PIPE ORGAN RECITAL

NEW INSTRUMENT FORMALLY DEDICATED SUNDAY EVENING

The attendance at the organ recital given at the dedication of the new pipe organ at the new First Methodist church demonstrated fully to all concerned that the auditorium, large as it is, is none too large to properly accommodate the congregation.

It was very gratifying indeed to pastor, choir and members that the Glendale people showed their appreciation of this both in word and attendance.

The pipe organ, which is installed behind the artistic grill work back of the pulpit, was built by the California Organ Company of Van Nuys, and is an instrument of much sweetness of tone as well as sufficient volume to fully meet the requirements of an auditorium of that size. The organ is the joint gift of Mrs. Rebecca L. Lacy and her daughter, Miss Jennie C. Lacy, residing at 135 S. Kenwood street, whose generosity made it possible to install this fine instrument at this time.

The following program was rendered by a large chorus choir under the direction of Miss Isabelle Isgrig, with Mr. A. E. Ricksecker at the organ:

Prelude, Mr. Ricksecker. Processional, Choir. Anthem, "The Lord Is Exalted," Gounod, was beautifully rendered by the full choir as well as the chorus. "At Even 'Ere the Sun Is Set," Stainer, with solo by Miss Marion Addison, which followed a duet by Dr. Ralph W. Lusby and Miss Margaret Lusby, who sang "Abide with Me" with much feeling. Miss Isgrig's sympathetic voice was heard with good effect in a solo, "The Ninety and Nine."

Mr. Ricksecker rendered three numbers, the "Intermezzo," Jensen, "Traumerel," Schumann, and the "Dedication March," Ravlin, in a way that showed the skill of this talented organist and also the possibilities of the instrument. The "Sanctus" with obligato solo by Miss Margaret Lusby, which was sung with such effectiveness at the dedication of the church, was repeated.

At the close of the program the trustees came forward and presented the organ for dedication, which was done by the pastor in a most impressive prayer.

MATTHIESEN-ASKELAND

A very charming wedding was solemnized Sunday afternoon, at the home of Mr. and Mrs. Jans Askeland, 925 S. Adams street, when their daughter Barbro became the wife of Herbert Matthiesen, a popular young man of Glendale.

Rev. C. R. Norton, First pastor of Glendale Methodist church, a very close friend of the family, officiated.

The bride was very beautifully attired in a dress of white voile, her veil being caught up by orange blossoms, worn by her mother at her wedding in quaint old Sweden. She carried a shower bouquet of white sweet peas and maidenhair fern.

The bride was attended by the sister of the groom, Miss Ruth Matthiesen, who wore white organdie over pink and carried a bouquet of pink sweet peas and ferns.

The groom was attended by Odin Askeland, brother of the bride. The bridal party stood under a profusion of white carnations and ferns held in moss baskets.

The ceremony was witnessed only by members of the immediate families and very close friends of the couple.

After dainty refreshments the happy couple slipped away for a short honeymoon, after which they will reside in Glendale, where the groom is employed.

PACIFIC AVENUE PLAYGROUNDS

Tuesday afternoon at 1:30 p. m. a meeting of those interested in the Pacific avenue playground will meet at the Pacific avenue school to talk over plans for supervising the playgrounds for the summer.

Mr. Richardson D. White, Rev. E. H. Willisford, who aided so successfully the playground movement last summer, and Mrs. Fannie E. Stone, with several of the mothers of this section, will be present. The supervision by the mothers will be no easy task and will require definite plans and conscientious work. Anyone who is interested in these plans or who will volunteer to supervise the children's activities one or more afternoons a month will kindly notify the above mentioned persons or attend this meeting and help with the plans.

Help conserve the children of Glendale and thereby do your bit.

U. S. NEEDS LEADERS

KEEP YOUNG PEOPLE IN SCHOOL AND COLLEGE SAYS COMMISSIONER CLAXTON

Dr. James E. Clarke, of the Presbyterian College Board, acting not only for Presbyterians, but also representing other religious bodies, and the national organization known as the Council of Church Boards of Education, is co-operating with the U. S. Commissioner of Education, Dr. P. P. Claxton, Secretary of War Baker and other government officials, in a campaign to arouse the American people to the nation's pressing need of a trained leadership.

