OBITUARY RECORD

The death occurred yesterday afternoon at the Chinese Hospital, Herald Street, of Der Lung Dye, aged twenty-eight years, and a resident of this city for one week, having arrived here on the last boat from China. The remains are reposing at the Thomson Funeral Home, 1625 Quadra Street, where the funeral will take

place on Saturday afternoon at 1.30 o'clock. Interment will be made in the Chinese cemetery.

The remains of the late Albert Edward Rumsby, Jr., who died under tragic circumstances on Tuesday, were laid to rest in Ross Bay Cemetery yesterday afternoon. Rev. F. A. P. Chadwick conducted the funeral service in the presence of many sympathizing friends, and lovely floral tributes from friends in this city and Vancouver covered the casket. The hymns sung were: "Jesus, Lover of My Soul" and "O God Our Help in Ages Past." The following acted as pallbearers: J. H. W. Fidler, W. H. Greenwood, R. McKenzie, E. T. Groves, H. R. Lane and E. Smith. The remains were laid to rest in the family plot at Ross Bay Cemetery.

HON. J. H. KING HERE AFTER WELCOMING HARDING TO CANADA

His Father, 87-Year-Old Senator and Political Veteran, Comes With Him

Hon. J. H. King, Minister of Public Works for Canada, arrived in Victoria this afternoon from Tacoma, where he met President Harding and welcomed him to Canada. Dr. King will be here until Sunday, meeting local deputations on public works matters. He will remain on the Coast until the end of the month and attend the Provincial Liberal gathering planned for here this month.

Dr. King came west as the representative of the Dominion Government in connection with the visit of President Harding to Vancouver on July 28 on his way back from Alaska.

One of the features of Dr. King's trip is that he is accompanied by his 87-year-old father, Senator G. C. King, who entered politics in 1875 and has been in the Senate since 1894.

In the Minister's party coming west in his private car over the Canadian National Railway were Mrs. King and her sister, Mrs. Baird, of Ottawa; Miss O'Donoghue, of Ottawa, sister-in-law to Hon. W. H. S. Sutherland, Minister of Public Works; B. C. Miss Anna Strath, of Victoria and Ottawa; Miss Lena Macdonald, daughter of M. A. Macdonald, K. C., who returned from school; and Mr. and Mrs. Nobles, of Edmonton, who joined the party at Edmonton.

SENATOR WALSH ON CHINESE PROBLEMS

(Continued from page 1)

"On every hand I hear whistles in the Orient that Allied intervention in China would be the only way to guarantee safety of life and property of other nationalities. This solution was offered not only by the business interests, but also by the missionaries.

"Those who are crying intervention do not stop to realize the possible consequences. It is not unarmored forces to be sent into China to control the bad situation and protect foreign nationals the Chinese might resent the invasion and the inevitable outcome would be war.

"No nation can try to deprive the citizens of another nation of personal liberty without stirring up trouble."

Pacific Development.
Senator Walsh thinks that the Pacific is on the eve of tremendous commercial development, although he does not take the view of some that the next generation will see trade to the Orient as a paragon. He believes the trade of the Atlantic to Europe at the present time. He sees a steady development of business across the Pacific ocean and big openings in China and Japan for enterprising business interests.

Although Senator Walsh's trip to the Orient was unofficial, he carried on some investigation work for a special Senate commission regarding possible silver markets in the Orient. He visited his daughter, Mrs. E. C. Gudgeon, while in the Philippines.

Mrs. Gudgeon is the wife of Commander Gudgeon, supply officer at the United States army post at Cavite.

Will Test Out West Coast Clay

Times to-day. The plan is this year to collect samples of clay from different points of the island and ascertain its value for pottery work. Designing tubes is planned, and John Kyle, one of the instructors of the school, has some valuable ideas which, if followed out, will mean that models and designs based upon Indian art on the West Coast, will be made by the students. It is the endeavor of Mr. Kyle to found a type of Western art in pottery work, said Mr. Gibson.

Geography has been introduced to the school curriculum for the year. Already there are 58 registrations for the study of public school geography and 12 for High School work. It was originally expected that many High School teachers would take advantage of the course offered them, as the subject will be an important one in the High School curriculum in future.

Professor George A. Cornish, whose book is used in the High Schools of the Province, will lecture to the classes on this most interesting subject. Professor Cornish's books on school work are used throughout Canada and are very popular. He is from the Ontario College of Education, Toronto University, and is a very capable educator.

The course for the High School teachers is divided under the following headings: Regional, commercial and physical geography. Another professor from the same college to lecture at the school is Professor F. E. Coombs, M. A., to speak on education.

The registrations which have been received up to date are as follows: Rural Science, First and Second

NEW ALTIITUDE RECORD SET UP BY A WOMAN

St. Louis, July 6.—Mrs. Bertha Horchem, professional aviatrix, of Ransom, Kas., established a new altitude record for women by ascending 18,300 feet at St. Louis aviation field late yesterday. The previous record was of 15,700 feet and was made by a Frenchwoman flier, in California last May.

Officials at the field announced that the flight was official, having been held under the regulations of the National Aeronautical Association.

Mrs. Horchem was in the air two hours and eight minutes. When she descended she had to be lifted from the plane, her hands and feet being frosted despite the winter clothes she wore. She was placed under the care of a physician.

Major William E. Robertson, commander of the Missouri National Guard air service, accompanied Mrs. Horchem on the flight.

NEW SCHEDULE OF GULF SERVICE

The Nanaimo Board of Trade has expressed its satisfaction with the proposals for a new service across the Gulf from Vancouver. Secretary M. C. Ironside, of the Nanaimo Board has received a letter from Captain J. W. Troup in this connection, which states that the B. C. Coast Service is expecting a large volume of motor traffic coming through Nanaimo this year, and states:

"In order to work out the plan, we have been obliged to arrange to substitute the Charmer for a couple of the Patricia's runs, but the full business week will be taken care of in the usual schedule by the Patricia. In addition to this you will have an afternoon trip from Nanaimo to the Charmer, and if there is sufficient to warrant it a little later on, two trips a day with the Charmer in addition to the two trips with the Patricia. On Sunday morning and on Monday morning, the Charmer will take the run out of Nanaimo at 8 o'clock."

TELEGRAPH BRIEFS
Montreal, July 6.—A detailed analysis of the handwriting of Abbe Delorme, given in technical terms by Charles Hazen, expert, was the feature of the trial to-day of the priest, indicted for the murder of his half-brother Raoul on the night of January 8, 1922.

Kanawakis, Que., July 6.—W. J. Thompson, Mississauga, won the right to enter the final of the Canadian amateur golf championship to-morrow when he defeated J. T. Cuthbert, Winnipeg, in one of the semi-final games here to-day, 6 up and 5 to play.

REINFORCEMENTS

MAKES TRENCHEANT ATTACK ON BY-LAW
Arthur Lineham Criticizes Staneland Parking Regulations

A scorching attack on the Staneland traffic regulations, in respect particularly to parking in the downtown area, was made by ex-Alderman Arthur Lineham in the city police court to-day. The efforts of the police to bring transgressors of the by-law to book were picaresque and made a poor showing in the eyes of visitors at a time when the city was going out for tourist travel, he intimated.

Mr. Lineham was charged with parking his car outside a line of cars on Broad Street at a distance from the curb. The accused was fined \$5, but not before he put up a vigorous fight. The defendant pleaded not guilty. Constable Drever told the court of finding the Lineham car in "double bank" outside a line of cars on Broad Street between Fort and View Streets. The constable took the number.

Mr. Lineham testified that his car was not parked, or, at least, not in his way of thinking. He had merely left it for a few minutes to step into a building. It seems to be stretching things too far to call that parking, he said.

The magistrate: "A car is parked when it is a waiting vehicle drawn up close to the curb. I suppose if it is not close to the curb it is not parked. Supposing, however, a car had come along while your car was there?"

Defendant: "My car was not parked—besides, it would have made no difference if it had been there all day—when I came back, I found it up there. Some people are always looking for trouble."

The court: "The trouble is some people think that regulations should be enforced against everyone but themselves."

Defendant: "Well, the information says on the west side; I was on the east."

The court: "No doubt you were on the east side, but any car left unattended is parked."

Defendant: "I could have left my engine running."

The magistrate: "Well, if you left your engine running you would be liable to a fine for that."

Defendant: "Then it is all the same anyway?"

The court: "Well, if you leave someone in the car it is not parked apparently."

Defendant: "There seems to be room for doubt in this by-law. What is the time limit for it?"

The court: "There is no time limit."

