VOL. 1 GLENDALE (Los Angeles Postoffice) CALIFORNIA, SATURDAY, NOVEMBER 2, 1918 NO. 48

### THE INFLUENZA

There does not seem to be much change in the condition here of the epidemic which is sweeping the nation. Many cases are reported, but fortunately most of them are of a light form, with recovery in a few days, but as is always the way in diseases of this kind, death strikes sometimes quickly, and the shock to community and friends is severe.

Since our last issue, Glendale mourns the loss of several well known and popular citizens, notably the wife of Dr. R. E. Chase, our health officer, and Lou Kerri, the popular young leader of the Elks' Drill team, and foreman of Kent & son, Contractors. The whole community joins in sympathy.

### RED CROSS ROOMS CHANGED TO HOSPITAL

Owing to the fact that the local hospitals were unable to care for all the cases of influenza, the old council room at the city hall, which has been used as a work room by the Red Cross, was transformed the first of the week into an emergency hospital, with Mrs. Hudson, a trained nurse, in charge, and the local Red Cross leaders assisting. Thursday there were nine patients to care for.

Patients can have any physician they desire.

### Some Needed Articles

Many articles are badly needed, such as screens to place about beds, small tables and rocking chairs, bed pans, etc. Any one having such they can donate or loan, can notify any of the local Red Cross officials.

### JOE COLLINO DEAD

Tropico residents were shocked Thursday afternoon by the announcement that Joe Collino had died at the emergency hospital in the City Hall building, of Pneumonia, following an attack of influenza. He had only been sick about seven days, being taken ill at the ranch of a brother-in-law near Burbank, where he was working. He was brought here, Wednesday, but in spite of all medical aid, passed away at 2 o'clock Thursday afternoon.

Joe Collino was only 21 years old, and was well and favorably known here, coming to America from Italy about five years ago with his brothers and sisters, and became a part of our Italian community, industrious and loyal citizens.

He leaves to mourn his departure two brothers, B. Collino, who so successfully conducted the Tropico Grocery for several years, and Laurence, who is now with our soldier boys in France, three married sisters, Clementina, Carolina and Margherita, and his aged mother in Italy, Mrs. Cristina Collino.

Funeral services will be held this (Saturday) afternoon, at the Pulliam Undertaking chapel, at 2 o'clock, with Father O'Neill in charge. Burial will be made in the Grandview Cemetery near Burbank.

The next regular meeting of N. P. Banks W. R. C. is scheduled for Friday, November 8th, this date, however being contingent upon the removal of the ban which has been placed on meetings of this nature, due to the influenza epidemic.

### PRESIDENT ENDORSES RANDALL'S CANDIDACY

Congressman Charles H. Randall has received a strong endorsement of his candidacy for re-election in the Ninth District from President Wilson. This endorsement, which is similar to the one received from Secretary McAdoo, is contained in a telegram sent by the President to Dr. Z. T. Malaby of Pasadena in reply to an inquiry from the latter. The telegram is as follows:

"I am glad to say in reply to your inquiry that Mr. Randall's course in Congress has proved of the highest value to the country and that I should deem it a distinct loss at this critical time if he were not returned."

### CALIFORNIA LIBERTY FAIR

Although the date of the opening of the California Liberty Fair is still undecided, the managers and exhibitors are still planning and working, as is shown by the following notices sent us by Publicity Manager Bert C. Smith:

That the California Liberty Fair will soon be held, was the statement of the Directors who are expecting to make this the greatest exhibit ever planned in the West. Arrangements have all been made for the opening day, and when the date is announced a program that will include features that would not have been possible before is to be given to the general public.

Because of the wonderful victory of the Allies and of our own troops on the Western and Eastern fronts, the

The man who votes for Mr. Arthur Lindley to represent this district in the State Legislature, will never regret his action. A personal acquaintance with Mr. Lindley assures us of his unquestioned ability and standing on the momentous questions of the hour. Mr. Lindley received a majority of the votes at the primary, which should be repeated next Tuesday.

## FOR MEMBER OF CONGRESS

We hope that our readers will not be stampeded by the campaign being carried on by the Los Angeles Times and the Glendale News in favor of Flowers and against our present efficient member, Chas. H. Randall.

We quote the following from an editorial in Thursday evening's Los Angeles Express:

"Mr. Randall is a candidate for re-election. Mr. Flowers has been named as his opponent, having received the Republican nomination. Randall is a man of known conscience, courage and intelligence. Flowers is a showy, superficial, office-seeking politician, whose record is positively objectionable, and whose election to Congress would be deplorable."

