DISARMAMENT CONFERENCE IS URGED

Naval Defence Is Debated By Empire Leaders In London

Questions Connected With Empire Defence Taken Up At To-day's Session, Says London Dispatch; Official Statement Anticipated.

London, July 5.—Questions relative to the naval defence of the Empire were discussed at to-day's session of the conference of Empire Prime Ministers, Premier Lloyd George and the Dominion leaders resuming consideration of the subject where it had been left off at yesterday's meeting.

CHIEF RABBI HAS BUSY VISIT HERE

Reception To-night at Empress Hotel to Conclude Visit

The Very Rev. Dr. Joseph H. Hertz, Chief Rabbi, will conclude his visit in Victoria to-day, a reception at the Empress Hotel being the last public function at which he will be present in this city.

It is expected that at the conclusion of to-day's meeting an official summary of the proceedings will be issued to the press. Heretofore the conference has not made public any of the discussions that have taken place.

A dispatch from London last evening said: "To-day's session of the conference of Empire Prime Ministers, which began late in the afternoon, was entirely taken up with a review of the naval position."

"At the opening of the session, Premier Meighen is understood to have made a vigorous protest against the secrecy with which the conference is being conducted, and there is reason for hoping that in future the public will be afforded more information respecting both debates and decisions."

NOT TO INTERFERE WITH POLICE PAY

Government Decides Victoria's Elected Representatives to Settle Own Policy

The Government to-day in executive meeting under Premier Oliver decided not to interfere in the fight between the Victoria Police Commission and the City Council, over the proposal of the Police Commissioners to increase salaries of all policemen by \$15 a month.

The effect of this is that the Government will take no action on the appeal to set aside the City Council's decision against the policy of the Commissioners, but will allow the elected representatives of the people of Victoria to settle their own policy.

The appeal to the Government was made by the City Council because the Council, subject to an appeal, has to make provision for the salaries of policemen, which is a body without power of taxation.

BRITISH BROKE UP BEUTHEN MOB

French Officer Was Killed in Silesia

Paris, July 5.—The killing of Major Montallieres of the French army during a hostile demonstration by the German population of Beuthen, Upper Silesia, reported in Foreign Office dispatches, has created a most painful impression in French official circles, it is indicated to-day.

The reported killing occurred after the Poles had withdrawn from the town under the evacuation agreement. The officer was in command of a small French detachment that had remained in Beuthen throughout the Upper Silesian troubles. The British troops that were assigned to occupy the town had not yet arrived and the manifestants profited by this fact, the dispatches stated.

BOLSHEVIKI STILL TALK OF WORLD REVOLUTION

Riga, July 5.—The congress of the Third International, meeting in Moscow, was urged yesterday by Earl Radek, Communist leader, to maintain unceasing efforts aimed at world revolution, says a wireless dispatch from the Soviet capital.

JEN. STENGER AND MAJ. CRUSIUS TRIALS END AT LEIPZIG

London, July 5.—The trials of Lieut.-General Karl Stenger and Major Bruno Crusius before the German supreme court at Leipzig on charges growing out of the war, preferred by the French Government, have been ended, according to a Leipzig dispatch to The London Times. Sentence will be pronounced Wednesday.

B. C. Mines Output Grows Despite Big Price Drop: Gold Outlook Good

Despite the fall in the price of metals, mineral production in British Columbia for the last year totalled \$35,543,084, seven per cent greater in value than the production of 1919, which was valued at \$33,296,313, according to the annual report of the Hon. William Sloan, Minister of Mines, made public here to-day.

"It is extremely gratifying that B. C.'s mining industry has been so well maintained, notwithstanding the fluctuating metal market, and despite generally unsettled conditions, that it is possible to report an increase in 1920 over the value of the production of 1919," says the Hon. Mr. Sloan.

"It is to be remembered, too, that other mineral-producing sections of America have of late been announcing reductions in mineral output, a fact which emphasizes the very satisfactory showing of this Province."

Some Big Increases There was produced in British Columbia last year an increase of more than 2,000,000 pounds of copper, 10,000,000 pounds of zinc and 300,000 long tons of coal, over the total production of these for the preceding year.

Placer gold and lode gold production, however, fell off by 3,300 ounces and 32,000 ounces respectively. Details of last year's total mineral production, as given by the Minister as follows:

Table with 3 columns: Gold, Silver, Lead, Zinc, Coal, Miscellaneous prod., Total. Values in thousands of dollars.

Nearly Three-Quarters Billion Last year's figures bring the total mineral production of British Columbia for all years, since records have been kept, beginning with 1852, up to \$706,132,978, Hon. Mr. Sloan explains.

Columbia has so far produced \$75,944,203 worth of placer gold, \$102,753,823 of lode gold, \$53,568,254 of silver, \$161,513,864 of copper, \$46,837,221 of lead, \$19,596,466 of zinc, \$212,573,492 of coal and coke, \$32,168,217 of building materials, and \$1,037,408 of miscellaneous minerals.

Surpassed Only By War Years The total annual mineral production of the Province has only three times exceeded the mineral production of last year, the report points out, and these three times were in war years, 1915, 1917 and 1918, when prices were high and production artificially stimulated. The greatest annual production was in 1916 when the total was \$42,290,462. The year 1917 was only \$1,500,000 ahead of last year, while 1918 was \$6,000,000 ahead.

(Continued on page 11.)

CHILD INJURED

Fort William, Ont., July 5.—Grace Edwards, aged eight, daughter of a widow, was seriously injured and may die as the result of being struck by an automobile.

FORTHCOMING PICNICS

- July 6—Garden City Methodist, Patricia Bay. July 6—Country Fair, St. Aidan's Mt. Tolmie. July 7—Bread and cake manufacturers, at Deep Bay. July 9—Postal employees, Experimental Farm. July 9—Provincial Civil Service Association, at Metchoin. July 9—Spruce Club, at Deep Bay. July 12—Orangemen, at Stadacona Park. July 13—Kiwanis Club picnic, at Deep Bay. July 17—A. O. F. united picnic, at Deep Bay.

WOMAN IN CAPE BRETON, 107, OLDEST IN THIS COUNTRY

Sydney, N.S., July 5.—News of the death of Mrs. George Debeck, aged 107, at Marpole, B. C., was received to-day with peculiar interest by Miss Margaret Mackinnon, also 107, of Grand Mira, C. B., who is now said to be the oldest woman in Canada. Miss Mackinnon was born in Scotland in 1814.

SALZAR CABINET IN SPAIN QUILTS; DISSENSION

Madrid, July 5.—(Associated Press) The Cabinet of Premier Alen de Salazar resigned to-day. There had been dissension in the Cabinet for some time. The situation culminated yesterday in Manuel Arguelles, Minister of Finance, tendering his resignation, on the ground that the new tariff laws and the commercial treaty were inimical to the interests of labor.

VANCOUVER PIPERS WON AT SEATTLE

Captured Trophy; Victoria Band a Contestant

Seattle, July 5.—In the competition of five crack kilted bagpipe bands at the Caledonian games here yesterday for the Blithen \$1,000 trophy cup, the 72nd Seaforth Highlanders Band of Vancouver, B. C., was declared the winner. The bands marched back and forth on the field, playing two-part marches three times over, three-part marches twice over, finishing with Strathpey and reel.

In addition to the Seaforth Highlanders' Band, the other contestants were the Clan McLean Band, Vancouver, B. C., Police Band, Vancouver, B. C., Veterans' France Band, Victoria, B. C., and the Rainier Noble Post Band, Seattle.

Virtually every piper is a veteran of more than one war, and many of them wear an array of medals for gallantry. The Seaforth Highlanders' Band will hold the Blithen trophy until next June 1.

At the conclusion of the contest the five bands were assembled, with the Seaforth Highlanders in the lead, and marched around the stadium track as a finale to the pipe band exhibition.

The massed effect of the pipe and drum music was magnificent, bringing the huge crowd to its feet as a tremendous wave of applause swept around the vast enclosure.

Clansmen. Seattle, July 5.—As many clansmen as ever peopled Sir Walter Scott's novel danced and piped and ran their races at Denny Field, University of Washington campus, yesterday afternoon.

The Caledonia Society, incorporated, in conjunction with an American Legion committee and large Scottish representation from Canada was in attendance. The grandstand was well filled, by far the largest number of spectators being present.

The programme of sports was divided into dancing and piping contests, races of various kinds and the usual field events. In the piping contests, Canadian Scots were conspicuous prize winners.

All of the dancing was in costume and the contestants vied heartily with each other. In nearly every dancing and piping event there were large numbers of entrants.

The freak races were well received, and the Highlanders in the audience, plauding with quite evident glee the efforts of their carry eggs in spoons.

CANADIAN AND AMERICAN SLOOP IN CUP RACE

When the above picture was taken during the Lipton Cup race in the Royal Roads yesterday afternoon Patricia, Vancouver Yacht Club sloop, the heavier of the two to the camera, was close-hauled on the port tack, trying to get on even terms with Sir Tom, Seattle Yacht Club sloop, also shown in the picture. Sir Tom was also close-hauled on the port tack and was well inshore a few moments after the photograph was taken she put about. The race was won by the Seattle yacht.

A. FAULDS LOST LIFE IN VONCOUVER

Former Inspector of Mines Drowned

Vancouver, July 5.—The body of Alexander Faulds, seventy years old, a prominent British Columbia mining engineer, was found floating in the relet reservoir at Stanley Park.

According to the authorities, Mr. Faulds left his home yesterday morning for a walk. It is believed that he waded into the water in Stanley Park, suddenly became dizzy, toppled over and was drowned. He was said to have suffered from high blood pressure for a number of years.

Mr. Faulds was born in Glasgow, Scotland, in 1851, coming to British Columbia in 1899, after many years' mining work in the East. He was appointed Inspector of Mines for the Province in 1904 and was prominent in civic work since his arrival here. In 1905 he investigated the Fernie explosion for the Canadian Government.

WASHINGTON COAL MINERS TO VOTE ON LOWER WAGES

Seattle, July 5.—Recommendations contained in the report of the Washington State Coal Commission, made public last week, that the wages of coal miners in the state be cut approximately twenty per cent, will be submitted to a referendum vote of the mine workers, it was announced to-day.

Practically all commercial mines in Washington have been closed down since March 15, when the workers refused to accept a wage cut of twenty-four per cent.

U. S. WARSHIPS ARE SENT TO TAMPICO

To Protect American Interests, It Is Stated

Washington, July 5.—The cruiser Cleveland and the gunboat Sacramento have been ordered to Tampico, Mexico, to protect American interests in the event that they are jeopardized because of labor troubles growing out of the unemployment situation. It was said to-day at the Navy Department.

The Sacramento should reach Tampico to-day from Galveston. The Cleveland was ordered from Cristobal Canal Zone, and probably will reach Tampico before Thursday.

Both vessels are assigned to an American special service squadron in South and Central American waters, Rear-Admiral E. F. Bryan commanding.

It was explained at the Navy Department that unemployment had been constantly increasing in and around Tampico because of depression in the oil industry, there due to the new tax system, and that incipient riots and increasing labor troubles had resulted in a decision to send the two warships to the Mexican port to protect American interests.

It was said, however, that the vessels would take no action unless a more serious situation arose.

"MANON" HERE IN OPEN AIR

Grand Opera For First Time To-morrow at Willows

The second opportunity within a week of seeing an open air performance in Victoria, though of a quite different type to the pastoral play "The Birth of Perseus," will be presented at the Willows Park. The selection chosen is Massenet's "Manon," and the proceeds are in aid of philanthropy, the unemployed Soldiers' Relief inaugurated by the Army and Navy Veterans' Association.

It will be the first time that grand opera has been offered in the open air in this city, and also it is believed in the Pacific Northwest. The reason is the presence of notable vocalists on the coast at this time, and the opera will go from here to Vancouver. Jacques Jou-Jerville will take the tenor's role as principal singer.

Intimation was received to-day from Dame Melba, who is in Vancouver waiting to leave for her home in Australia shortly, that she will donate a box. Those who desire to participate in the drawing should present their tickets at Fletcher Brothers, to share equally in the chance with those yet to purchase. This should be done before 5 o'clock to-morrow, and the box will be good for ten seats.

RAIN IN CHINA AND GRAIN GROWS

Famine Relief Work Being Brought to End

Peking, July 5.—Famine relief in a large majority of the afflicted districts is being terminated by the International Relief Committee and the field workers are being recalled.

Several districts, however, will have to be carried through July, and have to be carried through July and a section of these districts through the Summer.

Rain has fallen quite generally throughout the famine area and for the most part the crops are normal. In Honan, Shantung, Shansi and Shensi provinces, where it is planned to wind up operations as fast as possible, 5,000,000 to 6,000,000 were given assistance during May.

Amundsen In Seattle After His Arctic Trip

Seattle, July 5.—Roald Amundsen, discoverer of the South Pole and seeker of the North Pole, is in Seattle, having arrived last night on the steamship Victoria from Nome, where he appeared in the middle of June after leaving the exploration schooner Maude at Cape Serdze disabled by a broken propeller.

Discussing his plans, Captain Amundsen seemed so convinced of the existence of an ocean current flowing from Siberia to Greenland as when, in 1918, he sailed north from Norway aboard the Maude and disappeared into the Arctic silence. He said he still considered entirely feasible his project to drift across the Pole on this supposed current. He expects to remain in this country a year, he explained, before proceeding with his voyage.

Despite the Maude's mishap, he expressed faith in her. "I don't believe I could have found a vessel better suited to my needs," he said.

Captain Amundsen said he had not decided how he would pass the year.

British Admiralty Head Advocate of Disarmament Plan

At Banquet In London Lord Lee Suggests to American Ambassador President Harding is the Man to Call the Needed Conference.

London, July 5.—Lord Lee, First Lord of the British Admiralty, last night virtually invited President Harding to call a conference between the United States, Great Britain and Japan on limitation of armaments.

