Canada-West Indies Conference Planning An Increased Trade

Delegates Have Practically Completed Work at Ottawa; Extension of Steamship Services and Preferential Tariffs Part of Scheme Put in Shape.

Ottawa, June 10.—(Canadian Press)—The Canada-West Indies Conference has practically completed its work. Tentative agreements, it is understood, have been reached between the Canadian and West Indian delegates, looking to a wide extension of trade. The agreement, it is said, provides for:

1. Extension of the preferential steamship service between Canada and the West Indian ports reached by private and the Canadian Government lines.
2. Extension of the preferential tariffs between Canada and the British West Indies.
3. Increased cable facilities.

In regard to preferential tariffs, the West Indian delegates have been asking for an increase in the reciprocal preference from the present twenty to fifty per cent., with free foodstuffs this way. So far as such service is concerned, it is understood the West Indian delegates expressed a willingness to bear part of any loss occasioned by the routing of Canadian Government steamships to islands not now in direct connection with Canada.

Board of Commerce Asks Its Future Be Made Clear

Ottawa, June 10.—(Canadian Press)—Declaring that the operation of civil service regulations has prevented it from carrying on effectively, the Board of Commerce in its first annual report, made public to-day, asks the Government for a conference on the method in which the Board will be operated for the future, if at all.

The Board asks for release from the necessity of accepting experts nominated by the Civil Service Commission, which would go for recommendation of such experts to the very interests the Board is charged with the duty of investigating. It declares its conviction that the Board's first duty is to the consumer, and points out that the larger functions vested in it by the Combinations and Fair Prices Act, the investigation of combines and the general supervision of trade processes cannot be carried out without an expert and trustworthy staff.

Expressing their indifference from the personal standpoint on the question of whether they remain Commissioners of the Board of Commerce or not, the Commissioners ask the Government to declare its intentions with regard to the Board, so that they may settle the question of their respective futures.

The present Commissioners, W. F. O'Connor, K.C., and James Murdoch, dissent from the opinion expressed by the ex-Chief Commissioner, Judge H. A. Robson, that the operations committed to the Board are impossible of operating. Given the proper staff, the report might be summed up as saying, the Board of Commerce will undertake to deal with anything from a continent-wide combine in restraint of trade, to a corner grocer profiteer.

The report states that civil service regulations enacted November 10 last have operated to seriously impair the success and usefulness of the Board, and eventually they will destroy the Board. Asking that the Board be restored to the position it occupied when the present Commissioners took office, the Board states that it has not yet been permitted even effectively to commence operations. The Board was created in the interest of the consumer primarily, the report says, and while it is prepared to guard alike the interests of the manufacturer, wholesaler, retailer or consumer, but it has always clearly recognized that paramount consideration must be given to the interests of the consumer.

Newsprint Situation May Result In Legislation
Ottawa, June 10.—The Government has been unsuccessful in its efforts to secure assurances of continued supplies for Canadian newspapers now facing suspension owing to inability to get newsprint although quite prepared to pay the current contract prices for export to foreign countries. Legislation, conserving for Canada the domestic requirements of newsprint, seems to be only possible solution of the present crisis.

Two points are being emphasized by the Canadian publishers—that the total Canadian requirements are less than fifteen per cent. of the Canadian production and that no favor is being asked as regards price. As a slight on their own position, Canadian publishers threatened with suspension are citing the fact that certain individual publishers in the United States are each securing from Canada almost as much newsprint as is required by all the daily newspapers of Canada put together.

JAMAICANS WANT MODIFIED FORM OF SELF-GOVERNMENT

Kingston, Jamaica, June 10.—Establishment of an extended constitution in Jamaica which will include a modified form of self-government is to be asked of Great Britain. The Executive Council has appointed a committee to draft an address to the King in which the request will be contained.

IMMIGRATION HEAD RETURNS TO DUTY

Samuel Reed, Superintendent of Dominion Immigration here, is back at his desk at the immigration Building, after an illness of several weeks' duration. He recently underwent an operation and is now completely recovered. The genial immigration officer was warmly welcomed by the shipping fraternity as he boarded the liner Mexico Maru to-day.

League Plank for U.S. Republican Convention

Chicago, June 10.—While awaiting the report of the platform committee, the Republican National Convention held a brief session this morning and then, much to the disappointment of the galleries, took a recess until four o'clock this afternoon. When the Convention assembled the platform committee was engaged in the struggle over the plank on the peace treaty and it looked as if much time might be lost. There was a consideration of plans to go ahead with nominating speeches while awaiting the platform report, but there was objection to that and it was abandoned.

While the Convention managers were debating what to do the word came down town that the platform sub-committee had agreed on a report and a few minutes later Senator McCormick of Illinois, one of the sub-committee members, appeared on the speaker's platform and announced that a unanimous agreement had been reached by the sub-committee, which promised union of the party and victory in November.

Grane Accepts It.
The plank was said by the sub-committee members to be wholly acceptable to former Senator Crane, of Massachusetts, leader for the mild reservation group, and its acceptance would remove the only obstacle to speeding to a conclusion the work of the National Convention.

CHARLES E. CAMSELL, VANCOUVER, GIVEN POST AT OTTAWA

Vancouver, June 10.—Charles E. Camsell, of the Dominion Geological Bureau, Vancouver, has received the appointment of Deputy Minister of Mines for Canada, according to word received here to-day from Ottawa.

ITALIAN SOLDIERS ARE CAPTURED BY ALBANIAN WARRIORS

London, June 10.—Fifteen thousand Albanian insurgents attacked the Dunkati Bridge on the Vovusa River, and captured a party of Italian carabinieri, according to a dispatch from Rome to The Central News to-day.

IT'S DUTY

The Board has not tried to please," the report says. "It has merely tried to perform its duty, in that performance it is aware that it has made many enemies. The Board has no regret. The present Commissioners have no intention of amendment. The Board's duty is to execute the law, whether well or ill-conceived, which has been delivered to it for execution. It is the personal standpoint the present Commissioners are totally unconcerned whether the Board shall or shall not be continued. Guided by Principles. If the Board be continued and the present Commissioners remain in office, they will endeavor to execute their duties guided by the principles which previously actuated them and which are here set forth, but they would again point out that to attempt to continue to operate this Board under the conditions which have prevailed since November 10, 1919, would be futile. Therefore, the Board requests an early conference with the Governor-in-Council as to the mode of operation." (Concluded on page 4.)

Six-cent Fare in Vancouver to Remain Until Then

Ottawa, June 10.—(Canadian Press)—Six-cent fares on the British Columbia Electric Railway are to be maintained at least until the Public Utilities Commission of the Province has had a chance again to hear arguments on the matter. This is the effect of a decision reached by the Railway Committee of the Commons to-day.

NATURALIZATION ACT TO BE CHANGED

Secretary of State to Be Given Discretion Regarding Teutons

Ottawa, June 10.—The Minister of Justice will shortly introduce a bill in the House to amend the Naturalization Act. The chief provision of the bill, it is understood, will deal with the ten-year clause adopted in the Act of last year, which has aroused so much controversy. Under the clause, persons of enemy alien birth are barred from obtaining naturalization certificates for ten years from the declaration of peace.

POLAND ABOUT TO SEND PEACE NOTE TO SOVIET RUSSIA

Warsaw, June 10.—(Associated Press)—Poland will send a peace note to the Russian Soviet Government within a few days, according to newspapers here. The proposal will be handled by Premier Skuski, who is empowered to act in behalf of the Government, which framed its new note on June 4.

PREMIER AND MAYOR WILL CONFER UPON GRADING OPERATION

Incident to an early commencement upon the grading of Johnson Street as a preliminary to the construction of the new bridge, Premier Oliver and Mayor Porter, attended by City Engineer Preston, will confer at the Parliament Buildings to-morrow morning and dispose of the necessary details. Consequent upon a satisfactory arrangement having been reached grading operations will be commenced in order that this phase of the undertaking shall be in readiness for work upon the structure proper at a later date.

Tomorrow will be devoted to further drives, followed by the Rotary Club luncheon at Caledonia Hall. New Rotary songs will be sung. At 2:15 the return to the Mainland will be made. (Concluded on page 12.)

COMMITTEE WORK PREVENTED SUPPORTERS OF GOVERNMENT MEETING TO-DAY

Ottawa, June 10.—(Canadian Press)—Pressure of other committee work was responsible to-day for postponement of the gathering of western supporters of the Government in the Commons to consider the marketing of the 1920 crop, and the policy to be pursued in regard to natural resources.

It is understood that several members have written asking the committee to hear them. The committee has reached no decision on this point, however.

