-HUNTING-

The open seasons for big game are September 1st to September 30th, and November 1st to December 31st. The big game licenses cost $25.00 and entitle the holder to one bull moose or one stag caribou.

There are a number of good hunting areas in Newfoundland but I favour the following, perhaps because I know the guides or caterers there and would not have to worry about the parties they guided.

Gander. The Harvest Field, Gander. This trip can be started from either Glenwood, or from Gander Airport, depending on the location of the caterer. Starting the trip from Glenwood, which is 18 miles by road from Gander Airport, (or 334 miles from Port-aux-Basques) you go 12 miles from Glenwood to the head of the lake, then 16 miles from the lake to the hunting grounds, all is done by canoe, or riverboat. Travelling is good in September as it is usually a dry month with us, but the antlers are in velvet until September 10th so the trip really should start around that date no earlier - unless the sportsmen want to hunt and not bring home a trophy. In September, too, the Caribou are close to the river banks and are easy to find - in some cases parties have had to travel 3 to 5 miles inland for them. This country is heavy to cover in wet weather. It is quite open and it is possible to see long distances here. I think you can figure Gander out from November 20th onwards as the ponds will be frozen and boat or plane travel would be impossible. This is one of the best areas for caribou and moose and a rare person returns without an animal.

The caterers are Brett Saunders, Saunder's Camps, Gander Bay, Mrs. T.R. Murphy, Appleton, Glenwood and Edgar Baird, Caribou Cabins, Gander Airport.

Brett Saunders, will take parties into the Harvest Fields and put them under canvas for their hunting - or hunt from his cabin about 15 miles below Glenwood, if the party is chiefly interested in moose. He is a good guide and one I can recommend highly as I've used him myself on more than one occasion for fishing trips. Sleeping bags would have to be brought. His rates are $200.00 for a 10 day trip, in this area.
Mrs. T.R. Murphy, Appleton Glenwood, has been catering in this area for years. Her all-in rate per day is $17.50. She supplies, guides, food, sleeping bags and tents.

Edgar Baird, Caribou Cabins, Gander, is a new comer in the catering field. He is neither a fisherman nor a hunter, but he did a fine job on my sportsmen the past fall and I have no hesitation in recommending him highly.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

Wall's Pond. Baird's Mount Peyton Lodge, is located here. It is a grand area for both caribou and moose and can only be reached by plane. The lodge accommodates 4 hunters, and a full time cook is retained there throughout the season. I've not seen the cabin but it should be comfortable - not luxurious, though. Rates here are $260.00 for a 7 day trip, and $22.50 for each additional day. Reached by seaplane from Gander (25 miles), until November 10th afterwards by boat to the mouth of the North West River and a 10 mile trek in to the camp. There is a canoe on the pond.

Lake Newton. Here Mr. Baird plans to erect a sportsman's camp to accommodate 7 people. His all-in rate for a 7 day trip $290.00, additional days at $22.00. This is a good location, it is possible to travel up a still water by canoe for 15 miles and the hunting grounds are along this stream. Caribou, moose, ducks and geese are numerous. It is also good territory for bear, trout and partridge.

Tent and canoe trips up North West River and South West River, Caribou Lake, Wing's Lake and Indian Bay Pond, Gambo Lake and Terra Nova will be arranged by Mr. Baird for an all-in rate of $140.00 for a 7 day trip. This includes hotels and taxis at Gander, but train transportation is not included in it from Gander to the starting point.

Upper Humber. Here you detrain at Deer Lake, if you fly to Gander direct, or deplane at Stephenville and go by car to Deer Lake, if you fly TCA. You proceed by truck to the head of Adies Lake (this truck will cost you $15.00 each way) and from Adies you go by canoe to the Birchey Forks Cabin which will be your base of operations. Here you have totravel long distances for your animals but as most of it is done by boat or rather canoe the trip isn't arduous.

The Upper Humber offers good moose and caribou hunting with the accent on the moose, and you have to travel quite a distance to get to the caribou country.

The caterers are W.H. Nichols, Bruce Nichols, Chesley Nichols, John Nichols and Andrew Stevenson, all of Deer Lake. The all-in rate per day is around $17.00.

Grand Falls. To hunt here you detrain at Grand Falls. Mr.Ken Goodyear, Grand Falls, is the only caterer in this area and he does a good job on parties. His charge is, I think, around $17.00 per day.

From Grand Falls parties go by car a distance of 20 miles from the Depot which brings them to Miguel Lake, near which the

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

hunting grounds are located. This is a very good moose country, but no caribou are found here.

You know, of course, that we have no deer in Newfoundland. We do have a lot of bear and there is no bag limit on them, nor is a license required to hunt them.

Mr. Ray Doucette, P.O. Box 203, Corner Brook, will outfit hunting parties for any section of the West Coast. His all-in rate per day is $25.00 to $30.00 depending on the location chosen.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

-FISHING-

. The salmon fishing season opens on May 15th., and closes September 15th. We have over 100 scheduled rivers and the salmon license costs $3.00 per day or $30.00 for the season.