"Great Britain has said she is ready for such a conference. Japan has said she is ready too. All that remains is for someone to name the time and the place, and I hope the American Ambassador does not regard the statement as too broad a hint," said Lord Lee, speaking at the annual American Independence Day banquet of the American Society of London.

"The situation in the Pacific is one of the greatest portent and brooks no delay," he continued. "Officials of three nations have expressed themselves in favor of such a conference. The press and people are clamoring for it, but nothing happens. It seems to me we are all dressed up, but don't know where to go."

Smuts Aids Efforts To Make Irish Settlement

London, July 5.—Conferences were under way in Dublin to-day between General Jan Christian Smuts, the South African Prime Minister, and prominent Irish leaders, says a dispatch to The Evening News from Dublin this afternoon. General Smuts, who arrived in Dublin during the morning, conversed with Lord Mayor O'Neill and afterward with Eamonn de Valera, the "Republican" leader, and Arthur Griffith, founder of the Sinn Fein, and a member of the group of supporters Valera calls his "cabinet," the message stated.

LAI D WREATH ON SOLDIER'S TOMB

International Rotary Delegates in French Capital

Paris, July 5.—More than 500 of the visiting Rotary Club delegates and their wives went to the grave of the unknown soldier in the Place d'Etoile to-day and stood by silently while Dr. Crawford McCullough of Fort William, Ont., president of the International Association of Rotary Clubs, laid a wreath on the tomb. Dr. McCullough made a brief address in which he expressed the gratitude of the Rotarians for the service to humanity of which the unknown soldier was a symbol. The women members of the party then formed to line and scattered flowers on the grave as they passed.

The visiting international officers of the organization were later received by Marshal Joffre in L'Ecôle Militaire. In the afternoon the visitors were tendered a reception by the municipality of Paris.

SHERIFF IN U. S. FORCED TO KILL NEGRO IN COURT

Vicksburg, Miss., July 5.—George Deal, a negro, under indictment for killing a preacher, was shot to death in the courtroom here last night by Sheriff B. H. Shannon when Deal tried to wrest a revolver from the hands of a deputy. Court was in session and the judge had postponed decision on the date of Deal's trial when the negro arose and snatched Deputy Sheriff Martin Hobler's gun from a table. Hobler grappled with him and Sheriff Shannon, seeing that the lives of those nearby were in danger, fired three shots into the negro's back, the third killing him.

Smuts's Mission. Great interest was manifested in the mission of General Smuts to Ireland, there being a difference of opinion whether it was prompted by the Government or undertaken at the invitation of Irish leaders.

Sir James Craig, Premier of Ulster, left Belfast for London to-day and it is pointed out he will have abundant time to confer with members of the Government and others whom he may desire to consult pending a decision by Eamonn de Valera respecting the proposed conference of Irish leaders with Premier Lloyd George.

Middleton. Earl Middleton, one of the four Southern Unionists who took part in yesterday's conference in Dublin, arrived in England last night and it is assumed he intends to confer with parliamentarians here during the interval before the resumption of the Dublin conference on Friday.

U. S. TROOPS IN OCCUPIED GERMAN AREA CELEBRATED

Chicago, July 5.—Reports from all parts of the world on Fourth of July celebrations indicate that probably the most intense and enthusiastic American observers, with fireworks and explosives was in Germany at Coblenz, where American "doughboys" held forth with much noise.

Most cities of the United States reported more deaths from automobile accidents and drowning than from ill-timed explosions of fireworks and Roman candles.

FOREST FIRES IN ONTARIO REPORTED

Rain Is Needed to Overcome the Menace

Englehart, Ont., July 5.—Many small forest fires are raging along the line of the Temiskaming and Northern Ontario Railway and unless rain comes quickly to extinguish them, there is grave fear that the whole of North Ontario will be wrapped in a great conflagration.

Great clouds of smoke lie over the land, and it is impossible to present an estimate of the extent of the fire area. Big fires have been located about twenty miles east of Cochrane, in the vicinity of the lower Kibik Lake, and there is another large blaze west of the railway, near the Montreal River and reaching up to a point between Thornloe and Uno Park. A great deal of valuable timber is being destroyed.

The whole north country is praying for rain.

Grain Crop Will Improve Business In Dominion

Winnipeg, July 5.—Revival of business in Canada is now assured. The enormous grain crop of the prairie is paving the way. Prospects in Manitoba and Saskatchewan could not be better. Wheat and oats are coming along fast and cutting will start in three weeks.

To-day the Canadian Pacific Railway started preparations to move this bumper harvest. The great shops at Weston will operate five days a week, from Monday to Friday, beginning this week, officials announced to-day. The shops have been closed since June 24. Eries to date they were running four days a week. About 1,400 men are affected.

Studebaker

—How Far Will the NEW LIGHT-SIX Go On a Gallon of Gasoline?

To-morrow's Test Will Tell —and the Answer Will Be Published in This Paper Thursday

A Studebaker LIGHT-SIX will give a public demonstration to-morrow of its mileage capacity on a single gallon of gasoline.

Instead of depending upon the regular gasoline tank for its supply of fuel, the car will be supplied from a gallon bottle of gasoline, set at the side of the windshield with the main gasoline line disconnected. The LIGHT-SIX will be driven until its one-gallon supply in the bottle is exhausted, thus furnishing an absolutely accurate tally of its mileage on one gallon of gasoline.

Each detail of this test will be carefully checked, the observers being Mr. W. A. Patterson, of The Times, and Mr. Alex. Stewart, of The Colonist.

We are confident in advance that the LIGHT-SIX in this test will uphold its record as a car of remarkable gasoline economy.

HARVEY SPOKE AT DINNER IN LONDON

U. S. Ambassador at American Society Event

London, July 5.—(Associated Press) Diplomatic representatives of more than thirty foreign governments were guests last night at the annual Independence Day dinner of the American Society of London. Ambassador Harvey was the guest of honor. Lord Lee of Fareham, First Lord of the Admiralty, toasting the guest, referred to Mr. Harvey as "a foreign envoy to whom the maze of diplomacy has not been obstructive." He said Britain and the United States could expect from him "open and frank comment upon Anglo-American relations."

Referring in his reply to the revolt of the American colonies, Ambassador Harvey declared: "Whether the territory comprising the United States could have been retained is wholly speculative. But one fact is certain, if George the Third had issued a proclamation even approximately in eloquent certainty and appealing force that which was uttered the other day by George V. in his faithful endeavor to reconcile a nation, there would have been no ringing of bells in Philadelphia 145 years ago this night, nor for many years thereafter."

Misapprehensions. Ambassador Harvey declared the mutual helpfulness which all desired could not be realized until two grave misapprehensions had been removed, which he described as "European respecting the United States and the other which permeated the United States as to Europe."

"I find in Europe the common impression that the United States alone among the nations of the world is to-day a land of milk and honey, whose people not only are universally prosperous, though recalcitrantly discontented, but are rich beyond the traditional dreams of avarice," Col. Harvey said.

"What are the facts? Did the United States really profit from the war to such a degree as to make the lives she sacrificed seem to the cynical and sordid mind relatively insufficient?"

Material Cost. Ambassador Harvey proceeded to cite the tremendously increased national debt, the congressional appropriations for 1921, and the heavy income tax.

"In dollars, the cost to the United States of her participation in the war, when finally computed, will fall not so very far short of the entire indemnity upon Germany. I make no comparison. There has been too much of that already."

"My sole purpose is to that surmise myself. I do so no longer. The past two months I have not heard one complaining word nor received a single request for beneficence. It is not charity but opportunity that crave."

"Gladly I pay the highest tribute to the courage and pride of these sorely smitten people. Already a better understanding between Great Britain and the United States has achieved one far-reaching result. For the first time in history the turbulent Atlantic has become as a mill pond and has practically been eliminated from considerations of danger so far as naval warfare is concerned. There is ground for good hope, moreover, that whatever apprehensions exist of perilous possibilities on the Pacific coast will be met sooner than is commonly anticipated."

Helping Themselves. "The second misapprehension to which I referred is that of my own countrymen who have been led to doubt that the peoples of Europe have been doing the utmost for themselves being seeking help," he continued. "I have to confess that before I left home I held somewhat that surmise myself. I do so no longer. The past two months I have not heard one complaining word nor received a single request for beneficence. It is not charity but opportunity that crave."

URGENT DEVELOPMENT IN PALESTINE
Pittsburgh, Pa., July 5.—Resolutions affecting the development of Palestine and involving an expenditure of \$5,000,000 were adopted by the Palestine Development League at its closing session here yesterday.

The league's membership is composed of the minority group of the Zionist organization of America. The development programme calls for a wholesale co-operative corporation, building and loan associations, industrial corporations, a farm loan fund and construction corporations.

BUSINESS FAILURES IN UNITED STATES
Toronto, July 5.—Preliminary returns to R. G. Dun & Company, disclose 4,137 commercial failures in the United States during the second quarter of 1921, with liabilities of \$128,621,883, and 9,995 defaults.

Following the usual tendency, the second quarter's insolvencies are fewer in number than those of the first quarter, the reduction being 739, and the indebtedness is some \$62,775,000 less than that of the preceding three months.

GIRLS GET JOBS WHERE MEN FAIL

Employment Official Tells Why Women Succeed in Business World

Chicago, July 5.—Girls have no trouble finding employment in Chicago although hundreds of men are out of work, according to managers of employment agencies. The men, they explain, are inefficient.

"Here is why women get work: They don't 'toss the boss.' They don't waste thirty minutes a day scanning sport pages and racing forms. They don't smoke. Their relatives are never indisposed when the 'home team' is in the town. They don't discuss politics during office hours. They don't swear, don't boast and don't flirt. They execute work assigned to them without question. Every day the demand for women in clerical positions is increasing."

CATTLE INQUIRY NEARING AN END
Evidence on Embargo Completed in Britain

London, July 5.—(Canadian Associated Press) The cattle embargo commission concluded the taking of evidence yesterday.

Viscount Chaplin, former Minister of Agriculture, said that since the introduction of the legislation in 1890 Great Britain had been absolutely free from pleuro-pneumonia in cattle. British home-grown cattle had become much more numerous after pleuro-pneumonia had been extinguished and meat had fallen in price accordingly. England, Lord Chaplin continued, would be at the mercy of the meat trusts of America but for her own production.

He urged that the removal of the embargo would be the greatest disaster to British breeding and to the cattle industry.

WOULD MAKE NEW ROUTES FOR TRANSPORTATION WOULD ELIMINATE FAMINES

Undoubtedly a student of ethnology could find a number of interesting reasons for the differences existing between the Chinese and ourselves, but approaching the matter from a purely economic point of view, we are justified in asserting that these differences are due primarily to transportation. At the present moment the people of some of the most populous provinces are starving to death by thousands per day. There is food in plenty to care for them in the other sections of this vast oriental dominion, but there is no way of getting it into the suffering regions. In this country we are raising railroads and it is easier to get food across the Pacific and into the famine stricken provinces than it is to transport it from other sections of the same country. Lack of adequate transportation is causing the death by starving of hundreds of thousands of Chinese to-day. It has caused the deaths of millions in the past.

OLD CRUISER IS CAUSE OF SUIT

Canadian Government Wishes to Collect \$115,000 From Firm

Ottawa, July 5.—The Government has taken the first steps in its suit to collect \$115,000 from the New Brunswick Rolling Mills, Limited, of St. John, which it claims as the balance due on the former Canadian cruiser Niobe and two obsolete submarines, sold to the New Brunswick firm for scrap. The filing of an information in the Exchequer Court by the St. John agent for the Department of Justice constitutes the first step in the suit.

The sale of the Niobe came under fire at the last session of Parliament, when Hon. C. C. Ballantyne was endeavoring to pilot his naval estimates through the House. In answer to questions the Minister explained that the Niobe and two obsolete submarines had been sold to the New Brunswick Rolling Mills, Limited, for the sum of \$135,000, but that the purchasing company had only paid \$20,000 of the total amount. The account had been placed in the hands of the Department of Justice for collection.

The sale was severely criticized by members of the House. In answer to Mr. Fripp, the Minister stated that an Ottawa firm had offered \$100,000 for the Niobe alone. Mr. Ballantyne stated that this, as well as other firms which submitted tenders for the Niobe had been informed that they might tender on the two submarines also. The bid of the New Brunswick Rolling Mills, Ltd., for the Niobe was the highest received. If the figures of \$15,000 for the submarines was accepted as fair. There was a lengthy debate on the transaction in the House. The Minister's estimates were held up for some time.

RAIN BENEFITS PRAIRIE CROPS

Winnipeg, July 5.—The highest temperatures of the year all across the prairies, were relieved to a great extent on Friday and Saturday by a particularly welcome rain. This was particularly welcome in Southern Alberta, but even with this moisture only a partial recovery is expected in that portion of the Province, says a crop statement of the C. E. R.

Some damage has been done by grasshoppers, but that menace is now fairly well under control. Hail has also done some damage.

Saskatchewan suffered some from the heat, but heavy rains offset this. Damage from hail occurred around Estevan and Blenford, covering a stretch two miles wide and forty-five miles long. On light land heat caused grain to be prematurely in some districts, but conditions altogether are fairly promising.

Conditions in Alberta are summed up in the report as follows: "Frustrating generally, but not extraordinarily promising in the northern part of the Province. Heavy rains over the southern portion have done much good, but some too late to save the situation entirely. Much of the grain was headed out, and the yield in many cases will be reduced."

