Thereafter another commission may be appointed under section one hereof. Each commissioner shall give a bond for the faithful performance of his duties, to be approved by the board of supervisors, in such amount as said board may require.

SEC. 3. For the purpose of this act a main public highway is defined to be a highway connecting different cities and towns in the same or different counties, or connecting any city or town in one county with the public highway system of another county. Main highway defined.

SEC. 4. Immediately upon their appointment said commission shall proceed with all diligence to investigate carefully the main public highways of the county and the condition thereof, and to have made a map showing said main public highways, their connections, and such other information in regard thereto as the commission may deem necessary for carrying out the purposes of this act, and to ascertain which of said main public highways should be improved by the issuance of bonds, and the kind of improvements to be made thereon, and to estimate the cost of such improvements.

SEC. 5. With the consent of the board of supervisors they may employ a competent engineer or engineers and other experts, at the cost of the county, to make any necessary surveys and prepare said map, and to assist the commission in determining the best material to be used and the best manner of making such improvements and the cost thereof. All surveys made for the purpose of determining the location of highways shall be approved by the county surveyor before the same as adopted by the commission.

Employment of engineer.

SEC. 6. After having ascertained what improvements should be made, and the estimated cost thereof proposed to be covered by a bond issue, the commission shall make and file with the board of supervisors a report setting forth the main public highway or highways proposed to be improved, by their termini, describing generally the kind of improvements to be made thereon, and stating the estimated cost of the work to be done, and the amount to be raised by bonds therefor, and praying the said board of supervisors to call an election for the issuance of bonds of the county therefor, for the estimated amount.

SEC. 7. If said report is not approved by the board of supervisors they may refer it back to said commission for further consideration. If the board approve the report they shall adopt the same, and shall without delay call an election to determine whether bonds of the county shall be issued in the amount recommended by the commission, for the purposes stated in their report. Said election shall be called and held and said bonds issued, sold and paid under and in accordance with all the provisions of law now or hereafter existing in regard to the issuance, sale and payment of county bonds, and all proceedings had in regard to such bonds shall be in accordance with such provisions of law; *provided however*, that the board may form bond election precincts by consolidating the precincts established for general election purposes to a number not exceeding six for each bond election precinct, and shall appoint only one inspector, two judges and one clerk for each bond election precinct, *and provided further*, that it shall be sufficient to set forth the purpose of the bond issue in said proceedings by describing the highways to be improved as the same are described in said report of the highway commission. Any defect or irregularity in the proceedings prior to the calling of such election shall not affect the validity of the bonds.

Sale of bonds.

SEC. 8. Said bonds shall not be sold for less than par, and the proceeds thereof shall be paid into the treasury of the county and placed in a special fund to be denominated the "highway improvement fund"; and shall be used solely for the purposes set forth in said report of the highway commission, or such other purposes as are authorized by this act; *provided* that if there shall be any surplus of funds voted for the improvement of any road or roads after the completion thereof, such surplus may be used for the improvement of other main public highways, under the control and direction of the highway commission. The highway commission may receive and accept donations from any person for any work which they are authorized to have done, and the same shall also be paid into the said fund. No moneys shall be paid out of said fund except upon the warrant of the auditor of said county issued upon the order of the highway commission, duly allowed by the board of supervisors thereof.

As soon as the funds raised by the sale of said bonds are in the treasury the commission shall proceed to prepare detailed specifications, plans and profiles for the work to be done, or for such parts of it as they deem it advisable to have done separately, if they have not already done so, and for this purpose they may hire assistants, with the consent of the board of supervisors; and they shall then present said specifications, plans and profiles, with their recommendations in regard to the

doing of the work and letting of contracts to the board of supervisors, who shall either adopt or reject the same as presented. If the board adopt the same they shall thereupon advertise for bids for doing the said work, or any part thereof which the highway commission recommend should be done separately, in accordance with said plans, profiles, and specifications, by publishing a notice for ten days in a daily newspaper or two weeks in a weekly newspaper published at the county seat. Every contract for doing any part of said work shall be let, after advertisement as above provided, to the lowest responsible bidder who will give security for the faithful performance of his contract, with sureties satisfactory to the board of supervisors, in such amount as they may fix, which shall be stated in said advertisement; *provided however*, that the board may authorize the highway commission to make contracts, without advertisement, for any part of said work the cost of which does not exceed one thousand dollars; *and provided further*, that the board may reject all bids and may thereupon readvertise for bids for doing any part or the whole of said work, or in their discretion authorize the highway commission to purchase the necessary material, purchase or hire tools and appliances, and hire laborers, and to do the work or any part thereof without letting any contract therefor. In such case all contracts for materials, tools or appliances, amounting to more than one thousand dollars in value shall be let by the commission to the lowest responsible bidder, after advertisement as above provided. Said commission may, with the consent of the board of supervisors, hire all necessary engineers, inspectors and superintendents to supervise the performance of said contract, or to have charge of the doing of said work without contract.

SEC. 10. All improvements constructed under this act shall be of a durable and lasting character, and not flimsy or temporary. The macadamized or paved portion of the roadbed constructed on any highway or portion thereof improved under this act, shall not exceed sixteen feet in width, unless donations are made to the highway commission for that purpose, in which case such donations may be used to defray the increased cost of constructing such macadamized or paved roadbed more than sixteen feet wide on any part of such highway specified by the donors; but no part of the proceeds of any bond issue shall be expended for such purpose. No railroad, electric road, or street railroad shall be constructed along or upon any highway, or any portion thereof, improved under the provisions of this act, except for crossings duly authorized by the board of supervisors or other legislative body having control thereof, nor shall any board of supervisors or other legislative body have power to grant any franchise for the construction of any railroad, electric road, or street railroad along or upon any such highway or portion thereof, except for crossings.

SEC. 11. Whenever the highway commission shall deem it necessary the board of supervisors may, on their recommendation, cause any highway they propose to improve to be widened, straightened or altered, and for that purpose they may acquire land in the name of the county by donation or purchase; and may order the condemnation of such land and direct the district attorney to bring an action in the name of the county for that purpose under the provisions of the Code of Civil Procedure in relation to eminent domain. In such action the order of the board of supervisors shall be conclusive evidence of the regularity of all prior proceedings. The cost of purchasing or condemning such land shall be paid out of the highway improvement fund.

Repairs.

SEC. 13. All necessary repairs to any highway improved under this act shall be made by the same officers who may be charged with the duty of repairing other highways of the county, and the cost of such repairs shall be paid out of the general fund of the county.

how
assessed.

3627. All taxable property must be assessed at its full cash value. Land and improvements thereon shall be separately assessed. Cultivated and uncultivated land, of the same quality, and similarly situated, shall be assessed at the same value. A mortgage, deed of trust, contract, or other obligation by which a debt is secured, shall, for the purposes of assessment and taxation, be deemed and treated as an interest in the property affected thereby, except as to railroad and other quasi-public corporations. In case of debts so secured, the value of the property affected by such mort-

gage, deed of trust, contract, or obligation, less the value of such security, shall be assessed and taxed to the owner of the property, and the value of such security shall be assessed and taxed to the owner thereof, in the county, city, or district in which the property affected thereby is situated. The taxes so levied shall be a lien upon the property and security, and may be paid by either party to such security; if paid by the owner of the security, the tax so levied upon the property affected thereby shall become a part of the debt so secured. If the owner of the property shall pay the tax so levied on such security, it shall constitute a payment thereon, and, to the extent of such payment, a full discharge thereof. If any such security or indebtedness shall be paid by any such debtor or debtors after assessment, and before the tax levy, the amount of such levy may likewise be retained by such debtor or debtors, and shall be computed according to the tax levy for the preceding year. The parties to any contract of loan or to any mortgage, deed of trust or other lien securing any obligation, shall nevertheless have the right to provide by contract that the debtor shall pay all or any taxes or assessments on the money loaned or on the mortgage, deed of trust, or other lien, or on the property thereby covered or the obligation thereby secured, and such contract shall be valid and constitute a waiver by the debtor of all right to treat the payment of such tax or assessment as a payment on the amount loaned or secured or as being to any extent a discharge thereof.

No assessment is invalid on account of a misdescription of the railway, or the right of way for the same. If such statement is not furnished as above provided, the assessment made by the state board of equalization upon the property of the corporation, person, or association failing to furnish the statement is conclusive and final.

SEC. 4. Section three thousand six hundred and sixty-five of the Political Code is hereby amended so as to read as follows:

3665. The state board of equalization must meet at the state capitol on the third Monday in July, and continue in open session from day to day, Sundays excepted, until the first Monday in August. At such meetings the board must assess the franchise, roadway, roadbed, rails, and rolling stock of all railroads operated in more than one county, but franchises derived from the United States shall not be assessed. Assessments must be made to the corporation, persons, or association of persons owning the same. If any portion of any railroad less than the whole is operated by some corporation or association of individuals other than the owner of such railroad, under lease or other contract, and such portion so operated runs in more than one county, the value of such part or portion of such railroad shall be assessed separate and apart from the balance of said railroad, and the board shall assess the roadway, roadbed, and rails of such portion of said railroad, together with the rolling stock used thereon by the corporation or association of individuals operating the same. The depots, stations, shops, and buildings erected upon the space covered by the right of way, and all other property owned by such person, corporation, or association of persons, are assessed by the assessor of the county wherein they are situate. Within twenty days after the first Monday of August, the board must apportion the total assessment of the franchise, roadway, roadbed, rails, and rolling stock of each railway to the counties, or cities and counties, in which such railway is located, in proportion to the number of miles of railway laid in such counties, and cities and counties. The board must also, within said time, transmit, by mail, to the county auditor of each county, or city and county, to which such apportionment shall have been made, a statement showing the length of the main track of such railway within the county, or city and county, with a description of the said track within the county, or city and county, including the right of way, by metes and bounds, or other description sufficient for identification (but it shall not be necessary to state the variable width of such right of way), the assessed value per mile of the same, as fixed by a pro rata distribution per mile of the assessed value of the whole franchise, roadway, roadbed, rails, and rolling stock of such railway within the state, and the amount apportioned to the county, or city and county. The auditor must enter the statement on the assessment roll or book of the county, or city

and county, and where the county is divided into assessorial townships or districts, then on the roll or book of any township or district he may select, and enter the amount of the assessment apportioned to the county, or city and county, in the column of the assessment book or roll, as aforesaid, which shows the total value of all property for taxation, either of the county, city and county, or such township or district. On the third Monday in September, the board of supervisors must make, and cause to be entered in the proper record book, an order stating and declaring the length of main track of the railway assessed by the state board of equalization within the county, the assessed value per mile of such railway, the number of miles of track, and the assessed value of such railway lying in each city, town, township, school and road district, or lesser taxation district in the county, or city and county, through which such railway runs, as fixed by the state board of equalization, which shall constitute the assessment value of said property for taxable purposes in such city, town, township, school, road, or other district; and the clerk of the board of supervisors must transmit a copy of each order or equalization to the city council, or trustees, or other legislative body of incorporated cities or towns, the trustees of each school district, and the authorized authorities of other taxation districts through which such railway runs. All such railway property shall be taxable upon said assessment at the same rates, by the same officers, and for the same purposes, as the property of individuals within such city, town, township, school, road, and lesser taxation districts, respectively. If the owner of a railway assessed by the state board of equalization is dissatisfied with the assessment made by the board, such owner may, at the meeting of the board, under the provisions of section three thousand six hundred and ninety-two of the Political Code, between the first Monday in August and the first Monday in September, apply to the board to have the same corrected in any particular, and the board may correct and increase or lower the assessment made by it so as to equalize the same with the assessment of other property in the state. If the board shall increase or lower any assessment previously made by it, it must make a statement to the county auditor of the county affected by the change in the assessment of the change made, and the auditor must note such change upon the assessment book or roll of the county, as directed by the board.

SEC. 5. Section three thousand six hundred and sixty-six of the Political Code is hereby amended so as to read as follows:

3666. The state board of equalization must prepare each year a book, to be called "record of assessments of railways," in which must be entered each assessment made by the board, either in writing or by both writing and printing. Each assessment so entered must be signed by the chairman and secretary. The record of the apportionment of the assessments made by the board to the counties, and cities and counties,

must be made in a separate book, to be called "record of apportionment of railway assessments." In such last described book must be entered the names of the railways assessed by the board, the names of the corporations to which, or the name of the person or association to whom was assessed each railway in the state, the number of miles thereof in each county, or city and county, the total assessment of the franchise, roadway, roadbed, rails, and rolling stock, for purposes of state taxation, and the amount of the apportionment of such total assessment to each county, and city and county, for county, or city and county taxation. Before the third Monday in September of each year, the secretary of the state board of equalization must prepare and transmit to the controller of state duplicates of the "record of assessment of railways," and "record of apportionment of railway assessments," each certified by the chairman and secretary of the board, and to be known, respectively, as "duplicate record of assessment of railways" and "duplicate record of apportionment of railway assessments." In the last-named duplicate all necessary appropriate columns must be added, in which the controller must enter the amount of taxes in installments due the state upon the whole assessment, by each corporation, person, or association, and the amount of taxes, in installments, due each county, or city and county, upon the assessment apportioned to each county, or city and county, by each corporation, person, or association.

Record of apportionment.

Duplicate records to be filed with controller.

The two duplicates constitute the warrant for the controller to collect the state and county, and city and county taxes levied upon such property assessed by the board, and the amount of the apportionment of the assessment to each county, and city and county, respectively.

Duplicates constitute controller's warrant to collect taxes.

SEC. 6. Section three thousand six hundred and seventy-one of the Political Code is hereby amended so as to read as follows:

3671. The assessment made by the county assessor, and that of the state board of equalization, as apportioned by the boards of supervisors to each city, town, township, school, road, or other district in their respective counties, or cities and counties, shall be the only basis of taxation for the county, or any subdivision thereof, except in incorporated cities and towns, and may also be taken as such basis in incorporated cities and towns when the proper authorities may so elect. All taxes upon townships, road, school, or other local districts, shall be collected in the same manner as county taxes.

Basis of taxation for county taxes.

SEC. 7. Section three thousand six hundred and seventy-eight of the Political Code is hereby amended so as to read as follows:

3678. To assist the assessor in the performance of his duties, the recorder must annually transmit to the assessor, within ten days after the first Monday in March of each year, a complete abstract of all mortgages, deeds of trust, contracts, and other obligations by which any debt is secured, remaining unsatisfied on the records of his office, not barred by the statute of

limitation, at twelve o'clock meridian, on the first Monday of March of said year. Such abstract shall be written under appropriate headings, to embrace all information requisite for the assessor, in a book or books to be furnished by the board of supervisors upon the requisition of the assessor. Should any such list be found to contain any instrument relating to lands situated in more than one county, it shall be the duty of the assessor to transmit to the state board of equalization all information relating thereto on or before June first of said year; and it shall be the duty of the said board to attach an apportionment of valuation of such instrument to be assessed in each county, and the board shall transmit to the assessor of each county mentioned as affected in said instrument, a statement of valuation of assessment to be levied against said instrument in each county. The valuation so set by said board shall be final, and the assessor shall accept said valuation and charge said assessment upon said instrument accordingly. Should the list contain any instrument mortgaging or pledging two or more subdivisions of land, or land assessed in two or more subdivisions, in the same county, township, district, or city, the assessor shall apportion the amount of assessment to be deducted from each subdivision on account of assessment against said instrument. Any assessment on a mortgage, or deed of trust, which has been erroneously taxed to the mortgagee, or party loaning the money, when the same has been paid or satisfied prior to the first Monday in March, shall be valid only as against the real estate from the assessment on which a reduction has been previously made. When partial payments have been made on a debt secured by mortgage, or deed of trust, the owner is authorized to make the proper deduction, listing only the balance due on the first Monday in March. The recorder must, at the time he furnishes the abstract of mortgages to the assessor, furnish said officer with a complete and true statement of all property which has been redeemed under or by virtue of any sale made to the state for delinquent taxes, together with a complete and true statement of all property sold to the state and remaining unredeemed. When necessary, the board of supervisors of each county must provide for the payment of such additional clerical force as may be required to enable the county recorder to comply with this section.

Such notices must state specifically the place of and the day and hour of sale and shall contain a description of the property to be sold and shall also contain a detailed statement of all the delinquent taxes, penalties, costs, interest, and expenses up to the date of such sale and shall give the name of the person to whom the property was assessed for each year on which there may be delinquent taxes against said property or any part thereof and said notice shall also embody a copy of the authorization received from the controller. It shall be the duty of the tax collector to mail a copy of said notice, postage thereon prepaid and registered, to the party to whom the land was last assessed next before the sale, at his last known post office address. At the time set for such sale, the tax collector must sell the property described in the controller's authorization and said notices, at public auction to the highest bidder for cash in lawful money of the United States; but no bid shall be received or accepted at such sale for less than the amount of all the taxes levied upon such property and all costs and penalties for every year delinquent as shown by the delinquent rolls for said years to the date of the execution of the deed to the state, and all expenses accrued to the date of the sale under this section, together with interest at seven per cent per annum from the first day of July following delinquency in each of said years to the date of the sale hereunder, computed upon the aggregate amount of such delinquent taxes, penalties and costs; *provided, however,* that if the board of supervisors of the county, or city and county, in which any such property is situate, shall, by resolution entered upon their minutes, declare that, in their judgment, the property so owned by the state, and particularly described in said resolution, is not at that time of value great enough that it can be sold by the state for a sum equal to the amount of all taxes levied upon said property, and all interests, costs and penalties and expenses up to the date of such sale, and that it would be to the best interest of the state to sell the said property for a sum to be stated in said resolution less than the sum above named, upon receipt of a copy of said resolution, certified by the clerk of said board of supervisors, the state controller may thereupon, by written authorization, direct the tax collector of the county, or city and county, to sell the said property so described in said resolution for a sum not less than the sum stated in said resolution, together with the expenses of sale. The expense of giving the notice herein required shall be a charge against the property so advertised, and shall be collected by the collector, and no redemption

of such property before said sale may be had without payment of such cost of advertising; and to secure the payment of such advertising cost the collector shall demand in advance from the party or parties seeking to purchase, a deposit with said officer of a sum sufficient to defray such cost of advertising, which deposit shall be forfeited in the event said party or parties fail or refuse to purchase at such sale; *provided*, that if the party or parties so depositing fail to secure such property on their bid, such deposit shall be returned, and such advertising cost shall be collected from the successful purchaser.

SEC. 16. Section three thousand eight hundred and ninety-eight of the Political Code is hereby amended so as to read as follows:

3898. The moneys received from such sale shall be distributed as follows: The tax collector shall deduct the penalties, costs and other amounts received as expenses of such sale in such cases as the property so sold shall have been sold for a sum not less than the amount of all taxes levied thereon and all interest, costs, penalties, and expenses up to the date of such sale, but where the property so sold shall have been sold for a sum less than said amount, the tax collector shall deduct only the amounts received as expenses attending such sale, and the balance shall be distributed between the state and the county, or city and county, in the proportion that the state rate bears to the county, or city and county, rate of taxation; said tax collector shall pay all amounts into the county treasury, and the treasurer shall account to the state for its portion in the settlement required by section three thousand eight hundred and sixty-five and section three thousand eight hundred and sixty-six. On receiving the amount bid, as prescribed in the preceding section, the tax collector must execute a deed to the purchaser, reciting the fact necessary to authorize such sale and conveyance, which deed shall convey all the interest of the state in and to such property, and shall be prima facie evidence of all facts recited therein. Within ten days after the first Monday in March of each year, the tax collector must render a report to the assessor, giving the names of all persons to whom deeds have been made under the provisions of this section for the preceding year, together with the dates of such deeds, the consideration therein named, and a description of the property so conveyed.

CHAPTER 369.