Defendant: "It seems rather unfortunate for me I should be the victim of circumstances in this way. Don't you think, when the town is making a bid for visitors, it is rather picaresque of the police to prosecute for such minor infractions? What would people think if they saw this thing going on here?"

The magistrate: "Other people coming here might think, if these offences were allowed to go, that this town was not up-to-date."

Defendant: "They needn't think—all they have to do is to take a look at it."

EVIDENCE GIVEN ON HANDWRITING
(Continued from page 1)

The Pall Mall cigarette box in which the match had been enclosed.

Photographs Used.
For purposes of comparison, photographs enlarged five and seven times the natural size were produced and after lengthy argument against their validity by the counsel for the defence, were admitted. In these photographic enlargements peculiarities of letters were pointed out by the witness, who declared that the writing of the accused was of a slanting nature, while that on the parcel and the box was vertical. Minor characteristics, however, indicated that certain letters in the vertical writing were slanting and that the writing on the parcel had been simulated.

In his expert opinion, it was, however, written by the same person who had written the documents admitted as being in the handwriting of Abbe Delorme.

Fight to a Finish
Sydney Mines, N.S., July 6.—Mayor Nicholson, addressing a mass meeting of striking coal miners to-day, told them their tactics had been accepted as a challenge to the Dominion Government, and that the Government apparently was ready for a "fight to the finish."

Unusual Interpretation
Ottawa, July 6.—"That is a new interpretation of the Industrial Disputes Act," said Hon. James Murdock, Minister of Labor, this morning when his attention was drawn to a statement made by J. B. MacLachlan, district secretary of the striking Cape Breton miners, to the effect that the provisions of the Lemieux Act applied only to disputes arising out

of wage scales and hours and conditions of labor. Asked if any request had been received from Sydney employers or employees for intervention in the dispute, Mr. Murdock replied in the negative. "We stand ready to do anything we can, but have not been requested to take any action."

Hon. J. H. King, Minister of Public Works in the Federal Parliament, with Mrs. King, arrived in the city this afternoon, and will be guests at the Empress Hotel during their brief stay.

COMMISSION OF THREE IS URGED

G. W. V. A. Suggests Traveling Agriculturists Investigate Settlers' Problems

Vancouver, July 6.—Amendments to the Soldier Settlement Act to permit settlers to sell their holdings to civilians provided the interests of the Board are protected are urged in a resolution passed at the Dominion Convention of the G. W. V. A. here yesterday afternoon. Appointment of a traveling commission of three practical agriculturists to investigate soldier settler problems was also urged, and it was suggested that one of the commissioners should be a soldier appointed by the G. W. V. A. The convention asked also that a large area of grazing land in South Saskatchewan be thrown open to soldier settlers in the neighborhood under the supervision of the Board.

Extension of the period under which veterans can apply for insurance under the "Returned Soldiers' Insurance Act for one year was requested in another resolution.

Amalgamation Was Discussed.
During the afternoon there was a discussion of the proposal to amalgamate all ex-service men's organizations. The debate followed a preliminary report from the amalgamation committee, presented in order to give the delegates a better sense of the feeling of the delegates in their further recommendations to be made to-day. Following the discussion, the motion to endorse the report was withdrawn, the purpose for which it had been made having been accomplished.

In the morning Dominion Secretary McLeod, of the Grand Army United Veterans, had addressed the gathering, setting forth views of his organization in regard to the political action declared Delegate Marlison, of Winnipeg, and the assembly roared its approval.

"We have reached the zenith of our legislative action," said Comrade Mackenzie, M. P. P., of Vancouver. "Our position now is to hold what we have and preserve the identity of the branches. On no consideration would I sacrifice the identity of the G. W. V. A."

Comrade Stone, of Victoria, outlined the experiences of himself with amalgamation and charged that the pension officials of the D. S. C. R. were behind a deliberate attempt to put the G. W. V. A. out of business.

Comrade Darr, of Point Grey, suggested federation before amalgamation. Federation would be the test of the desire of the other associations for amalgamation, he said.

Comrade Farry, of Toronto, stated the case for amalgamation in his city and in Ontario, pointing out that Ontario enlistments for active service totalled forty-two per cent of the whole.

Federation.
Comrade Williams, of Trail, and other speakers endorsed the amalgamation idea. The report of other organizations, as evidence of good faith, and suggested that the Imperial veterans who were willing to consider amalgamation without any strings attached be federated with the G. W. V. A. as a starter.

Comrade Macpherson, of Saskatchewan declared the G. W. V. A. could not subscribe to the cash bonus and political action principles of the G. A. U. V.

Comrades Costigan, of Montreal; Campbell, of Port Arthur; Johnson, of Fort William, and others spoke in similar strain.

"Forty thousand Imperial veterans got their pensions according to the standard of the Canadian pensions through the agency of the G. W. V. A. alone," said Comrade Norman, of Saskatoon. "They brought their troubles home to the G. W. V. A. when they needed help. Let the other organizations come home to the G. W. V. A. and amalgamation will be accomplished."

Comments By Beland.
Ottawa, July 6.—(Canadian Press)—The resolutions adopted by a convention of Dominion Great War Veterans' Association, now in session in Vancouver, were commented upon by Minister of Soldiers' Civil Re-establishment.

Referring to the resolution that one hundred per cent pension should be paid during treatment, Dr. Beland said this was now a matter within the discretion of the Department. Revision of the rates of pension for widows and for widows, he said, was a statutory matter and could only be brought about by Parliament.

The Minister said ex-service men already enjoy the privilege of being eligible for medical examination for either pension or treatment.

With regard to the resolution that upon the death of an ex-service man from a disability for which he received or was entitled to receive a pension, the dependents should automatically become eligible for pensions, Dr. Beland said that if the ex-service man was entitled to a pension as a matter of law, he should have been receiving it. Appeals on this ground, however, would be rendered more easy by the recent legislation, which provided among other things for a traveling appeal board to hear appeals locally.

The recent amendments to the **Emersons Act** have considerably modified the restrictions as to eligibility for pensions by dependents of deceased ex-service men.

EARNINGS OF C. N. R. INCREASING
Montreal, July 6.—The gross earnings of the Canadian National Railway for the week ended June 30 were \$5,401,463, being an increase of \$697,552, or twelve per cent, as compared with the corresponding period of 1922.

The gross earnings of the Canadian National from January 1, 1923, to June 30, were \$116,556,160, being an increase of \$14,153,556 compared with the corresponding period of 1922.

OPPORTUNITIES FOR MANY SETTLERS

Col. Talbot, Member of C.N.R. Board, Speaks of Attractions of B. C.

Winnipeg, July 6.—Conditions in Central British Columbia should appeal very strongly to the French-Canadian residents of Quebec, the region being one in which they can make new homes for themselves under conditions which appeal to them.

This is the opinion of Colonel Talbot, of Quebec, a member of the Board of Directors of the Canadian National Railway, who passed through Winnipeg yesterday after an inspection tour of the Western lines of the National system.

"Five million acres of land are available along the lines of the Canadian National system in British Columbia," Colonel Talbot said, "and the settlers needed for the proper development of these lands are men and women who have had previous pioneering experience in territory where there is merchantable timber from which the settler can begin to gather revenue almost from the day of his arrival."

Timber Resources.
"Central and Northern British Columbia have wonderful timber resources," Colonel Talbot said, "and once the land is cleared in the Bulkley, Nechako and other valleys, there is splendid farming land. If we can only get for that country people accustomed to colonizing in territories where conditions are somewhat similar, there is a great future ahead of us. On my return to my own province, I intend to bring the facts of the case to the notice of the people there, many of whom are looking out for places in which to locate."

Colonel Talbot believed the settlers should be encouraged to group themselves in such a manner that each group would form the nucleus of a parish.

"I would like to see parties of twenty-five families located together, as the loneliness arising from the great distance between neighbors proves a tremendous handicap," he said.

"British Columbia has natural resources which are of immense potential value, and many of these have as yet been merely scratched. The possibilities of the lands of that Province for mixed farming and dairying have yet to be reached to the full, and in addition, there are the immense timber, mineral, fisheries and other resources."

"British Columbia to-day offers a most attractive future to the homeseeker, and one which, I am sure, many of our own people will take advantage of once they appreciate what lies before them," said Colonel Talbot.

Col. Talbot was enthusiastic as to the future of the National Railway in the West.

"To-day," he declared, "fully seventy-five per cent of the population of Canada look upon the Canadian National as a source of pride and of the great assets of the Dominion. They are confident that, given a chance, they will turn out to the lasting benefit of the Dominion."

LIGHTNING HURT PRAIRIE FARMER

Horse Killed and Barn Burned; Rain in Southern Saskatchewan

Regina, July 6.—Southern Saskatchewan was again visited by torrential rains yesterday. In Regina could not see to half an inch of rain fell during the day.

