THE FERRIE STRIKE. It is Alleged Miners Are Being Brought Over From the United States.

NANAIMO TRAIN SERVICE. Board of Trade Will Discuss Proposed Double Train on E. & N. With G. Courtney.

MINERAL PROVINCE OF THE DOMINION. RECORD OF B. C. PROVES ITS CLAIM TO TITLE

Gratifying Report of Mining Developments of the Year Submitted by the Provincial Mineralogist.

THE ANNUAL REPORT OF THE PROVINCIAL MINERALOGIST, W. FLETT ROBERTSON, HAS BEEN ISSUED, AND IS FULL OF INFORMATION IN REGARD TO BRITISH COLUMBIA'S PREMIER INDUSTRY.

Table I. Gives the total values of the various mineral products of the province up to and including the year 1901, showing the amount contributed by each mineral to make up the total of \$172,941,988, the grand total of the province's earned income to the mineral wealth of the world.

Table with 4 columns: Year, Total Value, Increase Over Preceding Year, Per Cent. Increase.

Table III. Gives in detail the amount and value of the various mineral products for the past three years. As compared with 1900 the production for 1901 shows, for placer gold, a decrease of 27.45 per cent.

Table with 4 columns: District, Mines Shipped, Men Employed, Total.

THE STEEL SHIP-BUILDING INDUSTRY

PROPOSAL TO GRANT BONUS AT SYDNEY, C.B.

The Destructive Cyclone in Ontario—Damage Estimated at \$100,000

Winnipeg Notes. Sydney, C. B., July 19.—The ratemakers at a meeting last night passed a resolution asking the town council to call a meeting of citizens at the earliest date possible to consider the advisability of voting a sum not to exceed \$250,000 as a bonus towards establishing a steel ship building industry within the town of Sydney.

For Baptist Society. Fredericton, N. B., July 19.—Hon. A. E. Randolph, who died a few days ago, left an estate valued at \$150,000. Five thousand dollars goes to the Baptist Missionary Society.

Medical Examiner. Kingston, Ont., July 19.—Dr. D. E. Mundell has been appointed chief medical examiner of the Odd Fellows Relief Association.

The Cyclone. Montreal, July 19.—J. F. Richardson, of the C. P. R. telegraph staff, who has returned to this city after having superintended the work of repairing the company's wires, which were badly damaged by the cyclone at Chesterville, describes the scene as one of the most wonderful of the kind he ever saw. The cyclone must have been the wildest ever experienced in the Dominion, judging by the havoc created. The money loss will be in the vicinity of \$100,000.

Travelling Westward. Winnipeg, July 19.—Vice-President McNeill and Traffic Manager Kerr of the C. P. R. arrived here today on an inspection trip. They are to go west tomorrow to the Pacific coast.

The Exhibition. The city is filling up with visitors for the Winnipeg industrial exhibition. With fair weather the attendance promises to eclipse all previous years. The fast pace, Harold H., arrived today.

Hurt at Baseball. A baseball player named Benson snapped his arm yesterday while pitching in an amateur game here.

Proposal Defeated. Toronto, July 18.—A proposal for the establishment of a co-operative foundry, brought up by the Socialist wing of the International Moulders' Association, was defeated by an overwhelming majority. The committee on resolutions reported against withdrawing from the American Federation of Labor. The report was approved. Officers of the Iron Moulders' Association are to withdraw from the Civic Federation of Toronto.

MONEY GONE. Chicago, Police Now at Work on a Mysterious Case. Chicago, July 19.—Mystery surrounds cash, and two bundles of checks of \$900 belonging to prominent bookmakers of the Washington Park race track, from the recent vaults of the Masonic Temple Safety Deposit Company. The first losses reported today are: George Rose, \$12,380; K. N. Murphy, \$6,780; and S. Sturgeon, \$2,000. Last night after the Washington Park track the three bookmakers, in company, deposited their money in the night vaults, to-day when the men came to secure their money the boxes were empty. The vault was scratched from the boxes in the place as if they had been tampered with. The men all had separate keys, as did the watchman. The management of the deposit company believes no robbery has occurred. The police are working up the case. Later in the day heavy losses were reported by other persons which made the deposits that have disappeared aggregate nearly \$35,000.

AT HATFIELD HOUSE. Brilliant Gathering at Garden Party Given by Lord Salisbury. London, July 19.—Five special trains took a thousand distinguished persons to a garden party at Hatfield House (Hertfordshire) the seat of the former premier, today. Lord Salisbury's guests included the cabinet ministers, Indian princes, members of the diplomatic corps, and a number of peers and members of the House of Commons. No social event exceeded in brilliancy of scene and personnel the gathering at Hatfield House. Princes and Maharajahs in the brightest of Oriental costumes, and premiers, governors and generals from every portion of the empire mingled with diplomats of almost every government of the world. Lady Gwendolen Cecil, daughter of Lord Salisbury, assisted her father in receiving his five thousand guests, beyond the archway leading to the south front of the house. The Grenadier Guards' band was stationed on the lawn, which was dotted with many colored marquee in which refreshments were served.

CHERMAIN'S NOTES. (Special Correspondence of the Times.) The American barkentine Aurora finished loading on Saturday for Sydney, N. S. W., and will go to Victoria to complete her crew.

The American ship Servia and the American ship Emily Reed are both due to land at the main pier, the former for Australia and the latter for South Africa.

Mrs. E. J. Palmer has returned from Victoria after custom and mailing only night for Vancouver to spend a few days.

FLOODS IN IOWA.

Large Track of Land Already Under Water and the River is Still Rising. Keokuk, Iowa, July 19.—The flood conditions are much worse to-day and the Mississippi river is from two to ten miles wide for 75 miles below Keokuk, and is rising rapidly. The flood is reaching, far outlying farms, hitherto missed, and farmers in the lowlands on the Missouri side have lost everything but their houses on high knolls, and a few fields behind the highest levees. Damage is also occurring on the Illinois side between here and Quincy. The Lima and Hunt levees opposite Canton, Mo., which protect many square miles of corn in Illinois, are constantly patrolled and hopes are entertained that they may possibly hold.