WATERMAN'S IDEAL FOUNTAIN PEN

Like the Pyramids and Sphinx, Despite Time and the Iniquity of Man Waterman's Ideal Fountain Pen stands Supreme

Waterman's Ideal Fountain Pen is the product of an organization that for the past thirty-six years has been making fountain pens exclusively. To-day the line of Waterman's Ideal Fountain Pens covers every proven advance in fountain pen construction. It includes the regular and safety types of dropper filled and pump and lever filling devices of the self-filling types. Being pioneers and recognized leaders of the industry, we are the natural market for inventors with ideas that in their judgment would improve our product. No one is or has been keener to investigate these claims than we are, because it has been our intention from the first that if ever a better fountain pen than Waterman's Ideal was made we would make it. It has happened and will happen again that fountain pens appear on the market with "talking point" devices that during our far greater experience we have already experimented with and found either impractical or inferior to devices of our own intended for the same purpose. The man, woman, or child who buys Waterman's Ideal Fountain Pen gets 100% fountain pen efficiency because every material, process or device included in it has been proven by the longest years of experience and experiment as unequalled for its purpose. Back of every Waterman's Ideal Fountain Pen is a world-wide service to assure its enduring satisfaction. THREE TYPES—Regular, Safety and Self-filling \$2.50 to \$250. Selection and service at best stores everywhere. L. E. Waterman Company Limited 179 St. James Street, Montreal New York Boston Chicago San Francisco London Paris

GEORGE COHAN GETS PUBLICITY

Would Have Cost Him \$2,500 to Buy

New York, July 5.—(Canadian Press)—A local theatrical magazine estimates that George M. Cohan's recent announcement that he would never produce another play, netted him nearly thirty feet of publicity in New York city alone.

This included one eight-column headline, one rather solemn editorial, forty would-be or less-humorous editorial paragraphs and other newspaper space totalling 339 inches, which at average space rates would have cost New York's most picturesque theatrical figure a total of \$2,500. George M. secured all this by merely saying "I'm through."

Cohan's announcement was made several weeks ago, but the question as to whether he really meant it is still the leading controversial topic in theatrical circles. Opinion is varied, ranging from assertion that it was merely a bid for free publicity to a suggestion that Cohan has definitely quit the theatrical business and will be a candidate for the New York Mayoralty.

Reasons for Change. Cohan has made good his threat by closing three shows which he had on Broadway, and it is reported that there is no sign of preparation for the Fall season in the Cohan offices. It is said that he has returned a number of plays to the authors and cancelled contracts on others.

It was the Actors' Equity Association which brought from Cohan the announcement that his long career as a theatrical producer was at an end. The Actors' Equity Association, which is merely a polite professional sounding name for the actors' union, is endeavoring to force the "closed shop" upon the producers, and leaders of the union insisted to Cohan that members of the actors had made several moves within the past year which clearly indicated that they are out of sympathy with the theatrical industry.

Under an agreement which was scheduled to start out by September 1, it is said that he has returned a number of plays to the authors and cancelled contracts on others.

MEDICAL MEN

MEET IN HALIFAX

Canadian Medical Association Holds Convention

Halifax, July 5.—(Canadian Press)—The opening sessions of the fifty-second annual convention of the Canadian Medical Association were held here to-day.

All except two special sessions of the convention will be held in the new Dalhousie University buildings on Studley campus, which were not in existence when Halifax was last honored by a visit from the Canadian medical men in 1905.

The attention of the delegates will be chiefly occupied with papers on various branches of medicine and surgery.

Dr. J. W. Scane, of Montreal, and Dr. T. C. Routley, of Toronto, will be the principal speakers.

The delegates will be welcomed to the province and city at a public meeting in the hall of the School for the Blind this evening, when they will

be addressed by Lieut.-Governor Grant, of Nova Scotia; Mayor John S. Parker, of Halifax; Mayor I. W. Vidite, of Dartmouth; and Dr. H. K. MacDonald, president of the Halifax and Nova Scotia Medical Association.

Elaborate preparations have been made for the social entertainment of the medical men and their wives while they are in Halifax.

Among other Halifax officers who will take a prominent part in the convention will be Drs. K. A. MacKenzie and H. G. Grant, who have charge of the medical section; E. V. Hogan and P. Wetherbee, who have charge of the surgical section; and W. H. Hattie and A. C. Jost, who have arranged the public health programme.

The convention's leading lights will be Hon. President Dr. Thomas Roddick, of Montreal; Dr. Chisholm, of Halifax; Dr. J. W. Scane, of Montreal; and Dr. T. C. Routley, of Toronto.

DO YOU FEEL LIKE THIS WHEN YOU WAKEN?

Do you feel blue, sickly, heavy, too tired to get up? If so, it's probably your liver which is slow, and needs to be toned and stimulated by Dr. Hamilton's Pills.

KEY INDUSTRIES TO BE PROTECTED

British Law Also Aims to Prevent Dumping Goods

London, June 18.—(By Mail)—The resolution moved in the House of Commons to make financial provision for the safe-guarding of Industries Bill provides that for a period of five years from the passing of an Act for giving effect to this resolution there shall be charged on any of the following articles imported into Great Britain or Ireland a Customs duty of an amount equal to thirty-three and a third per cent. of the value of the article:

(a) Optical glass and optical elements, whether finished or not, microscopes, field and opera glasses, theodolites, sextants, spectrometers, and other optical instruments.

(b) Beakers, flasks, burettes, measuring cylinders, thermometers, tubing and other scientific glassware and lampblown ware, evaporating dishes, crucibles, combustion flasks, and other laboratory porcelain.

(c) Galvanometers, pyrometers, electroscopes, barometers, analytical and other precision balances, and other scientific instruments, gauges, and measuring instruments of precision of the type used in engineering machine shops and viewing rooms, whether for use in such shops or rooms or not.

(d) Wireless valves and similar rectifiers and vacuum tubes.

(e) Traction magnets and permanent magnets.

(f) Arc-lamp carbons.

(g) Hosiery latch needles.

(h) Metallic tungsten, ferro-tungsten and manufactured products of metallic tungsten and compounds (not including ores or minerals) of thorium, cerium, and the other rare earth metals.

(i) All synthetic organic chemicals (other than synthetic organic dyes, stuffs, colors and coloring matters imported for use as such, and organic intermediate products imported for their manufacture), analytical reagents all other fine chemicals manufactured by fermentation processes.

Including any article comprised in any list which may from time to time be issued by the Board of Trade for defining the articles which are to be taken as falling under any of the general descriptions set out above.

It further provides that there shall be charged on any of the following articles imported into Great Britain or Ireland, in addition to any other duties of Customs chargeable thereon, a Customs duty of an amount equal to thirty-three and one-third per cent. of the value of the article:

(a) Articles of any class or description in respect of which an order by the Board of Trade has been made under any Act of the present session for giving effect to this resolution, if manufactured in whole or in part in any of the countries specified in the Order, or deemed to be so manufactured.

Any such order as aforesaid may be made on the ground that articles of the class or description in question are being sold or offered for sale in the United Kingdom:

(a) At prices below the cost of production thereof; or

(b) At prices which, by reason of depreciation in the value in relation to sterling of the currency of the country in which the goods are manufactured, are below the prices at which similar goods can be profitably manufactured in the United Kingdom.

And that by reason thereof employment in any industry in the United Kingdom is being or is likely to be seriously affected.

For the purposes of this resolution, "cost of production" in relation to goods of any class or description means the current sterling equivalent of:

(a) The wholesale price at the works charged for goods of the class or description for consumption in the country of manufacture; or

(b) If no such goods are sold for consumption in that country, the price which, having regard to the prices charged for goods as near as may be similar when so sold or when sold for exportation to other countries, would be so charged if the goods were sold in that country.

HUDSON'S BAY CO. PROMOTES TWO MEN

Winnipeg, July 5.—James S. Braidwood and J. M. Gibson, appointed assistant stores commissioners of the Hudson's Bay Co., with headquarters at Kilmarnock Academy, and Mr. Braidwood at Ayr Academy, two competitive academies on the west coast of Scotland.

J. S. Braidwood has been inspecting officer of the company since the year 1905. He came from Scotland in 1903, where he had graduated as chartered accountant at the university of Glasgow.

On his arrival in Canada he was made assistant controller at Winnipeg. In 1908, he was made inspecting officer, and since 1915 he has been chief inspecting officer and practically assistant commissioner. After the retirement of Mr. Braidwood as "stores" commissioner, the board in London, and the advisory committee in Winnipeg, decided that Mr. Braidwood and J. M. Gibson would receive the positions of assistant stores commissioners with equal status, and the position of stores commissioner would not be filled.

The new management of Calgary store will be made by the assistant stores commissioner in due course.

Cuticura Insures Thick Glossy Hair

Shampoos with Cuticura Soap preceded by light applications of Cuticura Ointment to the scalp skin do much to cleanse the scalp of dandruff and promote the healthy condition necessary to producing luxuriant hair.

See 2c, 6c, 12c and 24c. Sold throughout the Dominion. Canadian Depot: Lunge, Limited, 343 St. Paul St., W. Montreal.

BRITISH WORKERS TAKE WAGE CUT

Already 1,750,000 Have Accepted Lower Scale, Labor Ministry Reports

London, June 10.—(By Mail)—Interesting particulars of the wage reductions recently expected in numerous industries—in every case save one by agreement between employers and employed—have been given by the Minister of Labor in a written answer to a question put by Sir Walter de Frece. The total number of workers affected by the reductions is approximately 1,750,000. Dr. Macnamara states:

"In nearly every case of reductions of wages affecting an industry or part of an industry—indeed I know only of one to the contrary—the reductions now in force have been agreed after consultation between employers and workpeople's sides of Joint Industrial Councils, or between associations of employers and trade unions in the trades in which no joint industrial council exists. Baldlots have to my knowledge been taken in the vehicle building, hosiery, shipbuilding, and other trades, and baldlots are in progress in the building trade, Scottish baking trade, and among the seamen.

"In other cases I have no doubt that the workpeople's representatives have taken such steps as seemed to them proper to inform themselves of the views of their constituents.

Industries Reduced

"As regards the actual reductions of wages, the following statement, though not exhaustive, includes the principal cases which have occurred in recent months. They cover a large section of industry. I may add that I am greatly impressed by the way in which joint industrial councils and other similar bodies have with mutual goodwill and respect reached satisfactory settlements of these difficult and intricate questions."

DR. HERTZ'S TOUR.

The tour of the Very Rev. J. H. Hertz, Chief Rabbi of the Jewish congregations of the British Empire, who is now in Victoria, has excited widespread interest not only on account of its objects, and the personality of the distinguished man who is making it, but also because it is the first time an incumbent of this high office has left the British Isles.

WILL THERE BE A HOWL?

The salary of the President of the United States is \$75,000 a year. The Chief Justice of the Supreme Court of the republic receives \$15,000. The secretaries of the various administrative departments at Washington, known as Cabinet Ministers in British countries, are paid \$12,000 each.

CHANGES IN THE THEATRE.

Great changes in the theatre and the public's taste for entertainment have taken place during the last fifteen years while the moving pictures have been sweeping all before them. Now come predictions of a further restriction of the field of the legitimate stage.

stances had arisen in Canada, Great Britain or France. The eccentricities of human nature are pretty much the same the world over.

DOG DAYS.

Ontario as usual has its annual "dog days" sensation to keep the newspaper reporters of Toronto working during the hot weather running down clues. This year's sensation concerns a pair of "bandits," said to have thrice attempted to rob bank messengers, at Bolton, within thirty miles of Toronto.

CHANGES IN THE THEATRE.

Great changes in the theatre and the public's taste for entertainment have taken place during the last fifteen years while the moving pictures have been sweeping all before them. Now come predictions of a further restriction of the field of the legitimate stage.

THE STARS INCLINE, BUT DO NOT COMPEL.

HOROSCOPE

This should be a fortunate day for most activities, according to astrology. Uranus, Mercury and Jupiter are in strongly benefic aspects. Mars, Venus and the Sun are adverse.

penances and the high cost of transporting properties could thus be obviated. Another advantage, Mr. Arliss points out, is that the local organization can produce the plays their audiences like—not the plays New York thinks they ought to like.

Victoria has already placed herself in the vanguard of this new movement. The early successes and public patronage of such organizations as the Victoria Amateur and Dramatic and Operatic Society and its own stock company indicate the possibilities there are for further development along the lines of the Arliss suggestions.

NOTE AND COMMENT

Montreal Herald weeps because more people know the record of the racer "Man O' War" than do the record of Arthur Meighen or Mackenzie King and because more people read the Dempsey-Carpenter fight stories than have read Tennyson's "Idylls of the King," or even Gladstone's Midlothian speeches. These be sorrowful and degenerate days.

Governor of Wisconsin has been refusing to sign important appropriation bills because he does not know where the necessary money is coming from. Chicago Evening Post, however, has been able to come to his aid by explaining that some cities have "found a way around that situation by spending the money first and then either soaking the taxpayer or issuing bonds."

Those persons in Jersey City who are now out to have Dempsey arrested on a charge of assault and battery to the person of Georges Carpentier in connection with the result of the little affair of last Saturday must have thought it was to have been only a mutual admiration meeting and then to have taken some of the stories of the fight a bit too literally.

Frenchmen are objecting to Englishmen meeting them at Waterloo. They ask that the name of the great terminal of one of the London-Continental routes be changed, as it is too suggestive of what happened when the armies of Wellington and Napoleon met. "Waterloo is hardly a word of welcome with which to receive French guests," is the way the Paris Gaulois put it.

Mayor Porter says speeches are too long at meetings of the Police Commission. Official stenographers have been having the same trouble with some members at Washington. The official Congressional Record reports Senator La Follette this way: "Mr. La Follette addressed the Senate. After having spoken for about one hour and three-quarters, he said: 'I do not want to crowd on to the time of the committee. The members of the committee know a good deal more about this legislation than I do.'"

LETTERS AT MERVILLE.

To the Editor:—Various statements have been made recently, both in the press and on the public platform, about the state of affairs at Merville that are somewhat risible, and which are entirely untrue. Some of these statements are very derogatory to the settlers here, who wish to place on record the facts of the case as they are, and through the medium of the press.