An act to amend sections three hundred and ninety-two, three hundred and ninety-four, three hundred and ninety-five, three hundred and ninety-six, and three hundred and ninety-seven of the Code of Civil Procedure, all relating to the place of trial of civil actions.

[Approved March 19, 1907.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section three hundred and ninety-two of the Code of Civil Procedure is hereby amended to read as follows:

Where certain actions to be tried.

392. Actions for the following causes must be tried in the county in which the subject of the action, or some part thereof, is situated, subject to the power of the court to change the place of trial, as provided in this code:

1. For the recovery of real property, or of an estate or interest therein, or for the determination in any form, of such right or interest, and for injuries to real property;
2. For partition of real property;
3. For the foreclosures of all liens and mortgages on real property.

Where the real property is situated partly in one county and partly in another, the plaintiff may select either of the counties, and the county so selected is the proper county for the trial of such action.

SEC. 2. Section three hundred and ninety-four of said code is hereby amended to read as follows:

Actions against counties, place of trial.

394. An action against a county may be commenced and tried in such county, unless such action is brought by a county, in which case it may be commenced and tried in any county not a party thereto. Whenever an action is brought by a county or city against residents of another county or city, or a corporation doing business in the latter, the action must be, on the motion of the defendant, transferred for trial to a county, other than the plaintiff, if the plaintiff is a county, and other than that in which the plaintiff is situated, if the plaintiff is a city.

SEC. 3. Section three hundred and ninety-five of said code is hereby amended to read as follows:

Other actions, where tried.

395. In all other cases, the action must be tried in the county in which the defendants, or some of them, reside at the commencement of the action. If none of the defendants reside in the state, or, if residing in the state, and the county in which they reside is unknown to the plaintiff, the same may be tried in any county which the plaintiff may designate in his complaint, and if the defendant is about to depart from the state, such action may be tried in any county where either of the parties reside, or service is had, subject however, to the

power of the court to change the place of trial, as provided in this code. If any person is improperly joined as a defendant, or has been made a defendant solely for the purpose of having the action tried in the county where he resides, his residence must not be considered in determining which is the proper county for the trial of the action.

SEC. 4. Section three hundred and ninety-six of said code is hereby amended to read as follows:

396. If the county in which the action is commenced is not the proper county for the trial thereof, the action may, notwithstanding, be tried therein, unless the defendant, at the time he answers or demurs, files an affidavit of merits, and demands, in writing, that the trial be had in the proper county.

Action may be tried in any county, when.

SEC. 5. Section three hundred and ninety-seven of said code is hereby amended to read as follows:

397. The court may, on motion, change the place of trial in the following cases:

Change of place of trial in what cases.

1. When the county designated in the complaint is not the proper county;
2. When there is reason to believe that an impartial trial can not be had therein;
3. When the convenience of witnesses and the ends of justice would be promoted by the change;
4. When from any cause there is no judge of the court qualified to act.

[Approved March 20, 1907.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section three hundred and eighty-seven of the Code of Civil Procedure is hereby amended to read as follows:

387. At any time before trial, any person, who has an interest in the matter in litigation, or in the success of either of the parties, or an interest against both, may intervene in the action or proceeding. An intervention takes place when a third person is permitted to become a party to an action or proceeding between other persons, either by joining the plaintiff in claiming what is sought by the complaint, or by Intervention, when and how.

uniting with the defendant in resisting the claims of the plaintiff, or by demanding anything adversely to both the plaintiff and the defendant, and is made by complaint, setting forth the grounds upon which the intervention rests, filed by leave of the court and served upon the parties to the action or proceeding who have not appeared, and upon the attorneys of the parties who have appeared, who may answer or demur to it within ten days from the service thereof, if served within the county wherein said action is pending, or within thirty days if served elsewhere.

SEC. 2. Section three hundred and eighty-eight of said code is hereby amended to read as follows:

Associates
may be
sued
by name of
associa-
tion.

388. When two or more persons, associated in any business, transact such business under a common name, whether it comprises the names of such persons or not, the associates may be sued by such common name, the summons in such cases being served on one or more of the associates; and the judgment in the action shall bind the joint property of all the associates, and the individual property of the party or parties served with process, in the same manner as if all had been named defendants and had been sued upon their joint liability.

Court may
order
amended
pleadings,
when.

389. The court may determine any controversy between parties before it, when it can be done without prejudice to the rights of others, or by saving their rights; but when a complete determination of the controversy can not be had without the presence of other parties, the court must then order them to be brought in, and to that end may order amended and supplemental pleadings, or a cross-complaint to be filed, and summons thereon to be issued and served. And when, in an action for the recovery of real or personal property, or to determine conflicting claims thereto, a person, not a party to the action, but having an interest in the subject thereof, makes application to the court to be made a party, it may order him to be brought in, by the proper amendment.

CHAPTER 372.

An act to amend sections four hundred and twenty-two, four hundred and twenty-seven, four hundred and thirty, four hundred and thirty-one, four hundred and thirty-nine, four hundred and forty-two, four hundred and forty-three, four hundred and forty-four, four hundred and forty-six, and four hundred and fifty-nine of the Code of Civil Procedure, all relating to pleadings in civil actions.

The people of the State of California, represented in senate and assembly, do enact as follows:

5. Injuries to character;
6. Injuries to person;
7. Injuries to property;
8. Claims arising out of the same transaction, or transactions connected with the same subject of action, and not included within one of the foregoing subdivisions of this section.

The causes of action so united must all belong to one only of these classes, and must affect all the parties to the action, and not require different places of trial, and must be separately stated; but an action for malicious arrest and prosecution, or

either of them, may be united with an action for either an injury to character or to the person.

SEC. 3. Section four hundred and thirty of said code is hereby amended to read as follows:

When defendant may demur.

430. The defendant may demur to the complaint within the time required in the summons to answer, when it appears upon the face thereof, either:

2. That the plaintiff has not legal capacity to sue.

3. That there is another action pending between the same parties for the same cause;

4. That there is a defect or misjoinder of parties plaintiff or defendant;

5. That several causes of action have been improperly united, or not separately stated;

6. That the complaint does not state facts sufficient to constitute a cause of action;

8. That the complaint is unintelligible; or,

9. That the complaint is uncertain.

SEC. 4. Section four hundred and thirty-one of said code is hereby amended to read as follows:

Demurrer must specify grounds.

431. The demurrer must distinctly specify the grounds upon which any of the objections to the complaint are taken. Unless it does so, it may be disregarded. It may be taken to the whole complaint, or to any of the causes of action stated therein, and the defendant may demur and answer at the same time.

SEC. 5. Section four hundred and thirty-nine of said code is hereby amended to read as follows:

Counter-claim, when defendant omits to set up.

439. If the defendant omits to set up a counter-claim upon a cause arising out of the transaction set forth in the complaint as the foundation of the plaintiff's claim, neither he nor his assignee can afterwards maintain an action against the plaintiff therefor.

SEC. 6. Section four hundred and forty-two of said code is hereby amended to read as follows:

Cross-complaint.

442. Whenever the defendant seeks affirmative relief against any party to the action, relating to or depending upon the contract or transaction upon which the action is brought, or affecting the property to which the action relates, he may, in addition to his answer, file at the same time, or by permission of the court subsequently, a cross-complaint. The cross-complaint must be served upon the parties affected thereby, and such parties may demur or answer thereto as to the original complaint.

SEC. 7. Section four hundred and forty-three of said code is hereby amended to read as follows:

Time to demur.

443. The plaintiff may within ten days after the service of the answer demur thereto, or to one or more of the several defenses or counter-claims set up therein.

3. That the answer is ambiguous;
4. That the answer is unintelligible; or
5. That the answer is uncertain.

SEC. 9. Section four hundred and forty-six of said code is hereby amended to read as follows:

446. Every pleading must be subscribed by the party or his attorney; and when the complaint is verified, or when the state, or any officer of the state, in his official capacity, is plaintiff, the answer must be verified, unless an admission of the truth of the complaint might subject the party to a criminal prosecution, or, unless an officer of the state, in his official capacity, is defendant. In all cases of a verification of a pleading, the affidavit of the party must state that the same is true of his own knowledge, except as to the matters which are herein stated on his information or belief, and as to those matters that he believes it to be true; and where a pleading is verified, it must be by the affidavit of a party, unless the parties are absent from the county where the attorney has his office, or from some cause unable to verify it, or the facts are within the knowledge of his attorney or other person verifying the same. When the pleading is verified by the attorney, or any other person except one of the parties, he must set forth in the affidavit the reasons why it is not made by one of the parties. When a corporation is a party, the verification may be made by any officer thereof. When the state, or any county thereof, or any officer of the state, or of any county thereof, in his official capacity is plaintiff, the complaint need not be verified. Verifica-
tion of
pleadings.

SEC. 10. Section four hundred and fifty-nine of said code is hereby amended to read as follows:

459. In pleading a private statute, or an ordinance of a county or municipal corporation, or a right derived therefrom, it is sufficient to refer to such statute or ordinance by its title and the day of its passage. In pleading the performance of conditions precedent under a statute or an ordinance of a county or municipal corporation, or of a right derived therefrom, it is not necessary to state the facts showing such performance, but it may be stated generally that the party duly performed all the conditions on his part required thereby; if such allegations be controverted the party pleading must establish on the trial the facts showing such performance. Private
statutes,
how
pleaded.

CHAPTER 373.

An act to amend sections five hundred and thirty-nine, five hundred and fifty-three, five hundred and fifty-four, and five hundred and fifty-five of the Code of Civil Procedure, and to add a new section thereto to be numbered five hundred and sixty, all relating to the attachment of property as security for the satisfaction of judgments.

[Approved March 20, 1907.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section five hundred and thirty-nine of the Code of Civil Procedure is hereby amended to read as follows:

Undertaking on attachment.

539. Before issuing the writ, the clerk must require a written undertaking on the part of the plaintiff, in the sum not less than two hundred dollars and not exceeding the amount claimed by the plaintiff, with sufficient sureties, to the effect that if the defendant recovers judgment, the plaintiff will pay all costs that may be awarded to the defendant and all damages which he may sustain by reason of the attachment, not exceeding the sum specified in the undertaking, and that if the attachment is discharged on the ground that the plaintiff was not entitled thereto under section five hundred and thirty-seven, the plaintiff will pay all damages which the defendant may have sustained by reason of the attachment, not exceeding the sum specified in the undertaking. At any time after the issuing of the attachment, but not later than five days after actual notice of the levy thereof, the defendant may except to the sufficiency of the sureties. If he fails to do so, he is deemed to have waived all objections to them. When excepted to, the plaintiff's sureties, upon notice to the defendant of not less than two nor more than five days, must justify before a judge or county clerk in the same manner as upon bail on arrest; and upon failure to justify, or if others in their place fail to justify, at the time and place appointed, the judge or clerk must issue an order vacating the writ of attachment.

Exceptions to sureties.

SEC. 2. Section five hundred and fifty-three of said code is hereby amended to read as follows:

If defendant recover judgment, duty of sheriff.

553. If the defendant recovers judgment against the plaintiff, and no appeal is perfected and undertaking executed and filed as provided in section nine hundred and thirty-seven, any undertaking received in the action, all the proceeds of sales and money collected by the sheriff, and all the property attached remaining in the sheriff's hands, must be delivered to the defendant or his agent, the order of attachment be discharged, and the property released therefrom.

SEC. 3. Section five hundred and fifty-four of said code is hereby amended to read as follows:

554. Whenever the defendant has appeared in the action, he may, upon reasonable notice to the plaintiff, apply to the court in which the action is pending, or to the judge thereof, for an order to discharge the attachment, wholly or in part; and upon the execution of the undertaking mentioned in the next section an order may be made, releasing from the operation of the attachment any or all of the property attached; and all of the property so released, and all of the proceeds of the sales thereof, must be delivered to the defendant, upon the justification of the sureties on the undertaking, if required by the plaintiff. Such justification must take place within five days after notice of the filing of such undertaking.

Proceedings to release attachments.

SEC. 4. Section five hundred and fifty-five of said code is hereby amended to read as follows:

555. Before making such order, the court or judge must require an undertaking on behalf of the defendant, by at least two sureties, residents and freeholders, or householders, in the state, to the effect that in case the plaintiff recovers judgment in the action, defendant will, on demand, redeliver the attached property so released to the proper officer, to be applied to the payment of the judgment, or, in default thereof, that the defendant and sureties will, on demand, pay to the plaintiff the full value of the property released, not exceeding the amount of such judgment. The court or judge making such order may fix the sum for which the undertaking must be executed, and if necessary in fixing such sum to know the value of the property released, the same may be appraised by one or more disinterested persons, to be appointed for that purpose. The sureties may be required to justify before the court or judge, and the property attached can not be released from the attachment without their justification, if the same is required.

Release from attachment, requirements by court.

SEC. 5. A new section is hereby added to said code, to be numbered five hundred and sixty, and to read as follows:

560. An attachment as to any real property may be released by a writing signed by the plaintiff, or his attorney, or the officer who levied the writ, and acknowledged and recorded in the like manner as a grant of real property; and upon the filing of such release, it is the duty of the recorder to note the same on the record of the copy of the writ on file in his office. Such attachment may also be released by an entry in the margin of the record thereof, in the county recorder's office, in the manner provided for the discharge of mortgages under section twenty-nine hundred and thirty-eight of the Civil Code.

Release of real property from attachment.

CHAPTER 374.

An act to amend sections five hundred and sixty-six and five hundred and sixty-seven of the Code of Civil Procedure, both relating to receivers.

[Approved March 20, 1907.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section five hundred and sixty-six of the Code of Civil Procedure is hereby amended to read as follows:

Receiver, restrictions on appointment.

566. No party, or attorney of a party, or person interested in an action, or related to any judge of the court by consanguinity or affinity within the third degree, can be appointed receiver therein without the written consent of the parties, filed with the clerk. If a receiver is appointed upon an ex parte application, the court, before making the order, must require from the applicant an undertaking, with sufficient sureties, in an amount to be fixed by the court, to the effect that the applicant will pay to the defendant all damages he may sustain by reason of the appointment of such receiver and the entry by him upon his duties, in case the applicant shall have procured such appointment wrongfully, maliciously, or without sufficient cause; and the court may, in its discretion, at any time after said appointment, require an additional undertaking.

567. Before entering upon his duties, the receiver must be sworn to perform them faithfully, and with two or more sureties, approved by the court or judge, execute an undertaking to the State of California, in such sum as the court or judge may direct, to the effect that he will faithfully discharge the duties of receiver in the action and obey the orders of the court therein.

CHAPTER 375.

An act to amend sections five hundred and seventy-two and five hundred and seventy-three of the Code of Civil Procedure, both relating to deposit in court and to repeal section two thousand one hundred and four of said code.

By the plaintiff himself, by written request to the clerk, filed with the papers in the case, at any time before the trial, upon payment of his costs; *provided*, a counter-claim has not been set up, or affirmative relief sought by the cross-complaint or answer of the defendant. If a provisional remedy has been allowed, the undertaking must thereupon be delivered by the clerk to the defendant, who may have his action thereon;

2. By either party, upon the written consent of the other;

3. By the court, when either party fails to appear on the trial, and the other party appears and asks for the dismissal;

The dismissals mentioned in subdivisions one and two hereof are made by entry in the clerk's register. The dismissals mentioned in subdivisions three, four, and five of this section must be made by orders of the court entered upon the minutes thereof, and are effective for all purposes when so entered; but the clerk of the court must note such orders in his register of actions in the case.

SEC. 2. A new section is hereby added to said code, to be numbered five hundred and eighty-one *a*, and to read as follows:

581a. No action heretofore or hereafter commenced shall be further prosecuted, and no further proceedings shall be had therein, and all actions heretofore or hereafter commenced must be dismissed by the court in which the same shall have been commenced, on its own motion, or on motion of any party interested therein, whether named in the complaint as a party or not, unless summons shall have issued within one year, and all such actions must be in like manner dismissed, unless the summons shall be served and return thereon made within three years after the commencement of said action. But all such actions may be prosecuted, if appearance has been made by the defendant or defendants, within said three years in the same manner as if summons had been issued and served; *provided*, that, except in actions to partition or to recover possession of, or to enforce a lien upon, or to determine conflicting claims to, real or personal property, no dismissal shall be had under this section as to any defendant because of the failure to serve summons on him during his absence from the state, or while he has secreted himself within the state to prevent the service of summons on him.

SEC. 3. Section five hundred eighty-two is hereby amended to read as follows:

Judgment

582. In all cases other than those mentioned in the last two sections, judgment must be rendered on the merits.

1. In an action arising upon contract for the recovery of money or damages only, if no answer has been filed with the clerk of the court within the time specified in the summons, or such further time as may have been granted, the clerk, upon application of the plaintiff, must enter the default of the defendant, and immediately thereafter enter judgment for the amount demanded in the complaint, including the costs, against the defendant, or against one or more of several defendants, in the cases provided for in section four hundred and fourteen;

2. In other actions, if no answer has been filed with the clerk of the court within the time specified in the summons, or such

further time as may have been granted, the clerk must enter the default of the defendant; and thereafter the plaintiff may apply to the court for the relief demanded in the complaint. If the taking of an account, or the proof of any fact, is necessary to enable the court to give judgment, or to carry the judgment into effect, the court may take the account or hear the proof, or may, in its discretion, order a reference for that purpose. And where the action is for the recovery of damages, in whole or in part, the court may order the damages to be assessed by a jury; or if, to determine the amount of damages, the examination of a long account is involved, by a reference as above provided;

3. In actions where the service of the summons was by publication, the plaintiff, upon the expiration of the time for answering, may, upon proof of the publication, and that no answer has been filed, apply for judgment; and the court must thereupon require proof to be made of the demand mentioned in the complaint; and if the defendant is not a resident of the state, must require the plaintiff, or his agent, to be examined, on oath, respecting any payments that have been made to the plaintiff, or to any one for his use, on account of such demand, and may render judgment for the amount which he is entitled to recover.

659. The party intending to move for a new trial must, within ten days after receiving notice of the entry of the judgment, file with the clerk and serve upon the adverse party a notice of his intention, designating the grounds upon which the motion will be made, and whether the same will be made upon affidavits, or the minutes of the court, or a bill of exceptions, or statement of the case: Notice of intention, when to be filed.

1. If the motion is to be made upon affidavits, the moving party must, within ten days after serving the notice, or such further time as the court in which the action is pending, or a judge thereof, may allow, file such affidavits with the clerk, and serve a copy upon the adverse party, who shall have ten days to file counter-affidavits, a copy of which must be served upon the moving party; When motion is to be made upon affidavits.

2. If the motion is to be made upon a bill of exceptions, and no bill has already been settled as hereinbefore provided, the moving party shall have the same time after service of the notice to prepare and obtain a settlement of a bill of exceptions as is provided after the entry of the judgment, or after receiving notice of such entry by section six hundred and fifty, and the bill shall be prepared and settled in a similar manner. If a bill of exceptions has been already settled and filed, when the notice of motion is given, such bill shall be used on the motion; When upon bill of exceptions.

If the motion is to be made upon a statement of the case, the moving party must, within ten days after service of the notice, or such further time as the court in which the action is pending, or the judge thereof may allow, prepare a draft of the statement, and serve the same, or a copy thereof, upon the adverse party. If such proposed statement be not agreed to by the adverse party, he must, within ten days thereafter, prepare amendments thereto, and serve the same, or a copy thereof, upon the moving party. If the amendments be When upon statement of the case.

