UNITED STATES GOVERNMENT LIFE INSURANCE.

INTRODUCTION.

Under the war-risk insurance act every person in the active military or naval service was given the privilege of obtaining from the United States insurance against death and total permanent disability in amounts up to \$10,000.

This insurance is issued by the Bureau of War Risk Insurance of the Treasury Department, on the yearly renewable term plan.

TERM INSURANCE ISSUED DURING THE WAR.

The premiums are calculated on the basis of the American Experience Table of Mortality with $3\frac{1}{2}$ per cent interest (net peace-time rates). No addition is made to these premiums to cover the cost of issuing the insurance and of its administration or for the extra cost of insurance due to the hazards of war. Furthermore, no charge is made for the additional liberal benefit whereby the insurance is paid in case the insured becomes totally permanently disabled. The insured therefore obtains insurance covering the hazards of war and pays for it at the net peace-time rates.

EXPIRATION OF TERM INSURANCE.

Under the provisions of the war-risk insurance act the term insurance may be retained for five years after the termination of the war, as proclaimed by the President, provided the insured continues the payment of premiums. These premiums increase slightly as the insured gets older.

CONVERSION OF TERM INSURANCE.

The war-risk insurance act provides that before the expiration of the five years above specified any person

holding the war-term insurance may convert it into a permanent form of Government life insurance. If the insured does not so convert his term insurance within the five years, it will terminate at that time and he will be unable to obtain any further Government insurance.

In order to convert into the permanent form the insured must continue to pay the premiums on his term insurance until he is ready to make the change. He can, however, reduce the amount of insurance by filing a request with the Bureau of War Risk Insurance.

The insurance may now be converted in whole or in part, upon application to the Bureau of War Risk Insurance of the Treasury Department, Washington, D. C. The necessary application blanks will be furnished by the bureau.

The following forms of policies will be issued by the bureau to persons making the conversion:

- (1) Ordinary life.
- (2) Twenty-payment life.
- (3) Thirty-payment life.
- (4) Twenty-year endowment.
- (5) Thirty-year endowment.
- (6) Endowment maturing at age 62.

These policies will be issued in sums ranging from \$1,000 to \$10,000, in multiples of \$500. The insurance will be issued against death or total permanent disability.

Should the policy become a claim by death, payment of \$5.75 per month is guaranteed for 240 months, for each \$1,000 insurance, and should the insured become totally and permanently disabled payment of installments will continue during his life while so totally and permanently disabled.

The insurance is unassignable, except that a beneficiary may assign his interest to any other member of the permitted class of beneficiaries. It is also nontaxable, and free from the claims of creditors.

No medical examination is necessary to make the conversion.

HOW TO REINSTATE AND CONVERT LAPSED TERM INSURANCE.

Yearly renewable term insurance lapsed or canceled may be reinstated and converted, in whole or

in part, within 18 months after the month of discharge from the military or naval forces, or at any time within one year after the date of lapsation or cancellation, upon evidence of insurability and payment of the premium for one month (the grace period) on the amount of term insurance to be reinstated and converted, and also of the first premium on the converted insurance.

Instead of the policy being payable in 240 monthly installments at his death, the insured may select certain optional settlements under United States Government life insurance (converted) policies.

OPTIONAL SETTLEMENTS.

The insured may select during his lifetime or by his last will and testament for a designated beneficiary or beneficiaries one of the optional settlements set forth below, but notice of the selection shall not be valid unless and until it is recorded in the Bureau of War Risk Insurance. The insured may likewise revoke his selection of the optional settlement, but the revocation shall not be valid unless and until it is recorded in the Bureau of War Risk Insurance.

If the insured has not made an optional selection during his lifetime or by his last will and testament, at the maturity of the policy by death a designated beneficiary or beneficiaries may select settlement under options 2 or 3 as set forth below, but the selection shall not be valid unless and until it is recorded in the Bureau of War Risk Insurance. If the insured has made an optional selection during his lifetime, or by his last will and testament, at the maturity of the policy by death a designated beneficiary may elect to receive the insurance in monthly installments spread over a greater period of time than that selected by the insured.

The values shown in the following options are based on an insurance of \$1,000 without indebtedness. If there is indebtedness, or if the insured has received any payments on account of total permanent disability, the values will be decreased accordingly. If the policy provides for a larger amount of insurance than \$1,000, the values will be increased proportionately.

OPTIONAL SETTLEMENTS IN LIEU OF MONTHLY INSTALLMENTS OF \$5.75 PAYABLE ON THE DEATH OF THE INSURED UNDER THE TERMS OF THE POLICY.

Option 1. Insurance payable in one sum.—Settlement under this option will be made only when selected by the insured during his lifetime or by his last will and testament. When such selection has been made, the face amount will be payable in one sum at the maturity of the policy by death.

Option 2. Insurance payable in limited installments.—The installments noted below will be payable for an agreed number of months to the designated beneficiary. If the designated beneficiary dies before the agreed number of monthly installments has been paid, the remaining unpaid monthly stallments will be paid to the estate of the beneficiary.

