NEW YORK.

HENDERSON'S

AUTUMN

1891.

FORCING BULBS.

We furnish 25 Bulbs of one variety at 100 rates; 250 at 1000 rates.

No charge for packing and shipping.

A FEW OF THE +TESTIMONIALS+

Our Bulbs receive from
Florists :

Highly satisfactory were the Harrisii received from you. We also had some from — but the comparison was much in favor of yours; in fact we selected from your 5, 6, 7's as many as 150 bulbs as good as the 7 to 9's of Mr. — and there was a corresponding excellence in your 7 to 9's. G. BROTHE S—Colo.

We see from the style of bloom that you have a fine strain of Lily of the Valley, and you may book us for 30,000 pips for fall delivery. A. S. M—N. J.

Your Tulips and Hyacinths are A. 1. M. E. A—Mich.

We have a very low offer from —, I have always found your bulbs enough better than theirs to more than cover extra W—& Co.—Colo.

Roman Hyacinths you sent me last fall grand. W. N. P.—Oregon.

Please book me for the following bulbs, those supplied by you last season were the best I have had. W. M. S—N. Y.

The bulbs we got of you last year turned out to be first class and all extra fine. M—& W—Kan.

For two years past I have had most excellent success with your bulbs. My Easter Lilies were exceptionally fine. M. E. K.—Conn.

Enclosed find my order for bulbs for fall delivery. I have not yet received your prices for '91 but I know you will do the best by me you can. The bulbs you sent me last season have turned out very satisfactory. N. S.—& Son.

The freesias you sent me last fall were most satisfactory, they forced splendidly. C. R—Mass.

The bulbs I received from you last fall were first-class. The Bermuda Lilies and Romans have done splendidly. A. W—Ky.

My bulbs you sent me last fall were the best in the city. Mr. — got his bulbs from Chicago and they were almost a failure. M. A. H—Neb.

We are the largest importers, dealers and growers of bulbs in America, and handling the unusually large quantities that we do, and being experienced forcers ourselves, we are in consequence enabled to select **superior stock** at advantageous prices, allowing us to offer Florists **"High Grade Bulbs"** at low rates.

FLORISTS PLEASE TAKE SPECIAL NOTICE! of the time the various bulbs are ready for delivery, and state plainly on your order if you wish them to be shipped as they are ready, or if we shall hold the early bulbs and make one shipment.

Our customary method of shipping (in absence of contrary instructions) is to forward the "Early Bulbs" as soon as they are ready—we term this our **"August, or first shipment"**—this would include Liliun Harrisii and Candidums and Bermuda grown Longiflorums, Freesias, Roman and other French Hyacinths, Paper White and Double Roman Narcissus, Ornithogalum, Anemones, Allium and Callas.

Our **"September, or second shipment"** includes the general line of Dutch bulbs, such as Hyacinths, Tulips, Narcissus, Crocus, etc., etc.

Our **"November, or third shipment"** includes Lily of the Valley, Spirea, Gladiolus, Tuberoses, Pæonias, Amaryllis, Lilies, etc., etc.

HOW MONEY SHOULD BE SENT.

Remittances should be made either in the form of a Money Order, Bank Draft, Express Order, or Registered Letter. Remittances in any other way are entirely at the sender's risk.

PETER HENDERSON & CO.,

Aug. 15th, 1891.

35 & 37 Cortlandt Street, New York.

✻ Florists' Forcing Bulbs, Special Condensed List on yellow pages A and B.

HENDERSON'S RARE & NOVEL BULBS

Rare Hyacinths.

This is a selection of the grandest varieties in cultivation. All have immense, perfect-shaped spikes, and are of the most beautiful colors known in this matchless genus.

SINGLE VARIETIES.

- | | |
|--|--|
| Baron Von Humboldt , rich, black violet; long spike. | Lord Derby , pale porcelain blue; large fine spike |
| Bird of Paradise , showy rich primrose yellow; large, fine spike. | Snowball , pure white, extra fine large bells, compact spike. |
| Cavaignac , very fine, deep salmon, shaded rose; large bells. | Red Solfaterre , brilliant red with orange-yellow centre; fine spike. |

DOUBLE VARIETIES.

- | | |
|--|--|
| Koh-i-Noor , extremely bright rose, immense pyramidal spike. | Delicate , light blue of a charming shade, extra fine |
| Marie de Medicis (Princess Louise), dark red, large, very fine. | Florence Nightingale , pure white, full bells, long spike |

Price for the above "Rare Hyacinths," 25c. each, \$2.50 doz.; or the collection of 10 for \$2.00.

"RARE" TULIPS.

The varieties we offer under this heading are all magnificent varieties, the "cream" of this incomparable family.

SINGLE VARIETIES.

- Adeline**, a lovely and distinct tulip of a satiny rose-crimson, with yellow base.
DeKeyser, a large magnificent scarlet, with bright, clear golden base.
Golden Bride of Haarlem, golden yellow, feathered bright crimson.
Grand Duc de Russie (Fabiola), fine, large and distinct; rosy purple flaked and striped with carnation and white. (*See cut.*)
Koh-i-Noor, very rich dark blood red.
Lac Doree, dark cerise, edged with white; very striking
Monument, very beautiful, red feathered with white.
Viridiflora Præcox, exceedingly novel and beautiful, immense flowers of green and white.

DOUBLE VARIETIES.

- Blanche Hative**, a very fine and large pure white.
Crown of Gold (*Couronne d'Or*), large flower, very double, rich golden.
Lion d'Orange, brilliant, rich, velvety orange

Lady Fitzharding, cherry, rose and white beautiful.

Princess of Wales, bright cerise red, very large and distinct.

Raphael the finest double grown, very large, bluish pink shaded with darker rose. (*See cut.*)

Rubra Maxima, deep, dazzling scarlet, lower half of outer petals flamed with green.

Price, 8 cents each, 85c per doz.; or the set of 15 "Rare" Tulips (1 each of the double and single) \$1.00.

Tulips Grand Duc de Russie and Raphael.

RARE CROCUS.

These fine, new large-flowering Crocus are great improvements over the older varieties. The flowers are nearly twice as large and the colors very rich.

La Majestuese, immense white flowers, striped with lilac blue.

Princess of Wales, splendid, large, pure white.

Garibaldi, (*Purpurea Grandiflora*), rich dark purple, extra large.

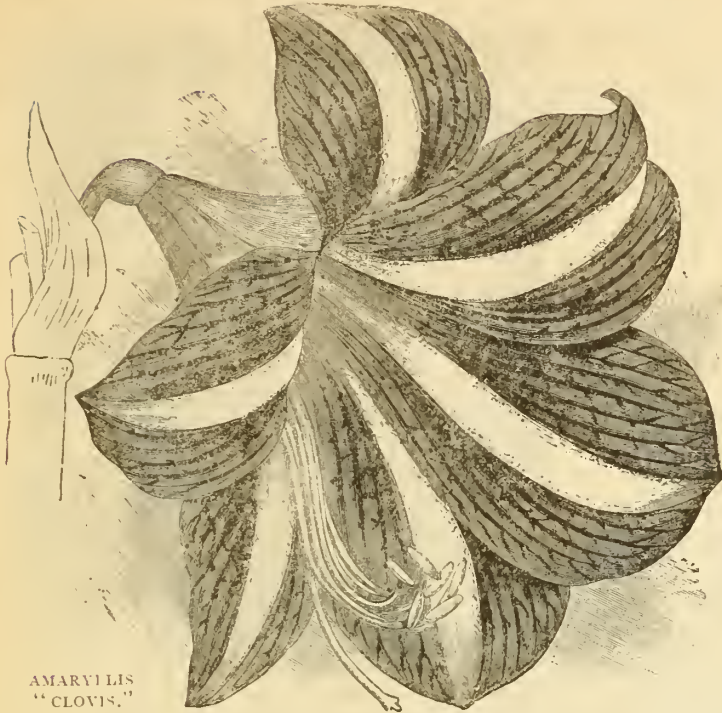

Imperati, bluish white, purple stripes, yellow throat, sweet scented.

Price 20c.
 per doz;
 \$1. per 100.
 \$7. per 1000.

Rare Crocus.

Florists' Forcing Bulbs, Condensed List, on yellow pages A and B.

AMARYLLIS
"CLOVIS."

Clovis. Very fine transparent red, enormous, well opened and well formed flowers with large pure white stripes on each petal. Very fine and vigorous. (See cut.) \$1.25 each.
Etoile. Transparent yellow on white ground, slightly striated and striped with purple; well opened flowers. Vigorous and fine. \$1.75 each.

Amaryllis Unnamed Hybrids.

These will contain many new seedling hybrids of great merit.

White Grounds. Blotched, veined or marked with other colors. 75c. each; \$7.50 doz.
Red Grounds. Blotched, veined or marked with other colors. 75c. each; \$7.50 doz.

The Blue Winter Wind-Flower.

(Anemone Blanda Robusta.)

A new star on the Floral Firmament that is destined to be a great favorite. It was discovered in Asia Minor and it has proved to be a perfect gem and is so highly spoken of by the authorities in horticulture that we cannot describe it better than by giving extracts from their pens:

From "The Garden." "A truly charming spring flower as early as the Snowdrop and Snowflake, and it brightens our borders with its lovely sky-blue flowers long after these spring heralds are past. It produces a larger succession of bloom than any of its allies and from the middle of December in the house until late spring in the garden it is a continual source of interest; hardy as a rock."

From the "Gardener's Chronicle." "This earliest of all Anemones has been very beautiful this spring. A patch in our garden makes a thoroughly spring picture. It is a gem and the earliest spring flower in the open air; commencing the last week in January in open winter."

From W. E. GUMBLETON: "I consider this the earliest and largest flowered of the spring blooming Anemones and among the most beautiful and desirable of all the ornaments of the hardy spring garden. A lot of 150 roots received from the collector in Smyrna are now (March 7, 1891) in full bloom, and when fully opened on a bright, sunny forenoon are exceedingly beautiful. No two are exactly alike but comprise almost all possible shades from pure white to deep corulean blue and some of the flowers have a large and clearly defined pure white centre. Most of the flowers are as large as a crown piece (1½ in. across.) The important fact, that of these lovely plants coming into bloom quite a month or six weeks before any other Anemone, greatly adds to their value, and no spring garden should be without them."

From "The Gardener's Magazine." "What a lovely thing it is! This early spring flower is a great favorite. We like to see it spreading about in big clumps, growing freely and giving no trouble. It wants planting deeply in light sandy soil and then to be left alone. The flowers vary in intensity of color."

From MAX LIGHTLIN: "If potted at intervals from August to September and housed afterwards in the greenhouse they may be had in flower from November to February."

FROM OUR COLLECTOR IN SMYRNA: "Please note that the Anemone Blanda I am supplying you this year is a very fine form I have just discovered and should be christened *Anemone Blanda Robusta*. Its superiority over the older forms is in the larger flowers and smaller leaves. I consider it a great improvement. Colors the same."

Price, 10c. each; \$1.00 doz.; \$6.00 per 100.

NEW DOUBLE AFRICAN LILY.

(*Agapanthus umbellatus fl. pl.*)

A first class novelty. A noble ornament grown in pots or tubs on terraces or piazzas or for the decoration of the greenhouse. Foliage luxuriant and graceful; large heads of double flowers of exquisite blue, borne in clusters of 20 to 30, and measure fully a foot across. The flower stalks frequently attain a height of three feet—the flowers opening in succession for a long period during the Summer and Autumn. Price, \$1.00 each; \$10.00 doz. (Ready in Nov.)

"RARE" AMARYLLIS.

This genus is admittedly the most magnificent of all bulbous plants. The immense flowers, richness of coloring and regal habit are simply incomparable. They throw up spikes from 18 inches to 3 feet high, bearing enormous trumpet shaped flowers, averaging 6 to 10 inches across, of great substance. For pot culture in the window, conservatory or greenhouse, they are well adapted.

Artemisia. Pure white with large vermilion stripes, very splendid flowers, \$1.75 each.

Atalante. Carmine-white, darker in the centre, tinted with light rose on the edges. \$2.00 each

Baffin. Very dark purple-red. Perfection. \$2.00 each.

Oriflamme. White, with large salmon-colored bands, somewhat darker in the centre; large and well opened flowers of a splendid shape. \$1.75 each.

The collection of 6 "Rare Amaryllis" for \$10.00.

THE BLUE WINTER WIND-FLOWER.

COPYRIGHTED BY
PETER HENDERSON & CO
1891

New Large Flowering Japan Spirea.

(*Spirea (Astilbe) japonica nana compacta multiflora.*)

This is a first-class novelty and we thoroughly recommend it. In garden culture, it flowers freely during the summer, and is perfectly hardy; but its great value is when grown in pots for window and greenhouse decoration, and it is indispensable for forcing, for cutting. Its merit consists in compact growth, ample foliage of brilliant green and its wonderfully free production of feathery white flowers borne in plume like panicles of magnificent proportions, will entirely supersede the old variety as the individual flowers and spikes are twice the size and much freer blooming.

It succeeds almost anywhere and with everyone and is destined to extensive popularity. As a florists market plant and for forcing purposes it has a great future before it. (*See cut*) Strong imported clumps ready in November. Price, 25 cents each; \$2.50 per dozen. Postage extra, 10 cts. each.

Golden Variegated Crown Imperial.

A charming plant of stately form, growing about 3 feet high, producing an abundance of rich green foliage—beautifully striped with golden yellow—the large bell shaped pendant flowers of bright red are borne in clusters and are strikingly effective against the beautiful variegated foliage. They are perfectly hardy and should be grown in clumps of 3 or more in a prominent place in the garden or lawn. This variety is also of much value for pot culture and forcing and is worthy of extensive culture. (*See cut.*) Price, 30c. each; \$3 per doz.

CHIONODOXA GIGANTEA.

measure 2 in. and over in length, are of the richest orange and scarlet exquisitely suffused and blended, and borne on stout stems well above the foliage in immense bunches of from 25 to 40 flowers each; these are followed by large round fruits or berries, at first of a rich green which gradually changes to orange and then glossy dark red. Many of the plants were in full flower and fruit at the same time, making them wonderfully ornamental—the plants commence blooming in the early spring and remain in flower for months. They are of very easy culture and of strong healthy growth; and we do not know of anything more beautiful and valuable for the greenhouse or window culture as they do not require a high temperature. They seldom require to be reotted after having attained their full size, and continue to flourish and improve for years.

(We, unfortunately, have not time to get an illustration made for this catalogue and therefore refer you to a small cut of "*Clivia miniatum*" on page 26, an old time favorite, which shows the style of growth but fails to convey any idea of the size and rich beauty of the flowers of "*The New Large Flowered Caffre Lily*" which are double the size of the old type. Ready for delivery in November.)

Price, Flowering Roots, \$1.25 each, by mail, \$1.35.

" Extra Strong Old Roots, \$2.00 each, by mail, \$2.25.

NEW LARGE FLOWERING JAPAN SPIREA.

New Large Flowering Glory of the Snow.

Chionodoxa gigantea. A great acquisition differing from all others of this family by its unusually large flowers of lovely lilac blue with conspicuous white centre. Is thoroughly hardy and a perfect gem for spring decoration producing a lively and charming effect when grown in masses in the garden. When grown in pots for winter flowering it is beautifully effective. (*See cut.*) Price, 5c. each; 50c. per doz.; \$3 00 per 100.

New Large Flowered Caffre Lily

(*Imantophyllum (Clivia) hybridum*)

When in Europe this season, we were much impressed with this plant, which was of such striking beauty that we at once engaged a quantity from the celebrated hybridizer and raiser for this autumn's delivery. If our customers could have seen these magnificent plants as we did, in the full wealth of luxuriant amaryllis like foliage, crowned with innumerable bunches of gorgeous, lycolored flowers, we are sure that our supply would not be equal to the demand. The individual bell-shaped tubular flowers

GOLDEN VARIEGATED CROWN IMPERIAL.

FRITILLARIA AUREA.

(Golden Fritillary.)

A lovely new species, as rare as it is beautiful, bearing large golden yellow bell-shaped flowers which are curiously chequered with minute black brown spots. It is perfectly hardy, beginning to flower in March continuing till May. It is admirably adapted for planting out of doors in shaded nooks, doing well in partial shade. May also be grown in pots for greenhouse or window decoration where its curious flowers prove a constant source of admiration. (See cut.) Price, 3c. each; 75c. per doz.; \$5.00 per 100.

IRIS ALATA.

(Scorpion Iris.)

This is the "Gem" of this beautiful class of plants. The plant only grows about a foot high and its broad leaves much resemble those of the leek. The flowers are very large, measuring 4 to 6 inches across, the ground color of which is a delicate lilac-blue shade with showy blotches of brightest yellow spotted with a darker shade, the whole forming one of the richest combinations of color imaginable. One of the features of this rare plant is that its flowers are produced when our gardens are practically flowerless, commencing to bloom in October and producing a second crop of flowers in December if the weather be not too severe. It is of the easiest culture, but prefers a warm, dry, sunny border. It is admirably adapted for pot culture for greenhouse or window decoration. (See cut.) Price, 15c. each; \$1.50 doz.

Iris Bakeri.

A new and perhaps the most beautiful of the *Iris reticulata* type, the flowers are deliciously violet-scented, standards sky-blue, falls white, spotted and blotched with violet-blue. It is perfectly hardy and one of the earliest of spring flowers, blooming in the open ground in February. For pot culture it is very desirable as it can be had in flower in mid-winter, its orchid-like flowers forming striking objects for greenhouse or window decoration. Price, 50c. each; \$5.00 per dozen.

FRITILLARIA AUREA

wavy at the borders and curled at the smaller end. The spike rising from the centre of the flower is about 10 inches long, velvet like and quite black. The whole plant makes a most stately and elegant appearance. (See cut.) Dry roots, \$1.00 each; \$10.00 per dozen.

Leucojum Trichophyllum.

A new and rare variety, with long, grassy leaves and large, pure white, bell-shaped flowers. Well adapted for planting in sheltered corners of the garden, where if left undisturbed will produce year by year its chaste snow-drop-like flowers in early March and April, when flowers of all kinds are welcome. Price, 15c. each; \$1.50 doz.

Lachenalia Nelsoni.

Lachenalias are among the most distinct and beautiful of dwarf bulbous plants for greenhouse or window decoration—the variety here offered, a new hybrid, is without doubt the finest of the race—producing its large, golden yellow flowers in long racemes with wonderful freedom, making it worthy of extensive cultivation.

LACHENALIA NELSONI.

Bulbs planted in fall produce their wealth of flowers in early spring, and unlike most bulbous plants whose beauty is short-lived, last in flower in a cool house nearly two months. Of the easiest culture, treatment same as for hyacinths suiting them very well. Altogether, one of the most desirable of the newer bulbs. Price, 20c. each; \$2.00 dozen.

IRIS ALATA.

NEW JAPANESE SINGLE PÆONIAS

New Single Japanese Pæonias.

