the Commissioner otherwise directs, be sent to each member a statement in such form and containing such particulars as the Commissioner

may require, of the terms of the amalgamation or transfer, and the consideration proposed to be paid therefor, the manner in which that consideration is to be distributed, and the exact share therein which is to be paid to each person participating in the distribution :

- (ii) An amalgamation or transfer shall not become effective unless sanctioned by the Commissioner, and the Commissioner, before sanctioning any such amalgamation or transfer, shall hear any representations made on behalf of any class of persons (including the employees of any society concerned) who allege that they are adversely affected by the amalgamation or transfer, and may require as a condition of his sanction that the terms of the amalgamation or transfer shall be modified in such manner as he may consider just.

(2) The said section as so modified shall apply to the transfer by a collecting society of its engagements to an industrial assurance company as if in subsection (2) thereof for the words "any other registered society" there were substituted the words "an industrial assurance company"; and section seventy-one of the Friendly Societies Act, 1896, so far as it enables a registered friendly society to amalgamate with or transfer its engagements to a company, shall not apply to a collecting society.

**37.** The provisions of the Assurance Companies Act, 1909, as amended by this Act relating to the transfer of industrial assurance business or liabilities arising in respect of industrial assurance business from one industrial assurance company to another, shall, with the necessary modifications, apply to the transfer of such business or liabilities from an industrial assurance company to a collecting society.

- (c) On the application to the court for such sanction the Commissioner shall be entitled to appear and be heard.

(2) Without prejudice to the powers conferred by section seventy-one of the Friendly Societies Act, 1896, as so amended, the committee of management of a collecting society having more than one hundred thousand members may petition the court to make an order for the conversion of the society into a mutual company under the Companies Acts, 1908 to 1917, and the court may make such an order if, after hearing the Commissioner if he desires to be heard, and the committee of management, and other persons whom the court considers entitled to be heard on the petition, the court is satisfied, on a poll being taken, that fifty-five per cent. at least of the members of the society over sixteen years of age agree to the conversion :

Provided that, before any such petition is presented to the court, notice of intention to present the petition shall be published in the Gazette, and in such newspapers as the court may direct.

(3) The court may give such directions as it thinks fit for settling a proper memorandum and articles of association of the company.

(4) When a collecting society converts itself into a company in accordance with the provisions of this section, subsection (3) of section seventy-one of the Friendly Societies Act, 1896, shall apply in like manner as if the conversion were effected under that section.

*Offences, Notices, &c.*

Offences.

(3) If any collector of a collecting society or industrial assurance company, or any other person, contravenes or fails to comply with any of the provisions of this Act affecting such collector or other person, he shall be guilty of an offence under this Act and liable on summary conviction to a fine not exceeding fifty pounds.

(4) Where any body of persons not being a collecting society or industrial assurance company as defined by this Act carries on industrial assurance business, any director, manager or secretary or other officer or agent of that body who is knowingly a party to the carrying on of such business shall, unless that body is exempted from the provisions of this Act, be guilty of an offence under this Act and be liable on summary conviction to a fine not exceeding fifty pounds for each day during which the offence continues :

Provided that, where a person is convicted of a second offence under this subsection, he may be sentenced to imprisonment with or without hard labour for a term not exceeding three months.

Any such body of persons as aforesaid shall also, without prejudice to any other penalty, be liable to pay to the owner of any policy of industrial assurance issued by them such sum as an industrial assurance company

which has knowingly issued an illegal policy is under this Act liable to pay to the owner of such illegal policy.

(5) Notwithstanding any limitation on the time for the taking of proceedings contained in any Act, summary proceedings for offences under this Act, or for offences under the Friendly Societies Act, 1896, where the society by or in respect of which, or the person by or in respect of whom, the offence is alleged to have been committed is a collecting society or an officer of such a society, may be commenced at any time within one year of the first discovery thereof by the Commissioner, but not in any case after more than three years from the commission of the offence.

4 & 5 Geo. 5.

Penalties for  
falsification.

40. If any person wilfully makes, orders, or allows to be made any entry or erasure in, or omission from a collecting book or premium receipt book, with intent to falsify that book, or to evade any of the provisions of this Act, he shall be liable on summary conviction to imprisonment with or without hard labour for a term not exceeding three months or to a fine not exceeding fifty pounds or to both such imprisonment and fine.

2. The net premium is to be such premium as according to the assumed rate of interest and rate of mortality and the age of the person whose life is assured at his birthday next following the date of the policy is sufficient to provide for the risk incurred by the company or society in issuing the policy, exclusive of any addition thereto for office expenses and other charges:

Provided that—

- (a) In the case of a policy other than a policy for the whole term of life issued before the person whose life is assured attained the age of ten years, the date of the policy may be assumed to be one year after the actual date, and, if it is so assumed, the term of the policy may be assumed to be one year less than the actual term:
- (b) In the case of a policy for the whole term of life issued before the person whose life is assured attained the age of ten years, no account shall be taken of any period for which the policy was in force before the anniversary of the date of the issue of the policy next preceding the date on which the age of eleven years was attained:

An Act to consolidate certain enactments relating to Agricultural Holdings in England and Wales.  
[7th June 1923.]

**B**E it enacted by the King's most Excellent Majesty by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

*Compensation for Improvements on Holdings.*

Right of  
tenant to  
compensa-  
tion for im-  
provements.

1.—(1) Where a tenant of a holding has made thereon any improvement comprised in the First Schedule to this Act he shall, subject as in this Act mentioned, and, in a case where the contract of tenancy was made on or after the first day of January, nineteen hundred and twenty-one, then whether the improvement was or was not an improvement which he was required to make by the terms of his tenancy, be entitled, at the termination of the tenancy, on quitting his holding to obtain from the landlord as compensation for the improvement such sum as fairly represents the value of the improvement to an incoming tenant.

(2) In the ascertainment of the amount of the compensation payable to a tenant under this section there shall be taken into account—

- (a) any benefit which the landlord has given or allowed to the tenant in consideration of the tenant executing the improvement, whether expressly stated in the contract of tenancy to be so given or allowed or not; and
- (b) as respects manuring as defined by this Act, the value of the manure required by the contract of tenancy or by custom to be returned to the holding in respect of any crops

grown on and sold off or removed from the holding within the last two years of the tenancy or other less time for which the tenancy has endured, not exceeding the value of the manure which would have been produced by the consumption on the holding of the crops so sold off or removed.

(3) Nothing in this section shall prejudice the right of a tenant to claim any compensation to which he may be entitled under custom, agreement, or otherwise, in lieu of any compensation provided by this section.

**2.** Compensation under this Act shall not be payable in respect of any improvement comprised in Part I. of the First Schedule to this Act, unless the landlord of the holding has, previously to the execution of the improvement, consented in writing to the making of the improvement, and any such consent may be given by the landlord unconditionally, or upon such terms as to compensation or otherwise, as may be agreed upon between the landlord and the tenant, and, if any such agreement is made, any compensation payable under the agreement shall be substituted for compensation under this Act.

Consent of  
landlord as  
to improve-  
ment in  
First  
Schedule,  
Part I.

**3.—(1)** Compensation under this Act shall not be payable in respect of any improvement comprised in Part II. of the First Schedule to this Act, unless the tenant of the holding has, not more than three nor less than two months before beginning to execute the improvement, given to the landlord notice in writing of his intention so to do, and of the manner in which he proposes to do the intended work, and, upon such notice being given, the landlord and the tenant may agree on the terms as to compensation or otherwise on which the improvement is to be executed.

Notice to  
landlord as  
to improve-  
ment in  
First  
Schedule,  
Part II.

(2) If any such agreement is made, any compensation payable under the agreement shall be substituted for compensation under this Act.

(3) In default of any such agreement, the landlord may, unless the notice of the tenant is previously

withdrawn, execute the improvement in any reasonable and proper manner which he thinks fit, and recover from the tenant as rent a sum not exceeding five per cent. per annum on the outlay incurred, or not exceeding such annual sum payable for a period of twenty-five years as will repay that outlay in that period, with interest at the rate of three per cent. per annum :

Provided that, if the landlord fails to execute the improvement within a reasonable time, the tenant may execute the improvement, and shall, in respect thereof, be entitled to compensation under this Act.

The Minister may by regulation substitute such percentages or period as he thinks fit for the percentages and period mentioned in this subsection, having due regard to the current rates of interest.

(4) The landlord and the tenant may, by the contract of tenancy or otherwise, agree to dispense with any notice under this section, and any such agreement may provide for anything for which an agreement after notice under this section may provide, and in such case shall be of the same validity and effect as such last-mentioned agreement.

Agreements  
as to im-  
provement  
in First  
Schedule,  
Part III.

4. Where any agreement in writing entered into before the first day of January, nineteen hundred and twenty-one, secures to the tenant of a holding for any improvement comprised in Part III. of the First Schedule to this Act fair and reasonable compensation, having regard to the circumstances existing at the time of making the agreement, the compensation so secured shall, as respects that improvement, be substituted for compensation under this Act.

Determi-  
nation of  
claims to  
compen-  
sation for  
improve-  
ments.

5. If the tenant of a holding claims to be entitled to compensation, whether under this Act, or under custom or agreement, or otherwise, in respect of any improvement comprised in the First Schedule to this Act, and if the landlord and tenant fail to agree as to the amount and time and mode of payment of the compensation, the difference shall be settled by arbitration.

6. Where an incoming tenant of a holding has, with the consent in writing of his landlord, paid to an outgoing tenant any compensation payable under or in pursuance of this Act in respect of the whole or part of any improvement, the incoming tenant shall be entitled on quitting the holding to claim compensation in respect of the improvement or part in like manner, if at all, as the outgoing tenant would have been entitled if he had remained tenant of the holding, and quitted it at the time at which the incoming tenant quits it.

Right of tenant who has paid compensation to outgoing tenant.

7. A tenant who has remained in his holding during two or more tenancies shall not, on quitting his holding, be deprived of his right to claim compensation under this Act in respect of improvements by reason only that the improvements were not made during the tenancy on the termination of which he quits the holding.

Provision as to change of tenancy.

8. A tenant of a holding shall not be entitled to compensation under this Act in respect of any improvements, other than manuring as defined by this Act, begun by him,—

Restriction in respect of improvements by tenant about to quit.

- (a) in the case of a tenant from year to year, within one year before he quits the holding, or at any time after he has given or received notice to quit which results in his quitting the holding; and
- (b) in any other case, within one year before the termination of the tenancy :

Provided that this section shall not apply in the case of any improvement—

- (i) where the tenant, previously to beginning the improvement, has served notice on his landlord of his intention to begin it, and the landlord has either assented or has failed for a month after the receipt of the notice to object to the making of the improvement; or
- (ii) in the case of a tenant from year to year, where the tenant has begun the improvement during the last year of his tenancy, and, in pursuance of a notice to quit thereafter given by the landlord, quits his holding at the expiration of that year.

*Compensation in respect of increased or diminished value of holding.*

Compensation for continuous adoption of special standard or system of farming.

9.—(1) Where a tenant on quitting a holding proves to the satisfaction of an arbitrator appointed under this Act that the value of the holding to an incoming tenant has been increased during the tenancy by the continuous adoption of a standard of farming or a system of farming which has been more beneficial to the holding than the standard or system (if any) required by the contract of tenancy, the arbitrator shall award to the tenant such compensation as in his opinion represents the value to an incoming tenant of the adoption of that standard or system :

Provided that—

- (a) this section shall not apply in any case unless a record of the condition of the holding has been made under this Act or any enactment repealed by this Act, or in respect of any matter arising before the date of the record so made; and
- (b) compensation shall not be payable under this section unless the tenant has, before the termination of the tenancy, given notice in writing to the landlord of his intention to claim such compensation; and
- (c) the arbitrator in assessing the value to an incoming tenant shall make due allowance for any compensation agreed or awarded to be paid to the tenant for any improvement specified in the First Schedule to this Act which has caused or contributed to the benefit.

(2) Nothing in this section shall entitle a tenant to recover in respect of an improvement specified in the First Schedule or the Third Schedule to this Act any compensation which he would not have been entitled to recover if this section had not been passed.

(3) The continuous adoption of such a beneficial standard or system of farming as aforesaid shall be treated as an improvement for the purposes of the

provisions of this Act relating to the determination of the rent properly payable in respect of a holding.

**10.** Where a landlord proves, to the satisfaction of an arbitrator appointed under this Act, on the termination of the tenancy of a holding, that the value of the holding has been deteriorated during the tenancy by the failure of the tenant to cultivate the holding according to the rules of good husbandry or the terms of the contract of tenancy, the arbitrator shall award to the landlord such compensation as in his opinion represents the deterioration of the holding due to such failure :

Compensation to landlord for deterioration of holding.

Provided that—

- (a) compensation shall not be payable under this section unless the landlord has, before the termination of the tenancy, given notice in writing to the tenant of his intention to claim such compensation ; and
- (b) nothing in this section shall prevent a landlord from claiming compensation for dilapidations or for the deterioration of the holding under the contract of tenancy.

*Compensation for Damage by Game.*

**11.**—(1) Where a tenant of a holding has sustained damage to his crops from game, the right to kill and take which is vested neither in him nor in anyone claiming under him other than the landlord, and which the tenant has not permission in writing to kill, he shall, subject as hereinafter mentioned, be entitled to compensation from his landlord for such damage if it exceeds in amount the sum of one shilling per acre of the area over which the damage extends.

Compensation for damage by game.

(2) The amount of compensation payable under this section shall, in default of agreement made after the damage has been suffered, be determined by arbitration, but no compensation shall be recoverable under this section unless notice in writing is given to the landlord as soon as may be after the damage was first observed

by the tenant and a reasonable opportunity is given to the landlord to inspect the damage—

- (a) in the case of damage to a growing crop, before the crop is begun to be reaped, raised, or consumed; and
- (b) in the case of damage to a crop reaped or raised, before the crop is begun to be removed from the land—

and unless notice in writing of the claim, together with the particulars thereof, is given to the landlord within one month after the expiration of the calendar year, or such other period of twelve months as by agreement between the landlord and tenant may be substituted therefor, in respect of which the claim is made.

(3) Where the landlord proves that, under a contract of tenancy made before the first day of January, nineteen hundred and nine, any compensation for damage by game is payable by him, or that in fixing the rent to be paid under such contract allowance in respect of such damage to an agreed amount was expressly made, the arbitrator shall make such deduction from the compensation which would otherwise be payable under this section as may appear just.

(4) Where the right to kill and take the game is vested in some person other than the landlord, the landlord shall be entitled to be indemnified by such other person against all claims for compensation under this section.

(5) For the purposes of this section, the expression “game” means deer, pheasants, partridges, grouse, and black game.

#### *Compensation for Disturbance.*

Compensation for disturbance.

12.—(1) Where the tenancy of a holding terminates by reason of a notice to quit given by the landlord, and in consequence of such notice the tenant quits the holding, then, unless the tenant—

- (a) was not at the date of the notice cultivating the holding according to the rules of good husbandry; or

- (b) had, at the date of the notice, failed to comply within a reasonable time with any notice in writing by the landlord served on him requiring him to pay any rent due in respect of the holding or to remedy any breach being a breach which was capable of being remedied of any term or condition of the tenancy consistent with good husbandry; or
  - (c) had, at the date of the notice, materially prejudiced the interests of the landlord by committing a breach which was not capable of being remedied of any term or condition of the tenancy consistent with good husbandry; or
  - (d) was at the date of the notice a person who had become bankrupt or compounded with his creditors; or
  - (e) has, on or after the first day of January, nineteen hundred and twenty-one, refused, or within a reasonable time failed, to agree to a demand made to him in writing by the landlord for arbitration under this Act as to the rent to be paid for the holding as from the next ensuing date at which the tenancy could have been terminated by notice to quit given by the landlord at the date of the said demand; or
  - (f) had, at the date of the notice, unreasonably refused, or within a reasonable time failed, to comply with a demand made to him in writing by the landlord requiring him to execute at the expense of the landlord an agreement setting out the existing terms of the tenancy;
- and unless the notice to quit states that it is given for one or more of the reasons aforesaid, compensation for the disturbance shall be payable by the landlord to the tenant in accordance with the provisions of this section :

Provided that—

- (i) compensation shall not be payable under this section in any case where the landlord has made to the tenant an offer in writing to withdraw the notice to quit and the tenant has unreasonably refused or failed to accept the offer ; and

- (ii) this section shall not apply where notice to quit was given on or before the twentieth day of May, nineteen hundred and twenty; and
- (iii) where notice to quit was given after that date but before the first day of January, nineteen hundred and twenty-one, this section shall apply whether or not the notice stated the reason or reasons for which it was given.

(2) The landlord of a holding may at any time apply to the agricultural committee for the area in which the holding is situate for a certificate that the tenant is not cultivating the holding according to the rules of good husbandry, and, on any such application being made, the committee, after giving to the landlord and the tenant or their respective representatives an opportunity of being heard, shall, as they think proper, either grant or refuse the certificate within one month after the date of the application.

The landlord or tenant may, within seven days after the notification to him of the refusal or grant by the committee of a certificate, require the question as to whether the holding is being cultivated according to the rules of good husbandry to be referred to an arbitrator who may grant a certificate for the purpose of this subsection or revoke the certificate granted by the committee, and the award of the arbitrator shall be given within twenty-eight days of the date on which the matter is referred to him.

Subject to any such appeal, a certificate granted under this subsection shall be conclusive evidence that the holding is not being cultivated according to the rules of good husbandry.

In the case of a holding situate in a county borough for which an agricultural committee has not been appointed, this subsection shall have effect with the substitution of the Minister for an agricultural committee.

(3) Where the landlord of a holding refuses, or within a reasonable time fails to agree to, a demand made to him in writing by the tenant for arbitration under this Act as to the rent to be paid for the holding as from the next ensuing date at which the tenancy could have been terminated by notice to quit given by the tenant at the date of the said demand, and by

reason of the refusal or failure the tenant exercises his power of terminating the tenancy by a notice stating that it is given for that reason, the tenant shall be entitled to compensation in the same manner as if the tenancy had been terminated by notice to quit given by the landlord :

Provided that such compensation shall not be payable if the circumstances are such that a notice to quit could have been given by the landlord for any of the reasons mentioned in paragraphs (a), (b), or (c) of subsection (1) of this section.

(4) The provisions of this section relating to demands for arbitration as to the rent to be paid for a holding shall not apply where the demand, if made later than six months after the thirty-first day of December, nineteen hundred and twenty, is so made that the increase or reduction of the rent would take effect at some time before the expiration of two years from the commencement of the tenancy of the holding or from the date on which a previous increase or reduction of the rent took effect.

(5) (a) Where a demand in writing for an arbitration as to the rent to be paid for the holding has been made for the purposes of this section and has been agreed to, whether in writing or otherwise, the question as to the rent shall be referred to arbitration.

(b) An arbitrator, in determining for the purposes of this section what rent is properly payable in respect of a holding, shall not take into account any increase in the rental value which is due to improvements which have been executed thereon so far as they were executed wholly or partly by and at the expense of the tenant without any equivalent allowance or benefit made or given by the landlord in consideration of their execution and have not been executed by him under an obligation imposed by the terms of his contract of tenancy, or fix the rent at a higher amount than would have been properly payable if those improvements had not been so executed, and shall not fix the rent at a lower amount by reason of any dilapidation or deterioration of land or buildings made or permitted by the tenant.

(6) The compensation payable under this section shall be a sum representing such loss or expense directly attributable to the quitting of the holding as the tenant

may unavoidably incur upon or in connection with the sale or removal of his household goods, implements of husbandry, fixtures, farm produce or farm stock on or used in connection with the holding, and shall include any expenses reasonably incurred by him in the preparation of his claim for compensation (not being costs of an arbitration to determine the amount of the compensation), but for the avoidance of disputes, such sum shall, for the purposes of this Act, be computed at an amount equal to one year's rent of the holding, unless it is proved that the loss and expenses so incurred exceed an amount equal to one year's rent of the holding, in which case the sum recoverable shall be such as represents the whole loss and expenses so incurred up to a maximum amount equal to two years' rent of the holding.

(7) Compensation shall not be payable under this section—

- (a) in respect of the sale of any goods, implements, fixtures, produce or stock unless the tenant has before the sale given the landlord a reasonable opportunity of making a valuation thereof; or
- (b) unless the tenant has, not less than one month before the termination of the tenancy, given notice in writing to the landlord of his intention to make a claim for compensation under this section; or
- (c) where the tenant with whom the contract of tenancy was made has died within three months before the date of the notice to quit; or
- (d) if in a case in which the tenant under section twenty-seven of this Act accepts a notice to quit part of his holding as a notice to quit the entire holding, the part of the holding affected by the notice given by the landlord, together with any other part of the holding affected by any previous notice given under that section by the landlord to the tenant, is less than one-fourth part of the original holding, or the holding as proposed to be diminished is reasonably capable of being cultivated as a separate holding, except compensation in respect of the part of the holding to which the notice to quit related; or

- (e) where the holding was let to the tenant by a corporation carrying on a railway, dock, canal, water, or other undertaking, or by a government department or a local authority, and possession of the holding is required by the corporation, department, or authority for the purpose (not being the use of the land for agriculture) for which it was acquired by the corporation, department, or authority, or appropriated under any statutory provision; or
- (f) in the case of a permanent pasture which the landlord has been in the habit of letting annually for seasonal grazing, and which has, since the fourth day of August, nineteen hundred and fourteen, and before the first day of January, nineteen hundred and twenty-one, been let to a tenant for a definite and limited period for cultivation as arable land, on the condition that the tenant shall, along with the last or waygoing crop, sow permanent grass seeds; or
- (g) where a written contract of tenancy has been entered into (whether before or after the commencement of this Act) for the letting by the landlord to the tenant of a holding, which at the time of the creation of the tenancy had then been for a period of not less than twelve months in the occupation of the landlord, upon the express terms that if the landlord desires to resume that occupation before the expiration of a specified term not exceeding seven years the landlord should be entitled to give notice to quit without becoming liable to pay to the tenant any compensation for disturbance, and the landlord desires to resume occupation within the specified period, and such notice to quit has been given accordingly.

(8) In any case where a tenant holds two or more holdings, whether from the same landlord or different landlords, and receives notice to quit one or more but not all of the holdings, the compensation for disturbance in respect of the holding or holdings shall be reduced by such amount as is shown to the satisfaction of the arbitrator to represent the reduction (if any) of the loss

attributable to the notice to quit by reason of the continuance in possession by the tenant of the other holding or holdings.

(9) The landlord shall, on an application made in writing after the thirty-first day of December, nineteen hundred and twenty, by the tenant of a holding to whom a notice to quit has been given which does not state the reasons for which it is given, furnish to the tenant within twenty-eight days after the receipt of the application a statement in writing of the reasons for the giving of the notice, and, if he fails unreasonably so to do, compensation shall be payable under this section as if the notice to quit had not been given for a reason specified in subsection (1) of this section.

(10) The expression "holding" in this section shall not include any land which forms part of any park, garden, or pleasure ground attached to and usually occupied with the mansion house, or any land adjoining the mansion house which is required for its protection or amenity, and the compensation for disturbance payable in respect of a notice to quit given in respect of any such land shall be such compensation (if any) as is payable under the provisions of this Act in that behalf.

(11) Compensation payable under this section shall be in addition to any compensation to which the tenant may be entitled in respect of improvements.

Compensation for disturbance in cases to which s. 12 does not apply.

**13.**—(1) This section applies only to land (being or forming part of a holding) which is not included in the definition of "holding" for the purposes of section twelve of this Act.

(2) Where the landlord of land to which this section applies, without good and sufficient cause, and for reasons inconsistent with good estate management terminates the tenancy by notice to quit, the tenant upon quitting the land shall, in addition to the compensation (if any) to which he may be entitled in respect of improvements, be entitled to compensation for the loss or expense directly attributable to his quitting the land which the tenant may unavoidably incur upon or in connection with the sale or removal of his household goods or his implements of husbandry, produce, or farm stock, on or used in connection with the land:

Provided that no compensation under this section shall be payable—

- (a) unless the tenant has given to the landlord a reasonable opportunity of making a valuation of such goods, implements, produce, and stock as aforesaid ;
- (b) unless the tenant has, within two months after he has received notice to quit, given to the landlord notice in writing of his intention to claim compensation under this section ;
- (c) where the tenant with whom a contract of tenancy was made has died within three months before the date of the notice to quit ;
- (d) if the claim for compensation is not made within three months after the time at which the tenant quits the land.

14.—(1) Where the occupation of a dwelling-house (including a garden attached thereto) forming part of a holding has been allowed by the tenant of the holding to a workman employed by him in agriculture on the holding, whether the occupation is under a contract of tenancy or not, and the occupation is terminated on account of the termination by the tenant of the holding of the employment of the workman, the provisions of sections twelve and thirteen of this Act shall (subject as hereinafter provided and so far as the same are capable of application) apply as if the dwelling-house (including a garden attached thereto) were a holding and, where there is no contract of tenancy, as if the person allowing the dwelling-house to be so occupied were the landlord and the workman were the tenant, and the notice to terminate the occupation were a notice to quit :

Application of preceding section to cottages on holdings.