The choice of a river depends on the time of the year the party can come to us - some of our rivers are at their best in late May, some in June, the bulk of them in July and a few offer their best sport in August and September. I shall give you a little data on a selection of our best rivers, or rather those I consider to be our best rivers.

Robinson's: Fishing is particularly good here from late in May to the middle of July when it tapers off somewhat. The run of fish in this river is average, most of the take would be between 6 and 8 lbs., and some of them would go up to 15 lbs. in weight. George Shears, Cartyville, has a boarding house at the mouth of the river from which the lower pools of the river are easily reached. There is a trail along the north side of the river leading to some of the best pools, and the road out of Robinson's settlement leads to the Dribble Pool, the best on the river. On this pool, Mr. Shears has two cabins which will accommodate 8 people. His all-in rate per day is $14.00, which includes all but the fishing license and liquor. The pools in this river are wide and as there is a little beach in most places there is no fear of snagging on a back cast. Mr. Shears' home is fairly comfortable, has outside facilities, and the food is good when a variety is available.

1946 report: 63 rods in an unknown number of rod days took 39 fish over 6 lbs., with an average weight of 10 lbs. and 174 fish under 6 lbs. The heaviest fish was not recorded.
1947 report: 85 rods in 163 rod days took 366 fish with an average weight of 6 lbs. The heaviest was 20 lbs.
1948 report: 97 rods in 271 rod days took 901 fish with an average weight of 4½ lbs., and the heaviest was 15½ lbs.
1949 report: 84 rods in 160 rod days took 132 fish with an average weight of 7 lbs. The heaviest was 12 lbs.

Little Codroy: Fishing here will start at the end of June and continue good to the last day of the season. Mrs. J.F. Tompkins, Afton Farm House, Tompkins Station, maintains a very comfortable farm house type of hotel for 24 people, and from it the various pools of the Little Codroy are easily reached. The all-in rate per day here is $14.00. The Little Codroy is a delightful river to fish but there are not too many pools in it, therefore it is the rule at the Farm House to draw each night for the pools and those so drawn are the exclusive property of

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

the sportsmen from sun-up to 1 p.m., after which time the pools are open to all sportsmen. There is a run of large fish in this river and the average is between 8 and 9 pounds usually, and many of the fish go over 20 lbs. in weight. The meals at the Farm House are very good and food is plentiful.

1946 report: 50 rods in 18 rod days took 52 fish over 6 lbs. and 119 fish under 6 lbs. No average weight was given nor was the largest fish recorded that year.
1947 report: 53 rods in 72 rod days took 95 fish with an average weight of 9 lbs., and the heaviest was 24 lbs.
1948 report: 60 rods in 96 rod days took 161 fish with an average weight of 7 lbs., and the heaviest was 21 lbs.
1949 report: 42 rods in 94 rod days took 51 fish with an average weight of 9½ lbs. The heaviest was 18 lbs.

I fished this river forthe last 9 days of the season and under adverse conditions but I landed 7 fish and lost 5. Two of those I lost were around 20 pounds each. One American sportsman fishing there for the same period took 7 fish, 1- 21 lbs., 1 - 17 lbs., 3 - 13 lbs., and 2 - 9 lbs. He lost 5.

Grand Codroy: For the month of June, this river is one of the best. There are a number of cabins on the river from the mouth to the Famous Forks Pool at South Branch. The fish enter around June 1st, and the fishing remains good in the main body of the river for the whole of June, after which good fishing can be had in the two Branch Rivers which empty into the Forks Pool. The run of fish here is slightly smaller than in the Little Codroy, and the number of big fish is smaller also. The Grand Codroy is a large river and contains some wonderful pools. The following cater to sportsmen on this river -

Sandy Ryan, O'Regan's via Doyle's.	All-in rate per day $20.00.
F. McIsaac, Doyle's Station.	All-in rate per day $18.50. He has two cabins with four beds in each.
Mrs. J.F. Tompkins, Tompkins.	1 cabin, all-in rate per day $17.50 per person, plus $7.00 per day for the permanent cook, which is divided between the number in the party.
Dennis Ryan, O'Regan's via Doyle's.	1 cabin, 4 beds, all-in rate per day $20.00.
Michael Tompkins, South Branch.	1 cabin, 2 beds, all-in rate per day $13.00 per person.

South Branch and North Branch Rivers: From July 1st onwards the Forks Pool of the Grand Codroy River, and the two Branch Rivers which empty into it, offer excellent sport. The

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

accommodations in this area are offered by Michael Tompkins, who operates The Bungalow at South Branch Station. This Bungalow has comfortable quarters and the food is good. The all-in rate per day is $13.00. Mrs. J.F. Tompkins has a cabin at Six Birches Pool on the North Branch River, where the all-in rate per day is $17.50 per person, plus $7.00 for the cook, per day, divided between the number in the party. The Bungalow is but 5 minutes walk from the Forks Pool, and as the railway parallels North Branch for its entire length, it is possible to get by speeder to the various pools daily. There is a road to Winter's Pool on South Branch River. The run of fish in the Branch Rivers is the same as on the Grand Codroy, the average fish taken is around 6 lbs., but many of them go up to 20 lbs. in weight.