"Perhaps the greatest mistake made by some of the nations across the sea," said Dr. Clarke, "has been the failure to make provision for replacing the trained leaders who have gone to the front, many never to return. Large numbers of teachers and undergraduates are in the trenches or lie buried on fields of battle; schools and colleges are closed or running with greatly reduced attendance, and now, after three years of war, thoughtful men are asking: 'What are we going to do for a trained leadership for the future?'"

"The United States must not make this mistake, but there is grave danger that it will be made. Against such a blunder Secretary Baker and Commissioner Claxton and other national leaders are issuing earnest words of warning. The danger is that many undergraduates will think that conditions demand a curtailment of their preparation for their lifework, and that parents will think that with prevailing high prices and the uncertainty of the immediate future, they would better use money for other purposes than the higher education of their boys and girls. The very opposite is true. The needs of the nation and of the world require that no sacrifice be counted too great in order to keep in preparatory school or college those boys and girls not called into special service by the government, in order that they may be thoroughly prepared for the leadership which the nation now needs and will need more than ever when the war is over.

"Commissioner Claxton has issued an appeal which should be heeded by every citizen, urging that the number of students taking higher courses should be larger than usual in the immediate future. He says: 'This appeal is made on the basis of patriotic duty' and he shows that while there will be an abundance of men for ordinary purposes, there will be a dearth of officers, engineers and men of scientific skill in all the industries, in transportation, and in many other places where skill and daring are just as necessary for success as in the trenches.' He points out at some length the pressing need of the near future for highly trained leaders, and shows that young men and women never had before them such a great opportunity, provided only that they secure adequate training."

The Honorable Newton D. Baker, Secretary of War, said at a conference of national leaders held in Washington in May: "The nation will be needing educated men even more than ever before as a result of this war for the coming years, and the colleges must supply them." At the same time he mentioned the three things which he considered most important for the successful prosecution of the war: first, munitions; second, food; third, educated men. General Leonard Wood in a letter to President Hibben of Princeton College recently advised that all students continue their work until such time as their services might be needed by the government, and similar advice has been given by Adj. Gen. W. T. Johnson.

Commissioner Claxton shows that the 350,000 students in colleges, normal, technical and vocational schools of high grade constitute only about one-half of one per cent. of the population, and that the continuance of this number of young people in college cannot lower the productive capacity of the country to any appreciable degree. On the other hand, the need of trained leadership is so great that every effort should be made to increase the percentage of those who take training for such leadership.

Rev. W. S. Blackburn, residing at 235 Cedar street, was so unfortunate as to fall from the steps of his home on Saturday and has been confined to his room. Owing to his advanced years it was a severe shock, but his many friends rejoice that it was not more serious.

LIQUOR QUESTION DELAYS LEGISLATION

BONE DRY AMENDMENT TO FOOD CONTROL BILL CAUSES CONFUSION IN BOTH HOUSES

(Special Service to Glendale Evening News)

WASHINGTON, June 25.—The liquor question is causing much confusion in the Senate fight for food control. Just as it appeared that the administration would force the passage of the food bill this week, the bone dry amendment in the house upset everything. The wets who favored the bill began to hedge and the drys split on the extent to which war prohibition should be inaugurated. There is danger of a filibuster by the wets. Meanwhile Senator Chamberlin, who has charge of the food bill, declares the Senate will agree to the house amendment to the bill, including the bone dry section.

HAIG REPORTS SUCCESSES

BRITISH DIP MORE DEEPLY INTO GERMAN LINES AT SEVERAL POINTS ON FRENCH FRONT

(Special Service to Glendale Evening News)

LONDON, June 25.—In scores of minor operations the British dipped still more deeply into the German lines to-day. "There were successful enterprises last night at a number of points in the neighborhood of Ephehy, Bullecourt, Roex, Loos and Hooge, where we raided many enemy trenches, killing many and taking prisoners," Haig reported.

MULATTO LYNCHED IN GALVESTON

HENRY SAWYER WHO WAS TO HAVE BEEN TRIED TO-DAY TAKEN FROM JAIL BY ANGRY MOB AND HUNG

(Special Service to Glendale Evening News)

GALVESTON, June 25.—A mob of more than 100 people overpowered the guards at the county jail here to-day and took Henry Sawyer, a mulatto, charged with attacking a white woman, placed him in an auto and driving to the scene of the alleged crime hung him to a sign post. Sawyer was to have been tried to-day.