## JUDGE HOUSER ENDORSED

Among prominent club women endorsing the candidacy of Judge Frederick W. Houser for re-election to the superior court bench, which position he has held for twelve years, are Mrs. Charles H. Ashcroft, Mrs. Chester Ashley, Mrs. F. T. Bicknell, Mrs. E. R. Brainerd, Mrs. O. P. Clark, Mrs. Rose Bryant, Mrs. Mae Creveling, Mrs. Herman Darling, Mrs. Clara Shortridge Foltz, Miss Mary Foy, Mrs. F. A. H. Fysh, Mrs. I. W. Gleason, Mrs. Clarence Van Graham, Mrs. Hester T. Griffith, Mrs. M. E. Jenkins, Mrs. William C. Mushet, Mrs. Harriet

Myers, Mrs. I. Myers, Dr. Jessie Russell, Mrs. R. J. Waters, and Mrs. G. M. Vermilyea.

Many women, as well as men, are working for his re-election, as they feel he merits their support in every way. The justness of his decisions has appealed to those who have followed his career on the bench; and his attitude toward women while in the legislature and at all times appeals strongly to them. He worked for and aided in every way possible the cause of woman suffrage, on the ground that it was the only just thing to do. They consider that ability, coupled with this strong sense of justice, preeminently fits him for the position he now holds.

Vote "No" on No. 20, the Compulsory "Health Insurance Fake."

## AMENDMENT NO. 7

AMENDMENT NO. 7 on the ballot is permissive in its nature, and simply amounts to an enabling act permitting the voters of Los Angeles County at a later date to authorize by ballot the transfer of certain funds now on hand, and which fund amounts to a million dollars and is now invested in Liberty Bonds, from the surplus funds of 1917 and 1918 to reimburse a certain overdraft existing in the funds of the county for years prior to 1917, and which amounts at this time to \$930,188.28.

The surplus now on hand represents the savings that were made by all of the departments of the County during the years 1917 and 1918, and is held and invested for the very purpose of clearing the books of the red

## HENRY J. STEVENS

Upon the voters of Los Angeles County will devolve upon the 5th day of November the selecting of seven judges of the superior court. In the common, every-day affairs of life we are apt to overlook the importance of this position. The judiciary constitutes the bulwark of our freedom. All that man has, even life itself, may come under the disposition of one of the judges of the superior court. It is therefore of the utmost importance that men of the highest character and ability should be selected. Much of the congestion of our courts and the necessity of multiplying our appellate courts arises from the lack of competency upon the part of our trial judges.

In asking for your suffrages for Mr. Henry J. Stevens, one of the candidates, it can be asserted with great confidence that, by reason of his experience as a trial lawyer, his remarkable intellectual endowment, his thorough knowledge of the law, his elec-

tion will be a safe investment for the balance of former years.

people of the county, inasmuch as his administration of that position would be a great saving of time, labor and money to litigants, and consequently to tax-payers in this county.

People complain that the ablest men in the legal profession are unwilling to accept nominations for judgeships, or even accept appointments to that position. To the people at this time is given the opportunity to elect to that position one of the ablest lawyers in Southern California, a man who is ideally qualified to fill the position. It is a matter of public duty to advocate his candidacy; it is clearly a matter of public duty to elect him.

Respectfully submitted,

HENRY W. O'MELVENY.

#### AMENDMENT NO. 7

Continued from preceding page

The adoption of this amendment does not call for an increase in the tax levy, and will simply permit the transfer of this surplus to take up the deficit of former years, conditioned that the voters of Los Angeles County when an election for that purpose is called may so authorize, and not before. It will not be necessary to call a special election, so that there will be no extra expense on account of the adoption of this amendment.

The amendment applies only to this one occasion, and does not open the door for any other county or for any other purpose, nor would it permit a like transfer should such be needed in future years.

This is the only legal method by which this red balance of former years can be eliminated, and unless this method is adopted the same will remain on the books of the County until the end of time.

Vote "Yes" on Amendment No. 7.

#### JUDGE RIVES

Judge James C. Rives, who has been in the Probate Department for many years, is among the incumbents seeking re-election to the Superior Court bench. Judge Rives has been a resident of the County half a century. He was admitted to the bar in 1887, and ten years later was elected District Attorney. This position he held for four years. In 1906 Judge Rives was

nominated by the Republican, Democratic and Good Government Convention for Superior Judge and was elected by a handsome majority. He was assigned to the Probate Department and has been there ever since.

