Charlotte, N. C.

PREFACE

We take pleasure in presenting Vol. XXIII of the Charlotte N. C. Directory which will compare favorably with any directory published.

Charlotte is growing and growing fast, and well it may, for it has the natural and commercial advantages for growth surrounded by a good farming section, four railroad lines with over a hundred trains in and out of the city daily. The center of the textile trade for the Carolinas where textile machinery is either manufactured or where branch offices of textile machinery dealers are located. The home of the largest hydro-electric company of the United States which furnishes power to many of the mills of the Carolinas. The headquarters and relay offices for the Carolinas of the three largest telephone and telegraph companies. A large automobile tire manufacturing plant is located here. A branch of the Ford Motor Company, handling all the business for the Carolinas. The Southern Market for dyestuffs and chemicals; a large distributing point for motion picture films and the headquarters of the Carolinas of over 200 large corporations of national reputation. The largest banking center of the Carolinas with deposits of over \$30,000,000.

Commission form of government.

An educational center, both public and private schools ranking among the best.

We wish to thank the public for their courteous way of giving information and our patrons for their support.

Population with suburbs 61,900.
September, 1922.

COMMERCIAL SERVICE COMPANY.

Numerical Telephone Directory of Charlotte, N. C.

Note—This is a Department which we have added to the Charlotte Directory and which we think will be found very useful to our patrons. A business man on the return to his office is often requested to call such and such a number, without having the slightest idea to whom he is to speak. Before calling your number, a glance at the following list oftentimes will prove to be a source of great relief.—Publrs.

32

Biddle University

CHARLOTTE, N. C.

Biddle University, founded by the Presbyterian Church in the U. S. A., has four departments, namely: Normal and Preparatory, Arts and Sciences, Theological and Industrial.

The Preparatory and Collegiate Departments have each two courses of study, Classical and Scientific; the Scientific omitting the Greek and Latin Classics.

The Normal and Preparatory School is designed to prepare the student for teaching and for business life, or for entering the School of Arts and Sciences.

All students in the Preparatory Course are required to take some trade and report every day for work in the Industrial School. College students may also take trades. At present several trades are being taught—Carpentry, Printing, Bricklaying, Plastering, Shoemaking, Blacksmithing and Broommaking. One-fourth of the time in recitation hours is devoted to industrial training.

The Collegiate Department consists of four years; the Theological, three. The course of study prescribed in the Theological Department is liberal and practical. Besides the ordinary English subjects of the Theological Seminary, students who have taken a College Course, or its equivalent, pursue exegetical study of the Greek and Hebrew Scriptures in the junior and middle years. When the previous training of student has been partial and his years are mature a shorter and purely English Course has been provided.

The school year begins the third Wednesday in September, and closes the first Wednesday in June.

For information or catalog, write President H. L. McCrorey

The Territory Surrounding Charlotte is Destined to Become the Greatest Industrial Section in the South

Because of

Waterpower for manufacturing purposes at low rates.

Close proximity to sources of raw material for the manufacture of finished products from cotton, cotton yarns, cottonseed, cotton oil, tobacco, peanuts, kaolin, wood pulp, lumber, etc.

Its logical location for the manufacture of commodities for export through the ports of Wilmington, Charleston and Savannah.

The opportunities for mining tin, copper and gold.

The very desirable type of high-class labor available for the manufacturer—pure American, untainted by foreign influence.

The weather conditions—the best in the country, with nine months of “open season.”

Adequate transportation facilities to and from all parts of the country.

Unlimited agricultural possibilities in the growing of cotton, tobacco, peanuts, sweet potatoes, strawberries, peaches, apples and other crops.

The fact that Charlotte, The Center, is such a delightful place to live.

Therefore—

CHARLOTTE as the center, offers the finest opportunities of today as the logical location for new industries, distributors, wholesale houses, and business interests of every description, that wish to take advantage of the manufacturing and trade opportunities in this rapidly developing section.

Every live concern seeking business in the Carolinas should be represented in Charlotte.

