GENERAL SMUTS WINS IN SOUTH AFRICA

Government Keeping Its Plans For Navy Well Guarded Secret

Ottawa Ministers Intend Not to Divulge Scheme Until Measure Based on Report of Admiral Lord Jellicoe Is Introduced.

Ottawa, March 11.—There is no inkling yet as to the character of the Government's naval plans though the Jellicoe report, tabled in the Commons yesterday afternoon, is a topic of great interest, and it is known the Government has made up its mind as to what attitude it will take in the matter.

Due notice will be given by the Government before any legislation based on the report is introduced. This was an assurance given by Hon. C. C. Ballantyne, Minister of the Naval Service, when tabling the report.

The naval problem of Canada, the report says, is complicated by the fact that the two coastlines of the Dominion are separated from each other by 2,500 miles as the crow flies. For safety under all conditions each of the Canadian coast lines requires certain local defenses, and in addition each requires a naval force to guard the trade and the coast.

War experience, it is said in the report, has shown that submarines can operate at immense distances from their bases, and this fact necessitates the provision of defence against this type of attack in almost all parts of the Empire.

Value of Ships. Admiral Jellicoe draws attention to the relative value of the vessels he recommends and the purposes for which they would be used in case of war. Light cruisers and destroyers, he says, form an essential part of a fleet, and one not equipped with them would be at a very serious disadvantage. They are also useful for trade protection.

Administration. In dealing with the question of administration, the report remarks that at the British Admiralty difficulty has occasionally arisen when the Minister is at variance with the views of his naval colleagues on technical questions. "It is inevitable that such differences should arise, and no legislation can prevent this," says the Admiral. In the matter of the report being considered one of vital importance and their views being disregarded, the Sea Lords may resign. When matters come to such a pass, however, it appears desirable that the Prime Minister should be made acquainted with all the facts. In the case of Canada, where a new naval organization is under consideration, it is suggested that the Chief of the Naval Staff should, in such circumstances, be present to present to the Prime Minister a statement of the case as seen by the naval members of the Board.

DOMINION'S FIRST LEAGUE PAYMENT

\$64,043 Canada's Share in World League up to March 3

Ottawa, March 11.—(Canadian Press)—Canada is among the "first-class" members of the League of Nations, according to a statement made by Mr. Rowell in the House of Commons yesterday. Canada's contribution toward the League is fixed on the basis of the apportionment of the expenses of the international bureau of the Universal Postal Union, but the actual amount which Canada may be called upon to contribute must necessarily depend upon the number and classification of those states which become members of the League of Nations. Canada's contribution for the fiscal year ended March 3, 1920, was fixed at \$16,234, which at the current rate of exchange on February 13, the date on which the draft was sent to London, amounted to \$64,043.15.

SMUGGLING CHARGE

Plattsburg, N. Y., March 11.—A man arrested near this city yesterday while headed south with 300 bottles of Canadian whiskey was identified last night upon arraignment as "Dick" Werner, alleged chief among Dominion liquor smugglers, who escaped from the United States marshal in Washington February 10.

WIRELESS TELEPHONE WORK BENEFITS BY A NEW RECEIVER

New York, March 11.—Conversion of wireless telephones between passengers in a navy "blimp" high overhead and others in a motor truck stationed at Broadway and Forty-second Street to-day was heard by persons standing around the truck at a distance of ten to fifteen feet. The novelty was made possible, it was explained, through a recently-devised receiving apparatus.

SALVADOR CONGRESS VOTES MEMBERSHIP IN WORLD LEAGUE

San Salvador, Republic of Salvador, March 11.—The Congress of Salvador to-day ratified the executive decree under which Salvador becomes a member of the League of Nations.

The definite action taken by Salvador leaves Venezuela as the only uncertainty on the list of neutral nations invited to become members that has not accepted.

Arguments Given in Support of Scheme

"The proposal of the Victoria Shipbuilders, Ltd., to build wooden sailing vessels in Victoria is economically sound. Wooden sailing ships can be built in Victoria in competition with the world. Sailing vessels will continue to carry the bulky low-priced cargoes such as lumber. Against the competition of steam and oil engines they have held their own, because they can carry freight cheaper than power vessels. They carry freight cheaper because they cost less to build, and nature charges nothing for the breeze that drives them to their destination. Sailing vessels, even in times of low freight rates, are money makers. At the present high rates of freight, which are bound to continue for many years, these Victoria built, Victoria manned, and Victoria owned sailing ships will pay handsome returns to their owners. Be a part owner. Get your subscription in to-day and get your share of dividends. Besides you will help yourself in many ways, for the old town will be kept prosperous."

DANIELS HAD HIS EYE ON FUTURE

More Testimony by Sims Before Washington Naval Investigation Committee

Washington, March 11.—Indications that the Navy Department withheld sending all available American naval craft to European waters early in the war because of a desire to keep the main body of the nation's sea strength intact for possible eventualities were contained in Admiral Sims' testimony to-day before the Senate committee investigating the navy's conduct of the war.

He read a cablegram from the Navy Department dated July 19, 1917, which declared: "While a successful termination of the present war must always be the first Allied aim, and will probably result in diminished tension throughout the world, the future position of the United States must in no way be jeopardized by any disintegration of our main fighting fleet."

WINNIPEG RAILWAY HAD BETTER YEAR

Winnipeg, March 11.—The annual meeting of the Winnipeg Electric Railway Company and subsidiary companies was held here on Wednesday. The financial statement presented showed gross earnings of \$4,343,118.51 and operating charges, expenses, fixed charges and depreciation at \$4,246,313.40.

GEN. YUDENITCH TRAVELS TO PARIS

Stockholm, March 11.—General Yudenitch, former commander of the Russian Northwest army, arrived yesterday on board a torpedo boat on his way to Paris.

PREMIER NITTI IS MAKING OVER ITALIAN CABINET

Rome, March 11.—The members of the Italian Cabinet will hand their resignations to Premier Nitti to-day, this step being taken in order to facilitate the Premier's task in forming a new Ministry, according to The Tribuna.

NO STRIKE IN BRITAIN FOR NATIONALIZATION OF MINES

London, March 11.—The special Trades Union Congress, in session here, voted overwhelmingly to-day against the strike policy and in favor of continued efforts by constitutional means to effect nationalization of the mines.

COUGHLAN YARDS WILL NOT BE MOVED TO NORTH VANCOUVER

Vancouver, March 11.—Although an invitation has been extended by Mayor Vance, of North Vancouver, to the Coughlan Shipyards to locate on the north side of the inlet, the concern will remain on the Vancouver side.

J. J. Coughlan, expressing appreciation of the Mayor's invitation, said there was no possibility of any move being made from the company's present location on False Creek.

VICTORIA TO HAVE ATHLETIC STADIUM

Establishment of Park Behind The Empress Hotel Decided by Council

Immediate establishment of an athletic stadium on the city's property behind the Empress Hotel is almost certain, following the favorable decision on the matter by the Parks Committee of the City Council last night. In all probability the Council will act on the matter on Monday, and the Empress Hotel stadium sponsored by the Foundation Organizations, which are prepared to start the project next week.

The whole proposition was put before the Parks Committee last night by John O'Brien, Thomas Hick and Councillor J. P. Mesher, of Esquimalt. This deputational outlined a plan whereby the Empress Hotel property behind the Empress Hotel to the Foundation Organizations for a term of five years for the sum of \$200 a year, which would cover the taxes. The city would clear up the land by removing the rubbish which has been deposited there, but otherwise would incur no expense. The athletic organizations would guarantee to surround the grounds with an artistic fence and establish a stadium in which various kinds of athletic could be conducted. They also would purchase all the equipment necessary. This stadium would be under the control of the city, but the lease would be for a term of five years, which would cover the stadium and all the equipment.

"We are very much impressed with the plan," Mayor Porter, stated to the city council. "We have everything to gain and nothing to lose. This proposition would mean the establishment of an up-to-date park at no cost to the city, and at a time when the prospects of the city being able to establish it are very remote indeed. We have all we can do to keep the other side of the city in question, and I believe the Council will O. K. it."

F. S. MACDONALD, OF THE P. G. E., DIES

North Shore Manager of Road Dies in North Vancouver

Vancouver, March 11.—After a desperate battle with influenza and pneumonia for more than two weeks, Frederick Stewart Macdonald, manager of the North Shore for the Pacific Great Eastern Railway, passed away this morning at 6 o'clock at his residence in North Vancouver. He was in his thirty-eighth year and a brother of George S. Macdonald, General Manager of the road.

NO ADVICE ON VATICAN MISSION

Ottawa, March 11.—In the House of Commons yesterday afternoon, Hon. N. W. Rowell, President of the Privy Council, stated that the Government was not aware that the British House had been prevented from arriving at a decision on the sending of a mission to the Vatican because of failure on the part of the Dominion to give its view on the matter. The Government, he said, had been invited to give its views and had conferred with this request on December 8, 19-2. The Government had not sufficient information to justify its offering of advice on the matter.

SENATE PROBES FOR WHEAT SPECULATORS

Washington, March 11.—Sensational revelations were predicted by certain Senators to-day, following the adoption by the Senate of the resolution directing the commission on manufactures to investigate the Grain Corporation which has been handling all the country's grain during the war to find out whether any of its officers or agents have been speculating in wheat.

DECLARES WILSON INJURES FRANCE

"Pertinax," of Echo de Paris, Cites Rhineland Commission As Example

Says Wilson Need Not Talk of "Imperialism" of France

Paris, March 11.—President Wilson's charges against France made in the letter he sent early this week to Gilbert M. Hitchcock, Democratic leader in the United States Senate, are said by "Pertinax," political editor of the Echo de Paris, to be aimed at France by name, but at Mars' Foch by implication.

"The so-called imperialism of France," says the writer in discussing Mr. Wilson's letter, "consists in the conviction, fortified by all the lessons of history, that to guarantee herself against attacks from Central Europe she must hold the Rhine bridgeheads."

"This plan," the article asserts, "was nothing more nor less than the solution provided for occupation of the Rhineland signed with Germany at Versailles June 23, 1919, before President Wilson was able to reach the Rhineland." "The views of Mr. Noyes on the Supreme Council, and a new Commission consisting of Marshal Foch, General H. H. Hines, American peace delegate, and Field Marshal Sir Henry Hughes Wilson, Chief of the Imperial Staff of the British army, received strict orders to propose a new scheme of occupation based on American ideas."

F. S. MACDONALD, OF THE P. G. E., DIES

North Shore Manager of Road Dies in North Vancouver

Vancouver, March 11.—After a desperate battle with influenza and pneumonia for more than two weeks, Frederick Stewart Macdonald, manager of the North Shore for the Pacific Great Eastern Railway, passed away this morning at 6 o'clock at his residence in North Vancouver. He was in his thirty-eighth year and a brother of George S. Macdonald, General Manager of the road.

Mr. Macdonald was very well known throughout British Columbia, having first come to this Province twenty years ago, when he entered the employ of the C. P. R. He had been stationed at various parts of the system and by his genial manner built up a wide circle of friends. He was with the P. G. E. during its construction, being depot master at Squamish. Afterward he became trainmaster and manager for the North Shore section of the road.

Many Friends. Mr. Macdonald's death will be regretted on the north side of the inlet, where all who knew him were his friends. In the several negotiations which he conducted between the West Vancouver Council and his chiefs—a by no means easy task at times because of the conflicting interests—his tact served to smooth away many points of friction and bring about amicable agreements.

Those who attended Mr. Macdonald's funeral at his home in North Vancouver were a group of friends, including a widow and three children, two boys and a girl. He was a native of Nova Scotia and a prominent member of the Masonic Order.

ROUMANIANS WILL NEGOTIATE FOR PEACE WITH BOLSHEVIKI

Bucharest, March 11.—Peace negotiations between Roumania and the Russian Bolsheviki Government will begin at Dorna-Watra, Bukovina. The Roumanians will demand immediate withdrawal of Soviet troops from the frontier and the establishment of commercial relations.

H. M. S. Steadfast Struck Shell in the Black Sea

London, March 11.—(Canadian Press)—It was stated in the House of Commons to-day that the British warship Steadfast had been fired upon in the Black Sea by "Green Guards" and struck by a sixty-pound shell. No details had been received of the casualties or the damage.

LEADS PARTIES TO VICTORY IN SOUTH AFRICA; GEN. SMUTS

LANDS DEPARTMENT REPORT IS TABLED

Voluminous Document Goes into Details of the Many Branches

Legislative Press Gallery, March 11. In the Legislature this afternoon the Hon. T. D. Pattullo, Minister of Lands, tabled the annual report of the work of his Department for the last year. The document in question contains complete details of the number of pre-emptions taken, Crown Grants issued in their different classes, pre-emptions, mineral claims and so forth. There is also included a tabulated list of coal prospecting licenses and leases issued and pre-emptions inspected, the statement of revenue from various sources, and a summary showing the varied transactions of the Department since hyver from 1907 to 1919 inclusive.

STERLING MAKES ANOTHER NEW HIGH

Pound Reaches \$3.82 1/4 in New York and \$3.84 in London

London, March 11.—American exchange showed a further improvement in the local market to-day, moving up to \$3.84, mainly as the result of the bulk of the £1,000,000 gold available in the market being taken for the United States. The quotation later receded to \$3.80.

The price of gold fell off with the cessation of the demand from India, being quoted several shillings lower, at 107 shillings 2 pence per ounce. Silver also declined sharply to 69 1/2 pence in consequence of large arrivals from the continent and further offerings from that quarter.

DETECTIVE LOOKING FOR THIEF HAD HIS OWN FLIVVER STOLEN

Vancouver, March 11.—Detective P. Boning, of the local police force, went in his flivver to investigate a burglary. He now has two burglary mysteries to solve, as someone stole his car while he was investigating.

WESTMINSTER CLEARINGS.

New Westminster, March 11.—The local bank clearings for the past week were \$588,715.

DEADLY ACCIDENT.

The total acreage declared was 512, 844 acres, of which 181,236 acres were included in pre-emptions and 7,728 in mineral claims. During the year 112 coal prospecting licenses and one coal lease were issued. The revenue received on account of fees, rent of land, coal prospecting licenses, land sales and miscellaneous accounts, totalled \$251,471.25.

VANCOUVER BANK CLEARINGS.

Vancouver, March 11.—The bank clearings here during the past week were \$15,804,836.

Smuts Victorious in General Election in South African Union

Forecast of Result Gives South African Party Forty-eight Seats and Unionists Thirty-four Against Fifty-two Others.

London, March 11.—(Canadian Press)—In the South African general election yesterday it is understood that the Nationalists shirked the republican issue. A forecast of the result shows the South African Party with 48 seats, the Unionists 34, the Nationalists 40 and Labor 12. The position of the parties in the South African Parliament dissolved before the election was: South Africans Party 52, Unionists 38, Nationalists 27, Labor 5 and Independent 6, with two seats vacant.

CANADA'S FLAG NOT TO BE IGNORED, SAY VANCOUVER LIBERALS

Vancouver, March 11.—The Vancouver Liberal Association, asked by the Overseas Club for its co-operation in instilling respect for the Union Jack and for British principles in the minds of school children, has expressed its adherence to the movement on condition that the children be taught that their honor is due to the Canadian flag and the Union Jack, and to Canadian and British principles.

STERLING MAKES ANOTHER NEW HIGH

Pound Reaches \$3.82 1/4 in New York and \$3.84 in London

London, March 11.—American exchange showed a further improvement in the local market to-day, moving up to \$3.84, mainly as the result of the bulk of the £1,000,000 gold available in the market being taken for the United States. The quotation later receded to \$3.80.

The price of gold fell off with the cessation of the demand from India, being quoted several shillings lower, at 107 shillings 2 pence per ounce. Silver also declined sharply to 69 1/2 pence in consequence of large arrivals from the continent and further offerings from that quarter.

SAYS WOMEN WILL RUIN THE STATES

Chicago Psychopathic Expert Fears Results of Women's Rising Influence

Chicago, March 11.—Dr. William J. H. Hickson, head of Chicago's psychopathic laboratory, to-day declared that "decadence of the nation can only result from the ascendancy gained by women in affairs."

NICKEL COINAGE IN CANADA IS URGED

Scheme Advocated by Canadian Mining Institute at Its Convention

Toronto, March 11.—The Canadian Mining Institute at the last session of its convention here yesterday went on record as being unanimously in favor of nickel coinage. On the proposition of T. W. Gibson, Deputy Minister of Mines of Ontario, and seconded by A. J. Young, a resolution was adopted recommending to the Government the advisability of nickel coinage and its circulation at an early date. C. R. Macdonald, of the International Nickel Company, said Canada produced eighty per cent. of the world's nickel.

RENTAL MEASURE IN SPAIN SHORTLY

Madrid, March 11.—The Minister of Justice announced to-day that a law fixing rates for the rental of houses is to be introduced in the Cortes.

Few men in British Columbia are better posted on South African politics and finance than A. G. Judd, of this City. Mr. Judd was in the forefront in public affairs on the Rand for many years, and he now keeps up his associations with correspondents so that a forecast he made to The Times to-day on the result of the third South African general election, polled yesterday, will be watched with interest when the results are called.

Mr. Judd forecasts the distribution of parties in the new Union House as: Unionists, 35; South African Party, 38; Nationalists, 40; Labor, 15; Independents, 7. That would give a working majority for the present coalition of probably ten.

Mr. Judd points out, however, that there are members of the South African Party who would find common ground with the Nationalists. The latter are frank supporters of a republic in South Africa, but he does not expect that the coalition which has worked so well during the war will break up unless great political changes occur. Some of the South African war veterans who would find common ground with the Nationalists, he says.

As for the withdrawal of the British flag, as yesterday's cable indicated—well we have had similar stories from London before—and after the South African war these of us who stayed there know how to value that statement," said Mr. Judd.

SAYS WOMEN WILL RUIN THE STATES

Chicago Psychopathic Expert Fears Results of Women's Rising Influence

Chicago, March 11.—Dr. William J. H. Hickson, head of Chicago's psychopathic laboratory, to-day declared that "decadence of the nation can only result from the ascendancy gained by women in affairs."

"The women have secured the drop on the men in this country," said Dr. Hickson. "The nation has put its head in the noose of Puritanism and degeneration of individual and the national fibre is inevitable."

NICKEL COINAGE IN CANADA IS URGED

Scheme Advocated by Canadian Mining Institute at Its Convention

Toronto, March 11.—The Canadian Mining Institute at the last session of its convention here yesterday went on record as being unanimously in favor of nickel coinage. On the proposition of T. W. Gibson, Deputy Minister of Mines of Ontario, and seconded by A. J. Young, a resolution was adopted recommending to the Government the advisability of nickel coinage and its circulation at an early date. C. R. Macdonald, of the International Nickel Company, said Canada produced eighty per cent. of the world's nickel.

FOUR SUGGESTIONS MADE BY JELlicOE

Says Canada May Build Navy Costing \$25,000,000 a Year or \$5,000,000

Advice of Admiral Given to Parliament Following His Visit

Ottawa, March 11.—The report of Admiral Lord Jellicoe, submitted to the Government following his visit to Canada and tabled in the Commons yesterday afternoon, says in part:

"The question of the naval forces required by Canada may be viewed in two ways: "First, in the light of Canada's own requirements and Canada's own safety, and, secondly, in the broader light of the security and safety of the Empire as a whole.

"The naval force suggested as adequate purely for the protection of Canada's trade and Canada's ports under the conditions assumed comprises: Three light cruisers, one flotilla leader, twelve torpedo craft, eight submarines with one parent ship, and certain auxiliary small craft for training purposes, etc.

"If the question of the co-operation of Canada is looked upon in the wider sense of participating with the United Kingdom and the other Dominions in the naval defence of the whole Empire, it naturally assumes much larger proportions. The question is, of course, for decision by Canada, and if Canada desires to consider the proportion of the total cost of Empire naval defence which might under such conditions reasonably be incurred by the Dominion, the cost of the naval forces considered necessary for the adequate defence of the Empire and its sea communication as a whole must be known. I have no official information on this point, but it seems probable that, owing to the greatly increased cost of labor and materials and to the increased rate of pay of officers and men of the navy, there is little, if any, likelihood of the British naval estimates falling much below the sum of £55,000,000, while the annual cost of the Royal Australian Navy, even if only maintained at its present strength, will be more than £2,000,000.