If not adopted, the proposed statement and amendments shall, within ten days thereafter, be presented by the moving party to the judge, upon five days' notice to the adverse party, or delivered to the clerk of the court for the judge; and thereupon the same proceedings for the settlement of the statement shall be taken by the parties, and the clerk, and judge, as are required for the settlement of bills of exception by section 650. If the action was heard by a referee, the same proceedings shall be had for the settlement of the statement by him as are required by that section for the settlement of bills of exception by a referee. If no amendments are served within the time designated, or if served, are allowed, the proposed statement and amendments, if any, may be presented to the judge or referee, for settlement, without notice to the adverse party. When the notice designates, as the ground of the motion, errors in law occurring at the trial, and excepted to by the moving party, the statement shall specify the particular errors upon which the party will rely. If no such specification be made, the statement shall be disregarded on the hearing of the motion. It is the duty of the judge or referee, in settling the statement, to strike out of it all redundant and useless matter, and to make the statement truly represent the case, notwithstanding the assent of the parties to such redundant or useless matter, or to any inaccurate statements. If the notice does not contain the specifications here indicated, when the motion is made on the minutes of the court, the motion must be denied.

On such hearing reference may be had in all cases to the pleadings and orders of the court

on file, and when the motion is made on the minutes, reference may also be had to any depositions, and documentary evidence offered at the trial, and to the report of the proceedings on the trial taken by the phonographic reporter, or to any certified transcript of such report.

The time designated for the making of the motion must not be more than sixty days from the time of the service of the notice. An order of the court granting such motion may be reviewed on appeal in the same manner as orders made on motions for a new trial, and a statement to be used on such appeal may be prepared in the same manner as statements after a motion is heard upon the minutes of the court, as provided in section six hundred and sixty-one.

In no case is a judgment effectual for any purpose until so entered.

Whenever, in the formation of a new county, a road or school district has been divided, the board of supervisors shall, by order, direct the treasurer to transfer a proportionate amount of the moneys remaining in the fund of such district to the treasurer of the new county. This section shall be held to apply expressly to counties heretofore divided and new counties created from the territory of the same, when no provision was made in the act creating such county for the transfer of the moneys herein provided to be made. A compliance with the provisions of this section shall be a full and complete settlement of all debts which the new county had against the old county or counties.

CHAPTER 383.

An act to amend the Code of Civil Procedure by adding a new title thereto, to be known as Title XIV of Part III, relating to special proceedings; said title to relate to proceedings for the adjustment, settlement and payment of any indebtedness existing against any city or municipal corporation at the time of exclusion of territory therefrom, and the division of the property thereof.

[Approved March 20, 1907.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. A new title is hereby added to Part III of the Code of Civil Procedure, to read as follows:

TITLE XIV.

PROCEEDINGS FOR THE ADJUSTMENT, SETTLEMENT, AND PAYMENT OF ANY INDEBTEDNESS EXISTING AGAINST ANY CITY OR MUNICIPAL CORPORATION AT THE TIME OF EXCLUSION OF TERRITORY THEREFROM, AND THE DIVISION OF THE PROPERTY THEREOF.

- Section 1822*c.* Petition for adjustment of indebtedness.
 1822*d.* Who may demur to or answer petition. Rules of pleading and practice.
 1822*e.* How amount determined.
 1822*f.* Same.

Petition for adjustment of indebtedness.

1822*c.* When territory has been or shall be excluded from any municipal corporation, the superior court of the county in which such municipal corporation is situate shall, upon a verified petition of any ten taxpayers residing in such municipal corporation, or in the territory excluded therefrom, made for the purpose of adjusting the amount of the indebtedness of such municipal corporation existing at the time of the exclusion of such territory due from the excluded territory, and stating the facts of such exclusion and the amount of such indebtedness, cause notice to be given by publication thereof in a newspaper published in such city or municipal corporation, or in a newspaper published in the county in which such city or municipal corporation is situated, for ten days, stating the substance of such petition, and the time and place that the same shall be heard by said superior court, which time of hearing shall be at least fifteen days after the filing of such petition, or at any time thereafter to which such hearing may be continued by the court.

Who may demur or answer.

1822*d.* Any person, corporation, or taxpayer interested in such city or municipal corporation, or in such excluded territory, or in the adjustment and settlement of such indebtedness, may demur to or answer said petition. The rules of pleading and practice provided by this code which are not in conflict with the provisions of this title, are hereby made applicable to the special proceedings herein provided for. The persons so demurring or answering said petition shall be the defendants to said special proceedings, and the signers of the petition shall be the plaintiffs.

How amount due from excluded territory determined.

1822*e.* Upon the hearing of such special proceedings, the court shall have power to determine the amount due from such excluded territory to the municipal corporation from which it was excluded as its proportion of the indebtedness of such municipal corporation existing at the time such territory was excluded. In fixing the amount due from such excluded territory, the said court must ascertain and find the purposes for which the said indebtedness was created; the manner and place in which the proceeds of said indebtedness were expended; the value of the property belonging to the said municipal corporation at the time of such exclusion; the assessed value of the property situate in said municipal corporation at the time the city assessment was made imme-

diately preceding such exclusion, and the assessed value of the excluded territory as shown by such city assessment. If the value of the property belonging to said municipal corporation, and which remains within the boundaries thereof after such exclusion, should exceed the value of city or municipal property situated in such excluded territory, and also exceed the pro rata portion of the indebtedness of the municipal corporation due from such excluded territory as shown by said assessment, the court shall find and adjudge that there is nothing due from such excluded territory. After such finding is made, and judgment rendered by the court, such excluded territory shall not be subject to the payment of any such indebtedness, and all property belonging to such municipal corporation remaining within its boundaries shall belong exclusively to it.

1822f. If the court finds, after deducting the value of the city or municipal property from the value of that in the excluded territory, and the pro rata portion of the indebtedness to be borne by such excluded territory, a balance due from such excluded territory, it shall render judgment accordingly, and the amount of such judgment shall be collected and paid in the same manner and at the same time that the assessment is levied for, and the collection of the annual municipal taxes is made upon the property remaining in such municipal corporation for any payment on account of such indebtedness; *provided, however*, that any such territory excluded from any municipal corporation may, at any time, tender to the legislative body of such city or municipal corporation the amount for which such excluded territory is liable on account of such indebtedness, and after such tender is made the authority of such municipal corporation to levy and assess taxes on such excluded territory shall forever cease.

How judgment shall be collected.

CHAPTER 384.

The clerk of the court must thereupon publish, for at least ten days prior to the day so appointed, a notice in some newspaper published in the county, stating that such petition will be heard at the court-room of the court at the time appointed for the hearing. The court may direct further notice of the application to be given in such manner and to such persons as it may deem proper. In appointing a trustee, the court must prefer the wife of the missing person (if any such there is), or her nominee, and, in the absence of a wife, some person, if such there is who is willing to act, entitled to participate in the distribution of the missing person's estate were he dead.

If it is issued to require attendance before a commissioner or other officer upon the taking of a deposition, it must be issued by the clerk of the superior court of the county wherein the attendance is required upon the order of such court or of a judge thereof, which order may be made ex parte.

SEC. 2. Section nineteen hundred and ninety-one of said code is hereby amended to read as follows:

1991. Disobedience to a subpoena, or a refusal to be sworn, or to answer as a witness, or to subscribe an affidavit or deposition when required, may be punished as a contempt by the court issuing the subpoena. When the subpoena, in any such case, requires the attendance of the witness before an officer or commissioner out of court, it is the duty of such officer or commissioner to report any such disobedience or refusal to the court issuing the subpoena; and the witness must not be punished for any refusal to answer a question or to subscribe an affidavit or deposition, unless, after a hearing upon notice, the court orders him to so answer or subscribe and then only for disobedience to such order. SECTION 1. Section twenty hundred and six of the Code of Civil Procedure is hereby amended to read as follows:

SEC. 2. A new section is hereby added to said code, to be numbered two thousand and twenty-two, and to read as follows:

May be read in evidence by either party.

2022. A deposition taken and returned, as provided in this chapter, may, except as provided in section twenty hundred and thirty-two, be read in evidence by either party at any stage of the action or proceeding in which it was taken, or in any other action or proceeding between the same parties or their privies or successors in interest upon the same subject, and is then deemed the evidence of the party reading it; but the court may exclude the same if it appears that the taking thereof was in any material respect unfair.

SEC. 3. A new section is hereby added to said code, to be numbered two thousand and twenty-three, and to read as follows:

SEC. 4. Section twenty hundred and twenty-four of said code is hereby amended to read as follows:

Deposition of witness out of state, how taken.

2024. The deposition of a witness out of this state may be taken upon a commission issued from the court under the seal of the court, upon an order of the court, or a judge or a justice thereof, on the application of either party, upon five days' previous notice to the other. If the court is a justice's court, the commission must have attached to it a certificate of the clerk of the superior court of the county in which such justice's court is held, under the seal of such superior court, to the effect that the person issuing the same was an acting justice of the peace at the date of the commission. On the hearing of the motion, the other party must propose such cross-interrogatories as he may desire. If the parties do not agree as to the form of the interrogatories, the court must settle their form, but such agreement or settlement does not preclude either party, when the deposition is offered in evidence, from interposing any objection to any interrogatory except as to the form thereof. The settlement of interrogatories may be had at the time of the hearing of the motion, or at any other time which the court may appoint; but the moving party must, if he request it, be allowed two days within which to propose such redirect interrogatories as the cross-interrogatories proposed render proper. When agreed upon or settled, the interrogatories must be annexed to the commission; or, when the parties agree to that mode, or the court on the application of either party, after a hearing had upon two days' notice to the opposite party, so directs, the examination must be without written interrogatories.

Industrial
Home of
the Adult
Blind,
objects.

2207. The objects of the Industrial Home of the Adult Blind are: First, the instruction of such blind admitted thereto in some trade or trades, to enable them to contribute to their own support; and second, the furnishing of a working home for the adult blind, who, after learning a trade or trades, desire to remain at the home as workmen; but all who so remain must pay to the state, through the board of directors, the cost of their maintenance at the home. The rate of wages to be paid these workmen, as well as the amounts which they must pay for their maintenance, must be fixed by the board.

Who
entitled to
admission.

2207a. Every person who has been a resident of the state for three years prior to his application for admission is, if of suitable age, character, and qualifications, entitled to the benefit of instruction in such home free of charge, though he is not of such physical strength as to be able to work every day. Aged and enfeebled blind persons may be received and maintained in the home at the discretion of the directors, free of cost, or at a nominal charge, if such admission and maintenance do not conflict with the interests of the home. The board may also admit blind persons from other states, but such admission must be under such conditions as will not entail cost on this state, and must not be allowed if it will exclude qualified blind residents of the state.

Control.

2207b. The industrial home is under the control of a board of directors, consisting of five members, appointed by the governor. They receive no compensation for their services.

Powers of
board of
directors.

2207c. The board of directors has power:

1. To make by-laws for its government and the government and direction of the home, and prescribe conditions for the admission of applicants thereto, and the admission pursuant to such conditions, having regard to an equitable representation from each county of the state;

2. To designate the trades which must be regularly taught in the institution;

3. To elect a general superintendent and all subordinate officers and employés, and to determine the number thereof when not fixed by this chapter;

4. To elect a physician, not a member of the board, whose salary must not exceed twelve hundred dollars per annum;

5. To elect a secretary, whose salary must not exceed six hundred dollars per annum, who must give bond in the sum of five thousand dollars;

Powers
of board of
directors.

6. To prescribe in particular the duties of the superintendent, physician, and secretary;

7. To purchase, from time to time, such materials as may be suitable for the requirements of the manufacturing and other departments of the home, to audit the bills therefor, and forward them to the state board of examiners;

8. To fix the market price of all wares manufactured in the home, and of all wares manufactured elsewhere by non-resident beneficiaries, and to provide for and regulate the sale of all such manufactured wares;

9. To fix the compensation of common laborers and of all other employés in the home, whose wages are not herein established;

10. To grade and fix the price of skilled and unskilled labor and the amount of work required in the various departments to constitute a day's labor, and to permit the inmates to work at piece work;

11. To authorize work to be let out to blind people, so that such beneficiaries as in their judgment may require it, may receive it at their residence, and for such piece work to pay liberal prices, so as to yield, as near as possible, the compensation of resident laborers; but in no case, to incur any indebtedness for labor contracts with the beneficiaries, resident or otherwise, when there is not sufficient money on hand to pay the same;

12. To take, receive, manage, and invest all moneys or property hereafter bequeathed or donated to said home, in accordance with the wishes of the testator or donor; or if no conditions are attached to the bequests or donations, then to invest such moneys or proceeds of property for the best interests of the home. If any donation or bequest is trammelled with any religious conditions of a sectarian character, or conditioned in any manner antagonistic to the provisions of this chapter, or in conflict with any necessary rule or regulation of the home, the board may refuse to accept such donation or bequest, and is hereby authorized to reject the same. Donations or bequests may be received by the state treasurer, or by the president of the board of directors; but no donation or bequest accompanied by any condition must be received until it has been ordered approved and received by the board, and notice thereof given by the secretary to the state controller. Any bequest or donation received or collected by the president of the board must be immediately paid over by him to the state treasurer, and at the same time the president must forward to the state controller a statement thereabout, verified by his oath. All moneys received by the state treasurer must be placed to the credit of the "Fund of the Industrial Home of Adult Blind." The investment of funds by the board can be made only in the same manner as the approval of claims, subject likewise to the action of the state board of examiners thereon.

Duties of
board.

2207d. The duties of such board are:

1. To make inquiry into the department of labor and expense, the condition of the home and its prosperity, and to employ all reasonable means to make the same self-supporting;

2. To hold stated meetings at the home at least once in every month;

3. To keep at the home a record of their proceedings, which must be accessible to the public during the hours of nine A. M. to four P. M., excepting on legal holidays;

4. To report annually, in the month of December, to the governor a statement of receipts and expenditures, the condition of the home, the number of inmates, and the number of beneficiaries doing work at their own residences, and such other matters touching the management of the home as they may deem proper. The annual report must be verified by the oath of the president of the board of directors. The superintendent of state printing is authorized to print annually two thousand copies of such report, which copies the board must circulate in the manner appearing to them to be in the best interests of the home;

5. To provide dormitories for males and females in separate departments;

6. To contract for provisions, fuel, and all other supplies needed for any period of time not exceeding one year; and such contracts must be limited to bona fide dealers in the several classes of articles contracted for. Such contract must be given to the lowest responsible bidder, at a public letting thereof, if the price bid is fair and not greater than the usual market prices. Each bid must be accompanied by such security as the board requires. Notice of the time, place, and letting of each contract must be given for at least two consecutive weeks in a daily paper published in the city of San Francisco, and in one newspaper published in the city or town where the home is located. If all the bids at any letting are deemed by the board unreasonably high, it may decline to contract, and may again advertise for proposals, and so continue to renew the advertisement until satisfactory contracts are made; and in the meantime the board may contract with any person whose contract is just and equitable, but no contract thus made must extend beyond sixty days. No bid must be accepted when it is higher than any other bid, made at the same letting, for the same class or schedule of articles. When two or more bids are equal in amount, the board may divide the contract between the bidders;

7. To designate the number of employes, prescribe their duties, and fix their compensation, and to approve or disapprove the appointments made by the superintendent.

The presi-
dent, and
his duties.

2207e. The board of directors must elect one of their number president. As such he is ex-officio a member of each standing committee, and must appoint all committees unless otherwise ordered by the board. He must make careful and diligent inquiry into the management of the home, and report the result thereof at each meeting of the board, with such

recommendations as he may wish to make concerning such management.

2207f. The superintendent is the chief executive officer of the home. He must be a man of good education and of good moral character and business experience. His salary is twenty-one hundred dollars per annum. He must execute an official bond in the sum of five thousand dollars. His powers and duties are as follows:

1. To superintend the grounds, buildings, workshops, manufacturing departments, and property of the home;

2. To certify to the board of directors the number of instructors and employés needed in the manufacturing departments, and to recommend to the board the appointment of suitable persons for these positions;

3. To dismiss any domestic, servant, or person employed at the home—other than an instructor or employé in the manufacturing department—whenever in his judgment the good of the home demands it;

4. To prescribe and enforce the duties of all instructors, employés, domestics, servants, and laborers employed at the home;

5. To admit inmates only upon the certificate of the attending physician, or by order of the board, as hereinafter provided; to control the inmates, and to prescribe and enforce a system of instruction and labor;

6. To suspend any employé or instructor pending a recommendation to the board for his permanent dismissal, and to appoint substitutes during the absence of any or all employés;

7. Pending a recommendation to the board for his final dismissal, to suspend the privileges of, and to remove from the premises, any inmate whose presence appears to be in conflict with the interests of the home. Should any inmate so suspended or removed be in destitute condition, the superintendent must, upon his demand, furnish him with suitable lodgings and board elsewhere, until the decision of the board is made thereon. The bill therefor must be presented to the board for payment, in the same manner as other claims;

8. To reside at the home;

9. To keep a daily record of his official acts in the manner prescribed by the board, and to present the same to the board at each monthly meeting, verified by his oath, in accordance with the blanks furnished by the board for that purpose, and to make in the monthly reports such recommendations as he may deem proper. The monthly report must contain a statement of all stock, goods, and supplies of any nature received at the home during the month;

10. To turn over to the board, at the close of each month, together with the balance sheet, all moneys derived by him from the sale of manufactured goods, and all revenues derived by him from any source whatsoever in behalf of and for the benefit of the home, and to take the secretary's receipt therefor;

11. To make up and present to the board, in the month of July of each year, his annual accounts and statement of the

affairs of the home, verified by his oath. The annual statement must be an epitome of the monthly reports, and must contain the number and names of all inmates, officers, and employés, and their respective dates of admission or beginning of employment, and the respective dates of dismissals made during the year. It must contain a full review of all receipts and expenditures, and an invoice of all goods and stock and supplies on hand. It must contain, also, the average weekly cost of board per capita of all persons residing at the home, without considering the labor credits, and the average annual cost of instruction per capita. It must show clearly the relation of the gross products to the gross cost, and the percentage lacking in order to become self-supporting. For the making up of such statement, the superintendent shall have full access to the secretary's and other books of the home, and such statement must be independent of each and all of the other annual reports;

12. To make requisitions on the board of directors for articles and goods needed at the home, and to order the same as directed by the board. It may, by resolution spread upon its minutes, authorize the superintendent, in case of emergency, to make purchase of material and supplies for the home without such previous requisition. He must, in addition, perform such further services as may be required of him by the board.

The physi-
cian, and
his duties.

2207g. The physician must examine at his office, at a stated hour daily, and at the home, at a stated hour upon the days of his visits, all applicants for admission, as to their blindness. If the applicant appears to be a proper subject for admission to the benefits of the home, the physician must forthwith deliver to him his certificate of admission, directed to the board and to the superintendent of the home. Upon presentation of the certificate the superintendent must admit the applicant as a beneficiary. Any applicant rejected by the attending physician has the right of appeal to the board. The physician must present to the board, monthly, a statement of the sanitary condition of the home, and must therein specify the days and dates of his visits, and the age and nativity of each person to whom he has issued, during the month, a certificate of admission, together with the cause or causes of blindness, physical condition, and also as to whether any such inmates would be benefited by medical treatment, as well as any other matters which the board may deem proper to require of him. The monthly statements must be made upon blanks furnished by the board for that purpose. He must present to the board, in the month of July, his annual report, which must be an epitome of his monthly reports, and in which he must specify, with particularity, all sickness at the home during the year; and such observations and recommendations may be therein made as seem to him pertinent to the sanitary welfare of the home. The attending physician must, in no instance, permanently treat any inmate for blindness, or any optical affection, without permission in each case first being given by the board, at

Annual
report.

request of the person so afflicted. The attending physician must visit the home once every day.

2207h. The official bonds in this chapter required must be approved by the board of directors, and filed and recorded in the office of the secretary of state. The approval of the bond must be by indorsement thereon by the president, and reference thereon made by the secretary, to such action of the board.

Official
bonds.