EXCEEDED POWER

Ottawa, June 10.—Hon. R. Lemieux again called attention in the Commons yesterday afternoon to press reports that two young men from near Sherbrooke, Que., sentenced to twenty-five years' imprisonment and released on writs of habeas corpus, had been re-arrested.

SENATE REJECTS GOVERNMENT BILL

Hon. C. J. Doherty, Minister of Justice, said the men had been re-arrested on the instructions of the Attorney-General of Quebec, working in co-operation with the officers of the Department of Justice. It was held that the judge who issued the writs of habeas corpus had no jurisdiction so to nullify sentences imposed by the Court of King's Bench.

MONTREAL MAY HAVE A CITY MANAGER

Montreal, June 10.—By an almost unanimous vote the Montreal charter commissioners are for making radical changes in the system of city government. Yesterday they expressed their opinion, with but one or two of the fourteen members present dissenting, in favor of the appointment of a city manager, of compulsory voting, of proportional representation, of the referendum and recall, and of the abolition of the ward system, to be replaced by districts varying in number from one to three, with a maximum of five districts.

ISLAND MOTORISTS MET IN NANAIMO

Five Associations; Various Matters Discussed; Next Meeting in Victoria

Nanaimo, June 10.—Six million dollars of capital and \$3,500,000 of yearly cost were represented, according to the statement of the president officer, Dr. G. B. Brown, at the second annual convention of the five Vancouver Island automobile associations held in the Oddfellows' Hall here yesterday afternoon. Uncertain weather affected the attendance somewhat, but nearly fifty motorists spent two hours in the discussion of automobile affairs. Victoria was chosen at the invitation of G. D. Christie as the next place of meeting, the claims of Courtenay and Alberni, the latest associations to be organized, being postponed.

Changes In Luxury Tax Scheme Are to Be Made

Altered Details Outlined in House of Commons by the Finance Minister; Boots and Clothing to Be Taxed Fifteen Per Cent. Excess.

Ottawa, June 10.—Important changes in the luxury taxes are pending. In the House last night Sir Henry Drayton, Minister of Finance, indicated some changes he intended to propose. In brief they are:

(a) Boots and essential articles of clothing to be taxed fifteen per cent. on the excess instead of ten per cent. on the total selling price.

(b) Expensive furniture, walking sticks and expensive china to be subject to the luxury tax. They were not previously included.

(c) Exemption limited increased on furs, coats, caps, muffs, neck-pieces, robes and rugs.

(d) Modifications in the taxes on sporting goods, velvets, lace and braid, ribbons and carpets.

Sir Henry did not give formal notice of his proposed amendments. This will be given later. He also made it clear to the House that the speech would be still in force for the present. "Nothing said to-night," he declared, "will alter the present law until the resolutions have passed the House."

Consideration of the proposed changes was deferred until to-day, but the procedure aroused some criticism. Dr. Clark, Red Deer, said that the Minister of Finance if the budget proposals were to be taken as serious proposals. Now, the Minister was giving a whole list of alterations in detail.

To this Sir Henry replied that no changes in principle were proposed. Certain luxuries were to be included, which were omitted from the original resolution. They were proposed in deference to suggestions received.

Boots and Shoes.

Sir Henry suggested that the tax on boots, shoes, pumps and slippers might be raised from 10 to 15 per cent. on all costing more than \$9, the tax to be figured on the excess over \$9 instead of the total cost of the articles.

"Will crumpled boots be exempted?" asked Dr. Clark.

"They are still exempted," Sir Henry replied.

"Are the profiteers always crumpled?" asked Dr. Clark.

"Well," Sir Henry replied, "the present process is described by some as crumpling them very severely, so much so that they will not be able to carry on business in the near future with any profit."

Clothing.

Sir Henry submitted a further amendment in regard to essential articles of clothing. Instead of ten per cent. on the total cost, the tax on the following articles, if the suggestions were adopted, would be fifteen per cent. on the excess:

Trousers (not including undergarments) in excess of \$12 per pair.

Coats, men's and boys', sold separately from suits (not including leather coats lined with sheepskin) in excess of \$25 each.

Cloth overcoats (men's and boys', women's and misses'), in excess of \$30 each.

Waistcoats, men's, sold separately from suits, in excess of \$5 each.

Suits, separate from dresses (except silk) in excess of \$60 each.

Coats (women's and misses') sold separately from dresses (except silk) in excess of \$35 each.

The further stipulation was made that on articles of clothing, the selling price of material and the cost of manufacture, when sold separately, should be considered for determining the selling price.

No change, Sir Henry added, was proposed on articles which might be regarded as an extravagance entirely within the control of the purchaser.

Walking Sticks.

Sir Henry proceeded that he proposed to include walking sticks as subject to the luxury tax.

Fur coats would be exempted up to \$200 value, instead of \$100 provided in the original resolution.

Mr. Euler interrupted to ask, in what instances taxes would be paid on the excess only.

Sir Henry replied in the cases of clothing he had previously mentioned.

The exemption on winter fur gloves would be increased to \$15; on fur caps to \$15; on muffs and neck pieces to \$35, and on robes and rugs to \$50.

Knitted sweaters and sweater coats had not been included in the original resolution. It was proposed to include them now.

POPULAR TRAVELING MAN GAINS 25 POUNDS

Says Tanlac Has Completely Relieved Him of Indigestion, Headaches and Nervousness.

"Yes, sir, it's a fact. I have gained every ounce of twenty-five pounds and am feeling like a new man since I started taking Tanlac," recently declared C. G. McKenzie, popular traveling salesman, representing the Bradley, Garretson Co., of Toronto, and residing at 378 York Avenue, Winnipeg.

"For several years I suffered so with indigestion that I couldn't eat a thing but what it would sour on my stomach, and a bitter tasting fluid would come up into my mouth after-wards. Then what I had eaten would ferment and cause gas that bloated me up until I could hardly breathe, and my heart would beat so wildly that I thought I must have serious trouble. I came to dislike the hearty light of food and even the smell of it would nauseate me. I fell off in weight until I was as thin as a lath. I was always having headaches that had so little energy that it was only by sheer will power that I was able to keep going at all. My nerves were in such a state that the slightest

noises would make me jump as though I had been shot at, and I couldn't sleep at night and often had to get up and have a smoke to try and quiet myself down a bit. I must have spent hundreds of dollars on various kinds of medicines that were recommended to me, but none of them seemed to meet my case.

"Then one day I read in the papers the statement of a man whose symptoms were just about on all fours with my own, and in which he told how Tanlac had brought him complete relief. On the strength of his recommendation I bought a bottle and it toned up my appetite right from the start. By the time I had finished the second bottle I couldn't eat enough to satisfy me, and noticed that I was putting on weight fast. I have taken five bottles in all, and I want to say that I never felt better in my life than I do at the present time. I never have a sign of indigestion, headaches are a thing of the past, and my nerves are as steady as a die. I sleep like a rock every night and get up in the mornings feeling full of pep and go. As I've already said, I have gained fully twenty-five pounds in weight and feel like a brand new man. Tanlac is certainly a grand medicine."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas, and Lang's Drug Store, Esquimalt Road.

EX-SOLDIERS.

Ottawa, June 10.—A five-year exemption for returned soldiers from taxation under this year's budget is proposed in a resolution to be submitted to the House Friday by Hon. R. Lemieux.

The itinerary follows: Saturday, June 12, leave Duncan 9.00 a.m. for Ladysmith and Nanaimo. Lunch at Nanaimo. Leave for Alberni 3.00 p.m. Dinner and stay all night.

Sunday, June 13, leave 9.00 a.m. for Parksville. Lunch at Parksville. Leave 3.00 p.m. for Union Bay, then on to Courtenay for dinner and stay all night.

Monday, June 14, spend time motoring around Courtenay and Cumberland. Lunch at Parksville; dinner at Nanaimo.

Arrive Vancouver Tuesday morning. The purpose of this tour is to become better acquainted with the business men of the various districts which will be covered by the excursion.

It is expected that approximately fifty prominent wholesalers of Vancouver will make the trip.

PROMINENT MEN AT DUNSMUIR FUNERAL

Lieutenant-Governor Prior, Premier Oliver, Mayor Porter and Alderman Todd attended the funeral of the Hon. James Dunsmuir, former Premier and Lieutenant-Governor, at Christ Church Cathedral yesterday afternoon as the representative of the Province and the city.

Lieut.-Col. W. W. Foster, A.D.C., to the Governor-General, represented the Duke of Devonshire.

Only members of the family, those employed on the Hatley Park estate and personal servants were members of the funeral party. It took several cars to bring the employees to the church from the Colwood home.

