TO : Mr. Marcum, Government Section, G.H.Q.

FROM : Suzuki Yoshio, Minister of Justice.

SUBJECT: Concerning particular persons among the Second Rank Officials of Second Bureau, Domestic Affairs Office whom we should like to cause provisionally to take service at Attorney-General's Office.

I. The affairs concerning investigation of various organizations and the former army and naval officers now taken charge of by the Second Bureau, Domestic Affairs Office, are to be transferred to Special Investigation Bureau of Prosecuting Affairs Division of Attorney-General's Office that will be opened before long. It is absolutely necessary for carrying out the transfer business smoothly to have the below mentioned officials from among the staff members (Section Chiefs and Second Rank Secretaries) who have taken charge of the affairs.

For some of these officials are well-acquainted with the object of investigation, that is, actual circumstances of political and other organizations and the investigation of the former army and naval officers. Further, as some of them thoroughly know the circumstances concerning the negotiations made with the Headquarters and various directions concerned until the present time since these affairs were begun to be carried out. It is, therefore, necessary to have them by the time when the officials who are newly to conduct the affairs will understand them.

For other two or three reasons, it is considered absolutely necessary at this time of transition of the alteration of organization to have these officials continually conduct the affairs likewise at Attorney-General's Office for a certain space of time (six months are regarded as suitable) by the time when we can arrange to have the officials who are newly to conduct the affairs to take turns for them. It is, therefore, requested that you would kindly give us your approval for this provisional arrangement.

II. Those affairs concerning Registration of Aliens, Custody of Properties of Dissolved Organizations and Registration of Political Parties, now under the jurisdiction of the Second Bureau of the Office of Domestic Affairs are also to be transferred to the Judicial Administration Division and the Civil Affairs Bureau of the Attorney-General's Office which will be shortly established, but those business

3

all require technical skill and especially the custody of properties of dissolved organizations is, for the most part, an accounting business and is least of an administrative dispostion. Therefore we sincerely request your Authorities to approve that those undermentioned officials, including a chief of section and staff members, who have been so far engaged in the business mentioned above, at the Second Bureau of the Office of Domestic Affairs, shall take charge of the same business continuously at the Attorney-General's Office.

Chief of Section	MIYAJI Naokuni
Second rank Official	KUBO Takuya
Second rank Official	KARASAWA Tomihisa

1. OGURA Ken, Chief of Investigation Section

He has been in office as Chief of the Section in charge of the affairs concerning the Imperial Ordinance No. 101, since August, 1946 and is well-versed in those affairs. He enjoys the confidence of the staff officials mentioned below, third rank officials and the other members in the Bureau and is guiding their office work now, and so he is a necessary person for the office, at least until new members are well-trained to take over the official duties from the present staff members.

2. HONDA Takeo

He is the chief official and one of the centre figures who is in charge of the affairs concerning the dissolution of political parties and other organizations, designated in the Imperial Ordinance No. 101 and the affairs concerning the investigation thereinto as well. He has negotiated with SCAP about the matter concerned from the beginning and is well acquainted with the actual circumstances of the affairs, and so he also a necessary person for the office now and in the future.

3. TSUCHIDA Kuniyasu

He is in charge of the affairs concerning the supplementary designation of dissolved organizations and this business having now many problems to be solved urgently, it is absolutely necessary to keep him in the office for the time being.

4. NONAKA ~~Yo~~ ISAO

This person is in charge of business concerning investigation as to the activities of former members of dissolved

organizations, and on conditions of organizations on which visilance is required. As he is very familiar with this line of works, it is feared that s sudden missing of him will cause a trouble in the continuation of the business.

5. TAKADA Kenzo
SARUWATARI Shinichi
YAMAMOTO Mitsutoshi

These persons are, each of them, endowed with excellent ability in investigation works, and moreover, their existence as local residing officials is now needed for securing contact with various local quarters concerned. We are, therefore, in a position to feel difficulty in smoothly continuing our business by missing these persons suddenly.

6. ISHIZUKA Tomio

This person has served, ever since the establishment of the former Investigation Bureau, as principal official in charge of general affairs in the Bureau. On that account, he is fully versed in all detailed conditions of the office, especially in budgets and accounts in general. He is, indeed, a person who is indispensable to our Bureau.

7. MIYAKE Yoshiro

The business of inquiry on officers, and of registration of aliens has been handled by this person from the very first, and the circumstance has made it necessary, for the continuation of the business, to have him in the Bureau, until some other person who is adequate to the place is obtained. He is also engaging now in the works of revising the Aliens Registration Ordinance, and of studying Imperial Ordinance No. 101 and its related laws.

8. OZAKI Shigetake

He is a person who went over to Hokkaido very recently, as residing official for that district, the office of which was filled by him efter lot of troubles which were experienced in finding a suitable successor since the time that vacancy occurred in that post. Moreover, his career as a Home Ministry official has extended for only several months that were passed as assistant official. It is desirable, therefore, that he is kept for some time ahead in his present post.

Remarks:

As it is essentially necessitated that in order to continue the present business, one of the Section Chiefs who have so far shared it should provisionally remain in his post, I would ask you to allow OGURA, Ken, present Chief of the Investigation Section, to maintain his office; and if it should be impossible, it is very eagerly desired that NODA Akira, present Chief of the Registration Section, should be made by your discretion to remain provisionally as Chief of the Investigation Section. Mr. NODA is a person who is not only versed in investigation works as to organizations, based on Imperial Ordinance No.101, which business he has so far handled in assistance of the Chief of the said Section as its senior official, but has a thorough knowledge of all the business in the Bureau, now handling the works, as Chief of the Registration Section, of inquiry as to officers and registration of various organizations.
