REPORT
OF THE
DEPUTY POSTMASTER GENERAL
1918-1919

POST OFFICE DEPARTMENT,
OTTAWA, December 11, 1919.

To the Honourable

PIERRE EDOUARD BLONDIN,

Postmaster General of Canada.

In submitting the following report for the year ended March 31, 1919, I have the honour to remark that although the business of the department did not show a marked growth in any particular branch during that period, the progress throughout was entirely normal and satisfactory.

There were 12,290 post offices in operation in Canada on March 31, 1919, new offices to the number of 130 having been opened during the year. The number of offices closed was 462, the reason for closing in most cases having been that the post office was rendered unnecessary owing to the establishment of rural mail delivery routes, so that although there have been 332 fewer post offices in operation than in the previous year, this does not denote any decrease in the postal services.

There were 31 additional rural mail delivery routes established during the year, and the number of boxes increased by 8,355.

The total number of rural mail delivery routes in operation on March 31, 1919, was 3,705, and the total number of boxes served was 181,505.

The number of post offices transacting money order business was 4,953, an increase of 23 over the previous year; and the number transacting savings bank business was 1,328, an increase of 10.

The amount of money withdrawn from post office saving bank accounts and the number of accounts closed, were again greater than in the previous year while a smaller number of new accounts were opened. This is believed to have been due to the fact that the money was used for the purchase of victory bonds.

The balance at the credit of depositors on March 31, 1919 was \$41,654,960.26.

Summarized statements showing the business of each separate branch of the department will be found in the following pages.

I have the honour to be, sir,
Your obedient servant,

R. M. COULTER,
Deputy Postmaster General.

10 GEORGE V, A. 1920

The new stamp is also issued in sidewise rolls. No other incidents of special interest occurred during the year.

SUMMARY.

The above shows a gross increase in the expenditure for 1918-19 over previous year of	\$66,669 02
Deducted from this amount should be moneys received for the sale of equipment in excess of previous year amounting to	12,350 19
which would result in a net increase of	\$54,318 83
The above increase is accountable chiefly to the purchase of new equipment not obtained previous year, i.e.,	
Fleet of Motor Trucks	\$14,586 75
Parcel Post Scales	9,812 80
Small Sacks for Periodicals	13,524 44
	\$37,923 99
leaving a small balance chargeable to the growth of the Service and increased cost of production and raw materials, amounting to	16,394 84
	\$54,318 83

Consideration should be given to the moneys paid to other Departments in excess of previous year, \$14,951.95, and the excess in the value of stock for 1918-19 as against the previous year, i.e., \$14,245.85.
