## SIX DAY CARNIVAL IS DISCUSSED BY LOCAL LEGION

### Members Hear Details of Big Celebration; Parade Will Be Elaborate Affair

The Glendale American Legion Post held its regular weekly business meeting at the Legion hall last night, with a good-sized crowd of members in attendance. The session was turned over entirely to business, consisting mostly of committee reports and announcements of various functions to be held in the near future.

The principal topic of the evening was the coming six-day circus and celebration which the local Legionnaires will conduct here during Armistice week. W. B. Kelly, member of the executive committee and who is to be in charge of the boxing and wrestling bouts to be staged on Armistice day, made a brief speech telling of the nature and giving a complete description of the various attractions to be staged at the show, which is to be the largest similar affair ever held in Glendale.

Mr. Kelly stated that the separate boxing show that will be put on independently by the Legion is to be a high class affair, with a number of well-known southern California performers taking part.

Plans for Parade  
Dru Nicoles, who is to have charge of this year's Armistice day parade, reported that plans for the big annual procession have been completed and that this year's event will far surpass any that have been conducted heretofore.

He announced that invitations to participate in the celebration have been sent to the various local lodges, clubs and other organizations, and it (Continued on Page 2)

## General Market Has Secured Quarters In New Business Block

Two of the stores of the building at the southwest corner of North Brand boulevard and Doran street, now under course of construction by the Rommel Construction company, 131 South Brand boulevard, have been leased by Land & Son of Los Angeles and will be opened November 1 with a first class grocery and general market, stated H. E. Rommel today.

The progress made in construction has been very rapid, says Mr. Rommel, as the building, he states, will be completed and occupied in less than sixty days from the time work started.

Within two weeks the Rommel Construction company has progressed with the business block of S. Z. Walters, northwest corner of South Brand boulevard and Maple street, to the extent that the building is now practically ready for the roof, said Mr. Rommel today.

## Building Material Man May Locate In Glendale

William Blaikie and family of Seattle, Wash., while enjoying a motor trip to Los Angeles, visited Glendale Thursday afternoon, making a call at the Circle Real Estate company, 130 North Brand boulevard. Mr. Blaikie has been engaged in selling building materials in Seattle for the past sixteen years and on his trip here was so well impressed with Glendale as a place to make his home and to engage in business that he is contemplating making a purchase here, says A. H. Barnes of the realty company.

Mr. Blaikie was accompanied by Mr. and Mrs. Carrol Jeffries, formerly of Chicago, but now of Seattle.

## Literary Section Will Hold Gathering Monday

Mrs. Frank C. Ayars and Mrs. L. W. Needham of 315 North Orange street will be hostesses Monday afternoon to the members of the literary section of the Tuesday Afternoon club, of which Mrs. F. L. Hollingsworth is curator. At that time current events will be discussed and there will be a book review on "The Education of Henry Adams."

## COLLEGE HEAD TO SPEAK

Dr. Rensen DuBois Bird, president of Occidental college, will address the Y. M. C. A. captains and their teams at the Presbyterian church at noon tomorrow relative to the drive that will be launched to raise the \$4,000 budget for Glendale district. Dr. Bird will address the gathering on the value of Y. M. C. A. work to boys and young men. A large number is expected to be present to hear Dr. Bird, as he is an interesting and convincing speaker, and this is his first address in Glendale.

## WILL ENTERTAIN VISITORS

Mr. and Mrs. A. H. Montgomery of 415 South Central avenue will entertain as their Sunday guests Lieutenant and Mrs. Wakeman and son Thomas of San Pedro.

## Assistant Postmaster Tells of Department Plans for Glendale

D. Ripley Jackson, who has been appointed acting postmaster for Glendale, effective December 31, received a communication from Congressman Walter F. Lineberger today in which the latter quotes Dr. Hubert Work, first assistant postmaster general, on the change here as follows:

"Referring to your interest in the establishment of a postoffice at Glendale, Calif., in place of the present Glendale branch of the Los Angeles postoffice, I have to advise you that an order has been made authorizing the establishment of a postoffice at that place and appointing D. Ripley Jackson as postmaster, effective December 31, 1921.

"The bond for execution as postmaster has been sent to Mr. Jackson. When this bond is returned to the department in proper form he will be commissioned. On January 1, 1922, the postoffice will be advanced to the presidential class."

## PROGRAM OF MUSIC APPRECIATED BY CLUB MEMBERS

### Local Artists Win Praise at Concert Given by Glendale Musical Organization

The program given last night in the music room of the high school at the meeting of the Glendale Music club, of which Mrs. Mattison B. Jones is president, was one of unusual beauty and artistry, the artists appearing being Mrs. Enona Hopkins, Keamoku A. Lewis and the Arion quartet.

Mrs. Spencer Robinson, chairman of the program committee, had directed the arrangement of seats and decorations in the music room. With the background of greenery and huge white chrysanthemums, the golden harp, dainty evening dresses of the women artists and their gold and silver slippers made a very beautiful effect.

The playing of the Arion quartet, which includes Neva Chibberg, first violin; Mamie Smith, second violin; Marion Matthews, cello, and Enona Hopkins, harpist, was quite wonderful and called for repeated encores. The harp accompaniment in the first number, "The Swan" (Saint-Saens), was quite unusual. Every number, however, was equally good. As an encore the last number they played "Ibello" (Lack).

Well Received  
Mrs. Enona Hopkins, harpist, again won her audience with her wonderful technique. Keamoku A. Lewis, concert baritone, was heartily received, and sang several encores. He was accompanied at the piano by Mrs. Robinson. Especially pleasing was his rendition of the "Aria" from "Pagliacci." One of the encores given by him was "Mother of Mine" (Tours).

The programs given the third Fridays of every month include numbers by local artists who are members of the Glendale Music club. In this way it not only keeps the local artists before the public but gives the members of the club an opportunity to become better acquainted. Both Mrs. Hopkins and Mr. Lewis are members of the club and residents of Glendale.

Hold Business Meeting  
At the business meeting, which preceded the program, Mrs. Grace Jackson was appointed assistant corresponding secretary. Mrs. E. W. Kinney, chairman of membership, announced that she was planning a membership drive for November and that the goal was to secure 100 more subscription members. These business meetings are open to all and deemed (Continued on Page 10)

## Mrs. A. R. Chappell Is Sewing Club's Hostess

Mrs. A. R. Chappell of 338 Vine street was hostess Wednesday at luncheon to the members of the Pioneer Drive sewing club. The guests included Mrs. C. M. Van Dyke, Mrs. Clarence Challis, Mrs. J. D. Vinton, Mrs. J. W. Andree, Mrs. H. L. Bullinger, Mrs. Mary Griggs, Mrs. R. E. Fry and Mrs. C. H. Pendleton. The next meeting will be held at the home of Mrs. Van Dyke. Following a very delicious luncheon the afternoon was spent in music and needlework.

## INSPECTION OF TEMPLARS

The Glendale Commandery, No. 43, Knights Templar, will be visited by state officials for the purpose of inspection, Monday night, October 31, it is announced by Daniel Campbell, 1267 South Brand boulevard. Among the officials who will be present is State Commander Parks of Long Beach. The Glendale commandery is looking forward to the inspection with much interest and a large number is expected to be present.

## A NEW GLENDALE RESIDENT

Mr. and Mrs. Harold Armstrong are rejoicing over the arrival of an 8-pound baby boy, born to them at the Glendale Research Hospital last night, Friday, October 21, 1921. Mrs. Armstrong was formerly Miss Lela May Smith, daughter of Mr. and Mrs. Wirt C. Smith of 328 West Milford street.

## IMPROVEMENTS FOR GLENDALE AVENUE BEING SOUGHT

### Petitions for Betterments to Be Circulated; Resolution Realty Board Favored

The appointment of ten Glendale avenue boosters to circulate petitions during the next few days urging the city council to name a committee to meet with representatives of the Salt Lake route branch of the Union Pacific Railroad company for adjusting the steam freight conditions on Glendale avenue, the consideration of improving certain portions of the avenue, and a protest against any plans which might bring negroes to Glendale, were main features of the meeting of the Glendale Avenue Improvement association held in the council chamber of the city hall last night.

The meeting presided over by Harry C. Levey, 811 South Glendale avenue, president of the association, and Secretary Frank Marek, 212 North Verdugo road, was marked with an attendance that filled the council chamber.

Explains Petition  
The petition, prepared by T. W. Watson, was explained briefly by Mr. Levey, who pointed out that Glendale avenue was now being used by a steam railroad which gave no passenger service, that the property value was affected by such service, that steps should be taken in an amicable way, if possible, to get the railroad electrified, and that a petition be circulated asking the property owners in the Glendale avenue and vicinity to sign, requesting the city to appoint a committee to meet with a committee of the Salt Lake Railroad company.