"In 1914 the British naval estimates were slightly less than £50,000,000, and the Australian expenditure of the navy a fraction below £2,000,000. These were the highest figures reached in pre-war days.

"Air work for the navy is of exceeding importance and a time zone on this subject will be complete. Any naval unit to be complete must, in the future, possess its proportional complement of aircraft. The co-operation of aircraft with naval forces will be of great and increasing value, and aerial operations will be of increasing importance.

"Canada has formed an Air Board to control aerial matters, and from the naval point of view it is most desirable that the full weight of the navy should be put behind this Board. It is considered desirable for the Royal Canadian Navy to be strongly represented thereon in order that due weight may be given to naval matters.

"Air proposals in this connection will be based on the operational requirements for a Royal Canadian Navy."

New Zealand will shortly acquire naval forces. It will be without record, one that in 1909 New Zealand contributed one battleship to the British navy at a cost of some £2,000,000, and that in 1912 the Malay States gave a battleship of the same class at a cost of about £2,000,000.

"If Canada decides at any period to co-operate in the general naval needs of the Empire, it may be considered on a basis on which to build up her fleet. The basis suggested under these conditions is a fleet unit which it is considered should comprise, in the case of Canada, one battleship, two light cruisers, six destroyers, four submarines and two fleet mine-sweepers.

"The units require certain auxiliary vessels in the following proportions: For every eighteen destroyers, one depot ship; for every nine destroyers, one flotilla leader; for every eight submarines, one depot ship; for every unit, one aircraft carrier.

"Air work for the navy is of exceeding importance and a time zone on this subject will be complete. Any naval unit to be complete must, in the future, possess its proportional complement of aircraft. The co-operation of aircraft with naval forces will be of great and increasing value, and aerial operations will be of increasing importance.

"Canada has formed an Air Board to control aerial matters, and from the naval point of view it is most desirable that the full weight of the navy should be put behind this Board. It is considered desirable for the Royal Canadian Navy to be strongly represented thereon in order that due weight may be given to naval matters.

"Air proposals in this connection will be based on the operational requirements for a Royal Canadian Navy."

Four Schemes. Admiral Jellicoe submits four suggestions for a Canadian fleet:

First, a fleet which would cost \$25,000,000 a year—One battleship, seven light cruisers, one flotilla leader, twelve destroyers, one destroyer parent ship, sixteen submarines, one submarine parent ship, two aircraft carriers, four mine-sweepers, four local defence destroyers, eight "P" boats and four trawler mine-sweepers.

Second, a fleet which would cost \$17,500,000 a year—One battleship, five light cruisers, one flotilla leader, six destroyers, one destroyer parent ship, one aircraft carrier, eight submarines, one submarine parent ship, two fleet mine-sweepers, four local defence destroyers, eight "P" boats and four trawler mine-sweepers.

Third, a fleet which would cost \$10,000,000 a year—Three light cruisers, one flotilla leader, eight submarines, one submarine parent ship, four local defence destroyers, eight "P" boats and four trawler mine-sweepers.

Fourth, a \$5,000,000 fleet—Eight submarines, four local defence destroyers, eight "P" boats, four trawler mine-sweepers.

In the case of the three higher figures approximate estimates are given for a term of years during which the fleet shown might be brought into being.

In the case of the \$10,000,000 estimate he covers a period until 1927, and in the case of the \$25,000,000 and \$17,500,000 estimates a period until 1925. The period, of course, is shortened if desired, by increasing the annual expenditure in the earlier years.

Administration. Dealing with the question of administration, Admiral Jellicoe reports in part as follows:

"In considering the question of naval administration, it is impossible to omit mention of the immense advantage that result from keeping the naval service outside the region of party politics.

"The organization under which the Royal Navy is administered by a Board of Admiralty has stood the test of time, and has, indeed, been followed in its general principles in the

present organization of the British War Office. A Board.

"The success of the board system for naval administration having been thoroughly demonstrated by experience, it is recommended that a Canadian Navy Board should be formed, which, subject to the control of the Minister, would be charged with the administration of all matters relating to the Royal Canadian Navy.

"Under such conditions the Board would issue orders being issued over the signature of the secretary of the Board. The board system already exists in Canada in the Military Council, though possibly not in the exact form proposed above.

Composition of Board. "The strength of the Canadian Board must necessarily be dependent on the size of the Canadian force, but whatever the size, the principle of the organization should be the same. The Board should be composed of naval and civilian members, the Minister, or in his absence, the Chief of the Naval Staff, as president of the Board, as at the British Admiralty. In the case of a very small naval force, one naval member might suffice, but in Canada a force composed of light cruisers, submarines and torpedo craft, two naval members are required, and the composition of the suggested board is as follows:

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results

Washington, Ont. "I had an attack of Weeping Eczema so bad that my clothes would be wet through at times.

"For four months I suffered terribly, I could get no relief until I tried 'Fruit-a-tives' and 'Sootha-Salva.' "Altogether, I have used three boxes of 'Sootha-Salva' and two of 'Fruit-a-tives,' and am entirely well."

G. W. HALL.
Both these favorite remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

"Fruit-a-tives" is also put up in a trial size which sells for 25c.

recommendations in regard to the principles involved on the framing of regulations for the personnel of a future Canadian navy. It is hardly necessary to emphasize the importance of a uniform system of service common to all the navies of the Empire."

F. W. HOHENZOLLERN, ONCE A PRINCE, IS TAUGHT BY BOXER

Wieringen, March 11.—Via London, March 12.—Friedrich Wilhelm Hohenzollern, former German Crown Prince, is now a "pretty good scrapper," says W. Lacroix, a Dutch lightweight who, for the past four months has been giving him lessons.

"The former Crown Prince's favorite blow is an uppercut," Lacroix told an Associated Press correspondent, "and he is learning how to use it."

REVERSE UPSETS BOLSHEVIK PLANS

London, March 11.—The Poles have inflicted a decisive local defeat on the Bolsheviki, says the Warsaw correspondent of The London Times in a dispatch. By a well conducted operation, he says, they have driven a good twenty kilometers into the Mozir, 16 miles southeast of Minsk, Bolsheviki line, capturing the town of on the Pripiet.

The attack, which was a complete success, will prevent the Bolsheviki from gathering fresh forces and upsets their plans for an offensive on the southern half of the Polish frontier, which they evidently contemplated.

The Reds were defeated wherever they put up a fight. A brigade staff was captured, and the divisional train, quantities of war materials and a thousand prisoners were taken.

RAILWAY CARS. Ottawa, March 11.—There are at the present time 59,716 Canadian railway cars in the United States, and 40,843 American cars on Canadian lines, it was said in the House yesterday afternoon. This balance in favor of the United States is over 19,000.

FEELS 20 YEARS YOUNGER, SHE SAYS

Mrs. C. A. Elliott Is Enthusiastic Over the Way That Tanlac Built Her Up

"I have gained ten pounds in weight, and feel at least twenty years younger since I started taking Tanlac," she says. "I never expect to be without it." Said Mrs. Catherine A. Elliott, 1107 Eleventh Avenue, E., Suite 1, Elliott Apartment, Calgary, Alberta. Mrs. Elliott owns the Elliott Apartments, where she resides, besides considerable other property in Calgary, and is well known and highly esteemed.

"Almost a year ago I got in a badly run-down condition, and lost considerable weight. My appetite was very poor and uncertain—one meal not being able to force down another. I was nervous, and the first thing I was able to eat a little something—but never having any real desire to eat. I suffered dreadfully from indigestion, and was in misery all the time from the formation of gas which would press against my heart causing it to palpitate so badly it frightened me. My nerves were in an awful bad condition, and I would jump and start at even familiar sounds, and finally got so it was impossible for me to get a good night's sleep. I would lie awake for hours after going to bed or else wake up in the middle of the night, and not be able to go to sleep again. I was also troubled with rheumatism in my hips and severe pains in my back, which made it very difficult for me to get around."

"I had tried many treatments and medicines without getting any relief, and was very much discouraged, but when Tanlac was first put on all its worries and cares, but now, as I said before, I can get about fine, and go up and downstairs without a particle of trouble."

Tanlac is sold in Victoria by D. E. Campbell, Corner Fort and Douglas, and R. C. Lang, Esquimalt Road.

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results

Washington, Ont. "I had an attack of Weeping Eczema so bad that my clothes would be wet through at times.

"For four months I suffered terribly, I could get no relief until I tried 'Fruit-a-tives' and 'Sootha-Salva.' "Altogether, I have used three boxes of 'Sootha-Salva' and two of 'Fruit-a-tives,' and am entirely well."

G. W. HALL.

A RAILWAY BOARD HEARING IN OTTAWA
Ottawa, March 11.—Hon. Frank Carvell, chairman of the Railway Board, telegraphed yesterday from Montreal that there would be a hearing in Ottawa on Tuesday, March 16, on a complaint in regard to Canadian railways issuing orders to their agents not to accept prepayment of freight originating in Canada and intended for United States points, except of course on such freight as classification requires prepayment. The railways claim that they were

losing money on the United States portion of the run when freight was prepaid in Canada, on account of the adverse exchange rate.

PILES

Do not suffer another day with itching, bleeding or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you; for, a box, all dealers, or E. Mansson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 10c. stamp to pay postage.

The Millinery Display at Our Opening Is Wonderfully Interesting

HUNDREDS of fashionable women have visited our Millinery Salon and have given their verdict of how "wonderful" our hats are by selecting their hats on the first day of our opening.

SETTLERS' RIGHTS IS AGAIN TO FORE

Major Burde Will Get House Return of E. & N. Petition

Legislative Press Gallery, March 10.

Major Burde's petition for the return of the House to the consideration of the "Settlers' Rights Act" passed by the House in 1917.

It also asks for a return of the statement in reply thereto made by the Provincial Government, as well as of the arguments of counsel at the special hearing of the petition before the members of the Federal Government in May, 1919.

Wanted Guidance. Briefly explaining his reasons for moving the resolution Major Burde wished the House to understand that he had no ulterior motive in mind.

HAWTHORNTWAIN HAS NEW PLAN FOR SETTLER'S TROUBLE

Resolution Suggests a Tripartite Arrangement As Solution

Legislative Press Gallery, March 11.

With a view to reaching an amicable solution of the difficult which continues to surround the case of the Vancouver Island settlers in the E. and N. Railway Belt, J. H. Hawthorn-twaine, Socialist Member for New-castle, has given notice that he will move the following resolution in the Legislature:

The Preamble. Whereas disputes have arisen between certain pre-emptors and squatters in the Esquimalt and Nanaimo Railway reserve and in the E. and N. Railway Company as to the ownership of the coal rights in and under land occupied or improved by the former previous to the passage of the Settlement Act, of 1884, under which Act and Amending Act of 1903-04, the legality of which Act was confirmed by the Privy Council, many of whom received the Crown Grants, and

Whereas a number of these settlers and squatters failed to obtain Crown Grants, though having a similar legal right as those obtaining same, which right has been recognized by successive Administrations in their endeavour to re-open the original Act of 1903-04, so as to admit these belated claims, and

Whereas it is an established fact that a very great portion of the Grant held by the E. and N. Railway Company does not contain underlying coal, the surface being held by farmers and settlers who are paying taxes on same, thereby giving rise to constant irritation and friction between such farmers and settlers and the Government of the day, and

Whereas it is highly desirable that a final, conclusive and satisfactory settlement should be made of all these difficulties and questions as between the farmers, settlers, squatters, the Provincial and Dominion Governments, the latter now having assumed its duties as Trustee for the Province, and the E. and N. Railway Company, to see that the Original Act of 1884 was carried out and fairly administered.

The Plan.

Be it therefore resolved that this Government in collaboration with the Dominion Government and the E. and N. Railway Company, take into consideration a possible settlement of the whole question and perplexities that have arisen on the following basis:

- 1. That the E. and N. Railway determine and delineate all the coal areas in the E. and N. Railway belt, acquired by them, and required by them to carry on successfully their mining operations.
2. That the E. and N. Railway Company convey forthwith to all and every settler within the belt afore-said, entitled under the Vancouver Island Settlers' Rights Act and Amendment Act, a quit claim to all their mineral rights in those claims which do not interfere or will not interfere with the present or future operations of the Company.
3. That the Dominion Government, which has assumed responsibility in these matters, compensate those settlers and squatters having legitimate rights under the Act of 1903-04 and Amending Act, whose properties interfere or may interfere with the present or future operations of the Company at a fair price, out of which no sum may or can be deducted or paid for legal fees, commissions of any other services.
4. All coal or mineral rights in the E. & N. Railway belt, held by the E. & N. Railway Company which have not been conveyed to settlers and others as recited, or under previous Acts or sales, and exclusive of those areas referred to in Clause One, to be conveyed to the Province of British Columbia without compensation.

legislation already had been promised seeking to re-enact the disallowed statute and that there was also a suggestion abroad that it in turn would be rejected by the Dominion authorities, he was of the opinion that it would be the part of wisdom for the House to be in possession of sufficient information that would assist the members and the Government in the framing of a measure that would escape the pitfalls into which the previous attempts had fallen. In other words, he was anxious to see a bill go through that would achieve the desired object and win the approval of the Minister of Justice.

Lacks Some Details. Premier Oliver observed that there would be no objection to the passage of the resolution, although he pointed out to the member for Alberni that the sessional papers already had contained full details of the reasons for disallowance. As to the arguments advanced by counsel at Ottawa, however, these matters were not in possession of the House and could not form part of the return. The resolution was then passed.

VILLAGE MUNICIPALITY

Unorganized Districts to Take Advantage of Act Must Have 1,000 Population.

Legislative Press Gallery, March 10.

One thousand persons must be resident in a village situated in an unorganized district in order that incorporation may be secured. This change from the number 750 originally stipulated in the bill was agreed to by Mr. Farris this afternoon when the bill was considered in committee, with amendment.

LOGGE TO LECTURE.

Vancouver, March 11.—The secretary of the Vancouver lodge of the Theosophical Society has been informed by Lee Keedick, of New York, that Sir Oliver Lodge will lecture in Vancouver during his western tour.

PUBLIC ACCOUNTS COMMITTEE ASKS FOR UNDER POWERS

Opposition Wants to Know More About Dr. Baker's Accounts

ATTORNEY-GENERAL RETORTS, BUT AGREES

Legislative Press Gallery, March 10.

Obviously nettled by the continued placing of questions on the order paper and references made during the sitting of the Public Accounts Committee pertaining to the accounts of Dr. A. K. Baker, Chairman of the Game Conservation Board, Attorney-General Farris in the Legislature this afternoon expressed in no uncertain terms his disapproval of the "petty badgering" to which Dr. Baker had been subjected.

Mr. Farris rose as the result of a motion by F. A. Pauline, chairman of the public accounts committee, which asked the House to extend the scope of the committee's operation so as to permit of the examination of Dr. Baker's accounts incurred after March 31, 1919, the close of the last fiscal year.

Not Opposing It.

"I am not going to oppose this motion," said the Attorney-General, "but I am desirous of supplementing the remarks I recently made upon this matter. The Leader of the Opposition and members of his party have repeatedly placed on the order paper questions intended to embarrass the Chairman of the Game Conservation Board—an earnest, active official, who receives no salary for the excellent services rendered to the Province, and whose work in conserving the game wealth of the Province has been unequalled in the past. The object of these questions has been put so to embarrass a professional man as to cause him to quit the service and thus impair the work of the Government in the Department."

Fifteen Dollars. Mr. Farris mentioned a question recently asked by Dr. Rose, which referred to dental work done by Dr. Baker. The answer made gave the amount of \$15. He then referred to the work done by Dr. Baker for the Workmen's Compensation Board. This, he said, was a mistake, since the doctor had actually received the "startling" sum of \$15.

"I must therefore apologize," continued Mr. Farris sarcastically, as he proceeded to refer to other questions of a similar nature which contained the names of the Girls' School and the Boys' Industrial School. He stated that the answers given in connection with these institutions and work done by Dr. Baker were in the negative.

Pulling Fangs.

The Leader of the Opposition interrupted to say that the public accounts committee showed that Dr. Baker had done work for the Boys' Industrial School. Mr. Farris responded that evidently the chief clerk in his department had made a slight mistake. He would investigate, and if a mistake had been made he would be pleased again to apologize to the House. He then referred to the suggestion that some opposition member might consider the advisability of asking if Dr. Baker had pulled the fangs of the enemy. He declared, the public had done that at the last election.

Eighty-Cent Calls.

Mr. Farris then dilated upon what he characterized as the folly of opposition members of the Public Accounts Committee wasting their time in an endeavor to ascertain the validity of long distance telephone calls made by Dr. Baker. These calls were for 80c each, he said, and if ferreting out of such items as these was the best the Leader of the Opposition and his party could do in the way of criticizing the Government, then a mighty poor case was being made out, contended the Attorney-General.

In conclusion, Mr. Farris spoke of the remarks made as "cowardly." He said he had known Dr. Baker for as many years as he had Mr. Bowser, and he was to have suspicions about the accounts of either he would feel considerably more like investigating those of the Leader of the Opposition. Mr. Farris accused the Conservative party of being jealous of the success of the Game Conservation Board. He then referred to a trip made to Ottawa by Dr. Baker in connection with business of the Department. This trip had cost in all \$555, said the Attorney-General, and now these accounts were to be put before the Public Accounts Committee for the opposition members to "gloat" over.

"Peevishness" Again.

Mr. Bowser: "I do not want to interfere with the peevishness of the Attorney-General, but what has all this to do with the motion before the House?"

Mr. Speaker: "I suppose the honorable gentleman's (Mr. Farris) remarks are in explanation of this 'extraordinary' matter before the House."

Mr. Bowser: "I should like to know the reason for the Speaker calling this an 'extraordinary' matter."

Premier Oliver explained that the only way the scope of the Public Accounts Committee could be extended was through a motion such as that under discussion.

Mr. Farris expressed the hope that full satisfaction would be secured by the Leader of the Opposition and his colleagues.

Mr. Speaker then put the motion, which was carried.

DESPONDENT WOMEN.

A prominent writer claims that "women are naturally despondent." But often mental depression may be attributed to an abnormal condition of the system, which expresses itself in nervousness, backache, headache, sleeplessness and consequent despondency. Lydia E. Pinkham's Vegetable Compound goes to the root of this trouble. It gives tone and strength to the system and restores women to a normal, healthy condition.

LAWMAKERS FIND THE GENDER SEX INTERESTING TOPIC

Women's Institutes Advisory Board Not Legally in Existence

Legislative Press Gallery, March 10.

That great rivers grow from small streams is no truer than that an afternoon's legislative debate may arise out of the most harmless looking amendment. This was the case this afternoon, when the Agricultural Act was being discussed in committee. A slight reference was made to Women's Institutes, and women—"dearest women," as the Premier put it—were the subject of a hotly heated though apparently aimless argument.

No Authority.

The difficulty arose out of the fact that there never has been in existence the necessary legislation to provide for the satisfactory administration of the Provincial Women's Institutes. The Leader of the Opposition explained to the House that last Fall the Deputy Minister of Agriculture informed the delegates from the various organizations throughout the Province, at a conference held in this city, that their advisory board was not legally constituted, and therefore no longer in existence.

Mr. Bowser said he had difficulty in straightening out the tangle, since he could not understand why the women had been permitted to sit in conference for several days, when it was quite apparent all the time that the Deputy Minister of Agriculture, who presided, knew that there were irregularities existing.

A Woman's Objection.

After a great deal of explaining, in which Mr. Barrow took part, Premier Oliver pointed out that the Women's Advisory Board, as constituted, objected to the appointment of Mrs. MacLachlan as secretary. In fact, during the conference the doors had been locked up, and later the ladies had consulted the Premier and aired their grievances. He explained that the duty of the organization was to advise in conjunction with the Minister regarding matters affecting the work of the Provincial Institutes. Unfortunately the ladies had, as a result of their own suggestion, proceeded to dictate to the Minister, to the Provincial Secretary and to Dr. Young, secretary of the Provincial Board of Health. They had even informed the Premier, said Mr. Oliver with a smile, where he "got off."

