Statements of Republican Candidates

FOR NOMINATION OR
ELECTION AT THE

Primary Election
May 19, 1922

Published by Authority

Compiled and Issued by
SAM A. KOZER
Secretary of State

FOREWORD

This publication is authorized by Section 4116, Oregon Laws.

It contains only the names of those candidates for nomination or election for the various offices to be made at the primary election, May 19, 1922, who have submitted statements and portrait cuts for publication and paid the prescribed charges therefor; also the statements of persons opposing the nominations of any such candidates as permitted by Section 4114, Oregon Laws.

Many candidates have not availed themselves of the use of the pamphlet.

Statements of candidates for each office are, under the law, printed in this pamphlet in the order in which their names are grouped under the title of such offices on the official ballots—that is, alphabetically.

As required by law, it is mailed only to registered Republican voters whose names have been furnished to the Secretary of State by the County Clerks of the several Counties of Oregon.

A complete list of the names of all the Republican candidates for nomination or election for the several offices will be found on the official primary election ballots of that party.

The official ballots for the several Counties are prepared and printed by the respective County Clerks, who also assign the candidate's ballot number.

SAM. A. KOZER,
Secretary of State.

O. H. FITHIAN**Republican, Candidate for National Committeeman**

Orrin Howard Fithian, of Portland, candidate for the office of Republican National Committeeman, was born 55 years ago near Butler, Pa., on a farm where his father also first saw the light of day and which was literally hewn out of the wilderness by his grandfather.

Mr. Fithian comes of old Republican stock, his father having been an active Republican and his pioneer grandfather a member of the Pennsylvania legislature for several terms as a representative of the old Whig party.

After attending the public schools at Plymouth, Indiana, for seven years, Mr. Fithian moved to Parsons, Kansas, in 1883 and worked there and later in Kansas City as clerk in a store. In 1887, at the age of twenty, he went on the road as a traveling shoe salesman and this occupation he followed for 25 years.

FIRST CAME TO OREGON THIRTY YEARS AGO

It was as a traveling salesman that Mr. Fithian first came to Oregon thirty years ago. He married in Washington, Pa., in 1889 and moved with his family to Portland in 1900, residing there continuously ever since. He engaged in the wholesale shoe business in 1905 and in 1910 formed a partnership with S. B. Barker, of Condon, Oregon, an old friend and prominent Oregon merchant and stockraiser, under the firm name of Fithian-Barker Shoe Company. He is president and manager of that company at the present time.

Mr. Fithian has two children, Pauline C. Fithian and Robert G. Fithian. The son, upon the entrance of the United States into the World War, volunteered for the aviation service, was sent to France for training, as an airman, and had risen to the rank of first lieutenant when the armistice was signed.

O. H. Fithian is a 32nd degree Mason, Scottish rite, and a member of Al Kader temple of the Mystic Shrine. He holds membership in the Multnomah Club, Portland Chamber of Commerce and other civic and fraternal organizations.

FITHIAN A GOOD REPUBLICAN

Those who know Mr. Fithian, and his friends are legion, are warmly attached to him because of his numerous fine traits of characters. He is an energetic and successful business man, absolutely reliable, a progressive and public spirited citizen, a staunch friend and a good Republican. If

chosen by his party to be National Committeeman, he will be a credit to the Republicans of Oregon because he is a man of marked ability and will not fail in loyalty to the nominees of the Republican party. Another significant feature of Mr. Fithian's candidacy is the fact that he is a close friend and loyal supporter of both United States Senators McNary and Stanfield.

HIS PLATFORM

The platform on which Mr. Fithian bases his candidacy for the office of National Committeeman is as follows:

"If I am elected I will loyally support the principles of the Republican party and exert every honorable effort to ensure the election of the candidates of the party nominated at the Republican primary.

"The Republican National Committeeman owes it to his party and his State to work in harmonious cooperation with Oregon's Republican delegation in Congress, to the end that Oregon's industrial, financial and political interests may at all times be protected.

"As National Committeeman I shall not content myself with attending meetings of the Republican National Committee once or twice a year, but I shall do my utmost to assist the Oregon delegation to obtain the passage of progressive legislation as recently formulated for the relief of our farmers and livestock men. I shall exert myself to aid Senators McNary and Stanfield to obtain for Oregon farmers their just share of the loans now being made by the War Finance Corporation, in the same proportion in which such loans have been already made to Wyoming, Utah, New Mexico and other western states.

"I believe, with Theodore Roosevelt, that the people should rule, and favor a nation-wide presidential primary, giving the voters of all parties the right to elect delegates to their respective national conventions.

"I am heartily in favor of a just, prompt and substantial recognition of our war veterans.

"I favor equal rights for women within the Republican party and propose that equal representation be accorded them in the membership of the Republican National Committee."

HIS SLOGAN

Mr. Fithian's campaign slogan is as follows: "Not honors for myself but service to my party and state."

FITHIAN FOR NATIONAL COMMITTEEMAN CLUB,
CHAS. T. EARLY, President.

RALPH E. WILLIAMS**Republican, Candidate for National Committeeman**

Ralph E. Williams, through his long and faithful service as Republican National Committeeman from Oregon, has brought to this State an honor never before accorded to a State west of the Mississippi river—that of being Vice Chairman of the Republican National Committee, to which position he was unanimously chosen at a meeting of the committee following the inauguration of President Harding.

Mr. Williams was first elected Republican National Committeeman for Oregon in 1908 and the people of the State, by their votes, have kept him in this important position continuously since that time.

His election to the office of Vice Chairman of the National Committee is evidence of the high esteem and confidence of his fellow committeemen.

As Vice Chairman, senior member of the committee and a member of the Executive Committee, he is in position to render valuable service, not only to the Republican party but to the commercial, agricultural and business interests of the entire Pacific Coast.

During Mr. Williams' long service on the National Committee he has endeavored to bring about harmony and unity in the party until today the Republican party is more united in the Nation and in Oregon than it has been for a period of years.

Ralph Williams was born in Oregon and has been one of its most active citizens in the advancement of all of its material interests. His loyalty to Oregon and to his party, his steadfast devotion to his friends and to his duty, and the wisdom and effect of his words in National Republican councils, have earned him the right to re-election in the primaries that are to follow.

COMMITTEE OF REPUBLICANS,

C. L. STARR, Secretary.

(This information furnished by Committee of Republicans, C. L. Starr, Secretary)

EARL E. FISHER

Republican, Candidate for Nomination for Congressman, First District

"Fighting for the farmer; soldier bonus; Roosevelt Highway. The Japs must go."

Earl E. Fisher, born and raised on a farm at Beaverton, Oregon. Represented Washington County at the last two sessions of the legislature without missing a roll call. He supported all legislation in favor of the farmer and labor, voted for the soldier bonus act and opposed the ownership of land in Oregon by the Japs. He has no great campaign sack to travel up and down the state talking, the farmers have had enough talk already. Fisher promises action in Congress.

Will serve the public interests by voting with Congressman Sinnott for 50 per cent surtax on incomes, against the millionaire shifting his taxes onto the farmer and businessman with small income.

Shall not ask Wall Street for his daily opinion, but will fight with the Farm Bloc and Oregon State Grange for the best interests of the

farmer. The great need of today is, more farmers in Congress to support the program of the American Farm Bureau, which will place agriculture on a prosperous basis.

Elevate the dignity of labor to a higher plane of good citizenship and better wages; when labor prospers the farmer prospers. The greatest class of Americans today are the workers—they are human!

We honor the American Legion and Veterans of Foreign Wars, who are banded together to preserve the traditions of liberty, truth and justice for which they fought, and pledge our support to their fight in Congress for a bonus and a square deal to all the soldiers.

Make Oregon harbors the best in the West. Against purse seine fishing—give the poor fisherman a chance.

Merchant marine with American flag in every port in the world. Free tolls for American shipping through the Panama canal; Oregon shippers demand cheaper freight rates.

America first! And a square deal for the German and Irish citizens of this country; keep John Bull out of American affairs.