It was also suggested that the (Continued on Page 7)

## Forty New Members Are Given Welcome Into Thursday Club

A most enjoyable meeting of the Thursday afternoon club, of which Mrs. E. V. Bacon is president, was held Thursday afternoon at the home of Mrs. Hartzall at Brand boulevard and Laurel street with about seventy-five members present. At that time forty new members were taken into the club.

A very interesting group of dialect readings was given by Ann Cavanaugh entitled "Street and Town Stories." The program had been arranged by Mrs. Kemper Campbell, chairman of the program committee. The business meetings of the club will be held the first Wednesday of every month at the branch library building on South Brand boulevard. The programs and social afternoons will be held the third Thursday of every month at the home of Mrs. Hartzall. Matters of civic, philanthropic, social and other club interests will be taken up during the year.

## Mrs. Effie Preston Is Hostess to Chapter

The regular meeting of Chapter B. A. P. E. O., was held yesterday afternoon at the home of Mrs. Effie Preston, 330 North Jackson street. There was a short business meeting, with Mrs. Madeline Kelley presiding. At that time Mrs. Kate Parker was appointed historian of the chapter. There was almost a full attendance of the members of Chapter BA, and one guest, Mrs. Donnelly, a member of the chapter in Orange.

The program for the afternoon included a parliamentary law drill led by Mrs. Kate Parker, which proved not only instructive but also created a great deal of fun. Following the meeting refreshments of cake and tea were served. The next meeting of the chapter, which will be an all-day meeting, will be held at the home of Mrs. Lola P. Bennett, state president of the P. E. O., at her home in Orange.

## Club Women Will Hear of South Sea Islands

The program for the Tuesday Afternoon club, which will meet Tuesday afternoon at Masonic Temple under the direction of the president, Mrs. C. E. Hutchinson, will be a lecture on the "South Sea Isles" by Aline Barrett Greenwood. She is an American, born in the south, and educated in Europe, and has traveled extensively in all parts of the world. She has just returned from an extended trip of the South Seas and members of the club are looking forward with interest to her lecture on this subject.

## DOROTHY ALICE BELL DEAD

Mrs. Dorothy Alice Bell passed away October 17, 1921, at a Los Angeles hospital, age 33 years. She leaves a widow, W. E. Bell, and daughter, Alice Bell of Victorville, and one sister, Miss Helen White, who was formerly a teacher in the Glendale schools. Funeral services will be held at the parlors of the Jewel City Undertaking company on Sunday afternoon at 3 o'clock. Interment Monday at Forest Lawn Memorial Park.

Realty Board Makes  
Plans to Hold Its  
Annual Meeting Soon

At the meeting of the governing committee of the Glendale Realty Board, held in the office of the president, Charles B. Guthrie, late Friday afternoon, plans were discussed for holding the annual meeting which is due November 3, and it was decided to try to secure the Intermediate school and to invite all the real estate dealers to participate in the meeting.

The application of Edith May Osborn to join the realty board was accepted. The members of the board are urging that there be a large turnout at the annual meeting, and are hoping that some plan of reorganization will be evolved which will insure a greater activity of the realty board, it is stated.

Owing to the situation which has arisen with respect to negroes coming to Glendale to live, the board passed a resolution to be presented to the city council, to the Chamber of Commerce, and to the meeting of the Glendale Avenue Improvement association which was held in the city hall last night. The text of the resolution appears in today's issue of The Glendale Evening News.

## R. L. KENTS DINNER HOSTS

Mr. and Mrs. Roy L. Kent of 522 North Central avenue entertained at a very elaborate dinner party last night the members of the office force of Mr. Kent. A color scheme of yellow was carried out in the table decorations of large yellow chrysanthemums, candles, place cards and nut baskets. Bouquets of large varicolored dahlias decorated the other rooms. The guests included Mr. and Mrs. A. L. Baird, Mr. and Mrs. Charles Cressey, Mr. and Mrs. P. J. Sheehy, Mr. and Mrs. John Fleming, Mr. and Mrs. T. W. Watson, Miss Sara Pollard, Mrs. Louise Pollard, Mrs. Jennie B. Dooze and Miss Beatrice Dooze.

Funeral services, the date of which will be announced later, will be held under the auspices of the local lodge of Elks at the Little Church of the Flowers, Forest Lawn Memorial Park. Pulliam & Kiefer undertaking company will be in charge.

## BLOSSOM MOORE HOSTESS

Blossom Moore, daughter of Mr. and Mrs. Clem L. V. Moore of 360 West California street, is celebrating her eighth birthday anniversary today by entertaining a group of her little friends at a birthday party this afternoon from 2 until 5 o'clock. The guests will include Patricia Carline, Catherine Gaylor, Cecelia Mae Fisher of Burbank, Muriel Curtis, Mary Phillips and Betty May Van Wormer. The Halloween motif and colors of black and orange are being carried out in the decorations. During the afternoon the little folks will amuse themselves with various games and refreshments of candies, ice cream and cake and other goodies will be served.

## CLASS HALLOWEEN PARTY

About fifty members of the Phila-thea class of the First Methodist church and their friends were entertained at a Halloween party given by the class last night at the home of the Misses Gladys and Lorena Alleady, 331 West Lexington Drive. The house was decorated throughout in motifs suggestive of Halloween, with orange and black predominating in the color scheme. The lights resembled pumpkins, being shaded with orange paper, which, together with the spooky costumes worn by the guests, produced a very weird effect. Games and music were enjoyed and a delicious supper served.

## CHICKEN DINNER GUESTS

A party of Glendale women motored to Santa Monica Beach Thursday and were guests at the home of Mrs. Dai, formerly of Glendale. When they arrived they found a chicken dinner prepared for them, which was greatly enjoyed by the guests, which included Mrs. J. Lundregan, Mrs. C. E. Ruddell, Miss Emma Ruprecht, Mrs. M. O'Brien, Mrs. C. Smith, Mrs. H. M. Doll, Mrs. J. Chappius, Mrs. Peter L. Ferry, Mrs. J. O'Neill Farrell of Glendale, Mrs. Charles Fritz of Los Angeles and Mrs. Kator, Mrs. Smith and Mrs. Zuka of Santa Monica.

## FOSTER BRIDGE CLUB MEET

Mrs. A. H. Montgomery of 415 South Central avenue was hostess yesterday afternoon to the following members of the Foster Bridge club, Mrs. S. B. Morse, Mrs. Helen Campbell, Mrs. Mabel Rudy, Mrs. C. E. Norton, Mrs. E. W. W. Hayward, Mrs. A. H. Lapham, Mrs. Renning and the hostess, Mrs. Montgomery. Decorations of tiny pom-pom chrysanthemums and rose-colored carnations were used. High score was made by Mrs. Hayward.

## CITY MAY SECURE HIGH SCHOOL FOR CIVIC CENTER

### Matter for Consideration, Is Opinion Expressed by Mayor Robinson

Purchase of the present high school site with its three large and substantial buildings for city hall and civic purposes is looked upon favorably by high officials, it was revealed this morning in an interview with Mayor Spencer Robinson and City Manager William H. Reeves.

"It is a subject for the city to consider," said the mayor, who believes that the present facilities for municipal government are crowded and that further improvements on the present city hall would be inadvisable if the city can obtain more convenient and commodious quarters.

"The big question before the union high school district is the conversion of their present property. It may be that the city can help them out after a thorough investigation has been made."

More Space Needed  
City Manager W. H. Reeves states there are "possibilities" in the idea, but he is not acquainted with the subject sufficiently to recommend the proposition. The council rooms are crowded, he admitted, and space will have to be provided for the growing departments.

The possibility of utilizing the present high school property for a civic center was admitted this morning by Dr. Harry V. Brown, president of the high school board of education.

"I think that the whole group of buildings could be converted into a civic center very nicely," declared Dr. Brown. "The Union High School district does not stand any chance of losing. The whole matter will have to be threshed out after the public vote is held.

The cost of the present property was \$170,000. The six and a half acres which was acquired in 1908 and 1913 cost \$48,700, but the appraisal value has increased greatly since that time. The administration building, which was completed in 1909, cost \$50,000. The Household Arts and the Mechanical Arts buildings, which were built in 1914 and 1915, cost \$75,000. The bungalows, which were constructed last year, cost approximately \$45,000.

## Body of War Hero Being Brought Here to Receive Burial

Henry Schaffer of 210 East Cypress street received a telegram yesterday notifying him that the body of his youngest brother, William S. Schaffer, who died of injuries received while in service, left Hoboken yesterday morning en route to California.

William Schaffer, who was about twenty-nine years old, was fatally wounded in the battle of St. Michel. He enlisted with the 90th division while at El Paso, Texas, the former home of the Schaffers, and served as a runner or dispatch bearer.

Charles Schaffer, and three brothers, Henry Schaffer, Carl Schaffer and Walter Schaffer of 210 East Cypress street. He was a member of the Elks' lodge of El Paso and also of the Eagles.

Funeral services, the date of which will be announced later, will be held under the auspices of the local lodge of Elks at the Little Church of the Flowers, Forest Lawn Memorial Park. Pulliam & Kiefer undertaking company will be in charge.