The greatest damage is on the Missouri side of the river between Keokuk and Hannibal, territory covering over 900 square miles and on which corn was estimated at 80 bushels to the acre a few days ago.

Reports to-day are that in the territory indicated the loss will be over four million dollars, chiefly to corn lands. The damage done along the Mississippi is greater than was expected or at first reported. The townships in the county of Green Bay, is six or seven feet under water. It contains more than 11,000 acres of crops. Families there were driven out hurriedly and some were killed. The Skunk river, the most damaging tributary of the Mississippi, is roaring down with a flood approach, but twice in the history of the state, in 1851 and 1852. The water topped the record of 1852, and touched the highest record of 1851. This river rises in the centre of Iowa and empties into the Mississippi, 25 miles north of Keokuk. Edenville, Ottumwa and Coppel are among the heaviest losers from this cause.

CAUSED A PANIC. Later News From St. Vincent Where Severe Shocks Were Experienced on Thursday. Kingston, St. Vincent, July 18.—Several shocks of earthquake were experienced here yesterday, the first being a ten-second one at 9:35 in the morning. It was accompanied by a loud rumbling explosive sound, like thunder. Furniture was set in motion everywhere and crockery and glassware fell from shelves in shops and several buildings were damaged. There was no loss of life, but a great panic prevailed.

The most severe shock lasted only ten seconds. The shocks were probably caused by subterranean gases and steam explosions. A few days ago the United States and the British colonies were rocked by the eruption of the Soufriere volcano collapsed, resulting in the fall of thousands of cubic feet of sand and scoria into the crater. It is now said that the gas and steam, failing to find an outlet by the throat, or funnel, caused an explosion and intense conceptions.

GOLF TOURNEY. Finals in Amateur Championship Played Under Bad Conditions. Golf Course, Ill., July 19.—The finals in the amateur golf championship played between E. M. Byers, of Pittsburg, and Louis Ames, of Glenview, were played today under conditions that could not have been much worse. During the night the Skokie stream continued to rise in the low-lying lands on which the last nine holes of the course are laid out were almost entirely submerged. Notwithstanding, a fair sized gallery was present when play was called, and they followed the play closely.

The Commercial Pacific Cable Company, London, signed a contract with the Telegraph Construction and Maintenance Company for the manufacture and laying of its cable from Honolulu to Manila, touching midway at Guaya.

"IMPOSSIBLE, for you to enjoy motherhood," says the doctor. Sometimes he qualifies the statement, and says: "Impossible without an operation." Yet both these "impossibilities" have been made possible by the use of Dr. Pierce's Favorite Prescription. Many times the hindrances to motherhood are to be found in womanly diseases or weaknesses which can be cured perfectly and permanently by "Favorite Prescription."

This great medicine cures for women irregularities and all the debilitating drains. It heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"I wish to add my testimony to hundreds of others as to the value of Dr. Pierce's Favorite Prescription. I was doctored with a great many prescriptions, and less months afterwards I gave birth to a ten-pound boy. All physicians had said as a hopeless case, and they knew not of your medicine. I was heart and stomach all out of order, and I had severe pains in all parts of the body; sinking spells, and nearly blind spells. I had a bottle of 'patent medicines' without effect. I began taking Dr. Pierce's Favorite Prescription, and less months afterwards I gave birth to a ten-pound boy. All physicians had said both the baby and myself were strong, and I got strong splendidly—thanks to your medicine."

The Common Sense Medical Adviser, 2008 large pages, in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

TO ASSIST MINERS NOW ON STRIKE

REPORT OF SPECIAL COMMITTEE ADOPTED

Assessment to Be Levied on Earnings of Unionists—An Appeal for Arbitration.

Indianapolis, Ind., July 19.—When the miners' convention met this morning it was evident that all probability of a strike had vanished utterly. On its opening "Mother" Jones, who was granted the floor, made a speech, in which she declared a general strike would not be wise. A motion was made that the convention endorse the meeting of employers and employees in Minneapolis on September 22nd to discuss the practicality of a universal eight-hour working day.

The special committee then reported its recommendations being: 1st. That the national secretary-treasurer of the United Mine Workers be authorized to appropriate \$50,000 from the funds of the national treasury for the benefit of districts 1, 7 and 9 (these are the anthracite districts).

2nd. That all districts and sub-districts and local unions be asked to donate what they can afford for the support of the strike.

3rd. That an assessment of 10 per cent be levied on the earnings of members of the unions of 8, 12, 13, 19, 23 and 25, and that an assessment of 1 per cent, per week be made on the members of the districts 2, 5, 11, 14, 15, 16, 20 and 21. This assessment is not to be made against members of the unions now on strike, but in such cases the assessment to commence when the strike is over in the manner of this being arranged by the unions.

4th. That the assessments be paid directly by the local unions to Secretary-Treasurer Wilson.

5th. That 25 per cent be deducted from the salaries of all national district officers and organizers.

6th. That the assessments begin from July 19th.

7th. That all contributions made by the national organization be distributed pro rata to the anthracite districts in the ratio shown by the last coal report.

8th. That each coal union be requested to aid as far as possible in securing work for men now on strike. In this connection the report of the American Federation of Labor will be requested.

9th. That an address be submitted to the American people. The committee was adopted by a unanimous vote.

The convention has also adopted President Mitchell's recommendations with a few modifications. The sentiment of the address, as read by Secretary Wilson, are that the miners argue that the foundation of the great industrial progress of the country during the last decade has been laid largely by their labor; that they receive a pittance for their labors and feel that they are being unjustly treated; that they have organized for the purpose of securing what is their right, but for better treatment and wages; that they believe that the best interests of the country are opposed to a general strike, and that they cannot be induced to break their contracts; that the United States people are requested to bring pressure upon the anthracite operators and proprietors to compel them to arbitrate.

President Mitchell made a short speech, after which the convention adjourned.