This state of affairs could not continue, he said, and he informed the ladies that the best thing for them to do was to return to their homes and think the matter over. After they had reached a decision as to the best course of action they could again approach the Government. The Premier said he thought this advice was as good as any ever given to a client by the Leader of the Opposition.

"D. W."

Reference was made by Mr. Bowser to a document signed "D. W." This informed the women's organizations that the Department no longer was in a position to make appointments to the Advisory Board, and suggested that the institutes make their own recommendations, then the Government would choose from among them. Mr. Bowser said he was in the dark as to who "D. W." was. Mr. Jackson suggested "Doughty Warrior," referring to the Premier. Mr. Bowser thought perhaps it meant "Dead Wood."

Fully thirty minutes in merry persiflage ensued, with some attention to the serious side of the case. The Premier reviewed legislation affecting these organizations and said it had become necessary to pass an act fully providing for their regulation. He felt the proposed amendments would do this.

An "Affair"

Mr. Bowser quizzed the Premier over his "affair" with the ladies, the Premier responding that as a man married must know the duties of the Opposition he would fain inform the House and Mr. Bowser in particular that he had found in his dealings with the gender sex that the line of least resistance was the best one to follow.

Up popped the "D. W." mystery again. Dr. McIntosh, finding it must mean "Dearest Women." The Premier said perhaps "Dearest Women" would be most appropriate. Mr. Ross informed the Government leader that his pun was "not so bad at that."

Continuing his arraignment, Mr. Bowser said the difficulty had evidently arisen as the result of the Government's political appointment, referring to that of Mrs. MacLachlan. The Premier resented this and assured the House there was nothing political about the appointment.

Mr. Bowser: "Oh, well, she was president of the Liberal Union out at Saanich" (laughter).

Premier Oliver: "Oh, no."

Mr. Pauline: "Not so far as my knowledge goes."

Major Burde: "I should like to know just how far the knowledge of the member for Saanich goes."

Mr. Manson (chairman of the committee): "This whole thing is out of order and should have been stopped long ago."

Colonel McIntosh: "Look at the clock" (which said six o'clock).

Another Voice: "Leave it to Mrs. Simpson" (laughter).

Mr. Hawthornthwaite: "Time."

Frantic Reading.

At this juncture the chairman of the committee commenced to read the clauses of the bill in a frantic manner, evidently racing against time. J. S. Cowper said he could not hear. Mr. Manson invited him to get a bill in front of him. This "peevy" Vancouver member then upon speech of the dignity of the House, which the Press Gallery failed to detect—and requested that Mr. Manson proceed in an orderly manner with his reading of the clauses of this and all bills.

"Time"

Cries of "Time" were heard. Major Burde wanted to know if the chairman could not see the clock. Mr. Manson, with the bill before him, said he could not. The major sug-

JELlicoe's Report.

Lord Jellicoe's report on Canada's naval requirements, which was tabled in the House of Commons yesterday, submits four different proposals for the consideration of the Canadian Government.

The report, as received over the wire, in no way challenges the principle of Canadian control and administration as prescribed in the Naval Service Act of 1910.

To what extent his recommendations will be adopted remains to be seen, but it will not be disputed that in the illuminating and sympathetic way it has treated the subject, its scope and strict impartiality as between the various divisions of thought on naval matters in Canada and the real assistance it renders, the report is an admirable document.

NAVAL DEFENCE.

Unquestionably Canada must provide for her defence on sea as she provides for her defence on land. The world has not yet reached the stage of moral development where armies and navies may be entirely dispensed with, and it will be many generations before it does so, if, indeed, that time ever will come.

Certain considerations, of course, will make it impossible for most countries to contemplate expenditures on naval and military services on the pre-war basis; the public, groaning under its colossal burden which threatens to ruin many nations financially, will eventually see to that.

However, the majority sentiment of practically every country realizes the need of reasonable provision for military and naval protection, but in just what form calls for careful thought and study.

In view of the uncertainty in regard to the utility of the dreadnought and similar larger vessels, therefore, Canada's best course would appear to be to start her naval establishment with the lighter vessels, such as light cruisers, to whose value Lord Jellicoe paid a tribute in his report, as well as destroyers, aircraft and submarines.

SETTLERS' RIGHTS AGAIN.

Once more a bill to amend the Vancouver Island Settlers' Rights Act of 1904 has made its appearance in the Legislature. The measure introduced by the Hon. William Sloan yesterday differs in no particular to the two previous bills which the Ottawa Government took occasion to disallow.

legislative rights of this Province. And because the principle involved in the Settlers' Rights Act has been upheld by the Privy Council—the highest court in the Empire—as a proper one for treatment by the Provincial Legislature, the Government very naturally does not hesitate in its course.

SOMEWHAT MAGNIFIED.

If the Leader of the Opposition is desirous of making the 1920 session of the Legislature an opportune occasion for the manufacture of campaign propaganda upon which to appeal to the people at the next election he would be better served were he to exercise more careful judgment than he appears to have done so far.

We appreciate Mr. Bowser's solicitude for British Columbia's lumber manufacturing industry, and if the amending section unwittingly sought to endanger it The Times would lose no opportunity in pointing out to the Legislature that its action in passing the clause would conflict with the public welfare.

The provision to which Opposition members took such a definite objection only continues a policy which has been in vogue for some time past. The fact that the period is set for ten years has no special significance, for the simple reason that should the policy of export operate in the least particular to the detriment of this Province the people of British Columbia may rest assured that the Government would take any and every step to apply the corrective immediately.

We are mindful of the value of our lumber industry and it behooves the Government to do everything in its power—and it has done a great deal—to encourage the development of British Columbia's timber resources to the point where the people of the Province may get every cent of benefit from the time the tree is felled until it is in a completely manufactured state.

According to The Freeman's Journal two steamers have arrived in Dublin with cavalry, infantry and a number of field guns, while two battalions previously had left for the southern military areas. The report very probably is true.

The Delhi correspondent of The London Times charges the Russian Bolsheviks with taking the Jamshed tribe from Afghanistan under its official protection for the purpose of using it in cattle smuggling operations between Soviet Territory and the Province of Herat.

News has reached Vancouver that an Old Country concern intends to establish an iron and steel industry in British Columbia on the strength of an organization capitalized at five million pounds sterling, and with the knowledge that native ores can be utilized to advantage.

Mr. Bowser objected to the Speaker calling one of his questions extraordinary. He ought to consider himself fortunate a stronger term was not used.

The fact that ninety-five municipalities of the Province have the fifteen per cent. penalty provision for tax arrears is no reason in itself why that condition should be foisted upon Victoria whether it is wanted here or not.

Anybody who fought for this Dominion in the last war, no matter what his origin may be, if otherwise qualified, should be allowed to vote. It is hard to understand the mental processes of those who would, for racial reasons, deny that right to men who had suffered for this country's cause on the battlefield.

MR. ASQUITH NEEDED

While Lord Robert Cecil is a Unionist, coming of a great family which has always been stoutly opposed to the Liberal leader, almost on the eve of the polling at Paisley, is a good example of broad-mindedness in politics.

ASCENDING.

All things which strive to ascend, ascend in their striving.—Coleridge

CONTROLLED SHIPS EARNED BIG SUM

Estimates of British Ministry of Shipping Passed by Commons

London, March 11.—(Canadian Press).—The House of Commons yesterday discussed finance at great length and with customary, critical discursiveness cleared off the outstanding supplementary estimates of the Ministry of Shipping.

The House of Lords held an unfinished debate on the second reading of Lord Buckmaster's matrimonial causes bill, which proposes to reorganize the Divorces and Alimonies was £7,000,000, there was an excess total of £81,000,000.

22,954 TEMPORARY ASSIGNMENTS MADE

4,176 Permanent Appointments by Dominion Civil Service Commission

Ottawa, March 11.—(Canadian Press).—J. Sinclair, of Antigonish, was informed at question time in the House yesterday that up to December 31, 1918, exclusive of those enlisted for naval service, the Royal Air Force, Imperial Mechanical Transport, Inland Water Transport and port, inland and British and Allied reservists, was 691,472.

Joseph Demers, of St. John, was informed that the grand total recruited in Canada for the Canadian Expeditionary Force up to December 31, 1918, exclusive of those enlisted for naval service, the Royal Air Force, Imperial Mechanical Transport, Inland Water Transport and port, inland and British and Allied reservists, was 691,472.

Mr. Michael was told that 6,137,642 bushels of wheat were exported to the United States during 1919. In the same year 61,722,831 bushels were sent to Europe. Of this amount 20,940,960 bushels were exported through the United States.

DR. BAKER EXPLAINS DETAILS OF ACCOUNTS

The "Feminine" Message.

Dr. Baker also reminded the Committee of the charge that there had been a toll paid by the Government for a long distance message to a lady. This item represented a message to a Game Warden's daughter with certain instructions transmitted to her absent father in the course of his duties—as coming from the Doctor as Chairman of the Board.

Concerning the charge of \$555 for his trip east, Dr. Baker stated that covered transportation and his allowance of ten dollars per day for hotel and other expenses. He emphasized the importance of the Ottawa convention, at which federal and provincial representatives, heads of the provincial game conservation bodies, railways and United States federal game officials were present.

Dr. Baker declared that he had never used the Government launch (Watu), for which an item for the purchase of 890 gallons of distillate appeared in the account for a shooting trip, but purely on inspection business.

In connection with the moving pictures recently shown here, Dr. Baker said it was his intention to show them all over America. These pictures, with one exception, were taken by Keen, now under contract to the Government for one year at \$100 per month and expenses to take pictures of wild game life. The Government will pay fifteen cents per foot for the films.

The Government was shown to be now paying \$475 per month for retail and warehouse premises for their Vancouver liquor business. A new lease with C. E. Campbell for three years at \$200 per month, an increase of \$50 per month over the former lease has been entered into. The present rent on the "Tulk" retail premises has been reduced from \$300 per month to \$275, according to Commissioner Sclater, who also stated he had asked for an amendment to the present liquor act providing for a return by all druggists of prescriptions filled by them, these to accompany the affidavits hitherto required from all druggists.

DECLARES WILSON INJURES FRANCE

(Continued from page 1.)

The writer declares Marshal Foch, in discussing the plan evolved by this Commission, said: "The Germans asked for an imperial commissioner and they were given not only a commissioner, but a civil administration commission, which is much more than they claimed."

Plain to be Seen.

"These words of Marshal Foch," the writer continues, "characterize the whole business to-day. In consequence it is plain to see the Rhineland shares fully in the life of united Germany and in the distribution of coal there Germany goes so far as to distinguish between inhabitants she supposes favorable or unfavorable to us."

TWO STRIKES IN LONDON, ONTARIO

London, Ont., March 11.—The local teamsters and painters, who went out on strike on wage demands over a week ago, are still firm in their stand, and all efforts toward amicable settlement have shown that the employers are equally determined.

A Display Of High-Grade Traveling Requisites

At no store will you find luggage of more durable quality or better finish—certainly you will experience difficulty in obtaining similar pieces at equal prices.

TRUNKS

Both the large and small types of trunks are provided in a full assortment of lengths, from thirty to thirty-six inches and in both fibre and reinforced wood styles. Fibre Trunks—From \$42.50 to ... \$20.25. Trunks—Canvas covered: \$22.50 to ... \$11.50

Wardrobe Trunks For those who contemplate a lengthy visit, the ideal piece of luggage is the wardrobe trunk. It has many advantages—as the picture shows—yet prices are not a great deal higher. In strong fibre. \$42.75 to \$74.70. Club Bags and Suit Cases No matter how good or how inexpensive a suit case or club bag one may wish, a pleasing choice can readily be made from this stock.

Government Street—Opposite Post Office

LETTERS

Letters addressed to the Editor and intended for publication must be short, and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

LEST WE FORGET.

To the Editor:—Might I ask you, Mr. Editor, if you have ever had the opportunity of testing the so-called "patriotic spirit" of the people of this fair city of ours? It will no doubt surprise you, as it did me, when I relate to you what happened in one of these "Willows" cars on Monday evening with two friends on crutches who have quite recently returned, I was greatly surprised to see the way in which these wounded men were treated. The car as usual at that time was crowded, the majority of the occupants being men, but not one even stirred or offered his seat to the men on crutches.

ONTARIO LEGISLATURE GETS UNDER WAY

Toronto, March 11.—The moving and seconding of the address in reply to the Speech from the Throne and a demand from Hartley Dewart, Liberal Leader, for the appointment of a Liberal on the Ontario, Hydro-Electric Commission, constituted the programme of the Legislature of Ontario yesterday afternoon.

LIQUOR REFERENDUM IN ONTARIO PROVINCE

London, Ont., March 11.—Asserting that it was merely a difference of opinion between Rev. Ben Spence and the majority of the members of the executive committee of the Dominion Alliance, Rev. Dr. A. S. Grant, of the Ontario Referendum Committee, declared last night that the Referendum Committee was going ahead with its proposal to have a referendum taken in this province on the liquor

VICTORIA INDUSTRY.

To the Editor:—Adverting to the reported objection of influential residents to the establishment of industries in and around Victoria, "the gem of the Pacific," it might be worth noticing the condition of things in that other "First Flower of the Earth and First Gem of the Sea," where not a few of Victoria's elite spring from.

There, the part of the country west and north of the Giant's Causeway by Londonderry and Belfast where are established the great shipbuilding and flax industries is the flourishing and contented and populous part. Its beginnings were as small as little wooden ships and handloom weaving. Everything has to have a beginning as the "little cloud no bigger than a man's hand."

We are resuming to-night our Edison Recitals in our Concert Hall, at 1004 Government Street, at which will be played operatic selections, oratorios, and the latest popular hits. Everyone Welcome—Come Early. Concert Commences at 8.15. Kent's Edison Store 1004 Government Street Phone 3443

LEFT \$188,000.

Toronto, March 11.—An estate valued at \$188,000 was left by the late Dr. Robert Stevenson, of this city, who died last November. The greater part of the estate is bequeathed to the only child of the testator, Kate, wife of Colonel George Cartwright, Farnborough, England.

Cripple Creek, Colo., March 11.

Fire to-day destroyed the shaft house, the ore house and compressor room of the Isabella Mines Company on Blue Hill near here. The loss is estimated at \$160,000. Frank Gunn, superintendent, and his wife fought the fire alone for an hour.

**URGES LEGISLATURE
SUPPORT MEASURE**

F. W. Anderson Is An Ardent
Champion For the
Engineers

Legislative Press Gallery,
March 10.
In Frederick W. Anderson, Govern-
ment member for Kamloops, the en-
gineering profession of British Co-
lumbia has an ardent champion. In
the Legislature this afternoon he
spoke at considerable length upon the
virtues of the bill to give power to
the engineers of the Province to in-
corporate themselves into an As-
sociation.

In moving its second reading Mr.
Anderson urged the House to give
the measure its kindly and sympa-
thetic consideration, and in general to
facilitate its passage in order that
an honored profession might take the
necessary powers to create a status
for itself in common with other pro-
fessional callings already operating
under machinery of mutual protec-
tion to themselves and to the public
generally.

J. H. Schofield, Opposition Mem-
ber for Trail, moved the adjourn-
ment of the debate.

Explained Objects.
Returning from an excursion into
historical definitions of the engineer-
ing profession the upper country
member pointed to the indignities to
which the engineer-to-day was fre-
quently obliged to submit because
of his inability to protect himself
from the incompetent member of the
craft. Responsibility for the failure
of any public work at the present
time, he said, usually passed over
the head of the contractor and fell
with a thud on that of the technical
man associated therewith. Nor could
it be said, he continued, that the
bona-fide engineer refused the full
limit of responsibility; he did object,
however, to accept the blame for the
failure of the unqualified.

As a striking commentary upon the
protection afforded the gentlemen
who attend the ordinary boiler, the
steam shovel and other sundry in-
animate objects, the speaker informed
the House that at the present time
there was nothing to prevent the un-
initiated from hanging out the en-
gineer's shingle in an attempt to de-
ceive the public that he was a quali-
fied professional man.

Safeguards.
The bill under discussion, there-
fore, was intended to erect the neces-
sary safeguards in the interest of the
engineer himself and in the interest
of the public at large. Nor did he
consider the desire an unreasonable
one, particularly in the light of
evolutionary movements of the last
century and the conspicuous part the
engineer had played in them. With
an organization such as the measure
sought to provide, however, ma-
chinery would be created by which
the profession itself might be enabled
to separate its wheat from its chaff.
The net result would be, he con-
tended, an official body whose Hall
Mark would constitute a guarantee
of efficiency to the public.

As evidence that the engineers of
the Province were behind the pro-
posal to a man, the Kamloops member
cited the fact that the majority of
them had given of their money in
order that the bill might be properly
distributed and understood by all
those interested in the measure. A
pocket to be touched, indeed, usual-
ly could be taken as a reliable in-
dication that the heart was in sym-
pathy with the self-denial imposed.
Engineers in Public Life.
In dealing with a number of the
clauses of the bill in a general way
Mr. Anderson asked the House to
remember the demands made upon
the engineer in the course of his
professional calling and the rigid
standard of ethics to which he was
expected and did readily subscribe.
In conclusion, he considered it un-
fortunate that more engineers were
not kept upon public life in order
that the benefit of their technical
experience might be available in the
interest of the large projects which
involved a great amount of public
money from time to time.

**REAL ESTATE BILL
UNDER DISCUSSION**

License Fee Figure Is Re-
duced From Original
Proposal

Legislative Press Gallery
March 10

Licenses for real estate agents will
cost \$50 instead of \$200, as originally
planned by the Attorney-General in
his bill to license real estate men.
The change was incorporated
through the introduction of an
amendment this afternoon by H. C.
Hall, who sought to have the fee
reduced to \$25. A little dickering
took place, the Attorney-General
agreeing to "split the difference," and
the amendment was adopted, pro-
viding for the \$50 fee.

Kenneth Duncan, soldier member
for Cowichan, wished to have the bill
left in committee so as to provide for
further consideration of the clause
relating to the cancellation of
licenses for offences against the act.
This was agreed to by Mr. Farris,
sponsor of the bill, and the debate
will be continued at the next sitting.

**BLISS NATIVE
HERB TABLETS**

Why permit your LIVER and KID-
NEYS to remind you constantly of their
unhealthy condition when BLISS NATIVE
HERB TABLETS, taken at regular in-
tervals, will free you from pain, keep your
system in sound, healthy condition, and
ward off disease? George Stanek, Bay-
onne, N. J., writes: "We are using these
Tablets in my family all the time. Pre-
vious to this we were all going to the
doctor, but his medicine did not seem to
help, and we did not get relief until we
began to take the tablets." Each box
contains a GUARANTEE coupon, and is
sealed with a blue seal bearing signature
of ALONZO O. BLISS. For sale by all
leading druggists in boxes containing 200
doses for 1.00. Made by A. O. BLISS

Are Helping Saanichton Indians to Fight Flu

Saanich Victorian Order, With Aid of Red Cross, Establishes Emergency Hospital; Third Nurse Urgently Needed.

To the average man or woman in the street whose knowledge of the Victorian Order of Nurses is limited to the assimilation of an occasional report appearing in the press, the work of this magnificent public nursing service is as a sealed book.

During the afternoon's round of visits between sixty and seventy miles were covered. The patients included Indians in the reserve suffering from influenza in its various stages, influenza patients among the settlers of the Saanich peninsula, maternity cases, and cases of illness of long standing, while at one little isolated home the nurse found time to run in and make inquiries as to the well-being of a tiny baby whose mother is in hospital.

Many Miles Traversed. After leaving the hospital a visit was paid to one of the Indian houses on the reservation where a large family is recovering from the epidemic. The interior consisted of one huge room of barn-like proportions, with an earthen floor. All round the walls were ranged two rows of shelf-like arrangement, upon which were heaped what the nurse termed "beds" but which, to the reporter's eye, bore very little resemblance to an abode of rest.

Red Cross Gift-Car. A trusty car, whose mudstains and general air of hard wear spoke eloquently of close acquaintance with other than the hospital tracks, conveyed the nurse on her arduous round. In this connection it should be noted that the Red Cross Society, realizing the necessity of a second car for the use of the other nurse in this widely-scattered community, generously furnished a car last year for the use of the Saanich nurse.