At Gray, Sask., Ed Stevens was seriously burned, and the barn on the Swanson estate was destroyed. The horse killed, the result of a bolt of lightning yesterday morning. Stevens has partly recovered from the shock, and although burned about the body, he is recovering. The total loss is estimated at about \$5,000, but it is not known whether any insurance was carried.

Stevens was in the barn at the time the lightning struck and was feeding one of the horses. The current struck the animal, killing it instantly and setting fire to the barn.

FARMER-LABOR DISCUSSION AT CHICAGO WARM

Chicago, July 6.—The Federated Farmer-Labor Party, with a platform under the leadership of the Workers' Party of America, was born here last night, but the Farmer-Labor Party refused to participate. A substitute for the organization committee was submitted by the caucus of the Farmer-Labor delegates, but was tabled by a thunderous vote. One section of the substitute program provided that no organization affiliated with the Third Internationale of Moscow could be a group of the party.

The platform of the proposed Federated Farmer-Labor Party, described as "too red, Communist and Bolshevist," and too "radical for eyes the radical state of Wisconsin" to accept, split the conference yesterday and it recessed for a night session in order to stave off a threatened bolt of some Farmer-Labor delegates, ostensibly in their own convention.

TWO LOST LIVES WHEN PLANE FELL

Chicago, July 6.—Charles J. Arnold, twenty-five years old, was burned to death, and Harry Richard was probably fatally injured, when an aeroplane in which they were riding dived from a height of several hundred feet and caught fire as it crashed here last evening. Richard is suffering from internal injuries and burns. He is a resident of Chicago, as was Arnold.

EACH VOTE POLLED COST PROVINCE \$20

Officials Took Ballots to Moose Factory in Aeroplane

Cochran, Ont., July 6.—It cost the Province of Ontario approximately \$20 for each vote polled at Moose Factory in the recent general election. The ballot boxes had to be taken in an aeroplane. Officials made their visits by the same method, while enumerators went in and out by canoe. The total cost was about \$1,000. Of the forty-seven who voted, only

one elector, the Hudson's Bay Company factor, had ever voted before, but despite this, and although most of the other voters were Indians, there were no spoiled ballots.

The aeroplane with the boxes made the round trip in five hours, actual flying time, while the enumerators took five weeks by the river route.

DEBT REFUNDING PLAN COMPLETED

Washington, July 6.—The first act in connection with the refunding of the British Government's war-time debt to the United States was completed yesterday at the Treasury, when the councillor of the British Embassy turned over bonds of the United Kingdom aggregating \$4,600,000,000.

Acting-Secretary Gilbert wrote a receipt across the demand obligations held by the Treasury since the loans were made and handed them to the British official.

ARE HUNTING FOR TWO MURDERERS

New York, July 6.—Two murders committed with knives are engaging the attention of the police to-day.

A search has been instituted by the police for a negro believed to have murdered Dorothy Kaufman, a maid, whose body was found Wednesday in a room of the home of Magruder Craighead at Scarsdale-on-Hudson.

Vincent Calveca, watchman in the Children's Court Building, was found dead yesterday in an upper room of the building. Police declare a woman's footprints were found in the blood-stains on the floor.

EARNINGS OF C. N. R. INCREASING

Montreal, July 6.—The gross earnings of the Canadian National Railway for the week ended June 30 were \$5,401,463, being an increase of \$697,552, or twelve per cent, as compared with the corresponding period of 1922.

The gross earnings of the Canadian National from January 1, 1923, to June 30, were \$116,556,160, being an increase of \$14,153,556 compared with the corresponding period of 1922.

HOPE FOR THE WORLD.

The English-speaking nations thrive on controversy. It is one of the outlets of that progressive energy which has made them dominant in the world of commerce and statecraft.

GOOD BUSINESS.

How expeditiously freight from the Empress liners can be handled at this port was conclusively demonstrated when the Russia tried the experiment the other day.

A REASONABLE AMENDMENT.

As long as the interests of the Board are adequately protected there should be no difficulty in amending the Soldier Settlement Act so as to permit the soldier settler to sell his holdings to a civilian.

OUR FUR TRADE.

Anybody who imagines that Canada's fur trade is not an important item in the business of the country had better study the figures that have just been issued by the Dominion Bureau of Statistics.

Increased from 164,656, valued at \$2,686,472 in 1920-21, to 231,645, valued at \$4,258,579 in 1921-22.

It is also emphasized in the figures of the Bureau that higher prices were paid in the 1921-22 season than in the previous year.

All of which goes to show that fur trade figures are still considerably more important than might be popularly supposed.

IS CAPITULATION IN SIGHT?

Germany has paid her workers in the Ruhr to go on strike and has encouraged them to do everything to hinder the French process of collection in kind.

NOTE AND COMMENT

All the alarmists will be in their element just now. Anything in the nature of a break between Great Britain and France is manna to them.

Peter Stark claims to be the oldest working miner in Great Britain. He is hale and hearty at eighty-four and he has just completed seventy-five years of work at Holytown in Lanarkshire.

The Vancouver Automobile Club has received from the customs officer stationed on the Pacific Highway at the border figures which are said to beat all records for Canada for cars crossing the line in one day.

The gross earnings of the Canadian National Railways for the week ended June 30 were \$6,401,463, being an increase of \$697,552, or twelve per cent, as compared with the corresponding period of 1922.

OUR CONTEMPORARIES

GETTING BUSINESS FOR C. N. R.

Guelph Mercury:—Sir Henry Thornton appears to be pursuing a definite policy of getting trade. He is going after it.

FOR SIMPLE LIFE.

Johannesburg Times:—South Africa is suffering from over-administration, and must get down to simpler ways if necessary.

FRANCE THE STUMBLING BLOCK.

Winnipeg Free Press:—If the Germans present a note which is acceptable to Great Britain, Belgium and Italy, and which France rejects, the French, and not the Germans, will in that event become the recognized trouble centre of Europe.

BOARDS OF TRADE TO MEET SHORTLY

I.O.D.E. Life Membership

The Cowichan Chapter, I.O.D.E., gave a pleasant little informal party on Wednesday evening in honor of Mrs. A. J. Marlow, who is shortly to leave the district.

Garden Fete

The Girl Guides' committee held a very enjoyable garden fete on Wednesday afternoon at Mr. and Mrs. K. F. Duncan's home.

There were several competitions in charge of Mrs. Ashe and the Brownies. The spelling contest was won by Mrs. K. F. Duncan.

Farewell Visit

Mrs. W. A. McAdam and children are visiting relatives in Duncan and Maple Bay for a short time prior to their departure for England.

The gross earnings of the Canadian National Railways for the week ended June 30 were \$6,401,463, being an increase of \$697,552, or twelve per cent, as compared with the corresponding period of 1922.

GARDEN PARTY AT CHEMINUS WAS SUCCESS

Special to The Times. Cheminus—A garden party was held Wednesday, under the auspices of the W.A. of St. Michael's and All Angels' Church.

The day was ideal, and a great many were present in consequence. The grounds and various booths were gaily decorated with flags and bunting.

SIDNEY NEWS.

Special to The Times.

Sidney July 4.—Mr. and Mrs. Jones, of the Bank of Montreal, have left for two weeks' leave, and during their absence Mrs. Lowther, of Ganges, is staying with Miss Layard.

Mr. and Mrs. Lesage and baby daughter, who used to live in Sidney but left last November to reside in Vancouver, stayed here for three days with Mr. and Mrs. G. Cochran on their way to camp at Sproust Lake.

On Tuesday evening some of the Cadets who are camping here played a game of basketball, Vancouver against Westminster. After a very exciting and close game, Vancouver won.

On Thursday afternoon at 2.30 on the Memorial Park grounds the district Officer Commanding, Brigadier-General J. M. Ross, C. M. G., was to have inspected the Cadets, but owing to the weather this plan has had to be postponed.

NEWS IN BRIEF

The Boys' Naval Brigade camp at Rodd Hill will be open to visitors on Saturday and Sunday afternoons from 2 till 4 o'clock. Boys will leave the naval dockyard morning, Esquimalt, at half-hour intervals.

Charged with speeding in the Provincial Police Court to-day Walter Grimes was fined \$15. Constables McPhail and Smith said the accused was travelling at a high rate of speed.

The Five C's cricket team to play Cowichan at Beacon Hill to-morrow is as follows: Payne, Eden Quainton, Eric Quainton, A. Lea, Sutton, Comley, Booth, Vaughn, Wilkinson, Edwards, Blankenberg.