## R. L. KENTS DINNER HOSTS

Mr. and Mrs. Roy L. Kent of 522 North Central avenue entertained at a very elaborate dinner party last night the members of the office force of Mr. Kent. A color scheme of yellow was carried out in the table decorations of large yellow chrysanthemums, candles, place cards and nut baskets. Bouquets of large varicolored dahlias decorated the other rooms. The guests included Mr. and Mrs. A. L. Baird, Mr. and Mrs. Charles Cressey, Mr. and Mrs. P. J. Sheehy, Mr. and Mrs. John Fleming, Mr. and Mrs. T. W. Watson, Miss Sara Pollard, Mrs. Louise Pollard, Mrs. Jennie B. Dooze and Miss Beatrice Dooze.

## BOWL OF GOLD FISH Will Be Awarded to Some Acacia Class

The regular meeting of the Mothers' Club, P. T. A., of the Acacia avenue school was held yesterday afternoon at the school building, with Mrs. William B. Alexander presiding. The meeting was opened with the flag salute, led by Mrs. O. W. Esselman, and the first verse of "America."

The membership chairman, Mrs. F. G. Hartman, reported 101 members, with the third grade room, in charge of Mrs. Phillips, as leading in having secured the largest number of mothers to attend meetings, and was awarded the pennant for the month. The second grade room, in charge of Mrs. Pallez, was given the second prize, which entitles them to a treat of home-made cake and ice cream. Next month the room having the largest number of parents attending the club meetings will receive a bowl of gold fish.

It was announced that the finance chairman, Mrs. J. Bennett, had all arrangements made for the Halloween ghost dance, which is to be held next Thursday evening, October 27, in the K. P. hall at Park avenue and Brand boulevard. There will be a three-piece orchestra and refreshments of punch and wafers will be served during the evening.

At the meeting yesterday it was decided that the Acacia avenue organization would hold two meetings every month. The first Friday night of each month will be fathers' night and the third Friday afternoon of each month will be the usual meeting of the club. A competent woman has been engaged to care for all small children during the meetings.

Following the business meeting yesterday a very interesting program was enjoyed. This included a talk by Richardson D. White, superintendent of city schools, who expressed appreciation for the help given in helping to carry the school bond election. Miss Hazel Linkogel, accompanied at the piano by Miss Clara Bolling, played two very splendid violin solos, "The Spanish Dance" (Rehfeld), and "Old Refrains" (Kreiser). Especially good were the vocal numbers given by three boys, Wendall, Harwell and Wayne Perhan.

## HEARS OF MOTHER'S DEATH

Mrs. Thomas Wood of 457 Myrtle street, received a telegram from Piedmont, Kan., this morning conveying the announcement of the death of her mother, caused by an attack of pneumonia. Mrs. Wood, who had been informed of her serious illness had been prevented from going to her bedside by the uncertain conditions of traveling owing to the impending railroad strike.

## FIRST WALKOUT IN RAIL STRIKE AT SAN ANTONIO

### Yardmen and Brakemen Leave Despite Instructions by Government Board

CHICAGO, Oct. 22.—The shop crafts union, affiliated with the American Federation of Labor, deserted the "big four" brotherhoods and the switchmen this afternoon and officially announced that they will not join in any railroad strike at this time. The announcement was made in a statement issued by B. M. Jewell, president of the railway employees' department of the American Federation of Labor.

BULLETIN  
SAN ANTONIO, Texas, Oct. 22.—When the noon whistles blew today, 600 yardmen and brakemen, members of the Brotherhood of Railroad Trainmen, employed by the International & Great Northern railway, walked out on strike.

The strike was put into effect despite instructions from the United States railway labor board ordering the men to remain at their posts until after the meeting between the union leaders and railroad chiefs in Chicago Wednesday.

"W. G. Lee is our boss and we are following out his orders," R. D. Frame, chairman of the union on the I. & G. N. system said.

Here's Government Plan  
WASHINGTON, Oct. 22.—President Harding, having placed the responsibility for averting the threatened transportation tieup squarely on the shoulders of the United States railway labor board, today entered upon a "watchful waiting" policy which will continue until a decision is reached in the anti-strike conference which opens Wednesday in Chicago. The government's plan for averting the strike now stands as follows:

1—The railroad labor board will insist that the railway executives agree to withhold their demands for further wage reductions and that the chiefs of the "big four" transportation brotherhood withdraw their orders for a progressive walkout to begin October 30.

2—Failure of the labor board to secure concessions from the contending groups probably would be followed by the shifting of the controversy to the United States board of mediation and conciliation, a bureau of the department of labor.

Freight Rate Reductions  
3—The national defense act which remains in effect until the formal declaration of peace and other drastic war time laws will not be invoked by the president to prevent an interruption of interstate commerce in the event of a strike. If it becomes imperative for the government to act through the courts to keep fuel and other necessities moving, only civil laws, such as an injunction would be used.

4—The interstate commerce commission will order substantial reduction of freight rates on important products and commodities acting in part upon the labor board's recommendation that such reductions should be the normal result of latest railroad wage cuts.

## Officers and Teachers of Church In Meeting

The officers and teachers of the Casa Verdugo Methodist Episcopal church held annual after-conference meeting at the church Thursday night. Supper was served to approximately thirty. Rev. J. E. Livingston, the new pastor, and Dr. Julius Soper, who retired two years ago, were guests of honor and when called upon, responded with very interesting and encouraging talks on the plans laid for the coming year. The Sunday school has grown in attendance under the leadership of its new superintendent, Officers of the board are: George Tyrrell, superintendent; Miss Leone Daniels, secretary and librarian; Miss Goldie Drake, treasurer. The church choir has been organized for the coming year, with Mrs. John W. Cotton director.

## MRS. H. L. BROWN AT HOME

Mrs. H. L. Brown of 1027 San Rafael avenue has just returned from a pleasant trip covering two and a half months, but states that she is glad to be back in Glendale. She visited in Colorado, Kansas, Missouri and her former home in Illinois, and says that conditions at no place that she visited were as favorable as in Glendale and Southern California. She was very much surprised at the remarkable progress which has been made in this city during her short absence.

## LITTLE GIRL SEEKING PET

"Oh, where oh, where, has my little dog gone? Oh, where, oh, where can he be?" That is the question being asked by Virginia Hangar, 12-year-old daughter of Mr. and Mrs. Irving Hangar of 337 West Ivy street, for she has lost her pet, a 6-month-old Boston bulldog. And, like the song, this little dog also has its tail cut short. She is advertising in The Glendale Evening News for her pet and is anxiously awaiting a telephone call telling her that someone has found her pet. Her number is Glendale 2120-R.

## HEARS OF MOTHER'S DEATH

Mrs. Thomas Wood of 457 Myrtle street, received a telegram from Piedmont, Kan., this morning conveying the announcement of the death of her mother, caused by an attack of pneumonia. Mrs. Wood, who had been informed of her serious illness had been prevented from going to her bedside by the uncertain conditions of traveling owing to the impending railroad strike.

# SIX DAY CARNIVAL IS DISCUSSED BY LOCAL LEGION

Members Hear Details of Big  
Celebration; Parade Will  
Be Elaborate Affair

(Continued From Page 1.)  
is expected that practically all of  
them will take an active part in the  
patriotic event.

J. H. McIntyre, visitor from Al-  
hambra Post No. 139, responded to  
a request by Post Commander Kiefer  
by making a short speech. Mr. Mc-  
Intyre is planning to affiliate him-  
self with the local Post in the near  
future.

At Congregational Church  
Following the announcement that  
the Glendale Legionnaires will at-  
tend in a body the special patriotic  
services to be held at the First Con-  
gregational church on Sunday night,  
November 6, Rev. Charles N. Calder-  
wood, who is pastor of that church  
and also a member of the local Amer-  
ican Legion organization, made a  
brief talk on the subject, urging all  
ex-service men to be present at the  
services.

L. W. Hoge, manager of the Amer-  
ican Legion Queen contest, reported  
that the contest is resulting in a  
much more interesting and spirited  
race than was previously expected,  
stating that over eighteen thousand  
votes had been disposed of to the var-  
ious contestant workers.

Mr. Hoge also announced that the  
trip of all the contestants to Los An-  
geles next week had been definitely  
called off, according to suggestions  
received from the executive com-  
mittee.

It had been previously arranged to  
have the entire group of queen ap-  
prants ride to Los Angeles on a large  
truck next Tuesday night, where they  
would stage a stunts campaign in  
several prominent locations.

The following members of the Post  
were named by Commander Kiefer to  
act on the boxing arrangements com-  
mittee for the Armistice day fight  
card—Ray Smedley, Al Bullis, Albert  
G. Wheelon, Julius Moniot and Clar-  
ence Edwards.

