## TWO MORE NOTES TO ALLIES FROM GERMANS

### ANTICIPATES GENERAL SYMPATHETIC STRIKE TO BEGIN NEXT WEEK

E. S. Woodward, President of Trades and Labor Council, Foreshadows Tie-Up of Industries; Island Threatened With Isolation by Steamship Dispute

"I think that all the well-organized local labor unions will vote to strike, and no one regrets more than I do that there should be a general strike," E. S. Woodward, President of the Trades and Labor Council, stated this morning when questioned as to the possibility of Victoria labor actively supporting the Winnipeg workmen. "I think," pursued Mr. Woodward, "that all the stable industries, including the shipyards, the transportation system and probably fire protection, will be entirely dislocated unless there is meanwhile a settlement of the Winnipeg situation. Labor men here feel that the very existence of unionism is involved—that the issue is vital to them all. The strike vote will be in by Sunday night; the Executive of the Trades and Labor Council will meet on Monday, and if the ballot favors a strike it will commence probably on Tuesday or Wednesday of next week."

### STRIKE BEGINS IN CITY OF TORONTO

Others Walk Out in Sympathy With Metal Workers; A Citizens' Committee

Toronto, May 30.—The sympathetic strike called for today by the striking metal workers here went into effect at 10 o'clock this forenoon. The metal workers went out because their demands for a forty-four-hour week and a collective bargaining agreement had been refused. Conferences here and at Ottawa, in which Sir Robert Borden and other members of the Dominion Cabinet participated apparently have failed to bring about a settlement. Mayor Church announced this morning that a Citizens' Committee had been formed, the members signifying their willingness to assist in necessary maintaining order and performing public services similar to the committee in Winnipeg. While these precautions have been taken the Mayor expects that the strike will be conducted in an orderly manner.

Toronto, May 30.—Advices from the Labor Temple here this forenoon declared the sympathetic strike called for today to go into effect at 10 o'clock. The street cars and public utilities are operating as usual. The principal trades affected by the sympathetic strike are the garment workers and some building trades with a membership of between 5,000 and 10,000. There is no news yet as to how fully the trades have obeyed the strike order.

### SEVENTY FIREMEN BACK AT POSTS

But Majority of Winnipeg Policemen Refuse to Sign Pledge

Winnipeg, May 30.—More than seventy regular members of the Winnipeg fire department have returned to duty after signing the new pledge not to participate in sympathetic strikes, said Fire Chief J. E. Buchanan this forenoon. It was announced at the City Hall at the same time that a majority of the Winnipeg policemen had refused to sign the new pledge and that they would leave the force at 1 p. m.

The policemen debated the city's ultimatum at a meeting of their union which lasted until 3 o'clock this morning. The majority vote decided that the patrolmen should not sign with their policy of close affiliation with the Winnipeg Trades and Labor Council.

Railroad Men.  
Winnipeg, May 30.—The executive officials of the railway brotherhoods in a formal letter to the Winnipeg members of the running trades have notified them that they are prohibited from taking a vote on the question of striking in sympathy with the Winnipeg unions unless such action is formally approved by the international brotherhoods. Sharp action will be taken if the Winnipeg trainmen should attempt to violate this order, the letter states.

Ottawa, May 29.—A meeting of the cabinet has been called for two o'clock (Concluded on page 4.)

### PLYMOUTH NOW IS OBJECTIVE; AMERICAN SEAPLANE N.-C4

### LABOR LEADER WIRES PREMIER BORDEN ON CRITICAL SITUATION

To bring before the Federal authorities what he considers the grave labor situation existing in Victoria, E. S. Woodward, President of the Trades and Labor Council, this morning dispatched the following telegram to Sir Robert Borden, Prime Minister: "The Government's mishandling of the Winnipeg situation is alone responsible for the spread of the general strike to Coast cities. Urge immediate steps to avert ruin of Canadian industrial life. The situation here is most critical."

### Greek Troops Landed Northwest of Smyrna and Overcame Turks

Paris, May 30.—Greek troops were landed yesterday at Avlani, on the coast of Asia Minor, sixty-six miles north-west of Smyrna. The Turkish troops there offered only slight opposition, which was overcome.

### CLEMENCY ASKED FOR F. McCULLOUGH

Ottawa, May 30.—Scores of petitions are arriving at the justice Department appealing for commutation of the sentence of death passed on Frank McCullough, whose recent escape from the Toronto jail aroused so much sensation. The signatures on the petitions number some thousands.

### NAMED AUDITOR

Montreal, May 30.—Sir Charles H. Godfrey has been appointed special auditor of the Grand Trunk Railway, to fill the vacancy caused by the death of the late Charles Percy.

### LABOR URGES START ON DOCK TO PREVENT WIDE UNEMPLOYMENT

Lining itself up with the other public bodies which have joined in the fight for the Esquimaux drydock, the Victoria Trades and Labor Council this morning dispatched to Sir Robert Borden, the Prime Minister, the following telegram: "The Trades and Labor Council of Victoria urges the extreme importance of an immediate start on the Esquimaux drydock. Labor situation very grave. Much unemployment unless steps are taken to deal with problem."

## FRANCE INSISTS GERMANY NOT OF PROPER MIND TO BE ADMITTED INTO LEAGUE

Paris, May 30.—With the exception of France, all the major powers undoubtedly would agree to the admission of Germany to the League of Nations, but France is unalterably opposed, and in consequence there is no possibility of this being done, according to a member of the peace delegation who discussed the situation with an Associated Press correspondent here to-day.

Strangely enough the sum of \$25,000,000,000 fixed by the Germans for reparations corresponds exactly with the amount upon which several British and American conference advisers had agreed that the Germans could reasonably be expected to pay, and it is not impossible that some changes will be granted in the financial terms of the treaty.

### SEAPLANE N.C-4 IS FORCED TO ALIGHT

Flew Only 100 Miles From Lisbon Toward Plymouth To-day

Brest, May 30.—The American naval seaplane N. C.-4, in charge of Lieut. Commander A. C. Read, made an ineffectual attempt to-day to make the jump from Lisbon to Plymouth, England, the scheduled last leg of her trip, and thus round out her memorable trans-Atlantic air voyage. She was compelled to land in the Mondego River, about 100 miles up the coast from Lisbon.

Reports received here by wireless said that the N. C.-4 developed trouble in both her starboard motors, which unbalanced the plane and compelled Lieut. Commander Read to land. The plane was not damaged. Commander Read is attempting to repair the motors and may try to reach Vigo or Corunna before darkness sets in.

The United States ship George Washington late this afternoon picked up this wireless message: "N. C.-4 landed for to-day. It will continue tomorrow." In Good Shape. Although she landed at the Mondego River, 100 miles north of Lisbon, the American naval seaplane N. C.-4 is "O. K." according to a message from Lieut. Commander Read to the cruiser Rochester, received to-day at the Navy Department. The message said: "N. C.-4 at Mondego River. Must wait high tide. Seaplane O. K. Cannot make Plymouth to-night. Request destroyers keep stations. What is best port to north to land seaplane within 300 miles?"

There was no information here as to why Commander Read had made the landing, but officers assumed that the plane's engines were not running properly. The plane evidently ran into shallow water in landing or was left ashore. (Concluded on page 4.)

### KING AND QUEEN OF ROUMANIA ON VISIT TO TRANSYLVANIA

Geneva, May 29.—Via London, May 30.—The Roumanian Bureau at Bern announces that King Ferdinand and Queen Marie of Roumania are paying a visit to Transylvania. "Everywhere," says the announcement, "the Royal couple are being enthusiastically received. The Royal course in some places is smothered in flowers."

### FOR NEW YORK-PARIS FLIGHT A PRIZE OF \$25,000 IS OFFERED

New York, May 29.—A prize of \$25,000 for a non-stop air flight from New York to Paris or vice versa has been offered by Raymond Orteig, hotel proprietor here, it is announced by the Aero Club of America. Aviators of any nationality are eligible to compete, and the offer will stand for five years.

### British Troops Move to Overthrow Rebels in South Kurdistan

London, May 30.—A serious uprising is reported in Southern Kurdistan, where the pasha's forces have been defeated. It is feared the British troops there are in a serious position.

### Clemenceau Coners With Pe'ain, Head of Army of France

Paris, May 30.—Premier Clemenceau had a conference yesterday with Marshal Pe'ain, the Commander-in-Chief of the French army. The conference lasted half an hour.

### OIL IS LOCATED IN DERBYSHIRE

Effort of British Government Meets With Success at Hardstoft

London, May 30.—In the Commons Dr. Kellaway stated in connection with the scheme of the Government for the development of the oil resources of the United Kingdom, that oil had been struck at Hardstoft, Derbyshire. It had risen rapidly to 400 feet and borings had to be stopped in order to prevent a flood. Dr. Kellaway deprecated over-optimism, as it was impossible at present to form any definite conclusion in regard to the extent of the discovery, but he expected the Government to be satisfied with the prospects. This was the first serious effort to explore the oil resources of the United Kingdom, he added amid cheers.

### Orlando and Wilson Confer on Details of Adriatic Plan

Paris, May 30.—Vittorio Orlando, the Italian Premier, called upon President Wilson this morning for a conference over the details of the Adriatic settlement. It is understood this settlement is rapidly approaching final shape.

### Body of Belgian Woman Killed by Germans Is Moved

Brussels, May 30.—(Associated Press.) The transfer of the body of Gabrielle Petit, a young Belgian woman whom the Germans executed on a charge of treason in 1916, was carried out yesterday with impressive ceremonies. The streets were lined with thousands of spectators and the city had the appearance of national mourning. Piles of flowers covered the coffin, and troops, patriotic societies and school children followed the cortege to the communal cemetery, where military honors were paid.

## TEUTONS ARE HANDING IN TRANSLATIONS OF REPLY TO THE ALLIES

Delivered To-day English and French Copies of Part of Counter-Proposals; German Property in Allied Countries Subject of a Note

Versailles, May 30.—Two notes were delivered to the Secretariat of the Peace Conference by the German delegates to-day. The first deals with German property in Allied countries. The second has to do with the Turkish public debt.

At the same time the Germans handed over English and French translations of the first section of the counter-proposals which were delivered yesterday in German only.

Paris, May 30.—(Havas).—The Paris newspapers generally agree that the Allied and Associated Powers have answered in advance the pretensions put forth by the German counter-proposals and that they will not consider the proposals. The newspapers say that the counter-proposals are an attempt to

### BRANTFORD CHICKEN HAS FOUR LEGS AND TWO BEAKS

Brantford, Ont., May 30.—A freak chicken has been hatched out of a setting of white Wyandotte eggs in this city. The chicken is possessed of four legs and two beaks. All four legs are active, but one beak is not used. The chicken is very vigorous, and Mr. Shaw, the breeder, hopes to be able to rear it.

### COUNCIL OF FOUR MARKED TIME TO-DAY

Held No Meeting; Delegates of Smaller States Study Austrian Treaty

Paris, May 30.—The Council of Four did not meet to-day. The peace-making activities were suspended for the day pending the completion of the translation of the German proposals and the study of the Austrian peace terms by the delegates representing the smaller states.

### MORTGAGEE RECALLS DISALLOWANCE PLEA

Dolly Varden Interests Satisfied Investment in Safe Hands

Although neither official denial nor confirmation was obtainable this morning, The Times has learned from an unimpeachable source that the petition presented to the Dominion Government praying for the disallowance of the amended Dolly Varden Mines Railway Act has been withdrawn.

### YOUTH DROWNED

Darling, Ont., May 30.—Gordon Trull, aged eighteen, was drowned in Lake Ontario on Wednesday evening when fishing from a punt with two companions. The punt upset. The other two escaped.

### MOVE IN RHINELAND WORRYING GERMANS

Government Says Those Working For Separate Republic Guilty of Treason

escape the moral and material consequences of the war and give the impression that the Germans are trying to open oral negotiations.

Date of Signing.  
Paris, May 30.—June 15 is the earliest possible date on which the German treaty can be signed if no objections are encountered, but June 20 is the more probable date for its signature, according to a member of the American peace delegation who discussed the situation with a correspondent of the Associated Press here to-day.

Delegates Interested.  
The German counter-proposals have been received with the greatest interest by the members of the Peace Conference, especially the claim for immediate membership in the League of Nations for a plebiscite to decide the disposition of Silesia, and for the fixing of a definite sum for reparations.

### MORTGAGEE RECALLS DISALLOWANCE PLEA

Although neither official denial nor confirmation was obtainable this morning, The Times has learned from an unimpeachable source that the petition presented to the Dominion Government praying for the disallowance of the amended Dolly Varden Mines Railway Act has been withdrawn.

While there has never been any question concerning the competency of the British Columbia Legislature to deal, as it saw fit, with the report presented by the Select Committee of the House in connection with the dispute between the Dolly Varden and the Taylor Engineering Company, the withdrawal of the petitions eliminates the newly injected phase and leaves the Taylor Company free to go ahead and develop its legally acquired property without hindrance by possible legislative entanglements.

Mortgagee Holder Acted.  
According to information gleaned by The Times the petition sent to the Dominion Government on behalf of the Dolly Varden Mining Company was prepared at the instigation of George Wingfield, of Reno, Nevada, in whose name there stands a mortgage against the mine amounting to \$150,000.

It is also understood that as soon as it was realized that the property was required by the recent statute to pass to the control and ownership of the Dominion Government in default of settlement in cash of its claims against the mining corporation, Mr. Wingfield sought to take the course which suggested itself to him as a means of obtaining what he considered adequate protection for his mortgage.

Apparently having been satisfied in the meantime that his investment under the immediate jurisdiction of the new concern will be subject to no greater risk than previously, Mr. Wingfield, it is stated, has caused the petition for disallowance to be recalled.

Formal Advice.  
It will be remembered that Premier Oliver received an official notification from the Dominion Government two days ago advising him that such a petition had been received at the national capital. But apart from the courtesy of the information the communication from Ottawa was taken to be a matter of form and not as a matter requiring any sort of defence or explanation from the Provincial or Federal authorities.

WOULD ANALYZE STRIKE PRINCIPLES

Vancouver Veterans to Decide Attitude of Strike in That City

Vancouver, May 30.—Despite strenuous attempts made by several members, the Vancouver branch of the Great War Veterans' Association last night emphatically declined to commit itself with regard to a general strike in this city. There were about 400 at the meeting.

A motion declaring that the branch should adopt a strictly neutral attitude had been voted down by five to one. Another motion, that the branch should express itself strongly in favor of the principle of collective bargaining and the privilege of unions choosing their own formation, was not voted upon.

After both these had been lost a further attempt was made to have the meeting protest against the Government discharging striking postal workers, many of whom were returned soldiers. This was rejected and it was pointed out that the Winnipeg branch of the Great War Veterans' Association had taken no action in the question and had asked for the assistance of the Vancouver branch.

An amendment covering the question of a general strike, which was proposed by a big majority, states that "this Association refuses to endorse the resolution and will defer any action until such an eventuality occurs as shall be considered at a special meeting after the principles governing such a strike have been analyzed."

Memorials. Soldiers' memorials were discussed and the following resolution was passed: "That the Great War Veterans' Association go on record that the best form of a memorial to the citizens of the Dominion, province or city can give to the widows and orphans and dependents would be a sum of money for the yearly benefit of the widows, orphans and dependents of our comrades who fell, and that this resolution be presented to the Dominion and Provincial Executives."

Pensions. Another resolution was carried asking the Federal Government to make pensions equal for all ranks, these pensions to be based on the present maximum amount of a captain's pension.

Cost of Living. The meeting endorsed a resolution from the League formed in this city to reduce the high cost of living, this resolution calling upon the Government for action in the matter.

LIGHTNING CAUSED FIRES IN SEATTLE

Seattle, May 30.—Six minor fires, several of which but for mere accident might have assumed serious proportions, were caused by lightning in a severe electrical storm which struck Seattle late yesterday. A large generator of the city lighting plant was damaged. Several homes and downtown buildings had small fires when struck by lightning.

MRS. SCOTT WANTS TO TELL EVERYBODY

Nerves Were All to Pieces; Tanlac Builds Her Up and Troubles Disappeared

"Nothing I ever took did for me what Tanlac has done, and I just feel so good over the way it has helped me that I want to tell everybody about it," said Mrs. M. Scott, of 2973, 37th Avenue, East, Vancouver, B. C., to a Tanlac representative the other day. Mrs. Scott's husband is employed at the Coughlin Shipyard.