Leaving town at 2 o'clock, the first visit was made to the Twon Reserve at Saanichton, where an emergency hospital has been established for the care of Indians suffering from influenza, although the reserve is only a few miles from the city.

She promptly informed the Inspector of Indian Agencies and then got in touch with the Red Cross Society, Enlisting the aid of Mrs. Harold Fleming, the chairman of the local branch of the Society, Miss McRae was instrumental in converting the school-house into a temporary hospital.

Many Difficulties. Leaving the car at the entrance to the reservation, the party made its way on foot along a road about a mile in length, passing on the way a number of graves where six newly-made graves bore testimony to the ravages made by the disease in this small encampment.

Reference being made to the moaning of the woman, which could be heard through the open window, Miss Gill stated that this common practice of sick Indians proved very trying to the nurses as it disturbed the other patients. It is believed that the moaning is not so much an expression of bodily stress as the Indian superstition which holds that the spirits of the dead still have implicit faith.

Whistle and sing the 1920 song hits, while the boys and girls dance. Among the hits he is featuring are: "Golden Gate Open for Me," "Peggy," and "My Baby's Arms."

Winnipeg, March 11.—The Supreme Court of Canada, to-day dismissed the appeals made by two Mennonites against the decision of the Appeal Court of Manitoba which upheld the School Attendance Act, according to information received here. This brings to a close a year-old legal dispute between the Provincial Department of Education and several Mennonite colonies.

At the James Bay Methodist Church yesterday, the Rev. W. F. Scott solemnized the marriage of Laura Ebea, daughter of Mr. and Mrs. Harry Rudge, of Victoria, and Merlyn Pomeroy Pitzer, of this city.

Denies Charges Against Aid Home

Mayor Welcomes Visitors to Institution; Will Explain Case of Child in Closet

Flat denial of charges against the administration of the Children's Aid Home leveled by School Trustees last night was voiced to-day by Mayor Porter, president of the Children's Aid Association.

After leaving the reservation a visit was paid to one of the Indian houses on the reservation where a large family is recovering from the epidemic. The interior consisted of one huge room of barn-like proportions, with an earthen floor.

After leaving the reservation a trip was made to West Saanich, where various "flu" patients were visited and made comfortable by Miss McRae's ministrations. Men working in the fields and children homeward bound from school all waved a cheery welcome to the nurses as one passed in the little car, and all received a happy smile and word of greeting in return.

For over three hours the car traversed the roads of Saanich calling at houses on the way, where the nurse gave treatment, made the sufferer's bed or performed one or other of her multitudinous duties.

The many cases of influenza in the district have created much extra work for the nurses and constituted a big drain upon their strength. The persistence of its policy as a peace-time emergency organization, the Red Cross has co-operated splendidly with the Order by donating fifty pairs of blankets to the Saanich health centre, in addition to outfitting the emergency hospital on the Indian Reserve.

In addition to the round of visits paid to patients at the homes of the nurses carry on a magnificent work at the health centre. Here children and adults attend the clinic and receive advice and treatment as far as possible, while the bigger cases, requiring major operations or special hospital treatment are sent to the city hospitals.

No finer work could be achieved than that which has for its object the creation of healthy, happy citizens. It is a work destined to play a tremendous part in the amelioration of the troubled conditions in vogue in the world to-day, and as such deserves the whole-hearted support of the public.

San Francisco, March 11.—Sir William Lamond Allardyce, newly-appointed Governor of Tasmania, was married here yesterday to Mrs. Elsie E. Goodfellow, formerly of New Orleans, a Carnegie Rose, British Consul-General here, was a witness.

Sir William, a Knight Commander of the Order of St. Michael and St. George, had been Governor of the Bahamas Islands from 1915 until recently, when he was assigned the Governorship of Tasmania. For eleven years previous to 1915, he was Governor of the Falkland Islands, holding that office during the naval battle between a British squadron and Admiral von Spee's German cruiser squadron, when the German squadron was wiped out.

Sir William and Lady Allardyce will sail for Australia March 16.

Are we in the dark ages? demanded Trustee Mrs. Andrews. The Trustees also were told of inmates of the home being kept in the detention room away from their studies all day, and fed on bread and water.

These conditions, it was stated, were known to a number of people on the Board. Porter had not denied that they existed.

Amazed at these allegations, the Board decided to send to the Mayor a marked copy of the School Act, outlining what punishment may legally be applied to the children.

Nothing For Criticism. "We invite the public to visit the home on Friday afternoons because we know that there is nothing which could possibly call forth reasonable criticism," said the Mayor this morning. There is no truth in the charges that the home has run as if we were living in the dark ages, absolutely none. In one case it was necessary, as mentioned at the School Board meeting last night, to confine one child to a closet for punishment, but there was a very good reason for this—a very good reason. We are prepared to make an explanation of this in due course as soon as we receive proper complaints in writing from any responsible organization or individual on the matter of fact; the School Trustees were informed of our willingness to make explanations.

Miss Officer, the matron of the home, has had long experience in the care of children and the children are very much attached to her. But among children coming from all sorts and conditions of homes, some of them degenerate and disorderly, discipline must be maintained. No unnecessary harshness, however, is ever permitted.

Few people, except the parents of the children, ever visit the home on the regular visiting day," His Wor-

ship observed, and went on to say that one of the Trustees who had been endeavoring for some time to get two children who were interested taken into the home.

The Mayor recalled that the cost of maintaining the home had increased very materially of late years on account of the business-like administration of the institution and the constant refusal of the directors to take in children whose parents could well afford to keep them.

UNION OF SPANISH WOMEN ANNOYED Madrid, March 11.—The Union of Spanish Women has decided against participation in the Geneva International Congress. The Union is greatly disappointed over the action of the international committee in transferring the Congress from Madrid and declares the committee acted too precipitately and that the directors will damage the women's cause in Spain immensely.

CLASSES FOR TRAINING UNEMPLOYED WOMEN. Great Britain Conducts Successful Experiment in Housecraft Training. Some months ago the Ministry of Labor in Great Britain started a series of classes in domestic crafts for women who had been thrown out of employment owing to the cessation of the various war-time industries. The first of these courses has now been completed, and an exhibition of cookery, laundry work, dressmaking, and upholstery at the Trade School, at Hammersmith, on Saturday last, revealed the success of the scheme. Munitions to Needlework. The superintendent of the dress-making section told a "Daily Chronicle" representative that most of the girls did not know how to overcast or make a buttonhole when they entered the class. "Very many of the workers had been employed on munitions, but they soon become skilled with the needle," she said, "and they are all beginning work on Monday with various forms. The starting wage is from 28s. to 32s. a week." Cooking Equal to a Chef's. In the cookery room, the long table was spread with dishes that would not have disgraced a professional chef. There were salads and souffles, homely bread, cakes and pies, pies and plainly boiled cabbage, fish and entrees. All were bought by people who were visiting the school. The laundry work was very good indeed. The upholstery section is not quite as well known as it ought to be, but there will be no difficulty in finding work for trained upholsterers once the spring cleaning season begins. In the meantime the school is prepared to accept orders for loose covers. Horlick's, the Original Malted Milk—Avoid Imitations and Substitutes.

SQUEEZE TO GET IN Cabaret at Criterion Piles Up Automobiles Around Belmont House and Blocks Entrances. Two hundred and fifty persons had to be turned away from the Criterion in the Belmont House, at last night's opening of the Louis Glazen-William Watson night cabaret there.

There is 1,000 square feet of hard-wood dancing floor, but that was only fractionally big enough to accommodate the crowds, so the only thing to be done was to close the doors. After the hockey game and the late theatres were over, automobiles piled up around the Belmont House, while men and women struggled at the entrance to get into the cabaret.

The crowd, however, could not keep out Maxey Schwartz, the singing whistler at a local vaudeville theatre this week. He squeezed in through a side entrance and surprised the congregation by singing and whistling dance music while the saxophones and xylophones of the orchestra in the balcony were given a rest. A window is to be left open so Maxey will be squeezed in again to-night, for he has agreed to

OPIMUM SMOKERS RAN BLUFF THEY WERE PREPARING SUPPER

Four Men Caught in Raid Conducted by Sergt. Fry; All Fined in Police Court

Another round-up of opium smokers in Chinatown was made last evening by Police-Sergeant Fry and his squad of constables. Their efforts were concentrated on a two-storey building situated in the rear of 548-52 Fisgard Street. In previous raids on these premises the inmates had always managed to escape through a slit in the wall, but Sergt. Fry threw a cordon around the place, and as a result four Orientals were captured. They appeared in the police court this morning, and Magistrate Jay fined Chin You, San and Jim each \$20 and costs, while George, who was in court on Monday on a similar charge, was assessed \$25 and costs.

Sergt. Fry is conducting raids on Chinatown with greater frequency than the Canadian Corps raided the Euns. The officer's strategy has set all the Oriental section agog. There is only one thing that the sergeant would like, and that is permission to use Mills bombs in destroying the heavy barricaded doors, which are far stronger than anything the boche hung at the mouth of his dug-outs. However, the police by the use of their reliable sledge-hammers and crow-bars are meeting with considerable success.

The Surrender.

Last night Sergt. Fry, accompanied by Constables Halpern, Bishop, Allen, Forster and Raines, surrounded the building at 548-52 Fisgard Street. Sergt. Fry attempted to squeeze in through the slit in which the Chinamen had previously escaped, but the first thing he desired was that the Government should extend assistance with regard to the care of incurables, of whom he said the city was caring for one hundred, at an expense of \$36,313. Of this amount the city furnished \$22,205. The patients, he said, were cared for in the Vancouver General Hospital. He said the city was caring for one hundred, at an expense of \$36,313. Of this amount the city furnished \$22,205. The patients, he said, were cared for in the Vancouver General Hospital.

Premier Oliver agreed with the remark. Mr. Banfield asked that the Government allow a satisfactory grant or provide a suitable building. He said it would cost \$10,000 to alter the present building so it would be satisfactory for hospital purposes. He did not think Vancouver should be asked to pay such a large share of this expense. He referred to the grant of \$200,000 secured last year from the people of Vancouver and felt it would be impossible to approach the general public again for aid.

OBITUARY RECORD

At Vancouver on March 9, the death occurred of Edgar Smith Wilson, aged 19 years, who had been a resident of Sooke for the past ten years. He is survived by his parents, Mr. and Mrs. William Wilson, of Sooke, and one sister, all residing in Sooke. The news of the young man's untimely death will come as a great shock to his many friends, who were all his favorite by all who knew him. The remains will repose at the Sands Funeral Chapel until to-morrow, March 12, when they will be interred in the Presbyterian Church at Sooke, where services will be conducted by Rev. W. Pagden. Interment will be made at Sooke.

The funeral of Mr. Thomas Studdart Kennedy, whose death occurred at his home, 1538 North Hampshire Road, last Saturday, took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. The hymns sung were "Rock of Ages" and "Jesus Lover of My Soul." Rev. G. H. Andrews officiated and the pallbearers were F. O'Reilly, A. J. O'Reilly, F. R. Exham and H. T. Nation. Interment took place at Ross Bay Cemetery.

The death occurred yesterday afternoon at the Royal Jubilee Hospital of a resident of Victoria and Nanaimo, Mrs. Mary Louise Harder Masters, for the past thirty-five years, passed away, after a short illness, at the family residence, Wallace Street, Nanaimo, on March 10. She was the widow of the late Caleb Harder Masters, who, at the time of his death, a little over a year ago, was one of the leading merchants of Nanaimo. One son, residing on the Mainland, another attending college in Boston, and a daughter in England, and three grandchildren survive. Interment will be made in the family plot at Ross Bay Cemetery, upon arrival of the son from Boston. The funeral arrangements are in the hands of the Thomson Funeral Home.

HOSPITAL PROBLEMS

ARE UNDER REVIEW

Situation of Vancouver General Hospital Is Reflected Everywhere

Requests for additional assistance for the Vancouver General Hospital from the Provincial Government were made this morning by a joint delegation composed of Dr. M. T. MacEachern, general superintendent; Secretary G. S. Haddon, J. J. Banfield and C. H. Cotterell, representing the hospital, and Aldermen Owen, McRae and Reid, representing the City of Vancouver.

Outlining the objects of the delegation, Mr. Banfield stated it was not the intention to ask for money. This remark elicited explanations of surprise from the ministers. Mr. Banfield stated that the first thing desired was that the Government should extend assistance with regard to the care of incurables, of whom he said the city was caring for one hundred, at an expense of \$36,313. Of this amount the city furnished \$22,205. The patients, he said, were cared for in the Vancouver General Hospital.

Mr. Banfield then asked the Government to reconsider the clause in the Municipal Act which fixed one dollar per day as the amount to be paid to the Vancouver General Hospital by municipalities for each patient from those districts. He said last year this cost was \$2,62 per patient per day and it was expected this would be \$3 per day this year.

Mr. Banfield said the Vancouver General Hospital last year had spent \$24,215 in the care of "outward" patients. Of this the Government granted \$16,000. It was said by Dr. MacEachern that the present building at Marpole would accommodate 250 patients if some provision were made. He said there were 200 incurables in provincial hospitals, which institutions were in need of relief. The doctor said there would be an additional cost of 38 cents per patient this year.

Alderman Owen, on behalf of the City of Vancouver, explained that it was impossible for the Council to do anything further assistance than at present. Drug Victims. Alderman McRae also supported the claim of the hospital and thought that the Government should also provide treatment for those addicted to the use of drugs. He said these patients were curable, and in most cases they needed treatment rather than jail sentences.

Alderman Reid pressed for the widening of the scope of taxation saying that the hospital would receive its share. Premier Oliver replied that the Government would not be able to do more than the same position as the municipalities. More money must be had, he agreed, and the whole question was the matter of the equity of distribution. The Premier referred to the proposed \$10 poll-tax. Alderman Owen said if the Government would grant this tax and the personal property tax then there would be no difficulty. The Premier asked where the Government's revenue would come from if this were done. The answer was that the income tax would take care of that.

Requests From All. Premier Oliver said he would promise the most careful consideration of the requests of the delegation but that he was scarcely as hopeful of being able to grant relief as he had been several months ago. This was due to the fact, he said, that the requests for assistance continued to pour in and it was not known where the necessary revenue was coming from. After thanking the executive Mr. Banfield again drew the attention of the Government to the fact that the hospital was exceeding its power in caring for patients longer than 90 days and that in the case of the incurables it would be absolutely necessary for the Government to grant assistance. This, he warned, was the duty of the Government, inferring that the hospital was now undertaking to pay out on something approaching generosity.

The Dominion Woodwork Manufacturers, Limited, private; authorized capital \$100,000. Registered office, Vancouver.

Vancouver Island Whaling Company, Limited, private; authorized capital \$600,000. Registered office, Victoria.

Gordon's Wool Plaid Skirts

Store Hours—9 a.m. until 6 p.m. Wednesday until 1 p.m.

Smart Wool Plaid Skirts

THE vogue for separate skirts was never greater than it will be during the coming season, and probably no skirts will be more favored than these unusually smart models in fine wool plaids. They are featured in rich colorings and in styles that clearly portray the latest trend of the fashions.

The selection is large, and includes some very desirable models in light weight serges in bold plaid designs and skirts of heavier materials in darker tones.

Worthy of special attention are a number of accordion pleated skirts of light plaid serges. They are well tailored, and are among the smartest of the season's offerings. Desirable models are priced from \$19.75 to \$45.00.

New Sailor Hats in Noteworthy Assortments

To those who favor the banded sailor for the first hat of the season, the extensive assortment we are now featuring will hold special interest. There are a good number of styles presented in straws, which vary from the rough to the very fine Milans. All are smartly banded, and are shown in black and a wide selection of colors. \$8.75 to \$17.50.

New Veilings Muslin

Many new and decidedly attractive meshes are being offered now to accompany the Spring Millinery. The assortment here is large, and includes the smartest novelties of the season. In black and most fashionable shades. Price, 35¢ to \$1.25 yard.

Boys' Naval Brigade

Weekly Orders, March 11. The following ratings are taken on the strength and rated as able seamen: No. 52, W. J. Richards; No. 54, L. S. Richards; No. 56, C. L. Richards. The following ratings are struck off the strength at their own request: No. 2, W. Mills; No. 140, B. Esmough; No. 144, W. Taylor.

Victorians Control Cameron Mill Now

The entire stock of the Cameron Lumber Co. is now held by Victorians, following the completion of the transaction to-day whereby 1,499 shares of the company have been acquired by Cameron Investment Co. This block of Cameron mill shares was recently placed on the market by the bondholders of the Canadian Puget Sound Mill Co.

Keeps the World Refreshed and Healthy

Rotarians Prepare Convention Songs

Are Rehearsing Ditties For Big International Conference Here in April

Laureate, E. J. Down, has written for the occasion. All the songs are set to popular airs and are typical in nature. The following has been chosen as the convention song: (Tune: "I Want To Go Home.") Chorus— I don't want to go home, I don't want to go home. The summers are hot and the winters are cold. I'm too young to be feeling so old. If I hear that Victoria's dry, Oh, dear, I'd rather stay here, I don't want to go home. Other arrangements for the convention are under way, according to reports made to the club to-day by the various committees which are making elaborate preparations. The plans outlined to the club foreshow one of the most important conventions of the most important conventions ever held here.

BRIEF LOCALS

Bank Clearings.

Bank clearings for the week ending to-day were \$2,630,867 as compared with \$2,131,825 in the corresponding week of 1919.

Is Missing.

Information is desired regarding F. B. Bultitude, an imperial pensioner, who is missing, and Major A. D. Macdonald, 513 Central Building, will be glad to receive information regarding him.

Schools Football.

The first round for the Fragments Challenge Cup will be played Friday, March 19, at the Oak Bay ground. Victoria will play Esquimalt, and Saanich will play Oak Bay.

Lantern Lecture.

Dr. Young, of the Dominion Observatory, will give a lantern lecture at the Unitarian Church to-night, at 8 p.m. The lantern will be operated by Huxtable, and very interesting slides will be shown.

Preparatory Service.

A service preparatory to Holy Communion will be held at the First Presbyterian Church to-morrow evening. The Rev. W. D. Spence will preach the sermon and at the close the new communicants will be received by the pastor, the Rev. J. G. Inkster.

Held Fortnightly Raffle.

Under Mrs. J. P. Pilgrim, members of Court Triumph Lodge, A. O. F., held their regular social and raffle. In some way all the tickets did not get into the raffle, but they will be given a chance two weeks from last night. Of those that did get in the raffle the winners were No. 5, Mrs. Green, pair of socks; No. 21, G. Brown, cushion.

Park Band Concerts.

The possibility of staging band concerts in Beacon Hill Park this summer was considered by the Parks Committee of the City Council last night. An offer to stage band concerts for \$50 a piece was made by the Great War Veterans Band. The Council probably will decide on the matter on Monday night.

Teachers' Convention.

Application has been made to the School Board by the Victoria and District Teachers' Association for permission to use the High School and Girls' Central School auditoriums in connection with the convention which British Columbia teachers will hold here from April 1 to 5.

BRAND'S SEEDS

The Time Has Come

for preparing your garden. Sweet Peas will probably have a large place in your plot. In selecting your seeds, remember that Brand's are carefully picked and have always given bounteous satisfaction.

SWEET PEAS

The blossoms that for coloring, odor, delicacy and decorative value are unsurpassed.

BRAND'S "EXHIBITION" COLLECTION represents ten of the most delightful contrasting and extensive varieties—each package contains 25 seeds.

New Margaret Madison—true lavender.

Jean Ireland—large cream plicated carmine rose.

Rosabelle—large carmine rose-red.

Constance Hinton—fine large dark seeded white.

Maude Holmes—(Sunproof Crimson) the best.

The President—brilliant, dazzling, orange scarlet.

Margaret Fife—bright Aubrietia blue.

King Manuel—large maroon.

Margaret Atlee—large deep cream pink.

Royalty—rich royal purple.

MAILED FREE \$1.00

James Brand & Co.

723 Robson St. Vancouver, B.C.

THE AUTO VACUUM CARPET CLEANERS

Patronized by the leading houses in the city. Phone 4616 for estimate

Columbia teachers will hold here in April. The teachers' request has been granted.