The Paony the "King of Flowers" and "Every Body's Flower" has been one of the greatest favorites for years for lawn and garden decoration. Their great hardiness, ease of culture, luxuriant growth, handsome form and magnificent flowers will always keep them in the front rank of popularity. This new class of "Single Japanese Pæonias" which we have imported direct from Japan, will be a revelation of beauty to most of our customers. They have been produced by some skilful Japanese gardeners after years of careful hybridizing and culture, and the flowers are simply marvellous in point of size, gorgeous and also dainty colors. They measure 7, 8 and 9 inches across, the petals being of great substance and just crinkled enough to give them—in the sunlight—the sheen and effect of crumpled satin. A large bunch of yellow stamens in the centre of each flower—like a golden coronet—greatly adds to the charming effect. There are quite a number of varieties ranging through many delicate and pleasing colors, however, limited our list to six of the most distinct of all.

as well as some that are rich and gorgeous in the extreme. We have, however, limited our list to six of the most distinct of all, which we highly recommend. The Japs are very proud of their elegant single pæonias and hold annual competitive exhibitions. A portion of one we have had engraved from a photo sent by our collector and shows as well as we can in so small space at the top of this page. (Ready for delivery in November.)

- | | | |
|-------------------------------|------------------------------------|-------------------------------------|
| Aai-Hom. Satiny white. | Shimoda. Soft salmon. | Moa-Ma. Rich purplish cherry |
| Maika. Rich crimson. | La-ha. White margined rose. | Matsuma. Silvery rose. |

Price, \$1.25 each; or set of 6 varieties \$7.00. (If by mail add 10c. each extra.)

CORAL PODED PÆONY.

(Pæony Corallina.)

A very beautiful single flowering variety with large rosy crimson blossoms in May, these are followed by very beautiful seed pods which open, displaying an interior of brilliant scarlet color, in which are thickly studded large glossy jet black seeds, these remain on the plant for several weeks; making it an object of great beauty and attraction. Price, \$1.00 each; \$10.00 per doz.

GLOXINIAS.

Some Grand Erect Flowering Varieties.

GLOXINIA.

Gloxinias, as is well known, are the most beautiful flowering plants that we have for the decoration of greenhouse and window during the spring and summer months. They are of easy culture and good bulbs produce from 50 to 100 gorgeous flowers 3 to 4 inches across during their season; as many as twenty are frequently open at one time and the effect is charming. The following six varieties we selected from a large collection in Europe this season as being the most beautiful and distinct; they are all of the erect or "look you in the face" class, as gardeners call them which are now considered so much superior to the pendulous varieties.

- | |
|---|
| Defiance. Glowing crimson scarlet, lustrous and rich. |
| Emperor Frederick. Bright rosy scarlet, bordered with a pure white band, strikingly beautiful. |
| Punctata. Rosy pink, spotted and blotched with white. |
| The Czar. Velvety Cornelean blue with deep white throat. |

Price, 40c. each; \$4.00 per doz., or the set of 6 for \$2.00. (Ready in November.)

CORAL PODED PÆONY.

- | |
|---|
| Purity. Pure satiny white, exquisite. |
| Duke of Connaught. Rich velvety violet; a superb flower. |

Lily of the Valley

IN NOVEL AND HANDSOME FORMS.

Golden Edged Lily of the Valley. This is one of the prettiest ornamental leaved plants that we know. The luxuriant green foliage is distinctly margined and variegated with golden yellow, and even when not in flower it is exceedingly beautiful, but when the graceful stems of modest white flowers are in bloom the effect is exquisite. Price strong pips, 10c. each; \$1.00 per doz.; \$7.00 per 100.

Pink Lily of the Valley. This is a counterpart of the well known white variety excepting that the color is of a delicate rose pink. Unfortunately when grown in the house or under glass it loses its color and comes white, and therefore, to bring out its lovely pink shade it must be grown and established in the open ground. Price, strong pips, 6c. each; 60c. per doz.; \$4.00 per 100.

Double White Lily of the Valley. A very vigorous growing variety with double white flowers. Price, strong pips, 6c. each, 60c. per dozen; \$4.00 per 100.

A collection of the above 3 "Novel and handsome" varieties, 100 pips each, \$14.00; 50 pips, each, \$7.50; 25 pips each, \$4.00; 12 pips each, \$2.00; 6 pips each, \$1.10; 3 pips each, 60c.

GOLDEN EDGED LILY OF THE VALLEY.

New Narcissus.

Narcissus or Daffodils are the favorite flowers of the period and well deserve their wonderful popularity, being of the easiest culture and never failing to produce their chaste and beautiful flowers in season. The two following we selected as the gems of the newer varieties in our large trials of last spring and can highly recommend them. They should be grown about three or four bulbs in a 5 or 6 inch pot; pot in autumn and place in the window or conservatory after they have become thoroughly rooted and they will delight you with their magnificent flowers in winter. They are also perfectly hardy for open ground planting

Narcissus Grandee. Flowers of the largest size with broad snow-white petals and a magnificent yellow tube beautifully imbricated; a flower of great substance and grand for cutting. Price, 30c. each; \$3.00 per dozen.

Narcissus Intermedius Sunset. A remarkably beautiful and distinct variety. The flowers are borne in clusters of four or more and are of the most exquisite fragrance; the petals are canary yellow and the cup rich orange scarlet. (See cut.) Price 15 cts. each; \$1.50 per doz.

12 each of the above two varieties, \$4.25; 6 each, \$2.25; 3 each, \$1.25.

NERINE FOTHERGILLI MAJOR.

Nerine Fothergilli Major.

This is one of the most beautiful bulbous plants for the conservatory or window garden. It is a vigorous grower, flowering with great certainty and producing clusters of large wavy petaled lily-like flowers of the most glittering vermilion scarlet. It blooms at various seasons. It requires potting but seldom and should be left to grow, blossom and increase for several years. As well established plants, when in flower, are simply magnificent. We know of no plant that will give more continued delight than this. (See cut.) Price, \$1.00 each; \$10.00 per dozen.

NARCISSUS INTERMEDIUS SUNSET.

**Henderson's
GENERAL
COLLECTION
OF
BULBS**

CHOICE.

Named Hyacinths.

These grand varieties need no praise, as every one knows them to be the most beautiful of our flowering bulbs for either beds or borders—or for winter blooming in the dwelling-house or conservatory.

Named hyacinths should always be taken in preference to mixed, as the bulbs are much larger, and give finer spikes of flowers.

For new and rare Hyacinths for 1891 see Novelties, page 2.

THE "WATER COLLECTION" OF HYACINTHS

FOR GLASSES

Hyacinths grown in glasses are elegant and suitable ornaments for the parlor or sitting-room, and can be flowered in this way with very little trouble. The following assortment, which we have designated the "Water Collection," is made up of exceptionally beautiful varieties, such as we have found to succeed well when grown in glasses.

SINGLE VARIETIES.

- LORD MACAULAY. Dark Rose changing to crimson, carmine with white centre, fine large truss.
- VICTORIA ALEXANDRINA. Dress crimson, extra fine, large.
- VON SCHILLER. Deep salmon pink striped with crimson, large bells, fine spike.
- ORONDATUS. Porcelain blue, extra fine spike.
- JESCHKO. Dark lilac, large spike, extra fine.
- GEN'L HAVELOCK. Very dark glossy purple, extra.
- LA PLUIE D'OR. Pale yellow, good spike.
- SEMIRAMIS. Waxy cream white, large bells, fine spike.
- GRAND VAINQUEUR. Pure pearly white, fine.

DOUBLE VARIETIES.

- LORD CLARENDON. Dark red, large compact spike, fine bells.
- LA TOUR D'AUVERGNE. Pure white, extra fine, large bells.
- LORD WELLINGTON. Rich blue, striped with lilac, and dark centre.
- BOUQUET D'ORANGE. Orange salmon, fine.

Price, 18c. each; Set of 13, \$1.75 by express, or \$2.00 by mail.

(For Hyacinth Glasses, see last pages of this Catalogue.)

COPYRIGHTED 1889 BY PETER HENDERSON & CO NEW YORK

"GEM" COLLECTION OF HYACINTHS

FOR POT CULTURE

An assortment of magnificent and superb varieties of distinct shades of color and comprising only sorts producing large spikes of bloom. Sure to give the greatest satisfaction for winter flowering in the conservatory or Window Garden.

SINGLE VARIETIES.

- TASSO. Waxy bluish. fine bells and truss
- INCOMPARABLE. Rich blood red, bells tipped green, fine truss.
- LA GRANDESSE. Pure white, extra large bells, compact truss.
- MONT BLANC. Creamy white, fine large truss.
- CZAR PETER. Rich blue, magnificent bells and spike.
- KING OF THE BLUES. Rich blue, magnificent bells and spikes.
- IDA. Pure yellow, extra fine.

DOUBLE VARIETIES.

- LE GRAND CONCURRENT. Beautiful light rose, shaded with pink, grand spike, and very large bell.
- NOBLE PAR MERITE. Fine deep red, large bells and spikes.
- GRAND VAINQUEUR. Pure waxy white, fine truss.
- MAD. DE STAEL. Blush white, rose centre, fine spike.
- BLOCKSBERG. Light blue, marbled, extra large bells.
- GARRICK. Splendid rich purple, large truss.

Price, 18c. each, or entire set of 13 for \$1 75 by express, or \$2.00 by mail

MIXED HYACINTHS IN SEPARATE COLORS.

Mixed Hyacinths are the smaller bulbs selected from the named sorts, and extensively planted for growing in masses either in the garden for spring blooming, or for winter flowering in the greenhouse. They are particularly adapted for cutting. If only a few hyacinths in pots or glasses are to be grown, we advise you to take the Named Varieties. (See cut.)

Six sold at dozen rates; 25 at 100 rates.

If desired by mail, 2c. per bulb or 15c. per doz. extra must be sent to pay postage.

MIXED HYACINTHS.

"HENDERSON'S BULB CULTURE" gives full information about growing Hyacinths in water, pots, or in the flower garden, given free with order of \$4.00 and over.

Florists' Forcing Bulbs, Condensed List, on yellow pages A and B.

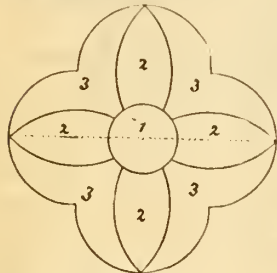

COLLECTIONS OF HYACINTHS FOR BEDS.

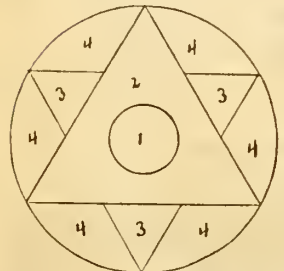

Bed G.

We offer these Sets at prices much below the regular rates, to encourage our customers to plant out beds of Hyacinths more extensively this autumn, knowing they will give unbounded satisfaction.

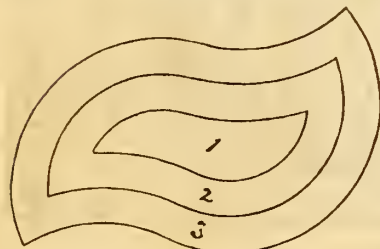

Considering their matchless beauty, rare sweetness, ease of culture and hardiness, it is not surprising that the Hyacinth is the most popular bulb grown. For convenience of those who do not quite understand arranging beds, we have made a selection of sorts flowering together—and of bright contrasting colors—which we are sure will give the best of satisfaction. We have made a selection of **Named Hyacinths**. We can substitute, when desired, **Un-named Hyacinths**, (colors kept separate) in their place, but we strongly advise the named sets, as the bulbs are larger, will give better spikes of flowers and each color being of only one shade, the effect will be much more beautiful.

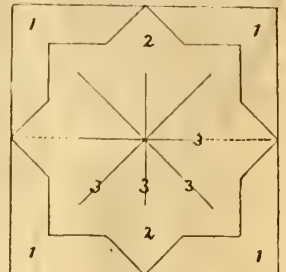

Bed H.

Bed J.

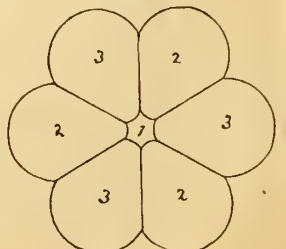

Bed L.

Bed I.

Bed K.

Bed M.

Bed G. Collection 16. Named Hyacinths, bed 15 feet in circumference or 5 feet across, requiring 92 bulbs planted 6 inches apart. Row 1 (the centre)—8, Robert Steiger, dark red. Row 2—12, Herman, yellow. Row 3—18, Bleu Mourant, dark blue. Row 4—24, Baron Von Thuyll, white. Row 5—30, Norma, rose. Price, \$5.50. Un-named Hyacinths for above bed, \$2.75.

The above collections can only be sent by Express or Freight.

 **Florists' Forcing Bulbs, Condensed List, on yellow pages A and B.**

Roman and Miscellaneous Hyacinths.

(Add for postage on Roman Hyacinths at the rate of 10 cents per dozen if wanted by mail)

IMPROVED EARLY WHITE ROMAN HYACINTHS.

The pearly whiteness, delicious perfume, earliness and profusion of bloom, has made this variety exceedingly popular. We sell annually nearly half a million bulbs of this variety alone. Each bulb will throw up two to four spikes of bloom, and they are so easily grown and so early, that if potted in August and September they can be brought into flower in November and December, and by a succession of plantings can be had in bloom throughout the winter. Roman Hyacinths are not hardy enough for open ground culture north of Washington. (See cut.) Price, first size bulbs, (12 to 16 centimeters) 4c. each; 30c. per doz.; \$2.00 per 100; \$18.00 per 1000.

ROMAN HYACINTHS IN COLORS.

Blush Rose Romans, semi-double.	\$1 75 per 100; \$16 00 per 1000
Dark Rose Romans, semi-double...	1 65 " 15 00 "
Blue Romans, semi-double.....	2 00 " 19 00 "
Blue Romans, single.....	1 00 " 13 00 "

DOUBLE WHITE ROMAN HYACINTHS.

\$5.00 per 100; \$45.00 per 1000.

WHITE ITALIAN OR PARISIAN HYACINTHS, AND WHITE MOUNTAIN HYACINTHS.

These are extensively grown by florists for the Paris flower market, as the profusion of bloom, fragrance and graceful spikes render them very popular for cutting purposes. They flower quickly after being potted and deserve to be better known. The bulbs are red skinned and bloom a little later than White Romans. Price, for either the above varieties, 4c. each; 30c. per. doz.; \$2.00 per 100; \$18.00 per 1000.

IMPROVED EARLY WHITE ROMAN HYACINTHS.

MUSK HYACINTHS.

(The true large flowering variety.)

A small growing Hyacinth of a purplish color, emitting when in flower a strong and very agreeable musky odor. Valued for pot culture and well worth growing in clumps in the open ground. Price 10 cts. each; \$1.00 per doz.; \$6.00 per 1000.

GRAPE HYACINTHS.

Very pretty variety producing flowering spikes about 6 inches high, with little round bells so arranged as to resemble a bunch of grapes. Admirable for permanent beds and edgings and partially shaded situations, where they should be planted in groups of one dozen or more, where they will soon spread, and being perfectly hardy will take care of themselves. They are very pretty when grown six in a pot in the house for winter flower-

ing. White Grape Hyacinths, \$1.50 per 100; 25c. per doz.; 5c. each. Blue Grape Hyacinths, 85c. per 100; \$7.00 1000.

VARIEGATED LEAVED TULIPS.

In this distinct class to the finest flowers are added the charms of silver, and golden margined and ribboned foliage. They are thus of double value, and the variegation is in every case distinct and constant, and beds planted with them continue to be interesting and beautiful from earliest spring till the last leaf fades. (See cut.)

DOUBLE VARIETIES.

- Duc van Thol.** Double red and yellow, very early, leaves golden yellow bordered.
- La Candeur.** Fine double white flowers, with silver variegated banded leaves.
- Rex Rubrorum.** Double, crimson flowers, fine silver and red variegated leaves.
- Tournesol.** Double, scarlet red and yellow flowers, leaves fine silver edged.
- Yellow Rose (Geele Roos.)** Double yellow flowers, leaves broadly edged yellow.

SINGLE VARIETIES.

- Feu de l'Empire.** Fine scarlet flowers, with golden yellow variegated leaves.
- La Belle Alliance.** Fine scarlet flowers, leaves edged with a broad silver border.
- Lac Van Rhyn.** Pale rose-violet flowers, white edged, large leaves, broad silver band.
- Yellow Prince.** Golden yellow flowers, broad golden yellow banded leaves, distinct.
- Purple Crown.** Deep, purple maroon flowers, long foliage small fine golden yellow band.
- Standard Royal.** White flowers streaked cerise, fine silver variegated leaves.

Price for any of the above Variegated Leaved Tulips, 9c. each; 80c. per doz., or the collection of 11 sorts 80c.

VARIEGATED LEAVED TULIPS.

Henderson's Choice Single Early Tulips.

Tulips are such universal favorites that it is not necessary to expatiate upon their merits here. Being perfectly hardy, their ease of culture combined with beauty of form and gorgeous coloring render them the most popular bulbs grown for spring bedding, as well as for winter flowering in the greenhouse and window garden. The superior beauty of NAMED TULIPS is not sufficiently known. Many rare varieties do not propagate fast enough to enable us to offer them in mixtures, which is the way the majority of people buy Tulips. Therefore to induce trial of these magnificent sorts, we offer them this season at very low prices.

The letter A, B, C, following the varieties, indicate their earliness of bloom; the A's flower together and are the earliest. B next, etc. The average height in inches is also given to aid in arranging flower beds.

25 sold at 100 rates, but they must be of one variety. If desired by mail, add 5c. per doz. for postage. Where price is 40c. or less per doz., 4c. each; 65c. or less per doz., 6c. each. Special quotations and information given on large quantities of Tulips for planting extensively.

❖ Late or May Flowering Single Garden Tulips. ❖

This group differs from the Early Single Tulips by their taller growth and later bloom, planted in conjunction with the early tulips—on page 12—a gorgeous display of bloom can be enjoyed until late in May. They are brilliant in the extreme for bedding purposes. Their flowers are very large, symmetrically formed and their magnificent colors with interesting and delicate featherings and markings make a sight not soon to be forgotten, particularly when bedding out in quantity. They are very hardy and do well through all sorts of weather.

PARROT OR DRAGON TULIPS.

Immense attractive flowers; very singular and picturesque forms and brilliant colors. The petals are curiously fringed or cut; they form extravagantly showy flower beds, are of endless variety of form and color, and should be grown in every flower garden in quantities.

Admiral de Constantinople. Large red flowers, tipped with orange.

Monstre Rouge. Very handsome large deep crimson scarlet.

Price of any of above, 4 varieties; 3c. each; 30c. per doz.; \$2.00 per 100; \$18.00 per 1000.

Parrots. Finest mixed colors, 25c. per doz.; \$1.00 per 100; \$8.00 per 1000.

Breeders. Late flowering tulips—with immense flowers of solid colors—including scarlet, crimson, violet, etc.

Choice mixed, 25c. per doz.; \$1.50 per 100; \$12.00 per 1000.

Violet Byblœmens. (See colored figure on front cover of Retail Catalogue.) Blotched, striped or feathered, with blue, lilac, violet, purple or black. Choicest mixed, 25c. per doz.; \$1.50 per 100; \$12.00 per 1000.