STORY DENIED. The Pope Has Not Dissolved the Commission of Cardinals. Rome, July 19.—The dispatch from Rome, published in the Daily Chronicle of London to-day, asserting that the Pope is intensely displeased with the way in which the commission of cardinals has conducted the negotiations with Judge Taft in the matter of the friars in the Philippines, but has denounced the procedure of the commission and has summarily dissolved it, expressing the view that the demands were reasonable, and signifying his readiness to treat with Judge Taft personally, based on an entire misunderstanding of the situation. The commission of cardinals was not summarily dissolved. Its work ended with the acceptance of Cardinal Rampolla's proposition to defer further discussion of the negotiations to Manila. Inasmuch as the parties agreed to this, it is absurd to say that the Pope is displeased personally treating with Judge Taft. On the contrary, the Pope has expressed the highest sentiment at the result of the negotiations. He said that "having started direct negotiations with Washington is one of the happiest events of my pontificate."

PORT OF CALL. Report That Vessels of the Morgan Combine Will Touch at Dover. London, July 19.—The Paris correspondent of the Sunday Observer, says that in engineering circles in Paris it is reported that the frequent visits recently paid to Dover of H. D. Morgan were made with the object of testing the capabilities of the new harbor improvements with a view of making Dover a port of call for the Atlantic shipping combine.

The correspondent adds: "During the interview between Mr. Morgan and Emperor William the subject, I hear, was frequently mentioned, and the proposed change received the Emperor's full approbation so far as the German liners are concerned."

The Chinese officials have formally notified the ministers of the powers at Peking of the throne's acceptance of the conditions for the restoration of Tien Tsin to the Chinese.

NAVAL BATTLE

Fought Between Four Gunboats Near Panama—Alarm in City. Panama, Colombia, July 19.—The insurgent gunboats, Padilla and Darien, appeared last night between Flamenco and Otique islands. Gov. Salazar thereupon ordered the government gunboats Chuchito and Clapet to put to sea and meet them. Heavy cannonading is taking place at this hour, 10 a. m. The United States special service steamer Ranger is coming into the bay. Great alarm prevails in this city. The gunboats are full of soldiers.

The cannonading between the government and the revolutionary vessels continued until 4 o'clock this afternoon. It was heaviest at 10 o'clock this morning. At 2 o'clock the Darien was seen in tow of the Padilla, and it was believed she had been hit. The government fleet was handicapped by the absence of the gunboat Boyaca, which was being repaired, and it is thought probable that this fact was known by the insurgent general, Herrera, who decided to attack La Boca, hurriedly completed repairs and is going out at 5 o'clock. The Padilla has gone. The Ranger left the bay after the Padilla started, taking with her the revolutionary forces. No explanation is offered for the movement. It is thought that a great battle is being fought at Agua Dulce. Whatever the result of this shall be to Gen. Herrera's army. Gen. Salazar, the governor of Panama, said to the representative of the Associated Press that the revolutionary forces will suffer a crushing attack by them upon Panama will be rendered impossible, even if they are not defeated. Gen. Salazar has blind confidence in his troops.

CANADIAN BRIEFS.

Quebec, July 18.—The Gaylor and Green case was again before Judge Caron on motion of Donald McMaster, K. C., counsel for the United States government. The Gaylor and Green case was argued by the last habeas corpus writ to have all papers in the proceedings before Judge Caron.

The ship laborers' strike was settled this afternoon, the revolutionary forces agreed to pay the same rates as in vogue in Montreal, and the harbor commissioners agreeing to pay the shipmen.

Halifax, July 18.—J. A. Chipman, of the firm of J. A. Chipman & Co., four merchants, who were arrested at Eastern and Western Canada, died at noon to-day.

CHOLERA IN EGYPT. Alexandria, Egypt, July 19.—It is officially announced that there have been 94 cases of cholera and 50 deaths during the last 24 hours. The principal town and capital of Upper Egypt, near the Nile. It is further announced that 20 cases of cholera have occurred at Assiout during the last three days, and that half of the cases have died.

It is the best built town south of Cairo, and an important military station.

NOT KNOWN AT PATERSON. Paterson, N. J., July 19.—The police authorities say that a man, who was arrested at Bra, Italy, on the charge of being concerned in a plot to assassinate President Wilson, never knew anyone named Tonelli. Tonelli was said in dispatches to be a barber, so that he was not an Italian barber shop in the city. At none of them was he known.

THE PRICE OF OATS. Chicago, July 19.—Fears that they could not be met, though all July contracts created great excitement among shorts on the board of trade today, and July oats soared to 65 cents, the highest price since 1874. This point marked a gain for the day of 74 cents and of 15 cents for three days.

DAWSON PRICES. There has been a drop in prices in Dawson. A couple of weeks ago cream was selling at from \$5.50 to \$6.50 per case, and new hams at 25 cents per pound. Oatmeal dropped to 13 cents per bushel, and had at 5 cents per pound.

New potatoes from California, sold at 10 cents per pound, while old ones are quoted at 7 cents. The granulated sugar famine had been relieved, and the best quotations on the article are 84 cents wholesale or 10 cents retail. Fresh strawberries, usually in bad shape, command 60 cents per quart box, and fresh raspberries, \$4.50 per bushel, 85 cents fresh tomatoes, 50 to 75 cents per pound, and fresh apples \$10 per bushel. Whole milk was quoted at 25 and 25 cents per pound, while pork had dropped from 30 to 28 cents.

In the Daily Graphic contest at Bileys on Saturday, Sergt. Smith was the only Canadian to receive a prize, with 34.

A gruesome discovery was made last Wednesday in the woods near Bear creek, which empties into the Campbell river on the east coast of Vancouver Island, says the Vancouver News-Advertiser. The first news was received on Saturday morning by M. King, the mining man of Victoria, who arrived in Vancouver from up the coast. While cruising in the woods near Bear creek, Mr. King struck a lizard trail, and following it, came upon a small clearing having a tumble-down shack in the center. He was horrified to find the half-eaten body of a man lying a few yards from the body and that which remained was horribly decomposed. What clothing the man had worn had been torn in shreds. In the shack was found a rubber coat and a short brown coat, in the pocket of which was found a blue envelope. No papers were discovered which would lead to the identification of the remains. A camping outfit lay in the cabin. Mr. King buried the scattered mass of flesh and bones. Indians in the vicinity state that two years ago a man entered the district from Adams river and was never accounted for.