The official surveyor also had previously pointed out that there were about six thousand acres of land in this settlement area totally unfit for agricultural purposes. To allow a man to take up a piece of land that he cannot work for eight or nine months and expend what small savings he had in making it, and then to have the settlement practically abandoned, is to consider to be rank injustice.

The stars incline, but do not compel. HOROSCOPE. TUESDAY, JULY 5, 1921. This should be a fortunate day for most activities, according to astrology. Uranus, Mercury and Jupiter are in strongly benefic aspects.

made to the settlers in that district. On that basis he ought also to fulfil all promises made to us, more especially so if all money expended here will have to be paid back by us or our heirs, plus 10 per cent. I wish to build up a great organization which will be of permanent benefit to the Service, and I hope it will be the nucleus around which all Associations of ex-service men will group themselves. In this matter I am confident that the men will co-operate with their officers in peace, as in war, so that we shall have real unity and combination as a whole.

The Officers' Association. To the Editor:—I enclose the copy of a circular letter signed by Lord Haig who is leading a twofold appeal, one to all officers, past and present, and the other to the general public. For the rest the letter speaks for itself.

PROTESTANT HOME COMMITTEE HEARS EXCELLENT REPORTS. At the meeting of the Ladies' Committee of the Protestant Orphan's Home yesterday, an excellent account was given of the health of the children, of whom there are now 63 in the Home.

Copy of Lord Haig's Circular Letter. 48 Grosvenor Square, London, W., June 12, 1921. Dear Sir: I am sending you herewith particulars of the twofold appeal, which set forth its chief aims and objects.

I am making a twofold appeal, one to all officers, past and present, and the other to the general public. I wish to build up a great organization which will be of permanent benefit to the Service, and I hope it will be the nucleus around which all Associations of ex-service men will group themselves.

A Great Step Forward. The invention of the New Edison marked as great a forward step in sound reproduction as that of the steam engine did in transportation. KENT'S EDISON STORE. Phone 3449. 1004 Government St.

TWENTY-FIVE YEARS AGO TO-DAY

The Victoria Summer race meeting will take place at the driving park on July 21 and August 1. The majority of the events will be for running horses, the trend of popular opinion nowadays being strongly in favor of the galloper as against his trotting brother.

The investigation by the City Council of charges preferred by Alderman Macmillan against the Fire Department for conduct in connection with the fire at Mr. McLarty's place on Leighton Road began yesterday afternoon.

A private conference between the City Council and representatives of the Consolidated Railway Company was held in the committee room at the City Hall to-day to discuss the Point Ellice Bridge project.

CHIEF CONSTABLES ASSEMBLE. In connection with the seventh annual convention of the Chief Constables Association of the Dominion which opened at the Windsor Hotel, Montreal, yesterday an interesting list of addresses has been planned. Chief of Police John Fry is attending for Victoria, having left the city last week accompanied by Mrs. Fry for the annual gathering.

COLGATE'S RIBBON DENTAL CREAM. "A Tube in Time Saved Mine". Clean your teeth twice a day with Colgate's Ribbon Dental Cream to prevent tooth troubles—not as a medicine to cure them. Safe, sane, and delicious! Brush your teeth the way they grow—from the gums—not across. Then, with a brushing of the tongue, gums and the inside of the cheeks, your mouth is clean and wholesome. Sold Everywhere. COLGATE & CO. Established 1806. Made in Canada. Sole Agent for Canada: W. G. M. SHEPHERD. 137 McGill St., Montreal.

Quit Corns any time you will

You may end corn troubles any time you will. Millions of people have done it.

Blue-jay is at your drug store in liquid and plaster form.

A touch applies it. The corn pain stops instantly. In a little while the whole corn loosens and comes out.

At least 20 million corns a year are ended in this simple, easy way.

The way is gentle, scientific, sure. It makes harsh methods unnecessary. It makes paring corns a folly.

This laboratory of world-wide fame created it and makes it.

Try Blue-jay tonight. Watch its action on one corn. Then you will never again let a corn ache, never let it linger.

End other foot troubles

To keep the feet in proper condition, bathe them with Blue-jay Foot Soak. It checks excessive perspiration. It stops smarting and burning. Then use Blue-jay Foot Relief, a soothing, cooling, massage for aching muscles and tendons. A final luxury is Blue-jay Foot Powder, an antiseptic, deodorant powder that keeps feet fresh.

Plaster or Liquid Blue-jay The Scientific Corn Ender

NOVEL TEST BY

LOCAL DEALER

Fuel Mileage of New Studebaker Light-Six to Be Tested

A demonstration of a dramatic yet extremely practical nature to test the mileage capacity of the Studebaker Light Six on a single gallon of gasoline will be made to-morrow by Jameson & Willis, Ltd., distributor of Studebaker motor cars.

Supplied with but one gallon of gasoline, the car will make a public run until that gallon of fuel is exhausted, at which time the speedometer reading will tell the story of the mileage secured.

For purposes of this test an unique arrangement has been devised by the Studebaker distributors. The regular fuel line will be disconnected and the supply of gasoline will be obtained from a bottle attached to the windshield, this bottle containing but a single gallon of gasoline. An independent fuel line will lead from the bottle to the carburetor, this supplying gasoline by gravity feed to the engine.

Not only will this demonstration be public, but each detail of the test will be carefully observed and

checked. The observers who have consented to serve for the occasion are W. A. Patterson, Advertising Manager of The Times, and Alex. Stewart, Automobile Editor of The Colonist.

In service in all parts of the world, the Studebaker Light Six is averaging from 21 to 26 miles to the gallon of gasoline, and the Studebaker distributors here are confident that the Light Six in to-day's test will at least equal the maximum figures, if it does not actually exceed it. The demonstration will be made over roads such as the average automobile owner encounters, no endeavor being made to select only uniformly excellent high ways.

THINKS SWEARING ALL RIGHT

Yes, providing the provocation equals the offence of Jones stepping on Smith's sore corns. Far better to use "Putnam's Painless Corn Extractor." It does lift out corns in a hurry. No corn can last if "Putnam's" is applied. —Refuse a substitute—25c everywhere. (Adv.)

"What's a cosmopolitan, Bill?" "A Russian whose wife is Polish, stopping at a German boarding house in New York, where the customary evening meal is Irish stew or Hungarian goulash with French fried potatoes, the waitress a negress and the principal photographer record the 'Blue Bell' of Scotland," might be classified as cosmopolitan."

EXAM BETTY

By Grace Livingston Hill
(Mrs. Lutz)

Author of "The Search," "Marcia Schuyler," "The Enchanted Barn," etc.

She opened her eyes and looked furtively about the room. There was no one there, and the door was closed. She could hear them murmuring in low tones just beyond it. She looked wildly about her with a frantic thought of escape. The two windows were deeply curtained, giving a narrow glimpse of black wall. She sprang softly to her feet and looked out. There was a paved pavement below. She turned silently and tried a door. It opened into a closet overflowing with dusty hymn-books. She closed it quickly and slipped back to her couch just in time as the door opened and the doctor came back. She could catch a glimpse of the others through the half open door, anxiously peering in. She gathered 'round her self-control and spoke.

"I'm all right now, Doctor," she said quite calmly. "Would you just ask them to send Bessemer here a minute."

"Certainly." The doctor turned courteously and went back to the door, half closing it and making her retreat in the low tones. Then her stepmother's excited sibilant whisper.

"Bessemer! Why, he isn't here! He went down to the shore last night."

"Sh-h-h!" came another voice, and the door was shut smartly.

Betty's eyes grew wide with horror as she lay staring at the closed door, and a cold numbness seemed to envelop her, clutching at her throat, her heart and threatening to overwhelm her.

"Bessemer not here! What could it mean? Her mind seemed unable to grasp and analyze the nameless fear that awaited her outside that door. In a moment more they would all swarm in and around her, and begin to clamor for her to go back into that awful church—and she could not ever! She would far rather die!

She sprang to her feet again and glided noiselessly to the only remaining uninvestigated door in the room. If this was another closet she would shut herself inside and stay till she died. She had read tales of people dying in a small space from lack of air; at least, if she did not die she could stay there till she had time to think. There was a key in the lock. Her fingers closed around it and drew it out, and she slipped it into the keyhole.

Her fingers were trembling so that she scarcely could fit the key in the lock, and again and turn it, and every click of the metal, every creak of the door, sounded like a gong in her ears. Her heart was fluttering wildly, and the blood seemed to be pouring in torrents behind her eardrums. She could not be sure whether there were noises in the room she had just left or not. She put her hand over her heart, turned with a sickening dread to look about her prison, and behold, it was not a closet at all, but a dark landing to a narrow flight of stone steps.

She went down out of sight into the shadows. With a shudder she gathered her white impediment about her and crept down the murky way, gripped by the door, turned within the friendly darkness.

There were unmistakable sounds of footsteps overhead, and sharp exclamations, a hand tried the door and she rattled it violently. For an instant her heart beat frantically in her throat at the thought that perhaps after all she had not succeeded in getting out, but the door held, and she flew on blindly down the stairs, caring little where they led only so that she might hide quickly before they found the janitor and cried that door open.

The stairs ended in a little hall and a glass door. She fumbled wildly with the knob. It was locked, but there was a key! It was a large one and stuck, and gave a great deal of trouble in turning. Her fingers seemed so weak!

Above the noises grew louder. She fancied the door was open, and the whole churchful of people were after her. She threw her full weight with fear in the balance, and the key turned, and she wrenching it out of the door, stepped out, and she stood, scarcely keep her balance. At last she was safe for a moment and could get her breath. But where could she go? She looked about her. High walls arose on either hand, with a murky sky above. A stone walk filled the space between and ran down the length of the church to a brightly lighted corner of the street glistened fitfully on the puddles of wet in the depressions of the paving-stones. The street looked quiet, and only one or two people were passing. Was that gate locked also, and if so could she ever climb it, or break through? Somehow she must! She shuddered at the thought of what would happen if she did not get away at once. She strained at the buttons of her soft white gloves and pulled the fingers off, slipping her hands out, and letting the glove hands hang limp at her wrists. Then, with a quick glance backward at a flicker of light that appeared wavering beyond the glass door, she gathered her draperies again and fled down the long stone walk. Silently, lightly, as a ghost she passed, and crouched at the gate as she heard footsteps, her heart beating so loudly it seemed like a bell calling attention to her. An old man was shuffling past, and she shrank against the wall, yet mindful of the awful glass door back at the end of the narrow passage. If they should come now she could not hope to elude them!

She stopped and studied the gate latch. Yes, it was a spring lock, and had a key. She tried it, and she tried it and found to her relief that it swung open. She stepped around it and peered out. The gateway was not more than a hundred feet from the brightly lighted corner of the main avenue where rows of automobiles were lined up waiting for the wedding ceremony to be over. She could see the chauffeurs walking back and forth and chatting together. She could hear the desultory wandering of the organ, too, from the party open window near by. A faint sickening waft of lily sweetness swept out, mingled with a dash of drops from the maple tree on the sidewalk. In a panic she stepped forth and drew back again, suddenly realizing for the first time that it would be to go forth in the streets clad in her

wedding garments? How could she do it and get away? It could not be done!

Down the street, with a backward, wistful glance at the church, hurried a large woman with a market basket. Her curious eyes shone in the evening light and darkness of the street. There was something about her face that made Betty know instantly that this woman would love to tell how she had seen her, would gather a crowd in no time and pursue her. She shrank farther back, and then waited in awful fear and tried to listen again. Was that rattling at the glass door? She must get away no matter what happened! Where? Was there an alleyway or anything across the block? Could she hope to cross the street between the shadows unnoticed?

She looked out fearfully once more. A girl of her own age was approaching around the corner, paddling along in rubbers, and a long coat. She was chewing gum. Betty could see the outline of a strong good-natured jaw working contentedly as she was all hounded against the light. She had her hands in her pockets, and a little dark hat worn boyishly on the back of her head, and she was humming a popular song. Betty had slipped behind the half open gate again and was watching her approach, her desperation driving her to thoughts that never would have entered her mind at another time. Suddenly, as the girl passed directly in front of the gate, Betty leaped forward and plucked at her sleeve.

"Wait!" she said sharply; and then, with a pitiful pleading in her voice, "Won't you help me just a minute, please?"

(To Be Continued)

FOR STIFF NECK AND SORE THROAT

Immediate relief comes from rubbing Nerviline over the chest and lower part of the neck. Rub in deeply—lots of rubbing helps. Nerviline reaches the congested parts at once, relieves tightness, takes out the soreness. A bottle of Nerviline in the home relieves a hundred ills, internal ailments. Used for nearly half a century as a general household remedy. Large bottles 35c, at all dealers. (Adv.)

AUTO CAMPS POPULAR IN MAINLAND PARKS

Through lack of facilities to bring automobiles to Vancouver Island, the States have been forced to confine their British Columbia tour to the Mainland, according to John P. De Neul, attorney-at-law, and Louis Beale, automobile dealer of Long Beach, California. The height regulations, on steamers, the two visitors state, prevent owners of the larger cars from making the trip with their machines. Hastings Park, Vancouver, and Central Park, near New Westminster, they state, are the camping grounds for many visiting tourists. Mr. De Neul and Mr. Beale, who last year took an auto tour in the United States of 7,000 miles, have had constructed for the present four a specially equipped car, which is practically a house on wheels. It is fitted with a bed, a heater, a folding table, gasoline stove and a water tank to supply running water. Although they were unable to bring the car to Victoria they plan securing a car in the city to visit the island, the attractions of which they report they have heard so much.

POSTAL EMPLOYEES' PICNIC

The postal employees basket picnic, which was postponed on June 18, on account of the unsettled state of the weather, will be held on Saturday next, July 2, at the Experimental Farm, Bajan Bay.

