SAVIRISH PACT MUST BE SAVED

London Papers Comment on Newest Developments **Valera Asks Papers to Publish Ulster News**

London, May 25.—The Anglo-Irish Treaty must be saved. This is the burden of the editorial comment on the Irish situation by a considerable section of the London press this morning. There are indications of anxiety, and even alarm, and the suspicion that the agreement between Eamon de Valera and Michael Collins covers an intention to declare an independent republic continues unabated.

The Times and The Daily Mail emphasize that Great Britain will never tolerate separation of Ireland. The Times says that if the treaty should be repudiated, "Great Britain would have to face a terrible but not doubtful situation." "Her duty to Northern Ireland," it adds, "would be especially clear. The Northern Government would have to be protected from any and every act of aggression. The treaty is the violable charter of Ulster's rights as well as those of the rest of Ireland. For Englishmen it stands as the one clear criterion in the present obscurity. It offers the only path to a settlement, and upon its preservation the dread issue of peace or war inexorably depends."

Must Be Held.
The Westminster Gazette warns Sir James Craig that Great Britain's voice must be heard on the question as "it would be mere folly for the English Minister to insist that Collins adhere to the treaty if they admitted Craig's veto."

It adds, "The Craig pronouncement definitely leaves every chance for peace in Ireland and can not remain the last word."

Request By Valera.
Dublin, May 25.—Eamon de Valera received a number of newspapermen today and appealed to them for full publicity for the Ulster atrocities on grounds that the exposure of the facts to the world was a way to peace.

There was a vicious circle of outrages and reprisals, the "Republican" leader said. The Unionists were in the majority but have not favored their having full local autonomy. He opposed coercing them, but was also opposed to having the Northern Unionist Government do all he could to prevent it.

FOUR MORE IN BELFAST KILLED

Further Series of Violent Disorders in City **Thousands at Funeral of Late M.P. To-day**

Belfast, May 25.—The casualties in the series of disorders which swept Belfast last night and this morning were placed at a total of four dead and twenty-seven wounded at ten o'clock this morning. The wounded included only those cases treated in hospitals.

It is unofficially declared that the curfew law will be extended to include the county districts.

A youth was killed and another young man and a special constable wounded in a fresh outbreak of shooting in the early hours this morning.

Two of the twenty persons wounded in the bombing of tram cars filled with shipyard workers last evening died during the night.

Two men were shot this morning in the back Falls district. The condition of both is critical.

The Carnegie Library was set on fire three times and was badly damaged.

C.N.R. CLERKS' WAGE ADJUSTMENT

Slight Changes on Basis of Last Year's Rule

Toronto, May 25.—In reply to a rumor that has been circulated to the effect that the stenographers and office help of the Canadian National Railway offices are to receive a cut in wages, as well as being asked to work longer hours, A. J. Hill, assistant to the president, made the following statement:

"Stenographers are not being singled out for special treatment. The condition of the clerical forces of the C. N. R. has been discussed with a committee representing the employees. The question of their rights is not under consideration at present except in a few cases for which an adjustment is being considered. These are on the rates that became effective in July last. But in the aggregate there is no increase or decrease in the amount of reductions which were made effective by the application of the United States Labor Board award in Canada."

Victoria's May Queen and Maid of Honor

Roses from the people of Portland, the Rose City of the Pacific Coast, were presented to Miss Lillian Smethurst, Victoria's May Queen, today by Dr. W. F. Freibig, who accompanied the Victoria Day celebration as Portland's representative. The presentation was made this morning at the George Jay School, where Miss Smethurst is a teacher, as, owing to the closing of all stores, it was impossible for Dr. Freibig to secure roses yesterday.

After Dr. Freibig's wife had handed a beautiful bouquet to Miss Smethurst, in the presence of all the pupils of the school, Dr. Freibig read a telegram from Rose Queen Harriet of Portland, who invited Victorians to attend the Portland Rose Show next month.

"On behalf of the subjects of the realm of Rosaria," said the telegram, "I permit me to extend to you greetings, felicitations and best wishes for a joyous reign, also a most cordial invitation through you to the people of Victoria to visit Portland, the Kingdom of Rosaria, on the occasion of the Rose Festival and Floral Pageant on June 29 to 23 inclusive."

Dr. and Mrs. Freibig were accompanied by Alderman R. W. Perry, who represented the City Council in the Victoria Day celebrations, and yesterday crowned the May Queen, Alderman and Mrs. Perry entertained the visitors yesterday and showed them over the city. On Tuesday Dr. Freibig was shown over the Parliament Buildings and the Provincial Library, after he had motored up from Portland and crossed to the island on the Anacortes ferry.

At the presentation ceremony this morning Miss Smethurst was accompanied by her maid of honor, Miss Edwards.

Bellingham was represented at the presentation ceremony by City Controller and Mrs. McLennan, who were entertained here by Alderman and Mrs. Perry.

"ARMY" CAUSE OF OTTAWA STATEMENT

Few Unemployed Veterans Marching; Relief Described

Ottawa, May 25.—The march of an "army" of unemployed ex-soldiers from Toronto to Ottawa is the subject of a statement issued by the Department of Soldiers' Civil Re-establishment. The statement points out that only some 79 veterans have been given employment by the government since the war, and that for all classes of ex-soldiers, and that for the disabled men relief was paid out direct through the Department of Soldiers' Civil Re-establishment. Relief for disabled men without dependents was discontinued as from April 20 last, but the men have not been in any way interfering with. Any disabled men having dependents are still entitled to relief at the hands of the State.

The statement declares that fewer than 200, instead of 800, left Toronto in the "army," and says it appears that the number of veterans who are still entitled to relief at the hands of the State will probably be 150 if they have luck.

GERMANS EXPECT LOAN TO BE MADE

Pleased with International Bankers' Discussion

Paris, May 25.—Optimism over the progress being made by the international bankers who are in conference here considering the German financial situation with a view to international loans was voiced today by Karl Bergmann, the German representative.

"It is turning out just as I expected," he said, "in expressing pleasure over the outlook."

Paris, May 25.—The second day of the conference here of international bankers finds the situation less reassuring, according to Berlin advisers. Germany is likely to reject Finance Minister Hermes' proposals for balancing the budget which the Reparations Commission found acceptable.

Such a step would considerably add to the already monumental task before the bankers—that of straightening out the European financial tangle in which the German situation forms one of the most stubborn knots.

Even if the Hermes proposals are endorsed in Berlin, today's newspapers point out, the bankers will not perhaps be satisfied with the guarantee which the Reparations Commission demands adequate. J. P. Morgan, who admittedly dominates the discussion, will not be influenced by sentimental or diplomatic considerations. More than a score were wounded, including some members of the Royal Guard who intervened.

The strike notably affects the street car lines and the 20,000 pilgrims now in Rome for the Eucharistic Congress were for the most part compelled to walk to St. Peter's for the celebration of the Mass by Pope Pius.

GENERAL STRIKE CALLED IN ROME

Public Most Affected by Lack of Street Cars

Rome, May 25.—A general strike was declared here today in protest against the disorders which occurred last night in the crowded San Lorenzo quarter of Rome, when a procession of Fascist returning from the funeral of the National hero, Enrico Toti, clashed with residents of a strongly Socialist quarter. More than a score were wounded, including some members of the Royal Guard who intervened.

The strike notably affects the street car lines and the 20,000 pilgrims now in Rome for the Eucharistic Congress were for the most part compelled to walk to St. Peter's for the celebration of the Mass by Pope Pius.

EASTERN COW ATE "MOONSHINE," STILL WAS SEIZED

Piquet, N. B., May 25.—A cow crazed by moonshine whisky, led to quite a sum for most farms during a year, but will not place much of an extra burden on the payroll accounts of most farms. It was excised on page 1.

ROTARY DIRECTORS ARE ELECTED TO-DAY

Directors for the next year, elected by the Rotary Club at its luncheon in the Empress Hotel today, are James Adam, Dr. L. K. Poynor, R. W. Mayhew, Peter B. Schmeiss, E. J. Dow, P. O. Abell and A. Howard-Gibben. P. B. Scourah was elected president of the club a short time ago, and the vice-presidents, and the treasurer will be chosen by the directors from among their number.

Bankers here said that the increase from two to four cents in the stamp tax on cheques over \$50 will amount to quite a sum for most farms during a year, but will not place much of an extra burden on the payroll accounts of most farms. It was excised on page 1.

GEN. WU NOW DIRECTS AFFAIRS OF NORTH CHINA

Peking, May 25.—General Wu Peifu is assumed active direction of the nation's affairs, from his headquarters at Tso Ting Fu, capital of Chihli province. He has refused to locate in Peking, because, he explains, he does not desire to associate himself with the Government headed by President Hsu Shih Chang.

MONTREAL YOUTHS THREW STONES AT BUSY FIREMEN

Montreal, May 25.—Three arrests were made by the police, firemen were patrolled with riot clubs and 38 casualties were registered at the police headquarters during Victoria Day here.

The arrests were of three youths of whom one was arrested for lighting a fire in a street, while his companions retaliated by throwing stones at firemen who were extinguishing it.

DR. A. W. UPCOTT DIED.
London, May 25.—(Canadian Press Cable)—Rev. Dr. Arthur W. Upcott, Headmaster of Christ's Hospital School, died today. He was born in Devon in 1857 and was a noted scholar, teacher and author.

British Aviators Making Round-the-World Flight

Paris, May 25.—Because of a slight fog this morning, there was some delay in the departure of Major W. F. Freibig, Captain Norman MacMillan and Lieut. Colonel L. E. Broome, the British aviators who reached Paris yesterday from England on the first step of their attempted 30,000-mile flight around the world. The aviators had their machines out on the Bourget field ready for the departure, but at 10:30 this morning they were still awaiting more favorable conditions.

The next stop will be Lyons.

The presence of the air voyagers here synchronizes with the first of a four-day international exhibition in which many noted aviators are participating, including Lieut. Ferrari, the Italian aviator who has recently gained fame. The exhibition was attended by thousands of spectators. Ascension Day holiday-makers.

The British aviators are using a D. H. 9 aeroplane which was specially equipped for their round-the-world trip. It carries only 617 pounds of baggage, the travelers having left behind a folding bed that was part of the equipment, in order to lighten the machine.

Local Views on Chief Federal Budget Changes

Some early impressions of the Canadian budget, as it will affect local trade, were gathered from local business men today. The opinion generally speaking is distinctly favorable to the measures proposed by Hon. W. S. Fielding, Minister of Finance, in the proposed revision of the tariff.

Textile Fabrics.
Speaking particularly in reference to textile fabrics, Mr. Pout, merchant manager of the Hudson's Bay Company, today stated that he welcomed the reduction in tariff in British goods because of its indication that the present reduction, which is two and a half per cent, on a large number of textiles, would materially affect retail prices. "For one thing, most of the merchants were already stocked with goods and would not be buying again until the fall. The tariff reduction is so small as to be scarcely appreciable. Articles costing, say, one shilling or twenty-five cents in England, when laid down here after the cost of duty, packing, freight and handling, cost about thirty-eight cents. The new reduction would bring the price to thirty-six and a half cents—a difference which will be scarcely appreciable to the purchaser. But the new reduction may lead to further reductions next year," said Mr. Pout, "when the public will certainly feel the benefit."

Will Not Affect Prices.
Reduction in the tariff on woolen goods and men's clothing will not affect retail prices just now, as it will be counterbalanced by the improvement in British exchange, local clothing dealers said today. "The reduction in the clothing tariff is a move in the right direction," R. B. Price, manager of J. N. Harvey Ltd., declared. "The rise of the English pound, however, would seem to counter any direct effect on the retail market. The goods mostly affected by the tariff reduction are overcoats, raincoats, underwear, caps, pyjamas, flannel trousers and golf suits. Ordinary suits for the most part are made in Canada so that they will not be affected much. A few years ago the tariff change would have affected the price of American goods, but we are not buying so heavily in the United States now. Formerly large quantities of shirts, collars and other things was imported from the United States, but increase in prices during the war cut down this to a low figure."

Stock Transfer Tax.
Budget increases announced from Ottawa mean that persons in Canada who buy 100 shares of Canadian Pacific or any other stock on the New York Stock Exchange must pay a tax of \$9 instead of the \$6 imposed up until now, brokers explained today.

The \$6 stock tax which has been in vogue here on international dealings has been made up of \$4 imposed by the United States Government and \$2 by the Canadian Government. Now the Canadian Government one cent a share better and instead of making the tax 4 cents a share has jumped it to 5 cents.

The tax imposed by the two Governments is on the basis of stock of a par value of \$100, independent of what its selling price. Stock with a lower par value than \$100 a share has its tax rate scaled down accordingly. For instance, on a stock with a par value of \$1 a share the tax on 100 shares would be 90 cents.

The increased price only affects persons who buy stocks in Canada. A person who buys stock in Seattle, of course, will continue to pay only the United States tax of \$4 per hundred shares on the prime Canadian and American securities on the New York Exchange. Canadians who buy the stocks listed in Montreal and Toronto will only pay \$5 per hundred shares.

ISSUES CHALLENGE TO SUNDAY DEBATE

Mayor Refuses to Attend Mass Meeting on Sunday Closing **Cannot Explain Necessity for Law Enforcement, He Says**

While firmly refusing an invitation to speak at the Anti-Blue Sunday League's mass meeting in the Pangloss Theatre to-night, Mayor Marchant today challenged the League to a public open-air debate on the closed Sunday question.

"I cannot accept your invitation," the Mayor said in a letter to W. Leal, Secretary of the Anti-Blue Sunday League. "I think it would be unbecomingly for the Chief Magistrate of the City to be placed in any such invidious position as to appear to be explaining the necessity for enforcing the statute law of the Dominion of Canada."