Provided that—

- (a) compensation shall not be payable under this section if—
  - (i) the notice to terminate the occupation is given before the expiration of six weeks from the commencement of the occupation ; or
  - (ii) the tenant of the holding has, before giving the notice, obtained from a court of summary jurisdiction for the district in

which the dwelling-house is situate a certificate that the termination of the occupation is necessary or expedient to enable the holding to be worked properly or to better advantage; or

(iii) the employment of the workman is for a year or half-year, and the occupation is terminated at the end of such period; or

(iv) the workman does not cease to occupy the dwelling-house on the expiration of the notice to terminate his occupation thereof or on the expiration of a period of two months from the date when the notice was given whichever is the later; or

(v) the notice is given by reason of the employment of the workman having been terminated on account of his misconduct, and such reason shall be substituted for the reasons specified in subsection (1) of section twelve of this Act; and

- (b) for the purpose of compensation, the year's rent of the dwelling-house shall be taken to be the sum of seven pounds and sixteen shillings, or if it is shown that that sum exceeds an amount equal to fifty-two times the weekly rental value of the dwelling-house let free from rates, then such last mentioned amount; and
- (c) subsections (2) and (3) and paragraph (b) of subsection (7) of section twelve of this Act shall not apply; and
- (d) any question as to whether compensation is payable under this section or as to the amount payable shall, on the application of the tenant or workman, be determined by a court of summary jurisdiction for the district in which the dwelling-house is situate, and the court may, in any case in which it appears to the court to be just, direct the payment by the tenant to the workman of a sum in respect of his expenses of appearing before the court, and any sum so directed to be paid shall be recoverable summarily from the tenant as a civil debt.

(2) Where under this section the tenant of a holding seeks to obtain a certificate from a court of summary jurisdiction, the workman shall be entitled to appear before the court and shall, in the event of the certificate being refused, also be entitled to recover from the tenant such sum as the court may direct in respect of any expenses incurred by him in appearing before the court.

*Compensation in case of Tenancy under Mortgagor.*

15. Where a person occupies a holding under a contract of tenancy with a mortgagor, which is not binding on the mortgagee, then—

Compensation to tenants when mortgagee takes possession.

- (1) the occupier shall, as against the mortgagee who takes possession, be entitled to any compensation which is, or would but for the mortgagee taking possession be, due to the occupier from the mortgagor as respects crops, improvements, tillages, or other matters connected with the holding, whether under this Act or custom or an agreement authorised by this Act;
- (2) if the contract of tenancy is for a tenancy from year to year or for a term of years, not exceeding twenty-one, at a rackrent, the mortgagee shall, before he deprives the occupier of possession otherwise than in accordance with the contract of tenancy, give to the occupier six months' notice in writing of his intention so to do, and, if he so deprives him, compensation shall be due to the occupier for his crops, and for any expenditure upon the land which he has made in the expectation of remaining in the holding for the full term of his contract of tenancy, in so far as any improvement resulting therefrom is not exhausted at the time of his being so deprived;
- (3) any sum ascertained to be due to the occupier for compensation, or for any costs connected therewith, may be set off against any rent or other sum due from him in respect of the holding, but unless so set off shall, as against the mortgagee, be charged and recovered in accordance with the provisions of this Act relating to the recovery of compensation due from a landlord who is a trustee.

*Arbitration.*

Matters to  
be referred  
to arbitra-  
tion.

**16.**—(1) Any question or difference arising out of any claim by the tenant of a holding against the landlord for compensation payable under this Act, or for any sums claimed to be due to the tenant from the landlord for any breach of contract or otherwise in respect of the holding, or out of any claim by the landlord against the tenant for waste wrongly committed or permitted by the tenant, or for any breach of contract or otherwise in respect of the holding, and any other question or difference of any kind whatsoever between the landlord and the tenant of the holding arising out of the termination of the tenancy of the holding or arising, whether during the tenancy or on the termination thereof, as to the construction of the contract of tenancy, and any other question which under this Act is referred to arbitration shall be determined, notwithstanding any agreement under the contract of tenancy or otherwise providing for a different method of arbitration, by a single arbitrator in accordance with the provisions set out in the Second Schedule to this Act.

(2) Any such claim as is mentioned in this section shall cease to be enforceable after the expiration of two months from the termination of the tenancy unless particulars thereof have been given by the landlord to the tenant or by the tenant to the landlord, as the case may be, before the expiration of that period :

Provided that, where a tenant lawfully remains in occupation of part of a holding after the termination of the tenancy, particulars of a claim relating to that part of the holding may be given within two months from the termination of the occupation.

(3) Where a claim for compensation under this Act has been referred to arbitration, and the compensation payable under an agreement is by this Act to be substituted for compensation under this Act, such compensation as is to be so substituted shall be awarded in respect of any improvements provided for by the agreement.

(4) If in any arbitration under this Act the arbitrator states a case for the opinion of the county court on any question of law, the opinion of the court on any question so stated shall be final unless within the time and in accordance with the conditions prescribed by Rules of

the Supreme Court either party appeals to the court of appeal, from whose decision no appeal shall lie.

(5) The Arbitration Act, 1889, shall not apply to any arbitration under this Act. 52 & 53 Vict.  
c. 49.

(6) This section shall not apply in the case of a tenancy which terminated before the first day of January, nineteen hundred and twenty-one.

17.—(1) Subject as hereinafter provided, the Minister may by rules make such provision (not being inconsistent with the rules contained in the Second Schedule to this Act) as he thinks desirable for expediting, or reducing the costs of, proceedings on arbitrations under this Act. Provisions  
for expediting and  
reducing  
costs of  
arbitrations.

(2) On an arbitration under this Act the arbitrator—

(a) shall state separately in his award the amounts awarded in respect of the several claims referred to him; and

(b) may, if he thinks fit, make an interim award for the payment of any sum on account of the sum to be finally awarded.

(3) A rule made under this section shall be laid before each House of Parliament forthwith, and, if an address is presented to His Majesty by either House of Parliament within the next subsequent thirty days on which that House has sat next after any such rule is laid before it praying that the rule may be annulled, it shall thenceforth be void, but without prejudice to the validity of anything previously done thereunder.

18.—(1) Where a holding has become vested in more than one person in several parts and the rent payable by the tenant of the holding has not been apportioned with his consent or under any statute, the tenant shall be entitled to require that any compensation payable to him under this Act shall be determined as if the holding had not been divided, and the arbitrator shall, where necessary, apportion the amount awarded between the persons who for the purposes of this Act together constitute the landlord of the holding, and any additional costs of the award caused by the apportionment shall be directed by the arbitrator to be paid by those persons in such proportions as he shall determine. Determina-  
tion of  
claims for  
compensa-  
tion where  
a holding is  
divided.

(2) This section shall not apply in the case of a tenancy which terminated before the first day of January, nineteen hundred and twenty-one.

Recovery of compensation and other sums due.

19. Where any sum agreed or awarded under this Act to be paid for compensation costs or otherwise by a landlord or tenant of a holding is not paid within fourteen days after the time when the payment becomes due, it shall, subject as in this Act provided, be recoverable upon order made by the county court as money ordered by a county court under its ordinary jurisdiction to be paid is recoverable.

*Charge on Holding for Compensation.*

Power for landlord on paying compensation to obtain charge.

20.—(1) A landlord, on paying to the tenant the amount due to him under this Act, or under custom or agreement, or otherwise, in respect of compensation for an improvement comprised in the First Schedule to this Act or in respect of compensation for disturbance, or on expending after notice given in accordance with this Act such amount as may be necessary to execute an improvement comprised in Part II. of the First Schedule to this Act, shall be entitled to obtain from the Minister an order in favour of himself, his executors, administrators, and assigns, charging the holding, or any part thereof, with repayment of the amount paid or expended, and of all costs properly incurred by him in obtaining the charge, with such interest, and by such instalments, and with such directions for giving effect to the charge, as the Minister thinks fit.

(2) Where the landlord obtaining the charge is not absolute owner of the holding for his own benefit, no instalment or interest shall be made payable after the time when the improvement in respect whereof compensation is paid will, in the opinion of the Minister, have become exhausted.

(3) Where the estate or interest of a landlord is determinable or liable to forfeiture by reason of his creating or suffering any charge thereon, that estate or interest shall not be determined or forfeited by reason of his obtaining a charge under this Act, anything in any deed, will, or other instrument to the contrary thereof notwithstanding.

(4) The sum charged shall be a charge on the holding, or the part thereof charged, for the landlord's interest therein and for all interests therein subsequent to that of the landlord; but so that, in any case where the landlord's interest is an interest in a leasehold, the charge shall not extend beyond the interest of the landlord, his executors, administrators, and assigns.

(5) Any company now or hereafter incorporated by Parliament, and having power to advance money for the improvement of land, may take an assignment of any charge made under this section, or any like charge made under any repealed enactment, upon such terms and conditions as may be agreed upon between the company and the person entitled to the charge, and may assign any charge so acquired by them.

(6) Where a charge may be made under this section for compensation due under an award, the person making the award shall, at the request and cost of the person entitled to obtain the charge, certify the amount to be charged and the term for which the charge may properly be made, having regard to the time at which each improvement in respect of which compensation is awarded is to be deemed to be exhausted.

(7) A charge made under this section shall be a land charge within the meaning of the Land Charges Registration and Searches Act, 1888, as amended by any subsequent enactment, and may be registered accordingly. 51 & 52  
Vict. c. 51.

*Capital Money applicable for Compensation.*

21. Capital money arising under the Settled Lands Acts, 1882 to 1890, may be applied— Capital  
money  
applicable  
for compen-  
sation.

- (1) in payment as for an improvement authorised by those Acts of any money expended and costs incurred by a landlord under or in pursuance of this Act or any enactment hereby repealed, or under custom or agreement or otherwise, in or about the execution of any improvement comprised in Part I. or Part II. of the First Schedule to this Act; and

- (2) in discharge of any charge in respect of any such improvement created on a holding under this

Act or any like charge made under any repealed enactment as if the charge were an incumbrance authorised by those Acts to be discharged out of that capital money.

*Fixtures and Buildings.*

Tenant's  
property in  
fixtures and  
buildings.

22.—(1) Any engine, machinery, fencing, or other fixture affixed to a holding by a tenant, and any building erected by him thereon for which he is not under this Act or otherwise entitled to compensation, and which is not so affixed or erected in pursuance of some obligation in that behalf or instead of some fixture or building belonging to the landlord, shall be the property of and be removable by the tenant before or within a reasonable time after the termination of the tenancy :

Provided that—

- (i) before the removal of any fixture or building the tenant shall pay all rent owing by him, and shall perform or satisfy all other his obligations to the landlord in respect of the holding :
- (ii) in the removal of any fixture or building the tenant shall not do any avoidable damage to any other building or other part of the holding :
- (iii) immediately after the removal of any fixture or building the tenant shall make good all damage occasioned to any other building or other part of the holding by the removal :
- (iv) the tenant shall not remove any fixture or building without giving one month's previous notice in writing to the landlord of his intention to remove it :
- (v) at any time before the expiration of the notice of removal the landlord, by notice in writing given by him to the tenant, may elect to
  - purchase any fixture or building comprised in the notice of removal, and any fixture or building thus elected to be purchased shall be left by the tenant, and shall become the property of the landlord, who shall pay to the tenant the fair value thereof to an incoming tenant of the holding.

(2) The provisions of this section shall apply to a fixture or building acquired since the thirty-first day of December, nineteen hundred, by a tenant in like manner as they apply to a fixture or building affixed or erected by a tenant, but shall not apply to any fixture or building affixed or erected before the first day of January, eighteen hundred and eighty-four.

*Extension of Tenancies under Leases.*

23.—(1) In the case of a tenancy of a holding for a term of two years or upwards, the tenancy shall not terminate on the expiration of the term for which it was granted, unless not less than one year nor more than two years before the date fixed for the expiration of the term a written notice has been given by either party to the other of his intention to terminate the tenancy, and any notice so given shall be deemed to be a notice to quit for the purposes of this Act.

Extension  
of tenancies  
under leases  
for a term  
of years.

(2) If no such notice is given, the tenancy shall, as from the expiration of the term for which it was granted, continue as a tenancy from year to year, but otherwise so far as applicable on the terms of the original tenancy.

(3) This section shall not apply to any tenancy granted, or agreed to be granted, before the first day of January, nineteen hundred and twenty-one.

(4) In any case to which this section shall apply, it shall apply notwithstanding any agreement to the contrary.

24.—(1) Where the tenancy of any holding held by a tenant at a rackrent determines by the death or cesser of the estate of any landlord entitled for his life, or for any other uncertain interest, instead of claims to emblements, the tenant shall continue to hold and occupy the holding until the occupation is determined by a twelve months' notice to quit expiring at the end of a year of the tenancy, and shall then quit upon the terms of his tenancy in the same manner as if the tenancy were then determined by effluxion of time or other lawful means during the continuance of his landlord's estate.

Extension  
of tenancies  
determined  
by death.

(2) The succeeding landlord shall be entitled to recover from the tenant, in the same manner as his predecessor could have done, a fair proportion of the rent

for the period which may have elapsed from the date of the death or cesser of the estate of such predecessor to the time of the tenant so quitting.

(3) The succeeding landlord and the tenant respectively shall as between themselves and as against each other be entitled to all the benefits and advantages and be subject to the terms, conditions and restrictions to which the preceding landlord and such tenant respectively would have been entitled and subject in case the tenancy had determined in manner aforesaid at the expiration of the said twelve months' notice.

*Miscellaneous Rights of Landlord and Tenant.*

Notices to  
quit.

25.—(1) Notwithstanding any provision in a contract of tenancy to the contrary, a notice to quit a holding shall be invalid if it purports to terminate the tenancy before the expiration of twelve months from the end of the then current year of tenancy; but nothing in this section shall extend to a case where a receiving order in bankruptcy is made against the tenant.

(2) This section shall not apply to—

(a) any notice given by or on behalf of the Admiralty, War Department, or Air Council under the provisions of any agreement of tenancy where possession of the land is required for naval, military, or air force purposes; or

(b) any notice given by a corporation carrying on a railway, dock, canal, water, or other undertaking in respect of any land acquired by the corporation for the purposes of their undertaking or by a government department or local authority where possession of the land is required by the corporation, government department or authority for the purpose (not being the use of the land for agriculture) for which it was acquired by the corporation, department, or authority or appropriated under any statutory provision; or

(c) any notice given in pursuance of a provision in the contract of tenancy authorising the resumption of possession of the holding or

some part thereof for some specified purpose, unless that purpose is the use of the land for agriculture; or

- (d) any notice given by a tenant to a sub-tenant; or
- (e) any notice given before the first day of January, nineteen hundred and twenty-one.

**26.**—(1) On the making of any contract for sale of a holding or any part of a holding held by a tenant from year to year any then current and unexpired notice to determine the tenancy of the holding given to the tenant either before or after the commencement of this Act shall, if the contract for sale is made by the person by whom the notice to quit was given, be null and void unless the tenant has, after the nineteenth day of August, nineteen hundred and nineteen, and prior to such contract of sale, by writing, agreed that such notice shall be valid.

Restriction  
of notices  
to quit.

(2) This section shall not apply to a contract for sale to a government department or local authority for the purpose of providing small holdings or allotments, or for any other public purpose made before the twentieth day of August, nineteen hundred and twenty-two.

**27.**—(1) Where a notice to quit is given by the landlord of a holding to a tenant from year to year with a view to the use of land for any of the following purposes:—

Resump-  
tion of  
possession of  
part of  
holding by  
landlord.

- (i) The erection of farm labourers' cottages or other houses with or without gardens;
- (ii) The provision of gardens for farm labourers' cottages or other houses;
- (iii) The provision of allotments;

- (b) the provisions of this Act respecting compensation shall apply as if the part to which the notice relates were a separate holding; and
- (c) the tenant shall be entitled to a reduction of rent proportionate to the part to which the notice relates, and in respect of any depreciation of the value to him of the residue of the holding caused by the severance, or by the use to be made of the part severed, and the amount of that reduction shall be settled as in case of compensation under this Act:

An Act to consolidate the Enactments relating to  
Agricultural Holdings in Scotland.

[7th June 1923.]

**B**E it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

COMPENSATION FOR IMPROVEMENTS ON HOLDINGS.

**1.**—(1) Where a tenant of a holding has made thereon any improvement comprised in the First Schedule to this Act, he shall, subject as in this Act mentioned, and, in a case where the lease was entered into on or after the first day of January, nineteen hundred and twenty-one, then, whether the improvement was or was not an improvement which he was required to make by the terms of his tenancy, be entitled, at the termination of the tenancy, on quitting his holding, to obtain from the landlord, as compensation for the improvement, such sum as fairly represents the value of the improvement to an incoming tenant.

Right of  
tenant to  
compensa-  
tion for  
improve-  
ments.

(2) In the ascertainment of the amount of the compensation payable to a tenant under this section there shall be taken into account—

- (a) any benefit which the landlord has given or allowed to the tenant in consideration of the tenant executing the improvement whether expressly stated in the lease to be so given or allowed or not; and
- (b) as respects manuring as defined by this Act, the value of the manure required by the lease or by custom to be returned to the holding in respect of any crops grown on and sold off or removed from the holding within the last two

years of the tenancy or other less time for which the tenancy has endured, not exceeding the value of the manure which would have been produced by the consumption on the holding of the crops so sold off or removed.

(3) Nothing in this section shall prejudice the right of a tenant to claim any compensation to which he may be entitled under custom, agreement, or otherwise, in lieu of any compensation provided by this section.

Consent of  
landlord as  
to improve-  
ment in  
First  
Schedule,  
Part I.

**2.** Compensation under this Act shall not be payable in respect of any improvement comprised in Part I. of the First Schedule hereto, unless the landlord of the holding has, previously to the execution of the improvement, consented in writing to the making of the improvement, and any such consent may be given by the landlord unconditionally, or upon such terms as to compensation or otherwise as may be agreed upon between the landlord and the tenant, and, if any such agreement is made, any compensation payable under the agreement shall be substituted for compensation under this Act.

Notice to  
landlord as  
to improve-  
ment in  
First  
Schedule,  
Part II.

**3.**—(1) Compensation under this Act shall not be payable in respect of any improvement comprised in Part II. of the First Schedule hereto, unless the tenant of the holding has, not more than three nor less than two months before beginning to execute the improvement, given to the landlord notice in writing of his intention so to do, and of the manner in which he proposes to do the intended work, and upon such notice being given, the landlord and the tenant may agree on the terms as to compensation or otherwise on which the improvement is to be executed.

(2) If any such agreement is made, any compensation payable under the agreement shall be substituted for compensation under this Act.

(3) Or instead of making any such agreement the landlord may undertake to execute the improvement himself and, unless the notice of the tenant is previously withdrawn, proceed to do so in any reasonable and proper manner which he thinks fit, and recover from the tenant as rent a sum not exceeding five per centum per annum

on the outlay incurred, or not exceeding such annual sum payable for a period of twenty-five years as will repay that outlay in that period, with interest at the rate of three per centum per annum :

Provided that—

- (a) the Board may by regulation substitute such percentages or period as they think fit for the percentages and period mentioned in this subsection, having due regard to the current rates of interest; and
- (b) in default of any such agreement or undertaking or in the event of the landlord failing to execute the improvement within a reasonable time, the tenant may execute the improvement, and shall in respect thereof be entitled to compensation under this Act.

(4) The landlord and the tenant may by the lease or otherwise agree to dispense with any notice under this section, and any such agreement may provide for anything for which an agreement after notice under this section may provide, and in such case shall be of the same validity and effect as such last-mentioned agreement.

4. Where any agreement in writing entered into before the first day of January, nineteen hundred and twenty-one, secures to the tenant of a holding, for any improvement comprised in Part III. of the First Schedule hereto, fair and reasonable compensation, having regard to the circumstances existing at the time of making the agreement, the compensation so secured shall as respects that improvement be substituted for compensation under this Act.

Agreements as to improvement in First Schedule, Part III.

5.—(1) Subject to the provisions of this section, where a tenant desires to make on his holding or any part of his holding any improvement comprised in the Third Schedule to this Act and the landlord refuses, or within a reasonable time fails, to agree in writing that the holding or that part of the holding shall be treated as a market garden, the Board may, on the application of the tenant and after hearing the landlord or his representative, and after being satisfied that the holding or part of the holding

1920, s. 27.  
S.R.O.  
1922.]

is suitable for the purposes of market gardening, direct that section forty-two of this Act shall, either in respect of all the improvements comprised in the said Third Schedule or in respect of some only of those improvements, apply to the holding or to that part thereof, and the said section shall apply accordingly as respects any improvements executed after the date on which the direction is given :

Provided that nothing in this subsection shall authorise the breaking up of meadow land or pasture.

Any direction given by the Board under this subsection shall be subject to such conditions, if any, for the protection of the landlord, as the Board may think fit to attach to the direction, and, where any such direction is given, the following provisions shall have effect :—

- (a) If the tenancy is terminated by notice to quit given by the tenant or by reason of the tenant becoming notour bankrupt or executing a trust deed for behoof of his creditors, the tenant shall not be entitled to compensation in respect of any such improvements as are specified in the direction unless the tenant not later than one month after the date on which the notice to quit is given or the date of the bankruptcy or execution of the trust deed, as the case may be, or such later date as may be agreed, produces to the landlord an offer in writing by a substantial and otherwise suitable person (being an offer which is to hold good for a period of three months from the date on which it is produced), to accept a tenancy of the holding from the termination of the existing tenancy thereof, and on the terms and conditions of that tenancy so far as applicable, and, subject as hereinafter provided, to pay to the outgoing tenant all compensation payable under this Act, or under the lease, and the landlord fails to accept the offer within three months after the production thereof; and
- (b) If the landlord accepts any such offer, the incoming tenant shall pay to the landlord on demand all sums payable to him by the outgoing tenant on the termination of the tenancy in

respect of rent or breach of contract or otherwise in respect of the holding, and any amount so paid may, subject to any agreement between the outgoing tenant and incoming tenant, be deducted by the incoming tenant from any compensation payable by him to the outgoing tenant; and

- (c) If the direction relates to part only of the holding, the direction may, on the application of the landlord, be given subject to the condition that the tenant shall consent to the division of the holding into two parts (one such part being the part to which the direction relates) to be held at rents agreed by the landlord and tenant or in default of agreement settled by the Board, but otherwise on the same terms and conditions as the original holding, so far as applicable.

(2) A new tenancy created by the acceptance of a tenant in accordance with the provisions of this section on the terms and conditions of the existing tenancy shall not be deemed to be a new tenancy for the purposes of the provisions of this Act relating to demands for arbitration as to rent.

(3) In the exercise of their powers under this section, the Board shall have regard to the likelihood of the land being required for any purpose other than agriculture.

(4) If in any case a landlord or tenant by notice in writing given to the other party shall so require, the powers which under this section may be exercised by the Board shall in that case be exercised by an arbiter appointed and acting under and in accordance with the provisions of this Act.

(5) Where any agreement in writing secures to the tenant of a holding for any improvement to which the provisions of section forty-two of this Act apply, or are directed under this section to apply, fair and reasonable compensation, having regard to the circumstances existing at the time of making the agreement, the compensation so secured shall as respects that improvement be substituted for compensation under this Act.

Determina-  
tion of claims  
to compensa-  
tion.

**6.**—(1) If the tenant of a holding claims to be entitled to compensation, whether under this Act or under custom or agreement, or otherwise, in respect of any improvement comprised in the First Schedule to this Act, and if the landlord and tenant fail to agree as to the amount and time and mode of payment of the compensation, the difference shall be settled by arbitration.

(2) Where a claim for compensation under this Act has been referred to arbitration, and the compensation payable under an agreement is by this Act to be substituted for compensation under this Act, such compensation as is to be so substituted shall be awarded in respect of any improvement provided for by the agreement.

Right of  
tenant who  
has paid  
compensa-  
tion to out-  
going tenant.

**7.** Where an incoming tenant of a holding has, with the consent in writing of his landlord, paid to an outgoing tenant any compensation payable under or in pursuance of this Act in respect of the whole or part of any improvement, the incoming tenant shall be entitled on quitting the holding to claim compensation in respect of the improvement or part in like manner, if at all, as the outgoing tenant would have been entitled if he had remained tenant of the holding, and quitted it at the time at which the incoming tenant quits it.

Provision as  
to change of  
tenancy.

**8.** A tenant who has remained in his holding during two or more tenancies shall not, on quitting his holding, be deprived of his right to claim compensation under this Act in respect of improvements by reason only that the improvements were not made during the tenancy on the termination of which he quits the holding.

#### COMPENSATION IN RESPECT OF INCREASED OR DIMINISHED VALUE OF HOLDING.

Compensa-  
tion for con-  
tinuous  
adoption of  
special  
standard or  
system of  
farming.

**9.**—(1) Where a tenant on quitting a holding proves to the satisfaction of an arbiter appointed under this Act that the value of the holding to an incoming tenant has been increased during the tenancy by the continuous adoption of a standard of farming or a system of farming which has been more beneficial to the holding than the

standard or system (if any) required by the lease, the arbiter shall award to the tenant such compensation as in his opinion represents the value to an incoming tenant of the adoption of that standard or system :

Provided that—

- (a) This section shall not apply in any case unless a record of the condition of the holding has been made under this Act or any Act by this Act repealed or in respect of any matter arising before the date of the record so made ; and
- (b) Compensation shall not be payable under this section unless the tenant has, before the termination of the tenancy, given notice in writing to the landlord of his intention to claim such compensation ; and
- (c) The arbiter in assessing the value to an incoming tenant shall make due allowance for any compensation agreed or awarded to be paid to the tenant for any improvement specified in the First Schedule to this Act which has caused or contributed to the benefit.