Nanaimo Cricket Club.

At a meeting of the Nanaimo Cricket Club held Tuesday night the following officers were elected for the present year: President, R. R. Hindmarch; captain, F. Jesson; vice-captain, W. Newberry, Jr.; secretary, J. H. E. Partington; treasurer, P. Cowman.

Army and Navy Veterans.

The monthly general meeting of the Army and Navy Veterans will be held in the club rooms, Pemberton Building, at 8 o'clock to-night. As there are several matters of great importance affecting the welfare of the Association to be brought up for discussion, a full attendance of members is requested.

Farmers to Debate Politics.

P. D. Hillis, former prominent timberman of this Coast, now one of the leading farmers of the Island, is to oppose arguments to be set forth by Robert MacEachern, of the Wilkinton Methodist Church Friday night that it would be in the best interests of the country to have farmers enter Provincial and national politics as an organized body.

Girls' Corner Club.

The girls will meet as usual at their rooms, Oddfellows Hall, Douglas Street, on Thursday at 6.15 o'clock. After supper has been served by the Ladies' Aid of the First Presbyterian Church, Mr. Golden will continue his address on the first three chapters of Genesis. All business girls invited and all girls welcome. Will be given to girls who are strangers in the city.

Parent Teachers' Association.

Formation of a Parent Teachers' Association in the Boys' and Girls' Central Schools is proceeding at present. The organization will consist of the two schools and will be besides overseeing the welfare of the children in their class. On account of the central position of the two schools and the large number of pupils in attendance it is thought that the Association will conduct a very valuable work. An initial meeting of the organization purposes will be held in the near future.

Physical Training.

The possibility of insuring co-operation between the schools and the Y. M. C. A. in affording the pupils physical training at the latter institution will be investigated by the School Board, following expression of views on the matter by the Board at the Board meeting last night. Dr. Baynor mentioned that the Y. M. C. A. was employing a thoroughly competent gymnasium instructor, whose instruction would be of the utmost benefit to the children. The experience of the last five years, he declared, had revealed to Canada the absolute need of physical training.

G. W. V. A. Plan "Smoker."

The G. W. V. A. have arranged an especially attractive programme for the smoking concert to be held at the Union Choro on Saturday evening, March 13. Songs will be rendered by Will Marshall, Bert Hudson, Comrades T. Obee, Critchard, Bryson, Jr., H. Brunel, Poole, Clever, Walsh, Cuddington and Lieut. Challoner. Comrade Carney will contribute a clog dance and song and Comrade H. Mullin will give an exhibition of juggling. The chair will be taken by W. J. Scott, assisted by Comrade J. B. Clearhous, Comrades Lee and Moffatt will assist as pianists.

Benefit Drive Nets \$72.

As a result of the wheat drive held last evening by the Queen of the Island Lodge, L. O. B. E., at the Orange Hall, the sum of \$72 was raised for the benefit of a member in distress. Twenty-eight tables were engaged in play, and everybody had a delightful time. The committee responsible for the success of the drive comprised the following ladies: Mrs. A. Sadler (convenor), Mrs. Edie Davis, Mistress of the Lodge; Mrs. M. Griffiths and Mrs. F. Hill. The prize winners of the evening were: Ladies, first, Mrs. M. Goldwell; second, Mrs. LeBlanc; consolation, Mrs. Hill; sealed prize, Mrs. Godfrey; gentlemen, first, Mr. J. C. Goldwell; second, Mr. Lory; consolation, Mr. R. C. Harrison; sealed prize, Mr. Cunningham. The drawing competition was won by ticket No. 51, and a holding game is asked to call at the Clarence Clearers for the prize.

Looked for Trouble.

Joseph Nelson went right into the jaws of trouble yesterday afternoon when he attempted to hand a bottle of liquor to a "guest" at the city lock-up. His action was detected by a member of the force and Nelson found himself once again behind the bars. He appeared in the Police Court this morning charged with having liquor in his possession, and was fined \$50 by Magistrate Jay. Nelson was in good condition to strain all the impurities, all the seeds of disease, out of the blood they carry good health to every part of the body. Ask your neighbors Dadd's Kidney Pills do not help all kidney ills.

LIBERALS ADMIT WOMEN AS EQUALS

Drive Launched For Popular Memorial to Sir Wilfrid Laurier

Women are now equal with men in the eyes of the Victoria Liberals. That this should be the case was decided last night at the meeting of the Victoria Liberal Association under President W. M. Ivel. It was agreed that women liberals who are now grouped by themselves in the Victoria Women's Liberal Association should be admitted to the parent organization by the amalgamation of the two organizations.

Members spoke highly of the political abilities of women. The way is now open for a woman even to become President of the Victoria Liberal Association. Plans were also made for the women to be properly organized in the five wards of the City. As women already have representation on the Liberal executive, it was decided it was hardly worth while to elect new officers for the amalgamated organization. The annual election of officers will take place in October.

Start Laurier Memorial Fund.

The meeting last night also launched the drive to raise Victoria's share of the \$100,000 that is being raised by Liberals over the whole country to erect a national memorial at the grave of Sir Wilfrid Laurier.

The campaign has been proceeding in the other provinces. Organization for British Columbia is just being completed. The executive committee for the administration of the fund consists of the Liberal Premiers of all the provinces, including the Hon. John Oliver. To make the collection a strictly popular manifestation of Liberals in all walks of life towards their late leader individual subscriptions are limited to \$5.

M. Hill of Brandon attended the meeting and told how his city has already raised \$4,000 for the Laurier memorial.

Made Her Feel Like A Different Person

WHY MRS. MILES WOOD RECOMMENDS DODD'S KIDNEY PILLS.

She had kidney troubles and her feet swelled but she states she found the relief she looked for in Dodd's Kidney Pills.

Arden, Ont., March 10.—(Special).—"Dodd's Kidney Pills made me feel like a new person." That is the statement of Mrs. Miles Wood, a well known and highly respected resident of this place. "I was troubled with my kidneys," Mrs. Wood continues, "and my feet swelled. I tried Dodd's Kidney Pills with the result that the swelling is nearly all gone and I feel better in every way. "To any person who is bothered with kidney trouble or with their feet and legs swelling I would say 'use Dodd's Kidney Pills.' "The women of Canada have come to look on Dodd's Kidney Pills as a standard remedy for their kidney troubles. They act directly on the kidneys. They are purely and simply a kidney remedy. By putting the kidneys in good condition to strain all the impurities, all the seeds of disease, out of the blood they carry good health to every part of the body. Ask your neighbors Dadd's Kidney Pills do not help all kidney ills.

RECOMMENDS FOX FARMING ON ISLAND

Dr. Bryce Is Back From Attending Commission of Conservation Meeting

Dr. George Bryce has returned to Victoria from the annual meeting of the Commission of Conservation of Canada in Montreal.

SCIENCE PROVES THE DANGER OF BLEEDING GUMS

Medical science proves that unhealthy gums cause serious ailments. People suffering from pyorrhea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs.

Four out of five people over forty have pyorrhea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting pyorrhea germs.

Guard your health and your teeth. Keep pyorrhea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent pyorrhea—or check its progress—if used in time, and used conscientiously. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send to us direct and we will mail tube postpaid.

FORHAN'S, LTD., Montreal
Forhan's
FOR THE GUMS

done a great work in securing legislation to protect from fires caused by railways, in discussing prevalent diseases, in advancing city and town-planning, in taking steps to meet epidemics, and in protecting birds of passage and wild animals useful to man.

At Montreal.
This year, in holding its annual meeting, the Commission moved from Ottawa to Montreal—the latter being the furtraders' centre from which the Nor'westers long ago went to the far Northwest. Besides routine work the Commission devoted its time largely to the subject of the cultivation of the silver-black fox. Some thirty persons from Prince Edward Island attended, representing a most thriving society from the back-east part of Canada. Fur-breeders of the island have an organized society which registers the well-bred foxes as carefully as thoroughbred cattle and horses are done in other provinces. Registered male foxes are sold for a thousand dollars apiece. Two doctors of the island, accustomed to dealing with foxes were present and discussed the health and keeping of foxes.

The Prince Edward Islanders were enthusiastic in discussing food, health and shelter of the foxes—of which the female has usually two litters a year of four or five offspring, called by the Islanders pups. When the first-class male fox sells for a thousand dollars, it is no wonder that the Islanders are enthusiastic in their animal products. So hearty and enthusiastic was the meeting on the last evening—meeting, where the doctor presided, that it was unanimously decided to call a national and probably an international convention with exhibits in Montreal next February to extend this most profitable trade in other parts of Canada.

Doctor Bryce maintains that not only in Prince Edward Island, but also in British Columbia the home of the fox naturally, but also the climate and conditions of fox-raising would be absolutely successful in such spots as Duncan, Sidney, Mt. Tolmie and other farming districts to make the trade a success.

Paper Trade.
While East Doctor Bryce also saw Judge Robson, who has lately resigned his chairmanship of the Board of Commerce, who also urged the Commission to take up the question of the threatening of paper-making from Canada's spruce trees which are in danger of exhaustion in almost all our forests where they yet abound.

Besides these important matters a most alarming condition of things was brought before the Commission by Missionary Fry from the Arctic regions of the North Pacific Coast, urging that the Hudson's Bay Company or other Canadian shipowners should at once enlarge the shipping facilities for carrying to the market large quantities of valuable furs which are actually carried away by ships of other nations to countries foreign to Canada. One Hudson's Bay Company ship a year is absolutely inadequate to save to Canada's use the large bundles of pelts ready from the natives and traders to meet Canadian wants. Canada's climate demands for use all the furs of the far North country.

FIRE PREVENTION EXECUTIVE MET

Session Yesterday to Plan Annual Programme; Fire Marshal's Duties

A meeting of the committee of the British Columbia Fire Prevention Association was held yesterday afternoon at Vancouver. A. C. Flumerfelt, President of the Provincial Executive, and J. L. Noble, the Secretary, attended the session from Victoria.

The programme for the coming year was under discussion, and also the proposed Fire Marshal Act. It is the desire of the Dominion Fire Prevention Commissioner, who paid a visit to Victoria last fall, to see the

JOHN L. NOBLE

various Provinces of Canada lined up in a somewhat uniform law to cover the various phases of fire prevention. Such a law if enacted, would transfer a number of powers to the fire marshal. The duties he include the examination into fire protection in various places, regulations for the storage of explosives, and their use, fire alarm systems, (installation and maintenance) fire fighting equipment, inspection of exits affecting all classes of public institutions and factories where people congregate, prevention of arson, and investigation into the cause of all fires. The executive will consider such a plan in relation to British Columbia, where the fire loss is heavy in proportion to population. Following the executive meeting, there was a meeting of the Vancouver Chapter of the League, at

A. C. FLUMERFELT

which Mr. Flumerfelt and Mr. Noble delivered addresses.

CITY ADOPTS WAIT AND SEE POLICY

Will Not Decide on Estimates Until Government Makes Announcement

Until the Provincial Government announces what financial assistance the Corporation may expect in the way of increased revenue sources, the City Council will take no final action on its annual estimates, Mayor Porter intimated today.

SHILOH
SINCE 1870
30 PROPS COUGHS

REPRESENTED VICTORIA

G. I. Warren Is Well Received at Cumberland Board of Trade.

George I. Warren, a member of the Executive Council of the Victoria Board of Trade, attended the last meeting of the Cumberland Board of Trade to enlighten those present as to the proper procedure to be followed to complete organization.

Mr. Warren, who has spent a great deal of time going about the island assisting in the formation of boards of trade, dealt exhaustively on the proper methods to pursue and explained the composition of such a board as laid down by statute and also the purposes for which such organizations exist.

In opening his remarks Mr. Warren presented the greetings of the

Victoria Board of Trade in which he pledged his city to render every assistance to the latest board to be launched on the island.

In a concise and eloquent manner he enumerated the many ways in which such a board could be of assistance to the community and gave a brief outline of the many objects which the Victoria board had in view. Particular stress was placed upon the necessity of everybody pulling together for the best interests of the community, and many valuable hints were thrown out.

Among the matters briefly touched upon by Mr. Warren were the one great industry of Cumberland, namely, coal mining, the theatre tax, the poll tax and the automobile tax; public ownership of electric lighting and waterworks plants was also advocated; the lack of accommodation

for securing a meal at Parksville while traveling from Victoria was mentioned, and a hint was thrown out that the Board should leave no stone unturned to have the Canadian Northern Railway brought to the city. Mr. Warren concluded his remarks by strongly urging the members of the Board to do everything to induce tourists to visit the district. He was warmly applauded upon resuming his seat.

TWO-YEAR COURSE

Committee of School Board to Take Whole Matter Into Consideration.

A committee consisting of Trustees J. L. Beckwith, Dr. Raynor and Capt. Aitken was appointed at the School Board meeting last night to take under consideration the whole question

of the two-year arts course at the High School and confer with President Klinck, of the B. C. University, immediately. There still remains between the Board and the President some slight disagreement as to the extent of equipment necessary for the establishment of the affiliated course, but it is hoped that these difficulties will be smoothed away by the committee in the near future.

CIVIC FEDERATION TAKES UP SALARIES

Civic Employees Put Whole Matter Up to Larger Organization

While not in a position to deal with the salary question, pending a reply to its request for salary increases from the City Council, the Civic Employees' Protective Association, at its meeting last night, referred the whole matter to the Federation of Civic Employees, which comprises the members of the Police and Fire Departments.

The City Hall employees have asked for the inauguration of a new salary schedule which embodies a fifteen per cent. increase for all the employees with a few exceptions. The Police and Fire Departments are asking for practically the same increases. At a secret meeting recently the Council decided tentatively to allow a generous ten per cent. increase to all men receiving less than \$150 a month. Final decision on the matter, however, has not been reached, and it is not probable that the Council will forward a definite reply to the employees for some time. The Council intends, in fact, to wait until it hears what financial assistance it may expect from the Provincial Government, before passing its annual estimates finally.

Whether the fifteen per cent. increase would be acceptable to the employees, it is impossible to say at the present moment, for the matter has been given no official consideration. If the employees should consider that they were entitled to more than the City Council was prepared to give them, they would move for an arbitration of the whole question. It is felt that the Council could not refuse a request for a fair arbitration.

North and East Rivers connecting New York City with the neighboring communities. Professor Matheson was one of the engineers on this work.

The professor explained the method of constructing a driving shield, and explained the methods of getting rid of obstructions such as big boulders. He explained how accidents such as blowouts were dealt with, and how the difficulties of working under compressed air were overcome.

Methods in the construction of the Palisades Tunnel were also described.

RETURNED SOLDIERS WILL BUILD BOATS

New Concern Gets \$10,000 Loan and Now Want Site

In possession of practical experience gained under the tuition of S. C. R. instructors twelve returned soldiers, styling themselves the British Columbia Yacht and Boat Builders, have obtained a loan from the Provincial Department of Industries for the purpose of enabling them to set up in the shipbuilding business in Victoria. The amount of the loan is \$10,000 and the men in question are intending to make a bid for the construction of two small boats for the Dominion Government.

Simultaneously with the granting of the loan an application was made to Premier Oliver for a long term lease of a site on the former Songhees Reserve just north of the site occupied by the Dominion Government's Department of Marine, facing the Inner Harbor. There is only one difficulty in acceding to the request of the company at the moment, and that is the uncertainty about the future of the site still in possession of the Foundation Company.

Communications have passed between the Government and the company directed towards an endeavor to discover just what the intentions of the company are in regard to it. On the other hand the Government may terminate the life of the lease within thirty days if shipbuilding is not in progress. In any event it is expected that arrangements will be reached at an early date when the new concern will be in a position to make the Government an offer for the accommodation required.

GRAND LODGE A.O.U.W. IN ANNUAL SESSION

Reports Presented This Morning Reveal Flourishing Conditions in Order

The twenty-seventh annual session of the Grand Lodge of the Ancient Order of United Workmen opened in the Knights of Columbus rooms this morning at ten o'clock.

The following Grand Lodge officers and representatives were present: P. G. M. C. J. Wriglesworth; G. M. W. G. Pope; G. F. F. N. G. Shakespeare; G. O. John A. Melvor; G. Sec. J. T. McIlroy; G. Treas. W. Scowcroft; G. M. E. Dr. Wolf Smith; G. G. J. H. Owen; G. W. Thos. Todd; Committee on Finance, A. Stewart F. Davey and Thos. Cashmore; Committee on Laws, S. M. Eveleigh; J. W. Mills and H. Hoy; Lodge No. 1, F. Partridge; Lodge No. 3, M. W. Minthorn; Lodge No. 7, A. Clunk; Lodge No. 11, T. Shorter; Lodge No. 17, A. L. Lazenby; Jno. Cutler and G. Morse.

Report from the Grand Master Workman, Executive Board and others were submitted and duly considered.

Future Promising.

The following excerpt from the Grand Master's report shows conditions briefly and accurately: "The past year has been a banner one in many respects. Our financial standing is better than ever before; we have largely increased our membership, bringing into the Order many young men and women full of enthusiasm and vitality; lodges which were in a rather somnolent condition are now perfect beehives of activity and effort for the advancement of our cause, and the outlook for the future is bright and promising."

The report from the secretary is that the Grand Lodge is 121 per cent solvent. Discussion of matters of special interest to the Order is proceeding and will probably continue today and Friday.

ADAPT WAR SCIENCE

Pursuits of Peace Now Benefited by Inventions Made During Great Struggle, H. H. Plaskett Says.

How the positions of enemy guns, of submarines and of vessels entering a harbor are determined by the latest inventions in sound-ranging, was told to members of the Royal Astronomical Society at the Girls' Central School last night by H. H. Plaskett, son of Dr. Plaskett, director of the Astro-Physical Observatory here. He lectured on "Science and the War."

Mr. Plaskett explained that these war inventions are being applied to peace. An apparatus is about to be installed at Halifax to guide by sound vessels entering the port in a heavy fog.

He told of the work done by Prof. McLennan, of the University of Toronto, who invented magnetic devices for the detection and destruction of submarines.

The value of inflammable helium collected from Canadian mineral springs as a filler for balloons and airships in place of hydrogen was explained.

OBJECTS TO TAX

Mixed Delegation of Returned Soldiers and Labor "Kick" at Educational Tax.

Headed by E. S. Woodward, President of the Victoria Trades and Labor Council, a mixed delegation of returned soldiers and local labor organizations waited upon the Municipal Committee at the Parliament Buildings this morning to enter a vigorous protest to the proposed ten dollar educational tax.

George Bell informed the deputation that no definite decision had been reached by the Committee, to which Mr. Woodward replied that the Municipal Committee on the Council's attitude towards the proposal appeared to be even more favorable and tantamount to the acceptance of the principle of the impost. Were that the case the delegation wished to leave an emphatic objection over which the Committee might ponder before announcing its definite plan of action in this connection.

ACCIDENTALLY KILLED.

Nanaimo, March 11.—The coroner's jury empaneled to inquire into the cause of the death of the late Riley Merritt, who was killed in an automobile accident on the Comox road on the morning of December 1 last, brought in a verdict of accidental death, exonerating the driver of the car from all blame.

The inquiry which had been adjourned from time to time owing to the fact that the only witnesses to the accident were also occupants of the wrecked car and were severely hurt when it crashed into a high bank and turned over, was concluded yesterday.

NOW HOLD MINE.

Seranton, Pa., March 11.—The city authorities are to-day in possession of the Oxford Mine of the People's Coal Company in the exercise of police powers to prevent its further operations.

If Thin, Nervous, Run Down, Depressed, This Will Help!

The wear and strain of life has tended in recent years to produce nervous debility in a large percentage of our population.

Thousands are affected with a feeling they can't exactly describe. They are always tired and droopy, lack ambition, have poor appetite, look pale and suffer from depressing headaches and insomnia.

This condition is full of peril. It is the stepping stone to invalidism, the beginning of a shattered constitution.

We advise everyone in this condition to take a good medicine at once and try to get well while yet there is time.

Probably no better advice can be given than to use Dr. Hamilton's Pills, which have become famous in restoring the sick to good health. A general toning up of the system at once takes place. The whole body is vitalized by rich and pure blood. The appetite is increased, food is digested and naturally strength rapidly increases. Headaches go because the bowels are regulated and all wastes are carried off.