"It has appeared to me that those who have placed themselves in opposition to such a course, are necessarily, placed on their own defence to show that this or any other law shall not be enforced. In my opinion, the responsibilities and position of the Mayor of the City and the Chairman of the Board of Police Commissioners, involves that, without partiality, fear or favor, he should in my own person, accept the position that, there is nothing I have done in this regard, requiring explanation, justification or apology. I refuse to believe that the citizens of

THREE SOLDIERS KILLED IN U. S. BY EXPLOSION

Fayetteville, N. C., May 25.—Three enlisted men were killed and three men and one officer were wounded today when a private struck a tree and exploded prematurely during target practice on the Camp Bragg range. Captain M. A. Dawson, of Battery E, Fifth Field Artillery, was the officer wounded. All the victims were members of Battery E, Fifth Field Artillery, but their names were not given out.

IN SYRIAN AMERICAN NEARLY SENTENCED

C. R. Crane Given Twenty Years After Disorders Now at Paris Hotel; Seeing Deputies

Chicago, May 25.—A sentence of twenty years in prison on a charge of inciting recent disturbances in French mandate territory in Syria has been meted out to Charles R. Crane, of Chicago, by a French military court in Damascus, according to a copyrighted dispatch from Cairo, Egypt, published today in The Chicago Daily News. Mr. Crane was during the latter years of the Wilson administration.

These reports, according to The News dispatch, say the military court passed the sentence "after a hearing by default" (that is, in the absence of the accused).

"A notice in the newspapers," the dispatch continues, "quoting the official communiqué adds that the American Government has been notified of the verdict."

Paris, May 25.—Charles R. Crane, who is reported to have been condemned by a French military court to twenty years imprisonment, is now stopping at a Paris hotel.

While he was at this afternoon about his condemnation he refused to say anything in regard to the Syria situation, adding that he was making an effort to do something regarding it.

Mr. Crane has not been under arrest or surveillance.

Mr. Crane said he would not be ready to speak until he reached New York, as he "intends working along the same lines in London."

From a traveling companion of Mr. Crane it was learned that he was seeing members of the French Chamber and Senate regarding the Syrian situation.

SHEEP SHEARERS IN AUSTRALIA MAY NOT WORK

London, May 25.—(Canadian Press Cable)—Forty thousand men may be involved in the sheep shearers' refusal to accept a federal arbitration court's award fixing shearer's wages at 35 shillings a hundred and the shearers' insistence upon payment of wages as fixed by the Queensland arbitration board has resulted in a general strike against any wage reduction. Union officials disclaim any idea that the coal miners will be drawn into the sheep shearers' dispute.

W. D. TAYLOR'S DEATH LEADS TO ARREST OF MAN

Poughkeepsie, N. Y., May 25.—A man known only as "Mac," who, according to the authorities, said he was being sought for the shooting of William Desmond Taylor, moving picture director in Los Angeles, was arrested today at Fishkill village after a thrilling hunt in which a sheriff's posse, armed with guns and revolvers surrounded the woods where he had been seen to enter.

British M.P.'s Learn About Genoa Meeting From Lloyd George

Prime Minister Gives Report and Asks Members to Judge Results For Themselves; Says Russia Cannot Recover Without Assistance.

London, May 25.—Loud cheers greeted Premier Lloyd George when he entered the House of Commons this afternoon for a debate on the foreign policies of the Government which is likely to have an important bearing on his political future.

The Genoa Conference formed the text for the debate.

Mr. Lloyd George, in beginning his speech, said he purposed dealing only with the business of the Genoa gathering and did not intend to discuss German relations or British relations with France, an opportunity for discussion of which would be provided in the next week.

The Prime Minister, after reviewing the objects of the conference had succeeded, he would simply state the facts fairly and let the members judge them fairly.

Although peace had been established in Europe, it was quite clear, said Mr. Lloyd George, that the war atmosphere to a certain extent remained.

As for Russia, it was hopeless for her whatever her government, to expect to extricate herself from the pit of squalid misery without assistance. There were two alternatives in dealing with the Russian situation, Mr. Lloyd George pointed out. The first was force, which had failed. No one had suggested that at Genoa. The second was to leave Russia to her fate.

"But how," he asked, "could we insure Europe against the risks this policy would involve? The Russo-German agreement shows the sort of peril it means."

Arming of Russia.
In speaking of the possibility of the re-arming of Russia with German assistance, Mr. Lloyd George said, emphasizing each word:

"I hope the occasion may never arise making it necessary to go back and refer to the warning I am uttering."

Germany, said the Premier, could not re-equip Russia economically, not having the capital, but that was not the case with armaments, as there was every natural resource in one country and complete technical skill in the other.

Trade Needed.
"The British delegation," he said, "realized that it was necessary for the peace of the world, whatever the thought of the Soviet Government, that some arrangement with Russia be made in order to enable her to help in swelling the volume of trade on which so many nations depend and in order to give a sense of stability and security to Europe."

To Compromise.
Russian leaders, said the Premier, quite realized they were not going to get credit from the West upon a basis of confiscation and repudiation of debts. They also knew that Russia would never be restored until she got credit. As regards the budget, he advanced to Russia before the revolution, he said the Russians were pre-occupied to compromise, saying the obligations they accepted would depend upon the assistance received.

—He said the Hague Conference was to be a practical discussion between the experts on the basis of Cannes resolutions, but that when they come down to examination of practical propositions something will be achieved."

ST. LAWRENCE CANAL STATEMENT IN HOUSE

Ottawa Government Expected to Declare Attitude **U. S. Administration Wishes to Open Negotiations**

New York, May 25 (Canadian Press)—The United States Government has notified Canada that it wishes to open negotiations for construction of the St. Lawrence-Great Lakes Ship Canal as soon as possible, the Washington correspondent of The Tribune declared in a dispatch printed today.

The correspondent stated he has learned that this request has been transmitted to the Canadian Government by Sir Auckland Geddes, British Ambassador in Washington, at the request of Secretary of State Hughes.

The project, as vital to many Great Lakes towns, says The Tribune, will be negotiated as soon as possible.

"President Harding became convinced some time ago," says the dispatch, "that a treaty would have to be negotiated before any legislation should be passed. This decision was made known to most of the advocates of the project, especially those from the states in the northern part of the Middle West."

Ottawa's Attitude.
"The Canadian Government. It is learned here in Ottawa, says The Tribune, that the request just made by this Government at this time. Unofficial information was allowed to reach Washington recently, according to the effect that while Premier King was personally favorable to the project, he did not wish it brought up at this time."

"The British Embassy has been so informed by the Canadian Government and has transmitted a request to the State Department that no official statement be made by this Government about the request."

In Commons.
Ottawa, May 25.—Following an announcement that the Washington State Department has intimated to the dispatch continues, it is understood that negotiations on the St. Lawrence Waterway scheme, a statement by the Government on the whole subject is expected when the House resumes its sittings on Friday.

"On several occasions this session the House has discussed the St. Lawrence Waterways scheme, but without a final expression of opinion by the House, the discussion on each occasion being adjourned. In the ordinary course of events, it is unlikely that the House would have reached the scheme again before prorogation. Debate on the subject will have right-of-way until concluded, Government business having precedence on every sitting day, and the St. Lawrence debates will have to come up on a private members' motion."

But in view of the announcement of the United States State Department, it is altogether likely when the House meets again there will be questions asked and requests made for a statement from the Government as to its proposed policy.

Under Consideration.
Ottawa, May 25.—This being a holiday in the Government service, no definite information could be obtained as to whether the Government has received a communication from the United States Government looking to construction of the St. Lawrence Deep Waterway. Premier King was not in his office and could not be reached. It is understood, however, that the communication has been received and is now under consideration by the Government.

SOUTH AFRICAN DEFENCE PLANS

Government Adds to Cape Town's Protection **No Contribution to Navy of Great Britain**

London, May 25.—(Canadian Press Cable)—Replying in the Assembly of the Union of South Africa to complaints during the budget debate that the vote of £25,000 which was the Union's contribution toward navy maintenance has been deleted from the current estimates, says a Reuter dispatch from Cape Town, H. D. Burton, Minister of Defence, stated that the deletion was in accordance with an agreement whereby the Union had undertaken to carry out certain works in connection with the Simonstown defence of Cape Town and other matters pertaining to the navy's business in South African waters.

GREAT EUCHARISTIC CONGRESS IN ROME. Rome, May 25.—Pope Pius celebrated Mass in the Basilica of St. Peter's to-day before thousands of pilgrims attending the International Eucharistic Congress.

Are You a Born Advertiser? Certain merchants get a reputation for being born advertisers. They may have earned the reputation. They were not born that way. Their particular genius has lain in the fact that, having marvelous faith in the power of Daily Newspaper Advertising, they went ahead with it regardless of immediate results.

They had courage. And the courageous advertiser gets the greatest rewards. There are those whose temperament is not suited to Napoleonic tactics. Neither will their product or pocket-book permit them to use these tactics even if they were so inclined. Daily Newspaper Advertising is as another brain to the sales force of these men. It is the one medium from which they get quick and accurate returns; and are so able to repeat their advertisements as often as conditions warrant, and the treasury justifies.

This is particularly true at this time of the year when the season, the weather, the change of fashion, the state of public mind and attitude of competitors, all combine to affect daily sales. The born advertiser is not necessarily the large space advertiser nor does he have to have more than one thing to advertise. If he is quick to seize every incident in his daily life and capitalize it in his next day's advertising—the public will soon pay him that tribute of admiration expressed in the words "a born advertiser."

QUEBEC SETTLERS WILL BE AIDED
Part of Each New Farm to Be Cleared

Montreal, May 25.—Practical aid to colonists by means of clearing a portion of their land is intended by the Government of Quebec. The Minister of Colonization, if possible, will establish a system whereby the Government will clear at its own expense fifteen acres of land on each colonization lot, and will build a house and little barn thereon so that the colonist on arrival will be able immediately to commence farming on part of his lot.

FARM LABOR DEMAND IS MET

Regina, May 25.—Demand and supply in the farm labor market just about balance at the present time, according to Thomas M. Molloy, Saskatchewan, Commissioner of Labor. Mr. Molloy states that practically all the men brought into the province for the summer season have been absorbed and there is no further demand for more men now. The special rate brought into effect to bring additional men from Eastern Canada a couple of weeks ago resulted in some 200 men taking advantage of the opportunity to work in the Saskatchewan fields. These men have all found employment and practically all of them have secured employment for the entire summer.

OTTAWA COMMONS PRESSES FORWARD SESSION'S WORK

Ottawa, May 25.—Wednesday evening sittings of the Commons will be commenced on May 31. Notice of this has been given by Premier King in a resolution providing that on Wednesday, May 31, and on all subsequent Wednesdays to the end of the present session the sittings of the House shall be in every respect under the same rules provided for other days.

CHILD KILLED; FATHER CHARGED

Montreal, May 25.—"I kill Irene: she is happy dead. You see I am not running away," said Henry Roy, of Shawbridge, to his neighbor, Leo Couture, on Tuesday night. Couture reported the matter to the police and on investigation they found that Roy's three-year-old daughter had been beaten to death with a blunt instrument. He will be arraigned at St. Scholastique to-day.

GREATER EXPORTS TO U.S. FROM CANADA
May Be Effect of Reduced U.S. Freight Rates

Washington, May 25.—The large reductions in freight rates which were ordered by the Interstate Commerce Commission yesterday are expected to have an important bearing on importations from Canada and elsewhere. The lowering of freight rates, as viewed here, will to some extent increase imports from Canada which have had to encounter not only tariff duties, but such high freight rates as greatly to restrict markets. The decision of the Interstate Commerce Commission calls for railroad freight rates in the United States to be reduced on July 1 to amounts equal to 10 per cent of their present levels. Practically all classes and commodities of traffic are affected by the decision.

SCOTTISH CHURCH ASKS CHANGES
Desires Representation in Reformed British House of Lords

London, May 25.—(Canadian Press Cable)—The Church of Scotland Assembly passed a resolution yesterday to the effect that while appreciating the services of the Anglican bishops who sit in the House of Lords, a wider representation of Christian views was necessary, and the Church of Scotland and other churches ought to be represented in the reformed second chamber. The Anglican appeal for unity was cordially received. The Methodist Committee on Union reported that union was favored by an overwhelming majority among the Methodist bodies. A statement signed by 500 Wesleyan ministers, however, declared that the Wesleyan point of view on union was different from that of other Methodists. The Methodist Times stated yesterday that the Wesleyan Methodist membership in Great Britain was 468,000, an increase of 9,500 in a year.

TO MAKE REPORT ON MINERS' WAGES

Conciliation Board Has Been Sitting in Calgary
Calgary, May 25.—The conciliation board which considered the dispute arising over the proposed reduction of 20 per cent in the wages of coal miners will meet to-day, at which time W. E. Knowles, chairman of the board, made an intimation to this effect when he stated that the general summing up of evidence on both sides would continue at the sessions to be held beginning again to-morrow morning and continuing for two or three days.

TREASURY CONTROL AT OTTAWA URGED

Winnipeg, May 25.—Dealing with the Federal budget proposals, the Manitoba Free Press says: "Mr. Freeling is strong on the subject of internal economy, keen in his search for new sources of taxation and merely perfunctory in his discussion of Government economy and how to attain it. The public will not be content with this. What is needed about as much as anything is a rigid system of Treasury control at Ottawa."

READY FOR GREAT REALTY MEETING

National Association of Real Estate Boards to Use Radio
San Francisco, May 25.—The speaking range of the fifteenth annual convention of the National Association of Real Estate Boards will be in session in San Francisco from May 30 to June 3 will have a radius of three thousand miles from the platform of the Exposition Auditorium in the civic center. This has been made possible through the utilization of radio. Arrangements have now been completed for the broadcasting of the proceedings of the entire convention from the Rockridge radio station in Berkeley. This station has a range that will extend as far as Honolulu on the west, Alaska on the north, Mexico on the south and Ohio on the east. Under the most favorable conditions it has also been heard as far East as Long Island.