(2) Nothing in this section shall entitle a tenant to recover in respect of an improvement specified in the First Schedule or the Third Schedule to this Act any compensation which he would not have been entitled to recover if this section had not been passed.

(3) The continuous adoption of such a beneficial standard or system of farming as aforesaid shall be treated as an improvement for the purposes of the provisions of this Act relating to the determination of the rent properly payable in respect of a holding.

10. Where a landlord proves, to the satisfaction of an arbiter appointed under this Act, on the termination of the tenancy of a holding, that the value of the holding has been deteriorated during the tenancy by the failure of the tenant to cultivate the holding according to the rules of good husbandry or the terms of the lease, the arbiter shall award to the landlord such compensation

Compensation to landlord for deterioration of holding.

as in his opinion represents the deterioration of the holding due to such failure :

Provided that compensation shall not be payable under this section unless the landlord has, before termination of the tenancy, given notice in writing to the tenant of his intention to claim such compensation :

Provided also that nothing in this section shall prevent a landlord from claiming compensation for dilapidations or for the deterioration of the holding under the lease.

#### COMPENSATION FOR DAMAGE BY GAME.

Compensation for damage by game.

**11.**—(1) Where a tenant of a holding has sustained damage to his crops from game, the right to kill and take which is vested neither in him nor in anyone claiming under him other than the landlord, and which the tenant has not permission in writing to kill, he shall, subject as herein-after mentioned, be entitled to compensation from his landlord for such damage if it exceeds in amount the sum of one shilling per acre of the area over which the damage extends.

(2) The amount of compensation payable under this section shall, in default of agreement made after the damage has been suffered, be determined by arbitration, but no compensation shall be recoverable under this section unless notice in writing is given to the landlord as soon as may be after the damage was first observed by the tenant, and a reasonable opportunity is given to the landlord to inspect the damage—

- (a) in the case of damage to a growing crop, before the crop is begun to be reaped, raised, or consumed ; and
- (b) in the case of damage to a crop reaped or raised, before it is begun to be removed from the land—

and unless notice in writing of the claim, together with the particulars thereof, is given to the landlord within one month after the expiration of the calendar year, or such other period of twelve months as by agreement between the landlord and tenant may be substituted therefor, in respect of which the claim is made.

(3) Where the landlord proves that, under a lease made before the first day of January, nineteen hundred and nine, any compensation for damage by game is payable by him, or that in fixing the rent to be paid under such lease allowance in respect of such damage to an agreed amount was expressly made, the arbiter shall make such deduction from the compensation which would otherwise be payable under this section as may appear just.

(4) Where the right to kill and take the game is vested in some person other than the landlord, the landlord shall be entitled to be indemnified by such other person against all claims for compensation under this section.

(5) For the purposes of this section, the expression "game" means deer, pheasants, partridges, grouse, and black game.

#### COMPENSATION FOR DISTURBANCE.

**12.**—(1) Where the tenancy of a holding terminates by reason of a notice to quit given by the landlord, and in consequence of such notice the tenant quits the holding, then, unless the tenant—

Compensation for disturbance.

- (a) was not at the date of the notice cultivating the holding according to the rules of good husbandry; or
- (b) had, at the date of the notice, failed to comply within a reasonable time with any notice in writing by the landlord served on him requiring him to pay any rent due in respect of the holding or to remedy any breach, being a breach which was capable of being remedied, of any term or condition of the tenancy consistent with good husbandry; or
- (c) had, at the date of the notice, materially prejudiced the interests of the landlord by committing a breach which was not capable of being remedied of any term or condition of the tenancy consistent with good husbandry; or
- (d) was at the date of the notice a person who had become notour bankrupt or executed a trust deed for behoof of his creditors; or

- (e) has, after the thirty-first day of December, nineteen hundred and twenty, refused, or within a reasonable time failed, to agree to a demand made to him in writing by the landlord for arbitration as to the rent to be paid for the holding as from the next ensuing date at which the tenancy could have been terminated by notice to quit given by the landlord at the date of the said demand; or
- (f) had, at the date of the notice, unreasonably refused, or within a reasonable time failed, to comply with a demand made to him in writing by the landlord requiring him to execute at the expense of the landlord an agreement setting out the existing terms of the tenancy;

and unless the notice to quit states that it is given for one or more of the reasons aforesaid, compensation for the disturbance shall be payable by the landlord to the tenant in accordance with the provisions of this section:

Provided that—

- (i) compensation shall not be payable under this section in any case where the landlord has made to the tenant an offer in writing to withdraw the notice to quit and the tenant has unreasonably refused or failed to accept the offer; and
- (ii) this section shall not apply where notice to quit was given on or before the twentieth day of May nineteen hundred and twenty; and
- (iii) where notice to quit was given after that date but before the first day of January, nineteen hundred and twenty-one, this section shall apply whether or not the notice stated the reason or reasons for which it was given.

(2) The landlord of a holding may at any time apply to the Board for a certificate that the tenant is not cultivating the holding according to the rules of good husbandry, and, on any such application being made, the Board, after giving to the landlord and the tenant or their respective representatives an opportunity of being heard, shall, as they think proper, either grant or refuse

the certificate within one month after the date of the application.

The landlord or tenant may, within seven days after the notification to him of the refusal or grant by the Board of a certificate, require the question as to whether the holding is being cultivated according to the rules of good husbandry to be referred to an arbiter who may grant a certificate for the purpose of this subsection or revoke the certificate granted by the Board, and the award of the arbiter shall be given within twenty-eight days of the date on which the matter is referred to him.

Subject to any such appeal, a certificate granted under this subsection shall be conclusive evidence that the holding is not being cultivated according to the rules of good husbandry.

(3) Where the landlord of a holding refuses, or within a reasonable time fails to agree to, a demand made to him in writing by the tenant for arbitration as to the rent to be paid for the holding as from the next ensuing date at which the tenancy could have been terminated by notice to quit given by the tenant at the date of the said demand, and by reason of the refusal or failure the tenant exercises his power of terminating the tenancy by a notice stating that it is given for that reason, the tenant shall be entitled to compensation in the same manner as if the tenancy had been terminated by notice to quit given by the landlord. Provided that such compensation shall not be payable if the circumstances are such that a notice to quit could have been given by the landlord for any of the reasons mentioned in paragraphs (a), (b), or (c) of subsection (1) of this section.

(4) The provisions of this section relating to demands for arbitration as to the rent to be paid for a holding shall not apply where the demand, if made later than six months after the thirty-first day of December, nineteen hundred and twenty, is so made that the increase or reduction of the rent would take effect at some time before the expiration of five years from the commencement of the tenancy of the holding or from the date on which a previous increase or reduction of the rent took effect.

(5)—(a) Where a demand in writing for arbitration as to the rent to be paid for a holding has been made for the purposes of this section, and has been agreed to, whether in writing or otherwise, the question as to the rent shall be referred to arbitration.

(b) An arbiter, in determining for the purposes of this section what rent is properly payable in respect of a holding, shall not take into account any increase in the rental value which is due to improvements which have been executed thereon so far as they were executed wholly or partly by and at the expense of the tenant without any equivalent allowance or benefit made or given by the landlord in consideration of their execution and have not been executed by him under an obligation imposed by the terms of his lease, or fix the rent at a higher amount than would have been properly payable if those improvements had not been so executed, and shall not fix the rent at a lower amount by reason of any dilapidation or deterioration of land or buildings made or permitted by the tenant.

(6) The compensation payable under this section shall be a sum representing such loss or expense directly attributable to the quitting of the holding as the tenant may unavoidably incur upon or in connection with the sale or removal of his household goods, implements of husbandry, fixtures, farm produce or farm stock on or used in connection with the holding, and shall include any expenses reasonably incurred by him in the preparation of his claim for compensation (not being costs of an arbitration to determine the amount of the compensation), but for the avoidance of disputes such sum shall, for the purposes of this Act, be computed at an amount equal to one year's rent of the holding, unless it is proved that the loss and expenses so incurred exceed an amount equal to one year's rent of the holding, in which case the sum recoverable shall be such as represents the whole loss and expenses so incurred up to a maximum amount equal to two years' rent of the holding.

In this subsection the expression "rent" means the rent after deduction of such an amount as the arbiter, failing agreement, may find to be equivalent to the amount

(if any) annually payable by the landlord in respect of the holding by way of—

- (a) any public rates, taxes, or assessments which in England are by law a charge on the occupiers of lands; or
- (b) any public rates or taxes or other public burdens the like whereof are not chargeable on lands in England.

(7) Compensation shall not be payable under this section—

- (a) in respect of the sale of any goods, implements, fixtures, produce or stock unless the tenant has before the sale given the landlord a reasonable opportunity of making a valuation thereof; or
- (b) unless the tenant has, not less than one month before the termination of the tenancy, given notice in writing to the landlord of his intention to make a claim for compensation under this section; or
- (c) where the tenant with whom the lease was entered into has died within three months before the date of the notice to quit; or

by means of deductions from rent or otherwise, or any rent due before that date which has not been paid by reason of such deductions having been made therefrom; but section fourteen, subsection (1), of the principal Act shall not apply to an increase of rent made valid by this Act which was paid by, or recovered from, a tenant prior to the first day of December, nineteen hundred and twenty-two;

- (b) nothing in this Act shall affect the right to enforce any judgment of a court of competent jurisdiction given before the fifteenth day of February, nineteen hundred and twenty-three, or render recoverable any sum paid under such a judgment.

(2) Any increase of rent made valid by this Act is hereinafter referred to as a validated increase of rent.

Provided that—

- (i) the tenant may at any time pay to the landlord the full amount of such arrears subject to the deduction of the aggregate amount of the instalments (if any) already paid; and

- (ii) if a tenant by whom any such instalments are payable gives up possession of the premises either voluntarily or on any order or judgment of a court, the balance of the sum payable by instalments shall immediately become due and recoverable.

(2) A landlord claiming that a sum on account of arrears of rent is due to him under this Act shall serve on the tenant a notice to that effect, and the notice shall specify the amount so claimed and the amount of the instalments claimed to be payable, and the first instalment shall not be payable until after the expiration of one clear week from the date of the notice. If such notice contains any statement or representation which is false or misleading in any material respect, the landlord shall be liable on summary conviction to a fine not exceeding ten pounds unless he proves that the statement was made innocently and without intent to deceive.

(3) The notice shall be in the form contained in the Schedule to this Act, or in a form substantially to the same effect, and the landlord shall furnish the tenant with details in writing showing how the amount claimed is arrived at, and how the amount of the instalments has been calculated.

(4) Any question as to the amount of arrears due from a tenant, or the amount of any instalment, shall be determined on the application either of the landlord or the tenant by the county court, and the decision of the court shall be final and conclusive.

(3) Where a tenant has obtained from the sanitary authority a certificate that the house is not in a reasonable state of repair, and has served a copy of the certificate upon the landlord, it shall be a good defence to any claim against the tenant for the payment of any sum which the tenant is by virtue of this Act liable to pay by way of rent or on account of arrears in respect of any subsequent rental period that the house was not in a reasonable state of repair during that period, and in any proceedings against the tenant for the enforcement of such claim (including proceedings for recovery of possession or ejection on the ground of non-payment of rent so far as the rent unpaid includes any such sum), the production of the said certificate shall be sufficient evidence that the house was and continues to be in the condition therein mentioned unless the contrary is proved :

Provided that the foregoing provision shall not apply in any case where and so far as the condition of the house is due to the tenant's neglect or default or breach of express agreement.

(4) For the purposes of this Act, a certificate of a sanitary authority shall specify what works (if any) require to be executed in order to put the house into a reasonable state of repair.

(5) An instrument purporting to be a certificate of a sanitary authority and to be signed by an officer of the authority shall, without further proof, be taken to be a certificate of the authority unless the contrary is proved.

(4) Any person who is aggrieved by the determination of the Commissioners of Inland Revenue on an application made by him under this section may, on giving notice in writing to those Commissioners within twenty-one days after the notification to him of their determination, appeal to the Special Commissioners.

- (d) throw or discharge any stone or other missile into any water for the purpose of taking or killing, or facilitating the taking or killing, of any salmon or trout.

(2) If any person contravenes this section, he shall be guilty of an offence against this Act, unless he proves to the satisfaction of the court before which he is charged that the act was done for the purpose of the preservation or development of a private fishery and with the previous

permission in writing of the fishery board, or, where there is no fishery board, of the Minister.

(3) For the purposes of this section—

(a) The expression “otter lath or jack” includes any small boat or vessel, board, stick, or other instrument, whether used with a hand line, or as auxiliary to a rod and line, or otherwise for the purpose of running out lures, artificial or otherwise;

(b) The expression “strokehaul or snatch” includes any instrument or device, whether used with a rod and line or otherwise, for the purpose of foul hooking any fish.

(4) This section shall not apply to any person using a gaff (consisting of a plain metal hook without a barb) or tailer as auxiliary to angling with a rod and line.

**2.—(1)** No person shall, for the purpose of fishing for salmon, trout or freshwater fish— Prohibition of using roe.

(a) use any fish roe, or

(b) buy, sell, or expose for sale, or have in his possession any roe of salmon or trout.

(3) This section shall not apply to any person who takes a fish accidentally and returns it to the water with the least possible injury.

Prohibition of disturbing fish spawning.

4.—(1) No person shall wilfully disturb any spawn or spawning fish, or any bed, bank, or shallow on which any spawn or spawning fish may be.

(2) If any person contravenes this section, he shall be guilty of an offence against this Act.

Prohibition of certain modes of working nets.

6.—(1) No person shall, in any fishery district, shoot or work any seine or draft net for salmon or migratory trout in any waters across more than three-fourths of the width thereof, or within one hundred yards from the nearest point in the line of shot of any other seine or draft net worked in like manner and already shot or being worked in the waters, before such last-mentioned net is fully drawn in and landed.

(2) If any person contravenes this section, he shall be guilty of an offence against this Act.

Prohibition of use of certain nets.

7.—(1) No person shall take or attempt to take salmon or migratory trout with any net having a mesh of less dimensions than two inches in extension from knot to knot (the measurement to be made on each side of the square), or eight inches measured round each mesh when wet, except in the case of a landing net in use as auxiliary to angling with rod and line.

(2) If any person contravenes this section, he shall be guilty of an offence against this Act.

(3) The placing of two or more nets the one behind the other, or near to each other in such manner as practically to diminish the mesh of the nets used, or the covering of the nets used with canvas, or the using of any

other artifice so as to evade the provisions of this section with respect to the mesh of nets, shall be deemed to be a contravention of this section :

Provided that nothing in this section shall render any person liable to a penalty for using in any place a net having a mesh of smaller dimensions than in this section specified, if the use of such a net is for the time being determined to be lawful in that place by a byelaw under this Act.

8.—(1) No person shall cause or knowingly permit to flow, or put or knowingly permit to be put, into any waters containing fish, or into any tributaries thereof, any liquid or solid matter to such an extent as to cause the waters to be poisonous or injurious to fish or the spawning grounds, spawn or food of fish, and if any person contravenes this subsection he shall be guilty of an offence against this Act :

- (a) a person shall not be so liable to any penalty for any act done in the exercise of any right to which he is by law entitled or in continuation of a method in use in connection with the same premises prior to the passing of this Act, if he proves to the satisfaction of the court before which he is charged that he has used the best practicable means, within a reasonable cost, to prevent such matter from doing injury to fish or to the spawning grounds, spawn or food of fish ;
- (b) nothing in this subsection shall prevent any person from acquiring a legal right in cases where he would have acquired it if this Act had not passed, or exempt any person from any penalty to which he would otherwise be subject, or make lawful any act or default which would but for this Act be a nuisance or otherwise contrary to law.

(2) No person shall, within a fishery district, discharge any trade effluent into any waters containing fish by means of any new work unless such notice of the proposed construction of the new work has been given to the fishery board or to the Minister as is prescribed by this

section, and, if he does so, he shall be guilty of an offence against this Act: Provided that the fishery board or the Minister may at any time exempt any new work from the operation of this subsection as from the date of the exemption or any earlier date notwithstanding that the provisions of this section as to notice have not been complied with.

Notice of the proposed construction of a new work shall be given to the fishery board or to the Minister—

- (a) where under any Act or byelaw notice thereof or an application for the approval thereof is required to be given or made to a local authority, then at the same time as such notice or application is given or made; and
- (b) in any other case not less than three months before the commencement of the work,

and a notice, if not accompanied by plans and specifications of the proposed new work, shall state where such plans and specifications can be inspected at all reasonable times by an officer of the fishery board or of the Ministry, as the case may be.

The expression “new work” means any work constructed after the commencement of this Act or any alteration after such date of any then existing work.

This subsection shall not apply to any work constructed by any sanitary or other local authority in pursuance of any power given by a Public General or Local Act or by a Provisional Order confirmed by Parliament.

tion of fish.

### 9. If any person—

- (a) uses dynamite or other explosive substance with intent thereby to take or destroy fish in any waters (including any territorial waters adjoining the coast of England or Wales); or
- (b) puts any poison, lime, or noxious material in any such waters with intent thereby to take or

destroy any of the fish that may then be or may thereafter be put therein; or

- (c) unlawfully or maliciously cuts through, breaks down or otherwise destroys any dam, floodgate or sluice with intent thereby to take or destroy fish;

he shall be liable to a fine not exceeding fifty pounds or to imprisonment with or without hard labour for a term not exceeding three months.

10. Section thirty-two of the Malicious Damages Act, 1861, shall have effect as if the words from "shall unlawfully and maliciously cut through" to "thereafter to be put therein or" were omitted therefrom.

### OBSTRUCTIONS TO PASSAGE OF FISH.

11.—(1) No fixed engine of any description shall be placed or used for taking or facilitating the taking of salmon or migratory trout or for detaining, or obstructing the free passage of, salmon or migratory trout in any inland or tidal waters.

Prohibition  
of placing or  
using fixed  
engines for  
taking or  
obstructing  
salmon or  
migratory  
trout.

(2) Any engine placed or used in contravention of this section may be taken possession of or destroyed by any person acting under directions to that effect given by a fishery board, or, where there is no fishery board, by the Minister.

(3) Any person who places or uses any engine in contravention of this section shall be guilty of an offence against this Act.

(4) Nothing in this section shall apply—

- (a) to any fixed engine certified in pursuance of the Salmon Fishery Act, 1865, to be a privileged fixed engine; or

28 & 29 Vict.  
c. 121.

- (b) to any fixed engine which was in use for taking salmon or migratory trout during the open

season of eighteen hundred and sixty-one, in pursuance of an ancient right or mode of fishing as lawfully exercised during that open season, by virtue of any grant or charter or immemorial usage; or

(c) to fishing weirs or fishing mill dams.

Prohibition of using certain dams for taking salmon or migratory trout.

**12.**—(1) No fishing weir or fishing mill dam which was not lawfully in use on the sixth day of August, eighteen hundred and sixty-one, by virtue of a grant or charter or immemorial usage, shall be used for the purpose of taking or facilitating the taking of salmon or migratory trout.

(2) If any person uses any weir or dam in contravention of this section, he shall be guilty of an offence against this Act.

Rules for fishing weir:

**13.**—(1) Where a fishing weir extends more than halfway across any river at its lowest state of water, it shall not be used for the purpose of taking salmon or migratory trout unless it has therein a free gap or opening in accordance with the following regulations:—

- (a) the free gap must be situate in the deepest part of the river between the points where it is intercepted by the weir:
- (b) the sides of the gap must be in a line with and parallel to the direction of the stream at the weir:
- (c) the bottom of the gap must be level with the natural bed of the river above and below the gap:
- (d) the width of the gap in its narrowest part must be not less than one-tenth part of the width of the river: Provided that it need not be wider than forty feet, and must not be narrower than three feet.

(2) If any person uses any weir in contravention of this section, or makes any alteration in the bed of a river in such manner as to reduce the flow of water

through a free gap, he shall be guilty of an offence against this Act.

**14.**—(1) A fishing mill dam shall not be used for the purpose of taking salmon or migratory trout unless it has attached thereto a fish pass of such form and dimensions as may be approved by the Minister, and unless the fish pass is maintained in such a condition and has constantly running through it such a flow of water as will enable salmon and migratory trout to pass up and down the pass.

Rules for  
fishing mill  
dams.

(2) If any person uses or attempts to use a dam in contravention of this section, he shall be guilty of an offence against this Act.

(3) If a fishing mill dam has not a fish pass attached to it as required by law, the right of using the fishing mill dam for the purpose of taking fish shall be deemed to have ceased and be for ever forfeited, and, if the fishing mill dam is in a fishery district, the fishery board of the district may remove from it any cage, crib, trap, box, cruive, or other obstruction to the free passage of the fish.

**15.**—(1) No fishing weir or fishing mill dam shall be used for the taking of salmon or migratory trout by means of boxes or cribs unless the boxes or cribs comply with the following regulations :—

Regulations  
as to boxes  
and cribs  
in weirs and  
dams.

(a) the upper surface of the sill of the box or crib must be level with the bed of the river :

(b) the bars or inscales of the heck or upstream side of the box or crib must not be nearer to each other than two inches, and must be capable of being removed and must be placed perpendicularly :

(c) there must not be attached to any such box or crib any spur or tail wall, leader, or outrigger of a greater length than twenty feet from the upper or lower side of the box or crib.

(2) If any person contravenes this section, he shall be guilty of an offence against this Act.

Power of fishery board to acquire obstructions or fisheries.

16.—(1) A fishery board may, subject to the provisions of this section, purchase or take on lease (either by agreement or if so authorised compulsorily) any dam, fishing weir, fishing mill dam, fixed engine, or other artificial obstruction, and any fishery attached to or worked in connection with any such obstruction, and may either alter or remove the obstruction, or may by themselves or their lessees, use or work in any lawful manner the obstruction for fishing purposes and exercise the right conferred by any fishery so acquired, subject in the case of an obstruction or fishery acquired by way of lease to the terms of the lease.

(2) For the purposes of the purchase of any such obstruction or fishery by agreement under this section by a fishery board, the Lands Clauses Acts shall be incorporated with this Act, except the provisions of those Acts with respect to the purchase and taking of land otherwise than by agreement and with respect to the sale of superfluous land, and section one hundred and seventy-eight of the Public Health Act, 1875, shall apply as if the fishery board were referred to therein.

38 & 39 Vict.  
c. 55.

(3) Where a fishery board propose to purchase an obstruction or fishery compulsorily under this section, the fishery board may, subject to the provisions of Part I. of the First Schedule to this Act, submit to the Minister an order putting in force as respects the obstruction or fishery specified in the order the provisions of the Lands Clauses Acts with respect to the purchase and taking of land otherwise than by agreement.

(4) Where a fishery board propose to hire an obstruction or fishery compulsorily, the fishery board may submit to the Minister an order for the compulsory hiring of the obstruction or fishery specified in the order for a period not less than fourteen nor more than thirty-five years, and the provisions of Part I. of the First Schedule to this Act shall apply to the order in like manner as it applies to an order for compulsory purchase, with the substitution of "hiring" for "purchase," and with the modifications set out in Part II. of that Schedule.

(5) An order under this section shall be of no force unless and until it is confirmed by the Minister, and the Minister may, subject to the provisions of the First Schedule to this Act, confirm the order either without

modification or subject to such modifications as he thinks fit, and an order when so confirmed shall become final and have effect as if enacted in this Act; and the confirmation by the Minister shall be conclusive evidence that the requirements of this Act have been complied with, and that the order has been duly made and is within the powers of this Act:

Provided that, when the order relates to a dam constructed under any Act of Parliament, the order shall be provisional only and shall not have effect unless and until it is confirmed by Parliament.

(6) Where the obstruction or fishery authorised to be compulsorily hired by an order under this section is subject to a mortgage, any lease made in pursuance of the order by the mortgagor or mortgagee in possession shall have the like effect as if it were a lease authorised by section eighteen of the Conveyancing Act, 1881.

44 & 45 Vict.  
c. 41.

**17.**—(1) No person shall, in any fishery district, take or kill, or attempt to take or kill, except with rod and line, or scare or disturb any salmon or trout—

Restriction  
on taking  
salmon or  
trout above  
or below an  
obstruction  
or in mill  
races.

- (a) at any place above or below any dam or any obstruction, whether artificial or natural, which hinders or retards the passage of salmon or trout, being within fifty yards above or one hundred yards below the dam or obstruction or within such other distance from the dam or obstruction as may be prescribed by byelaw under this Act; or
- (b) in any waters under or adjacent to any mill, or in the head race or tail race of any mill, or in any waste race or pool communicating with a mill; or
- (c) in any artificial channel connected with any such dam or obstruction.

(2) If any person contravenes this section, he shall be guilty of an offence against this Act.

(3) Nothing in this section shall apply to any legal fishing mill dam not having a crib, box, or cruive, or to any fishing box, coop, apparatus, net, or mode of fishing in connexion with and forming part of such dam or obstruction for purposes of fishing.

