VOLUME 50.

VICTORIA, B. C., MONDAY, JULY 11, 1910.

NO. 6.

NEW BY-LAW IN FORCE FRIDAY

HOTELS AND RESTAURANTS THE SAME AS SALOONS

No Liquor Must Be Sold From 11 p.m. Saturdays Until Monday Morning

On Friday next the by-law which recently passed the council placing drastic restrictions on the sale of liquor in restaurants and hotels will become effective. Under the measure as it is drawn it will be unlawful to dispense spirituous liquors of any kind in any hotel or restaurant during the hours intervening between 11 p. m. on Saturdays and 6 a. m. on Monday mornings. The amended by-law has aroused organized opposition on the part of the local houses affected, and it is extremely doubtful that the question of the validity of the measure will be tested in the courts at an early date. The vital clauses in the by-law are as follows:

"From and after the 11th day of July, 1910, it shall be unlawful to retail spirituous or fermented liquors in any restaurant, or in any hotel, shop or other premises in the city, during the hours in which it is by section 7 of this by-law, as amended by section 1 of the Liquor License Regulation Amendment By-law, 1907, declared that saloons shall be closed, and so that no spirituous or fermented liquors shall be sold either by wholesale or retail in any hotel, restaurant, shop or other premises of the city at any of the hours or times saloons are by statute or by-law required to be kept closed, save in pursuance of, or under, any statutory exception, reservation or permission in that behalf.

"No boxes, or partitioned space shall have curtains, or be at any time closed by curtains or other device. This regulation shall apply to restaurants, whether situated upon premises occupied as a restaurant only or in the restaurant attached to or forming part of hotel or saloon premises, and whether such restaurant be licensed for the sale of spirituous or fermented liquors or not.

It shall be the duty of the health officers of the city appointed to carry out the duties of the Adulteration Act and Amendment Acts, Revised Statutes of Canada, Chapter 153, and Chapter 4 of the Dominion Statutes in the City of Victoria in and concerning all liquors, whether spirituous, fermented or otherwise, or other products offered or kept for sale for human food or drink in saloons, hotels, restaurants, shops or other premises whereon same may be kept for sale or warehoused or sold or supplied in the city, and otherwise, to carry out the provisions of the by-law known as the Food Inspector's By-law, 1908, No. 560, as if said food stuffs or drinks were expressly mentioned and included in said By-law No. 560, said inspector procuring such samples in made directed by said Dominion Statutes, and for the purposes of this provision it shall be lawful for said inspectors during the hours in which the places of business enumerated, or included, are open for business purposes, to enter upon any premises whereon said food stuffs or drinks are kept or offered for sale, or for supply to customers, for the purpose of carrying out the provisions of the said Dominion Statutes, and in the case of wholesale dealers in spirituous and fermented liquors, it shall, notwithstanding any by-law of the city to the contrary, be lawful for any person holding a wholesale license to sell or dispose of to such inspector, or otherwise to supply to such inspector samples of any quantity of spirituous or fermented liquors in compliance with section 14 of said Chapter 153 of the Revised Statutes of Canada.

The licensee of a saloon or hotel having a bar shall employ only such person or persons as a bartender or bartenders as have complied with the following requirements:

"Every person desirous of following the occupation of bar-tender in the city of Victoria should, as a pre-requisite for his employment by a licensed saloon-keeper or licensed keeper of a hotel bar, leave with the chief of police a statement in writing signed by him giving his full name with the name and address and occupation of every employer with whom he has been employed (if any) during the next preceding two years."

DUKE OF WESTMINSTER HAS NARROW ESCAPE

Nearly Drowns When New Airship Capsizes Off Shore During Trial Flight

(Special to the Times.)
London, July 11.—The Duke of Westminster had a narrow escape from drowning yesterday through the capsizing of his hydroplane in which he and a companion were practising off Cowes, Isle of Wight. The hydroplane was only completed Saturday, and is capable of going 25 miles an hour. The accident occurred a mile from shore in deep water. The Duke was steering and attempted to turn too sharply. The hydroplane keeled over, taking the water over the stern until she capsized. The Duke sank twice, when Mr. Robbins, his companion, grabbed him and held him until a motor arrived and took him ashore.