Charged with speeding in the city police court to-day, F. Popham and Sam Chan were each fined \$15. Similarly charged, Roger Medd, a motorcyclist, was fined \$10.

Charged yesterday afternoon with a serious offence against a girl, John Arnold Steele was committed in the Police Court for trial by higher court. The matter was heard in the juvenile section of the court, the complainant being under the juvenile age limit.

The board of directors of the Victoria and Island Publicity Association met at an informal luncheon to-day and discussed affairs of business at a meeting afterwards. President Joseph Patrick occupied the chair, would establish.

The merchants of Esquimalt will hold their third annual basket picnic at Rosebank Links, Esquimalt, Esquimalt Harbor, on Wednesday July 11. Boats will leave Day's wharf commencing at 9 a.m. and at frequent intervals thereafter. This is to be a real community picnic, and tickets may be obtained of any merchant in Esquimalt.

At the conclusion of the speedy trial of Henry George Seaton in the County Court yesterday, His Honor Judge McIntosh permitted the accused his liberty upon suspended sentence. The accused was charged with wife-beating. Evidence of domestic infelicity was the main feature of the case, in which the events of a party at Otter Point were reviewed by the court.

Scene of Garden Fete To-morrow

The Lieutenant-Governor and Mrs. Nichol are kindly throwing open the lovely grounds of Government House to-morrow afternoon for the garden party arranged by the Municipal Chapter, I. O. D. E., in aid of the funds of the Navy League of Canada, Victoria branch. The many attractions will include a splendid musical programme arranged by Lieut. Paymaster Cossette, to which vocal contributions will be given by Mrs. W. P. McDonagh, Miss Jones, vocal medallist; Hebrew recitations by Paymaster Cossette, dancing by Seaman Boy Dick, and songs by Master Arthur White, the thirteen-year-old comedian. The Royal Bride Junior Chapter, I. O. D. E., will present a Maypole dance. A clock golf competition has been arranged with special prizes presented by Major S. Rowlinson. Throughout the afternoon the Boys' Naval Brigade Band will give a fine programme and tea and ice cream will be served by members of the I. O. D. E.

NO CONCERT TO-NIGHT

Owing to the uncertainty of the weather conditions, the band concert planned for to-night was cancelled yesterday. The next entertainment of the sort will take place at Beacon Hill, Sunday afternoon.

LOCAL AGENT HAS SAD BEREAVEMENT

Young Wife of Fred O. Finn Succumbs After Brief Illness

After a brief illness, Mrs. Rosetta R. Finn, wife of Fred O. Finn, local agent for the Chicago, St. Paul and Milwaukee Railway, passed away last evening at the family residence, 1526-Bletcher Avenue. The late Mrs. Finn was a daughter of Mr. and Mrs. Sanford Morgan, of Llanely, South Wales, and came to this city three years ago. She was twenty-six years of age and is survived by her husband and two small children in this city.

The remains are resting at the B. C. Funeral Chapel, from where the cortege will leave on Monday afternoon at 1:45, proceeding to Christ Church Cathedral, where Very Rev. Dean Quainton will officiate. Interment will be made in Ross Bay Cemetery.

PLAN PAMPHLET ON INDUSTRIES

Industrial Committee Would Double Personnel Employed

Members of the Industrial Group of the Chamber of Commerce met to-day at luncheon, and discussed the pamphlet which a committee is arranging to aid in advertising Victoria-made products and local manufactures.

A slogan suggested to attract the attention of the public read as follows: "There are 2,000 men and women employed by Victoria manufacturers at present; buy Victoria-made goods and make it 4,000." The booklet will contain a list of locally manufactured goods, which will be a great aid to the housewife.

The booklet, as it is planned to be issued, will be in attractive form, although of small size. It will be filled with slogans, advertisements, and useful household recipes. Those who are listed in this booklet will be required to pay a small fee, it is understood, and the Group agrees that this should prove very valuable advertising for the manufacturers.

The subject must be carried to the manufacturers, and these are urged to communicate with the committee if they wish to be mentioned in the booklet. The Group must be assured of the support of the manufacturers before they proceed with the publication of this booklet, it was decided.

Estimates as to the cost of the folder must be brought before the Group, stated H. J. Pendray. "We must have a book that will appeal as a thing of use," said Mr. Pendray, continuing his arguments. Such recipes as that for loganberry wine were welcomed, said C. T. Cross, President of the Chamber, emphatically. Household hints might well be included in the book, it was suggested.

Lincoln Smith made a motion to the effect that the manufacturers be consulted at some time in the near future. This matter will be taken up immediately.

GLASS BOTTLE INDUSTRY IS ADVOCATED

Ample Opportunity Afforded for Sale of Product

Hon. F. A. Pauline Raises Question of Iron Ore

The possibility of a glass bottle industry in the locality was canvassed at the luncheon of the Industrial Group of the Chamber of Commerce this afternoon.

At one time there was a plant of this kind in Esquimalt, but this firm moved the factory to Vancouver. The industries here require glass ware for their products, and there is no reason why some local firm should not be developed along these lines, members felt. At present colored bottles come from San Francisco, it was said.

As a plant would cost a considerable amount to start here, capital would be welcomed to start such an industry.

M. P. Blair, chairman of the group, assured the fact that the iron industry some information on the subject of bottle manufacture from a firm in Illinois.

Iron Industry.

Hon. F. A. Pauline, M. P., mentioned the fact that the iron industry should be re-introduced into the discussions of some group of the Chamber of Commerce, as it was at one time in the past. Mr. Pauline pointed out that the Island was exceptionally wealthy with its iron ore. The industry could be made a great thing.

Railway Cars.

Mr. Blair stated that when in Vancouver he spoke to the chief engineer of the C. N. R. in connection with the building of railway cars. At present there were two large companies controlling this line of manufacture, he learned, but there would be a great deal of capital required to start such an industry here, since Eastern concerns would cut prices in an endeavor to eliminate any other company from the market. The C. N. R. would offer every encouragement to a manufacturer of cars, the official in Vancouver stated.

Suggests Committee.

The development of pig iron industries might well be supported, said C. T. Cross, president of the Chamber. There was a time, when Premier Brewster was in power that the Government seriously considered putting a plant here which would satisfy a demand for pig iron.

Mr. Cross suggested that there be a recommendation given from the group to the Chamber that a committee be appointed to consider the question concerning development of iron on the Island.

Mr. Pauline was asked to consider who would be suitable men to put on such a committee. Next week there will be some definite action taken, it is expected.

TAYLOR AND BLACK GOLF FAVORITES

Among Four Chosen to Carry Off Open Title in Northwest Tournament

Special to The Times

Seattle, July 6.—Several of the Victoria players entered for the Pacific Northwest open championships played over the course yesterday.

Rain fell steadily, and conditions were not of the best, however, some very fine golf was seen.

Phil Taylor and Dave Black played Al Espinosa and Bob Johnston, of Seattle. Taylor and Black played some great golf, but the Seattle men won the match on the eighteenth green. Walter Gravin and Byron Johnson played Loustaffe and Mater from Portland, and won two up and one to go. The Victoria players are loud in praise of the course, and expect to turn in good scores in the competition.

Dr. Willing of Portland, was unable to enter into the open championship, but will arrive to-day and will be seen in action in the amateur championship.

Favorites.

Phil Taylor, Al Espinosa, Dave Black, M. Duto and F. Brown from Honolulu are picked as favorites for the open. Brown's long driving is the talk of the tournament. He hits a ball around 300 yards regularly, and is also a wonderful putter.

The draw for the competition was made last night. Six hundred dollars in cash being the prize money. This is divided six ways with \$200 to the winner, and the other parts of the purse gradually receding to \$25. The winner will also receive a gold medal, and the other five a suitable present.

City's Holly, Tested in U. S., Found Excellent for Champagne and Food

Establishment of a holly distillery here to manufacture 500 gallons of holly champagne, cocktails and food products an hour is proposed to the City Council in a letter from Stephen Hoyle, president of the Ka Zu Beverage Company, of Brooklyn, received at the city hall to-day.

A Victoria holly tested in the Ka Zu Company's plant in Brooklyn is of excellent quality for manufacturing purposes, Mr. Hoyle says in his letter, which was opened to-day by Mayor Reginald Hayward. The Victoria holly, a hundred pounds of which was shipped to Brooklyn by the City Council Industrial Committee some time ago, was made into beverages and food products and proved extremely satisfactory, Mr. Hoyle announces.

The Ka Zu Company is about to establish a big holly manufacturing plant in Texas, Mr. Hoyle states. He says that if Victoria is interested in the establishment of a similar factory here he will supply complete data on the subject.

