DISCUSSION TOPIC:

Outreach Toolsets including GLAM Tools

**BREAKOUT
SPACE: 2**

TIME: 10:30

PARTICIPANTS:

26

CONVENOR:

Shani
Evanstein

KEY POINTS:

- Tools are currently being developed vertically (independently) not horizontally (in collaboration)
- Education Dashboard - adapted for use over the wider movement - at the moment it has its issues. Grant Metrics tool being developed. (On Meta)
- More tools need to be developed - with more funds/support from WMF
- Idea floated to create User Groups (GLAM, Education, Wiki Loves, etc) to gain more recognition
 - Sub division within the WMF to develop these tools - not only volunteer driven
 - We need to be more clear about what we want/need
 - Bring Chapters in to help - they are the local contact for GLAMS
- Tools need to be developed for all areas (GLAM, Education, etc) - information needed to determine what shape this will take - Set Goals - list by priority
- Needs to be part of the WMF Strategic Plan
- Blur the boundaries between the different areas that use these tools - not GLAM specific or Education specific - Tools that can be used by all
- Question asked - how do we reach out to the Technical Team to start these discussions - there is a divide between Programmatic Means and Technical needs
- Community Wish List - doesn't work for us
- Where do ~~we look~~ developers look to see what we need?

CONCLUSIONS/RECOMMENDATIONS/ACTIONS (IF ANY):

- ~~to~~ Create a Back Log list for Technical Team
- Create a Technical Liason at WMF
- ~~create~~ Talk to Chapters/User Groups to reassure
- Create User Groups
