Superior facilities are furnished, under a competent Instructor, exclusively devoted to this department, for the study and practice of Linear and Perspective Drawing, Pastel and Monochromatic Painting, Painting in Oil, and in Water Colors.

MUSIC.—Vocal and Instrumental Music receives special attention. Instruction in Vocal Music is given to the whole school, at regular periods.

The ladies are allowed to substitute these branches, together with German and French, for some of the higher studies in Mathematics, and for the Latin and Greek.

The classes in Mensuration, Leveling and Surveying, are practiced in the use of the Quadrant and other instruments, and in Plotting.

In the department of Ancient Languages, the classes are practiced in oral and written exercises in Latin and Greek, throughout the Course; and, in the third year, in writing translations from Latin into Greek, and from Greek into Latin. In addition to the books above named, Zumpt's Latin Grammar and Kühner's Greek Grammar are used.

The classes in the First Year of Academic studies have exercises in reading and analyzing Milton, Thompson, and other poets, in connection with a course of familiar lectures on the principles of English Grammar.

A **BIBLICAL CLASS** will also be formed for the benefit of such as have the Ministry in view.

COMMERCIAL DEPARTMENT.—In this, Lectures on Commercial Law, Political Economy and Mercantile Etiquette will be given. The course includes all that is requisite to the Practical Accountant.

LOCATION.

—:o:—

Williamsport is one of the most beautiful and healthful places in the State. It has never been subject to epidemics of any kind. No student has hitherto suffered in health by a residence here. On the contrary, many coming to the School sickly, have returned fully restored. The location is central and accessible from all quarters. The Railroads, now completed, bring us within a few hours ride of Elmira, Lockhaven, Danville, Pottsville, Harrisburg, Hollidaysburg, Philadelphia, Baltimore and New York. No more desirable position for a Seminary of Learning can be found.

ORGANIZATION.

The school is organized on the most approved plan of the best Institutions of New York and New England. It embraces both sexes, under the same government and instruction. The President's family and the Teachers occupy apartments in the building, and have a constant oversight of all the Students.

The ladies' private and public rooms are entirely separate from the others, and there is no association of the sexes but in the presence of their instructors. *The Ladies and Gentlemen have less freedom of intercourse here than at home.*

The happy influence, *mutually exerted*, in their slight association in the recitation-room, at the table, and in the public exercises of the Chapel, is to be seen in the cultivation of a cheerful and animated disposition,—in the formation of good habits and manners,—in ardent devotion to study,—and in the attainment of high moral character. These with many other valuable results, have established the fact, that the best plan for a School is, according to the evident design of Providence in the constitution of society, on the basis of a well regulated, christian family.

ACCOMMODATIONS.

The buildings will accommodate (two in a room) about two hundred students. They are of brick and heated by furnaces in the cellar. The rooms are large and well ventilated. In the entire arrangement of the buildings, great care has been had for the comfort and health of the occupants. The grounds contain about seven acres, affording sufficient room for exercise and play.

BOARDING, ETC.

All students from a distance are required to board in the Seminary. By the following list of prices it will be seen that our total charges are quite as low as those of any Institution of like grade in this State; not excepting those schools in which cheap scholarships have been sold. We desire to bring down the cost of education to the lowest point possible, and thus afford to the masses, sound, intellectual, and moral culture. Board, including washing, (10 pieces,) room and fuel, is \$2.35 per week.

CALENDAR AND EXPENSES.

The Seminary Year is divided into three unequal terms. Pupils are received at any time. Deduction for absence is made on recommendation of the Faculty to the Treasurer. Bills payable in advance.

COMMERCIAL DEPARTMENT.

The Course in this comprises all that is taught in any of the Commercial Colleges in this country. Those who are desirous to acquire a knowledge of the Science of Single and Double Entry Book-keeping applied to Retail and Wholesale Merchandising, Commission, Special Partnerships, Manufacturing, Banking and Joint-Stock Business of all kinds will find as ample advantages here as elsewhere. Particular attention given to Mercantile Forms and Computations.