Bizarres. (See colored figure on front cover of Retail Catalogue.) Grand rich flowers of perfect shape, having a yellow ground color, feathered or striped with crimson, purple or white. Choicest mixed varieties, 25c. per doz.; \$1.00 per 100; \$8.00 per 1000.

Rose Byblœmens. Magnificent flowers, the perfection of form, having a white ground color with beautiful stripes and markings of crimson, pink and scarlet or rose. Mixed varieties, 25c. per doz.; \$1.50 per 100; \$12.00 per 1000.

Scarlet Gesneriana. (Hortensis.) (See colored illustration on front cover of Retail Catalogue and the picture of bed of them shown on this page.) The tallest, largest flowered, and showiest of all tulips for bedding out in masses, it deserves to be largely grown, and should be in every garden in large quantities. Height, two feet. Flowers in May. Flowers of enormous size, on strong stems, the most durable of all Tulips, as it holds its beautiful color and keeps perfect several weeks. Color, rich crimson scarlet with glittering blue black centre. 25c. per doz.; \$1.25 per 100; \$11.00 per 1000.

Yellow Gesneriana. Similar in all respects to the Scarlet Gesneriana offered above, excepting in color, which is of a rich, bright effective yellow. If you want a gorgeous display in May of large, luxuriant tulips, plant liberally of these two varieties. 40c. per doz.; \$2.50 per 100.

Various Odd and Novel Tulips.

Greigii. Called by some the "Queen of Tulips." A very handsome and distinct species; flowers very large of brilliant orange scarlet, with a yellow and black centre. The foliage is oddly spotted with dark maroon. Price, 40c. each; \$4.00 per doz.; \$25.00 per 100.

Oculus Solis, or Sun's Eye Tulip. A very novel, beautiful and showy variety, dazzling fiery red, with black eye. 8c. each; 75c. per doz.; \$4.00 per 100.

Large Flowering Sweet Scented Florentine. A fine variety for either pots or garden. Color, yellow. The flowers emit the odor of violets. 6c. each; 50c. per doz.; \$4.00 per 100.

Florists' Forcing Bulbs, Condensed List, on yellow pages A and B.

HENDERSON'S SUPERB NARCISSUS.

Daffodills, Daffadillies, Daffadowndillies.

The wonderful creations in the way of new varieties, has awakened an interest and enthusiasm among the lovers of flowers that has placed this, "The Flower of the Poets," in the front rank of popularity, and they merit all the praise that can be bestowed upon them. Appearing, as they do, just after bleak winter, they turn our gardens, lawns and woodlawn walks into gorgeous masses of gold and silver, with a fragrance that is enchanting. They are equally valuable for growing in pots for winter flowering, and some of the varieties are forced in immense quantities by florists for cut flowers in winter. Narcissus are of the easiest culture, and all excepting the Polyanthus varieties on page 20 are perfectly hardy. Our collection has been much enriched and embraces in addition to the old favorites, many new varieties, including the magnificent new hybrids. We are also importing direct from China, some of the genuine and wonderful "Chinese Oriental Narcissus," called by the natives "Joss Flower," or "Flower of the Gods." (See page 20.)

Giant Flowered Narcissus or Daffodils.

NOTE.—In describing Narcissus we have referred to the "perianth" and "trumpet," the latter is the long centre funnel-like tube and the "perianth" is the surrounding row of petals or leaves.

(If desired by mail add at the rate of 10c. per doz. for postage.)

Ard-Righ or Irish King. This is the earliest and most vigorous "Giant Trumpet Daffodil" in cultivation. Fine bold flowers of immense size. Color, both of perianth and trumpet, full rich yellow. It is an extra sort for pot culture and forcing. 15c. each; \$1.25 per doz.; \$7.00 per 100; \$68.00 per 1000.

Emperor. One of the finest Daffodils in cultivation, entire flowers of the richest yellow, trumpet of immense size, and the petals of the perianth are so broad they overlap and measure $3\frac{1}{2}$ inches across. 50c. each; \$5.00 per doz.; \$35.00 per 100.

Golden Spur. One of the grandest Daffodils, with extra large, bold, rich yellow flowers; foliage very broad and striking. It is of unusual robust habit and unsurpassed for gardens or forcing. (See cut.) 10c. each; \$1. per doz.; \$6. per 100; \$55. per 1000.

Golden Plover or Golden Princeps. Perianth and trumpet of rich golden yellow. Nearly as early for forcing as Ard-Righ, and as large as Golden Spur. Extra fine. 10c. each; \$1.00 per doz.; \$6.00 per 100.

GIANT NARCISSUS GOLDEN SPUR.

Vase of various types of Daffodils

They are all excellent for cutting, lasting in water from 10 to 12 days.

Henry Irving. A magnificent flower, with long beautifully frilled trumpet, nearly two inches wide at the mouth, of rich golden yellow color. The petals of the perianth are very wide, overlapping, color bright yellow, a most perfect flower and received a first-class certificate. 15c. each; \$1.50 per doz.; 10.00 per 100.

Sir Watkin. "The Giant Chalice Flower," or "Big Welshman." Immense flowers, sometimes measuring $5\frac{1}{2}$ inches across, being the largest variety grown. Color a rich sulphur, with a yellow trumpet tinged with orange. 45c. each; \$4.50 per doz. \$30.00 per 100.

(For some new and rare Narcissus see novelties.)

COLLECTIONS OF GIANT NARCISSUS OFFERED ON THIS PAGE.

No. 71—72 bulbs,	12 each of the 6 sorts,	\$13 00

" 73—6 "	1 " " "	1 75

If desired by mail add at the rate of 10 cts. per dozen for postage.

Henderson's Bulb Culture gives full instructions about growing Narcissus, both in the house and in the garden, and also tells how to grow all bulbs for winter flowering in the window, greenhouse or conservatory, or spring flowering in the garden; it also treats on summer flowering bulbs—tells how to force bulbs, etc., etc. It is given free with orders of \$4.00 and over.

 Florists' Forcing Bulbs, Condensed List, on yellow pages A and B.

HALE'S
"Beaten Gold"
NARCISSUS

NARCISSUS
OR
DAFFODILS.

LARGE TRUMPET VARIETIES.

All Narcissus on this page are hardy for garden planting, and excellent for Winter flowering in the house.

All the Trumpet Daffodils are prized for pot culture, flowering in the house with the Hyacinth, and should be cultivated in the same way, three roots at least, in a 4 or 5 inch pot. The cut flowers of Daffodils are much in demand for bouquets and vases.

ALL YELLOW TRUMPET NARCISSUS.

(If desired by mail, add at the rate of 10c. doz. for postage.)
Hale's Beaten Gold or Maximus. Very large flower of rich yellow. Remarkable for an elegantly twisted perianth; trumpet deep golden, large and well flanged. (See cut.) 15c. each; \$1.50 per doz.; \$10.00 per 100.

Obvallarius. The famous "Tenby Daffodil." Elegantly formed medium-sized flower of rich yellow. One of the earliest and best for forcing. 4c. each; 40c. per doz.; \$2.25 per 100; \$20 per 1000.

Trumpet Major. Flowers large and almost of a uniform deep golden. Highly prized as an early forcing sort. 4c. each; 35c. per doz.; \$2.00 per 100; \$17.50 per 1000.

ALL WHITE TRUMPET NARCISSUS.

(If desired by mail, add at the rate of 10c. doz. for postage.)

Albicans. The "White Spanish Daffodil." Creamy white, with a silvery white trumpet, slightly flushed with primrose and elegantly recurved at the brim. 25c. each; \$2.50 per doz.; \$18.00 per 100.

Bishop Mann. The earliest and tallest white Daffodil. Entire flower, perianth and trumpet snow white. Healthy and vigorous grower. Splendid for either winter flowering in pots or for out of door culture, scarce and rare. 40c. each; \$4.00 per doz.; \$30.00 per 100.

Pallidus Præcox. The "White Pyrenees Daffodil." One of the earliest and most beautiful varieties. Both trumpet and perianth are clear sulphur white. Was awarded a First Class Certificate by the London Royal Horticultural Society. One of the best for forcing. 5c. each; 50c. per doz.; \$2.50 per 100; \$22.00 per 1000.

TWO COLORED (White and Yellow) TRUMPET NARCISSUS.

(If desired by mail, add at the rate of 10c. doz. for postage.)

Dean Herbert. A beautiful new variety, with very large, wide bright yellow trumpet and creamy white perianth, very distinct. 20c. each; \$2.00 per doz.; \$12.00 per 100.

Empress. A magnificent, large variety, bold and erect. A rare beauty. Some give this the palm of being the best of the two colored trumpets, perianth white and of great substance, trumpet rich yellow. 40c. each; \$4.00 per doz.; \$30.00 per 100.

Horsfieldi. The "Queen of the Daffodils." Very large flowers of pure white, with rich, yellow trumpet. Very stately and beautiful, and one of the most elegant for ladies' corsage wear. This magnificent flower was raised by a Lancashire weaver—JOHN HORSFIELD, and it has made him famous. 25c. each; \$2.50 per doz.; \$18.00 per 100.

Princeps. This is one of the most popular winter flowering and forcing varieties grown. Flowers large, perianth sulphur, with an immense rich yellow trumpet. 5c. each; 50c. per doz.; \$2.25 per 100; \$20.00 per 1000.

Scoticus. The "Scotch Garland Flower," or "Large Flowering Lent Lily." Large flowers of creamy white, bright yellow trumpet, elegantly flanged and serrated. 3c. each; 30c. per doz.; \$2.00 per 100; \$17.00 per 1000.

COLLECTIONS OF LARGE TRUMPET NARCISSUS OFFERED ON THIS PAGE.

No 74—132 bulbs,	12 each of the 11 varieties on this page,	\$17.50.
" 75— 66 "	6 " " " " " "	9.00.
" 76— 33 "	3 " " " " " "	5.00.
" 77— 11 "	1 " " " " " "	2.00.

NARCISSUS PALLIDUS PRÆCOX.

All *Narcissus* on this page are perfectly hardy for garden planting, and equally adapted for winter flowering in the house.

MEDIUM TRUMPET NARCISSUS, Or Eucharis-Flowered Daffodils.

(If desired by mail add at the rate of 10 cts. per dozen for postage.)

ALL YELLOW VARIETIES.

Figaro. A grand variety with large flowers $3\frac{1}{2}$ inches across; perianth lemon yellow, the petals of which are very broad. Cup deep rich yellow edged with reddish orange. Price, 4c. each; 40c. per doz.; \$2.25 per 100; \$20.00 per 1000.

Leedsii. Beautiful flower, bright yellow cup, heavily stained orange scarlet. Price, 3c. each; 30c. per doz.; \$1.75 per 100; \$15.00 per 1000.

TWO COLORED (White and Yellow) VARIETIES.

Lorenzo. A beautiful variety with white perianth—the petals of which are unusually broad and the whole flower large. Cup canary yellow. (See cut.) Price 6c. each; 60c. per doz.; \$4.00 per 100.

Stella. White star-shaped flower with distinct yellow trumpet; very beautiful and one of the most popular forcing and cutting varieties for the London Covent Garden flower market. Price 3c. each; 30c. per doz.; \$1.25 per 100; \$10.00 per 1000.

ALL WHITE VARIETY.

Circe. (Gloriosus). Fine pure white, the trumpet is slightly tinted with light straw. Price, 4c. each; 35c. per doz.; \$2.00 per 100; \$19.00 per 1000.

The collection of "Eucharis-Flowered *Narcissus*," 5 varieties, 12 each, \$1.75; 6 each, \$1.00; 3 each, 65c. By mail 10c. per doz. extra

LORENZO. Type of the Medium Trumpet Varieties.

HOOP PETTICOAT,

Or Medusa's Trumpet Narcissus.

Bold and shapely flowers. They are gems for pot culture and bear from 6 to 12 flowers to each bulb. For planting in groups around the edges of lawns and especially for edgings for beds this class is superbly adapted.

ALL YELLOW VARIETY.

Bulbocodium. The "Large Yellow Hoop Petticoat," rich golden yellow. (See cut.) Price, 4c. each; 40c. per doz.; \$2.25 per 100; \$21.00 per 1000.

SULPHUR YELLOW VARIETY.

Citrus. The "Large Sulphur Hoop Petticoat," large sulphur flowers, unique and beautiful for pot culture and cutting. Price, 4c. each; 40c. per doz.; \$2.25 per 100; \$21.00 per 1000.

BULBOCODIUM.

Type of Hoop Petticoat Varieties.

ALL WHITE

VARIETY.

Monophyllus. (Clusii). The "Algerian White Hoop Petticoat," pure snow white, very early, will bloom at Christmas if potted in September. Price, 8c. each; 75c. per doz.; \$5.00 per 100.

The collection of "Hoop Petticoat *Narcissus*," 3 varieties, 12 each, \$1.50; 6 each, 80c.; 3 each, 5c. By mail 45c. per doz. extra.

THE TRUE POET'S DAFFODILS.

Narcissus with miniature saucer shaped cups.

(If desired by mail add at the rate of 10 cts. per dozen for postage.)

ALL YELLOW VARIETY.

Vanessa. Perianth yellow shading to primrose, cup yellow. A perfect flower. Price, 15c. each; \$1.50 per doz.; \$10.00 per 100.

TWO COLORED (White and Yellow) VARIETIES.

Biflorus. Twin flowers borne on one stalk; pure white with yellow cup. Price, 3c. each; 20c. per doz; \$1.00 per 100; \$8.00 per 1000.

Poeticus. The "Pheasant's Eye," or "Poet's *Narcissus*," pure white flower with orange cup edged with crimson. Splendid cut flower. Price, 2c. each; 15c. per doz.; 60c. per 100; \$4.50 per 1000.

Ornatus. The improved "Poeticus," large, beautifully formed, pure white flowers with saffron cup tinged with rosy scarlet. A magnificent cut flower; very early. (See cut.) Price, 4c. each; 35c. per doz.; \$2.00 per 100; \$18.00 per 1000.

The collection of "Poet's *Narcissus*," 4 varieties, 12 each, \$2.00; 6 each, \$1.10; 3 each, 60c.

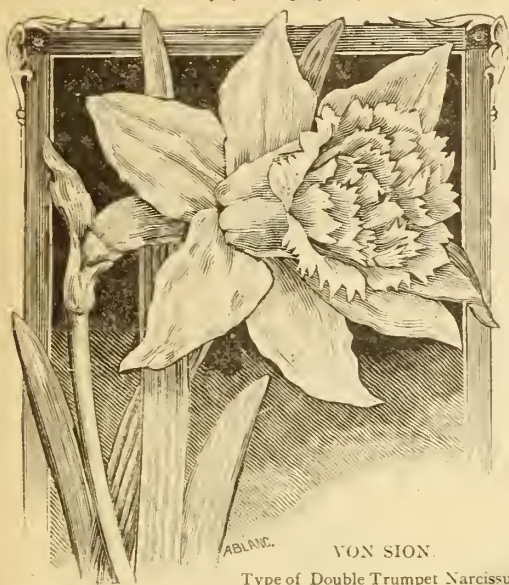

POETICUS ORNATUS. Type of the Poet's Varieties.

Florists' Forcing Bulbs, Condensed List, on yellow pages A and B.

DOUBLE NARCISSUS OR DAFFODILS.

All Narcissus on this page are perfectly hardy for garden planting, and equally well adapted for flowering in the house in the winter.

ABL.M.C. VON SION.
Type of Double Trumpet Narcissus.

No collection is complete without some of the double flowering sorts. They are invaluable for pot culture in the Winter, most of them producing massive flowers. Put 3 to 6 bulbs in a 4 or 5 inch pot. They should be planted largely for naturalizing in places on the lawn, in corners, around the edges of shrubbery, along woody walks and drives. Where they can be left undisturbed for several years they add beauty and interest and are more effective in a half wild setting than in formal beds.

DOUBLE TRUMPET DAFFODILS.

(If desired by mail, add at the rate of 10c. per doz. for postage.)

ALL YELLOW VARIETIES.

Von Sion. (Telamonius Plenus.) The famous "Old Double Yellow Daffodil." Rich golden yellow flower and trumpet, one of the best forcing sorts, immense quantities being grown for this purpose both in Europe and America. See cut. 4c. each; 40c per doz.; \$2.50 per 100; \$22.00 per 1000.

Rosea Plenissimus. "The Great Rose Flowered Daffodil called by old authors, the "Glory of Daffodils," now very scarce and rare. The blooms are of immense size. The largest and richest yellow of any—very early. 40c. each; \$4.00 per doz.; \$25.00 per 100.

TWO COLORED (Yellow and White) VARIETY.

Pseudo-Plenus, the "Double Lent Lily," or "Silver and Gold Double Daffodil." Color. silver white and rich yellow, very beautiful. 10c. each; \$1.00 per doz.; \$6.00 per 100.

ALL WHITE VARIETY.

Cernuus Plenus Elegantissimus, the "Double White Swan's Neck Daffodil." Beautiful waxy white, very rare, \$1.25 each; \$14.00 per doz.

DOUBLE PEERLESS NARCISSUS Or Camellia Flowered Daffodils.

(If desired by mail, add at the rate of 10c. per dozen for postage.)

YELLOW VARIETIES.

Incomparable, Fl. Pl. "Butter and Eggs." Full double flowers of rich yellow, with orange nectary, splendid forcing variety. 3c each; 25c. per doz.; \$1.00 per 100; \$9.00 per 1000.

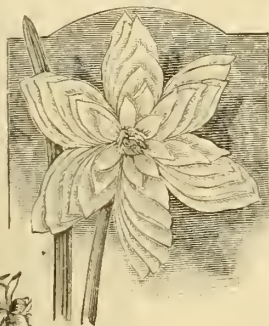

Pumilus Plenus. A very dwarf sweet scented variety, flowers very double, of rich golden yellow and very sweet scented. 15c. each; \$1.50 per doz.; \$10.00 per 100.

WHITE GARDENIA FLOWERED VARIETY.

Alba Plena Odorata. "The Double White Poet's Narcissus." Snow-white Gardenia like flowers—exquisitely scented. 3c each; 25c. per doz.; \$1.25 per 100; \$10.00 per 1000.

INCOMPARABLE, FL. PL.
Type of Double Camellia Flowered Narcissus.

CAPAX PLENUS.

ORANGE PHOENIX.

Type of Double Camellia Flowered Narcissus.

TWO COLORED (White and Yellow) VARIETIES.

Orange Phoenix. "Eggs and Bacon." Beautiful double white flowers with orange nectary. Splendid for pot culture and cutting. See cut. 5c each; 50c. per doz.; \$3.00 per 100; \$28.00 per 1000.

Sulphur (or Silver Phoenix.) "Codlins and Cream." Large creamy white flowers with sulphur nectary. Exquisite corsage flower—and fine for pots. 18c. each; \$1.75 per doz.; \$14.00 per 100

GEMS AND KNICK-KNACKS IN DOUBLE NARCISSUS.

Capax Plenus. "The Queen Ann's Double Daffodil" or "Eystettensis." Rare and beautiful. Flowers of a pale lemon, consisting of six rows, each containing six petals, as per cut. 25c. each; \$2.50 per doz; \$16.00 per 100.