"It was three years ago," continued Mrs. Scott, "that some bad news gave me such a shock that my nerves went all to pieces, and I worried so that I soon got in a terribly run-down condition. My nerves were so bad that the least noise would startle me, and if I just heard someone at the door I would be so frightened I hardly dared open it. Even the bark of the dog would upset me, and I was so nervous that when I happened to be down town I would hardly dare to cross the street-car tracks, even if the cars were ever so far away, but would just stand there with that terribly nervous feeling, and wait for fear I wouldn't have time to cross before the cars came."

"During those three years I didn't know what it was to have a good night's rest, but many times would just lie in bed till I got up in the morning, and when I did get up I felt all tired out and my household work seemed like so much drudgery. I seemed like so much, because it was an effort for me to even dress, and I'd rather stay home than go to the trouble of getting ready to go out. My appetite was so poor, too, that just the sight of anything to eat seemed to be enough for me, and I was also bothered a lot with constipation. At times I would have such terrible headaches I could hardly see and my heart would palpitate so that I'd suffer when I climbed the stairs. Even washing a few handkerchiefs looked like it would exhaust me so that I would tremble for hours afterwards, and I spent a lot of money trying to find something to help me, but nothing did, and I had just about given up all hope of getting relief when I read about Tanlac, and how it had helped somebody that was suffering like I was."

"The next day my husband was down town he bought me a bottle, and I started in to take it, and it certainly has made me feel like a different person. I've taken in all five bottles and now I don't feel nervous any more, and can do twice the work that I could before I began to take Tanlac. I go to sleep now at night the minute my head touches the pillow, and I sleep just like a child and get up in the morning feeling rested and refreshed. I'm not troubled any more with those awful headaches, and my heart doesn't palpitate like it used to, and I can run up stairs now with the biggest kind of a washing. I have a fine appetite now, and can eat heartily of everything that's on the table, and since taking Tanlac I'm not troubled with constipation any more."

"I certainly want to endorse Tanlac for the benefit of others who are suffering like I was. I tell all my friends about it, and they know it's good from the way I look."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

TO PRESENT AUSTRIAN TREATY ON MONDAY

Allies Delay Delivery on Request of Roumanians and Others

Paris, May 30.—The Austrian treaty, which was to have been presented to the Austrians to-day, has been withheld until Monday. The small powers of Eastern Europe asked for more time before giving their assent to the treaty. This was accorded by common consent.

The change in the plans came unexpectedly yesterday afternoon as the representatives of the Allied Powers gathered in secret session at the Foreign Office for the purpose of passing the terms.

The parts of the treaty completed, omitting the military terms; reparations and sections of the Roumanian army, were distributed to the delegations in printed form, and M. Tardieu was about to supplement these with a general summary of the document.

The expectation was that this would be followed by a vote of approval, permitting the instrument to be delivered to-day.

At the outset, however, Premier Briand, of Roumania, gained recognition. He said in behalf of Poland, Serbia, Roumania and various countries whose interests were vitally affected by the treaty that they wanted forty-eight hours more time. M. Briand emphasized that the only desire of the smaller powers was to have sufficient time to understand the terms so seriously affecting themselves finally to the acceptance.

No objections having been made, M. Clemenceau said the request seemed fair, and since there was no objection he would announce that an additional forty-eight hours would be granted. Thus the plenary session would go over until Saturday, and the document would be delivered two days later. This prevailed without objection, and the session came to a sudden end within half an hour after its opening.

BALTIMORE JEWS DEMONSTRATED REPORTED OUTRAGES IN POLAND

Baltimore, May 30.—Twenty thousand Jewish citizens marched through the streets here last evening and met at the Lyric Theatre to protest against reported outrages and massacres in Poland and other parts of Europe. Resolutions declaring that American Jews had fought for world democracy and protesting against the alleged massacres were adopted and copies sent to President Wilson at the Passaic Conference.

Mallek's June Sale Is Now On

The results of this Sale must be complete and decisive, as our Mrs. Mallek, who is now in the East, is shipping consignments of new goods which will arrive during the next few days, and the following offerings must be completely disposed of to make room for the new arrivals.

Dolmans, Capes, Novelty Suits, Tweed Suits, Tweed, Taffeta, Poplin and Corduroy Skirts and Jersey Dresses are the chief inducements offered for the opening day of this Big Sale. They are all up-to-the-minute garments in every sense of the word, and the prices at which they are offered prove our determination to make this Sale a complete success. Compare the regular prices with the marked-down figures—they will interest you.

- June Sale Price Offerings
Dolmans—Values to \$65.00, \$41.75
Dolmans—Values to \$49.50, \$31.75
Capes—Values up to \$57.50, \$41.75
Capes—Values up to \$39.50, \$26.75
Capes—Values up to \$35.00, \$21.75

"Our leading generals testify that "BOVRIL" has proved an inestimable boon and comfort to our men in the trenches, in the field and on the march."

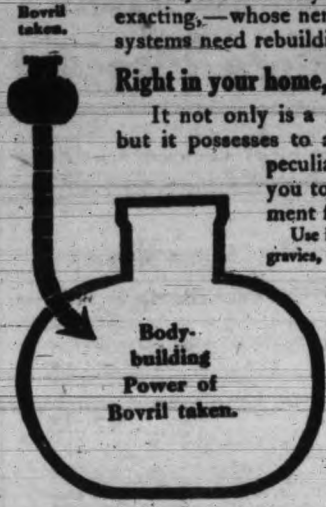

But, it's not only soldiers whose work is exacting, whose nerves go wrong, whose systems need rebuilding.

Right in your home, BOVRIL has a place. It not only is a precious food in itself, but it possesses to a wonderful extent the peculiar power of enabling you to extract more nourishment from other foods.

Use it to strengthen your soups and gravies, to add tastiness to your stews, and also of course, use it as a nourishing beverage.

BOVRIL stands alone not only in quality, but in being perhaps the only food product for which the makers at great sacrifice have maintained throughout the war their pre-war standard of prices.

3-3-19

STRONG SUPPORT FOR A CONSTITUTIONAL RIGHTS OF SETTLERS POINT IS RAISED

Nanaimo Meeting Declares Bill Passed by Legislature Should Be Assented To Prohibition Bill in Senate; Does B.N.A. Act Make Measure Impossible

Nanaimo, May 29.—That the settlers of Vancouver Island affected by the action of the Dominion authorities in disallowing the amendment to the Settlers' Rights Act passed at the recent session of the British Columbia Legislature are to have support not only of practically the entire population of Vancouver Island, but also of the Provincial Government, was made evident at a public meeting held here last night.

Mr. Sloan Speaks. Hon. Wm. Sloan dealt at length with the question, reviewing the issue from its inception in 1884 to the present time, commencing with the railway company, which, the Minister of Mines said, had finally developed a fight between the Provincial and the Dominion Governments over the question of provincial rights.

Ottawa, May 29.—The Prohibition Bill was given second reading in the Senate last night, but a constitutional point was raised which will be the subject of interesting discussion when the bill reaches the committee stage. The point was raised by Senator Pringle, and is that the British North America Act provides for unrestricted exchange of commodities between the provinces.

Senator Pringle said that doubt as to the validity of the proposed legislation had been raised in his mind by the wording of Section 121 of the British North America Act, which was: "All articles, the growth, product or manufacture of any province, shall from and after the union be admitted free into each of the provinces."

DENUNCIATION OF BOLSHEVIKI OPPOSED

Vancouver Labor Council Appoints Committee to Change Teachers' Views

Vancouver, May 29.—The delegates to the Vancouver Trades and Labor Council last night decided that the Vancouver school teachers and trustees lacked education and appointed a committee whose mission it will be to impart knowledge to the pedagogical fraternity.

The suggested short course is aimed at the Bolsheviki, it being inferred that the tutors in the city schools are most unappreciative of the sterling qualities of the "Bolsheviks."

When one delegate arose and informed the meeting that his children had been coming home from school and informing him that the Russian revolutionists were a gang of outlaws, and that this idea had been given them in school, many of the delegates showed considerable resentment.

KOLCHAK RECOGNIZED. Paris, May 29.—The Royal Government of Montenegro announces it has recognized Admiral Kolchak as head of the Government of Great Russia.

HALF A BLOCK IN VANCOUVER BURNED

Fire Started in Door Factory on South Shore of False Creek

Vancouver, May 29.—Half a block in the industrial section on the south shore of False Creek burned last night when the ash and door factory owned by Arbutnot & Helmer, at Sixth Avenue and Oak Street, was totally destroyed and seven dwelling houses gutted or partially burned.

ESCAPE OF VOGEL FROM BERLIN JAIL

Berlin, May 29, via London, May 29.—(Associated Press)—A sensation has been caused by a statement published by the independent newspaper Freiheit that Lieut. Vogel, who was convicted of the murder of Rosa Luxemburg, the Radical Social leader, and who recently mysteriously escaped from prison, was released under a false order and is now at the German Legation in Holland awaiting the next steamship to Argentina.

ROBERT BACON DEAD.

New York, May 29.—Colonel Robert Bacon, former United States Ambassador to France, died at 11.30 o'clock last night at the New York Eye and Ear Hospital, where he underwent an operation on Saturday for mastoiditis.

GRAVES OF AMERICAN SOLDIERS DECORATED

A NEW PROVISIONAL MEXICAN PRESIDENT

Angeles Calls Himself That; Villa His Secretary of War

Dallas, Tex., May 29.—General Felipe Angeles has been declared Provisional President of Mexico by Villistas, and Francisco Villa has been proclaimed Secretary of War, according to confidential information received here by Dario W. Sylva, formerly a member of Villa's staff.

Washington, May 29.—Villista forces have proclaimed General Felipe Angeles Provisional President of Mexico and Villa himself Secretary of War. The move, coming at the climax of military operations, considered by the Carranza Government so serious that it asked the United States for permission to move troops through Texas, New Mexico and Arizona, is regarded here as reflecting a situation more serious than any since the triumph of Carranza forces over Villa three years ago.

DEATHS FROM PTOMAINE POISONING IN YUKON

Dawson, May 29.—Albert Gadreau and Angus Chisholm died yesterday, bringing up to eight the deaths from ptomaine poisoning at the Bunker Creek mining camp. Eight others are sick, three are believed past the active mark, one is in a dangerous condition, and the condition of the others affected is promising.

EX-KAISER REFUSES TO TALK FOR THE PRESS

Amerongen, May 29.—(Via London, May 29)—Since the former German Kaiser was acquainted with the peace terms he has become even more invisible to the outside world. The only possibility of catching a glimpse of him is when he crosses a drawbridge twice daily, going to and returning from his log-sawing in the garden of the castle.

ALLIES READY TO FEED PETROGRAD WHEN CAPTURED

Paris, May 29.—American officers already are stationed at various Baltic ports in readiness to rush food into Petrograd, according to a statement issued by the American Food Commission here.

Washington, May 29.—Villista forces have proclaimed General Felipe Angeles Provisional President of Mexico and Villa himself Secretary of War. The move, coming at the climax of military operations, considered by the Carranza Government so serious that it asked the United States for permission to move troops through Texas, New Mexico and Arizona, is regarded here as reflecting a situation more serious than any since the triumph of Carranza forces over Villa three years ago.

Paris, May 29.—American officers already are stationed at various Baltic ports in readiness to rush food into Petrograd, according to a statement issued by the American Food Commission here.

Washington, May 29.—Britain's bill for transporting a million American soldiers across the Atlantic in British ships is approximately \$2,000,000. This and the fact that President Wilson advanced \$5,000,000 of his special fund, and probably more, to the Czechoslovaks, were the two chief developments of yesterday's hearing of Secretary Baker, Gen. March and other War Department officials before the House Military Committee.

WHERE LABOR LOSES.

Certain extremists are charging everybody who denounces general strikes with being enemies of organized labor, forgetting that the use of that weapon is opposed by the leaders of the great international labor organizations on this continent.

This is what is happening in Winnipeg and what will happen in Toronto and elsewhere. Defection is developing in the ranks of the strikers in the Prairie capital, as it was bound to do when the few funds of the workers became exhausted.

It is estimated that in Winnipeg the strikers have lost nearly \$3,000,000 in wages. The rest of the community, of course, has lost much more, but it can stand the loss much more easily.

There can be no other outcome of the sympathetic strike and every well-wisher of organized labor must realize it. The purpose of the general strike is to force, by inconvenience and privation, the great middle mass of a community not directly concerned in the particular dispute involved to take part in the struggle.

It betrays a surprising ignorance of the psychology of the general public on the part of its promoters, for it should be apparent to anyone of average discernment that as soon as conditions reach an intolerable stage the majority element of the community will unite for resistance.

Labor has won many disputes since it organized and has won them justly, but this has been largely because it has been reinforced by public sentiment. That sentiment certainly has no love for predatory wealth or for profiteers.

A SIGNIFICANT GATHERING.

If the meeting of Vancouver Island settlers at Nanaimo last night means anything, it is that those unfortunate persons affected by the disallowed Settlers' Rights Bill have about reached the end of their patience.

It is not likely that the Federal authorities will be allowed to forget this particularly vital Vancouver Island subject. The disappointed settler naturally looks for protection to the Legislature—and quite rightly, too.

GETTING A BETTER AGREEMENT.

Whether the conditions of the new housing contract offered to the city by the Provincial Government will be sufficient inducement to enable Victoria to go ahead with its own housing plans or not remains to be seen.

Naturally there is a protective clause in the regulations providing for the return of the money to the Government in certain cases of failure by the soldier-householder to comply with full residence terms.

The condition that requires the municipality to put up with any loss arising out of the operation of the scheme appears to be still the fly in the ointment and the reason for hesitancy.

This phase of rehabilitation is purely national, and in giving effect to the Dominion Housing scheme in this Province in the manner indicated, British Columbia and her cities do so because of a very earnest desire to do everything possible for the benefit of the returned soldier and his dependents.

IN THE PEOPLE'S HANDS.

Complete satisfaction with his interview with the Premier of the Province was expressed by the President of the Canadian Pacific Railway yesterday, and Mr. Beatty sees nothing to hinder the early construction of the Johnson Street bridge.

At no time in the history of the whole controversy has the prospect of a start on this important civic improvement been as hopeful as it is to-day. All the various interested parties know their own minds on the subject and each one knows the cost entailed.

Something like \$250,000 will have to be found by the City of Victoria, and there appears to be no need for any delay in submitting a by-law to the ratepayers.

A SETTLEMENT.

Apparently the Adriatic question is to be settled by the erection of Fiume and a part of the district which adjoins it into an independent state under the League of Nations.

This is a compromise which should safeguard both Italian and Jugo-Slav interests. Its acceptance by Premier Orlando suggests that he, at any rate, did not have that "unalterable determination" of which we heard so much recently.

It may be assumed that Italy will make a better job as mandatory for Albania than the experiment tried by the "Concert of Europe" in 1913. The Great Powers gave Austria-Hungary what amounted to a mandate to administer Albania, and Vienna set up Prince William of Wied as ruler.

When the Federal Government disallowed the Vancouver Island Settlers' Rights Act, 1917, just about twelve months ago, the time limit of one year in which action could be legally taken had expired all but two or three days.

ALMOST A TOTAL LOSS.

According to a calculation officially issued in Washington, the expenditure of all the nations in the war up to the close of 1918 was \$25,800,000,000; and a very large expenditure due to the war is still being maintained.

THE OTHER SIDE.

Income tax figures show that the war created 17,000 new millionaires. And how many paupers?

SEVENTY FIREMEN BACK AT POSTS

(Continued from page 1.)

This afternoon, when the industrial situation will be taken under consideration. It is expected that a statement on the situation will be made subsequently in the House.

Reports received this morning indicate that there is no active disturbance in the west. In Winnipeg the railway mail clerks are reported to be still out.

Vancouver, May 30.—Tuesday forenoon, June 3, at 11 o'clock, is the date and hour Vancouver trades workers will walk out if the vote now being taken by the local unions should endorse the strike proposed by the Trades and Labor Council.

Vancouver, May 30.—The property owners in the business district of Vancouver propose to take no chances of loss through damage by riot or other abnormal conditions is evident from the activity seen in local insurance agencies.