Possibility of establishing a big holly industry on the Saanich peninsula as a result of the recent startling discoveries of the wide uses of holly were discussed at the city hall to-day. Such an industry, it was suggested, could be developed beside the new loganberry wine industry, which is being fostered by the Provincial Government.

MAYOR FINDS CURFEW LAWS OUT OF DATE

Hayward Asks Council to Rule On Women's Demand for Enforcement

In preparation for a city council discussion of the matter late to-day, Mayor Reginald Hayward this morning investigated existing curfew regulations, which ladies of the Friendly Help Society declare should be enforced again to protect the young people of Victoria.

The mayor found that the present curfew by-law does not help the council much. It provides for the use of a curfew whistle which no longer exists. Incidentally the by-law declares that "said whistle shall be called the curfew bell." Why a whistle should be called a bell any more than a horse should be called a cow could not be explained by city officials who were questioned on the subject to-day.

The formal request of the Friendly Help Society that the council order the enforcement of curfew regulations so as to keep children off the streets at night will go before the council at its meeting late to-day. Before the regulations could be satisfactorily enforced again, however, some new curfew whistle or curfew bell would have to be installed. The need for such a warning is very real here, according to the Friendly Help Society members.

Await Data on Court

Many of the ladies who compose the Friendly Help Society are also leading the agitation for complete reform of the city's juvenile court system, it is understood at the city hall. Council members are now waiting for these ladies to supply them with full data on the proposed changes in the court.

"Until we know exactly how much these plans would cost we can do little," Mayor Reginald Hayward said when questioned about the proposed changes in the court.

At the THEATRES

PLAYHOUSE

This week's offering at the Playhouse seems likely to prove the most popular bill yet presented by the Compton Comedy players. If the enthusiastic comments of Playhouse patrons are to be trusted, the play should draw crowded houses to the theatre for the remainder of the week. A delicate and fragile comedy, it appeals strongly to those who appreciate the better class of dramatic offerings. As a picture, too, it makes a very strong appeal, mounted as it is in the handsome Louis XV style, together with the graceful furniture of the period, while the beautiful and costly costumes, specially selected and imported for the play, add an increased lustre to the same. The acting of the play, in the hands of the Compton Comedy Company, leaves nothing to be desired, and no one should miss seeing this delightful play, the presentation of which is a distinct feature in the cap of the Playhouse management and a tribute to its courage and enterprise.

ROYAL VICTORIA

The Evening Telegram in its review of "The Prince and the Pauper" which is the attraction at the Royal again to-day has the following to say about it:

"Mark Twain's justly celebrated story of child life at two extremes is told anew on the screen to the delight of the great American humorist's innumerable admirers. The world of long ago is brought back vividly, and this fascinating romance of the beggar and the little King of England who changed places so strangely makes a notably excellent film. It is a sumptuous production, with thousands of assisting players. The chief honors fall to the boy actor, Tibi Lubin, who appears in both roles. The production is an elaborate one and accurately transmits through the medium of the screen, the true spirit of Mark Twain, who made all of his stories—and particularly this tale—so endearing to young people of all ages."

DOMINION

Truly one of the notable screen achievements of the year is Goldwyn's picturization of Sir Hall Cain's most successful novel, "The Christian," directed by Maurice Tourneur, which is the attraction at the Dominion Theatre this week. The author collaborated with Goldwyn in making this screen version of his novel—has aided in preparing the continuity, helped Director Tourneur in picking locations, and revised and rewrote the titles. Therefore it is fair to judge that the film meets the approval of the picture-going public, for it is a thrilling, emotional drama, built about a theme, most ably directed and superbly acted.

Mr. Tourneur has the especial ability of so photographing a story that it has great pictorial beauty without any sacrifice of drama or human appeal. "The Christian" is his most ambitious attempt so far and that he has succeeded was amply proved last night by the breathless attention with which the unfolding of the story on the screen was received.

The cast is composed of notable

film players, each of whom was skillfully selected for his fitness for the role entrusted to him. Richard Dix, as John Storm, the Christian Socialist, who tries to live as his beloved Christ would, if on earth, has been for a year and more one of the most delightful and interesting of the young screen actors, but the present portrayal puts him head and shoulders above most of the leading men and proves him an actor of insight, of deepening resources and of great variety. Mae Busch also masterfully advances her standing as a player by her skillful handling of the difficult role of Glory Quayle. Others who do excellent work are Phyllis Haver, Gareth Hughes, Milton Hamilton, Claude Gillingwater, Cyril Chadwick, Joseph Dowling, Harry Northrup and Beryl Mercer.

If you would see the biggest and best films of the year, do not miss "The Christian." Its at the top of the list.

CAPITOL

Filled with thrills from start to finish Agnes Ayres' new Paramount star picture, "The Heart Raider," which is shown at the Capitol Theatre, Mahon Hamilton, a popular screen and stage player, is leading man and heads an excellent supporting cast.

The story deals with a headstrong young woman of wealth who has advanced ideas and rather too much independence. She boasts that she will cause a rich bachelor and woman hater to take her in his arms, and she has a difficult time in making her boast. Before the bachelor realizes that he loves the girl, there is an exciting runaway, a thrilling ocean, a night swim to a yacht, a storm and exciting rescue at sea. Of course, all ends happily, but until the final climax, the face of the heroine, played by Miss Ayres, is in doubt. It is just such a picture as the average screen fan will enjoy. The supporting cast is excellent.

MASTERPIECE OF MAURICE TOURNEUR COMING TO ROYAL

In "The Isle of Lost Ships," a First National attraction produced by M. C. Lavee, which is coming to the Royal Theatre next week, Maurice Tourneur, who personally directed it, has given to film lovers one of the most unusual and weirdly beautiful pictures ever shown here.

The tale is that of a girl and two men, who, following a shipwreck, find a haven in a legendary "island of ships" in the centre of the Sargasso Sea. The girl proves a well come bit of salvage to the powerful and arrogant brute who rules this strange port and the community of pirates which they find there. The fight which ensues between the two men, with this ruler for the possession of the girl is one of the most thrilling parts of the picture, which is replete with thrills. The subsequent escape of the trio in a submarine is a spectacular piece of action.

Milton Sills, Anna Q. Nilsson, Frank Campeau and Walter Long have the principal roles. The picture is based on the popular novel by Crittenden Marriot.

NOTABLE PHOTOPLAY WILL APPEAR AT CAPITOL ON MONDAY

A name long prominent in the annals of the American theatre appears in one of the featured roles in Goldwyn's new Rupert Hughes picture, "Souls for Sale," showing at the Capitol Theatre next week. It is that of Frank Mayo, who acts the part of Tom Holby, the motion picture leading man.

This actor is the grandson of that Frank Mayo who appeared on the speaking stage for so many years in the play built around the exploits of Davy Crockett and named after that picturesque character. As a matter of fact, Mr. Mayo made his debut at an early age in a small part in that play with his grandfather. He had a rather long and varied career on the stage before turning his attention to screen acting. Among the stage plays in which he appeared were Clyde Fitch's "The Woman in the Case" and Edward Milton Boyle's "The Squaw Man." He is well known to the theatre-going public through his work with Arthur Bourchier and Herbert Sleath. While in England, he produced in the music halls a sketch of his own writing, which also attracted favorable attention.

His screen career has been a long and honored one. He appeared first in the Lela Weber production "Mary Flanagan." He then transferred his activities to the Universal Company.

with whom he remained until Goldwyn signed him for the role of Tom Holby in "Souls for Sale." Because of his excellent work in this production, Goldwyn has placed him under a long-term contract and will feature him in other big productions.

Before becoming a member of the Goldwyn Company, Mr. Mayo was starred by Universal for three years. Among some of his famous starring vehicles are: "Lasca," "A Little Brother of the Rich," "Colorado," "The Magnificent Erute," and "The Blazing Trail."

Mr. Mayo's wife, Dagmar Godowsky, is a well-known dancer, who has gone into pictures and was recently seen in Goldwyn's Marshall Neilan production of "The Strangers' Banquet." In "Souls for Sale" Mr. Mayo has a role that shows his acting ability to excellent advantage; it will increase his big following among picture patrons.

COLUMBIA

"If you have a weakness for anything you'll get it if you want it badly enough," says Mae Murray, star of "Jazzmania," now at the Columbia Theatre. "That's been my motto, and to it I attribute my stage success."

"In my own case I wanted to be a dramatic actress. I could dance well—I was in Ziegfeld's Follies for several years—but I never got an opportunity to really express myself. So I capitalized my dancing ability and it brought me to the place I wanted to reach finally. In fact, my dancing was the key when I was a member of the Follies."