VENIZELOS MAY BE NAMED

ZAMAI MINISTRY RESIGNS—KING ALEXANDER MAY APPOINT FORMER PREMIER TO HEAD NEW CABINET

(Special Service to Glendale Evening News)

ATHENS, June 25.—The entire Zamaiz ministry resigned to-day. It is reported that Venizelos, former premier and president of the provisional Greek government, will be named by King Alexander as head of the new cabinet.

STATE NEWS

FEDERAL LUMBER TRADE COMMISSION MEETS WITH CALIFORNIA LUMBERMEN

SAN FRANCISCO, June 25.—Standardization of lumber manufacturing specifications and plans for taking care of the overwhelming demand for American lumber which will come from Europe after the war, were discussed here to-day at a meeting of the federal lumber trade commission with representative California lumbermen. John R. Walker, Axel H. Oxholm, Nelson C. Brown and Roger E. Simmons compose the board. At the conclusion of the conference here the commission will make a trip into the redwood lumber belt of Humboldt County, going as far as Eureka and then will go north to Portland, Tacoma and Seattle. "Our task is to map out plans for extension of foreign lumber trade," Commissioner Walker declared. "We must learn what we have to sell and seek a common basis for manufacturing and buying. 'The end of the war will see in Western Europe the greatest lumber market the world has ever known and American business there will be limited only by the number of ships to carry it. Aside from the reconstruction of cities, billions of feet of lumber will be needed. For three years not a new tie has been put in a railroad in Europe. But from what I have learned, we must not only furnish the lumber and the ships to carry it, but also the credit."

SACRAMENTO, Cal., June 25.—California corporations and utilities apparently are satisfied with the state tax they will have to pay this year, despite the fact that the tax is \$957,299 in advance of last year. The state board of equalization has been sitting at the capitol for two weeks to listen to complaints from the corporations against the tax, but so far less than half a dozen corporations have kicked. "They are either getting used to the tax or else they consider they are getting off light in spite of the increase," says T. M. Eby, secretary of the board. He says the protests are unusually few in number.

SACRAMENTO, Cal., June 25.—More than 18,000 high school girls and boys of California are ready and willing to work in the fields, orchards and canneries of the state during the summer vacation. Will C. Wood, state high school commissioner, has received reports from 142 high schools, showing that 11,957 boys and 6,694 girls have expressed their intention of helping farmers. The reports were received in connection with the student working reserve.

SACRAMENTO, Cal., June 25.—Five tons of poisoned grain have been supplied the farmers of Tulare county by the county supervisors for use in waging the war inaugurated by the state council of defense against ground squirrels. Reports have been received by the state council that thousands of the pests have been killed since the squirrel war was declared.

SAN FRANCISCO, Cal., June 25.—All of San Francisco's 17 school nurses are attending the summer school session of the University of California, taking the course in public health which is being offered at the summer school. The school board issued an order requiring that the nurses attend.

CHICO, Cal., June 25.—Butte county rice is to be placed on the eastern markets in attractive one pound packages, opening a new outlet for what is one of the state's newest but most important products. W. E. Barnard, a Chicago rice dealer, now is in Butte county arranging for packing rice in small packages, to cater to the fine easter trade.

RICHARD BERRY, PIPE ORGANIST

Through forgetfulness on the part of the reporter, no mention was made in the high school notes last week concerning Richard Berry, a member of the graduating class, who was scheduled to play several selections on the new pipe organ at the commencement exercises in the Methodist church last Thursday evening. But, as the organ was not completed at that date, Richard's selections could not be given and his name was automatically dropped from the program. However, he deserves special mention for his careful and diligent preparation, and it was with much regret that his solos were omitted.

WEATHER FORECAST—Fair tonight and Tuesday. Northerly winds.

NEARING FRANCE

OMAR BURT RICHARDSON DESCRIBES HIS TRIP ACROSS ATLANTIC

The following extracts from a letter recently received by Mrs. Ella Richardson from her son Omar Burt, who has enlisted in the Ambulance service, will be of interest to the many friends of the young man here:

We are now in the danger zone, for we expect to arrive in Bordeaux within the next twelve hours and this area of the sea is supposed to be infested with German submarines. However, every precaution is being taken by the boat company and I feel that we will safely reach our destination. I am now in my bunk room and the boat is tossing all around, for we are plowing ahead at full speed. There are about 600 young men on deck and a few ladies. All of these fellows are entering some service or other in France. As far as I can see I am the only one out of a couple of hundred who is sleeping as usual in his cabin—all the rest are on deck trying to sleep in their clothes and life belts and probably worrying to death.