There was no address at the church. The full choral service was led by Dean Quantin assisted by the Rev. F. H. Patt, the Rev. T. M. Hughes and the Rev. L. A. Knight.

The choir consisted of the 20th Psalm. Among others who gathered at the church were: the Hon. T. W. Paterson, Mr. Justice Eberts, the Hon. Robert Beavan, Col. Humble and Mrs. Humble, Col. Harvey, J. S. H. Muskett, R. S. Day, J. S. H. Matson, B. J. Perry, W. H. Price, G. H. Dawson, H. Goulding Wilson, ex-Alderman John Harvey, Mr. and Mrs. C. W. Cadmore, Jr., Miss Innes Bodwell, Miss Lawson and Joseph A. Sayward. The church was filled.

MILITARY DISTRICT NOTES.

The post vacated by Lieut.-Col. Hitchin, who has been transferred to Toronto, has now been filled by Lieut.-Col. C. E. Tooley, formerly paymaster of this district, who arrived recently from the 20th Infantry Battalion in Military District No. 11.

Major S. G. Bacon has been appointed gunnery instructor with the R. C. G. A., with effect from April 1.

Major J. H. McMullin has been appointed in command of the North B. C. Regiment for purposes of reorganization, with the rank of lieutenant-colonel.

Major G. H. Kirkpatrick (temporary colonel) has been appointed in command of the Seaforth Highlanders of Canada for reorganization purposes.

THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who are keenly desiring their excessive thinness, weakness and lack of energy to disappear.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health.

Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a complete transformation in me. I gained 15 pounds and never before felt so well."

CATION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.

OTHERWISE IDEALIZED. "Are your portraits good likenesses?" "Well, yes, of course—if the sitters insists."—Boston Transcript

WARREN WANTS MORE AMUSEMENTS

Western Lines Manager of C. N. R. Here to Encourage Local Endeavor

The general drive in behalf of additional amusements with which to entertain Victoria's visitors and townspeople is by no means confined to local endeavor.

This morning A. E. Warren, general manager of the Western Lines of the Canadian National Railway, visited upon Premier Oliver in company with District Engineer D. Lewis, with the intention that one important item of business which has brought him to this city was a request to the Mayor that steps be taken by the municipal authorities to create public sentiment in favor of increasing recreational facilities for the many visitors the national road expects to bring to the coast during the coming Fall and Winter season.

Mr. Warren explained to the Premier that there are thousands of prairie people anxious to winter on the Canadian Pacific slope in preference to crossing the border. Their plea, however, is for entertainment. After life in the open all the summer they are anxious to winter in a comfortable climate, but life of activity in the ordinary way stimulates the desire to be up and doing while on holiday bent, says Mr. Warren.

SAANICH SPEEDING PROVING EXPENSIVE

Police Use Stop Watches With Finesse and Secure Moderate Bag.

Stop-watch and notebook in hand, the traffic squad of 35 and 40 Saanich police held yet another field day, in two parts, one on the East Saanich Road at a point carefully kept secret, and the other on Shelbourne Street. The "bag" this time amounted to only four. This added to one more picked up on the Gorge speedway made a total of five, which with a few tail light offences were considered quite up to the average bag for this time of the year.

Yesterday in court, R. Morrison was found guilty of offending the speed requirements of the law to the extent of doing between 35 and 40 M. P. H. and was fined \$30. In a continuation of the Saanich court today, K. C. Campbell and F. Appleton paid \$20 for speeding on Shelbourne Street. The "bag" of E. Hall and H. M. Y. Lewis paid a like amount for indulging in the same pastime on the East Saanich Road. Chief Brogan and his motor cycle squad gave evidence, the prosecution being conducted by W. B. Monteith.

COMPANIES SHOW STEADY INCREASE

Twenty-one New Incorporations; J. S. Fry & Sons Take Out B.C. Papers

Any falling off in the number of companies registered each week during the month is amply counter-balanced by the list for the seven days ending at noon to-day. Twenty-one new incorporations is the total to be published officially in this day's issue of the British Columbia Gazette.

In addition to this total two outside concerns, one of which is the celebrated British cocoa and chocolate firm of J. S. Fry and Sons, with a capital of \$1,000,000, have been licensed to do business in this Province. The complete list for the week follows: The Common-Sense Pile Protector Company (Canada), Limited, private; authorized capital \$25,000. Registered office, Vancouver.

Watson Canadian Toys, Limited, private; authorized capital \$12,000. Registered office, Victoria. Martin Manufacturing Company, Limited; public; authorized capital \$100,000. Registered office, Vancouver.

CHALLENGE TO ADMINISTRATOR'S POWER OF REFUSAL

Affairs of South Vancouver Aired in Court of Appeal

Whether ratepayers of South Vancouver have the right to inspect the books of the municipality or, as ratepayers, any rights at all, is being threshed out in the Court of Appeal.

The conduct of the municipality is under F. C. Gillespie as administrator for the Government. Mr. Justice Murphy, in the Supreme Court decided that ratepayers had the right to inspect certain books of the corporation, which Mr. Gillespie said should be closed. The Justice based on the common law rights.

To-day F. A. McDiarmid and G. S. Wismer, acting for Gillespie, disputed this decision in the court of Appeal. Under Government Control. "The whole thing is whether or not a mandamus can issue at the instance of the ratepayers to compel the administrator of affairs of the municipality to produce for their inspection, in whole or in part, the papers and books they require," said Mr. McDiarmid.

"The ratepayers of South Vancouver applied for a writ of mandamus to compel the administrator to admit a complete inspection. "The court does not issue writs of mandamus to subordinate officials subject to other control. This is the position of Mr. Gillespie, who is subject to the control of the Lieutenant-Governor-in-Council." "A Dictator."

"He appears to be sort of a dictator," said Mr. Justice Martin. "There is no doubt about it, my Lord," replied Mr. McDiarmid. "The Provincial Government gave this municipality money with which to straighten out its affairs and then put him in charge of the municipality as the administrator. "A Mayor and Council cannot be made just this way," said Chief Justice Macdonald. "In other words, their duties and powers are controlled by the Act. I can't see what basis or foundation there is for such an order as this."

"The difficulty of a mandamus here is that there is another remedy," said Mr. Justice Macdonald. "Ratepayers' Rights Gone. "The administrator of South Vancouver is a servant of the Crown put in for a particular duty," said Mr. McDiarmid. "Where is the right of common law given ratepayers to compel the inspection of a corporation's papers, except that given by statute?" asked the Chief Justice. "The ratepayers of South Vancouver are in no control whatever," said Mr. Justice McPhillips. "They elect no Mayor or Council. It looks to me as if all the jurisdiction rights of the ratepayers seem to be gone."

"A municipal corporation is a private corporation and its administrator takes the place of Mayor and Council," said the Chief Justice. "If there is any duty for him to throw open the books we would expect to find it in the statute that governs him." "As Bad as Ireland." "The ratepayers have gone in that municipality," said Mr. Justice McPhillips. "It is almost as bad as it is in Ireland," said Mr. Justice Martin. "The rest of the ratepayers in this Province have had their money taken to rehabilitate that municipality because the people there were so incompetent," said Mr. Justice McPhillips.

Mr. McDiarmid asserted that the money of the people of British Columbia has been poured from the Treasury into South Vancouver, and that the Government has to have control there, seeing that the ratepayers have fallen down. Incompetents Again. "Like most people who receive charity they are very ungrateful for it," said the Chief Justice. "There is intermingling now on the part of the very men who got the municipality into difficulty in the first place," said Mr. Justice McPhillips. "It is a very fortunate thing for them that some one comes in and rescues them from their dire state, but there was no such authority to rescue the rest of us."

"This administrator can pass despotically by laws," said Mr. Justice Martin. "He has entire control of the comfort of the people, and doesn't have to show the books or by-laws. It may not be strict law, but I say it is a public outrage." "The proper authority to go to is the Lieutenant-Governor-in-Council," said Mr. Justice McPhillips. A. H. McNeill, K. C., and W. A. Woodward are carrying on the case this afternoon for the ratepayers who are demanding open books.

REVENGE IS SWEET. "Yes," proudly announced the ex-captain, who is manager of a new seaside hotel, "all our employees are former service men, every one of them. The reception clerk is an old infantryman. The waiters have all been non-coms, the chief was a mess-sergeant, the house-doctor was a base hospital surgeon, the house-detective was an intelligence man, even the pages were cadets. And have you any former military police?" he was asked. "Yes," he replied joyously. "What there's a good stiff wind blowing west set them to clean the outside of the windows on the eighth floor!"

