INSPECTION OF WELFARE OR PENAL INSTITUTION
(Part 1: General)

Inspector ..... Date: .....
Interpreter .....

I. General Information

1. Name of Institution .....
2. Address .....
3. Type of Institution .....
4. Date established ..... by .....
5. Managing Agency .....
6. Building (owned - rented) by .....
7. Name and title of person in charge .....
   .....
   a. Does he act as minsei-iin .....
   b. Does he collect monthly grants for recipients .....
   c. If so, does he turn over total amount to recipient .....
8. Number of paid staff members ..... Unpaid .....
9. Capacity of institution .....
10. Present number of inmates: Men: .....
    (families: .....) Women: .....
    Children: .....
    Total: .....
11. How are inmates referred to institution .....
    .....
12. If not filled to capacity, give reason .....
13. In penal institutions
    a. Total number of inmates convicted ..... Unconvicted .....
    b. Is there segregation of women and children .....
    c. Describe the parole system .....
    .....

II. Maintenance of the Facility

1. General appearance .....
2. Adequacy of shelter .....
   .....
3. Fire precautions .....
   .....
4. Sanitation. (comment on adequacy, cleanliness, etc):
   a. Water supply .....
   .....
   b. Bathing facilities .....
   ..... How often do inmates bathe .....
   c. Laundry facilities .....
   .....
   d. Kitchens .....
   .....
   e. Sewage, garbage and rubbish disposal .....
   .....
   f. Toilet facilities .....
   .....

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

g. Insect and rodent control .....
.....

III. Food, Clothing and Fuel

1. Food: Sufficient quality ..... Quantity .....
a. How is it obtained .....
b. Purchased and prepared by the institution .....
by the individual ..... by both .....
c. Are supplies securely stored .....
2. Fuel: Is supply adequate .....
a. How is fuel obtained .....
3. Clothing .....
.....

IV. Medical care Is it adequate .....
1. How supplied .....
2. What is the disease incidence .....
3. Are patients isolated .....
4. Regular examinations and immunization .....
5. Is regular exercise provided .....
6. Any maltreatment .....

V. Social Therapy and Economic Status of Inmates

1. Education: number of children attending school .....
a. Outside institution ..... where .....
b. Inside institution ..... What grades are taught .....
c. Reason for non-attendance .....
d. Special training for retarded or problem children .....
.....
e. Vocational training .....
.....
2. Occupational Therapy for adults unable to work .....
.....
3. Placement of discharged inmates .....
4. Follow-up of discharged inmates .....
5. Recreational facilities .....
.....
6. Economic status:
a. Inmates receiving assistance. Total number aided .....
Aided by Daily Life Security Act .....
and/or assistance from the institution .....
and/or aid from other sources .....
b. Total number of employed inmates .....
outside of institution ..... inside institution.....
c. How much of inmates' earnings does the institution receive .....
.....
d. Type of work .....
.....
.....

VI. Evaluate worth and usefulness of this institution:

VII. Recommendations: (a) To institution manager (b) To Ken Welfare Section

14. NUMBER OF WORKERS RECEIVING PUBLIC ASSISTANCE: SHOP 10
HOME 0

Note:

1. This figure includes 11 girls, 17 years of age, who are receiving six months vocational training in sewing craft and earning a monthly net wage of ¥ 300 for 208 work hours.
2. Gross wages are in direct proportion to the amount of work performed and these figures represent the average wages paid for each catagory of personnel. Monthly wages of the vocational trainees were not included in computing the average monthly minimum wages. Approximately 40 % of the gross wages earned by the employees are retained by the institution.
3. These home workers are also full time employees in the workshop.
4. All work orders are engaged through private contract with individuals concerned.

HOME 9

Incl 6

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Notes:

1. The local welfare section did not have any record of 3 workers who are employed by the workshop but are not receiving public assistance.

2. Since all experienced workers are paid on a piecework basis, these statistics are based on their average wages and do not include the 11 apprentice workers who receive ¥ 40 per 8 hour-day. The period of apprenticeship is 3 months for bamboo craft and 2 months for shoe repair craft.