(4) Where a fish pass approved by the Minister is for the time being attached to a dam or obstruction, this section shall not be enforced in respect of the dam or obstruction until compensation has been made by the fishery board to the persons entitled to fish in the waters for that right of fishery, such compensation to be settled in case of dispute by a single arbitrator appointed by the Minister.

Supply of water to dams and fish passes.

**18.**—(1) The sluices (if any) for drawing off the water which would otherwise flow over any dam in waters frequented by salmon or migratory trout shall, unless permission in writing to the contrary is granted by the fishery board, or, where there is no fishery board, by the Minister, be kept shut on Sundays and at all times when the water is not required for milling purposes, in such manner as to cause such water to flow through the fish pass (if any) in or connected with the dam, or if there is no such fish pass, over the dam.

(2) If any person fails to comply with this section, he shall be guilty of an offence against this Act.

(3) This section shall not prevent any person from opening a sluice for the purpose of letting off water in cases of flood, or for milling purposes, or when necessary for the purposes of navigation, or, subject to previous notice in writing being given to the fishery board (if any) or, where there is no fishery board, to the Minister, for cleaning or repairing any dam or mill or the appurtenances thereof.

Penalty for making obstructions without fish passes.

**19.**—(1) Where since the thirty-first day of August, eighteen hundred and seventy-three, in any waters frequented by salmon or migratory trout—

- (a) a new dam has been constructed or an existing dam has been raised or otherwise altered so as to create increased obstruction to the passage of salmon or migratory trout, or any other obstruction to the passage of salmon or migratory trout has been created, increased or caused; or
- (b) a dam which from any cause has been destroyed or taken down to the extent of one-half of its length has been rebuilt or reinstated,

whether such construction, alteration, rebuilding or reinstatement took place before or after the passing of this Act, the owner or occupier for the time being of the dam

or obstruction shall, within such reasonable period as may be required by notice given by the fishery board, or, where there is no fishery board, by the Minister, make and shall thereafter maintain in an efficient state a fish pass for salmon or migratory trout of such form and dimensions as the Minister may approve as part of the structure of, or in connection with, the dam or obstruction, if no such fish pass already exists.

(2) If any such owner or occupier fails to make or fails to maintain in an efficient state such fish pass as is required by this section, he shall be guilty of an offence against this Act.

(3) The fishery board, or, where there is no fishery board, the Minister may cause to be done any work by this section required to be done, and for that purpose may enter on the dam or obstruction or any land adjoining thereto, and may recover the expenses of doing the work in a summary manner from any person in default.

(4) If any person obstructs any person legally authorised whilst doing any act authorised by this section, he shall be guilty of an offence against this Act.

(5) Nothing in this section—

- (a) shall authorise the doing of anything that may injuriously affect any public waterworks or navigable river canal or inland navigation, or any dock, the supply of water to which is obtained from any navigable river canal or inland navigation, under the provisions of any Act of Parliament; or
- (b) shall prevent any person from removing a fish pass for the purpose of repairing or altering a dam or other obstruction, so that within a reasonable time the fish pass is restored to its former state of efficiency; or
- (c) shall apply to any alteration of a dam or other obstruction, not being a re-building or re-instatement of a dam or other obstruction destroyed or taken down to the extent of one-half of its length, if the same as altered does not cause more obstruction to the passage of salmon or migratory trout than was caused by the dam or obstruction as lawfully constructed or maintained at any previous date.

(6) The Minister may, on the recommendation of the fishery board (if any), exempt any dam from the operation of this section, either permanently or for such period as may be specified in the exemption, and subject to such conditions (if any) as the Minister may on the like recommendation impose, and when such condition is imposed any person who fails to comply with the condition shall be guilty of an offence against this Act.

Power for  
fishery board  
to construct  
and alter  
fish passes.

20.—(1) Any fishery board may, with the written consent of the Minister, construct and maintain in any dam or in connexion therewith a fish pass of such form and dimensions as the Minister may approve, so that no injury be done by such fish pass to the milling power, or to the supply of water of or to any navigable river canal or other inland navigation.

(2) Any fishery board may, with the written consent of the Minister, abolish or alter, or restore to its former state of efficiency, any existing fish pass or free gap, or substitute another fish pass or free gap, so that no injury be done to the milling power, or to the supply of water of or to any navigable river canal or other inland navigation.

(3) If any person injures any such new or existing fish pass, he shall pay the expense incurred by the fishery board in repairing the injury, and any such expense may be recovered by the fishery board in a summary manner.

(4) If any person obstructs any person legally authorised whilst doing any act authorised by this section, he shall be guilty of an offence against this Act.

(5) If any injury is caused to any dam by reason of the construction, abolition, or alteration of a fish pass or the abolition or alteration of a free gap in pursuance of this section, any person sustaining any loss thereby may recover from the fishery board compensation for the injury sustained, the amount of compensation to be determined in default of agreement by a single arbitrator appointed by the Minister.

(6) The Minister shall not give his consent to the construction, abolition, or alteration of a fish pass or the abolition or alteration of a free gap in pursuance of this

section, unless a reasonable notice of the application has been served on the owner and occupier of the dam, fish pass, or free gap, with a plan and specification of the proposed work, and the Minister shall, before giving his consent, take into consideration any objections by the owner or occupier.

(7) For the purposes of this section, a fishery board may purchase so much of the bank adjoining a dam as may be necessary for making or maintaining a fish pass, and may for the purpose of such purchase take the like proceedings as are prescribed by this Act in the case of the compulsory purchase by a fishery board of a dam or obstruction, and those provisions shall apply accordingly.

**21.**—(1) Where a fish pass has received the approval of the Minister, it shall be deemed to be a fish pass in conformity with this Act, notwithstanding that it was not constructed in the manner and by the persons specified in this Act.

Approval of  
fish pass by  
Minister.

(2) The Minister may approve and certify any fish pass that has either before or after the passing of this Act been constructed, if he is of opinion that the fish pass is efficient in all respects and for all purposes, whether constructed under the provisions of this Act or not.

**22.**—(1) If any person—

(5) Any compensation awarded to a tenant in respect of any depreciation of the value to him of the residue of the premises comprised in his lease caused by the withdrawal therefrom of the obstruction or fishery compulsorily hired shall, as far as possible, be provided for by taking such compensation into account in fixing the rent to be paid for the residue of the premises during the remainder of the term for which they are held by the tenant.

## CHAPTER 20.

An Act to make provisions for facilitating the working of minerals and for imposing restrictions on the working of minerals required for the support of railways, buildings, and works.

[18th July 1923.]

**B**E it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

## PART I.

RIGHTS OF WORKING MINERALS AND RIGHTS ANCILLARY  
THERE TO AND OF SUPPORT.*Rights of working and rights ancillary to the working of  
Minerals.*

**I.**—(1) Where there is danger of minerals being left permanently unworked—

- (a) by reason of the minerals being comprised in or lying under land which is or has been copyhold land, or land subject to a lease exception reservation restriction covenant or condition, or otherwise not being capable of being worked without the concurrence of two or more persons ;
- (b) by reason of the minerals being owned in such small parcels that they cannot be properly or conveniently worked by themselves ;

Power to grant right to work minerals which would otherwise be unworkable.

a right to work the minerals may be conferred in the manner and subject to the provisions hereinafter appearing on any person having an interest in them, or, in the case of minerals owned in small parcels, in minerals adjacent to them, who is desirous of working them either by himself or through his lessees.

(2) For the purposes of this Part of this Act, references to working minerals shall include references to working, carrying away, treating, and converting minerals.

Power to grant right to work minerals where adjustment of boundaries between two mines agreed.

**2.** Where the persons working two adjoining mines have agreed on an adjustment of boundaries between the mines with a view to reducing the amount of minerals to be left unworked between the mines, or to enabling the minerals to be worked more efficiently or more economically, and effect cannot be given to the agreement by reason of the failure or refusal of the lessors of the mines or the owners of the surface, or any of them, to concur, a right to work the minerals in accordance with such adjusted boundaries may be conferred in the manner and subject to the provisions hereinafter appearing on the persons working the mines respectively.

Power to grant ancillary rights for facilitating the working of minerals.

**3.—(1)** Where any facility, right, or privilege is required in order that minerals may be properly and conveniently worked by the person entitled to work the same, and the proper and efficient working of the minerals is unduly hampered by the inability or failure of that person to obtain such right, facility, or privilege (hereinafter referred to as an ancillary right), such ancillary right may be conferred in the manner and subject to the provisions hereinafter appearing on the person having the right to work the minerals who is working or desirous of working them either by himself or through his lessees.

(2) In particular, but without prejudice to the generality of the foregoing provision, such ancillary rights shall include —

- (a) A right to let down the surface ;
- (b) A right of air-way, shaft-way, or surface or underground wayleave, or other right for the purpose of access to or conveyance of minerals or the ventilation or drainage of the mines ;
- (c) A right to use and occupy the surface for the erection of washeries, coke ovens, railways, by-product works, or brick making or other works, or of dwellings for persons employed in connection with the working of the minerals or with any such works as aforesaid ;
- (d) A right to obtain a supply of water or other substances in connection with the working of minerals ;
- (e) A right to dispose of water or other liquid matter obtained from mines or any by-product works.

(3) An ancillary right may be granted to a person to whom a right of working minerals is granted in pursuance of section one of this Act at the time when such last-mentioned right is granted or at any subsequent time.

4.—(1) Neither the right to work minerals nor an ancillary right shall be granted under this Act unless it is shown that it is not reasonably practicable to obtain the right in question by private arrangement for any of the following reasons :

Limitation  
on power of  
granting  
rights.

- (a) that the persons with power to grant the right are numerous or have conflicting interests ;
- (b) that the persons with power to grant the right, or any of them, cannot be ascertained or cannot be found ;
- (c) that the persons from whom the right must be obtained, or any of them, have not the necessary powers of disposition, whether by reason of defect in title, legal disability or otherwise ;
- (d) that the person with power to grant the right unreasonably refuses to grant it or demands terms which, having regard to the circumstances, are unreasonable.

(2) For the purposes of this Part of this Act, a person whose concurrence is necessary for the exercise of a right to work minerals shall be deemed to be a person having power to grant the right, or a person from whom the right must be obtained, as the case may be.

5.—(1) Any person having an interest in any minerals who is desirous of working, either by himself or through a lessee, those minerals, or any adjacent minerals, and who considers that the circumstances are such that a right to work the minerals can be granted under this Part of this Act, may send to the Board of Trade an application for the grant of such a right.

Applications  
for rights.

(2) Any person having a right to work any minerals or applying for such a right who, for the purpose of or in connection with working those minerals either by himself or through a lessee, is desirous of obtaining an ancillary right, and who considers that the circumstances are such that such an ancillary right can be granted under this Part of this Act, may send to the Board of Trade an application for the grant of such a right.

(3) An application under this section shall set forth the circumstances alleged to justify the grant of the right, and shall be in such form, and accompanied by such information verified in such manner, as the Board may direct.

(4) The Board shall consider the application, and shall, unless after communication with such other parties interested (if any) as they may think fit they are of opinion that a *prima facie* case is not made out, refer the matter to the Railway and Canal Commission :

Provided that, where it is alleged that the right in question cannot be obtained by reason of any person not having the necessary powers of disposition, or having unreasonably refused to grant it, or having demanded terms which are unreasonable, the Board shall not so refer the application to the Commission without first having communicated with that person.

(5) When the application relates to a right to obtain a supply of water, or a right to dispose of water or other liquid matter, or any other right which appears to the Board of Trade to affect any local authority, the Board before referring the application to the Commission shall send a copy thereof to the local authority in order to enable them to take such steps as they think fit for placing their views before the Commission.

References  
to Railway  
and Canal  
Commission.

6.—(1) Where a matter is so referred to the Commission, the Commission, if satisfied that the requirements of this Part of this Act are complied with in the case of the applicant, and that it is expedient in the national interest that the right applied for should be granted to him, may, by order, grant the right on such terms and subject to such conditions, and for such period, as the Commission may think fit, and upon such an order being made, the right specified in the order shall, subject to the provisions hereinafter contained, vest in the applicant.

(2) Where such a right is granted, such compensation or consideration as in default of agreement may be determined by the Commission shall be paid or given by the applicant in respect of the acquisition of the right to such persons as the Commission may determine to be entitled thereto.

(3) In determining the duration of any right to be granted the Commission shall have regard to the time

reasonably necessary to enable the minerals to be fully worked, and where the applicant's interest in any minerals in virtue of which he is entitled to make the application is an interest as lessee, shall have regard to the duration of such interest.

(4) Where the right applied for is a right to let down the surface, the Commission in determining whether the right should be granted—

(a) shall have regard to the value of the minerals required for the support of any works or buildings or intended works or buildings on or below the surface as compared with the value of the buildings or works, and as to whether the support of the buildings or works or intended works or buildings is in the national interest more important than the working of those minerals; or

(b) if there are no such buildings or works, shall have regard to the extent to which the use of the surface for the purposes for which it is used or is intended to be used will be prejudicially affected by subsidence, and as to whether the support of the surface is in the national interest more important than the working of the minerals required for the support thereof.

(5) In determining whether any right should be granted or the conditions upon which any such right should be granted the Commission shall have regard to all the circumstances of the case, and in particular to the extent to which the retention of any minerals is required for the protection of any mines or other works from flooding, or for any other mining purpose, and (so far as relevant) to the royalties, covenants, and conditions reserved by or contained in the applicant's existing mining lease or leases (if any), or customary in mining leases in the district.

7.—(1) Where separate applications are made by two or more persons for the right to work the same minerals and are referred to the Commission, the Commission, in addition to the matters aforesaid, shall determine which, if any, of the applicants is to be preferred, or whether the right to work one part of the minerals

Provisions where several applications in respect of the same rights.

should be granted to one applicant and the right to work another part should be granted to another applicant; and in arriving at their determination the Commission shall have regard to the question as to how the minerals can be most conveniently worked, to the respective rights of the applicants in the surface or adjacent minerals, and generally to all the circumstances of the case.

(2) This section shall apply to cases of applications by two or more persons for the same ancillary right subject to the necessary modifications, and in particular subject to this modification, that the right may be granted to the applicants, or to any two or more of them, jointly.

*Restrictions on working Minerals required for Support.*

Restrictions  
on working  
minerals re-  
quired for  
support.

8.—(1) If any person having an interest in any land is not entitled to support or sufficient support, whether vertical or lateral, for any buildings or works, whether on or below the surface, erected or constructed, or intended to be erected or constructed, on or below the surface, and alleges that it is not reasonably practicable to obtain a right to such support by private arrangement for any of the reasons mentioned in section four of this Act, he may send to the Board of Trade an application that such restrictions may be imposed on the working of the minerals under that land and the land adjacent thereto as he may consider necessary to secure sufficient support to the buildings or works.

(2) An application under this section shall set forth the circumstances alleged to justify the imposition of the restrictions, and shall be in such form, and accompanied by such information verified in such manner, as the Board may direct.

(3) The Board shall consider the application, and shall, unless after communication with such other parties interested (if any) as they think fit, they are of opinion that a *prima facie* case is not made out, refer the matter to the Railway and Canal Commission :

Provided that, where it is alleged that the right in question cannot be obtained by reason of any person not having the necessary powers of disposition, or having unreasonably refused to grant it, or having demanded terms which are unreasonable, the Board shall not so

refer the application to the Commission without first having communicated with that person.

(4) Where any such case is referred to the Commission, the Commission, if satisfied that the requirements of this section are complied with in the case of the applicant, and that it is expedient in the national interest that restrictions should be imposed, may, by order, impose such restrictions, on such terms and subject to such conditions and for such period as the Commission may think just, and upon such order being made the right to enforce the restrictions imposed by the order shall, subject to the provisions hereinafter contained, vest in the applicant.

(5) Where restrictions are imposed, such compensation or consideration as in default of agreement may be determined by the Commission shall be paid or given by the applicant in respect of the imposition of the restrictions to such persons as the Commission may determine to be entitled thereto.

(6) The restrictions may be either on the quantity or position of the minerals to be worked, or on the methods of working or packing, or otherwise such as may be necessary to secure adequate support to the buildings or works or to prevent or minimise damage thereto.

(7) In determining whether restrictions should be imposed the Commission shall have regard to the value of the buildings or works or the cost of repairing damage likely to be caused thereto by subsidence, as compared with the value of the minerals, or to the importance in the national interest of the erection or preservation of the buildings or works, as compared with the importance in the national interest of the working of the minerals.

(8) For the purposes of this section, where any building or work is an ancient monument within the meaning of the Ancient Monuments Consolidation and Amendment Act, 1913, and is, in pursuance of that Act, under the guardianship or protection of the Commissioners of Works, or is under the guardianship of a local authority, the Commissioners of Works or the local authority, as the case may be, shall be deemed to be persons entitled to make an application under this section.

*General.*

Provisions  
for com-  
pensation.

**9.**—(1) Where a right to work minerals or an ancillary right is granted or any restriction on the working of minerals is imposed under this Part of this Act, the Commission may determine the amount and nature of compensation or consideration to be paid or given and the persons to whom it is to be paid or given, either at the time when they determine whether the right should be granted or the restrictions imposed or at any subsequent time.

(2) The compensation or consideration in respect of any right, including a right to enforce restrictions, shall be assessed by the Commission on the basis of what would be fair and reasonable between a willing grantor and a willing grantee, having regard to the conditions subject to which the right is or is to be granted.

(3) Where the person to whom any compensation or consideration is payable cannot be found or ascertained, the compensation or consideration shall be paid into court.

(4) The Commission may impose as a condition on the grant of any right or the imposition of any restriction that any compensation or consideration payable in respect thereof shall be paid, or that security to the satisfaction of the Commission for the payment thereof shall be given, before the right is commenced to be exercised, or the restriction is enforced.

Provided that—

- (a) the Commission, in any case in which they think it expedient to do so, may call in the aid of one or more qualified assessors and hear the case wholly or partially with the assistance of such assessors;

one of their members, or by an officer of the Commission, or other person whom they may direct to hold the same, and the said provisions of the Railway and Canal Traffic Act, 1888 (except the provisions relating to appeals), shall, so far as applicable, apply to such inquiries, and any member, officer, or other person directed to hold an inquiry shall have power to administer oaths, and shall report the result of the inquiry to the Commission ;

- (c) the discretion of the Commission with respect to costs shall not be limited in the manner provided by section two of the Railway and Canal Traffic Act, 1894 ;

(2) The Board of Trade and any other Government Department shall give to the Commission such assistance as the Commission may require for the purposes of their duties under this Part of this Act, and shall be entitled to appear and be heard at any proceedings on an application before the Commission under this Part of this Act.

**11.** A right granted under this Part of this Act shall not confer on the person to whom it is granted any greater or other power than if the right had been granted by a person legally entitled to grant the right, or relieve the grantee from any obligation or liability to which he would have been subject had the right been granted by such a person.

## PART II.

## MINERALS UNDER RAILWAYS.

**15.** The Railways Clauses Consolidation Act, 1845, as incorporated in any Act, order, or other instrument relating to a railway company passed or made after the passing of this Act, shall, except as otherwise expressly provided in that Act order or instrument, have effect as if for sections seventy-eight to eighty-five thereof, inclusive, the following provisions were substituted, and as if the First, Second and Third Schedules to this Act were inserted in that Act as the First, Second and Third Schedules thereto.

Amendment  
of 8 & 9  
Vict. c. 20.  
ss. 78 to 85  
as incorpo-  
rated in  
future Acts.

78.—(1) If the mine owner of minerals lying under an area of protection as hereinafter defined is desirous of working any such minerals, he shall give to the company and also to the royalty owner (if any) notice of his intention so to do at least thirty days before the commencement of the working and on the receipt of such notice the company and the royalty owner respectively may cause the minerals to be inspected by any person appointed for the purpose by the company or royalty owner as the case may be.

Conditions  
under which  
minerals  
under rail-  
way may be  
worked.

(2) If it appears to the company that the working of any of the minerals to which such notice relates will be likely to damage the railway or works or any part thereof, the company may, at any time after the receipt of such notice, give a counter-notice to the mine owner requiring him to leave unworked all or any part of such minerals, and the counter-notice shall specify the minerals (hereinafter referred to as the specified minerals) so required to be left unworked and the particular portion of the railway or works (hereinafter referred to as the protected works) for the support of which the specified minerals are required to be left unworked.

(3) Where any such counter-notice has been served on the mine owner, he shall forthwith serve a copy thereof on the royalty owner (if any).

(4) Where any such counter-notice has been served on the mine owner, the specified minerals shall not be worked or got after the service of the counter-notice, and the company shall pay compensation to the mine owner and the royalty owner (if any) for the loss caused by the specified minerals being left unworked.

(5) The area of protection in relation to any seam of minerals shall be the area comprising any railway or works of the company and such a lateral distance therefrom, on all or both sides thereof, as is equal at each point along the railway to one-half of the depth of the seam at that point or forty yards, whichever be the greater; and, when the said lateral distance exceeds forty yards, the area of protection shall be divided into two areas:

- (a) an inner area of protection consisting of the area comprising the railway or works and a distance of forty yards therefrom on all or both sides thereof; and
- (b) an outer area of protection consisting of so much of the area of protection as is not included in the inner area of protection.

Compensa-  
tion for  
leaving  
minerals  
unworked.

78A.—(1) The compensation payable by the company to the mine owner and the royalty owner respectively for the loss caused by the specified minerals being left unworked shall, in default of agreement, be determined by arbitration:

Provided that so far as such compensation is payable in respect of the value of specified minerals—

- (i) the compensation payable to the mine owner and to the royalty owner shall be separately assessed;
- (ii) the compensation payable to the mine owner shall be a sum for each ton of the specified minerals, the rate per ton in the case of minerals lying under the outer area of protection being one-third of the rate which is or would be awarded in the case of minerals lying under the inner area of protection;
- (iii) the compensation payable to the royalty owner shall be based on the amount

which would have been received from time to time by way of royalty in respect of the specified minerals if they had been worked out in the ordinary course, and the royalties payable had been—

(a) in the case of such of the specified minerals as lie under the inner area of protection, the same as those reserved by and payable under the lease comprising the minerals and subsisting at the date of the counter-notice; and

(b) in the case of such of the specified minerals as lie under the outer area of protection, one-third of the royalties so reserved and payable with the addition to such one-third of one penny per ton;

(iv) in every case the arbitrator shall state in his award the tonnage of the specified minerals on which his award is based.

(2) The mine owner shall also be entitled to be paid by the company the amount of any increase in the cost of working any part of his minerals (other than the specified minerals) which may have been caused by the failure of the company to give the counter-notice within such a reasonable time as would have enabled the mine owner to avoid such increase in cost, and, in default of agreement, the amount so payable by the company shall be determined by arbitration.

79.—(1) If within thirty days from the service by a mine owner on the company of a notice of intention to work any minerals no counter-notice is served by the company, the mine owner may, after the expiration of those thirty days, and until a counter-notice is served, work any minerals to which the notice relates, so, nevertheless, that the same be done in the manner proper and necessary for the beneficial working thereof, and according to the usual manner of working such minerals in the district where the same shall be situated.

Power to  
work  
minerals not  
affected by a  
counter-  
notice.

Where a counter-notice is served, whether before or after the expiration of the said thirty days, and the counter-notice does not require the

mine owner to leave unworked the whole of the minerals to which the notice relates, the foregoing provisions shall apply to any minerals to which the notice relates which are not specified minerals in like manner as if no such counter-notice had been served.

(2) If any damage or obstruction is occasioned to the railway or works by any improper working of such minerals, the same shall be forthwith repaired or removed (as the case may require) and such damage made good by the mine owner at his own expense; and if such repair or removal is not forthwith done, or, if the company think fit, without waiting for the same to be done by the mine owner, they may execute the same and recover from the mine owner the expense occasioned thereby by action.

Liability in respect of authorised workings.

79A.—(1) If a mine owner works any minerals lying under any part of the area of protection in the manner authorised by this Act, he shall nevertheless become liable on demand by the company (subject as hereinafter provided) to contribute towards the expenses properly incurred, or to be incurred, by the company from time to time thereafter in making good any damage caused by such working to the railway or works of the company (not being protected works comprised in any counter-notice relating to such area of protection) the appropriate percentage (if any) of those expenses, the appropriate percentage being such as is specified in the First Schedule to this Act according to the depth of the minerals being so worked.

(2) The liability of a mine owner under this section in respect of any part of the railway or works on which such expenditure has been incurred shall not exceed an aggregate sum equivalent to sixpence for each ton of the commercially workable minerals, gotten or ungotten, in such part of any seams as lies under the area ascertained as respects the several seams in accordance with the rules contained in the Second Schedule to this Act, being seams which have been or are being worked under such area as aforesaid :

Provided that, in ascertaining such aggregate sum as aforesaid, minerals gotten more than six years before the date on which a contribution shall have been demanded by the company under this section shall not be reckoned.

(3) Any mine owner making a contribution under this section, who is a lessee, shall be entitled to deduct from any royalties then or thereafter becoming due from him to the royalty owner under the lease, one-third part of the amount which he has so contributed as aforesaid, subject, however, to this limitation: that if the royalty payable by the mine owner under his lease is at the rate of less than six pence per ton, the amount deducted shall not exceed the amount produced by multiplying one-third of such rate per ton by the tonnage of the minerals with reference to the aggregate amount of which the maximum liability of the mine owner is to be so calculated as aforesaid; and, where the mine owner is entitled to make such a deduction, the sum reserved by and payable under the lease shall be deemed to be the net amount arrived at after making the deduction:

Provided that no such deduction shall be allowed when the liability of the mine owner to the company is a liability arising out of an arrangement between the mine owner and the company with respect to the working of minerals under or near the railway or works.