2207i. The salaries of the superintendent, secretary, and physician, and all other expense accounts, including the wages of workmen at trades, and of employés, must be paid monthly out of the moneys appropriated by the legislature for the support of the home, or from accumulations from the industries of the home, or from donations and bequests to the home, made without restraining conditions, whenever resort to such donations or bequests is necessary. All such claims, excepting salaries of said officers, must be first approved by the board of directors, and must be so indorsed by the secretary and attested by the president, and must immediately thereafter be forwarded to the secretary of the state board of examiners. When the claims have been approved by that board, the controller must issue his warrant therefor, directed to the state treasurer, in favor of the board of directors. The state treasurer is authorized to pay such warrant only when indorsed by the secretary, and attested by the president of the board. No claim for wages of employés, or of workmen at trades, must be audited by the board of directors until after it receives from the foreman his monthly time certificate, duly verified by his oath, and stating the amount of labor performed by the employé or workman.

Payment
of salaries
and
expenses.

2207j. Every officer and employé of the home, and any other person acquiring possession, by any means whatever, of moneys belonging to the home, must, at the close of each month, deliver the same to the board of directors, accompanied by a statement thereof, verified by his oath, taking the secretary's receipt therefor. The board of directors must, at least once in every month, forward to the state treasurer all moneys in their charge belonging to the home. The secretary of the board must, at the same time, forward to the state controller a statement thereof, verified by his oath. All such moneys received by the state treasurer must be placed to the credit of the "Fund of the Industrial Home of Adult Blind."

tion of

not to exceed seven per cent per annum of the interest to be paid thereon, which interest shall be payable semi-annually, and to make such bonds in all respects as indicated by the form therefor, in this act hereafter provided.

SEC. 4. Such resolution of intention shall be filed, and be published by at least two insertions in the newspaper therein designated, which shall be a newspaper published and circulated in the county, or, if there be no such newspaper, then in any newspaper designated by said board of supervisors in such resolution. Printed copies of such resolution, headed "Notice of Road District Improvement," such heading to be in letters not less than one inch in length, shall be, by the superintendent of work, posted along the line of the work described in said resolution, at not more than one hundred feet in distance apart, but not less than three in all.

Publica-
tion of
resolution.

Copies to
be posted.

Affidavits in proof of such publication and posting shall be filed with the clerk of the board of supervisors. When, before the day of the hearing specified in the resolution of intention, twenty days have elapsed since the posting and the first publication (they need not be simultaneous) of the resolution of intention, the board of supervisors shall have acquired power to proceed with such hearing and to take all other action in the proceeding as is in this act authorized.

When
board ac-
quires
power to
proceed.

The determination of the board of supervisors to proceed with such hearing, whether evidenced by an express declaration or by its proceedings to make other determinations at such hearing shall be presumptive evidence, at the least, of the existence of all the facts upon which the power of the board to proceed depends, except such as are required to appear of the record in the proceeding, and except, also, in so far as such presumption is rebutted by the record in the proceeding.

Evidence
of facts.

SEC. 5. At any time before the day in the resolution of intention specified for ordering the work and the hearing of the matter, any owner of land within the boundaries of the district as set forth in said resolution, may, severally or with other such owners, file with the clerk of the board of supervisors written objection to the ordering of the work, as an entirety and not merely to some part thereof, as described in the resolution of intention.

Objections
to work.

If upon said hearing it appears that a majority of the owners of land within the district, as set forth in the resolution of intention, have so in writing made objection going to the entirety of the work described in the resolution of intention and to the ordering of the same, the board of supervisors shall, by a resolution, be entered in its minutes, so find; and thereupon such board shall have no power to proceed further under said resolution of intention, or to pass any resolution of intention for doing the same work, during a period of one year, next after the time of such finding; and the accrued costs of the proceedings shall be a charge upon the county. But if the fact be that a majority of the owners of land lying within the district, as set forth in said resolution of intention, have

not so in writing made objection going to the ordering of the work, as an entirety, the board of supervisors shall so find, and thereupon proceed with the hearing; but such finding need not then be in writing and may, for the purpose of proceeding with the hearing, be a mere announcement of the board, to be noted in the minutes by the clerk.

Findings of board to be of record.

At the conclusion of the hearing, however, the said finding shall, severally or with other determinations of the board, be made in writing to be filed and entered upon the minutes of the board.

Owners of land defined.

Owners of land within the meaning of this section are those and those only, who appear to be such upon the records in the recorder's office of the county in which the district is situated, on the day before the day for said hearing, and an executor or administrator shall be deemed representative of his decedent, and a trustee of an express trust in land other than as security for the payment of money, of the land held in such trust, and a trustee in bankruptcy, of the bankrupt.

Hearing of objections.

Next after in order of hearing, the board shall proceed to hear such objections as may be made to the grades specified in the specifications.

Thereafter, in the order of the hearing shall be heard such objections as shall be made to the boundaries of the district as set forth in the resolution of intention. Objection to the grades or to the boundaries of the district may be made by an owner of land lying within the district upon the hearing without any written statement of the same.

The hearing may be continued from time to time by the board of supervisors by an order to be entered in the minutes of the board.

Declaration of board to order work.

SEC. 6. Unless the power to proceed shall have ceased, as hereinbefore provided, the board of supervisors shall in conclusion of the aforementioned hearing, and as a sufficient determination of all questions arising thereat, by resolution or resolutions to be entered upon its minutes, declare its finding that a majority of the owners of land within the district, described in the resolution of intention have not before the day of the hearing filed written objection, going to the ordering of the work to be done, and determining the boundaries of the district, and the grades thereon. If no changes be made in the boundaries of the district as the same are set forth in the resolution of intention, it shall be sufficient to state that the boundaries of the district are those set forth in the resolution of intention, but if any change of such boundaries is made, the boundaries of the district, as finally determined, shall be fully set forth.

Boundaries of district.

If no change be made as to the grades, as set forth in the specifications on file, it shall be sufficient to state that the grades of the same, as finally determined, are those set forth in such specifications. In either case, the boundaries of the district so determined shall be the boundaries of the district for all purposes of the proceeding and until any bonds to be issued for the cost of the work shall have been fully paid and

discharged; and the grades so determined shall be the grades of the district for all the purposes of the proceeding and the "official grade" within the meaning of section 1 of this act; *provided, however*, that the boundaries of the district, as the same are set forth in the resolution of intention, shall not be so changed as to include within the district any territory not within its boundaries as set forth in that resolution, nor so that the place or locality of any work described in such resolution of intention shall be excluded from the boundaries of the district as so finally determined.

In like manner the board of supervisors may order the work to be done, and if it so do, shall fix a time for receiving proposals or bids for doing the work, and direct the clerk to give notice accordingly, inviting sealed proposals or bids. Such notice shall include a statement that the work is to be done "under the provisions of the Road District Improvement Act of 1907, and according to the specifications on file therefor, except in so far as the grades specified therein shall have been fixed otherwise by the board of supervisors in conclusion of the hearing in said act provided; to which said act, to the resolution of intention and all proceedings had thereunder the attention of bidders is hereby directed, and by this reference made part of this notice."

Notice for proposals for doing work.

SEC. 7. The notice inviting sealed proposals or bids shall be published by at least two insertions in the newspaper designated in the resolution of intention, and (not necessarily simultaneously) a copy or copies of the same be posted and kept posted for five days, at or near the chamber door of the board of supervisors. All proposals or bids shall be accompanied by a check, payable to the order of the presiding officer of the board of supervisors, certified by a responsible bank for an amount not less than ten per cent of the aggregate of the proposal or bid, or by a bond for said amount running to the presiding officer of the board of supervisors, signed by the bidder, with two sureties qualifying each in said amount over and above all statutory exemptions before an officer competent to administer an oath.

Publication of notice.

Said proposals or bids shall be delivered to the clerk of said board, and said board shall, in open session, examine and declare the same, but no proposal or bid shall be considered unless accompanied by said check of such bond in terms satisfactory to the board. The board may reject any and all proposals or bids should it deem this for the public good, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder, and may award the contract for said work to the lowest responsible bidder at the price named in his bid.

Consideration of bids.

A notice of such award, attested by the clerk of the board of supervisors shall be published and posted for five days in the same manner as hereinbefore provided with respect to the notice inviting proposals or bids.

Notice of award to be published.

The check or bonds accompanying such accepted proposals or bids shall be kept by the clerk of said board until the con-

tract for doing said work, as hereinafter provided, has been entered into. If said bidder fails, neglects or refuses to enter into the contract for said work, as hereinafter provided, then the certified check accompanying his bid, and the amount therein mentioned shall be declared forfeited to the county, and may be collected by it and paid into its road fund, and any bond forfeited may be prosecuted, and the amount thereof collected and paid into said fund.

Successful bidder to pay for advertising

Before being entitled to a contract the bidder to whom the award thereof has been made must advance and pay to the clerk of the board of supervisors, for payment by him the costs and expenses of publishing and posting resolutions, notices and orders required, under this act to be made, which have been made, given, posted or published in the proceeding.

When bidder fails to enter into contract, procedure.

SEC. 8. If for fifteen days after being awarded the contract, the bidder to whom the contract was awarded fails, neglects or refuses to enter into the contract, the board of supervisors may direct the clerk of the board to give notice as in the first instance, inviting sealed proposals or bids, and thereupon shall by bidding, award, and other proceedings as in the first instance; and as in the case of the default of a first awardee, so, also, in that of a second.

Terms of contract.

SEC. 9. The presiding officer of the board of supervisors is hereby authorized, in the name of the county to execute the contract with the awardee of the same, and to receive and approve all bonds by this act required on the part of such awardee, and shall, by the terms of said contract, fix the time for the beginning of the work, which shall not be more than twenty days from the date thereof, and the contract shall provide that the work be prosecuted with diligence until completed, and a time for such completion shall be in the contract fixed, but such time of completion may be extended from time to time by the board of supervisors, in its discretion, and by resolution, which shall be entered by the clerk in the minutes of said board, a copy of which shall be by said clerk endorsed upon or annexed to the contract.

Bond of contractor.

Before entering upon such contract, a bond shall be executed and filed, running to the county, in an amount not less than one half of the contract price of the work, signed by the contractor and two or more sureties, who shall aggregately, unless surety companies, qualify before an officer entitled to administer the oath in a sum equal to the amount of the bond, each surety in the amount for which he becomes surety. Such bond shall be conditioned for the faithful execution of the contract by the party contracting to do the work, and the payment by him for all labor and materials furnished for or in the doing of the work. The form and sufficiency of said bond shall be passed upon by some member of the board of supervisors, and such bond shall inure as well to the benefit of any and all persons furnishing labor or materials for the work as to the county.

Said contract shall undertake on behalf of the county that the board of supervisors will, upon the fulfillment and per-

formance of the contract on the part of the contractor, and under the provisions of the "Road District Improvement Act of 1907," take all steps, in or by said act authorized to be taken, to effect the issuing by the county treasurer of the bonds in said act authorized to be issued, and provide a fund for the payment of the same, as in or by said act prescribed; and it shall be in such contract stated that in no case shall the county be liable under the contract, nor any officer thereof be thereunder holden except for the discharge of official duty under the law.

What county must undertake.

SEC. 10. As soon as may be done in good faith, there shall be filed with the clerk of the board of supervisors a declaration that the work has been completed according to the contract, together with an itemized statement of all the incidental costs and expenses of the work and the proceeding inclusive of the estimated cost of publishing the notice of final hearing hereinafter mentioned.

When work is completed declaration to be filed.

The aggregate of such items shall be stated, and, also, the amount due as of the contract price; and also the gross sum for a bond issue representing the entire amount thereof, as claimed by the contractor. The said declaration and statements shall be signed and verified by the superintendent of work, and by the contractor or some person cognizant of the facts, signing on behalf of the contractor, and stating why he, instead of the contractor, so signs and verifies. Either signer may except from his signature and verification any amount or item to which he does not assent.

The presiding officer of the board of supervisors is hereby authorized to fix a time and give a notice for a hearing for the purpose of determining whether the work shall be accepted as being completed according to the contract, and for determining the aggregate amounts for which bonds shall be issued representing the total cost of the work, and the amount of the incidental costs and expenses of the work, and the proceedings which is to be charged to and paid by the contractor.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 23, 1907.

This bill, being Assembly Bill No. 975, entitled "An act making appropriations for the support of the government of the State of California, for the fifty-ninth and sixtieth fiscal years," is approved with the exception of the following items, to which I object, and the following are my objections thereto, and the reasons therefor, to wit:

Veto
message.

OBJECTION 1. I object to the item on page 862, "For salaries, postage, etc., corporation license department, connected with the secretary of state's office, twenty-nine thousand dollars." for the reason that a special act has been signed by me, appropriating forty thousand dollars to main-

tain the corporation license department, which special appropriation is ample to meet all the necessary expenses of said department.

OBJECTION 2. I object to the item on page 864, "For indexing and compiling maps and records of state tide lands commission, four thousand dollars," for the reason that the work contemplated is not of sufficient importance and of such amount to warrant such an expenditure, and for the further reason that the office of the surveyor-general is sufficiently supplied with funds and clerical force to complete this work without additional provision therefor.

OBJECTION 3. I object to the item on page 867, "For traveling and contingent clerical expenses, as provided by section 3702 of the Political Code, ten thousand dollars," for the reason that this appropriation clause is in conflict with said section of the code, as it has been amended by the legislature and signed by me in a previous act, providing for a continuing appropriation of twelve thousand dollars.

OBJECTION 4. I object to the item on page 874, "For support of the state bureau of criminal identification, six thousand dollars," for the reason that the statute of 1905, creating this bureau, provides that the necessary expenses of said bureau are "to be paid for pro rata out of the current expense funds of the penal institutions under the control of such prison directors." Such funds at the disposal of the prison directors are sufficient to meet the necessary expenses of said bureau for the coming biennial period, and this additional appropriation therefor is at this time unnecessary.

J. N. GILLETT, Governor.

All such stock shall be issued under such regulations as may be provided in the by-laws and fully set forth in each certificate.

Paid-up stock

Guarantee stock shall be stock, provided by the by-laws, to be set apart and sold as a fixed, permanent or guarantee capital. When any such stock has been once so set apart, sold and issued, it shall thereafter remain as a fixed, permanent and guarantee capital, and shall be subject to all the conditions and liabilities attaching to the paid-in capital stock of other classes of corporations. Such guarantee stock shall protect and guarantee all other stockholders and creditors against any loss, and when once paid it must be kept unimpaired.

Corporations specified in this title, issuing guarantee stock, may provide in their by-laws that a majority of the board of directors shall be selected from the holders of such stock.

635. The directors may in their discretion, under the regulations prescribed by the by-laws, retire any free shares of stock, other than those of the guarantee stock, by enforcing the withdrawal thereof, but whenever the withdrawal of any shares is to be enforced, the holders thereof must be paid the amount actually paid in, and the full amount of earnings at the date of retirement; *provided* that shares of installment stock shall not be forced out until after they shall have become four years old.

Prohibitions.

It shall be unlawful for any director or officer of any corporation governed by this title, directly or indirectly, for himself, or as a partner or agent for others, to borrow any of the funds of such corporation, and any officer or director violating the provisions of this section shall be guilty of a felony. Any officer or director of an association who shall make any such loan for and on behalf of any such association shall be personally liable to the corporation for the full amount thereof, and shall also be deemed guilty of a felony.

It shall be unlawful for any building and loan association to loan any of its funds upon any of its own guarantee stock as security. Rate of interest, security.

638. The board of directors may fix from time to time the rate of interest on loans. For every loan made, a note or obligation, secured by a first mortgage or deed of trust upon unincumbered real estate, shall be given, accompanied by a pledge to the association of shares of stock, as collateral security for the repayment of the loan, the matured value of which shall equal the amount of the loan, except that there need be no such pledge in loans made to others than members; or, in lieu of a mortgage or deed of trust, there may be pledged to the association, for the payment of the loan, free shares, but any such loan must not exceed ninety per cent of the withdrawal value of such shares under the by-laws, at the time of such borrowing. At the discretion of the board of directors, a borrower may repay, at any time, the loan with all interest and arrears thereon, upon the surrender of the shares pledged to secure the loan.

Repayments.

639. Whenever any non-borrowing member shall be six months in arrears in the payment of his dues upon free shares, the secretary may give him notice thereof in writing, and a statement of his arrearages, by mailing the same to him at his last post office address given by him to the association; and if he shall not pay all arrearages within two months thereafter, the board of directors may, at their option, declare his shares forfeited, and at the time of such forfeiture, the withdrawal value thereof shall be determined and stated, and the defaulting member shall be entitled to withdraw the same without interest, upon such notice as shall be required of a withdrawing shareholder. Whenever a borrower shall be three months in arrears in the payment of his dues or interest or loan installments, the whole loan shall become due at the option of the board of directors, and they may proceed to enforce collection upon the securities held by the association. The withdrawal value, at the time of exercising such option, of all shares pledged as collateral security, shall be applied to the payment of the loan, and said shares from that time shall be deemed surrendered to the association and canceled.

Purchase
of real
estate.

641. Profits and losses shall be apportioned at least annually, and shall be apportioned to all shares in each class at the time of such apportionment, according to the actual or book value thereof. If the guarantee capital herein provided for, if any there be, together with the reserve fund, or if the reserve fund, where there be no guarantee capital, shall not equal five per cent of the outstanding loans at the time of each apportionment of profits, the directors shall set aside, as a reserve fund, not less than five per cent of the net profits accruing since the last prior apportionment, and shall continue so to do until said fund shall amount to at least five per cent of the loans in force, at which figure said fund shall thereafter be maintained. Said reserve fund shall at all times be available to meet losses arising from any source not heretofore provided to be assumed by the guarantee capital.

Profits
and losses.

Every such corporation having a paid-in guarantee capital stock, may provide in their by-laws, that an amount not exceeding one per cent per annum on the average loans in force, shall be set aside from and out of the net profits, at each annual distribution thereof,—or a proportionate amount at each semi-annual distribution,—from which to declare dividends on and provide a reserve fund that shall be specially applicable thereto. At least one tenth of the amount so set aside shall be carried to such reserve fund until the same shall amount to at least fifty per cent of the paid-in guarantee stock.

642. A stockholder or investor, desiring to withdraw from any such corporation or to surrender a part or all of his stock, or investment certificate, may do so by giving thirty days' notice,

On the expiration of such notice, he is entitled to receive the full amount paid in upon the stock or investment certificate surrendered, exclusive of the entrance or withdrawal fee, together with such proportion of the earnings thereon as the by-laws may provide, or as may be fixed by the board of directors; but not more than one half of the monthly receipts in any one month must be applied to withdrawals for that month, without the consent of the board of directors, and no stockholder must be permitted to withdraw whose stock is pledged to the corporation as security for a loan, until such loan is fully paid. All withdrawals must be paid in succession in the order that the notices of intention are given. Whenever the demands of withdrawing stockholders or investors exceed the money applicable to their payment, the notices of intention to withdraw must be registered in the order of filing and payments thereon must be made in succession, in the order that such notices were filed and registered. The board of directors may permit the withdrawal of a part of the accumulations to the credit of a stockholder or member, on shares of installment stock not issued in serial form, without thereby reducing the number of shares held by him.

An act relating to life, health and accident insurance of live stock on the assessment plan and the conduct of the business of such insurance.

[Approved March 23, 1907.]

The people of the State of California, represented in senate and assembly, do enact as follows:

Contract of
mutual
insurance
of animals
defined.

SECTION 1. Every contract whereby a benefit may accrue to a party or parties therein named upon the death or physical disability of an animal insured thereunder, or for the payment of any sums of money dependent in any degree upon

the collection of assessments or dues from owners holding similar contracts, shall be deemed a contract of mutual insurance upon the assessment plan. Such contracts must show that the liabilities of the insured thereunder are not limited to fixed premiums.