"Miss Overteens says she doesn't object to telling her age." "No, I presume not. It would no doubt be safer than to let someone else guess at it."

SEASONABLE ARTICLES
Papier Poudre Books

This Face Powder, on leaflets of absorbent paper in book form, meets a long-felt want for a complexion beautifier which is perfectly portable and may be used not only at home but at public assemblies without attracting attention.

It is invaluable for tourists, not only for its portability, but also for its peculiar efficiency in removing wear and dust of travel. It has special absorbent qualities by which greasy matters are removed and the skin is left cool and refreshed and with a delicate perfume.

This article has met with prompt appreciation in all sections, and every mail brings in inquiries from dealers or private consumers. Made only by the Papier Poudre Co., London.

DEAN & HISCOCKS, Chemists and Druggists, Cor. Yates and Broad Sts., Victoria, B.C.

people and sets out to meet the enemy. Those remarks of the popularly known heathen idolaters which defamed their temples and determined to worship the God of Israel.

Part III.—Feast of dedication at Jerusalem on the return of Judas and following after recovering and restoring the sanctuary and re-establishing the liberties of his country. Final victory of Judas over Nicanor. Celebration of peace and national thanksgiving.

The oratorio is a beautiful of dramatic situations and is not hackneyed in any sense. There is plenty of good hard work for the average chorister to do and will well repay for the trouble of rehearsing.

It is pleasant to be able to state that the leading musicians and vocalists of this city are standing together for the entire class of music, and Mr. Brown is assured of the most cordial assistance on all sides.

SPORTING THE OAR DIFFERENCE IN STYLE The Argos were beaten at Henley as

During the past year there has been a decided revival of oratorio among our musical enthusiasts, such standard works of the masters as Handel's "Messiah" and "The Creation" having been produced under the direction of Herbert Taylor and Gideon Hicks respectively.

The history of oratorio in this city has not been very encouraging to those engaged in it. As early as 1882 the "Messiah" was given under the direction of Prof. George with great success.

Mr. Brown expects to secure all the solo parts for this grand oratorio to the city, and invitations have been extended to the various churches in the city to send their quotas of singers to swell the chorus.

It may prove of interest to many in view of the proposed production of this masterpiece, to know something concerning the oratorio itself and the music which it was composed.

By the MSS. of Handel in the Royal Library it appears that the music was composed by him in the space of little more than a month, having been begun on the 9th of July and finished on the 11th of August, 1741.

The plot of the oratorio is founded on the accounts given of the heroic actions of the Jewish deliverer in the first nine chapters of the 1st Book of Maccabees, and in the 12th Book of Judith of the Apocrypha.

The oratorio is divided into three parts. Part I, dealing with lamentations for the death of the father of Judas Maccabees and Simon, who had roused the Jewish people to resist the cruelty and oppression of the Syrian King.

Part II.—Celebration of victories. Valor Judas—Heroism of the war—Judas advances the falling courage of the

BASEBALL. VICTORIA V. VANAIMO. In the baseball game at Nanaimo on Saturday the Victoria team won by a score of 5 to 0. The match was particularly exciting. The play on the part of Victoria was almost faultless, only two errors being made by McConnel.

PERNWOODS DEFEATED. On Saturday afternoon at Work Point barracks Sergt. Askey's eleven defeated the Fernwoods by an innings and 45 runs. The following are the scores: Fernwoods: Sgt. Askey's Eleven: Sgt. Askey, c. Shandley, b. Gallop, 0; Gr. Longbottom, c. and b. Marconini, 0; Gr. Rivers, c. Marconini, b. Gallop, 0; Gr. Longbottom, b. Gallop, 0; Gr. Beaumont, c. Marconini, b. Gallop, 0; Ridge, c. Marconini, b. Griffiths, 0; Johnson, c. Marconini, b. Griffiths, 0; Campbell, c. Marconini, b. Griffiths, 0; Kelleit, b. Wheeler, 0; Sgt. Condon, b. Wheeler, 0; Smith, not out, 0; Eyes, 0; Wides, 0.

PERNWOODS-1st INNINGS. Griffiths, b. Askey, 0; Clarys, c. Campbell, b. Longbottom, 0; Wheeler, b. Askey, 0; Shandley, run out, 0; H. Wilson, c. Rivers, b. Askey, 0; P. Marchant, b. Longbottom, 0; Marconini, run out, 0; Boorman, not out, 0; King, c. Condon, b. Askey, 0.

EVEN MATCH. The California Alumni team and Vancouver played a very even match on Saturday. Up till the latter part of the match it looked as if the former players would be easy winners, but at this stage Nichols made a safe hit, bringing in two men, and thus tying the score.

THE INTERMEDIATE GAME. The match between the Hillside and Victoria Intermediate teams at Oak Bay was won by the former with a score of ten to eight. There were some clever plays on both sides, and on the whole the opposing aggregations were evenly matched.

NOTES. On Saturday next the famous Chemawa Indian team from the United States Industrial Indian school at Chemawa, Oregon, will play the Victoria at Oak Bay. This game, besides being the baseball novelty of the season, will also be one of the best games of the season.

to Victoria alone, but to all the surrounding country, to all the province. We think the city itself should take the initiative, because our interest is the greatest. The beginning might be modest, that being no reason why the best itself should not be equal to the best. The important thing is to make a beginning. The interest would grow and increase with every step.

cause incidentally the coronation parent was brought on at about the same time as the case of Tomey Homma. We also hope Mr. Eberts may not read the mean things Mr. Martin has been saying about him and his colleagues. If he were to run across a British Columbia newspaper containing such criticisms and threats the pleasure of his trip would surely be marred.

WILL NOT LEARN. The Seattle Post-Intelligencer will not be convinced there is not something reprehensible, if not suspicious, in the action of the Canadian courts in holding that the usual procedure shall be gone through in the cases of Guyard and Erwin, who are "wanted" on the other side for embezzlement.