Build the Roosevelt Highway, give the farmers and business men of Clatsop, Tillamook, Lincoln, Lane, Douglas, Coos and Curry counties a highway that will bring them a market and at the same time link up the tourist road between British Columbia and Mexico. I will fight for that Federal appropriation of two and a half millions dollars now due the Roosevelt Highway.

The Japs must go! They are driving our working people out of jobs, our farmers from the soil and the business men out of business. For years we have had a gentleman's agreement with Japan, note how the Japs are swarming to the Pacific coast. God help us! Adopt an American agreement, get rid of the Japs, make the white man happy in his own home. The Rising Sun may set in the west but it shall never set on the West with my consent.

EARL E. FISHER.

(This information furnished by Earl E. Fisher.)

W. C. HAWLEY**Republican, Candidate for Nomination for Congressman, First District**

We respectfully present to the voters, as a candidate for Congress, Honorable W. C. Hawley, a native of Oregon, who has proven himself to be a hardworking, capable, successful, and faithful public servant and statesman.

His committee assignments show his high standing in Congress, being fourth in rank on the great Committee on Ways and Means with a possibility of becoming its chairman, a member of the joint committee that framed the Federal Farm Loan Act, and of the select committee that prepared and secured the passage of the Budget Act.

He has diligently attended to an immense volume of business of interest to localities and to individuals and has proven the effective friend of everyone needing his assistance, cheerfully serving all in every possible and proper way.

He has obtained some \$16,000,000 for public improvements in the District, principally for rivers and harbors, for which \$5,000,000 more are authorized in bill now pending,

and will secure the adoption of all projects approved by the engineers.

Representative Hawley is honorable, practical, progressive, and far-seeing. He aided in the passage of constitutional amendments for direct election of United States Senators, income tax, prohibition, and equal suffrage, and of laws for the control of railroads, trusts and monopolies; preventing white slave traffic, gambling in farm products, corrupt practices, establishing national aid for roads with appropriations therefor, postal saving banks, parcel post, Federal Farm Loan Act, vocational education, Children's Bureau, laws beneficial to labor, laws beneficial to agriculture, assisted in securing naval base at Astoria, and many others for the public good; had included in adjusted compensation (bonus) bill provisions under which tens of thousands of ex-service men can secure homes on reclaimed lands, estimated cost \$250,000,000.

He favors progressive legislation, promoting the welfare of the people, preserving their rights and increasing their prosperity; he favors progressive legislation beneficial to farmers; a protective tariff; adjusted compensation for ex-service men, adequate compensation for dependents, and generous provision for the injured; adequate pensions for veterans, their widows and dependents; a great merchant marine; public improvements and developments, the Roosevelt highway; exclusion of Oriental and undesirable immigration, control of corporations, eliminating harmful activities but fostering useful services; protection to dairy and livestock industry; passage of American vessels through Panama Canal toll-free; airplane patrol of forests; amending rural credits act to provide increased benefits; prudent economy in public expenditures with consequent reduction of taxation; extending area subject to state taxation, increased area open to homesteaders and better conditions; and in general, all legislation upbuilding state and nation and promoting the welfare of the people.

Mr. Hawley's slogan is: "No interests to serve but the public interests."

A. W. NORBLAD**Republican, Candidate for Nomination for Congressman, First District**

After many years of public service, when just completing four years in the Oregon Senate, the people of Clatsop County, thru their Chamber of Commerce and Astoria Ad Club, by resolutions duly passed, asked State Senator A. W. Norblad to seek the Republican nomination for Congress against Mr. W. C. Hawley. The Ad Club resolution provided for a committee of five to present this statement:

Mr. Norblad is 41 years old, of energetic type, a splendid speaker, of fine presence, an able debater and parliamentarian. He is the author of the purse-seine bill, which will save Oregon's twelve million dollar fishing industry; joint author of the logged-off land bill, to provide a method of improving logged-off lands, one of Oregon's problems; joint author of the last Roosevelt Highway bill, designed to open up, by the assistance of the Federal Government, Oregon's Coast country, a wonderland of vast and untapped resources. Also the author of several other important measures.

We are proud of his record and believe he merits promotion to the halls of Congress. Of him the Morning Astorian, under date April 9th, 1922, justly said:

"Mr. Norblad's career in the community where he has so long been prominent and his services as a member of the State Senate, leave no question as to his eminent equipment for the responsibilities that a seat in the national house demand. Mr. Norblad is recognized as among the able men of Oregon and that standing has been achieved thru service of a character where outstanding talents alone could succeed. His election would reflect credit upon Oregon and would give that further prestige to the West's voice in national councils that the situation in the First Congressional District demands."

The Oregon Voter, after a careful review of the votes cast in the Senate in the session of 1919, accorded Mr. Norblad the highest percentage among the Senators, of "right" votes.

Both Mr. Hawley and Senator McNary come from Salem. Why is it not justice that one of these offices should go to some other portion of the district?

We feel that to accomplish the results which this state is justly entitled, the energy, aggressiveness and pep of a virile man like Mr. Norblad are essential.

The 17 counties west of the Cascades need a young, live, energetic thinker and worker; one who has the habit of doing things and achieving results. The change is needed now, not two years hence. We bespeak for Mr. Norblad the votes of the Republicans at the primary election, May 19th, 1922.

LOUIS E. BEAN
Republican, Candidate for Nomination for Governor

Pre-election statements and platforms mean nothing unless the record of the candidate uttering them shows that he has the integrity to stand by them and the fearlessness to fight for them, even in the face of opposition that has the temporary backing of popular opinion. Louis E. Bean is that kind of a man. For 14 years he has been an outstanding leader in the state legislature and has attained a record for courageousness and integrity. Time and again he has espoused principles in the face of relentless opposition which had the temporary backing of popular approval. In every incident subsequent events proved Mr. Bean to have been right. This is real proof of understanding and integrity. It is proof that he would be a governor who would be looked to by the legislature and state officials for leadership. There would be no jumble or confusion in state affairs.

Mr. Bean's platform is his solemn pledge to the people of Oregon. It is clear and definite on the big issues of Oregon today. He is the only Republican candidate to openly advocate a state income tax in platform pledge. Tax students have said that any advocate of lower taxes on real property who does not favor an income tax is either uninformed or insincere. Mr. Bean's record proves he can and will fulfill his platform pledges.

In a synopsis of his platform, Mr. Bean says:

"Abolish commissions—adopt cabinet form of government. Cut out duplications, waste and extravagance. Income tax on those sources of wealth not on tax roll; reduce property tax by the amount so raised. Maintain educational facilities under strict supervision of expenditures, applying business principles. Oppose land ownership or control by Orientals. Oppose further increase of auto or gasoline taxes. Oppose issuance of further bonds or increase of state's debts. Stand unequivocally for more efficient business administration; retrenchment in public expenditures; substantial reduction of taxes; for supervision that supervises and economy without 'con.' I am for open, business-like administration and against invisible manipulation of government. **LOUIS E. BEAN.**"

Louis E. Bean is a native son of Oregon. He was born in 1867 on a farm in Lane county of pioneer parents. His early life was spent as a cowboy on the ranges of Eastern Oregon, as a farmer and a stockraiser, and at various other jobs, as many of the big men of the West began their lives in the early days. This training gave him the deep understanding of the people of Oregon and their needs which has been so manifest in the principles he has stood for in public life.

He was educated in rural and Eugene schools and attended the University of Oregon for a short time. Studied law in odd moments and began practice in 1898 as a member of the law firm of Williams & Bean, oldest law firm in Lane county. Is considered one of the ablest attorneys of the West and one of the best-posted men in Oregon on state government.

Is married and has four children, three sons and one daughter. Protestant affiliations. Member of legislature in both senate and house for past 14 years, speaker of house during two sessions.

BEAN FOR GOVERNOR CLUB,
LLOYD RICHES, Secretary, Eugene, Oregon.

(This information furnished by Bean for Governor Club, Lloyd Riches, Sec.)