SEC. 2. Corporations may be formed under the general laws of this state to carry on the business of mutual live stock insurance upon the assessment plan, and shall be subject only to the provisions of this act. No such corporation shall issue contracts of insurance until at least two hundred (200) persons owning live stock have applied, in writing, for membership or insurance therein, and have paid to the treasurer of such corporation the sum of five thousand (5000) dollars. This sum shall be invested in bonds or securities, approved by the insurance commissioner of this state, or deposited in some bank in this state where it will earn interest. Said bonds or securities, or evidences of such deposit, shall be placed through the insurance commissioner of this state, with the state treasurer, and the principal sum shall be held in trust for the contract holders of such corporation, with the right in the corporation to exchange said bonds, securities, or evidence of bank deposit for others of like value. Such corporation shall also, as a condition precedent to issuing any contracts of insurance, obtain the written certificate of the insurance commissioner that it has complied with the requirements of this act; and that the name of the corporation is not the same as that of any other corporation of this or other states, as indicated by the insurance department reports in his office; nor shall the commissioner approve any name or title so closely resembling another as to mislead the public. No corporation formed hereunder shall have legal existence after one year from the date of its articles, unless its organization has been completed, and business commenced; nor shall any corporation or individual solicit, or cause to be solicited, any business, until such corporation shall have complied with the provisions of section six hundred and thirty-three of the Political Code of this state.

SEC. 3. The contracts of insurance issued by such corporation shall specify the sum or sums to be paid upon the happening of the contingency insured against, and when such payments will be made. Unless the contract shall have been invalidated by fraud or by breach of its conditions, the corporation shall be obligated to pay the beneficiary the amount or amounts specified in its contract at the time or times therein named, and such indebtedness shall be a lien upon all the property of such corporation, with priority over all indebtedness thereafter incurred, except as hereinafter provided in case of insolvency. Failure to make such payment within thirty days after notice, at the home office, by mail, as provided by law, of final judgment, unless waiver is made by the beneficiary, shall constitute a forfeiture of the right to do business.

SEC. 4. Every domestic corporation organized or doing business under this act shall accumulate a reserve or emergency

Such fund, to the extent of the largest amount contracted to be paid by any such corporation to any one person, shall be so invested and deposited, as provided in section two hereof, with the right in the corporation to exchange any such securities for others of equal value. The deposit required by section two of this act shall constitute a part of the reserve required by this section, at the option of such corporation. When any corporation doing business hereunder shall discontinue business, this fund shall be returned to such corporation, or so disposed of as may be determined by the superior court of the county, or city and county, in which is its principal place of business.

Foreign corporations, conditions required.

SEC. 5. Corporations organized under the laws of any other state or country to transact the business of mutual assessment or live stock insurance, must, as a condition precedent to transacting business in this state, deposit with the insurance commissioner of this state a certified copy of its charter, or other instrument, required by its home authorities; a statement, under oath, of its president or secretary, of its business for the preceding year, in such form as may be required by the insurance commissioner of this state; an appointment of a general agent, service upon whom shall bind the corporation; a certificate that for the next preceding twelve months it has paid, in full, the maximum amount named in its contracts of insurance; a certificate from the proper officer of its state or government that like corporations of this state are legally entitled to do business in such state or country; copies of its contracts of insurance and applications, which must show that the liabilities of its members are not limited to fixed premiums; and evidence, satisfactory to the insurance commissioner, that the corporation has accumulated a fund equal to that required of like corporations in this state, constituting a reserve or surplus fund, held in trust for the benefit of its contract holders, and so invested and held as required by the laws of the state or government under which such corporation was organized. The insurance commissioner shall thereupon issue a license to such corporation to do business in this state. This license must be renewed annually, and may be revoked whenever it is ascertained that the statements required to be made by this section are not true. Upon such revocation, notice thereof shall be given by the insurance commissioner, by publication in some newspaper published in the city and county of San Francisco, for two weeks, daily, and no new contracts shall be made by such company in this state. When any other state or country imposes any additional license, fees, taxes, or penalties upon any corporation organized or doing business under this act, like license, fees, taxes, or penalties shall be imposed upon cor-

SEC. 6. No corporation doing business under this act (except accident or casualty corporations) shall issue a contract of insurance upon the life of any animal after it has passed its fifteenth birthday. Every such contract of insurance shall be founded upon written application therefor, and (except when the application is for health, accident, or casualty insurance only, or for one hundred dollars life insurance, or less) such application shall be accompanied by the report of a reputable veterinarian, containing a detailed statement of his examination of the animal, and showing the animal to be in good health, and recommending the issuance of a contract of insurance. Any solicitor, agent, employé, examining veterinarian, or other person making a false or fraudulent statement to any corporation doing business under this act, with reference to any application for insurance, or for the purpose of obtaining any money or benefit from such corporation, shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than one hundred dollars nor more than five hundred dollars, or by imprisonment in the county jail for not less than thirty days nor more than one year, or by both such fine and imprisonment, in the discretion of the court; and any person who shall make a false statement of any material fact or thing in a sworn statement as to the death or disability of an animal of the contract holder in any such corporation, for the purpose of procuring or aiding the beneficiary or beneficiaries, or contract holder, in procuring the payment of a benefit named in the contract, shall be guilty of perjury, and may be proceeded against and punished as provided by the statutes of this state in relation to the crime of perjury.

Benefits not liable to attachments.

SEC. 8. Every domestic and foreign corporation doing business under this act, shall, annually, on or before the first day of February, file with the insurance commissioner, in such form as he shall prescribe, a statement of its affairs for the year ending on the preceding thirty-first day of December. The insurance commissioner, in person or by duly authorized deputy, shall have the power of examination into the affairs of any domestic corporation doing business or claiming to do business under this act, at any time, in his discretion, and shall make such examination at least once a year.

Any head of family residing within the district at the date of petition shall be a competent signer of such petition whether he shall or shall not have been listed as the head of a family resident in such district at the last preceding school census; and his signature to such petition shall have the same force and effect as if the name of such petitioner had appeared as that of the head of a family in the last preceding school census of such district; *provided*, that the superintendent of schools may require such petitioner, or any other person for him, to certify under oath that the petitioner is the head of a family residing in the district. Said election shall be held separately and simultaneously at the public school house in each of the districts petitioning, and shall be called by posting notices thereof in three of the most public places in each district, one of which places shall be the public school house in each district, at least ten days before said election. Said election shall be conducted by the officers appointed for that purpose, in the manner provided by law for conducting school elections. Within ten days after receiving the returns of said election, the superintendent of schools shall combine the votes "for" and "against" the establishment of the union high school district and declare such result, by filing a certificate thereof with the county clerk of the county, which certificate shall show the total number of votes cast in each district in which said election was held, in favor of the union high school district, the total number of votes in each district against the union high school district, the aggregate result of said election and the boundaries of said proposed district. Fifth—If a majority of the votes cast in the election provided for in subdivision three of this section in said city, incorporated town, or school district, shall be in favor of establishing and maintaining a high school district therein, it shall be the duty of the superintendent of schools to call a meeting of the board of education or board of school trustees of said city, incorporated town, or school district, within fifteen days after receiving the returns of the election held therein, by giving at least ten days' notice, in writing, to every member of said board of education or board of school trustees. The board of education or board of school trustees shall, at said meeting formally organize as the high school district board, determine the location and the name of the high school, or high schools in the high school district, and may transact other business relating to the affairs of the high school district. Thereafter the high school district board shall meet at such times and places in the high school district as they may determine, and shall be the sole governing body of the said high school district.

Sixth—If a majority of the votes cast in the districts petitioning for a union high school district, shall in the aggregate be in favor of establishing and maintaining a union high school district therein, the superintendent of schools shall, within fifteen days after receiving the returns of the election held therein, direct the board of school trustees in each of said districts to call a meeting of the qualified electors of their respective districts, in the manner provided in subdivision twenty of section sixteen hundred and seventeen of the Political Code. At said meeting the qualified electors shall in each district select one representative, whose powers and duties shall be as hereinafter specified. The representatives so chosen shall constitute the union high school board, and shall hold office until the thirtieth day of June next succeeding the first annual election for school trustees after the organization of the union high school district, or until their successors are elected or appointed, and qualified. Within twenty days after said meetings are held, the county superintendent shall call a meeting of the high school representatives, for the purposes of organizing as a union high school district board, and of naming and locating the union high school. Should the above representatives fail to agree unanimously upon a location for the high school, they shall propose, in writing, to the superintendent of schools and shall transmit to his office within ten days the names of the locations which they favor. Within twenty days after receiving such notice, the superintendent of schools shall call an election as provided in subdivision fourth hereof, to determine the location of the high school. At such election only such sites as have been named by the representatives and certified to the superintendent of schools shall be voted upon. The representatives shall have power to make arrangements for the temporary location of the high school, and if satisfactory apartments or buildings in a suitable location are offered or can be procured for a consideration or at a rental which would make it advisable to accept the same, they shall have the power to secure or lease such apartments or buildings for a period not to exceed three years from the date of its acceptance. No change of location of any union or joint union high school, when once established, shall be made except upon a petition to the superintendent of schools, or superintendents of schools, signed by two thirds of the heads of families of the union or joint union high school district, and then only upon the affirmative votes of two thirds of the qualified electors of the union or joint union high school district voting at an election called by the superintendent of schools, or superintendents of schools for that purpose. Upon the request, in writing, signed by a majority of any board, the president of said board shall call a meeting thereof. Of all special meetings of any board the members thereof shall have at least two days' notice, issued and served by the clerk thereof. At special meetings no business shall be transacted other than as specified in the call therefor; *provided*, that in union or joint union high school districts the regular meetings as above provided may be quarterly; *and provided further*, that the union high school board in said union high school districts may appoint an executive committee, consisting of the president and secretary and one other member of the board, no two of whom shall be from the same school district, to attend to the routine business of the board, their action to be reported to the board for ratification at its first regular meeting ensuing.

In any city, incorporated town, school district or union high school district, which shall have organized as a high school district, the high school board of such high school district may, when in its judgment it is advisable, and must upon a petition of a majority of the heads of families residing in such high school district, call an election and submit to the electors of the high school district whether the bonds of such high school district shall be issued and sold for the purpose of raising money for purchasing high school lots for building or purchasing one or more high school buildings, for repairing, restoring or

Election, how called. Such election must be called by posting notices, signed by the high school board, in three of the most public places in the high school district, for not less than twenty days before the election; and if there is a newspaper published in the county in which said district was organized, by publishing such notices therein not less than once a week for three successive weeks. Such notice must contain: (1) the time and place of holding such election; (2) the names of the inspector and judges to conduct the same; (3) the hours during the day in which the polls will be open; (4) the amount and denomination of the bonds, the rate of interest, and the number of years, not exceeding forty, the whole or any part of said bonds are to run. Such election shall be conducted in conformity with the provisions of sections one thousand five hundred and ninety-six, one thousand five hundred and ninety-seven, one thousand five hundred and ninety-eight, one thousand five hundred and ninety-nine, one thousand six hundred, one thousand six hundred and one, and one thousand eight hundred and thirty-four of this code, except that the words to appear upon the ballots shall be "High school district bonds—Yes," or "High school district bonds—No." On the seventh day after said election at one o'clock P. M., the returns having been made to the high school board of such high school district, such high school board must meet and canvass said returns, and if it appears that two thirds of the votes cast at said election were cast in favor of issuing such bonds, then such high school board shall cause an entry of that fact to be made upon its minutes, and shall certify to the board of supervisors of the county in which such district was organized all of the proceedings had in the premises, and thereupon said board of supervisors shall be and it is hereby authorized and directed to issue the bonds of such high school district, to the number and amount provided in such proceedings, payable out of the building fund of such high school district, naming the same, and that the money shall be raised by taxes upon the taxable property in said high school district for the redemption of said bonds and the payment of the interest thereon; *provided*, that the total amount of bonds so issued shall not exceed five per cent of the taxable property of the high school district as shown by the last equalized assessment of the county or counties in which such district is located. The board of supervisors, by an order entered upon its minutes, shall prescribe the form of said bonds and of the interest coupons attached thereto, and must fix the time when the whole or any part of the principal of said bonds shall be payable, which shall be not more than forty years from the date thereof. The board of supervisors of the county in which such high school district was organized, at the time of making the levy of taxes for county purposes must levy a tax for that year upon the taxable property in such high school district for the interest and redemption of said bonds, and said tax must not be less than sufficient to pay the interest of said bonds for that year, and such a portion of the principal as is to become due during such year, and in any event must be high enough to raise, annually, for the first half of the term said bonds have to run, a sufficient sum to pay the interest thereon; and during the balance of the term high enough to pay such annual interest, and to pay annually a proportion of the principal of said bonds, equal to a sum produced by taking the whole amount of said bonds outstanding and dividing it by the number of years said bonds then have to run; and all taxes so levied, when collected, shall be paid into the county treasury of the county in which such district was organized, to the credit of the building fund of such high school district, and be used for the payment of the principal and interest on said bonds and for no other purpose. The principal and interest on said bonds shall be paid by the county treasurer upon the warrant of the auditor out of the fund provided therefor; and it shall be the duty of the auditor to cancel and file with the treasurer of the county in which such district was organized the bonds and coupons as rapidly as they are paid. That part of any high school district which has been admitted to said high school district from another county, under the provisions of this section, shall be deemed a part of the county wherein such high school district was organized, for all purposes connected with the issuance of the bonds of said high school district, including the levying and collecting of taxes for the payment of the principal and interest of said bonds. If the board of supervisors of any county which has issued bonds under the provisions of this act shall fail to make the levy necessary to pay such bonds or interest coupons at maturity, and the same shall have been presented to the county treasurer, and the payment thereof refused, the owner may file the bond, together with all unpaid coupons, with the state controller, taking his receipt therefor, and the same shall be registered in the state controller's office, and the state board of equalization shall at its next session, and at each annual equalization thereafter, add to the state tax to be levied in said high school district a sufficient rate to realize the amount of principal or interest due prior to the next levy, and the same shall be levied and collected as a part of the state tax and paid into

Whenever any bonds issued under the provisions of this title shall remain unsold for the period of six months after having been offered for sale in the manner prescribed by the board of supervisors, the high school board of the high school district, for and on account of which such bonds were issued, may petition the board of supervisors of the county in which such high school district was organized to cause such unsold bonds to be withdrawn from the market and canceled. Upon receiving such petition, signed by a majority of the members of said high school board, the said board of supervisors shall fix a time for hearing the same, which shall not be more than thirty days thereafter, and shall cause a notice, stating the time and place of hearing, and the object of the petition in general terms, to be published for ten days prior to the day of hearing, in some newspaper published in said high school district, if there is one, and if there is no newspaper published in said high school district, then in a newspaper published at the county seat of the county in which such high school district was organized. At the time and place designated in the notice for hearing said petition, or at any subsequent time to which said hearing may be postponed, the board of supervisors of the county in which such high school district was organized shall hear any reasons that may be submitted for or against the granting of the petition, and if said board shall deem it for the best interests of the high school district named in the petition, that such unsold bonds be canceled, said board shall make and enter an order in the minutes of its proceedings that said unsold bonds be canceled; and thereupon said bonds and the vote by which they were authorized to be issued shall cease to be of any validity whatever.

Twelfth—The course of study for the respective high schools shall be prepared by the high school board, and, except in cities and incorporated towns, having boards of education, shall be subject to the approval of the county board of education. Said course of study shall embrace a period of not less than four years; and it shall be such as will prepare graduates therein for admission into the state university. The high school board may prescribe an additional course or additional courses of study, subject to the approval as hereinbefore provided. The text-books to be used in all high schools shall be uniform throughout the state, and shall be adopted by the high school boards, subject to the same restrictions provided for the adoption of the course of study, from a list of books prepared and recommended by the state board of education. The state series shall be used in grades and classes for which they may be adapted. *Provided*, that all high school text-books which are

adopted after this act goes into effect be used as the regular text on the subject for which adopted for a period of not less than four years.

Thirteenth—Graduates of the grammar schools shall be admitted to the high schools without examination. Other applicants of the high school district may be admitted in accordance with such rules as may be prescribed by the high school board; *provided*, that no applicant shall be admitted to the high school who has not practically completed the work of the grammar grades of the county in which the high school is located; *provided*, that in high schools where the course of study embraces a period of four years or more, pupils who have completed the course of study prescribed for the seventh grade may, upon passing a satisfactory examination, be admitted. Proficiency is to be determined by the principal, subject to approval by the county board of education. The high school board of any district may admit pupils not residing in said high school district upon the payment of such tuition fees as they may deem proper, and all moneys collected from this source shall be paid into the fund provided for the support of the high school of said district.

Applicants for admission to high school, how admitted.

Fourteenth—In every high school district, which is now maintaining a high school, or which shall have voted to establish and maintain a high school, it shall be the duty of the high school board therein to furnish to the authorities whose duty it is to levy taxes, on or before the first day of September, an estimate of the cost of purchasing a suitable lot, of procuring plans and specifications, and erecting a suitable building, of furnishing the same, and of fencing and ornamenting the grounds, for the accommodation of the school, and of conducting the school for the school year, unless such high school board have secured or leased temporary accommodations or apartments for the use of such high school, as provided in subdivision sixth thereof. If such high school board have secured or leased such temporary quarters, accommodations, or buildings, they shall furnish to such authorities an estimate of the amount of money required to establish, operate, and maintain such school in such temporary quarters or location for the ensuing school year. On the first day of September before the time when it will become necessary by reason of the termination of their lease or agreement, or from any other reason, they shall make arrangements for another lease for a further period not to exceed three years, or they shall furnish to the authorities whose duty it is to levy taxes an estimate of the cost of purchasing a suitable lot, of procuring plans and specifications, and erecting a suitable building, of furnishing the same, and of fencing and ornamenting the grounds, for the accommodation of the school, and of conducting the school for the school year. It shall be the duty of said board, each and every year thereafter, to present to said authorities, on or before the first day of September, an estimate of the amount of money required for conducting the school for the school year; *provided, however*, that the high school board therein may, when in its judg-

ment it is deemed advisable, and must upon the petition of a majority of the heads of families residing in said high school district, call an election and submit to the electors of said high school district whether the bonds of said high school district shall be issued and sold for the purposes mentioned in subdivision eleven of this section, and in case said election is determined in favor of the issuance of said bonds, the same shall be issued as provided in subdivision eleven of this section for any or all of the purposes mentioned therein.

Levy of special tax.

Fifteenth—When such estimate shall have been made and submitted it shall be the duty of the authorities whose duty it is to levy taxes, in said city, incorporated town, school district, or union high school district, to levy a special tax upon all of the taxable property of said city, incorporated town, school district, or union high school district, sufficient in amount to maintain the high school, or to purchase the site, erect the building, or improve the building or grounds. Said tax shall be computed, entered upon the tax roll, and collected, in the same manner as other taxes are computed, entered, and collected.

Failure to make estimate.

Sixteenth—Should the high school board of any city, incorporated town, school district, or union high school district, fail to make the estimate provided for in subdivision fourteen of this section, it shall be the duty of the superintendent of schools, upon the petition of five qualified electors thereof, to make such estimate.

Failure to make tax levy.

Eighteenth—All moneys collected from the levy of the tax provided for by this section shall be paid, in high school districts governed by a city board of education acting as a high school board, into the city treasury, to the credit of the high school fund; and said moneys shall be paid out by the treasurers of said cities upon the warrants of the high school board, signed by the president and clerk thereof.

Same.

Nineteenth—All moneys collected from said levy in high school districts other than those named in subdivision eighteenth, shall be paid into the county treasury to the credit of the proper high school districts, respectively, and shall be paid out on the order of the high school board, signed by a majority of the members of the high school board, as other school moneys are paid out.

County high schools.