There is no experiment about using Dr. Hamilton's Pills because they certainly restore the sick, as a trial will quickly prove. Just as good for the old as the young, and suitable to the needs of women and children. This grand family medicine should be in every home.

TO INITIATE IMPROVEMENTS AT COLLIERY, NANOOSE BAY

As a result of the visit on Saturday of Louis Williams, of Seattle, president of the Nanoose-Wellington Coal Company at Grant, Nanoose Bay, and other American directors and financiers, the output of the mine will be increased to 500 tons a day with a corresponding increase of operating staffs. A new shipping wharf has just been completed and a permanent breakwater 600 feet long is being constructed. Underground haulage will be done entirely by electric power, and general living conditions of employees improved. Reference to Mr. Williams' visit was made in The Times Saturday.

Young Men Don't Get Bald. Cuticura Does Much To Prevent It

Dandruff, itching, scalp irritation, etc., point to an unhealthy condition of the scalp, which leads to thin, falling hair and premature baldness. Frequent shampoos with Cuticura Soap and hot water do much to prevent such a condition, especially if preceded by a gentle anointing with Cuticura Ointment to spots of dandruff and itching.

Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Lyman, Limited, St. Paul St., Montreal. Cuticura Soap shaves without razor.

JAPANESE VOTERS PROVOKE ARGUMENT

MacKenzie and Weart Disagree on This Clause of Election Bill

Legislative Press Gallery, March 11.

Strongly opposing the granting of the franchise ever to those Japanese who fought with the Canadian Expeditionary Force overseas, J. A. MacKenzie, Opposition member for Delta and himself a veteran of the Great War, continued the debate on the Elections Act amendments this afternoon. He declared that since there were but a few Japanese affected he did not see that the matter was a vital one to those who would benefit by the act, and he was afraid the thin edge of the wedge was being inserted in so far as granting further privileges to Orientals in general. He said he did not think the delegation from the Vancouver Government for this provision represented the returned soldiers as a whole. To this statement Major R. J. Burde, soldier member for Alberni, added "hear, hear."

Loopholes.

The Delta member then proceeded to discuss the proposed amendments in detail. He feared there were loopholes in the naturalization clauses, which he said gave too much power to the district registrars, officials, he declared, who undoubtedly would be Government appointees and therefore prone to favor the Government of the day. He advocated a general purging of the voters' list in the ordinary way by revision, and was opposed to the appointment of deputy-registrars.

Mr. MacKenzie was exercised over the proposed amendment pertaining to the absentee voter. He said there would be ample room for "crookedness" and persons in charge of the absentee voters' ballots might see to it that good Tory votes were purged. He referred to election scandals in 1916 and said he wanted no repetition.

Premier Oliver: "Was my honorable friend speaking from experience?"

Mr. MacKenzie: "Yes, I was there, remember what took place, and so long as rewards of jobs like those of Cook and Woodford are held out the Government would have no difficulty in getting men to 'fix' the ballots in question."

Weart Disagrees.

J. W. Weart, Government member for South Vancouver, disagreed with the member for Delta regarding issuing the franchise to returned Japanese soldiers who, as British subjects, had fought for the country. He declared that every one who had so fought, no matter what his race, should be entitled to the vote.

Mr. Weart stated that 196 Japanese had enlisted with the C. E. F. Of that number fifty-four were killed, 130 were wounded, one had been recommended for the Victoria Cross, while only twelve had returned to the Province unscathed. He challenged anyone to produce a report of a better record than that, and said nothing was too good for these men. It would be different, he said, if the act was to grant the franchise to a large number, and to other than ex-soldiers.

Mr. Weart dealt with another amendment which he said apparently had been overlooked. This related to phases of the personation question. It should be remembered, he continued, that anyone who tampered with ballots would be guilty of perjury or forgery, and there were heavy penalties.

"Boldness" a Virtue.

Mr. Weart concluded by claiming that the very "boldness" of the bill should recommend it to the electorate. The Premier had, he felt, done his utmost to give the voters a workable act, and one which would result in the protection of the voter and the candidate alike.

W. J. Bowser, Leader of the Opposition, adjourned the debate.

Met's Victory Puts Victoria Out of Coast Titular Series

Dubbie Kerr's Goal Tied the Score in First Period But Mets Won Out Five-One and Topped the League

	W.	L.	F.	A.	Pct.
Seattle	12	10	59	55	.545
Vancouver	11	11	75	65	.500
Victoria	10	10	57	71	.455

Seattle, March 11.—Seattle leads the Pacific Coast Hockey League for the season of 1919-20 by virtue of a 5 to 1 victory over Victoria. The Mets will now prepare to meet Vancouver here next Friday night and again in Vancouver Monday night in the playoff for the championship of the league.

Holmes's Marvelous Tending.

The remarkable shooting of Jim Riley and Frank Foyston and the marvelous goal-tending of Hap Holmes were the things that will stick long in the memory of the Seattle fans, but just as useful to the offense was the super-skating of Charlie Tobin and Jack Walker and the almost impregnable defence of Kew and the quick-stepping Rickey.

The Victorians certainly tried hard enough. During the periods that Lester Patrick was on the ice he crowded in on Holmes and waited for the passes. At one time five of the seven visitors were crowding around Holmes and trying to shoot the disc by the agile keeper. When Holmes stopped three shots and a trio of attempts immediately following on the rebounds, he took some of the pep out of Lester's lads.

Riley Opened.

The game was not six minutes old before Riley gave an exhibition of sliding the Victoria forwards, swung wide, and skated behind the cage. Turning quickly around the corner, he shot. Clem Loughlin tried to intercept his stick, but the rubber caromed off that weapon for a pretty goal.

Dubbie Kerr, who had just replaced McKee, followed his appearance on the ice by scoring a goal on a pass from Oatman. Hap Holmes was not in front of the puck, although he stopped many a harder shot during the six minutes of play.

UP-ISLAND SOCCER.

The five teams entered in the Nanaimo and District Soccer League will play off the series during the next two months, each game being played on the ground of the first-named team in the following schedule:

March 14—South Wellington vs. Nanoose Giants; Nanaimo United vs. Ladysmith.

March 21—Reserve vs. South Wellington; Nanoose vs. Nanaimo United.

March 28—Nanaimo United vs. Reserve; Ladysmith vs. South Wellington.

April 4—South Wellington vs. Reserve; Nanoose vs. Ladysmith.

April 11—Reserve vs. Nanoose; Ladysmith vs. Nanaimo.

April 18—Nanaimo United vs. S. Wellington; Nanoose vs. S. Wellington.

April 25—Reserve vs. Nanaimo United; Ladysmith vs. Nanoose.

May 2—South Wellington vs. Nanoose; South Wellington vs. Ladysmith.

May 16—Nanoose vs. South Wellington; Ladysmith vs. Reserve.

OLD COUNTRY GAMES.

London, March 11.—(Canadian Press)—British football results yesterday were:

First League.

Liverpool, 1; Sheffield Wednesday, 0.

Bristol City, 2; South Shields, 0.

Birmingham, 8; Notts Forest, 0.

MEET TIGERS FOR TITLE.

Toronto, March 11.—Granites defeated Kitchener by 2 to 1 here last night before a crowd that filled the arena to capacity, thus coming out as winners of group two, Ontario Hamilton Tigers in the final games for the championship of the association.

THE REST TOO LONG.

The week's rest of the Victoria club evidently was too long, as they did not show to the advantage of the previous week, while the battered Mets never played more brilliantly and consistently.

The last game of the play-off will be staged next Friday night between Seattle, leaders of the regular schedule, and Vancouver, the runners-up for the championship of the league and the right to meet Ottawa for the world's championship. The early scheduling of the game was made necessary by the fact that the winner must depart at once for the East. The Mets will not be in very good shape for the game, with two terrific contests already this week, that with Vancouver last Monday night and with Victoria last night, but the local Vancouver club the best that is in them. The club with the greater number of goals in the two games will be declared the champions.

THE LINEUP.

Seattle. Goal Fowler
Olmes C. Loughlin
Rowe Defence Johnson
Walker Rover W. Loughlin
Riley Left Wing McKee
Tobin Centre Dunderdale
Murray Right Wing Oatman
Nichols Utility Patrick
Kerr Utility Kerr and Genge.

Referee—Mickey Ton.

Summary.

First period—1, Seattle, Riley, 5:20.
2, Victoria, Kerr from Oatman, 12:30.
Second period—3, Seattle, Foyston, 11:15.
Third period—4, Seattle, Foyston from Rickey, 45; 5, Seattle, Riley, 11:00; 6, Seattle, Foyston from Walker, 7:15.
Penalties—First period: Rowe, 3 minutes; Kerr, 3 minutes.
Second period—Kerr, 3 minutes.
Third period—Murray, 3 minutes; Oatman, 3 minutes.
Substitutions—First period: Seattle, Murray for Tobin; Victoria, Kerr for McKee; McKee for Dunderdale.
Second period—Tobin for Murray; Murray for Tobin; Patrick for W. Loughlin; Dunderdale for Kerr; W. Loughlin for Patrick.
Third period—Seattle, Tobin for Murray; Murray for Tobin; Victoria, Patrick for Dunderdale; Dunderdale for McKee; McKee for Dunderdale.

SHANNON GAVE A POOR EXHIBITION BUT THE GOALIE THEY ALL SCORED

But Got Decision Over Puggy Morton; Martin Scores Technical K.O.

Vancouver, March 11.—Eddie Shannon was handed a decision over Puggy Morton after four rounds of very ordinary milling at Dominion Hall last night. While Shannon fought more deliberately than his opponent and displayed more of the fine points of boxing, he gave a miserable exhibition for one parading as a champion.

Morton carried the fight to Eddie every step of the way and landed effective blows with amazing frequency, in so doing he left himself as wide open as the prairies, but Shannon failed to take advantage, in fact on the numerous attempts to knock Morton for a goal he hit where Puggy used to be.

CANADA'S CHALLENGE RECEIVED TOO LATE

Suggestion That Other Glubs Ask For Davis Cup Redraw

Sydney, N. S. W., March 10.—The Australian lawn tennis association has rejected Canada's challenge for the Davis Cup, the world's premier tennis trophy on the ground of its having been placed after the expiration of the time limit. It is suggested, however, that Canada apply to the other challenging nations for a redraw.

CANADIENS BEAT PATS

Montreal, March 11.—Canadiens defeated St. Patricks 7 to 2 in the last game of the professional hockey here last night. Forbes the St. Patricks' goalkeeper, made his initial appearance in Montreal and started well against the attacks of Lalonde and Pitre. The play was slow at first but soon grew interesting, the first period ending in a tie, 1-1. Play slackened in the second period, and Canadiens scored five goals without a reply from the St. Patricks. In the third period St. Patricks forced the play but could not score and the game developed into a burlesque, closing with one goal scored by each side.

KENNEDY HAS VERBAL TILT WITH LALONDE

Ambition to Lead Scorers Spoiling the Teamwork, He Says

Montreal, March 11.—E. W. Ferguson, in the Montreal Herald, says that George Kennedy, of the Canadiens, is going to put an end to this ambition to lead scorers and influence a player's usefulness to his club, for he won't pass the puck when he thinks he has any chance to score, in a better position. Lalonde was in a flagrant offender in this connection in Saturday's game with Ottawa and Manager Kennedy reprimanded him afterward. Lalonde is leading the sharpshooters and hopes to add to his total to-night in the game between Canadiens and St. Patricks of Toronto, but if he does not pass the puck there will be trouble.

ONLY TWO TEAMS AFTER LACROSSE CHAMPIONSHIP

Vancouver and New Westminster will again be for the lacrosse world, a plan to take in a third club during the coming season having been abandoned. Peter Muldoon, business manager of the Terminus, announces.

"We have given up the plan to have a third team in the league," states Muldoon. "We haven't the material and believe that we should confine our attention to the organization of one strong Vancouver club. We are already negotiating with two or three prominent Eastern players."

According to present plans a four-team schedule will be drafted, the season opening early in May. An effort will be made to have the Eastern champions come West to play for the Minto Cup in the fall.

SCHOOL BASKETBALL

Saturday night will be a big night at the Y. M. C. A., the following being the programme for the evening:

7 p. m.—Intermediates, James Bay vs. First Presbyterian.

7:45 p. m.—Exhibition game, ladies. First Presbyterian "A" vs. "Pilgrims" (Central).

8:30 p. m.—Exhibition senior game, Ladysmith vs. Crusaders (Victoria).

9:15 p. m.—St. Mary's vs. Belmonts.

With the two special attractions of a ladies' game and the visit of the Ladysmith five a large turnout is expected.

Last night two ladies' games were played in the First Presbyterian gymnasium. Presbyterian "A" Ladies won from Metropolitan 30 points to 6, and Presbyterian "B" girls won from St. Andrew's 7 points to 5.

Presbyterian "A"—Dorothy Aird, Mary Hannan, Lily Christie, Bessie Forbes, Betty Harkness.

Metropolitans—Marjorie Bell, Iona McFarlane, Ella Lewis, B. Burnett, Mary Forbes.

Presbyterian "B"—A. McKinnon, E. Smith, K. Robertson, Violet Hastings, Blaine Hill.

St. Andrew's—M. Dyke, B. Hamilton, D. Melville, Jean Burridge, R. Kelly.

CRICKETERS MEETING IS SET FOR SATURDAY

The annual meeting for election of officers and other business will be held by the 5 C's and Christ Church Clubs on Saturday, 8 p. m., in the Cathedral schoolroom. All members and prospective members are especially urged to be present as the most important matters involving the welfare of the clubs will be considered.

SPORTS

JAMES BAY GYM SCENE OF ACTIVITY

The Indoor Sports Committee Warn Reservations Must Be Made For Games

Owing to the number of members now using the gymnasium at the club, the Indoor Sports Committee of the James Bay Club has found it necessary to regulate the hours during which the gymnasium shall be used. A book has been secured and placed in the club and members wishing to use the gymnasium and be sure of having access to it must sign, stating the hours which they intend to be there, and this must be done at least twenty-four hours before the time of using. In this way there will be no conflicting of members

wishing to use the gymnasium for different games. It is intended to enforce the rule that all members adhere strictly to the times during which they are to have the use of the gymnasium.

To Hold Smoker.
The entertainment committee under the chairmanship of H. Skuce will hold a meeting the early part of next week, when preliminary arrangements for a smoking concert for members and their friends, which it is proposed to hold during this month, will be dealt with. The definite date will be announced later.

Fixing the Boats.
Work on putting the boats in shape has already commenced, and, although it is a little early to varnish them at present, they are being thoroughly cleared in preparation. Everything will be in readiness when the season opens in the middle of April. Applications from twenty-seven athletes of the city for membership to the club which were passed at the last meeting of the management committee, together with fifteen who

were duly enrolled at the meeting two weeks ago boost the club membership considerably. The members, however, are not yet satisfied by any means, and intend to pursue the campaign for new members with renewed energy, and hope to be able to far eclipse the record already established before the next meeting in April.

Lively Campaign.
The result of the contest for new members is posted on the club notice board, and, quite a few members who undertook to secure new ones have not yet done so, but the committee in charge are keeping all thoroughly alive to the necessity of bringing in new members and even a far better result is looked for next month.

Below is a list of new members secured during the last three weeks: W. S. Duncan, C. F. Dawson, E. N. Bagehawe, W. H. Sneddon, T. B. Scott, F. G. Elliott, W. C. Hudson, C. F. Jackson, H. T. Matson, E. A. Greenwood, M. L. Young, W. Jackson, C. F. Moriarty, G. W. Newton, R. A. Reid, P. W. Carrier, D. D. Moses, K. G. Macdonald, W. F. Foyah, R. F. Taylor, R. W. Watson, F. J. Merriman, Kenneth Ferguson, B. R. Ker, E. J. Parker, A. D. Anderson, J. T. G. Manley, T. A. Temple, H. W. Davie, O. W. Ross, W. Gibson, L. Glazen, W. J. Gibson, A. Hessey, N. E. Hall, Dr. E. W. Hetherington, E. J. Hopkins, K. C. Maclean, T. McMillan, H. McInnis, A. McKinnon and T. G. Norris.

NEW SWIMMING BATHS

Four Thousand Shares in Oak Bay Swimming Baths, Ltd., to Be Placed on Market.

Four thousand shares in the Oak Bay Swimming Baths, Ltd., are to be placed on the market immediately. The company proposes to erect at Oak Bay a very fine set of baths and ultimately hopes to build a pavilion and concert hall after the style of those which grace the Old Country Summer resorts.

The directors of the company expect that their project will receive the hearty endorsement of the community. For years the people have been asking for something of this sort in order to provide entertainment for themselves and the tourists who visit here.

Negotiations for the site of the baths have been successfully completed with the Provincial Government and the company has obtained a lease at the nominal rent of \$25 a year. The site is located on Beach Drive, immediately at the end of Saratoga Avenue, and close to the terminus of the B. C. Electric car line, and contains a natural bathing pool, sheltered from the prevailing winds and well exposed to the sunshine.

The erection of a short length of sea wall will enclose a space large enough to accommodate two swimming tanks, each 33 feet wide by 100 feet long, 3 feet deep at the shallow end and 7 feet at the deep end.

On the western side of this space a ridge of rocks some 50 feet wide runs the full length of the bath, giving an excellent and economical foundation for the dressing rooms and other buildings required in connection with the baths.

The open air bath will be ready for use this summer. The water during the summer months, May to October, will be heated by the action of the sun, a method which has

proved entirely satisfactory for some years past in a similar, privately owned, bath in the immediate neighborhood. Later on it is intended to roof over a portion of the swimming bath and to add a heating plant in connection with same, for use in the winter.

Another feature of the scheme is to be the provision of therapeutic baths which will include a Turkish bath, Russian vapor bath, mud baths, electric baths, massage, etc., and all the necessary equipment of a first class bathing establishment. The whole scheme will be financed ultimately by the addition of a pavilion or concert hall.

RILEY PROGRESSING

Bill Riley, the fearless checking defender of the Veterans' septette, who was injured in the first period of the All-Star Winnipeg Belkirk's game last night, is progressing favorably. He received a rather severe wound in the eye and at first it was thought he would lose the sight of one eye. Dr. Keyes reports that although the injury is very painful he hopes to be able to save the sight of the eye.

BOXING TOURNAMENT TO BE STAGED THIS MONTH

Secretary Harry Boyd, of the Victoria Boxing Club, announces that the next boxing tournament will be held March 25th. It is planned on that occasion to arrange a card similar to the one arranged for the royal week tournament. On that occasion several general fighters came over and incidentally cleaned up all the local opposition. Some of the liveliest exhibitions seen for several years here, however, were enjoyed by a packed house.

VANCOUVER LADIES WON.

Seattle, March 11.—The Vancouver Debutante hockey club feminine hockeyists from the North, won from the Seattle Vamps by a score of one goal to nil in a two-period contest staged between periods of the big game.

The result of the game ties the Pacific Coast ladies' championship, as the local girls won a one to nil victory in the North Monday night.

STRANGLER LEWIS WINS.

Rochester, N. Y., March 11.—"Ed" "Strangler" Lewis, a heavyweight wrestling champion, threw Jack Edwards, Pacific coast champion twice here last night in an hour and thirteen minutes, using the headlock for both falls.

ANOTHER DOMINION TRUST POSTPONEMENT

Vancouver, March 11.—Litigation commenced by J. W. Oxley, of Leeds, England, who claims to be a creditor of the Dominion Trust Company, may result in an indefinite postponement of the application of Liquidator J. C. Gwynn for permission to pay an initial dividend to the creditors, according to an announcement made by Mr. Gwynn. Mr. Justice Murphy had before him Tuesday morning the adjourned hearing of Mr. Oxley's petition, and reserved judgment which will be handed down in a few days.

ORE AEROPLANES IN NORTHERN B. C.

Vancouver, March 11.—Shipments by aeroplane of ore from some of the northern British Columbia mines will soon be an established fact, according to Lieut. E. C. Hall, of this city, who with other airmen has contracted with a Seattle firm to deliver a specially designed flying boat for use at Stewart, B. C. Sufficient contracts have been signed by the owners of the district to keep this and other aeroplanes busy for five years, one of the most important of the signatories being the well-known Granby Corporation.