1945 report: Grand Codroy - 50 rods in an unknown number of rod days took 422 fish with an average weight of 6½ lbs. The heaviest was 25 lbs.

North and South Branch Rivers - 49 rods in an unknown number of rod days took 584 fish with an average weight of 6 lbs. The heaviest fish was 23 lbs.

1946 report: Grand Codroy - 37 rods in an unknown number of rod days took 208 fish over 6 lbs., and 149 fish under 6 lbs. The average weight and the heaviest fish were not recorded.

North and South Branch Rivers: 66 rods in an unknown number of rod days took 201 fish over 6 lbs. and 446 fish under 6 lbs.

1947 report: Grand Codroy - 130 rods in 243 rod days took 750 fish with an average weight of 6 lbs. The heaviest was 18 lbs.

North Branch - 52 rods in 77 rod days took 244 fish with an average weight of 7 lbs. The heaviest was 18 lbs.

South Branch - 48 rods in 63 rod days took 194 fish with an average weight of 8 lbs. The heaviest was 15 lbs.

1948 report: Grand Codroy - 70 rods in 448 rod days took 887 fish with an average weight of 6½ lbs. The heaviest was 18 lbs.

South Branch - 41 rods in 82 rod days took 315 fish with an average weight of 5 lbs. The heaviest was 16 lbs.

North Branch - 32 rods in 71 rod days took 242 fish with an average weight of 5 lbs. The heaviest was 14 lbs.

1949 report: Grand Codroy - 138 rods in 566 rod days took 569 fish with an average weight of 6½ lbs.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

South Branch - The heaviest was 24 lbs.
115 rods in 199 rod days took 394 fish with an average weight of 7½ lbs. The heaviest was 20 lbs.

North Branch - 97 rods in 169 rod days took 245 fish with an average weight of 6 lbs. The heaviest was 12 lbs.

Gander River: This is a good river in July and August, and in some years it offers excellent fishing to the last day in the season. Here you could locate with Mrs. T.R. Murphy, Appleton, Glenwood, about half a mile from the first pool at the end of Gander Lake. Mrs. Murphy can accommodate 8 people in her home and she has electricity and indoor facilities in her home. Her meals are good. The all-in rate per day at Appleton is $17.50. Brett Saunders, Saunders Camps, Gander Bay has a very good cabin on Gander River about 6 miles down from Glenwood and on Joe Batt's Pool. His all-in rate per day is $17.50. Brett is a good guide and so is his brother Don. I've used him myself on four fishing trips and he gave the utmost in satisfaction. If I fish the Gander again I will fish from Saunders Camp as it is so located that many good fishing pools are in close proximity.

The fish enter this river around July 1st and make their first appearance in Salmon Brook, near Glenwood; later in the month the lower stretches of the river offer good fishing. The Gander is a big river and contains some wonderful pools and stretches of water. It rarely runs low so that good fishing can almost always be had. The average fish is between 4 and 5 lbs., and they go up to 20 lbs. in weight, but it is not a river for big fish, as are our West Coast rivers.

One can get a small plane at Gander to get to most of our rivers - the trip, for instance, to Saunders Camp takes only a few minutes and the cost is $10.00 each way for the plane, which carries 3 people.

1946 report: 240 rods in 960 rod days took 21 fish over 6 lbs. and 1053 fish under 6 lbs. The weight of the heaviest fish was not recorded, nor was an average given.

1947 report: An unknown number of rods in 656 rod days took 444 fish with an average weight of 5 lbs. The largest was 17½ lbs.

1948 report: 200 rods in 838 rod days took 808 fish with an average weight of 5 lbs. The heaviest fish was 20 lbs.

1949 report: 310 rods in 1213 rod days took 660 fish with an average weight of 6 lbs. The heaviest was 17 lbs.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

Serpentine: This is probably the most beautiful river in Newfoundland. Mr. Ray Doucette, P.O. Box 203, Corner Brook, has 7 cabins on the 23 mile stretch of the Serpentine, and he charges an all-in rate per day of $25.00 per person. The fishing in the lower pools starts around June 20th, and by the first week in July all the pools carry fish. The average fish here weighs 6-7 lbs., but very large fish have been taken from it. You can fly from Gander direct to the mouth of the River, or rather the outlet from Serpentine Lake, by Eastern Provincial Airways out of Gander Airport. Most of the fishing on the Serpentine is done from a canoe, the pools are not too wide to get a line across them and the fact that the water is crystal clear makes the fishing more exciting as you know that you need never fish over dead water. This is a grand river for dry flies. In addition to the salmon, there is grand sea trout fishing in the river, and particularly in Blue Brook which empties into Serpentine Lake.

1946 report: 38 rods in an unknown number of rod days took 81 fish over 6 lbs. and with an average weight of 10¼ lbs., and 85 fish under 6 lbs., the largest fish was not recorded.