## Birthday Party Given In Honor Gail Thomas

Gail, the 5-year-old son of Mr.  
and Mrs. G. E. Thomas, 339 West  
Milford street, was host at a very  
enjoyable birthday party at the home  
Thursday afternoon. Halloween de-  
corations with plenty of goblins,  
witches and cats were used, and  
Halloween games enjoyed.

Delicious refreshments were  
served, the place cards and favors  
being of Halloween design. Guests  
during the afternoon were Lorraine  
Davies, Geraldine Young, Jean Ty-  
rel, Dolly Chapman, Barbara Plumb,  
Forrest Alexander, Richard Tyrel,  
Teddy Robinson, Wallace Plumb,  
William McMillan, Mr. and Mrs.  
Emma Wagner and Mrs. S. Alexan-  
der of Los Angeles, Mrs. Phillip  
Davies of Pasadena, and Mrs. Jack  
Chapman.

tremendous sensation and the Amer-  
ican food relief work directed by  
Walter Lyman Brown of Glendale  
made possible the photography, it is  
said.

# COMMENT THAT'S ALL

Philadelphia Learns  
Down to Brass Tacks  
Consider the Want Ad  
Why Not Church Street?  
By G. A. Cowan

IN a two-column article by one of  
the country's leading economists,  
Philadelphia newspaper pub-  
lished a copyrighted news dispatch,  
headed:

"Los Angeles salesmen get more  
orders than factories can fill; wages  
high, living costs low; flour mills 50  
per cent above last year's output;  
city leads nation in building."

After fully describing the amaz-  
ingly prosperous business conditions  
in this "wonder city," the writer  
gives a table of industries which  
should be known to the residents of  
this favored section.

Moving pictures with \$100,000-  
000 comes first on the list; petro-  
leum is next with \$92,605,276; meat  
packers, \$46,504,700; miscellaneous  
food products, \$45,689,502; iron and  
steel, \$44,349,856; wearing apparel,  
\$40,697,328; shipbuilding, \$40,170-  
000. Others above the \$20,000,000  
mark include fish and vegetable can-  
neries, auto trucks and parts, print-  
ing and publishing, cement, clay and  
brick products, lumber and planing  
mills, chemicals and soaps and mis-  
cellaneous.

This eastern writer questioned a  
Los Angeles man regarding the cause  
and he replied by telling of the natu-  
ral resources and then adding:  
"Rich men come here to pass their  
declining years. Enterprising men  
of active years come here because of  
the unusual opportunities. Workers  
come here because the acquisition of  
a home with flowers and fruit and  
vegetables is within the easy range  
of a worker's earnings."

All of which bears out the state-  
ment made in this column that the  
"eyes of the world" are turned to-  
ward Southern California. And W.  
B. Kirk, insurance adviser and true-  
blue booster who brought this article  
to The Glendale Evening News office,  
states this is but one of many in-  
dications that the east is awakening to  
industrial possibilities here.

"Industries are what Los Angeles  
and Glendale especially need most,"  
he says.

True enough. Tourists are all  
right for they will eventually become  
permanent residents in most in-  
stances, but today they are only a  
minor figure in the prosperity of  
Southern California.

"Bring on more industries!"

J. H. Vandewater, secretary of the  
Los Angeles Credit Men's association,  
in his very able speech before busi-  
ness men here Thursday night re-  
ferred to a statement by one of the  
country's biggest financiers whom he  
met in the lobby of the Alexandria.  
This money man said:

"By what law can you Los Angeles  
people retain this one white spot  
in America, and what laws are likely  
to ruin you?"

Mr. Vandewater's view is that to-  
day we must get back to economic  
principles which were so badly bent  
during the war.

"Perhaps we are a little intox-  
icated by the prosperity which has  
been an outgrowth of disturbed con-  
ditions," he says. "There is nothing  
to fear, but we must get down to  
brass tacks. The easiest way to get  
at our needs is by comparison. We  
must know what others are doing,  
for in knowledge there is power."

That, in a nutshell, is the prime  
necessity for a credit rating bureau  
here. Glendale business men  
must have information that will stop  
the leaks and get them business at  
the same time. Such an agency, all  
those present agreed, would accom-  
plish the result.

Consider the little want ad for a  
moment. And think of the possibili-  
ties offered therein. A newspaper-  
man, who is now in the real estate  
business, tells me it would pay every  
reader of the newspaper to peruse  
the columns of the classified pages.

A woman recently sold a lot for  
\$600 less than was being offered in  
these columns, he says, because she  
did not know that a certain real es-  
tate firm was building on the vacant  
property of that section to provide a  
background for the opening of a new  
tract.

Other people do not realize the  
shopping possibilities in the rentals  
advertised daily. There is one man  
who is paying \$80 a month for a  
seven-room, unfurnished house.  
There are many places offered for  
rent, it is said.

It pays to advertise and it pays to  
read what other people have to say.

Mrs. Johanna E. Edwards of 371  
West California avenue writes The  
Glendale Evening News regarding the  
renaming of a street. She says:  
"Nearly all of our churches are lo-  
cated on or near Louise street.  
Would it not be a good plan to have  
that name changed to Church street?  
There are at present three churches  
in the street, i. e., Christian, Catholic  
and Episcopal, while plans now are  
being arranged for the erection of  
two more."

"Then we have the First Methodist  
one block east, and the Baptist, Luth-  
eran and Christian Science one block  
west of Louise street. I believe  
Church street would be a more ap-  
propriate name."

There is something for the good  
people of Glendale to consider. Other  
streets, too, might be appropriately  
renamed.

**BUSINESS METHODS  
ARE PREACHED BY  
ORGANIZATION**

**Auto Trades Association Is  
Doing Good Work to Aid  
Dealers, Is Statement**

By R. W. BATTELLE  
Secretary Valley Trades Association  
Throughout the history of the world, history has shown that nothing can be accomplished without co-operation. That applies to peace and war, manufacturing and selling, and everything else.

The world war proved the necessity for co-operation, and since that time the number of associations which were developed during the war has grown to great proportions.

Practically all branches of the automobile industry have large and important links in the association chain.

The manufacturers have organized the National Automobile Chamber of Commerce, which gathers statistics, etc. The Society of Automotive Engineers has done more to standardize parts than any other organization. They have made nuts and bolts and a thousand and one other things that are used on motor cars, easy to secure from any repair shop or store.

**Clean Business Places**

The California Automobile Trade Association is a state-wide organization to eliminate the crook from the automobile business and to show men engaged in the industry how to conduct clean, attractive places of business that can be run at a legitimate profit and render that service which the public demands.

About seven years ago, things in the automobile business in California came to such a pass that most of the men engaged in it would have eliminated themselves as business men if they had allowed their associates to continue. Men who sold tires were cutting prices to such an extent that they were on the road to ruin. Repair men were charging all the law allowed and the public was raising an awful row.

**Used in Eighteen States**

Now most of the men in the business have learned that if they do not get their proper percentage of profit, they cease to exist as business men, and find the sheriff in charge.

The California Automobile Trade Association idea is now used in eighteen states of the Union which have adopted the well known wheel and radiator insignia, which stands for a fair deal.

Garage men have been taught to clean up their places and to deal with the public as the motor car owner would like to be dealt with. They have been taught to know that overcharging means loss of business so they have installed time systems which check the actual labor put on a job and charge accordingly.

The elimination of unfair competition and the introduction of better business methods is the direct result of the formation of the association.

**Lanier Bartlett Is  
Highly Pleased With  
Popular Hupmobile**

"I never knew until we took them over the popularity of the Hupmobile with the American motorist," said Lanier Bartlett of Bartlett & French, 201 South Brand boulevard, yesterday afternoon. There seems to be unanimous opinion that it is a good car, even among those who do not own one.

"Of course, it is a conservative car and does not appeal to those who want a flashy body although its performance is quite sensational. It is favored by buyers who look upon the purchase of an automobile as an investment and not merely as a plaything."

**Living Right Up to  
Westinghouse Policy,  
Says Harvey M. Gill**

"There is hardly a day goes by that we are not complimented upon the design of our new station," says Harvey M. Gill of the Westinghouse Battery Service, 233 South Brand boulevard. When asked the reason for the firm's large amount of business in such a short time, he said:

"Everyone has known Westinghouse for fifty years—knows their product and reputation. We are simply living up to their policies and applying the Golden Rule. It sure is good advertising."

**Demand for Essex Is  
Good, Says W. Reilly  
of Glendale Agency**

"We have sold all of our Essexes and we are afraid that we won't be able to make deliveries very long on account of the drop in price," declared W. W. Reilly of the Glendale Hudson Motor company, 230 North Brand boulevard yesterday. "We expect another carload of them in next week but don't think they will remain long. We don't think the factory can hold the present price long because the Essex is too good a car."

**Man Loses Foot But  
Fails to Feel Pain**

RENO, Nevada, Oct. 22.—Frank Rhein of Virginia City lost a foot when he was struck by an automobile today. He said it did not pain him much. The foot was broken from his wooden leg just above the shoe.