(4) The liability of a mine owner under this section shall be subject to the following further limitation as respects damage done by workings in any single mine, that is to say, that when the aggregate of the sums paid by the mine owner in satisfaction of such liability amounts to a sum equivalent to sixpence for each ton of commercially workable minerals, gotten or ungotten, in such part of any seams as lies within the mine and under an area extending laterally on both sides of the railway or works to a distance ascertained in accordance with Rule 1 of the said Second Schedule and extending longitudinally to a distance co-extensive with the portion of the railway lying over or adjacent to the mine, being seams which have been or are being worked under such area as

aforesaid, the mine owner shall not be liable to make any further contribution under this section towards the expenses of making good any damage caused to any part of the railway or works by the working of such seams as aforesaid in that mine.

For the purposes of this provision, all the minerals which the mine owner is entitled to work, and which have been, or would in the ordinary course of events and in accordance with good mining practice be, worked from the same shafts or adits shall be deemed to be a single mine.

Where the liability of a mine owner under subsection (2) of this section is reduced by the operation of this subsection, the right of the mine owner under subsection (3) thereof to make deductions from royalties shall be proportionately reduced.

(5) Where a single mine, as hereinbefore defined, is held under leases granted by more than one lessor, any deductions which the mine owner is authorised under this section to make shall be made from the royalties payable to such one or more of such lessors, and in the latter case in such proportions, as in default of agreement may, on the application of the mine owner or any of the royalty owners, be determined by arbitration.

(6) If any dispute arises as to the amount of the expenses towards which a mine owner is liable to contribute under this section, or the amount of his contribution, or the amount to be deducted as between a mine owner and a royalty owner, it shall be settled by arbitration, and, where any such arbitration between a company and a mine owner is to be held, the royalty owner (if any) shall be entitled to have notice of the intended arbitration, and to appear and be heard at the arbitration proceedings.

Notices and accounts with respect to damage.

**79B.**—(1) When and so far as reasonable and practicable, the company shall give notice to the mine owner and the royalty owner (if any) affected specifying particulars of—

- (i) the railway or works to which damage has been caused or to which damage is apprehended from the working of any minerals

under the area of protection sufficient to enable the same to be identified;

- (ii) the nature of the damage or apprehended damage; and
- (iii) the nature of the works intended to be carried out for the purpose of making good or preventing the damage.

(2) The company shall keep separate accounts differentiating the cost of the ordinary maintenance of the railway or works from the cost of making good any damage caused to the railway or works by the working of any minerals under the area of protection, and such accounts shall, at all reasonable times, be open for inspection by or on behalf of a mine owner working minerals under or near to such railway or works and the royalty owner (if any) of such minerals.

80. If the working of any minerals is prevented under this Act by reason of a counter-notice, a mine owner whose minerals extend so as to lie on both sides of the specified minerals may cut and make such airways, headways, gateways, or water levels through the specified minerals and the strata above or below the same or any of them as may be requisite to enable him to ventilate, drain, and work his remaining minerals; but no such airway, headway, gateway, or water level shall be cut or made upon or so as to injure any part of the protected works, or within forty yards of any other airway, headway, gateway, or water level, nor shall the same without the consent of the company (which consent shall not be unreasonably withheld) be greater than eight feet wide and eight feet high, unless the top of the same is more than one hundred and sixty yards below the average rail level of the protected works, or, if the top exceeds that distance, than thirteen feet wide and eight feet high.

Rights of access through specified minerals.

81.—(1) Where a counter-notice has been given by the company to a mine owner, the company shall from time to time pay to the mine owner the appropriate percentage (if any) of all such additional expenses and losses as may be

Additional expenses for severance.

incurred by such mine owner in consequence of such counter-notice by reason of—

- (i) the continuous working of the mine being interrupted; or
- (ii) the mine being worked in such manner and under such restrictions as not to prejudice or injure the protected works.

(2) For the purpose of this section, the appropriate percentage means the percentage determined in accordance with the rules contained in the Third Schedule to this Act.

(3) If any question or dispute arises between the company and the mine owner concerning the amount of such losses or expenses, or as to the appropriate percentage, it shall be settled by arbitration.

(4) Where the minerals specified in a counter-notice lie in different seams, the amount payable by the company to the mine owner under this section shall be calculated separately as respects each seam:

Provided that, where the works on which any additional expenditure is incurred serve more than one seam, that expenditure shall, for the purposes of this section, be apportioned between the seams served in such manner as, in default of agreement, may be determined by arbitration.

Compensa-  
tion to sur-  
face owners.

82. If any loss or damage is sustained by the owner, lessee, or occupier of the land over any specified minerals (not being the owner or lessee of the specified minerals) by reason of the making of such airway or other authorised work as aforesaid, where neither that work nor any like work, would have been necessary save on account of the prevention of the working of the minerals, the company shall make full compensation to such owner, lessee, or occupier of the surface for the loss or damage sustained by him, such compensation in default of agreement to be determined by arbitration.

Rights of  
inspection.

83.—(1) For ascertaining whether or not any minerals are being worked or are about to be or have been worked so as to damage the railway or works of a company, any person appointed by

the company may, after at least twenty-four hours notice has been given by the company, enter upon any land (through or near which the railway passes) which the company believe to contain or to have contained such minerals, and may enter into and return from any such minerals or the works connected therewith; and, for that purpose, the person so appointed may make use of any apparatus or machinery belonging to a mine owner, and use all necessary means for discovering the distance from such railway or works to the parts of the minerals which are being or have been worked or are about to be worked; and, after giving a like notice, may inspect and take copies of so much of the working plans and sections of the mine as relate to minerals the working whereof affects or has affected or may affect the railway or works.

(2) A mine owner who desires to work any minerals under or near to the railway or works of the company, and also the royalty owner (if any) or any person duly authorised by either of them, may, at any time, either before or during or after the working thereof, upon giving at least twenty-four hours notice to the company, and subject to such reasonable conditions as may be imposed by the company, enter upon the railway or works and inspect the same and take levels or particulars thereof.

84.—(1) If any mine owner refuses to allow any person appointed by the company for that purpose to enter into and inspect any such mines or works or to inspect and take copies of such plans and sections in manner aforesaid, every person so offending shall, for every such refusal, become liable to pay to the company a sum not exceeding twenty pounds.

Penalty for  
refusal to  
allow  
inspection.

(2) If the company refuse to allow a mine owner or royalty owner or such duly authorised person as aforesaid to enter upon or inspect any railway or works or to take levels and particulars thereof in manner aforesaid, the company so offending shall, for every such refusal, become liable to pay to the mine owner or royalty owner a sum not exceeding twenty pounds.

Protection  
against im-  
proper work-  
ing.

85. If it appears that any minerals have been worked or are being worked contrary to the provisions of this Act or the special Act, the company may, if they think fit, give notice to the mine owner thereof, requiring him to construct such works and to adopt such means as may be necessary or proper for making safe such railway or works and for preventing injury thereto; and if, after such notice, the mine owner shall not forthwith proceed to construct the works necessary for making safe the railway, the company may construct such works and recover the expense thereof from the mine owner by action.

Power to -  
vary rights  
by agree-  
ment.

85A. Notwithstanding anything contained in this Act, a mine owner, a royalty owner, and the company or any two of them may, by agreement, alter, extend, or otherwise vary their respective rights under the provisions of this Act with regard to any minerals to which this Act applies, but not so as to prejudice the rights of any mine owner, royalty owner, or company not a party to the agreement without his or their consent.

Savings.

85B.—(1) Nothing in this Act shall affect any agreement between the mine owner and the royalty owner for the payment of any rent or royalty :

Provided that—

- (i) the payment of compensation by the company to the royalty owner in respect of any minerals shall extinguish any liability by the mine owner to pay any royalty in respect of the same minerals;
- (ii) the mine owner shall be entitled to make such deductions as are authorised by subsection (3) of section 79A of this Act notwithstanding anything in any agreement between him and the royalty owner entered into before the first day of August, nineteen hundred and twenty-three, unless the agreement was made after the first day of November, nineteen hundred and twelve, and expressly or by necessary implication provided for the payment of royalties in respect of

the minerals supporting the railway or works in the event of the mine owner working them in virtue of a right acquired by agreement or statute or otherwise, or for the payment of royalties in respect of such minerals whether they are or are not worked ;

- (iii) if the exercise by the company of powers conferred upon them by the foregoing provisions of this Act as to minerals in the area of protection will prevent the mine owner from working such quantity of minerals as at the royalties reserved will produce the sum total of the fixed or minimum rent remaining payable under the lease, or otherwise occasions serious hardship having regard to the obligation of the mine owner to pay such rent, or owing to any provision in the lease restricting the time within which a deficiency due to previous short working may be made good, such adjustment shall be made between the royalty owner and the mine owner as, failing agreement, may be determined by arbitration, and any question whether the circumstances are such as to give rise to such a right of adjustment shall be similarly determined.

Where at the time of the exercise by the company of such power as aforesaid any deficiency due to previous short working which may be made good in a subsequent period exists, the amount of such deficiency shall be treated for the purposes of this proviso as if it formed part of the sum total of the fixed or minimum rent remaining payable under the lease.

- (2) Nothing in this Act shall alter, diminish or affect any right to let down the surface, either unconditionally or subject to payment of compensation, or to any other condition, which a mine owner or royalty owner may possess, whether by statute grant lease agreement or otherwise, derived from a title antecedent to the acquisition by the company

of their interest in the surface, or conferred on him by a reservation contained in the grant to the company, and a mine owner having such a title and having served a notice in accordance with this Act with respect to the working of any minerals, shall be free to work any such minerals, as to which a counter-notice shall not have been received, discharged from all the restrictions and provisions of this Act, other than those contained in subsection (2) of section seventy-nine of the Act, but, if a counter-notice is served, the minerals to which such counter-notice relates, shall, for the purposes of the assessment of compensation payable to the mine owner or royalty owner under this Act for leaving the same unworked, be deemed to be minerals lying wholly under the inner area of protection, and the appropriate percentage for the purpose of section eighty-one of this Act shall be one hundred.

Serving of notices, counter-notices, &c. 44 & 45 Vict. c. 41.

85c. Section sixty-seven of the Conveyancing Act, 1881, shall apply to notices and counter-notices and copies thereof required or authorised to be served or given under the provisions of this Act with respect to mines lying under or near the railway, as if it were herein re-enacted and in terms made applicable to such notices, counter-notices and copies thereof, and to the persons by or on whom the same are so required or authorised to be served.

Interpretation.

85D.—(1) In the foregoing provisions of this Act with respect to mines lying under or near a railway, unless the context otherwise requires—

“Mine owner” includes the owner, lessce, or other person entitled to work and get minerals;

“Seam” in relation to minerals includes bed, lode and vein;

“Surface” in relation to land includes any buildings, works or things erected, constructed, or growing thereon;

“Royalty” includes rent and any other reservation in respect of minerals by the acre, ton or otherwise;

“Royalty owner” includes any person entitled to receive a royalty in respect of minerals;

“Deficiency due to short working” means the amount by which the royalties payable under a lease of the minerals worked fall short of the fixed or minimum rent;

“Lease” includes an under-lease or other tenancy and a licence;

“Lessee” includes an under-lessee and a licensee.

(2) For the purposes of the said provisions, the depth of a seam at any point of the railway shall be taken to be the distance between the rail level and the point where a line drawn vertically through the centre of the railway would first cut the seam of minerals, except that for the purpose of ascertaining the area of protection, but not for any other purpose, the said distance shall, where the railway is carried through a tunnel, be measured from the point where the said line would cut the natural surface of the land instead of from the rail level.

(3) Where in an arbitration under the said provisions there are more than two parties involved, then, unless all the parties otherwise agree, the arbitration shall be conducted by a single arbitrator appointed by the Board of Trade, and the provisions of this Act with respect to the settlement of disputes by arbitration shall apply as if all the parties had concurred in his appointment as a single arbitrator.

85E. Save as in this Act, or the special Act, or under any agreement between the company and the mine owner expressly provided, the mine owner as between himself and the company—

(a) shall not be under any liability to leave support either inside or outside the area of protection; and

(b) shall be entitled to remove such support without being liable for any damage thereby caused to the railway or works or any part thereof; but so that the removal shall be done in a manner proper and necessary for the beneficial working of the minerals and according to the usual manner of working minerals in the district in which the same is situate.

Exemption  
from  
liability to  
leave  
support  
otherwise  
than under  
Act or  
agreement.

Application  
to existing  
railways, &c.

**16.—(1) Where—**

- (a) a special Act, order, scheme, or certificate confirmed by or having the force of an Act of Parliament relating to a railway company, passed or confirmed before the commencement of this Act, incorporates sections seventy-eight to eighty-five, inclusive, of the Railways Clauses Consolidation Act, 1845, and does not prescribe any distance in lieu of the distance of forty yards mentioned in section seventy-eight of that Act; or
- (b) a special Act relating to a railway company, passed before the commencement of this Act, does not incorporate the said sections, but contains provisions similar thereto, and by the provision similar to the said section seventy-eight prescribes a distance of forty yards;

the Act, order, scheme, or certificate shall, as from the commencement of this Act, take effect as if the provisions which by this Part of this Act are to be substituted for the said sections seventy-eight to eighty-five were substituted for those sections as incorporated in the Act, order, scheme, or certificate or for the similar provisions contained in the special Act as the case may be, and as if the Act, order, scheme, or certificate incorporated or included the First, Second, and Third Schedules to this Act, subject, however, to the provisions hereinafter contained in this section.

(2) If at the commencement of this Act minerals lying under the outer area of protection are being worked by a mine owner, he shall, within one month after the commencement of this Act, give such notice as would after the commencement of this Act have been required to be given before such minerals were commenced to be worked, and, if such notice is so given, it shall be deemed for the purposes of the provisions of section seventy-eight of the Railways Clauses Consolidation Act, 1845, as amended by this Act, to have been given more than thirty days before the date on which it is in fact given, and the minerals worked before the notice is given shall, for the purposes of the same provisions, be deemed to have been worked since the expiration of those thirty days.

(3) Any mine owner shall be liable to contribute towards the expenses properly incurred by the railway

company subsequent to the commencement of this Act in making good damage caused to any railway or works of the company by any working of minerals within the six years immediately preceding the commencement of this Act in like manner as if this Act had been in force at the date of such working; but, save as aforesaid, the mine owner shall be relieved of all liability to the company with respect to the working of any minerals prior to the passing of this Act, except a liability arising under an arrangement with the company.

The provisions of subsections (2), (3), (4), (5) and (6) of section 79A of the Railways Clauses Consolidation Act, 1845, as amended by this Act, shall apply in respect of the liability of a mine owner under this subsection in like manner as they apply in respect of his liability under that section.

(4) Nothing in this section shall—

- (a) take away, diminish or prejudicially alter or affect any estate right or interest in minerals which may have been acquired by a railway company before the commencement of this Act under or by virtue of any express provision in any deed or contract, or under or by virtue of the exercise of their powers under sections seventy-eight to eighty-five of the Railways Clauses Consolidation Act, 1845, or any right of support from minerals which any such company may have so acquired, or any compensation paid or payable by any such company in consequence of the exercise before the commencement of this Act of any such powers as aforesaid; or
- (b) affect any agreement subsisting between a railway company and a mine owner or a royalty owner at the commencement of this Act with regard to the working of, or the leaving unworked, minerals lying under or near to any railway or works of the company, so long as the agreement continues in force, and any such agreement shall, notwithstanding anything in this section, continue in force until determined by effluxion of time, or by the exercise of any power to determine it

conferred by the agreement, nor shall anything in this section prevent the entering into a new agreement.

1.—(1) The Minister of Health (hereinafter referred to as the Minister) shall, subject to such conditions as to records, certificates, audit or otherwise, as, with the approval of the Treasury, he may determine, make or undertake to make contributions out of moneys provided by Parliament:—

- Government contributions to expenses of local authorities in assisting construction of houses. 53 & 54 Vict. c. 70.
- (a) towards any expenses incurred by a local authority for the purposes of Part III. of the Housing of the Working Classes Act, 1890 (hereinafter referred to as the principal Act), in promoting in accordance with section two of this Act the construction of houses of such type and size as is specified in this section and completed before the first day of October, nineteen hundred and twenty-five;
- (b) where the local authority satisfy the Minister that the needs of their area can more appropriately be met by the provision of such houses wholly or partly by the authority themselves, towards any expenses incurred by the authority in making such provision.

(2) The houses in respect of which contributions may be given under this section shall be either—

- (a) a two-storied house with a minimum of six hundred and twenty and a maximum of nine hundred and fifty superficial feet; or

Except where otherwise approved by the Minister on the recommendation of the local authority, every house or flat to which this section applies shall be provided with a fixed bath.

(4) Where within fifteen months before the passing of this Act a local authority have submitted to the Minister proposals for assisting persons or bodies of persons undertaking to construct houses, or for the provision of houses by the local authority themselves, or where after the twenty-fifth day of April, nineteen hundred and twenty-three, and before the passing of this Act, a society, body of trustees or company to which section three of this Act applies have submitted proposals for the provision of houses, and such proposals have been approved by the Minister otherwise than for the purposes of section seven or section nineteen of the Housing, Town Planning, &c. Act, 1919, contributions may be made of the like amount as if the assistance had been given or the houses provided after the passing of this Act, and notwithstanding that the houses do not comply in every respect with the conditions imposed by or under this section.

(5) A local authority may, before undertaking to give assistance under this section in respect of any house, require security to be given that the house will be completed before the said first day of October, and that the other conditions subject to which the assistance is given will be observed.

4. The failure to complete a house before the said first day of October shall not render invalid any undertaking to make a contribution or give assistance in respect of the house, if the house is completed before the first day of June, nineteen hundred and twenty-six, and if the Minister is satisfied that the construction of the house or necessary work of development on or about the site preliminary thereto was begun within a reasonable time and that the failure to complete the house before the said date was due to circumstances over which the local authority, person, or body constructing the house had no control.

&c., for the  
purpose of

- (c) in the case of the conversion of a house into two or more separate and self-contained flats, undertake that, if the aggregate rateable value of the flats exceeds the rateable value of the house before conversion, they will, during such period not exceeding twenty years as is specified in the undertaking, refund to the person by whom the rates on any such flat are payable the whole or any part of the difference between the rates paid by him and the rates which would be payable were the rateable value of the flat reduced by such an amount that the reduced value would bear to the rateable value the same proportion as the rateable value of the house before conversion bears to the aggregate rateable value of the flats:

Provided that the local authority before granting any such assistance shall satisfy themselves that the houses or flats, in respect of which assistance is to be given will, when the building, alteration, or conversion has been completed, be in all respects fit for human habitation, and in particular that the superficial area of any such house or flat will not be less than the minimum permissible under section one of this Act.

(3) An advance or guarantee under this section shall not be made or given if the estimated value of the fee simple in possession free from incumbrances of the house in respect of which the advance or guarantee is to be made or given exceeds fifteen hundred pounds, but such an advance or guarantee may be made or given in addition to assistance given by the local authority under section two of this Act in respect of the same house.

(4) The raising of money for making any such advance or for fulfilling any such guarantee shall be a purpose for which a local authority may borrow under Part III. of the principal Act, and a purpose for which the Public Works Loan Commissioners may lend to a local authority.

(5) In the application of this section to the county of London, the London County Council shall, to the exclusion of any other local authority, be the local authority for the purposes of Part III. of the principal Act.

(3) The repeal of section eight of the Housing Act, 1921, shall not affect the liability of the London County Council to make repayments to councils of metropolitan boroughs thereunder, but the loss to be repaid to the council of any metropolitan borough under that section shall be the estimated annual loss calculated in like manner as in the case of a borough outside London.

An Act to grant money for the purpose of certain Local Loans out of the Local Loans Fund, and for other purposes relating to Local Loans.

[31st July 1923.]

**B**E it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Grants for public works.

**1.**—(1) There may be issued by the National Debt Commissioners for the purpose of local loans by the Public Works Loan Commissioners, any sum or sums not exceeding in the whole the sum of twenty million pounds.

(2) The sums so issued shall be issued during a period ending on the day on which a further Act granting money for the purposes of these loans comes into operation, and in accordance with the provisions of the National Debt and Local Loans Act, 1887.

50 & 51 Vict. c. 16.

Certain debts not to be reckoned as assets of local loans fund.

**2.** Whereas it is expedient that the principal of the local loan specified in the table contained in the Schedule to this Act should, to the extent specified in the last column of that table, not be reckoned as an asset of the local loans fund established under the National Debt and Local Loans Act, 1887 :

Now, therefore, the principal of the said loan to the extent aforesaid and the said sum shall be written off from the assets of the local loans fund, and the provisions of section fifteen of the said Act shall, so far as applicable, apply thereto.

Remission of arrears of principal and interest in respect of Eyemouth Harbour loan.

1 Edw. 7. c. 35.

And whereas by an arrangement confirmed by section three of the Public Works Loans Act, 1901, the

liability of the Eyemouth Harbour Trustees in respect of the said loan was extinguished without prejudice to the liability of the Fishery Board for Scotland to repay the said loan, and in consequence thereof the said collateral security is the sole security for the repayment of the said loan :

And whereas the terms of the said collateral security are embodied in a memorandum of agreement between the Secretary for Scotland and the Public Works Loan Commissioners, dated the eleventh day of March, eighteen hundred and ninety-two, whereby a portion of the surplus herring brand fees as defined in clause three of the said memorandum was pledged in security for the repayment of the said loan with interest by the instalments and at the times mentioned in the security given by the Eyemouth Harbour Trustees for the said loan, and it was provided that the said portion of the surplus herring brand fees of any one year should only be applicable to the repayment of one-fiftieth part of principal and interest on outstanding principal falling due under the security for the said loan in the same year, and should not be applicable to the repayment of arrears of principal :

And whereas the said portion of the surplus herring brand fees so pledged as aforesaid was in the year ending the thirty-first day of March, nineteen hundred and twenty-three, insufficient to discharge in full the instalment of principal with interest which fell due under the security for the said loan in that year, and the principal sum of two hundred pounds with interest amounting to one hundred and thirty-one pounds seventeen shillings now remains unpaid, and under the terms of the said memorandum of agreement is irrecoverable :

Now, therefore, the said principal sum of two hundred pounds shall be extinguished, and the said arrears of interest amounting to one hundred and thirty-one pounds seventeen shillings shall be remitted.

4. This Act may be cited as the Public Works Short title. Loans Act, 1923.

## CHAPTER 32.

An Act to amend and prolong the duration of the Increase of Rent and Mortgage Interest (Restrictions) Act, 1920, and any enactment amending that Act, and to make provision as to the rent and recovery of possession of premises in certain cases after the expiry of that Act, and for purposes in connection therewith.

[31st July 1923.]

**B**E it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

### PART I.

#### AMENDMENT AND PROLONGATION OF DURATION OF PRINCIPAL ACT.

Prolongation  
of duration  
of principal  
Act.  
10&11Geo.5.  
c. 17.

**1.** Subject to the provisions of this Act, the Increase of Rent and Mortgage Interest (Restrictions) Act, 1920 (hereinafter referred to as the principal Act), shall continue in force until the twenty-fourth day of June, nineteen hundred and twenty-five.

2.—(1) Where the landlord of a dwelling-house to which the principal Act applies is in possession of the whole of the dwelling-house at the passing of this Act, or comes into possession of the whole of the dwelling-house at any time after the passing of this Act, then from and after the passing of this Act, or from and after the date when the landlord subsequently comes into possession, as the case may be, the principal Act shall cease to apply to the dwelling-house :

Exclusion of dwelling-houses from application of principal Act in certain cases.

Provided that, where part of a dwelling-house to which the principal Act applies is lawfully sub-let, and the part so sub-let is also a dwelling-house to which the principal Act applies, the principal Act shall not cease to apply to the part so sub-let by reason of the tenant being in or coming into possession of that part, and, if the landlord is in, or comes into possession of, any part not so sub-let, the principal Act shall cease to apply to that part, notwithstanding that a sub-tenant continues in, or retains, possession of any other part by virtue of the principal Act :

Provided also that, where a landlord comes into possession under an order or judgment made or given after the passing of this Act, on the ground of non-payment of rent, the principal Act shall, notwithstanding anything in the foregoing provisions of this subsection, continue to apply to the dwelling-house.

(2) Where, at any time after the passing of this Act, the landlord of a dwelling-house to which the principal Act applies grants to the tenant a valid lease of the dwelling-house for a term ending at some date after the twenty-fourth day of June, nineteen hundred and twenty-six, being a term of not less than two years, or enters into a valid agreement with the tenant for a tenancy for such a term, the principal Act shall, as from the commencement of the term, cease to apply to the dwelling-house, and nothing in the principal Act shall be taken as preventing or invalidating the payment of any agreed sum as part of the consideration for such lease or agreement :

Provided that, where part of the dwelling-house is lawfully sub-let at the commencement of the term, and is a dwelling-house to which the principal Act applies, that part shall, notwithstanding anything in the foregoing provisions of this subsection, continue to be a dwelling-house to which the principal Act applies.