The cost of material is deducted from the shoe repairer's gross wage and his net wage is 50% of the balance.

3. All shoe repair work is performed for individuals through private contract. Approximately 70 pairs of shoes are repaired monthly and the cost is 10% lower than that charged by the 3 local shops. The bamboo products are sold to wholesalers who distribute them, baskets of all sizes and types, to retailers in Akita and Yamagata prefectures. During the first quarterly period of the current fiscal year the workshops manufactured 3,000 baskets.

4. Shoe repairing was inaugurated in February 1949; consequently, the expenditure for leather material for the 1948 fiscal year was small.

Incl 6

QPH-(OT)-05

WORKSHOP REPORT "B"

Summary

1. What benefits do each of the following groups derive from the Welfare Workshop Program:

a. Workers

(1) At least 50% of the experienced workers are in need of assistance and are unable to find employment elsewhere.

(2) The workers receive vocational training and are paid a small wage during their training period.

b. Workshop Staff

These technicians have the opportunity of developing and utilizing their aptitude while simultaneously assisting in the rehabilitation of the workers.

c. Workshop Operator

He is a proponent of social welfare and as such he receives a measure of public acclaim for his efforts.

d. Other (specify)

All groups receive wages for their services.

e. How many welfare workshops are operated by or have any involvement with the Minsei-iin ?

(1) Operated by Minsei Iin: 3

(2) Involvement with Minsei Iin: 13

2. What are the eligibility requirements for employment in a welfare workshop ?

Priority of employment is given to those persons on the public assistance rolls. No eligibility requirements are necessary for all other persons employed.

3. How is the worker referred to workshop ?

a. By Minsei Iin

b. By local welfare officials

c. Direct application

Src(7

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

4. Are the workers required to register with Public Employment Security office ? Yes _____

No XXX If no, why not ?

Workshop employees are fundamentally different from ordinary employees under the category stated in the Labor Standards Law. Since most of the workers in the workshops are widows and persons receiving public assistance, there are no limits on either wages paid or hours employed. Therefore, these workers do not necessarily have to register with the Public Employment Security Office.

5. What relationship exists between the workshop and the prefectural or local Welfare Department, i. e.. supervision, reports, etc. ?

a. Source of Materials:

Materials are requested by the workshop through the local, district, and prefectural office. These requests are consolidated and then forwarded to the Ministry of Welfare.

b. Reports

Same as above.

c. Supervision

Supervision is conducted either directly by the Prefectural Government or through the district offices.

6. If the Welfare Workshop Program in your prefecture were discontinued what would happen to the workers?

The workers would either have to find employment elsewhere or apply for public assistance.

7. What resources (public and private) are available in your prefecture for meeting the demands resulting from the closing of the Welfare Workshops ? (i.e., industry, public works, labor department workshops).

None

8. What is the opinion of the Chief of Social Affairs of the Prefectural Welfare Department concerning the value of the Welfare Workshop Program (briefly) ?

Due to the drastic social upheaval resulting from the war, many people including widows, physically handicapped and warsuffers are having an increasingly difficult time trying to support themselves.

Incl 7

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

Since it is not desirable to have these people rely mainly upon public assistance as a means of livelihood, both from the standpoint of their morale and of the efforts of the welfare agencies to rehabilitate them, some means of special employment must be provided. This employment must necessarily be of a nature that these people are able to fulfill. And the workshop program appears to be the only solution at the present time.

The workshop program as it exists today should be modified to comply with the objectives desired; for example, sewing work which requires the hiring of young women should be discontinued and some other type of work suitable for the aged and physically handicapped should be substituted. If a central workshop were designated, employees working in their homes could submit their partially completed work to this workshop for completion.