**Makes Paintings as  
He Travels to Meet  
Expense of Journey**

Walter Oaks, an artist from Chicago, is seeing America with the aid of his palette and brush. Last June he and his family rented their home in Chicago, packed a few belongings in the car and started westward. Mr. Oaks painting sketches of landscape along the way. Hearing of Glendale long before he reached the city, Mr. Oaks lost no time in getting here, saying that the nearer he approached the city the more anxious he became to see it.

For the next week Mr. Oaks will be found ensconced in the north window of the Glendale Paint & Paper company, 119 South Brand boulevard, where he is working on a large oil painting which will be disposed of to the highest bidder next week.

In speaking of Glendale Mr. Oaks is very enthused, saying: "We heard of Glendale long before we got here, and we were anxious to see the place. It is a lovely city and we find it equal to our expectations."

"We expect to spend considerable time in California, as we do not plan to return to Chicago until next September. In fact, we cannot for we have rented our home. Our trip is just an experiment to see if I can make expenses painting along the way. So far it has been a success and we are enjoying the venture immensely."

Mr. Oaks has on display a large number of attractive landscape paintings done in oil, the display consisting of paintings made from small sketches he has acquired along the journey.

**Einstein Theory Is  
Perfectly Clear, So  
Ray Galvin Asserts**

"The Einstein Theory of Relativity is really quite simple—it is only the explanation that is complicated," said Ray Galvin of Tanner & Hall, Ltd., 237 South Brand boulevard, yesterday.

"I had the whole thing explained recently. There are now twelve of us who understand it. There were thirteen, but one of us died. No, I wasn't the one who died. He was a chap at Patton."

"It is merely a system for finding 'X,' the unknown. Dimensions and time and quantities are all mixed up together like tools in an auto kit. If you know what any two factors are, you ought to be able to find the other one—if you're lucky. For instance, if you know how many ions of energy your motor needs per second, you can figure out by algebra how many aeons of time it will be before you have to pull up to a filling station. The price is the fourth dimension!"

"All is relative. A bicycle is twice as good as a wheelbarrow because it has twice as many wheels. That's a simple calculation because two times one always seems to make two no matter how you work it. Therefore, an auto with sixteen wheels ought to be four times as good as an ordinary car because sixteen is the square of four."

"All automobiles are good—only some are better'n others. No, I didn't have to wait for Mr. Einstein to come along to find out that the Buick is best."

**First Services In  
New Catholic Church  
Take Place Sunday**

First services in the new Holy Family Catholic church will be held tomorrow.

Owing to the fact that the interior of the church is not completed and that the erection of a suitable parish house is contemplated, the formal dedication of the church will not take place until after the first of the year.

An organ has been loaned to the congregation by the Egan School of Dramatic Art in Los Angeles. This will be played during the services by Harry Girard, 918 East Windsor Road, while Mrs. Girard will be the soloist.

"The Holy Sacrifice of the Mass" will be the topic of the sermon by the Rev. Father James S. O'Neill. He will define, explain and discuss the meaning and purpose of the Catholic mass.

Sunday school will be held at 9:30 and masses at 8 and 10:30 a. m.

**Royal Purple Degree  
Is Conferred Upon  
Four Glendale Men**

"I never laughed so much in all my life as I did last night," remarked Alfred A. Baines, 1140 East Chestnut, this morning, commenting upon the initiation of four local candidates into the Royal Purple Degree of the I. O. F. at the Orange Grove Encampment in Los Angeles. Mr. Baines has been a member of this chapter of the lodge, which is the highest, for the past fifteen years. Those from this city who rode the goat were: Dr. H. C. Smith, 321 East Broadway; Lee Murdock, 374 West California avenue; A. D. Hurd, 110 South Adams street, and L. G. Sullivan.

**11,775,000 CARS ARE BUILT**

Since the beginning of the automobile industry, twenty-five years ago, the number of cars manufactured up to the first of 1921 has been approximately 11,775,000, of which more than 700,000 have been exported. About 9,000,000 are in use and 2,000,000 have been worn out, destroyed or abandoned.

# This Is the First of a Series of 52 Full Page Illustrated Articles That Will Appear Each Saturday in The Glendale Evening News

**T**HIS educational movement, conveying practical building ideas and reasons from foremost authorities on why you should "OWN YOUR OWN HOME" and why you should make the **START NOW** acquiring a home of your own, is being made possible by the progressive business firms whose names appear on this page, and who appreciate the fact that only by common consent and complete cooperation can we hope to cope with the general housing conditions of Glendale.

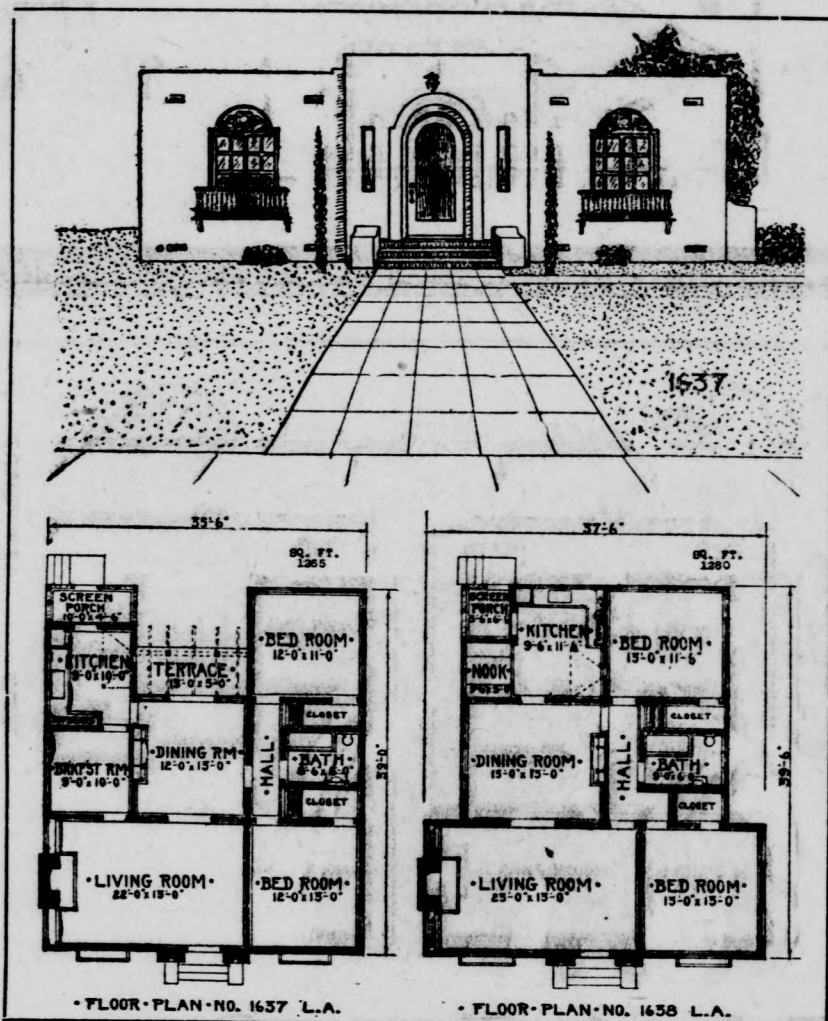

We want to make this great enterprise the most productive movement ever started in our city. We are sure it will be, for the home is, or certainly should be, the one possession of which we are most proud. It is where we spend our most treasured hours of recreation, where we house our most beloved and where we entertain our friends.

For these and many other reasons, we are desirous of having our home as attractive and comfortable as our means will allow. And every resident and property owner, and those who are contemplating making Glendale their future home and who have the interest and future welfare of Glendale at heart, should take advantage of present conditions and build.

It is a well established fact that cities are judged more by the attractiveness of their residential sections than by their commercial centers, and, as statistics will bear out, the greatest developed and most rapidly growing cities are those in which permanent attractive homes have been built.

By improving and making your surroundings attractive you not only enhance its value, but you encourage others to do likewise, thus starting a creative movement that will call for favorable comment and encourage outsiders to come and locate, thus increasing Glendale's population with a desirable class of citizens.

If we all cooperate by acquiring or building a home of our own, remodel, modernize and improve and beautify our surroundings, this campaign will have fulfilled the mission for which it was intended, and those who are making it possible, will be happy in the knowledge that they have done a wonderful work.

They realize fully that—

Co-operation means to work.

Co-operation means to work together.

Co-operation is the agency of advancement and development and the watchword of modern progress.

Co-operation is the secret of community development, every citizen working hand-in-hand—shoulder-to-shoulder for the up-building of their community and the betterment of its citizens.

Progressive cities and towns are cities with co-operative citizens, broad-minded community builders who are not self-centered to the detriment of their co-citizens, but who labor unselfishly to promote the interests of their home town.

Every home builder is a co-operatist, a developer, a maker of progress, and an aid to community development. Home building is an evidence of faith in the future of your city. Will you then help in every way you can to encourage home building, that those who are desirous of residing in our city may be properly housed.