(3) For the purposes of this section, the expression "possession" shall be construed as meaning "actual possession," and a landlord shall not be deemed to have come into possession by reason only of a change of tenancy made with his consent.

Determina-  
tion of  
certain  
leases and  
tenancies.

3. Where before the passing of this Act the landlord of a dwelling-house to which the principal Act applies has granted to the tenant a valid lease of the dwelling-house for a term ending at some date after the twenty-fourth day of June, nineteen hundred and twenty-three, or has entered into a valid agreement with the tenant for a tenancy for such a term, and the rent thereby reserved is reserved at a rate which after but not before such last mentioned date exceeds the standard rent and the increases permitted under the principal Act or this Act, the landlord may, by three months notice in writing expiring not earlier than the twenty-first day of December, nineteen hundred and twenty-three, and not later than the thirty-first day of March, nineteen hundred and twenty-four, determine the said lease or tenancy, provided that, if within one month of the receipt of such notice the lessee or tenant shall give to the landlord notice in writing that he elects to abide by the said lease or agreement and the terms thereof, then the said lease or agreement shall remain in full force and effect in every respect including the amount of the rent thereby expressed to be reserved unaffected by the principal Act or this Act.

Restriction  
on right to  
possession.

4. The following section shall be substituted for section five of the principal Act, namely:—

"5.—(1) No order or judgment for the recovery of possession of any dwelling-house to which this Act applies, or for the ejectment of a tenant therefrom, shall be made or given unless—

"(a) any rent lawfully due from the tenant has not been paid, or any other obligation of the tenancy (whether under the contract of tenancy or under this Act) so far as the same is consistent with the provisions of this Act has been broken or not performed; or

"(b) the tenant or any person residing or lodging with him or being his sub-tenant has been guilty of conduct which is a nuisance or annoyance to

adjoining occupiers, or has been convicted of using the premises or allowing the premises to be used for an immoral or illegal purpose, or the condition of the dwelling-house has, in the opinion of the court, deteriorated owing to acts of waste by or the neglect or default of the tenant or any such person, and, where such person is a lodger or sub-tenant, the court is satisfied that the tenant has not, before the making or giving of the order or judgment, taken such steps as he ought reasonably to have taken for the removal of the lodger or sub-tenant ; or

“(c) the tenant has given notice to quit, and in consequence of that notice the landlord has contracted to sell or let the dwelling-house or has taken any other steps as a result of which he would, in the opinion of the court, be seriously prejudiced if he could not obtain possession ; or

“(d) the dwelling-house is reasonably required by the landlord for occupation as a residence for himself, or for any son or daughter of his over eighteen years of age, or for any person *bonâ fide* residing with him, or for some person engaged in his whole time employment or in the whole time employment of some tenant from him or with whom, conditional on housing accommodation being provided, a contract for such employment has been entered into, and (except as otherwise provided by this subsection) the court is satisfied that alternative accommodation is available which is reasonably suitable to the means of the tenant and to the needs of the tenant and his family as regards extent, character, and proximity to place of work and which consists either of a dwelling-house to which this Act applies, or of premises to be let as a separate dwelling on terms which will afford to the tenant security of tenure reasonably equivalent to the security afforded by this Act in the case of a dwelling-house to which this Act applies ; or

“(e) the dwelling-house is reasonably required for the purpose of the execution of the statutory

duties or powers of a local authority, or statutory undertaking, or for any purpose which, in the opinion of the court, is in the public interest, and the court in either case is satisfied as aforesaid as respects alternative accommodation ; or

“(f) the landlord became the landlord after service in any of His Majesty’s forces during the war and requires the house for his personal occupation and offers the tenant accommodation on reasonable terms in the same dwelling-house, such accommodation being considered by the court as reasonably sufficient in the circumstances ; or

“(g) the dwelling-house is required for occupation as a residence by a former tenant thereof who gave up occupation in consequence of his service in any of His Majesty’s forces during the war ; or

“(h) the tenant without the consent of the landlord has at any time after the thirty-first day of July, nineteen hundred and twenty-three, assigned or sub-let the whole of the dwelling-house or sub-let part of the dwelling-house, the remainder being already sub-let ; or

“(i) the dwelling-house consists of or includes premises licensed for the sale of intoxicating liquor, and the tenant has committed an offence as holder of the licence or has not conducted the business to the satisfaction of the licensing justices or the police authority, or has carried it on in a manner detrimental to the public interest, or the renewal of the licence has for any reason been refused ;

and, in any such case as aforesaid, the court considers it reasonable to make such an order or give such judgment.

“The existence of alternative accommodation shall not be a condition of an order or judgment on any of the grounds specified in paragraph (d) of this subsection—

“(i) where the tenant was in the employment of the landlord or a former landlord, and the dwelling-house was let to him in consequence of that employment and he has ceased to be in that employment ; or

- “(ii) where the court is satisfied by a certificate of the county agricultural committee, or of the Minister of Agriculture and Fisheries pending the formation of such committee, that the dwelling-house is required by the landlord for the occupation of a person engaged on work necessary for the proper working of an agricultural holding, or with whom conditional on housing accommodation being provided, a contract for employment on such work has been entered into; or
- “(iii) where the landlord gave up the occupation of the dwelling-house in consequence of his service in any of His Majesty’s forces during the war; or
- “(iv) where the landlord or the husband or wife of the landlord became the landlord before the thirtieth day of June, nineteen hundred and twenty-two, and the dwelling-house is reasonably required by him for occupation as a residence for himself or for any son or daughter of his over eighteen years of age; or
- “(v) where the landlord or the husband or wife of the landlord did not become the landlord before the thirtieth day of June, nineteen hundred and twenty-two, and the dwelling-house is reasonably required by him for occupation as a residence for himself or for any son or daughter of his over eighteen years of age, and the court is satisfied that greater hardship would be caused by refusing to grant an order or judgment for possession than by granting it.

“(2) At the time of the application for or the making or giving of any order or judgment for the recovery of possession of any such dwelling-house, or for the ejectment of a tenant therefrom, or in the case of any such order or judgment which has been made or given, whether before or after the passing of this Act, and not executed at any subsequent time, the court may adjourn the application, or stay or suspend execution on any such order or judgment, or postpone the date of possession for such period or periods as it thinks fit, and subject to such conditions (if any) in regard to payment by the tenant of arrears of rent, rent, or mesne profits

and otherwise as the court thinks fit, and, if such conditions are complied with, the court may, if it thinks fit, discharge or rescind any such order or judgment.

“(3) Where any order or judgment has been made or given before the passing of this Act but not executed, and, in the opinion of the court, the order or judgment would not have been made or given if this Act had been in force at the time when such order or judgment was made or given, the court may, on application by the tenant, rescind or vary such order or judgment in such manner as the court may think fit for the purpose of giving effect to this Act.

51 & 52 Vict.  
c. 43.

1 & 2 Vict.  
c. 74.

“(4) Notwithstanding anything in section one hundred and forty-three of the County Courts Act, 1888, or in section one of the Small Tenements Recovery Act, 1838, every warrant for delivery of possession of, or to enter and give possession of, any dwelling-house to which this Act applies, shall remain in force for three months from the day next after the last day named in the judgment or order for delivery of possession or ejection, or, in the case of a warrant under the Small Tenements Recovery Act, 1838, from the date of the issue of the warrant, and in either case for such further period or periods, if any, as the court shall from time to time, whether before or after the expiration of such three months, direct.

“(5) An order or judgment against a tenant for the recovery of possession of any dwelling-house or ejection therefrom under this section shall not affect the right of any sub-tenant to whom the premises or any part thereof have been lawfully sub-let before proceedings for recovery of possession or ejection were commenced, to retain possession under this section, or be in any way operative against any such sub-tenants.

“(6) Where a landlord has obtained an order or judgment for possession or ejection under this section on the ground that he requires a dwelling-house for his own occupation, and it is subsequently made to appear to the court that the order or judgment was obtained by misrepresentation or the concealment of material facts, the court may order the landlord to pay to the former tenant such sum as appears sufficient as compensation for damage or loss sustained by that tenant as the result of the order or judgment.

“(7) The provisions of the last preceding subsection shall apply in any case where the landlord has, after the thirty-first day of July, nineteen hundred and twenty-three, obtained an order or judgment for possession or ejection on any of the grounds specified in paragraph (d) of subsection (1) of this section, and it is subsequently made to appear to the court that the order or judgment was obtained by misrepresentation or concealment of material facts, and in any such case the court may, if it thinks fit, in addition to making an order for payment of compensation by the landlord to the former tenant, direct that the dwelling-house shall not be excluded from this Act by reason of the landlord having come into possession thereof under the said order or judgment, and, if such a direction is given, this Act shall apply and be deemed to have applied to the dwelling-house as from the date mentioned in such direction.”

5.—(1) Where the tenant of a dwelling-house to which the principal Act applies has obtained from the sanitary authority a certificate that the house is not in a reasonable state of repair, and has served a copy of the certificate upon the landlord, it shall be a good defence to any claim against the tenant for the payment of any increase of rent permitted under paragraph (c) or paragraph (d) of subsection (1) of section two of the principal Act in respect of any subsequent rental period that the house was not in a reasonable state of repair during that period, and in any proceedings against the tenant for the enforcement of such claim (including proceedings for recovery of possession or ejection on the ground of non-payment of rent so far as the rent unpaid includes such increase), the production of the said certificate shall be sufficient evidence that the house was and continues to be in the condition therein mentioned unless the contrary is proved :

Suspension  
of increase  
of rent on  
ground of  
disrepair.

Provided that this section shall not apply in any case where and so far as the condition of the house is due to the tenant's neglect or default or breach of express agreement.

(2) When, after the issue of any such certificate, the landlord has executed to the satisfaction of the sanitary authority the repairs which require to be executed in order to put the dwelling-house into a reasonable state of

repair, the authority shall, on the application of the landlord and upon payment of a fee of one shilling, issue a report to that effect.

Notice of  
increase of  
rent.

6.—(1) The county court, if satisfied that any error or omission in a notice of intention to increase rent, whether served before or after the passing of this Act, is due to a bonâ fide mistake on the part of the landlord, shall have power to amend such notice, by correcting any errors and supplying any omissions therein, which, if not corrected or supplied, would render the notice invalid, on such terms and conditions as respects arrears of rent or otherwise as appear to the court to be just and reasonable, and, if the court so directs, the notice as so amended shall have effect and be deemed to have had effect as a valid notice.

(2) The form of notice in the First Schedule to the principal Act shall be amended by the substitution of the words "date of service of this notice" for the words "date of this notice."

Permitted  
increases of  
rent of sub-  
tenancies.

7.—(1) Where part of a dwelling-house to which the principal Act applies is lawfully sub-let, and the part so sub-let is also a dwelling-house to which the principal Act applies, then, in addition to any increases permitted by paragraphs (a) to (e) of subsection (1) of section two of the principal Act, an amount not exceeding ten per cent. of the net rent of the dwelling-house comprised in the sub-tenancy shall be deemed to be a permitted increase in the case of that dwelling-house, and an amount equivalent to five per cent. of the net rent of the dwelling-house comprised in the sub-tenancy shall be deemed to be a permitted increase in the case of the dwelling-house comprised in the tenancy. Subsection (2) of section three of the principal Act shall not apply as respects any increase permitted under this subsection.

(2) Where part of any such dwelling-house is so sub-let, the tenant shall, on being so requested in writing by the landlord, supply him, within fourteen days thereafter, with a statement in writing of any sub-letting, giving particulars of occupancy, including the rent charged, and should the tenant without reasonable excuse fail to do so or supply a statement which is false in any material particulars he shall be liable on summary conviction to a fine not exceeding two pounds.

(3) In subsection (6) of section two of the principal Act the expression "landlord" shall, in relation to a sub-tenancy, be taken to include not only the person who is immediate landlord of the sub-tenant but also the landlord of that person.

8.—(1) No increase of rent which becomes payable by reason of an amendment of a notice of increase made by order of the county court under this Act shall be recoverable in respect of any rental period which ended more than six months before the date of the order.

Limitation on recovery of over-payments or arrears.

(2) Any sum paid by a tenant or mortgagor which, under subsection (1) of section fourteen of the principal Act is recoverable by the tenant or mortgagor shall be recoverable at any time within six months from the date of payment but not afterwards, or in the case of a payment made before the passing of this Act, at any time within six months from the passing of this Act but not afterwards.

(3) Nothing in this section shall affect the operation of the Rent Restriction (Notices of Increase) Act, 1923.

13&14Geo.5.  
c. 13.

9.—(1) Where the purchase of any furniture or other articles is required as a condition of the grant, renewal, or continuance of a tenancy or sub-tenancy of a dwelling-house to which the principal Act applies, the price demanded shall, at the request of the person on whom the demand is made, be stated in writing, and, if the price exceeds the reasonable price of the articles, the excess shall be treated as if it were a fine or premium required to be paid as a condition of the grant, renewal, or continuance, and the provisions of section eight of the principal Act, including penal provisions, shall apply accordingly.

Excessive charges for furniture, &c., taken over in connexion with tenancies.

(2) Where a tenant who by virtue of the principal Act retains possession of a dwelling-house to which that Act applies requires that furniture or other articles shall be purchased as a condition of giving up possession, the price demanded shall, at the request of the person on whom the demand is made, be stated in writing, and, if the price exceeds the reasonable price of the articles, the excess shall be treated as a sum asked to be paid as a condition of giving up possession, and the provisions of subsection (2) of section fifteen of the principal Act (including penal provisions) shall apply accordingly.

Amendment of provisions of the principal Act as to houses let with furniture, &c.

**10.**—(1) For the purposes of proviso (i) to subsection (2) of section twelve of the principal Act (which relates to the exclusion of dwelling-houses from the principal Act in certain circumstances), a dwelling-house shall not be deemed to be *bonâ fide let*, at a rent which includes payments in respect of attendance or the use of furniture unless the amount of rent which is fairly attributable to the attendance or the use of the furniture, regard being had to the value of the same to the tenant, forms a substantial portion of the whole rent.

(2) In sections nine and ten of the principal Act (which relate to limitation of rent of houses let with furniture and penalties for excessive charges for such lettings) the expressions “landlord” and “tenant” shall respectively be substituted for the expressions “lessor” and “lessee.”

Power of county court to determine questions as to standard rent, &c.

**11.**—(1) The county court shall have power on the application of a landlord or a tenant to determine summarily any questions as to the amount of the rent, standard rent or net rent of any dwelling-house to which the principal Act applies, or as to the increase of rent permitted under that Act or this Part of this Act.

(2) The Lord Chancellor may, by rules and directions made and given under section seventeen of the principal Act, provide for any questions arising under or in connection with the principal Act or this Part of this Act being referred by consent of the parties interested for final determination by the judge or registrar of a county court sitting as an arbitrator or by an arbitrator appointed by such judge.

## PART II.

### RESTRICTIONS AFTER EXPIRY OF PRINCIPAL ACT.

Restriction on right to possession in certain cases after the expiry of the principal Act.

**12.**—(1) If proceedings are taken against the person who on the twenty-fourth day of June, nineteen hundred and twenty-five, is tenant of a dwelling-house to which the principal Act then applies (hereinafter referred to as “the sitting tenant”) for the recovery of possession of the dwelling-house or for the ejection of the tenant therefrom at any time after that day, should it appear to the court that the proceedings are harsh or oppressive or that exceptional hardship would be caused to the sitting tenant by the making or giving of an order or judgment

for possession or ejection, the court may refuse to make or give such an order or judgment or may adjourn the application for or stay or suspend execution of any such order or judgment or postpone the date of possession for such period or periods, and subject to such conditions as it thinks proper, and, if such conditions are complied with, the court may, if it thinks fit, discharge or rescind any such order or judgment.

(2) For the purpose of the exercise of its jurisdiction under this section, the court may direct that the tenancy of the sitting tenant shall be treated as a subsisting tenancy notwithstanding the determination of the same by any notice to quit or similar notice or otherwise and may set aside and annul any such notice accordingly, and shall have power to determine what increase of rent (if any) is fair and reasonable, regard being had to the character and condition of the dwelling-house and the rents of similar dwelling-houses in the locality.

(3) The court shall not exercise any of the powers given to it under the foregoing provisions of this section in any case where it is satisfied that greater hardship would be caused to the landlord by the exercise of the power than would be caused to the tenant by the refusal to exercise it.

(4) In any such proceedings an order or judgment for possession or ejection against the sitting tenant of the dwelling-house shall not, unless the court otherwise directs, be operative against a sitting tenant of a part of the dwelling-house which, on the twenty-fourth day of June, nineteen hundred and twenty-five, is lawfully sub-let to him and is a separate dwelling-house to which the principal Act applies, and the court shall, in relation to that part of the dwelling-house and the sitting tenant thereof, have all the like powers and jurisdiction as it has in relation to the whole dwelling-house and the sitting tenant thereof.

(5) In order to assist the court in the determination of questions arising under this Part of this Act in relation to the rent, character or condition of dwelling-houses, the Minister of Health may establish reference committees to whom such questions may be referred by the court for consideration and report.

(6) The foregoing provisions of this section shall not apply to proceedings against a sitting tenant under the Small Tenements Recovery Act, 1838, and any such proceedings shall, on the application of the sitting tenant, be discontinued, subject to any provision that may be made by rules under this Part of this Act for transfer to the county court.

1 & 2 Vict.  
c. 74.

Reduction  
of rent,  
pending the  
execution of  
repairs.

**13.**—(1) If the county court on the application of a sitting tenant is satisfied by the production of a certificate of the sanitary authority and such further evidence (if any) as may be adduced that the dwelling-house is not in a reasonable state of repair and that the condition of the dwelling-house is not due to the tenant's neglect or default or breach of express agreement, the court may order that the rent shall be reduced until the court is satisfied on the report of the sanitary authority or otherwise that the necessary repairs (other than any repairs for which the tenant is liable) have been executed, and subject to the terms of the order the rent shall be payable at such reduced rate as may be specified therein until the court is so satisfied.

(2) The powers of the county court under this section may be exercised by the court in any proceedings against a sitting tenant to which the last preceding section of this Act applies.

Restriction  
on calling in  
of mort-  
gages.

**14.**—(1) Where a dwelling-house in the occupation of a sitting tenant is subject to a mortgage to which the principal Act applied, the county court may, on the application of the landlord, make an order restraining the mortgagee from calling in his mortgage or taking steps for enforcing his security or for recovering the principal money thereby secured, if it is satisfied that such calling in, enforcement or recovery would cause exceptional hardship to the landlord. The county court may, on the application of the mortgagee or landlord rescind or vary any order so made if satisfied that by reason of any material change in circumstances, rescission or variation is necessary or proper.

(2) The restrictions imposed on a mortgagee by an order under this section may be imposed subject to such conditions as regards increase of interest or otherwise and for such time as appears to the court to be proper,

but so nevertheless that the restrictions shall cease to be operative if at any time after the making of the order—

- (a) interest is more than twenty-one days in arrear ;  
or
- (b) any covenant by the mortgagor (other than the covenant for the repayment of the principal money secured) is broken or not performed ; or
- (c) the mortgagor fails to keep the property in a proper state of repair or to pay the interest and instalments of principal recoverable under any prior encumbrance ; or
- (d) the sitting tenant ceases to be tenant of the dwelling-house.

(3) This section shall not apply to a mortgage where the principal money secured thereby is repayable by means of periodical instalments extending over a term of not less than ten years from the creation of the mortgage.

**15.**—(1) The constitution and procedure of reference committees established under this Part of this Act shall be such as may be prescribed by regulations made by the Minister of Health. Regulations  
as to refer-  
ence com-  
mittees.

(2) In addition to any questions that may be referred to a reference committee by the county court under this Part of this Act, provision may be made by the regulations for the reference to and determination by a reference committee of any questions in relation to the rent payable or to be paid by a sitting tenant which may be submitted to them by the tenant and landlord.

(3) Before any regulation under this section is made, it shall be laid in draft before both Houses of Parliament, and such regulation shall not be made unless both Houses by resolution approve the draft, either without modification or addition or with modifications or additions to which both Houses agree, but upon such approval being given the Minister of Health may make the regulation in the form in which it has been approved, and the regulation on being so made shall be of full force and effect.

**16.** The Lord Chancellor may make such rules and give such directions as he thinks fit for the purpose of giving full effect to the provisions of this Part of this Act relative to legal proceedings. Rules as to  
Procedure.

Duration of  
Part II.

If any statute is in part a statute for a College or the Hall, it shall, for the purposes of the provisions of this Act relative to the representation of Colleges and the Hall, and of the other provisions of this Act regulating proceedings on the statute, be proceeded on as a statute for the College or Hall.

But, in the case of a College, any actual member of the foundation whereof is nominated a Commissioner in this Act, no more than two persons shall be so elected, while that member is a Commissioner.

If during the continuance of the powers of the Commissioners a vacancy happens by death, resignation, or otherwise, among the persons so elected, the same may be filled up by a like election; and so from time to time.

Each person entitled to vote at an election shall have one vote for every place to be then filled by election, and may give his votes to one or more of the candidates for election, as he thinks fit.

The persons elected to represent a College, and the Principal of the Hall, shall be, to all intents, Commissioners in relation to the making by the Commissioners of statutes for the College or Hall, before and after the making thereof, but not further or otherwise, save that they shall not be counted as Commissioners

His Majesty  
in Council.

45. The Commissioners, within one month after making a statute, shall cause it to be submitted to His Majesty in Council, and notice of it having been so submitted shall be published in the London Gazette (in this Act referred to as the gazetting of a statute).

The subsequent proceedings under this Act respecting the statute shall not be affected by the cesser of the powers of the Commissioners.

At any time within eight weeks (exclusive of any University vacation) after the gazetting of a statute, the University or the Governing Body of a College, or the trustees, governors, or patron of a University or College emolument, or the Principal of the Hall, or the Governing Body of a school, or any other person or body, in case the University, College, emolument, Hall, school, person, or body, is directly affected by the statute, may petition His Majesty in Council for disallowance of the statute, or of any part thereof.

Disallowance by Order in Council, or remitting to Commissioners.

If, during the continuance of the powers of the Commissioners, the Universities Committee report their opinion that a statute referred to them ought to be remitted to the Commissioners with a declaration, it shall be lawful for His Majesty in Council to remit the same accordingly; and the Commissioners shall reconsider the statute, with the declaration, and the statute, if and as modified by the Commissioners, shall be proceeded on as an original statute is proceeded on, and so from time to time.

49. If a statute is not referred to the Universities Committee, then, within one month after the expiration of the time for petitioning against it, the statute shall be laid before both Houses of Parliament, if Parliament is then sitting, and if not, then within fourteen days after the next meeting of Parliament.

Statutes not referred, or not disallowed or remitted, to be laid before Houses of Parliament.

If a statute is referred to the Universities Committee, and the Committee do not report that the same ought to be wholly disallowed or to be remitted to the Commissioners, then, as soon as conveniently may be after the report of the Universities Committee thereon, the statute, or such part thereof as is not disallowed by Order in Council, shall be laid before both Houses of Parliament.

50. If neither House of Parliament, within four weeks (exclusive of any period of prorogation) after a statute or part of a statute is laid before it, presents an address praying His Majesty to withhold his consent thereto, it shall be lawful for His Majesty in Council by Order to approve the same.

(3) For the purpose of this section, there shall be opened in such manner as the Treasury may direct an account called "the Agricultural Credits Account," and there shall be paid to that account—

- (a) such money as may from time to time be provided by Parliament towards defraying the advances and expenses of the Minister directed by this section to be paid out of the Agricultural Credits Account; and
- (b) all sums received by the Minister in respect of advances made by the Minister under this section.

(4) The advances and expenses of the Minister under this section shall be paid out of the money standing to the credit of the Agricultural Credits Account.

(5) The Minister shall cause an account to be prepared and transmitted to the Comptroller and Auditor-General for examination on or before the thirtieth day of September in every year, showing the sums paid into and the sums issued out of the Agricultural Credits Account in the financial year ending on the thirty-first day of March preceding, and the Comptroller and Auditor-General shall certify and report on the same, and such account and report shall be laid before Parliament on or before the thirty-first day of January in the following year if Parliament be then sitting, and, if Parliament be then not sitting, within one week after Parliament is next assembled.

(2) The foregoing provisions of this section shall apply also to any existing Act of Parliament which authorises a company to execute or advance money for the execution of improvements of agricultural land.

(3) Where an application is made under any such Act for sanction of a charge on any lands in respect of the erection or improvement of a farmhouse or of a cottage for occupation by a person engaged in cultivation of the said lands or any of them, the Minister may, if satisfied that the erection or improvement is required for the proper cultivation of the land, sanction the charge although it may not be shown that the work will effect a direct yearly increase in the value of the lands exceeding the yearly amount proposed to be charged thereon.

(4) The enumeration of improvements contained in section nine of the Improvement of Land Act, 1864, is hereby extended so as to comprise, in relation to any land subject and according to the provisions of that Act, the improvements of land authorised in relation to settled land by the Settled Land Acts, 1882 to 1922, but as respects such of those improvements as are improvements specified in subsection (1) of section sixty-five of the Law of Property Act, 1922, only when the application to the Minister is made after the passing of this Act.

[2nd August 1923.]