"COMEDY BUTLER" BECAME SECOND
From Insignificant Role Canadian Actor Develops Part Into Prominent One

New York, June 10.—A Canadian actor has demonstrated to the New York theatrical world that an apparently insignificant part may be developed into a big hit. He is Donald Meek, of St. Catharines, Ont., who is appearing with William Collier in "The Hotentot" and is sharing the honors of that successful comedy with the star.

When Meek first read the role which made him a Broadway celebrity over night he discovered that it was contained on four tiny typewritten pages and all the lines were either "Yes, Sir," or "No, Sir." It was ironically labelled "Comedy Butler."

However Meek took the part. When rehearsals began there came revisions, changes and revolutions. By the end of the first week Meek's part had acquired two new scenes, with several bright lines in addition to "Yes, Sir," and "No, Sir." By the time the play opened out of town his part had been padded up from four to twenty pages, and when the Broadway opening night arrived, Meek's part proved next to Collier's the comedy sensation of "The Hotentot." By that time the part had been swelled to forty pages.

Meek pronounces Collier "the most generous star in stage history." It was Collier, he declares, who transformed the butler's part from four to forty pages; it was Collier who added the scenes in which Meek has courageously suggestion made by Meek to develop his role. This attitude on the part of a New York star is not exactly common.

Meek left St. Catharines when still a boy and went to Ottawa where he started his stage career as an acrobat. A severe accident made him give up this branch of the profession. He made his first appearance on the legitimate stage in Toronto, where he played with a stock company for a season. He was then engaged by John Craig of Boston for the Castle Square Stock Company, where he played for ten years until Sam H. Harris brought him to New York for the cast of "Going Up." Meek left this engagement to return to Canada and enlist in the Canadian army, and at the end of the war resumed his part in "Going Up," after a lapse of seventy-four weeks. This season he was picked by Mr. Harris for "The Hotentot" Company.

Another actor well known in Canada is in the cast of "The Hotentot." He is Claude Cooper, who has filled a number of stock engagements in Montreal and Toronto. In the Collier comedy he has the character of a little Scotch groom. Though he has but little to do, he does that little well.

Exteriors of "Glenallen," the celebrated home of George Marshall Allen, at Convent, N. J., said to be the most authentic example in this country of Tudor architecture, is shown for the first time on the screen in "His House in Order," the new Paramount Aircraft picture starring Elsie Ferguson, which is the attraction at the Dominion Theatre this week.

Through Robert M. Haas, in charge of the architectural and technical department of Famous Players-Lasky corporation, permission to photograph the house was obtained. Mr. Haas was the designer. The house is an American adaptation of Hampton Wynyates, in England, and Mr. Allen took several trips abroad to study English architecture and buy furnishings and antiques before construction was begun. It took five and a half years to build the house, and a half year to photograph it.

"His House in Order" is a story of the troubled married life of Nina Graham and Filmer Jenyon, which almost ends in a disastrous outcome. Miss Ferguson has the role of Nina, which was created in this country, by Margaret Illington, and Holmes Herbert plays Filmer, which John Drew first interpreted in England. Other stars in the cast include Vernon Steel, Marie Burke, Margaret Linden and Lawrence Johnson. Hugh Ford was director.

VARIETY
A fine story by that master of romantic fiction, Anthony Hope, has been done into an entertaining motion picture, with Robert Warwick in the role of the hero, and is being shown at the Variety Theatre for the balance of this week. It is called "An Adventure in Hearts," which is rather more engaging and descriptive of the content of the story than its original title, "Captain Dieppe."

As long as Anthony Hope keeps on writing and the movies continue moving, the answer to the oft mooted question, "Is Romance Dead?" will be "No." "An Adventure in Hearts" is the old chivalry in a new setting. Major Warwick is the picturesque adventurer who dares much for his lady's hand, though a comedy touch is inserted by the fact that the object of his secret affections is apparently the wife of the genial Italian nobleman who has afforded him protection in his castle.

Major Warwick is thoroughly at home as the twentieth century D'Artagnan. He served on General Pershing's staff in France during the war and hasn't let a little thing like the armistice put an end to his fighting. He has had battling roles in all his post-war pictures. In this latest vehicle he escapes from confinement in a council chamber by seizing a sword, cutting the whiskers of the Prime Minister, knocking down the guards, and springing from a window into a river, swimming to safety.

Then he twinks the "heavy's" nose in a fair fight, his presence and later fights a pistol duel with him in a swollen ford in the rivers. And at the climax he struggles fiercely with a secret service pursuer in a blazing hit.

PRINCESS
"So Long Letty," the second week's offering of the Mildred Page Players at the Princess Theatre this week is scoring a real hit, and if you care for comedy don't miss this opportunity as the production is replete with situations that keep the audience in an uproar. Miss Mildred Page as "Letty" and Miss Nina Culbert as Alice Miller, the two wives of Byron Aldenn and Jack Phipps as the two husbands who do not appreciate their own wives, but each can see in the others wife, an ideal woman, and arrange to change, unbeknown to their wives, places with each other, but through some kind advice from a friend the two wives also decide to change husbands, and from then on a thousand screamingly funny situations happen.

Stomach and Liver Trouble
Once the liver fails to filter the poisonous bile from the blood, there is a clogging up and poisoning of the whole system which causes many troubles to arise. Therefore, upon the liver, more than any other organ of the body, depends the general health. Carelessness and neglect, and oftentimes wilful disregard of nature's laws will put the system out of sorts. The bowels become constipated, the liver inactive and the stomach upset. To bring the system back to its normal state, you should take Milburn's Laxa-Liver Pills. They live upon the liver, get the bowels back to their proper condition and tone up the stomach.

Mrs. G. L. Cachette, Enchant, Alta., writes: "I have used Milburn's Laxa-Liver Pills and have found them good for both stomach and liver troubles. I have told others about your valuable medicine and they have used them with good results."

"They are also good for headache," Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BYRON ALDENN PLAYING AT PRINCESS

PERFORMERS PLEASED WITH GORGE PARK

A change from the everlasting sets and lights, pullman cars and hotel lobbies at 1 a. m., the artists playing at the Pantages this week were yesterday stricken one and all with the "holiday bug" and indulged in a regular old time picnic, the like of which they had not taken into their lives since they first joined the boards.

The Gorge park was the scene of the open air entertainment, and as none other were present the Pantages vaudeville entertainers set out to entertain themselves, without fear of favor, limelight or orchestra other than what they could muster from amongst their talented company. In all twenty-three actors and actresses made merry in the Gorge Park, with a careless abandon that only the much tried artist can assume in moments of sheer relaxation from all worries.

Racing, wrestling, jumping and spelling bees, every form of entertainment that could occur to them did they indulge in, and invented new ideas for merriment when the old-time ones were completed exhausted. Altogether it was a hilarious time, and one that the vaudeville people will remember with pleasure long after they have left the Victorian Garden of Eden.

The party consisted of Ralph Lohse, Dorothy Dicks, Walter Nealand, Walter Winchell, Rita Green, Mabel Harper, Elsie Weber and Joseph Simons, the Church Sisters, Mr. Baines, Charles Bartling, Ann Hamilton, William Noon, John Murphy, William Pottermeyer, Grace MacDowell, Sophie Becker, Rene Cooper and Harry Abrams.

PANTAGES
Smartly staged and filled with laughter, song and dance is "Broadway Echoes," which is presented by a company of ten, including three men and seven unusually attractive girls. The offering is characterized as "An Old-Time Minstrel Show" and it follows such entertainment in form only, for the material used is strictly up-to-the-minute fun. None of the members of the cast appear in blackface. Vaudeville's seldom offered an elaborate scenic production as "Thunder Mountain" which headlines the Pantages. The realism is so perfectly presented that it is easy to forget that one is witnessing simply a stage production.

LOCAL MOVING PICTURE MADE HERE IS GREAT SUCCESS

It should be gratifying to the people of Victoria to hear that the local moving picture "A Romance of Victoria," filmed in this city recently by the Huris Film Company, of New York and Los Angeles, is a success both from a photographic and an acting standpoint. A letter, high in its praise of the talent of the entire cast was received by the Royal Victoria Theatre, and of course, we are all proud of our townspeople that could evoke such a kindly criticism from film people who are naturally hypercritical over acting talent generally. We were naturally interested before, but now, as the old saying goes, and using a bit of slang vernacular, "they have got us on edge" with expectancy and everyone will naturally look forward to seeing the picture on the screen of the Royal Victoria Theatre next Monday.

BRIEF LOCALS

Hand-made Garments.—All hand-made garments at the babies' wear booth, conducted by the Parents' Committee of the Boys' Naval Brigade, under the convener'ship of Mrs. Marchant, were a feature of the bazaar Wednesday and to-day at the Navy League fete in the Armory.