A special train will leave the Interurban Station, corner of Pandora and Douglas Streets, at 1:15 p.m. and will stop to pick up persons holding special tickets at Hillside and Harriet Road. All passengers are reminded that they must return at 7:45 p.m. Owing to the large number of tickets being sold it will be necessary for all who are intending joining the party, to arrive at the station in ample time for the train. The merchants of the city have generously donated a number of good prizes which will be given in connection with the sports programme that has been arranged. There are still a few tickets remaining unsold, and anyone who is desirous of joining this party, may obtain tickets at the Post Office.

THEY SHOULD WORRY

From a picture of the anti-kissing crusade leaders we are convinced—well, that their motives are entirely disinterested. —Boston Transcript.

WIFE'S CONDITION

Alberta Woman Weighed Less Than Hundred Pounds and Was Fast Going Down Hill.

"I don't have to worry about my wife's health any more because Tanlac has certainly made her well and strong," said John Kerr, well-to-do farmer of Namao, Alberta: "I was very much alarmed about her, as she was going down hill every day, and as I saw her getting weaker and thinner every day I got almost desperate. For ten years she had not known a well day, but in the past year had been growing worse much more rapidly. She had no appetite, and fell off until she weighed less than one hundred pounds. What little she managed to eat made her suffer for hours afterwards, and at night she got very little rest. She complained of feeling tired all the time, and was barely able to dress herself around.

"Never in all of my life have I seen anything to equal the way Tanlac built her up. She is like a different person now, has a great big appetite, eats anything she wants, and never has the slightest distress afterwards, and has gained ten pounds in weight. She sleeps as sound and peacefully as a child at night, and wakes up in the morning feeling bright and cheerful. She is just like a different person, and we realize the wonderful change is due to Tanlac, and nothing else. I would go pretty far out of my way to say a good word for the medicine that has done so much for us, and I never miss a chance to tell people about what I have seen with my own eyes."

Tanlac is sold in Victoria by D. E. Campbell and all drug stores. (Adv.)

LOCALLY OWNED AEROPLANE READY FOR INSPECTION

Test Flights Made by Norman A. Goddard

The Curtiss seaplane of the Aerial Transport Company received its first test in flying Monday morning when Norman A. Goddard and his associates took the machine around the water of Esquimaux Harbor, making a short flight. The tests were mainly confined to taxiing on the surface of the water, when it was found that the new pontoons are in excellent shape and that the machine is answering to the most delicate adjustments of her controls. The engine was performing in great style, and it is believed that the machine, when duly certificated will be admirable for its purpose in the Aerial Transport Company.

First Tests Required Changes

On July 1 the seaplane received her first test when it was found that slight alterations had to be made to the set of the pontoons. The trials revealed everything in order, and Mr. Goddard is now waiting for the inspection of the machine by the Air Board to commence active flying operations. Captain Golden and Major Broadner of the Air Board examining staff are to be in the city shortly to conduct the examinations called for under the 1920 Dominion Air Regulations. The machine, which has a dual air port to be used will all require licensing.

Feat of Construction

In constructing the seaplane that has been flown out in its first tests Mr. Goddard has performed a notably feat of aeronautical engineering. Single handed he built the machine, and in the process of construction he has shown a remarkable degree of efficiency and skill. The major part of the work was done over the winter months at his residence in the city, where, with the aid of a work bench and a set of tools, he was able to shape from the best spruce, longersons were spliced, and the wings and fuselage were covered with fabric. The whole machine was taken to a boat in Esquimaux Harbor where Mr. Goddard has completed the assembling of the machine.

An expert air mechanic and an engineer of capability and efficiency, the enterprising aeronaut has brought the Curtiss machine to a state of perfection. The engine, which in the ordinary course of events will run up to 1,200 revolutions will stir up as far as 1,350 and slightly better a notable performance for the Curtiss engine. The chassis and whole of the fuselage has been carefully tested for strength and line. The seaplane has been painted a dull sea-green, and presents a very trim appearance.

Owner Designed Pontoons

The pontoons, which were designed by Mr. Goddard and made by Mr. Simpson, are of a very peculiar design, but efficient beyond the ordinary. Two pontoons carry the weight of the machine equally, and the design of the pontoons will be patented later. It is stated that the pontoons are unique in the construction of these important members of the machine.

ALARMED ABOUT

Alberta Woman Weighed Less Than Hundred Pounds and Was Fast Going Down Hill.

"I don't have to worry about my wife's health any more because Tanlac has certainly made her well and strong," said John Kerr, well-to-do farmer of Namao, Alberta: "I was very much alarmed about her, as she was going down hill every day, and as I saw her getting weaker and thinner every day I got almost desperate. For ten years she had not known a well day, but in the past year had been growing worse much more rapidly. She had no appetite, and fell off until she weighed less than one hundred pounds. What little she managed to eat made her suffer for hours afterwards, and at night she got very little rest. She complained of feeling tired all the time, and was barely able to dress herself around.

"Never in all of my life have I seen anything to equal the way Tanlac built her up. She is like a different person now, has a great big appetite, eats anything she wants, and never has the slightest distress afterwards, and has gained ten pounds in weight. She sleeps as sound and peacefully as a child at night, and wakes up in the morning feeling bright and cheerful. She is just like a different person, and we realize the wonderful change is due to Tanlac, and nothing else. I would go pretty far out of my way to say a good word for the medicine that has done so much for us, and I never miss a chance to tell people about what I have seen with my own eyes."

Tanlac is sold in Victoria by D. E. Campbell and all drug stores. (Adv.)

Extra Special Values From the Neckwear Counter

A collection of Women's and Misses Handkerchiefs in all white or colors, also with colored embroidery in corner. To clear at 3 for 50c.

AVIATOR NOTES

A party of twenty British aviators, all former officers of the Royal Air Force, with mechanics and fitters, are now in Japan for the allied commercial aircraft firms of England, including Messrs. Short Bros, makers of seaplanes. The party is under the direction of Major Dodds Major Shippe and Mr. Cowan.

The new Curtiss machine of the Aerial Transport Company has now passed her first tests and will be in active flying shortly. The constructor and pilot, Norman A. Goddard, is waiting for the Air Board's inspection before commencing operations.

A novel theory to account for the fall of a British aviator in Japan recently is given by a religious fanatic in a story of The Japan Advertiser, which says: "Opinion widely held among the adherents of Omoto-kyo ascribes the fall of one of the aeroplanes which recently landed at Fukuoka to a manifestation of the wrath of Uchi-tora-no-Konjin, the guardian god of the founder of the sect."

The latest in the aeronautical world is a battleship constructed and tried out by the Royal Air Force at Farnborough, England. The battleship is of the huge bombing design with "multi-motors." A scout plane is carried at the tip of one of the top wings, on a trigger release. The propeller of the scout is kept in motion ready for instant take-off, driving straight from the top wings into the air.

Helicopters are still engaging the attention of the cream of the world's aeronautical experts. A recent design of the helicopter resembles a wooden bowl with raised engines and propellers on a tripod arrangement. These helicopters have been raised in some experiments as far as the captive balloon, but that is not the original intention of the helicopter, which was to permit fast aircraft to take off and land within a limited space.

A SKIPPER WHO TAKES GOOD LUCK CALMLY

As stated briefly recently, Capt. Alban Jones, D.S.O., R.D.; R.N.R., retired, is the winner of the £4,500 first prize in the Calcutta Sweepstake. Capt. Jones, who is assistant marine superintendent for the Union-Castle Line, bought the ticket two months ago for 14s "just for the fun of the thing" from Mr. J. A. Hussey, an official of the line.

Capt. Jones was busily engaged with his daily routine work on Thursday when a Daily Mail reporter called on him. "This little bit of luck is, of course, very welcome," he said. "It is all the more extraordinary as I have never made a bet in my life and until Mr. Hussey sold me the ticket I was against sweepstakes on principle. However, I took it for the fun of the thing two months ago and forgot all about it until Mr. Hussey called me on Thursday afternoon that I had drawn the Humourist."

"Then I began to wonder what I had done with the ticket. Eventually I found it in a portmanteau in my bedroom. At 4 o'clock on Derby Day some one rang me up to say Humourist had won. I asked my bankers to let my wife know I had had a bit of luck in a 'sweep' and I have no plans for the future except to keep on at my work. I suppose my wife and three young daughters will be able to indulge in some luxuries."

Captain Jones, whose wife lives in Wales, received from her a message in reply to that sent through his bankers, saying: "Don't believe a word of it."

FIFTH REGIMENT BAND

The 5th Regt. Band gave two very enjoyable concerts in Beacon Hill Park, on the afternoons of Friday and Sunday.

The music was exceptionally good, and well performed, eliciting considerable applause from a very large audience on both occasions.

The principal items were: "Auber's Overture—'Crown Diamonds'—Donizetti's Operatic Selection—'The Daughter of the Regiment'—The Henry VIII Dances, by German, Eric-a-Brac, by Pink, and a Euphonium Solo by musician J. Bail.

The Fifth Regiment and Mr. Rumsby, the bandmaster, are to be congratulated on having so fine an organization in so short a time, since reorganization. That the record and esprit de corps of the "old Fifth" was sufficient to bring a good number of the old band with its bandmaster back again to its service, after their services overseas, speaks well for the future of the Fifth Regiment band.

BROUGHTON STREET PHONE 682

NEWS IN BRIEF

No Meetings This Month.—The Alumnae Association of St. Joseph's Hospital wish to announce that there will be no meetings of their Association during the months of July and August.

Fire To-day.—A fire at 851 Catherine Street at 10.30 this morning gave the department a short run to quell the blaze. No damage was occasioned.

Two Burglaries.—Two burglaries were reported over night. In one some rings and other valuables were taken, and in another \$100 is said to be missing. The detective department is investigating both cases.

Endorse Tax Demands.—The City Council last night endorsed the letter which the civic Legislative Committee recently sent to the Provincial government asking for increased taxation powers for the city.

Refuse Limit Extension.—The City Council last night refused to extend the fire limits in the Douglas Street section as requested by the Hudson's Bay Company.

Beach Is Crowded.—Cadboro Bay beach was densely crowded on Sunday afternoon. Lively strains of music from the G. W. V. band, and an ideal Summer day, combined to make the occasion a pleasurable and memorable one. The project was arranged by the refreshment people, and if financial support from the public covered expenses another band concert will be given next Sunday.

To Start Sidney Paving.—Work on the paving of the 1 1/2 miles of road north from the end of the present Spanish paving to near the Sidney crossroad is being started by the Cotton Company, of Vancouver, of which Miles P. Cotton is head. The work will cost \$40,000.

Gardeners' Picnic.—The monthly meeting of the Victoria and District Cottage Gardeners' Mutual Improvement Association will be held in the City Hall to-night at 8 o'clock sharp. This meeting will be of an horticultural nature when Mr. G. A. Robinson of Royal Oak, will give a talk on exhibition plants. Members are asked to bring specimen blooms for comparison. It is hoped that there will be a full turnout of members, as final arrangements for the picnic will be made.

St. Mark's W. A.—St. Mark's Women's Auxiliary will hold the annual garden-party at Miss Macdonald's, corner of Burnside and Dupplin Roads, to-morrow. The affair will be opened at 2 o'clock by Mrs. Belton, president of the Columbia W. A., and among other things there will be a sale of Summer wear, also of home-made cooking. The Salvation Army band will play selections during the evening, commencing at 5.30. Tea is to be served from 2 to 5 o'clock, and supper from 5 to 8.

Musical Successes.—The following pupils of Mrs. W. O. Cocke, successful-failed this month's examination of the Associated Board of the Royal Academy of Music and the Royal College of Music, London, England, held at her studio on June 18. G. Macdonald, F. A. M., was the examiner. Local centre, intermediate: Pianoforte, Muriel M. Daniels. School exams: Higher division, Dorothea H. Baxter, Ivy Gardner, Susan R. Moore. Elementary: Gordon E. T. Daniels, Winifred Greeney, Ethel H. D. Hunter, Agnes A. McInnes, Violet E. Randall. Primary: Amy I. Fomeroy, Dorothy M. Jones, Kenneth H. Rendle.

Musical Successes.—In the recent examinations held by Mr. Mackern on behalf of the Associated Board of the Royal Academy of Music and the Royal College of Music, London, England, the following pupils of Miss Archbutt were successful in their several grades: Higher Division—Beryl Nelson; Lower Division—Florence Oates; Elementary—May Hunter, Winifred Silburn, Mabel Unwin. Owing to indisposition, Charlotte Stewart (primary grade) and Beryl Nelson (grammar of music) were unable to present themselves for examination.

Cathedral Fete.—To-morrow afternoon the grounds of "The Precincts" former Bishop's Close, 912 Burdett Avenue, will be open for the sale of work promoted by members of the Anglican Young People's Association of Christ Church Cathedral. Stalls displaying fancy and plain needlework, miscellaneous articles and home cooking are included in the committee's preparations for the sale of work, the proceeds from which will form part of the contribution of young people and their friends to the New Cathedral Buildings fund. At 11 o'clock the proceeds from the various competitions provided during the afternoon. The affair will be opened by Mrs. Quinlan at three o'clock.

Went to Willows Beach.—On Saturday St. Paul's Naval and Garrison Church Sunday School held their annual picnic at Willows Beach. Three large tally-ho and a touring car were engaged from the Empress Taxi and Sightseeing Co. Both children and adults, of whom a goodly number were present, enjoyed themselves to the full. One of the principal features of the day was the splendid boating facilities under the management of Mr. Allen, the proprietor of the tea rooms, who also fitted up his boathouse as a "mess room" and did everything possible to make the day a happy one. The catering was very ably carried out by Mrs. T. W. Spouse and Mrs. J. White. The S. S. superintendent takes this opportunity of thanking all those who generously contributed towards the success of the picnic.