WEATHER MAN TALKS OF HEAT

DISCOMFORT IS ALL DUE TO "HIGH APEX"

F. Napier Denison, of Meteorological Office, Explains Unusual Conditions

Very interesting, indeed was a chat which a Times man had this morning with F. Napier Denison, deputy superintendent of the local meteorological office, in respect to present weather conditions.

Many people who have suffered some discomfort during the rather extreme heat of the last three or four days have been under the impression that the temperature has been abnormal. Seen by a Times man this morning, Mr. Denison said:

"It is true that it was unusually warm on Sunday. This was owing to the duration period of the high temperature. Usually it is the case in Victoria, judging from the records since 1872, that the 'apex' or 'peak' of high temperature has been of short duration, but an examination of the record of yesterday shows that the 'high' period lasted from 11 a. m. to 6 p. m. This necessarily resulted in the houses being heated unusually, and people generally came to the conclusion that an extraordinarily hot wave had struck the city."

Mr. Denison went on to say that the present period of warm weather is due to the fact that great heat has prevailed in California and Nevada for some days past. This has drawn to that area winds from northern British Columbia and Alaska, where the temperatures are usually high at this season of the year. This latter circumstance has prevented the cool winds of the Pacific reaching this section of the coast.

Mr. Denison gave the reporter the temperatures for the past three days as follows:

Friday	72
Saturday	80
Sunday	87

As mentioned above, the discomfort which was experienced on Sunday was due to the duration of the "high apex." Today was much cooler, a slight breeze blowing from the westward.

The highest temperatures recorded in Victoria since 1872 are as follows, as shown by records at the meteorological office:

1880	82
1882	83
1884	82
1886	83
1888	85
1889	85
1891	85.6
1894	84
1899	86
1902	86
1906	87.5
1907	87.0
1909	78

GERMAN PREDICTION

Berlin, July 11.—Professor Writh declares Japan will not renew the alliance with Great Britain. He says the result of the triple alliance will be that Britain is preparing to greatly strengthen the defenses of the Pacific.

WILL REPORT ON CITY SAND PITS

Engineer to Give Some Data This Evening on Saanich Arm Proposition

At this evening's meeting of the city council Angus Smith, city engineer, will submit a report on the feasibility of the city taking over some 50 acres of land on Saanich Inlet, which has been offered by Hewling & Company as suitable for a future supply of sand and gravel. The engineer has obtained some figures as to the cost of delivering the material within the city limits, but has not yet made arrangements for boring test holes. In the event of the city taking over the property it would be necessary to purchase a couple of scows and make arrangements for towing.

Speaking of the matter this morning, Mr. Smith expressed the opinion that it might be good policy for the city to own its own sand and gravel pits, even if they were not worked immediately. His information was that the available supply of this class of material was small, and with the up-building of the country such properties would become increasingly valuable.

SUMMER IS HERE. MAYOR MORLEY—"Well, THIS beats anything we ever had down in..."

WILL RECONSIDER LIQUOR BY-LAW

MAYOR TO RETURN MEASURE TO-NIGHT

Question of Prohibiting Exhibition Here of Fight Pictures May Also Come Up

A variety of interesting business is slated for consideration at this evening's meeting of the city council. On motion of Mayor Morley there will be returned for reconsideration the liquor license by-law, by which it was proposed to make all the licenses in the city a uniform \$25 per annum. It will be finally decided whether the Fort street widening work shall be proceeded with immediately, and another matter of importance that will come up for discussion is whether the moving pictures of the Johnson-Jeffries fight shall be permitted in Victoria.

In regard to the liquor license by-law there is little likelihood that the vote will be altered from that of last Monday evening, when the measure was killed on a tie vote, those voting in the negative being Ald. Mable, Ross, Hemmer, Bishop and Sargison. Mayor Morley, however, at Friday evening's meeting of the streets committee expressed himself as of the opinion that the aldermen would be agreeable to an increase in the general license fees. In view of the necessity of raising more revenue, and therefore, he would return the by-law for reconsideration.