WORKSHOP REPORT "B"
Summary

1. What benefits do each of the following groups derive from the Welfare Workshop Program:

a. Workers

Workers receive such benefits as mediation or recommendation of proper jobs, guidance therein, supply of the places of working and chance for working, while they can train their vocational ability and improve their technical skills so that they may work in other places of working.

b. Workshop Staff

Workshop staff receive wages monthly by which they can support their living.

c. Workshop Operator

The workshop operator can improve and extend the institution and increase wages for the workers by making profits, thereby promoting other social welfare work.

d. Other (specify): None

e. How many welfare workshops are operated by or have any involvement with the Minsei-iin?

There is no workshop operated by the Minsei-iin.
Number of workshops having involvement with the Minsei-iin: 72
(including 14 workshops suspended).

2. Are the eligibility requirements for employment in a welfare workshop?

A workshop as a relief institute according to the Living Protection Law must accommodate more than 30 persons. Of them more than half are to be the persons protected and the balance such persons needing protection as widows, wounded persons and destitute persons in general. A workshop according to the Social Work Law must accommodate more than 30 persons who are persons needing protection.

3. How is the worker referred to workshop?

Welfare commissioners recommend or introduce the eligible persons upon finding out them or upon receipt of application in persons from them to workshops for employment. Sometimes they apply the workshops for employment in person or Public Employment Security Offices do so for them.

4. Are the workers required to register with public Employment Security Office?

Yes _____ It is considered necessary to register at the time when the workshop is closed down.

No X If no, why not?

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

5. Whay relationship exists between the workshop and the prefectural or local Welfare Department, i, e., supervision, reports, etc.?

As to the inspection of and guidance to the workshops, the Welfare Ministry is intended to establish exclusive guidance officials. But at present, the officials in charge of equipment carry out the inspection and guidance with the support of guidance officials on the spot 4 times a year. Besides the above, each workshop in the prefecture is requested to submit a monthly report on the management of workshop. The Prefectural Government, in case of necessity, accommodates or recommends funds and material. Local authorities are constantly carrying out the supervision or offering guidance to the workshops.

6. If the Welfare Workshop Program in your prefecture were discontinued what would happen to the workers?

This prefecture has one prefectural workshop, 44 city, town or village workshops and 22 private workshops totalling 72 workshops with 1612 workers in total. A great majority of the workshops would be forced to suspend their operation with the results that the workers would lose again their job and be at a loss what to do to earn their living from next day if the Welfare Workshop Program in the prefecture were discontinued.

7. What resources (public and private) are available in your prefecture for meeting the demands resulting from the closing of the Welfare Workshops? (i. e., industry, public works, labor department workshops).

Considering the scope, activity, and equipment of the existing Welfare Workshops, we deem it advisable to convert the Welfare Workshops, in case they are closed, into similar institutions such as labor department workshops or vocational guidance stations.
At present, there are only 9 labor department workshops with accommodations for 450 (No. of persons being currently admitted: 344) and 7 vocational training stations with accommodations for 430 (No. of persons being currently admitted: 413). However, in view of the locality of the Welfare Workshops, we are of opinion that it would be difficult to effect the conversion of all of them. Furthermore, their conversion into facilities connected with industry or public works would likely be confornted with greater difficulty, if we take into consideration the enterprise readjustment and the nature of the persons working at the Welfare Workshops.

8. What is the opinion of the Chief of Social Affairs of the Prefectural Welfare Department concerning the value of the Welfare Workshop Program (briefly)?

The purpose of establishing welfare workshops is, in our opinion, to serve those persons in destitute circumstances who are unable to secure suitable occupation in spite of their ability to work, by not only rendering services in enabling them to obtain jobs but also providing them with the place and opportunity of working, so as to assist them in stabilizing their livelihood and to promote their willingness to work. The welfare workshops should also function as institutes for giving vocational guidance. It would, however, be absolutely necessary to finance the welfare workshops with sufficient subsidy from the National Treasury, in order to operate them in the manner proposed.

QPH-(OT)-05

WORKSHOP REPORT "B"
Summary

1. What benefits do each of the following groups derive from the Welfare Workshop Program?

   a. Workers:

      The Worker are presumed to learn a trade or develop a skill and are given employment by which they can at least partially support their families.

   b. Staff:

      The staff gains employment and improves their skills.

   c. Workshop operator:

      The operator benefits by employment and experience.

   d. Other (specify):

   e. How many welfare workshops are operated by or have any involvement with minsei-iin?