Sir Arthur's Thanks.—Thanking the Trustees for their congratulations on his appointment as principal of McGill University, Sir Arthur Currie, in a letter to the School Board received last night, expressed the hope that the cordial relations that have always existed between Victoria and McGill might long continue.

Curtis Flying Yesterday.—The original Pathfinder II, now owned by the Aerial Service, Ltd., was up yesterday for a couple of short flights with passengers. W. H. Brown piloted the machine, which appeared to be in splendid form, and presented a pretty sight in the clouds of the western sky.

Meeting Postponed.—In order to have the projected exhibition of work done by the manual training and domestic science department of the Esquimalt school coincide with a meeting of the Esquimalt Parents' teachers' association, the meeting which would have been held tomorrow night has been postponed. It will be held June 18.

Musical Examination.—The practical examinations of the Associated Board of Music, London, England, will be held next week in the Recital Hall of the Dominion Academy of Music, Fort and Cook Streets, commencing Tuesday, June 15, and continuing throughout the week. The examiner is Mr. Douglas Redman of London, England.

Rev. A. F. Munro to Speak.—At the First Presbyterian Church to-morrow night, at the service preparatory to communion, Rev. A. F. Munro, of Duncan, will deliver an address. Mr. Munro is a sound and very impressive speaker, and has been asked to deliver a course of lectures at the Manitoba University. His address at the B. C. Synod meeting were suggestive and arresting. New communicants will be received at this service.

Firemen's Dance To-night.—Another of the popular series of dances given by the Fire Department will be held to-night at headquarters, commencing at 8 p. m. Zala's Orchestra will provide the music, and an attractive program has been arranged. The firemen have gone to considerable trouble to install fans, and other cooling devices to mitigate the increasing clemency of the weather, and render dancing more pleasurable in the cooler hall.

Find Much Liquor.—Sergeant O'Leary and Detectives Phipps and Siciliano raided the premises at 1224 Store Street, owned by Henry Emert, and discovered a large quantity of liquor. A ten-gallon keg, believed to be whiskey, part of a case of excellent Scotch, part of a case of rye, and a number of miscellaneous bottles of draft liquor were obtained. Emert claims the liquor was for his own use. The case has not been called yet, although a summons has been issued.

Fights Burglar in Cellar.—G. Douglas, of 634 Cornwall Street, last night had a hand-to-hand tussle with a prowler he found in his cellar. Hearing the intruder moving around below, Mr. Douglas went to investigate and tackled the prowler on sight. The tussle lasted some minutes and ranged from the cellar into the garden, where Mr. Douglas shouted to his wife to telephone for the police. The patrol wagon made a fast run to the spot, but the man had meanwhile broken free, and effected his escape.

Police Court.—Edward Sandholm, charged with stealing two boom logs from the Cameron Lumber Mill, valued at \$24 each, was remanded until to-morrow in the police court to-day. Mr. Cameron testified to the fact that his concern was not pressing the charges, and that the man had promised to make full restitution, and was apparently in very straightened circumstances. J. Rovig, when searched by detectives, was found in possession of three bottles of whiskey, and was to-day fined \$50 for the incident. The liquor was of the Canadian Club variety, and was declared forfeit by the court.

Offers Assistance.—Miss Muriel Grimmer, school nurse, informed the School Board in writing last night that she would be pleased to give as much assistance as possible in her official capacity in connection with the Children's Aid Home. Previously Miss Grimmer had been instructed to put her charges against the Aid Home in writing, and some of the Trustees declared that she had failed

to follow out this request. "That's not what we asked for," asserted Trustee Capt. Aitken, on whose motion Miss Grimmer's offer was tabled for further consideration.

Union Convention.—The City Council will be asked Monday night to decide whether it will send delegates to represent Victoria at the annual convention of the Union of Canadian Municipalities to be held in Quebec City on July 27, 28 and 29. Mayor Fisher, of Ottawa, will preside at the convention. Last year Victoria was not represented. The convention met here in 1918.

Chapter Garden Fete.—At the home of Mrs. E. E. Wootton, 1242 Richardson Street, yesterday afternoon, the Agnes Dean Cameron Chapter of the I. O. O. F. held a successful garden fete. The fete lasted from 3 p. m. until 6 p. m., and an excellent programme of music was provided by Miss Eva Hart, Miss Kathleen Fraser, Miss Jaffray, Miss Roberts, Miss Kathleen Redgrave, and Mr. Benedict Bantley. Piper Cameron played the pipes for Miss Redgrave in a highland fling. Mrs. Jule directed the bridge party, which consisted of five tables in the drawing room of the residence. Tea was served on the lawn by Mesdames Russell, Murray, Dorman, Cameron, Colman, and the Misses Spencer and Murray. The usual attractions of the garden fete were provided, and an enjoyable time experienced by all.

REFUSES GRANT OF INJUNCTION

Speedy Trial of New Bailey Case Ordered by Judge

The north side of Pandora Avenue, near Amelia Street, is not to be closed to the public for a while at least. Mr. Justice Macdonald, in the Supreme Court to-day refused to grant John R. Green, acting for the Bailey-Cameron Investment Co. interests, an injunction restraining the city from using that part of what he claims is his client's property upon which the sidewalk is constructed.

"There is no stress for a mandatory order to be granted here," said the Justice.

"It seems to me there is no injury as against the property and this plaintiff. It is clearly a case that should go to trial. It is reserved for the consideration of the trial judge." Mr. Green declared that through the invasion of the legal rights of his clients he was entitled to an injunction.

The Cameron Investment Co. is in the position of a tramp with regard to this property because they have no right, title or interest in the property," said H. B. Robertson, appearing with City Solicitor Pringle for the city. "There is no urgency shown, and I submit that an injunction can be granted without urgency being shown," he added.

Mr. Green claimed that the trouble between his clients and the city arose through the city not registering its deeds to the property when it widened the street. The by-law to widen the street were then held void by the courts. Mr. Bailey loaned \$15,000 to the original owner on the property as a mortgage, which was then assessed at \$86,000.

"In 1916 without knowledge on Bailey's part, and without a by-law the city constructed the sidewalk," said Mr. Green. "It was held by the courts that he had not assigned the property to the Cameron Investment Co. Then the city raised the taxes from \$300 or \$400 to \$1,800 a year, and the rentals dropped from \$140 to \$40 a month."

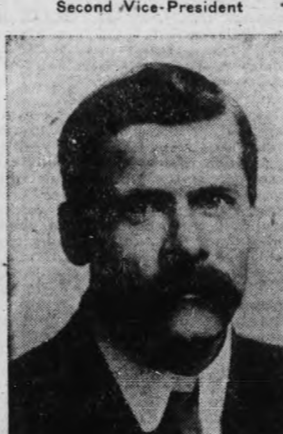

"Cameron now has a first mortgage on that property, but the city is maintaining that sidewalk, and is still using it."

Want City Represented.—To ask that Victoria be represented in the Portland Rose Carnival, which is to be held in the near future, a delegation of citizens will wait upon the City Council in Streets Committee to-morrow afternoon. Mayor Porter was informed this morning. The Council recently decided that the city could not afford to have a float in the carnival, but the gentlemen who, it is understood, will compose the delegation, assert that Vancouver will be represented and that the absence of representation from Victoria will be deplorably conspicuous.

GABRIOLA ISLAND CASE IS PROCEEDING

Justice Calls For Thoroughness in \$20,000 Libel Suit

"Let us have all the dirty linen out and washed," said Mr. Justice Macdonald in the Supreme Court to-day in the \$20,000 libel suit that Dan W. Campbell is pressing against W. M. Shaw of Gabriola Island for the alleged "libel" letter which Shaw wrote to Campbell's employers, the Cameron Investment Co., which he claims damaged his reputation while he was manager of the Gabriola Shale Products, Ltd.

John R. Green, acting for Mr. Campbell claims that Shaw was after Campbell's position.

"Did you ask the Cameron Investment Co. to pay you \$300 a month to manage that plant?" asked Mr. Green.

"No sir," replied Mr. Shaw.

"If they had offered you a sufficient salary would you have taken the position?"

"Only on the stipulations that I made."

"Those were that they were to take your shale and fine clay and give you stock in the company? Why didn't you, after finding out all the transgressions of Campbell of which you write in this letter, go to him and tell him all about it?"

"He was in bed."