Rip Van Winkle. A perfect little gem. The double flowers are of a rich golden yellow; the petals being pointed and twisted, resembling a Japanese Chrysanthemum. 8c. each; 75c. per doz.; \$5.00 per 100.

Collection of Double Narcissus, 12 each of 10 varieties, offered on this page, (*Cernuus Plenus omitted*) \$12.00; 6 each, \$6.15; 3 each, \$3.25; 1 each, \$1.25

Florists' Forcing Bulbs, Condensed List, see yellow pages A and B.

THE CHINESE SACRED NARCISSUS.

The Chinese Sacred or Oriental Narcissus.

(A variety of Polyanthus Narcissus.)

The "Shui Sin Far," or Water Fairy Flower; Joss Flower, or Flower of the Gods, etc., as it is called by the Celestials, is a variety of Narcissus, bearing in lavish profusion, chaste flowers of silvery white with golden yellow cups; they are of exquisite beauty and entrancing perfume. It is grown by the Chinese according to their ancient custom, to herald the advent of their new year, and as a symbol of good luck.

The bulbs are grown by a method known only to themselves, whereby they attain great size and vitality, ensuring luxuriant growth and immense spikes of flowers; in fact, the incredibly short time required to bring the bulbs into bloom (four to six weeks after planting), is one of the wonders of nature. "You can almost see them grow," succeeding almost everywhere and with everybody. They do well in pots of earth, but are more novel and beautiful grown in shallow bowls of water, with enough fancy pebbles to prevent them from toppling over when in bloom. A dozen bulbs started at intervals, will give a succession of flowers throughout the winter. (See cut.)

We are importing direct from China, immense bulbs of the true, large flowering variety. Price, 12c. each; \$1.25 per doz.; \$9.00 per 100; \$85.00 per 1000.

JONQUILS.

Much prized for their charming, large golden and deliciously sweet scented flowers, perfectly hardy, and flowering very early in the spring, also admirably adapted for winter flowering in the house; 3 to 6 bulbs in a 4 or 5 inch pot.

Double yellow, 4c. each; 35c. per doz.; \$2.50 100; \$24.00 1000.

Single yellow, 2c. each; 20c. doz.; 90c. 100; \$8.50 1000.

Campanelle, 2c. each; 20c. doz.; \$1.00 100; \$9.00 1000.

 Florists' Forcing Bulbs, Condensed List, on yellow pages A and B.

POLYANTHUS NARCISSUS.

Or Bunch Flowered Daffodils.

The *Polyanthus* varieties of *Narcissus* are not only beautiful but deliciously sweet scented and of the easiest culture; very free-flowering and suitable for window garden, conservatory or garden, continuing long in bloom.

(If desired by mail, add for postage at the rate of 15c. per dozen.)

YELLOW VARIETIES.

Grand Soliel d'or. Rich yellow with reddish orange cup—a favorite bedding and cutting variety. 5c. each; 50c. per doz.; \$3.00 per 100;

TWO COLORED (Yellow and White) VARIETIES.

States General. Clusters of white flowers with citron colored cups shading to white. Very early. 4c. each; 40c. per doz.; \$2.25 per 100; \$20.00 per 1000.

Double Roman. Clusters of white flowers with double citron colored cups—it is very early and grown principally and largely for forcing. 3c. each; 20c. per doz.; \$1.00 per 100; \$8.00 per 1000.

Gloriosus. Immense trusses of pure white with primrose colored cups. Very early; splendid for force. 6c. each; 60c. per doz.; \$3.25 per 100; \$30.00 per 1000.

Grand Monarque. Large white flowers with lemon yellow cup; can be successfully grown in water, like the "Chinese Sacred" mentioned below. 5c. each; 75c. per doz.; \$4.00 per 100; \$36.00 per 1000.

WHITE VARIETIES.

White Pearl, True. (Louis Le Grande.) Large pure satiny white flowers. Exquisite. 6c. each; 50c. per doz.; \$2.75 per 100; \$25.00 per 1000.

Paper White. (Totus Albus.) Pure snow-white flowers in clusters. This variety is perhaps more largely forced for cut flowers than any other, millions of them being used for the large flower markets of the world. 3c. each; 20c. per doz.; \$1.00 per 100; \$8.00 per 1000.

Paper White Large-Flowered. (Totus albus grandiflorus.) This new variety is of vigorous growth and early bloom, with immense individual flowers and larger truss. For forcing or early decorative purposes and for cut bloom at Christmas it is invaluable. (See cut.) 3c. each; 25c. per doz.; \$1.25 per 100; \$11.00 per 1000.

Mixed Polyanthus Narcissus. 3c. each; 20c. per doz.; \$1.50 per 100; \$12.00 per 1000.

Large Flowering Paper White
Narcissus, Type of
Polyanthus Narcissus.

JONQUILS.

(If wanted by mail, add 15c. per 100 for postage.)

NARCISSUS or DAFFODILS.

COLLECTIONS OF INEXPENSIVE VARIETIES.

For growing in masses in flower borders and grass, or to naturalize by woodland walks, in woods and shrubbery, and by streams and lakes. We strongly recommend them, all being vigorous, free growing varieties.

Collection of Hardy Narcissus for Naturalizing and Flower Borders. Contains 1,000 bulbs, 100 each of 10 distinct and beautiful varieties, as follows:

Medium Trumpets, viz.: Leedsii, yellow. Stella, white and yellow. Poeticus, white red tipped cup. Large Trumpets, viz.: Trumpet Major, yellow, Pallidus Præcox, white. Scoticus, white, yellow trumpet. Double Varieties, viz.: Incomparable, yellow. Orange Phoenix, white and yellow. Alba Plena, white. Double Trumpet, viz.: Von Sion, yellow. 1,000 bulbs in all. **Price, \$17.00**; or one half of the collection, \$8.75; or one quarter, \$4.50.

Mixed Hardy Narcissus. These we offer at an exceptionally low price to encourage liberal plantings for beds, borders and for naturalizing in shrubbery, etc. They are perfectly hardy and will flourish and increase. The mixture includes both double and single varieties. Price, 25c. per doz.; \$1.50 per 100; \$12.00 per 1000.

Collection of Narcissus for Winter Blooming in the greenhouse, conservatory, window, or cold-frame in quantity for cutting purposes or decoration in pot, 1200 bulbs, 100 each of 12 varieties best winter flowering and forcing sorts, as follows:

Medium Trumpets, viz.: Stella white, yellow cup. Leedsii, all yellow; Poeticus Ornatus, white, red tipped cup. Large Trumpets, viz.: Obvallarius (or T. Major if desired), yellow. Pallidus Præcox, white. Scoticus, white and yellow. Double Varieties, viz.: Von Sion, yellow. Orange Phoenix, white and yellow. Alba Plena, white. Polyanthus Varieties, viz.: Grand Soleil d'Or, yellow. Paper White, all white. Double Roman, white and yellow. 1200 bulbs in all. **Price, \$21.00** or one half of the collection for \$11.00; or one quarter for \$6.00.

Spring Flowering Crocus.

The Crocus is one of the earliest flowers of spring, and occupies a prominent place in every garden. When planted as an edging in tripple lines of one or more colors, the effect is striking. In lawns and pleasure parks, planted in the grass, it is extremely effective.

(If desired by mail add at the rate of 15c. per 100 for postage.)

CHOICE NAMED LARGE-FLOWERED CROCUS.

Albion, striped white and blue
Caroline Chisholm, fine white.
Cloth of Gold, yellow and brown.
Cloth of Silver, white and lilac.
Ne Plus Ultra, blue and white.
David Rizzio, dark purple large.
Prince Albert, brilliant purple.

Queen Victoria, pure white
Sir Walter Scott, striped blue and white
Versico or, white, richly striped purple yellow throat.
La Majesticeus, large striped.
Princess of Wales, white.

Price of any of the above Named Crocus, 15c. doz.; 45c. per 100; \$3.50 per 1000.

Mammoth Yellow, 20c. doz., \$1.00 per 100; \$8.00 per 1000.

Purpurea Grandiflora, 15c. doz.; 60c. per 100; \$5.00 per 1000.

Imperati, 25c. doz.; \$1.50 per 100; \$12.00 per 1000

Autumn Flowering Crocus — Parkinsoni.

CROCUS IN MIXED COLORS.

White, mixed; Blue, mixed; Variegated, or striped mixed. Price of any of the above Mixed Crocus in separate colors, per doz., 9c.; per 100, 30c.; per 1000, \$2.50.

Crocus Mixed, all colors, 8c. doz.; 30c. 100; \$2.00 1000.

Crocus Yellow, 8c. per doz.; 45c. per 100; \$3.50 per 1000.

AUTUMN FLOWERING CROCUS.

(Meadow Safron)
 Colchicum Autumnale.

Flowers in the fall, the leaves appearing the following spring. Shades of white, purple, rose, striped, etc. Mixed, 5 cents each; 35c. doz.; \$2.50 100.

Parkinsoni, a beautiful rare variety from the Greek Archipelago, flowers white, tessellated and barred with purple; very odd. (See cut.) 12c. each; \$1.25 doz.; \$9.00 100.

Amaryllis Johnsoni.

Amaryllis Formosissima.

ACHIMENES.

(Ready in November.) These are splendid and profuse summer blooming plants for the conservatory or warm window decoration; flowers of many charming colors, ranging through all shades from white to crimson, including many beautifully spotted. (See cut.)

Mixed Varieties. 12c. each; \$1.25 doz.

AGAPANTHUS.

The Great African Lily.

(Ready in November.) These are noble ornaments on lawns in pots or tubs on terraces or piazzas or for the decoration of the greenhouse. Foliage luxuriant and graceful; flowers borne in clusters of 20 to 30, and measure fully a foot across. The flower stalks frequently attain a height of three feet—the flowers opening in succession for a long period during the Summer and Autumn.

Add for postage 10c. each extra.

Umbellatus. The old favorite; flowers bright blue. 18c. each; \$2.00 per doz.

Umbellatus Albus. A beautiful white variety. 60c. each; \$6.00 per doz.

Umbellatus fl. pl. (See novelties.) \$1.00 each; \$10.00 per doz.

ALLIUM.

The varieties we offer are among the most beautiful for pot culture or garden decoration. They are of the easiest culture.

Azureum. Truly beautiful either for pot or garden culture, being quite hardy, flowers deep azure blue, borne in large umbels, height, 1 to 2 feet. 20c. each; \$2.00 per doz.

Aureum (Molly or Golden Allium.) One of our most showy border plants, perfectly hardy, bearing large umbels of golden yellow flowers in June. A very old favorite, and fine for naturalizing in the garden, where it forms large clumps; height, 1 foot. 3c. each; 30c. per doz.; \$2.00 per 100.

Hermitti Grandiflorum. A splendid winter flowering and forcing variety; the flowers last a long time after being cut. The flowers are large, of immaculate whiteness, and continue to bloom from December to the end of April. (See cut.) 5c. each; 50c. per doz.; \$3.50 per 100.

Neapolitanum. Another excellent variety for winter flowering, now extensively forced by florists for cut flowers, borne in large loose umbels, height, 15 to 18 inches. 2c. each; 20c. per doz.; \$1.00 per 100.; \$7.00 per 1000.

Ostrowskianum. (See novelties.) A beautiful new species with large umbels of rose colored flowers. 20c. each; \$2.00 doz.

ALSTROMERIA.

Peruvian Lilies. (Ready in November.) Tuberos-rooted plants with beautiful, large, lily-like flowers, of great beauty, borne in clusters during the summer; they are splendid for cutting, being of much substance

and lasting in perfection for a long time. Splendid subjects for either pot culture or for planting out in frames.

Add for postage 10c. each extra.

Pelegrina. Beautiful flowers of rosy white, suffused and spotted with yellow and purple. 1 foot. 15c. each; \$1.50 per doz.

Psittacina (Parrot Lily). Elegant trusses of gladiolus-like flowers of bright crimson, splashed with green and mahogany; a profuse blooming and robust variety; height 3 feet. 10c. each; \$1.00 per doz.

Versicolor (Peruvianus), Mixed. Very robust and abundant blooming varieties. Colors: crimson, rose, yellow, purple, etc., shaded and marked. 2 to 4 feet. 10c. each; \$1.00 per doz.

AMARYLLIS,

Or Knight's Star Lily. Probably the most magnificent and gorgeous bulbous plant known. Their immense flowers, richness of coloring and regal habit are simply incomparable. They throw up spikes from 18 inches to 3 feet high, bearing enormous trumpet shaped flowers, averaging 6 to 10 inches across, of great substance, some being of rich and glowing colors—others delicately shaded and superbly veined. For pot culture in the window, conservatory or greenhouse, they are well adapted and when in bloom in the winter and spring months, no flower can approach their beauty.

(Ready in November.)

If by mail, add 5c. each for postage.

Johnsonii. A very popular variety, wine red, with a white stripe down each petal, an early and abundant bloomer and a specially robust grower. (See cut.) 45c. each; \$4.00 per doz.

Aulica Platypetala. 'Lily of the Palace.' Flowers large and extremely handsome, glowing crimson, tipped green. Splendid winter bloomer. \$1.00 each.

Reginæ 'Mexican Lily.' Large flowers of dark red shaded with orange and white. Very fine; \$1.00 each.

Graveana. Dark orange, red with white. A charming variety. \$1.00 each.

Defiance. This is a gem, being a sturdy grower, flowering repeatedly during the season. Flowers extraordinarily large, of velvety carmine red, striped and flecked and suffused with white. \$1.00 each.

Prince of Orange. Large flowers of orange white and green. 35c. each; \$3.75 per doz.

The set of the above 6 "Standard Varieties," \$4.50.

Formosissima (Jacobæan Lily.) A quaintly shaped beautiful flower of grand dark scarlet, free blooming; forces well and can be grown in water like Hyacinths; if the bulbs are kept dry during winter, they can be planted in the open ground in the spring, and will flower during the summer. 12c. each; \$1.25 doz.

Allium Grandiflorum.

Achimenes.

Amorphophallus Rivieri.

Anemones.

Amaryllis—(Continued.)

Belladonna Major. 'Belladonna Lily.' Autumn Blooming variety of extreme beauty and fragrance, the spikes grow from 2 to 3 feet high, each carrying from 6 to a dozen beautiful flowers "Sweet as Lilies," of silvery white, flushed and tipped with rose. 15c. each; \$1.60 per doz.; \$12.00 per 100.

Equestris Ignescens. 'The Barbados Lily' Bright light scarlet, with a white star-like throat, running out into bars in the centre of the petals. 20c. each; \$2.00 per doz.

For *Amaryllis, Atamasco*, see "Zephyranthes" page 35; For *Sarniensis*, see "Nerine" page 32; For *Lutea* see "Sternbergia" page 34.

AMORPHOPHALLUS RIVIERI.

A very remarkable and showy plant, with enormous palm-like foliage spreading in the shape of an umbrella, the stem of deep green is marbled with brown and white; a desirable plant for specimens or groups on a lawn. The flowers are very large of deep red and are produced before the leaves appear. It is chiefly grown however for the luxuriant tropical effect of the foliage. It should be planted out in May. (Ready in Nov.) Price, extra large bulbs, 35c. each; \$3.50 per doz. Postage, 5c. extra per bulb.

ANEMONES.

Wind Flowers.

Highly ornamental spring and summer flowering plants, having both single and double flowers, the colors of which are wonderfully beautiful, running through shades of blues, scarlets, rose white, lavender, etc. When grown in masses they are brilliant in the extreme; if the flowers are wanted in succession from spring to fall—the roots should be planted in pots or cold frames in the fall for spring blooming—and another lot in the same way towards spring for Summer—and another lot in the open ground in May for autumn flowering—the latter planting should be in a partially shaded situation where the ground is moist. They are also splendid for pet culture, for flowering in the house or conservatory during winter.

Double French or Chrysanthemum Flowered.

Remarkable for their distinct and very handsome large double flowers; the petals of which are regularly incurved resembling an incurved Aster, plants very vigorous and floriferous. (See No. 1 in cut.) We offer the following distinct and beautiful named varieties, viz:

Glorie des Nantes. Rich violet; flowers of great size.

La Brillante. Brilliant crimson, very showy.

Ponceau. Glowing intense scarlet, extra fine.

Rosine. Delicate peach pink, suffused slightly with carmine.

Rose de Nice. Splendid bright rose, fine for cutting and largely grown for this purpose, for the Covent Garden Flower Market in London.

Etoile de Bretagne. (New.) Soft lilac, slightly flushed with pink.

The set of 6 named, 1 of each, 50c.; or 3 each for \$1.40.

PRICE for any of the above named sorts 10c. each; \$1.00 per doz.

Mixed Colors. 2c. each; 40 per doz.; \$2.50 per 100.

Anemone, Double Poppy Flowered.

(*Coronaria fl. pl.*)

The flowers of the class are very double—and are surrounded at the base with large guard petals resembling a double Hollyhock—for cutting purposes they are grand, and we know of no class of plants with more gorgeous colors, two or three colors usually being blended in the flowers of each variety. (See No. 2 in cut.) We offer the following distinctly beautiful named varieties, viz:

Alexander le Grand Dark crimson with grand petals of bluish white.

Ceres. (New.) White.

King of Scarlets. Extra fine rich scarlet.

The Queen of Beauties. Rose and white variegated.

Lord Palmerston. Dark blue, fine.

Sir Walter Scott. Crimson, green and scarlet.

PRICE, any of the above named sorts, 5c. each; 50c. per doz. The set of 6 named 1 of each, 25c.

Mixed Colors, 2c. each; 18c. per doz.; \$1.15 per 100, or by mail, \$1.30.

Anemones, Single Poppy Flowered (*Coronaria.*)

These handsome Single Anemones have large beautiful saucer-shaped poppy-like blossoms, and during mild seasons, or in sheltered situations, are flowering continuously throughout the winter, spring and early summer. We offer the following distinctly beautiful named varieties. (See No. 3 in cut.) viz:

The Bride. Flowers snow white, large and beautiful.

Blue Gem. Fine blue, elegant feathery foliage.

Glorv of the South New. A grand Anemone, flowers very large with broad petals of brilliant scarlet, with a rich blue-black central boss.

Rosette New pink, a fine forcing variety for cut flowers.

Cardinal's Hat. Light scarlet, extensively grown for cut flowers.

Potgieter. Dark red, variegated.

PRICE of any of the above named sorts, 5c. each; 50c. per doz. The set, 1 each, 25c.

Mixed Varieties, 2c. each; 12c. per doz.; 75c. per 100, or by mail, 90c.

Anemone Fulgens. The rich dazzling scarlet flowers, and light elegant growth, render it the most attractive flower of spring. It is valuable for cutting, as it lasts a long time in water. 3c. each; 30c. per doz.; \$1.75 per 100; \$16.00 per 1000.

Anemone Fulgens.

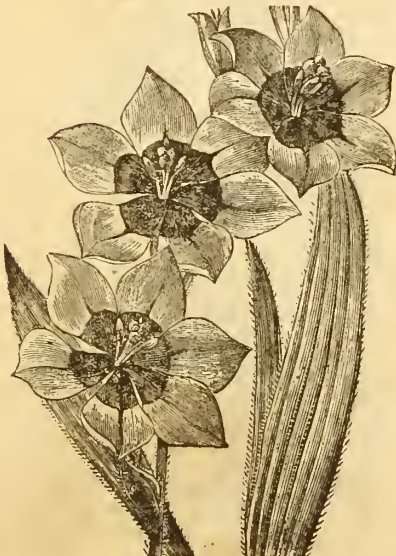

Anemone Sylvestris.