      None are operated by minsei-iin. One minsei-iin is a volunteer teacher. Minsei-iin refer workers to three fourths of the workshops and also investigate working conditions and wages. One workshop has a management committee composed of minsei-iin.

2. What are the eligibility requirements for employment in a welfare workshop?

   Eligibility requirements depend upon type of workshop. Workshops operating under the Daily Life Security Law require that one half of workers be relief recipients and remainer be widows, aged, war wounded, handicapped and unemployed. Those operating under the Social Work Law do not have these limitations.

3. How is the worker referred to workshops?

   Those receiving public assistance are referred by welfare officials and minsei-iin.
   Unemployed by the Public Occupational Stabilization Office. A certain percent may apply in person. No definite policy is being used in Aomori Prefecture.

4. Are the workers required to register with Public Employment Security Office?

   Yes if able bodied. Handicapped not required to register by law.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

5. What relationship exists between the workshops and the prefectural or local Welfare Department, i.e., supervision, reports etc.?

All workshops operating under the D.L.S. and S.W. laws are licensed by the prefecture and supervised by the prefecture, city, town or village. All such workshops are required to make monthly reports and special reports when needed.

6. If the Welfare Workshops Program in your prefecture were discontinued what would happen to the workers?

As of June 30th 24 workshops were under operation with 287 workers. Of this number 160 were women and only 161 were receiving public assistance. Six workshops now operating under the D.L.S. law will be transferred shortly to the S.W. law as they do not have a sufficient number of workers who are receiving public assistance. However if all workshop operating under both laws are closed it will be difficult to find private employment for the present workers especially the women. The majority would probably require public assistance.

7. What resources (public and private) are available in your prefecture for meeting the demands resulting from the closing of the Welfare Workshops? (i.e., industry, public works, labor department workshops).

There is little opportunity for employment in private industry at the present time especially for women, aged and handicapped. 23 public works projects are in operation now employing 1,718 - largely males. Ministry approval for additional projects has been requested. The Labor Section operate 3 workshops employing 91 persons. They also operate 8 Training Centers with an enrollment of 380 persons, 289 male and 91 females. Training course is for a period of six months. No aged or handicapped persons are enrolled. Statistics on private employment secured after training is completed are not available.

8. What is the opinion of the Chief of Social Affairs of the Prefectural Welfare Department concerning the value of the Welfare Workshops Program?

The Welfare Chief feels that over half the workshops are of little value due to poor management, insufficient wages and untrained staff.

Date: 29 July 1949

WORKSHOP REPORT "B"
Summary

1. What benefits do each of the following groups derive from the Welfare Workshop Program:

a. Workers - salary, on the job training

b. Workshop Staff - salary

c. Workshop Operator - one if representative of Workshop Federation.

d. Other (specify) - none

e. How many welfare workshops are operated by or have any involvement with the Minsei-iin? one, Ami-machi, Inashiki-gun, Operated by Minsei-iin.

2. What are the eligibility requirements for employment in a welfare workshop? needy person-persons who would otherwise be p.a. recipients.

3. How is the worker referred to workshop? Thru Minsei-iin or worker directly to the workshop.

4. Are the workers required to register with Public Employment Security Office? Yes____ No law or legislature requires such P.E.S.O. provides work by day. P.E.S.O. jobs are mainly hard labor and most workshop workers are women, the wounded, or the aged

No X If no, why not?_____

5. What relationship exists between the workshop and the prefectural or local Welfare Department, i.e., supervision, reports, etc.? Art. VI, Social Work Law states pref. supervise workshops. Reports once a year if felt necessary

6. If the Welfare Workshop Program in your prefecture were discontinued what would happen to the workers? Many would become p.a. recipients. Would be forced to find other jobs.