## TOURING BUREAU OF AUTO CLUB TELLS OF HIGHWAYS

Condition of Various Roads Explained; Repairs Being Made Some Locations

General road conditions for motorists in California have just been reported by the touring bureau of the Automobile Club of Southern California.

It is of interest to all automobile owners to know that the coast route to San Francisco is minus the Santa Maria detour, construction work in this section having been completed. However, there is a short detour of four and one-half miles at Coyote Station north of Gilroy.

There is also a short detour between Arroyo Grande and Santa Maria. The remainder of the route is now paved with the exception of the Gaviota Pass. This district, it is announced by the Auto Club, will be completed and open by Christmas. The usual detour through Lankershim, Van Nuys and Owensmouth will still be found.

### Repair Work Under Way

Repair work on the straightaway section of the inland route to San Francisco from southern California between the bottom of the Grapevine grade and Bakersfield is under way at the present time, necessitating cautious driving at night. On this route a short detour will also be found between Merced and Modesto.

On the San Diego coast route the entire distance will be found paved at this time. Motorists are advised to avoid the detour at Santa Ana by taking the route via Orange and Tustin.

Construction work on the San Diego inland road will be encountered in places from the summit of the Red Mountain grade to Camp Kearney Junction.

Excellent highway conditions are reported by the Automobile Club between San Diego and the Imperial Valley over either the El Cajon-Des-canso-Buckman Springs route of the Potrero route.

### Highway Now Open

Motorists travelling to Phoenix and points in southern Arizona should remember, it is pointed out, that the Mecca-Blythe road is now open and ready for business.

Routes to Bear Valley and the Rim of the World by way of Waterman canyon, Mill Creek and Crest are better now than they have been heretofore this year.

The club bureau reports that geese are flying at Baldwin Lake.

There has been no rain on the great transcontinental Santa Fe Trail for over two weeks and the route is reported in good condition with the exception of a section between Ash Fork and Williams, Arizona, where the road is rough on account of cloudbursts last month. The new road between Peach Springs and Seligman is now open and in good shape.

## Armament Reduction Given Support From Bay City's C. of C.

(Special to Glendale Evening News)  
SAN FRANCISCO, Oct. 22.—All commercial organizations have been invited by the San Francisco Chamber of Commerce to join its work of unifying the forces favoring limitation of armaments. Crystallizing the sentiment that business depression was caused in great part by heavy armaments calling for high taxes, the chamber has issued an appeal to Washington for armament reduction. The appeal met with approval throughout the United States, judging from the communications received by the chamber.

President Wallace Alexander of the chamber, in his appeal for co-operation on limitation of armament, said:

"We are assured that every right-thinking business man in the United States shares our views, but there is danger that, either through apathy or a failure to recognize the enormous significance and consequences of the coming disarmament conference, the united expression of business interests throughout this country will not be made with clearness and force."

"The business interests of Great Britain and Japan have brought great pressure upon their respective governments, and we should not only back our president in this program, but join with the business interests of other countries and assist them in bringing about the result in which all are vitally concerned."

"The conference will be governed either by political or business considerations, and we must see to it that the latter predominates."

## Undertakers' Workers Strike; Can't Bury Dead

MADRID, Oct. 22.—A general strike of undertakers' workers at Barcelona, making it impossible to bury the dead, brought about a serious situation in that city today. Grave diggers threaten a sympathetic strike and the municipal council was summoned to take emergency measures. The trouble resulted from dismissal of some workers after demands for increased wages.

## EGGS SCARE AWAY YEGGS

NEW YORK—When yeggmen attacked him on a roof, Simon Semchetsky threw his basketful of eggs over the roof's edge. Folks below rushed up, bent on vengeance, in time to save Semchetsky and drive away the crooks.

## Hobo Bandit Robs Others, Then Forces Them Off of Train

BRIGHTON, Colo., Oct. 22.—The mysterious "hobo bandit" who has terrorized tramps in this district for the past week and who is believed to have been responsible for the death of Joe Hogan, thrown from a moving train at Cox's beet dump last week, bobbed up again near Derby, just north of the Denver city limits on the Burlington railroad. The "bandit" held up Joseph Hosnedl, a Bohemian, stole his watch and then forced him to jump from a moving freight train.

Hosnedl suffered severe bruises, and cuts on the head, but was able to walk to Derby. He told authorities that he had been working on farms and was on his way to Hopkins, Minn. where he has a wife and child.

The body of Joe Hogan, former oil man of Burkburnett, Tex., was found beside the tracks at Cox's beet dump five miles north of Derby. His head had been crushed by the fall from the train. Two other men who had been "beating their way" on a freight train reported that they were held up the same night.

## Hal Reardon Joins Sales Department of Packer Auto Co.

Hal Reardon is the latest acquisition to the Studebaker sales force here, having come from Pasadena to the Packer Auto company at Colorado and Brand boulevards. Since the war he has been selling motor-cars. Prior to that he was a football star at the University of Washington. Ben Hill, the Studebaker salesman in charge of the upper end of the valley for the local distributors, moved to San Fernando the first of the month.

## A 24-ROOM CLUBHOUSE

The motor tourists' camp at Denver, Colo., has a 24-room clubhouse, with a grocery store, meat market, kitchen, lunch counter, barber shop, billiard room, shower baths and motor accessory shop at the park entrance. Tourists register at the park gate and are given free permits entitling them to occupy their assigned camp lot for two weeks.

## LEARN WITH THE MOVIES

## NEARLY THREE TONS UPON STUDEBAKER TOURING AUTO

J. F. Dougherty and Family  
Come From Ohio, Carrying  
Big Load Very Easily

Crossing the continent in a motor car is no longer a stunt, but when a party arrives in southern California with a total load of nearly three tons on the tires of a seven-passenger touring car, it naturally excites comment. A few days ago J. F. Dougherty and family of Ashtabula, Ohio, arrived after a month on the road and when the car was rolled on the scales the beam showed 5800 pounds for the car, five passengers, camp outfit and luggage.

This big load did not make it difficult to negotiate the roads, however, even though some very bad going was encountered and some heavy grades negotiated over the Laramie range of the Rocky mountains.

More than a week of the time spent was given up to visiting friends in various cities along the line and instead of closely following the Lincoln Highway a number of detours were made to include cities which the party desired to visit.

**Very Little Trouble**  
According to Dougherty there is nothing to deter any motorist from making the trip if his car is fit for travel, and his freedom from trouble confirms this. Two punctures and one blowout was all of the tire trouble experienced although the tires were heavily pounded by the big load on some of the mountain grades and desert roads. A stray piece of waste in the gasoline tank which clogged the line and a broken leaf in a front spring was the total of mechanical trouble experienced.

The party considered it remarkable that the load did not break all of the springs of the Studebaker big six when they came over the Goodyear cut-off near Salt Lake, for this stretch is 17 miles long and twelve miles of that has never been finished and consists of a continuous series of chuck-holes and high centers. The fund donated by Goodyear, amounting to \$125,000, was not sufficient to more than grade the road and surface about five miles and the state of Utah found that it lacked the funds to complete the job.

This cut-off was built to avoid a piece of worse road that goes by way of Fish Springs and is thirty miles longer. This was the only long piece of really bad road encountered, but there were numerous spots that required careful driving and plenty of power to get over.

The report of the trip that was given to the Packer Auto company, local distributors of Studebaker cars, showed that the Studebaker big six had made the trip with an average of fourteen and one-half miles for every gallon of gasoline. S. C. Packer says that this is not exceptional for the same model with ordinary loads on good roads, but does stand out as remarkable when the load and road conditions are considered.

### Protect Auto From Sun, Rain, Weather, Says J. St. Claire

"I would advise anybody who has a car to protect it from the sun, rain and weather," declared Jack St. Claire, proprietor of Jack's Auto Service, 233 South Brand boulevard, yesterday, while he was polishing a Ford sedan.

"Any car that is varnished or enameled will act pretty much the same. Any polish that the sun hits will be marred. That is particularly true out here where the sun is with us more than in the east. The main thing is to keep the car away from the weather. Park on the shady side of the street. The sun is bound to crack the varnish."

And "Mr. Jack" kept on polishing!

### J. Danielson Is Here as Tractor 'Doctor' Local Ford Agency

J. Danielson, who had charge of the Tractor School at the River Rouge plant of the Ford Motor company and taught some 1200 students there during the past year, has come to Glendale to serve as tractor specialist for the local Ford agency.

### Despondent at Loss of Husband, She Ends Life

SAN DIEGO, Calif., Oct. 22.—Mrs. Carrie Riley, despondent since the disappearance of her husband some time ago, was found dead in her gas-filled apartment here. Suicide was indicated. She left several letters to relatives. A note to her daughter, Mrs. Helen Myers Auch of Detroit, reads:

"My Darling Children, do not grieve after me; be happy. I am leaving everything for Helen and Wilbur.