"This sounds unusual, but it's every bit true. In that production one of the novelties was a short motion picture interlude. The audience found itself gazing at another audience on the screen. Down the aisle of this picture theatre I came and walked up to the stage. The screen was then raised, and there I was in person on the regular stage of the New Amsterdam Theatre."

VICTORIANS BUY SAANICH ACREAGE

Well-Known Citizens Show Confidence in Peninsula Property

Confidence in Victoria and its immediate environs has led to a considerable number of sales in Saanich acreage recently. Among the latest deals recorded are those of Stephen Jones, of the Dominion Hotel, and George T. Young, of Arm Street, each of whom acquired a considerable tract of acreage in Saanich.

Mr. Jones has purchased fifty acres of waterfront property near Sidney, and Mr. Young has purchased a similar tract at that point. It is the intention of the purchaser to improve the grounds, making it a pleasant country place.

A farm at Saanichton is the object of Mr. Young, where he has purchased sixty-two and a half acres. The house on the property is nearly completed.

ELKS ENTERTAIN GRAND EXALTED RULER IN CANADA

W. Frank Murphy, of Montreal, Grand Exalted Ruler of the Benevolent Protective Order of Elks in Canada, left last evening for Powell River, where the Elks Lodge No. 63 is located. He will then visit Nanaimo, returning to Vancouver on Sunday to leave for the East.

After a drive around the city yesterday he was entertained at dinner at the Hotel Vancouver by Mr. and Mrs. A. F. Youngs, Montreal Street. Alex Peden, exalted ruler of Victoria Lodge No. 2; W. Neild, secretary, and J. Stevenson, leading knight of Montreal Lodge No. 54, in which Mr. Murphy is exalted ruler, were also guests at the dinner.

After dinner the Grand Exalted Ruler attended a special session of the local lodge and there delivered an address praising the local lodge.

NEWS AND NOTES FROM THE MINES

The Dunwell is shaping up like a real mine, in fact numbers of experienced mining men who visited the property this week are emphatic in the statement that there can now be no doubt as to the value of the property, says the Portland Canal News.

In the lower tunnel, which has been driven 290 feet, reaching a vertical depth of 240 feet, the vein has been penetrated 40 feet without the footwall being reached, and a large proportion of the ore is of good milling grade, with some of it showing high values in silver. This is an east and west vein, and 50 feet more of cross-cutting should reach the intersection of a north and south vein which carries native silver and silver sulphides in a shoot that has been opened up in the present workings.

The success of this property is by far the most important event in the history of mining on the Bear river, and residents, as well as the owners and management of the property are naturally elated.

Duthie has examined several properties on the Babine range, but due to snow he came to no decision as yet in regard to them. He told The Herald that he expected to be in Hazelton the end of this week to examine the new vein Hugh Harris has been working on on the Lake View group adjoining the American Boy.

To Make Investigation

For the purpose of making a geological examination of the Sunshine group on Glacier Creek and the George Copper group on Bear River, both of which are under bond to the Granby Consolidated Mining and Smelting Company, Doctor A. J. Bancroft, geologist for the company, and E. J. Conway, field engineer, have arrived at Stewart, from Anxoy and will spend considerable time in the district. H. S. Munroe, general manager for Granby Co., Mrs. Munroe, Col. Crabbs, of New York, president of the company, and Dr. Probert, Dean of Mining, at the University of California, and a friend of Mr. Munroe, who is up on a visit, are also in Stewart. The party inspected the Bear River bridge, and then returned to Anxoy, with the exception of Dr. Bancroft and Mr. Conway.

"TIZ" FOR ACHING, SORE, TIRED FEET

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunions, tortured feet of yours into a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

A few cents buys a box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel.

GAS IN THE STOMACH IS DANGEROUS

Recommend Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach, accompanied by that full, bloated feeling after eating, are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and acids, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often resulting in the most serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few cents of Blaud's Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will draw the gas, wind and bloated feeling out of the body, and prevent its formation. Blaud's Magnesia is a natural, non-toxic, and the best form of magnesia for stomach purposes. It is used by thousands of people who suffer from stomach with no more fear of indigestion.

FIVE OUTSIDERS FIRST AT POST AT BRIGHOUSE

Biggest Surprise of Day's Racing in First Event; Long Prices Prevail

Vancouver, July 6.—Favorites found it pretty hard going at Brighthouse yesterday, five of the seven events on the day's card being copped by outsiders. In three of the races the favorites finished outside of the money altogether.

The biggest surprise of the afternoon came over in the first race, when Moller gave Day of Wrath a strong ride in the stretch to beat Nick Klein by half a length. The winner gladdened the hearts of his backers by paying \$28.90 on a nose ticket.

The second race saw another long shot come over when Blind brought down a hander with a length ahead to nip Miss Grace Denny at the finish. The favorite, Maud Harvey, was a close third. Lester paid \$19.65 for the place.

Mohr again scored in the third when he kept Clare Francis within half of Killarney Belle all the way, and beat her out in the final sprint to win going away. Francis paid \$17.35 for straight bets.

First Favorite. The first favorite to get home turned up when Incognance romped away from the field in the fourth race, with Private Peat and Robert L. Owen taking the place and show.

Breeze was an odds-on choice in the fifth and justified the confidence of his backers by a convincing victory. Double Van and Tawassentha got most of the play in the sixth, but with three furlongs to go, the whole way around, and responded stoutly to the whip when Tawassentha challenged in the last 16th. He paid \$9.20 to win. Double Van took the show money, four lengths behind Tawassentha.

Long prices resulted again in the seventh event when Peace Flag forged in front on the turn to draw Lady Leonid. Peace Flag paid \$11.25 to win and the Lady paid \$18.25 to place.

Summary of Results. First race, 5 furlongs—1, Day of Wrath (Moller), \$28.90, \$11.15, \$6.15; 2, Nick Klein (Garzan), \$8.55, \$2.50; 3, A. G. Corley (Dawson), \$3.40; 4, Scratches, C. O. Doren, Time, 1:03.

OLYMPIC MEN AT WILLOWS SATURDAY

Good Entry of Coast Track Talent for Police Sports To-morrow

Chief Fry, of the Victoria Police Department, built for speed, is regarded as the most likely winner for the 100 yard dash for chief constables, one of the feature events of the police sports at the Willows to-morrow. The race is exciting a lot of interest among the law guardians.

Chief Brogan, of the Saanich Department, and Chief Dawley, of the Esquimalt Department, offer opposition to the city chief, but though the outcome of the race is still in doubt on preliminary training, Chief Fry with his range is believed to have a decided edge over his two heavyweight opponents.

Seattle is sending over fifty athletes, including Constable Walsh and Constable Watson, both Olympic men. Included in the twenty-five expected from Vancouver will also be two Olympic men, Cameron and Murdoch.

One of the outstanding events is the 800 yards race for the Lieutenant-Governor's cup, for which a big entry representative of the coast has been received. The Police commissioners' race for the cup donated by Reeve Lockley is also creating a lot of interest.

KEARNS WILLING FOR FIGHT WITH NEGRO

Harry Willis Mentioned as Fight Prospect

Great Falls, Mont., July 6.—Harry Willis, negro heavyweight, probably will be Jack Dempsey's next opponent, probably on Labor Day, Jack Kearns, manager of the champion, said to-day.

"We want to box Willis if for nothing more than to convince the public that Dempsey does not draw the color line and has no fear of him," Kearns said to-day.

Not more than 12,000 persons witnessed the Fourth of July fight, according to the collector of internal revenue in Montana, who said that the gate after breaking down the barbed wire entanglements.

With the departure of the champion, Great Falls started the march back to normalcy with a better understanding of the term. Several merchants in heavily buying novelty goods which they had expected to unload before the fight. One merchant found himself loaded down with novelty goods which he had expected to sell to occupants of the cheaper seats in the fight arena at Shelby.

Demerol, Iowa, July 6.—The tritrites, Rock Island and Soline, the Davenport, are bidding to be the bid for a second bout between Jack Dempsey and Tom Gibbons. Through the Exchange Club of Rock Island, a telegram was sent to the managers of the fighters assuring them that satisfactory arrangements could be made immediately.

ANOTHER OFFER FOR A SECOND BATTLE

Two Fighters Who Train With 100-lb. Sugar Sacks Enter Novice Competition

What promises to be one of the chief attractions of the United Service's boxing tourney to be held on July 11, will be the contest between J. A. McAllister, of the Pacific Transfer Co., and Fred Snelling, of Victoria Baggage Company. Both of these huskies are entered in the heavy-weight division of the novice competition and are reputed to be real fighters of the Dempsey type.