Double Tuberous Begonia.

Astilbe Aurea Reticulata.

Babiana.

Arum Detruncatum.

ANEMONES. Hardy Varieties.

These are beautiful subjects for permanent situations, where they soon form large clumps of great beauty when in bloom; a situation partially shaded suits them to perfection.

(Ready in November.)

Apennina. Beautiful rich blue flowers, as large as a fifty cent piece, elegantly cut foliage, it blooms profusely in early spring, also beautiful grown in pots. $\frac{1}{2}$ foot, 3c. each; 3c. per doz.; \$2.00 per 100.

Blanda. New. (See novelties.) A most lovely new variety—the earliest of all—it blooms almost as soon as snowdrops, and before the Crocus. A clump of it grown in pots is charming; flowers 1 to $1\frac{1}{2}$ inches across, borne in profusion and of the loveliest sky blue, shaded with white. ($\frac{1}{2}$ foot.) 10c. each; \$1.00 per doz.; \$6.00 per 100.

Hepatica Angulosa. One of the finest of the spring blooming varieties, it is a vigorous grower and blooms profusely sending its large sky blue flowers, on stalks 6 to 9 inches high. 15c. each; \$2.00 per doz.

Sylvestris or "Snowdrop Wind Flower." A very distinct and showy species, commences blooming in April and continues sometimes all summer; the flowers are 2 inches across, pure satiny white and fragrant, height 1 foot. 10c. each; \$1.00 per doz.

ANOMATHECA.

Cruenta. A charming plant for either pot culture or for blooming out of doors, hardy south of Washington but requiring the protection of a cold frame in cold climates, their dwarf stature, brilliant and profuse bloom continued for a long period render them very popular, flowers bright rosy carmine, banded with crimson. Height $\frac{1}{2}$ foot. 6c. each; 6c. per doz.

ANTHOLYZA.

A very showy and stately bulb with the appearance of *Gadiolus*. They are hardy south of Washington, and can be grown in cold sections in a cold frame, or they may be planted out in the spring, flowering from July to September, for grouping in beds or shrubberies, their brilliant long tubular flowers and tall spikes of bloom rendering them very effective, also fine for cut flowers.

Bicolor or **Cunonia.** Flowers scarlet and black. A very uncommon combination in bulbous plants. Height 2 feet. 10c. each; \$1.00 per doz.

Ethiopia or **Floribunda.** A tall many flowered variety, color scarlet and green. 15c. each; \$1.50 per doz.

ARUM.

Dracunculus. (Dragon Arum.) Flowers one foot long, purple, red and black blue, stem beautifully marbled, leaves handsome, resembling a small palm, a rapid grower, making a curious and ornamental pot plant. 10c. each; \$1.00 per doz. Postage, extra per bulb 5c.

Detruncatum. New. A very handsome dwarf growing variety, with large beautifully spotted and marbled flowers. 50c. each; \$5.00 per doz. (See cut.) Postage extra 5c per bulb.

ASTILBE or SPIREA.

Japonica. Ready in November. The flowers are borne in large feathery panicles of white, and last a long time in bloom. Large quantities are forced by florists, though a perfectly hardy herbaceous plant. This is undoubtedly one of the most beautiful and graceful subjects grown, its foliage and flowers combined making it one of the finest gems for winter and spring decoration in the house or conservatory, while for grace and elegance as a cut flower it is unequalled. 10c. each; \$1.00 per doz.; \$5.00 per 100.; \$45.00 per 1000.

Compacta Multiflora. New (See novelties.) Flowers twice the size of the old variety, plant very compact. 25c. each; \$2.50 per doz. Postage extra per root 10c.

Aurea Reticulata. Flowers pure white in large clusters, foliage beautiful green elegantly veined with yellow, very handsome. (See cut.) 30c. each; \$3.00 per doz. Postage extra per root 10c.

BABIANA.

A charming genus with leaves of the darkest green, thickly covered with downy hairs, and bearing snowy spikes of flowers, characterized by their rich self colors or the striking contrast of very distinct hues in the same flower, they vary in color from the richest carmine to the brightest blue, many of them being sweet-scented. As they are not hardy north of Washington, should have the protection of a cold frame. They are very successfully grown in pots. Five or six bulbs in a five inch pot, make lovely and useful specimens. Height 6 to 9 inches. (See cut.)

Mixed Varieties. 3c. each; 30c. per doz.

BEGONIAS.

Tuberous Rooted.

Ready for delivery in November.

The wonderful beauty of this class of Begonias and its adaptability to almost all situations, has made it a general favorite for both pot culture and summer garden decoration, they are now being used by thousands for bedding purposes. For this purpose, they are unsurpassed, while grown in pots, for house or conservatory decoration they are simply grand. Their blooms, large and telling, are thrown up in countless profusion in all shades of yellow, white, vermilion, crimson, scarlet, rose, orange, etc., etc.; which in addition to the charming dark green succulent foliage, and their ease of culture, bid fair to eclipse in popularity the geranium. We offer the following distinct varieties.

Single Varieties.

White, Scarlet, Rose, Yellow, Dark Blood Red or Orange. 15c. each; \$1.50 per doz.

Single Mixed Varieties. 12c. each; \$1.25 per doz.; \$9.00 per 100.

Double Varieties (See cut).

Red, White, Rose or Yellow. 35c. each; \$3.50 per doz.

Double Mixed Varieties. 25c. each; \$2.50 per doz.; \$20.00 per 100.

Calochortus.

Spotted Leaf Calla.

BESSERA ELEGANS.

(Coral Drops.) An exquisite and free-blooming native of the mountains of Southern Mexico. If treated like a gladiolus, i. e.; stored during winter in a dry place and planted in the spring, it can be grown with perfect ease; its umbels of coral-like bright flowers open in succession during fully two months of the late summer. We have frequently had seven successive spikes from one bulb. The flowers are of vermilion red, variously marked with white on the inner surface. The beauty of the coloring is intensified by the bright purple of the anthers. Height, 1 to 2 feet. 5c. each; 50 per doz. \$4.00 per 100.

BLOOMERIA AUREA.

An attractive little California bulbous plant, producing umbels of golden yellow, delicate lily like flowers on stems six to eighteen inches high. It stands the winter in light, well drained soil, but succeeds best with the protection of a cold frame or pit. Five or six bulbs grown in light sandy soil in five inch pots form most interesting plants for the house or conservatory. 10c. each; \$1.00 per doz. \$7.00 per 100.

BULBOCODIUM VERNUM.

(Spring Colchicum or Meadow Saffron.)

A charming early Spring blooming plant, in flower two weeks before the Crocus. Producing masses of rose purple flowers, very beautiful for edgings and patches here and there breaking up through the snow in juxtaposition with Snowdrops—it is a charming sight—clumps of them dug up and potted in the Winter and placed in a sunny window will soon be a mass of bloom. 2c. each; 20c. per doz.; \$1.50 per 100; by mail, \$1.75 per 100.

BRODIAEA.

Showy, half hardy California bulbs, with lovely umbels or clusters of red, blue or white tubular flowers, borne in clusters, on stems one to two feet high. They are easily forced and may be grown in the greenhouse or cold frame, or if planted out in spring in clumps or masses they flower very freely in June or July.

Coccinea (The Floral Fire Cracker.) A very handsome and distinct species with tall stems bearing umbels of pendent flowers 2 to 3 inches long of a rich blood crimson tipped with light green—a great novelty. (See cut.) 6c. each; 60c. per doz.

Grandiflora. Very large brilliant way purple flowers—one of the best, 5c. each; 50c. per doz.

Stellaris. One of the handsomest of all—low-growing, with flowers of a rich purple with a white center—borne in star-like clusters. 6c. each; 60c. per doz.

Mixed Varieties. Containing many beautiful sorts. 3c. each; 30c. per doz.; \$2.25 per 100.

CALLA LILIES.

White Calla or Lily of the Nile. This old favorite is too well known to require any description. We offer dry bulbs, as they are superior for forcing and winter flowering purposes; they come into bloom quickly and require less room—making less foliage. \$1.25 per doz.; \$9.00 per 100; \$80.00 per 1000.

Spotted Leaf Calla (Richardia Alba Maculata). This plant is always ornamental, even when not in flower, the dark green leaves being beautifully spotted with white; in other respects the plant is the same as the old favorite white Calla, excepting being of smaller habit. In addition to its usefulness as a pot plant it makes a fine thing for planting in the garden in the summer, being very effective. (See cut.) 10c. each, 75c. per doz.

Black Calla (Arum Sanctum.) (See novelties.) Price \$1.00 each.

Yellow Calla (Richardia Hastata). This is identical in all respects to the well-known white Calla, excepting that the flowers are of light yellow. \$1.50 each; \$15.00 per doz.

CALOCHORTUS.

These are the *Butterfly Tulips* or *Mari-rosa Lilies* of California, and possess such delicacy and brilliancy of color that the most unobservant are struck with their characteristic beauty. The flowers somewhat resemble a tulip in shape, are of many brilliant colors, ranging through various shades of white, lilac, blue, crimson, yellow, etc., some being wonderfully spotted, veined, edged or tipped with gold. Planted in May in the open border, they flower in June and July. They also succeed admirably when grown in a cold frame, and form very handsome specimens if grown six or eight in a five inch pot for winter flowering. (See cut.)

Venustus oculatus. White ground inside, with richly colored eye-like spots; reddish brown outside. Exceedingly showy and one of the best. 6c. each; 60c. per doz.

Venustus roseus. Creamy inside, with rose colored blotch at top of petal, a beautiful tinted eye in centre and silky gland at base; rich carmine on back; a perfect gem. 10c. each; \$1.00 per doz.

Gunnisonii or Nuttallii. Tall, large, creamy white flowers, banded on back with green; strong growing, one of the very best for popular culture. 6c. each; 60c. per doz.

Mixed Varieties. Contains many beautiful varieties. 4c. each; 40c. per doz.; \$3.00 per 100.

CAMASSIA.

The "Quannah" of the Indians; perfectly hardy, thriving in sheltered and partially shady situations; very handsome and valuable for flower borders, the stout flower stalks grow from 2 to 3 feet high and bear twenty or more large blue flowers, each two inches across; a large clump in bloom is very effective; the flowers are fine for cutting, lasting for a long time in water. (See cut.) 3c. each; 25c. per doz.; \$1.50 per 100.

Brodiaea.

Camassia.

Chionodoxa.

Clivia Miniatum.

Cyclobothra.

CHIONODOXA.

(Glory of the Snow.)

These are praised by all as one of the most exquisite Spring flowering plants, and should be grown in quantities, under shrubs the effect is strikingly beautiful.

They produce flower spikes bearing ten to fifteen lovely Scilla-like flowers. They are perfectly hardy, and may be planted as an edging to a bed, or in clumps or masses, where they are doubly welcome, flowering early in the season with the snowdrops, and lasting a long time in perfection. They will thrive well in any good garden soil, and are admirable for pot culture, for winter blooming in the house and for forcing for cut flowers. (See cut.)

Luciliae. Charming bright blue with large clear white center. 2c. each; 15c. per doz.; \$1.00 per 100; \$8.00 per 1000.

Sardensis. Intense deep true blue; in masses its brilliant color catches the eye at a great distance. 3c. each; 25c. per doz.; \$1.50 per 100.

Gigantea. (New: see novelties.) A very beautiful and totally distinct species with very large flowers of a beautiful soft gray blue. 5c. each; 50c. per doz.; \$3.00 per 100.

COOPERIA.

(Evening Star Flower.)

These are excellent pot plants for winter flowering and force well, or the bulbs can be kept dry and be planted out in the garden in the Spring, where a clump of them planted close together will bloom successively from May to September; the flowers are star-shaped, with long tubes; they are exquisitely fragrant with the odor of primroses. (See cut.)

Drummondii. Pure white flower, half an inch across, expanding during the evening and emitting a delicious primrose-like odor. 5c. each; 50c. per doz.; \$3.50 per 100.

Pedunculata. Flowers $\frac{3}{4}$ to 1 inch across, at first pure white, then changing to reddish purple; they remain open a day and sometimes two and are very fragrant. 5c. each; 50c. per doz.; \$3.50 per 100.

CLIVIA MINIATUM.

Exceedingly ornamental bulbous plant, for greenhouse or conservatory, they flower during the spring and summer months—remaining in bloom for a long period—the flowers about 2 inches long, are borne in clusters of from ten to twenty; color a fine red orange shading to buff. Height 1 to 2 feet. (See cut.) \$1.00 each.

COBURGIA.

Incarnata. Very beautiful greenhouse bulbs of easy culture. The flowers are very showy, 4 to 5 inches long and borne in umbels or clusters on stems nearly 2 feet high, they bloom during the summer and autumn months, color beautiful orange flesh, shaded red. 75c. each; \$8.00 per doz.

CRINUM.

(Ready in November.)

Very handsome bulbous plants for either pot

culture, in the greenhouse or open ground planting in the summer months, the beautiful lily-like flowers are borne in umbels or clusters on the summit of strong stems

(Add for postage 10 cents each extra.)

Americanum. Flowers pure white, 4 to 5 inches long, and very fragrant. 30c. each; \$3.00 per doz.

Amabile. Lovely variety, flowers borne 20 to 30 in an umbel, rich dark red outside, shaded with bluish white inside. Very fragrant. \$1.00 each.

Moorei or Ornatum. One of the most beautiful and free flowering varieties, flowers about 4 inches long borne in umbels of 10 or more; color bluish white shading to a pink stripe through each petal. (See cut.) \$1.50 each;

CINNAMON VINE.

(Ready in November.)

(*Dioscorea Batatas*) A beautiful rapid growing summer climber, with bright green glossy foliage and spikes of deliciously cinnamon-scented white flowers. It is perfectly hardy, the stem dying down in winter, but growing with great rapidity in the spring, so as to cover any trellis or arbor very early in the season. 6c. each; 60c. per doz.; \$4.50 per 100.

CYPELLA HERBERTI.

A very beautiful and comparatively rare species of summer flowering bulb, suitable also for cold frame and greenhouse culture, flowers bright orange yellow, with dark purple stripes and purple spots, very elegant and free flowering, blooming all the summer through. Height 1 foot. (See cut.) 10c. each; \$1.00 per doz.

CROWN IMPERIALS.

Well-known spring blooming stately hardy border plants, with clusters of immense pendant bell-shaped flowers surmounted with a tuft of green leaves. They are very effective, and if left undisturbed for years they form gigantic and picturesque groups of gorgeous colors. The variegated leaved one is especially excellent also for conservatory decoration among dwarf growing plants. (See cut page 4.)

(Add for postage 3 cents each extra.)

Lutea. Yellow, 20c. each; \$2.00 per doz.

Aurora. Red, 10c. each; \$1.00 per doz.

Crown upon Crown. Several whorls of flowers one above the other. 15c. each; \$1.50 per doz.

Sulphurea. Sulphur yellow, slightly striped red. 15c. each; \$1.50 per doz.

Gold Striped. (*Folia Aurea Striata*) (See novelties.) 30c. each; \$3.00 per doz.

Mixed. 10c. each; \$1.00 per doz.; \$7.00 per 100.

CYCLOBOTHRA.

(Golden Star Tulip.)

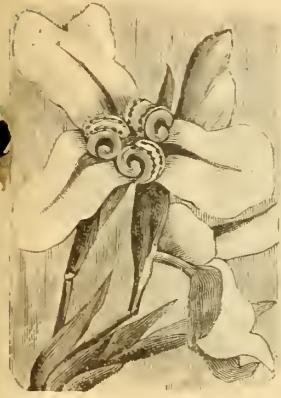

A beautiful summer blooming bulb from Mexico, bearing bright yellow bell-shaped flowers, prettily spotted with black—remaining a long time in full beauty—they can be satisfactorily grown in pots, or the bulbs can be kept dormant, and be planted out in the spring. (See cut.) 6c. each; 60c. per doz.

Crinum Moorei.

Cooperia.

Cypella.

Dielytra.

Giant Persian Cyclamen.

CYCLAMEN, PERSIAN.

Greenhouse or window garden varieties.
 These are among the most beautiful and interesting winter and spring flowering bulbs for the window and greenhouse. Not only are the flowers of striking beauty but the foliage is also highly ornamental, consequently they are very decorative even when not in bloom. There are no plants better adapted for pot culture, and few that produce such a profusion of bloom, the flowers range through many shades of pink, crimson, white, etc., some being beautifully spotted. Most of them are moreover delicately fragrant. (See cut.) Dry bulbs.

Persicum, Mixed. 15c. each; \$1.25 per doz.; \$9.00 per 100.

Giant Persian Cyclamen.

The flowers of this magnificent strain are of extraordinary size for a Cyclamen, and of great substance. The leaves are proportionately large and beautifully marked. Our bulbs are from the most famous Cyclamen grower in Europe and will produce flowers of rare merit. (See cut.)

Giganteum Roseum. rose color.

“ **Album,** white.

“ **Rubrum,** crimson.

“ **Spotted,** white and red.

Price for any of above, 30c. each; \$3.00 doz. or the set of 4 varieties \$1 00.

Giganteum, Mixed varieties, 25c. each; \$2.50 per doz.

SO CALLED,

DIELYTRA.

(*Bleeding Heart or Lyre Flowers.*)

One of the most ornamental of spring flowering plants, with elegant green foliage and long drooping racemes of heart-shaped flowers. This is deemed one of the finest of all hardy garden plants, and is frequently forced for greenhouse, or conservatory decoration. As it is perfectly hardy it only requires to be planted where it is to remain. If potted in November, left outside till it has formed new roots, and then brought into a gentle heat, it may be had in flower in February and March. (Ready in November.)

Add for postage, if desired by mail 5c. extra per root.

Spectabilis. Magnificent racemes of pink and white flowers. 7c. each; 75c. per doz.; \$5.50 per 100.

Alba. Pure white flowers, slightly marked with pearly pink, most charming. 40c. each; \$4.00 per doz.

Folia Variegata. Very telling, more robust than even the green form; the whole foliage becomes entirely golden. 15c. each; \$1.50 per doz.

DODECATHEON.

(*American Cowslip or Shooting Star.*)

A native hardy perennial that deserves extensive cultivation, and exceedingly effective in rockwork, all are beautiful dwarf border plants. They like a shady as well as a sheltered situation. The pretty cyclamen shaped flowers are borne on stems 12 to 16 inches high in elegantly drooping umbels. In addition to their value outside they may be employed for the decoration of greenhouses or conservatories, if cool, or they can be grown in cold frames and brought inside for flowering. (See cut.)

Meadia. Rosy purple flowers shaded with white and lilac, with yellow anthers. 10c. each; \$1.00 per doz.; \$7.00 per 100.

ERANTHIS HYE-MALIS.