Regina, May 30.—There will be no sympathetic general strike called in Regina until Tuesday at the earliest. This was the statement given to the press following a private meeting of local labor leaders in the Trades Hall last night.

Sydney, N. S., May 30.—After being out for five days, the striking journeymen plumbers here returned to work yesterday. At a meeting with the employers yesterday it was decided to work 45 cents an hour and an eight-hour day.

London, May 30.—The following message was received here by wireless from the American seaplane N. C.-4 "Landed Mondego River."

SEAPLANE N. C.-4 FORCED TO ALIGHT (Continued from page 1.)

by a receding tide while repairs were being made.

London, May 30.—The following message was received here by wireless from the American seaplane N. C.-4 "Landed Mondego River."

Excitement at Plymouth. Plymouth, May 30.—News that the N. C.-4 had started from Lisbon for Plymouth, about 190 miles north here, hours before the plane was expected to arrive.

Fitting Welcome. London, May 30.—All possible arrangements are being made by the British Air Ministry to welcome the crew of the American seaplane N. C.-4 on its arrival in England.

Navy Men Arrested in New London, Conn. New London, Conn., May 30.—Between fifteen and twenty sailors and soldiers connected with the New London naval base were arrested last night and turned over to the naval authorities.

Switzerland Refuses. Geneva, May 29.—The Swiss Government has decided to reply negatively to the Allied note concerning the blockade of Germany if Germany should refuse to sign the peace treaty.

NEXT WINTER'S COAL

At the present time when our stocks are large and roads in good condition, why not let us put in your winter's supply? By doing so you will be prepared for a cold winter and also of having saved money on every ton of coal you bought.

Ours is the JINGLE POT the original OLD WELLINGTON COAL Kirk Coal Co., Ltd. 1212 Broad St. Phone 139

SECRET INTERNATIONAL COUNCILS A THING OF PAST, STATES WILSON

Paris, May 30.—The day of secret councils is past because the people are in the saddle, President declared in his Memorial Day address in the American cemetery at Surinnes. The private councils of statesmen, he added, will no longer determine the destinies of nations.

WOUNDED CZECHS AT VLADIVOSTOK MAY COME VIA SEATTLE

Seattle, May 30.—Approximately 2,000 wounded Czech-Slovak soldiers now at Vladivostok are to be brought to the Pacific coast, possibly to Seattle, by the steamship Heffron, now here loading railway equipment for the Siberian port.

BERLIN PAPER ON PEACE SITUATION

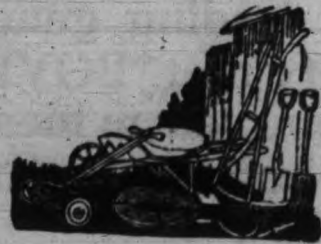

Berlin, May 28.—Via London, May 30.—The belief that "Germany will sign any peace" despite the expressions of her leaders is based wholly on a false interpretation of the facts. The Berliner Tageblatt says in discussing the peace situation, "In the same measure as the German people no longer desire to surround themselves with illusions, the paper adds, it is urgently desirable that the Allied countries also be robbed of their illusions."

NEW BRITISH LOAN.

London, May 30.—Rt. Hon. Auston Chamberlain, Chancellor of the Exchequer, announced in the House yesterday his intention to ask authority to issue a new loan on June 2.

TO VISIT SHOW.

London, May 30.—Three hundred agricultural representatives from the Canadian, Australian, New Zealand and South African forces will visit the Agricultural Show at Ipswich on June 5.

New Implements Make Gardening More Pleasant

A leaky hose is wasteful and expensive, a broken lawn mower is a nuisance and makes hard work out of a pastime. Discard your worn-out garden implements and purchase what you require from the Hardware Department at Weiler Bros., where big variety and splendid values are always available.

Garden Hose

We have several very good makes of Hose for your selection. One specially good value comes complete with nozzle and coupling and is very moderately priced at \$8.50. Other Hose at \$11.50 and \$13.00.

Lawn Mowers

The Lawn Mowers displayed at this store are brands chosen for all-round serviceable qualities. Here are a few prices of these better grade mowers:

- 3-blade, 12-in. \$8.50
3-blade, 14-in. \$10.75
4-blade, 16-in. \$12.50
5-blade, 14-in. ball-bearing, \$14.50
5-blade, 16-in. ball-bearing, \$14.50
5-blade, 18-in. ball-bearing, \$15.50

Sundries

Garden Shears, \$2.75 and at \$5.00
Misty Sprayers, 75c, 65c and \$1.00
White Wash Sprayers, Hoes, Rakes, Spades, etc., at most moderate prices.

Government Street Opposite Ross Union

Announcement

Our Annual Stock-Taking Occurs at June 30th Next

The recent special sale reduced our stocks considerably, but not sufficiently to permit of the reorganization of this company. We must further reduce stocks, and it must be done by June 30. Therefore from June 1 to 15 every article in our wonderfully high-grade stocks is yours at twenty-five per cent. off regular prices.

See later advertisements and window displays.

### A BEDTIME STORY

#### Uncle Wiggily and Bunty's Cloak

Copyright, 1919, by McClure Newspaper Syndicate. (By Howard R. Garis.)

"Oh, dear! They're so stylish and I want one so much!"

That is what Uncle Wiggily Longears heard Baby Bunty saying to Nurse Jane Fussy Wuzzy, the muskrat lady housekeeper, as the rabbit gentleman entered his hollow stump bungalow one morning.

"What is so stylish, and what is it you want?" asked Uncle Wiggily. "It is a new kind of roller skates, Baby Bunty."

"Oh, no!" answered the little rabbit girl, who had once been hidden in a hollow stump, to be kept away from a bad wolf. "But I want one of the new capes or cloaks, all the animal girls are wearing, Uncle Wiggily."

"Bunsie Fittletail, the rabbit sister of Sammie, has one, and so has Heckie Stubbail, the girl bear, Lulu and Alice Wibblewobble, the ducks are going to have cloaks, and I want one."

"I told her I'd ask you when you came home," said Nurse Jane, who was making a lettuce pudding with carrot maple sugar sauce frosting on top.

"Why, yes, I think Baby Bunty may have one of the new, stylish cloaks," said Uncle Wiggily. "That is, if they are not too stylish and conspicuous, he added referendum like and conservative."

"Oh, no! They're just right!" said Baby Bunty, clapping her paws with joy. "Oh, may I have a nice red one?" she begged. "It fits around over my shoulders, and hangs down almost to my heels, and it will keep me nice and warm, for it is not quite summer yet. And, when I go riding in your auto, I can wear my red cloak, Uncle Wiggily."

"Yes, I suppose you can," agreed the rabbit gentleman. "Well, put on your purple-green hair ribbon and we'll go down to the ninety-nine-cent store and get your cloak."

"Oh, joy!" cried Baby Bunty, again clapping her paws.

Soon she and Uncle Wiggily were riding to the store where a busy beaver had one of the same relation to Mrs. Lady, who was the mother of Toeddie and Flat-tail, sold red cloaks for little rabbit girls.

"Yes, I have a nice one for Baby Bunty," said the beaver lady.

"But, alas! When they tried it on the red cloak was too large for the little rabbit girl."

"I can have it made smaller," said the beaver lady, who kept the ninety-seven-cent store. "It is the only red one I have. But I'll have it made smaller this afternoon."

"Then I'll come in my auto and get it," Baby Bunty said, a little disappointed not to have her new red cloak to wear home at once, but it could not be helped, so she just had to wait.

The afternoon Baby Bunty and Uncle Wiggily once more rode to the dollar and ten cent store, and the red cloak was all ready. It fitted Baby Bunty just fine now, as she tried it on.

"Oh, it's lovely!" said the little rabbit girl. She wanted to wear the new cloak on the auto ride home, but Uncle Wiggily said it would be better to carry it on her paw, so as to have it nice and fresh to show Nurse Jane.

Home toward the hollow stump bungalow rode Uncle Wiggily Longears in his automobile. As he carried on the front seat some groceries he had bought for Nurse Jane, there was no room there for Baby Bunty. So, with her red cloak, she rode on the back seat.

And now something is going to happen. All of a sudden, as Uncle Wiggily was riding along through the woods, feeling glad and happy that Baby Bunty had her red cloak, all of a sudden, out from behind a mass of bushes popped the bad old Skeezicks!

"Ah, ha! Now I have you!" cried the Skeezicks as he stuck out one claw, and grabbed the automobile, stopping it so Uncle Wiggily couldn't make it go. "I've been waiting here in these woods for you, and now you have come along!" went on the Skeezicks. "I haven't had any sense in so many weeks! I forget how it tastes!"

"Oh, please don't bite my sense!" cried the rabbit gentleman. "Will you not be kind, and let me go?"

"No, I will not!" howled the Skeezicks. "I must have sense!"

"But you shan't have any of Uncle Wiggily's sense!" suddenly cried Baby Bunty, standing up in the back seat of the auto, and flinging the red cloak around her shoulders. "Now you go right away, you bad Skeezicks or I'll—"

The Skeezicks gave one look at brave Baby Bunty in her bright, new, red cloak. Then the bad Skeezicks just let go his hold of Uncle Wiggily's auto, folded his claws, pious like, and said: "Oh, I'll be good! I'll be good! Please excuse me, little Red Riding Hood! I didn't know that you and your friend, the wolf, were in Uncle Wiggily's auto. I'll go right away, Little Red Riding Hood! Please don't let your wolf bite me! I beg your pardon!"

And then the Skeezicks ran away as fast as he could go, and didn't take Uncle Wiggily's sense at all.

"Why, how funny!" said Baby Bunty. "When I saw what was happening, Uncle Wiggily, I quickly put on my new red cloak, thinking the Skeezicks might take me for a fireman, or soldier, and let you go."

"Instead of that he thought you were Little Red Riding Hood, and that you had a wolf with you. It was just as good to scare the Skeezicks that way," said the bunny. "He's very much afraid of wolves."

So Uncle Wiggily and Bunty, with her new cape, safely reached the bungalow. And, if the rascal cake doesn't ask the rice pudding to go to the moving pictures and forget to bring it back in time for breakfast, I'll tell you next about Uncle Wiggily and Bunty's bread.

### Social

Mrs. W. J. Holmes, of Winnipeg, arrived in the city yesterday.

W. A. Geddes, of Calgary, is registered at the Empress Hotel.

The Rev. T. W. Plinton has returned home from Vancouver, where he has been visiting for the past few days.

Mrs. Trevor Hunt has as her guest for a few days her father, P. K. Lindsay, of Vancouver.

Mrs. (Col.) Holmes has returned to her home in Carberry Gardens after spending the past few weeks in Vancouver as the guest of her daughter, Mrs. R. Marpole.

Capt. R. H. Bannister, of Duncan, who has recently returned from the front, is in the city with his family, registered at the Empress Hotel.

Hon. Dr. MacLean, Minister of Education, has gone over to Vancouver to address the first conference of Parent-Teachers' Associations to be held at the King Edward High School this evening.

Miss Eva Ross and Capt. Ross, of Victoria, are visiting in Vancouver, and were among the guests at a dance given by Major Muthread and Major Aitken at the Jericho Country Club on Tuesday evening.

Mrs. Coburn accompanied Mr. J. W. Coburn, to the city yesterday, when he spoke to a meeting of the Island Automobile Association. He is president of the newly formed automobile association at Nanaimo.

Mr. and Miss R. Y. Eaton, of Toronto, are in the city. They came north from California, and are on their way home. Mr. Eaton is Vice-President of the Eaton Company, which firm is one of the world's largest departmental stores, employing 25,000 persons at its premises in Toronto and Winnipeg.

A marriage has been arranged between Lieutenant Vincent Howard Knox, Royal Irish Regiment, only son of Mr. and Mrs. Louis Knox, Westleigh, Quamichan Lake, Duncan, Vancouver Island, and Rosemary, eldest daughter of Colonel and Mrs. O'Callaghan-Westropp, Lisanehane, O'Callaghan's Mills, Co. Clare, Ireland.

The Vancouver School Board have placed in the Lord Nelson School a brass tablet to perpetuate the memory of three young teachers who lost their lives while nursing during the recent epidemic of influenza, the Misses Ruth Luno, Pearl Green and Alice Ross Rines. The tablet was unveiled on Wednesday with appropriate ceremony.

Mr. and Mrs. Oliver Prentiss have arrived in the city from Edmonton on a visit to the former's parents. Mrs. Prentiss was formerly Miss Peggy Jones, daughter of Mr. and Mrs. A. G. Jones of Edmonton, and her marriage took place in that city on Monday, May 26. The bridegroom was recently returned from overseas, where he was with the Canadian Field Artillery.

Mrs. R. H. Pooley entertained at the tea hour at her residence, Esquimalt Road, yesterday afternoon in honor of Miss Ruth St. Denis, the famous dancer. The other guests included Mrs. Rhodes, secretary to Miss St. Denis, Lady Barnard, Mrs. R. P. Butchart, Mrs. A. J. Jones, Mrs. Adams, Mrs. A. J. Gibson, Mrs. Harry Barnard, Mrs. A. G. Jones, Mrs. C. J. Prior, Miss Dunsmuir, Miss Muriel Dunsmuir and the Misses Tiny and Baba Monteith.

The officers and executive of the Y. W. C. A. and the conveners of the committees of the Local Council of Women met at the headquarters in the Stobart-Pease Building yesterday afternoon to confer with Dr. Margaret Patterson and Miss Sutcliffe on the policy of the organization. At the conclusion of the meeting a delicious tea was served, under the direction of Mrs. French, Mrs. Collins, Mrs. Stinson, Mrs. W. N. Mitchell and Miss Gilbert.

A wedding of much interest to Victorians took place in Vancouver on Wednesday afternoon at St. Paul's Church when Miss Hazel Kelly, only daughter of Mr. and Mrs. Robert Kelly, was united in marriage to Capt. Victor Alexander MacLean, youngest son of Mr. and Mrs. E. W. MacLean. The wedding was military, the groom having been a prisoner of war for about four years in Germany. The bride, who was given away by her father, wore a gown of white satin with lace veil and carried a bouquet of bridal roses and lily-of-the-valley. She was attended by Miss Ruth MacLean, who was roved in pale pink taffeta with pale blue ruchings. Major Reginald Tupper supported the groom, while the ceremony was performed by the Rev. Dr. King. A large number of the 72nd Highlanders, the groom's regiment, escorted the bridal party down the aisle, while the band played outside the church. Following the ceremony a reception was held at the residence of the bride's parents. Capt. and Mrs. MacLean left later in the day for a motor tour of Vancouver Island. The guests included Major and Mrs. Reginald Tupper, Captain and Mrs. Max Reid, Mr. and Mrs. T. A. Havenmeyer, Mr. and Mrs. E. W. MacLean.

### MORE ATTENTION TO HEALTH IS REQUIRED

#### Dr. Margaret Patterson Head of Y.W.C.A. Health Department, Gives Lecture

Dr. Margaret Patterson, of the Y.W.C.A., spoke at a meeting in St. Andrew's Church last night. The speaker said there was more literature in circulation respecting the care of poultry and livestock around the farms than that affecting the welfare of children. One baby in eight died in Canada before it was a year old she claimed.

The speeding up of production by mechanical methods was too much of a strain on the human machine. There was also needless waste among the people of Canada and the United States in sickness and death as a result of tuberculosis she observed.

Expectoration and other filthy habits on the public streets caused more loss of life than the submarines during the war. Tight fitting shoes and French heels and the immorality of present modes of dress came in for a severe scoring by Dr. Patterson, who claimed that if a man went about the streets as sparsely clothed as most women he would be jailed for indecent exposure. She concluded by emphasizing the need of educating the younger people in view of the prevalence of social disease.

Dr. Patterson will speak again to-night at St. Andrew's Church to teen age girls and their mothers and other speakers will be Miss Charlotte Sutcliffe and Miss Helen Davison.

To-night's programme is as follows: 7.30, address on Social Hygiene by Dr. Margaret Patterson. Solo, Miss Bishop. Address, explaining the practical working of the "Canadian Girl in Training Movement," Miss Sutcliffe, Western Field Secretary.

—All ministers and clergy and Sunday School superintendents are asked to meet Miss Helen Davison and discuss the organization of a city-wide movement for girls' work.

