

Dear friend

I have sent a milk petition
round our village & it has returned with a promise
upon it (signed by responsible people) of 160 quarts of
milk & 9 pints of cream & 23 dozens of eggs - These you
may depend upon - one man has promised to send
some more milk &c but it will most like all be
sent to you at the time instead of being added to our
store - This suits me just as well - I headed the list with
16 quarts of milk & as every body knows I have no way
else who had ^{could} not refuse - ~~Maximum~~ you'd 695 -
I show 20, & of Russel 20 + 5 doz of eggs - The community
send 40 95 - I enclose a check for 16 dollars - 10 dollars
from Miss Mary Proctor & five from the community
both for Dr Channings address - The one dollar is from
Susan & she says you may use ^{it} for the address or what
you think best

What an affair the Latimer case has been! An illustration
of what Slavery - new organizations, & free men, can do
The prophets ~~had~~ will in time swallow up all ~~these~~
these of the magicians - indeed has it not now?
I have thought of this Latimer business all the time -
I will tell you that I wrote the song to the air of the
Irishman - Yours to Ande lang syne is noble - Mine whistled
of itself I could not help writing it - Love yes I k Follen