According to rumors emanating from the waterfront, where these two huskies do their training with 100-lb. sacks of sugar, there is intense rivalry between these two boys, and it is expected that the fur will certainly fly when they meet in the padded ring.

Scotty McKay has been coaching Snelling in the fine points of the game while McAllister is working out with Al Davies. Most of the novices are a little afraid of the service rules as applied to the boxing game, and have requested that this competition be conducted under the prevailing Canadian rules which call for referee in the ring, and it is quite possible that arrangements will be made to conduct the novice contests under local rules.

Eager But Very Poor Many Russians Seek Entry Into States

Refugees From Siberia Via Shanghai and Yokohama Here To-day On SS. President Jackson En Route to Seattle; 314 On Board

Eager faces peered over the stern rail of the Admiral-Oriental liner President Jackson this morning when docking at the Ogden Point piers following the completion of her voyage from the Orient. In the steerage quarters of the ship traveled 315 Russian refugees from Siberia who are looking forward with gleeful anticipation to the new life they all hope to lead on this continent of liberty-loving people.

Fine Class of People
Among the refugee party were people of good breeding who, in better times, were not accustomed to traveling steerage class.

General Bobrik saw service with the Russian army, and General Salovey held an important mining post in Central Russia before the revolution.

Baron von Kleist is a Russian with a Prussian name who also was among the refugees seeking work.

But Little Money
The Russian refugees have little money, but all of them arriving by the President Jackson managed to scrape enough together to pay for the steerage passage and leave a little for the United States.

More Coming
These are the advance guard of Russians who expect to cross the North Pacific to tide them over within the quota of Russian nationals allowed into the United States. Other large parties of Russians are expected here by boats expected to arrive within the next few weeks from the Far East.

They are in such poor circumstances, however, that the majority will be unable to make the journey. Two hundred and sixty-one of the Russians boarded the Jackson at Yokohama, while fifty-three embarked at Shanghai. The Russians arriving here to-day are of a splendid type, and would make industrious settlers. The majority of them are well educated, and a few speak several languages.

SCOTLAND BRINGS MANY PASSENGERS
Prominent Members of British Masonic Grand Lodge Reach Quebec

Quebec, Que., July 5.—The Canadian Pacific liner Empress of Scotland, Capt. K. Millie, arrived and docked at Quebec yesterday afternoon from Hamburg, Southampton and Cherbourg with 949 passengers, including 195 first, 153 second and 601 third class, as well as cargo and mail. Some of the prominent passengers in the saloon were the Right Hon. Lord Amthill, Sir John Ferguson, Lieut.-Col. M. Hamilton Woodbourne and Mr. A. A. Carlyle, prominent members of the British Masonic Grand Lodge of England, sent out by His Royal Highness the Duke of Connaught to officially represent British Masonry and to carry greetings from the Grand Lodge of Canada to be held in Toronto.

The distinguished party, who took passage on the Empress of Scotland from Southampton on June 27, in an interview made the statement that they greatly enjoyed the sea voyage and trip up the St. Lawrence to Quebec. On their arrival they proceeded to the Chateau Frontenac and from here will proceed to Truro, N.S., where they will be met by a deputation of the Grand Lodge of the Maritime Provinces, who will extend greetings to the visitors on behalf of the Grand Lodges of Nova Scotia and New Brunswick.

Among other prominent saloon passengers who arrived on the Scotland were Major-General Sir Newton Moore, director of the British Empire Steel Corporation, who has come out to Canada to attend the meeting of the board of directors and visit the company's Nova Scotia plant.

Sir Newton left for Montreal this evening, accompanied by Mr. Norcross, Mr. R. McCallum, Mr. J. A. Barrett, of Colport, England; Lady Roddie, Montreal; K. B. Mackie, plant manager of the Standard Baker Corporation, Detroit, Michigan; and Mrs. Mackie; Mr. C. H. Eason, general manager of the Standard Bank of Toronto, accompanied by the board of directors and visit the company's Nova Scotia plant.

Enjoyed Voyage
The distinguished party, who took passage on the Empress of Scotland from Southampton on June 27, in an interview made the statement that they greatly enjoyed the sea voyage and trip up the St. Lawrence to Quebec. SEEK RETURN OF CAPTURED BEER
Some 632 Dozen of Beer at Stake in Application Before Police Magistrate

An application was made to-day by the Rainier Bottling Works, a Mainland firm, for the return of 632 dozen bottles of beer held by the Liquor Control Board. Before Magistrate J. E. in the Provincial police court, the case was heard, as a sequel to the raid by the authorities on Smugglers' Cove, Chatham Island. The raid was made by officers of the Royal Canadian Mounted, Provincial police and customs officers on June 2, when a large quantity of liquor, several boats and their crews were taken.

The application was made under Section 48 of the Government Liquor Act by Frank Higgins, K.C., for the firm of H. Macdonald, K.C., acted for the Crown, while A. M. Johnson, K.C., chairman, and Col. McGugin were present for the Liquor Control Board.

Henry Goodwin, of the Rainier Bottling Works, testified that the beer seized on the hulk Emma H. was that belonging to his firm. Pressed as to how the firm knew this to be a fact, witness stated the beer had been exported to the order of Thomas Clark and Herbert Halliwell, of Seattle. A man named Emery was to have collected the money for the shipment, and turned it over to the vendors, said witness. Pressed for proof of identification in connection with the beer, witness stated that he had been looked akin to any other to him, but produced dockets purporting to show that the beer on the Emma H. was the beer mentioned in the order for export produced. No customs regulations had been broken, declared witness, and the export had actually been made.

At this stage Mr. Higgins begged leave to adduce further testimony, and the hearing was stood over.

President Jackson Made Excellent Run Here From Far East

Admiral Oriental Liner Docked Here This Morning After Passage of Slightly Over Nine Days From Yokohama; Big Celebration Held Aboard On Night of July 4

After a passage of nine days eight hours from Yokohama the American liner President Jackson, of the Admiral-Oriental Line, reached port this forenoon. The liner sailed from Yokohama three days behind schedule owing to slight delay at Oriental ports but she made up a day on the homeward run in spite of some bad weather.

Capt. John Griffith, her commander, stated that his ship averaged 18 1/2 knots for the voyage. The President Jackson brought in a large list of passengers made up of 154 first cabin, 95 Chinese steerage and 214 Russians in the steerage quarters.

Senator Walsh of Montana. Among the saloon passengers was Senator Frank J. Walsh, of Montana, who has been visiting his daughter in Manila and making investigation in connection with the silver market in the Far East.

R. W. Bruce, Admiral-Oriental agent at Kobe, was a passenger bound to Seattle. He was met at the pier by his wife and baby.

Rev. G. F. Draper and Rev. A. King, the latter of Tientsin, are missionaries who have spent some time laboring in China.

E. J. Manion, of the Blue Funnel Line, who has been looking into the Oriental field, returned by the liner from Japan.

Twelve first class passengers disembarked here and a party of Chinese.

The Jackson carried a big Oriental cargo, including 3,000 bales of raw silk.

Holiday Celebrated.
The American holiday, July 4, was celebrated in a time-honored style aboard the ship with sports and a big dinner and concert at night.

A party of Russian singers, picked from the steerage travelers, entertained the saloon passengers in the lounge. The Russian singers were led by Machinin, a splendid baritone.

Senator Walsh collected a purse of gold for the Russian contributors to the concert programme.

The President Jackson landed some freight here and proceeded at 11 a. m. for Seattle.

CUT IN EXPRESS RATES TO EUROPE

Dominion Express Announces Reduction of About 20 Per Cent in Ocean Rates

Montreal, July 6.—A reduction in express-rates between Canada and Europe was announced by the Foreign Department of the Dominion Express Company here to-day. This reduction is on freight both east-bound and westbound shipments, and amounts to a cut of approximately 20 per cent, on the trans-oceanic trip. The rates will come into effect on July 9 between all points in Canada and Europe. Under recent conditions of somewhat restricted movement of goods, Canadian importers have taken advantage of express service in the bringing of small lots of goods into the country, an arrangement which in times like these is better than ordering heavy lots and waiting for a slower market. The average time of carriage from London or Paris to Eastern Canada is about ten or eleven days. Express shipments from Europe to the Orient via the country are now frequent occurrences. The Dominion Express has just effected a shipment from Hamburg to Kobe, Japan, in thirty-two days. The average time consumed between the same two points via the Suez Canal is forty-nine days and the saving thus made by the Canadian route will be of great importance in helping make this country the road between Europe and the Orient.