Twentieth—Nothing in this section shall be construed as preventing all of the school districts in any county from uniting to form one or more county high schools; *provided*, that when any city, incorporated town, school district, or union high school district shall vote to maintain a high school, such territory shall be exempt from taxation to support a county high school; and *provided further*, that when any city, incorporated town, school district, or union high school district

shall establish a high school prior to the submission of the proposition to establish a county high school, the electors of such city, incorporated town, school district, or union high school district shall be excluded from voting upon said proposition; *provided further*, that in counties where one or more city high schools, district high schools, or union district high schools are maintained, the board of supervisors shall, upon the petition of two thirds of the heads of families in the city high school district, district high school district, and in each school district composing the union high school district or districts, if there be more than one in the county, submit to all the qualified electors of the county the question of establishing and maintaining a county high school, and shall take such further steps as provided in section sixteen hundred and seventy-one of this act, relating to high schools. If the majority of all the votes cast on the proposition to establish a county high school are in the affirmative the board of supervisors shall, upon the establishment of the same, declare the high school or high schools existing in the county at the time of the election for a county high school, to be lapsed, and the property of such lapsed high school or schools shall be held or sold by the board of supervisors for the benefit of the county high school.

Election.

Twenty-first—A school district cannot lie partly within a high school district and partly without; and in all cases where the boundaries of a school district comprised within any such high school district shall for any cause be changed to include territory not previously in such district, the territory acquired or added to such included district shall become and constitute a part of the high school district. Where a new school district is formed from territory situated in two or more high school districts, the electors shall decide by a majority vote as to which high school district the new school district shall belong, such election being held within thirty days after the formation of the school district.

Boundaries of school district.

Twenty-second—Any school district adjacent to a high school district, union, or joint union high school district, in the same or in an adjoining county, may be admitted to said high school district by action of the board of supervisors of the county in which the school district is located, upon such terms as may be agreed upon between the trustees of the school district seeking admission and the high school board, whenever a majority of the heads of families, as shown by the last preceding school census, shall present to said board of supervisors a petition for such annexation, accompanied by a petition signed by a majority of the members composing the high school board of the high school district to which admission is desired. Any district contained in a union or joint union high school district may, in like manner, withdraw from such union or joint union district by action of the board of supervisors of the county in which the district is located, upon such terms as may be agreed upon between the trustees of the school district seeking to withdraw and the high school board,

whenever a majority of the heads of families constituting the union or joint union high school district, and two thirds of the heads of families residing in the district seeking to withdraw, according to the number of heads of families shown by the last preceding school census, shall present to such board of supervisors a petition consenting to such withdrawal, accompanied by a like petition signed by a majority of the members composing the high school board. All the provisions relative to the levy and collection of the tax necessary to maintain a union high school district shall apply to the levy and collection of the tax required for a joint union school district, as in this section provided. Whenever it appears that the terms agreed upon by the trustees of the district seeking to be annexed and the high school board include the assumption by the district to be annexed of its pro rata portion of any bonded indebtedness existing against the high school district for the construction of a high school building, the board of supervisors shall call an election in the district so proposing to assume such indebtedness for the purpose of determining whether such indebtedness shall be authorized and assumed. Such election shall be held as provided in subdivision eleventh of this section. If it shall appear from the returns of such election that more than two thirds of the votes cast at such election were cast in favor of the assumption by the district seeking to be annexed of its pro rata portion of such bonds, then and not until then shall such district be annexed to such high school district. If such bonded indebtedness is assumed by the annexed district then all levies of taxes made for the payment of the same and interest thereon, shall be upon the property of such annexed district at the same rate as levied upon the property of the original high school district.

Twenty-third—When the average daily attendance of pupils in any high school district during the whole of any school year after the first school year shall be ten, or less than ten, the superintendent of schools shall suspend the high school in said high school district, and shall report the fact to the board of supervisors. Upon receiving such report from the superintendent, the board of supervisors shall declare the high school district lapsed, and shall cause the property thereof to be sold. All moneys received from the sale of the property of the high school district, and all moneys in the treasury to the credit of said high school district, shall be distributed by the county superintendent to the districts composing the high school district, in proportion to the assessed valuation of property in said districts.

Dissolution of district, manner of.

Twenty-fourth—Any high school district that has existed three years or more, and is now organized and existing, or which may hereafter be established, may disincorporate and be dissolved and disestablished in the following manner: A petition signed by two thirds of the heads of families, as shown by the last preceding school census, of the school district or districts composing the high school district so petitioning, shall be presented to the superintendent of schools, which petition shall set forth

briefly the reasons for disincorporation, and shall pray that the question may be submitted to the voters in said district. Upon receiving such petition the superintendent of schools shall call an election in each school district of the high school district so petitioning, and shall submit to the voters therein the question of disincorporation of such high school district. In joint union high school districts the petition shall be presented to the superintendent of schools of each county having territory within the petitioning district, and each superintendent so petitioned shall, within fifteen days after receiving such petition, order an election in the district or districts situate within his own county and forming a part of the joint union high school district petitioning. At the time of calling such election, which must be held in all the school districts of the high school district upon the same day, the superintendent or superintendents must appoint three electors in each school district contained within the high school district petitioning, to conduct the election. Notice of election shall be given by posting written or printed notice thereof in at least three of the most public places in the high school district in which the election is called, for at least twelve days next before the day set for such election, and the said notice shall be given in each school district of the high school district. Said election shall be conducted in the manner provided by law for conducting school elections. The ballots shall have printed on them the words "For disincorporation," and the voter shall write or print thereafter the word "yes" or the word "no." The election officers shall report the result of such election within five days thereafter to the superintendent of schools of the counties of which they are residents. If a majority of all the votes cast at such election be opposed to disincorporation no further petition shall be entertained or election ordered for a similar purpose within three years next following such election. If two thirds of all votes cast at such election be in favor of disincorporation, the superintendent shall, at the end of the existing school year, suspend said high school district, and report the result of the election and the fact of such suspension to the board of supervisors; *provided*, that when a joint union high school district is disincorporated under the provisions hereof, each of the superintendents of schools in the counties having territory therein shall immediately certify to the other the result of the election in his own county, and all of them shall join in the order of suspension; and each superintendent of schools shall thereafter, and before the end of the existing school year, report the result of such election and such suspension to the board of supervisors of his county. Upon receiving such report, said boards, and each of them shall, at the first meeting thereafter, make an order declaring said high school district duly disincorporated and organized, to take effect at the end of the existing district school year. When a high school has disincorporated under the provisions of this section, the property thereof shall be sold and the proceeds of such sale,

When a joint union high school district is disincorporated under this section, the board of supervisors of the county within which the high school building and other property belonging to the disincorporated district is situated, shall sell the same and place the proceeds thereof to the credit of the school districts composing such disincorporated district. Such division of the said proceeds shall be in proportion to the value of property in the districts among which division is made, as determined by the last previous assessment for school purposes, and the portions of said proceeds belonging under such division to the districts in other counties than the one in which the sale is made shall be transferred, by the board making the division, to the county or counties within which such school districts are situated; but the joint union high school funds in such counties collected by taxation, for the maintenance of said joint union high school, shall be distributed by the supervisors of such counties to the districts from which they were collected.

proceeds.

Twenty-fifth—When, in consequence of distance, or of convenience in traveling, it is more convenient for pupils residing in any high school district to attend the high school in another high school district, the high school board of the later district may admit such pupils to the high school in their district upon such terms as the two boards may arrange.

Twenty-sixth—1. When a majority of the heads of families residing in two or more adjacent districts, not in the same county, shall unite in a petition to the county superintendents of their respective counties for the establishing and maintaining of a joint union high school district, it shall be the duty of each superintendent, within twenty days after receiving said petition, to call an election in the district or districts in his county petitioning, for the purpose of determining the question, and appoint three qualified electors in each district petitioning, to conduct the election therein. Said election shall be called and conducted in all respects as specified in subdivision fourth of this section, and the result thereof shall be reported by the election officers in each district to the superintendents of schools in the counties in which the districts are situated, within five days subsequent to the holding of said election.

At said meeting the qualified electors in each district shall select representatives, as provided in said subdivision. The representatives so chosen shall meet at a time and place to be agreed upon among themselves, for the purpose of determining the name and the location of the high school, which shall be determined by the joint action of the representatives chosen, and in the

3. The joint union high school board shall be composed as provided in subdivision eighth of this section; and their powers and duties shall be such as are specified in this section for union high school boards; *provided*, that the estimate provided for in subdivision fourteenth of this section shall be furnished to the authorities in each of the counties in which the districts uniting are situated; *and provided further*, that the portion of the amount to be raised in each district shall be in proportion to the taxable property therein, as shown by the last preceding assessment roll thereof.

to maintain the ward and his family or to maintain and educate the ward when a minor and the debts, legacies, charges of administration, liens or mortgages to be paid, reduced, extended, or renewed, as the case may be; or, if the application be made by the guardian of any minor or incompetent person for the purpose of improving the realty or some part thereof, the condition and value of all the real and personal property then belonging to the estate, a statement of all debts and obligations secured or unsecured outstanding against the estate, and the character and estimated cost of the buildings, structures or other improvements proposed to be erected, altered or repaired with the proceeds of the mortgage.

3. The advantage that may accrue to the estate from raising the required money by note or notes and mortgage or providing for the payment, reduction, extension, or renewal of the subsisting liens or mortgages, as the case may be; or, if the application be made by the guardian of a minor or incompetent person for the purpose of improving the realty belonging to the estate or some part thereof, the advantage that will accrue to the estate by the making of such improvements.

Fourth. At the time and at the place appointed in the order to show cause, or at such other time and place to which the hearing may be postponed (the power to make all needful postponements being hereby vested in the court or judge), having first received satisfactory proof of personal service or publication of the order to show cause, the court or judge must proceed to hear the petition and any objections that may be filed or presented thereto. Upon such hearing, witnesses may be compelled to attend and testify, in the same manner, and with like effect, as in other cases; and if, after a full hearing,

the court or judge is satisfied that it will be for the advantage of the estate to mortgage the whole or any portion of the real estate, an order must be made authorizing, empowering, and directing the executor or administrator, or the guardian of such minor or incompetent person, to make such mortgage, and a promissory note or notes to the lender, for the amount of the loan, to be secured by said mortgage; the order may direct that a lesser amount than that named in the petition be borrowed, and may prescribe the maximum rate of interest and period of the loan, and may direct in what coin or currency it shall be paid, and require that the interest and the whole or any part of the principal be paid, from time to time, out of the whole estate or any part thereof, and that any buildings on the premises to be mortgaged shall be insured for further security of the lender, and the premiums paid from such income.

A certified copy of the order shall be recorded in the office of the county recorder of every county in which the incumbered land, or any portion thereof, lies. The note or notes and mortgage shall be signed by the executor, administrator, or guardian as such, and shall create no personal liability against the person so signing.

Sixth. Every note or notes and mortgage so made shall be effectual to mortgage and hypothecate all the right, title, interest, and estate which the decedent, minor, or incompetent person had in the premises described therein at the time of the death of such decedent, or at the time of the appointment of the guardian of such minor or of such incompetent person, or prior thereto, had any right, title, or interest in said premises acquired by the estate of such decedent, minor, or incompetent person, by operation of law or otherwise, since the time of the death of such decedent, or the appointment of the guardian of such minor or incompetent person. Jurisdiction of the court to administer the estate of such decedent, minor, or incompetent person shall be effectual to vest such court and judge with jurisdiction to make the order for the note or notes and mortgage, and such jurisdiction shall conclusively inure to the benefit of the mortgagee named in the mortgage, his heirs and assigns. No irregularity in the proceedings shall impair or invalidate the same or the note or notes and mortgage given in the pursuance thereof, and the mortgagee, his heirs and assigns, shall have and possess the same rights and remedies on the note or notes and mortgage as if it had been made by the decedent prior to his death, the minor after reaching the age of maturity, or the incompetent person when legally competent; *provided, however*, that upon any foreclosure, if the

proceeds of the incumbered property are insufficient to pay the note or notes, and mortgage, no judgment or claim for any deficiency or such proceeds to satisfy the note or notes and mortgage, or the costs or expenses of sale, shall be had or allowed, except in cases where the note or notes and mortgage were given to pay, reduce, extend, or renew a lien or mortgage subsisting on the realty, or some part thereof, at the time of the death of the decedent, and the indebtedness secured by such lien or mortgage was an allowed and approved claim against his estate, or a lien upon the interest of the minor in said real estate at the time it vested in him, or upon the estate of the incompetent at the time the incompetency of the incompetent person was so declared by the court; *and provided also*, that in cases affecting the estate of the deceased persons, the part of the indebtedness remaining unsatisfied must be classed and paid with other demands against the estate, as provided in article three, chapter ten, of title eleven, part three, of this code, with respect to mortgages subsisting at the time of death.

Deficiency judgment on foreclosure, not to be had.

SEC. 2. This act shall take effect from and after its passage.

[Approved March 23, 1907.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section sixteen hundred and fifty-eight of the Code of Civil Procedure is hereby amended to read as follows:

1658. At any time after the lapse of four months from the issuing of letters testamentary or of administration, any heir, devisee, or legatee may present his petition to the court for the legacy or share of the estate to which he is entitled, or any portion thereof, to be given to him upon his giving bonds, with security, for the payment of his proportion of the debts of the estate.

Payment of legacy upon giving bonds.

SEC. 2. Section sixteen hundred and sixty of said code is hereby amended to read as follows:

1660. The executor or administrator, or any person interested in the estate, may appear at the time named and resist the application.

Executor may resist application.

SEC. 3. Section sixteen hundred and sixty-one of said code is hereby amended to read as follows:

Decree,
and
require-
ments of.

1661. If, at the hearing, it appears that the estate is but little indebted, and that the share of the party applying may be allowed to him without loss to the creditors of the estate, the court must make an order in conformity with the prayer of the applicant, requiring:

1. Each heir, legatee, or devisee, obtaining such order, before receiving his share, or any portion thereof, to execute and deliver to the executor or administrator a bond, in such sum as may be designated by the court, or a judge thereof, with sureties to be approved by the judge, payable to the executor or administrator, and conditioned for the payment, whenever required, of his proportion of the debts due from the estate, not exceeding the value or amount of the legacy or portion of the estate to which he is entitled. Where the time for filing or presenting claims has expired, and all claims that have been allowed have been paid, or are secured by mortgage upon real estate sufficient to pay them, and the court is satisfied that no injury can result to the estate, the court may dispense with the bond;

2. The executor or administrator to deliver to the heir, legatee, or devisee, the whole portion of the estate to which he may be entitled, or only a part thereof, designating it.

If, in the execution of the order, a partition is necessary between two or more of the parties interested, it must be made in the manner hereinafter prescribed. The costs of these proceedings must be paid by the applicant, or if there are more than one, must be apportioned equally among them.

Sec. 1663
repealed.

SEC. 4. Section sixteen hundred and sixty-three of said code is hereby repealed.

SEC. 5. Section sixteen hundred and sixty-five of said code is hereby amended to read as follows:

Distribu-
tion of
estate, how
and
to whom.

1665. Upon the final settlement of the accounts of the executor or administrator, or at any subsequent time, upon the application of the executor or administrator, or of any heir, legatee, or devisee, the court must proceed to distribute the residue of the estate in the hands of the executor or administrator, if any, among the persons who by law are entitled thereto; and if the decedent has left a surviving child, or the issue of a deceased child, and any of them, before the close of the administration, have died while under age and not having been married, no administration on such deceased child's estate is necessary, but all the estate which such deceased child was entitled to by inheritance must, without administration, be distributed as provided in the Civil Code. A statement of any receipts and disbursements of the executor or administrator, since the rendition of his final account, must be reported and filed at the time of making such distribution; and a settlement thereof, together with an estimate of the expenses of closing the estate, must be made by the court, and included in the order or decree, or the court or judge may order notice of the settlement of such supplementary account, and refer the same as in other cases of the settlement of accounts.

SEC. 6. Section sixteen hundred and sixty-eight of said code is hereby amended to read as follows:

1668. The order or decree may be made on the petition of the executor or administrator, or of any person interested in the estate. When such petition is filed the clerk of the court must set the petition for hearing by the court, and give notice thereof by causing notices to be posted in at least three public places in the county, setting forth the name of the estate, the executor or administrator, and the time appointed for the hearing of the petition. If, upon the hearing of the petition, the court, or a judge thereof, deems the notice insufficient from any cause, he may order such further notice to be given as may seem to him proper. At the time fixed for the hearing, or to which the hearing may be postponed, any person interested in the estate may appear and contest the petition by filing written objections thereto. If the partition is applied for, as provided in this chapter, the decree of distribution does not divest the court of jurisdiction to order partition, unless the estate is finally closed.

Decree to be made only after notice.

paid for.

Section 227.—The expense of all work or improvement done upon any part of said streets, lanes, alleys, places or courts under the order of the trustees, shall be borne and paid for as follows:

First—The city shall pay out of the general fund the expense: (a) Of all work done on streets, crossings and intersections of streets that have been or may be accepted by the city, after the acceptance of the same, and all repairs and improvements deemed of urgent necessity that may be made upon the public streets and highways. (b) Of all work done in front of, or that may be assessed to property owned by the city, or by any department thereof. (c) Of all work done in front of, or that may be assessed to property owned by the United States.

Second—The expense of all sewers, cesspools, manholes, culverts and drains, and of all grading, planking, macadamizing, paving, piling and capping any street, or portion thereof and of all curbs thereon, and of all work done on sidewalks, shall be assessed upon the lands within the block or blocks adjacent thereto as herein provided, except where by an assessment district it may be provided otherwise.

Third—The expense of all work on such portion of any street required by law to be kept in order by any person, company or corporation, having railroad tracks thereon, shall be borne and paid for by such person, company or corporation, and shall be included in the assessment hereinbefore provided for.

Limit of
assess-
ment.

No assessment shall be levied upon any property, which, together with all assessments for street improvements that may have been levied upon the same property during the year next preceding, will amount to a sum greater than fifty per centum of the value at which said property was assessed upon the last preceding assessment book of the city.

Lots front-
ing on
work to be
assessed
per front
foot.

Section 228. Subdivision One—Except where the expense incurred for the street work and improvement authorized herein is to be assessed upon a district as hereinafter provided,

such expense, other than that to be paid by a person, company or corporation having tracks on the street where such work and improvement has been done, shall be assessed upon the lots and lands fronting thereon, except as hereinafter specifically provided; each lot or portion of a lot being separately assessed in proportion to the frontage at a rate per front foot sufficient to cover the total expense of the work.

Subdivision Two—The expense of all improvement except such as is done by contractors under the provisions of section sixteen of this article, until the streets, avenues, street crossings, lanes, alleys, places or courts are finally accepted, as provided in section twenty-three of this article, shall be assessed upon the lots and lands as provided in this section according to the nature and character of the work.

Expense before streets are accepted.

Subdivision Three—The expense of the work done on main street crossings shall be assessed at a uniform rate per front foot on the quarter-blocks and irregular blocks adjoining and cornering upon the crossings, and separately upon the whole of each lot or portion of a lot having any frontage in the said blocks fronting on said main streets, half way to the next main street crossing, and all the way on said blocks to a boundary line of the city where no such crossing intervenes, but only according to its frontage in said quarter-blocks and irregular blocks.

Expense of main street crossings.

Subdivision Four—Where a main street terminates in another main street, the expense of the work done on one half of the width of the street, opposite the termination shall be assessed upon the lots in each of the two quarter-blocks adjoining and cornering on the same, according to the frontage of such lots on said main street, and the expense of the other half of the width of said street upon the lot or lots fronting on the latter half of the street at such termination.

Where a main street terminates in another main street.

Subdivision Five—Where any alley or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all lots or portions of lots half way on said alley or subdivision street to the next crossing or intersection, or to the end of such alley or subdivision street if it does not meet another.

Where an alley crosses a main street.

Subdivision Six—The expense of work done on alley or subdivision street crossings shall be assessed upon the lots fronting upon such alley or subdivision streets on each side thereof, in all directions, half way to the next street, place, or court, on either side respectively, or to the end of such alley or subdivision street, if it does not meet another.