CHARLOTTE CHAMBER OF COMMERCE,
Charlotte, N. C.

CHARLOTTE HAS

City-owned Auditorium.
Seventy-two miles of paved streets.

Six hotels with a total of 793 rooms.

Annual revenue from taxation \$625,000.

Over one hundred miles of cement sidewalks.

Five libraries with over twenty-five thousand volumes.

Over one hundred miles of domestic and storm sewers.

One of the most elaborate "white ways" in the South.

Six hospitals and sanatoriums, all modern and fully equipped.

Modern and efficient fire department, with three stations—all motor equipped.

One of the best street railway systems in the country with 39.4 miles of track and operating 31 cars daily.

\$1,500,000 waterworks system, with daily pumping capacity of ten million gallons, and reservoir capacity of sixty million gallons.

Over 550,000 people live within a radius of fifty miles, and over 2,000,000 within a radius of 100 miles, embracing the richest trading territory in the South.

One of the most efficient health departments in the country, consisting of health officer, registrar, bacteriologist, assistant bacteriologist, twelve nurses food inspector, and one quarantine officer.

21 public school buildings, 9,100 pupils, 230 teachers.

Charlotte, N. C.

Queens College

CHARLOTTE, NORTH CAROLINA

In its beautiful campus of 50 acres in Myers Park.

Electric car to college entrance.

Five new buildings: Administration, Music, Science and Art, and two Dormitories.

Equipment new and modern. Sanitation unexcelled.

B. A. and B. S. Degrees.

Schools of Music, Art and Expression.

All out-door sports.

Faculty of college grade from the best universities and colleges.

Queens Fitting School

Queens College does not wish to curtail or to discourage the work of the high schools within its territory, but would like to aid in building up the standards and efficiency of the high schools.

There are, however, in our State and in our neighboring States scores of high schools doing only one or two or three years of work. The girls who finish these schools and who wish to go to college must have a school in which to finish their preparation. We offer such a school.

Queens Fitting School employs only the best teachers.

Its standards of thoroughness and efficiency are the same as those of Queens College.

Its students receive the care and supervision necessary for training young girls, and they share the College home and enjoy the College life.