"We will meet again; goodbye, goodbye.

"Your unhappy mother."

### Boy Scouts to Aid Campaign to Reduce Accidents on Streets

Why not enlist the services of the Boy Scouts in the work of making the roads and streets safe for pedestrians and motorists?

This question has been propounded and answered in Los Angeles, for example, by the Automobile Club of Southern California and the Los Angeles Safety Council in its big drive to cut down the number of motor accidents.

More than 2500 Boy Scouts are to be engaged in a campaign to prevent accidents on the streets.

The boys are to be divided into squads for educational purposes. They will show school children why they should not play in the streets nor run out from behind parked vehicles.

Each squad will have a "leader" who will marshal his group of safety aides into service.

Handsome buttons are to be provided the various boys taking part in the movement. This safety work will be carried on in connection with fire prevention work.

A close tabulation will be kept in the weekly reduction in the number of accidents and a report filed with Scout commanders to indicate the general progress of the safety movement.

Similar campaigns are being considered for various sections of southern California, which include action by the Boy Scouts of each locality, but no definite steps are as yet being taken.

### Going to Leave on Auto Trip? How to Skip Big Traffic

If you are going on an automobile trip and want to avoid all possible traffic you should go on Tuesday or Wednesday. Such is the conclusion reached from a study of a traffic census taken recently by the Bureau of Public Roads, United States Department of Agriculture, on one of the most traveled roads in the United States. If you want to go at an hour when there will be the least traffic, start between 2 and 3 o'clock in the morning.

Traffic increases in amount steadily from Wednesday to Saturday, the census shows, and then jumps into big volume on Sunday. The volume on Sunday is about twice that on Tuesday or Wednesday. On Monday there is a decided drop from the Sunday figures and on Tuesday the lowest ebb is reached.

There is less traffic on the road between 2 and 3 o'clock in the morning than at any other time of day. From 3 o'clock to 5 there is a slight increase; then a steady climb until 11. Between 11 o'clock and 1 there is a slight drop, and then an increase again until the peak is reached between 2 and 3. After 3 o'clock traffic drops slightly until 7 when the decrease becomes more pronounced. By midnight traffic has almost reached its lowest point.

Ninety per cent of the day's traffic, the census shows, rolls over the road between 7 a. m. and 9 p. m., and 52 per cent between 1 p. m. and 8 p. m.

### Reduction In Price of Batteries Helps 'Trade In Glendale'

"We are first in line with reduced battery prices," remarked H. M. Kuhn, of the E. W. Cizek Auto Electric company, 300 South Brand boulevard, this morning. "We would have reduced prices long ago, but we couldn't see the way clear. Our twenty per cent cut will help to keep buyers in Glendale. We don't want anyone to go to Los Angeles for repairs either because we can do the work just as well here."

We never hear the best things that are said about us. We are dead by then.

Little Betty Marple, small daughter of Mr. and Mrs. Harry Marple, 202 West Park Ave., celebrated her fourth birthday yesterday afternoon, by being hostess to a group of her playmates at a "regular" birthday party. The afternoon was enjoyed by the little tots in various games and musical numbers. Refreshments consisting of ice cream and cake were served late in the afternoon.

**BIG ACTS ASSURED PUBLIC TODAY ON GLENDALE STAGE**

Spectacular Attractions Are Offered by Headliners in Vaudeville Programs

With the Clayton-Drew Players heading today's vaudeville bill at the Glendale Theatre, the amusement-loving public of Glendale are assured a wonderful treat in the way of entertainment. "When Caesar Marks Anthony" is the title of this travesty on old Rome that is a riot of laughter. With a beautiful special setting, and a company of artists that have headlined the best bills in America, it should be a sure fire hit. "Gerald and Griffin" present a very neat and dainty comedy, singing and talking act. All class is the real name for this clever offering. "Barnes & Robinson" will present their piano comedy novelty, an act replete with funny songs.

**Sweet Voiced Singer**  
"Anna Merrill," the sweet singer of golden tones, will be a treat for lovers of high-class music. "Ruth Page & Co." in an instrumental, electrical extravaganza, with a wealth of scenic splendor and clever effects, something very different in the art of musical novelties. "Oliver Twist, Jr.," featuring Harold Goodwin, is the film attraction. It is a modern adaptation of Charles Dickens' famous novel.

George Falder of Falder & Robinson, 204 East Broadway, has been spending several days in Hollywood on business. Mr. Falder acquired quite a reputation there as a watchmaker while located there and had to go back for a few days to satisfy a trade demand.

The Intermediate school orchestra made its first public appearance Friday afternoon, with nine violins, three cornets, two clarinets, two saxophones, a banjo-mandolin, a drum, a triangle and two pianists. Under the direction of Miss Elsa Breneman, supervisor of music, they are doing very creditable work.

**Clinton L. Booth Offers Evidence to Show City's Growth**

Does Glendale grow? You tell 'em. Ten years ago Clinton L. Booth wrote his first automobile insurance policy in Glendale. Then there were 800 machines in this immediate vicinity with probably only 50 per cent of them carrying full coverage insurance.

Today Mr. Booth is writing upwards of 100 policies a month for full coverage in the Union company of Lincoln, Neb. Among others this month, twenty-six cars were insured for the largest corporation in town, one each for the Loyal legion and Chamber of Commerce and the Jewel City Undertaking company's beautiful new private ambulance. With nearly 100 others, Mr. Booth reports that this has been his busiest month, but he expects to continue to break records with the numerous purchases of cars for fall and winter use.

**"ULTRA-BLUE" LIGHT SOLVES THE PROBLEM**  
The "Ultra-Blue" photographic light which is so beautifully soft, and yet brilliant, is a part of the superb equipment used in the making of portraits at the Dolberg Studio, 206 W. Broadway.

This light makes a very quick exposure possible, which is so essential in the photographing of children—to catch that sparkle of expression which makes a lifelike photograph. An examination of the Dolberg photographs and a comparison of prices should convince the most skeptical person to "buy in Glendale." High school students will find it convenient to have portraits made after school up to 5:30. Also evenings by appointment.

**MISTAKES**

We all make them, and find success lies only with those who make fewer mistakes than others.

It is said that the executors of J. P. Morgan found over seven millions of worthless securities among his assets. If he lost so much in bad investments, how much chance have you and I of finally winning out?

There are many savers but few investors.

Let us give you protection against death and the benefit of 36 years of investment experience in a mutual company.

Remember! Eighty-seven per cent (seven-eighths) of all that men leave at death is life insurance!

**IMPROVEMENTS FOR GLENDALE AVENUE BEING SOUGHT**

Petitions for Betterments to Be Circulated; Resolution Realty Board Favored

(Continued From Page 1.)

Chamber of Commerce be consulted about support in the movement.

After hearing a short talk by City Manager W. H. Reeves, who endorsed the proposal most heartily, the following were appointed to circulate the petitions during the next week: Edwin Opdyke, 4263 South Glendale avenue; N. La Blanc, 1119 South Glendale avenue; Mrs. Emil Baruch, 406 South Glendale avenue; H. McDonald, 1213 East Colorado street; O. W. Tarr, 713 South Glendale avenue; Herman Nelson, 645 East Harvard; J. M. Banker, 228 North Glendale avenue; Claude Harness, 424 North Glendale avenue; Jack Thomas and W. L. Truitt.

The fact that there was some sidewalk area on Glendale avenue which was not dedicated for sidewalk purposes was brought out by O. W. Tarr, and Secretary Frank Marek, and it was urged that measures be taken as soon as possible to enter into condemnation proceedings so that the improvements might be expedited.

**Resolution Indorsed**

Considerable interest was apparent at the meeting over the possibility of a negro becoming a resident on Glendale avenue, and a resolution passed by the Glendale realty board was presented for consideration. City Attorney Bert P. Woodard and Chief of Police Martin were called upon for talks, and both responded, citing similar cases elsewhere, but withheld opinion until further investigation.

After hearing considerable comment on the question the following resolution was put before the meeting and indorsed:

"Be it resolved by the governing committee of the Glendale realty board, to be presented to the city council, the Chamber of Commerce, and at a mass meeting to be held in the city hall the evening of October 21, at 8 o'clock, that:

"Whereas, the problem of accepting the colored race into the city of Glendale is a present one, and

"Whereas, the value of real estate in the vicinity of colored residents will be greatly affected, and

"Whereas, when the fair name of Glendale and its adjacent neighborhood is jeopardized,

"Some action should be taken immediately to provide a proper zone for races other than the white or Caucasian.

"CHARLES B. GUTHRIE, Pres. "E. P. HAYWARD, Secretary."

The next meeting of the Glendale Avenue Improvement association will be held in the council chamber of the city hall, Friday night, November 4, at 8 o'clock.