A recommendation will be received from the streets committee at this evening's meeting that the project for the widening of Fort street be proceeded with immediately. The matter has been long delayed and the owners are rejoicing at this turn of affairs. Under the amended by-law the owners will have twenty years in which to pay for the pavement. The cost of the actual widening of the street—the removal of houses and the cutting off of the face of business blocks—will be borne by the owners themselves. The city's entire contribution to the project is only \$15,000.

Mayor Morley has asked J. H. McDermid, city solicitor, to bring in an amendment to the public morals by-law so as to prohibit the exhibition here of the moving pictures of the Johnson-Jeffries fight at Reno the other day. Under the by-law as it is at present there is no provision for the prohibition of any particular class of exhibits. It may be anticipated that the amended by-law will pass unanimously, as all the members of the board are opposed to the idea of allowing the scene at Reno to be reproduced in Victoria.

It is likely that the council will this evening decide on the date of submitting the six loan by-laws to the rate-payers. These measures are: (1) to authorize the city to transfer the site at Spring Ridge for high school building purposes; (2) a sewer loan by-law for \$50,000; (3) a measure to permit of the expenditure of \$45,000 for additions and improvements to the Victoria West and Kingston street schools; (4) the by-law to raise \$20,000 for the erection of a public convenience at the corner of government and Wharf streets; (5) the Dallas road improvement scheme; (6) a measure to enable the council to raise the necessary sum to place the

KING AND QUEEN MAY TOUR EMPIRE

(Special to the Times.)
London, July 11.—King George and Queen Mary will make a tour of the Empire shortly, according to a rumor here.

STEAMER SINKS IN MISSISSIPPI

ALL PASSENGERS LANDED IN SAFETY

Panic Stricken People Rush for Boats But Crew Succeeded in Restoring Order

(Times-Leased Wire.)
St. Louis, Mo., July 11.—The steamer Girardeau lies a sunken wreck in the Mississippi to-day near St. Genevieve, while 125 passengers who were removed from the sinking vessel were landed in safety at Chester, Ill.

The vessel went down yesterday, but no news of the disaster was received until to-day. It is generally believed that the craft was overloaded, although an unconfirmed report is current that the boat struck a sunken barge which had been left unmarked by danger lights.

When the accident occurred the passengers became panic-stricken and rushed for the rails. In spite of the darkness the crew was able to restore order, and the life boats were launched. In the passenger list were many women and children.

CLEAR HARBOR SUCCESSFULLY

BARQUE ELGINSHIRE NOW IN ROYAL ROADS

Windjammer Carrying Near 2,000,000 Feet, Leaves Wharf Amid Cheers and Salutes

For the first time in the history of Victoria a big four-master fully laden left the upper end of the inner harbor on Saturday night, when the British barque Elginshire, Capt. Wright, carrying nearly two million feet of lumber and drawing over twenty-four feet of water, was taken to an anchorage in the Royal Roads.

Consorted by the tug Lorne, with the tug Dominion at her bows, the Elginshire was moved from the Michigan and Puget Sound Lumber Company's wharf amid the cheering of her crew and spectators and the hooting of whistles, down the channel which had been especially cut for her and out of the harbor without accident of any kind.

Some anxiety was occasioned by a delay in swinging the E. & N. railway bridge, which was whistled for at 8:55 p. m. The tide was rising, high water was due at 8:30 and it was almost imperative that the big barque be taken out before the ebb. The bridge was held for the night train, however, and in spite of continued whistling from the Lorne, was not opened until after 7:30 o'clock. When the lines were cast off and the Elginshire commenced to move down the channel a knot of spectators raised a cheer which was answered lustily by the crew of the windjammer.

Pilot Bucknam and Capt. Thomas H. Brown were aboard the barque and the latter watched her progress down the channel to Porter's wharf, which he had only completed digging a few hours before, with great interest, rendering considerable assistance to the pilot. As the straining tugs and their tow came abreast of the Dominion-dredge Mud-lark, which had made the passage of the Elginshire possible, the ensign was dipped and salutes were exchanged between the mud-thrower and the tugs.