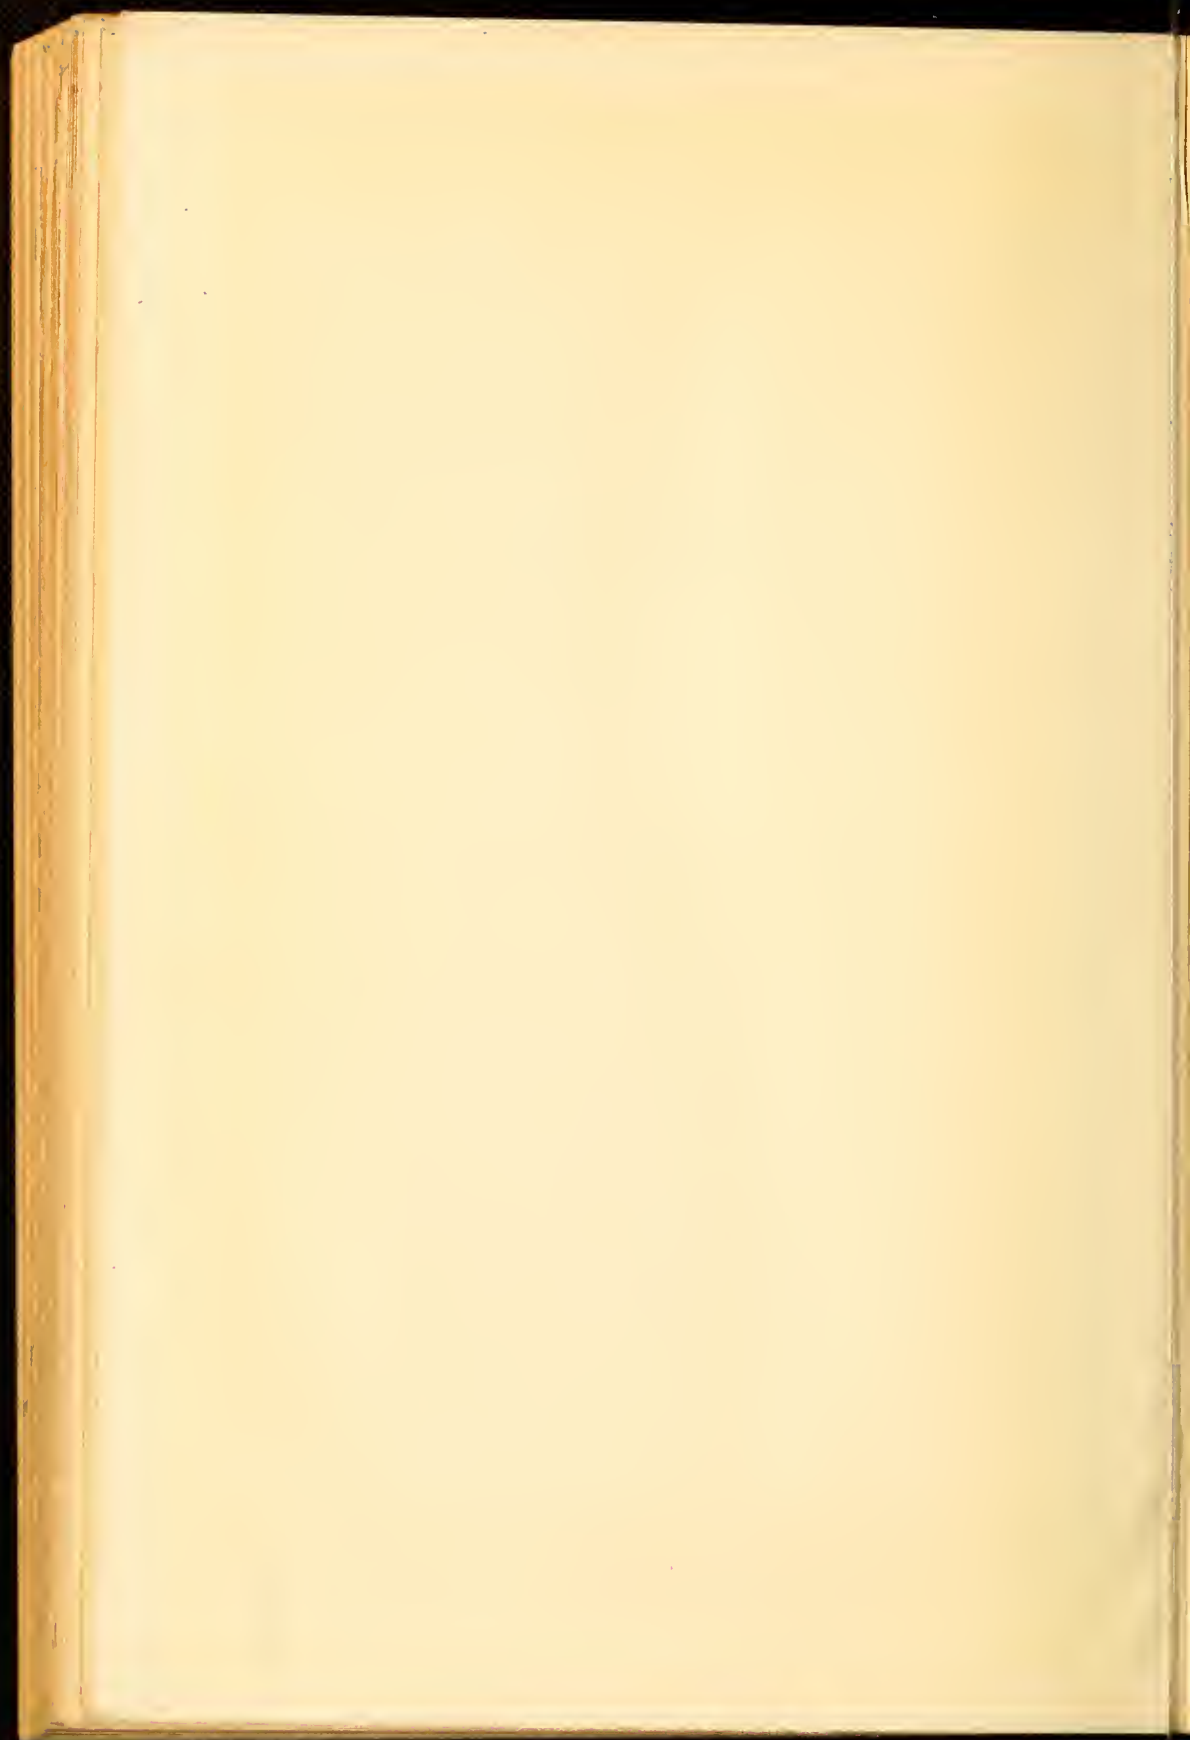

Day pupils who desire to attend a private school will be cordially welcome, as heretofore, to the classes of both the College and the Fitting School.

S. DULANY SMITH, Inc.

DEVOE'S PAINTS, VARNISHES, STAINS, ENAMELS,
BRUSHES, ARTISTS MATERIALS, ETC.

GUARANTEE OF COVERING CAPACITY

Paint half your house DEVOE; paint the other half whatever you like.

If DEVOE doesn't take fewer gallons and cost less money, we will make no charge for DEVOE.

IF DEVOE doesn't wear a year or two or three years longer—longer and better—we'll give you enough to paint it again.

Or, paint half your house lead-and-oil, the other half DEVOE. In three years the lead-and-oil will be hungry for more paint, with DEVOE still sound.

If not, we'll GIVE you enough for the whole house.

When you buy DEVOE paint you get the highest grade of paint possible to obtain. It will pay you to consult us regarding the selection of your painter, you will then be assured of a satisfactory job from both a material and workmanship standpoint, as we will only recommend a painter to you that we know from experience will apply our paint as directed.

THE PIEDMONT SERIES

1922

NOTE—Patronize those whose names are in large type, for they are the progressive ones and generally leaders in their line.

Index appears in front of special business headings only, for which an extra charge is made.

Purpose of (*) star in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

Charlotte, N. C., Street Directory

GIVING NAMES OF HOUSEHOLDERS AND DENOTING BUSINESS PLACES

VOL XXIII

THE PIEDMONT SERIES

1922

NOTE—All streets and Avenues are arranged in alphabetical order, the house numbers are arranged in numerical order with names of householder after each number.