NEW RELIGION STARTS IN PARIS

Modern Christus Develops Strange Mixture of Ritual, Camp Meeting, Dancing
Paris, May 25.—Raymond Duncan, his long hair held in place by a band of homespun, his robe flapping according to his conception of the old Greek mantles, barefooted but confident, has taken on the role of a modern Christus of a new religion. For months he had been preparing a temple from which to preach the creed which will know no God other than that of beauty and the fraternity of peoples. At 11 o'clock Sunday morning he found his remodeled workshop around the corner from the Champs Elysees crowded with two hundred mostly curious persons, but also with a few disciples of Duncanianism. But instead of being anything new Raymond's religion developed into a strange mixture of Catholic ritual, Methodist camp meeting and a dancing lesson. Monotonous chants opened the service with a recurring refrain of hallelujahs. Then Duncan mounted a rudely constructed altar and in ungrammatical French extolled the virtue of beauty in all the works of creation—children, science, voyages, cabbages and kings—waving his arms toward the fresco where instead of spiritual virtues the artists of his cult had depicted their conception of nude angels, weird animals hitherto not catalogued and flowers. When the sermon was finished four barefooted, loose robed women of various ages mounted a higher platform and provided an offertory in the form of an ancient Greek dance while a hidden choir sang "Pange lingua gloriosa." The audience did not seem to be impressed by the non-doctrinal church, but it is expected nevertheless to prove a profitable advertisement for Duncan's carpet weaving industry which already boasts of about thirty barefooted disciples.

DAUGHTERS OF NILE TO HOLD 1923 MEETING HERE

Seattle, May 25.—Ending a two-day annual meeting, the Daughters of the Nile yesterday elected and installed officers for the coming year at the Scottish Rite Temple here. Mrs. Nellie Brown of Victoria, was installed as Supreme Queen, to succeed Mrs. A. N. Larson of Seattle. It was decided that Victoria would be the place of the annual session next year. Other officers elected were: Mrs. Emma Farnham, Butte, Mont., Supreme Princess Royal; Mrs. Elizabeth McCormick, Tacoma, Supreme Princess Thirzah; Mrs. Virginia Lee, Portland, Ore., Supreme Princess Bessie; Mrs. Mark Grant, Seattle, Supreme Banker; Mrs. Levlina West, Supreme Recorder.

CANADIAN COMPANIES' POSITION IN BRITAIN IS MADE CLEAR

London, May 25.—(Canadian Press Cable)—Right Hon. Stanley Baldwin, Unionist member for Worcester, stated in the House of Commons that the Baldwin Company, incorporated in Canada, which had established a branch in Great Britain, was required to register it, subject to the Companies Act of 1908, but did not thereby accept classification as a foreign company. So far as he was aware, the Canadian company was not debarred from competing for Government contracts.

BOARD TO MAKE MINERS' WAGE AWARD

Halifax, May 25.—The Scott conciliation board has completed its inquiry into the dispute between the British Empire Steel Corporation and the Nova Scotia coal miners and its findings will be forwarded to the Minister of Labor at Ottawa. It is reported here that D'Arcy Scott, the chairman, and John E. Moore, representing the company, will submit a majority report, while Isaac Macdougall, representing the United Mine Workers, will submit a minority report.

WEAK AND MISERABLE

Describes the Condition of People With Thin, Watery Blood. Thin-blooded people experience a form of fatigue which robs them of strength to get about and deprives them of restful sleep. This fatigue is not to be confused with the healthy reaction which follows a day of work and is relieved by sound slumber. The fatigue which accompanies an anaemic or thin-blooded condition robs women of beauty, for it causes their color to fade and leaves the face haggard and drawn. In addition to a feeling of exhaustion there is generally nervousness, headache, a loss of appetite and dizziness. These symptoms indicate the need of a tonic, and the best tonic for enriching the blood is the one taken by Mrs. C. R. Taylor, Bass River, N. S., who says: "I was so run down and miserable that I was completely discouraged. I was so short of breath that at the least exertion I would have to sit down and rest. I often had headaches, and my appetite was poor and sleep disturbed. A friend recommended Dr. Williams' Pink Pills, and I have reason to be grateful that I followed the advice. I continued using the pills until I had taken ten or twelve boxes, and I can truthfully say they have made me feel like a new woman and I know in my case they have done all that is claimed for them." You can get these pills through any dealer in medicine or by mail postpaid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

THE PERFECT MILK

Almost anyone can start a milk canning factory and evaporate milk. It takes, in the first place, the very finest of fresh milk, such as comes from the Ladner and Abbotford districts, and then the process by which it is reduced to the consistency of thick, sweet cream can not determine its flavor. Through an improved method Pacific Milk retains the natural richness and freshness of flavor of good sweet cream.

STERN ECONOMY NEEDED.

The outstanding feature of Mr. Fielding's budget speech on Tuesday was his plea for economy, at least to prevent the further growth of Canada's national debt, if not to reduce it.

TARIFF REDUCTIONS.

Although the reduction in the customs duties on agricultural and other implements of production outlined in Mr. Fielding's budget is considerably less than what those who use such articles want, as well as the tariff provisions of the Liberal platform of 1919, they, nevertheless, reflect the tendency of the Government policy to lighten the tariff burden which bears so heavily upon the great producing districts of the country.

EMPIRE DAY.

Those who were responsible for the arrangements for yesterday's celebration of Empire Day deserve the warmest possible praise from the community as a whole.

flected by the thousands who turned out to assist in making the day a triumph. Under these circumstances it is small wonder that the weather man found himself in accord with the spirit of the hour.

While yesterday's festivities must be regarded as the most successful community event for some time, we are convinced that it did not represent the maximum effort on the part of the general public.

That is to say, we believe that a very great deal more could have been done by the citizens as a whole, and particularly by those who are comparatively close to the centre of activity in the city, in a decorative way.

It will be understood that we do not wish to assume a critical attitude. We are merely desirous of pointing out that in her particular festival Victoria should outdistance any of her rivals.

In time for the next event of this kind it might be a good plan to regard the decorative phases as one of sufficient importance to warrant practical work beforehand and sustained effort at the later stage.

FINE ORGANIZATION.

The Victoria school authorities and the teachers particularly are deserving of hearty congratulations for the manner in which they carried out the difficult task of collecting and looking after five thousand youngsters at the Arena on Tuesday afternoon.

STILL A "QUESTION."

Until after representatives from the provisional government of Southern Ireland have conferred with members of the British Cabinet it will not be possible to estimate the true significance of the understanding reached between Mr. Michael Collins and Eamonn de Valera.

EMPIRE DAY.

Those who were responsible for the arrangements for yesterday's celebration of Empire Day deserve the warmest possible praise from the community as a whole.

not do either the relations between Downing Street and Dublin will be more strained than ever.

NOTE AND COMMENT

Those who howl the loudest against taxation are those who howl the loudest for Government expenditures regardless of amount.

Mr. Thomas E. Pritchard, of Philadelphia, said he was not going to lose any sleep over forty million dollars when he was informed that he had fallen heir to that amount the other day.

One correspondent has declared that the air of the Italian Riviera was a little overheated during the progress of the Genoa Conference.

As the mist which surrounded the Genoa Conference begins to disappear it is becoming increasingly clearer that Marshal Foch will not start out at the head of a French army bright and early on June 1 if Germany does not pay her reparations instalment by midnight, May 31.

Some time ago an agreement was reached between the leaders of various factions in Belfast to the effect that violence in the six counties would be suppressed by co-operation.

WELL-CONDUCTED PARADE.

To the Editor:—Re parade held yesterday, I wish to personally thank the committee and judges who helped to carry out the details of the parade. Although not quite as representative in local industries as was desirable, yet the comic bands and other attractions added materially.

THE CHAIRMAN'S THANKS.

To the Editor:—Regarding Empire Day celebrations, on behalf of the general committee I wish to thank the Mayor and City Council for their assistance, financially and in other ways, the chairmen and members of the several committees, and all those who in any way contributed towards the success of the day's entertainment.

THE UNCAUSED CAUSE

To the Editor:—I quite agree with Ajax that this question should be treated from a purely philosophical point of view.

Hence the sun is spoken of as the "greater light," and the stars are only just mentioned, because to the eye they appear so small, and it was not the intention of the sacred writer to give us a treatise on astronomy.

To speak of any planet, of any system, being burned to a cinder by its parent or its sun, is the same as childish physics.

MORE WHEAT IN TWO PROVINCES

Winnipeg, May 25.—The seven-day period, May 17 to 23 inclusive, was satisfactory from a seeding standpoint over the most of the prairies, although local showers caused some delay, states the weekly crop report of The Grain Trade News.

Fortunately, splendid progress has been possible and a full acreage of wheat is assured in Manitoba, and an increase in Alberta.

In addition to delay in seeding, the wet condition of the soil has been very favorable to weed growth and several correspondents report that farmers are experiencing great difficulty in killing weeds previous to seeding.

Grasshoppers.

Both from Alberta and Saskatchewan reports have come to hand of a recurrence of grasshoppers.

Manitoba seems to be the most fortunate of the prairie provinces, the report states, and crops are reported to be making rapid headway, with the ample supply of moisture and bright sunny days.

Principals in Pretty Victoria Day Wedding

MR. AND MRS. SAMUEL N. MORRISH

A very pretty wedding took place at Fairchild Church on Wednesday, May 24, when the Rev. S. Cook officiated in marriage Ruth Christina, only daughter of Mr. and Mrs. J. Roberts, King's Road, and Samuel Nicholas, youngest son of Mrs. Morrish, Eberts Street.
The bride entered the church on the arm of her father, daintily gowned in ivory satin and georgette, carrying a bouquet of bridal roses. She was attended by Miss Estella Morrish, sister of the bridegroom, and Miss Amy Luff, as bridesmaids. Both looked very pretty in pale pink satin and crepe de chine gowns, and black picture-hats, carrying shower bouquets of pink carnations and sweet peas. The two little flower girls were the Misses Dorothy and Marion Sherman, nieces of the groom, looking very sweet in pale pink organdy frocks, carrying baskets of rose buds. Mr. Eddie Newman acted as best man. The groom's present to the bride was a string of pearls, the bride's to the groom a pearl tie pin, each bridesmaid also receiving appropriate gifts from the bridegroom, and the best man a stick pin. The presents were both numerous and useful, including a silver cake basket from the B. C. Telephone office staff, of which the bride was an employee, also a case of cutlery from the firm of Scott & Peden and staff, of which the bridegroom is an employee. The church was prettily decorated by members of the Excelsior Bible class, of which the bride and groom are members. Miss L. Lockwood rendered "Oh, Promise Me," while Miss V. Moggie played the organ.

"Hopdene," Gorge Road, entertained informally yesterday afternoon, many guests, both from the terraces in the beautiful old grounds were able to view in comfort the water sports held at the Gorge. At the tea hour Mrs. Eberts was assisted by her daughters, Mrs. H. Adams, Mrs. Guy Motherwell and Miss Mabel Eberts. Among the many present were noticed: Lady Mc-Bride, Miss Eberts, Mrs. Montell, Mrs. Giardin, Mrs. Rome, Mrs. Blacklock, Major and Mrs. Macdonald, Mr. and Mrs. C. P. Hill, Mr. and Mrs. Herbert Wilson, Mr. and Mrs. Despard Twigg, Mr. and Mrs. E. E. Thomas, Mrs. Little, Mr. and Mrs. Ray Green, Mr. and Mrs. Robert Baird, Mr. and Mrs. Harry Briggs, Mrs. McCarter and Miss Doris McCarter, Mrs. Marple, Mrs. Austen, Mrs. Codville, Mrs. Harvey, Mrs. Cudmore, Mrs. Kerr, Mrs. Roger Montell, Capt. and Mrs. Carvosso, Mrs. Williams, Miss Peggy McElroy, Miss Tina Montell, Miss Lucy Little, Miss Tina Mowbray, Miss Matson, Miss Simmons, Miss Daphne Brougham, of Vancouver, Mrs. Hughes, Capt. Westcott, Campbell, Mr. Heater, Mr. Tim Matson, Mr. Le Fevre, Capt. Woods, Mr. Macintosh, Mr. Bradbrooke, Mr. Molson and many others.

Controller and Mrs. McLennan, of Bellingham, and Dr. and Mrs. Freiberg, of Portland, were the guests yesterday of Alderman and Mrs. R. W. Ferry.

Visitors from the Orient in the city include Mr. and Mrs. Miss Hickey, of Hongkong; Mr. and Mrs. Stone, of Hongkong; and Miss Roberts, of Japan, who are guests at The Aberdeen.

Mrs. Edwin M. Brown, of St. Ann Street, will leave on Saturday for a six weeks' holiday in Winnipeg.

A delightful dance was given Tuesday evening by Mrs. Phil Willis at his home, 1521 Fort Street, in honor of the Misses Vera Bell and May Robertson, of Vancouver, Tulips of various colors, and white lilies were most artistically arranged in the reception rooms. The drawing room having a color scheme of pink; the hall red, and the dining-room, yellow. Softly shaded candles and lilies of the valley formed the centerpiece on the supper table. Among those present were the Misses Katherine Farris, Dorothy Dean, Margaret Fletcher, Gwen Vera, Grace Shandley, Peggy Humber, Grace Humber, Lucille Hall, Helen Boyd, Mary Ross, Robert Ross and B. Hamilton and Masters Tom Watkins, Walter Fletcher, George Knox, Ralph Farris, Don Farris, Pat Hope, Treadwell, Leslie Grant, C. Brandon, B. Dickson, Don Adams and Jim Brown.

TACTLESS.

The maiden was with a possible suitor, and the maiden's little sister, was also with them. They had been to a picnic, and were returning home as the sun slowly set. They were crossing a river in a ramshackle ferry-boat, when the little sister exhibited some signs of fear. "Why, Dolly," said the big sister, "if you are so nervous now, what will you be at my age?" "Thirty-nine!" promptly replied the little sister.