**VARIED VAUDEVILLE IS PRESENTED AT T. D. & L. SHOW**

Pantages Headline Feature Is Given; Dance and Comedy Numbers on Program

Another capacity audience greeted the Melickjohn & Dunn Vaudeville Road show at the T. D. & L. theatre last night. The show this week seems stronger than ever—the headline attraction being "Heartstrings." Pantages headline attraction. It is presented by Herbert Bethew & Company and the cast is all that could be desired. Comedy of a different nature is provided by a little child in her endeavors to bring a parted pair together.

Something of a spectacular nature is provided by the Lytel Twins, assisted by Harry Loevel in a series of beautiful dances. This act was personally produced and presented under the direction of Ted Shawn.

Sam & Lee, who present songs and comedy numbers with the assistance of the piano, created a riot of fun with the famous song "Maw." Last night's audience didn't seem to get enough of their singing.

**"Such a Little Queen"**

The Novelty trio, composed of Hawaiians, pleased with instrumental music and singing.

Constance Binney in her latest feature, "Such a Little Queen," is just as charming as ever and "Miracles of the Jungle" holds the attention of the audience.

The same show will be repeated tonight, the first show starting promptly at 7 o'clock. There is no raise in prices. A double program comes Sunday and Monday—Tom Mix in his own story of the west, "A Ridin' Romeo," and Babe Ruth in his first feature, "Headin' Home."

**Good at Guessing? Try to Fix Weight of This Pumpkin**

Cornwell & Kelly's tenth annual pumpkin weight guessing contest is opened this evening at their hardware store, 107 South Brand boulevard. The big golden pumpkin was placed in the window this morning and immediately a host of passersby began conjecturing how many pies it would make, etc. Guessers of its heft should see the flat back of the pumpkin before they make an estimate.

This giant of the fields comes from Denair in the San Joaquin valley. It was grown on the ranch of a former Glendale man, A. P. Stone.

An added tax of from 1 cent to 2 cents on gasoline is now imposed on motor vehicles in fourteen states in the union.

**Tells Why Proposed New High School Should Be Placed In Northwest Section**

The "fathers' night" at the Pacific avenue school proved to be a successful Halloween party Thursday night, not only for the fathers, but the mothers as well.

The parents were greeted at the door by white-sheeted figures who extended cold hands of greeting and motioned them to proceed into the well decorated court. Shocks of yellow pumpkins, and long trailing pumpkin vines were stacked here and there, while the lights were covered with attractive lanterns which cast a subdued glow over the whole scene.

Between the pillars hung festoons of yellow and black crepe paper caught here and there with pumpkin lanterns and ghosts' heads.

In one corner a huge ghost stood immovable, but this later proved to be the Victrola, while in another a cage with a placard above announced "The White Monkey of North America." Upon climbing a high ladder and peering within this mysterious cage the guests actually found a white monkey.

The most popular corner of all was that where a real palmist sat in kypsy garb and unceasingly told fortunes to those around her. A witch guarded a black pot full of beans, calling her wares and announcing that to the one who guessed the number of beans in the pot a prize would be given.

**Community Singing**

Mrs. Mae Rosenberg, as president of the school association, greeted those present and in order that the fathers might know what the mothers were doing, she ordered the minutes of the last regular business meeting read, after which community singing was enjoyed. Previous to the salute to the flag Mrs. C. J. Tuttle, as patriotic chairman, read "Makers of the Flag."

**Games Are Played**

Mrs. Rosenberg then announced a penny drill would take place, after which the "parent count" was taken which gave the bird and cage to Miss Circle's room for the coming month.

The remainder of the evening was spent in wide-awake games appropriate to the Halloween season. Rosy red apples, doughnuts and hot coffee was served before the party disbanded.

Mrs. Kate Vaughn will give a domestic science lecture or demonstration at the school for the November meeting.

pendent on the active and affiliate members of the club. The programs given the third Fridays, after the business meetings, are open to affiliate and active members, and also to as many subscription members as can be accommodated.

It was voted that on November 18, the business meeting will begin at 7 o'clock in order to adjourn in time to attend the benefit performance given at the Glendale theatre by the music section of the Tuesday Afternoon club for the benefit of the clubhouse fund.

**Next Concert Nov. 4**

Among announcements of especial interest which were made last night was that of the next concert, which will be given by the Glendale Music Club at the high school Friday night, November 4. The special artists who will appear at that time will be the Philharmonic trio, which includes Mr. Camon, violinist, who played last year as soloist with the Chicago Symphony orchestra, Earl Mansfield Bright, who is considered the finest cellist before the American public today, and May McDonald Hope, pianist. Another interesting feature of the program will be the rendition of a selection by Handel, arranged for the trio, accompanied by Mrs. Catherine Shank as vocalist.

**MRS. GILBERT IS PLEASED**

Mrs. Gilbert, owner of the Gilbert Millinery at 123 North Brand boulevard, says that she knows that Glendale women read The Glendale Evening News, and that they appreciate real bargains. The Gilbert Millinery during the past two weeks has made a specialty of procuring hats to sell at five dollars that have been unusual bargains. The sale of hats at this popular price was advertised exclusively in The News—and the attractiveness of the hats did the rest, as scores have been sold.

**TELLS HOW HE ESCAPED**

Henry P. Wilsey, the alleged forger who escaped from the Glendale jail two nights ago and was captured in Pasadena, informed the officers that he "hooked" the file with which he pried the lock on his cell door in Fire Station No. 1 by using a brush broom that was parked on top of the cage.

Editor The Evening News:—May I beg the privilege of the use of your columns to express my views on the selection of the High School site?

The choice of this location should and will be made by the citizens of Glendale, and although a committee has considered and recommended in its good judgment a certain location it does not necessarily follow that the majority of the people will approve their recommendation; and there are many good reasons which cause me to take exception to it.

In the first place I would like to express regret that the publication of the four proposed locations in the local papers gave a false impression of their position relative to the centre of the town, particularly that of the northeast section, and more particularly that of the northwest section which was referred to as being at the San Fernando Road and Doran street. The ground to which I refer is eighteen acres bounded by Doran street on the south, Kenilworth avenue on the east, Patterson avenue on the north, and the continuation of Chester street on the west, over one-quarter mile to the San Fernando Road, and is actually nearer the centre of Glendale than any other location under consideration.

**Near Eastern-Broadway**

The site recommended by the committee not only is farther away, but is very near the eastern boundary of the city, in a section of town which has not the opportunity or possibility of development that the west has, and if each citizen individually were investing his money he would certainly put it where increased valuation of the property is most probable.

It may be pointed out that the people of Eagle Rock will be better served by the eastern site, but why should we care for Eagle Rock in preference to Glendale, especially when that community is very likely to go into Los Angeles, and is certainly developing rapidly enough to warrant a prediction that it will soon be able to support its own high school.

It would take too much space to discuss all my reasons, but I would like to enumerate a few more in favor of the northwest location, as follows:

1. The ground is adjacent to the only city park, where the swimming pool is to be located. I have been informed that parents are paying a considerable fee to have their children attend the Brookside park swimming pool for instruction.

**More Building Activity**

2. There is more building activity in the northwest section than in any other, and more room for expansion, which is bound to come, than in any other section. Notice all the subdivisions opening up in the northwest section.

3. There are 1065 pupils attending three schools on the west side to 927 pupils attending five schools elsewhere, by actual registration.

4. The property can be purchased a great deal cheaper than that on the east side and it should be worth more money in five years' time.

5. It will cost much less to put the property in shape for only streets will be required, while on the east besides some street work there will have to be removal of houses, grading, removal of trees, and considerable preparation of the soil for lawn and gardens.

**Would Lose Territory**

6. Glendale is growing so rapidly that it must have room in which to expand. The choice on the east would require the people all along the northwest slope to enter the Burbank school district, and very likely cause much of that territory to annex to Burbank, and certainly would lose for Glendale that section between Glendale and Burbank which has twice turned down elections for annexation to Burbank and is now considering one to come into Glendale.

7. The car line is only two blocks away.

I am very willing to confess that the northwest section has a warm spot in my heart, but my reasons are absolutely practical and unbiased.

Thank you very much for the courtesy of allowing me to have my say.

E. P. HAYWARD.

**IN THE SUPERIOR COURT OF THE COUNTY OF LOS ANGELES, STATE OF CALIFORNIA:**

Carrie L. Flanagan, plaintiff, vs. Edward J. Flanagan, defendant.—No. D-8456. Action brought in the Superior Court of the County of Los Angeles, and Complaint Filed in the Office of the Clerk of the Superior Court of said County.

The people of the State of California send greetings to Edward J. Flanagan, defendant, and Marjorie Strong, co-respondent, therein named:

You are directed to appear in an action brought against you by the above named plaintiff, in the Superior Court of the County of Los Angeles, State of California, and to answer the complaint therein within ten days after the service on you of this summons, if served within the County of Los Angeles, or within thirty days if served elsewhere, and you are notified that unless you appear and answer as above required, the plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and seal of the Superior Court of the County of Los Angeles, State of California, this 22nd day of January, 1921.
