HEADQUARTERS
TOYAMA CIVIL AFFAIRS TEAM
APO 301

319.1

28 August 1949

SUBJECT: Agricultural Land Commissions Elections (Report Control Symbol MG 22 R1)

TO : Commanding General
Eighth Army
APO 343

Attn: Legal and Govt, Civil Affairs Section

1. Reference: Paragraph 7, Operational Directive 19, 2 April 1949 as amended by Operational Directive 19/1, 15 June 1949, your headquarters, and letter your headquarters dated 7 July 1949, subject, Reports required for Agricultural Land Commissions Election.

2. Reports as required by paragraph 2 of letter reference are negative.

3. Paragraph 3, a of letter reference complied with as per inclosure number 1.

4. Report as required by paragraph 3, b and c are as follows:

a. According to investigation conducted by the Local Section of the Prefecture Office the political party breakdown of candidates is as follows: Democrat-Liberals 665, Democrats 336, Socialist 191, Peoples Cooperative and Farmers Cooperatives 507, Communists 22, others 1,082.

b. There will be ~~re~~elections held in twenty districts due to the lack of sufficient candidates. Of these twenty there were six districts in which no candidates were up for election.

c. As of 11 August (closing day for the filing of candidates) 119 districts of the total 256 were to have competitive elections. However, by election day there were only 86 due to the withdrawal of candidates.

d. The percentage of eligible voters actually voting was 85%.

Incl 1

e. The preceeding paragraphs tend to indicate the continuance of semi-fuedalistic control exercised by local political powers. The old system of pre-election of selection of candidates by local bosses to the exclusion of other interested parties is still in evidence.

f. Lack of interest by potential candidates seems to stem from the fact that the Agricultural Land Reform Program is practically completed.

g. Publicity was varied. 82,000 leaflets, one per farmer, were distributed when received from the Ministry of Agriculture and Forestry. Utilization was made of local information officers in each of the districts. They aided in the holding of round table discussions mainly with youth and women groups. Posters were in evidence on all local bulletin boards indicating the purpose of the election and exhorting the populace to vote. 1,500 were distributed in the 256 districts. Press coverage was very satisfactory.

h. No prominent campaign issues or significant political strategy was observed or reported. Selection by voters of candidates seemed to be based on experience, personality and especially by whom they were backed. Lack of any definit trends or issues is attributed to the Local nature of the elections.

i. No serious violations of the election laws have been observed or reported.

FOR THE CHIEF:

Incl.

Backing.