Alley work.

Subdivision Seven—Where a subdivision street, avenue, lane, alley, place, or court, terminates in another street, avenue, lane, alley, place or court, the expense of the work done on one half the width of the subdivision street, avenue, alley, place, or court opposite the termination shall be assessed upon the lot or lots fronting on such subdivision street or avenue, lane, alley, place or court so terminating, according to its frontage thereon, half way on each side, respectively, to the

next street, avenue, lane, alley, court or place, or the end of such street, avenue, lane, alley, place or court, if it does not meet another, and the other one half of the width upon the lots fronting such termination.

Comple-
tion of un-
improved
portion of
street.

Subdivision Eight—Where any work mentioned in this Article, manholes, cesspools, culverts, crosswalks, piling, and capping excepted, is done on either or both sides of the center line of any street for one block or less, and further work opposite to the work of the same class already done is ordered to be done to complete the unimproved portion of said street the assessment to cover the total expense of said work so ordered shall be made upon the lots or portions of the lots only fronting the portions of the work so ordered. When sewerage or re-sewerage is ordered to be done under this sidewalk or only on one side of a street for any length thereof, the assessment for its expense shall be made only upon the lots and lands fronting nearest upon that side, and for intervening intersections only upon the two quarter-blocks adjoining and cornering upon that side.

Owners
may grade
street and
receive
credit
therefor.

Subdivision Nine—Any owner or owners of lots or lands fronting upon any street, the width and grade of which have been established by the trustees, may perform at his or their own expense (after obtaining permission from the Board of Public Works so to do, but before said board has passed its resolution of intention to recommend grading inclusive of this) any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon may procure at his or their own expense, a certificate from the City Engineer setting forth the number of cubic yards of cutting and filling made by him or them in said grading, and the proportions performed by each owner, and that the same is done to the established width and grade of said street, or to the center line thereof, and thereafter may file said certificate in the office of the board. Said certificate shall be recorded in a properly indexed book kept for that purpose in the office of the board. Whenever thereafter the Trustees order the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contract must express the price of the cubic yard for cutting and filling in grading, and such owner or owners, and his or their successors in interest, shall be entitled to credit on the assessment upon his or their lots and lands fronting on said street for grading thereof, to the amount of the cubic yards of cutting and filling set forth in his or their said certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been legally changed, only for so much of said certified work as would be required for grading to the grade as changed. Such owner or owners shall not be entitled to any credit that may be in excess of the assessment for grading upon the lots and land owned by him or them, and proportionately assessed for the whole of said grading. The board shall include in the assessment

for the whole of said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and all certificates so recorded in his office, or for the whole of said grading to the changed grade so much of said certified work as would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and lands owned respectively by said certified owners and their successors in interest; but he shall not include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street and belonging to any such certified owners, or their successors in interest. When any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work, except grading, on such street, in front of any block, at his or their own expense, and the Trustees shall subsequently order any work to be done of the same class in front of the same block, the work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done, as provided in subdivision ten of this section; but the work so done at the expense of such owner or owners shall be upon the official grade, and in condition satisfactory to the Board of Public Works at the time said order is passed.

Subdivision Ten—The Board of Public Works may include in the resolution of intention any of the different kinds of work mentioned in this Article, and it may except therefrom any of said work already done upon the street to the official grade. The lots and portions of lots fronting upon said accepted work already done shall not be included in the frontage assessment for the class of work from which the exception is made; but this shall not be construed so as to affect the special provisions as to grading contained in subdivision nine of this section.

What resolution of intention may include.

Subdivision Eleven—When the resolution of intention declares that the expense of the work and improvement is to be assessed upon a district, immediately after the contractor has fulfilled his contract to the satisfaction of the Board of Public Works or to the satisfaction of the Trustees on appeal, the Board of Public Works shall proceed to estimate upon the lands, lots, or portions of lots within said assessment district, as shown by the diagram provided for in section five of this article, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the expense of such proposed work, and in so doing shall assess said total sum upon the several pieces, parcels, lots or portions of lots, and subdivisions of land in said district benefited thereby, to wit: Upon each respectively in proportion to the estimated benefits to be received by each of said several lots, portions of

lots, or subdivisions of land. In other respects the assessment shall be as provided in this Article.

Board may establish a method of assessment in certain cases.

Section 229.—If at any time there shall be any street work or improvement done, and none of the methods hereinbefore provided are legally sufficient to authorize the Board of Public Works to make an assessment to pay for the expense thereof then said board shall, before it passes a resolution of its intention to recommend the ordering of said work or improvement, establish by resolution a method by means of which such assessment shall be made; and on the completion of the work or improvement to the satisfaction of said board, or to the satisfaction of the Trustees on appeal, said board shall make an assessment to pay the expense thereof according to the method established by said resolution.

Assessments, how authenticated.

Section 230.—In making all assessments the Board of Public Works shall act as a board, and the assessment shall be authenticated by the signatures of all the members thereof.

Warrant of assessment, form of.

Section 231.—To said assessment shall be attached a warrant which shall be signed by the President of the Board of Public Works and countersigned by the Secretary thereof. Said Warrant shall be substantially in the following form:

By virtue hereof the Board of Public Works of the city of Vallejo, by the authority vested in it, does authorize and empower (name of contractor) his (or their) agents, or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be his (or their) warrant for the same.

(Date) _____ (Name of President of Board of Public Works.)

Countersigned by (Name of Secretary of Board of Public Works).

Shall be recorded.

Said warrant, assessment and diagram, shall be recorded in the office of the board. When so recorded the several amounts assessed shall be a lien upon the lands, lots or portions of lots assessed, respectively for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessment and diagram, all persons interested in said assessment shall be deemed to have notice of the contents of the record thereof.

Warrant to be delivered to contractor.

After said warrant, assessment and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand, but not until after the payment to the board of the incidental expenses not previously paid by the contractor or his assigns. By virtue of said warrant said contractor, or his agents or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessments.

Defective assessments, how cured.

When it shall appear by the final judgment of any court in this state having jurisdiction to render such judgment, that any suit brought to foreclose the lien of any assessment

for street work made under this article, or in the recording thereof, has been defeated by reason of any defect, error, informality, omission, irregularity, or illegality, thereof or therein, or in the return on the warrant issued pursuant to any such assessment, or in the recording of any such warrant any person interested therein may, at any time within seven months after the entry of said final judgment, apply to the board for another assessment to be issued in conformity to law; and the board shall, within sixty days after the time of said application, make and deliver to said applicant a new assessment, diagram and warrant in accordance with law, and sign, record and authenticate the same as above provided. Such assessment shall be a lien upon the lots of land set out therein for the period of two years from the date of its recording, and suit may be brought to enforce said lien as provided in this article. Should such final judgment be that of the Superior Court of the County of Solano and an appeal therefrom to the Supreme Court of the State has been taken, no such other assessment shall be made until said appeal has been determined.

Section 232.—The contractor, or his assigns, or some person on his or their behalf, shall call upon the persons assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor, his assigns, or some person on his or their behalf, shall receipt the same upon the assessment in the presence of the person making such payment, and shall also give a receipt if demanded. When the person so assessed, or their agents, cannot conveniently be found, or when the owner of the lot is stated as "unknown" upon the assessment, then said contractor or his assigns, or some person on his or their behalf, shall publicly demand payment on the premises assessed.

Demand of contractor for payment.

The warrant shall be returned to the Board of Public Works within thirty days after its date with a return indorsed thereon, signed by the contractor or his assigns, or some person on his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid in whole or in part, and the amount thereof. Thereupon the Secretary of the Board shall record the return so made in the margin of the record of the warrant and assessment.

Return of warrant.

The board can at any time receive the amount due upon any assessment and warrant issued by it and give a good and sufficient discharge therefor; but no such payment so made after suit has been commenced shall operate, without the consent of the plaintiff in the action, as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff.

The board may release any assessment upon the books of its office on the payment to it of the amount of the assessment with interest, against any lot or on the production to it of the

receipt of the party or his assigns to whom the assessment and warrant were issued. If any contractor shall fail to return his warrant within the time and in the form provided in this section he shall thenceforth have no lien upon the property assessed; but if any warrant is lost, upon proof of such loss, a duplicate may be issued, upon which a return may be made with the same effect as if the original had been so returned. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of seven per centum per annum until paid.

Objections
to work
or assess-
ment.

Section 233.—The owners, whether named in the assessment or not, the contractor or his assigns, and all other persons directly interested in any work provided for in this article, or in the assessment, feeling aggrieved by any act or determination of the Board of Public Works in relation thereto, or who claim that the work has not been performed, according to the contract, in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the board, shall, within thirty days after the date of the warrant appeal to the Trustees, by briefly stating their objections in writing, and filing the same with the clerk of the Trustees. Notice of the time and place of hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations or proceedings objected to or complained of, shall be published for five days. Upon such appeal the Trustees may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts or determinations of the board relative to said work, may confirm, amend, set aside, alter, modify, or correct the assessment in such manner as to them shall seem just; and require the work to be completed according to the directions of the Trustees, and may at their option direct the Board of Public Works to correct the warrant, assessment or diagram, in any particular or to make and issue a new warrant, assessment and diagram to conform to the decisions of the Trustees in relation thereto.

Notice of
hearing.

Decisions
of trustees
at hearing
shall
be final.

All the decisions and determinations of the Trustees upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities and irregularities, which the Trustees might have remedied and avoided; and no assessment shall be held invalid, except upon appeal to the Trustees, as provided in this section, for any error, informality or other defect in the proceedings prior to the assessment, or in the assessment itself, where the Board of Public Works has acquired jurisdiction to make the same.

Contractor
may sue
owner of
lot.

Section 234.—At any time after the period of thirty-five days from the day of the date of the warrant, or if an appeal has been taken to the Trustees, then, at any time after five days from the decision of the Trustees on such appeal, or after the return on the warrant, after the same may have been cor-

rected, altered, or modified, as herein provided, but not less than within thirty-five days from the date of the warrant, the contractor or his assignée may sue in his own name the owner or the mortgagee of the land, lots, or portions of lots assessed on the day of the date of the recording of the warrant, assessment and diagram, or any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining unpaid, with interest thereon at the rate of seven per centum per annum until paid.

In all cases of recovery under the provisions of this article the plaintiff shall recover the sum of fifteen dollars in addition to the taxable costs, as attorney's fees, but not any percentage upon said recovery. When suit has been brought, after a personal demand has been made and a refusal to pay such assessment so demanded, the plaintiff shall also be entitled to have and recover said sum of fifteen dollars as attorney's fees in addition to all taxable costs, notwithstanding that the suit may be settled or a tender be made before a recovery in said action, and he may have judgment therefor.

Recovery may include attorney's fees.

Said warrant, assessment and diagram, with the affidavit of demand and non-payment, shall be held prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the Board of Public Works and of the Trustees upon which said warrant, assessment and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the lots of land assessed, and to order such premises, to be sold on execution as is in other cases of the sale of real estate by the process of said courts. In all actions brought to enforce the lien of assessments made pursuant to the provisions of this article the proceedings therein shall be governed and regulated by the provisions of this article, and, when not in conflict herewith, by the codes of this state.

Warrant prima facie regular.

Section 235.—When any portion of the roadway of any street, avenue, lane, alley, court, or place, or any portion of any sidewalk in the city, none of which has been accepted by the Trustees as in this article provided, shall be so out of repair as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof, the Board of Public Works shall require the owners or occupants of lots or portions of lots fronting on said portion of said street, avenue, alley, lane, court, or place, by a notice in writing, to be delivered to them or their agents personally, to repair forthwith said portion of said street, avenue, lane, alley, court or place, to the center line thereof, in front of the property of which he is the owner or tenant, or occupant. The board shall particularly specify in said notice what work is required to be done and what material shall be used in said repairs. If said repairs be not begun within five days after notice given as aforesaid and diligently and without interruption prosecuted to completion, the board may make such

repairs, or enter into contract with any suitable person, at the expense of the owner, tenant, or occupant, after the specifications for the doing of said work shall have been conspicuously posted by it in its office for three days, inviting bids for the doing of said work. Said bids shall be delivered to it at its office on or before the second day after the completion of said posting, and opened by it on the next day following, whereupon the contract shall be awarded to the lowest responsible bidder.

All of said bids shall be preserved in the office of the board, and shall be open at all times after the letting of the contract, to the inspection of all persons; and such owner, tenant, or occupant, shall be liable to pay said contract price. Such work shall be commenced within twenty-four hours after the contract shall have been signed, and completed without delay to the satisfaction of the board. Upon the completion of such repairs by the contractor as aforesaid to the satisfaction of the board, it shall make and deliver to the contractor a certificate to the effect that such repairs have been properly made by said contractor to the grade, and that the charges for the same are reasonable and just, and that the Board of Public Works has accepted the same.

Section 236.—If the expense of the work and material for the repairs provided for in the last preceding section be not paid on demand to the contractor so employed, or his agent or assignee, said contractor, or his assignee, shall have the right to sue such owner, tenant or occupant for the amount contracted to be paid; and the certificate provided for in said section shall be prima facie evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action. Said certificate shall be recorded by the Board of Public Works in a book kept by it in the office for that purpose, properly indexed, and the sum contracted to be paid shall be a lien as in case of other assessments provided for in this article.

Section 237.—In addition to the remedies above given the Trustees may prescribe the penalties that shall be incurred by any owner or person neglecting or refusing to make repairs when required, as hereinbefore provided. Such penalties shall be enforced for the use of the city by prosecution in the name of the people of the State of California in the court having jurisdiction thereof and may be applied in the case of fines, to the payment of expense of any such repairs not otherwise provided for.

Section 238.—The person owning the fee, or the mortgage of such fee, or the person who, on the day the action is commenced, appears by deed duly recorded in the County Recorder's office of the County of Solano, to have the legal title to the land, or the person in possession of lands, lots, portions of lots or buildings under claim, or exercising acts of ownership over the same for himself, or as executor, administrator or guardian of the owner, shall be regarded, treated, and

deemed to be the "owner" for all the purposes of this article. And in case of property leased, the possession of the tenant or lessee holding and occupying under such persons shall be deemed to be the possession of such owner.

Section 239.—Any tenant or lessee of any lot of land on which has been imposed an assessment under the provisions of this article may pay said assessment, or he may discharge any liability imposed thereon by virtue of the provisions of this article, or he may redeem the property within the time prescribed by law, if legally sold on execution, and may deduct the amount so paid from the rents due and to become due from him; and he shall have a lien upon, and may retain possession of, said lots until the amount so paid and advanced with legal interest thereon, be satisfied from accruing rents or by payment by the owner.

Tenant

assessment.

Section 240.—The records kept by the Board of Public Works shall have the same force and effect as other public records, and duly certified copies therefrom may be used in evidence with the same effect as the originals. Said records shall, during all office hours, be open, free of charge, to the inspection of any citizen wishing to examine them.

Section 241.—Notices in writing required to be given by the board may be served by any person over the age of twenty-one years, and the fact of such service may be verified by the oath of the person making it. Such oath may be taken before the secretary of said board or before any member thereof.

Notices,
service of.

Section 242.—When any street or portion of a street has been or shall hereafter be fully constructed to the satisfaction of the Board of Public Works and of the Trustees, and is in good condition throughout and a sewer, gas pipes, and water pipes are properly laid therein the same shall be accepted by the Trustees by ordinance; and thereafter such street or portion of a street shall be kept in repair and improved by the city. The Trustees shall not accept any portion of a street less than the entire width of the roadway, including the curbing, and one block in length, or one entire crossing; but they may partly or conditionally accept any street, without sewer, or gas pipes, or water pipes therein, if the ordinance of acceptance expressly states that they deem such sewer, or gas pipes, or water pipes to be then unnecessary. In such case the lots of land previously or at any time assessable for the cost of constructing a sewer shall remain and be assessable for such cost and for the cost of repairs and restoration of the street damaged in said construction, whenever the Trustees shall deem a sewer to be necessary and shall order it to be constructed. The Board of Public Works shall keep in its office a register of all streets accepted by the Trustees under this section, which register shall be indexed for easy reference thereto.

When

street required by law to be paved or macadamized by the person, company or corporation having railroad tracks thereon. Upon such recommendation the Trustees shall by ordinance order said work to be done and direct said board to notify said person, company, or corporation of the fact of the passage of such ordinance.

Notifica-
tion to cor-
poration.

The secretary of said board shall thereupon forthwith in writing notify said passage of said ordinance; and if said person, company or corporation shall not within ten days after receiving said notice commence in good faith to do said work and prosecute the same diligently to completion, the board shall invite sealed proposals for doing said work in the manner provided in this article; and all the provisions of this article in regard to such proposals, to the awarding of contracts, to the execution of contracts, and to the doing of public work, shall apply to all similar proceedings taken under this section. On the completion of the work to the satisfaction of the board the contractor shall be entitled to recover from such person, company or corporation, the contract price for the expense of said work, together with incidental expenses, in an action instituted in a court of competent jurisdiction. On the trial of such action, the certificate of the board on completion of said work to its satisfaction shall be prima facie evidence of the regularity of all the proceedings prior thereto and of plaintiff's right to recover in said action.

Improve-
ments
must
include
width of
streets.

Section 244.—Except as otherwise in this article specifically provided, no ordinance for the improvement of any street other than for sewers, sidewalks or curbs, except for the improvement of the streets constituting or lying along the water front of the city, and except for such work as is provided for in the next preceding section shall be passed by the Trustees without extending said improvement throughout the whole width of such street.

Defini-
tions.

Section 245.—Wherever in this article the word "street" occurs, it shall be held to include all streets, lanes, alleys, places and courts which have been, or may be hereafter, dedicated and open to public use, and whose grade and width have been legally established; and the grade of all intermediate or intersecting streets in any one block shall be deemed to conform to the grades as established at the crossings of the main streets.

The word "improvement" shall be held to include grading, paving, planking, macadamizing, piling, and capping; and the construction and repairs of sewers, cesspools, manholes, culverts, drains, sidewalks, and curbs.

The term "main street" shall mean such street or streets as bound a block, and the term "street" shall include crossing.

The word "block" shall mean the blocks known or designated as such upon the maps and books of the Assessor.

The term "quarter block" as used in this article as to irregular blocks, shall be deemed to include all lots or portions of lots, having any frontage on either intersecting street half way from such intersection to the next main street, or, when

no main street intervenes, all the way to a boundary line of the city.

The word "paved" shall include any pavement of stone, iron, wood, or other material which the Trustees may by ordinance order to be used; but no patented pavement shall be ordered during the existence of the patent therefor, until the owner of such patent shall have transferred to the city all right to the use of the same therein, with the privilege to any person to manufacture and lay the same upon its streets under any contract that may be awarded to him, or entered into by him with the city.

The term "expense" shall include the price at which the contract was awarded, and the term "incidental expenses" shall include all expenses incurred in printing and advertising the work contracted for, and all expenses for surveying, measuring and inspecting the work.

The affidavit by the publisher of the newspaper, or his clerk, of the publication of any notice required in this article to be published, shall be prima facie evidence of such publication.

Service of notices.

Section 246.—When the owners of all the lands fronting upon any street which is less than sixty feet in width, for the entire distance of said street, or for the distance of one or more entire blocks, shall petition the Board of Public Works that the said street or that portion thereof upon which said lands front, be closed, the board may pass a resolution recommending that the same be closed. Before passing such resolution the board shall cause a notice of the application to be published in a newspaper, in said city, and shall fix a time and place at which it will consider the same and hear objections thereto. Upon such hearing it shall determine whether it will recommend that the street be closed; and if it shall so determine, it shall transmit such recommendation to the Trustees. Thereupon the Trustees may pass an ordinance that the street be closed; and the same shall not thereafter be, or be deemed to be, a public street, or subject to any public expense or improvement; and the land theretofore included within the roadway and sidewalks of said street shall thereafter be the property of the city. No such ordinance shall be passed until the petitioners shall have paid all the expenses of said proceedings.