### V. C. HERO HERE FROM MESOPOTAMIA

Major G. C. Wheeler Won Coveted Decoration for Bravery

Major G. C. Wheeler, an Imperial army officer, who won the Victoria Cross for a brilliant individual exploit while serving with the British forces in Mesopotamia, was a passenger by the liner Empress of Russia, which docked here to-day from the Far East.

Major Wheeler, V. C., who is recuperating from the effects of a strenuous campaign on the sun-baked plains of Mesopotamia, has been granted long leave of absence, and is returning to his home in England by way of Japan and British Columbia.

The reason for the gallant officer's return by this route was prompted by his desire to visit relatives and friends in Japan, where he stayed several weeks before embarking on the C. P. O. S. liner. Major Wheeler is a most unassuming gentleman, and it was with great difficulty that The Times representative induced him to relate the story leading up to his decoration. "I was in command of a company of the 9th Gurkhas near Kut, and with practically no support we held the position assigned to us on the Tigris against great odds," he stated in response to persistent questioning.

The Turks were in great force, and considerably outnumbered the little band of Indian troops holding an exposed position against great odds.

Finally relief came, but it was not before the major had been seriously wounded. It was a hand-to-hand encounter and the bayonet was freely used.

**Head Pierced.**

While directing the defence of his position, Major Wheeler was placed hors de combat when the bayonet of a rifle hurled at him pierced his forehead. His face covered with blood from the serious wound, the brave officer rallied his men and the position was held until relief was hurried up.

Major Wheeler served for seven months with General Maude's forces in Mesopotamia. The action in which he won the Victoria Cross was during the advance on Bagdad.

#### TO BE DISSOLVED.

New York, May 30.—The International Mercantile Marine Company, the great shipping combine organized by the late J. P. Morgan, will be dissolved if the stockholders at their meeting next month approve a proposal to sell to a British syndicate the British owned ships and assets of the corporation. It is then proposed to distribute all the assets of the International Mercantile Marine among the stockholders.

#### LEGATION IN FINLAND.

Washington, May 30.—A British Legation was established in Finland as a result of the recent recognition of Finland's independence, a Swedish press report to the State Department says.

### BOLSHEVIKI MAY TRY AN ATTACK

"Partisans" May Assault Allied Mine Guards at Point in Siberia

Vladivostok, May 28.—(Associated Press).—A large number of Bolsheviks are mobilizing at Jassanka, in the important Suchan mining district, and, according to reports, are preparing to attack the Allied mine guards, composed of American, Chinese and Japanese troops. The men deny that they are Bolsheviks, declaring they are "partisans" as opposed to the Kolchak troops of the Omsk Government. A general strike has been called in the district and 2,000 coal miners and railroad operatives are on strike.

A proclamation issued by the "partisans" demands that all the Allied troops be removed from the mining districts, which is declared neutral territory. The miners propose to operate the coal mines themselves.

### G. T. P. Employees at Prince Rupert Are Out on Strike Now

Prince Rupert, May 30.—All of the Grand Trunk Pacific car shop employees, checkers and baggage handlers and part of the freight office staff here went on strike yesterday. L. A. H. is working the ships, having remained at work.

### CUNARD LINE ADDS TO ITS CHAIN OF BRANCH OFFICES

The Cunard Line announces that a new branch office has been established by the Company in Cleveland, and also that new quarters have been obtained for their St. Louis office.

For the Cleveland office the Cunard Line have secured an unusually choice location in the new Cleveland Hotel, facing Euclid Avenue. The splendid new union passenger station is to be erected next to the Cleveland Hotel, making this location the business and traffic centre of the city.

The office space consists of two stores, remodelled into one large office, on the street level. It is hoped that it will be opened by June 1st. The office will be in charge of Jesse L. Austin, who has been connected with the Saloon Passenger Department of the New York office since 1905.

The St. Louis office is to be at 1155 to 1157 Olive Street, corner of Twelfth Street, in the new building just erected by the proprietors of the St. Louis Post-Dispatch. The building is used for the printing and producing of this newspaper with the single exception of the space given to the Cunard Line. This consists of two stores on the street level, with a mezzanine floor above, which has been remodelled into one spacious office. It is expected that this office will be ready for business early in July.

### BRANCH OF BRITISH PLANT IN HAMILTON

Hamilton, Ont., May 30.—The Canadian branch of the Perritts & Spencer Company, of Bury, England, will be located in this city. The firm is the largest manufacturing firm of commercial fets in the United Kingdom, and its plant here will cost about \$1,000,000. It will employ about 500 hands. The British Government granted permission to send money to Canada to build its plant, lifting the embargo on money for this purpose.

### SUIT AGAINST PAPER OF TORONTO FAILS

Toronto, May 30.—Louis Dingle, a young Maltese and a British subject, lost a suit for \$2,000 damages against The World Publishing Company of Toronto for alleged libel in an article in The world reporting proceedings before a military tribunal in November, 1917. Dingle claimed that he was looked down upon by his own race as a result of the newspaper article in question.

The case was tried here yesterday, a verdict being given in favor of the defendant company.

### STEAMER SERVICE ARRANGED BETWEEN ITALY AND CHILE

Rome, May 30.—Senhor Villegas, the Chilean Minister to Italy, has completed arrangements with the Italian Trans-Atlantic Company for a regular line of steamships between Genoa and the Pacific, beginning in June. The steamships will touch at Trinidad, pass through the Panama Canal and stop at Callao, Arica, Antofagasta and Valparaiso. The line will be subsidized by the Chilean Government.

Three aliens, Wasyk Plaszyński, Nick Skotnicki and Pete Getyl, brought before Judge Myers, at Winnipeg last week by the Great War Veterans' Association as a test case for deportation were interned by order of the judge. Judge Myers stated that he had no jurisdiction to order their deportation, but that he would order them to be interned.

The 3,500 employees of the Ford Motor Company of Canada are now working on the minimum wage scale of \$6 a day. The company takes this means of improving its employees' condition as a profit sharing plan, rather than in the light of a more general increase. The cost to the company will be about \$900,000 a year. The change means a raise from 52½ to 75 cents an hour.

### BAD EPIDEMIC AT PORTLAND BABY HOME

Portland, May 30.—Still waging a fight in the dark against the peculiar and obscure form of dysentery which has brought fourteen deaths in the past fortnight to the Waverly Baby Home, house physicians yesterday telegraphed Dr. Carl Meyer, of the Hooper Foundation University of California, summoning him to assist in combating the fatal malady. A response to-day from Dr. Meyer assured his arrival in Portland to-morrow.

No new cases have broken out, and the toll of deaths now stands at fourteen, with twelve infants yet suffering from the disease. Several of the are in conditions believed to be critical, and it is not unlikely that more deaths will follow. Not one of the babies stricken with dysentery as yet recovered.

#### WAS ACQUITTED.

Liverpool, May 30.—At the Kinneil court martial, Pte. Heason, who had objected to trial by the court martial as constituted, was acquitted. The accused and his witnesses established an alibi showing he was not present at the disturbance in which it was alleged he had taken part. That he was not arrested until considerably later than the time mentioned was stated by witnesses for the prosecution.

## LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for loss of manuscripts or letters.

### SMOKING ON CARS.

To the Editor.—Just a word in answer to the letter from our Toronto friend, and I'm sure after reading my excuses for the lack of manners among our natives he will go back to the East with a kinder feeling in his heart towards us than he now cherishes. We of the "wild and woolly" have so far degenerated from our eastern upbringing that we no longer consider it an unpardonable sin for a man returning from his day's work, or some of our soldier and sailor friends going into town, to enjoy a smoke on the cars. In fact, we rather enjoy the look of content it brings to their faces, and the fact that they are smoking never hinders them from getting up the minute they see a woman standing and courteously offering her a seat. I know this from experience, as I've had occasion to use the Esquimalt car for several years. I regret to say that's more than can be said for the men in Toronto at any time that I have been there. It is a very common sight there to see men reading their papers in comfortable seats while women and children stand.

As to the charge that the passengers at the rear would not even move out of the way, I'm sure that if our eastern friend had only announced in a voice loud enough for everyone to hear the fact, that he was from Toronto, people would gladly have gotten out of his way. We in Victoria have been so thoroughly taught the idea that the fact that we don't enjoy a thing ourselves is no reason we should forbid other people the privilege, that we find it hard to change to a more stringent one. Our friend speaks of making things more pleasant for the people who do not wish to smoke; but what about the person who does wish to? Surely he is entitled to some consideration. In closing, let me quote an oft-repeated phrase, namely, "When you are in Rome do as Rome does."

HELEN DUNCAN.

### THE SAANICH BY-LAW.

To the Editor.—On the last day of this month the ratepayers in Ward

Seven, Saanich, will be invited to add an additional "four mills" to the present rate for the purpose of improving roads and bridges, and to be levied for five years.

Just why Saanich as a whole is not asked to assume a share of this cost is not apparent. Possibly there are more millionaires and car-owners in Ward Seven than there are in the other wards in Saanich, but then there are also those who are no better off than the ratepayers of other parts of the municipality, and these latter do not care to pose as philanthropists. If a man will build his house in the bush, through which there is no road, and then afterwards invests in a car, he cannot reasonably expect the ratepayers to mark their appreciation of his enterprise by building a road which only he himself will use. Nor can the individual who owns that patch of earth which he desires to unload on the municipality expect the ratepayers of Ward Seven to stand the whole cost. The proposition, to say the least, is malconceived and deserves to be turned down.

### BURNSIDE.

### FAVORS THE GENERAL STRIKE.

To the Editor.—I should like, if you will permit me, to write a few words in reply to a letter in your paper of to-night (the 28th) on the "sympathetic strike," and signed "Godfrey." Your correspondent "Godfrey" states that he is a trades unionist of British Columbia of twenty years' standing, but that he is most decidedly against the sympathetic strike, first, apparently, on principle, and then, also, because it concerns workers who are 1,500 miles distant. It seems to me that that is rather a poor attitude to take, because if he, a Canadian unionist, turns down his fellow-workers at a very crucial moment, how futile, then, must it be for a union movement in Canada to expect support from the international headquarters away off in Chicago. However, he is not being forced into anything, as he, along with the rest of us, has the privilege of the ballot and can vote against a strike if he wishes.

He also mentions about the Foundation employees having bound themselves through the Metal Trades Council—to a certain working agreement. Well, if you come down to "brass tacks," I don't think there are any of us who find any pleasure in losing good wages through a strike, but nothing is accomplished without sacrifice, and in a time like this, when Labor is having to contest very hard against the high cost of living and many other things, it is the duty of every worker to stand shoulder to shoulder, even though we may not see eye to eye every time with those who are leading any movement which has as its ultimate the betterment of the worker and the people in general.

In closing I should like to quote from a cutting from The Manchester Guardian, and which I read in the same issue of The Times as "Godfrey's" letter.

The Guardian goes on to say that "Labor in Canada until recently has been weaker than in any part of the Empire," and in referring to the present Labor upheaval says, "It cannot conveniently be accounted for by the familiar bogeys of Bolshevism and German machinations," and adds that "profiteering on a scale unknown in this country (England) has been rife." Also, "At the same time the scarcity of labor, etc., and the ends to which it has been directed made the workmen

realize that now for the first time the remedy for abuses is in their own hands," adding that "the demands of the strikers apparently are no more drastic than those which already have been conceded in this country" (England).

## TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, May 30, 1894.

Alderman Humphrey will move at the next meeting of the City Council that the services of the city solicitor be dispensed with after June 30. Alderman Humphrey objects to the system, not to the barristers, and he wants a rearrangement.

The new bicycle club was organized last night with a good membership. The South Ward school building was formally taken over by the School Trustees yesterday afternoon.

## FETE AT GOVERNMENT HOUSE NEXT MONTH

Garden Party in Aid of New Girls' Club on June 18

Through the kindness of the Lieut.-Governor and Lady Barnard, the beautiful grounds of Government House will be thrown open to the public on the afternoon of Wednesday, June 18, for a garden party to be held under the auspices of the Catholic Ladies' Aid. The proceeds will be devoted to the furnishing of the new Girls' Club to be established by the Local Council of Women.

For some time past the Local Council of Women has been interesting itself in the establishment of a Girls' Club in the city, designed to meet the needs of girls who have met with misfortune or whose earnings do not permit of their residence at the Y.W.C.A. Social workers and others whose sphere of activity brings them in close touch with such girls have long felt the need of a club where a girl may receive the comforts of home under the supervision of a kind motherly woman. It is not intended that the club shall be a charitable institution. Each girl will contribute to its upkeep, while the various societies and organizations affiliated with the Local Council of Women will also assist in its maintenance.

A suitable house has been found for the purpose, and the council is now faced with the problem of furnishing it and preparing it for early occupation, and it is to assist in this matter that the Catholic Ladies' Aid have arranged the garden party.

Mrs. Bridges, the President of the Aid, has arranged a splendid programme of music, and there will be the usual attraction attendant upon a garden fete. The beautiful grounds will then be in the hey-day of their summer beauty and will doubtless attract many visitors.

Leaves Aerial League.—H. S. Graves has resigned from the Publicity department of the Aerial League of Canada, owing to a difference of opinion in regard to the carrying of passengers. All communications in future should be addressed to either R. Rideout or W. H. Brown, Room 304 Union Bank Building.

## WITH TANK BATTALION

Major A. H. Macfarlane, M.C., Arrived Here Yesterday.

Major A. H. Macfarlane, M.C., of the Canadian Tank Battalion, arrived in the city yesterday and is at the home of his parents, Mr. and Mrs. D. E. Macfarlane, 1816 Fernwood Road.

Major Macfarlane enlisted at Niagara Camp in 1912, at that time being a fourth-year student of the University of Toronto. That institution granted him his degree of Electrical Engineer and he entered the service with the rank of Private, being attached to the 4th Canadian Mounted Rifles.

Major Macfarlane was through some of the most stubborn fighting on the Western front and was severely wounded on October 1, 1916, in the famous attack at Regina trench, and again in the assault at Vimy Ridge, April 9, 1917. For bravery in this action he was awarded the Military Cross. In 1918 Major Macfarlane transferred to the 1st Canadian Tank Battalion and was Officer in Command of Company of that battalion when hostilities ceased.

Major Macfarlane, who is well known in this city, is being given a hearty welcome home by his friends.

Auto Club Meets.—The Board of Governors of the Island Automobile Association met in the Empress Hotel last night, and had a busy session. J. W. Colburn, President of the Nanaimo Club, was present and arrangements were made for a motor club meet at Duncan on June 25. A general meeting has been called for to-morrow night at 8:30 at the Empress Hotel.

Failed to Close Stores.—Ping Par & Co., 554 Flagard Street; Ah Chong & Co., 1329 Government Street; and Basanta, corner of Douglas and Alpha Streets, appear in the police court this morning charged with having their stores open on Tuesday evening last contrary to the early closing by-law. They were each fined \$15.

## OUCH! CORNS! LIFT CORNS OFF

Doesn't hurt a bit to lift that sore, touchy corn off with fingers

Drops of magic! Apply a little Freezone on that bothersome corn, instantly that corn stops hurting, then you lift it off with the fingers. No pain at all! Try it!  
Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and so on.

## MEN WHO CAME ON TWO STEAMERS

### List of Carmania and Regina Parties for This District

For Nanaimo.—Sgt. J. Morton and Pte. R. Broxip.

Imperials.  
The following Imperials have left Halifax for Victoria: W. T. Glover, E. McQueen, J. Keen, and J. B. McArthur.

## GIRL GUIDES TO HOLD BIG RALLY

Special Presentation to Be Made at Rally on June 5

The Canadian Girl Guides will hold a rally in Pemberton Woods (by kind permission of Mr. Pemberton) on Saturday, June 7, at 3 p.m., when Lady Barnard has kindly consented to take the salute, and the Commissioner, Mrs. Albert Griffiths, will inspect the work of the companies. This is the first event of the kind held by the Girl Guides on the Island, and they are working hard to make it successful. Between forty and fifty guides from Vancouver, Burnaby and Island points have promised to attend and take their share in the rally.

A special feature will be the presentation of the Silver Fish to Miss Amy Leigh, captain of the Burnaby Guides. This honor is awarded by the Dominion Council on the recommendation of the local committee and is given only for very special service in connection with guide work. This is the second Silver Fish to be awarded in British Columbia, the first being gained in 1915 by Capt. L. New, who is now captain of the Fourth (Gonzales) Victoria Company.