(*Winter Aconite.*)

Early in Spring the golden blossoms of the Winter Aconite look charming, resting on an emerald green cushion of leaves and forming a striking contrast to the pure white Snow-drop, Spring Snowflake, and the lovely blue Scillas and Chionodoxa. The foliage remains long after the flowers, making the plant especially valuable in situations such as under trees, and in moist situations, which the Winter Aconite enjoys, and where few other flowering plants will thrive. 2 to 8 inches high. 2c. each; 15c. per doz.; \$1.00 per 100.

ERYTHRONIUM.

(*Dog's Tooth Violet.*)

A beautiful plant, perfectly hardy, the foliage is charmingly variegated, and a mass of 15 or 20 plants is a pretty sight even when not in flower, but when the graceful flowers are in bloom the effect is matchless. The plants luxuriate in rather moist, partially shady positions and do very nicely when grown in pots in frames and brought into the conservatory

Freesia.

Funkia Sieboldi Variegata.

or window garden for winter blooming. Height 3 to 6 inches.

Dens Canis (*Dog's Tooth Violets*), **Mixed Colors**. Colors range through crimson, white, rose, purple, etc. 3c. each; 20c. per doz.; \$1.25 per 100.

Grandiflorum. (*Giant Dog's Tooth Violet*). A very large flowering variety, bearing from 6 to 12 yellow or cream colored flowers on stem 12 to 18 inches high. (See cut.) 5c. each; 40c. per doz.; \$2.50 per 100.

Hendersonii. (New.) Large flowers of heliotrope or lilac color, with a purple centre surrounded by a narrow yellow ring; one of the finest. 30c. each; \$3.00 per doz.

FRITILLARIA.

A singular group of dwarf Spring flowering plants bearing large pendent bell-shaped flowers of white, purple, bronze, black or yellow, most of which are striped, splashed or chequered in the most fantastic fashions; they are invaluable for pot culture, and exceedingly pretty when grown in large clumps in the border in a dry situation.

Recurvata Pluri-flora. New and very beautiful. Flowers bright scarlet and lightly mottled and spotted with yellow; they are about 3 inches long and up to nine flowers are borne on each of the stems, the latter attaining a height of about 2 feet. This variety is similar to *Recurvata*, but of much stronger growth and more profuse in blooming. (See cut.) 10c. each; \$1.00 per doz.; \$6.00 per 100.

Meleagris. (*Snake's Head or Guinea Hen Flower*.) Bell-shaped flowers of various colors, yellow, white, black, purple, striped and splashed and chequered in the most curious way. Mixed varieties, 3c. each; 25c. per doz.; \$1.50 per 100.

Aurea. (New; see novelties.) A lovely rare species; color rich golden yellow with minute black tessellate spots. 8c. each; 75c. per doz.; \$5.00 per 100.

Moggridgi. Large flowers of bright yellow beautifully chequered with purple; very effective. 20c. each; \$2.00 per doz.;

FREESIA.

Refracta Alba. This is one of the most popular and charming bulbs we offer for pot culture, flowering in the winter and spring in the conservatory or window garden. 6 or 8 bulbs should be planted in a 4-inch pot. They force readily and can be had in bloom by Christmas if desired, and by having a dozen or more pots started in the cold frame they can be brought in at intervals, thereby keeping up a continuous display of bloom through the winter; the flowers are produced 6 to 8 on stems about 5 inches high, and are particularly useful for cutting, remaining in good condition kept in water for two weeks; the flowers are pure white with a yellow blotched throat and are exquisitely fragrant. (See cut.) Extra large bulbs, 2c. each; 15c. per doz.; \$1.00 per 100; \$9.00 per 1000.

Do 2. 7/10
Bulbs, Condensed List, on yellow

FUNKIAS.

(*Day Lilies*.)

Handsome hardy foliage and flowering plants. Their noble aspect, elegant outline, and bold luxuriant foliage, render them exceedingly attractive for large effective clumps, succeeding in sunny positions and equally well in shady places where many plants would not exist. They are also much grown in Europe for greenhouse decoration in winter. (Ready in November. Postage 5c. extra each.)

Subcordata Grandiflora (*White Plantain Day Lily*). Very showy, splendid milky white flowers, nearly 4 inches long; very fragrant. 15c. each; \$1.50 per doz.

Sieboldi Variegata. A noble Fall blooming plant, foliage very handsome lively green and variegated with white; flowers purplish lilac. (See cut.) 12c. each; \$1.25 per doz.

GESNERIA.

Greenhouse tuberous-rooted plants, remarkable for the beauty of their foliage, which is singularly marked and soft as velvet, and also for their spikes of brilliant colored flowers, mostly scarlet and yellow. For a continuous succession of bloom, the plants should be started at different times. Those started into bloom in Spring or Summer first will come into bloom by the end of September, and the others will follow in succession through Winter and Spring.

Mixed Varieties 20c. each; \$2.00 per doz.

Gesneria

Gloxinia

Hyacinthus Candicans.

HYACINTHUS.

(Ready in November.)

Candicans. (Giant Summer Hyacinth.) Luxuriant free-growing summer flowering plant, spreading 2 to 3 feet, throwing up great, tall spikes 4 to 5 feet in height, each bearing 20 to 30 large white bell-shaped flowers; of easiest culture and splendid for groups. If planted in the centre of beds of scarlet Gladiolus such as Brechleyensis, the effect is magnificent. (See cut.) 7c. each; 60c. per doz.; \$4.00 per 100. Postage 2c. per bulb extra.

GLOXINIAS.

Most charming greenhouse plants, of dwarf habit. Their flowers are produced in greatest profusion—often 3 to 4 inches across—and are of the most exquisite and gorgeous colors many of which are magnificently spotted, mottled and blended. Under the commonest culture they bloom continuously for months, and by starting at intervals, a succession of their splendid flowers may be had nearly the whole year round. They are also exceedingly useful if planted out in a warm frame and shaded from the bright sun, for growing for cut flowers during the summer months. (See cut.) (Ready in November.)

Mixed Varieties. 15c. each; \$1.50 per doz.; \$10.00 per 100.

GRIFFINIA.

Blue Amaryllis.

Very ornamental Amaryllis like plant, for greenhouse culture; it naturally flowers (unless forced) in spring and summer. The leaves are broad, with a remarkable lattice like veining, the flowers are about 3 inches across, and are borne in umbels or clusters of 9 or 10 on the summit of stout stems. Rare and desirable.

Hyacinthiana. The color is of a beautiful hyacinth blue shading to white. Price, \$1.50 each.

Blumenavia. Produces an elegant head of lilac, rose striped flowers of surpassing beauty; of great value as a winter flower. \$1.00 each.

HELLEBORUS.

(Christmas and Lenten Roses.)

A most beautiful class of hardy plants growing freely in almost any situation, flowering in great profusion in early spring, and if grown in the house, or in frames, will bloom from December all through the winter months. The flowers are two to three inches in diameter, and range through all shades of white, red, rose and purple, while some are beautifully shaded and spotted with other colors. (See cut.)

(Ready in November.)

If by mail, add 5c. each extra for postage.

Albin Otto. Flowers of fine form, pure white, the centre is covered with small red spots, forming a red star. 75c. each.

Apple Blossom (Rubrus.) A very rare and one of the most beautiful; leaves narrow, stiff and spiny, flowers well formed large, and as a rule, two on a stem, color beautiful deep rose. It is very robust and free flowering and is the latest in bloom, flowering from February till April. Should be in every garden. 75c. each.

Frau Irene Heinemann. A remarkable fine stately hybrid, flowers of the fine form, and well above the leaves, very large, often 3 inches in diameter; color pale brown and purple-rose, with numerous dazzling, carmine-red spots. 75c. each.

Niger. The true Christmas rose, the favorite for greenhouse culture, as it produces its pure white waxy flowers in profusion for the holidays. 20c. each; \$2.00 per doz.; \$12.00 per 100.

Willie Schmidt. Exquisite pure white flowers, from 2 to 3 inches in diameter; their rich blooms, held up on tall foot-stalks, give to this variety a remarkably gay appearance. 75c. each.

Set of one each, 5 varieties, \$3.00.

HEMEROCALLIS.

(Day Lily.)

Very ornamental hardy plants having elegant foliage and handsome flowers, they are of the easiest culture in any ordinary garden-soil, and form admirable clumps. The flowers are somewhat ephemeral but are produced successively and in great abundance. Although perfectly hardy, they bear forcing well in a temperature of 50 degrees. Height 2 to 3 feet. (See cut.)

(Ready in November.)

(If by mail, add 10c. each extra for postage.)

Flava. The old favorite 'Yellow Day Lily,' flowers bright yellow, delicately perfumed. 15c. each; \$1.50 per doz.; \$10.00 per 100.

Kwanso fl. pl. Splendid large double flowers of orange red, with crimson netting fragrant. 20c. each; \$2.00 per doz.

Kwanso fl. pl. folla variegata. Magnificent variety with large beautifully variegated foliage, very ornamental even when not in bloom; flowers large double crimson and fragrant. 30c. each; \$3.00 per doz.

Helleborus.

Hemerocallis Kwanso fl. pl.

Japan Iris (Kämpferi.)

Iris—Fertidissima Folia Varietate

IRIS.

Rainbow Flower; Fleur de Lis.

“The Orchid of the Flower Garden.” The flowers of this family are the richest and most varied in color of any hardy garden plants, and for cut flowers they are invaluable. An

almost continuous display of bloom can be kept up by planting the following varieties. Those grown in pots or frames for winter blooming will commence with *Alata* and *Histrio*, which will bloom in December and January, then follows *Reticulata* in February, then *Bakeri*, after which those in the open ground will commence with *Bakeri* and *Pavonia* in April and May, followed by the *Spanish* in June, then the *English*, then *Germanica*, the last in bloom being the *Kämpferi* in August.

Japan Iris.

(*Iris Kämpferi*.)

The magnificence of these new Irises surpasses description. The flowers are of enormous size, averaging from 6 to 8 inches across, and of indescribable and charming hues and colors, varying like watered silk in the sunlight; the prevailing colors being white, crimson, rose, lilac lavender, violet and blue. Each flower usually representing several shades, while a golden yellow blotch surrounded by a halo of blue or violet at the base of the petals, intensifies the wealth of coloring. The Japan Iris is perfectly hardy, and flowers in greatest profusion in June and July, and attains greatest perfection if grown in moist soil, or if plentifully supplied with water while growing and flowering. *Ready in November.* (See cut.)

Single Varieties of Iris Kämpferi.

- Babylon.** Extra large flowers of rich reddish purple.
- Granite.** Purple; spotted and flaked white with lilac centre
- Von Sieboldt.** Deep pink with white veins.
- Mirage.** Light pink, suffused with light blue towards centre.
- Ondine.** Pure white, shaded light blue towards centre; large flower.
- Venus.** Pure white.

Double Varieties of Iris Kämpferi.

- Jersey Belle.** Pure white, very large and fine.
- Robert Craig.** Satiny grey with violet veins; extra large flowers.
- Blue Danube.** Deep indigo blue, violet shading; yellow centre; extra fine.
- New York.** Red maroon mottled with white; yellow centre.
- Chameleon.** Dark pink, striped and mottled with white.
- Turban.** Light pink, shaded violet; purple centre.

Price for any of the above named varieties, 25c. each; \$2.50 per doz.; or by mail, 30c. each; \$3.00 per doz. The entire set of 12 single and double, \$2.50; or by mail, \$3.00

Price for Mixed Varieties. Large clumps, 12c. each; \$1.25 per doz.; \$3.00 per 100; (add 5c. each if desired by mail for postage.)

Iris Peacock (Pavonia.)

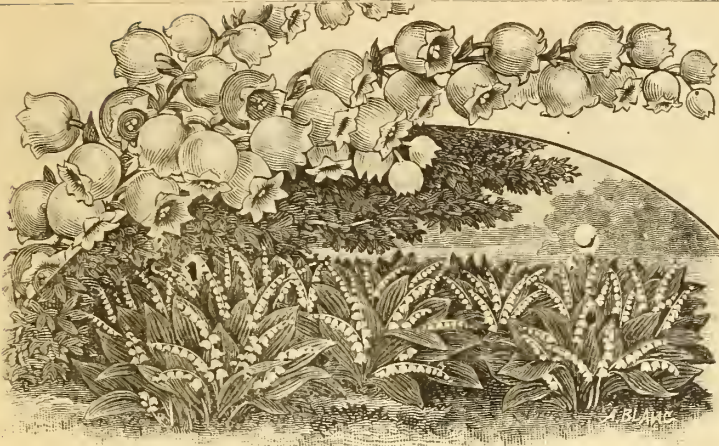

German Iris (Germanica.)

- Wielba.** Standards, bronze red falls violet.
 - Mad. Chereau.** Standards old gold beautifully filled, falls purple and white fine.
 - Bachus.** Standards and falls both white edged with broad band of lavender blue.
- Price for any of the above named sorts, 20c. each; \$2.00 per doz.
(If by mail, add 5c. each for postage.)
- Mixed Iris Germanica.** Containing many beautiful varieties, 6c. each; 60c. per doz.; \$4.00 per 100.

Various Irises.

- English (Anglica).** Large handsome flowers, with rich purple, blue and lilac colors predominating; grows 18 to 20 inches high. Perfectly hardy. Mixed varieties, 3c. each; 25c. per doz.; \$1.50 per 100; by mail, \$2.00 per 100.
- Spanish (Hispanica).** This variety is well adapted for pot culture, blooming in the winter, earlier than the above, but smaller; beautiful shades of violet, yellow, blue and white. Mixed varieties, 5c. each; 15c. per doz.; 75c. per 100; by mail, \$1.00 per 100.
- Peacock (Pavonia).** Pure white with a bright blue spot on each petal. Fine for pots or garden culture. 1 foot. (See cut.) 3c. each; 25c. per doz.; \$1.75 per 100.
- Reticulata.** A lovely variety, color violet blue, lower petals of a darker shade with gold and white stripes, and veins spotted with black. Very sweet scented. 15c. each; \$1.50 per dozen.
- Bakeri (New; see novelties.)** Most lovely species; standard sky-blue, falls white, heavily blotched with violet; very fragrant. 50c. each, \$5.00 per doz.
- Histrio.** Charming new species—bright blue blotched yellow—and very early. (See cut.) 30c. each; \$3.00 per doz.
- Alata.** (See Novelties.) An early winter-flowering variety for pot culture; only 6 inches high. 15c. each; \$1.50 per doz.
- Florentina.** Very beautiful pure white, slightly shaded with blue and with a yellow beard; deliciously violet scented. The “Orris Root” of commerce is produced from this plant. 10c. each; \$1.00 per doz.

Lily of the Valley.

Ixias.

Iris.—(Continued.)

Fœtidissima folia Variegata. (*Variegated Gladwin.*) A very ornamental variety for pot culture and very desirable for open ground, of easy cultivation in almost any situation but prefers a moist one; the flowers of bluish lilac are followed by large thrice divided seed pods, showing the large orange colored seeds and are very ornamental; the foliage is also beautifully variegated with ivory white, making the plant at all times very decorative. (*See cut.*) 12c. each; \$1.25 per doz.

IXIAS.

The Ixia, is a beautiful little winter-flowering bulb, with low slender, graceful spikes of bloom. The colors are rich, varied and beautiful, the centre always differing in color from the other parts of the flower, so that the blossoms expanding in the sun's rays, present a picture of gorgeous beauty. (*See cut.*)

Crateroides. Bright scarlet, the earliest of all, and grand for forcing. \$1.25 per 100; \$10.00 per 1000.

Duchess of Edinburgh. Very showy, pure white; outside striped with bright rose, eye black.

Emperor of China. A grand variety, rich yellow; outside suffused with brown, large dark eye.

Galatea. Beautiful pure white self, with large deep blue eye.

Proestans. Most beautiful and telling, deep purple crimson self.

Viridiflora. Very striking, beautiful shade of green, with large black eye.

PRICE for any of the above, 5c. each; 50c. per doz.; or set of 6 for 30c.

Mixed Varieties. Containing many exquisite sorts. 2c. each; 15c. per doz.; \$1.00 per 100.

Double Ixias.

Sarniensis fl. pl. White striped with pink. 15c. each; \$1.50 per doz.

Wonder. Very deep pink, sweetly perfumed. Extra. 10c. each; \$1.00 per doz.

IXIOLIRION.

Tartaricum. An elegant and rare half hardy bulbous plant of free growth and producing grand spikes, 2 feet high, of splendid bell-shaped star like flowers of rich purple shaded with sky blue. It blooms naturally in summer, and the bulbs can be kept dry and planted out in spring, or they may be grown in pots in cold frames, and be brought in the conservatory towards spring for blooming. (*See cut.*) 15c. each; \$1.50 per doz.

LACHENALIAS.

Beautiful early spring flowering bulbs for conservatory and window garden decoration, the spotted foliage and spikes of brilliant flowers, render them exceptionally striking.

They are very easily grown, and can be had in bloom by Christmas if desired, and can be grown in cold frames if protected from frost.

Nelsoni (*See novelties.*) Large rich golden yellow flowers. 20c. each; \$2.00 per doz.

Pendula. Very strong growing and handsome, flowers bright red tipped with green and yellow. 12c. each; \$1.25 per doz.

Rubida. Deep red freely spotted, one of the first in bloom. Very distinct and showy. 12c. each; \$1.25 per doz.

Lutiola Maculata. Flowers yellow tipped green. 12c. each; \$1.25 per doz.

LEUCOJUM.

Vernum. (*The Spring Snowflake*) produce flowers like monster snowdrops; very graceful in growth, having the delicate fragrance of the Violet. It is one of our earliest spring flowers with white blossoms distinctly tipped green, handsome in outline and prized for bouquets. They should be grown in quantities in the borders or in spots on the edges of shrubbery, where they are beautifully effective, and when established produce enormous quantities of flowers. They can also be slowly forced in pots for winter bloom. (*See cut.*) Price, 3c. each; 30c. per doz.; \$1.75 per 100.

Autumnale. (*Ladies' Snowflake*) A little gem for pots, flowers pure white, with a delicate pink line running through the centre of each petal; flowering in autumn. 6c. each; 60c. per doz.

Trichophyllum. A new and rare variety blooming in spring, the flowers are pure white and bell-shaped and very large. 15c. each; \$1.50 per doz.

LILY OF THE VALLEY.

(Ready for delivery in November.)

The Lily of the Valley is one of the most useful and greatly admired plants grown; the modest bell-shaped flowers of purest white, are highly prized for cutting purposes, and for flowering in pots in the winter they are exceedingly well adapted, they are also forced in immense quantities by florists, but they are the most charming when grown in large patches, in partially shaded localities around the lawn, near the borders of streams, lakes, etc., being perfectly hardy. (*See cut.*)

Selected German Pips, 3 years old, for forcing and pot culture, per bundle of 25 pips 30c., or by mail 40c.; \$1.00 per 100, \$9.50 per 1000.

Large Clumps, for open ground culture 25c. each; \$2.50 per doz.; \$20.00 per 100; or by mail 30c. each.

Pink Lily of the Valley, Rose pink when grown in the open ground; if grown under glass they come white. Strong pips, 6c. each. 60c. per doz.; \$1.00 per 100.

Double Lily of the Valley. Double white flowers. Pips, 6c. each; 60c. doz.