Section 247.—The board shall annually invite proposals for cleaning and sprinkling such of the streets of the city as the board shall determine should be cleaned and sprinkled at the public expense. Before causing notice for such proposals to be published, the board shall divide the city into such number of districts as in its judgment will best induce competition for

bids, and secure the cleaning and sprinkling of the streets at the lowest cost. The secretary of the board shall, under its direction, on the first Monday in May of each year, cause to be published for a period of ten days a notice inviting proposals for cleaning and sprinkling each of said districts specifying in said notice the streets of each district which are to be cleaned and sprinkled, the number of times a week that they are to be cleaned and sprinkled, and the amount of security to be given with each contract. Bids shall be made for each district separately. All the provisions of this charter, in relation to the making and opening of bids, awarding of contracts, and entering into and performance of contracts, shall be applicable to said contracts.

Street sweeping.

The board may also, with the consent of the Trustees expressed by ordinance, purchase one or more machines for sweeping the streets and may enter into contracts for sweeping the streets with said machines; but the board must give the preference to hand-sweeping so far as it can do so with reference to the proper sweeping of the streets and to the funds at its disposal.

SEC. 160. The board of public utilities shall have the exclusive control and management of all electric and other light and power works, gas works, telegraph or telephone systems, water works, ice works or other systems of providing and distributing refrigerating means, materials and service, and all other public utilities that now belong to, or that may hereafter be acquired by the city; the acquisition, construction, extension, maintenance, operation and improvements of such works and systems; the management, rental, use, sale and distribution of the electricity, light, power, gas, fuel, water, ice or other products, merchandise or service therefrom; the collection of the rates and payment for the same and the general charge

Said rates should preferably, but not necessarily, yield a reasonable profit and interest on the investment to the city, but must not be less than the actual cost of providing such service or utility, including all repairs, maintenance, operating expenses and the depreciation hereinafter provided for in Section 173 of this article, unless approved by two thirds of all the qualified electors voting on such proposition at any election, *and further provided*, that the board shall have power by a vote of four members, approved by a vote of five members of the council, and by the mayor, when, in their judgment such would be for the best interests of the city as a whole, to make special and discriminating rates and contracts which may or may not be less than the said cost. Fix rates for use of utilities.

SEC. 163. The board shall have authority to purchase all machinery, material, fuel, merchandise and supplies for the use of the department, and such purchases may be made in the open market for the best advantage of the city, and bids shall not be required except at the option of the board, notwithstanding any other provision to the contrary contained in this charter elsewhere. The board is authorized to acquire and take by purchase, condemnation or otherwise, in the name of the city, any and all property, including water and water rights, situated within or without the limits of the city, that may be necessary or convenient for the construction, operation, maintenance or extension of any of the said works or public utilities. The rates so charged shall be fixed by the board, but must be approved by the council.

SEC. 166. The city, through its department of public utilities, shall have power to purchase, acquire by leasing or renting, to sell, to rent or lease out, to install, repair and maintain every kind of electric current, power, fuel, heat, machinery, apparatus, supplies and all other articles of merchandise necessary, convenient or profitable either for its own use in any of the public utilities operated by the city, or for the use of the customers of the city wherever located. Such service to persons outside of the city shall be subject to the provisions of Section 165 of this article. When the board deems it to be to the profit and best interest of the city, it may furnish, free of charge, or give away to its customers, under proper restrictions, apparatus, lamps, and other articles intended to consume or make use of electricity, gas, power or other commodities furnished by the department.

Street lighting.

SEC. 167. The board shall have entire charge of the system of street lighting; *provided*, that before any extensions of same are made, the approval of the council shall be necessary. The rate to be charged the city for street lighting shall be determined by the board and approved by the council, but must not be less than the actual cost of same. Bills for same shall be rendered monthly and approved in the same manner as other demands. The auditor shall then credit the electric fund and charge the proper fund with the said amount. Light, power and other items and supplies furnished other departments of the city shall be treated in like manner.

SEC. 168. The board shall have power, by a resolution adopted by a majority of all its members and recorded at length on the minutes with the ayes and noes, to make and enforce all such reasonable regulations, rules and by-laws as may be necessary for its government, for the administration of the department and for the exercise of the powers conferred by this Article. In the event that electric transmission lines have been paid for, in whole or in part, by persons or corporations other than the city, the board may require persons desiring to connect with said lines, to pay a proper proportion of such cost before being allowed to make such connection, and the said payment may be repaid pro rata to the persons originally paying for such lines.

Map of all lights.

SEC. 169. The board shall, as soon as practicable, cause to be made by the city engineer, a map or maps, showing full details of the distributing system, connections therewith and of

The city auditor, as provided in Section 99 of Article V, Chapter 3, shall have entire charge and control of all records, books, documents and accounts relating to property and the receipts and expenditures and all accounts of purchases and sales of the department. His department shall also attend to the correspondence of the board or of the superintendent, but this shall be under the control and direction of the board. The board shall allow out of the electric fund the wages of the deputies and clerks so employed in the department, which wages shall be fixed by the council. The auditor shall make, as soon as practicable after the adoption of this charter, with the assistance of the superintendent, a complete detailed list with an inventory at the present value of all property belonging to the department, in order to determine the net value of the city's investment therein. The values in said inventory shall be set by the board, and it may engage a competent person to set same or to assist therein. The auditor shall keep this record posted up to date, and shall annually make a new inventory. A record shall be kept of all property sold, lost, destroyed, worn out or discarded, and a record of all connections and the number of lamps in use. The auditor shall accurately apportion all income and expenditures so that regular operating expenses, repairs, betterments, extensions, replacements, depreciation, cost of operation, power and fuel, the income from various sources, and the net income and real value of the plant can always accurately be told. The board and superintendent shall so conduct the department that this can be done and the auditor is instructed and given power to see that this provision is complied with.

SEC. 171. All money received by the board from the collection of rates or otherwise shall be paid over to the treasurer of the city, daily, unless otherwise provided by ordinance, to the credit of the electric fund, which shall be kept separate and apart from all other moneys of the city, and shall only be drawn from said fund by demands previously approved by a vote of three members of the board taken with the ayes and noes, and spread on the minutes, and the action of said board endorsed on said demands and signed by the mayor as president of the board and by the secretary thereof. All demands must be approved by the superintendent or managing head of the department and by the auditor or his deputy before being presented to the board. In case of emergency the council may transfer money from the general fund to the electric fund. Any moneys raised by issuing the bonds of the city for the use of the department of public utilities shall be expended and controlled by the said board. Money may be temporarily transferred from the electric fund to the general fund by the council, but only with the consent of the board of public utilities, and such money must be returned to the electric fund by the first day of the following May.

City auditor to have charge of records.

Disposition of moneys received.

Transfer of funds.

Purposes for which electric fund may be used.

SEC. 172. None of the money in the electric fund shall be apportioned and used for any purpose or purposes other than for the following:

1. For the necessary expenses of conducting the electric department, operating the electric plant and making all current and ordinary extensions, betterments and repairs;

2. For the extraordinary improvement of and betterment to the plant, property, equipment and system of supply and distribution of the electric department, including purchase of necessary lands, water rights and other properties;

3. Any unused balance in the electric fund, after deducting for the depreciation sinking fund as provided in Section 173 of this Article, may, with the approval of both the board and the council, be used for payment of principal and interest of any electric department bonds outstanding;

4. After all expenditures have been made that are required in the first, second, and third subdivisions of this section, the profit, if any there be, remaining in the electric fund at the end of the fiscal year, from the operation of the plant for such year, may, with the consent of both the council and the board of public utilities, be transferred, in whole or in part, into the general fund for the use of said fund.

"Depreciation sinking fund."

SEC. 173. At the end of each fiscal year the auditor shall take the total value of property belonging to the electric department as obtained from the inventory and property record; he shall deduct not less than five per cent therefrom, which shall represent the estimated depreciation of the whole plant and system for the year. Said per cent shall thereupon be transferred from the electric fund to the credit of the fund to be known as the "Depreciation Sinking Fund." He shall then charge to such sinking fund and credit to the electric fund the amount expended during the year in actual replacements of worn-out machinery and plant, but must not include therein amounts expended in betterments, extensions, changes and repairs. The balance remaining in the depreciation sinking fund shall then be invested by the treasurer, subject to the approval of the council, in United States, state, school or municipal bonds, or deposited in savings banks organized under the laws of California, at interest, and the interest thereon shall accrue to said fund. If the per cent deducted from the electric fund in any one year shall not be sufficient to offset the expenditures for said actual replacements for such year as above specified, then sufficient bonds from the depreciation sinking fund shall be converted into cash, or cash withdrawn from said savings banks, and said cash transferred to the electric fund to make up such deficiency; but this shall be done only on the recommendation of the auditor and approved by the said board and the council. The depreciation sinking fund shall otherwise remain inviolate except as authorized by a two-thirds vote of the qualified electors voting on such proposition at any election; *provided*, that the said board by a four-fifths vote of all the members, approved by the council by a vote of five-sixths of all the members and by the mayor, shall have the power to

instruct the treasurer and auditor to convert sufficient of said bonds into cash or withdraw said deposits, and thereupon to temporarily transfer the proceeds and to use same for betterments and extensions of said plant, or to acquire any other public utility elsewhere provided for in this charter, but must not use the same for repairs or operating expenses. Said temporary transfers must be repaid to said sinking fund by the electric fund or other fund, as the case may be, in annual installments not less than ten in number, with five per cent interest on same, computed semi-annually, and the auditor is authorized and instructed to make such transfer and the council must provide the funds therefor if the balances in such fund be insufficient. Annual reports in detail must be made by the auditor and the treasurer of all increments, changes, conversions, investments, interest, loans from and repayments to said depreciation sinking fund.

Temporary transfers.

The auditor may take expert advice other than that of the electric department, as to the proper per cent of depreciation to be charged to the electric fund and credited to the depreciation sinking fund, as above provided; if, from such advice he believes five per cent to be too small, he shall make use of such per cent as he believes conservative and safe. If the money in the electric fund be insufficient to provide the amount of the depreciation charge the auditor shall create a deficit in the electric fund and if said deficit be not balanced at the time the next annual tax levy is made, the council must, by levy or otherwise, provide the money to balance the said fund. Said per cent shall not be less than five per cent unless approved by a majority of the electors voting on such proposition at any election.

Auditor may take expert advice.

SEC. 174. The board shall present to the council a monthly report showing expenditures for operating expenses, fuel, power, wages, repairs, replacements, betterments and extensions; also all income and net profit itemized into proper classes, and also an annual report showing in addition to these items the nature and condition of the property under their control with such information and suggestions as it may deem of general interest. If funds be needed for extensions, improvements, repairs or other expenditures, too great to be paid out of the estimated current income of the department, the board shall, as provided in Section 228, Article XV, make an itemized statement of the same to the council and the council may make such proper tax levy to provide such funds, and said taxes shall, when collected, be credited to the electric fund. Duplicates of all reports shall be filed in the auditor's office.

Report to council.

SEC. 175. It shall be the duty of the council to pass such ordinances as may be necessary to enforce the rules and regulations made by the said board.

Sale

SEC. 178. No public utility once acquired and operated by the city shall, nor shall the control of same or the products therefrom, ever be sold, leased, abandoned or otherwise disposed of to any person or corporation except such proposition is approved by a two-thirds vote of all the qualified electors voting on such proposition at any election at which said proposition shall be legally submitted; *provided*, that said prohibition shall not be construed to prevent the ordinary sale of electricity, gas, power, service, merchandise, supplies, materials and unused or abandoned machinery or apparatus to the customers of the city in the regular course of business.

The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence giving the street and number. One of the signers of each such paper shall make oath before an officer qualified to administer oaths, that the statements therein made are true and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days after the date of filing such petition the city clerk shall examine and from the great register and certificates of registration ascertain whether or not said petition is signed by the requisite number of qualified and registered electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the city clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay and the council shall thereupon order and fix a date for holding the said election, not less than thirty days, nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.
- Signatures to petition.** The council shall make or cause to be made, publication of notice and all arrangements for the holding of such election, and the same shall be conducted, returned and the result thereof declared in all respects as other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise, in writing, the clerk shall place his name on the official ballot without nomination.
- Clerk to examine petition.** In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party who receives the highest number of votes shall fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.
- Amended petition.** Failure to qualify.
- Publication of notice and election.** Special election.
- ~ If any special election be ordered, held and conducted, it shall be ordered, held and conducted (except as to date thereof) and the result thereof made known and declared, in the same manner as herein provided for other elections.

SEC. 261. Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the city clerk shall cause the ordinance or proposition to be printed and he shall enclose a printed copy thereof in an envelope with a sample ballot and mail the same to each voter at least ten days prior to the election, but the council may order such ordinance or proposition to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition and of the sample ballot as first above provided.

[Adopted March 9, 1907.]

WHEREAS, It is deemed desirable to ultimately separate the sources of revenue for state purposes from the sources of revenue for county and municipal purposes; now, therefore,

The Legislature of the State of California, at its regular session, commencing the seventh day of January, nineteen hundred and seven, two thirds of all the members elected to each of the two houses of said legislature voting in favor thereof, hereby proposes to the qualified electors of the State of California the following amendment to the Constitution of the State of California:

First. Sections one, nine, ten and eleven of article thirteen are hereby amended so as to read:

SECTION 1. All property in the state except as otherwise in this Constitution provided, not exempt under the laws of the United States, shall be taxed in proportion to its value, to be ascertained as provided by law, or as hereinafter provided. The word "property," as used in this article and section, is hereby declared to include moneys, credits, bonds, stocks, dues, franchises, and all other matters and things, real, personal, and mixed, capable of private ownership; *provided*, that property used for free public libraries and free museums, growing crops, property used exclusively for public schools, and such as may belong to the United States, this state, or to any county or municipal corporation within this state shall be exempt from taxation. The legislature may provide, except in the case of credits secured by mortgage or trust deed, for a deduction from credits of debts due to bona fide residents of this state.

A state board of equalization, consisting of one member from each congressional district in this state, as the same existed in the year eighteen hundred and seventy-nine, shall be elected by the qualified electors of their respective districts, at the general election to be held in the year one thousand nine hundred and ten, and at each gubernatorial election thereafter, whose term of office shall be for four years. The controller of state shall be ex-officio a member of the board. Said board shall be the successor of the present state board of equalization whose members shall continue in office until their successors, as herein provided for, shall be elected and shall qualify.

The boards of supervisors of the several counties of the state shall constitute boards of equalization for their respective counties, whose duty it shall be to equalize the valuation of the taxable property in the county for the purposes of taxation. Such county boards of equalization are hereby authorized and empowered, under such rules of notice as they may prescribe, to raise or lower any assessment contained in the assessment roll so as to equalize the assessment of the property contained in said assessment roll, and make the assessment conform to the true value in money of the property contained in said roll. (a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-loaning and other car companies, operating upon the railroads in this state; all companies doing express business on any railroad, steamboat, vessel or stage line in this state; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the state a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property used in the operation of their business in this state, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this state. When such companies are operating partly within and partly without this state, the gross receipts within this state shall be deemed to be all receipts on business beginning and ending within this state, and a proportion, based upon the proportion of the mileage within this state to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this state. Such taxes shall be in lieu of all other taxes and licenses, state, county, and municipal, upon the property above enumerated of such companies; *provided*, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by the municipal authorities of this state.

State tax
on rail-
road cor-
porations.

How
computed.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit and other car-loaning and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent; on all telegraph and telephone companies, three and one half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent.

Per-
centages.

This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of such companies, except county and municipal taxes on real estate; *provided*, that when by the laws

of any other state or country, any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this state, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the legislature upon insurance companies of such other state or country doing business in this state.

Capital
stock of
banks.

(c) The shares of the capital stock of all banks, organized under the laws of this state, or of the United States, or of any other state and located in this state, shall be assessed and taxed to the owners or holders thereof by the state board of equalization in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the state, of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon such shares of stock and upon the property of such banks, except taxes on real estate. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall be liable to the state for this tax and the same shall be paid to the state by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

Capital of
unincor-
porated
banks.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this state, or held by any bank located in this state which has no shares of capital stock, or employed in this state by any branches, agencies or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said board of equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus and undivided profits, including the good will of the business, at their full cash value, and deducting therefrom the value as assessed for county taxes of

any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of the banks and bankers mentioned in this paragraph, except taxes on real estate. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said state board of equalization shall include and assess to such banks all property and everything of value owned or held by them, which would go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies. "Banks" defined.

(d) Every corporation incorporated under the laws of this state, excepting the corporations mentioned in the preceding subdivisions of this section, and excepting all educational, religious and charitable corporations and all corporations which are not organized for pecuniary profit, shall pay an annual tax to the state upon its franchise to be a corporation, and every corporation incorporated elsewhere and doing business in this state, other than the corporations mentioned in the preceding subdivisions of this section, shall pay an annual tax to the state upon its right to do business in this state, as follows: When the authorized capital stock of the corporation does not exceed ten thousand dollars (\$10,000) the tax shall be ten dollars (\$10.00); when the authorized capital stock exceeds ten thousand dollars (\$10,000) but does not exceed twenty thousand dollars (\$20,000) the tax shall be fifteen dollars (\$15.00); when the authorized capital stock exceeds twenty thousand dollars (\$20,000) but does not exceed fifty thousand dollars (\$50,000) the tax shall be twenty dollars (\$20.00); when the authorized capital stock exceeds fifty thousand dollars (\$50,000) but does not exceed one hundred thousand dollars (\$100,000) the tax shall be twenty-five dollars (\$25.00); when the authorized capital stock exceeds one hundred thousand dollars (\$100,000) but does not exceed two hundred and fifty thousand dollars (\$250,000) the tax shall be fifty dollars (\$50.00); when the authorized capital stock exceeds two hundred and fifty thousand dollars (\$250,000) but does not exceed five hundred thousand dollars (\$500,000) the tax shall be seventy-five dollars (\$75.00); when the authorized capital stock exceeds five hundred thousand dollars (\$500,000) but does not exceed two million dollars (\$2,000,000) the tax shall be one hundred dollars (\$100.00); when the authorized capital stock exceeds two million dollars (\$2,000,000) but does not exceed five million dollars (\$5,000,000) the tax shall be two hundred dollars (\$200.00); when the authorized capital stock exceeds five State tax on other corporations.

million dollars (\$5,000,000) the tax shall be two hundred and fifty dollars (\$250.00).

Franchises.

(e) All franchises, other than those expressly provided for in this section, shall be assessed by the state board of equalization at their actual value, and shall be taxed at the rate of one per centum thereon each year, and the taxes collected thereon shall be exclusively for the benefit of the state.

Provisions of section self-executing.

(f) All the provisions of this section shall be self-executing, but the legislature may pass all laws necessary to carry this section into effect. The taxes herein provided for shall be levied and assessed on the first Monday in March of each year after the adoption of this amendment and shall become due and payable on the first Monday in June thereafter. The gross earnings and gross premiums herein mentioned shall be computed for the year ending the thirty-first day of December prior to the levy of such taxes and the value of any property mentioned herein shall be fixed as of the date of said levy. Nothing herein contained shall affect any tax levied or assessed prior to the adoption of this section and all laws in relation to such taxes in force at the time of the adoption of this section shall remain in force until changed by the legislature.

Actions to enjoin collection of tax.

SEC. 15. No suit, action, or proceeding shall ever be maintained in any court against this state, or against any officer thereof, to have any tax, levied under the provisions of this article, declared invalid or to prevent or enjoin the collection thereof until such tax has been actually paid; but after such payment, action may be maintained to recover any tax illegally collected in such manner and within such time as may now or hereafter be provided by law.

Sec. 16 of Art. XI repealed.

Third. Section ten of article eleven of said constitution is hereby repealed.