From the time the E. & N. bridge was passed the barque made good progress, followed by the Michigan Pacific Lumber Co.'s tug Beatrice of spruce, Aaroo, on which were T. C. Sorby, secretary of Victoria Inner Harbor association; D. Hankin, manager of the M. and P. S. mill; W. A. Whitman, general superintendent of logging operations for the M. and P. S. Company; J. H. Moore, Michigan Pacific Company; a Times reporter and a number of ladies.

An hour and ten minutes were occupied in clearing the harbor. Off the outer wharf the tug Dominion cast off her tow-line and blew a farewell, which was echoed by the Beatrice and answered by the Lorne as the latter swung the big sailer for an anchorage in the roads.

The Elginshire is the first vessel of her size to load and clear in the inner harbor. She is a four-masted marque of 2835 tons and is carrying a capacity cargo of 1,542,000 feet B. M. of spruce and fir for Delagoa Bay. When she left the harbor she was drawing 21 ft. 8 in. aft.

(Concluded on page 11.)

FOREST FIRES NEAR NORTH VANCOUVER

Three Stores Destroyed—Much Timber Burned in Capilano and Lynn Valleys

Vancouver, July 11.—Forest fires are raging at Capilano and Lynn Valleys. Three stores on the borders of North Vancouver have been gutted. Two hundred men fought the flames all night. The loss of timber will be very heavy.

GRANTED PENSIONS.

Paris, July 11.—The administrators of the Carnegie pension fund have awarded pensions ranging from \$40 to \$300 to widows of policemen, firemen and other persons who lost their lives in the performance of heroic duty during the Paris floods last spring.

ELECTION IN MANITOBA TO-DAY

ROBLIN IS MAKING DESPERATE FIGHT

Wholesale Personation Reported in Two Divisions of the Prairie Capital.

(Special to the Times.)
Winnipeg, July 11.—The provincial election is being fought to-day with great energy and the Roblin-Rogers machine is stopping at nothing. Wholesale personation is reported up to noon in south and west Winnipeg, where desperate efforts are being made to defeat Thos. Johnson and Ed. Brown. Indications are that both will be returned.

Many Conservatives will refrain from voting owing to their disgust at the Roblin regime. It all depends on the farmers. If they believe what their organ, the Grain Growers' Guide, and their solicitor, R. H. Bonner, says about the government, Roblin will be swept from power. McCreag, their president, saved them last election by coming out in the last week with an open letter calling on the elevator commission. But they have the greatest political machine in Canada, and the result may go to the side which has the big battalion of workers, money and liquor.

DIAMOND SMUGGLERS

Believed to Have Left Southwest African Fields With Gems Worth \$400,000.

Berlin, July 11.—Smugglers with diamonds worth \$400,000 from the Southwest African fields have succeeded in evading the colonial officials at Luderitz Bay and escaped for Europe. It is believed they are aboard a German liner.

The government, which is entitled to 33 1/3 per cent. of the value of the stones, is watching all vessels which arrive. This revenue officers assert that diamonds worth many millions have been smuggled in this way in recent years.

The smugglers have not been detected, but are supposed to be women who concealed the stones in their clothing.

X-RAYS CAUSE DEATH

(Special to the Times.)
London, July 11.—Harry Cox, pioneer X-Ray investigator, is dead at the age of 46. He contracted X-ray dermatitis twelve years ago, and it eventually caused his death.

TWO PERISH

Wellesley, Mass., July 11.—Florence Jenkinson and Mary Palmer, classmates and chums in Wellesley college, were drowned in Lake Waban while bathing. Miss Jenkinson gave her life in an ineffectual effort to save her friend.

ROOSEVELT IS BUSY WITH POLITICS

Report That Former President Continues to Direct the Republican Campaign

(Times-Leased Wire.)
Beverly, Mass., July 11.—Mr. Loe's visit to President Taft after a day's conference with Theodore Roosevelt to-day is significant. It is declared the ex-president is still directing the Republican campaign.

CANADIAN FINANCES

Ottawa, July 11.—The total revenue of the Dominion during June was \$9,612,677.38, compared with \$7,978,892.42 in the same month last year. The expenditure on consolidated account last month was \$8,323,000, as compared with \$8,416,746 in June last year. The revenue for the quarter totaled \$28,334,853, as against \$21,592,872 in the corresponding quarter. On capital account the June expenditure was \$1,650,336, and for the quarter \$4,150,053, as compared with \$2,924,294 and \$4,014,298 respectively last year. The main item of expenditure for the quarter was \$2,908,536 on public works, railways and canals. The net debt of the Dominion now totals \$222,405,428, and the total assets are \$180,384,394.