I have had a most enjoyable trip across the Atlantic, have met all the boys on the ship and feel quite acquainted. It was very rough on the way. However, I did not get sick or think of it.

I do not know exactly how long I shall stay in the ambulance service, but I know I will go where I am the most needed. The war is the biggest thing in my day and I expect to make good in one way or another. I have an opportunity to enter the aviation corps of the French army when I get to Paris, but I shall not accept this immediately, though it is a wonderful opportunity. Also I have several other important opportunities to consider.

I spent about a week before I left in New York as the guest of the Yale club, the largest and wealthiest young men's club in the world. Here I had a marvelous time, saw all the shows, attended dinners and parties and went all about the city.

As I said before, we are now in a very exciting position, but I expect to pass through this all right and reach Bordeaux to-morrow, June 4, and Paris the next day. There I will be given an ambulance to care for and will then be sent to an assigned position on the front, where I will care for the injured. Of course I will have many experiences and learn a great deal, also meet many hardships. Please let me hear from you at 21 Rue Raynourd, Paris.

BAND CONCERT

As usual, there was a large attendance at the weekly band concert Saturday evening. Prof. Hicks again proved to those present that the Glendale Municipal Band is capable of giving an excellent concert. Mrs. William Herman West sang a solo very beautifully and responded to an encore.

Dr. Henry R. Harrower spoke very eloquently for a few minutes on the mission of the Red Cross and urged that everybody present should have a membership in this grand organization.

It has been found that it is difficult to accommodate with auto space all the people who attend these concerts and arrangements will likely be made in the near future to have the concerts held at a place where there will be a better opportunity for parking automobiles.

H. S. WEBB PURCHASES SCHILLING STORE

H. S. Webb of Chicago has purchased the stock of dry goods, formerly belonging to the Schilling Dry Goods Company at 403 S. Brand boulevard, Glendale. Mr. Webb is a gentleman of many years' experience in this line of work and has a connection with the best New York and Chicago markets. It is his intention to price goods to compare with the big stores in larger cities. Mr. Webb intends to keep distinctly in mind three important points: high class merchandise, correctly priced merchandise and efficient service. This gentleman has come to Glendale with the intention of continuing in business here and is ready to become identified with all the interests that are best for the upbuilding of the city that he has chosen for his home. He says he wishes his store to be known as the Home Store of Glendale, and he invites all people who have a desire to build up Glendale and co-operate with the Glendale activities to make headquarters at his store.

GLENDALE, CALIFORNIA, MONDAY, JUNE 25, 1917

THE LAST DAY

To-day is the closing day of Red Cross Week, during which over a hundred million dollars have been collected to further the work of this great organization.

During this week many new members have been rounded up, several hundred right here in Glendale. The local membership committee, under the leadership of Mrs. R. E. Chase, has done very creditable work and over four hundred new names have been written into the "Roll of Honor." This makes nearly 800 members in Glendale and Casa Verdugo; and while this has not overreached the mark set—it was high enough!—it is an excellent showing. More accurate figures will be available later when all reports are in; but so far as we are concerned the "drive" should not lose its momentum until the full thousand sought has been attained.

The News has done its best to further this cause. It will continue to do so, for there must be no let up in this good work.

Our advice to those who have not yet joined the Red Cross is to do so now—to-day—in Red Cross Week! And to those who have joined we urge the consistent and persistent co-operation which does things. Mrs. W. E. Evans, 113 S. Orange street (Glendale 602J), who is chairman of the important Committee on Hospital Garments and Supplies, will be glad to set you to work at home or in groups. Further announcements regarding the sewing and knitting activities under Mrs. Evans' directions will be forthcoming from time to time in these columns.

TO AMERICAN OUR IMMIGRANT POPULATION

In view of the fact that the war situation has emphasized the necessity for Americanizing California's large immigrant population, the State Immigration Commission is urging upon cities and towns the advisability of including some sort of Americanization program in their Fourth of July exercises. Approximately 25 per cent of the men registered under military draft law on June 5th in California are of foreign birth, and the Commission therefore urges the necessity for imbuing all aliens with a spirit of loyalty and true Americanism. In many cities the percentage of foreign birth is even greater. The latest census figures show that 52 per cent of the people of military age (18 to 44) in California, are of foreign birth or foreign parentage, consequently any adequate defense program must include Americanization of this great immigrant population.