Social & Personal

Mrs. Conway is spending a holiday in Seattle, visiting with friends.
Mr. and Mrs. Lawrence Earle are receiving congratulations upon the birth of a son at the Victoria Private Hospital on May 22.
Mr. and Mrs. William Anderson, of The Aberdeen, are leaving tomorrow for England and Scotland, where they will spend the next three months visiting relatives and friends.
Mrs. Reade, who came down from Cowichan to attend the Scots Guards Band concert, returned to her home today after being the guest of Mrs. Curtis Sampson at Moulton Combe, Oak Bay.
At the recent Methodist Conference held in Vancouver the following Victoria-Victorians were elected delegates to the next annual conference: Rev. J. F. Dimmick, Messrs. George Bell, A. N. Mitchell and G. Christie.
Miss E. Hadwen, for many years a resident of Quoniam, who has been in Seattle for the past few years, has returned to Victoria and has taken over "Etheholm," 706 Fort Street, which she will run as a high-class boarding establishment.

Mr. F. Knight, who has been spending the winter in Victoria, visiting his daughter, Mrs. Lewellyn Paris, is leaving on May 23 for his home in Ottawa. During his sojourn in Victoria Mr. Knight has been a guest at The Aberdeen.
Through the kindness of Mrs. E. Crow-Baker in throwing open her beautiful gardens on the Gorge Road yesterday afternoon, Mrs. Lewellyn Paris is giving a substantial sum. Many holiday-makers took advantage of the opportunity to witness the regatta from this charming vantage point and the stalls for the sale of ice cream and soft drinks were well patronized.

Miss Elizabeth Montisambert, of London, England, the author of the book "Unnoticed London," will arrive at the Coast early in June to visit Mr. and Mrs. A. L. Montisambert, of Victoria, and Mr. and Mrs. H. St. J. Montisambert, of Vancouver. During her stay in Ottawa, where she was the guest of Lord and Lady Byng, Miss Montisambert was extensively entertained. The Ottawa Women's Press Club entertained at a tea for her and the same evening she was the guest of honor at a dinner party arranged by Lady Perley at the Country Club. Mrs. M. Peck governed her at a luncheon party and the Governor-General and Lady Byng gave a dinner at Government House in her honor. Mr. John Bassett also entertained at dinner at the House of Commons for Miss Montisambert when his other guest included Hon. W. L. Mackenzie King, Hon. J. A. Robt., Mr. E. G. Houston and Mr. Grattan O'Leary.

Miss Lettie Brown left yesterday for Seattle, where she will represent the Kumtiks Club at the big banquet to be given this evening by the Washington State Federation of Business Women's Clubs. About four hundred business women from all over the State will be present at the dinner which has been arranged in honor of Miss Lettie Brown, a national vice-president of the Federation. Although the Kumtiks Club is not affiliated with the organization, it received a cordial invitation from the Seattle women to be represented at this banquet.

Miss Sara Spencer is leaving shortly for the East, where she will make an extended visit with relatives and friends.

Mr. and Mrs. Lawrence Earle are receiving congratulations upon the birth of a son at the Victoria Private Hospital on May 22.

Mrs. and Mrs. William Anderson, of The Aberdeen, are leaving tomorrow for England and Scotland, where they will spend the next three months visiting relatives and friends.

Mrs. Reade, who came down from Cowichan to attend the Scots Guards Band concert, returned to her home today after being the guest of Mrs. Curtis Sampson at Moulton Combe, Oak Bay.

At the recent Methodist Conference held in Vancouver the following Victoria-Victorians were elected delegates to the next annual conference: Rev. J. F. Dimmick, Messrs. George Bell, A. N. Mitchell and G. Christie.

Spanish Workmen's Association.—The regular meeting of the Spanish Workmen and Teamsters' Association will be held at St. Mark's Hall, Boleyn Road, on Saturday, at 8 p. m. instead of Friday. The sewer by-law and the Oriental questions will be discussed.

NEWS IN BRIEF

Central P. T.—The regular meeting of the Central Parent-Teachers' Association will be held this evening in St. Mark's Hall at 8 o'clock.

Bank Clearings.—Bank clearings for the week ending to-day were \$2,476,192 as compared with \$1,896,553 in the corresponding week of 1921.

Firemen's Dance.—The last firemen's dance of the season will be held in the headquarters hall this evening. Dancing will be continued until 1 a. m. Hunt's orchestra will supply the music.

Esquimalt Baby Clinic.—The Esquimalt Baby Clinic will be held at the Lampson Street School, on Saturday morning, from ten to twelve. Children up to six years will be examined.

Excursion Saturday Week.—There was an excursion to Fort Angeles on June 3, under the auspices of the G. W. N. A. Tickets are now on sale at the C. P. R. ticket office, Government Street. People are asked to make their reservations early.

United Anglican Service.—To-night a united Ascension Day service for all Anglican churches in the city will be held at St. John's Church at 8 o'clock. The Bishop of Columbia will have charge of the service and the Rev. Mr. Gowenlock will preach the sermon.

Community Sing.—A most successful community sing was held at the Parliament Buildings Tuesday evening under the direction of R. R. Webb. Many hundreds attended. Mrs. C. C. Wain accompanied, and the Salvation Army band supplied instrumental music. Mrs. W. P. McDonagh appeared as vocalist.

Girls' Corner Club.—The club will meet as usual this evening at the clubrooms, Liberal Hall, Government Street. A hot supper will be served at 6:15 p. m., after which there will be a social time and singing. Rev. E. W. Gladstone will be present and will give a short address. The tickets for the annual Summer picnic will be on sale shortly.

Gorge Park Opened.—The Gorge Park opened for the season last night when thousands of people participated in the Victoria Day celebration there. Following the regatta in the afternoon visitors were treated to an elaborate fireworks display in the evening. The B. C. Electric Railway Company, owners of the park, placed a number of extra cars on the Gorge route, and handled the crowd with remarkable speed.

Ladies' Aid Society.—The Ladies' Aid Society of St. Columba Presbyterian Church has been busy engaged for the past few months in making an excellent assortment of articles, both useful and ornamental. These will be placed on sale Saturday, May 27, at 1221 Government St. The display is one the society can be justly proud of both for magnitude and workmanship.

Music Examinations.—The examinations of the Associated Board of the Royal Academy of Music and Royal College of Music, London, England, will be held at the Dominion Academy of Music, Fort and Cook Streets, on June 24, 25 and 27. E. G. Croager, examiner.—The Dominion Academy is as usual the centre for those candidates who are not taking their examinations at their own teacher's studios.

North Saanich Park.—A public meeting under the auspices of the Parks Committee of the North Saanich Women's Institutes will be held in the Wesley Hall, Sidney, on Friday evening at 8 o'clock for the purpose of incorporating a board of management for the North Saanich War Memorial Park. After incorporation members will elect park trustees from among themselves. Citizens of North Saanich are urged to attend this meeting.

W. B. A. Housewarming.—There was a very good attendance of members and friends of Victoria Review No. 1 Woman's Benefit Association at the house warming in their hall, 902 Government Street, Tuesday night. The committee consisting of Mrs. Winter, Miss A. Scott, Mrs. Liddell and Mrs. Herring. The chair was occupied by Mrs. Wall, the commodore. Restell and Miss Dorothy Cook, members of the order, rendered vocal solos that were very highly appreciated. Mrs. Spofford delivered a very able address. Mrs. L. P. Hodson, the provincial commander of B. C. was also a guest of the association. Mrs. Margaret Smith was accompanist, and Mrs. Anderson gave instrumental selections. The various games were thoroughly enjoyed by all. After partaking of dainty refreshments and the singing of "Auld Lang Syne," the meeting dispersed, more than delighted with the evening's entertainment.

BRONCHIAL ASTHMA

One of the most uncomfortable complaints of the season can be readily eliminated. A most efficient remedy for Hay Fever and Bronchial Asthma is sold at the Hilsaide Pharmacy, corner Quada and Hilsaide.

HUGE CROWD AT COMMUNITY DANCE

Nearly Two Thousand Holiday-makers at Armories Last Night

Nearly 2,000 guests in holiday-making mood attended the dance held in the Armories last evening as the grand finale of the two days' celebrations. The dances arranged by the 17th Regiment during the past Winter have been such a popular success that at the request of the Entertainment Day celebrations committee last night's affair was arranged. The band under the direction of Pandmaster Rumsby contributed a most attractive programme of music, each item being vociferously applauded. The arrangements for the enjoyment of the many guests reflects much credit to the committee in charge, consisting of Major T. B. Monk, B.S.M. S. E. Bowden, R.S.M. Hatcher, Sergt. Phillips, Sergt. Colbert, Sergt. McIntyre and Gunner A. E. Prescott.

CONSIDER NEW LOG GATHERING SCHEME

Plans for starting a new log-gathering scheme here along the lines of the unfortunate "Lillian Small" project, were discussed at a conference between Mayor Marchant and William Moulton, unemployed leader, to-day. The Mayor assured Mr. Moulton that he was prepared to recommend that the city assist any sound scheme for gathering up logs in the Gulf and sawing them into firewood. He added that the scheme must be worked out more satisfactorily than the former effort of unemployed to gather logs in the gas boat "Lillian Small."

CONSIDER ISSUE OF BRIDGE BONDS HERE IMMEDIATELY

City May Float \$110,000 Loan Now Instead of in the Fall

Debentures to pay surplus Johnson Street Bridge costs may be floated immediately, it was announced at the City Hall to-day. The civic finance committee had intended to delay the issue of these bonds until the Fall or early next year, but, on account of the satisfactory state of the bond market, plans for disposing of them immediately are now under consideration. The committee will meet within a day or two to consider offers for the bonds. If the bonds, amounting to \$110,000, are floated now the money raised by their sale will be invested in securities which will mature at the time when the money will be required to complete the bridge project. It will prevent the money lying in the bank and drawing only four per cent. interest. The city's recent bond transactions are nearly at an end now, as all surplus sinking fund money has been invested. As more money is paid into the sinking fund, it will be invested in gilt-edged securities. The city has been investing heavily of late in Canadian Northern Ontario Railway stock, guaranteed by the Federal Government, to yield something over five per cent. Some of the city's own bonds have been bought in also to yield about six per cent.

REALTY MEN TO LEAVE TO-MORROW

Victoria Will Have Five Delegates at Real Estate Boards Session

To-morrow Victoria's delegation to the National Association of Real Estate Boards' Convention will leave on the Ruth Alexander for the sessions at San Francisco. Members of the Real Estate Board have subscribed \$250 towards the expenses. It feels justifiable pride in stating that one-seventh of the membership is going. Alfred Carmichael, Franco-Canadian Co. Ltd.; E. A. Power, of Power & McLaughlin, and Robert A. Shanks, of the B. C. Land & Investment Agency, are members of the delegation who will take the return steamer leaving San Francisco June 16. Frederick Landsberg, of the Empire Realty Company, another delegate, will return June 2. The fifth delegate is Joseph E. Andrews, of the Andrews Realty Company, who will take a one-day holiday after the convention. Messdames Power & Shanks will accompany their husbands.

DUNCAN RESIDENTS TRAGIC DEATH

A. J. M. Inverarity of Somenos Died Suddenly in His Garden

Duncan, May 25.—Arnold J. M. Inverarity, a well known resident of Somenos, near Duncan, died with tragic suddenness yesterday afternoon at the age of 75 years. While in his garden he suddenly collapsed and died, the first intimation of the tragedy being the finding of the body by Major Stern, a neighbor. Mr. Inverarity, with his wife, returned only a few weeks ago from California, where he had been wintering for the benefit of his health, heart trouble being the cause of his indisposition, and it is supposed, of his death yesterday. The late Mr. Inverarity was born in Scotland and was for many years a resident of the Orient, where he was manager of the chartered banks of India, Australia and China. He is survived by his widow, at Somenos, and one son, Duncan, now in Ottawa; two grandchildren, also a brother Judge Inverarity, of the Indian Bench. The funeral services were held this afternoon at St. Peter's Church, Quamichan. The ashes will be forwarded to the family estate at Rosemount, near Aberdeen, Scotland, to rest beside those of his first wife, who died at Methosin twenty-four years ago after giving birth to their only son, Duncan.

MORE LIKELY.

"Yes," said Poldon, "that fellow can tell, by feeling the bumps on your head, what kind of a man you are."

"Can he?" replied Pat. "Begorra, I should think it would give him more of an idea what kind of a woman me idea is!"

ISSUES CHALLENGE TO SUNDAY DEBATE

(Continued from page 1)
Victoria will declare in their considered judgment, that the laws of the land under which they live, may be abrogated or nullified by the Chief Magistrate.
For Public Good.
"As Mayor of the City, I refuse to allow any illegal expenditure. As Chairman of the Police Commission, I join with Commissioner Staneland in seeking enforcement of the Lord's Day Act." For these public acts I have no other explanation than a desire for the welfare of all the citizens of Victoria.
"I reiterate, that the Lord's Day Act" was distinctly and specially framed in order to guard the sacred rights of labor, and I refuse to be a party towards any infringement of encroachment upon those rights.
Two Speakers.
"To the foregoing I may add, that if during the holiday season, when I will be less busy than I am at present, the Anti-Blue Sunday League desires to have a debate upon this question, in which two persons may speak on either side, I shall be pleased to be one of the two to debate the affirmative to the following question:
"Is the closing of stores on Sunday, beneficial or not to all the citizens of Victoria?"
"Such a meeting I would prefer in the open air in the most public place in the City. You may choose your own chairman, make any suitable

The Times NEWS of SPORT

Records Expected at School Sports

Greatest Programme in History of Victoria and District Public School Sports Association Will Be Staged At Willows Track Tomorrow Afternoon; Keen Rivalry Between Schools; Thousands Will Attend; Hundreds of Athletes Entered

To-morrow will be a gala day for the school children, when the annual sports of the Victoria and District Public School Sports Association will be staged at the Willows track. The programme, which includes close on to fifty events, will start sharply at 2 o'clock, so that it may be concluded before dark.

The sports this year will undoubtedly be the greatest in the history of the association. More athletes will be in the competition and it is expected that many records will be smashed.

Eighteen Victoria schools will be represented, while the colors of ten schools in Saanich will be Bay turning out very strong teams of sprinters, distance men and field athletes.

Record Attendance Expected.