CHARLES HALL**Republican, Candidate for Nomination for Governor**

Charles Hall of Marshfield, Coos County, Oregon, was born in Jefferson County, Pennsylvania; has lived in Oregon twenty-one years; was educated in the public schools and at the University of Michigan. His career has been typical of American opportunities.

Beginning as a common laborer in Portland, then working as clerk in a drug store at Clatskanie, he eventually became owner of the store, engaged in further mercantile pursuits, and has become one of the best known men of the state, concerned in the direction of mercantile, public service, banking and other enterprises. His understanding of the conditions and aspirations of the working man is based upon his personal experience as employe and employer.

Senator Hall has consistently labored for good roads and all movements looking to the development and prosperity of the state.

He is now State Senator from Coos and Curry Counties, and his constituents are enthusiastically supporting him for Governor. It is said of him that he has never made a pledge in business or political life that has not been kept, without equivocation or reservation.

Senator Hall was married in 1906 to Ann English, a native born Oregonian, and is the father of three children—two boys and one girl.

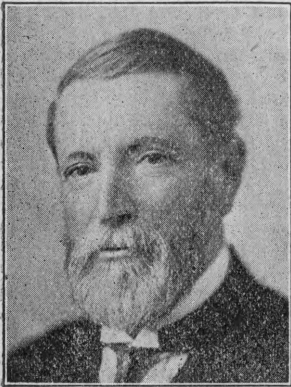

Following is his statement of some of his principles:

1. I have made no pre-election promises and I will make none, except those herein stated.
2. Taxes on general property must be reduced. I favor substituting not to exceed ten departments for the seventy or more existing state commissions (Illinois system).
3. Not only reduction of taxes, but improved marketing facilities and increased credit are essential to insure the prosperity of the farmer.
4. A more equitable adjustment of the automobile license tax with due regard to the actual value of the car. Gasoline tax for highways only.
5. As to my attitude on the labor question, I refer to my employes, and my legislative record.
6. Completion of the State Highway system with special attention to market roads.
7. The public school is one of the fundamental factors in our system of government. I favor compulsory attendance in the primary grades. Teach pure Americanism to all pupils, beginning at an early age. Continue to strengthen and build up this typical American institution.
8. Strict enforcement of all laws.
9. I am against Japanese land ownership or control.

Slogan: "A clean American business administration."

J. D. LEE**Republican, Candidate for Nomination for Governor**

We characterize J. D. Lee's public career as able, fearless and successful, and regard him as strong, tried, true and sincere. Imbued with the pioneer spirit he is broad and democratic, whether dining with the President of the United States or lunching with his laborers in the forest. He is studious, industrious and persevering, a man of action, vigor, courage and power. Few have filled so many stations.

Few have individually helped so many students in their struggles for an education or so many families trying to establish homes.

As a legislator he was an ardent friend of education and human progress; one of his bills secured the Normal School system and another the best system of railroads in the Willamette Valley.

Illustrative of his administrative ability, he was Superintendent of the Oregon State Penitentiary for four years, and so financed it that the monthly per capita cost of the inmates was only \$11.87, whereas at present it is \$39.084, more than three times as much. The earnings of the institution, which could not be used for maintenance but were turned into the state treasury, would have still more reduced the cost, at times to as low as \$2.94 per month.

The biennial appropriation at that time was \$84,000. At the last legislature it was \$296,400.

If allowed to handle the finances of all the institutions as governor he could probably make a general reduction of 25 per cent.

We served with him in the legislature for years.

JOSEPH SIMON,

Mohawk Bldg., Portland, Oregon.

T. T. GEER,

Multnomah Co. Court House, Portland, Oregon.

Mr. Lee and I cooperated in the building of the narrow gauge railroad which developed into the Willamette Valley system, of great importance to Oregon, also in the organization of the Northwest Fire & Marine Insurance Company, which was successful until going under other management. I also know of his efforts in behalf of the Corvallis & Eastern Railroad and of his promotion of the present popular trolley line between Portland and Oregon City, through Oak Grove, resulting in great development between the two cities.

He was easily the most enterprising man in Polk County. He is favorably known and respected in all parts of the state. Since his residence in Portland, he has been active in commercial bodies and substantial promotion work. He lifted the Portland Board of Trade out of bankruptcy, while its executive secretary; and now is a member of the Hydro-Electric League of Oregon, of the Portland Chamber of Commerce, of the Progressive Business Men's Club and Portland Realty Board. He retains the old time push and energy.

BEN W. OLCOTT**Republican, Candidate for Nomination for Governor**

My duties as Governor of Oregon prevent me from making an active campaign.

My candidacy is based upon my record in public office and knowledge of state affairs, as well as a desire to carry to completion those constructive policies inaugurated during the present administration.

In brief, I stand for the following principles as being consistent with good government and essential to the welfare of the people:

An executive untrammelled by secret pledges and bound only by those voiced to the people as a whole.

A firm stand for our educational system from bottom to top, founded on economical, but productive management. The retention of the principle of the millage tax for our higher educational institutions as against permitting them again to become footholds for legislative log-rolling. There must be every reasonable retrenchment, without destroying efficiency.

Reduction and equalization of governmental tax burdens on carefully worked out plans for a more just assessment of all property. Am unalterably opposed to raising additional revenues for the purpose of securing additional funds to spend.

Appointments to public office based upon merit and qualification solely.

Continuation of careful administration of state institutions housing our public wards. This is one of the most essential duties of government and under no circumstances should the reasonable creature comforts or chances for recovery of the afflicted or mentally sick be denied.

The present conciliation act should remain unimpaired. In practice it has proved itself by maintaining splendid relations between employers and employees and I am opposed to any tampering with it.

Will favor adoption of cabinet form of government for Oregon provided it has proved economical and efficient in other states where it has been adopted. A committee appointed by me is investigating this situation in other states for report to this office.

I believe in the construction of market roads to develop the resources of Oregon.

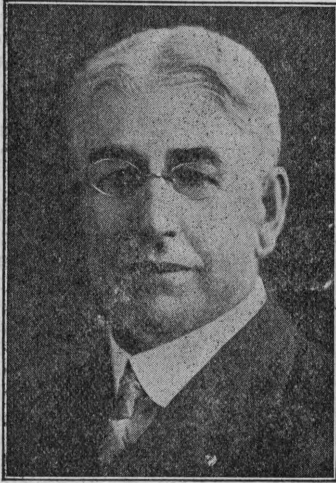

I oppose Japanese land holding in this state and am against Oriental labor coming into competition with American labor.

Administration of the new budget law passed by the legislature upon my recommendation will open the way to many economies if administered by those having experience with and knowledge of state affairs.

I cheerfully submit my candidacy upon my record with the belief that my knowledge gained through experience will be of decided benefit to the state in working out the difficult problems of the years directly ahead.

BEN W. OLCOTT.

(This information furnished by Ben W. Olcott)

I. L. PATTERSON**Republican, Candidate for Nomination for Governor**

To the Republicans of Oregon:

Upon the Governor rests the responsibility for imprudent or extravagant appropriations of public funds. Through the item veto, a practically unused power, he alone can eliminate any wasteful or imprudent items of appropriation. As Governor, I shall feel a personal responsibility for every appropriation of public funds, will freely use the power of the item veto to relieve the burden of the taxpayer, and will give the people of Oregon a real business administration without any frills.

By curtailment of expenditures we should reduce the taxes by at least ten per cent and still further reduce and equalize the tax burden by an income tax collected by our present officials, thus saving the expense of another set of officials. I will take immediate steps

to abolish unnecessary Boards and Commissions and to consolidate others whose work overlaps.

I believe in cooperative marketing; properly carried out it is a benefit to both the producer and consumer. As Governor, I will give sympathetic consideration to the problems of the farmers and will be ever ready to cooperate with them in every legitimate way to bring about their prosperity. Upon the prosperity of the farmer depends the prosperity of the whole state.

I believe ex-service men should have preference in all public employment.

I am opposed to Orientals controlling land in our state, by ownership or lease, and believe that citizenship should be denied to children born in the United States of alien parents not entitled to citizenship.