Case Ends.—The charge against Sergeant Malcolm Blackstock of assaulting Sidney Petch was formally withdrawn in the police court today by Henry C. Hall, acting for Petch. R. C. Love, acting for the defendant, agreed with the consent of the court, that Blackstock was cleared of all responsibility in this matter.

Roads Are Good.—Frequent complaints on the condition of the roads of Vancouver Island have been paid by visitors within the last few days. With the exception of one or two spots where some road work is necessary automobile passengers are high in their praise. The Mahah road is in good condition and many of the tourists are making the trip.

Tourists Increase.—Seventy-six tourists registered at the Victoria and Island Development Association offices yesterday. The unusually heavy registration of visitors from the prairie who do not usually arrive until the early fall continues. With reports from the Coast that the extreme heat, delayed a little longer than usual this year, has now arrived, it is anticipated that the increase in visitors will be steadily maintained.

The cross-eyed judge addressed the first of the three prisoners: "Are you guilty or not guilty?"
"Not guilty," replied the second prisoner.
"I did not talk to you," said the judge.
"I didn't say anything," said the third prisoner.

BIG AUDIENCE HEARD MRS. E. PANKHURST

Spoke at Wilkinson Road Methodist Church on Social Evil.

Before an interested and enthusiastic audience that filled the Wilkinson Road Methodist Church, Mrs. Emmeline Pankhurst last night spoke at the first of the series of meetings arranged by the Island Council for Social Hygiene. With the speaker on the platform were the chairman, the Rev. Mr. Hardy; Dr. Thomas Miller, chairman of the Island Council; Rev. H. T. Archibald and Rev. T. Havelin of the Council; and Mrs. Foster, president of the Strawberry Vale Women's Institute, under whose auspices the meeting was held.

Mrs. Pankhurst dealt with the matter from the social standpoint, urging the need for education to combat the evil. The unequal standard of morals for men and women was condemned as one of the greatest contributory factors to the prevalence of venereal disease. The audience listened with rapt attention and at the close accorded her an ovation.

Dr. Miller spoke from the medical standpoint, Mr. Ravenhill outlined briefly the aims and objects of the Island Council, while Rev. Mr. Archibald greeted his remarks principally to the meeting.

During the evening Mrs. Pankhurst was presented with a lovely bouquet from the Strawberry Vale Women's Institute. A silver collection taken up will be divided between the Island Council and the Institute funds.

To-morrow, Thursday night, Mrs. Pankhurst will speak at the hall at Slugguts, under the auspices of the West Saanich Women's Institute.

DRUG AS CURE FOR TUBERCULOSIS?

Accused Solicitous Not to Infect Fellow Prisoners

Lorne L. Pomeroy, charged under the amended Opium and Narcotic Drug Act, was sentenced by Magistrate Jay to three months in jail today, upon conviction in the city police court. The accused stated that he was in the advanced stage of consumption, and that he had been using cocaine for eighteen years to counteract the ravages of the dread disease.

He would be willing to clear out of town if allowed to go free.

Deputy Chief Palmer stated that the man while in jail for the last few days had required the services of a doctor three times, the medical men stating that he was tubercular.

The accused warned the magistrate that he would be a danger to the other inmates at Okalla in that condition.

City Prosecutor C. L. Harrison stated that the man had a previous criminal record in Vancouver, Seattle and Portland, for forgery and grand larceny.

Magistrate Jay in passing sentence of three months in jail, told the accused his case would receive the consideration of the Okalla officials, who would best know how to deal with the matter—there was no other institution to which he could be sent upon conviction. While being led away the accused turned and tried to plead with the court again, "You might as well sentence me to death as send me there, Judge," he stated, but was led away.

Doctors Ridewood, Jones and R. B. Robertson have moved their offices to 708 Belmont House.

A. Y. P. A. Sale of Work and afternoon tea, "The Precincts," 912 Burdett-avenue, Wednesday, 3 to 6 p.m. for New Cathedral Buildings Fund.

Ceaseless Advertising

Admit that we are getting into dog days, and that business is not so good.

Nevertheless, the great successful advertisers have not ceased advertising. They know that during the Summer most people eat three meals a day, wear clothes, clean their teeth, use automobiles, buy things for vacation, occupy houses and lead normal lives.

The so-called dog days are, nine times out of ten, the excuse of a lazy man for evading decisions.

The present effect of Daily Newspaper Advertising is just as great as it ever was.

If the experience of successful advertisers is a guide to you, consider following their lead.

Continue your Daily Newspaper Advertising.

WHAT'S IN A NAME?

Lucille

Lucille is a poetic name which has come into every day usage in this country. It is used to be considered a diminutive of Lucy, but, as a matter of fact, it is a completely separate name which merely happened to spring to fame simultaneously with the shorter and more serviceable appellation.

It signifies light, coming from the Latin word lux.

Lucille comes to us through the masculine form evolved from lux. Ancient Britain is said to have had a King called Llewler Mawr, who was Latinized into Lucius. Vincent Falkland brought Lucie to the name in England and Ireland, an in the meantime Lucius was growing in popularity in Rome.

The Lucilian name of the phibian order was formed from Lucius and from it arose the name Lucilla. Several Roman Emperors bore this name and a saint at Florence was so called. Lucilla is the French version which was immediately accepted by England. Owen Meredith made the name famous by his poem of that name.

"The diamond is Lucille's talismanic gem. It will bring her courage and physical and mental strength. Wednesday is her lucky day and 3 her lucky number."

FIRST LECTURER TO UTILIZE FILMS

Among the visitors who have called at the Victoria and Island Development Association quarters in the last few days is Alfred Ward, J. P. F. R. G. S., lecturer for the Canadian Pacific Railway in Great Britain. The distinction is claimed for Mr. Ward of being the first public lecturer to make use of moving pictures to illustrate his discourse. He is making a tour of Vancouver Island and British Columbia to gather material for lectures, particularly with reference to land settlement. This morning Mr. Ward visited the Premier and other government officials. To-morrow he will make a trip through the fruit growing and agricultural section of the Saanich peninsula. Mr. Ward aims to interest in fruit growing, poultry farming and agriculture in British Columbia those who have sufficient money to establish themselves on arrival in the province.

Real Estate-Lots, Acreage Dairy, Fruit and Chicken Ranches for Sale

GO CAMPING THIS SUMMER
IT IS ALMOST IMPOSSIBLE now to rent Summer cottages, why not purchase one on easy terms and be sure of a place to take the wife and kiddies every year during the Summer holidays? Here are a few choice properties:

CORDOVA COTTAGES
CORDOVA BAY—Waterfront lot 12211, open fireplace; \$250 spent in repairs would put home in good condition. Land is nicely treed, with slope to the water of about 45 degrees, sandy beach.
 PRICE ONLY \$1500.

SLUGGETTS—Near waterfront of Saanich, 2-roomed cottage, not quite finished on inside, but enough lumber applied on premises to complete same; boat house and slip (16x20), will sell boat for \$50 and engine for \$75. Lot is 50x114.
 PRICE ONLY \$1125.

CABARET BY-LAW
SIGHT OF THE NEW
PROMPT EXIT WHEN MAYOR
ASKS FOR ACTION ON JAZZ
PROBLEM

Police Board plans for the "clean up" of local cabarets went aglimmering again last night when the City Council refused point blank to consider the new Cabaret by-law which was re-drafted yesterday afternoon by City Solicitor H. S. Pringle. But the Council will have to get down to business and digest the contents of the by-law at its next meeting, Mayor Forster, chairman of the Police Commission, announced to-day.

The Council was just about exhausted last night after its long assessment debate when the Mayor remarked, "We have something more, gentlemen, the Cabaret By-law." The aldermen gave vent to long sighs of protest, but were going along with the by-law when Alderman Todd jumped up with "Move we adjourn."

"But the by-law," the Mayor suggested with a flourish. "A motion to adjourn cannot be debated," Alderman Todd retorted. "That's right," too," the Mayor agreed. "All in favor say Aye."

There was a stirring, but an enthusiastic chorus of "Ayes" and the aldermen seized their hats and hastened to the door. This means that the Police Commission is unable to get along with its cabinet reforms for some weeks—as the by-law cannot be finally passed for a considerable time.

Mayor Wants Action. "Certainly the aldermen don't seem very enthusiastic," the Mayor remarked this morning. "It will be brought before them again at their next meeting. I am sorry about last night, but I instructed City Solicitor Pringle to get the by-law ready for the meeting. He worked hard all afternoon on it, too, and then the Council wouldn't even consider it."

Some progress has been made on the cabaret problem, but not as a result of the aldermen's efforts. Mr. Pringle has been able to get the careful consideration and late yesterday finished the task of redrafting the original Cabaret By-law, which has been lying in a pigeon hole for some months.

Must Exclude Vulgar People. The main provisions of the by-law as it stands at present are just about the same as they were in the first place. They make it compulsory upon cabaret owners to supervise the behavior of all persons in their establishments. They limit the number of intoxicated persons, prostitutes and persons of known immoral character, from entering cabarets. Moreover, they must eject "any and all persons who shall be drunk, or vulgar, or who shall be intoxicated, or who shall be a prostitute or person of immoral character."

The closing time of cabarets has always been a thorny point in the cabaret question, but the Mayor has attempted a sort of compromise. The by-law now provides that cabarets shall close at midnight, but if they obtain permission from the proper authorities they may be open on special occasions. It will be for the Council to decide who shall give this permission.

THREE BURNED
FLAG IN NEW YORK
Unknown Individual Destroyed
British Ensign

New York, July 5.—(Canadian Press)—James Barry, claiming to be a veteran of the world war and a former member of the American Expeditionary Force, and two companions pulled down a British flag which had been flying over the Hilltop Apartments, 14 Audubon Avenue. Later the flag was taken to a vacant lot and burned, according to The Herald, which reported the affair.

Herald states that a crowd estimated at 1,000 watched while the flag was being burned and offered no interference. The flag was being flown in company with the French and United States colors as part of the Independence Day decorations.

Early accounts of the incident given Monday in Oppen's advice to The London Daily Mail declared a French flag had been pulled down by the German population, and that later a French major was shot dead by a civilian, who escaped when the crowd shielded him.

Thought They Saw Cloven Hoof. Alderman Todd's plan to have an assessment committee advise the City Assessor in regard to the charges for assessment inequity would have been approved by the Council last night but for a serious objection made by Alderman Forster, who opposed the Todd-Sangster plan, explained this morning.

Some of the aldermen might have been willing to support the plan, but when it comes to revising the whole roll and deferring it—that is a pretty big subject and most of us believe that our present liabilities we cannot reduce our assessment by any large amount.

At a matter of fact, Alderman Todd explained that his resolution was not an attempt to cut down the assessment by any huge amount, but, as Alderman Forster pointed out, his observations made the aldermen fear that his plan might have just this effect.

Explained Coupon System. The coupon system was this: The Government would arrange with transportation companies in the Province to accept coupons for the purchase of these coupon tickets to include their whole itinerary at a fixed rate.

Club Picnic. The luncheon party was taken up with plans for a club picnic to be held at the Bay of Islands, near the mouth of the Strait of Juan de Fuca, on the 15th of the month.

Students Enthusiastic at Summer School. Twenty more students were enrolled this morning at the Summer School for teachers of British Columbia which opened at the Victoria High School yesterday morning.

BRITISH BROKE UP
BEUTHEN MOB
Major being shot from behind by
some one in the crowd, the reports
declared.

When the British troops arrived, the Foreign Office advised that they were forced to fire in order to disperse the crowd, and some of the demonstrators were killed and some wounded.

German Version. Berlin, July 5.—A version of the trouble at Beuthen, Upper Silesia, given by The Allgemeine Zeitung today declares that the trouble at Beuthen began acclamating the Allies on the Polish withdrawal, but that when the inhabitants started singing patriotic songs the French attacked.

At St. Joseph's Hospital last night, the death occurred of Nellie, wife of George Hartley, 1890—Hampshire Road, Oak Bay. Mrs. Hartley was born in Southampton, Lancashire, England, 31 years ago, and has resided here for the past three years.

The funeral of Miss Mary Ann Graham, who passed away at the Home for Aged and Infirm Women, 1100—Hampshire Road, Oak Bay, on Wednesday morning at 11 o'clock, where service will be conducted by Rev. F. H. Interment will take place in Ross Bay Cemetery.

Services were held at the St. Thomas' Anglican Church, Quadra St., yesterday afternoon, for the late Mr. Katherine Ramsay, who passed away at the St. Joseph's Hospital on June 26. The impressive service was conducted by Rev. Robert Connell. There was a large attendance, and the beautiful floral tributes showed the high esteem in which the late Mrs. Ramsay was held by her many friends.

Co-operative Unemployment. The Civic Unemployment Committee will co-operate with the City Council to act as it sees fit. As practically all the money voted by the Council for unemployment relief has been expended, however, it seems improbable that the city will be able to do much in the matter.

Lutheran Church Garden Party. The Lutheran church will hold a garden party on the church lawn, corner Blanshard and Queens Avenues, Friday, July 8, afternoon 2 to 5 o'clock.

False Alarm To-day. A false alarm at Box 74, Esquimalt and District, gave the fire department a run shortly after 1.20 p.m. to-day. No fire could be located.

Visiting Elk. A number of Elks from Louisville, Kentucky, passed through yesterday en route to the great Elks' convention at Los Angeles.

ASSESSMENT FIGHT
TO PURSUE REVISION PLAN IN
SPITE OF FIRST FAILURE

Beaten to a standstill last night, Alderman A. E. Todd will continue his fight for a revision of the city's present assessment, he announced to-day.

"I will wait for a while and then bring in similar resolutions on the subject," Alderman Todd said this afternoon. "I am not finished yet by any means."

The alderman warned his colleagues last night of the possibility that if they rejected the resolution on assessments which he introduced then, he would propose other measures.