LONDON PAPERS AND EMIGRATION QUESTION

London, March 11.—(Canadian Press)—Both The Times and The Telegraph have editorials on the emigration question, the former making rather a belated reference to the Overseas Settlement Committee's report and the latter basing comments on the Commons discussion on Monday.

Both commend the work of the Overseas Committee and while advocating regulation of the extent of the male emigration, they support the movement of females to the Dominions. Both also draw special attention by way of warning to the outspoken criticisms by the Committee of the evils of unauthorized emigration agencies.

FIUME CHILDREN MOVED TO ITALY

Fiume, March 10.—Via London, March 11.—General Cavaglia, former Italian Minister of War, who is making a tour of inspection along the armistice line, said today he had arranged for many children of Fiume to be taken to Italy for humane reasons. Several weeks ago more than 200 were sent to Milan.

MAIL AIRMAN LOST LIFE IN INDIANA

Elkhart, Ind., March 11.—A Government aeroplane mail carrier, identified by marks on his clothing as Lieut. Clayton Stoner of Ohio, was burned to death in an aeroplane when it fell near New Paris, Indiana, yesterday afternoon. Stoner probably became lost in a mist and was seeking the Wabash Railroad, which the mail carriers follow daily in their flight over this section of the country.

ALLEGED SUICIDE.

San Francisco, March 11.—Harry New convicted in Los Angeles New convicted in Los Angeles of the murder of his fiancée, Freda Lesmer, verified in his prison cell at San Quentin yesterday an affidavit filed by his half-sister, Miss Edna Clancy, stating that the Lesmer girl committed suicide, according to an interview with New published in The San Francisco Call. New was evasive when asked why he did not introduce the evidence in the affidavit at his trial, The Call said.

LABOR TAKES HAND IN U. S. POLITICS

Philadelphia, March 11.—Decision of American Federation of Labor officials, reached in Washington two weeks ago, to oppose all candidates for public office who are regarded as foes of organized labor, has borne fruit here in the opening of a campaign against twenty-five Pennsylvania and seven New Jersey members of the House of Representatives.

NIGHT COUGHS PREVENT SLEEP WEAR OUT THE SYSTEM

The dry, hacking cough, cough, day and night is very wearing on the system. The constant coughing disturbs the rest and keeps the lungs and bronchial tubes in such an irritated and inflamed condition they get no chance to heal.

SASKATCHEWAN AND LIQUOR QUESTION

Saskatoon, March 11.—Declaring that the people would not be sincere unless they intimated to Ottawa that they wanted no wholesale houses, Hon. George Langley, Minister of Municipal Affairs, told the Saskatchewan Association of Rural Municipalities yesterday that the wholesale liquor houses operating under Dominion sanction and carrying on an international business, should be abolished from the province if the people voted in favor of the abolition of liquor as a beverage.

BRITISH STILL ARE BUYING LUXURIES

London, March 11.—(Canadian Press)—The Daily Chronicle, discussing the monthly trade returns, finds abundant signs that apparently incurable extravagance is increasing rather than diminishing, which makes it impossible to increase exports. The trade returns for February show a drop of nearly £250,000

CZECHS, JUGO-SLAVS AND ROUMANIANS IN AN ALLIANCE

Bucharest, March 10.—Via London, March 11.—Roumania's inclusion in the proposed alliance of the Czechs and Jugos-Slavs against Austria and Hungary is commented on by The Press Kapitaless in a recent editorial approving of the formation of the alliance and suggesting that it is in accordance with Roumania's policy.

BIG CONGRESS OF RED CROSS ENDS

Geneva, March 10.—Via London, March 11.—The congress of the Red Cross League ended its session Tuesday evening, passing resolutions in which it declared no discord exists between the League and the International Red Cross Committee.

Says Lease of Yards For Shipbuilding Here Is About To Be Closed

Captain E. V. Argon Declares French Programme is About to Materialize; Experts are Due in City From France.

"We are going right ahead with our programme, and I expect to be in a position to make a definite announcement on the closing of negotiations for the lease for the yards within the next day or two," to-day declared Captain E. V. Argon, who has been conducting negotiations to secure control of the Foundation yards here for the construction of a large fleet of wooden steamships for French registry.

Captain Argon this morning informed The Times that he was awaiting the arrival of an official and immediately this gentleman reached the city he was prepared to close the negotiations instituted some weeks ago with the Provisional Government.

Forty Experts Due.

Forty shipbuilding experts from France are shortly expected to arrive in Victoria to put into motion the preliminary work incidental to the launching of the proposed shipbuilding scheme, which involves the construction of at least forty wooden ships in local yards. The impending arrival of these experts was confirmed to-day by Captain Argon.

The exclusive announcement of the proposal to build French ships here was made to The Times by Captain Argon over a month ago. Negotiations were first instituted by the French officer with the object of purchasing the plant and equipment owned by the Foundation Company, but the negotiating parties failed to come to an agreement on the price and the deal fell through.

Since that time Captain Argon has made application for the lease of the shipbuilding sites at Point Hope and Point Ellice and has been constantly in touch with Hon. John Hart, Minister of the Interior, who has given every assistance with the object of bringing further shipbuilding contracts to Victoria.

Captain Argon has had various appointments with the Minister of Finance this week and he expects to be in a position by to-morrow to sign up with the Government for the lease of the Songhees Reserve property.

Equipment Available.

Captain Argon states that all the necessary machinery to go ahead with the contract is available and can be installed at short notice.

The programme, he stated, may be put in operation within a few weeks after the lease for the property has been closed. He further stated that the shipbuilding operations here would be on a scale to necessitate the employment of 2,500 men at the outset and the force would gradually be increased as the men were needed.

The lease for the yards, it is understood, will be framed for two years with the option of renewal at the expiration of the period. Captain Argon says he has been assured a lease of the Orden Point site by the Federal Government for the outfitting of the ships. He considers the site an ideal one for the outfitting of vessels.

NAVIGATION, OPENING ON ST. LAWRENCE MAY BE DELAYED BY ICE

Montreal, March 11.—Forecasts are that there will be a late opening of navigation of the St. Lawrence this year in view of the existing conditions. The Government icebreaker Lady Grey was to-day 35 miles below Quebec and her captain reports ice 15 inches thick. Last year the St. Lawrence was opened on April 14 which was the earliest for six years.

VESSELS' MOVEMENTS

Lafayette to Havre from New York.
Dante Alighieri at Genoa from New York.
Hongkong, March 2.—Arrived: Nile, San Francisco.
Shanghai, March 2.—Arrived: Abercrombie, Portland.
Corsecan at Liverpool from St. Johns.

LOADING FOR THIS COAST.

The steamship Steel Voyager is reported arriving at New York yesterday. She is to load at New York in the service of the Imperial Steamship Lines for British Columbia ports and will go to Santiago, Cuba, to load sugar for the Vancouver refinery.

IS LOADING HERE FOR MEXICO

AUXILIARY SCHOONER OREGON.

Resplendent in new paint the auxiliary schooner Oregon is now moored at the Canadian Puget Sound mill in the Upper Harbor taking aboard 400,000 feet of lumber for Mazatlan, Mexico.

The Oregon is the vessel which was seized by the Canadian cruiser Rainbow early in the war on the southern Californian coast and brought here as a prize of war. She was recently ordered by the Prize Court to be returned to her owners. The vessel has been repaired and overhauled and three new masts have been stepped at Yarrows, Ltd. She is now in better shape than when she reached this port.

RODGERS IS AFTER SEATTLE SHIPYARD

Seattle, March 11.—David Rogers, Seattle shipbuilder, and interests are pitted against each other in rival efforts to buy the Skinner & Eddy Yard No. 2 from the Emergency Fleet Corporation, according to press dispatches from Washington, D. C. The alleged effort of Japanese capital to acquire the yard, it is said, has been called to the attention of the Department of Justice.

Title to the yard stands in the name of the Fleet Corporation. District Manager D. M. Callis, of the District Corporation, who is in Portland, said over the telephone that he had no knowledge of the renewed efforts in Washington, D. C. to buy the plant. President D. E. Skinner, of the Skinner & Eddy Corporation, is in Havana, Cuba, and Henry G. Seaborn, vice-president and general manager, is in New York. Officers of the corporation now in the city said that they had no information on what is happening in the national capital.

Still Held Equity.

After its purchase by the Fleet Corporation from the old Seattle Construction & Drydock Company, yard No. 2 was sold to the Skinner & Eddy Corporation under a contract by which the Fleet Corporation guaranteed the Seattle company enough contracts to enable it to buy out of the proceeds. Most of the contracts awarded to the yard, however, were cancelled early last year. The yard is now being sold by the Fleet Corporation to the Skinner & Eddy Corporation. It is understood, is now a subject of negotiations.

A Universal Service dispatch quotes Chairman John Barton Payne, of the Shipping Board, as saying that he had "practically completed arrangements whereby he could sell the yard at what he considered an advantageous price, in the neighborhood of \$3,300,000."

When informed that interests said to represent Japanese capital were trying to buy the yard, Judge Payne, according to Universal Service, said: "We will have no strings tied to the sale, in our opinion, but the money from the higher bidder."

The Universal Service dispatch continues as follows: "It is understood that a former official of the Shipping Board, who had been appraised of the intention of an ostensibly American company, dominated by Japanese capital, to acquire this yard, has laid the case before the Department of Justice and has called for a sweeping investigation."

"FREE ZONE" AREA IS NOW PLANNED BY PORT OF VANCOUVER

Vancouver, March 11.—The establishment of a foreign trade or "free zone" area in the port of Vancouver and the draft copy of the measure under which it is proposed to achieve this object, will form the subject of discussion at a special meeting of the Vancouver Board of Trade Tuesday night next.

Cadiz, March 11.—A new line of steamships to ply between Cadiz and Norfolk is to be inaugurated shortly. The vessels will be operated by the Compania Trans-Mediterranean and will sail from Cadiz on the eighth day of each month.

TWO AMERICAN SHIPS REPORTED IN TROUBLE

London, March 11.—The American steamship East Cape, which went ashore at Gross Vogelstrand, arrived at Hamburg, March 3, with her hold badly damaged, decks burst and the main steam pipe broken, according to a message received here. The vessel sailed from New Orleans and Norfolk.

The American steamer Red Mountain, Galveston for Havre, was towed into St. Michael on Tuesday by the American steamer Elmsport, bound from Norfolk for Havre. The boilers of the Red Mountain were reported defective.

DOCKWORKERS' WAGES.

London, March 11.—(Canadian Press)—At an industrial court inquiry into the dockworkers' new demands, it was stated that their wages were already high, that 50 per cent. of the Gravesend bricklayers were now working in the Tilbury docks and would not return to their own trade. This assertion was denied by the trades union concerned.

Chinese Coolies Made A Disturbance at William Head Station

Trouble Over Fellow-Countrymen Caused Difficulty; Outbreak Was Quelled by Commandant's Address

Yesterday a number of Chinese coolies, who had made a determined attempt to escape from the William Head cantonment, were finally rounded up and herded back within the encampment fences. About 8,500 Chinese coolies are at the William Head encampment and when the attempt occurred it is reported that many succeeded in breaking away from the strongly barricaded enclosure.

Rioters Scattered.

The guards were insufficient to stem the onrush and the leading forces of the mutiny succeeded in getting out into the surrounding area. The report cannot be confirmed, but one of the military guards was injured as the Chinese broke for freedom. The cause of the outbreak is believed to be a dispute between the coolies and a Chinese sergeant.

Order Prevails.

It was stated, however, order now prevails at the camp. Large numbers of Chinese, forming part of the British labor corps which served behind the lines in France during the war, have been arriving at the William Head station recently.

Last of Army.

The coolies now at William Head are the last of the thirty odd thousand which have been sent through Canada from Europe, the British Government having recently decided to ship the balance of the eighty thousand back to China by the Suez route.

May Have Daylight Saving Here Again.

Civic Authorities Will Consider Matter If General Expression Forthcoming

Victoria may have daylight saving again this year regardless of what the rest of the country does in the matter. The City Council already has gone on record in favor of the system, and it is confident that its attitude is backed by an overwhelming force of public opinion here. If there is a general expression of sentiment in the matter the Council, Mayor Porter intimated to-day, will take into consideration the advisability of putting Victoria clocks ahead an hour, as is being done in Vancouver.

The Rotary Club considered the matter to-day, and probably will go on record in favor of the system at its next meeting. Action by the Rotary Club, it is thought, would pave the way to a general movement in favor of the plan, which then would be considered by the civic authorities.

Exponents of the system claim that Vancouver Island could have its clocks ahead an hour this Summer regardless of the rest of the continent. The schedules of boats to the Mainland, it is argued, would not have to be altered on this account, their times of departure and arrival being adjusted accordingly.

WOULD STOP LUMBER SHIPMENTS TO U. S.

Prince Albert, March 11.—The annual convention of the Great War Veterans' Association of Saskatchewan yesterday, resolved to petition the Dominion Government to take immediate steps toward placing an embargo on shipments of Canadian lumber into the United States, or at least to restrict the lumber exports.

The present housing scheme received at the first session yesterday, delegates claiming that in effect the scheme was not in existence in any part of Canada. A resolution was adopted urging the Dominion Government to make provision for housing loans through the machinery available in the Soldier Settlement Board.

SCOTCH WHISKY FOR CANADIANS

Firm Says Canada Would Take More Than Scotland Can Supply

London, March 11.—(Canadian Press)—A special correspondent of The Daily Graphic says that the only way Scotland is likely to go dry is by Canada draining her of whisky. A greatly increased area being sown with barley and the correspondent declares he has seen evidence in the hands of a whisky exporting firm that Canada is prepared to take more whisky than Scotland can supply.

"Vancouver, for instance, has been getting hundreds of cases a month from one firm alone and the city is 'send us more,'" says the correspondent.

According to the correspondent, a Scotch distiller scoffed at the idea of prohibition in Scotland, adding: "Prohibition in Canada is a farce and we have a splendid market there for more whisky than we can spare."

NOTE TO GERMANY FROM THE ALLIES

Paris, March 11.—The Council of Ambassadors decided to-day to send the German Government a very firm note demanding immediate application of the penalties provided for the outrages suffered by officers of the inter-Allied commission to the Baltic States during the German evacuation of this region, which have hitherto been delayed.

The Council decided to demand again that the Government at Berlin order the evacuation of Rakvere, which is still occupied by the Jugo-Slavs contrary to the provisions of the Conference.

SHOT SEVEN PEOPLE.

Ketchikan, Alaska, March 11.—Nick Demmar, a Greek, ran amuck aboard the Alaska passenger steamer Admiral Evans here, shot seven persons and took his own life. All the wounded will recover.

AFRICA MARU BOUND HERE.

The O. S. K. liner Africa Maru sailed from Hongkong March 4 for Victoria via the regular Chinese and Japanese ports. Outbound from this port to Tokyo steamer Maru arrived at Yokohama March 2.

JAPANESE TROOPS TO LEAVE SIBERIA

Honolulu, March 11.—The Japanese Imperial Council, having decided upon Japan's fundamental policy toward Siberia, will pursue a course of non-intervention and withdrawal of the Japanese expeditionary forces in Siberia under General Narimasa Oka, according to Tokyo statements. The Shinto, a Japanese vernacular newspaper here.

It is a policy of "hands off" Siberia which the internal situation there directly menaces Japan," according to the cable dispatch. Japan will insist upon retaining special privileges in Manchuria and Mongolia, the cable says.

VON ALVENSLEBEN TO SOUTH AMERICA

First He Would Enter British Columbia to Straighten Out Affairs

Vancouver, March 11.—Alvo von Alvensleben, who used to handle the then Kaiser's millions in British Columbia, hopes to recoup his shattered fortunes in South America. But first he wishes to come to Vancouver for a spell, though he realizes that he can not hope to re-establish himself here. He says he is anxious to straighten out some matters for former friends in this Province, and then it will be Rio for him.

Accordingly an application for permission to cross the boundary line will shortly be sent to the immigration authorities at Ottawa.

Changed.

A former member of the staff of The Vancouver Daily Province, now resident in Seattle, met Alvo von Alvensleben there and sends the following account of his conversation with the ex-Kaiser's former friend: "Alvo's imprisonment has left its mark on his face which I am sure could be seen by anyone who has seen him. When he arrived in Seattle Monday he wore a long beard which had grown while he was in the internment camp. On Tuesday he shaved his whiskers and was looking more like his old self. But the old imperious bearing, the dash and bearing of the Kaiser's former friend, were still there. He had many weary hours in Port Douglas prison.

Some Adjustments.

"I would like to make it clear," said Alvo, "that I am not trying to return to Vancouver in an effort to face my creditors and try to straighten matters out somewhat. As a matter of fact, I owe more money in British Columbia than I ever hope to recover from the properties in which I and my clients in Germany were interested. But there are a number of affairs which I am anxious to be settled up and I am anxious to give my former business associates a square deal. I am, under no real obligation to return to British Columbia," he said, "and it would be infinitely easier for me, and save me a lot of trouble, if I went straight to South America."

With a Permit.

"There is nothing to prevent me doing so if I obtain the necessary permit to leave this country."

In a lengthy statement Alvo reviewed the series of incidents which eventually led to his incarceration after the United States went to war. He attributed most of the "misunderstandings" to the fact that a New York reporter quoted him wrongly that he was back in America to serve the best interests of his country as a civilian. He declared Tuesday that he had come back from Germany, at the outbreak of war, in the interests of his business clients to try to save some of their holdings.

An Exile.

During his spell in prison Mrs. Alvensleben and their children lived in Laurelhurst, a Seattle suburb, and Alvo has now joined them. From a remark that he made to the effect that he now looked to South America as a new field for his activities, it would appear that he regards himself as an exile from his former country.

He said he probably would go south as soon as he had straightened matters out in Vancouver.

FOR CHURCH WORK IN WESTERN CANADA

London, March 11.—(Canadian Press)—The Archbishop of Canterbury and the Archbishop of York have issued a statement regarding the closing of their Western Canada Fund, which is now completing about ten years' existence. They say they wish to leave the work on firm basis and propose to hand over the missions and equipment to the church in Canada as a permanent part of its organization, together with a trust fund of £50,000, the interest on which is to be used to maintain a mission and support a body of pioneer clergy, who will leave the work on grants and settlers in the new districts in the West. A special closing service is to be held in Westminster Abbey on June 8 and the gift will be presented by the Bishop of Oxford and the Bishop of Worcester at the great centenary service in Winnipeg on October 13.

TO SHAKE UP HIGH SCHOOL STAFF IF FOUND INEFFICIENT

School Board to Search For Weaknesses When Considering Salaries

The possibility of material changes in the teaching staff of the High School appeared to be foreshadowed by the remarks of Trustee J. L. Beckwith, at the School Board meeting last night.

From a Child Was Constipated

According to the best medical authorities, fully three-fourths of the people of the civilized world suffer in some form from constiveness or irregular action of the bowels.

Stone in the Kidneys and Bladder

is the direct result of impeded or congested kidneys. At the first suggestion of pain in the back in the region of the kidneys you should at once procure a box of

Gin Pills FOR THE KIDNEYS

and avoid the far more painful and dangerous results from the secretion of stones and gravel. Send for a free sample of Gin Pills or get a box from your druggist or dealer, 50c.

Address: The National Drug & Chemical Co. of Canada, Ltd., Toronto U.S. Address: No-Drugs Co., Inc., 202 Main St., Buffalo, N.Y.

PRINCESS

The verdict at the Princess Theatre, as was the case Saturday night, is that "Officer 666" is a first class show.

From the rise of the curtain till the fall, there was one constant ripple of laughter, and cheer after cheer rent the air at the completion of each act, thus establishing another success for Princess productions.

Mr. Hincks' appearance on the stage, was the signal for prolonged applause, and as he has just the part that suits him, imagine how this applause augmented itself as he progressed with his part.

"Officer 666" is one of those plays, wherein all the participants get "a chance." Every part is a good one, consequently each stands on its own merits.

The consensus of opinion is, among those who have been regular patrons of the Princess Theatre, that of all the people who have been associated with the above Dramatic Society, it would be impossible to have selected a cast to render this particular play with greater success than the present one.