I was appointed Collector of Customs for the Portland District by President McKinley in 1898, and reappointed by President Roosevelt in 1902. For the fiscal year ending June 30, 1898, the last year of my predecessor, the total receipts of the office were \$376,927.11 and the cost of running the office, \$62,309.98. For the fiscal year ending June 30, 1906, my last year in office, the total receipts of the office were \$738,235.94, and the cost of running the office, \$55,927.83. The business of the office practically doubled, and I carried on the business for \$6,382.15 less money.

Having accomplished the above results as Collector of Customs, I have a right to tell you that I can and will accomplish similar results in the various departments and institutions of the State.

In the event of my election I will consider the promises above set forth a binding contract between the people of the State and myself.

I. L. PATTERSON.

(This information furnished by I. L. Patterson)

GEORGE A. WHITE**Republican, Candidate for Nomination for Governor**

Achievement of the purposes outlined herein is the basis upon which I present my name to the men and women of Oregon as a candidate for the Republican nomination for Governor of the State:

1. Immediate deflation of State expenditures by cutting at least one million dollars from the present cost at the next session of the legislature. This is vital as the first step in forcing a downward trend upon all tax levying bodies in order to bring relief from unnecessary tax burdens.

2. Immediate consolidation and concentration of all existing commissions, boards and scattered functions of government, including the Public Service Commission, into not to exceed ten departments, all directly accountable to the governor who in turn is directly responsible to the people for their conduct. This centralization of administrative responsibility is necessary in the setting up of a simple, economical and responsible method of handling the State's business.

3. Immediate, definite, equitable and certain plan for retiring the State's present overwhelming bonded indebtedness. Oppose submitting any further proposals for bond issues or appropriations at special elections.

4. Immediate insistence upon a show-down on the Japanese issue in Oregon. A white man can not compete with a Japanese coolie and we have got to halt this insidious invasion of our lands and industries without further delay.

5. My mission as governor will be to stimulate progress in Oregon and promote the good name of popular government in our State.

To this end my earnest support will be given to the relief of our agricultural interests which must find encouragement through cooperative marketing and market roads, and to the development of our industries and natural resources upon which the State's material welfare depends. My earnest support will likewise be given to the cause of public education upon which the State's moral and social welfare depends.

In omitting from my platform a mass of incidental and supplementary issues, I am willing that my stand and stability on all matters affecting the moral, social and industrial welfare of our State and Country shall be measured by my record as a citizen.

GEORGE A. WHITE.

Salem, Oregon, April 11, 1922.

Mr. White, whose declaration of principles is presented in the foregoing platform, became a candidate upon the petition of several thousand Oregonians representing every class and walk of life and every county of the State. His petitioners, whom we represent as a temporary committee whose functions cease with his filing as a candidate, felt that in his record there was to be found the qualities of courage, energy and devotion to duty which are needed to bring about a new and better order of things politically and economically in Oregon.

Mr. White was born on a farm in Mason County, Illinois, educated in the public schools of Kansas and Utah and came to Oregon 20 years ago, engaging in the newspaper business, in which work most of his life has been spent.

He is married and has two daughters, aged 16 and 10 years, and is a member of the Methodist Episcopal church, Rotary Club and Woodmen.

No man in Oregon has shown greater capacity as an executive and administrator than Mr. White in his direction of the State's Military Department during two National crises, following his appointment by Governor James Withycombe.

Never a military man, Mr. White's sense of duty as a citizen has taken him into the service of his country three times, the first in 1898 when as a schoolboy he went as a private volunteer to the Spanish War, again in 1916 when he retired as Adjutant General of the State to go with Oregon's volunteers on the Mexican Border and again in the World War when he went overseas with the Oregon men.

We feel that his worth, work and character are fittingly summed up in a legislative resolution passed unanimously by the last regular session of the Oregon Legislature, which we are having reproduced here:

"House Concurrent Resolution No. 9

"Recalling that the state of Oregon established matchless and lasting traditions in responding to the national emergency of the world war by being foremost of all states of the Union to send her citizen soldiery equipped and ready into active service;

"Recalling that Oregon displayed the splendid energy and patriotism of her people by being foremost of all the states to complete a war census of her young manhood of military age;

"Recalling that Oregon was foremost of all the states in preparing her first quotas of men for selective service, and in completing the machinery for raising further large quotas of men;

"Recalling that these achievements were due in a large measure to the foresight, energy and tireless efforts of George A. White, then adjutant general of the state of Oregon, and which services were far beyond the call of duty;

"Recalling that it was this citizen who raised the standard of 'Oregon First' which has been held high by the people ever since, so as to become a permanent tradition of their spirit and patriotism;

"Resolved again that he laid aside these duties as an official of this state, after the arduous tasks of mobilization and war organization had been completed, in order to volunteer for service with the first Oregon men who joined the American expeditionary forces in France and served with such distinction that he was decorated by the president of the French republic;

"Be It Resolved by the House of Representatives and the Senate of the State of Oregon, concurring: That the thirty-first legislative assembly of the state of Oregon hereby acknowledges its appreciation of the distinguished services and the practical patriotism of this citizen;

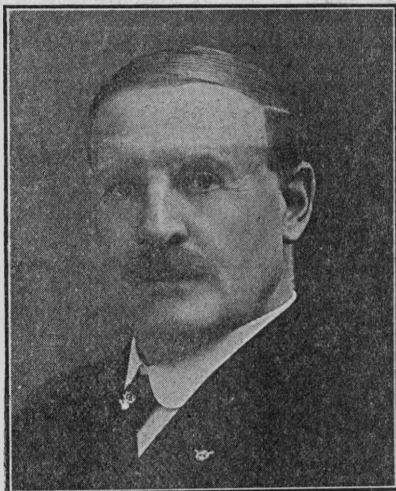

"Resolved, That a copy of this resolution be engrossed and signed by the speaker of the house and the president of the senate and be presented to the said George A. White as a testimonial of the high esteem and regard of this legislative assembly for services so well and faithfully performed."

In urging his candidacy, the thousands who joined with our committee felt that in his record were those qualities which are needed in the civil conduct of our State at the present time in lifting the tax burden from the road of Oregon's progress.

O. P. HOFF**Republican, Candidate for Nomination for State Treasurer**

His Oath of office is his only pledge. His Record is your Guarantee. His Experience is your Protection.

State Treasurer O. P. Hoff came to the United States as a boy; is married and has one son, who served in France one and one-half years. Mr. Hoff has served one term as State Treasurer and has been State Labor Commissioner. Prior thereto he worked on farms, in logging camps and for the S. P. Railroad.

Following is the duly audited record of Mr. Hoff as State Treasurer. On this record he seeks a second term. It is a record of actual achievement open to the inspection of every citizen:

Last year Mr. Hoff handled three and one-half times the business with one-tenth the working capital employed by his predecessor,

who in the last year of his administration carried an average daily balance of \$348,000.00, as compared with an average balance of \$35,000.00 for Mr. Hoff last year. The difference earned over \$6,000.00 interest for the State.

With an increase of funds in the year 1921 over the year 1918, of 92%, Mr. Hoff increased the earnings of the Industrial and Segregated Funds 196%, making an increased earning for the State of over \$71,000.00.

When the General Fund became exhausted in 1921, Mr. Hoff arranged with the bank to cash the endorsed General Fund warrants at 2% interest, when the warrants called for 6%. In this manner the State saved over \$5,000.00.

Mr. Hoff inaugurated the policy of examining the property of all estates filed in the Inheritance Tax department, insisting on actual values being given. Over \$60,000.00 in additional taxes were paid the State in the last three years due to this policy. The fact that the policy became generally known undoubtedly caused higher appraisals and the total increase in taxes collected would be difficult to estimate.

During the three years in office, the records show Mr. Hoff has earned for the state over \$258,000.00 by the application of business principles and by giving his undivided attention to the work of his office.

Mr. Hoff refused to permit a bill increasing his salary to be presented to the 1921 Legislature and has consistently opposed, as a member of the State Board of Control, raises in salaries for State officials and higher paid employes.