Arthur Lineham Delivers Able Address to Kiwanis Club. Arthur Lineham, of the Victoria Real Estate Board, addressed the Kiwanis Club to-day on his project for capitalizing the scenic assets of this province as a main means of development.

New Zealand's Example. On a recent trip to New Zealand, stated the speaker, he had been impressed with the fact that the population and development of that land had resulted from the almost universal illages of the people to such an extent that the exports for that country amounted in 1916 to 216 pounds sterling per head for every man, woman and child in the country.

Explained Coupon System. The coupon system was this: The Government would arrange with transportation companies in the Province to accept coupons for the purchase of these coupon tickets to include their whole itinerary at a fixed rate.

Club Picnic. The luncheon party was taken up with plans for a club picnic to be held at the Bay of Islands, near the mouth of the Strait of Juan de Fuca, on the 15th of the month.

Students Enthusiastic at Summer School. Twenty more students were enrolled this morning at the Summer School for teachers of British Columbia which opened at the Victoria High School yesterday morning.

Government of Britain Purposes to Raise a Loan. London, July 5.—Sir Robert Horne, Chancellor of the Exchequer, announced in the House to-day that he had decided to offer for subscription an issue of 5% per cent. Treasury bonds maturing April 1, 1925, with the price of issue fixed at 97.

SCENIC ASSETS
FIRST IN VALUE
TO THIS PROVINCE

POVERTY GREATER
THAN ANY PREVIOUS
SUMMER SEASON

Such is Report to Friendly Help Association at Monthly Meeting. The committee of the Friendly Help Association, at the monthly meeting this morning, which was presided over by Lady McBride, and at which Alderman Harvey represented the city, found itself faced with a serious situation owing to unemployment.

The situation is stated to be the worst in any summer season for a number of years, and showing little improvement on the abnormal conditions of last winter. While finding that the appeals for aid were numerous, one case being read to the meeting where a man said he would rather be in jail, and assured of three meals a day, than at liberty under present conditions, the committee could not see its way to extend assistance, unless donations from the wealthy citizens are forthcoming.

Statistics presented by Miss Lawson, the secretary, showed that 88 families had been aided during the month of June.

Explained Coupon System. The coupon system was this: The Government would arrange with transportation companies in the Province to accept coupons for the purchase of these coupon tickets to include their whole itinerary at a fixed rate.

Club Picnic. The luncheon party was taken up with plans for a club picnic to be held at the Bay of Islands, near the mouth of the Strait of Juan de Fuca, on the 15th of the month.

ITALIANS HAVE
NEW MINISTRY

Rome, July 5.—Catholic leaders in Italian politics express their satisfaction with the new Cabinet formed by Signor Bonomi. This is not because the Catholic members of the Ministry have been increased from two to three, but because for the first time the Catholics have obtained the much-desired portfolio of Justice. It is pointed out that this post is most important, as it deals with ecclesiastical questions.

UP-ISLAND BANDS HOLD KEEN CONTEST

Nanaimo Band Takes Honors in Each Event

Day of Jazz Passed, Writes Ladysmith Critic

Ladysmith, July 5.—Nanaimo band secured first place in each of the three events at the first annual band contest held at Ladysmith on Saturday last. The event proved a great success. Competing bands from Cumberland, Nanaimo and South Wellington brought hundreds of visitors with them, while citizens and local residents turned out en masse.

Nanaimo band was the only one wearing uniforms, and their smart appearance evoked favorable comment as they headed the procession of competing bands from the centre of the city to the contest ground, where well arranged programmes enabled the various selections to be rendered punctually.

A Good Standard.
The standard of playing was distinctly good. For the "own colored" selections, Nanaimo played "Marta," Cumberland, "Wagneria"; South Wellington, "Recollections of Scotland," and Ladysmith, "Recollections of Wales."

Jazz Has Passed.
The "day of jazz" in the open contest was "Lustspiel," and in the Colliery Bands contest the test piece was "Le Diademe." One could not fail to be struck by the fact that the large concourse of people during the playing of the various selections, and their appreciative comments show that the day of "jazz" has passed, writes a Ladysmith correspondent.

Nanaimo Led.
As was expected from such an old established band, Nanaimo secured first place in all three events. Cumberland secured second prize in the open contest, and Ladysmith second place in the Colliery Bands contest, and also in the marching competition. South Wellington band, which has only recently been reorganized, played in a very creditable manner, and only missed being among the prize winners by a few points. This band promises to make its way to the front very soon.

Successful Contest.
The contest was an unqualified success and the committee, with their hard-working and energetic secretary, S. Jones, are to be congratulated upon the spirit of emulation, vim, and friendly rivalry they aroused among the bands.

Private Prizes.
The prizes were distributed by the Acting Mayor, J. A. Knight. The medal for the best solo cornet, music satchel for the best euphonium, and baton for the conductor whose band scored most points in the open contest, all went to Nanaimo band. In his speech, the Mayor paid a handsome compliment to Mr. Merry, conductor of Ladysmith band, who originated the idea of the contest, and said he hoped that band contesting might be still further popularized, as it was evident that this, the first contest in B. C., had already stimulated the interest of everyone in band music. Cheers for the competing bands and a rousing cheer for the adjudicator brought to a close a thoroughly enjoyable day.

Adjudicator's Remarks.
Ladysmith No. 1 Band (Ladysmith)—Selection, "Recollections of Wales"; Cornets slightly out of tune in opening. FF not loud enough, horns weak, bass good, euphonium not good enough tone. Allegro vivace. Storm not quick enough. Not good for re-orchestration of storm. Lento: Marks of euphonium not clearly defined. Letter L, Euphonium cadenza fair, solo fair, one or two notes cracked. Basses good at N. Horn cadenza fair. Allegro, after letter P not quite together. Basses good. From letter P to finish not enough life. General ensemble fair.

Nanaimo.
No. 2 Band (Nanaimo)—Andante 3-4: Attack good and precise, cornet and baritone very fair, clarinet a little out of tune, movement good. Allegro Mod. 2-4: Tempo good, marks of expression good, second subject rather rough, bass solo at fair, inner parts weak, semiquavers rushed too much, again triplets before 8 much too rough, cornet too harsh, marks of expression not attended to, a few pops near finish.

Cumberland.
No. 3 Band (Cumberland)—Andante 3-4: Attack fair, tempo a little slow, cornet, baritone and clarinet good, euphonium not too good, altogether, movement not at all good. Allegro Mod. 2-4: Tempo good, second subject by clarinet bad, not in tune, trombones and bass very fair. Presto: Cornets fail to get in two opening bars correctly, not well together. Finish very fair.

South Wellington.
No. 4 Band (South Wellington)—Andante 3-4: Attack good, tempo good, cornet and baritone good. Subject by cornet seems to lag a little. Moss: Well played, time good, bass

good, ensemble very good, precision, very good. Points, 50; solo cornet, 75; solo euphonium, 70.

Cumberland Band.
No. 3 Band (Cumberland City)—Selection, "Wagnerian." Opening, Andante moderato. Pp mark of expression in bar 6 not noticed; articulation, cornets fair, marks of expression good. Andante Maestoso: Nicely together in tune, crescendo good. Tannhauser: Very fair, rather high register for cornets, did fairly well, out-of-tune between cornets and euphonium. Mett: Movement opens very nice, marks of expression very good, tempo good, bass solo very good, euphonium, but cuts off last note of phrase in short, horn good, a little slip by cornet in ascending, took breath in middle of phrase. Invitation a la Dance: Basses good, precision good, also phrasing and expression clarinets out of tune, wrong note second last bar, cornet cadenza not too good. Largo: Very fair, trombones and baritone in Mariage good. Tannhauser: Very fair, trombones come out well. Erminie: Not quite together, very good finish, heavy brass, very good; ensemble very fair, precision good.

South Wellington.
No. 4 Band (South Wellington)—Selection, "Recollections of Scotland." Opening Maestoso: Not enough ff, correct good, in cadenza rushed. Semiquavers. Letter A. marks of expression not well attended to. Euphonium cadenza at end of Largo: Fair. Allegretto: Not enough life, correct cadenza very fair but not too sure, notes a little later. Cornets do not play well together, changing tempo not good, bass on the whole weak, a few wrong notes. Erminie: Correct, "The Boat" 6-8: "Auld Lang Syne" appeared to be some misunderstanding, cornets went wrong. Drummer, be careful and correct your time. Ensemble fair, precision not good.

OVERTURE "LUSTSPIEL," Ladysmith.
No. 1 Band (Ladysmith)—Andante Maestoso 2-4: Very good, great improvement with clarinets playing melody and cornets filling in accompaniment. Allegro Vivo 2-4: Tempo good, precision good, triplets fair. Allegro Vivo 2-4: Tempo good, crescendo very fair, triplets not good, bass solo good, subject good, pronounced enough, a bit out of tune at 1. Allegro Vivo 2-4: Tempo good, crescendo very fair, triplets not good, bass solo good, subject good, pronounced enough, a bit out of tune at 1. Little weak—inner parts fair. Overture from 3-4 taken rather too quick for capabilities of band. Snare drums count your time.

Nanaimo.
No. 2 Band (Nanaimo)—Andante Maestoso 2-4: Very good, great improvement with clarinets playing melody and cornets filling in accompaniment. Allegro Vivo 2-4: Tempo good, precision good, triplets fair. Allegro Vivo 2-4: Tempo good, crescendo very fair, triplets not good, bass solo good, subject good, pronounced enough, a bit out of tune at 1. Little weak—inner parts fair. Overture from 3-4 taken rather too quick for capabilities of band. Snare drums count your time.

South Wellington.
No. 4 Band (South Wellington)—Andante Maestoso 2-4: Fairly good, subject by cornet nicely played, horns were out of tune, triplets by cornet very nice, a wrong note by cornet, crescendo not good. Allegro Vivo 2-4: Tempo good, triplets rather rough, bass solo at fair, inner parts weak, semiquavers rushed too much, again triplets before 8 much too rough, cornet too harsh, marks of expression not attended to, a few pops near finish.

OVERTURE "LE DIADEME," Ladysmith.
No. 1 Band (Ladysmith)—Andante 3-4: Attack good, time lags a little, hornet and baritone good, horns a little too prominent, movement altogether very fair. Allegro Moderato: A little undecided in starting, not enough light and shade, second subject very fair, cornet does not play written turn correctly, trombones and bass good. Presto: Not too good. Semiquavers not well played.

Nanaimo.
No. 2 Band (Nanaimo)—Andante 3-4: Attack good and precise, cornet and baritone very fair, clarinet a little out of tune, movement good. Allegro Mod. 2-4: Tempo good, marks of expression good, second subject rather rough, bass solo at fair, inner parts weak, semiquavers rushed too much, again triplets before 8 much too rough, cornet too harsh, marks of expression not attended to, a few pops near finish.

Cumberland.
No. 3 Band (Cumberland)—Andante 3-4: Attack fair, tempo a little slow, cornet, baritone and clarinet good, euphonium not too good, altogether, movement not at all good. Allegro Mod. 2-4: Tempo good, second subject by clarinet bad, not in tune, trombones and bass very fair. Presto: Cornets fail to get in two opening bars correctly, not well together. Finish very fair.

South Wellington.
No. 4 Band (South Wellington)—Andante 3-4: Attack good, tempo good, cornet and baritone good. Subject by cornet seems to lag a little. Moss: Well played, time good, bass

Movement fairly well played. Allegretto Moderato 2-4: Tempo a little slow, second subject by cornet not good, plays written turn incorrect and forces this passage too much, trombones and basses fair, presto fair, finish up fairly well.

Points: 55.

Aftermath of Celebration
Sidney, July 4.—The members of the Sidney Amateur Athletic Association desire to thank the following firms for their generous donations to their prize list July 4 celebration: Messrs. Weller Bros., Dunlop Tire Co., Jim Bryant, Harris Smith, Scott's Peden, C. R. Patterson, Valio & Sons, Coca-Cola Co., E. P. Prior Co., National Drug and Chemical Co., B. C. Electric Railway Co., F. Burns & Co., D. Spencer Co., Ltd., A. P. Slade & Co., Northwest Creamery Co., F. R. Stewart, Gutta Percha Rubber Co., B. C. Saddlery Co., Simon Leiser, Columbia Paper Co., Duncan Leather Goods Store, Fletcher Bros., Rithets Consolidated, Shelly Bros., Brackman-Ker Milling Co., Hoyt Ltd., Galt Bros., Vancouver Milling and Grain Co., Victoria, Brooke Valio, The Canada Cycle and Motor Co., and the Simon Saw Co. of Vancouver, and Messrs. The Sidney Trading and Provision Store, Jenner's Store, Hobson & Davenport, The Flying Line, Reid & Stewart, E. P. Lesage, Vernon, Buckerfield, Sidney Review, Harvey & Blackburn, Kwong Lee Yuen, W. W. Jones, Federal Lino and Y. L. Simister of Sidney, Victoria Sporting Goods Co., Peden Bros., and Wilson Bros.

In spite of a shower in the afternoon and a cold wind, the committee had a very successful day. The receipts of the sports and the dance will go a long way towards paying off their obligations. The total net receipts go to liquidating the bill for lumber for the fencing park, putting up buildings including dressing rooms, erecting flag staff, and a platform and also for putting in water.

Plans for Future
By consistent efforts a grandstand will be erected, trees planted, and general improvements to field including a cinder track and this is the idea that the committee now has in mind.
The North Saanich Women's Institute are mothering the development of the playgrounds for the youngsters and they have on hand a fund to be devoted to this purpose. In short, all who were present at the Dominion Day sports were loud in their praise of North Saanich's park and athletic grounds.