THE TIMES DAILY PICTURE PAGE

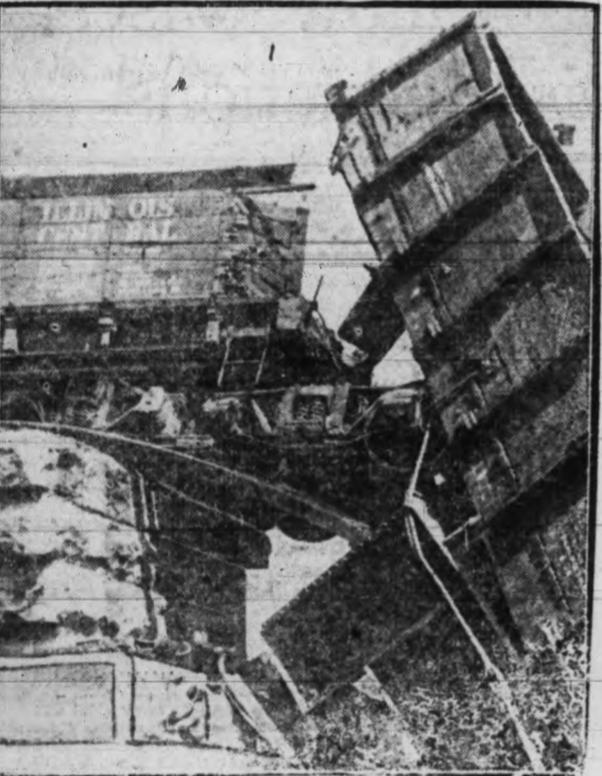

CALADIUM, the winner of the Hamilton, Ont., Derby, is a 3-year-old brown colt by Valcain-Cadeaux, and is owned by Charles H. Hughes. He covered the mile and a quarter in 2:00 flat. The rider is Jockey Scobie, who had three winning mounts on Hamilton's opening day.

SKIPPER OF TOONERVILLE TROLLEY MINDS BABIES.—Showing the two-mule power line and its "skipper," F. B. Campbell (at left). The car traverses a South Side street ten hours a day. Campbell has been its driver and conductor for years. Often he's called upon to do his passengers' marketing. And sometimes he minds the babies, too!

HILTON A. BELYEA, OF ST. JOHN, N. B.—A strikingly human picture of the veteran St. John fisherman, who sprang into real prominence last year when, after years of rowing, he beat Bob Dibble for the Canadian single sculls championship. He also won his heat in the Diamond Sculls event yesterday at Henley, England, defeating the Swiss entry.

A STEEL TRESTLE unexpectedly collapsed in Indianapolis with the result that eight freight cars dropped thirty feet into the creek beneath.

MYSTERY "WOMAN".—Mrs. Francis Thompson, arrested in Chicago, was found to be "Fred Thompson" in disguise. He is said by police to have been identified as the "woman of the leering smile," who cold-bloodedly shot down Richard G. Tesmer as Tesmer and his wife were putting their auto in the garage in the fashionable North Side district. The prisoner first was booked as a woman. At top he is shown in feminine attire.

ANDREW KAY, professional at the Lambton Club, winner of the open championship of the Ontario A. G. A. at Lakeview last week.

THE PREMIER'S WIFE.—Mrs. G. Howard Ferguson, attractive wife of the new premier of Ontario.

WIND'S BOWLING ALLEY.—The worst storm which Ontario has ever had struck the southwestern part of the province last week. Above are shown a row of eight telegraph poles, which were knocked down like nine-pins in the vicinity of Cooksville.

TEXAS FLOOD TURNS FLIVVERS INTO GONDOLAS.—After the deluge which swept Texas and Kansas for two weeks, Beaumont, Tex., looked like an American Venice. Flivvers became gondolas.

NEW MEMBERS OF WOMEN'S NATIONAL COUNCIL.—Among the new officials elected by the National Council of Women of Canada in annual session at Halifax last week are: Left, Mrs. Willoughby Cummings, second vice-president, and Mrs. Horace W. Parsons, corresponding secretary.

SCHOOL DAYS By DWIG

IN MATRIMONIAL SPOTLIGHT.—First photo of Andree LaFayette, French movie actress, and Max Constant, also of the French stage, since their recent marriage in Hollywood. Their romance started while they were playing in the film version of "Tribby" in Paris. Miss LaFayette tripped into the movies on feet described as "perfect."

TO TRAVEL.—Latest portrait of Miss Ailsa Mellon, daughter of the Secretary of the United States Treasury and hostess for him. She was abroad with him and her brother, Paul Mellon.

CALVE AS GUIDE TO STUDENT GIRLS.—Mme. Emma Calve noted soprano (right), conducts pupils studying at her chateau through the Summer on daily promenade through Paris.

WOULD CHECK ORIENTAL TRADING

Bakers and Cake Makers Decide That Action Must Be Taken Immediately

An objection to Chinese traders being allowed to spread their places of business indiscriminately over the city in all localities, and in this way making a source of harmful competition for white grocers and dealers generally, was raised at a meeting of the Bakers' and Cake Makers' section of the Retail Merchants' Association last night. The group held its meeting in the offices of the secretary, J. W. Wallis, 304 Sayward Building, and was presided over by W. S. Northington.

The action of the executive of the Association in connection with the Oriental question was endorsed, in view of the fact that the Chinese traders and peddlars were having such an injurious effect upon trade in this city.

The great number of Oriental trade licenses already held here was a fact that urged the merchants seriously to discuss the question as it vitally affected every line of business in Victoria. It was at length decided that some sort of limitations must be placed in the city regulations restricting Oriental trading.

The meeting approved, also, of the action taken by the executive of the association in connection with the trades licenses. The City Council was approached on the matter of reduction of the fees, and improvement were suggested. The Council will consider the proposal concerning the licenses to-day.

It was further decided to recommend to the executive that plans for a gigantic get-together picnic be arranged with a view to furthering the strength of the branch. It was stated at the meeting that the druggists, confectioners, bakers, cake makers and music stores were now 80 per cent. strong in the association. It was also decided that the section that met last night should every month for such time as it was otherwise decided.

H. O. Kirkham and E. A. Humphries had delegations to the City Council this afternoon in connection with the proposed license problem. It is expected that the representatives of the Retail Merchants' Association will give the Council several warm arguments against the proposed increase of the trades license fees in certain lines.

FOUR-YEAR-OLDS LEAD IN SOCKEYE RUN UP THE FRASER

(Continued from page 1.)
exposed in Puget Sound, the spawning escape that annually reaches the hatchway has maintained itself without reduction, demonstrating that fishery protection at that station, at least, is successful.

The prevailing type of the run of sockeye to the Fraser in 1922, as in the ten previous years, consisted of the one-year-in-the-lake type. The members of this group resided in their native lake for the first year after hatching, passed to sea in their second spring, and returned either in their third year as mature male grilse, or in their fourth, fifth, or sixth years as mature members of both sexes. The grilse are always in relatively very small numbers, the four-year fish largely predominate over all other year classes, the five-year are second in importance, and the six-year fish extremely rare.

Resembles 1913 Run
The report shows that the sockeye run to Rivers Inlet consists of fish that spent their first year in the lake, migrated to sea in their second spring, and returned as mature spawners in their fourth or fifth year. The run consists of these two classes, and the only variation that occurs from year to year is in their relative proportions. The run of 1922 was highly unusual in the fact that throughout the season the four-year fish were far more numerous than the five-year fish. The only previous year that affords a parallel with 1922 is 1913, when a pack of 61,000 cases was made, and the run consisted of 50 per cent. of four-year fish and only 20 per cent. of five-year fish. In this respect it closely resembles 1922 with its 82 per cent. of four-year fish.

Sockeye in North Lighter.
As in the case of the sockeye run to the Naas, the Skeena River produced a satisfactory run. The pack of 100,667 cases was the best since 1919, and was slightly better than the average for the brood-years that produced it. The brood-years were 1917 and 1918. Judging the size of their runs by the pack they produced, the two, Dr. Gilbert shows, were very unequal. The year 1917 was one of the poorest years on the Skeena, with a pack of only 65,760 cases; while 1918 was one of the best years with 123,222 cases. As 1918 was responsible for the four-year fish in 1922, it is interesting to note that they were the dominant group, consisting of 81 per cent. of the run, and the five-year fish but 18 per cent. It is also interesting to note that the sockeye that ran to Rivers Inlet, and the Skeena, and Naas Rivers in 1922 averaged less in length and weight than for a period of years. The most plausible hypothesis that Dr. Gilbert offers is that the dwarfing was occasioned by conditions unfavorable to normal growth during the early part of the season in which they matured.

As has been the custom since 1901, the Department conducted investigations of the spawning areas of the Fraser, Skeena and Naas Rivers and Rivers Inlet, and detailed reports are printed in the appendix.