Judge Rives lives upon a ranch near Downey, and in addition to being one of the most capable judges who ever graced the Superior Court bench, is a successful fruit-grower, banker and business man. (Advertisement)

RECEIVED MOST VOTES OF ANY  
CANDIDATE AT THE  
PRIMARIES

A clean-cut business man, with high moral standards. Will be an efficient and dependable Representative of his District in the Legislature. He has the endorsement and support of all

of the Dry Forces, as well as large numbers of the leading members of all the Political Parties. He is gaining strength daily as a Candidate, as the people of the District get to know him better. He has always taken an active interest in the moral, social and political betterment of his community, and has been a leader in these lines of activity.

Mr. Lindley is no Pacifist, but is keenly alive to the necessity of winning the War, and firmly believes that no peace, or even armistice, should be declared until Germany has surrendered unconditionally; and then the terms of settlement shall be dictated by the Allies, and Germany's punishment be as nearly as possible commensurate with the great crimes she has committed against Civilization and Humanity.

He will be right on all moral issues, and safe on all others.

**SERGEANT RAY F. ENOS IS DEAD**

Mrs. Christian Enos, who conducts the Victor Hotel in this city, received a telegram a few days ago from Brigadier General Charles C. Long, informing her of the death in France of her son, Sergeant Ray Frederick Enos, on September 30th.

Though Sergeant Enos was one of the first to enlist after the declaration of war by the United States, he had been in France only a few days, having sailed from the United States on September 13th. Death was the result of cerebro-spinal meningitis.

Sergeant Enos was a native of New York, and was 24 years of age. He leaves a mother, father and a sister, Mrs. Ray Galvin, of Hawthorne Street.

**RICHARDSON FOR STATE TREASURER**

Friend Wm. Richardson has earned the right to a unanimous vote for state treasurer. He has proved his patriotism by placing the treasury on a currency basis and turning several million in gold over to the federal reserve bank. This has proved a help in winning the war. While having no authority in the policy of public expenditure, he has stood like a rock against illegal attacks upon the treasury.

His office is run economically and efficiently and a great volume of business is handled with a very small force. He has increased the interest revenue on state deposits more than forty thousand dollars a year. He is always ready and willing to be of service to any citizen. Put an X after his name.

Mrs. E. J. Jackson, of Bushnell, Ill., arrived by automobile Saturday, and are now located at 1305 Glendale Avenue. Mr. and Mrs. S. E. Brown, of 1239 South Maryland Avenue, motored to Fillmore the first of the week and spent the night with Rev. H. C. Shoemaker. They enjoyed the trip immensely, as it is a beautiful drive among the orange groves. The walnut crop is estimated at about \$2,000,000 for Ventura County alone.

### CALIFORNIA LIBERTY FAIR

(Continued from page 1)

Directors plan to make the opening of the Fair "Victory Day." California's part in this great world war is to be brought out in a manner that was never before possible, because of the way our troops have driven through the Hindenburg and other lines, and it is planned to make this a celebration that will be second to nothing that has ever been attempted before.

Everything possible to make the California Liberty Fair a success has already been done. Preparations have been made to receive an immense crowd of people. Every effort has been put forth to safeguard the public, and the Fair, when the gates are finally opened, will be one of the most attractive possible, because of the extra time given for preparation by those in charge.

Dr. R. E. Chase, Health Officer, is again around, after being confined to his bed with influenza. His little girl, however, is not well yet.

## PROCEEDINGS OF BOARD OF TRUSTEES

The Board of Trustees assembled in regular meeting at 8:15 p. m. Thursday. All present at Roll call except Shaw.

A communication was read from the City Assessor recommending that Rev. J. H. Henry be allowed the Veterans' exemption of one thousand dollars on the valuation of his property, although affidavit required by law is not on file. On motion, this was referred to the City Attorney.

A communication was received from the City Engineer, accompanied by a map of tract N.o 3302, situated north of the limits of the City of Glendale, and recommending that the same be approved by the Trustees as per request of the Board of Supervisors. On motion, the request was granted.

Chief of Police and City Marshal George H. Herald tendered his resignation of those offices in a written communication, and upon motion of Trustee Henry, same was accepted, to take effect on December 1st, 1918.

The chairman stated that on October 21th, 1918, the resignation of Officer Garwood had been received, and on motion of Trustee Jackson, the same was accepted and ordered to become effective on December 1st, 1918.

The reports of Health Officer and City Recorder for the month of October were filed.