Coupled with the name of Mr. Hincks, are Messrs. Allwood and Taylor, the rendering of whose respective parts, are excellent. Mr. Allwood plays with delightful crispness, that at once finds favor with the audience, whilst as the cool scheming crook, Mr. Taylor, portrays clever character study.

Miss Butler gives a very charming interpretation of the part of the heroine, and Miss Stewart-Robertson ably sustains the interest of the subsidiary role story.

The whole production is worthy of big patronage, and if the theatre-going public of Victoria can be induced to witness "Officer 666," it is an assured thing, they will soon be requesting the staging of another Princess play.

INFLUENZA OVERTAKES ALASKA OIL HUNTERS

Seattle, March 11.—Influenza has appeared among the scores of Alaskans who stampeded to the Katalla, Alaska, oil fields, when President Wilson signed the oil land leasing bill recently, according to reports received by the United States coast guard cutter Algonquin, with medicine and doctors, has left Juneau for the oil fields.

PALE, WAN CHEEKS A SIGN OF ANAEMIA

To Have Good Color and Health the Blood Must Be Kept Red and Pure.

Many women who had good color and bright eyes in their girlhood, pale and wan cheeks, and a loss of much of their charm when they become wives and mothers. Why is it? When the fading color in the cheeks and the sunken eyes are accompanied by brightness in the eyes and an increasing heaviness in the step and a tendency to tire easily, the cause is to be sought in the state of the blood.

Who Superior? Pursuing his theme Mr. Pauline said that the appreciative of the fact that Saanich neither could nor desired to dictate. Its interests in the matter were more or less in the line of self-preservation and while the two cases, that of Victoria and Saanich, were still the subject of negotiation between the parties interested he was hopeful that an understanding would be reached without discord.

AMERICAN SUGAR MEN MAKE BIGGER PROFIT

New York, March 11.—Net earnings of the American Sugar Refining Company for 1919 were \$15,250,813, against \$12,587,487 in 1918, according to the annual report just issued.

The volume of business amounted to \$200,000,000, an increase of about \$100,000,000 over 1918, but the operating profit remained at about a per cent.

Statistics accompanying the report state that consumption of sugar in the United States for 1919 exceeded 4,000,000 tons, for the first time.

at the Theatre ROYAL VICTORIA

AMUSEMENTS TO-DAY

Princess Theatre—"Officer 666." Pantages—Vaudeville. Dominion—"German Submarine U-35." Variety—"Checkers." Columbia—D. W. Griffith's "Hearts of the World." Romano—Alfred Allen in "His Divorced Wife."

DOMINION

How many ex-doughboys while they were in the early training camp stage found themselves mixed up in a screamingly funny entanglement and made the remark, "Gee, they ought to put this in the movies." Well, Mr. Robert Rhinehart wrote a story for a popular magazine called "Twenty-three and a Half Hours' Leave" about a happy-go-lucky cavalry sergeant who made a bet that he would eat breakfast with his colonel—and he did it. A million or so readers laughed at the story and now the veteran producer, Thomas H. Ince, has made a motion picture out of it for his latest pair of stars, Doris May and Douglas McLean.

VARIETY

The scene is a race track, the horses are at the post, and after three false starts get under way. In the home stretch two of them fight for the lead, nose and nose, and in one of the greatest racing scenes ever witnessed, unknown to the world, ridden by a girl jockey, dashes under the wire as a winner.

CHECKERS

That is but one of the many thrilling scenes in "Checkers," the well known picture which has been made into a big special moving picture by William Fox for a run at the Variety Theatre. It is a masterful production, rich in romance and action, and of unusual sensation. It carries a strong heart interest throughout and is ably presented by an all-star cast, which includes Thomas J. Carrigan, Jean Acker, Ellen Cassidy, Robert Egan, Tammany Young, Bertram Marburgh and Ed. Sedgwick. It was directed by Richard Stanton.

ROMANO

Alfred Allen, dean of character actors, who appears with Monroe Salisbury in "His Divorced Wife," now playing at the Romano Theatre, holds degrees from Harvard, Columbia and Johns Hopkins. Allen entered motion pictures four years ago and achieved immediate success. His best remembered work as "Hall Morgan" in "Hell Morgan's Girl," with Dorothy Phillips. In his off-stage moments he writes scenarios, plays the speaking part of Nurse in "The Man in the Moonlight," "His Divorced Wife," a story of the Kentucky mountains, concerns Ash Whipple, the village blacksmith, and Nancy Haws, the belle of the community.

COLUMBIA

In "Hearts of the World," the big Griffith picture at the Columbia this week, "The Village" is shown first in peace, no suspicion of a war cloud ruffling the jog trot of its quiet life. It has its dear old people, its lovable, rollicking young folk, its miniature its lovers. It is, in fact, the love interest running through the whole story that fascinates the audience, each individual of whom feels that it is not so much the fate of France that matters to him as the fate of "The Girl," the adorable little mademoiselle, and "The Boy," clever young soldier and later a gallant soldier of France. The outcome of the main love story—for there is another one—is withheld until the last few feet of the film, and ending are as a rule a matter of taste, and there might be two opinions on leaving the lovers in the supreme moment of their reunion or following them, as Mr. Griffith does, to the consummation of their happiness, but his method of leading up to the final denouement is unique and full of suspense. The second romance contains about one part pathos and ten parts comedy, a welcome feature in a typhoon of tragedy.

PANTAGES

One offering, that of Neil McKinley, on this week's bill at the Pantages Theatre, is an illustration of the fact that a jester is usually a wise man. Whether Neil McKinley is a wise man may be left to perhaps, his wife, but there is no doubt that he is a very clever one. Practically the first of the "nut" comedians, he is the best and funniest of all the exponents of that difficult variety of foolery.

SAANICH BILL IS BEFORE LEGISLATURE

Mr. Pauline Hopes Victoria and Her Neighbor Will Be Friends Legislative Press Gallery, March 10, Admitting to the Legislature that certain clauses of his bill were more or less in conflict with some of the provisions of the Victoria measure now before the Private Bills Committee, F. A. Pauline, Government member for Saanich, expressed the hope that it would be possible to come to an amicable solution in order that neither interests would suffer through lack of appreciation of conditions obtaining in both localities concerned.

Making Merry

At Mealtime, Means Good Appetite, Good Digestion, Good Cheer and Stuart's Dyspepsia Tablets

Do You Use Them? If Not, Why?

To sit back after a good meal and know there is not going to be sour risings, gas, drowsiness and discomfort is the logical result of using Stuart's Dyspepsia Tablets immediately after eating. Most people believe they can trace each attack of indigestion to the something they ate and can still "taste" it. And it surprises them, invariably, to note how quickly relief comes after using one or two of these tablets. Whether it is a heavy seasoned food, rich pastry, the heavy hearty foods or some one particular offender the relief comes just the same. Those who are susceptible to attacks of indigestion or dyspepsia should try Stuart's Dyspepsia Tablets as they supply the stomach with an alkaline effect just as it does naturally when it is working in a perfectly healthy condition.

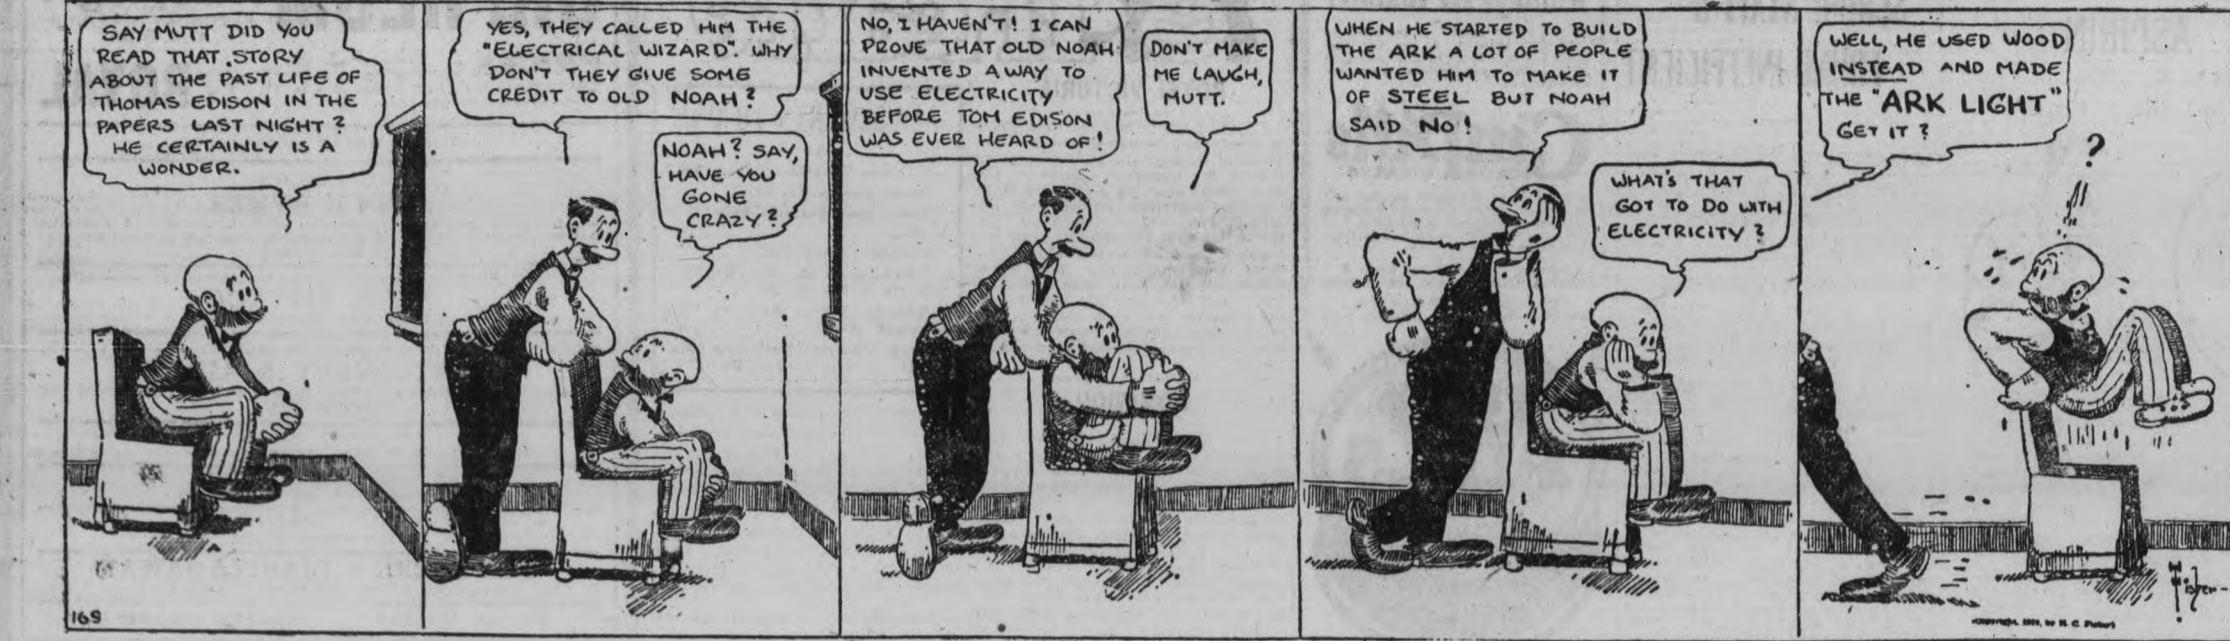

A glance around the table will likely indicate one or more who plainly look as if they anticipated the dyspeptic's mournful assemblage of distresses shortly after the meal is finished. Many a bon vivant, however, has learned how to leave the table in a happy frame of mind by the use of Stuart's Dyspepsia Tablets immediately after eating. And whether it was rich soup, pastry, cheese, or dishes usually rated as "heavy," these tablets contain ingredients that digest food, assist the stomach in the work of digestion and supply the alkaline effect that the stomach requires. Thus before you conjure up the troubles that ordinarily would follow eating some favorite dish, try this plan of avoidance. Or if the trouble is already doing its worst get a 50 cent box of Stuart's Dyspepsia Tablets of any druggist and note how gently and smoothly your stomach settles down to good behavior.

FRANCHISE BILL AT OTTAWA TO-DAY

Government's Measure Introduced This Afternoon by Hon. Hugh Guthrie. Uniform Franchise in Dominion; Method of Preparing Voters' Lists. Ottawa, March 11.—(Canadian Press)—Hon. Hugh Guthrie introduced the Franchise Bill in the House this afternoon.

CANADA'S ADVANCES TO OTHER NATIONS

Figures of Transactions Given in Ottawa House of Commons. Ottawa, March 11.—(Canadian Press)—A. L. Desaulniers was informed in reply to a question in the Commons yesterday afternoon that the advances of Canada since November 11, 1918, to foreign countries were as follows:

Italy's total advance, \$6,003,301.20, interest being payable half-yearly at 5 1/2 per cent. in Canadian dollars. The principal must be repaid by December 31, 1923. France.—Under agreement of May 15, 1919, the Dominion agreed to advance up to \$25,000,000 for purchase in Canada of Canadian products during the period ended December 31, 1919.

Roumania.—Advance of \$25,000,000 for purchases in Canada. The total advances, including contracts entered into and still unpaid, amount to \$22,542,237.76. The Roumanian Minister in London has deposited a bond for \$25,000,000 to cover the advance.

CHARGES AGRICULTURE COURSE IS NEGLECTED

School Board to Investigate Complaints, and Support Course or Abolish It

Determined either that the course shall have full support or be abolished, the School Board decided last night to have a committee investigate the agricultural studies which are being pursued by a number of pupils of the High School under the direction of H. E. Hallwright.

Action on the matter arose out of a communication from Mr. Hallwright, who complained that he was not receiving the support he considered he deserved in his work. On many occasions, he said, the lack of sympathy on the part of the school authorities had been made plain to him, and he felt that there should be a change if the course were to be continued. As a result of these conditions no very encouraging progress or growth in the agricultural course could be expected, and he declared that, as a matter of fact, the number of pupils taking the course had remained practically stationary.

"The Board has never shown any sympathy in this work," asserted Trustee Captain Aitken. "Either give him full support or cut the course out altogether. He is a very conscientious man, and deserves consideration. Trustee Dr. Raynor agreed that the agricultural course was a very essential one. It was vitally necessary, he thought, that the boys and girls of the country be brought up to the business of agriculture. The matter about which Mr. Hallwright had complained should be investigated, and he should be afforded the utmost sympathy in his work, or the course should be dropped.

The committee appointed to look into the matter will investigate the whole situation immediately.

REFUSED SUPPLIES FOR BRINGING IN CHEAPER SUGAR

Spencers Had Difficulty in Vancouver When Imported Grades Were on Sale

How David Spencer, Ltd., were struck off the B. C. Refinery sugar list because they dared to import foreign sugar to be retailed to consumers at a lower cost, was told to the Legislative Sugar Investigating Committee in the sworn evidence of William Ward Ellis, buyer for Spencers in Vancouver yesterday.

Mr. Ellis explained in detail how Spencers before the war got their sugar supplies for their retail grocery department in large quantities from the B. C. Refinery. Seeing a chance to put sugar on the market at a lower price than was possible with the Vancouver factory's product, Spencers imported a lot of sugar that was refined in China instead of Vancouver.

This sugar they put on sale at one cent a pound less than the Vancouver product. Immediately they were stricken off the Refinery's list. After that when they wanted B. C. sugar they had to buy it at higher prices through wholesalers and commission men.

Paid the Penalty.

"As that the penalty price you paid for having brought in Chinese sugar," asked Chairman M. B. Jackson, M. P., of the committee.

"I think so," replied Mr. Ellis. "When that sugar came in and we placed it on sale at one cent a pound cheaper so that the public would get the advantage, they had handbills printed which they handed out in front of our store warning people not to purchase any of our Chinese sugar. Men even came into the store and distributed these handbills to customers until we invited them out."

"It is a most peculiar thing that when Spencers imported this Chinese sugar they were immediately stricken off the Refinery list," said R. H. Pooley, M. P., a member of the committee.

Refinery Must Explain.

Mr. Ellis was instructed to furnish the committee with the dates and full particulars of the picketing that went on around the Spencer store in the effort to stop them bringing in cheaper sugar.

Officials of the B. C. Refinery are to be summoned before the committee next Monday to explain their object in trying to keep out lower-priced foreign sugar.

To Meet Situation.

Mr. Ellis testified that his firm, to meet the present sugar famine, has just bought 750 sacks of South American granulated sugar at \$18.50 per hundred, to arrive in three weeks. Other purchases to arrive in a couple of weeks include 150 sacks granulated at \$19.25 from the East, 300 sacks of yellow at \$18.55, 100 sacks yellow at \$18.65 from Montreal, 300 sacks granulated at \$19.75 from Montreal.

Brokers Had Sugar.

Richard George, wholesale buyer for the Hudson's Bay Company, Vancouver, told of how a Vancouver broker last Fall offered him eighteen sacks of sugar which he bought for \$13.65 per hundred pounds. The prevailing price for British Columbia sugar at that time was \$11 per hundred.

Mr. George explained that the sugar he bought from the broker was Chinese white granulated and was bought for the firm's candy factory only. He testified that there has been some Chinese granulated sugar on the market in Vancouver in the hands of brokers.

VON ALVENSLEBEN IS BUSY AGAIN

Plans to Recoup Fortune; Wants Confiscated German Investments Returned

Alvo von Alvensleben, reputed special agent and financial advisor of the Kaiser in this country before the war, is back in Seattle, whence he announces he will launch a legal battle to recover from the Canadian Governments the vast expenditures of money he invested here, most of which were seized by the British Columbia Government during the war.

Von Alvensleben has just been released from Fort Douglas prison and internment camp at Salt Lake City after spending three years in custody of the United States Government as an enemy alien. The first thing he did upon getting out of prison was to buy himself a stylish Spring suit and get his dark moustache close-cropped after the prevailing style of the man of fashion.

Reports to Parole Officer.

As soon as he reached Seattle he walked into the offices of the Department of Justice and reported to Frank L. Garbarino, special agent. As he is subject of the parole statutes of the United States Government he is required to report regularly to the Department.

Von Alvensleben was accompanied by his wife. He said he plans to take up his residence in the Laurelhurst district of Seattle. He will not attempt to enter British Columbia just yet.

In seeking to recover the investments in British Columbia, Von Alvensleben declared that he was representing his "clients." Federal officers did not inquire of him whether Wilhelm Hohenzollern, former kaiser and now a resident of Holland, is one of them.

Arrested in 1917.

Von Alvensleben is said to have brought between \$6,000,000 and \$8,000,000 to British Columbia before the war, investing in mines, timber and canneries. His biggest purchase

structions from the attorney-general on August 15. A few days later he was interned at Fort Douglas, Utah, where he has remained up until last Saturday.

Will Dicker From Seattle.

Inasmuch as the country is technically at war, Von Alvensleben is still considered a United States prisoner on parole. As such he will be compelled to arrange for some person to stand responsible for his actions and will have to report at regular intervals.

No effort will be made by him, he says, to cross into Canada, and it is his present plan to carry on negotiations from Seattle with the custodian of enemy alien property and moneys in Canada. Prior to his arrest in Seattle he was a resident of Vancouver, B. C. Two of his brothers served in the war, one being killed. A third brother Bodo was arrested in Gibraltar in 1914 through a warning sent to London by the late Sir Richard McBride.

These come in neat stripe effects; very popular for Spring and Summer Suits and separate Skirts; twenty-nine inches wide. Per yard\$1.10

CITY STILL ALLOWS DUMPING OF RUBBISH ON SCHOOL GROUNDS

Complaint that the civic authorities were allowing rubbish to be dumped on the Victoria West School grounds was made for the second time at the School Board meeting last night by Trustee Captain Aitken.

"They are still dumping all sorts of rubbish there—beds, straw, bottles and what not," Capt. Aitken explained. "I think that complaint should be made to the City Health Committee on the subject."

"With the suggestion that the rubbish be dumped on Johnson Street," remarked Trustee Beckwith jocularly.

At Capt. Aitken's suggestion a letter protesting against the dumping of rubbish on the grounds will be sent to the Civic Committee.