Number of monthly installments.	Amount of each monthly install- ment.	Number of monthly installments.	Amount of each monthly install- ment.

WHEN THE INSURANCE TAKES EFFECT.

In no case does the United States Government life (converted) insurance take effect until a valid application for the converted insurance has been made and the first premium on the converted insurance paid. The insurance will take effect on the first of the month succeeding the month in which the application is made, provided the premium on the term insurance payable on the first of the current month has been paid. If the premium on the term insurance payable on the first of the month in which application is made has not been paid, then the converted insurance will take effect on the first day of the current

month provided the premium for the converted insurance for this month is paid.

PREMIUMS.

The premiums charged for the United States Government life insurance (converted) are calculated upon the American Experience Table of Mortality, with $3\frac{1}{2}$ per cent interest. They are net premiums without any charge for the expenses of administration; these charges will be borne by the Government.

GENERAL PROVISIONS.

No additional charge will be made in the premiums for the liberal total permanent disability provision.

The insurance will be issued at the nearest attained age of the insured on the date on which the converted insurance takes effect.

The premiums are payable monthly on the first of the month. They may also be paid quarterly, semiannually, or annually. Should the insured pay quarterly, semiannually, or annually and die, the discounted value of the premiums paid in advance beyond the calendar month in which death occurs shall be refunded.

The policies will participate in gains and savings, and provision is made for the payment of dividends as earned.

Dividends may be taken in cash or left to accumulate at interest with the Government.

Surrender values will be provided together with the other usual features contained in the policies issued by the life insurance companies.

The strength of the United States is the security for these policies. The premiums are lower than those charged by any company for participating insurance with similar benefits.

The insurance payments will be made in monthly installments, but will be paid in one sum in the following instances:

- (1) At the maturity of the policy by death, if the insured, during his lifetime or by his last will and testament, has selected Option 1 as set forth above under the heading "Optional settlements."
- (2) When cash value is taken.
- (3) When surrendered for paid-up insurance.
- (4) When the policy matures as an endowment.

SYNOPSIS OF PRINCIPAL FEATURES.

Premiums.—Premiums are monthly premiums without any addition for the cost of collection or administration expense or for contingencies.

Guaranteed values.—After the policy has been in force one year, guaranteed values are the full reserves without any deductions.

Dividends.—All policies on the United States Government life insurance (converted) forms entitle the insured to participate in dividends from gains and savings.

Disability benefits.—Payment of further premiums is waived and the insurance becomes payable in monthly installments of \$5.75 for each \$1,000 of insurance, on total permanent disability of the insured.

Cash loans.—The policies provide for loans at any time after the first year, equal to 94 per cent of the cash surrender value.

Policy conditions.—Policies are free of conditions as to residence, travel, occupation, military or naval service.

Incontestability.—Policies are incontestable from their date except for nonpayment of premiums, and except that the discharge or dismissal of the insured from the military or naval forces of the United States on the ground that he is an alien enemy, conscientious objector, or a deserter, or as guilty of mutiny, treason, spying, or any offense involving moral turpitude, or willful and persistent misconduct shall terminate the insurance and bar all rights thereunder.

Grace for payment of premiums.—All premiums are due on the first of the month and the insured has the remainder of that month as a grace period in which to pay the premium. No interest charge is made for this grace period and the policy remains in full force during such period, the unpaid premium being deducted from any settlement under the policy.

Beneficiary.—The insurance will be paid to the beneficiary designated by the insured, such beneficiary to be within the class permitted by the war-risk insurance act which includes the following persons: Parent, grandparent, step-parent, wife or husband, child, stepchild, adopted child, grandchild, brother, sister, half brother, half sister, brother through adoption, sister through adoption, step-

brother, stepsister, parent through adoption, uncle, aunt, nephew, niece, brother-in-law, sister-in-law; persons who have stood in the relation of a parent for a period of one year or more prior to your enlistment or induction, or the child or children of such persons; parent, grandparent, step-parent, or parent through adoption of your wife or husband.

Change of beneficiary.—The insured may change the beneficiary or take any action on the policy without his or her consent.

Reinstatement.—Policies may be reinstated under certain conditions after default upon evidence of insurability satisfactory to the Government and payment of arrears in premium with interest and the payment or reinstatement of any indebtedness which existed at the time of such default, with policy loan interest.

Change of premium payment.—The method of paying premiums may be changed from monthly to quarterly, semiannually, or annually, on notice in writing to the Bureau of War Risk Insurance.

The following tables show the premium rates for the six forms of insurance to be issued and also show the cash values, paid-up insurance, and extended insurance values under the different policies. The tables show the premium rates, cash values, and paid-up values for \$1,000 insurance providing installments of \$5.75 per month in the event of death or total permanent disability.

For amounts in excess of \$1,000 the premiums, cash values, and paid-up insurance values are in proportion. The period shown under the extended insurance values are the same irrespective of the amount of the insurance.

R. G. CHOLMELEY-JONES,
Director of the Bureau of War Risk Insurance.