WHAT WE MIGHT DO. A goodly number of Victorians are at present dissipating their energies and wasting their eloquence upon schemes for the advancement of the city's interests which appear to be just a trifle in advance of the times.

EBERTS V. TOMEY HOMMA. The appeal of the Attorney-General of British Columbia to the Imperial Privy Council against the decision of our Supreme Court that Tomey Homma, a naturalized Japanese subject of the King, shall have his name placed upon the voters' list, was argued on the 4th of July, according to the law reports of the London Times.

THE WATER QUESTION. To the Editor:—The Voters' League will hold a special meeting at the city hall to-morrow evening to discuss the question of water supply, and will appoint a committee to thoroughly investigate the subject.

The spiritual adviser of Rice, who was hanged in Toronto on Saturday for the murder of a constable, says Rice to the jury that he believed him. The reverend gentleman preferred the dying statement of Rice to the evidence of the witnesses on which he was condemned. The credulity of tender-hearted clergymen is well-known. Many of our readers will remember the case of the Hamill murder at the Blue Bell mine, East Kootenay, for which Sproul was condemned and executed in Victoria.

The Dawson Nugget characterises the act giving representation to the Yukon in the Commons as freak legislation, because the date on which the election shall be held was not named in the bill. The Nugget is evidently not very familiar with legislation of this character, or being so it only wants to maintain its reputation as a grievance monger.

PHONE 28. 80 AND 41 JOHNSON STREET.

THE OBJECT OF THE COMMERCIAL COLLEGE. It is not to provide a rudimentary education, as this field is covered by the public schools. Not to provide a higher education, the High School covers that ground better than we can; not to bring out the moral character, the Sunday schools are well able to take care of that. Our object is to provide what the above cannot provide; a thorough training in business methods. We give our young people a trade, a earning capacity and we have to do this in as short a time as possible in order to save them the cost of living expenses while they study. The number of young people we have trained and are earning their own living approaches a thousand. You see, we never let go of a student until we succeed in obtaining that object, that is until we have placed the student into a self-supporting position. Some learn with less facility than others, but we nevertheless, do not give them for this by extra charges. We have only one rate, which when paid, entitles the student to graduation. We have placed eight students into offices in the week beginning June 30th and ending July 7th at salaries from \$25 to 45 according to the mental ability of the student. On the other hand regardless of this, a business education is an absolute necessity for every one and it is the best investment anyone can make.

WANTED. Experienced Hands and Learners. For Shirt and Overall Factory. Good Wages Paid. Apply at Factory, Corner Bastion and Wharf Streets. Between 12 and 1 p. m.

ABOUT RAZORS. It is not so hard to get a good one if you know how to use it. We can supply you with the best, and make it a point to instruct you how to keep it in working order. For those who cannot use the ordinary type, we have the Safety Razor. It is impossible to cut yourself, and you can shave as quickly on boat or train as at home. It will pay you to give us a call and examine our line of shaving materials, which we have in large variety, at FOX'S, 78 GOVERNMENT STREET.

How is the Breath
Good breath and had teeth are incompatible. They can't go together. If you have bad teeth, you need our

Carbolic Tooth Powder
To arrest decay, clean off the yellow and keep the teeth clean. This is a pleasant tooth powder to use—you do not tire of it, and it imparts a fresh clean taste to the mouth. 25c per bottle. Rubidant Tooth Wash, 25c per bottle.

WEATHER BULLETIN.
Daily Report Furnished by the Victoria Meteorological Department.

Victoria, July 21—5 a. m.—Since Sunday a low barometer area has crossed the province from the Pacific to the Rockies, and has been followed in this vicinity by rain. The weather has been fair through out the Pacific slope, with temperatures of 80 on the Lower Mainland and in Cariboo, and up to 86 in Kootenay. The weather is fair and warmer in the Territories, the highest temperatures ranging from 78 to 88 degrees.

Forecasts.
For 26 hours ending 5 p. m. Tuesday, Victoria and vicinity: Moderate or fresh winds, chiefly southerly and westerly, partly cloudy and cool.
Lower Mainland—Mostly cloudy and cool with showers.

Reports.
Victoria—Barometer, 30.02; temperature, 61; minimum, 56; wind, 8 miles S.; weather, cloudy.
New Westminster—Barometer, 30.02; temperature, 56; minimum, 54; wind, calm; weather, cloudy.
Kamloops—Barometer, 29.90; temperature, 62; minimum, 62; wind, 4 miles N. W.; weather, fair.
San Francisco—Barometer, 29.93; temperature, 62; minimum, 50; wind, 6 miles S. W.; weather, cloudy.
Edmonton—Barometer, 29.70; temperature, 56; minimum, 56; wind, 4 miles S. E.; weather, clear.
Port Simpson—Barometer, 29.88; temperature, 64; minimum, 54; wind, 6 miles S.; rain, .32; weather, cloudy.

City News in Brief.

—Grocers' picnic to Koksilah, July 23rd. Fare, \$1 return. Children, 25c. Band concert, baseball, races and athletic exhibition.

—A mass meeting will be held in the city hall to-morrow night under the auspices of the Voters' League to discuss the water question. A large attendance is required.

—A shipment of gold medal camp beds and chairs just received at Wellers; this is the best camp furniture made, as it is lightest and strongest, has steel reinforced joints.

—A baseball match was played at Maazulay Point between the Victoria West and Esquimalt teams, resulting in a win for the latter by a score of 9 runs to 1 and a spare inning.

—The splendid cut of the five Victorian members of the coronation contingent which appeared in the Times on Saturday was from a large stock kindly loaned from the studios of Skene Lowe.

—The following officers were elected at Saturday night's meeting of the Bakers' Union in Labor hall: President, J. G. Thompson; vice-president, E. H. Hartwick; financial secretary, G. W. Strickland; recording secretary, F. A. Graham; treasurer, C. Brown; sergeant-at-arms, W. R. Earl.