1947 report: 32 rods in 107 rod days took 274 fish with an average weight of 6 lbs. The largest fish weighed 24½ lbs.

1948 report: 65 rods in 563 rod days took 1265 fish with an average weight of 7 lbs. The heaviest was 24 lbs. They also took 1695 sea trout with an average weight of 1½ lbs.

1949 report: 104 rods in 408 rod days took 374 fish with an average weight of 5½ lbs. The heaviest was 26 lbs.

Upper Humber: Here you could have a beautiful canoe trip in addition to salmon fishing which equals the best, especially below the Big Falls. The sight of hundreds of salmon jumping the Big Falls hourly is worth the trip in itself. The fishing starts around June 10th, and the first three weeks of the season bring the big fish. After that, the take will be predominatly grilse. There is a second run in August and from August 1st to the end of the season big fish can be taken from the upper reaches of the river, and parties can fish from Birchy Cabin. There are four cabins at the Big Falls, operated by Ray Doucette, Corner Brook, all-in rate per day $25.00, and the number of rods at the Falls has been restricted to 12. The guides in this area are W.H. Nichols, John Nichols, Chesley Nichols, Bruce Nichols and Andrew Stevenson, all of Deer Lake. They are all good guides and have been taking care of parties on this river for years. The Big Falls Pool is almost half a mile long and over 300 yards wide and every inch of it contains fish. I fished it in 1948 and played and unhooked 124 grilse in 12 days. I got there July 4th, so I missed the big fish.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

You can fly by Eastern Provincial Airways from Gander to Deer Lake and there take a car to the Big Falls direct. The distance from Deer Lake to the Falls is around 25 miles. Usually the return to Deer Lake is made entirely by canoe.

1946 report: 65 rods in an unknown number of rod days took 40 fish over 6 lbs., with an average weight of 10 lbs., and 1215 fish under 6 lbs. The weight of the largest fish was not recorded.

1947 report: 120 rods in 720 rod days took 1341 fish with an average weight of 7 lbs., the largest was 25 lbs.

1948 report: 327 rods in 981 rod days took 5075 fish with an average weight of 6 lbs. The largest fish weighed 22 lbs.

1949 report: 383 rods in 1334 rod days took 710 fish with an average weight of 4½ lbs. The heaviest was 24 lbs. (1949 was a very bad year on all our rivers).

The best flies for Newfoundland waters are the Silver Doctor, Silver Wilkinson, Black Dose, Blue Charm, Blue Doctor, Black Doctor, Jack Scott, Silver Grey, Green Highlander, Marlodge, Thunder & Lightning, Cosseboom and Dusty Miller in sizes 6, 8 and 10, with a few size 4 in case you hit high water. I find the White Wulff and Grey Wulff to be the most effective dry flies but only in the large sizes.

Prospective fishermen should be warned that our accommodation leaves much to be desired and that no luxury cabins exist in Newfoundland. Most of our cabins are little better than shelters and we have been drawing our fishermen back to Newfoundland on the strength of our good fishing alone.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

CIVIL AFFAIRS SECTION(ANNEX)
APO 500

21 November 1950

SUBJECT: Letter of Appreciation

THRU: Assistant Chief of Staff, G-2
General Headquarters
Supreme Commander for the Allied Powers
APO 500

TO: Colonel H. E. Pulliam
Chief, Public Safety Division, G-2
General Headquarters
Supreme Commander for the Allied Powers
APO 500

1. The recruiting and processing of the Japanese National Police Reserve has been completed and it is fitting and proper that I should now express to you my sincere thanks for the excellent manner in which the personnel and agencies under your control participated in the work.

2. Through your skilful guidance and leadership, basic plans were formulated and operational procedure perfected.

3. Mr. Engle and Lt Col Desonier of your office, working in close coordination with the National Rural Police and the Municipal Police in many cities throughout Japan, evolved an efficient and smoothly working organization that registered, examined, and screened over 325,000 applicants for the National Police Reserve in the small space of time of two months.

4. By their personal leadership, loyalty, efficiency, and devotion to duty, Mr. Engle and Lt Col Desonier directed the work so that the exacting schedule of recruitment and examination was maintained throughout the entire period.

SUBJECT: Letter of Appreciation

THRU: Assistant Chief of Staff, G-2
General Headquarters
Supreme Commander for the Allied Powers
APO 500

TO: Colonel H. E. Pulliam
Chief, Public Safety Division, G-2
General Headquarters
Supreme Commander for the Allied Powers
APO 500

1. The recruiting and processing of the Japanese National Police Reserve has been completed and it is fitting and proper that I should now express to you my sincere thanks for the excellent manner in which the personnel and agencies under your control participated in the work.

2. Through your skilful guidance and leadership, basic plans were formulated and operational procedure perfected.

3. Mr. Engle and Lt Col Desonier of your office, working in close coordination with the National Rural Police and the Municipal Police in many cities throughout Japan, evolved an efficient and smoothly working organization that registered, examined, and screened over 325,000 applicants for the National Police Reserve in the small space of time of two months.