The commission has suggested a program which was used to good advantage in several cities of this State and elsewhere in the United States on the Fourth of July last year:

First: A special space to be roped off at a place where the patriotic exercises are held, to be reserved for aliens and American citizens of foreign birth. This space to be decorated by flags of all nations.

Second: A special speaker to be placed on the program to deliver a welcome to these resident foreigners, emphasizing their duties toward the country of their adoption and urging them to become real American citizens.

Third: A speaker to be chosen from the foreign colony to respond to this welcome and pledge the loyalty and patriotism of the immigrants.

Fourth: In view of the fact that the United States is now in the war, it is suggested that it might be an inspiring thing to have a representative from each of the allies speak, viz., an Englishman, Frenchman, Italian, Russian, and Japanese.

San Francisco, Oakland and Sacramento have already begun definite plans for a program along these lines. The Immigration Commission sent direct appeals to local chambers of commerce, central labor councils, women's clubs and other organizations asking their co-operation in giving publicity to the need of such patriotic exercises among aliens. Simon L. Lubin, president of the Commission, yesterday issued the following statement in this connection:

"If great publicity is given to this phase of the patriotic exercises, we can conceive of no greater opportunity to arouse enthusiasm for the vigorous prosecution of the great war for democracy. It will bind the people representing our allies in this country more closely to America and will serve to enlighten our native born Americans concerning the extent to which we must depend upon the loyalty of our great immigrant population."—Alhambra Advocate.

UNOBSTRUCTED ROAD CORNERS

It should be somebody's duty to see to it that road corners on the public highway are kept free so far as possible of all objects that tend to obstruct the view of auto drivers. In the business section of cities it is not practical to keep the space on the lot corners free from obstructions, but in the residence section of the city it should be somebody's duty to keep trees trimmed in such a manner that the view of approaching automobiles will not be obstructed.

OH! THESE POSITIVE PERSONS!

"Conductor!" exclaimed an irate woman who carried many bundles, as she paused on the platform of the crowded car, "I thought I told you that I wanted to get off at Fifty-second street."

"But madam—"

"Don't you say a word! I know all about your car being full, and not being able to remember where everybody gets off. I've heard all that before."

"But, madam, I—"

"You may be sure that I shall report you, sir, and for your impudence, too."

She alighted, the conductor rang his bell and as the car started he said politely, as he touched his cap: "I'm very sorry, madam, but Fifty-second street is half a mile farther on."—Record-Herald.

THESE FORD TIMES

Tattered Thomas rang the door bell. The mistress of the house appeared, frowned, and said: "Go away, please, I haven't got any cold victuals, or old clothes, or old boots, or old overcoats, or—"

"Excuse me, madam," the beggar humbly interrupted. "I didn't want nothin' to eat or wear. I just called to see, ma'am, if you had an old motor car to give away."

HOPELESS

A teacher, wishing to cure one little girl of her bad habit of telling untruths, called her to her desk one day and said: "Little dearie, it breaks teacher's heart to hear you tell these awful stories. Don't you remember what happened to Ananias?"

"Oh, yes, I remember," said the little girl. "He was struck dead for lying. I saw them carry him into the drug store."

Personals

Mrs. Sarah H. King, 236 Dayton court, spent Saturday and Sunday with friends in Pasadena.

Mr. and Mrs. S. J. Ried and son Lewis visited friends in Riverside Sunday.

Gilbert A. Cowan, who is employed as a reporter on the Bakersfield Morning Echo, spent Sunday at his home in Glendale.

Mrs. W. C. Buchanan and Miss Burford of 740 Glendale avenue are again at their Glendale home after a several weeks' visit with relatives in St. Louis.

Mrs. C. E. Russell (422 1/2 South Louise street, has returned from the north, where she has been visiting her daughter, Mrs. Una Russell, for some months.

Miss Mable R. Thayer, 314 Palmer avenue, of the Intermediate school faculty, will leave Wednesday for Colorado, where she will spend her vacation.

Mrs. W. L. Wheeler of San Francisco is visiting her mother, Mrs. Mary Ogden Ryan, 910 West Fifth street. Mrs. Wheeler will make a somewhat extended visit and is being much entertained during her stay.

Mrs. H. F. Fryer of 1424 North Pacific avenue, who has been staying at her son's on Howard street during her protracted attack of sciatic rheumatism, is able to be taken home, where she will be glad to hear from her numerous friends.