Victoria Guides will be pleased to learn that their Guide Mistress, Miss Hilda Leighton, Captain of No. 2 (Lady Douglas) Victoria Company, has been awarded the Silver Fish by special recommendation both from the district commissioner and from headquarters. Those who know of Miss Leighton's untiring devotion will be deeply gratified that her services have received official recognition. This award has been made entirely without the knowledge of the recipient whose first intimation will be the reading of this paragraph.

To Develop Girls  
The aim of the rally is to show the work of the guides in its various branches. All the work and play is designed to train girls as good homekeepers, good citizens and so that they may develop into healthy, happy women, able and willing to serve their fellows and their country at all times. As in the Scouts, the motto of the Guides is "Be Prepared" and all the work done by the Guides is directed towards this end.

Lady Baden Powell is the Chief Guide and was present on May 27 at an enthusiastic rally in Toronto. The Victoria Guides sent her a pressing invitation to visit Victoria and received the following reply:

"I have just received your kind letter and am so very sorry that we cannot come to see your Guides. It would have been such a great pleasure to have met all your companies and workers, but I am afraid that we will for England again on the 25th, and every minute of our time till that date is now filled up. We do appreciate your invitation so much and you thank Mrs. Griffiths so much for asking us. I hope that the Girl Guide work is going ahead well.

"Yours sincerely,  
"OLAVS BADEN POWELL"  
Programme of Rally.

The rally will include an exhibition of completed work, and displays of the various companies at work. Huts and tents will be erected, first aid, toy-making and many other crafts will be demonstrated from 8 to 4 o'clock. At 4 o'clock a grand circular rally will take place, culminating in the salute taken by Lady Barnard and the Commissioner. The Brownies will make their first public appearance on this occasion and perform their effective war dance. There will be competitions in ambulance work, knitting, camp fire cookery, racing, signalling, etc., between teams from the various Companies. The Boy Scouts have kindly undertaken to keep the gate.

WHEN you consider the half-a-century of earnest endeavor, with one great ideal always in mind, which an organization of sincere musical enthusiasts has given to the

## GERHARD HEINTZMAN (Canada's Greatest Piano)

you will understand why these instruments hold such a high place in the esteem of Canada's musical public. Before you definitely decide to purchase any piano, remember to see and hear the beautiful Grand and Upright Gerhard-Heintzman instruments.

Yorkshire Society.—The Yorkshire Society held a very interesting and well attended meeting at St. John's Hall on Wednesday evening. Mr. Wimby was again re-elected as president. The speaker was Mr. Fred Dodds, worth, of the realty firm of P. R. Brown. It was decided to hold a picnic some time in July, as has been the custom in past years. The Society has not been active during the war, but it is the intention to resume activities. All Yorkshire people are requested to send their names and addresses to Mr. Dodds, and in preference to give their place of birth.

## CRICKET TEAMS FOR SATURDAY'S GAMES

City League Schedule Resumed After a Blank Week Through Holiday

After a blank week in the schedule, cricketers will open up the race in the city league to-morrow with four games in the first division. A blank week was caused by the holiday, but in any event the weather would have been impossible for league matches. Once again the games will be played on a wicket which will not be in the best condition, but the Saturday players are full of enthusiasm, and nothing short of a snowstorm is liable to cause a postponement. Games are due to start at 2.15, and teams have been announced as follows:  
Albions v. Foundation Ramblers at Beacon Hill;  
Albions—E. Parsons (capt.), D. Fletcher, F. Bossom, F. Jordan, G. H. Walton, N. F. Pitt, R. Tutill, V. C. Martin, T. A. Darke, S. W. Barclay and E. D. Freeman.  
Foundation Ramblers—L. W. Greensdale (captain), J. E. Chappell, W. E. Cowan, J. Flinton, N. Hanson, A. McGhie, A. E. Pendry, T. V. Ralph, F. Ravensley, J. Sherman and S. G. Weeks.  
The Ramblers will be without the services of A. Attwell, who met with a serious accident at his work on Wednesday afternoon, and is now lying at St. Joseph's Hospital suffering from a compound fracture of the toes of his right foot. This misfortune weakens the Ramblers' attack.  
Foundation Wanderers v. Congos at Willows:  
Congos—G. Austin (Capt.), E. R. Lock, H. Lock, W. Erickson, H. Gardner, L. Wyles, H. J. Ferris, W. Fargiter, F. Sweetland, T. Howland and T. H. Mayne. Reserves, J. Field, W. Davenport and H. Moulton.  
Wanderers—W. Speak (capt.), W. B. Barton, J. J. Bradford, A. J. Collett, J. Davis, A. Foulds, W. Gregson, T. Hogarth, F. Lines, E. Verrall, G. Wells; scorer, F. T. Maurice. Church at Oak Bay:  
Five C's v. Christ Church at Oak Bay:  
Five C's—Westwood, Wilkinson, Harrigan, May, Edwards, Taylor, Watson, Tucker, Lea, Davis, Askey. Reserve, Payne.  
Christ Church—Shipway (capt.), Dean Quinlan, E. Quinlan, A. Booth, Sutton, Gilham, Oliver, P. Oliver, Symonds, Loeming, Wrigglesworth. Reserves, Oughton, Greenwood and Marshall.  
Victoria v. Incogs at Jubilee grounds:  
Five C's Juniors v. Foundation Amateurs at the Willows:  
Amateurs—W. Goode (capt.), W. E. G. Godson, W. Baker, J. E. Chipper, T. Bridges, Ben Levy, A. Barnes, W. Dantell, J. Tindle, J. H. Harrison, H. Holmes, E. C. Jones, Jas. May, L. Woodhouse and Fittou.

## SPEEDSTERS WARM UP FOR AUTO MARATHON

Thirty-three Drivers Made from 86.5 to 104.7 Miles an Hour

Indianapolis, Ind., May 29.—Elimination trials for the annual five hundred-mile automobile race at the Indianapolis motor speedway to be run Saturday morning were concluded to-day. The thirty-three drivers who will start drove their mounts at speeds ranging from 86.5 to 104.7 miles an hour to qualify.  
This is the fastest field ever starting in a five hundred-mile race. Only three of the pilots to qualify hurried their cars around the oval at a speed less than ninety miles an hour. With favorable weather, it was freely predicted a new track record would be established.  
The drivers will not again be allowed on the course until the day of the race, for to-morrow a corps of men will thoroughly wash the track. Racing fans from all over the country already are pouring into the city and indications are that 100,000 will see the race.

## BILLIARD RECORD AT BROAD STREET HANDICAP

In the Broad Street Hall a thirty-day billiard handicap commenced May 19, with sixty-four players, the first round was finished on May 24, which makes a record for a billiard handicap of its size in Victoria. Games played this week are very close, only twenty-two points divide four games. Gately (received 100) beat Owens (scratcher) 25, 250 to 248. Fenton (scratcher) beat E. Newman (received 25), 250 to 248. Orchard (scratcher) beat Wallace (received 50), 250 to 248. In the semi-final of the special Baker (scratcher) beat P. Norton (scratcher) by five points, score 250 to 245. This puts Baker in the final to play Owens at the Foundation yards.

## SOUTH AMERICAN SOCCER

Rio de Janeiro, May 26.—The Brazilian team won the soccer championship of South America yesterday by defeating Uruguay by a score of 1 to 0. Neither team was able to score in the regular time, but Brazil finally won in the second half hour of the additional period.

## CHALLENGE NEXT YEAR FOR CUP, SAYS LIPTON

New York, May 29.—Sir Thomas Lipton sailed for England to-day, after spending two months in the States. He is expected to return in August for a trip to the West, but that he would pay no attention to yachting until next year, when he would be fully prepared to carry out his challenge for the America's cup.

## LEGISLATIVE EFFORTS TO STOP BIG BATTLE

Columbus, Ohio, May 29.—Legislative efforts to stop the Willard-Deemsey heavyweight championship prize fight to be held at Toledo July 4, will be centralized in the House of Representatives at 10 a. m. June 17. Representative Dunn's bill giving the Governor authority to stop prize fights to-day was made a special order of business, for that time.  
Toledo, Ohio, May 30.—Walter Monahan, who was chief sparring partner for Jess Willard when the champion fought Jack Johnson at Havana has been granted a furlough from the army, and will report here to join Willard's camp next week, according to a message received to-day by Ray Archer, business manager of the champion.

## BANTAMWEIGHT TITLE HOLDER IN DRAWN GO

St. Louis, May 29.—Pete Herman, of New Orleans, bantamweight title-holder, and "Kid" Regan, of St. Louis, fought eight fast rounds to a draw here to-night, according to newspaper critics.  
Herman was given credit for the scientific fighting, but Regan was awarded the equal number of points for aggressiveness. Regan won a newspaper decision over the champion three weeks ago.  
San Francisco, May 29.—Johnny Ray, Pittsburgh lightweight, and Earl Baird, former national amateur lightweight champion, fought a fast four-round draw to-night. Baird is a lieutenant in the aviation branch of the army.  
ONE ARMED GOLFERS ATTAIN PROFICIENCY  
London, May 29.—A Times cablegram from Cologne tells of a one-armed British General playing golf at the Empire Day festivities. This was brought to the attention of Walter Phillips, a Philadelphia, secretary of the American Golfing Society, of London, and it was learned that there are hundreds of empty sleeves upon the links of Great Britain. Some of the players have become so proficient with one arm that they excel two-armed players.

## SATURDAY'S SPORTING FIXTURES

Baseball  
Victoria v. Vancouver, at Royal Athletic Park, 3.30 and 6.45.  
League Cricket  
Albions v. Foundation Ramblers at Beacon Hill—Foundation Wanderers v. Congos, at Willows; Victoria v. Incogs, at Jubilee grounds; Christ Church v. Five C's at Oak Bay. Games will start at 2.15.  
Tennis  
American handicap at Willows courts, commencing at 2 o'clock.

## NEWSBOY BOXERS FOR FOUNDATION CONTEST

Handsome Silver Cup Offered as Incentive to the Youngsters

Since the free classes of instruction for newsboys and the award of a cup by The Times for newsboy boxers, the youngsters have broken right in and made a hit in the ring game. At several tournaments since, the boys have put up some of the best bouts on the cards, and there are a string of lads who have made good with the fight fans for their gameness and the enthusiasm they throw into the contest. The boys are to be given another opportunity for a silver cup by the Foundation Association at the Foundation tournament to be held June 6.  
Many of the shipbuilders who have seen the lads perform were anxious to have a handsome silver cup has been offered as the incentive for the newsboys' entries. Bob McLernan says that newsboys desiring to take part in the contest notify him at the Foundation Clubhouse as soon as possible.  
Three other silver cups are to be awarded, and the medals to the boxers will contain the Foundation Association's emblem.

## WIN FOR CAMOSUNS

The Camosuns defeated the Alpines by a score of 15 to 13 in a baseball game at Central School grounds last night. Moody and McCann proving a reliable battery for the winning team. Dangerfield and Price held their own for the Alpines. Team: Camosuns—Moody, p.; McCann, c.; Maclean, 1 b.; Savage, 2 b.; Bullock, s. f.; Gilliland, 3 b.; Whiteley, c. f.; Maclean, r. f.; L. Mawhinney, l. f. Alpines—Dangerfield, p.; Price, c.; Mathewson, 1 b.; Emery, 2 b.; Snelling, s. f.; Allen, 3 b.; Freston, l. f.; Carter, r. f.; Salloway, c. f.

## LACROSSE

The following are asked to turn out to-night at the new park for the Victoria Lacrosse Club practice: Morrison, Gus Robertson, Bolton, MacIver, Semple, Lee, Bros, Creech, Redgrave, Mooney, Brown, Jenkins, Lord, Thompson, McDeath, Fairall, P. Wilson, Brynjolfson, Goodacre, and any others wishing to make the team.

## OPENING CEREMONY OF SUMMER HOME

Island Athletic Club Will Hold Picnic and Races on King's Birthday

The opening of the Vancouver Island Athletic Association club-house at Curtis Point has been set for June 3, a basket picnic and impromptu programme marking the occasion. A large attendance of members is looked for. An open invitation is extended to swimmers to attend the picnic and take part in the events. Swimming races, canoe races, high diving, water polo, mop fighting, boxing exhibitions will take place during the day and dancing will wind up the programme.  
The club has been fortunate in securing a handsome summer home, on which a great deal of time and labor has been spent to put it into good condition. There are seven and a half acres surrounding the club-house and little tea-houses dotted around in cozy spots for picnickers. There is also a rose harbor, which will present a beautiful sight when the roses are in full bloom. The gardens are already showing the results of the work put in by members, and a pleasant surprise is in store for those who have not yet visited the ideal location selected for the summer activities of the club.  
There is space for an open air gymnasium, where punching bags, dummy punching man and medicine balls are available, and there is also a basketball court. It is hoped to have the tennis court ready for play before the season is far advanced. On the water front there is a high diving platform and a fifty ft. swimming course is being measured off with new rafts at either end.

FRANK BARRIEAU Who beat Mickey King in a fifteen round battle at Vancouver Wednesday.

## NEGRESS BRINGS DAMAGE SUIT AGAINST TY COBB

Detroit, Mich., May 29.—Ty Cobb is the defendant in a \$10,000 damage suit filed April 26 by Ada Morris, a negress. It became known to-day, when Judge Clyde J. Webster signed an order of default, attorneys for the plaintiff claiming they served notice of the suit during the baseball game here on that date and that Cobb ignored it. The plaintiff alleges that Cobb kicked her, following an altercation in a Detroit hotel, April 25.

## MIDDLEWEIGHT MAT MEN MATCHED AT PORTLAND

Los Angeles, May 29.—Walter Miller, who claims the title of middleweight wrestling champion of the world, left here to-night for Portland, Ore., where he will meet Ted Thye, of that city, in a match next Wednesday night. Thye will meet Mike Yokel, former claimant of the title whom Miller defeated, at Spokane, in a match to-morrow night.

## INTER-ALLIED TENNIS

Paris, May 29.—In the inter-allied tennis tournament (to-day) Andre Gobert, French, beat Captain W. M. Washburn, American, in the singles, 6-2, 6-3, 4-6, 6-2.

## TENNIS TOURNAMENT

No play was possible in the tennis tournament at the Willows courts yesterday, but the players are asked to be on hand not later than 5 o'clock for play this evening. Play to-morrow will commence at 2 o'clock and continue throughout the day.  
**CUBA WILL GO.**  
George Cunha, who was one of the U. S. A. competitors who came to Victoria to take part in the P. N. A. championships, is included in a list of more than seventy of the most prominent track and field athletes of the United States with a sprinkling of boxers, wrestlers who have been selected to augment the team which will represent the United States in the interallied games at Paris next month.

## PIGEONS In Flight and Fancy

Seattle pigeon fanciers flew from Eugene, Ore., last week but heavy rain slowed up the birds and only eighteen out of ninety-six returned in the day. The first bird flew the 245 miles in 9 hours and 33 minutes.  
Following are the results and average yardage per minute: Lokema, 748.90; Sloby, 734.86; Molyneux, 714.57; Van Gystel, 714.55; Dulong, 714.3; Demetner, 710.61; Cooper, 709.46; Carl Bauwens, 564.04; Dulong, 563.70; Van Gystel, 541.21; Dulong, 540.47; Wynant, 540.44.  
Next Sunday's race will be from Roseburg, Or., 300 miles.

Made in Canada by The Maple Leaf Rubber Co. Limited, Montreal.

Look Out for the Snake!

## Canadian Labor Will Crush Bolshevism

**Many of Our Millionaires Were Once Workmen.** In Russia there is no advance for labor. All men there must work and you cannot quit your job. The boss has authority to beat you and to even kill. You must obey your orders rigidly. You receive paper money called rubles which was made by a printing press, but you cannot buy much with it. People go from the cities to the country to get food and the poor peasants have very little, because their surplus is taken from them by force. The factories in the cities cannot run if people are hungry. If nothing is produced,

there is nothing to distribute. The agitator sits close to the money and the men who are clinging to power. You will be butchered without trial if you protest.

Bolshevism and socialism are similar theories and are children of autocracy. They spring up in defeated countries where great hunger exists. They appeal best to those who have nothing to lose. In Canada we cannot understand the hatred for government that you see in immigrants from despotic countries.

### Canadians Cannot Feel Bolshevism

Our workers are well paid and many of them own their own homes. The foreigner who becomes naturalized and learns English soon becomes efficient, and like the rest of us becomes adamant against breeders of discontent and unrest.