4. By their personal leadership, loyalty, efficiency, and devotion to duty, Mr. Engle and Lt Col Desonier directed the work so that the exacting schedule of recruitment and examination was maintained throughout the entire period.

Extension of Foreign Service Tour

THRU: G-1
G-2 AG

CIS/PSD/HEP/sm
2 September 50

1 1. Reference request of Colonel H. E. Pulliam for extension of tour foreign service to 1 June 1953 (Incl 1).

2. Implementation of reforms created by enactment of major legislation by Japanese Diet in the fields of police, prison, maritime safety (coast guard) and fire will no doubt continue into 1953. These laws involve many changes in present Japanese methods, both administrative and operational. The guidance and surveillance of these reforms are the direct responsibility of the Public Safety Division, G-2, General Headquarters, Far East Command. Colonel Pulliam organized the Public Safety Division in 1945 and has been responsible for the program established within the Japanese Government. He is entirely familiar with Japanese procedure and with the systems required as a result of recent legislation.

3. Established rotation policy is not important or applicable in this instance since this officer expects to retire from the service upon return to the ZI. It would appear short-sighted and unwise to deprive the occupation of Colonel Pulliam's services at this time considering his background knowledge and experience in the special field of Public Safety in Japan.

4. In view of the above and the officer's desire to remain with the Occupation, retention to 1 June 1953 is highly important and urgently recommended.

APO 500
2 September 1950

SUBJECT: Extension of Foreign Service Tour

THRU: Assistant Chief of Staff, G-2, General Headquarters, Far East Command, APO 500

TO: Commander-in-Chief, Far East Command, APO 500

1. Request extension of Foreign Service Tour to 1 June 1953.

2. The following information is submitted in accordance with paragraph 6d, FEC Circular No. 22, dated 1 July 1948.

a. Name: Howard E. Pulliam, Colonel, O-11660

b. Branch of Service: General Staff Corps (Infantry)

c. Military Occupational Speciality: 9000

d. Date of Birth: 11 March 1896

e. Component: RA

f. Status of Dependents: ZI

g. Date of Departure from ZI on Current Tour: 2 Aug 1945

h. Termination Date of Current Tour: 1 July 1951

i. Previous Extension on Current Tour: Four (36 mos).

j. I have not been reported for return to the Zone of Interior for reassignment.

k. Circumstances prompting request:

(1) Implementation of reorganization of public safety agencies within the Japanese Government will no doubt continue into 1953. As Chief, Public Safety Division since inception, it is believed that the background knowledge acquired is of key importance to the occupation in guiding these reforms within the mission assigned.

(2) The policy of rotation and career guidance are not applicable in this instance since I expect to retire

PSD File Copy

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

from active service upon return to the United States. However, the undersigned desires to remain in Japan and assist in the occupation during the period of extension requested.

(3) Approval of this request would appear logical and for the best interest of the service in view of:

(a) Expense to the government.

(b) Permitting an officer replacement career guidance during the period of my extension.

(c) Maintaining experience in key position which would otherwise require months for an officer replacement to obtain.

SUBJECT: Comments by General Whitney

TO : Colonel Pulliam

1. General Whitney, in a conversation concerning strengthening the police forces, made the following remarks:

> "I want to tell you how please I am to see the unbelievable change Pulliam has made in the training and efficiency of the Japanese police over the past months. I can see these changes no doubt more readily than you since you are so close to the activities. I am happy to see such remarkable progress. I know Pulliam is working hard to make further improvement. He is doing an outstanding job and the Japanese Government appreciates his work. Also, I want to tell you that General MacArthur has stated to me that he has complete confidence in Pulliam and thoroughly satisfied with the work he is doing. That he observes a remarkable change in the police forces that many others do not see or give the police the credit actually due them in the performance of a difficult duty. The General is 100% behind him in his effort."

2. It is very gratifying to me to know that General MacArthur and General Whitney think so highly of your work and gives me pleasure to pass this information on to you.

2 Sept 1950

SUBJECT: Extension of Foreign Service Tour

TO: Commander-in-Chief, Far East COMMAND

1. Request extension of Foreign Service Tour to 1 July 1951. (1 June 1953)

2. The following information is submitted in accordance with paragraph 6d, FEC Circular No. 22, dated 1 July 1948.

a. Name: Howard K. Pulliam, Colonel, O-11660

b. Branch of Service: General Staff Corps (Infantry)

c. Military Occupational Speciality: 9000

d. Date of Birth: 11 March 1896

e. Component: RA

f. Status of Dependents: ZI

g. Date of Departure from ZI on Current Tour: 2 Aug 1945

h. Termination Date of Current Tour: 1 January 1950 (1 July 1951)

i. Previous Extension on Current Tour: Three (24 mos) FOUR (36)

j. I have not been reported for return to the Zone of Interior for reassignment.

k. Circumstances prompting request:

(1) Implementation of reorganization of public safety agencies within the Japanese Government will no doubt continue into 1951. As Chief, Public Safety Division since inception, it is believed that the background knowledge acquired is of key importance to the occupation in guiding ~~the implementation of~~ these reforms within the mission assigned.