Otto Hartwig has this to say: "I have known Mr. O. P. Hoff for about fourteen years and know him to be a trustworthy man in every respect, one who can be trusted to perform any duty, that may be required of him, in an efficient manner."

In the interest of economy, efficiency and integrity, we commend Mr. O. P. Hoff's candidacy to the consideration of the voters of this State.

REASONS WHY MR. O. P. HOFF SHOULD NOT BE RE-NOMINATED

In his printed platform Mr. Hoff claims that he should be re-nominated because he has preached integrity, efficiency and economy.

The following extracts are taken from the report of the Marion County Grand Jury, regarding Mr. Hoff's agreements and transactions with Mr. Etheredge of Morris Bros. Co., Bond Dealers.

"State Treasurer Hoff purchased from Mr. Etheredge from Jan'y 6, 1919, to March 15, 1920, Bonds of the par value of \$1,106,629.09 at a cost to the State of Oregon of \$1,172,223.12, which Bonds cost Morris Bros. \$1,088,147.03, giving the enormous profit to Morris Bros. of \$84,076.09."

"BONDS SOLD TO STATE BEFORE AUTHORIZED"

"The records further reveal that bonds which were not in existence had been sold by Mr. Etheredge to State Treasurer Hoff at an exorbitant profit, and payments in full made thereon by the State Treasurer."

"EXCESSIVE PROFIT"

"The most flagrant example of excessive profits is the sale of \$100,000.00 water bonds of Reedsport to the State Treasurer at the enormous profit to Morris Bros. of \$16,019.90. On June 19, 1919, Reedsport was incorporated; August 25th same year Morris Bros. Co. entered into contract with its city officials to take \$100,000.00 of its bonds when issued for \$92,320.00. Mr. Etheredge sold them on Oct. 28, same year, to State Treasurer Hoff for \$108,339.90, and Hoff paid him that day the amount. 13 days later the City voted to issue the said bonds and forty-four days later did issue and deliver them to Morris Bros."

CRITICISMS OF GRAND JURY

"We criticise the right assumed by Mr. Hoff and Mr. Etheredge, whereby securities sold to the state were offered for sale by Morris Bros. Co., while they were yet held by the State Treasurer. There should be no strings upon bonds purchased by the State of Oregon. We condemn the policy of State Treasurer Hoff in investment of such large sums in one investment; also condemn his practice of buying bonds that pay a high rate of interest regardless of the property that must redeem the principal. Safety first should apply to investment of public funds. Why should not the State of Oregon use as much intelligence in the investment of its funds as it does in buying supplies."

These are but a few of the criticisms and findings made by the Grand Jury in relation to the purchase of bonds by the State Treasurer, at figures far in excess of actual value.

In a report mailed to all voters in the State by State Treasurer Hoff in January, he states that his work is greatly increased as the number of funds in his charge is now 231, while his annual report to the Governor only shows 29 funds in his charge; it would appear that he has made a mistake in either his report to the Governor or the public, or he has no intimate knowledge of his office.

NEWS ITEM IN PORTLAND PAPER

"\$150,000.00 of State Funds are on deposit with the State Bank of Portland that closed its doors today. The State Bank is carrying a larger amount of state funds on deposit than any other bank in this City. The State Treasurer has a son employed in this institution."

Let us retire Mr. Hoff and have a thorough investigation of this important office in all matters as well as that connected with investment of trust funds.

REASONS WHY MR. O. P. HOFF SHOULD BE RE-NOMINATED

Three hours before closing time for the filing of arguments for this pamphlet, Mr. Hoff was served with a copy of a scurrilous article containing a personal attack, to be printed in the pamphlet, the author knowing it was too late for any detailed reply thereto.

No bond ever purchased by Mr. Hoff has ever defaulted in principal or interest. All moneys deposited in the State Bank of Portland and in all other banks was and is adequately secured by bonds.

He has made for the State \$258,000.00 which the previous administration overlooked.

His honesty has never been questioned. His efficiency is universally conceded.

For the purpose of misleading the voters, a garbled statement of a portion of the report referred to in said article is set forth, while the entire report exonerates Mr. Hoff and recognizes his ability.

Mr. Hoff has kept over \$300,000.00 earning interest for the State, which, prior to his assuming office, earned nothing.

This attack, made by enemies of Mr. Hoff, is for the purpose of preventing the voters of the State from comparing his administration with that of his predecessor.

A wise voter is one who is able to discern and judge soundly concerning what is true or false.

Do not be deceived but investigate, make the comparison and give credit where credit is due.

Mr. Hoff has always given a square deal to an opponent. He has never delayed his entry into a contest, political or otherwise, until by limitation of time his opponent is placed at a disadvantage.

A Portland paper commenting upon the report mentioned at the time of its rendition, concluded its editorial as follows:

"No hint or suggestion of taint upon the integrity of State Treasurer Hoff appeared in the Grand Jury's findings. The faith of his friends has been fully confirmed by an investigation in which the keen wits and experience of the most highly trained experts in auditing were brought to bear, in searching the books and records of the Treasurer's office and in which all evidence that could be gathered together was weighed by the Jury in reaching its conclusion, relative to the bond transactions. It is such a finding as all who know him expected to be brought forward by the Jury, respecting State Treasurer Hoff."

This statement is for the information of the public.

THOS. F. RYAN**Republican, Candidate for Nomination for State Treasurer**

Born in Rhode Island; educated in public schools of Rhode Island and Massachusetts. Resident of Oregon City and Clackamas County 38 years; school director and clerk of Oregon City School District 24 years; Mayor one year; city recorder six years; county judge eight years; deputy state treasurer eight years; now state senator; president Bank of Commerce of Oregon City and proprietor and manager Ryan Fruit Farm near Gladstone; have always enjoyed being active in civic and fraternal work, as well as foremost in the upbuilding of our public school system and the promotion of good roads; have ever strongly supported all measures and plans for the development of the stock and dairy interests and the agricultural and horticultural resources; was largely instrumental in preparing and securing the passage of the Rural Credit Law, through which the farmer could secure money for development purposes at the lowest

rate of interest obtainable, and if I am elected I will certainly make the operation of this law the means of helping the producer in this time of financial depression. Having had a wide experience in educational, legislative, county, municipal, banking and business affairs, I feel that my record of duty well and successfully performed and carried out, peculiarly qualifies me to perform the duties and work that devolves upon the State Treasurer both in the Treasury Department and as a member of the Board of Control. The burden of taxation is now so heavy and the obligations of the state so large, that it will require the best knowledge, ability and experience obtainable to secure satisfactory results. In my slogan, I state that I will reduce the present expense of maintenance of the Treasury Department at least 30 per cent, and with the thorough knowledge of the office, that I attained through eight years experience therein, I am willing to stake my reputation as a business man and banker that I will do so and at the same time insure that there will be no depreciation in value of securities purchased with state trust funds.

I believe that my experience as juvenile judge for eight years and trustee of the Odd Fellows Home of Oregon for 24 years, has given me a close and intimate knowledge of the requirements of the wards of the state in the institutions under the supervision of the Board of Control, and will enable me to ably assist in putting those state institutions upon a self-sustaining basis, and at the same time secure results that will be satisfactory to all. I promise if elected to give to the state my entire time and attention, and will require and enforce honesty, ability, efficiency and economy not only in the treasury department, but in all the state departments and institutions under the supervision of the Board of Control.

If I am elected I will perform every duty and obligation to the best of my ability, and will jealously guard your interests and that with which I am intrusted. Your vote and influence are solicited and will be appreciated.

Slogan: Pledge 30 per cent reduction in department expense by efficient, American business administration.

GEO. H. BURNETT**Republican, Candidate for Nomination for Justice of the Supreme Court**

To the Republican Electors of Oregon:

I am now serving as one of the Justices of the Supreme Court and respectfully solicit the Republican nomination for re-election.

The present membership of the court is familiar with the work and, without mention of myself, is very capable. Any change would be more or less experimental. There are three candidates to be nominated.

If honored by your nomination and elected I will as heretofore give the best I have in me towards faithful and efficient service of the people of Oregon, my native state.