Dash (—) before name denotes that number is wanting.

(*) Purpose of star (*) in front of name is to denote colored person or firm, but we assume no responsibility for it's wrong use, errors often creep in.

Advertise--Efficiency

¶ China built a great wall to shut out new ideas and modern business methods out of the country and "withered within."

¶ The individual or firm who does not advertise and practice efficiency in their business will reap China's reward.

¶ "Efficiency" no business can possibly be run on modern methods without the use of the "City Directory."

¶ "Advertise;" the City Directory is the only medium whereby all the people can be reached some of the time; it is a salesman that stays on the job.

¶ Own and advertise in your City Directory.

THE House of Directories

P. O. Box 952 Asheville, N. C.

Who Is Your Competitor?

What competition do you fear most?
The competition from a store which
advertises, or the other kind?

Directory advertising—regular ad-
vertising—is a vital part of the sales
effort of aggressive, optimistic firms.
For business enterprises in which
such an advertising policy prevails,
the outlook is always rosy.

THE House of Directories

P. O. Box 952

Asheville, N. C.

The Association of North American Directory Publishers

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of the Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and protective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

“Insurance That Insures”

Fire, Liability, Steam Boiler, Plate Glass, Tornado, Health and
Accident, Bonds, Burglary and Theft

—000—

We place all of our insurance in strong old line stock companies and have facilities for handling unlimited amounts.

Give us an opportunity to talk the matter over with you before you place your business.