Lorraine Stockwell, who formerly lived on Franklin court and who is now residing with his parents in Boyle Heights, spent Friday with Glendale friends, attending the senior farewell dance at the Masonic Temple in the evening.

The Victor Cafe, of which E. Louser is the proprietor, at 329 South Brand Boulevard, has closed its doors, giving as the reason a lack of patronage. Mr. Louser claimed that since the hot weather set in his loss averaged \$10 per day.

The annual luncheon of the Tuesday Afternoon club will be given at the banquet hall of the First Methodist church at 12:45 Tuesday. If any members are unable to be present at the luncheon they will be very welcome to the program following.

Mrs. H. W. Herren, 106 W. Broadway, has just returned from a visit to Santa Ana, where she visited an old friend, Rev. W. L. Wilhite, 1121 Hickey street. She was also entertained at dinner by Mr. and Mrs. Hamaker of Santa Ana. The other guests were Mr. and Mrs. A. A. Axelson and daughter of South Pasadena. Music by Miss Edna Hamaker and Miss Flora Axelson followed.

An exceptionally large crowd was present Saturday evening at the fourth weekly band concert of the season, the weather conditions being ideal for such an occasion. The Glendale Municipal Band, under the able leadership of Director Hicks, is rapidly becoming known as one of the best in Southern California, and the people of Glendale should feel justly proud of such an organization.

Quite a number of Glendale people are planning to attend the concert Tuesday evening at the Little Theatre in Los Angeles. The prize compositions and those receiving honorable mention in the Matinee Musical Club Contest will then be presented by noted artists of Los Angeles. Mr. Julius Kranz's composition, which was awarded the prize, will be sung by members of the Lyric Club. Mr. J. B. Poulin having coached the singers for this number. Miss Gertrude Champlain will be at the piano and Mr. Kranz will play the violin obligato.

One of the most enjoyable social affairs of the past week was the annual reunion and dance given by Alumni of the Glendale Union High School in honor of the outgoing senior class, the members of which are now known as Alumni. It was the last social function of the year in which the members of the class of 1917 could all meet together, and for this reason a large percentage of the class was present. The first part of the evening was spent in an excellent musical program, after which dancing was enjoyed, the popular "Barbary Coast Orchestra" furnishing the music for the skippers of "the light fantastic."

A number of people in Glendale will be interested to learn of the marriage of Miss Ruth Brown, youngest daughter of Mr. and Mrs. George T. Brown of Los Angeles, who was married recently in El Paso to Lieut. Harcourt Hervey, formerly of Los Angeles. Accompanied by her sister, Miss Wauneta Brown, Miss Brown went on to El Paso, where the wedding took place. The young people were fellow-students at Berkeley, where the romance began. The bride is the daughter of Mrs. Ella Brown who, as state president, presided so graciously at the California Grand Chapter P. E. O. when it met at Glendale three years ago. She also had the honor of being the initiate at the Supreme Grand Chapter P. E. O. in Los Angeles two years ago.

YELLOW LUNCHEON

A delightful little luncheon which was in the nature of a reunion of normal schoolmates was given Saturday at 12:30 by Miss Elsie Church at her home, 221 S. Orange street.

At a table made charming by an artistic arrangement of coreopsis and baby breath and with favors of bonbon boxes in the prevailing color of yellow, as also were the dainty place cards, a four-course luncheon was served. The young ladies who were guests at the luncheon were Miss Alice McCoy, Miss Rose Duncan and Miss Leota Snyder of Glendale, Miss Eunice Jones, Tropicco, Miss Bertha McKay, Covina, and Miss Edith May Church.

In the afternoon Miss Elsie entertained at 500 the following young ladies: Miss Lorraine Mitchell, Miss Barbara Mitchell, Miss Bertha Berry, Miss Dorothy Dow, Miss Frances Payne and Miss Marion Hosmer of Los Angeles. Miss Bertha Berry was the winner of the first prize and Miss Leota Snyder the recipient of the second prize. Cake and sherbet were served and the merry crowd took group pictures on the lawn as mementoes of a very happy occasion.

The young hostess was assisted by her mother, Mrs. F. L. Church, and sister, Miss Edith May Church.

COMPLIMENT MISS WILLIAMS

Miss Olive Williams, leader of the New Thought Sunday School, leaves soon for Berkeley, where she intends to take a summer course in Botany and Floriculture. As Sunday was her last with the children for some time and this is the month in which she had a birthday, the children of the Sunday School presented her with a beautiful gift. This was a handsome picture in a dull bronze frame. Miss Williams' devotion to the Sunday School and interest in the children have made them all very fond of her.