A proportion of the population in our industrial centres cannot speak English and very little attention has been given to these workers. This has been a fertile field for

anti-government agitators and I.W.W. to recruit a following. Effort should be made to Canadianize these aliens.

**The spirit of Canadianism is the best antidote** as we are all citizens of a great and free democratic nation and do not want class distinctions. Employers and Employees are getting closer together and the workers are participating in industrial affairs more and more every day.

**Keep industry humming so that wages will not be reduced. Our returning soldiers must be given jobs. They are fighting men and will lend new energy to any industry. Now is the time to put your shoulder to the wheel and help adjust things so that we can get back to a peace basis as quickly as possible.**

Remember Fleet Foot for your holidays, especially for the boys and girls and children.

The Best Shoe Stores Sell Fleet Foot.

### HAD MOTOR CRASH AND THEN A FIGHT

Joe Bayley Appears in Police Court Charged With Driving Auto While Drunk

Charged with driving a motor car while under the influence of liquor Joe Bayley, ex-lightweight champion of Canada, appeared in the police court this morning. He entered a plea of "not guilty." J. A. Alkman, counsel for accused, applied for a remand until tomorrow morning, which was granted by Magistrate Jay.

Bayley is alleged to have driven his motor car at a high rate of speed in a westerly direction along Johnson Street about 1 o'clock this morning. As the car approached Government Street a street car was proceeding towards the barn. Although Bayley swung the auto to try and avoid the collision the two vehicles came together with terrific force, causing the motor car to rebound.

Bayley was riding with another man, but neither were thrown out in the impact or suffered any injury. The radiator of the automobile was badly smashed and the front axle twisted. Bayley was taken to the police station, in which Constables Ferguson and Wilkinson joined on the arrival of the police patrol. During the fracas Bayley's companion escaped. Bayley was taken to the police station, and released on \$100 bail.

### MEETING OF PROTEST

Against High Cost of Living to Be Held at High School, June 5.

Owing to the unavoidable absence from the city of Hon. J. D. MacLean, Minister of Education, his talk to the Women's Independent Political League on the subject of Venereal Disease scheduled for to-night has had to be postponed. To-night's meeting will therefore be short and of a business character, and the report of the committee appointed to go into the matter of the high cost of living will be received.

The mass meeting planned as a public protest against the upward trend of prices has been arranged to take place at the High School on the evening of June 5. Names of speakers and other particulars will be announced later.

Wedded Yesterday.—At the Metropolitan Methodist parsonage last evening Rev. H. S. Osborne united in marriage William Mitchell, son of John Mitchell, of Windsor, Ont., and Miss Alice Maude Alexander, daughter of Charles J. Alexander, of Pembroke Street.

### WILL POSTPONE CITY TAX SALE

In Order That People May Investigate Property Thoroughly

In order that certain adjustments may be made, and that intending purchasers may investigate the location and condition of property, the City Tax Sale, which is at present under way will be postponed until next Thursday after this afternoon's session, Mayor Porter stated this morning.

While the sale continued yesterday afternoon and this morning, a large amount of property being disposed of. During to-day's sessions intending purchasers have been allowed to have any piece of property they desire put on sale. In this way delay and inconvenience has been cut down to a great extent.

At this morning's session City Treasurer Edwin Smith, who has charge of the sale, took in about \$10,000 for some twenty properties, which were located at various points all over the city.

### HOUSING CONTRACT NOT SATISFACTORY

Civic Authorities Complain That Responsibility for Money Still Rests on Them

The civic authorities are not very favorably disposed toward the new housing agreement received from the Provincial Government yesterday. While the agreement increased the city's allocation under the housing scheme by \$45,000 and allows the city a condition grant from the Province of \$200 for each soldier who takes up property under the housing plan, the responsibility for the money, it is pointed out, still rests upon the municipality.

The responsibility for the money involved has so far been the stumbling block which prevented Victoria taking over its housing grant. In fact, the committee which has the matter in charge, it is understood, does not feel that the city should accept any agreement which might entail a financial loss. It is therefore quite probable the present contract offered by the Provincial Government will be rejected.

The new agreement is a lengthy document and it will take some time before the Housing Committee will be able to report to the Council on the matter. "Although I have not had an opportunity of going into the matter thoroughly as yet," said Mayor Porter this morning, "it does not seem to me that the agreement lifts much of the burden off our shoulders. We would still be responsible for the money involved. If any person taking up property were to fail to repay the Corporation would have to make up the difference."

### TO CONFER ON SUMAS RECLAMATION SCHEME

Messrs. Barrow and Nelems Will Meet Engineers; Dr. MacLean in Vancouver

Hon. E. D. Barrow, Minister of Agriculture, and M. H. Nelems, Chairman of the Provincial Land Settlement Board, left the city on the afternoon boat for Vancouver and Sumas. At the latter point it is their intention to confer with the engineers regarding

### OBITUARY RECORD

At the Jubilee Hospital this morning the death occurred of Dathel Pyles, aged forty years. A native of Wales, the late Mr. Pyles had been a resident of Victoria for the past five years, lately residing at 742 Johnson Street. He leaves to mourn his loss one sister, Mrs. M. Pearce, of Langford; one brother in England; two nephews, E. Pearce, of Langford, H. Pearce, of Victoria, and one niece, Mrs. H. Kitt, of Butte, Montana. The fu-

neral will be held from the Sands Funeral Chapel to-morrow afternoon at 2.30. Commander Jaynes, of the Salvation Army, will officiate.

Campaigners Moving.—The British Campaigners will move to their new quarters in the Union Bank Building on Monday, and will hold their reception on Tuesday evening. Brigadier-General Clark, D. S. O., a former member of the Campaigners, as well as several other men who have recently returned from the front, have promised to attend.

### Made Dishes.

Made dishes, prepared with the help of LEA & PERRINS' SAUCE, are a great aid to economy, besides giving a pleasing variety to the Menu.

Owing to the QUALITY and concentration of its ingredients, a few drops of LEA & PERRINS' give far more satisfaction than a much larger quantity of a "cheap" imitation.

## Brentwood Hotel

The second series of concerts, UNDER THE DIRECTION OF MISS SCRUBY, A. R. C. M., L. R. A. M., will be held at the BRENTWOOD HOTEL, on

**Sunday, June 1st**

At 3.30 and 7.30.

FREE TO THOSE TAKING MEALS AT THE HOTEL

TEA, 3.30 to 5.30; price, 50 cents. DINNER, 6 to 8; price, \$1.50

For programme of concerts see papers Saturday and Sunday. For the greater comfort of those intending to entertain dinner parties on this date, it would help the management of the hotel if a phone message was sent to "Keatings 21L," giving the number of intending diners, so that tables can be arranged accordingly.

### Brentwood Sunday Concerts

executive of the section. The manufacturers will meet shortly to elect their representatives. The Trades, Commerce and Transportation Committee met with the jobbers to come to a mutual understanding over certain matters. The committee made reference to the proposed tour of Vancouver Island, which the Board hopes to undertake during the

summer. The members will try and arrange the tour so that it will coincide with the annual meeting of the Associated Boards of Trade of Vancouver Island. The jobbers expressed themselves heartily in accord with the proposed tour. It is expected that at the next meeting of the Council of the Board of Trade a plan for the tour will be submitted

### SAANICH RECEIVES ADDITION TO GRANT

Housing Allocation Increased by \$15,000; Voting on Ward Seven By-law.

An addition to its allocation under the Dominion Housing Scheme of \$15,000, making the total allocation \$45,000, will be allowed the municipality of Saanich, the municipal authorities have been informed. As yet, however, the municipality has not received a copy of the new housing agreement which has been submitted to the city.

Voting on the Ward Seven road by-law will commence to-morrow morning at nine o'clock in the Tillamook school and will continue until seven o'clock in the evening. It is hoped that all the residents of Ward Seven who desire better roads will turn out to record their wishes. It is pointed out that while at present the roads are passable, in the winter months they will be in a bad condition.

Work has started on the four-room addition to the Cloverdale school.

### PROPOSED ISLAND TOUR

Board of Trade May Arrange Trip at Time of Annual Meeting of All Island Boards.

The jobbers of the Jobbers and Manufacturing Section of the Board of Trade met yesterday afternoon and elected G. P. Schwengers and H. G. Wilson as their representatives to the

# Such Women Just Have to "Give Up"

"Man may work from sun to sun, but woman's work is never done." That's why women are overworked, nervous, all run down, no appetite, and can "hardly drag around." Vinol creates a hearty appetite, strengthens the digestive organs, induces sound sleep, invigorates the nerves, and in this natural manner creates working strength.

**Narragansett Pier, R.I.**  
"I was all run-down, back ached, and tired all the time. I keep house for my husband and four children and could hardly keep around. Finally I tried Vinol and it has restored my health and helped me wonderfully, so I recommend it to others who are in this condition." Mrs. Hannah Randall.

**Jacksonville, Ill.**  
"I keep house for my little family, but got into a weak, nervous, run-down condition, tired all the time and no ambition. My doctor told me to try Vinol, and in a week I felt like a new person. I am now strong again, look after my baby, and do all my housework." Mrs. G. H. Lamson.

## Vinol Creates Strength

D. E. CAMPBELL, AND AT THE BEST DRUG STORE IN EVERY TOWN AND CITY IN THE COUNTRY

## PROMINENT MEN ON LINER RUSSIA

List Included Belgian Minister to China and General L. T. Pease

With 229 saloon passengers on board the Canadian Pacific Ocean Services liner Empress of Russia, Capt. Samuel Robinson, R.N.R., arrived at the Outer Docks at 11 o'clock this morning after being detained for forty hours at William Head. Contrary to general expectation the liner touched at Yokohama to pick up passengers after embarking troops at Vladivostok.

Prominent among the saloon passengers crossing the Pacific by the Empress of Russia was Monsieur Paul May, Belgian Minister at Peking, who is returning to Brussels on leave, accompanied by his wife and family.

Commander A. R. F. Martin, R.N., who has been in command of the British gunboat Woodcock, engaged in patrolling the Yang-tze, was also a passenger bound to England.

Mr. Justice H. Newlands, of Regina, Sask., who has been making a tour of the Orient, is returning to his prairie home. A. H. Cole, Watson, manager of the Yokohama office of Findlay, Richardson & Co., is on a vacation trip to his home in the United Kingdom.

General L. T. Pease, an officer of the Imperial Army, is en route to London, accompanied by his wife. General Pease has been on a military mission to China.

**Cook's Tour Party.**  
Also arriving on the Empress of Russia was a Cook & Son tourist party, of Philadelphia, who has been touring the Far East. The party was under the management of A. E. Kaeser, who formerly was manager of the Cook & Son office in Yokohama. Other arrivals on the liner were: H. F. Teverson, Alfred Davis and R. Stunzi, all residents of Kobe. The two former are bound for England and the latter for Switzer-land.

William D. Wheelwright, a prominent citizen of Portland, Ore., and his wife, have been touring the Far East for the past three months, visiting India, China, Japan and the Philippines. Mr. Wheelwright is interested in furthering the relations between the United States and the countries of the Far East, and during his stay in Japan he was the guest of honor at numerous public functions and the recipient of much hospitality.

## SEAMEN DECIDE TO STRIKE ON TUESDAY

Repetition of Conditions Which Prevailed a Year Ago Is Promised

The Seamen's Union has decided to go out on strike next Tuesday, it is stated to-day, in an endeavor to enforce its demands for shorter hours and more pay. This will bring the result that if the fleet of boats operating on the gulf are to maintain their service, either strike-breakers must be employed, or the captains and officers will have to resort to the methods adopted last year, namely, that of pushing trucks and doing other similar work.

When the seamen went on strike last year there was a sufficiently friendly feeling between the Canadian Pacific Railway Coast Steamship Administration and the officers of the vessel to allow of a continuation of the steamship service, even though it was crippled somewhat.

Later, the deck officers sought better conditions for the company, which the latter refrained from granting, and a Guild was formed and a walkout ordered to enforce the demands. The strike was finally settled but there has been some discontent expressed by ship's officers since that time. The point of interest at present is, therefore, whether, failing to get seamen to take the strikers' places, the officers will again volunteer to push trucks in the light of what has taken place.

Through the seamen were formerly affiliated with the American organization, they are not so related at present and it is reported that should the Canadian seamen seek support from the men across the border they will seek it in vain and beyond that fact they will have to face a determination on the latter's part to maintain the operation of the "American" steamer So-Duc in the Victoria-Puget Sound service.

The N. Y. K. liner Suwa Maru, which sailed from Yokohama May 29, is due to arrive here on Monday.

## TROOPS ACCEPTED DECISION CALMLY

Officers Say Detained Soldiers Making Best of Unpleasant Situation in Quarantine

Out of a total of fifteen hundred members of the Canadian Siberian Expeditionary Force arriving from Vladivostok aboard the C.P.O.S. liner Empress of Russia, only four officers of the entire military contingent were allowed to depart when the steamship was released this morning at the William Head quarantine station. These officers were non-contacts and therefore were allowed to proceed to their destinations with the rest of the saloon passengers.

The released officers were: Lieut.-Col. Taschereau, Lieut.-Col. Papineau, Lieut.-Col. Barclay and Major Trump, all of whom are Easterners and routed through to Ottawa.

"Well, we are the only ones to escape" jocularly declared Lieut.-Col. Taschereau, when questioned regarding the feeling among the troops concerning the enforced detention in quarantine. "The boys accepted the decision of the quarantine authorities philosophically and appear to be making the best of an unpleasant situation."

Among those held at William Head is Brigadier-General H. C. Bickford, and his staff, and Lieut.-Col. A. E. Swift, D.S.O., the officers commanding the troops arriving on the Empress of Russia.

An excellent commissariat has been organized at short notice and the soldiers are being afforded the best of treatment.

From what can be gathered, no further cases of smallpox have been detected among the troops and the three men unintentionally responsible for the wholesale hold-up, are reported to be getting along favorably. The three cases of smallpox and scarlet fever are said to be very slight.

The troops are under canvas and while there is a certain amount of resentment at being detained when near home the soldiers-sized up the situation sensibly and are willing away the enforced idleness as contentedly as might be expected under the circumstances.

Perhaps those who feel most are the Victoria boys, who, it was stated aboard the liner, sit up at night, watching the beckoning lights of the city and drily comment upon the hard luck that has befallen them at the conclusion of an otherwise pleasant voyage.

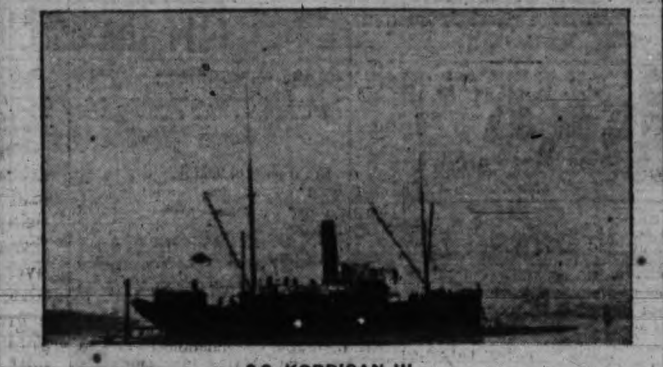

Three officers and thirty-eight men are destined for Victoria and district. The large majority of the troops are recruited in the Eastern Provinces.

In the event of no further cases developing the soldiers will be released within twelve days, the regulation period for infectious cases of this nature being fourteen days.

A particularly pleasing incident of the voyage was the presentation to the commanding officer by the saloon passengers of a signed testimonial of appreciation of the splendid conduct of the troops during the passage across the Pacific.

Lieut.-Col. A. E. Swift, in his reply said: "I have much pleasure in acknowledging the receipt of your very kind letter of the appreciation you have expressed towards the of-

## MEXICAN TROOP CARRIER

S.S. KORRIGAN III. Her upper works liberally punctured by bullet holes, inflicted when she was engaged in transporting Mexican troops between Santa Rosalia and Guaymas, the Korrigan III, owned by the Compagnie de Boles, discharged cargo at this port on Tuesday from the South.

Officers, N.C.O.'s and men on board the ship. Your message has been conveyed to all ranks who are more than pleased with your kindly expression and good wishes. Please accept our sincere thanks.