—E. Hobbs was re-elected school trustee in the election which took place in Cadboro district on Saturday. Mr. Sinclair, jr., opposed him, and the poll resulted in 13 votes for Hobbs and 4 for Sinclair. The school district was formed 1 year ago, and this is the first time since then that there has been a poll.

—Despite the fact that several of the men have been filling engagements at the theatre the Fifth Regiment band has been presenting very excellent programmes at the Douglas gardens since they were opened. The full strength will be on hand this week. An exceptionally good concert is promised for to-morrow, the programme containing a number of very popular selections.

—The agency for the Phoenix Fire Insurance Company, of Hartford, Conn., has been transferred from Frank G. Richards, to Messrs. Dury and Kingham, of 34 Broad Street. Both of these gentlemen are well known and respected through their business relations with the public and are to be congratulated on securing the agency of this old and well established company.

—The Pollard company closed their Victoria engagement on Saturday night with a second performance of "A Gaiety Girl." They had a record audience and were enthusiastically greeted, the "sleeping" song earning more than half-a-dozen recalls. On Saturday afternoon they played "Pinafore" to another crowded house. It is quite probable that Victorians will have the pleasure of seeing their little friends again shortly, as the management contemplate postponing their return trip to Australia and playing in a number of towns yet unvisited by them.

The Mutual Life of Canada

Expense rate per 1,000 to total income, 1901—
In 15 Canadian Life Companies, average, \$36.20
In the Mutual Life of Canada, \$16.88
Combined Death and Expense rate per \$1,000, 1901—
In 15 Canadian Life Companies, average, \$22.70
In the Mutual Life of Canada, \$13.91

From the above figures intending insureds will see where their interests will be best served.

30 Water Front Lots

Shawnigan Lake

The popular summer resort, offering cheap select your site at Shawnigan Lake. Two choice lots (in orchard) on Stanley Ave., close to Fort Street, must be sold at once. No reasonable offer refused. Canadian Fire Insurance a specialty.

P. C. MacGregor & Co.,
GENERAL AGENTS, 2 VIEW ST.

—H. M. S. Grafton came into Esquimalt harbor this afternoon. She has been out on a cruise.

—The Norwegian barque Bayard came in this afternoon. She left Melbourne on April 15th for Vancouver.

—Lots of fun at the grocers' picnic, Wednesday July 23rd. \$500 in prizes for races and games. Sport of all kinds for everyone.

—Only \$40 from Victoria to Alaska and return on steamship Dolphin, July 28th, and Humboldt, August 2nd. E. B. Blackwood, agent.

—Grocers' picnic Wednesday, July 23rd, at Koksilah park, trains leave 8 and 9 a. m. and 2 p. m. Fare, \$1 return. Lunch can be had on the grounds.

—G. D. McMartin, formerly in business in Victoria, has opened a barber shop at corner of Douglas and Johnson streets. Everything in the shop is new and up-to-date, including hot and cold baths. He will be pleased to see all his old friends and many new ones.

—The following ladies and gentlemen called on Friday and Saturday at the tourist rooms, 34 Fort street: R. J. W. Peabody, J. A. Becker, Mrs. J. W. Becker, Master Logan, Mrs. A. Dear and A. Dear, Seaside, Mrs. G. H. Campbell, Jewin, Colo.; M. J. McLean, Pembroke, Ont.; G. A. Jeckell, Cardston, Alta.; Adelaide Jeckell and Thomas Barton, Regina; P. E. Sullivan and Mrs. A. E. Sullivan, Portland, Ore.; L. C. Marshutz and wife, San Francisco, Cal.; R. S. Sparling, Vancouver; W. O. M. Kintash and Mrs. Kintash, Boston, Mass.; F. Peabody, Chicago, Ill.

—The following Canadian patents have been received this week by British Columbia inventors, as furnished by Howland Britain, patent attorney, Vancouver: R. H. Caswell, Vancouver, on a milk cooler, in which the milk is carefully strained and aerated before being lowered in temperature by being brought into contact with the cooling area of the ice vessel. W. E. Vanstone, sanitary and heating engineer, of New Westminster, has obtained a patent on a self-contained water heater suitable for small installations. W. G. Macdonald, of Vancouver, has a caveat on a door or window fastener.

—The death occurred to-day of a well known citizen of Wellington in the person of Robert Kilpatrick, who has resided in the mining town for the past twenty years. He came to this city for medical treatment, taking up his residence at 96 Cook street. The malady which was persecuting him had to do with a grip, unfortunately, and although everything possible was done the disease triumphed, his victim succumbing this morning. Mr. Kilpatrick was born at Sydney Mines, Cape Breton, forty-one years ago. Coming to his province he settled at Wellington, engaging in the undertaking business. He leaves a widow one son and two daughters. He is a member of the Odd Fellows and Masonic orders. The remains will be shipped to Nanaimo on Wednesday for interment.

AN OVERLOOKED ASSET OF CITY

VISIT TO DOUGLAS MOUNT AND ITS PARK
Over Three Hundred and Fifty Acres of Mountain and Woodland and a Glorious Bathing Beach.

Stop the average citizen of Victoria and ask him where Mount Douglas is, and he will reply with a shake of his head. Local usage and nomenclature have prevailed and the mountain which towers above Cordova beach is generally spoken of as Cedar Hill—a scarcely worthy substitution, considering that its ownership by the city of Victoria to-day is due to the foresight of Sir James Douglas, to which this Island, and Victoria particularly, owes so much.

Indeed it is only recently that the fact that the city is the owner of Mount Douglas, and of the lands lying below it, has been generally known. To have come at all generally known. With the interest which has been stimulated in every asset of the city which would serve the public interest, the Tourist Association has fostered, public attention has been directed to an overlooked asset, and it was with a view to familiarizing public men of the place with the property that the Mayor took a party with him to the mountain and back on Saturday afternoon.