The City Manager reported having, at the request of the Health Officers, established at the Branch City Hall Building in the Tropico district an emergency hospital, and employed a nurse to take charge; and further that certain necessary equipment had been purchased. He estimated that the total cost of this institution would be \$80.00 per week, and that if the limited accommodations will permit, patients will be received at a charge of probably \$20.00 per week each. On motion the report was accepted and the action of the City Manager was approved, all voting aye.

The City Manager reported that the Priorities Committee had sent a blank form from Washington to be filled out before taking action permitting the delivery of the fire engine contracted for by the City of Glendale with the American-La France Co. He called attention to the desirability of having the streets sprinkled in front of the residences, and on motion of Trustee Muhleman, it was ordered that householders be requested to do this sprinkling by a publication to be made in the newspaper.

Police Officer H. W. Hollenbeck appeared before the Board and asked to be informed why his resignation had been requested. The Chairman stated in reply that this action had been

taken not because of any complaint made against the Officer, but merely because it seemed to be one of the changes required for the good of the service. The Officer stated that he did not intend to offer his resignation. On motion of Trustee Henry, seconded by Trustee Jackson, it was ordered that the services of Officer Hollenbeck be dispensed with on December 1st, 1918.

Trustee Henry made the motion, seconded by Trustee Jackson, that John Lampert be appointed to the office of City Marshal to take effect December 1st, 1918.

Adjourned, 9:10 p. m.

### INFORMATION ON APPELLATE COURT CONSTITUTIONAL AMENDMENT No. 9. WHY IT SHOULD BE ADOPTED

Question: Which is the amendment?

Answer: It is Senate Constitutional Amendment No. 45, which will appear as No. 9 on the official November ballot. It should not be confused with Assembly Constitutional Amendment No. 61, which will be No. 6 on the official ballot.

Question: What is the object of Amendment No. 9?

Answer: To add a new division of three justices to the present district courts of appeal in the Los Angeles and San Francisco districts, making six additional justices, thus doubling the working capacity of these two courts and enabling them to take care of the numerous smaller appealed cases.

Question: Does the proposed amendment create new courts?

Answer: No, it merely adds two divisions of three justices each to the present district court of Los Angeles and San Francisco.

Question: What additional expense will there be if amendment No. 9 is adopted?

Answer: Just the salaries of the six new justices. The two new divisions will occupy the present quarters of the district courts and use the same attaches and facilities.

Question: How will their salaries be paid?

Answer: By the whole state through taxation.

Question: What will be the additional burden upon the state?

Answer: An average for each county of about \$700.

Question: Why is the adoption of this amendment necessary?

Answer: Because the present number of justices of the Appellate Courts, working to full capacity and assidu-

ously, are unable to dispose of the work before the courts. We must have more justices, or the work must go undone and the undecided cases be allowed to pile up.

Question: Why are the Appellate Courts unable to keep up with their work?

Answer: Because, in brief, the number of appeals and other work before the courts has increased since 1904. The population of California has increased sixty per cent; business of all kinds has almost trebled, and court work of all kinds, keeping pace, has doubled.

Question: Who proposed this amendment?

Answer: The Legislature, of course. But it was proposed by the Legislature in its present form because the members of the Judiciary Committees of the Legislature had previously requested a committee of the California Bar Association to co-operate with them in preparing the amendment. The amendment, therefore, represents the best thought of the State on the subject, and is approved by the Justices of the Supreme Court, representative lawyers, and the public generally.

Question: Why should the individual, who has no litigation pending before the Appellate Courts, vote for this Amendment?

Answer. The speedy termination of litigation is of first importance. The denial of prompt decision is ruinous to the parties in many cases, particularly where the parties have their all at stake. Justice delayed is justice denied, is an old saying, and it is true. Every voter must take sufficient interest in our courts to preserve them for himself, and to pro-

fore the Appellate Courts have gradually and continuously increased. The present courts were established by Constitutional Amendment in 1904. Provide proper and sufficient ways and means to allow them to dispatch their business promptly and well. The hope of a delayed decision is the stock-in-trade of privilege. The little fellow, as a rule, is licked before he begins, if he is delayed for years in reaping the benefit of his successful litigation.

VOTE "YES" ON SENATE CONSTITUTIONAL AMENDMENT No. 45, No. 9 ON THE NOVEMBER ELECTION BALLOT.

# NEW RULES ISSUED FOR EATING PLACES

## Restaurants, Hotels, Will Help Save Food for Allies and Our Fighters

The government's new food conservation program for public eating places, which includes restaurants, hotels, clubs, boarding houses and other places where cooked food is sold to be eaten on the premises, went into effect throughout the country on Oct. 21.