## SUWA MARU MAKING SMART PASSAGE HERE

N. Y. K. Liner Will Arrive on Sunday Morning, 12 Days From Yokohama

Completing a fast run from Japan the Nippon Yusen Kaisha liner Suwa Maru will arrive here early on Sunday morning. This was the announcement made this morning by W. R. Laue, local agent for the Japanese shipping company.

The Suwa is making the trans-Pacific run in twelve days. In addition to 225 passengers for Victoria the liner has 108 first cabin and 127 steerage passengers booked for Seattle, as well as a silk shipment, which consists of 2,507 bales of the raw commodity and 454 cases of silk goods. The approximate value of this shipment is close to \$5,000,000.

In addition to the silk cargo the Suwa Maru has 7,423 tons of general freight for Seattle, and 2,000 additional tons for Vancouver.

The silk aboard the Suwa Maru will be discharged at Seattle immediately upon her arrival and at once loaded aboard a special express freight train, which will go East over the Great Northern Railway, routed on passenger train time, as was the case in the Katori Maru's shipment.

## EMPRESS OF JAPAN SAILS FOR ORIENT

At an early hour this morning the C. P. O. S. liner Empress of Japan, Capt. W. Dixon Lopez, R. N. R., reached the Outer Docks from Vancouver. She got away before the liner Empress of Russia was released from quarantine, and proceeded to sea, bound for Yokohama and Hongkong.

## CONTRACT AWARDED FOR PRINCE RUPERT NAVIGATION AIDS

The Marine Department announces that Mr. Stockley, a Prince Rupert contractor, has been awarded the contract for the erection of the buildings to house the Age light and fog alarm on Barrett Ledge near the entrance to Prince Rupert harbor.

The Barrett Ledge light and fog alarm will be a duplicate of the aids now established at the end of the Ogden Point breakwater.

The plant will be electrically driven, power being generated from a station to be erected at the nearest shore point.

The time used is Pacific standard, for the 120th meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height refer to daylight high water from low water. Where blank occur in the table, the tide rises or falls continuously during two successive tidal periods without "turning." The height is in feet and tenths of a foot above the average level of lower low water.

In an address before the Canadian Club at 1 a.m., Major-General McCree suggested having a parliamentary committee, on which both farmers and manufacturers would be represented, to investigate the tariff with a view to recommending legislation which would be for the welfare of the nation as a whole, and not for any one class.

## ROTARIANS END A YEAR OF SUCCESS AT BIG BANQUET

Enjoy Pleasant Expedition to Brentwood, Dinner and Dancing

J. D. O'CONNELL GIVES PLACE TO J. F. SCOTT

A Rotary year filled with abundant service to the community and profit to each individual Rotarian was wound up at the annual meeting of the Victoria Rotary Club held at the Brentwood Hotel last evening. The more serious work of considering the annual reports, installing the recently-elected officers and preparing for the new year was intermingled with various forms of frivolity, including dancing and a Rotary "stunt" of unusual excellence. The gathering was made up of some 200 Rotarians, their wives, children and friends who left town in a long string of automobiles at about 6 o'clock in the evening. The proceedings commenced with a delightful banquet, the serving of which was ably supervised by Henry Pearce, the manager of the hotel.

**President Retires.**  
An administration of the club's affairs, characterized for the last year and a half by cordial, successful ability, popularity and the best elements of Rotary, was concluded when President J. D. O'Connell handed the reins of office to the new president, J. F. Scott. That Mr. O'Connell has proved himself a president worthy of respect outside of the club, and extraordinarily popular in Rotary circles, was attested by the deafening applause which greeted his valedictory address.

The presidency of the Rotary Club, declared Mr. O'Connell, was the most enviable office to which any man in any community could aspire. It carried with it, he thought, a responsibility unsurpassed by any civic office, for it directed the finest type of aggressive business men, who together formed one of the best and strongest forces in the city.

"Those who come into Rotary," said Mr. O'Connell, "expecting to get something out of it are often disappointed. But those who become Rotarians with the idea of doing service and helping their community, find that the Rotary Club is an organization to which it is an honor and a joy to belong. In the union of the Rotary Club lies its strength. There are no cliques in Rotary, least of all in the Victoria Rotary Club," the retiring President pursued. "No such thing is known to us. The very existence of cliques would breed discontent, and discontent would spell defeat. We have had no defeat. And we will have no defeat in the future," concluded the speaker, thanking the Rotary Club as a whole and the various committees in particular for their support and co-operation during his tenure of office.

**Praises Former President.**  
On assuming the presidency J. F. Scott paid a high tribute to his predecessor who, he said, "rose above petty spite, by his able and impartial administration inspired respect and friendship among the members, and proved himself not only a man fit to hold his most responsible office, but above all a Rotarian. He has piloted that club through most difficult waters," said Mr. Scott, "and the increased membership, satisfactory financial condition and achievements of the club during the year have shown that the man at the helm knew his job."

A tangible evidence of the club's respect for the retiring president, in the form of a beautiful gold Rotary wheel was presented to Mr. O'Connell, who replied in a few appropriate words.

Forecasting the work of the club for the next year, President Scott pointed out that there were troublesome times ahead. The responsibilities of his office, he realized, would be many.

"Indeed," he asserted, "there is no more important office in the community than the presidency of the Rotary Club, not even the mayoralty excepted. The club is now acknowledged by the whole city as a live and aggressive organization. When the older and staid business men want anything done they come to the Rotary Club. And they usually get what they want done, too."

Other officials installed during the meeting were: L. D. McLean, first vice-president; Cliff Denham, second vice-president; treasurer, J. H. Beatty; sergeant-at-arms, James Adams; R. H. Frenchley, Herbert Kent and George McGregor, directors.

**Rotary "Stunt."**  
In the roll of the famous Rotary storekeepers, Messrs. Crust and Crumb, Rotarians P. C. Abell and Ernest J. Down scored a big success with their novel and amusing "stunt."

After votes of thank to the hotel management for its courteous and able entertainment and for the souvenir ash trays distributed among the men, and to the press for its support during the past year had been passed, dancing commenced shortly before midnight.

**President's Report.**  
The report of President J. D. O'Connell in part said:

"Your directors have the honor to report on the progress and activities of the club during their terms of office which began on December 6, 1917.

"On that date the strength of the club was 19 members. New members elected during the period (number 46). On the other hand 24 dropped out, making a net increase of 12 and the present strength 102. Three members were lost to us by death, namely, Alan Blyth, Frank Steinfield and Charles D. Burdick. Of the rest 15 left the city, two ceased to represent their classifications, three were dropped for non-attendance, seven resigned on account of inability to attend meetings and four resigned for various other reasons.

"Five members were absent on active service during some part of the period, namely, Alan Blyth, A. V. Hamilton, A. V. Clarke, E. R. Myers and Dr. F. M. Bryant. The roll of honorary members was reduced by the death of that good Rotarian—the late Premier Brewster.

The name of his successor has been added and that of Mayor Porter. Sixty-nine midday and two evening meetings to May 29 were held. One of the evening meetings was held at the Alexandra Club and one at the Empress. Of the midday meetings 42 took place at the Empress, two at the Royal Victoria Theatre and one each at the Pantheon, the Home Products Fair, the Victoria Lawn Tennis Club, the High School, St. John's Church and the Two Jacks. An extra meeting was held at Rotarian Tom Walker's strawberry ranch.

"The possible number of attendance at all general meetings to May 16, excluding evening meetings, was 4,754, and the actual total recorded was 4,507 or 94.8 per cent. This was slightly better than in any previous year except the first of the club's existence, when the members were fewer. The directors held 25 meetings, nearly all of over an hour's duration and fully attended."

"The report proceeded to review in detail the social, civic and philanthropic activities of the club. It showed also that the club had been represented on numerous public organizations.

### Individual Action.

"The large part taken by individual members in directing the activities of other organizations must be a source of gratification to the club as a whole. It must be largely extolled and attributed to the doctrine, which they have conscientiously or unconsciously assimilated during their membership of Rotary regarding the Rotarian's duty to his community and which is thus set forth in the pages of 'A Talking Knowledge of Rotary.' The citizen's zeal for his town is best known in his work as a member of charitable, philanthropic, civic or other organizations. While the patriotism of the cheque book is not despised by the various organizations concerned in the public welfare, there is still greater value in personal service work offered in addition to dues. Rotary's province is to train its members to be better citizens, better members of the trade and commercial bodies and more loyal to their respective cities and countries. The manifestations of the Rotarian's interest in civic affairs should be shown in his work as an individual and as a part of the various commercial and civic bodies rather than in concerted action in the name of the Rotary Club."

In the course of acknowledgments the report stated: "While this report is the director's report, I feel that it would be an oversight on my part did I not refer in brief to the valuable services rendered the club by our Secretary, Capt. Goodlake. References to his good work has been made by every retiring president, and I can say with all sincerity that the success of the club is due in a very large measure to the efficient services rendered by Capt. Goodlake. I also wish to pay special tribute to the club's poet and songster, Mr. Ernie Down."

### PURE-BRED CATTLE TESTS.

In view of the agitation in Canada for the establishment of accredited herds, it is interesting to note what is being done in the United States along this line. The 165 veterinarians of the United States department of agriculture who are in the field doing tuberculosis eradication work, together with an equal number of state men, have tested approximately 500 purebred herds and found them free from the disease. The owners of those herds have been given an official certificate, stating that they have tuberculosis-free accredited herds. The veterinarians also have given one test to 2,000 herds in preparation for the accredited list. The owners of all these herds, together with the breeds and number in each herd, will be listed in a publication soon to be issued by the department. Figures show that during the past eight months, or since July 1, 1918, 300 accredited herds and 900 herds that have passed one test have been added to the list. The veterinarians now have under supervision 1,200 herds of purebred cattle and 500 herds of grades which have shown by previous tests that one or more animals have tuberculosis. The publication lists 1,100 owners of grade cattle which have successfully passed the requirements for tuberculosis-free

## PURITY - QUALITY - ECONOMY

With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

## MAGIC BAKING POWDER

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

## DUCK & JOHNSTON

615 Johnson Street.

## UTILIZE TIMES WANT ADS

It's a matter of choice!

## LILY WHITE CORN SYRUP

Some people prefer the white (Lily White) corn syrup for table use; others, the golden, cane-flavored, Crown Brand.

Authorities strongly recommend Lily White for PRESERVING, and candy-making.

## CROWN BRAND CORN SYRUP

Lily White and Crown Brand Corn Syrup can be used for all cooking purposes.

Both are pure food products, nourishing, high in food value and are great helps to household economy.

Sold by Grocers everywhere—in 2, 5, 10 and 20 pound tins.

The Canada Starch Co. Limited Montreal

# A new BOOTH TARKINGTON Story

Here is a story that will make you young again

**T**WO inimitably funny boys—and Florence, a little girl as diabolically naughty, as fascinatingly unexpected as the immortal Penrod . . . If you want to know how a small town can be uprooted—devastated—swept from its moorings—by the simple, outspoken publication of what two small boys overheard and saw—then read Booth Tarkington's big new serial, "The Oriole," in the June Pictorial Review.

The town of North End had been going along peacefully. Neighbors gossiped, young men "paid attention" to young ladies, young ladies "encouraged" young men in the comfortable, regular way. And then, all at once—a bomb!

Those two incorrigible boys, Herbert Illingsworth Atwater, Jr., and his friend Henry Rooter, decided to start a newspaper. Then enter Florence! You will laugh as no story ever made you laugh before. It is Booth Tarkington at his best—recreating, with a master hand, the magic and sparkle of your own adventures when you were fourteen.

## Six full-page color pictures

- Major-General Leonard Wood—A daring and unconventional portrait, by Charles Chapman.
- Our Camouflaged Transports at Sea—A splendid marine painting, by Frederick Waugh.
- "Dethroned"—One of Anton Fischer's half pathetic, half humorous studies of American life.
- "Memorial Day, 1919"—A wonderful decorative painting, by Will H. Low., N. A.
- C. H. Twelvetree's adorable babies—Two whole pages of them, with irresistible comments by the author.

## Your Summer Clothes

And do not forget those wonderful Summer fashions—17 pages of them—10 pages in color—such as no other magazine even attempts to give you.

## WORK that women can be hired to do!

Do you know how seven American cities are taking the drudgery out of housework?

**T**HE biggest single industry in America—the most important—and yet the most backward—Housework!

Eighteen million women working at it!—but never any attempt to regulate hours, wages, conditions of work!

Aren't you interested in what is being done to change this? Wouldn't you like to know how the drudgery can be taken out of your housework?

The intelligent wife of a college professor decided to keep a chart of the time *absolutely necessary* for her to devote to her household of five members. It came to 16 hours of labor a day!

No wonder women can't be hired to do this work! Read how New York City, Washington, St. Louis, Chicago, Philadelphia, Princeton and Montclair, N. J., are solving this problem. Read Katherine Glover's remarkable article in the June Pictorial Review.

## Stories of love and adventure

### It happened on her marriage day

She was only fourteen—the beautiful little gold-skinned bride who saw her Filipino husband go down the road to the jungle one moonlight night—and vanish forever in its mystery and silence.

Read Edward S. O'Reilly's thrilling romance of how a young American soldier found and rescued her—gave her the same chivalrous protection he would have given an American girl.

### He could not face the woman he loved

Mutilated in the Great War—one side of his face under a mask—young Captain Bloudon set himself doggedly to the task of facing life, facing work—but he could not face the woman he loved.

With dramatic force and inspiration—in a story that is almost a short novel—Edwina Stanton Babcock tells how a man mended his broken life—and how a woman's courage bridged the last step on his way to happiness. Read "Facing It"—another of Pictorial Review's wonderful war stories in the June issue.

### He had given his word—

He had promised a timid little white-haired woman the impossible—and he was a Southern gentleman. Read about the desperate dilemma in which this man found himself—and how rescue came from an unexpected source. "The Kidnapped Memorial" is one of Sinclair Lewis' finest stories of American life.

## Special Subscription Offer

ST. JOHNS-MONTREAL AEROPLANE SERVICE

British Firm Plans to Connect Newfoundland With Canada and States

St. Johns, Nfld., May 30.—Newfoundland which suddenly found itself the centre of world aviation, soon may be connected with Canada and the United States by aerial mail and passenger lines, it developed yesterday when the lower House of the Legislature ratified a concession granted the Imperial Aircraft Manufacturing Company of London.

According to a representative of the company who recently arrived here, service will first be introduced between St. Johns and Montreal. He said the distance would be covered in sixteen hours.

Lacked Workmen. Various expeditions assembled here to attempt to cross the Atlantic found their plans halted yesterday because of difficulty in obtaining workmen to assist at their aerodromes. The Newfoundlanders were too intent on welcoming the steamship Corcoran, returning from overseas, to give their attention to things material.

The keenest contest for a hop-off seems to be between the Handley-Page and Vickers Vimy teams. The former team is arranging to transfer to its quarters at Harbor Grace thirty truck loads of material which arrived on the steamship Sachem. Although the airmen found that as a result of the recent dock strike at Liverpool much of their material failed to arrive, they expect not to be seriously handicapped.

MEMORIAL DAY IS OBSERVED IN STATES

Washington, May 30.—With deepened solemnity the first Memorial Day observance since the close of the great war was observed in the National Capitol today, the nation's heroes of earlier wars sharing its tributes with those who fell in the struggle to maintain the liberties and ideals for which their forefathers fought.

Memorial exercises were held at Arlington National Cemetery and United States Soldiers Home and at other points, under the auspices of the Grand Army of the Republic, the United Spanish War Veterans and allied organizations which participated in the annual parade earlier in the day.

With the Senate not in session, the members of the House devoted the day to paying tributes to those who served or gave others to the service of the country in the great war.

The significance of Memorial Day this year was stressed in statements by Secretaries Baker and Wilson and Acting-Secretary of State Polk.

Secretary Wilson appealed to the labor forces of the country especially to recognize that it is their privilege to carry on the work for which the nation's heroes have died.

"While the war was on," said Secretary Wilson, "our sons were laboring to win the war. In the period of reconstruction it is in labor's hands the tools are replaced. Let us rebuild a permanent memorial indeed, a memorial whose foundation is American pluck and perseverance, and whose structure is American integrity and loyalty."