It is expected that 5,000 school children will be in the stands and bleachers when the starter's pistol fires for the first race. In addition to the great happy assemblage of kiddies, happy through the fact that they can see their books on the shelves in the afternoon, will be many fond and loving parents who will be found very useful during the afternoon in supplying the pop and ice cream craving of their proteges.

The officials of the association have made every effort to put the track in the best of shape and will run the events off as rapidly as possible. There will be one continuous stream of youngsters tearing around the track in quest of the honors for their respective schools. The number of athletes competing will run high into the hundreds.

Rivalry Is Keen.

There is great rivalry between the various schools for the possession of the Grand Challenge Cup, which goes to the school compiling the greatest number of points. Last year Oaklands succeeded in winning. This year the team is going after it again and its athletes have been given special training. They will, however, find the competition from the other schools especially keen and their representatives will have to shatter records if they hope to retain the fine piece of silverware.

The Victoria schools that will be represented will be as follows: Bank Street, Burnside, Girls' Central, Boys' Central, Sir James Douglas, Esquimalt, Fernwood, George Jay, Beacon Hill, South Park, Margaret Jenkins, Kingston Street, Quadra Primary, Oaklands, Quadra, Spring Ridge, Victoria West and North Ward.

The Saanich schools will be as follows: Gordon Head, Cedar Hill, Craigflower, North Dairy, Tomlin, Cloverdale, Prospect Lake, McKenzie Avenue, Tillamook and Strawberry Vale.

The Officials.

The officials in charge of the sports to-morrow will be as follows: Starters—B. Yalo, W. Neill, Captain Hunkin, W. H. Hickey, W. H. Wilson, D. J. Thoms, E. Sanders. Judges of track events—George Jay, E. Beasley, H. Cross, W. Day.

Judges of field events—Captain Wheaton, Captain Brown, H. Cumberland. Grounds and Track Committee—D. S. Cameron, F. C. Ball, Mr. Penderleth, Mr. Geoffrich.

Recorders—W. D. Knott, H. Gilliland, A. H. Marrion. Prize Committee—L. A. Cameron, R. E. Collis, J. Reading, J. E. Campbell, W. H. Gee. Sports secretary—V. A. Jones.

International Model Yacht Race Will Be More Thrilling Than America Cup Event

New York, May 25.—Much more thrilling and amusing than the periodic international yachting races for the America's Cup, for which Sir Thomas Lipton challenged frequently, an international yachting race will be held June 8, 9 and 10 in the deep water of Manhasset Bay, off Bayside, between miniature craft measuring only six to seven feet from stem to stern.

It will be the first international miniature yacht race in which the United States has ever participated; model sailing not having gained much popularity until last year, when W. T. Daniels, of London, having won European tournaments several times, claimed the championship of the world. The Model Yacht Racing Association of America was organized to defeat this claim. Selection of the boats which will represent America in the challenge races will be announced within a few days by a jury of yachtsmen who witnessed the trials recently held by the leading clubs. Forty-six craft were built for the tests, some in Detroit, Cleveland, Seattle, as far inland as Denver, and in the port cities of the eastern coast.

Limited to 45 Inches.

The boats, which are limited to a length of 45 inches on the water-line, are too small to carry a helmsman, so the skipper trudges along in an especially-built skiff, from which he maneuvres the sails, tacking and reefing. The tiny yachts in a good breeze to windward go as fast as four and five miles an hour, compared to a maximum of eleven miles and an average of about eight for the boats in the last America's Cup races in 1921.

Horse Show Greatly Pleased the Victorians

Two of the finest exhibitions of horsemanship and horseflesh since the grand displays at the Willows Horse Show Building in the boom days were put on at the Stadium on Tuesday and Wednesday evenings as part of the holiday celebrations. Both performances attracted very large audiences and the brilliant work of the ponies and riders was given profuse applause.

It was the first time that the folk here have had a chance to see what the McCreave stable was capable of doing. The Victoria Day celebration committee is to be congratulated on the happy choice of providing such a unique entertainment for the holiday and Mr. McCreave is to be likewise congratulated on arranging such a varied and interesting programme.

Their Opening Show.

To the most of those who attended the performances the work of the horses was almost beyond criticism. But Mr. McCreave admitted that his stable was not quite up to the scratch. It was the first time the hunters had performed this season, having just rounded off their Winter's rest, and as a result they appeared a little strange at times. Last night, however, the horses worked much better than at the opening performances.

The ribbon jumping, bending race, sleepchase by the Shetlands, and bucking by the little horses came in for their measure of praise.

The work in the saddle of Miss Doris Oxley McCreave was a pleasant revelation to Victorians. They had read much of the exploits of this fifteen-year-old rider, but never before had they been privileged to see her perform. She proved herself to be a thorough horsewoman, with a fine seat and excellent judgment.

Charlie Gandy, Timothy Metcalfe and Sgt. Wood, who with Doris did all the riding, showed themselves good horsemen and handled their mounts well.

The McCreave stable is to be congratulated on its performances. A Western horseman's Home was the guest of Mr. McCreave last night and the children enjoyed the show immensely.

Mann Cup-Holders Defeated at Home

Vancouver Won Opening Game In British Columbia Amateur Lacrosse Association By 5 Goals to 1; Victoria Showed Considerable Class But Lacked Co-ordination On Home; Want Players Who Will Go In On Nets, Vancouver Had Some

Victoria's world amateur lacrosse champions took on the Vancouver challengers for the Mann Cup at the Stadium yesterday morning and came out second best men. The greenshirts from across the Gulf, while enjoying a shade on the play, were not entitled to romp off with the score reading 5-1 in their favor. A little more co-ordination on the part of the local home, and there would have been a different story to tell. All of which, no doubt, will prove that as the season progresses the Capital Cup-holders will become a much more effective and aggressive team and give Vancouver all the battle they want.

OLD COUNTRY CRICKET

London, May 25.—County cricket results for the week are as follows: Essex beat Surrey on the first innings; Kent beat Leicestershire on the first innings; Harding 249 not out. Warwickshire beat Gloucestershire by 87 runs. Lancashire beat Worcestershire by an innings and 75 runs. Yorkshire beat Northamptonshire by an innings and 185 runs. Nottinghamshire beat Derbyshire by an innings and 129 runs. Hampshire beat Glamorgan by 178 runs. Sussex beat Somerset by five wickets.

WESTMINSTER WINS GAME IN OVERTIME

Len Turnbull Scores Winning Goal Few Minutes After Extra Time Opened. Fast Game Witnessed by Big Crowd; Greatest Casualty Two Broken Ribs

Vancouver, May 25.—A record crowd of holiday sport fans saw Westminster Salmonbellies, holders of the Minto Cup, nose out the Vancouver team in the initial game of the B. C. L. A. season at Athletic Park yesterday afternoon by a score of 5 to 4.

Len Turnbull, veteran Royal home man, notched the winning counter after just 35 seconds of overtime had been played. It was a thrilling game all through, good and bad lacrosse being in evidence throughout the entire match.

Vancouver took the lead in the first period and held it to the third, but the Royals staged one of their famous last-inning rallies and put the old couple of broken ribs in the collision ready to concede Bob Springer's pet the spoils of victory.

The Vancouver defence stood out like a nigger in a snowfield. They checked the Royal home to a standstill, but the Royals were run up by the Redskins were in no way due to any laxity on the part of the Vancouver defenders. The Royals were simply wading in and shooting from all angles.

The Westminster attack worked smoothly all afternoon. Jack Clifford evidently found the pace too fast for his retired at the end of the first period and Thure Storme took his place.

Storme finished the game at the inside home position and beat Davis for two goals.

A Fast Goal. The winning goal came so fast that very few of the large crowd of spectators saw it. The Terminal's defence was drawn well down the field when the ball was carried in by a Redskins. Davis rushed out to intercept a pass to Len Turnbull, but was just a fraction late, and Len leaped high in the air, came down with the ball and had no difficulty in dropping it into the empty net.

It was a whirlwind finish to a great game and the fans thoroughly enjoyed it. After the game it was announced that Buck Marshall had suffered a couple of broken ribs in the collision which necessitated retirement from the game.

The teams: Westminster—Davis, McCreave, Gillanders, B. Carter, McLaren, Painter, Gunn, Chambers, Lalonde and Watson. Sub—S. Carter and Sclater. Westminster—Feeham, Marshall, Patchell, Nelson, H. Gillford, Stoddart, S. Spring, G. Peasey, Turnbull and J. Gillford. Sub—Huff, Storme, Sinclair and P. Feasey. Referee—Johnny Howard. Goals—First period: Westminster, Marshall, 5:15; Vancouver, Painter, 7:35; Vancouver, Gunn, 2:08. Second period: Vancouver, Lalonde, 9:28. Third period: Westminster, Storme, 3:05; Westminster, Storme, 5:43. Fourth period: Vancouver, Painter, 3:19; Westminster, Spring, 3:01. Overtime: Westminster, Turnbull, 25 seconds.

TRACEY IS MATCHED TO FIGHT BIG FIRPO

New York, May 25.—Jim Tracey, Australian heavyweight champion, and Luis Firpo, champion of South America, will go to Buenos Aires next month for a bout in the first week in August.

DEMPSEY AND CARP BOTH BEING PANNED

London, May 25.—Sport writers are beginning to concentrate their batteries on Dempsey now, over the proposed Carpenter return fight, first, because they are sure at the New York dispatches saying that Jack wore a monocle when he arrived from Europe, and second, because they believe that Carpenter was no sportsman in hitting Ted Lewis after a clinch when Ted had his hands down. Boxing editors state that the public will not pay to see Georges knocked out again, and are advising the Frenchman to fight Lewis again fairly.

On the contrary, turf visitors are boosting the chances of Solly Joel's Ponderland, mounted by Frankie O'Neill, in the Derby, O'Neill, who resides in France for King's Macomber, a Los Angeles millionaire, has always been regarded in England as a French jockey and highly respected since winning the Derby in 1920, riding Spionkop.

CHARLIE STAPLES IS CYCLING CHAMPION

Wins One and Half-Mile Bicycle Races at Willows Yesterday Afternoon

Charlie Staples, who has figured in several prominent cycling events in this province, was the winner of the one-mile championship of Victoria at the bicycle races held at the Willows yesterday afternoon. He also won the half-mile for boys under eighteen. Staples is a fine rider.

The races yesterday were held under the auspices of the Victoria Cycling Club, which is promoted by Plimley & Ritchie.

The results were as follows: One mile championship of Victoria, first prize, silver cup presented by the Canada Cycle Motor Company, Limited—1st, Chas. Staples; 2nd, Wm. Peden; 3rd, H. Williams.

Half-mile, boys 15 years and under; first prize, silver cup, presented by Magistrate George Jay—1st, Chas. Staples; 2nd, Wm. Peden; 3rd, W. Jasper.

Half-mile, boys 12 years and under; first prize, gold medal presented by Plimley & Ritchie, Limited; second, silver watch, presented by R. H. Pooley, M.P.F.; third, fish basket, presented by Plimley & Ritchie, Limited; 4th, D. Carver; 5th, F. Whelan; 3rd, M. Carver.

The motor cycle races resulted as follows: Three mile race—1, Harry Jones; 2, Harry Hubbard; 3, Ed. Miles, Time, 4:17. Five mile race—1, Jones; 2, Miles.

AUSTRALIAN OARSMEN NOT TO ROW AT HENLEY

London, May 25.—(Canadian Press Cable)—The likelihood of any unfortunate incident in connection with the challenge of the Australian Murray Bridge artisans crew to English University crews at Henley has been averted by the decision of Australians to abandon the idea of competing. A Bunter dispatch from Adelaide, however, says the artisans intend to challenge rowing associations of the world. The Australian challenge could not be accepted by the English club competition bars artisan crews.

CAPITOL

Fannie Hurst, author of "The Good Provider," the screen version of which was made by Cosmopolitan Productions, issued this statement on embarking for Europe:

"The screen version of my story is, in my mind, a supreme example of how a story may be successfully transferred to the screen without throwing the narrative version out of the window before starting to photograph.

"Not only because of fidelity to theme do I regard the picture as a beautiful piece of work, but in those instances where it was necessary to develop or subtract from the theme, it has been done with the artist's understanding.

"The Good Provider," which features Vera Gordon and Dore Davidson, will be presented at the Capitol Theatre all week. It is a story of family life, and it stresses the sacrifices and struggles of the father rather than the mother. It is a Paramount picture.

JUNE NOVAK IN PARAMOUNT PICTURE

"Three Word Brand" Opens To-day at Columbia

There are screen heroines who appeal to one's sympathies from the moment they appear in a picture, there are others who seem to grow upon one as the story progresses; some few, unfortunately, who never succeed in enlisting the sympathies fully despite their hardest efforts.

Jane Novak, the charming heroine of and leading woman in William S. Hart's new Paramount picture, "Three Word Brand," which is now being shown at the Columbia theatre, is of the first named type. Miss Novak was born in St. Louis and was educated in a convent of that city. Her first recognition as screen player came when William S. Hart chose her for "Seifish Yates" as his leading woman. She then did the feminine lead in "The Tiger Man" with Mr. Hart. Later she appeared opposite Charles Ray in "The Claws of the Hun" and "A Nine o'Clock Town."

Miss Novak is a fine type of the American girl, simple and wholesome, demure and winsome. Her home life reflects her screen personality or vice-versa. Great things are expected of her because she is developing new strength and power with every production in which she appears and the screen future of the actress is assured. She has an exceptionally strong role in "Three Word Brand."

"MY BOY" AT ROYAL WITH "JACKIE COOGAN"

Jackie Blair had helped out the organ grinder by doing the "Shimmy" when his monkey had fallen to loosen the pockets of the spectators. So successful was he as a performer that a rain of coins filled the cap. But when he demanded his "share" the Italian laughed in disdain and walked on.

Now, Jackie, would not have cared very much, ordinarily, but he needed the money in order to get some medicine for his sick friend and benefactor, the captain. So he followed the organ grinder, protesting in no uncertain terms, and was given every chance, and seized the hat containing the money in dispute and ran as fast as his little legs could carry him. His work, however, was over when he had not resorted to subterfuge, hiding in a little crevice in an alley.