7. What resources (public and private) are available in your prefecture for meeting the demands resulting from the closing of the Welfare Workshops? (i.e., industry, public works, labor department workshops). Workshops superientendedby Ministry of Labor, but inadequate because they too lack raw materials.

8. What is the opinion of the Chief of Social Affairs of the Prefectural Welfare Department concerning the value of the Welfare Workshop Program (briefly)?

Present workshops are inadequate becuase the better workshops were referred to Ministry of Labor in 1947 leaving poorly operated ones for Welfare. Present Welfare Workshops are inefficient because of lack of finances and raw materials. Majority of the 28 workshops in pref. are sewing shops and in war-time were active in production of military clothing but presently they lack orders. It is desirable to have a revision of the Social Work Law becuse of its obsoleteness. Also an establishment of a Workshop Law, stating the minimum standards of workshop administration, which would result in a more equal distribution of raw materials and wouldd effectuate financial support to the workshops

WORKSHOP REPORT "B" QPH-(OT)-05
Summary

1. What benefits do each of the following groups derive from the Welfare Workshop Program:

a. Workers: Steady work, even though wages are low in most shops. Ill effects: The constant danger of sweat shop practises.

b. Workshop Staff: Some staffs are paid on the same basis as workers, others supervise without pay.

c. Workshop Operator: Are ordinarily paid a small salary, from the C.C. Some take additional funds from the 40% of the total income, the remaining 60% of which goes to workers salaries.

d. Other (specify) : School children and others: Low priced goods.

e. How many welfare workshops are operated by or have any involvement with the Minsei-iin? 1 Privately operated by a Minsei-iin, 7 operated Minsei-Jigyo Joseikai (a Minsei-iin organization).

2. What are the eligibility requirements for employment in a welfare workshop? None: Most employees are needy.

3. How is the worker referred to workshop? Chiefly by Minsei-iin. Some times the jobless seek jobs themselves.

4. Are the workers required to register with Public Employment Security Office? Yes ____
No X If no, why not? Pref. Welfare Dept. officials did not see the need of it till explained to them.

5. What relationship exists between the workshop and the prefectural or local Welfare Department, i.e., supervision, reports, etc.? None. However to draw from the C.C.. They submit statements through welfare channel to C.C. C. and are inspected by C.C. representative.

6. If the Welfare Workshop Program in your prefecture were discontinued what would happen to the workers? They would have to be put on relief because of the lack of job openings.

7. What resource (public and private) are available in your prefecture for meeting the demands resulting from the closing of the Welfare Workshops? (i.e., industry, public works, labor department workshops). No permanent program, at present, and no definite plans for any to absorb more personnel.

8. What is the opinion of the Chief of Social Affairs of the Prefectural Welfare Department concerning the value of the Welfare Workshop Program (briefly)?
He feels that welfare workshops answer a definite and permanent need in the prefecture, but that they should have to meet with very strict standards, that the

Inclosure 3

over

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

reason wages are so low is the shortage of raw materials, the lengthy period the shop must wait for the revenue from finished products sold, the slowness in selling caused by the inferiority of the products. He says that at present the law does not permit the authorities to set up these standards. But that the bill now before the Diet if past into law, will do so. He claims that the workshops run by the labor department would not answer the needs of those now employed in welfare workshops should they be closed, because the former are only training shops which pay extremely low wages and limit their training period to 3 months.

When asked about the public feeling on welfare workshops competing with private industry with the added advantage of tax exemption, he stated that the public give the workshop program enthusiastic support, because while answering a definite welfare need. The total of goods produced is so limited that it does not affect the market for products of private industry to any noticeable extent.

He agreed with the officer that many of the welfare workshops now operating do not merit the title, and stated that under the new bill, if it becomes a law, they would have to be dropped from the list.

1. The financial administration of the institutions managed by the Prefectural Government has been changed since July 1949. In the new budgetary system, the institutions must submit monthly budgetary requirements and must present monthly financial reports to the Prefectural Government for its audit. In this system, the administrative costs are covered by the grants from the Prefectural budget category of Social and Labor Institution Accounts.

