Subject: Bill for Partial Amendments to the Horseshoers' Law

From: LS To: GS Date: 30 January 1951
C.J.Smith, 57-8645

2. 1. The bill confers excessive authority on the Minister of Agriculture andForestry. The proposed amendment to Article 6 of the basic law (No. 89 of 1940) provides that "any horseshoer shall annually report to the Minister of Agriculture and Forestry by January 31 his name and address, and other items provided for by order - - - - ." Since there is no reference to any standards for controlling the selection and scope of such other items, it follows that the Minister would be free to establish regulations which might be inimical to the legal rights of the persons required to make the reports.

2. It is, however, pointed out that in Article 12 the Minister of Finance is empowered to suspend government loans to the cooperative associations, and in Article 13 he is authorized to order refund of the loan for certain specified reasons, but in neither instances is there provided a public hearing. This Section stresses the necessity of such a safeguard for the protection of the parties affected by administrative dispositions.

Date: 27 JAN 1951

1. NR has no objections to immediate introduction of the attached draft bill in the Diet.

2. Proposed amendments to the Fisheries Cooperative Law are not deemed to violate established SCAP policies. Such amendments should serve to improve ccoperative financial operations.

3. Amendment proposed in Article 52(2) is similar to that enacted into the Agricultural Cooperative Law in 1950. A draft of the referenced Cabinet Order has been reviewed by NR, wherein the following criteria are set forth:

a. Amount of "own funds" (paid up members capital and reserves) required by capitalized fisheries cooperatives shall be total of book value of fixed assets and paid up capital in federations and Central Cooperative Bank for Agriculture and Forestry.

b. Seperate accounts must be maintained of credit functions and general business activities.

c. Loans for one year or longer from members deposits shall be limited to not more than 60 percent of time deposits.

d. To assure repayments of members savings deposit, the cooperative engaging in credit functions shall redeposit in Central Cooperative Bank or other banking institution a sum equivalent to 20 percent of deposits payable on demand and 10 percent of all other deposits.

4. Proposed amendment to Article 123 is designed to strengthen supervision of cooperative business management and will serve as a basis for education and guidance of cooperative officials in improvement of financial affairs, record keeping, etc., to further protect members investment in their cooperative.

2	From: NR	To: GS	Date: 10 MAY 1951

1. NR has no objection to proposed Bill for Partial Amendments to Ministry of Agriculture and Forestry Establishment Law, etc. for adjustment etc. of Councils.

2. NR suggests, however, that reconsideration is advisable of the proposed amendment to Art 10 of the Fishing Port Law (Law No 137 of 1950) incorporated in Art 7 of the Bill referred to in paragraph 1 above. This amendment reduces the term of office of members of the Fishing Port Council from three years, with staggered appointment, to two years. The proposed reduction in term of office is not deemed likely to promote the most efficient operation of the Council in its position as advisor to the Minister of Agriculture and Forestry, in that members would not gain the experience and knowledge in their positions as permitted under the present system.