Jackie Coogan in "My Boy" will be the attraction at the Royal Victoria theatre next week.

HAROLD LLOYD

A SAILOR-MADE MAN

Harold Lloyd is said to be a Grand Gob of joy in "A Sailor Made Man," his new Associated Exhibitors feature comedy, coming in four reels to the Capitol theatre next week. Introduced as a gilded youth bored by his own society, he becomes one of Uncle Sam's sons and wear a middy, happy trousers and a peanut hat. For the first time he learns the meaning of discipline and rules.

The J.S.S. Fredrick was used for the battleship scenes, and it is there that much of the action and the funny stuff takes place. Last winter they had at Kallipolis-Bhandianna and he meets again his sweetheart, and she is kidnapped by a bold and wicked Maharah—oh, boy, but things get lively!

NERVOUS AND RUN-DOWN PRINCESS OFFERING BEST OF COMEDIES

Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Cobourg, Ontario.—"For many years I have had troubles with my nerves and have been in a general run-down condition for some time. I could not do my work half the time because of trouble every month. I was told of Lydia E. Pinkham's Vegetable Compound by friends and advised to try it. It has done me good and I strongly recommend it. Since I have taken it I have been able to do all my own work and I also know friends who have found it good. You can use these facts as a testimonial."

—Mrs. ELLEN FLATTES, Box 761, Cobourg, Ontario.

Any woman in this condition should take the Vegetable Compound, for it has helped other women and so it should help you.

For nearly fifty years this good old-fashioned root and herb medicine, which contains no narcotics nor harmful drugs, has been the standard medicine for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Mass.

ROYAL VICTORIA

William Fox is issuing this year many super-special pictures. Eighth in the list for release to the country at large is "The Last Trail," Zane Grey's great Western tale, which will be shown again today at the Royal Victoria theatre.

A significant fact is that the making of these ambitious productions has fallen to the hands of the same director—Emmett J. Flynn. Why?

The answer is found in the Fox special, "Shame" and "A Connecticut Yankee." Flynn's work on these was superb in its technique and artistry. It raised him apparently to the peak of directorial fame. It caused William Fox to place in his hands the production of "The Last Trail" and then disarming all question of detail from his mind, confident that Flynn would get out of the subject every particle of entertainment that was in it.

Flynn is reported to have scored a triumph equal to that record in two previous specials. The public, it is to be feared, gives too little thought and credit to the director of a picture. He may be a giant or a pigmy—and Emmett J. Flynn is a giant.

Not yet thirty years of age, he has won in six months a distinction that many directors have labored many years to obtain.

As an extra attraction in addition to the feature the Grand National Steeplechase will also be shown.

This is a most thrilling picture; thirty horses started in the race and only five completed the course, while all except the first three fell. This picture alone is well worth seeing, and rounds out an excellent programme.

FOR CHILDREN THE SANDMAN STORY FOR TO-NIGHT

A LITTLE RABBIT WITH A BIG IDEA—Part II.

Mr. Fox stretched his neck and sniffed, but it was no use. He either had to dig and run the chance of getting a fat chicken or go over to the big house and risk the risk of being caught by Mr. Dog.

"It won't take me long to dig a hole large enough to find out if he really has a big idea," thought Mr. Fox. "If he hasn't and is playing tricks on me he will be the sorriest rabbit that ever fooled a fox."

Mr. Fox ran around and began to dig and all the time Billy Rabbit, his nose all tremble, sat close by the back of the wooden box listening.

By and by Mr. Fox began to show signs of breaking away and pretty soon Mr. Fox's paw showed and Billy Rabbit knew that he must use his wit as nimbly as he used his feet when running.

"Oh, Mr. Fox," he called, "come around to the front of the box. I want to tell you something very important."

Mr. Fox stopped digging and ran to the front and looked through the netting, but he did not see Billy Rabbit for when he left the hole he was digging Billy had slipped through and was well on his way toward his home.

"Where are you?" said Mr. Fox looking into the box. "What is it you want to tell me?" he asked impatiently. "I can't stand here all night. I have to be home before sunrise."

"Of course, no one answered and Mr. Fox ran back and began to dig

and pretty soon his head and paws were inside the box.

"Where's that chicken, Billy Rabbit?" he asked, beginning to get suspicious and when he was not answered Mr. Fox began to wriggle about to get farther inside, for if he did not find the chicken he intended to carry off Billy Rabbit for his breakfast.

Mr. Fox giggled and kicked so hard to get in that he upset the box and over it went with a bang that brought Mr. Dog out of his house with a bound and before Mr. Fox could get upon his feet there was Mr. Dog running toward him barking loudly.

Mr. Fox was pretty well frightened when the box tipped over and he had not collected his thoughts when he heard Mr. Dog's voice and before he could run Mr. Dog was upon him and caught him by one ear.

"Mr. Fox does not mind a little thing like an ear when he is in danger and he knew his life was at stake, so he gave a quick hard pull and off he ran, though the hole held Mr. Dog had on his ear left a slit that he wore the rest of his life.

Mr. Fox sat at home nursing his sore ear he had very unpleasant thoughts about Billy Rabbit. "To think that I was so fooled by a little hippy-hoperty creature like that!" he thought, "if ever I meet that fellow I'll—"

Mr. Fox was so angry he could not think and he immediately decided to go to Billy and it was a good thing for Billy Rabbit that he was miles away safe in his home just then instead of being where Mr. Fox could reach him.

HIGH STANDARD IS MAINTAINED IN GREAT STREET PROCESSION

(Continued from page 7.)

masquerade costumes raised the interest and enthusiasm of the crowd.

Proceeded by the Salvation Army Band, the displays arranged by many of the larger business firms of the city were some of the most striking in the parade.

The Victoria Bed and Mattress Company was represented by a float which carried a complete bedroom scene with a high-poster bed and a lady reclining in it. Immediately behind was the Cameron Lumber Company's float depicting the manufacture of boxes and fruit crates like those made by the big Canadian mill here.

The Victoria Steam Laundry had an excellent display of its delivery system and was represented by no less than twelve of its vehicles.

Eight of the firm's familiar green delivery automobiles preceded the Hudson's Bay float, which was surrounded by which bore beautiful girls dressed to represent the different countries of the British Empire. These girls, perfectly in costume, were surrounded by huge masses of broom and they carried the flags of Britain and her Overseas Dominions.

The Victoria float was laden with bacon and lard pails was the exhibit of the Swift Canadian Company and it was followed by another car piled high with Sunkist oranges.

One of the most artistic floats in the whole parade was that of Weller Brothers—a gauzy white creation decked with long fluttering branches of drooping blossoms and bearing pretty girls, who were dressed in the bird costumes of the decade during which the Weller Company has been in business here.

The girls, who represented the various decades: 1862, Miss Susie Atkins; 1872, Miss Doris Slatford; 1882, Miss Phyllis Knappman; 1892, Miss Annie Holt; 1902, Miss Beatrice Copeland; 1912, Miss Helen Starr; and 1922, Miss Iris Slatford.

Then came a picturesque group of youngsters who called themselves the Odds and Ends Band. They were well named. The kiddies had decked themselves up in costumes varying from a British grenadier to negro minstrel and they won well deserved applause from the crowds.

An alarm clock, fully fifteen feet high mounted on a decorated motor truck, announced that it was time to buy an automobile from Thomas Fimley, and to make the warning more emphatic the giant hands revolved in a most impressive manner and the alarm bell rang intermittently.

The Automobile Equipment House had a motor truck beautifully decorated with evergreens and broom, while Scott and Peden's float bore something over a ton of grain and feed, like that sold by the Company.

A House On Wheels.

A house on wheels, was the float of the Odds and Ends Band. On the veranda of the house sat a woman with her children. She had plenty of time to spend with the kiddies because she used Ponder Bread.

Beautiful Private Cars.

Unusual artistry was shown in the decoration of private automobiles. Broom was used in profusion but all too few car owners had realized the superb color scheme which is possible with the use of broom and lilac mixed together. One limousine appeared to be an automobile of filmy

WATERBURY'S

gauze, so carefully had it been decked with fluttering tinted cloth and flowers. Another, driven by George Ozard, was a veritable garden of big bright red poppies. The beauty of most of the cars was enhanced by the presence of pretty girls, dressed in costumes to harmonize with the car decorations.

The finest car in the parade was that driven by a group of sylph-like creatures almost hidden in a mass of broom. The broom was so thick as to alter the shape of the car entirely and in front was an enormous purple and silver butterfly in harmony with the profusion of lilac which was set amidst the yellow broom in different places. The girls driving the car were shaded from the sun by a tremendous large purple parasol festooned with long strings of laburnum blossoms.

Decorated Bicycles.

A large number of enterprising little fellows rode in the parade on elaborately-decorated bicycles. Most of them had gone to a great deal of trouble in decking their wheels with broom and bunnies.

In such a crowd of motors the relatively few horses on parade came in for particular notice. As a result of the motorization of the City Garage Department, the fine garbage collection horses which used to be such a feature of parades in former years, were missing, but their place taken by a group of capering animals owned by private companies. Among them were all kinds of horses from a heavy truck team down to a shaggy Shetland pony.

The Bands.

Music was supplied by the 16th Battalion Pipe Band, the 16th Band, Salvation Army Band, Fifth Regiment Band and that of the Boys' Naval Brigade.

IRONIZED YEAST

Everyone has heard of the seeming "miracles" performed by yeast. And now Science announces the discovery of a remarkable new process—a process which enables yeast to build weight, increase energy and clear the skin *often in just half the usual time!* This process is known as the process of ironization. It is embodied only in IRONIZED YEAST, which millions are now taking with really astonishing results in many cases.

Watch the Quick Results!

If you are thin—if you are run-down, pale or scrawny looking—if your skin is blemished by humiliating pimples, blackheads or boils, mail coupon below for the Famous Three Day Trial Treatment of IRONIZED YEAST. Take these remarkable tablets—two with each meal. Then watch the results! Pimples, blackheads, boils, etc., usually begin to disappear almost "while you wait." You will feel an almost immediate increase in your ability to tackle hard work or play. And as for putting new, firm flesh on your bones—many thin folks report gaining from five to nine pounds on the very first package.

How the New Process Works

Yeast, as everyone knows, contains certain mysterious elements which seem to have a wonderful effect on health. But the trouble with plain yeast, or so-called "vitamin tablets," is that they do not go far enough to bring 100% results. For while yeast contains these elements, experiments prove that some other agent is needed in order to convert them into new energy, firm flesh and health.

Certain types of iron, Science tells us, are of great value in converting the food we eat into living cells and tissue. So working on this problem, Scientists finally discovered the process of ironization. It is this process which enables you to derive from yeast ALL of the wonderful benefits it holds for you.

Get IRONIZED YEAST today. It is sold at all dealers on our positive guarantee of satisfactory results from the first package—or your money instantly refunded. You are cautioned against accepting cheap inferior imitations of IRONIZED YEAST, which in most cases are nothing more than plain inefficient mixtures of ordinary yeast and iron. Always insist on genuine IRONIZED YEAST. It is the only way you can be sure of getting the best.

Montreal, May 25.—One result of the Federal tax on mineral waters and temperance beverages known as "soft drinks" will be the immediate disappearance of the 5-cent glass of ginger ale and the syrup flavored soda water which sells at the same price.

It is said here that representations will be made to the Minister of Finance to reconsider his proposal to impose a tax of 10 cents a gallon on those drinks and a delegation will go to Ottawa this week in this connection.

LEADING LAWYERS HERE IN AUGUST

President of Bar Association Comes to Prepare Plans

Sir James Aikins, Lieutenant-Governor of Manitoba and president of the Canadian Bar Association, will arrive in Victoria to-morrow to complete the programme of the association's annual convention, part of which will be held here.

A large attendance is expected at the August meetings and delegates have promised to attend, not only from various parts of Canada, but also from the United States.

The American Bar Association will hold its forty-fifth annual meeting in San Francisco August 9 to August 11. The Washington State Bar Association will meet August 1 to August 4 and arrangements have been completed for a large attendance from both bodies.

At the meeting there will be Lord Shaw, of Dumfermline, eminent British law lord; together with distinguished American and Canadian jurists.

Sir James will be accompanied by Morris E. Harrison, dean of the Hastings College of Law, and representing the American Bar Association.

Present plans provide for a two-day meeting in Vancouver, and the final session on August 18 in Victoria. A steamer will probably be chartered to convey Vancouver members and delegates to the capital.

"SAVE THE CHILDREN" FUND REVIEWED

Local Committee Closes and Canadian Body Takes Over Undertaking

The Victoria local fund for the Save the Children effort closed with a subscription list of \$5,676.41. In future the Canadian fund, handled through Ottawa, will continue here. A. C. Flumerfelt will be the local representative.

The Victoria local committee has issued the following statement: "In January this year the Ministerial Association of the city appointed a committee for the purpose of securing assistance from the public, and through the churches and Sunday schools, for the famine-

stricken children of Russia. The committee consisted of representatives of the leading religious bodies, Colonel Lorne Ross being invited to act as treasurer.

At the time the committee was selected there was no mention of the patronage of the Dominion Government and the Committee related itself to the "Save the Children Fund" under Lord Weardale, with headquarters in London, England.

The fund opened in Victoria on January 25 last, and the books were closed on May 12. The following is the audited account: Receipts, donations, \$5,676.41. Disbursements, London remittances, Lord Weardale, \$1,225.59, \$5,628.26; printing \$47.15. Total, \$5,676.41.

"One or two items since to hand are not accounted for in this report, but will be sent on."

Thanks. "The committee desires to express its appreciation of the splendid response made to their appeals. Special thanks are due to 'The Times,' and the 'Colonist,' for generous space freely given that the fund might have the fullest publicity; to the manager of the Imperial Bank for remitting money by cable free of charge to headquarters in London, and also to Albert F. Griffiths and F. C. Holden, chartered accountants, for the work of auditing the books without charge to the fund.