Twelve general orders governing the service of food in the public eating places, which are mandatory and will be rigidly enforced, follow in brief form and supersede all prior orders and directions:

**GENERAL ORDER 1.** No public eating-place shall serve or permit to be served any bread or other bakery product which does not contain at least 20 per cent of wheat flour substitutes, nor shall it serve or permit to be served to any one person at any one meal more than 2 ounces of this bread, known as Victory Bread, or if no Victory Bread is served, more than 4 ounces of other breads (such as corn bread, muffins, Boston brown bread, etc.). Sandwiches or bread served at boarding camps, and rye bread containing 50 per cent or more of pure rye flour, are excepted.

**NOTE:**—The exception of SANDWICHES from the limited portion rule is general and not confined to sandwiches served in boarding camps.

**GENERAL ORDER 2.** No public eating-place shall serve or permit to be served bread or toast as a garniture or under meat.

**GENERAL ORDER 3.** No public eating-place shall allow any bread to be brought to the table until after the first course is served.

**NOTE:**—When a meal consists of ONLY ONE COURSE the bread may be served concurrently with the meal.

**GENERAL ORDER 4.** No public eating-place shall serve or permit to be served to one patron at any one meal more than one kind of meat. For the purpose of this rule meat shall be considered as including beef, mutton, pork poultry and any by-product thereof.

**GENERAL ORDER 5.** No public eating-place shall serve or permit to be served any bacon as a garniture.

**GENERAL ORDER 6.** No public eating-place shall serve or permit to be served to any one person at any one meal more than one-half ounce of but-

**GENERAL ORDER 8.** No public eating-place shall use or permit the use of the sugar bowl on the table or lunch counter. Nor shall any public eating-place serve sugar or permit it to be served unless the guest so requests and in no event shall the amount served to any one person at any one meal exceed one teaspoonful or its equivalent.

**GENERAL ORDER 9.** No public eating-place shall use or permit the use of an amount of sugar in excess of two pounds for every ninety meals served, including all uses of sugar on the table and in cooking, excepting such sugar as may be allotted by the Federal Food Administrators to hotels holding a bakery license. No sugar allotted for this special baking purpose shall be used for any other purpose.

**GENERAL ORDER 10.** No public eating-place shall burn any food or permit any food to be burned, and all waste shall be saved to feed animals or reduced to obtain fats.

**GENERAL ORDER 11.** No public eating-place shall display or permit to be displayed food on its premises in any such manner as may cause its deterioration so that it can not be used for human consumption.

**GENERAL ORDER 12.** No public eating-place shall serve or permit to be served what is known as double cream or cream de luxe; and in any event, no cream containing over 20 per cent of butter fat shall be served.

### AMERICA CANNOT FAIL

America must send the Allies and our soldiers and sailors 17,500,000 tons of foodstuffs before June 30 of next year. The great bulk of this must be saved in the kitchens of the country. Our production is not sufficient to meet this tremendous export demand unless we cut down our consumption proportionately.

Last year the nation voluntarily saved and sent approximately 11,500,000 tons of foods, or 5,000,000 tons less than is required this coming year to maintain the Allies and our military forces while beating the Germans back beyond the Rhine and purging the world of autocracy and organized murder.

Thus our food conservation task now is greater than the task achieved, and each man, woman and child individually is responsible in helping America to fulfill the obligation assumed—that of exporting 17,500,000 tons of food this winter and spring. We have now to make the supreme effort and we must not fail. Watch your plate carefully

**GENERAL ORDER 7.** No public eating-place shall serve or permit to be served to any one person at any one meal more than one-half ounce of Cheddar, commonly called American Cheese.

### EPIGRYMES:

I'll THANK you, sir, if you won't talk with me about this war, nor use the name of GOD in this connection any more! There are more patriotic men than I, I will admit, and ALSO I'm no deacon—not so's you could notice it! But your wise implication that "All war's insanity," when coupled with His Name in vain and vile profanity, inclines my fist to double up, and stirs my heart and head to something like true Love of God and Land, inherited, perhaps, from ancestors who bled and died that you and I might live as men should live—in Peace and Love to multiply. So kindly step aside, dear sir; I AM the quiet sort and much prefer to give to you AN humble, mild retort. But; by the gods, Dan Webster's right! I'm plain AMERICAN! Another word, and I'll

not be—a cultured gentleman!

Robert Russell.