As many of the children will also be away at the beaches or mountain resorts, it was thought best to discontinue the Sunday School until September.

NEW THOUGHT

"In our silent prayer to-night let us remember that prayer is not simply affirmation or repeating certain statements, but is desire and realization.

"To-night I will talk on Hinduism from the book called, 'The Twelve Upanishads,' meaning the twelve books of wisdom or truth. I shall make some very broad statements, which might come as a shock to some, but I hope to prove them before I close. It is helpful to us as thinkers and New Thought students to know of the truth in other great books besides our Bible. As students we must learn to think.

"In this Hindu book are several or eight hundred pages, but divided into books. There are beautiful prayers, wonderful thoughts, and the Hindu who studies this book, prays these prayers and thinks these thoughts is no heathen, even though he calls God, Brahma. He may fall short of living up to his truth as many people, countless numbers, do in this Christian land.

"This book is older than the Christian's Bible. The phraseology in parts of it is very much like Mrs. Eddy's in her 'Science and Health.' Much of New Thought and Christian Science came from these old religions.

"The first thing in studying religions is to be tolerant. The terrible atrocities that have been committed in the name of religion were because of intolerance and hatred of each other. If you look for beauty in other religions you will find it. Like the universities, Cornell, Yale, Princeton, they all teach the same general things but some specialize along certain lines.

"Isn't the following a beautiful conception of god? 'As the spider proceeds along with its web, as little sparks proceed from fire, so proceed from that Soul all organs, all worlds, all beings. The nearest conception of him is that he is truth of truth.' God is life and light and the flower, the bird, the human beings are manifestations or expressions of the one Life or sparks from the divine fire and as the spider's web proceeds from his own life so all life comes from that Soul of souls.

"Two weeks from to-night I will talk on Buddhism. I will show where this agrees with Christianity."

Dr. Riley will conduct a class the hour before his lecture on "Concentration and the Silence."

THE ECONOMY HOME STEAM CANNER AND COOKER

Mrs. J. K. Boswell will demonstrate The Economy Home Steam Canner and Cooker at 310 Brand boulevard Tuesday, Wednesday and Thursday of this week. This Canner is rightly named "Economy" because it saves fuel, time, worry, fruit, vegetables, and many other things too numerous to mention. It also cooks food by steam and saves all food value. Seeing is believing; come to these demonstrations and be convinced. 255t2*

NOTICE INVITING SEALED PROPOSALS

Pursuant to the provision of the "Improvement Act of 1911" and to Resolution Number 952 of the Board of Trustees of the City of Glendale, California, adopted the 21st day of June, 1917, directing this notice, the undersigned invites and will receive at his office, in the City Hall, up to 7:30 p. m. of Thursday the 5th day of July, 1917, sealed proposals or bids for the following improvement to be done according to the specifications and plans adopted for the said work, on file, to-wit:

First: That all of the roadway of Grand View Avenue lying between the Northwesterly and Southeasterly boundary lines of the City of Glendale be graded and paved to the official line and grade with a hydraulic cement concrete base five inches in thickness and oil and screening wearing surface one half inch in thickness in accordance with Map Number 248, Profile Number 702 and in further accordance with Specifications Number 24 for the paving with concrete base and asphaltic oil and screening wearing surface of streets and avenues, etc., in the City of Glendale.

Second: That a cement curb of the class designated as Class "B" curb in the hereinafter referred to specifications be constructed along both lines of that portion of the roadway of Grand View Avenue included between the Northwesterly and Southeasterly boundary lines of the City of Glendale. Said curb to be constructed in accordance with Map Number 248, Profile Number 702 and in further accordance with Specifications Number 12 for the construction of cement curbs in the City of Glendale.

For further particulars reference is hereby made to Resolution of Intention Number 949 of the Board of Trustees of the City of Glendale.

Bidders must file with each proposal or bid a check payable to the City of Glendale, certified by a responsible bank, for an amount which shall not be less than ten per cent. of the aggregate of the proposal, or a bond for the said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer oaths, for double the said amount, and over and above all statutory exemptions. In bidding use blanks which will be furnished by the City Clerk upon application. Glendale, Cal., 25th day of June, 1917.

TEST OF CIVILIZATION

The remarkable people of this world are useful in their way; but the common people, after all, represent the nation, the age, and the civilization.