By due attention a Full Course may be completed in one term of three months.

Phonography included if desired. A Class will be formed in Commercial Law if requested.

VACATION.

But one Vacation at close of Academical Year—ten weeks.

TERMS OF ADMISSION.

1. The Student must be well recommended as to moral character. The School is not designed to be a House of Refuge.
2. Must arrange with the Treasurer, all bills, before attending Recitations.
3. Must take at least four studies, unless excused by the Faculty.

4. Minors must deposit with the President, all spending money, to be returned in such amounts as he may think best.

5. Must agree to comply with all the Rules and Regulations of the School.

N. B.—Each Student will be considered a member of the Institution, until due notice shall have been given of intention to leave, and permission obtained of the President.

ROOMS AND CLOTHING.

The rooms are furnished with all heavy articles, but the Students must bring their own sheets (for double beds,) pillows, pillow cases, blankets, counterpanes and towels, and find their own brooms, mirrors, coal oil and lamps.

Students should be supplied with warm, durable clothing, heavy boots and shoes, an umbrella, and a pair of slippers to be worn while in the building. *All articles of Clothing should be carefully marked with the full name.*

APPARATUS.

The Seminary is furnished with a collection of Apparatus together with full sets of Globes, Maps and Charts, and a Cabinet of Minerals, thus affording facility for illustration and experiment.

DISCIPLINE.

The discipline is mild, but firm and impartial. While every encouragement will be given to the orderly and studious, and due allowance be made for youthful indiscretions, yet the lawless and refractory cannot long remain among us.

RELIGIOUS SERVICES.

Every student is required to attend religious services at the opening and close of school, each day, as well as public worship morning and evening, every Sabbath, *at such place as parents or guardians may designate.*

N. B.—Each student must be supplied with a Bible, to be read *without note or sectarian comment*, in the morning and evening services of the Chapel. The whole school read in concert.

LITERARY SOCIETIES.

Besides the regular weekly exercises in Composition and Declamation, there are three flourishing Literary Societies in the Institution: the "Belles Lettres," "Gamma Epsilon," and "Tripartite Union," each of which prepares and reads to the school a paper once a month. About 1600 vols. are in the Societies' Libraries.

MERIT AND DEMERIT.

A strict weekly record is kept of all the exercises of the School, from which record the students will be graded.

A record of demerits is also kept. Tardiness, unexcused absences from required exercises, and all disorderly conduct, will subject the student to demerit marks. Three such marks may bring a private reproof before the Faculty; six, a reproof before the Ladies or Gentlemen, as the case may be; nine, a public reprimand before the whole school; and twelve may send the offender away. Semi-Sessional Reports are sent to parents when requested.

TO YOUNG MEN.

Several steady young men can have employment in the Institution, and thus meet a large portion of their expenses.

Schools also can be had by Ladies and Gentlemen who desire to teach. Applications are made from a distance for competent teachers.

A WORD TO PARENTS.

1. Try to have your children here at the commencement of the term. The classes are then formed and it will be better for all concerned that the student start regularly with his class.

2. If possible, do not call them away during the session. Absence, if only for a few days, disarranges the classes, and is generally the beginning of irregularity on the part of the scholar.

3. Do not allow your children to leave the school before the examinations, unless it cannot be avoided. Serious inconvenience, to all concerned, often arises from a neglect of this caution.

4. Supply them *very sparingly* with spending money. Parents cannot be too cautious on this point.

5. Select for your child one of the Instructors, as a Patron, to distribute his funds. In this way a more judicious use of your money will be made, and your child be kept from many temptations.

N. B.—These last two suggestions are to be regarded as established rules of the school.

For Students not boarding in the Institution, must observe the following additional rules:

1. Attend Evening Prayers.
2. Must attend all the Seminary Exercises punctually.
3. Must spend the intervals between recitations in the Study Hall.
4. Must account for all absences by written excuse without delay, time and number of recitations being specified.
5. Must not visit the rooms of boarders, without permission.

BY-LAWS.