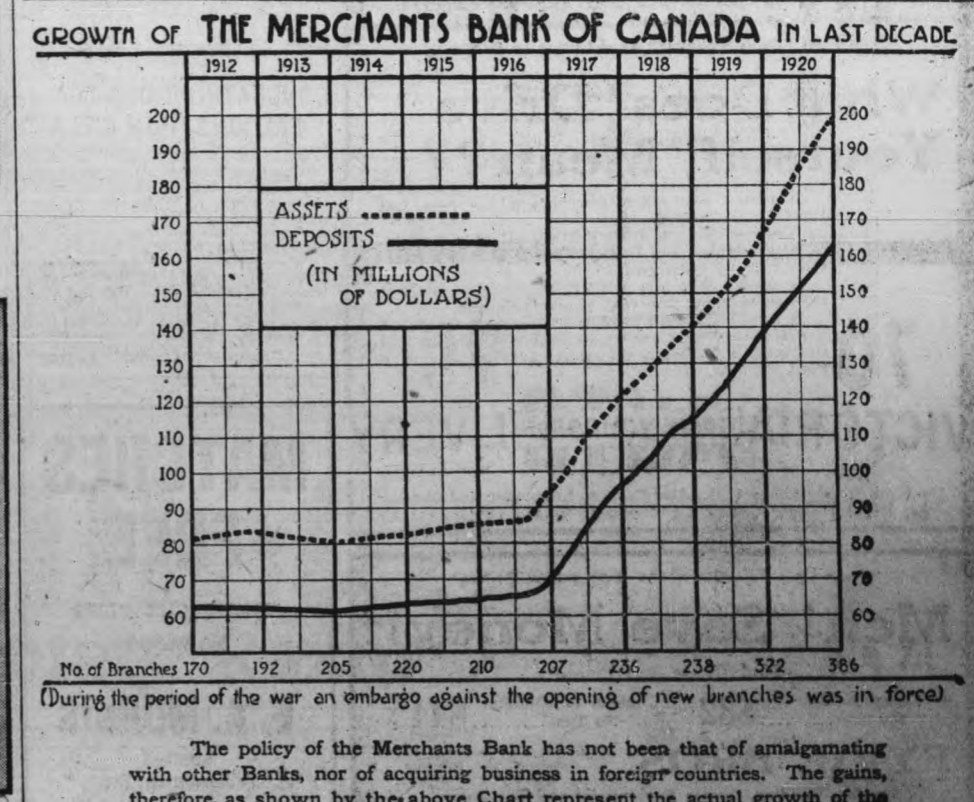

"Show us how on your oath as a Justice of the Peace this abuse of the plaintiff Campbell in any of the Camerons' letters."

"They said the company had been a financial failure and I gave them one reason why it had been a failure."

"And you were raising the water rent from \$8 to \$20 a month to make it the greater financial failure." Mr. Shaw was on the stand all morning. His cross-examination by Mr. Green is being continued this afternoon.

Slim Smith Got Beating of His Life Yesterday

Capitals Knocked His Offerings All Over Place, But Slim Stayed By His Job; Carman Cut Off Dangerous Rally by Indians in Seventh by Fine Catch.

Victoria, 13; Spokane, 4. If Slim Smith is handed many more trimmings like he received yesterday afternoon from the Capitals he will soon be a candidate for lantern post in the grave-diggers' union.

In bygone days when a lot of the "fashion plates" of to-day were running around the streets and spying on ball games at the Athletic Park through knot-holes, Slim Smith did a lot of useful twirling for Victoria.

Stayed With It. And while Slim may be weary and sad he has the nerve of a dragon-fighter. Although the Leadrites smashed every kind of a ball he threw across the platter to every nook of the Stadium, Slim kept taking a notch in his belt until everyone wondered where his waist had gone, and continuing the heaving.

The Caps started to gnaw at Slim's efforts in their half of the second. Carman walked and Dempsey cracked out a double. Zienke drove a sizzler.

Lots of Hitting. Dempsey once again drove out a long hit and Zienke "Babe Ruthed" a ball out of the park in the fourth.

Giants Lose Hard Game. Tacoma, June 10.—Abrams was better than Reid yesterday, and Tacoma won a pitchers' battle from Seattle, 2 to 1.

MITCHELL LOSES TO LEW TENDLER

Hard Fighting in Bout at Milwaukee; Carpentier Boxed a Few Rounds.

Milwaukee, Wis., June 10.—Lew Tandler, Philadelphia, was given the newspaper decision over Ritchie Mitchell, Milwaukee lightweight boxer, in a ten-round no-decision bout which went the limit last night.

Each boxer scored a knockdown from stiff blows to the chin, the Milwaukee boy being upset in the first round and Tandler hitting the canvas in the ninth session.

Congratulations to Falcons from Iceland. Winnipeg, June 10.—Still more congratulations have reached the Falcon Hockey Club, of Winnipeg, for their feat of winning the world's title at Antwerp.

ONE AMERICAN LEFT IN BRITISH TOURNEY

Muirfield, Scotland, June 10.—John A. Gardner, of the Hinsdale Golf Club, Chicago, is the only survivor of the American players in the contest for the British amateur golf championship here. In the fourth round to-day Gardner defeated Jack Macintyre, of Cardross, 4 up and 2.

MEYERS THROWS ENGEL

Dubuque, Ia., June 10.—Johnny Meyers, world's middleweight wrestling champion, successfully defended his title here last night when he defeated "Heinie" Engel in two straight falls. He won the first fall in 35.30 with a toe hold, injuring Engel's leg so badly that when Engel returned for the second fall it was only a matter of half a minute when he conceded the bout.

RESOLUTE IS WINNER

Newport, R. I., June 10.—Resolute defeated Vanitie again yesterday in the official tryouts for America's Cup defence honors. The winning sloop chased Vanitie over the entire thirty-mile triangular course, but won through her time allowance, the margin being 59 seconds.

CUBS BEAT TIGERS.

After playing the last three innings with the score tied, the Camosun Cubs defeated the Tigers by a score of 12-11. This makes the second straight win for the Cubs. At the end of the fifth the score was 7-1 in favor of the Tigers, but a batting rally shoved the Cubs ahead. The batteries were as follows: Tigers, Kerr and Salloway; Cubs, Mawhinney and McConnell.

Yarrows	2	2	500
Colleries-Vets	2	3	400

As a result of Yarrows' easy win of 10-3 over the Knights of Columbus at the Stadium last evening there was a big change in the standing of teams in the city league. The Knights gave way as league-leaders to the Elks and Yarrows climbed out of the cellar and the Vets dropped in.

Eddie Brown made the Knights' batters look like merry-go-rounds as they swung at his wicked curve ball. Fourteen of them struck out and only four safe blows were made. On the other hand Yarrows went after young Smith, who twirled his first game in the senior league. He lasted the game. His team-mates mused things up for him.

The box score follows:

KING GEORGE'S WARDROBE.

The late King Edward was reputed to be the best-dressed monarch in the world, and, naturally, being continually in the public eye, he was often responsible for setting new masculine fashions.

It has been said that he was accustomed to as many as six changes a day, not including those for special functions.

King George, however, is noted for the simplicity of his attire, and has the habit that is so dear to Englishmen of wearing his clothes for a considerable period. His Majesty has always an extremely neat and tidy appearance, and seems to favor a grey lounge suit for his indoor hours, whilst his favorite outdoor dress is that of an admiral in the Navy, which suits him so well.

The Royal wardrobe is a very large one, and contains more than one hundred uniforms for wearing on various occasions. For instance, a visit to France to inspect a certain regiment of which His Majesty is colonel necessitates a French uniform, while on his return, another costume must be forthcoming to enable him to take part in some civic function.

Having such a considerable number of clothes to deal with, a system must be employed to store them.

The Royal wardrobe proper is at Buckingham Palace, and one large room is devoted entirely to articles of wearing apparel, which is carefully attended to by a staff of specially-chosen valets, each one of whom has his own particular work to perform, such as brushing and pressing.

The sides of this room are divided into sections, and each section is devoted to the uniforms of a different country, the section in its turn being divided into shelves and drawers, each devoted either to the Army or Navy or, perhaps, the particular regiment in which His Majesty holds honorary rank.

Almost every country in the world has its special section, and the system is so carefully arranged that immediately the head valet receives news of the King's proposed visit to a foreign country, or to any special function, he can immediately place his hand on the desired uniform.

Thus, in the section devoted to Spain, there is a special division in the shape of a drawer devoted to every regiment whose uniform His Majesty has a right to wear.

In addition to these official wardrobes, there are, of course, His Majesty's private clothes, which are presided over by a specially-appointed valet. This section is again divided into clothes of different thicknesses and styles, suitable for the various seasons, whilst another partition is reserved entirely for dress suits and evening clothes.

Each garment is marked distinctly, so that the valet will be able to replace it in the proper place.