SELFISHNESS

We are practical beings, each of us with limited functions and duties to perform. Each is bound to feel intensely the importance of his own duties and the significance of the situations that call these forth.

NO SOLDIER DRINKS

Everybody take notice! says the Fresno Republican. It is now against the law to sell liquor of any kind, including beer or wine, to any officer or enlisted man in uniform.

IT CAN BE DONE

Somebody said that it couldn't be done. But he, with a chuckle, replied that "Maybe it couldn't" but he would be one.

DANGEROUS ABILITIES

History is made up of the bad actions of extraordinary men. All the most noted destroyers and deceivers of our species, all the founders of arbitrary governments and false religion, have been extraordinary men.

REVERSING THE PROCESS

"That bids fair to be an annual match." "Why, is she marrying him to reform him?" "No! she is reforming him to marry him."—Houston Post.

THE YOUNGSTER'S RIGHT

"Suppose," supposed the mathematics tutor, "it takes four men two days to dig a trench ten feet long, how long will it take one man to dig the same trench?"

Kaiser Wilhelm: "It's a high-powered machine." Von Hollweg: "But, mein Gott, Wilhelm, think of the After Cost!"

A SCOTCH HINT

"Maggie," said Jock, who had made up his mind to propose, "wasn't I here on Sawbith nicht?" "Aye, Jock, I dare say ye were."

ONLY A DAD

Only a dad, with a tired face, Coming home from the daily race, Bringing the little of gold or fame, To show how well he has played the game.

Only a dad, neither rich nor proud, Merely one of the surging crowd, Toiling, striving from day to day, Facing whatever may come his way.

IT WAS VERY LIFELIKE

"Smell anything, grandma?" was asked by a little fellow who was lying on the floor, drawing. Grandma sniffed the air and declared she smelled nothing.

IT'S SO REFRESHING!

Sillicus—"What do you consider the most delicate form of flattery?" Cynicus—"Telling a married man he doesn't look it."

ECONOMISTS, TRY THIS

"Why won't you buy something at my table?" demanded the girl at the lodge. "Because I only buy from the homey girls," said the tight but diplomatic member.

A HINT FROM ON HIGH

A church house in a certain rural district was sadly in need of repairs. The official board had called a meeting of the parishioners to see what could be done toward raising the necessary funds.

Just then a bit of plastering fell from the ceiling and hit him squarely upon the head. Whereupon he jumped up, looked confused, and said: "I—er—I meant I'll give fifty dollars!" then again resumed his seat.

HIS NEEDS

"My brother bought a motor here last week," said an angry man to the salesman that stepped up to greet him, "and he said if anything broke you would supply him with new parts."

WONDERFUL PROGRESS

"Money talks," said the man who tries to be severely practical. "Better'n that," replied Mr. Dust-in Stax, as he signed another Red Cross check.

THE GENTLE CRITIC

"Have you read my story?" "Yes." "What did you think of it?" "To be perfectly candid with you, I think the covers are too far apart."

THE ROAD TO MINERAL KING IS OPEN

A news report has just been received by the Touring Department of the Automobile Club of Southern California to the effect that the road running from Visalia, Tulare County, up into the mountains to Mineral King is open and that motorists are going in daily.

The Mineral King road may be used this year without any toll in accordance with the agreement between the Government and the County, whereby the County will keep the road in repair, where it runs 12 miles through Sequoia National Park.

The Mineral King section is the angler's paradise and the chances are that many of the motorist-anglers of the southern section of California will spend their vacations up in that region.

AUTO OFFERED TO U. S. BY RESIDENT OF CENTRAL AMERICA

In connection with its registration of automobiles for possible use by the United States Government, the Automobile Club of Southern California has had the novel experience of having one of its members, who is a resident of San Salvador, Central America, offer a pair of automobiles for use by this Government.

It is generally understood that these cars are to be called for only in case of emergency, but the enthusiasm with which Mr. Oleovich tenders his machines shows that he is willing and anxious to go a great deal farther than half way.

This motorist is Benjamin Oleovich and the machines he offers include a Mercer capable of carrying six people and a Dodge of a two-seated capacity.

"It is remarkable," said Mr. Gruntler, "how mean some people are. I had with me on a fishing trip two friends who evidently were familiar with my reputation as an angler.

Jack—"I told your father that I would give you every luxury."

Bess—"And what did he say?" Jack—"Said he would withdraw his money from the bank where I work."—Boston Globe.