(2) The policy of rotation and career guidance are not applicable in this instance since I expect to retire

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

from active service upon return to the United States. However, the undersigned desires to remain in Japan and assist in the occupation during the period of extension requested.

(3) Approval of this request would appear logical and for the best interest of the service in view of:

(a) Expense to the government.

(b) Permitting an officer replacement career guidance during the period of ~~my~~ my extension.

(c) Maintaining experience in key position which would otherwise require months for an officer replacement to obtain.

H. K. PULLIAM
Colonel, GSC
Chief, Public Safety Division

Military Intelligence Section, General Staff

APO 500
20 May 1949

MEMORANDUM FOR: T/Intelligence; Japanese Liaison; Foreign Liaison, MIS Div only; CIS; PSD; Hist; Each Officer, G-2 and CIS

Reference: Staff Memorandum No. 21 (SCAP & FEC) dated 17 May 1949.

1. a. An Officers' Information Program is established for all officers (except General Officers) on duty with staff sections of General Headquarters.

b. This program will be conducted in four separate and concurrent groups, meeting once a month, at 0800 - 0900 in the auditorium of the Dai Ichi Bldg during the last full week of each month, beginning with the month of May.

c. All officers listed will attend meetings as scheduled. Officers, who for any particular reason, are unable to attend a scheduled meeting may be excused by their section chief. These absences will be held to a minimum.

d. An officer who has been absent from a meeting will be required to read the "Officers' Call" magazine for the corresponding month, and report by IOM will be made by his section chief to G-2 Admin of his compliance with this requirement.

e. Section chiefs will advise G-2 Admin of any additions, deletions or changes in assignment to groups.

2. Assignments are as follows:

GROUP A - MONDAYS 0800 - 0900

CRIST, W. E.	Col	GRAVES, R. C.	Capt	CORNELIUS, G. W.	1st Lt
SVENSSON, E.H.F.	"	HILL, B. F.	"	EKSTROM, A. C.	"

Extension of Foreign Service Tour

G-2 AG CIS/PSD/HEP/sm
Thru: G-1 4 June 1949

1 1. Reference request of Colonel H. E. Pulliam for extension of tour foreign service to 1 July 1951 (Incl 1).

2. Implementation of reforms created by enactment of major legislation by Japanese Diet in the fields of police, prison, maritime safety (coast guard) and fire will continue into 1951. These laws involve many changes in present Japanese methods, both administrative and operational. The guidance and surveillance of these reforms are the direct responsibility of the Public Safety Division, Civil Intelligence Section, General Headquarters, Far East Command. Colonel Pulliam organized the Public Safety Division in 1945 and has been responsible for the program established within the Japanese Government. He is entirely familiar with the Japanese system and with the systems required as a result of recent legislation.

3. Established rotation policy is not important or applicable in this instance since this officer expects to retire from the service upon return to the ZI. It would appear short-sighted and unwise to deprive the occupation of Colonel Pulliam's services at this time considering his background knowledge and experience in the special field of Public Safety in Japan.

4. In view of the above and the officer's desire to remain with the Occupation, retention to 1 July 1951 is highly important and urgently recommended.

APO 500
4 June 1949

SUBJECT: Extension of Foreign Service Tour

TO: Commander-in-Chief, Far East

1. Request extension of Foreign Service Tour to 1 July 1951.

2. The following information is submitted in accordance with paragraph 6d, FEC Circular No. 22, dated 1 July 1948.

a. Name: Howard E. Pulliam, Colonel, O-11660

b. Branch of Service: General Staff Corps (Infantry)

c. Military Occupational Speciality: 9000

d. Date of Birth: 11 March 1896

e. Component: RA

f. Status of Dependents: ZI

g. Date of Departure from ZI on Current Tour: 2 Aug 1945

h. Termination Date of Current Tour: 1 January 1950

i. Previous Extension on Current Tour: Three (24 mos)

j. I have not been reported for return to the Zone of Interior for reassignment.

k. Circumstances prompting request:

(1) Implementation of reorganization of public safety agencies within the Japanese Government will continue into 1951. As Chief, Public Safety Division since inception, it is believed that the background knowledge acquired is of key importance to the occupation in guiding the implementation of reforms within the mission assigned.

(2) The policy of rotation and career guidance are not applicable in this instance since I expect to retire

Japanese Government, Tokyo

6 July, 1948.

Colonel H.E. Pulliam, Chief,
Public Safety Division,
Civil Intelligence Section, G-2,
General Headquarters, Tokyo.

My Dear Colonel Pulliam:

Your kind and extremely gratifying letter dated as of 30 June, 1948, in re the part played by the Japanese Police Forces and Fire Department in the earthquake of 28 June, 1948, has been gratefully received by us. Appreciation cannot be sufficiently expressed for such commendation, and as for the sympathy shown by your Division through you to our people in their sorrow we cannot but say "Thank you" from the bottom of our heart.