There is a considerable amount of work to be done in keeping these suits in order, for each garment must be brushed and pressed regularly once a week, and the same care is shown towards the uniforms, which are seldom used, as towards the things most likely to be needed.

Of course His Majesty's collection of foreign uniforms must be kept up-to-date, and directly the head valet is informed of a slight alteration made in a particular uniform, the old one must be cast aside, and a new one made.

As only the highest skilled labor is employed, a perfect fit is assured,

and the King is not subjected to attentions of the tailors, nor does he have to be fitted with all the various additions to his wardrobe.—Tit-Bits.

WENT INTO MOVIES TO SECURE TYPES

Cartoonist Joined As Extra For Cabaret Scenes

One of the public's pet delusions is that motion picture extras are obscure people of limited means to whom success is but an unfulfilled dream. As a popular contemporary humorist once remarked: "It's all wrong." It is a matter of record that many, who are classed in the studio as "atmosphere," possess talents in other lines of work that have brought them fortune and national recognition.

Typical of this class is Maxon, well-known New York cartoonist who went to the New Jersey studio, where R. A. Walsh makes his photographs to seek work as an extra.

Maxon's cartoons are a daily feature of a well-known New York paper and are syndicated to many of the country's leading newspapers. But when he went to the Walsh studio, the artist kept his identity a secret and was engaged at the regulation five dollars per. In common with about three hundred hopefuls, he was assigned to the more or less thankless task of lending atmosphere to the elaborate cabaret scenes which figure prominently in "The Deep Purple."

Working from a corner where he would not be too conspicuous, the artist dashed off a set of pen sketches of the director and the various characters in action. He explained that he had "a little talent for drawing" and couldn't resist the temptation to pen his first impressions of studio life.

Walsh doesn't pose as a connoisseur of art, but he can distinguish the work of a dabbling amateur from that of a trained professional—and the drawings certainly reflected consummate skill. He questioned the cartoonist and the latter reluctantly admitted his identity.

Asked why he worked in the studio, Maxon said that the possibilities of studio life as the subject of a series of cartoons appealed to him.

The experience of working in a movie studio, he said, was one of the most novel and fascinating he had ever undergone and would prove find a nerve racking inferno of thundering hammers, falling lumber,

people with whom he associated were highly interesting and that his impressions of them, gained from intimate contact, would be incorporated in his series of pen sketches of Metropolitan types, to be published shortly.

Maxon described his impressions of a motion picture studio as a "huge, well-ordered stage where an atmosphere of art merges with that of business-like activity." He frankly admitted that he expected to find a nerve racking inferno of thundering hammers, falling lumber,

and shouting workmen in paint-stained overalls.

Instead, he said, he received an agreeable surprise in the air of quietude and efficiency that pervaded the studio. "Everyone," he said, "seemed to fit into a well-ordained niche. There was no confusion and no noise. The director's orders were followed with clock-like precision. I was particularly impressed by the fact that Mr. Walsh looks upon his studio not as a workshop, but as a place of artistic endeavor, surrounding it with an at-

mosphere well calculated to instill in the players the spirit of art."

"My dear child, what are you doing?" asked the astonished mother, as she paused to glance at some strange marks her little girl was making with a pencil on a piece of paper. "Oh, I'm writing a letter to Lily Smith," came the answer.

"Writing a letter!" laughed the mother. "But you don't know how to write." "That doesn't matter, mummy. You see, Lily can't read!"

The Merchants Bank of Canada

Proceedings of the Fifty-Seventh Annual Meeting of the Shareholders on June 2, 1920

The Fifty-Seventh Annual Meeting of the Shareholders of the Merchants Bank of Canada was held Wednesday, June 2, in the Board Room at the Bank's Head Office at Montreal. The meeting was called to order at 12 o'clock noon.

THE ANNUAL REPORT

The President, Sir H. Montagu Allan, then presented the Annual Report, as follows: I beg to submit, on behalf of the Directors, the Fifty-Seventh Annual Statement of The Merchants Bank of Canada as at the close of business on the evening of the 30th of April, 1920, together with a statement of the Profits covering the relative period.

The financial position of the Bank, as reflected in detail in the Balance Sheet before you, will, I hope, meet with your full approbation. In the Directors' Report of a year ago I mentioned that an issue of \$1,400,000 of new stock was being made, and that, owing to the date of allotment, this step would fall for comment more appropriately at the next Annual meeting.

In view of the continued growth of the Bank's business, the Directors are of opinion it would be desirable to enlarge the numerical strength of the Board by adding one more to their number, and an amendment to this effect of the relative by-law will be submitted for your approval.

The vacancy upon the Board has been filled by the appointment of Mr. E. W. Kneeland, of Winnipeg, a business man of wide experience and influence in the West.

In view of the continued growth of the Bank's business, the Directors are of opinion it would be desirable to enlarge the numerical strength of the Board by adding one more to their number, and an amendment to this effect of the relative by-law will be submitted for your approval.

The presentation was the occasion of several very happy addresses from members of the staff, with an address which they presented Mr. Macarow, along with their gift, and led to a particularly illuminating reply from the General Manager, which, needless to say, brought down the house.

REPORT OF THE AUDITORS TO THE SHAREHOLDERS OF THE MERCHANTS BANK OF CANADA.

In accordance with the provisions of sub-Section 19 and 20 of Section 56 of the Bank Act, we report to the shareholders as follows: We have examined the Balance Sheet with the signed returns from the Branches and Agencies and have checked the cash and verified the securities held at the Chief Office against the entries in regard thereto in the books of the Bank at 30th April, 1920, and at a different time during the year and found them to agree with such entries.

(of the firm of Deloitte, Plender, Griffiths & Co.) GORDON TANSELY, Auditors.

PRESIDENT'S ADDRESS.

In moving the adoption of the report, Sir Montagu Allan said: "After my formal address I wish to add just a few words, and I apologize to Mr. Macarow for doing so, because it is somewhat of a personal matter, but I think on this occasion it should be referred to."

"I wish to say that the day before yesterday the members of the board were notified by a member of the staff of the bank that a very important affair was to take place in the board room here yesterday afternoon. We attended, and were agreeably surprised to find that the business in hand was a presentation to our General Manager, Mr. D. C. Macarow."

"I have not secured his permission to mention this matter, but take the opportunity of doing so, because it was a decidedly unique event of which neither he nor I nor the directors had any previous knowledge."

"It turned out to be a spontaneous gift from all the members of the bank's staff, from Vancouver to Halifax, a magnificent silver tea service, one of the most beautiful things I have ever seen, with other objects d'art."

"The record of growth this year leads me to feel that a few figures showing our progress, taking the last five years as a basis of comparison, may be of some interest to you. The totals and percentages are as follows, based on the year-end figures as at 30th April, 1915, and 30th April this present year:

Table with 3 columns: Year, Total, and Gain. Includes items like 'Total Deposits', 'Current Loans and Discounts', 'Assets', etc.

THE GENERAL MANAGER'S ADDRESS.

The General Manager, Mr. D. C. Macarow, in rising to make his address, was received with much applause from the shareholders. He said: "In the first place I must say that the personal onslaught made upon myself by the president is as unexpected as it is kindly."

changes in ideas, in habits and in outlook to something more approaching those of normal conditions can hardly be said yet to be in real evidence, though it is something of what spectacular cutting of prices in certain seasonal lines of manufactured goods may perhaps be accepted as a psychological sign showing that the trend, at least, is in the right direction.

"The demand for borrowed capital continues to be more or less important and it is in the conservation of credit and the equitable rationing of it that Banks can play and, indeed, are playing a sound constructive role. Large industrial enterprises are being fostered and encouraged fairly, while at the same time a firmly restraining hand is held upon speculative undertakings. This policy of selective curtailment, so to put it, operating as it does at the very root of existing evils, and applied with due judgment, discrimination and consistency, cannot but prove a beneficial corrective and an important contributing factor towards restoring, with a minimum of dislocation and disturbance, healthy and normal conditions in the body politic."

"I might here venture to say that it is a matter of gratification to see our mercantile marine growing apace and to know that the Government will have, it is understood, some 45 merchant vessels in commission by the end of July next. I mentioned last year, and I reaffirm the opinion then expressed, that there is nothing of greater national importance than the establishment of our own lines of ocean transport, and what has been and is being accomplished in this direction, both by the Government and by private enterprise, augurs well for the future safety and stability of the country's trade and commerce."