Before closing this report it should be stated that the Save the Children Fund under the patronage of the Dominion Government is still open, and contributions may be forwarded to A. C. Flumerfelt, 123 Fort Street, Victoria, or to the treasurer, Sir George Burn, Elgin Building, Ottawa, Ont.

Times Book Review

(By Professor W. T. Allison.)

LITERARY NOTES. The famous Prix Goncourt was recently awarded to Mr. Rene Maran for his book, "Batonala." M. Maran is a colored man and has given in this work a vivid description of the African Negro in French African territory. It has a big sale in Paris and is now being translated in English.

Maxim Gorki has made a list of the world's best literature that he plans to make accessible to Russians through translation. The proportion of books chosen from leading nations is interesting:—Belgium, 1; Portugal, 2; America, 3; Spain, 6; Norway, 7; Denmark, 8; Sweden, 9; England, 14; Italy, 15; Germany, 22; and France 25.

A correspondent of the "Times" tells the following good story: Dr. Birbeck Hill had a neighbor who kept a goat which by its bleating disturbed his morning slumbers. Accordingly he wrote a polite note to the owner, informing him, and requesting the removal of the goat. The owner replied that the world was made for goats as well as for men, and he had no intention of parting with his pet. Dr. Hill thereupon wrote a second note, saying that he did not know whether this world was made for goats, but he understood there was a department reserved for them in the other world, and he hoped that there the owner would not be separated from his pet.

lightful parody on "Spoon River Anthology," by Edgar Lee Masters. The following is his burlesque of poet-master's method as applied to contemporary literature:—

Prolific Pipp. "I used to write imaginative romances, and dabbled a bit in science. Till one day a small boy reduced my cosmos to fragments."

By flooring me with the simple poser: "Which came first, The hen or the egg?" Since then I have never looked back. I have told you the truth about sex, The reconstruction of society, Education, History, England, America, The war, etc., etc."

Mr. Savage concludes his double skit on Masters and Wells with these lines:—

"Blessed is the man who has found his true work in life," said old Tommy Carryle. "I've found mine and I intend to play with the kids."

JOE NORTH GIVES KIDDIES GOOD TIME

Police Commissioner Joe North, who loves children and dogs better than anything, had the time of his life yesterday giving the kiddies of the Children's Aid Home and the Protestant Orphans' Home the time of their lives. In the morning he took them to see the parade and then drove them out to the Gorge where a special picnic had been placed in position for them. After seeing the regatta the children had lunch, tea and supper in the park. In the evening they were taken for a motor drive about the city and then to the horse show at the Stadium.

The following firms kindly donated and assisted in giving the children a holiday: Hennie & Taylor, bread; A. P. Slade, a box of oranges; F. I. Stewart & Co., bananas; Capt. Gardner, loan of a barge; Woolworth Co., bags and balloons; P. Burns and Swift's, ham; V.L.M.P., milk, butter and cheese; Crystal Spring, soft drinks; Victoria Pharmacy, ginger ale; Phillips Candy Co., candy; Craven Candy Co., candy; Royal Dairy, ice cream; Terry's, ice cream; Dodge's, cakes, Maste's, cakes; David Spenser Ltd., 150 yards of decorations; Walsh Bros., McIlwaine Bros., General Transfer and B. & K. gave trucks, while the following drivers gave their assistance: E. A. Brooks, C. A. Mellwaine, H. W. Mayar and W. Paget. R. A. McIntyre assisted generally, as also did H. A. Stewart.

INGREDIENTS FOR A COMBINATION SPRAY

What should a good all round spray, effective both in the orchard and garden, contain? The man with an orchard, the woman with her garden, the rosarian, are alike asking the question. No better answer can be given than giving the formula for Keto-Spray a spray which, while very inexpensive, has been doing most effective work. This contains in proper proportions Black Leaf Forty, Arsenate of Lead, Keroseene, Whale Oil Soap and emulsifying ingredients. Each of such composition means sure death to all forms of insect life, especially if applied just after the egg hatches and the larvae feed voraciously. The spray has the additional qualification in that (while it is poisonous) it will not injure the tree, plant, leaf or bloom.

The formula for Keto-Spray was outlined after careful study of the enemies of tree and plant and the spray is attracting wide attention. The manufacturers have placed it within the reach of all. For small gardens a large bottle making 5 gallons of spray costs only 40 cents while for orchardists a 1/2 gallon tin (making 25 gallons) costs \$1.35 while a gallon runs at \$2.00.

Keto-Spray can be purchased at any Vancouver Drug Co. store, Vancouver, Victoria and New Westminster.

RECITAL IN DUNCAN AIDS FUNDS OF BOY SCOUTS' CAMP

(Times Correspondence) Duncan—The recital given in the Agricultural Hall in aid of the Boy Scouts' and Wolf Cubs' Camp Fund by Mme. Lugin-Fahey was indeed a musical treat, and was very well attended. Mme. Fahey's beautiful voice was heard in a great variety of songs, and she was greeted with enthusiastic applause after each number, and she was most generous with her encores.

"Homing," given as an encore and sung with exquisite pathos and feeling, was certainly one of the gems of the evening. "Long, Long Ago" had some wonderful sustained notes, while "Oh, No, John" and "Cuckoo," with their sweet archness and acting, brought down the house. Mrs. A. J. Gibson's artistic accompanying will long be remembered.

The programme contained besides encores the following items: Aria—Pace, Pace, Mio Dio... Verdi (La Forza del Destino) Verdi; Song—The Loreley... List; Song—With a Waterlily... Greig; Song—Come Out My Dear... Desseur; Song—O Thou Biloway Harvest Field... Richmannoff; Song—When Lady Betty Walks Abroad... Mace; Song—Oh, No, John... Lester; Song—Apple Blossom Time... Lester; Song—Pale Moon... Logan; Song—Spring Song of the Robin Woman... Cadman; Song—Spring... Mace; Song—The Answer... Terry.

The camp fund should benefit largely by Mme. Fahey's kindness.

The Government Reduces Tax on Small Boxes of Matches!

The new Government Budget reduces the tax on all boxes containing less than 100 matches. For example, on a box similar to the Eddy Safety and the Eddy Sesqui, each containing approximately 50 matches, the tax is reduced from one cent to half-a-cent, or \$7.20 per ten-gross case.

The many smokers and other consumers who find the small boxes of Eddy's so convenient will, therefore, benefit by this reduction in tax on these boxes. Ask for Eddy matches. Look for the name on the box.

OBERAMMERGAU PASSION PLAY HAS 700 IN ITS CAST

This Year Performances Have
Now Started

Andreas Lang Is Again Play-
ing Part of Christ

Oberammergau, May 25. — Thou- sands of people from all parts of the world, including devout pilgrims and ordinary sightseers, have flocked into this little Bavarian village to witness the historic Passion Play.

According to present arrangements there will be thirty-one performances between May 14 and Sept. 3. But be- cause of the large numbers of visitors arriving in July and August, it is probable that extra performances will be given. At the last previous presen- tation, in 1910, the spectators num- bered 270,000; of whom 120,000 were Americans. It has been estimated that between 50,000 and 100,000 Americans will register in Oberammergau during the summer.

Nearly 700 people take part in the play, 22 of whom have speaking parts. Anton Lang, the Christus, had the same role in 1900 and 1910. Other important parts are: Peter, Andreas Lang; Judas, Guido Mayr; Annas, Sebastian Lang; Herod, Gregor Brell- samster; Mary, Marta Veit; Mary Magdalene, Paula Rendl; John, Mel- chior Breitmaier, jr; Caiaphas, Hugo Lutz; Pilate, Hans Mayr.

During the play season the chief

performers put aside their usual oc- cupations and endeavor to live the parts assigned to them. As soon as a man is chosen for a part he is for- bidden to have his hair or beard cut. The earnings of the players are re- markably small. Anton Lang got only \$400 in 1910, and other players much less. The children's pay is un- der \$8 for the entire season. The

profits, which are not large, are di- vided into three parts, one going to the performers, one to upkeep of the theatre, wardrobe, advertising, &c., and the remainder to public utilities, such as canals and roads, education, charities and the church.

Most of the costumes are made in Oberammergau, the materials being obtained from Paris, Berlin and Mu- nich, and some of the rarer shuffs from Jerusalem and Damascus. The cost exceeds \$5,000. Great care is taken in following the designs of ancient garments.

Natural Artists.

Anton Lang, who has the chief role, is a prosperous business man. Short- ly before the war he made a trip to Jerusalem, and on his return said: "My entire conception of the passion of Christ was deepened and spiritual- ized there, and the words of Christ which I have to speak have become a matter of soul-experience."

Guido Mayr, "the villain of the play," in the part of Judas, walks the streets of Oberammergau on occa- sions in fear of bodily harm, for his role is capable of such realism that the highly strung villagers are en- raged. At one performance the play- er who took the part was so over- wrought by the intensity of the scene that he attempted to hang himself. Occasionally in former times the rative who filled the role was stoned and thrashed by the peasant lads.

The performers are mostly wood- carvers, local business men and farm-

ers. All are natural artists, highly trained and excel in stagecraft. Even the babies in Oberammergau can lip the drama. A mother's daily prayer is that her boy may live to play the part of Christus. If the child is a girl, the mother's prayers are no less fervent that she may live to play the part of Mary. Only an unmarried woman, invariably beautiful, may im- personate the Virgin. Such a woman is Maria Veit, selected for the role this year, as also is Paula Rendl, the Mary Magdalene.

A Great Outdoor Stage.

Until a few decades ago the Pas- sion Play was performed outside the village church, the stage being a plat- form of rough boards. It is now presented in an auditorium with a seating capacity of over 4,000 people. As the amphitheatre slopes rather steeply, the play can be seen from practically every seat. Four small boxes at the rear, formerly reserved for members of the Bavarian court, will not be allotted to distinguished visitors.

The theatre is roofed over, except the stage, which is 40 feet long and 110 feet deep—the largest in the world. On either side are the palaces of Pontius Pilate and the High Priest; the background is supplied by the pine-clad hills of Bavaria, which, with the blue sky, surpasses any ef- fect that an enclosed theatre could produce.

The author of the present text of the play was Father Daisenberger, parish priest of Oberammergau, who died in 1882. He was a classic scholar and desired that the play, which he completed in 1850, should appeal to all Christians—Protestants as well as Catholics. He began each act with an explanatory prologue and cast the verse of the chorus in the strophe of Aeschylus and Sophocles. The Passion Play music was composed in 1811 by Rochus Diddler, a local music teacher who had studied in Munich and was familiar with the works of Haydn, Mozart and Gluck.

Seventeen Acts.

The play is divided into seventeen acts, with frequent choruses and tableaux, the thread of the narrative being maintained by a prologue and a band of soloists and chorists, ac- companied by a large concealed or- chestra. Each act contains one or more Biblical pictures in which men, women and children represent fami- liar personages. In addition to prop- hetic scenes from the Old Testament the nucleus of most of the acts is an incident in the life of Christ, ending with the crucifixion and resurrection. Booklets are sold containing the text of the play in four languages—Ger- man, English, French and Italian.

The stage tableaux are beautifully designed, the Lord's Supper being a representation of da Vinci's master- piece; the descent from the cross a living reproduction of Rubens's great painting. Other groupings are equally impressive, their close resemblance to the famous works of old masters be- ing at once recognized. The play de- lights the eye. Not only are the stage effects beautiful but the cos- tumes of men and women in soft greens, blues and browns are in pleasing harmony.

From the first act to the last the play is wonderfully impressive.—It opens with the procession of Christ into Jerusalem, a spectacle which could not be equalled on any stage in the world, its charm being heightened by the rays of the morn- ing sun, for the representations begin at 8 a.m. Throughout the act there are frequent choruses, the splendidly trained voices thrilling every hearer.

Christ in the Temple.

In the midst of the spectacle Christ appears, riding on an ass. There is great animation among the crowds that move about on the front of the stage. At this point the principal curtain rises and the halls of the temple are seen, full of Pharisees and merchants. Moved with indignation, Jesus drives out the traders and over- throwing their booths, turns loose flocks of pigeons that fly about over the heads of the audience. As Jesus passes on, the rage of the merchants breaks out and makes compact with the envy and hatred of the Pharisees. The conflict of interests necessary for dramatic development is thus given.

All the players perform their parts with the utmost intensity, the closing scene, the Way of the Cross—enacted while the sun is setting behind the pine-clad hills—being realistic to the last degree. In impersonating the Saviour it is necessary for Anton Lang to bear a cross weighing 150 pounds for fifteen minutes in a bow- ed position, requiring the greatest physical strength and endurance. In the crucifixion scene he must remain fastened to the cross for twenty min- utes, during which time his blood cannot circulate freely and he faces the risk of heart failure.

W. T. Stead's Impressions.

After seeing the play in 1890, 1900 and 1910, the late W. T. Stead wrote: "If I can reach three score years and twelve and my health does not fail me, I shall see the play once again. I do not suppose that my ver- dict in 1920 would differ from my ver- dict to-day, which is the same as that pronounced by me in 1890, when I saw it for the first time, and in 1900 after a lapse of ten years.

"The play is as good as a mortal institution can be. It is good for the players, good for the audience, good in itself."

A woman charged with a minor of- fence became so indignant that she walked out of the dock, declaring: "I refuse to stop here to listen to such lies."

She was gently but firmly led back to the dock.

DRIVE LAUNCHED FOR QUIETER SUNDAY IN UNITED STATES

New York, May 25.—The renewal by the Lord's Day Alliance of its

campaign for the stricter enforce- ment of Sabbatarian laws records with the calendar. The New York World says:

The arrival of the season of out- door sports and amusements is by that token the appointed time, the accepted hour, for interfering with such forms of popular recreation on Sunday. The alliance is reported to be "extending its activities to all parts of the United States," and its summer campaign will be specially directed against Sunday baseball, Sunday movies and similar entertain- ments carried on for money-making

purposes.

Is the question of box-office pro- ceeds the test of Sabbatarian moral observance? It is a subtle ethical distinction.