The day was exceedingly warm one for Victoria, and this served to render more refreshing the cool breezes which fanned the brows of the members of the party when they reached the beach. Three hours were spent on the mountain, which went off the Cedar Hill road through a section which, to many, familiarity is nothing of its charms. Surely a greater rustic and pastoral scenery can be found in the world than in the valley which lies snugly in the dip between the houses of Mount Polmie and the foot of Mount Douglas. The whole country presented a spectacle of waving grain, cultivated root crops, orchards and hay fields, which was refreshing to the eye.

Arriving at the base of Mount Douglas, the party was shown by the city engineer the boundaries of the city proper. Sufficient to say that the crest, and the whole seaward side of the mountain, is included in a magnificent natural park, the big game of the neighbourhood of the city, and in the neighborhood of 700 feet in height, and from its summit, to which a bridge had been cut with little difficulty, the visitor can survey a vast panorama into which city, and sea, farm lands and wood land, roads and gardens, mountain islands, waterways, enter and form a perfect picture.

Having surveyed the mountain, and owing to the heat, out of the programme the climb to its summit which some of the more energetic proposed, the party drove on about half a mile to a point where they could readily reach the sea front. From the foot of the mountain as far as Cordova beach proper the road winds through sylvan scenery, flanked on both sides by towering trees similar in character, though the trees as a rule are not as immense, to Stanley Park, Vancouver. The best walking and wood land, the scenery, and if proper drives are cut through it, it would form a charming addition to the city's list of resorts.

Reaching the opening in the woods, where number of city campers have already driven their stakes, the party left their vehicles and, descending by a winding path to the beach, were shown the extent of the property belonging to the city. This is 1,100 yards in extent, and forms a half horseshoe. The beach is a fairly good one for bathing, but has a few boulders which might be a nuisance as they were at English Bay in Vancouver—the beach which that city is considering acquiring at a cost of thousands of dollars.

Streams run into the sea from the mountain, providing an ample supply of fresh water for the use of campers, while the water which runs down the mountain is not without its uses. It is a source of drift wood which is an inconvenience at some other parts. The water was delightfully warm, according to the personal testimony of the party, and it is the opinion of the company who could not resist the temptation to renew the joys of their barefoot days.

The boundaries of the beach indicate its comprehensiveness. Far on the right Gordon Head, which also has its colony of campers, pushes itself into the sea, while on the left Sidney Spit, the Cowichan Head are prominent features of the shore line. Directly in front San Juan Island stretches across at a distance of about ten miles, while over its crest Mount Baker thrusts its snow-capped, and always beautiful head.

The extent of the park is about 350 acres, the whole of which is now wooded with the exception of the bare crown of the mountain itself. It was devoted to the city in 1880.

There are not wanting evidences to show that the city's neglect of its property has been taken advantage of by those who perhaps have a livelier appreciation of good things, and who have not hesitated to encroach on the civic domain. These will now, doubtless, receive due notice to withdraw within their legal boundaries.

Having noted the beach at the foot of the park, the company drove on as far as Cordova beach proper, surely the most delightful bit of shore line on these waters. Those who have camped there need not be told of its charms, but perhaps there are others who are not as familiar with its attractions. It is a sandy beach, of perhaps three-quarters of a mile in extent, with a bar running parallel to it, over which the water creeps in with a rushing tide, absorbing as it does so the heat which the sun stores in the sands earlier in the day. The result is that at flush tide the waters of the beach are delightfully warm, and the youngsters on Saturday gave ample evidence of the fact. Wearing nothing but a breech-clout and a pleasant cap of the high water, they waded on the ruts, on the rocky projections, or tumbled about in the sand. When the water recedes this sand is hard and firm, and the boys can be played on it or even a horse driven along it without trouble.

The gentlemen of the party who had a chance to take several views of the happy scene.

The tents which at the present time contain about two hundred residents of the city and are pitched in a long crescent line or overhanging trees, whose roots are driven deep into the bank about ten feet high, which marks the crest of the high water. Their roofs are there, but their branches fall in protecting loveliness over the white walled tents, forming ideal shelter from sun and wind. The slopes of the hill on which the beach are also heavily timbered, so that the winds are rarely experienced in this favored spot, while spring streams flow at various points out of the hill.

A real danger to the future of this place as a resort for the general public was pointed out while the aldermanic party were present. Private parties who have acquired the lands contiguous to the beach want the local government to alter the road further back from the beach, allowing them lots of sufficient frontage between the road and the sea to sell building sites. This has already been done at the farther end, if it is permitted along the whole extent, Victoria will lose one of the most delightful outing grounds that her citizens now enjoy, and one for which they now pay nothing. The menace to the beach is a real one, and will likely engage the attention of the city council at an early date.

To make the city's new park a real boon to those for whom its thoughtful founder planned, several things are necessary. Some expense must be incurred in cutting roads, fencing, and perhaps stocking with game, the woodland on the seaward side. But more than that, some reader means of access to it must be provided. To-day the Cedar Hill road is the best turnpike running thither. It must be from seven to nine miles long, and this forms an obstacle to it must be provided. To-day the Cedar Hill road is the best turnpike running thither. It must be from seven to nine miles long, and this forms an obstacle to it must be provided. To-day the Cedar Hill road is the best turnpike running thither. It must be from seven to nine miles long, and this forms an obstacle to it must be provided.

DEATHS AND FUNERALS.

A. J. Pollock, of Cedar Hill, died on Saturday—Funeral of the Late R. Dods.

Arthur John Pollock, of Cedar Hill, passed away on Saturday morning at the family residence. Deceased was the youngest son of Chas. Pollock, and was a native of Victoria. He was 20 years and 2 months old, and leaves to mourn her loss three brothers and four sisters. The funeral takes place from the residence of S. Pollock, Cedar Hill, to-morrow at 2.30 p. m.

The death occurred on Saturday evening last of George Taylor, a native of Ayrshire, Scotland. Deceased lived for some time on James Island, and had recently moved to Sidney. The funeral is taking place this afternoon from the residence and later at West Saanich cemetery. The Rev. Mr. Wimberley will conduct the religious services.

The infant son of Mr. and Mrs. G. H. Couler, of 280 Johnson street, died on Friday last.