2. The institution received during April, May and June no administrative grants other than the salary for the staff because the above change was anticipated to be effective in July 1949.

DECLASSIFIED E. O. 12065 SECTION 3-402 / NNDG NO. 775013

GENERAL HEADQUARTERS
SUPREME COMMANDER FOR THE ALLIED POWERS

ANNEX III

to

Memorandum for the Imperial Japanese Government, file AG 370.05 (7 May 46) GC, (SCAPIN 927), dated 7 May 1946, subject: Repatriation.

REPATRIATION TO AND FROM JAPAN

SECTION I - GENERAL PLAN

1. a. The following plan governing the repatriation to and from Japan, now in effect, will continue until otherwise directed by the Supreme Commander for the Allied Powers.

b. The entire plan revolves around the use of reception centers and the flow of persons to be repatriated through these centers in the numbers that can be accommodated by the available shipping and rail transportation.

c. Under this plan non-Japanese nationals who, having registered as being desirous of repatriation, fail to comply with the instructions of the Imperial Japanese Government for consummation of their repatriation, forfeit their privilege to repatriation and will not be considered in any future repatriation plans. A list of such persons by name will be maintained by the Japanese Government.

d. Exception to paragraph 1 c above may be made in the case of families which cannot comply with plans of the Imperial Japanese Government for their repatriation, due to circumstances over which they have no control. Insofar as practicable the immediate family group should be considered a unit, and should be repatriated as a unit, unless members thereof have forfeited their privilege of repatriation. The number of Koreans destined for Korea north of 38° north latitude who cannot comply with repatriation plans, due to circumstances beyond their control, will be reported to General Headquarters not later than 15 April 1947.

2. The Sasebo Reception Center will be used to process Korean repatriates leaving Japan. Reception centers to process other non-Japanese nationals will be designated.

3. The Japanese Ministry of Welfare will:

a. Arrange for the necessary transportation to move incoming repatriates, except for such personnel as may be designated by the local United States Army Commanders supervising processing, from the reception centers within twenty-four (24) hours after completion of processing.

GENERAL HEADQUARTERS
SUPREME COMMANDER FOR THE ALLIED POWERS

ANNEX V

to

Memorandum for the Imperial Japanese Government, file AG 370.C5 (7 May 46) GC, (SCAPIN- 927), dated 7 May 1946, subject: "Repatriation."

MEDICAL AND SANITARY PROCEDURES

1. The Ministry of Public Welfare will carry out the following medical and sanitary procedures as minimum requirements incidental to repatriation of all nationals to and from Japan.

a. Procedures with respect to all repatriates will provide for:

(1) Physical inspection for detection of louse infestation, and of cases and suspects of quarantinable diseases (cholera, plague, smallpox, louse-borne typhus, yellow fever, leprosy, and anthrax) or of communicable disease which might prejudice the health of subsequent contacts.

(2) Hospitalization or other effective segregation of persons known or suspected to be infected with quarantinable or significant communicable diseases, until communicability has passed. These persons will not be placed aboard vessels or trains carrying repatriates (see paragraph 3).

(3) Appropriate measures for continued observation of persons known to have had contact with a quarantinable disease of a type liable to convey infection. Observation will continue during the incubation period of the disease concerned, calculated from the day of last contact. The following incubation periods will be observed: smallpox - 14 days, louse-borne typhus - 12 days, plague - 6 days, yellow fever- 6 days, and cholera - 5 days, (see paragraph 3).

(a) In accordance with the risk involved, appropriate measures may vary from detention under observation to notification to the responsible control agency in the country of entry of the presence of passengers aboard ships that have been exposed to the diseases mentioned in paragraph 1a (3) above.

(4) Disinfestation by methods approved by the Supreme Commander for the Allied Powers (preferably DDT) of: all persons arriving from Karafuto, Kurile Islands, Russia, Manchuria, Korea, China and other areas in which louse-borne typhus is known to be occuring; all persons found infested with lice upon arrival from other areas, or who have been in contact enroute with persons from the above designated areas. Disinfestation
