MEDICAL.

AYER'S PILLS.

PILLS THAT ARE PILLS!!

PROFESSOR HAYES, State Assayer, of Massachusetts, says that the basis of all Pills, as annexed are the most who certify that Doctor Hayes knows, viz:

H. J. GARDNER, Gov. of Mass.
EMORY WASHBURN, Ex-Gov. of Mass.
SIMEON BROWN, Lieut. Gov. of Mass.
E. M. WRIGHT, Secretary of State of Mass.
JOHN S. PITZPATRICK, Cath. Bishop of Boston.
PROF. JOHN TORREY, of the College of Physicians and Surgeons, New York City
DR. C. T. JACKSON, Geologist of the Public Lands of the United States.

MEN THAT ARE NEW!!!

Among the diseases that Pills has cured with astonishing rapidity, we may mention

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid taxation of the Bowels, and pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula, or King's Evil. They also, by purifying the blood and stimulating the system, cure many Complaints which it would not be supposed they could reach: such as Deafness, Partial Blindness, Neuralgia, and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstructions of its functions. They are the best Purgative Medicine ever discovered, and you will best need to see them to prove it.

Prepared by Dr. J. C. AYER, Lowell, Mass., and sold by every respectable Druggist in the United States.

Holloway's Ointment and Pills, the most celebrated Remedies for the Cure of Sore Arms.—Samuel West worth, of Norway, Maine, was for five years afflicted with sore arms. The sores were of different sizes on them, and the tying nature of his business (a boot maker) made him so much worse, that despite of his wishes, he was compelled to relinquish it. He tried various remedies and they failed to benefit him; however, about thirteen weeks ago, at the recommendation of friends, he began the cure to Holloway's Ointment and Pills, which very soon made him better, and he called on Professor Holloway, four weeks since, to show him his arms, which were quite well, and with scarcely the scars perceptible.

***SOLD AT THE ESTABLISHMENT OF Professor HOLLOWAY, New York and London, also by all respectable Druggists and Dealers in Medicines throughout the United States, in pots and boxes, at 25 cents, 62½ cents, and $1 each. To be had wholesale of the principal Drug Houses in the Union.

N. B.—There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box and Pot.

No longer a Doubt as to the nature of Diseases, or their Successful Treatment.

A New System for curing all Diseases, by an Analysis of the Urine.

THE greater number of mankind are almost incurable from uncertainty as to their true nature; the normal means of ascertaining and curing them is obtained from an analysis of the Urine. By this mode it is impossible to be led astray, and this, we believe, is the chief aim of medical science.

MR. NADO,

An Flev of the Marine Hospital of France,

of Mr. A. Barrot, and of G. Berlin, a learned French chemist, has just established his Laboratory at No. 57 Bourbon, between Conti and Bienville streets, where, in pursuance of the infallible method he professes, he will soon deserve the confidence of the inhabitants of New Orleans, by the numerous cures effected by such means.

Mr. Nado cures all diseases, Yellow Fever included, and, moreover, prescribes a bath, which, as all are aware is alone dependent upon the regularity of the functions of the stomach; and for the purpose of advising as a correct knowledge of the chemical reactions which occur in the organization, and particularly of the metamorphoses undergone by organic matter suffered through the stomach by the action of the functions regulating nutrition, there is no more certain course to be observed than an analysis of the Urine.

The course of treatment and medication followed by Mr. Nado is the most learned physicians of the hospitals of Paris, especially in cases of grave illness, are based alone upon the data obtained from an analysis of the Urine. And it is thus, that throughout Europe, even in remote rural districts, persons possessing no other knowledge of the art, save that derived from a matter examination of the Urine, are enabled to combat successfully their cures of all maladies.

Note: For the purpose of consultation at the Laboratory, persons calling must bring with them a certain quantity of Urine newly emitted by the sick person residing at a distance. Such can, after that, be treated and cured with the same certainty.

Mr. Nado will also analyze Urine submitted to him by city and country physicians.