Dominion Day Picnic
Jordan River—A very enjoyable picnic was held at Jordan River July 1. Almost \$100 had been donated towards prizes for the children's sports, and with such valuable prizes as an incentive, all the events were very keenly contested.
Two handsome prizes were also donated for a race confined to logging camp boys 10-15 years of age. This drew a large number of entries, having to be run off in heats. The final was very close and exciting, the first prize being won by E. A. Sweeten, second by C. Sorenson.

A motor cycle race was also staged on the beach where the picnic was held. In this event Sid Withrow on his Harley Davidson easily got in the lead, and kept ahead to the finish. A dance was held in the evening which was thoroughly enjoyed by old and young and everyone agreed that it was one of the most enjoyable picnics ever held at Jordan River.
The prizes were presented to the successful competitors after supper and consolation prizes were given to all the children who were present.

The following is a list of the children's events and prize winners:
Race—5 years and under—First, Peggy Walker; second, Margie Holmwood; third, Miriam Lee.
Race—7 years and under—First, Jack Walker; second, Gordon Lyle.
Race—8 years and under—First, Robert Walker; second, Randy Sorenson.
Race—10 years and under—First, Ida Murphy; second, Raymond Murphy.
Race—14 years and under—First, May Murphy; second, Albert Walker.
Relay Race open to three children of one family—First, won by Murphy family; second, Walker family.
High jump—10 years and under—First, Ida Murphy; second, R. Walker.
High jump—14 years and under—First, Helen Anderson; second, A. Walker.
Sack Race—First, May Murphy; second, A. Walker.
Three-legged Race—First, Dorris and Dorothy Cummins; second, E. Angus and Helen Anderson.
Potato Race, under 10—First, Henry Rosekamp; second, R. Walker.
Potato Race, under 14—First, Albert Walker; second, E. Angus.
Boot and Shoe Race—First, Alice Erickson; second, Dorris Cummins.

Custom Collections.
Nanaimo: During the month of June there were registered at the Government office 36 births, 11 deaths and 11 marriages. Nanaimo custom collections for the same month totalled \$1,622.44, made up as follows: Import duties, \$3,865.14; excise tax, \$2,529.70; excise duties, \$225.40; sundry collections, \$52.20.

Hornby Island.—The Hornby Island Race in the School House June 24. Women's Institute held a dance and a pleasant time was spent by all. The children reciting their pieces were well, after which dancing indulged in till the early hours of the morning.
Monday afternoon, June 27, Mrs. C. H. Beall, president of the Hornby Island Women's Institute, gave an afternoon tea to the ladies of the Institute and friends at her beautiful home in honey, Blythmore, Actor, Mrs. Driver of Esquimalt, mother of Miss Driver also being present. Miss Driver being the recipient of a shower of many beautiful and useful presents. Miss Macrone, vice-president, carried the presents on a tray with a bouquet of orange blossoms and a ribbon worn by Mrs. Beall at her marriage over twenty years ago. After a beautiful and a well-chosen speech followed by a few appropriate remarks by the president, the parcels were then showed over the bride-to-be, after which all partook heartily of the dainty refreshments provided by the hostess. The floral decoration were very pretty and appropriate being orange blossoms and cream roses. Guests present were: Mesdames Beall, Driver, Robertson, Cleasby, Smith, Wester, Farwood, Day, Stage, Acton, Missa Macrone, Driver, Blythmore, Actor, Slade and little Miss Margaret Harwood.

FINANCIAL NEWS

MEXICAN PETROLEUM STILL WEAK TO-DAY

(By Burdick Brothers, Ltd.)
New York, July 5.—The stock market did not display any particular feature to-day with the exception of the oil issues, headed by Mexican Petroleum, which had a decided decline of seven points from the high. Call money rated easy, being quoted during the day at five and a half per cent. Last

BANS STARVATION CURE
American Physician Has Less Painful System for Treating Diabetics.
New York, July 5.—People shudder now when thinking of the lancet and the leech that a century or so ago were so commonly used for most disorders.
The new own day starvation diet has been the only stay for the dread disease of diabetes. Patients would almost rather die than take the treatment, but, according to the Allen clinic, strict dieting need no longer haunt such sufferers. They can be fed, and fed sumptuously on meals of many courses delectable to the palate and not harmful to the patient.

Not a "Sure Cure"
No cure for diabetes has yet been discovered. Dr. Frederick M. Allen, of the Physiatric Institute in Morristown, N. J., who spent eighteen years on research work along that line in his patient's clinic, has now found on the brink of what he thinks is such a discovery.
Meanwhile, his idea is to get people well and keep them alive till he drags the cure from the dark recesses of science.
Feed them! Keep them fed. Don't let them feel deprived of delicacies, or suffer from a dearth of food, is what he preaches and practices. He gives his patients the exact amount of food necessary for nutrition and then satisfies them with "fillers," such as thick cooked vegetables that have no food value.

The New Idea.
The idea is to cut down the carbohydrates—that is starches and sugars in the food. Most of the doctor's patients are practically freed from sugar in three days. Bran biscuits supplant white bread but all kinds of fancy rolls and flakey cakes are made from cello flour, a superior wheat product from which the starch has been extracted.
Agar jelly is another staple "filler." It helps in the making of delectable looking and really delicious desserts.
As Morristown is very beautiful and only thirty miles from New York, it has an overflow of millionaires. The thirty or so who make their home there may not approve of the conversion into a private sanitarium of Otto H. Kahn's magnificent estate and house, whose Italian architecture had long been their pride.
Even if they did turn up their noses now as they pass the place their facial gymnastics would be a lost effort. Nobody in the sanitarium could see them. Surrounded by flowering shrubbery, rejoicing in an artificial lake, an eighteen-hole golf course, tennis and squash courts and lovers' walks, it stands on a knoll in a 200-acre park and it is a twenty-minute walk through a dogwood grove from the gate to the troop door.

Dieting the Fat.

Financial Strength
THE principles upon which a Bank is founded, the number of years it has been in operation, and the policy followed during these years—these features, combined with its present standing, form the criterion of the strength of a Bank.

The Bank of Montreal began business in the year 1817, with a modest capital of \$1,250,000, and for over a century it has followed a 'conservative-aggressive policy until to-day its capital and reserve fund total \$40,000,000 and its total assets are in excess of \$50,000,000.

ASK MUNICIPALITIES TO ACT QUICKLY ON CEMETERY SCHEME

Council Fails Again to Get Progress on Appointments

The City Council started out last night to get its new cemetery scheme...

Legal Obstacle. Alderman Woodward had proceeded as far as nominating Alderman Dewar and Harvey as its representatives...

"It's a question whether this is in order," he said. "It's a question whether an appointment to the Trustees Board made now would be legal..."

"Well then, you must decide just whether you are going into the scheme alone or with the municipalities before you appoint Trustees," Mr. Fringle explained.

APPEAL COURT ADJOURNS.

In the closing hours of the Court of Appeal sitting yesterday, W. J. Taylor, K.C., counsel for the plaintiff, appellant in the suit of Grant vs. Fraser, obtained an adjournment of the hearing until August 2, on the grounds of his own indisposition.

Judgment was delivered yesterday in the appeals of Shannon vs. Point Grey Municipality, and Bond vs. Conkey, both being dismissed on an equal division of the court.

SAYS CEMETERY IS DISGRACE TO CITY

So Council Plans "Clean Up" at Ross Bay

The Ross Bay Cemetery is a "disgrace," Alderman A. E. Todd told the City Council last night and, as a result, the Council decided to get a report from cemetery officials recommending some method of "cleaning up" the whole burial land.

"We are faced by a serious financial stringency but the time has come when we must improve Ross Bay Cemetery," Alderman Todd declared.

"It's nothing short of a disgrace to the city of Victoria. We should get a report from the cemetery committee and the cemetery superintendent as to how we can improve it. At present it is an eye-sore and a blot."

USE OVER HALF OF NEW HOUSING MONEY

City Extends Loans to Extent of \$18,100

More than half of the extra \$30,000 received by the city recently under the Better Housing scheme will be loaned out to returned soldiers immediately.

The city has on hand a very large number of applications for housing loans and, with only \$30,000 available at present, it will be quite impossible to extend loans to even a large proportion of the men who wish assistance in establishing homes.

The estate of the late Sir Alexander Blair, Bart., of Ury, is valued at \$456,781.

COUNCIL SHIES AT ASSESSMENT REVISION HERE

Reject Plan to Allow Aldermen to Advise Assessor

STRENUOUS FIGHT FOR READJUSTMENT FAILS

Although agreeing that Victoria's assessment is inequitable and needs revising, a majority of the City Council last night blocked a resolution authorizing a conference between the City Assessor, the Reverted Lands Committee and the Reverted Lands Commissioner for the purpose of giving the assessment roll a thorough shake-up.

Alderman Todd, consistent advocate of assessment revision, and Alderman Sangster, who views assessment problems more conservatively, joined forces to press the resolution through the Council.

The motion which was defeated was proposed by Alderman Todd and seconded by Alderman Sangster and ran as follows:

"Whereas, in the opinion of numerous individuals, the land assessment of Victoria is not equitable, and whereas it is desirable that any just complaints should be remedied."

"And whereas the Reverted Lands Commissioner and the members of the Reverted Lands Committee—all of the members of which committee were also members of the last Court of Revision—by virtue of the investigation they have been making, and work they have been performing, have special knowledge of the conditions affecting the actual and comparative values of property."

"Be it resolved that it be suggested to the City Assessor that before completing the assessment roll now in preparation, that he should discuss the subject with the commissioner and committee, in order, if possible, through consultation and discussion, to obviate any existing grounds for charges of inequity in the land assessment of Victoria."

"And that the City Clerk be instructed to forward a copy of this resolution to the City Assessor, the Reverted Lands Commissioner, and the Reverted Lands Committee."

Should Be Untrammelled. "The Assessor is supposed to use the brains and ability God gave him and be absolutely untrammelled to anyone," Alderman E. B. Andros, Chairman of the Finance Committee, protested.

"If we appoint a Council committee to interfere with him he'll lose his identity altogether." "These remarks just reflect the ignorance which prevails on this subject," Alderman Todd replied.

"From the outside" should be engaged to assess Victoria land, he threatened.

Assessment Dishonest. "We all know that the assessment of the city is dishonest," he declared.

"The Legislature also knows this and yet we go ahead and do business with an assessment that is dishonest, corrupt and untrue and that has been made for fraudulent purposes. It's no wonder the financial situation is as it is. It's extraordinary it is not worse. No assessor is untrammelled. Legislation binds the assessor in many ways. Neither the present or any other assessor can use entirely his own judgment."

Expected Revision. "Alderman would not make some of these remarks if they had been on the last court of revision," said Alderman Sangster.

"I would suppose that if necessary I would support that, far yet," Alderman Sangster replied.

Equity Main Object. "Alderman Sargent went on to argue that, for practical purposes, it mattered little whether the city assessment was high or low so long as each person's property was equitably assessed in comparison with his neighbor's land."

"I am not willing to hand the assessment of the city over to these gentlemen even if they have great experience and great brains," said Alderman Andros.

"You're more in the inner rings than I am," said Alderman Woodward.

"I was suspicious that something would be sprung to-night," Alderman Andros went on.

"I saw two Aldermen with their heads together. You can't tell what's going to happen."

"I would be a mistake for any member of the Council to interfere with the assessor," Mayor Porter warned.

"We have an assessor. If he is not capable we should get a new one and if he is capable we should back him up."

increases could be made and certain assessments would have to be reduced. Not in the Ring. "I am not willing to hand the assessment of the city over to these gentlemen even if they have great experience and great brains," said Alderman Andros.

ESQUIMALT PLANS BY-LAW REVISION

Forced to Action by Recent Prosecutions; Other Matters

Following on the downfall of several prosecutions in the municipal police court recently, dealing with a number of different measures, the Esquimalt Council was last night advised by Reeve Lockley that a municipal house-cleaning was necessary among the by-laws to bring them into an up-to-date and consolidated form.

The council was at first inclined to look at the cost of the proposed revision, it being stated that it would be necessary for the legal adviser to travel along the road of past and present by-laws to find the flaws and repair the damage.

The council last night passed a measure to install a stand pipe for the convenience of picnic parties on the beaches near Macaulay Plains, where a spring tap will be set up.

The council will soon have to pay \$1 or more, nominal fee for their camping license, to aid the municipality to pay for this added convenience. It was stated by-law 116, a measure to amend the motor traffic regulations in the district, was finally passed, dealing with jitneys and other classes of hired cars, to provide equal justice for all.

The council was last night informed that they had been omitted by oversight from the list of organizations from which two delegates would be welcomed at the deliberations of the Victoria Economic Council. The council appointed Councilors Meesher and Tribe to attend the next gathering at the Veterans of France rooms on Friday next at 5 p.m.

SEWERS POLLUTE BATHING WATER, COUNCIL IS TOLD

Sewers discharging into the Inner Harbor pollute the Gorge waters in which many people bathe regularly.

The pollution of the Inner Harbor waters was brought to the attention of the Council by City Engineer E. M. Preston, who recommended that \$2,300 be spent in laying sewers to connect with two houses from which sewage which is now discharged near the former Reserve area. Medical Health Officer Dr. A. G. Price also complained of the nuisance. The Council laid the matter over until it could investigate further.

To Convey Children.

The council voted the use of the two municipal trucks to the Esquimalt Merchants' Association, who are staging a children's picnic at Goldstream on July 27. Some thirty-six private cars will also make the run to the picnic grounds to take out the many children now eagerly awaiting the event. The council passed many applications for tenting space to the chief of police, as usual, for investigation and sanction if feasible.

Housing Question.

It was reported to the council last night that the application for another \$25,000 under the Better Housing Act had not yet met with a response in the affirmative, but that there was a chance that the municipality would get some more when the plebiscite are now on the books of the council awaiting the motor traffic regulations in the district, was finally passed, dealing with jitneys and other classes of hired cars, to provide equal justice for all.