JOHN McCOURT**Republican, Candidate for Nomination for Justice of the Supreme Court**

Now a member of the Supreme Court.

I was born in Canada, 48 years ago, but have lived in California and Oregon continuously since I was four months old, and in this state since 1890.

I was educated in the public schools of California and graduated from the law department of the Willamette University in 1896. In that year I was admitted to the bar and have practiced law successively, at Salem, Pendleton and Portland.

President Roosevelt appointed me United States Attorney for Oregon and I served in that office from 1908 to 1913. I resigned and engaged in the practice with J. C. and A. L. Veazie in Portland until I was appointed Circuit Judge by Governor Olcott in 1918. I was elected as a Republican to succeed myself in 1920, serving as circuit judge until I was appointed a Justice of the Supreme Court in October, 1921, to succeed Justice Charles A. Johns. I am now serving in that capacity and solicit the Republican nomination to succeed myself.

I am a member of the Presbyterian Church. My family consists of my wife and one son.

There are three judges to be chosen and if I am nominated and elected as one of them I will as I have always done devote to my judicial duties all the industry, care and common sense of which I am capable.

JOHN McCOURT.

JOHN L. RAND**Republican, Candidate for Nomination for Justice of the Supreme Court**

To the Republican Electors of the State of Oregon :

I am one of the present members of the Supreme Court. I was appointed to that position by Governor Olcott on October 19, 1921, to succeed the late Justice Henry L. Benson.

I was born in the State of New Hampshire on October 28, 1861. Was raised on a farm and received my early education in the public schools at Portsmouth, New Hampshire, and graduated at Dartmouth College in 1883. I came to Walla Walla, Wash., that year and taught at Whitman College and was admitted to the Bar in that state in 1885. I came to Oregon and was admitted to the Bar of this state the following year, ever since which time I have resided and practiced law at Baker, Oregon. I married Miss Edith Packwood and we have two sons, one aged 25 years and the other 21 years. I was twice elected and served as District Attorney of the sixth judicial district, then consisting of Umatilla, Union, Wallowa, Baker, Malheur, Grant and Harney Counties.

I was elected and served as state senator for Baker and Malheur counties during the 1903 and 1905 sessions of the legislature, and was elected as a delegate at large and attended the Republican National Convention held at Chicago in 1920.

I respectfully submit my candidacy for your consideration as one of the three justices to be nominated and if re-elected will continue to perform the duties of that high office to the very best of my ability.

GEORGE S. SHEPHERD**Republican, Candidate for Nomination for Justice of the Supreme Court**

The office of Supreme Judge is a public trust of the highest order and is the last house of refuge in the adjudication of private rights. A great aid to an incumbent of this office is the experience gained from the active practice of law. This brings him in direct touch with business and modern conditions. Without such practical experience a judge is too apt to indulge in theory and formula.

For the aid of the electors I beg to say that I attended Willamette University and University of Oregon and for the past 25 years have actively and studiously engaged in general law practice at Portland. Have taken a live interest in the harbors of the state and other matters of public concern, which interest will not abate by election to office.

An annual tax levy of \$40,000,000.00, with a wheat crop in the state of less than half that amount, confronts us with a condition and not a theory, and doubtless there will be given each candidate thoughtful consideration.

I am presenting my name for the office of Supreme Judge and covenant that if I am elected I will discharge the duties of the office carefully, faithfully and fearlessly.

WM. A. DALZIEL

Republican, Candidate for Nomination for Commissioner of the Bureau of Labor Statistics and Inspector of Factories and Workshops

Wm. A. Dalziel, candidate for the office of Commissioner of Labor Statistics and Inspector of Factories and Workshops, was born in Canada in 1871, and came to Oregon in the spring of 1890, and has resided in the City of Portland almost continuously since that time.

For nine years Mr. Dalziel served as Deputy Labor Commissioner in the Factory Inspection work.

Mr. Dalziel followed the trade of machinist for eighteen years and served a term as President of the local lodge of the International Association of Machinists and has been identified with the labor movement for the past twenty years, and has always been considered conservative and reliable and strictly American in every sense of the word.

He is not a college graduate but received his education in the public schools.

Mr. Dalziel says that if he is nominated and elected for this office he will use all influence at his command to further the interests of the people of the State of Oregon, and will strive to create amicable relations between the employer and the employee and to fearlessly and impartially enforce all laws pertaining to his department.

As members of the "Dalziel for Labor Commissioner Club" we earnestly recommend Mr. Dalziel to the voters of this state believing that his experience in the department and his mechanical ability make him a desired man for the position.

C. H. GRAM

Republican, Candidate for Nomination for Commissioner of the Bureau of Labor Statistics and Inspector of Factories and Workshops

An official who performs his duties fearlessly, administers his office efficiently, fairly and impartially is, in our judgment, entitled to endorsement at the hands of the electors.

C. H. Gram, candidate for re-nomination for Labor Commissioner, is now serving a first term.

It is of public record that under Mr Gram's administration the Bureau of Labor has become a factor in adjustment of differences between employer and employee.

It is of public record that by Mr. Gram's direction the Factory Inspection Department, which aims to protect life and limb in places of employment, is doing most efficient work.

It is of record that the statistical reports emanating from Mr. Gram's office have been practical and purposeful.

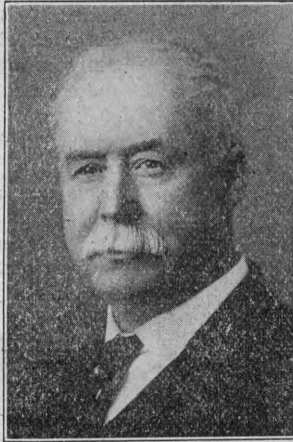

He is a man of ripe experience and practical.
He should be retained.

THOMAS K. CAMPBELL

**Republican, Candidate for Nomination for Public Service Commissioner,
State at Large**

Thomas K. Campbell, of Portland, is a candidate for the nomination for Public Service commissioner for the State of Oregon, at large, at the primary election.

Mr. Campbell served as a member of the Public Service Commission from the date of its creation by the Legislature, in 1907, to 1917. During this formative period a splendid ground work was laid for the guidance of the commission, and its decisions were at all times the result of impartial and painstaking investigation, and received not only the approval of the Courts, but of the people as well.

Mr. Campbell was born in Minnesota in 1857. He followed his business as a stonemason and contractor for a number of years. He came to Oregon in 1892. The present City Hall of Portland was built by him. He was later associated with the Pacific Timber Company of Cottage Grove, Oregon. He was appointed a member of the Public Service Commission by the State Board of Control, upon the recommendation of the late Governor and Secretary of State, Frank W. Benson.

Mr. Campbell, in his pledge to the people of Oregon, says:

"If nominated and elected, I will, during my term of office, administer the public utility laws, which are now broad enough to fully protect the public, fearlessly and impartially, and will use my best endeavors to bring the Commission back again to its old moorings and make it the servant of the people it was during the early period of its existence, when I was a member thereof. I pledge myself to protect the public in its right to enjoy reasonable rates and adequate service, and my past record stands as a guarantee for the complete fulfillment of this promise. Will make the Public Service Commission a real servant of the people."

His past record and faithful service to the public is ample guarantee for the future.

F. B. LAYMAN
Republican, Candidate for Nomination for Public Service Commissioner,
State at Large

Believing that the Public Service Commission should be removed as far as possible from the domain of politics, we herewith present the qualifications of a candidate for that Commission who has never sought or held political office.

By education, legal and business training, long experience as a business executive, and four years of practice before the State and Interstate Commissions, F. B. Layman has been qualified in an exceptional degree for the office of Public Service Commissioner.

Born in Pennsylvania in 1879, he taught school three years, worked his way unaided through Pennsylvania College and Harvard University, and came to Oregon in 1911 as Pacific Northwest Manager for the Aluminum Cooking Utensil Company of Pittsburgh, Pennsylvania. From 1914 to 1918 he was Pacific Coast Manager for that company. In 1915 he gave Portland one of its substantial industries by building his commercial

plant at 15th and Irving Streets. Under his management the company's sales in his territory increased from \$66,000 in 1910 to a little less than \$500,000 in 1917.