Mr. Noboru Saito, Director-General of the National Rural Police and Mr. Shigeshi Arai, Director of the Headquarters of the Fire Department, join with us in these sentiments.

We shall send a copy of your letter to all the chiefs of the lower eschelons of our departments to let them know with what light their efforts are being looked by your Division. All that can be said is that such praise for our forces is the result of your personal and Divisional aid and co-operation which you have so unstintingly shown and given us.

Yours very gratefully,

J. Tsuji

APO 500
30 June 1948

Dr. Jiro Tsuji, Chairman
National Public Safety Commission
Japanese Government
Tokyo, Japan

My dear Dr. Tsuji:

On 28 June 48, a disastrous earthquake struck this nation leaving death and destruction in its wake. The part played by the Japanese Police Forces and Fire Departments during and following this unforeseen calamity is noteworthy and commendable. Immediate action and response, in this instance, could not have been possible had not previous plans been prepared for such emergencies. Co-operation and unity of purpose is exemplified. From parts of Japan unaffected by the disaster the National Rural Police, voluntarily reinforced by Municipal Police, immediately reported for duty in the stricken areas, joined forces of the undermanned local police and are now operating with perfect co-ordination in a planned course of action to alleviate suffering, protect life and property and restore order from chaos.

With feelings of sorrow and pride, we of Public Safety Division, extend our sympathy to the bereaved, injured and homeless; and commendation to the police forces and fire departments for a democratic, humane and efficient response to a call of duty.

Sincerely,

H. E. PULLIAM

APO 500

11 December 1947

SUBJECT: Determination of Departmental Status.

TO : **Colonel Howard E. Pulliam, 011660, GSC, CIS**

1. Joint Army and Air Force Adjustment Regulation 1-1-1, 13 November 1947 directs that records of all officers be reviewed and an entry be made as to whether they remain assigned to the Department of the Army or are transferred to the Department of the Air Force.

2. a. Criteria contained in the above-cited regulation is extracted for your information:

> 7. Commissioned officers.--a. Department of the Air Force--The following officers (component is indicated parenthetically) are members of the Department of the Air Force:
>
> (1) Regular Army officers commissioned or appointed in the Air Corps, (United States Air Force)
>
> (2) General officers, United States Army, appointed to a permanent grade of General Officers from a commissioned grade in the Air Corps (United States Air Force).
>
> (3) Organized Reserve Corps officers, holding current appointments in the Air Corps Reserve section of the Officers Reserve Corps (Air Force of the United States, Air Force Reserve).
>
> (4) Army of the United States officers, not holding appointments in the Regular Army, National Guard, or Officers' Reserve Corps (Air Force of the United States):
>
> (a) Who were assigned to Air Corps in active duty orders or subsequent orders, or,
>
> (b) If not so assigned, who were assigned to Air Corps in compliance with Section I, Circular 40, War Department, 1947.
>
> b. Department of the Army.--**All other officers, including all** female officers; all retired officers (whether or not on active duty); and all officers holding appointments in the National Guard of the United States remain assigned to the Department of the Army.

b. All officers assigned to the Department of the Air Force will use the prefix "AO" before their serial number effective immediately.

3. In accordance with the above cited regulation it has been determined you are assigned to the Department of the Army ~~Air Force.~~ This action does not effect present duty assignment.

File

Translated by Harada

29 January 1947

TO : Colonel Pulliam, CIS, GHQ

FROM : Chief of the Bureau of Police Affairs, Home Office.

SUBJECT: On the Arrest of the Person Who Made a Direct Appeal to General MacArthur.

As there came a report on the subject case from the MPB as in the separate copy, I report it to you.

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

28 January 1947

TO : Chief, Public Safety Section #1.

FROM : Chief, Criminal Affairs Dept., MPB

SUBJECT: On the Arrest of the Person Who Made a Direct Appeal to General MacArthur.

On 26 this month, the Marunouchi Police Station, which is under the jurisdiction of this Board, arrested a person who made a direct appeal to General MacArthur at the entrance of the GHQ building. I report the circumstances of the arrest as follows:

1. Date of Arrest:

11:24 A.M., 26 January 1947

2. The Person Who Made the Direct Appeal:

Permanent domicile and address:
226 Shiba, Kuriga-mura, Itako-gun, Hyogo-ken

Occupation - Carpenter
Age - 59
Name - Adachi, Ichyiro (head of the family)

3. Personal History (according to the person's statement)

The subject person was born at Motokawa, Narumi-cho, Aichi-gun, Aichi-ken, as the third son of carpenter Tanahashi, Yoshisaburo. He graduated a primary school at the place, practiced himself as a carpenter under his father, married into the family of Adachi, Kiyo, 226 Shiba, Kuriga-mura, Itako-gun, Hyogo-ken when he was thirty-two years old, and went to his wife's family's dwelling place. They bore the eldest son Seiichi, 18 years old at present, and his wife died on May the year before last. The eldest son is now in the first year of the main course of Hyogo Normal School in Hyogo Prefecture, and lives in the dormitory of the school.