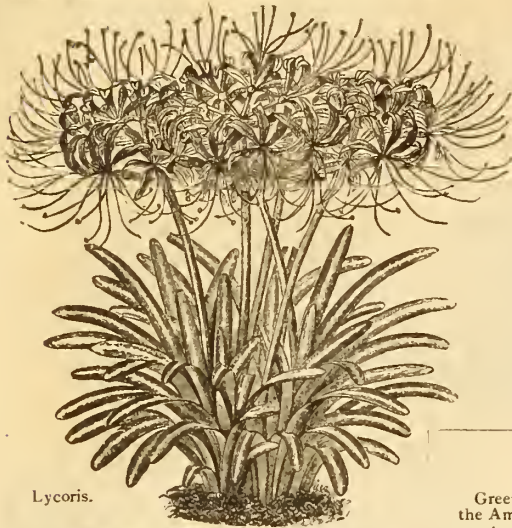

Variegated Foliage Lily of the Valley. Green foliage beautifully edged with yellow, flowers white. Pips 10c. each; \$1.00 per doz.

Ixiolirion.

Leucojum Vernum (Snowflake)

Lycoris.

Montbretia.

Nerine Magnifica.

LYCORIS.

Greenhouse bulbs of great beauty, allied to the Amaryllis and requiring the same treatment—for pot culture they make grand specimens—the large brilliant flowers, with long curved anthers, defy description. (See cut.)

Aurea. (Golden Lily.) Bears golden pendant flowers in autumn. \$1.25 each.

Radiata. Flowers deep pink approaching scarlet in June. \$1.25 each.

Terraccianii. (New.) Brilliant crimson, edged white. \$1.50 each.

MILLA.

(Mexican Star Flower.)

Biflora. A beautiful summer blooming bulb, for sunny positions. A row or bed of them are always in flower after the middle of summer and very attractive. Flowers star shaped, 1½ inches across, clear waxy white, of great substance, enlivened by a frost-like sparkle; the anthers are of a delicate lemon yellow, the pistil is curiously carved and usually covered with honeydew, the fragrance is delightful. Place a stalk in water and the flowers will all open, we have seen 11 stalks shoot up successively from one bulb. The bulbs flower profusely and with great certainty. Height 12 to 18 inches. 5c. each; 50c. per doz.; \$4.00 per 100.

MADEIRA VINE.

(Ready in November.)

The old favorite "Climbing Mignonette." Thick, glossy leaves and long, hanging stems of feathery, fragrant white flowers. 3c. each; 35c. per doz.; \$2.50 per 100.

MONTBRETIAS.

These are going to be the most popular summer blooming bulbs grown as soon as they are better known. If left undisturbed and mulched to protect in coldest sections in winter they form luxuriant, bushy clumps, bearing long spikes of star-like flowers an inch or more across, which continue to bloom for months, making a magnificent display.

Crocsmiæflora. Large red flowers with yellow throat. 5c. each; 50c. per doz.; \$3.50 per 100.

Bouquet Parfait. Large orange yellow flowers with vermilion colored zone. 15c. each; \$1.50 per doz.

Pluie d'or. Large rich orange; very free flowering. 15c. each; \$1.50 per doz.

Gerb d'or. Lemon-yellow, plant dwarf and very free flowering. 15c. each; \$1.50 per doz.

Rosea. Charming rose color. 10c. each; \$1.00 per doz.

NÆGELIA.

Mixed Varieties Greenhouse plants of much beauty, flowering continuously for 6 months. The leaves are covered with short crimson hairs which give them a rich, velvet-like appearance. They have erect racemes of large showy flowers. 18c. each; \$2.00 per doz.

NERINE.

(Guernsey Lilies.)

These beautiful Lilies are probably the most popular and useful of the Amaryllis family; perhaps no bulb blooms with more certainty and swiftness after potting; for autumn and winter flowering they are extremely beautiful, throwing up stems from 18 to 24 inches, surmounted with lily-like flowers about two inches across; colors very brilliant, and in the sunlight glisten as if sprinkled with gold dust.

Sarlnensis. (Guernsey Lily.) Rich, salmon red, 20c. each; \$2.00 per doz.

Magnifica. A new, magnificent and rich flowering variety, brilliant carmine, rose, shading lighter at the edges. (See cut.) 30c. each; \$3.00 per doz.

Fothergilli Major. (See novelties.) Large trusses of beautiful deep vermilion scarlet; very robust grower. \$1.00 each.

ORNITHOGALUM.

(Star of Bethlehem.)

Arabicum. (Arabian Star of Bethlehem.) A beautiful variety, throwing up a tall spike bearing numerous large, milk white star shaped flowers, with a black centre, and having a distinct aromatic perfume. They are decidedly pretty and interesting when grown in the garden—but are more largely grown for greenhouse and window decoration, being of the easiest culture. Largely forced by florists now for cut flowers. (See cut.) 3c. each; 60c. per doz.; \$2.00 per 100; \$18.00 per 1000.

Aureum. (Golden Star of Bethlehem.) The most showy and charming of all. The flower stems grow about 9 inches to a foot high and the flowers—varying from pale lemon yellow to bright gold—opening in succession for a long period. Specially adapted for pot culture, a rare bulb. 75c. each; \$7.50 per doz.

OXALIS.

Charming little half-trailing or bushy plants, particularly adapted for pot culture and hanging baskets; the foliage alone is very attractive, and when in flower they are exceedingly pretty.

Bowenii, vivid rosy crimson, large flower.

Lutea, splendid large canary yellow.

Lutea, fl. pl., very double bright yellow.

Rosea, rose. (See cut.)

Alba, white.

Deppei, (Speciosa) rosy purple.

Versicolor, crimson and white.

Price, of any of the Named Oxalis. 2c. each; 20c. per doz.; \$1.50 per 100.

Mixed Oxalis. 2c. each; 15c. per doz.; \$1.00 per 100.

PANCRATIUM.

Calathinum. (Peruvian White Sea Daffodil.) A Peruvian bulb, bearing handsome clusters of large, striking, very fragrant, pearly white flowers, admirably adapted for pot-culture, and can be forced into flower in 6 to 8 weeks time. Bulbs can be kept warm and dry, and plant out in the middle of May. They will then commence flowering in July. 15c. each; \$1.50 per doz.

Ornithogalum Arabicum.

Scilla—Amena or Sibirica.

Double Pæony.

PÆONIAS.

These noble plants are exceedingly effective, the profusion and duration of bloom, combined with handsome massive foliage, accommodating habit, and easy culture render them one of the most popular hardy plants grown for lawn and garden decoration, or for mingling with shrubs, or amongst herbaceous plants in borders and wild gardens.

The flowers are large, massive, perfect in outline and most beautiful, (See cut.)
(Ready for delivery in November.)
If desired by mail, add 6c. each for postage.

- Double White. 30c. each; \$3.00 doz.
- " Rose. 30c. each; \$3.00 doz.
- " Crimson. 30c. each; \$3.00 doz.
- Mixed Colors. 25c. each; \$2.50 per doz.; \$18.00 per 100.

Pæonia Corallina. New. (See novelties.) \$1.00 each.

PUSCHKINIA.

Scillioides. A bulbous plant of great beauty perfectly hardy, flower pearly white, richly striped with pale blue down the centre of each petal, its numerous flowers spring up from the centre of its peculiarly formed leaves. It is admirably adapted for edgings and forming patches in front of mixed borders, flowering in April and May, height 4 to 8 inches. They do very nicely in pots for winter flowers, if started slow and cool. (See cut.) 6c. each; 60c. per doz.

RANUNCULUS.

Among dwarf flowers these are unrivalled for lovely form and bright and attractive colors, ranging through gorgeous shades of white, crimson, yellow, purple, black. Many of them being beautifully marked with other shades. They flower profusely in pots in the house or if grown in frames, in the spring. (See cut.)

Turban Mixed Pæony formed flowers large and early, vivid colors. 2c. each; 10c. per doz.; 60c. per 100.

Giant French Mixed. Remarkable vigorous growers with immense and gorgeous flowers. 2c. each; 10c. per doz.; 60c. per 100.

DOUBLE PERSIAN VARIETIES.

Camellia or rose shaped flowers, very double, rich variety of colors.

- Californian Gold. Golden yellow.
- Couronne des Roses. Large rose.
- Fire-Ball. Brilliant scarlet.
- Orange Maxima Brilliante. Large fine orange with black centre.
- Prince Galitzin. Superbly spotted.
- Picotee Aimable. Yellow and red striped.
- Queen of the Netherlands. Black, splendid, very distinct.
- White Pearl. Pure white.

Price for any of above named sorts, 3c. each; 25c. per doz.; \$1.75 per 100.
Mixed Persian. 2c. each; 10c. per doz.; 60c. per 100.

SCILLAS.

Amena, Sibirica or Præcox. Among the most beautiful hardy Spring bulbs, producing in profusion masses of exquisite rich blue flowers almost before the snow has disappeared. If grown in masses, their flowers fairly carpet the ground; and if grown with Snowdrops and Crocuses, for contrast, the effect is magnificent. They should be largely planted as undergrowth in Hyacinth beds, etc. Grown in pots they may be had in bloom from Christmas until April. (See cut.) 2c. each; 15c. per doz.; 75c. per 100; \$6.00 per 1,000. (If by mail, add 15c. per 100 for postage.)

Bifolia. Most beautiful bright blue flowers borne on short spikes; they are also fine for forcing. 2c. each; 15c. per doz.; \$1.00 per 100; \$7.50 per 1,000. (If by mail, add 15c. per 100 for postage.)

Peruviana (The Peruvian Hyacinth or Cuban Lily.) Very beautiful; blooming rather late in Spring, bearing large pyramidal spikes of flowers, which remain in flower a long time; beautiful objects when grown in pots. Not hardy.

Peruviana Blue. Rich ultramarine blue. 7c. each; 75c. per doz.; or by mail, 12c. each; \$11.10 per doz.

Peruviana Alba. Pure white variety. 12c. each; \$1.25 per doz.; or by mail, 17c. each; \$1.60 per doz.

Campanulata (Wood Hyacinth). Flowers borne on tall spikes, one to two feet high. Each flower measures nearly one inch across and droops gracefully, perfectly hardy, also fine for pot culture.

We offer the following varieties:

- Lovely Blue, 2c. each; 12c. per doz.; 75c. per 100.
- Pearly White, 3c. each; 25c. per doz.; \$1.50 per 100.
- Soft Rose, 3c. each; 25c. per doz.; \$1.50 per 100.

(Add for postage 25c. per 100. to the Campanulatas.)

Hyacinthoides (Nutans). The panish Hyacinth. Fine blue, very showy, free bloomer. 3c. each; 25c. per doz.; \$1.25 per 100.

Tautarica. New. (See novelties.) Very large flowering variety in the style of Bifolia, of robust habit, tall growth, and flowers twice the size; of deep rich blue. 15c. each; \$1.50 per doz.

SCHIZOSTYLIS.

(Kaffir Lily or Crimson Flag)

Coccinea. A very pretty, half-hardy bulbous plant; the leaves are neat and glossy, and the flowers are rosy scarlet, borne on tall spikes; the bulbs are usually planted out in Spring and in the Autumn the plants are lifted, potted and brought into the conservatory, where it will bloom for months; the more flowers are cut from it the more spikes are produced. 4c. each; 30c. per doz.; \$2.00 per 100.

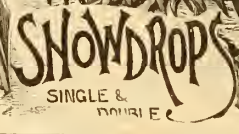

Puschkinia.

Ranunculus.

STERNBERGIA LUTEA

SNOWDROPS.

In the early spring months, there is nothing more beautiful than a sheet of the snowy graceful blossoms of the Snowdrop.

Beds of and effects of surpassing beauty may be arranged with Snowdrops in the centre, edged with bright blue Scilla Sibirica, or Chionodoxa Lucilia, or by intermingling them. When practicable such plantings of the Snowdrop should be permanent. The Snowdrop and the Crocus when planted in alternate circles are very effective and follow each other so closely, that no gap is left in the succession.

In beds of Tulips and Hyacinths, Snowdrops are very effective between the lines; they flower while these bulbs are just moving the surface, and when the flowers are over there remains an elegant groundwork of green foliage.

Used as a permanent edging and in masses on the edges of lawns, nestling in the grass, they look charming.

Single Snowdrops, 2c. each; 12c. per doz.; 90c. per 100.; \$8.00 per 1000.

Double Snowdrops, 3c. each; 25c. per doz.; \$1.25 per 100; \$12.00 per 1000.

Elwes' Giant Snowdrop. One of the finest of the genus, at least three times the size of the ordinary single Snowdrop, flowers slightly marked with green spots; very fine for cutting and slightly sweet scented. 2c. each; 20c. per doz.; \$1.25 per 100; \$10.00 per 1000.

SPARAXIS.

Exceedingly large and beautiful blooms about two inches across, of the most telling combinations and of the brightest shades of color, certain to please even the most fastidious; they are tigred, blotched, spotted, streaked and flushed in the most diverse and pleasing manner. They are not hardy but do exceptionally well when grown in the conservatory or house in pots, or in cold frames. (See cut.)

Amelina. Creamy white with brown blotches and yellow centre; outside striped cerise.

Sulphurea. Sulphur yellow, outside creamy white with magenta stripes.

Grandiflora. Rich crimson with yellow centre.

Mad. Pescatore. Salmon-red, maroon markings, yellow centre.

Queen Victoria. Blue, with white and purple markings.

Paragon. Rich purple with yellow centre, surrounded with a velvety crimson ring.

Price for any of the above named varieties 5c. each; 50c. per doz.

Mixed Varieties. 2c. each; 15c. per doz.; \$1.10 per 100; \$9.00 per 1000.

STERNBERGIA.

(Mt. Etna Lily, Lily of the Field.)

Lutea. One of the most charming and useful of all Autumnal flowering bulbs. The flowers, which are produced from September to November, rise singly to a height of from three to six inches, are pure yellow, much like a Crocus, but larger and the petals more fleshy. They

are not only very hardy, but increase rapidly by the multiplication of offsets, rows planted with single bulbs speedily spreading out into lines varying from six inches to a foot in breadth of flowers and foliage. 5c. each; 50c. per doz.; \$3.50 per 100.

TIGRIDIAS.

(Peacock Flower or Mexican Shell Flower. Extremely handsome summer flowering bulbs, growing about two feet high, producing large, gorgeous flowers, exquisitely spotted; they flower very freely throughout the summer, particularly if the bulbs are planted in a warm, sunny position.

(Ready in November.)

(If wanted by mail, add 5c. per doz. for postage.)

Conchiflora. Dark yellow, large red spots. 3c. each; 25c. per doz.; \$2.00 per 100; \$18.00 per 1000.

Pavonia Grandiflora. Very large, bright crimson, centre mottled with yellow. 3c. each; 20c. per doz.; \$2.25 per 100; \$20.00 per 1000.

Grandiflora Alba. Large, ivory white, spotted at the base with red on a yellowish ground, forming a fine contrast. 6c. each; 60c. per doz.; \$4.00 per 100; \$30.00 per 1000.

Buccifera. Saucer shaped base, pale yellow dotted purple, outer edge of flower clear light purple; three cheek-like prominences, colored white, yellow and purple, give it a novel effect. 7c. each; 75c. per doz.; \$6.00 per 1000.

Pringlii. Petals orange tinged with scarlet with large red spots near the centre of the flower, surrounded with a deep brown zone; cup, scarlet and orange heavily blotched with crimson. 12c. each; \$1.25 per doz.; \$8.00 per 1000.

TUBEROSES.

These popular Summer blooming bulbs produce tall spikes of deliciously fragrant waxy pure white flowers. The Single and Pearl varieties are extensively forced in the greenhouse for cut bloom, though the bulbs are generally kept dormant until Spring and then planted in the open ground, or they can be started in the house and be removed to the open ground in May, thereby securing early flowers before frost in Autumn.

(Ready in November.)

(Add for postage 10c. per dozen extra to all Tuberoses if desired by mail.

Double Pearl. Twenty to twenty-four inches high; flowers often two inches in diameter, and imbricated like a Camellia. 25c. per doz.; \$1.25 per 100; \$10.00 per 1000.

Single Varieties.

Variiegated Foliage. The leaves are bordered with white, making the plant very attractive even when not in bloom. Flowers large, single and exquisitely fragrant. 5c. each; 50c. per doz.; \$2.50 per 100.

Albino. A new branching variety flowering thirty days earlier than the old single; throws from 2 to 5 flower stems from a single bulb, and these again are often branched; most valuable for cut flowers. 15c. each; \$1.50 per doz.; \$10.00 per 1000.

Sparaxis.

Tigridia.

Triteleia.

Zephyranthes.

Trillium Grandiflorum.

TRILLIUM.

Grandiflorum. (Great American Wood Lily.) This is one of our most beautiful American plants, perfectly hardy, growing and flowering profusely in partially shady nooks about the lawn, under trees, etc. The flowers are large, of the finest white, changing in a few days to soft rose; if grown several in a pot it makes one of our best white Winter flowers. (See cut.) 6c. each; 6cc. per doz.; \$4.00 per 100.

Ovatum. A lovely variety easily forced. Pure white flowers changing after a few days to dark wine purple. 6c. each; 6cc. per doz.; \$4.00 per 100.

Californicum. A strong growing variety, tending to grow in clumps, with showy, large white flowers, foliage dark green mottled with brown. 6c. each; 6cc. per doz.; \$4.00 per 100.

TRITELEIA.

Uniflora. (*Spring Star Flower.*) A perfect little gem for either pot culture or borders. It flowers in very early Spring months; the bulbs are small and several should be grown in a pot; it grows about six to eight inches high. Each bulb producing several pretty star-shaped flowers, one to two inches across, of a delicate milky white suffused with blue, and emits the perfume of primroses; they are perfectly hardy, and grown in quantities in a sunny border or for edgings they are very effective, blooming in early Spring, ripening off so annuals or bedding plants can be planted over them. (See cut.) 2c. each; 10c. per doz.; 60c. per 100.

TECOPHILÆA.

Cyaneo Crocea. A beautiful spring flowering bulb of dwarf growth, bearing large open flowers of intense gentian blue with a sweet violet fragrance; it is not thoroughly hardy, therefore, in cold sections should be grown in cold frames. It is admirable when grown in pots in the cold frames, and removed to the conservatory towards spring for blooming. \$1.00 each.

TRITONIA.

Exceedingly bright and free blooming bulbous plants, highly valuable for both garden and pot culture. *T. crocata* is grown by the thousand for cut flowers by florists, and *T. aurea* is one of the finest border and greenhouse plants in cultivation; a dozen roots in a ten-inch pot will in the autumn make a beautiful display. The bulbs should be grown in pots in a cold frame during winter, and they can either be brought in the conservatory towards spring for blooming, or can be transferred to the open ground in May for summer blooming, or the bulbs can be kept dormant and planted out in May like Gladiolus, and then be lifted in autumn for winter blooming.

Crocata. Very showy bright orange colored flowers.

Aurea. Brilliant reddish orange, best for open ground planting.

Mixed. Many beautiful sorts.

Price, for any of the above 2c. each; 20c. per doz.; \$1.15 per 100.

TROPÆOLUM

Beautiful and graceful climbing plants for the conservatory or window garden producing in the early Spring months richly colored flowers. They can be grown in pots and trained over low trellises—or as a bracket plant in the window (See cut.)