Having completed a law course while carrying heavy business responsibilities, Mr. Layman resigned his position in May, 1918, to take up the practice of law. Since July, 1919, he has been associated with Estes Snedecor under the name of Snedecor & Layman with offices in the Spalding building. Almost continuously since June, 1918, he has had cases involving railroad rate adjustments before the Interstate Commerce Commission and the Oregon Public Service Commission.

In rate cases he has always been on the shipper's side of the controversy, and in some of these cases he has been remarkably successful. As a result of this experience he has practical, first-hand knowledge of the problems of the shipper, the duties and manner of functioning of the Oregon Commission, and the present unique relations of that Commission and of other State Commissions with the Interstate Commerce Commission.

Students of the problem of public utility regulation often say a Public Service Commission should number among its members one well-trained lawyer and one broad-gauge business man. Mr. Layman will bring to the Oregon Commission the combined experience of lawyer and business man. His grasp of business principles is indicated by the fact that for the past three years he instructed classes of business men in "Corporation Finance" in the night school of the Y. M. C. A.

Mr. Layman is conservative by temperament, logical in analysis, deliberate in judgment and clear in utterance. He is serious minded and a hard, conscientious worker. His integrity is beyond question. He is free from obligation to any corporation, interest, or group. If elected, his work will be such as to inspire confidence in the Public Service Commission as an impartial and useful regulatory body.

J. R. THIEHOFF

**Republican, Candidate for Nomination for Public Service Commissioner,
State at Large**

J. R. Thiehoff was born in the State of Missouri in 1871, receiving his education in the public schools of that state. He entered the service of the Chicago, Burlington & Quincy Railroad Company twenty-four years ago and has been continuously affiliated with the transportation business since that time. He moved to Portland from the Middle West in 1909, and has been employed by the S. P. & S. Ry. Co., having served until the present as Passenger Conductor on the Portland-Astoria-Seaside run.

He is not a politician, but has entered the campaign at the earnest solicitation of his many friends among the traveling public. He is unhampered and unpledged.

The commercial men of the State are behind Mr. Thiehoff because they feel that he has the two following qualifications that especially fit him for this office:

1. A long experience in transportation problems.
2. Personally qualified to apply this experience to serve the best interests of the public.

Mr. Thiehoff's platform as filed is as follows:

"If nominated and elected I will use the experience I have gained during twenty-four years' activity in transportation service to determine whether public utilities are properly serving and protecting the public. Public utility corporations are entitled to a fair return on their invested capital, but the public should come first every time.

"I shall obey the act creating the Commission, providing that, whenever the Commission shall believe that any rate or charge may be unreasonable or unjustly discriminatory, or that any service is inadequate, and that an investigation relating thereto should be made, it may on its own motion investigate same."

SLOGAN

Regulate public utilities in the public's interest, not the public in the utilities' interest.

We the following Committee heartily endorse and recommend the candidacy of Mr. Thiehoff for the office of Public Service Commissioner, and ask the voters of the State to weigh in the balance his qualifications.

SAM H. BROWN

Republican, Candidate for Nomination for Senator, First Senatorial District, Comprising Marion County

The Commercial Club of the town of Gervais, composed of neighbors of Hon. Sam H. Brown, who have long known him and worked with him in all movements for the betterment of general conditions and for the help and safety for the nation's best interests, offers the following reason for his selection as a candidate for senator:

Mr. Brown is a genuine dirt farmer, owning one of the best improved farms in the Willamette Valley. He is a progressive business man besides, having reached success by hard work, reasonable economy and intelligent methods.

He will practice the same line of action in the Legislature opposing unjustifiable expenditures of public funds and insisting upon the closest practical economy in every department; as a heavy taxpayer all his grown life, that course would be dictated by personal interest; and in

addition his interest in the County and State of his birth will be a guiding factor.

Mr. Brown will conscientiously represent the whole people, favoring no factions above another, but with full regard for the right and welfare of all. He is free from prejudice, is not loaded with pet nostrums but will use horse sense in handling State business, as he would his own affairs. He will practice economy and not use it merely as a political catch word.

Mr. Brown was born in East Gervais precinct. His whole life has been spent in this county and if he has failed in any duty to his community, to his County, to his State, to his Nation or to his family we do not know it. His father was a faithful and honored member of this community before him and served the State in the same position now sought by the son, so by nature, by example and by inclination he can be depended upon to give to the people the best that is in him.

As a man untrammelled and unhampered by entangling pledges to any special interest, he will be free to take such action as will promote the peace, happiness and prosperity of our people and our State.

As such we ask for him the generous support of all voters. As an experienced legislator in the past he is well equipped for good service.

GEORGE P. GRIFFITH

Republican, Candidate for Nomination for Senator, First Senatorial District, Comprising Marion County

If I am elected State Senator for Marion County I will support all just retrenchment of public expenditures, the lowering of taxes wherever possible and the elimination of all unnecessary offices and expenses. I believe the cost of State Government can be cut \$1,000,000.00 per year.

I am heartily in favor of the prohibition of alien ownership of land in our State.

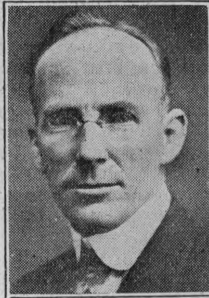

I am in favor of good schools and good roads for all, but I am opposed to extravagance and I believe that we should get a dollar's worth of value for every dollar spent.

GEORGE P. GRIFFITH.

(Information furnished by Geo. P. Griffith)

GEORGE W. HUBBS

Republican, Candidate for Nomination for Senator, First Senatorial District, Comprising Marion County

George W. Hubbs was born on a farm near the village of Ionia, Michigan, on March 14, 1880, and shortly thereafter removed, with his family, to the State of Minnesota and lived on a farm in that state until he was twenty-one years of age. He is one of a family of ten children. His father was a soldier in the Civil War. Mr. Hubbs received the usual common school education and afterward attended the University of Minnesota for three years, working during the time that he was in college to secure the necessary funds to pay his expenses. After the termination of his college course, Mr. Hubbs lived in Minnesota until the year 1902 when he removed to Silverton, Oregon, where he has since resided. During the time that he has lived in Oregon, Mr. Hubbs has been largely interested in farming operations, owning at different times a number of large farms in Marion County. He has also been engaged in the general real estate and brokerage business in Silverton, Oregon. Mr. Hubbs is a heavy taxpayer; has had ripe business experience and is qualified, by training and experience, to make a competent legislator. His experience in farming has been such that he fully understands the difficult problems which are confronting the farmer at this time, and his business experience has been such that he will use sane methods only in attempting to bring about reforms.

Mr. Hubbs has served for more than ten years as a councilman of Silverton, Oregon, and for about nine years as a member of the school board of that city, during a large part of which time he has been the chairman of the school board. Mr. Hubbs has always taken a leading part in civic matters. He was one of the general and select committees which outlined the good roads system for Marion County. In recognition of his work in that behalf, he was, without solicitation on his part, made a member of the National Good Roads Committee, an honor held by few in the State of Oregon.

During a little more than the past decade taxes have more than doubled. To some extent this increase has been due to more liberal support given by the people to the various educational institutions of the State. To a large extent, however, it has been due to the multiplication of clerks, officials, inspectors, boards and commissions, until at this time the State has nearly one hundred boards and commissions and countless employes, and each has a cloud of stenographers, clerks and other office help, all being paid at the public expense. To the elimination of these supernumary officials, boards and commissions the efforts of every taxpayer should be directed; votes should be cast only for those who have been successful in the ordinary walks of life and whose integrity, ability and sincerity of purpose is beyond question. Mr. Hubbs meets with all these requirements.