The funeral of the infant daughter of Robt. M. Ingram took place on Saturday afternoon. The religious services being conducted by Rev. Elliott S. Rowe.

The remains of the late R. Dods were laid at rest on Saturday afternoon, the funeral services being conducted by the undertakers' parlors. Religious services were conducted by Rev. W. D. Barber. The following acted as pallbearers: Messrs. L. Wain, John Barnett, Thos. Farrard and Henry Calow.

LEGAL NEWS.

Supreme Court Sittings to Be Resumed To-Morrow—Applications in Chambers.

The sittings of the Supreme court will be resumed at 10.30 to-morrow morning, when motion for judgment will be made in Doering vs. G. Electric Railway Co. on the findings of the jury.

The case of Beaven vs. Marshall, an action by the Green-Worlock estate on a claim of banker's lien, was tried on Friday before Mr. Justice Walkem, and judgment reserved. J. H. Lawson, jr., acted for plaintiffs, H. B. Robertson for defendant.

The cases of Macrae vs. Holmes, and Collier vs. Hibben, are next on the list for trial.

The following applications were disposed of in Chambers this morning by Mr. Justice Drake:

Reay vs. Reay—A consent order was made for amendment of clerical errors in the pleadings. J. H. Lawson, jr., for plaintiffs, G. H. Barnard for plaintiffs, J. H. Lawson, jr., H. B. Robertson and R. H. Pooley contra.

Niel et al vs. New Vancouver Coal Co.—On application of plaintiffs an order was granted for a commission to Ottawa to take evidence in the department of railways and canals. L. Bond Gregory contra.

Marymont vs. Cook—An order was made transferring suit to County court. E. E. Powell for plaintiff, F. B. Gregory contra.

O'Neil & Morris vs. Bennett Lake Navigation Co.—An application to proceed with accounts was adjourned. J. H. Lawson, jr., for plaintiffs, W. M. Griffin contra.

Dainty odd pieces of china and pretty glassware, etc., for sale. See second page for description of all kinds as shown in endless variety at Wellers.

A Perfect Production. The above caption accurately describes your prescription when prepared by us. It is Pure, Accurate, Reliable. JOHN COCHRANE, CHEMIST, N.W. Cor. Yates & Douglas Sts.

MINERAL PROVINCE OF THE DOMINION

(Continued from page 1.)

Production of the Dominion during 1901 (excluding the Yukon Territory), British Columbia produced 1,817,500 tons of the lead, 96 per cent of the silver, 67 per cent of the copper, 96 per cent of the zinc, 2 per cent of the iron, 100 per cent of the gold, 50 per cent of the coal, and 50 per cent of the coke, and of the total of preceding minerals about 40 per cent.

Coal. The coal mines of the province have during the past year made an output never before equalled in their history. The gross output for the year was 1,817,500 tons of which 221,226 tons were used to make coke, so that the net output for the year was 1,596,274 tons of coal and 127,274 tons of coke. This is equivalent to an increased production of 100 per cent of coal, 43 per cent, and of coke, 49 per cent.

Each year seems to present some particular feature of interest, and this year it is the greatly increased copper production of the province. The copper production for the year has been 1,817,500 tons, an increase of 17,000,000 lbs., and \$2,831,074 over that of the previous year, or about 175 per cent increase in value.

The statistics show that the gold production of the province during the past year was of a value of \$5,318,703, which is an increase over that of 1900 of \$869,508, or equal to about 12 per cent increase. This is the greatest gold production British Columbia has ever made.

The Cariboo district shows a considerably decreased production, which is due almost entirely to the small output of the largest company in the district, the Cariboo Consolidated, which, through shortage of water, was only able to work a part of the season.

The statistics show that 5,746 tons of ore were shipped, which, as before stated, were used for experimental purposes, or as a flux in smelting other ores.

Other Minerals. There has been a small quantity of platinum produced this year, about 4577 worth, from the Sitka district.

On the coast certain deposits of black sand have been worked to a profit, but have not made the output expected.

It might be pointed out that in every instance, as far as is known, the dredges operating in British Columbia work up streams, and it is very questionable if such a practice is best suited to the conditions here prevailing, or whether they should not, on the contrary, work down streams.

Placer mining is, of necessity, dependent on the weather, and is as variable in this province as that commodity, but in gold mining, as the mines develop, the production becomes as regular as the output of a manufacturing business, and it is to be noted that the gold production in 1901 the lowest in the history of the province produced \$4,248,403 in value of gold, an increase over the previous year of \$869,508, or 21 per cent.

The total amount of silver produced in 1901 was 5,171,353 ounces, valued at \$5,864,745. This is an increase over the

BEN. GORDON PASSED AWAY LAST NIGHT

HE SUCCEMED AFTER VERY HARD STRUGGLE

Well-Known and Highly Esteemed in All Circles—Funeral Probably on Friday Afternoon.

Death last night claimed a well known and very widely respected citizen, Benjamin Gordon succumbing to a disease which even his athletic frame could not shake off. He has been ill for months, his condition varying from time to time, alternately raising the hopes of his family and friends and then plunging them in gloom.

In commercial, social and athletic circles he was always the same, being every department with his abundant vitality and geniality.

He was born at Ottawa on August 11th, 1866, making him just 36 years of age last month. He married on August 2nd, 1882, Ellen Jane McMillan, of Colborne, Ont., sister of Sir Daniel H. McMillan, Lieut-Governor of Manitoba.

Before coming to Victoria he was for a number of years manager and buyer of the grocery and liquor department of the Hudson's Bay Company, Winnipeg.

He died at his residence, Fairfield, formerly the seat of Sir Joseph Trutch, in the city of Victoria, on Sunday, July 20th, 1902, at 11 o'clock.

He was a man of many fine qualities, the very soul of cordiality and geniality, and in laying his heavy hand upon him death has created a gap that is hard to fill.

He was a man of many fine qualities, the very soul of cordiality and geniality, and in laying his heavy hand upon him death has created a gap that is hard to fill.

He was a man of many fine qualities, the very soul of cordiality and geniality, and in laying his heavy hand upon him death has created a gap that is hard to fill.