"After what looked like in some respects an ominous start the crop situation throughout the country now seems to justify the belief that good yields will be secured this year. Predictions, however, are futile and we can only nurse the hope that actual results will fairly measure up to present optimistic estimates. Certainly, on the theory of averages alone, we are entitled to look for some redress in the crop situation this year. Much depends upon it, more especially in view of the disappointing results of the last two years, and if nature is benevolent in the coming harvest this country will benefit to an unmeasured extent, and we shall be reasonably in a position to view this period of deflation, upon the threshold of which we stand, with feelings of confidence as to our immediate future—as to our ultimate future there need be no misgiving, for it must be borne in mind that Canada is a young and virile country of almost limitless possibilities and immense natural resources awaiting development, that its manhood is strong, enterprising, thoughtful and sane."

"While we have our readjustment difficulties to deal with, our progress through the transition period will be orderly and well-conducted if there is a fair measure of mutual appreciation of surrounding difficulties and reasonable co-operation and good will all along the line in surmounting them. In a word, if the wise and sane methods of the Government are clearly condensed in the three words 'give and take' continues to operate with cordial uninterference we shall move with steady and assured steps to the great future which lies before us through wide open avenues of peace, progress and prosperity."

Before closing I would like to add my appreciation to the staff of the Bank, for their efficiency. I cannot do so better than by saying that the President's apt and graceful remarks thereon have my unqualified and unrestricted approval. It is, indeed, true, indeed, that the progress of the Bank is in no small measure due to the co-operative efforts of a loyal, capable and contented staff. That, I know, we all are proud to say."

Before putting the motion for the adoption of the Report, the Chairman invited questions or discussion. There being none, he put the motion, which was unanimously adopted.

It was moved by Mr. Haig Sims, seconded by Mr. David Kinghorn, that Messrs. Vivian Harcourt and Gordon Tansey, of Deloitte, Plender, Griffiths & Co., be re-appointed Auditors of the Bank for the next Annual Meeting.

On motion of Messrs. K. W. Blackwell and Farquhar Robertson, it was proposed: "That By-law 111, enacted by the Shareholders of the Bank, be and is hereby amended by substituting the word 'fifteen' for the word 'fourteen' in the first line thereof." This was unanimously adopted.

On motion of Messrs. A. Haig Sims and David Kinghorn, Messrs. John Patterson and Arthur Browning were, by unanimous vote, appointed Scrutineers, and instructed to cast one ballot for the election of the following persons as directors: Sir H. Montagu Allan, Mr. E. W. Kneeland, Mr. Thomas Long, Sir Frederick Orr Lewis, Bart., Hon. C. S. Ballantyne, Mr. A. J. Dawes, Mr. E. W. Wilson, Mr. Farquhar Robertson, Mr. Geo. L. Cairns, Mr. Alfred B. Evans, Mr. T. Ahearne, Lt.-Col. Jas. R. Moodie, Hon. Lorrie C. Webster, Mr. E. W. Kneeland, Mr. Gordon M. McGregor.

The ballot having been cast, the Directors as named were declared to be elected. Mr. A. Haig Sims—"Before this meeting concludes I wish to move a hearty vote of thanks and appreciation to the President and Directors for their services during the past year, which have made it possible to present the splendid report we have heard to-day. With this I would like to couple the thanks of the Shareholders to the General Manager and all members of the staff throughout the country for their efficient and loyal services to the Bank, which have contributed in no small degree to enabling the Directors to carry on their work for the advancement of the Bank."

LOTTERY CRUSADE HAS BEEN REVIVED

Clarence Harris Now Pressing Charge Against Operator of Gorge Wheel

The Lottery Crusade, which has recently died down a little from its original militancy, is apparently about to be revived again, according to information laid by Clarence Harris, to the effect that the operator of the revolving "wheel of chance" at the Gorge Park may be summoned by the Esquimalt police authorities on information laid by Clarence Harris. Mr. Harris was seen in consultation with the police to-day, and Chief Palmer, of Esquimalt, stated that he thought action would be taken immediately.

SAFETY AT HOME BY CARE ABROAD

Such Is Lesson Taught by Terrible Typhus Epidemic

In a despatch from London dated June 5, Health Commissioner Copeland, of New York, reported that Western Europe is menaced in the gravest manner by epidemics of typhus fever, bubonic plague and cholera, and states that special measures must be taken to guard New York from typhus fever, which is the worst.

Commissioner Copeland has just reached London after interviews with the chief European experts on sanitation in France. No matter what safeguards may be thrown about this Continent in order to ward off the infection of the dread typhus, it is glaringly obvious that every effort must be made to cope with the disease at the points of inception.

It is in order to deal with this terrible state of affairs that the Jewish Relief Association is endeavoring to raise funds in Canada, for it is imperative that the health of the teeming thousands in the infected regions must be kept at as high a standard as possible.

Every Girl Who Earns Her Living, Read This!

Very complex in her physical relations to life, disease early seizes upon the woman who works, and she must therefore guard jealously anything that would tend to destroy her vitality or health.

Probably nothing is of more service than Dr. Hamilton's Pills, and every girl and woman can employ this grand remedy with gratifying results. As a system tonic and blood renovator, no treatment gives such results. For maintaining good digestion and healthy appetite, it is impossible to equal Dr. Hamilton's Pills. Dusky, sallow complexion is changed to a healthy, ruddy glow, which proves that Dr. Hamilton's Pills circulate blood that is rich and nourishing. Weak organs are filled with new life and vitality; weakness, irregularities and the common ills are prevented. When you feel poorly, when the head aches, back feels lame, and a drowsy, tired feeling creeps through you—that tells of the need of Dr. Hamilton's Pills; try them. Sold in yellow boxes, 25c.

Youth and Age

THERE is no time in woman's life that she cannot benefit by the use of Dr. Chase's Nerve Food in order to keep up the supply of pure, rich blood and to ensure a healthful condition of the nervous system.

Headaches, neuralgia, sleeplessness, nervous spells, irritability, tired, worn-out feelings, soon disappear when the vigor and energy of the nerves are restored by the use of this great food cure. 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

influenza epidemic originated in Europe, and the typhus menace is a hundred fold more terrible than influenza. Victoria is a seaport and as a sea port must expect to be exposed to danger of imported infection.

WOODWARD INCIDENT MISTAKE, SAYS BOARD

Trustees Had No Intention of Offending Labor Head, They Say

When the city School Board refused to hear the remarks of E. S. Woodward, President of the Trades and Labor Council, recently, it incurred not only Mr. Woodward's personal and emphatic protest, but also the displeasure of the body which Mr. Woodward represented.

Memories of the dramatic moments when Mr. Woodward stalked from the Board room at a previous meeting and shouting, "There is my protest!" slammed the door, were revived at the Board meeting last night by a letter from the Trades and Labor Council. The letter, which bore the signature of Christian Sivert, secretary, criticized the Trustees for the hasty manner in which they had treated "a citizen seeking to express himself on a question of public importance."

"Mr. Woodward," said the letter, "sought an opportunity to address the Trustees in a meeting and was denied permission to do so. I am to state that the Council regrets exceedingly that the Board could not see its way clear to receive and give him a hearing." The School Board, being a body elected by and responsible to the people, should, in the opinion of the Trades and Labor Council, be accessible to the humblest members of the community it serves.

"Did Mr. Woodward say he wanted to address the Board beforehand?" demanded Mrs. Spofford, who, it will be recalled, endeavored to conciliate Mr. Woodward during his brief interview with the Board. Secretary Pop stated that Mr. Woodward had asked by letter concerning the fees to be charged students in the affiliated arts college.

"He didn't speak to me about it," said Chairman Riddell. "Oh, yes, he did," replied Trustee Aitkin. "Mr. Woodward just came to my chair and asked me if the fee was obligatory," Mrs. Spofford stated. "I think I saw him approach the chairman," said Trustee Mrs. Andrews.

"He didn't ask me," persisted Mr. Riddell. "It's a pity we can't extend the privilege of speaking to a citizen," complained Trustee Capt. Aitkin. Chairman Riddell replied that he was always willing to allow citizens to address the Board at the proper time. As a matter of fact, Mr. Woodward had been given ample opportunity to express his views at a subsequent meeting.

WOMEN CAN HELP TO BUILD NATION

"As the women of Canada have now won the privilege of voting, it is their duty to assist in building up our Dominion," said Mrs. George Brigid, of Toronto, when speaking at the luncheon given on Monday in the Lodge Cafe by the Women's Canadian Club, of Vancouver, in honor of the ladies traveling with the party of delegates to the manufacturer's convention.

"Among the ways in which we can aid in this work are," Mrs. Brigid continued, "by purchasing things made in Canada, and things grown in Canada, by spending our money in Canada and taking our Summer vacations in Canada." The women of the East, she stated, are most desirous of joining with the women of the West in working for the advancement of the country.