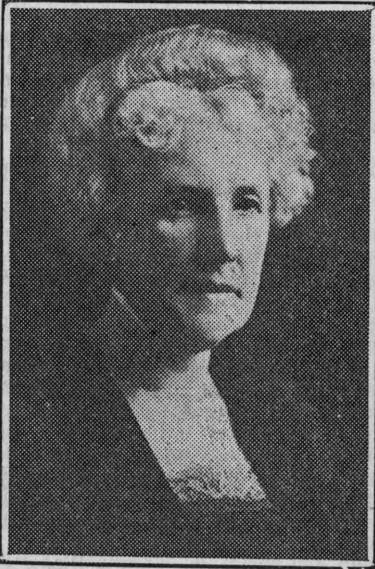

We earnestly urge upon the voters an impartial consideration of all candidates, feeling sure that investigation will give weight to the candidacy of Mr. Hubbs; he has ability, correct ideals and an earnest desire to promote economy in public affairs.

FANNIE KAY BISHOP

Republican, Candidate for Nomination for Representative, First Representative District, Comprising Marion County

We respectfully commend to the voters of Marion County, Oregon, for nomination as one of their four Representatives, Mrs. Fannie Kay Bishop, daughter of the late Thomas Kay, one of the most highly respected of Marion County's pioneer families, and the wife of Hon. Charles P. Bishop, who served Marion County as State Senator in former years, and now one of her most enterprising and conservative business men.

Mrs. Bishop is first of all a faithful wife and mother and if elected to the position of Representative in the State Legislature she would be ever mindful of the effects of proposed legislation upon the home and the youth of the State and would firmly and efficiently battle for the highest and best interests of her constituency, from a moral and domestic standpoint.

She has long taken an active and influential part in party, social, civic and public affairs and has established a reputation for persistency,

firmness, discernment and high standards that commends her to the thoughtful and substantial element among the voters. She is possessed of a keen analytical mind, has a large experience, a wide acquaintance, is courteous and yet fearless when confident of the right, resourceful, industrious and direct. She is the kind of a representative who would support legislation only for the reason that it appealed to her judgment as best for the constituency she represents and would honestly and energetically oppose legislation that did not commend itself as being for the public welfare.

Mrs. Bishop's slogan, "I will make an honest effort to relieve the overburdened taxpayer," sounds the clarion call to all who believe that taxes have grown into excessive and burdensome levies, and all who believe in this statement should rally to the support of Mrs. Bishop. She is thoroughly familiar with the weaknesses of the present system that has caused these burdens, is an uncompromising foe of extravagance in public expenditures, favors the abolition of useless commissions and a practical consolidation of the administrative branches of the state government, and is insistent that special funds should be used only for the purposes for which they were created and when that purpose no longer maintains, that the fund be discontinued and tax levies decreased accordingly.

RUSSELL CATLIN

**Republican, Candidate for Nomination for Representative, First
Representative District, Comprising Marion County**

Biography: Born January 2, 1861, New York State. Educated in Illinois. Moved to Seattle, Washington, 1890 and came to Salem in 1896. Engaged in hop business, general ranching and dairying continuously in Marion and Polk Counties for past twenty-six years. Never have held public office of any kind subject to pay. Taxpayer and freeholder in both Salem and County at large.

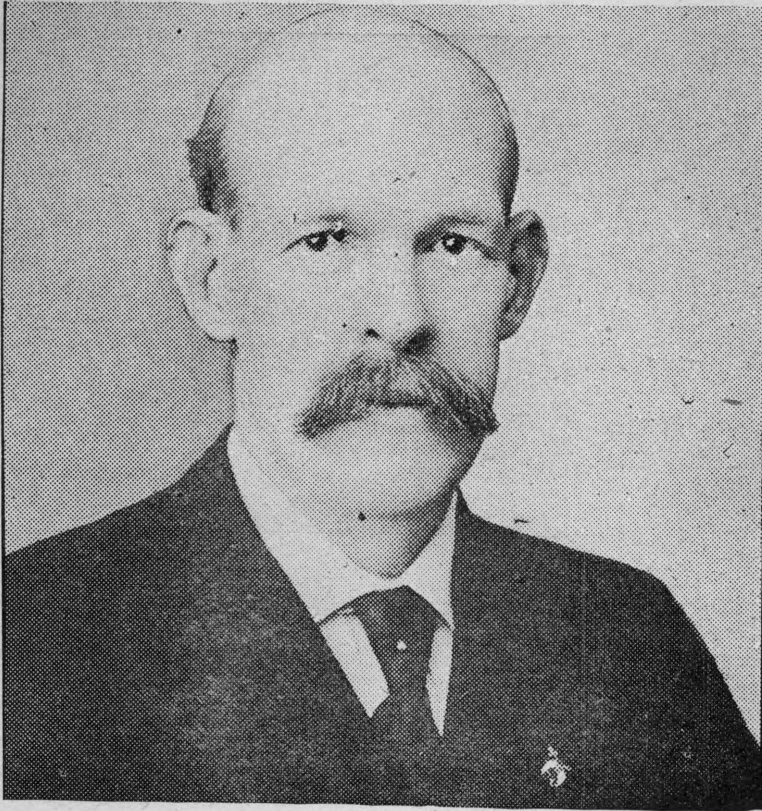

It will be my endeavor to give the State's affairs and legislation the same careful attention that I give to my own personal business. I am unpledged to any class of people, persons, or principles and entirely independent in my thoughts and actions and will discharge my duties without fear or favor if nominated and elected. I am for economy, efficiency and value received in public service, with the application of business methods to state affairs of every kind.

THOS. B. KAY

**Republican, Candidate for Nomination for Representative, First
Representative District, Comprising Marion County**

If nominated and elected I will, during my term of office, use my best endeavor to bring about a lowering of taxation by a reduction in millage tax measures; by eliminating unnecessary boards and commissions and combining them into as few departments as is possible without impairing efficiency in the transaction of the state's business; and in all ways possible to assist in bringing about a return to normal conditions in public policies, at the same time having due regard for the increasing population and progress of our growing commonwealth.

HURLIE L. MOORE

**Republican, Candidate for Nomination for Representative, First
Representative District, Comprising Marion County**

Will favor legislation which has for its object material tax reduction. The same principles which apply to the handling of private business, both large and small, should be applied to the state's business and moneys. Private business has been forced to retrench materially. Why should not the state do likewise?

If elected, my endeavors will be for the elimination of extravagance and waste, no matter who or where it hits.

Being a fairly heavy taxpayer myself, I fully realize that the tax burden must be reduced, even if it becomes necessary to trim and trim hard.

"Good Business" frequently demands the postponement of many proposed improvements until such time as financial conditions warrant. The same rule applies to State affairs. In order to reduce the property tax burden I will favor any feasible plan for raising funds by the adoption of an "Income Tax" bill or any other workable plan.

ZADOC J. RIGGS

**Republican, Candidate for Nomination for Representative, First
Representative District, Comprising Marion County**

I was born in Polk County, Oregon, April 18, 1877.

Have resided in Salem since 1888.

Graduated from the Salem Public Schools in 1894, and completed a three year course at Willamette University, 1897. Graduated from the California College of Pharmacy, 1899.

Have been engaged in the drug business in Salem since 1901, conducting the Capital Drug Store.

My record as a business man as to the matter of economy and progressiveness will be my record as a legislator.

I pledge and stand for:

1. Action instead of promises in tax reduction.
2. The creation of no new offices, boards or commissions, and the consolidation of those we now have.
3. Less laws, less officials, and more departments of state which are self-sustaining, instead of demanding larger appropriations for their support.
4. I will vote for an economical business administration of the state government at all times.

Respectfully submitted,
ZADOC J. RIGGS.

OTTO J. WILSON

**Republican, Candidate for Nomination for Representative, First
Representative District, Comprising Marion County**

Otto J. Wilson. Automobile dealer and farmer.

Born on a farm near Salem, Sept. 28, 1868.

Life long Republican.

Paid taxes on farm and city property for 30 years.

Member Salem city council 1917-1918, mayor Salem 1919-1920. This was the period of high prices yet Salem city taxes were actually lowered; not raised during this time.

I believe the automobile is now paying more than its share of taxes.

Favor fewer and better laws.

I am short on promises but long on performance. It is not what you pay but what you get for what you pay.

If elected I will be your real representative.

OTTO J. WILSON.
