Activities of the labour unions in the June 4th election campaign

Miyazaki Prefecture

The Ken Federation of Labour Unions (Kenrokyo) at its meeting of the Executive Committee, April 24, decided to adopt officially Mr. Miwa, Teiji, of the Social Democratic Party as the Federation's united candidate and at its meeting, May 2, the Executive Committee discussed measures to be taken for the election and arrived at the following decisions:

a. The each member union conducts raising of the campaign fund:

b. To form an election committee and study the legal aspect of the election compaign and work out the measures to be taken.

Accordingly the election committee was formed by three key officials of the Federation and representatives of Densan, (Electric Industry Workers' Union), Kokutetsu (National Railroad Workers' Union) Ken Teachers Union, Union of Asahi Chemical Plant and Union of Ken employees and it immediately went into action. The campaigners including Iwase, chairman of the Federation, visited in goups varions cities, towns and villages and conducted a thorough campaigning.

In addion to the above, the unions such as Kokutetsu, Zentei, Kenkyoso, Densan, Asahi Chemical, Zennittsu, Uemine etc. also independently conducted the campaigning among their own members and raised the fund. Kokutetsu attained a good result by a heavy campaiging, distributing a number of leaflets among the all labouring classes within the Prefecture. From the past experience it is presumed that a certain amount of "floating votes" which flow with the tide of the times, went to Miwa but his success was the result of the organized labor uniting its power. It is expected that the socialist victory will have a considerable effect on the future politics of this Prefecture, during the elections, next year.

As is seen, Miwa showed unexpected strength with the support of the labor unions and the farmers' organizations, having made inroads into the other candidates' grounds. In contast the Communists received a poor support only from the Free labourers' union which declined the Federation's proposal concerning the adoption of a united candidate and decided at the meeting of its executive committee, May 22, to support Saida, Yukio, from prefectural constitutncy and Fukuoka Susumu, from national constituency. No other union showed any concern or interest towards the Communist candidate.

They say the president of the Ken Assembly tendered his resignation for his personal reasons, but he cannot resign so simply. The democratic liberal party which received the resignation of the president of the Ken Assembly is a majority party and the party is oppressive.

President of the assembly Kai should give an explanation of his resignation.

Vice-president of the assembly Sakaguchi :

The president of the assembly tendered his resignation for personal reasons and I do not think the vice-president is responsible for it.

President of the Ken assembly Kai :

The reason of my resignation is to take a new turn and it is not because of scheming by some members.

Member of the assembly Kawakami :

In regard to the resignation of the president of the assembly some said that the majority party was oppressive and that he was forced to resign by scheming by some members, but thereis no such fact.