Jarrattii. Scarlet, yellow and black. 15c. each; \$1.50 per doz.

Azureum. Azure blue, with white centre; most beautiful. 90c. each.

WATSONIA.

(*Bugle Lily.*) Summer flowering bulbs. They are hardy south of Washington, and can be grown here with the protection of a cold frame or pit, or the bulbs can be kept dormant. Planted out in spring their long spikes of brilliant scarlet, pink, white and purple flowers are very effective for grouping in beds or shrubberies and most useful for cut flowers.

Mixed Varieties. 5c. each; 50c. doz.

URCEOLINA.

(*Urn Flower.*)

Pendua Aurera. Bulbs with handsome showy, large bright golden-yellow flowers, brilliantly tipped with green, produced in graceful, drooping, terminal clusters, in summer and autumn, thriving well in pots in the greenhouse, or the bulbs may be kept dormant and planted out in the open border in May, to be taken up in fall like Gladiolus. Price \$1.50 each.

VALLOTA.

Purpurea. (*Scarborough Lily.*) A valuable free summer and autumn bloomer, color rich red. It does well planted in the open ground in May, and when in bud can be potted, and removed for conservatory or window decoration. It is one of the few really good window plants. (See cut.) 3c. each; \$3.00 per doz.

ZEPHYRANTHES.

"Zephyr Flowers" and "Flowers of the West Wind," among our most beautiful dwarf bulbous plants, very effective for planting out in masses in May, flowering with great profusion during the summer. They are also most suitable for pot culture, 6 to 12 bulbs clustered in a 6-inch pot in the autumn will give a fine display of bloom during the winter in the window garden or conservatory. 1 foot high (See cut.)

Andersoni. Golden yellow suffused with coppery red; makes a charming pot plant. 5c. each; 50c. per doz.

Atamasco. White suffused with flesh color, hardy. We know of no borders of it as far North as Connecticut, that have stood the colds of several winters. 3c. each; 25c. per doz.; \$1.50 per 100.

Rosea. Beautiful, large rose colored flowers about three inches across. 5c. each; 5c. per doz.; \$3.50 per 100.

Texasus. Bright yellow. 15c. each; \$1.50 per doz.

Tropæolum Jarrattii.

Vallota (Amaryllis) Purpurea

••• HARDY BULBS •••

In Collections for Permanent Effects

IN LAWNS AND GARDENS.

BEAUTIFUL and permanent effects can be obtained by planting hardy bulbs in groups and masses on the lawn, in shady nooks, where they find a congenial and permanent home, flowering abundantly in their season, and requiring little or no care after being planted. This mode of planting is termed "naturalizing,"

and is now generally followed in Europe. It adds a charm to tangled and half wild places, heightens the natural effects of light and shade, and imparts a natural grace and beauty to the scene. Our collection is made up of such sorts as give the greatest range of color with the longest period of bloom, so that an assortment of flowers can be had throughout the season. We offer these collections at about **one-third** below the regular price, to encourage this style of planting.

HENDERSON'S COLLECTION OF HARDY BULBS FOR NATURALIZING.

Contains, 40 Aconites, 40 Anemones, 40 Bulbocodium, 60 Chionodoxa, 40 Colchicum, 100 Lily of the Valley Pips, 200 Crocus mixed, 40 Frythronium grandiflorum, 60 Narcissus Pœticus, 40 Narcissus bulbocodium, 40 Grape Hyacinths, 40 Feathered Hyacinths, 40 Jonquils, 40 Spring Snowflakes, 60 Scilla Sibirica, 40 Scilla campanulata, 200 Snowdrops, 40 Trillium grandiflorum, 40 Triteleia uniflora.

Total of 1200 Bulbs for \$13.50, or by mail or express, pre-paid, \$14.50.

"Half Collection" Hardy Bulbs for Naturalizing. Contains 600 Bulbs (*half quantities of each*) \$7.25, or by mail, \$7.75.

"Quarter Collection" Hardy Bulbs for Naturalizing. Contains 300 Bulbs (*one-fourth of each*) \$4.25, or by mail, \$4.50.

Henderson's Collection of "Forcing" Bulbs

For Winter Flowering in the Conservatory or Greenhouse.

There is no class of plants that gives the satisfaction and profusion of bloom in "winter forcing" that bulbs do, and with so little skill and care give such magnificent results. They occupy no space in the conservatory or window excepting when in the full wealth of bud and bloom, and then the effect of their incomparable flowers and rich gorgeous colors is matchless. As the proper way to treat them is to pot the bulbs in the autumn, plunge them in cold frames or in the open ground and cover with leaves, tan bark or something similar, and leave them until they become well rooted, which will be in about two month's time, they can then be brought in and the warmth and light of the conservatory or window will "force" them to bloom in two or three week's time. A continuous display of bloom may be enjoyed during the entire winter and spring by bringing in a few pots at intervals of two to three weeks.

The following collection is composed only of the best varieties for forcing and will give a great variety of bloom and unbounded satisfaction. It contains 1660 bulbs, viz:

- 2 doz. Allium Neapolitanum, 2 doz. Anemone fulgens, 4 doz. Freesia, 2 doz. Gladioli
- Bride, 248 Roman Hyacinths (200 white 48 rose), 8 doz. Dutch, mixed, Hyacinths (colors separate), 2 doz. Scarlet Ixias, 4 doz. Campenelle Jonquils, 500 Lily of the Valley Pips, 2 doz. Bermuda Lilies, Narcissus, viz: 4 doz. Paper White, 4 doz. Von Sion, 4 doz. Trumpet Major, 4 doz. Pallidus Præcox, 4 doz. Stella, 2 doz. Ornithogalum Arab; Single Tulips, viz: 4 doz. Scarlet Duc, 4 doz. Yellow Prince, 4 doz. Rosa Mundi, 4 doz. Queen Victoria, 4 doz. Kaiser Kroon; Double Tulips, viz: 2 doz. Gloria Solis, 2 doz. Imperator Rubrorum, 2 doz. La Candeur, 2 doz. Rosine.

Total 1660 Bulbs, Price, \$35.00; or "Half Collection" (830 bulbs) for \$18.00; or "Quarter Collection," (415 bulbs) \$11.00. (*These "Forcing Collections" can go only by express or freight.*)

FORCING TULIPS.

Florists' Forcing Bulbs, Condensed List, on yellow pages A and B.

The True Bermuda Easter Lily

Copyrighted, 1891, by Peter Henderson & Co.

THE TRUE BERMUDA EASTER LILY. (Engraved from a photograph.)

The True Bermuda Easter Lily. LILIUM HARRISII

HENDERSON'S "HIGH GRADE" STOCK. } See full page out on opposite page.

- THIS PEERLESS LILY IS THE MOST PROFITABLE BULB THAT FLORISTS CAN GROW. 30
- THE MOST PLOFITABLE TO GROW FOR CUT FLOWERS. 30
- THE MOST PROFITABLE TO GROW AND SELL AS POT PLANTS. 6
- THE MOST PROFITABLE EVEN THOUGH YOU ONLY WANT TO RETAIL THE BULBS.

The TRUE Bermuda Easter Lily is our Great Specialty. We were the pioneer introducers of it in quantities for florists' forcing purposes, and have always been "Headquarters," supplying the trade generally and the large dealers both in Europe and America. Our immense and annually increasing trade in these bulbs will this season reach nearly a million bulbs. Our acreage in Bermuda is probably double that of all others combined.

Our Bulbs are Larger, Healthier and Better, than those usually sold—for the reason that no expense is spared in manuring and cultivating. Experience having shown us that bulbs so treated are incomparably superior to bulbs grown on impoverished and unfertilised land year after year, which constitutionally weakens the bulbs and they give results accordingly. This is the general practice—especially among those who endeavor to grow cheaply—to enable them to undersell.

Our Stock is True and Unmixed. Our strict selection for years secures true and unmixed stock. You cannot afford to force stock mixed with Longiflorums, even though the bulbs were given you, as they would flower so irregularly as to occupy a bench the whole winter.

REDUCED PRICES FOR SEASON 1891.

Size of Bulbs in Circumference.	Prices.		Quantity of Bulb packed in each case.	For Delivery on and after August 1st.

The following is for the benefit of those who are not acquainted with

THE INCOMPARABLE MERITS OF

The True Bermuda Easter Lily.

It is the greatest acquisition to floriculture made in many years. They are pre-eminently the most profitable bulbs florists can grow for forcing on account of their profusion of bloom, the remarkably short time required to bring them into flower, and the certainty to produce abundant and profitable crops; and, also the ease with which they can be manipulated to be flowered at any desired period, such as Christmas, Easter and other special occasions.

The Flowers are delightfully fragrant, pure waxy white, of great substance, and if cut as soon as they are open or partially open they can be kept—if in a proper place—for two weeks, and can be shipped long distances in perfect condition. The flowers are of great value for floral pieces, vase, house and church decoration, and especially at Christmas and Easter find a ready and profitable sale.

The Quantity of Bloom Produced is Marvellous, the average production of bulbs 5 to 7 in. circumference, even when forced, is from 5 to 8 flowers, and of bulbs 7 to 9 inches, 8 to 12 flowers; and if desired a second crop of flowers, frequently equal to the first, can be secured the same season by drying the plants off after blooming for a time and then again starting them. In the native habitats it is nothing unusual for good bulbs to bear from 30 to 50 flowers and occasionally as many as a hundred or more.

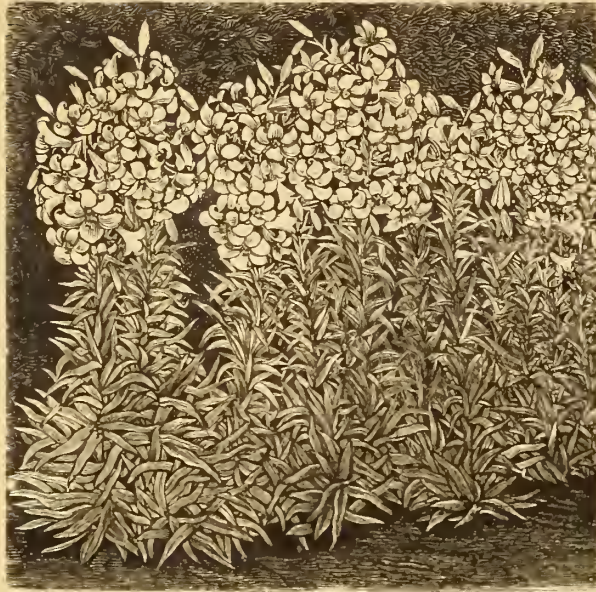

A Short Time only is Required to Bring them into Bloom. Bulbs are ripe and ready for delivery by the first of August, and if potted within a short time they can be had in flower in November if desired and

A Succession of Bloom can be kept up from November to May by bringing the pots of rooted bulbs in from cold frames at intervals throughout the winter; of course, the great desideratum is to bring large lots into bloom at Christmas and Easter

Blooming Plants in Pots form typical Easter offerings and presents, for decoration of the window, table, house or church. Nothing is more appropriately beautiful and highly appreciated. Thousands upon thousands are sold in the large cities every winter for this purpose at from \$1.00 to \$2.00 per plant, and the demand, which is rapidly growing, has never been fully supplied.

As a Garden Lily it is of great beauty, being entirely hardy south of Washington, and in the Northern States only requires a protection of leaves or litter to the depth of 5 or 6 inches during the winter.

This Lily is a geographical variety of Longiflorum which has been produced by the peculiarly congenial climate and soil of the small Island of Bermuda. The efforts to produce and propagate it in other countries has proved that it then loses its distinguishing and marvellous merits of earliness and profusion of bloom—and the ease with which it can be bloomed at any particular period—therefore for best results be sure and get Henderson's "High Grade" True Bermuda Easter Lily Bulbs.

LILIUM CANDIDUM.

***Croceum.** (*Bulbiferum*.) Broad funnel-shaped flowers of beautiful golden slightly tinted scarlet; 3 to 6 feet; July. 10c. each; \$1.00 per doz.; \$6.00 per 100.

†**Chalcedonicum.** (*Scarlet Martagon*.) Bright scarlet recurved flowers; June; 3 feet. 40c. each; \$4.00 per doz.

†**Elegans Atrosanguineum.** Rich blood crimson, spotted with black; July; 1½ feet high. 10c. each; \$1.00 per doz.; \$6.00 per 100.

***Elegans.** Mixed colors. 7c. each; 75c. per doz.; \$5.00 per 100.

†**Excelsum.** (*Isabellinum or Testaceum*.) The stately form, beauty of color and delightful fragrance of this variety has made it a great favorite wherever known. It grows from 4 to 6 feet high, and produces from 6 to 12 nodding lilies of delicate light buff color June and July. 45c. each; \$4.50 per dozen; \$35.00 per 100.

†**Humboldtii.** (*Bloomerianum*) A remarkably fine variety, attaining the height of from 3 to 5 feet and producing freely large flowers of golden yellow color, spotted with purple. A native of California; July. (*See cut.*) 20c. each; \$2.00 per doz.; \$12.00 per 100.

†**Krameri.** Distinct from all other lilies; large flowers of a soft, beautiful rose color. (*See cut.*) 30c. each; \$3.00 per doz.

***Longiflorum.** The well-known beautiful snow-white, fragrant hardy garden lily; flowers trumpet-shaped, 6 to 8 inches long. This is also a splendid variety for forcing for winter flowers, and is also known as the "Easter or St. Joseph Lily."

BERMUDA GROWN BULBS.

	Each.	Doz.	1.00	1000.
5 to 7 Inches...	\$.08	\$0.75	\$5.00	\$45.00
7 to 9 "12	1.25	9.00	75.00
9 to 11 "20	1.75	12.00	100.00

†**Leichtlinii.** A beautiful Japanese species, of neat and elegant habit; the flowers are pure canary yellow with crimson spots. A real acquisition; 3 to 5 feet; August. 20c. each; \$2.00 per doz.; \$12.00 per 100.

***Martagon.** Purplish red, spotted with dark purple. Prolific bloomer; 2 to 3 feet high; blooms in midsummer. 15c. each; \$1.50 per doz.; \$10.00 per 100.

†**Monodelphum.** (*Coichicum or Szovitsianum*.) Rich citron color, spotted with black; one of the best lilies; 2 feet; July. 90c. each; \$9.00 per doz.

***Pardalinum.** Scarlet, shading to rich yellow, freely spotted with purple brown; 3 feet; July and August. 20c. each; \$2.00 per doz.

"**Henderson's Bulb Culture**" gives full instructions about growing Lilies and other bulbs. It is given free with orders of \$4.00 and over.

LILIES

If wanted by mail add at the rate of 3c. per bulb for postage.

Orders for Lilies cannot be filled before **November** excepting for *Candidum*, *Harrisii* and *Longiflorum*, which are ready August 1.

***Auratum.** (The Golden Rayed Lily of Japan.) The flowers are pure white, thickly studded with crimson spots, while through the centre of each petal runs a clear golden band. Fully expanded the flowers measure nearly a foot across, are produced abundantly from June to October and possess a most delicious fragrance. 3 to 5 feet. Extra large bulbs, 15c. each; \$1.50 per doz.; \$12.00 per 100; \$100.00 per 1000.

†**Auratum Vittatum Rubrum.** Probably the grandest lily in cultivation. Magnificent flowers 10 to 12 inches across; clear waxy white with a burnished crimson stripe half an inch wide through the centre of each petal, and the rest of the flower beautifully spotted crimson. Highly perfumed. Each, \$1.00; \$10.00 per dozen.

***Batemannia.** A Japanese Lily, growing from 3 to 4 feet high and producing bright apricot-tinted flowers. (July.) Each, 15c.; \$1.50 per doz.; \$10.00 per 100.

***Canadense.** Our beautiful native "Canadian Lily." Bright yellow marked with red, with copious spots; blooms June and July; 2 to 3 feet high. 10c. each; \$1.00 per doz.; \$6.00 per 100.

***Canadense Flavum.** A variety of above; color, all yellow. 10c. each; \$1.00 per doz.; \$6.00 per 100.

***Candidum.** (*Annunciation, or St. Joseph Lily*.) The well-known Garden Lily; snow-white fragrant blossoms; it is also one of the best forcing lilies for florists. 3 to 4 feet; blooms in the open ground about June. (*See cut.*) 8c. each; 50c. per doz.; \$2.75 per 100; \$26.00 per 1000.

†**Columbianum.** A native northwestern variety. Splendid reddish orange dotted with purple. 1½ to 2 feet. 15c. each; \$1.50 per doz.; \$10.00 per 100.

LILIUM KRAMERI.

LILIES—Continued.

(If wanted by mail add at the rate of 3c. per bulb for postage.)

***Philadelphicum.** Native variety, bright orange red spotted with purple; height 1 to 3 feet; blooms in midsummer. 10c. each; \$1.00 per doz.; \$6.00 per 100.

Speciosum. (See cut) These varieties are perhaps the most popular lilies grown, being easy of cultivation, and produce large flowers of delicate beauty on strong stems; height from 2 to 4 feet, and bloom in August. The varieties are:

***Speciosum Album.** Purest white. 25c. each; \$2.50 per doz.; \$20.00 per 100

“ **Roseum.** White shaded and spotted with rose. 15c. each; \$1.50 per doz.; \$12.00 per 100.

“ **Rubrum.** White shaded with deep rose and spotted red. 15c. each; \$1.50 per doz.; \$12.00 per 100.

“ †**Punctatum.** Pale rose with crimson spots which are raised above the surface of the flower. 30c. each; \$3.00 per doz.

***Superbum.** (Turk's Cap Lily.) One of our native species. When established in good rich soil it will produce upward of 50 beautiful orange tipped red, spotted flowers in a pyramidal cluster; 3 to 5 feet; July. 10c. each; \$1.00 per doz.; \$6.00 per 100.

Szovitsianum. (See Monadelphum.)

Thunbergianum. (See Elegans.)

***Tigrinum.** (Common Tiger Lily.) Orange red, profusely spotted with black. Blooms in July and August; height 2 to 4 feet. 10c. each; 75c. per doz.; \$4.00 per 100.

***Tigrinum Splendens.** (Improved Tiger Lily.) Very large flowers; orange salmon spotted black; 3 to 5 feet; August. 12c. each; \$1.25 per doz.; \$7.00 per 100.

***Tigrinum Flore Pleno.** (Double Tiger Lily.) This is a plant of stately habit, growing from 4 to 6 feet high; foliage dark green, very long, bearing an immense number of double, bright orange-red flowers, spotted with black; 3 to 5 feet; August. 10c. each; 75c. per doz.; \$4.00 per 100.

***Tenuifolium.** (Siberian or Slender Leaved Lily.) A most charming species, with very narrow leaves and brilliant scarlet flowers; 1 to 2 feet; June and July. 20c. each; \$2.00 per doz.; \$16.00 per 100.

Testaceum. (See Excelsum.)

Umbellatum. (See Elegans.)

***Washingtonianum.** A beautiful California variety, growing stiff and erect; flowers white, tinted with purple and lilac; 8 to 9 inches across when fully expanded 3 to 5 feet high; blooms in the summer 20c. each; \$2.00 per doz.; \$12.00 per 100.