Most Gracious Sovereign,

**WE**, Your Majesty's most dutiful and loyal subjects, the Commons of the United Kingdom of Great Britain and Ireland in Parliament assembled, towards

making good the supply which we have cheerfully granted to Your Majesty in this session of Parliament, have resolved to grant unto Your Majesty the sum hereinafter mentioned; and do therefore most humbly beseech Your Majesty that it may be enacted, and be it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

GRANT OUT OF CONSOLIDATED FUND.

Issue of  
£269,381,292  
out of the  
Consolidated  
Fund.

1. The Treasury may issue out of the Consolidated Fund of the United Kingdom, and apply towards making good the supply granted to His Majesty for the service of the year ending on the thirty-first day of March, one thousand nine hundred and twenty-four, the sum of two hundred and sixty-nine million three hundred and eighty-one thousand two hundred and ninety-two pounds.

Power for  
the Treasury  
to borrow.

2.—(1) The Treasury may borrow from any person, by the issue of Treasury Bills or otherwise, and the Bank of England and the Bank of Ireland may advance to the Treasury on the credit of the said sum, any sum or sums not exceeding in the whole two hundred and sixty-nine million three hundred and eighty-one thousand two hundred and ninety-two pounds.

40 & 41 Vict.  
c. 2.

(2) The date of payment of any Treasury Bills issued under this section shall be a date not later than the thirty-first day of March, one thousand nine hundred and twenty-four, and section six of the Treasury Bills Act, 1877 (which relates to the renewal of bills), shall not apply with respect to those bills.

(3) Any money borrowed otherwise than on Treasury Bills shall be repaid, with interest not exceeding five pounds per cent. per annum, out of the growing produce of the Consolidated Fund, at any period not later than the next succeeding quarter to that in which the money was borrowed.

(4) Any money borrowed under this section shall be placed to the credit of the account of the Exchequer, and shall form part of the said Consolidated Fund, and be available in any manner in which such Fund is available.

## APPROPRIATION OF GRANTS.

**3.** All sums granted by this Act and the other Act mentioned in Schedule (A) annexed to this Act out of the said Consolidated Fund towards making good the supply granted to His Majesty, amounting, as appears by the said schedule, in the aggregate, to the sum of four hundred and forty-one million seven hundred and seventy-four thousand and ninety pounds, are appropriated, and shall be deemed to have been appropriated as from the date of the passing of the Acts mentioned in the said Schedule (A), for the services and purposes expressed in Schedule (B) annexed hereto.

Appropriation of sums voted for supply services.

The abstract of schedules and schedules annexed hereto, with the notes (if any) to such schedules, shall be deemed to be part of this Act in the same manner as if they had been contained in the body thereof.

In addition to the sums hereby granted out of the Consolidated Fund, there may be applied out of any money directed under section two of the Public Accounts and Charges Act, 1891, to be applied as appropriations in aid of the grants for the services and purposes specified in Schedule (B) annexed hereto the sums respectively set forth in the last column of the said schedule.

54 & 55 Vict.  
c. 24.

**4.—(1)** So long as the aggregate expenditure on naval and air services respectively is not made to exceed the aggregate sums appropriated by this Act for those services respectively, any surplus arising on any vote for those services, either by an excess of the sum realised on account of appropriations in aid of the vote over the sum which may be applied under this Act as appropriations in aid of that vote, or by saving of expenditure on that vote, may, with the sanction of the Treasury, be temporarily applied either in making up any deficiency in the sums realised on account of appropriations in aid of any other vote in the same department, or in defraying expenditure in the same department which is not provided for in the sums appropriated to the service of the department by this Act, and which it may be detrimental to the public service to postpone until provision can be made for it by Parliament in the usual course.

Treasury may, in certain cases of exigency, authorise expenditure unprovided for; provided that the aggregate grants for the navy services and for the air services respectively be not exceeded.

(2) A statement showing all cases in which the sanction of the Treasury has been given to the temporary application of a surplus under this section, and showing the circumstances under which the sanction of the Treasury has been given, shall be laid before the House of Commons with the appropriation accounts of the naval and air services for the year, in order that any temporary application of any surplus sanctioned by the Treasury under this section may be submitted for the sanction of Parliament.

Sanction for  
navy expendi-  
ture for  
1921-1922  
unprovided for.  
11 & 12 Geo. 5.  
cc. 46 and 63.

5. Whereas under the powers given for the purpose by the Appropriation Acts, 1921, surpluses arising on certain votes for the navy services have been applied as shown in the account set out in Schedule (C) to this Act :

It is enacted that the application of those surpluses as shown in the said account is hereby sanctioned.

Declaration  
required  
in certain  
cases before  
receipt of  
sums appro-  
priated.

6.—(1) A person shall not receive any payment out of a grant which may be made in pursuance of this Act for half-pay or army, navy, air force, or civil non-effective services, until he has subscribed such declaration as may from time to time be prescribed by a warrant of the Treasury before one of the persons prescribed by the warrant :

Provided that the Treasury may dispense with the production of a declaration under this section in respect of any payment if such a declaration has been subscribed within a period of seven calendar months preceding the date of the payment.

(2) Any person who makes a declaration for the purpose of this section knowing the same to be untrue in any material particular shall be guilty of a misdemeanour.

Short title.

7. This Act may be cited for all purposes as the Appropriation Act, 1923.

### CHAPTER 38.

An Act to amend the law relating to the education  
of children who are receiving education in an  
area other than that to which they belong.

[2nd August 1923.]

**B**E it enacted by the King's most Excellent Majesty,  
by and with the advice and consent of the Lords  
Spiritual and Temporal, and Commons, in this present

Parliament assembled, and by the authority of the same, as follows:—

1.—(1) Where in England or Wales children who are resident in a workhouse or in an institution to which they have been sent by a board of guardians from a workhouse or boarded out by the guardians, or resident in a charitable institution, attend as day scholars a public elementary school or a school certified by the Board of Education under Part V. of the Education Act, 1921, maintained by a local education authority for elementary education of an area other than the area to which the children belong, the local education authority of the area to which the children belong shall, if required so to do by the local education authority of the area in which the children are educated, pay to that authority in respect of each such child during the period of attendance—

Contributions in respect of children not belonging to area in which they attend school.  
11 & 12 Geo. 5.  
c. 51.

- (a) in the case of a child attending a public elementary school (not being a school so certified), a sum calculated by reference to the average net cost, falling to be met from the rates, in the last preceding financial year of educating children in public elementary schools in the last-mentioned area; and
- (b) in the case of a child attending a school so certified, a sum calculated by reference to the average net cost, falling to be met from the rates, in the last preceding financial year of educating children in schools in the last-mentioned area of the same type as the school which the child attends.

(2) For the purposes of this section, a child who is resident in a workhouse or in an institution to which he has been sent by the guardians from a workhouse or boarded out by the guardians shall be deemed to belong to the area in which his place of settlement is situated, and a child resident in a charitable institution shall be deemed to belong—

- (i) to the area in England and Wales in which he last resided for a continuous period of six months otherwise than in a charitable institution; or

- (ii) if it cannot be ascertained that he has so resided in any area for six months, the area, being an area in England and Wales, in which he was born; or
- (iii) if the Board of Education are of opinion that the area to which he belongs cannot be ascertained under paragraphs (i) and (ii), such area as the Board of Education may determine having regard to all the circumstances of the case.

(3) The guardians or the managers of the charitable institution, as the case may be, shall furnish to the local education authority of the area in which the children are educated such information as may be necessary in order to enable that authority to determine for the purposes of this section to what area children educated in public elementary schools or schools certified under Part V. of the Education Act, 1921, belong.

(4) For the purposes of this section, a charitable institution shall include any place in which persons are boarded and lodged from motives of charity, but shall not include any place in which less than twelve children between the ages of five and fourteen are so boarded and lodged.

(5) If any question arises as to the amount payable under this section, or as to the area to which a child resident in a charitable institution belongs, or as to whether a child is resident in a charitable institution within the meaning of this section, that question shall be referred to the Board of Education and the decision of the Board shall be final.

(6) Any sum payable under this section shall be recoverable as a debt due to the authority to whom it is payable, and the Board of Education may, if they think fit, without prejudice to any other remedy on the part of that authority, pay any such sum to the authority to whom it is payable and deduct any sums so paid from any sums payable to the authority by whom it is payable on account of Parliamentary Grants.

(7) No sum shall be payable under this section unless a claim for payment is made within two years after the end of the financial year during which the attendances on which the claim is based were made.

2.—(1) Nothing in Part V. of the Education Act, 1921, shall be construed as imposing a duty on a local education authority to receive as boarders in a boarding school provided by them and certified under that part of that Act—

Contributions in respect of children attending schools certified under Part V. of Act of 1921.

- (a) children who are resident in a workhouse or in an institution to which they have been sent by a board of guardians from a workhouse or boarded out by such guardians;
- (b) children who belong to the area of another local education authority;

unless the guardians or the other local education authority, as the case may be, are willing to contribute towards the expense of the education and maintenance of the children such sum as may be agreed on between the authorities concerned.

(2) For the purposes of this section, the question to what area a child belongs shall be determined in the manner in which under the last preceding section the question to what area a child resident in a charitable institution belongs is determined: Provided that in the case of a child educated as a boarder in a boarding school so certified the local education authority who are making provision for his education shall continue liable to make such provision pending the determination of any question which may arise as to the area to which he belongs.

(3) Section one hundred and twenty-eight of the Education Act, 1921, shall apply to children receiving education as day scholars in schools certified under Part V. of the Education Act, 1921, and provided by a local education authority, as it applies to children receiving education in public elementary schools.

## CHAPTER 39.

An Act to amend the law relating to the relief from rates to be given in respect of agricultural land in England and agricultural land and heritages in Scotland, and for purposes in connection therewith. [2nd August 1923.]

**B**E it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Further exemption of agricultural land in England from rates. 59 & 60Vict. c. 16.

**1.**—(1) During the continuance of this Act, section one of the Agricultural Rates Act, 1896 (hereinafter in this Act referred to as “the principal Act”), which provides that an occupier of agricultural land in England shall, in the case of every rate to which that Act applies, be liable to pay one half only of the rate in the pound payable in respect of buildings and other hereditaments, shall have effect as if for the references in that section to “one half” there were substituted references to “one quarter”:

Provided that, notwithstanding any provision contained in any other enactment for assessing agricultural land to any rate at less than the rateable value thereof or otherwise giving relief in respect of any rate to occupiers of agricultural land, an occupier of agricultural land shall not, as compared with an occupier of buildings or other hereditaments, pay any rate in a less proportion than one-quarter.

(2) Where under any local Act passed, or any Provisional Order confirmed by Parliament at any time before the end of the present Session of Parliament, a rate to which the principal Act applied has, before the passing of this Act, become or thereafter becomes consolidated with a rate to which that Act did not apply, section one of that Act as amended by this section shall apply to the consolidated rate notwithstanding any provision contained in that Act or Order with respect to the proportion in which occupiers of agricultural land are to be liable to be assessed to or to pay that rate.

2. In respect of the deficiency which will arise by reason of the foregoing provisions of this Act in the produce of rates made by spending authorities, there shall—

Additional  
deficiency  
grant.

(a) be paid in respect of every year during which this Act continues in force to the Local Taxation Account a sum (in this Act referred to as “the additional annual grant”) of such an amount as is certified from time to time under the provisions of this Act; and

(b) be issued from the Local Taxation Account to each spending authority such sum as is certified in manner aforesaid to represent the share for each half-year of that authority in the additional annual grant.

3.—(1) The Minister of Health shall from time to time estimate, as respects each spending authority, the deficiency which will arise in each half year by reason of the foregoing provisions of this Act in the produce of the rates made by that authority, and, subject as hereinafter provided, the amount of that deficiency shall be taken to be the difference between the sum which the Minister estimates would have been raised by those rates in respect of agricultural land if this Act had not passed and the sum which the Minister estimates will be so raised under the foregoing provisions of this Act:

Ascertain-  
ment and  
certifying of  
amount of  
additional  
annual  
grant and of  
shares of  
spending  
authorities.

Provided that in estimating any such deficiency as aforesaid no account shall be taken of any highway rate levied under paragraph (2) of section two hundred and sixteen of the Public Health Act, 1875, in any part of an urban district unless such a rate was so levied in that

38 & 39 Vict.  
c. 55.

part of the district during the year ending on the thirty-first day of March, nineteen hundred and twenty-three.

(2) A sum equal to the aggregate for the year of the deficiencies so estimated for all the spending authorities shall be the amount of the additional annual grant, and a sum equal to the deficiency estimated as aforesaid in the case of each spending authority shall be the share of that spending authority for the half year in the additional annual grant, and the Minister shall certify accordingly the amount of the additional annual grant and of the share therein of each spending authority.

Relief in respect of rates given under other Acts to land of certain kinds to extend to all agricultural lands.

4. The provisions of any enactment contained in any Act other than this Act or the principal Act by virtue of which an occupier of land in England which is used as arable, meadow or pasture ground only is liable, as compared with an occupier of buildings, to be assessed to or to pay any rate in the proportion only of one quarter, shall be extended so as to give, during the continuance of this Act, the same relief to occupiers of any land which is agricultural land within the meaning of the principal Act but is not land to which those provisions apply.

Relief not to be taken into account in determining rents under 13 & 14 Geo. 5. c. 9, s. 12.

5. The relief to occupiers of agricultural land granted by the principal Act as amended by this Act shall not be taken into account by an arbitrator in determining for the purposes of section twelve of the Agricultural Holdings Act, 1923, what rent is properly payable in respect of a holding.

Application and amendment of certain provisions of principal Act.

6.—(1) The provisions of the principal Act set out in the first column of Part I. of the Schedule to this Act shall have effect for the purposes of this Act, so far as it relates to England, as if they were herein re-enacted with the modifications (if any) specified in the second column of the said Part.

(2) During the continuance of this Act, section three of the principal Act (which relates to contributions from more than one parish) shall have effect subject to the modifications specified in Part II. of the Schedule to this Act, and section nine of the said Act shall have effect as if the definition of rateable value so specified were substituted for the definition of rateable value contained in the said section nine.

7. Where before the first day of September, nineteen hundred and twenty-three, any person being the occupier of any agricultural land in England has, in respect of a rate in relation to which this Act has effect, paid an amount in excess of the amount which he was, having regard to the provisions of this Act, liable to pay in respect thereof, the amount of that excess shall, subject as hereinafter provided, be repaid by means of an allowance from the amount due from that person in respect of any unpaid instalment of that rate or due in respect of the rate for the like purpose made next after the date aforesaid:

Adjustment  
of excess  
payments of  
rates.

Provided that, if before the first day of January, nineteen hundred and twenty-four, no such allowance as aforesaid has been made, or if the amount of the excess has not been allowed as aforesaid in full, the amount of the excess or the balance thereof unallowed, as the case may be, shall, on a demand in that behalf made by the person by whom the instalment or rate was paid or his representative be recoverable as a debt due to him by the authority by which the rate was levied.

8. As from the fifteenth day of May, nineteen hundred and twenty-three, and during the continuance of this Act—

Annual  
value of  
agricultural  
lands and  
heritages  
for county  
and parish  
rates in  
Scotland.

- (1) the annual value of all agricultural lands and heritages in Scotland shall, for the purposes of all the rates leviable by county councils and parish councils (with the exception hereinafter provided with respect to rates leviable under certified classifications) be held to be the nearest aggregate sum of pounds sterling to one-half of the annual value of such lands and heritages as appearing in the valuation roll, subject, in the case of rates leviable by parish councils, to the deductions in pursuance of section thirty-seven of the Poor Law (Scotland) Act, 1845;

3 & 9 Vict.  
c. 83.

- (2) every occupier of agricultural lands and heritages in Scotland shall be entitled, on payment of the occupier's share of any rate in respect of such lands and heritages leviable by a county council or parish council (with the exception aforesaid), to recover from the owner of the lands and heritages by retention out of rent or otherwise one-half of the amount so paid by him,

and in respect of the amount so recovered from him the owner of any lands and heritages shall be deemed to be charged therewith for the purposes of the Income Tax Acts;

59 & 60 Vict.  
c. 37.

- (3) section one of the Agricultural Rates, Congested Districts, and Burgh Land Tax Relief (Scotland) Act, 1896 (hereinafter in this Act referred to as "the Act of 1896"), except the definition of the expression "agricultural lands and heritages" (including the proviso to that definition), shall cease to have effect save for the purpose of construing any enactment in which that section is referred to.

Additional  
annual  
grant for  
Scotland.

9. In respect of the deficiency which will arise in the produce of the rates leviable by county and parish councils (hereinafter in this Act referred to as "rating authorities") by reason of the net reduction in the annual value of agricultural lands and heritages for rating purposes effected by the immediately preceding section of this Act, there shall—

- (a) be paid in respect of the local financial year ending the fifteenth day of May, nineteen hundred and twenty-four, and each succeeding local financial year to the Local Taxation (Scotland) Account a sum (in this Act referred to as "the additional annual grant for Scotland") of such an amount as is ascertained and certified from time to time under the provisions of this Act; and
- (b) be paid in respect of each of the aforesaid years out of the Local Taxation (Scotland) Account under the direction of the Secretary for Scotland to each rating authority a sum equal to the aggregate of the amounts payable in respect of that year to the rating authority in respect of the rates leviable by the authority ascertained and certified as aforesaid.

Ascertain-  
ment of  
amount of  
additional  
annual  
grant for  
Scotland

10.—(1) The Secretary for Scotland shall ascertain and certify with respect to the local financial year ending the fifteenth day of May, nineteen hundred and twenty-four, and each succeeding local financial year:—

- (a) the amount which is to be taken as having been raised during the year by each rating authority

by each rate leviable by the authority, and the portion of such amount which would represent the owners' share thereof if this Act had not passed; and

and of payments to rating authorities.

- (b) the whole valuation of the rateable area of each rating authority for each rate, and the portion of such valuation which represents the valuation of agricultural lands and heritages.

(2) That part of the owners' share of the amount to be taken as having been raised by each rate which represents the proportion borne by the valuation of agricultural lands and heritages in the rateable area to the whole valuation of the rateable area shall, to the extent of three-eighths thereof, ascertained and certified by the Secretary for Scotland with respect to each local financial year, be the amount payable with respect to that year to the rating authority in respect of that rate out of the Local Taxation (Scotland) Account, and a sum equal to the aggregate of the amounts so payable in respect of each local financial year to all the rating authorities ascertained and certified as aforesaid shall be the amount of the additional annual grant for Scotland in respect of that year.

11. As from the fifteenth day of May, nineteen hundred and twenty-three, and during the continuance of this Act, subsection (4) of section four of the Act of 1896 shall cease to have effect, and every sum paid or payable under subsection (3) of the said section, or subsection (1) of section two of the Local Taxation Account (Scotland) Act, 1898, or this Act to any rating authority in respect of any rate shall, for all purposes, be deemed to have been raised or to be raiseable by that rate and shall be appropriated in reduction of the total amount leviable by that rate.

Appropriation of sums paid to rating authorities in Scotland. 61 & 62 Vict. c. 56.

12.—(1) As from the fifteenth day of May, nineteen hundred and twenty-three, and during the continuance of this Act, every certified classification within the meaning of the Act of 1896 which was in force at the said date shall cease to have any force or effect except any existing classification which shall be certified by the Secretary for Scotland in terms of the next succeeding subsection of this section:

Certified classifications to cease.

Provided that a parish council shall have power at any time within two months after the passing of this Act

to alter any existing classification so far as necessary to enable it to be certified as aforesaid.

(2) If it shall be certified by the Secretary for Scotland that the rates leviable on the occupiers of agricultural lands and heritages in pursuance of an existing classification (including an existing classification altered as aforesaid) are not more than one-half of the rates which would without classification be leviable on such occupiers in terms of this Act, such classification shall have effect, and the provisions of the section of this Act relating to annual value of agricultural lands and heritages for county and parish rates shall not apply to the occupiers' share of the rates leviable by the parish council in pursuance of that classification:

Provided that a parish council shall have power to abandon any classification certified in terms of this subsection.

Application of certain provisions of Act of 1896.

**13.** The provisions of the Act of 1896 set out in Part III. of the Schedule to this Act shall have effect for the purposes of this Act, so far as it relates to Scotland, as if they were re-enacted in this Act with the modifications (if any) specified in the second column of that Part of the Schedule.

Relief not to be taken into account in fixing rents.

**14.** The relief to occupiers of agricultural lands and heritages effected by the *Agricultural Rates (Scotland) Acts, 1896 to 1923*, shall not be taken into account by the land court in fixing a fair or equitable rent for a holding under the *Small Landholders (Scotland) Acts, 1886 to 1919*, or by an arbiter in determining for the purposes of section twelve of the *Agricultural Holdings (Scotland) Act, 1923*, what rent is properly payable in respect of a holding.

## CHAPTER 42.

An Act to amend the Workmen's Compensation Act, 1906, and the Acts amending that Act, and to amend the law with respect to employers' liability insurance, the notification of accidents, first aid, and ambulance. [16th November 1923.]

**B**E it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

### *Amendment of Benefits under Principal Act.*

1. The Workmen's Compensation (War Addition) Acts, 1917 and 1919, shall cease to have effect after the thirty-first day of December, nineteen hundred and twenty-three, and are hereby repealed :

Repeal  
of War  
Addition  
Acts.  
7 & 8 Geo. 5.  
c. 42.  
9 & 10 Geo. 5.  
c. 83.  
6 Edw. 7.  
c. 58.

Provided that the addition provided for in the said Acts shall continue to apply to a weekly payment payable to a workman under the Workmen's Compensation Act, 1906 (hereinafter referred to as the principal Act), or under any enactment superseded by that Act, in respect of total incapacity arising from an accident which occurred on or before the said thirty-first day of December so long as the workman remains totally incapacitated, and the addition shall, for all purposes, be treated as if it were part of the weekly payment.

2. Where a workman leaves a widow or other member of his family (not being a child under the age of fifteen) wholly or partially dependent upon his earnings, and, in addition, leaves one or more children under the age of fifteen so dependent, then—

Increase of  
amount pay-  
able on death  
of workman  
leaving  
children.

(a) if both the widow or other member of the workman's family and such child or children as aforesaid were all wholly dependent on the workman's earnings, there shall, in respect of each such child, be added to and dealt with as

part of the compensation payable under paragraph (1) (a) of the First Schedule to the principal Act, a sum equal to fifteen per cent. of the amount arrived at by multiplying the average weekly earnings of the workman, or where such earnings are less than one pound, then by multiplying one pound, or where such earnings exceed two pounds then by multiplying two pounds, by the number of weeks in the period between the death of the workman and the date when the child will attain the age of fifteen, fractions of a week being disregarded ; and

- (b) if the widow or other member of the workman's family or such child or children as aforesaid, or any of them, were partially dependent on the workman's earnings, there shall be paid as part of the compensation under the said paragraph such proportion of the sum which would have been payable under the foregoing paragraph of this section if all such persons had been wholly dependent as may be agreed upon or in default of agreement as may, taking into consideration the amount payable under the principal Act, be determined by arbitration under the principal Act to be reasonable.

Provided that the total amount of compensation payable to the dependants shall in no case exceed six hundred pounds.

Increase of minimum amount of compensation in fatal cases.

3. Paragraph (1) of the First Schedule to the principal Act shall have effect as if for the words "one hundred and fifty pounds" there were substituted the words "two hundred pounds."

Variation of amount of weekly payment.

4.—(1) In paragraph (1) (b) of the First Schedule to the principal Act, thirty shillings shall be substituted for one pound as the maximum amount of the weekly payment.

(2) Where the maximum weekly payment payable under the principal Act, as amended by the foregoing subsection, to a workman who is totally incapacitated is less than twenty-five shillings, the workman shall be entitled during such incapacity to a weekly addition

equal to one-half of the difference between such maximum weekly payment and the sum of twenty-five shillings or his average weekly earnings, whichever is the less, and such addition shall, for all the purposes of the principal Act, be treated as if it were part of the weekly payment.

(3) In the case of partial incapacity, the weekly payment shall, subject to the provisions of paragraph (3) of the said Schedule, be of the following amount:

- (a) if the maximum weekly payment, had the incapacity been total incapacity, would have amounted to twenty-five shillings a week or upwards, the weekly payment in case of partial incapacity shall be one-half the difference between the amount of the average weekly earnings of the workman before the accident and the average weekly amount which he is earning or is able to earn in some suitable employment or business after the accident;
- (b) if the maximum weekly payment would, had the incapacity been total incapacity, have amounted with such addition, if any, as is provided by subsection (2) of this section, to less than twenty-five shillings, the weekly payment in case of partial incapacity shall be a sum bearing the same proportion to the said difference as the said maximum weekly payment with such addition as aforesaid bears to the amount of the average weekly earnings of the workman before the accident.

(4) Proviso (b) to paragraph (1) of the said Schedule which relates to the amount of the weekly payment in the case of a workman who is under twenty-one years of age at the date of the injury shall cease to have effect.

5. Compensation shall be payable under the principal Act if the injury disables the workman for more than three days from earning full wages at the work at which he was employed, but shall not be payable in respect of the first three days on which he is so disabled unless the incapacity lasts for four weeks or upwards.

Waiting  
period.

Provision with respect to certified schemes.