The subject person makes his living by the income as carpenter, 60 to 70 yen per day, and the income from about sixty pear and apple trees he is growing. In 1944, he was elected a member of the village council and now a member of the Kuriga-mura village council. Also he was elected the chairman of the sub-village council and a member of the public welfare committee in February, 1946, and has been holding the posts in addition since then.

4. Motive and Progress of the Direct Appeal:

He is usually not a political maniac worth mentioning, but as he is an honest person, he has been feeling dissatisfied with the contradiction of the world in everything. Having lost his wife in May the year before last, he has since lived a lonely life. He cannot unbosom himself from

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

nature and came to spend his time in discontent. As the war in which he had been believing victory was lost, his ill feeling and distrust against the government authorities and administrators increased, and he thought, "The destitution of the peoples' life is extreme and there is no distribution of salt which is keenly wanted by farmers, under the circumstances it will be of no good to appeal to the powerless government; the only way is to appeal to the General MacArthur to solve the problem." So he wrote a petition to ask for the distribution of salt to farm lands and also for the General's giving consideration to the import from abroad. He wanted to hand this petition to the General, came to Tokyo on October 2 last year, and watched for chance near the entrance of the GHQ building. But while he was loitering, he was arrested by policemen of the Marunouchi Police Station competent over the district. He was released after admonition, and went home, having sent the petition by mail from the Tokyo Central Post Office on the way. However, the destitution of the people's life by shortage of materials was not remedied, but even intensified, and he could not sit idle watching such situation. Thus he jumped to a conclusion that it is those responsible for the war who are still remaining that has made Japan like this; if these people are all sentenced to death and the Japanese population is made about 50,000,000 as to be able to eat enough, the people will live in comfort; as people cannot eat enough, thieves come up and the over-population follows; if this is solved, agressive wars will never break out. So he made up his mind to ask for the realization of the above plan and further ask for the relief from America. He thought he must come to Tokyo first, and came to the Metropolis on January 16 this year. He put up at the Chiyoda Hotel, Kamakura-cho, Kanda Ward, and saw the sights of the city, thinking of how to petition. During the time he went to Asakusa and talked with vagrants there, and further deepened his anger against the contradictory policy of the government. On 20 this month he called on Minister without portfolio Saito, Takao at the premier's official residence, who is an MP elected from his native place, and asked him concerning the solution of food problem. But the Minister was quite indifferent unexpectedly, saying, "We can do nothing about what we have not." On the general strike he said, "I never think they will call for the general strike. If they do, they will rouse the antipathy of the people and they will fail." So he said, "Then is it that we might just as well be at the mercy of the waves?" The Minister answered, "Yes, only you should take care not to be swallowed by the waves." By this interview he decided that the government has no will to do something, and his distrust against the government was deepened. Thinking that the government cannot be trusted and only General MacArthur is trustworthy, he resolved to find a way out of the difficulties with which present Japan is confronted by making a direct appeal to the General.

5. Summary of his Action:

The subject person, who resolved to make a direct appeal to General MacArthur, wrote with a fountain pen on three sheets of his letter paper he had prepared beforehand on the night of 23rd at a 6-mat room in the fourth floor of the Chiyoda Hotel. The followings are the contents of his letter:

Declassified E.O. 12065 Section 3-402/NNDG NO. 775009

"I have no intention of resisting your Americans. The Japanese people must be assisted by America by all means. There are still many who are living in dugouts and shacks. I hope you help these people.

I am prepared for being shot to death by pistol. I have a son. Employ him in any capacity, even as a janitor. Bureaucrats of the present government are administering the affairs of the state not for the people, but their administration is simply self-seeking. Replace them with those who work for true administration. Sentence them to death who were members of the Imperial Rule Assistance Association and all who led the people during the war, and make the population of Japan 20,000,000 less than now. After that birth-control must be practiced and our population must be kept around 50,000,000. When the population increases the people cannot support themselves, and their attention is attracted by other peoples' property. Thus they want to rob them of it and start a war. As for the police, these higher in rank than the chief of police station during the war shall be also all punished in the same way as those responsible for the war. I hope the government of Japan will become a good one by America's assistance."

Thus he was watching for chance, but was hindered by snow and rain. On 26th this month he finally resolved to carry out his plan and at 11:24 A.M., when General MacArthur was on his way to his office, he approached the General at the front door of the Dai Ichi Building. He was immediately seized by a policeman of the competent police station on guard. But General MacArthur saw this, stopped the policeman, received the envelope he delivered in which the petition was kept, and entered into the building. The person who made the direct appeal was taken to the Marunouchi Police Station.

6. Measures Taken:

The subject person was quite excited after he made the direct appeal, but as investigation proceeded he became cool and seemed to regret his fickle act. His act was considered to have been a mere appeal and there had been no seditious acts, so his person was released on 27th by indication from GHQ after strict reproof.
