- RESULTS: (For all hits claimed on ship targets and for land targets of special interest, draw diagram, top or side view or both, as appropriate, showing type and location of hits. For all targets give location and effect of hits, and identify by numbers above. Use additional sheets if necessary).
 - Rockets missed but all boats strafed. damaged by mg. bullets. Large boat damaged by near explosion of two depth bombs.
 - Reyaks on beach heavily strafed and probably rendered useless.
 - What appeared to be oil drums were attacked with rockets and strafed. Rockets missed but .50 cal. appeared to hit. Drums didn't burn and no damage could be observed.
 - Depth bomb didn't explode probably because water near pier too shallow.
 - Rockets missed boat but it was hit on strafing runs. Boat was beached. No visible damage.
 - Warehouse strafed but did not burn. Extent of damage not determined. 6.
- (p) Were Photographs Taken? Photographs of Damage, WhenTaken, Should Be Attached By Staple.

Six VT launched for TASP - barrier patrol around Okinawa. Pilots attacked targets spotted on their patrols with particular emphasis on small boats which were a high priority target.

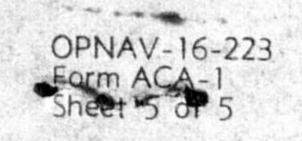

Ensign G. M. ROBERTS attacked 6 small boats and one large boat by strafing, and fired 2 solid head rockets at large boat. Rockets missed but boats were well strafed and were probably damaged to some extent. Continuing his patrol Ensign ROBERTS spotted some floating mines which he strafed. He was soon out of ammunition but reported the location of the mines to the controlling CASCU and another plane was dispatched to sink them. Back on his patrol Ensign ROBERTS then heard the plane which had been dispatched to relieve him report that it could not locate the mines which he had sighted. He accordingly returned and marked the location of the mines with smoke lights and in doing so discovered two more mines. Ensign ROBERTS then returned to the large boat and fired two more rockets and dropped two of his depth bombs. The bombs exploded close aboard and seriously damaged the boat although it did not sink.

Ensign J. D. PROVOST strafed a group of 4 or 5 small fishing boats. Boats were on the beach and no specific damage was observed.

Ensign C. W. BUNCH strafed what appeared to be oil drums on the beach. Also fired 4 solid head AR. Missed with rockets. Drums didn't burn and no damage observed.

Lt.(jg) M. BOTEAN dropped his depth bomb in water near pier in effort to destroy pier and crane on it. Depth bomb didn't explode, probably because water not deep enough. He then strafed a 40 ft. boat on the beach with no observable results. Lt.(jg) BOTEAN next attacked a wooden warehouse building on pier but although the bullets appeared to hit, the building didn't burn.

ALLSET - MFD BY THE EGRY REGISTER CO., PATENTED