But at least those who advocate the liberal observance of Sunday accord- ing to the dictates of the individual conscience must admit the zeal and energy with which the reformers are prosecuting their movement to inflict the blue-law Sunday on the entire country. With a new headquarters in Chicago and working forces in Indiana, Michigan, Illinois, Minnesota, the Rocky Mountain States and the

South, the Lord's Day Alliance has embarked on a comprehensive pro- gramme to Puritanize the American Sunday.

When the high moral purpose is effected, when the Sunday that was made for man has been refashioned into a Sunday for moral regulators, the United States will have another inspiring example of how resourceful minorities impose their will on the inert majority.

G. H. SMITH
VICE PRESIDENT

The Canadian Daily Newspapers Association,
Excelsior Life Building,
Toronto.

Gentlemen:—

We have been regular users of advertising space in most of the important newspapers in Canada for several years, be- cause we recognize the fact that such advertising is a most effec- tive and economical way to reach the millions of users of Imperial Oil products throughout Canada from Halifax to Vancouver.

We manufacture and market in Canada, a wide and diversified line of petroleum products. Imperial Polarine Motor Oils and Imperial Premier Gasoline are extensively sold to motor- ists, but we have, besides, lubricants for factory and farm pur- poses, household specialties &c many other lines. There is scarcely a farm, a factory or a home in Canada in which or on which many Imperial products are not used throughout the year. Our market is as broad as Canada, and while we use other good mediums regularly, it is probably very logical for us to rely on Canadian newspapers to form the backbone of our advertising campaigns for many of our lines.

It is, of course, difficult for any firm with an organization like our own, embracing sales and distribution branches in all of the larger centres and with thousands of dealers, to trace results directly to any particular advertise- ment or any particular advertising campaign, but, while we be- lieve that Imperial Oil products are used mainly because of their quality and because of the satisfactory service which goes with them, we do not hesitate to say that advertising in Canadian newspapers has played an important part in increasing and maintain- ing the demand for Imperial Oil products.

Yours very truly,

IMPERIAL OIL, LIMITED.
G. H. Smith
Vice President.

Why speak to the few when you can reach the millions and pay less for the privilege? Imperial Oil's market is as broad as Canada and the company has reached it successfully through the only logical channels—the daily newspapers, which carry a sales message to every boundary, every day, reaching farm, factory and home.

Food, Finance, Industry In Europe and Problems People There Now Face

Washington, May 25.—Late reports to the Department of Commerce from its representatives in Europe give much detail of economic and financial conditions there, including the situation with regards to food.

The winter grain crop of Europe, except in Germany and the Netherlands, made favorable progress in March, Italy and Rumania call for special comment, cables Special Representative Dennis.

In Germany a thaw in February left the ground exposed to later frosts with injury to wheat and rye. It is feared that the great shortage of farm labor, due to the keen demand for factory hands, will reduce the earlier expectation of an expansion in sugar-beet cultivation and lessen the ability of the country to re-enter the sugar export trade on a broad scale.

The Italian wheat harvest can be no more than fair because of the Autumn drought and the peasant strike in grain-growing regions, notably the plains of Emilia. Recent general rains have improved the situation.

Winter wheat in Rumania shows an increase of 500,000 acres from the first estimate, but still is 500,000 acres below last year. Seventy-five per cent of the deficiency may be made up by spring planting. In general, the wheat acreage of the Latin countries shows an increase over the report for last month, with crop conditions spotty. Severe damage to the winter grain of Greece being offset by larger spring sowings.

The import requirements of Greece up to the next harvest are 35,000 tons of wheat, but the actual requirements are 20,000 tons of wheat, and the Baltic States will depend largely on American flour. Belgium is substituting French wheat for foreign grain purchases. France requires 500,000 to 600,000 metric tons of wheat.

Casing prices reflect overbuying in the case of English and Italian. Austrian grain needs supplied until July 1. Germany is buying necessities, but is held in check by exchange conditions. Rumania has suspended shipments of grain due France and Switzerland under contract.

Italy was extended the suspension of the import duty on grain to June 30. Government stocks of wheat estimated at 900,000 metric tons, are reported to have deteriorated and are being distributed at \$4.75 a quintal (220 pounds), a price considerably below Plate and American, thus destroying the free market. Unless distribution of Government stocks is suspended, Italian wheat imports during the next six months will be small.

France's special budget of expenses recovered from Germany covering reconstruction, pensions, etc., promulgated April 1, says Commercial Attaché Huntington. It opens with a credit of 4,700,000,000 francs as compared with 1921, and 19,100,000,000 francs as compared with 1920. It is suspended until the end of the year.

The law prohibiting the export of capital has been extended from April 1 to Dec. 31, 1922. Mr. Huntington has received several applications from French contractors for working capital from America. Some bankers in Paris think large loans from America for reconstruction purposes would be profitable enterprises well properly grouped or placed under Governmental or departmental auspices.

Important conditions have shown no industrial change in the last month. Due to lack of construction, the housing problem, particularly in Paris, has become acute. Building operations in Paris during 1921 totalled only 893, as compared with 967 for 1920, an annual average of 535 during the war period, and 2,247 annually in the three years immediately preceding the war. A law has been promulgated as of April 1, in which the respective rights of landlord and tenant are stated.

A recent discussion in the French Senate on the French merchant marine, aside from the large number of idle ships on order, the greatest difficulty is encountered in the application of the eight-hour day. In 1914, twelve shipyards in France built 191, and during the war five yards were built. The new yards are about 80 per cent occupied at present, due to the 353,000 tons of shipping, out of the 500,000 tons of old yards are only 30 per cent occupied and no new orders are in sight.

The Austrian industry is suffering from adverse conditions, chiefly from competition made possible by the decline in the market. Trade Commissioner Upon cables to the Department of Commerce that the only reason some Austrian products are holding their own against the German and Czechoslovak competition in both home and foreign markets is that they are of a better quality.

Austria's exports decreased during March, especially those to Rumania. Paper goods, except large quantities were shipped overseas, chiefly by way of England. The principal imports were manufactured articles, chiefly from Germany, wool from Australia, and electrical copper from the United States. The declared exports to the United States in March amounted to \$215,000. Foster were valued at \$215,000. This included wrapping paper, \$35,000, furs, raw, \$27,000; minerals, \$18,000, and iron and steel, chiefly steel bars, \$18,000.

The Volkswirt index of the cost of living (on the basis of 100 in January, 1921) was given as 172.5. The increase during March had been only 1673, and since Jan. 31 from 1444. Wages have remained unchanged but the industrialists are being run under pressure of German competition, demanding a 20 to 30 per cent wage reduction. It is officially reported that on March 24 there were 50,000 unemployed workmen in Austria, in Vienna alone, 37,000.

The new collapse of the mark in Germany after announcing the decision of the Reparation Commission March 21 has caused great confusion there. Commercial Attaché Huntington reports that the mark is being somewhat less violent than in November, but fear of price increases, price demoralization, tightness of money, was difficult and a general pessimism has appeared again in full force.

The chief industries report brisk business. The market being more active than the export. The production of coal in the Ruhr district for the first three months of 1922 amounted to 6,724,299 tons. The potato industry continues active. Domestic prices were increased 7 1/2 per cent effective April 1. The iron and steel

LEFT MILLIONS THAT CAN'T BE FOUND NOW Jacques Bonnet's Grand-Nephew Would Like Them Adventurer in 1764 Amassed Enormous Fortune in Antilles. Paris, May 25.—What has become of the fabulous millions which a century ago were believed to have been left by the late Jacques Bonnet, the erstwhile "King of Guadaloupe"?

The French Ministry of the Colonies would like to know, but not as much as would Bonnet's grandnephew, a humble employee of a powder plant near Bordeaux named Francois Mesnier, who has just obtained a verdict in the Bordeaux courts that he is the legal heir to properties which no one is able to locate. Mesnier is asking the Government for financial assistance to help him find a trace of the lost properties, pledging that he will sell a share thereof when he comes into money which dates back to the early part of the eighteenth century.

The story is not without a Stevensonian touch. Bonnet was born in August, 1764, with an adventurous nature that led to his becoming the back sheep of the family. He embarked for the Antilles with a convoy of emigrants. When he reached Guadaloupe he entered the service of a shipbuilder, whose affections he captured to such an extent that he was considered an adopted son. The new guardian bequeathed the Frenchman everything he possessed. The estate was estimated then at 70,000 francs, which increased when Bonnet, who had been a successful speculator, bought numerous plantations became a member of the colonial government and soon one of the richest men in the Antilles. Then Bonnet disappeared. But Mesnier says he died at Port Mahut in 1838. Other relatives have tried to obtain proof of his death, but were unable to do so. Mesnier cleverly obtained a certificate from the Bordeaux judges that inasmuch as Bonnet had not been heard from for nearly 150 years it might safely be concluded he had passed into the great beyond. "All that remains is to find what the 'King of Guadaloupe' had left behind before he died. The plantations and forests seem all to have been transferred legally to their present holders, nearly 150 years must have had at least 140,000,000 francs, which Mesnier thinks he inherited under a fictitious name. But the Government however, much it would like to increase its income by sharing in Bonnet's fortune, is hardly likely to spend real money in the hunt for a ghostly fortune. It is believed that Mesnier will see his dream go up in smoke at the powder plant near Bordeaux.

Thousands Enjoy Regatta Amid Beautiful Scenery

City's Popular Victoria Day Afternoon Feature Draws Thousands of Visitors; Good Programme of Aquatic Sports.

Thousands of people lined both shores of Victoria Arm yesterday afternoon to witness the splendid programme of aquatic sports and to enjoy the various attractions at the Gorge.

A feature of the day's celebration was the attendance of large numbers of American visitors, nearly every town and city for miles along the Coast being represented in the excursion parties arriving by the S.S. Indianapolis, together with the C.P.R. passengers from Vancouver. The visitors thoroughly enjoyed the sport, and were particularly interested in the splendid races staged by the Canadian Indians and their womenfolk. The Juvenile Band from Bellingham attracted a good deal of attention, and their selections were greatly enjoyed. The band of the Fifth Regiment, under Bandmaster Rumsby, were the official musical purveyors for the regatta, and played a fine programme.

It is doubtful if on any previous occasion of the celebration of Victoria Day such a large crowd of eyes attended at the Gorge. It seemed that every available vantage point was occupied for the racing events. Great credit is due to the committee and to the race officials of the day for the splendid programme, and the manner in which it was carried out.

As usual, the Indian events created a great deal of excitement, and the contestants entered into the races with the old-time spirit of determination to win. All of the canoeing, boating, and swimming events were of particular interest, and productive of keen excitement among the thousands of spectators.

Nature was kind to Victoria on the occasion of the celebration, and the sun shone brilliantly throughout the day. The night before it rained, and a strong wind prevailed during the night. Some fear was expressed, therefore, that the success of the affair might be marred by bad weather, but fortune favored the event, and the day was ideal for outings of all sorts.

In addition to the thousands of people who watched the regatta events there were hundreds of others enjoying the attractions of Gorge Park which formally opened. The water was full of small boats and canoes, and the entire scene at the Gorge and vicinity was one of animation, while everyone enjoyed the holiday in their various ways best suited to their liking.

It was almost impossible for the B.C. Electric to handle the immense crowds bound for the Gorge. Every car was crowded to capacity, and the company's equipment was severely taxed. Hundreds of motor cars, private and for hire traveled the various routes to the Gorge, and innumerable small craft worked overtime in taking people back and forth from the Inner Harbor to the scene of the celebration.

Taking it in all its phases, it may be said that yesterday's regatta was one of the most successful ever held in Victoria. All of the entries were good and the contestants put up a fine showing. Certain it is that everyone who attended the outing returned home well satisfied with their outing.

Attitude on Sales Tax is Explained

The attitude of the Retail Merchants' Association of Canada on the Sales Tax issue, and an explanation as to why it advises retail merchants not to pay the tax, which, it claims,

Government cancelled what it termed all arrears of the Sales Tax on retail merchants, up to April 3, 1922, we certainly appreciated the action taken by us as far as cancelling its claims against us was concerned, but according to our interpretation of the Act the retail trade was not receiving anything other than what it was, in our opinion, properly entitled to.

A Quandary.

The Government made a provision, however, that it expects certain sections of the retail trade to take out manufacturers' licenses and pay a sales tax after April 3, 1922, and it places these sections of retail trade, as well as our Association, in a difficult position. The cases that we have already had in the Courts, with the exception of one, have been decided in our favor, and if we advise our members to take out

Manufacturers' licenses and pay the sales tax, not only those members who do so, but our Association as well, will be admitting that they are manufacturers and ignoring the Court decisions we have secured. If, on the other hand, we still further advise our members not to pay a sales tax on any goods they may manufacture for stock after April 1, 1922, we do not in any way want to be held responsible to our members for the amount of the sales tax they may be called upon to pay in case further legislation are taken and we should happen to lose, as the cases we have already defended and won out have cost the Association thousands of dollars.

We have decided, however, to lay the following facts concerning our present position before our members and ask

them to use their own good judgment in the matter.

Forty-Eight Exempt.

Out of sixty sections of retail trade forty-eight are exempt and the following twelve sections are regarded by the Department of Customs and Excise as being manufacturers: Cake and bread bakers, confectioners, druggists, electrical dealers and contractors, florists, furriers, harness and leather goods dealers, hardware and stove dealers, jewelers and watchmakers, optometrists and opticians, picture framing and artists' supplies, publishers, printers and lithographers.

The Courts have already held that merchant tailors, dressmakers, milliners and printers, etc., are not manufacturers, and we had two cases before the Courts regarding confectioners. The

one confectioner's case was decided in our favor and the other against us.

OH, GIRLS!

"He's perfectly quiet," remarked the man to the two girls who were hiring a pony and trap. "Only you must take care to keep the rein off his tail!"

"We won't forget," they said. When they returned, he asked them how they had got on.

"Splendidly!" they exclaimed. "We had one sharp shower, but we took it in turn to hold the umbrella over the horse's tail, so there was no real danger."