PLAN FOR SETTLEMENT OF ADRIATIC PROBLEM

Paris, May 30.—The agreement reached between the Allied leaders on the Adriatic problem, according to The Temps, has the following as its essential points: First—Fiume, not including the suburb of Sušak, is to form, with the region to the east, an independent state under the authority of Italy. This state will be bounded by Italian territory and contain the railroad from Fiume to Laibach.

Second—Zara (capital of Dalmatia) and Sebenico (seventy miles southeast of Trieste on the Adriatic) will be placed under the sovereignty of Italy, which renounces any other part of the Dalmatian coast and hinterland.

Third—Italy will exercise sovereignty over islands called strategic, namely Cherso (twelve miles southwest of Fiume, belonging to Istria), Lussino (southwest of Cherso) and also Istria (southwest of Cherso) and also Istria and Lissa (thirty-three miles southwest of Spalato in the Adriatic, belonging to Dalmatia), with the outlying islands.

Furthermore, according to The Temps, the League of Nations will grant Italy the mandate over Albania, when the Treaty of London assured Italy the preponderating influence.

TREATY GOOD ONE, DECLARES TARDIEU

Honest One, Says French Delegate

Paris, May 30.—Captain Andre Tardieu, a member of the French peace delegation, defended the treaty of peace in an address delivered yesterday at Beaune, at the closing exercises of Beaune University, where 10,000 American student soldiers have been studying since the armistice was signed. He said in discussing the treaty:

"First, it is honest. It agrees with our programme of war, with our public engagements and with our conception of international life. When he is studying and discussing this same treaty, the young man who has a block of granite in front of him, if anyone tries to belittle this honesty he thereby confesses that he has learned nothing from the lessons of the war or from the creative greatness of our union.

Efficient. "Finally, it is efficient, for in that world which it invites to peace it makes Germany truly harmless: It forces her to repair everything which she should and can repair. To challenge the need of such a guarantee is to confess to having lived for five years outside of humanity and ignored the martyrdom which such aggression has inflicted on it."

Captain Tardieu warned the Americans against intrigues at home and abroad, which he said tended to break down the friendship between the United States and France and might "before the conscience of the people."

To Describe Conditions. In appealing for mutual understanding between the United States and France, Captain Tardieu asked that the American soldiers tell the people of the United States of the true conditions in France.

"You will tell of France just as you have seen her," he said. "You have seen her fighting in the front line, and you have seen her at work behind the lines."

"We at this end will tell how two years ago you had nothing of the many things which go to make modern war, and how sixteen months later you were 2,000,000 strong in our ranks. We will say that during the labor of the Conference our just claims found no more far-reaching advocate than President Woodrow Wilson.

Intrigues. "You will say that you were quite aware of all the intrigues on foot intended to darken the purity of our mutual friendship. We will say that we see clearly in the days of the peace the loosening of our common bonds is but an instrument of reaction or of revolution.

"In that way the Franco-American friendship, offspring of Washington and Lafayette, stimulated and warmed up by the common effort in this war of arms, will triumph over all the hidden attacks and will arise in all its splendor before the clean conscience of the two nations."

Dresden, May 29.—V. London, May 30.—(Associated Press)—Herr Schwarz, Economic Minister, who has returned here from Versailles after his withdrawal from the German peace delegation, which he had accepted, asserted that the peace situation in Paris has been badly muddled by the Entente leaders.

BOLSHEVIKI CLAIM ROVNO WAS TAKEN FROM POLISH TROOPS

London, May 30.—Bolshevik troops have driven the Poles from Rovno after fierce fighting and occupied the town, according to a wireless message from Moscow today. The Bolsheviks captured a large quantity of military stores at Rovno. The message adds that the Bolshevik troops captured seventy guns at Zdolunovo, and that Bolshevik troops also occupied Alexandria.

GEN. BADEN-POWELL RETURNS TO BRITAIN

Quebec, May 30.—Sir Robert and Lady Baden-Powell boarded the steamship Grampan, outward bound from Montreal last night on the way to England.

Shock Left Her Weak and Nervous COULD NOT SLEEP

When the system receives a shock of any kind, the heart becomes weakened, the nerves unsteady, the appetite poor, faint and weak feelings come over you, you can't sleep at night and you wonder if life is worth living. To all those who suffer from nervous shock we would recommend Milburn's Heart and Nerve Pills as the best remedy to tone up the entire system and strengthen the weakened organs.

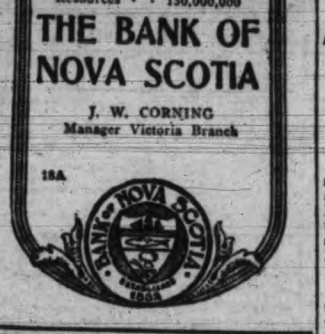

Mrs. J. J. Bunyan, Pilot Butte, Sask., writes: "I have used Milburn's Heart and Nerve Pills after having suffered from a terrible shock to my whole system. I was so utterly weak and nervous I could not sleep at night, and my appetite was very poor. I could not walk across the floor without trembling all over. I had hot flushes and fainting spells. When I was on the second box of your Heart and Nerve Pills, I began to feel that they were doing me good, so I kept on until I had used six boxes, when I felt like a different person. I am never without them in the house, and highly recommend them to all who suffer with their hearts."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

87 Years of Growth

Ever since 1832 this Bank has been serving the Canadian public. Its steady growth in assets and deposits is as much a tribute to public confidence in its integrity as to its own efforts. Your savings account would be gladly received—and the regular interest and ultimate benefits will be decidedly welcome to you as time goes on.

THE BANK OF NOVA SCOTIA J. W. CORNING Manager Victoria Branch

ESTIMATES VARY AS TO SIZE STRIKE

Somewhere Between 7,000 and 12,000 Now Idle in Toronto

Toronto, May 30.—Workers of various building trades, garment workers and other union members here to a number variously estimated at between 7,000 and 12,000 left their work this morning at 10 o'clock in a sympathetic strike to aid the men of the metal trades who have been out for some weeks.

This is one phase of the "general strike" in Toronto, which has been long expected and dreaded, and which Sir Robert Borden and his colleagues in a conference with the contending parties at Ottawa yesterday vainly attempted to avoid.

Except at the Labor Temple and the various shops and buildings where the latest strikers threw down their tools, there is no indication of anything below normal. The public services and street cars are operating as usual, the stores are open and doing the usual, or bigger business. The factories and shops not directly interested are working full time. Building operations are not completely tied up, as some trades are staying at work.

1,600 AEROPLANES TO STATES FROM EUROPE

Washington, May 30.—One thousand Niuport and 600 Spad aeroplanes and 1,000 Hispano-Suiza and 800 Gnome motors will be shipped to the United States under the terms of an agreement between the French Government and the United States Liquidation Commission. The planes and motors represent a part of the aviation equipment contracted for abroad by the War Department.

War Bond Interest Coupons and Cheques Cashed Free.

The Merchants Bank will cash all War Loan coupons or interest cheques when due, on presentation, without making any charge whatever for the service. If you have not a Savings Account, why not use your interest money to open one with This Bank?

REINFORCE TROOPS ON MEXICAN BORDER

American Officials Send Squadron of Cavalry to Big Bend District

El Paso, Texas, May 30.—The first squadron of the 5th Cavalry, stationed at Fort Bliss, has been ordered to the Big Bend district, east of El Paso, to take station under Colonel Langhorne and reinforce the Eighth Cavalry. Major Frank commands the squadron.

Not Nervous. Washington, May 30.—Reports from the border that Mexican federal troops were mobilizing at Empalme, Sonora, for movement in bond through Arizona en route to Juarez, gave officials here little concern. It was believed here the mobilization began before the Mexican Government could get word to the commanding officer that the State Department had withheld for the present permission for the troops to pass through American territory.

Defeated. Juarez, Mexico, May 30.—General Jesus Castro, commanding the federal forces at Chihuahua City, to-day wired Colonel Escobar, commanding here, that on May 27 half of Villa's forces under Martin Lopez attacked San Andres, forty-five miles southwest of Chihuahua City, being driven off with heavy losses after a twenty-two hour battle.

PRESIDENT WILSON TO VISIT BELGIUM

Paris, May 30.—President Wilson, through Grand Whitehead, United States Minister to Belgium, yesterday informed King Albert that he had not forgotten his promise to visit Belgium. Mr. Whitehead said the President had not fixed any time for the trip as yet.

BOLSHEVIKI CLAIM RIGVA WERE SURPRISED; LETTS TOOK TOWN

Stockholm, May 29.—A dispatch received here to-day relating to the capture of Riga by Lettish troops says the Bolsheviks were completely surprised. A majority of the garrison were made prisoners and all the shops and the houses of the wealthiest persons were pillaged. It is stated that famine and misery prevailed and that the news of the arrival of an American Food Commission Sunday was received with enthusiasm.

BIRTHS, MARRIAGES AND DEATHS

DIED. TILES—On the 29th inst., at the Jubilee Hospital, Daphne Tyler, aged 48 years; born in Wales, resident of this city five years, late residence 742 Johnson Street. He leaves to mourn his loss one sister, Mrs. M. Pearce, of Langford, and one brother in England, two nephews, of this city, and one niece in Duffin, Ontario. Funeral to-morrow afternoon at 3.30 o'clock from St. Francis' Church.

MENHILL—On the 29th inst., at Victoria, Margaret Menhill, aged 48 years, a native of England, and a resident here for the past 5 years. She is survived by her husband, Robert A. Menhill, and two children. Residence, 2342 Douglas Street. Funeral service on Monday afternoon at 1.30 from the Thomson Funeral Chapel.

BEYMOUR—On May 27, 1919, at St. Joseph's Hospital, Edwin VanName Seymour, late of Tacoma, aged 34 years, born at Chipewaut Falls, Wis., U. S. A. The remains are resting at the B. C. Funeral Chapel and will be forwarded on Saturday to Tacoma for interment.

ONTARIO'S MINERAL OUTPUT FALLS OFF

Toronto, May 30.—The value of the mineral output of the Province of Ontario for the first quarter of this year was \$4,000,000 less than in the corresponding period of last year. This is regarded by the Bureau of Mines as a reflection of the after effects of the war.

\$1,252,000,000 FOR ARMY OF STATES

Washington, May 30.—Estimates for the military establishment of the United States for the next fiscal year as presented to the House Military Committee show an increase of \$127,000,000 over the \$1,125,000,000 total in the bill which failed in the last Congress. Brigadier-General Lord, Director of Finance in the War Department, will appear before the Committee to-morrow to explain the increase.

### TO-MORROW LAST DAY FOR RENEWAL OF FREE MINERS' LICENSES

Hon. William Sloan, Minister of Mines, reminds all holders of free miners' licenses that to-morrow, May 31, is the latest day upon which applications for renewal can be made. The necessary action should therefore be taken through the Provincial Department of Mines and Government Agencies before one o'clock to-morrow.

### BAND CONCERT TO-MORROW

Will Be Given on Parliament Building Grounds, in the Afternoon.

The first of a series of concerts to be given during the summer under the leadership of Lou Turner and under the auspices of the Victoria Band Concert Association will take place to-morrow afternoon from 2:15 o'clock until 4:30 o'clock on the grounds of the Parliament Buildings, thrown open for the purpose by the Provincial Government. It is the intention of the promoters of these concerts to make them an attractive feature in the programme of public entertainment to be carried out here this year.

With a view of preventing possible acts of sabotage, the maritime authorities have taken charge of the German ships interned in Spanish ports. Six of these ships have already been provided with French crews and are flying the Inter-Allied flag.

The Government proposes to bring in legislation authorizing, for another year at least, the manufacture, importation and sale of oleomargarine. Dairy interests have protested while many petitions to keep off the restrictions have come from consumers.

### WHAT RETURNED SOLDIERS LIKE BEST IN CLOTHES

"The return to Canada—and the United States of at least a couple of million men—the finest types of manhood—must of necessity mean an enormous demand for new ready-for-service clothes. True, many of them may go back for a time to the suits they left behind them. Many will continue to wear their khaki uniform for a time—but the majority will make a jump for muffs.

"The altered physique of our homecoming heroes will make new clothing for the majority almost a necessity. The difference in figure and bearing of the returning warriors as compared with pre-enlistment is too noticeable to be regarded as negligible. It is so pronounced that the standards of proportion governing the science of the cutting room had to be changed. "The Semi-ready physique type system produced the military figure in Type B—erect. "It is the genius of this wonderful system, backed by good tailoring and careful selection of materials, which has made Semi-ready clothes a twenty-five-year continuous success. "Because of Type B—"Erect Form," the returned soldiers have flocked to the Semi-ready stores and given rise to the charge made by the tailors that we exercised undue influence. "Messrs. & Fuller, corner of View and Douglas Streets, have every new style in the Semi-ready suits at their store.

### DROWNED IN GORGE

Body of Mrs. Margaret McNeill Found Last Night; Suffered Nervous Breakdown.

Floating on the peaceful waters of the Gorge, the body of Mrs. Margaret McNeill, wife of R. A. McNeill, of 2842 Douglas Street, was found last night at 8 o'clock after a short search. The lady disappeared from her home about 3 o'clock yesterday afternoon, and when the husband was unable to find any trace of his wife in the evening he notified the police.

A young lad named Dunbar who was playing near the Gorge sighted the body and informed his father, who at once notified the police. The patrol

proceeded to the scene and the body was recovered.

For some time past Mrs. McNeill has been very ill as the result of a severe nervous breakdown.

The late lady was about 40 years of age, and had resided in this city for twelve years. Her husband had only recently returned from lengthy service overseas. Besides Mr. McNeill two young children are left to mourn her loss.

The funeral will take place on Monday afternoon at 2:30 o'clock from the Thomson Funeral Parlors.

On Thursday, 26,000 men went out on strike in Winnipeg. All the unions are included in the strike except the typists and those engaged in operating railways.

"TIGERS" SPEND FINE EVENING IN DANCING

Members of 29th Battalion With Their Relatives and Friends Attend Reunion

About 150 members of the 29th Battalion with their relatives and friends gathered at the Knights of Pythias Hall last evening and participated in a re-union dance.

The dancing was broken at 10:30 o'clock. The guests adjourned to the supper room and sat down to an excellent repast, which had been prepared by an energetic committee of ladies.

Col. James Slater, one of the original officers of the 29th Battalion, referred to the splendid record of the battalion and the gallant boys who had fallen so that the proud reputation should not be smirched.

Frank Gioima, M.L.A., a former member of the 29th Battalion, told the men that everything was being done to help the returned men.

CAPTURED TRAIN FROM GERMAN LINES

Lieut. Spencer is Back at Duncan After Splendid Service

Lieut. Charles Spencer, whose heroic deed in stealing a German train was chronicled in The Times on August 22, has now returned to Duncan.

Lieut. Spencer went overseas with the railway service, being assigned as an engineer on the Canadian Pacific Railway, engaged in hauling trains between North Bend and Kamloops before he donned the King's uniform.

Then Saved Own Supplies. But the capturing of this train was not the only notable feat performed by this daring soldier-engineer.

Other trains had been working, but the other engineers declared it was impossible to make another trip into the shell-wrecked territory.

Parents who care for their children's health will give them INSTANT POSTUM

There's a Reason

IT'S SIMPLY MARVELOUS

The way Zam-Buk relieves the burning and irritation of eczema, writes Miss A. Gallant, of St. Nicholas, P.E.I.

Zam-Buk

much of the ammunition as possible, and to take care of all the refugees who wished to be removed to a place of safety.

At this station a trainload of about forty cars loaded with ammunition was standing.

LEMON JUICE FOR FRECKLES

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion.

SYMPATHIZE WITH PRAIRIE STRIKERS

Civic Employees Opposed to "Intimidation and Coercion" Profiteering

Sympathy with "the just aims of organized labor in the city of Winnipeg" is "opposition to the methods of intimidation and coercion at present being used by the authorities to compel submission by the workers of Winnipeg, Calgary and other places."

And whereas, owing to the widespread industrial unrest, a general strike has taken place in the city of Winnipeg and is spreading to other parts of the Dominion of Canada;

And whereas, in the estimation of the Civic Employees' Protective Association, the Governments have up to the present taken no definite action towards the relief of the burdens placed upon the masses by the war profiteering and exploitation;

Therefore, be it resolved that, while at the present time the Association believes that the interests of labor and the general public will not be best served by too precipitate action, nevertheless this Association holds itself prepared to take whatever action may be necessary to protect the interests of labor.