6.—(1) If it appears to the Registrar of Friendly Societies that any scheme duly certified by him under subsection (1) of section three of the principal Act no longer complies with the requirements of that section by reason of the foregoing provisions of this Act, he shall make such amendments of the scales of compensation provided by the scheme as may in his opinion be necessary to render them not less favourable to the workmen and their dependants than the corresponding scales contained in the principal Act as amended by this Act.

(2) Where the Registrar has amended scales of compensation provided by any such scheme as aforesaid, the scheme shall have effect as if when originally made it had provided for the substitution, as from the date of the commencement of this Act, of the amended scales for the scales originally contained therein, and the amended scales shall continue to apply until the expiry of the certificate in force at the commencement of this Act or of any renewal thereof given by the Registrar under the principal Act.

*Inclusion of certain Accidents happening when Workman acting contrary to Regulations, &c.*

Inclusion of certain accidents happening when workman acting contrary to regulations, &c.

7. For the purposes of the principal Act, an accident resulting in the death or serious and permanent disablement of a workman shall be deemed to arise out of and in the course of his employment, notwithstanding that the workman was at the time when the accident happened acting in contravention of any statutory or other regulation applicable to his employment, or of any orders given by or on behalf of his employer, or that he was acting without instructions from his employer, if such act was done by the workman for the purposes of and in connection with his employer's trade or business.

*Extension of principal Act.*

Extension of principal Act to certain share fishermen.

8. Section seven of the principal Act shall have effect as if for subsection (2) thereof the following subsection were substituted:—

“(2) This Act shall not apply to such members of the crew of a fishing vessel as are remunerated wholly or

mainly by shares in the profits or gross earnings of the working of such vessel, except in such cases and subject to such modifications as the Secretary of State may by order provide :

“ Provided that no such order shall come into force until it has been laid before each House of Parliament for a period of not less than twenty-one days during which the House has sat, and, if either House before the expiration of those twenty-one days presents an address to His Majesty against the order or any part thereof, no further proceedings shall be taken thereon, but without prejudice to the making of a new order.”

9.—(1) The definition of “workman” in section thirteen of the principal Act shall have effect as if for the words “two hundred and fifty pounds,” there were inserted the words “three hundred and fifty pounds.”

Extension of  
definition of  
workman.

(2) For the purposes of the principal Act, the expression “workman” shall include:—

- (a) a person engaged in plying for hire with any vehicle or vessel the use of which is obtained from the owner thereof under any contract of bailment (or in Scotland any contract of letting to hire), other than a hire purchase agreement, in consideration of the payment of a fixed sum or a share in the earnings or otherwise, and in relation to such a person the owner of the vehicle or vessel shall, for the purposes of the principal Act, be deemed to be the employer ;
- (b) a person whose employment is of a casual nature, and who is employed otherwise than for the purposes of his employer's trade or business, if employed for the purposes of any game or recreation, and engaged or paid through a club, and in such case the manager or members of the managing committee of the club shall, for the purposes of the principal Act, be deemed to be the employer ;
- (c) any person, not being a master seaman or apprentice to the sea service or the sea fishing service, employed on board any such ship as is mentioned in section seven of the principal Act, if so employed for the purposes of the ship or of

any passengers or cargo or mails carried by the ship, and if he otherwise complies with the provisions of the principal Act defining workman.

*Amendments as to procedure under principal Act.*

Provisions  
as to notices  
of accidents.

10.—(1) There shall be kept constantly posted up in some conspicuous place at or near every mine, quarry, factory or workshop and on every ship to which section seven of the principal Act applies, where it may be conveniently read by the persons employed, a summary, in such form as may be prescribed, of the requirements of the principal Act as amended by this Act, with regard to the giving of notice of accidents and the making of claims and the procedure to be followed in the case of industrial diseases, and, in the event of such summary becoming effaced, obliterated or destroyed, it shall be renewed with all reasonable dispatch.

In the event of any non-compliance with the provisions of this subsection the owner, agent or manager of the mine or quarry or the occupier of the factory or workshop or the master of the ship shall be guilty of an offence and liable on summary conviction to a fine not exceeding five pounds, and any such proceedings, other than proceedings against a master of a ship, may be instituted by an inspector of mines or factories.

(2) The want of, or any defect or inaccuracy in, the notice of an accident required by section two of the principal Act shall not be a bar to the maintenance of proceedings for the recovery of compensation under the principal Act if the employer is proved to have had knowledge of the accident from any source at or about the time of the accident; or, where the employer is the owner of a mine or quarry or the occupier of a factory or workshop,—

- (a) if such summary as aforesaid has not been posted up in accordance with the provisions of this section;
- (b) if the accident has been reported by or on behalf of the employer to an inspector of mines or factories;
- (c) if the accident has been entered in any register of accidents kept by or on behalf of the employer at the mine, quarry, factory or workshop;

(d) if the injury has been treated in an ambulance room at the mine, quarry, factory or workshop.

(3) Notice of an accident for the purpose of section two of the principal Act may be given either in writing or orally to the employer or to any foreman or other official under whose supervision the workman is employed or to any person designated for the purpose by the employer.

(4) For facilitating the giving of notice of accidents for the purposes of section two of the principal Act, a book in the prescribed form shall be kept at every mine, quarry, factory or workshop, in which the prescribed particulars of accidents happening to persons employed at the mine, quarry, factory or workshop may be entered by the injured workman or some other person acting on his behalf, and an entry in such book, if made as soon as practicable after the happening of the accident, shall be sufficient notice of the accident for the purposes of the said section.

The book shall be kept at such place as to be readily accessible at all reasonable times to any injured workman who was employed at the mine, quarry, factory or workshop, and any person bonâ fide acting on his behalf.

If in the case of any mine, quarry, factory or workshop the provisions of this subsection are not complied with, the mine, quarry, factory or workshop shall be deemed not to be managed or kept in conformity with the enactments relating thereto.

(5) The fact that a workman has not given notice of an accident in a case where the necessity of giving such a notice is dispensed with shall not deprive the employer of his right under paragraph (4) of the First Schedule to the principal Act to require the injured workman to submit himself to medical examination.

(6) For the purposes of this section, the expression "factory or workshop" shall include any works or premises to which any of the provisions of the Factory and Workshops Acts, 1901 to 1920, apply; and the expression "prescribed" means prescribed by the Secretary of State.

11.—(1) The power of the registrar of a county court under paragraph (15) of the First Schedule to the principal Act to refer a matter to a medical referee may

Provisions as  
to medical  
referees.

be exercised on the application of one of the parties as well as on the application of both parties, subject however to appeal to the judge, and where the application is made by only one of the parties, the registrar, or on appeal the judge, if he is of opinion that, owing to the exceptional difficulty of the case or for any other sufficient reason, the matter ought to be settled in default of agreement by arbitration, shall refuse to allow the reference.

(2) Where a matter is referred to a medical referee under paragraph (*f*) of subsection (1) of section eight of the principal Act, the medical referee when deciding the matter shall also certify as to the condition of the workman at the time when he is examined by the medical referee, and such certificate by the medical referee shall be conclusive.

(3) For paragraph (5) of the Second Schedule to the principal Act the following paragraph shall be substituted:—

(5) A judge of county courts may in any case, if he thinks fit, and shall, if any party in accordance with rules of court so requires and gives security for the payment of the prescribed fee, summon a medical referee to sit with him as assessor.

If a medical referee is so summoned on the application of any party, that party shall, notwithstanding anything in section ten of the principal Act, but subject to any directions as to costs, be liable to pay in respect of the attendance of the medical referee such fee as may be prescribed by the Secretary of State.

Additional powers of county courts with respect to registration of lump sum agreements.

**12.**—(1) Where a memorandum of an agreement for the payment of a lump sum is under the principal Act sent for registration, the registrar, and if in pursuance of the principal Act or this Act the matter is referred to the judge, the judge of the county court shall have power, in accordance with rules of court,—

- (a) to require either party to the agreement to furnish him either orally or in writing with such information as he may consider necessary, or to require the attendance of any of the parties to the agreement before him ;

- (b) when the information as to the workman's condition appears to him to be insufficient or conflicting, to require a report as to the workman's condition to be obtained from a medical referee;

In the event of either of the parties failing to comply with any requirement of the registrar under this subsection, the registrar may refuse to record the memorandum and refer the matter to the judge, who shall have power to make such order as he may in the circumstances think just.

- (2) Where it appears from any such report of a medical referee that the prospects of the workman's recovery from incapacity cannot as yet be approximately determined, the registrar, or on appeal the judge, may refuse to record the memorandum.

- (3) Any such agreement shall disclose the amount, if any, paid or payable under or in respect of the agreement by the employer to the solicitor of the workman or his dependants as costs, and, if it appears to the registrar that the amount is excessive, the registrar may direct that the bill of costs be submitted to him for taxation and thereupon the registrar shall, subject to review by the judge, tax such costs in accordance with rules of court, and if the costs are reduced on such taxation, the amount of such reduction shall either be applied and dealt with for the benefit of the workman or his dependants or paid to the employer or otherwise dealt with as the judge may direct.

- (4) The approved society or committee by which sickness or disablement benefit under the National Insurance Act, 1911, and the Acts amending that Act, payable to the workman is administered, shall be entitled to send to the registrar objections to the registration of any such agreement as aforesaid, and, in the event of the attendance of any of the parties to the agreement being required, shall be entitled to appear before the registrar, or, if the matter is referred to the judge, before the judge.

1 & 2 Geo. 5.  
c. 55.

- (5) Rules of court may be made providing that in any case where in connection with an application for the registration of any such agreement as aforesaid there is a hearing before the registrar or the judge, or a report

from the medical referee is required to be obtained, the registrar or judge shall have the power of awarding costs.

Power to make agreements as to compensation to workmen disabled by industrial disease.

**13.** Where a workman claims to be suffering from and disabled by a disease to which the provisions of section eight of the principal Act apply, the employer may agree with the workman that he is liable to pay compensation without requiring the workman to obtain the certificate of the certifying surgeon mentioned in the said section, and thereupon the workman shall be entitled to compensation as for injury by accident from the date of the agreement or from such other date as may be agreed.

Any such agreement may be recorded in the manner provided by paragraph (9) of the Second Schedule to the principal Act and shall be enforceable against the employer in like manner and subject to the same provisions as an agreement to pay compensation in case of an injury by accident.

*Miscellaneous Amendments of the Principal Act.*

Restrictions on ending or diminishing weekly payments.

**14.** An employer shall not be entitled otherwise than in pursuance of an agreement or arbitration to end or diminish a weekly payment under the principal Act except in the following cases :—

- (a) where a workman in receipt of a weekly payment in respect of total incapacity has actually returned to work ;
- (b) where the weekly earnings of a workman in receipt of a weekly payment in respect of partial incapacity have actually been increased ;
- (c) where the medical practitioner who has examined the workman under paragraph (14) of the First Schedule to the principal Act has certified that the workman has wholly or partially recovered, or that the incapacity is no longer due in whole or in part to the accident, and a copy of the certificate (which shall set out the grounds of the opinion of the medical practitioner) together with notice of the intention of the employer at the expiration of ten clear days from the date of the service of the notice to

end the weekly payment, or to diminish it by such amount as is stated in the notice, has been served by the employer upon the workman :

Provided that—

- (i) in the last-mentioned case, if before the expiration of the said ten clear days the workman sends to the employer the report of a duly qualified medical practitioner (which report shall set out the grounds of his opinion) disagreeing with the certificate so served by the employer, the weekly payment shall not be ended or diminished, except in accordance with such report, or if and so far as the employer disputes such report, except in accordance with the certificate given by a medical referee in pursuance of paragraph (15) of the said Schedule as amended by this Act; and
- (ii) where an application has been made in pursuance of the said paragraph (15) as so amended to refer the dispute to a medical referee, it shall be lawful for the employer,
  - pending the settlement of the dispute, to pay into court—
    - (a) where the notice was a notice to end the weekly payment, the whole of each weekly payment becoming payable in the meantime ;
    - (b) where the notice was a notice to diminish the weekly payment, so much of each weekly payment so payable as is in dispute ;

and the sums so paid into court shall, on the settlement of the dispute, be paid to the employer or to the workman according to the effect of the certificate of the medical referee, or, if the effect of that certificate is disputed, as in default of agreement may be determined by the registrar or, on appeal, the judge ;
- (iii) nothing in this section shall be construed as authorising an employer to end or diminish a weekly payment in any case in which, or to an extent to which, apart from this section, he would not be entitled to do so.

Power to review weekly payments on fluctuations in rate of remuneration.

**15.** A weekly payment payable in respect of an injury by an accident happening after the commencement of this Act may, at any time after six months from the date of the accident, be reviewed at the request either of the workman or of the employer, if it is claimed that, had the workman remained uninjured and continued in the same class of employment as that in which he was employed at the date of the accident, the average weekly earnings of the workman during the twelve months immediately preceding the review would, as a result of fluctuations in rates of remuneration, have been greater or less by more than twenty per cent. than the average weekly earnings of the workman during the twelve months previous to the accident (or if the weekly payment has been previously varied on a review under this section during the twelve months previous to that review or the last of such reviews), and where such a claim as aforesaid is proved the weekly payment shall be varied so as to make it such as it would have been if the rates of remuneration obtaining during the twelve months previous to the review had obtained during the twelve months previous to the accident.

Power to order partial incapacity to be treated as total incapacity in certain cases.

**16.** If a workman who has so far recovered from the injury as to be fit for employment of a certain kind proves to the satisfaction of the judge of the county court that he has taken all reasonable steps to obtain, and has failed to obtain, such employment, and that his failure to obtain such employment is a consequence, wholly or mainly, of the injury, the judge shall order that his incapacity shall, for the purposes of the principal Act, continue to be treated as total incapacity for such period, and subject to such conditions, as may be provided by the order, without prejudice however to the right of review conferred by paragraph (16) of the First Schedule to the principal Act:

Provided that every such order shall be made subject to the condition that it shall cease to be in force if the workman receives unemployment benefit.

Amendment of s. 3 of the principal Act relating to certification of schemes.

**17.** The Registrar of Friendly Societies shall not certify or renew the certificate of any scheme under section three of the principal Act unless he is satisfied that adequate provision is made to secure the discharge of liabilities arising under the scheme, both during the

currency of the scheme and after the scheme is revoked or expires, so far as there may be any liabilities outstanding at the date of revocation or expiry.

**18.** For subsection (4) of section one of the principal Act the following subsection shall be substituted :—

Amendment  
of s. 1 (4) of  
the principal  
Act.

(4) If, within the time hereinafter in this Act limited for taking proceedings, an action is brought to recover damages independently of this Act for injury caused by an accident, and it is determined in such action or on appeal that the injury is one for which the employer is not liable in such action, but that he would have been liable to pay compensation under the provisions of this Act, the action shall be dismissed; but the court in which the action is tried, or, if the determination is the determination on an appeal (by either party) by an appellate tribunal, that tribunal shall, if the plaintiff so choose, proceed to assess such compensation, but may deduct from such compensation all or part of the costs which, in its judgment, have been caused by the plaintiff bringing the action instead of proceeding under this Act. In any proceeding under this subsection, when the court or appellate tribunal assesses the compensation, it shall give a certificate of the compensation it has awarded and the directions it has given as to the deduction of costs, and such certificate shall have the force and effect of an award under this Act :

Provided that an appellate tribunal may, instead of itself assessing such compensation, remit the case to the county court for the assessment of the compensation, and in such case may order the county court to deduct from the amount of compensation assessed by it all or part of such costs as aforesaid.

**19.**—(1) Where either a receiver is appointed on behalf of the holders of any debentures of a company secured by a floating charge, or possession is taken by or on behalf of those debenture-holders of any property comprised in or subject to the charge, then—

Amendment  
of s. 5 of  
principal  
Act as to  
bankruptcy  
of employer.

(a) if the company has entered into a contract with any insurers in respect of any liability under the principal Act to any workman, the rights of the

company against the insurers in respect of that liability shall be transferred to and vest in the workman in like manner as if an order for the winding-up of the company had been made ;

- (b) if no such contract has been entered into, the amount due in respect of any compensation under the principal Act, the liability whereof accrued before the date of the appointment of the receiver or of possession being taken as aforesaid, as the case may be, shall be included amongst the debts which under section one hundred and seven of the Companies (Consolidation) Act, 1908, are to be paid in priority to all other debts.

8 Edw. 7.  
c. 69.

(2) The limitation to one hundred pounds in any individual case on the amounts due by way of compensation, which under subsection (3) of section five of the principal Act are to be included in the debts to be paid in priority to other debts in the case of a bankruptcy or winding-up, shall cease to have effect.

(3) Accordingly section five of the principal Act shall have effect subject to the amendments mentioned in the First Schedule to this Act.

Provisions  
as to the  
detention of  
ships.

**20.**—(1) Section eleven of the principal Act, which provides for the detention of ships for the purpose of enforcing claims for compensation against the owners thereof if resident abroad, shall have effect as if the following paragraph were inserted therein :—

“ Where a complaint is made to the Secretary of State that before an application can be made under this section the ship in respect of which the application is to be made will have departed from the limits within which she can be arrested, the ship shall, if the Secretary of State so directs, be detained for such time as will allow the application to be made and the result thereof to be communicated to the officer detaining the ship, and that officer shall not be liable for any costs or damages in respect of the detention, if made in accordance with the directions of the Secretary of State.”

(2) Where a ship has been demised to charterers, the provisions of the said section eleven as so amended shall

apply to claims against the charterers of the ship as they apply to claims against the owners of a ship with the substitution of charterers for owners :

Provided that no ship shall be detained on a claim against the charterers of the ship after the expiration of the term for which the ship is demised to them.

(3) Without prejudice to any other means of enforcing claims in Scotland, the said section eleven as so amended shall, with the substitution of references to the sheriff for references to a judge of any court of record in England, apply to a ship found in any port or river of Scotland, or within three miles of the coast thereof, in like manner as it applies to a ship found in any port or river of England or within three miles of the coast thereof.

**21.** Where after the commencement of this Act the person against whom a claim for compensation is made under the principal Act disputes his liability to pay compensation, but makes an agreement whereby in consideration of the payment of a lump sum the claim for such compensation purports to be precluded, the agreement shall be sent for registration in like manner and subject to the like conditions as in the case of an agreement for redemption of the weekly payment by a lump sum, and unless and until the agreement is registered in accordance with those provisions, the agreement shall not, nor shall the payment of any sum payable thereunder, exempt the employer from liability under the principal Act :

Registration of agreements compromising disputed claims.

Provided that in determining whether or not the lump sum agreed to be paid as aforesaid is adequate, the registrar, or, if the matter is referred to the judge, the judge, shall have regard to the question whether or not liability to pay compensation under the principal Act is doubtful.

**22.** For the purposes of the principal Act, a person shall not be deemed to be a partial dependant of another person unless he was dependent partially on contributions from that other person for the provision of the ordinary necessities of life suitable for persons in his class and position.

Definition of partial dependency. •

Repayment  
of poor  
relief.

**23.** Where an authority has granted out-door relief to a person pending the settlement of his claim to compensation under the principal Act or any scheme certified thereunder, and either—

- (a) such relief would not have been granted had the person then received or been in receipt of compensation under the principal Act; or
- (b) such relief is in excess of the amount which would have been granted had the person then received or been in receipt of such compensation;

the authority may give notice of the relief so provided to the person liable to pay the compensation, and if such notice is given the person so liable shall on demand, and on being furnished with a certificate by the authority of the amount of the relief so provided or of the amount of such excess, as the case may be, repay to the authority, up to the amount which he is liable to pay as compensation, less such part (if any) of that amount as he has already duly paid at the time of receiving the notice aforesaid, the amount of the relief or of the excess certified as aforesaid, and the receipt of the authority shall, up to the amount of the repayment, be a full and valid discharge to that person in respect of the compensation payable by him to the person relieved:

Provided that, if the person so liable to pay compensation gives to the authority by which such notice as aforesaid is given notice that he intends to pay, or that he has paid, compensation, he shall not be under any obligation to make any repayment in respect of any relief provided after the date of the payment of the compensation or after the time at which the notice so given is received by the authority, whichever is the later.

Minor  
amendments  
of principal  
Act.

**24.—(1)** Where a dependant dies before a claim under the principal Act is made, or, if a claim has been made, before an agreement or award has been arrived at or made, the legal personal representative of the dependant shall have no right to payment of compensation, and the amount of compensation shall be calculated and apportioned as if that dependant had died before the workman.

(2) No deduction shall be made under paragraph (1) (a) (i) of the First Schedule to the principal Act, as amended by section two of this Act, in respect of the amount of any weekly payments made under the

principal Act, so as to reduce the sum payable in respect of the children of the workman under the said section two, nor so as to reduce the amount payable under the principal Act below two hundred pounds.

(3) Paragraph (1) (a) (iii) of the First Schedule to the principal Act shall have effect as if "fifteen pounds" were substituted for "ten pounds."

(4) In paragraph (2) of the First Schedule to the principal Act, after paragraph (d) there shall be inserted :

(e) Upon request of an injured workman to the employer liable to pay compensation under this Act, such employer shall furnish in writing a list of the earnings of that workman upon which the amount of average weekly earnings may be calculated for the purpose of determining the amount of any weekly payment under this Act.

(5) Section six of the principal Act (which relates to remedies both against employer and stranger) and paragraph (19) of the First Schedule to the principal Act (which prohibits a weekly payment, or a sum by way of redemption thereof, being assigned, charged, or attached) shall apply to sums paid or payable by way of compensation under a scheme certified under the principal Act in like manner as they apply to sums paid or payable by way of compensation under the principal Act.

(6) For the proviso to paragraph (16) of the First Schedule to the principal Act the following proviso shall be substituted :

"Provided that, where the workman was at the date of the accident under twenty-one years of age, and the review takes place more than six months after the accident, and before the workman attains the age of twenty-one years, the amount of the weekly payment may be increased to such an amount as would have been awarded if the workman had at the time of the accident been earning the weekly sum which he would probably have been earning at the date of the review if he had remained uninjured."

(7) The provisions of paragraph (17) of the same Schedule, which fix the amount of the lump sum for which a weekly payment may be redeemed where the incapacity is permanent, shall not apply in the case where

the injured workman is at the date when the application for the redemption is made under twenty-one years of age, and where in the case of an injured workman under the age of twenty-one the lump sum for which the liability to the weekly payment may be redeemed is determined by arbitration under the principal Act, the right which if the redemption did not take place the workman would have under the proviso to paragraph (16) of the said Schedule shall be taken into account.

(8) Paragraph (18) of the same Schedule, which provides for the cessation of the weekly payment of a person ceasing to reside in the United Kingdom, shall have effect, as respects changes of residence after the commencement of this Act, as if for the words "United Kingdom" there were substituted the words "Great Britain, Northern Ireland, the Channel Islands or the Isle of Man."

(9) Proviso (iii) to paragraph (c) of subsection (1) of section eight of the principal Act, which provides for contributions where more employers than one are liable, shall have effect as if at the end thereof there were added the words "or if the amount of compensation is not in dispute, as may be determined by arbitration under this Act."

(10) Section fourteen of the principal Act is hereby repealed.

**25.—**(1) Where a reference is made to a medical referee under paragraph (15) or paragraph (18) of the First Schedule to the principal Act, as amended by this Act, or where on an application for the registration of a memorandum of agreement a report of a medical referee is required under this Act to be obtained, there shall, notwithstanding anything in section ten of the principal Act, but subject to any directions as to costs, be payable by the applicant for the reference or for the registration of the memorandum such fee in respect of the remuneration and expenses of the medical referee as the Secretary of State may prescribe, and provision may be made by rules of court for the payment of such fees through the registrar of the county court.

All such references shall be made and reports obtained in accordance with regulations of the Secretary of State.

(2) In paragraph (15) of the First Schedule to the principal Act the words "on payment by the applicants" of such fee not exceeding one pound as may be "prescribed" shall be repealed.

Power to make Orders in Council for giving effect to conventions with Foreign States.

- (a) for modifying the principal Act in its application to cases affected by the Convention, so, however, as not to alter the amount of compensation in any case to which the principal Act may apply ;
- (b) for determining, in cases where rights to compensation accrue both under the principal Act and under the law of the State with which the Convention is made, under the law of which country the workman shall be entitled to recover compensation ;
- (c) for conferring on county courts powers for the admission of evidence taken abroad and the procuring and taking of evidence for use abroad, or otherwise for the purpose of facilitating proceedings for the recovery of compensation under the respective laws of the two countries.

(2) If the Convention extends to Northern Ireland, the provisions of this section shall extend to the enactments regulating the payment of compensation to workmen for injuries by accident for the time being in force in Northern Ireland.

**27.**—(1) The Secretary of State may by order extend the provisions of the principal Act, as amended by this Act, subject to such modifications and exceptions as may be specified in the order, to such persons, being workmen within the meaning of the principal Act, employed as pilot, commander, navigator, or member of the crew of any aircraft to which this section applies when outside Great Britain, in such circumstances as may be specified in the order.

Power to extend principal Act to aircraft outside Great Britain.

(2) The aircraft to which this section applies are aircraft registered in Great Britain and Northern Ireland, the owner of which resides or has his principal place of business in Great Britain.

(3) An order under this section shall not come into force until it has been laid before each House of Parliament for a period of not less than twenty-one days during which that House has sat, and, if during that period either House presents an address to His Majesty against the order or any part thereof, no further proceedings shall be taken thereon, but without prejudice to the making of a new order.