MILL GOES UP IN SMOKE

Spokane, Wash., July 11.—The careless dropping of a match resulted in the destruction of the Springston Lumber Company's plant, with a loss estimated at \$100,000.

FINE SHOOTING BY CANADIANS

MAKE GOOD START IN SERVICE MATCHES

Sergt. Richardson, of Victoria, Shows Consistent Form in Bisley Matches

(Special to the Times.)
Bisley, July 11.—The Canadians got off to a good start in the opening service matches which began Saturday. Private Steele of the 30th regiment, Guelph, winning one of four cups shot for in the Daily Telegraph match, seven shots at six hundred yards. Six other Canadians figured in the prize list of this match, while seven got into the Daily Graphic; seven shots at 200 yards, and five in that of the Graphic, seven shots at 500 yards. In the Wimbledon, ten shots at six hundred yards, only seven Canadians competed and of these four got into the prize list. In all four matches possibles were much in evidence and in the three first named it required scores of 24, in which the inner was nearly a bull to take part of the money. Six Canadians were counted out in this way. The scores of the Canadians were:

Club	Daily Graphic, 200 yards	Graphic, 500 yards	Telegraph, 600 yards	Stock Exchange
Lt. Mortimer, Ottawa	25	25	25	25
Capt. Crowe, Guelph	25	25	25	25
Pte. Steele, Guelph	24	25	25	25
Sgt. Richardson, Vict.	24	24	25	25
Sgt. Mitchell, Hamilton	23	24	25	25
Crp. Whitehorn, Toronto	23	24	25	25
Pte. Bibby, Dundas	23	25	25	25
Sgt. Freuchen, Hamilton	23	25	25	25
Pte. Latimer, Toronto	24	24	25	25
Sgt. Morris, Bowmanville	24	24	25	25
Maj. King, Bowmanville	23	25	25	25
Pte. McKie, Guelph	23	25	25	25
Lt. Drysdale, Montreal	23	24	25	25
Capt. McHarg, Vancouver	23	25	25	25
Sgt. Bayless, Toronto	23	25	25	25
Capt. Forrest, Vancouver	23	25	25	25
Sgt. Eastwood, Winnipeg	24	25	25	25
Sgt. Stock, Toronto	23	25	25	25
Lt. Rose, Bowmanville	22	25	25	25
Gr. Sharpe, Montreal	23	25	25	25
Pte. Green, Toronto	23	25	25	25
Sgt. McInnes, Edmonton	23	25	25	25
Maj. Stuart, Vancouver	22	25	25	25
Lt. Russell, Ottawa	24	25	25	25
Sgt. Bowen, Ottawa	23	25	25	25
Pte. Clifford, Toronto	23	25	25	25

The Stock Exchange is the aggregate of the three matches given above. Last year 99s were good enough to get in, so that it would appear as if the Canadians would get a fair share of honors, there being twelve centuries to their credit. The prize list will not be posted until to-day.

In addition to these matches, the Wimbledon, ten shots at six hundred yards, was also fired on Saturday. Only seven Canadians entered and they scored as follows: Lieut. Mortimer, Ottawa, 50; Pte. Bibby, Toronto, 49; Sgt. Bayless, Toronto, 49; Capt. McHarg, Vancouver, 48; Capt. Crowe, Guelph, 47; Pte. Steele, Guelph, 47; Pte. Latimer, Toronto, 45.

The prize winners among the Canadians were:

Lieut. Mortimer, 45th in the Daily Graphic 13, 16th in the Wimbledon 18.
Capt. Crowe, 20th in the Daily Graphic 15, 18th in the Wimbledon 15.
Pte. Steele, 45th in the Daily Graphic cup, valued at about 50 guineas.
Sgt. Richardson, 117th in the Daily Graphic 12, 79th in the Daily Telegraph 12.
Sgt. Mitchell, 108th in the Daily Telegraph 12.
Corpl. Whitehorn, 138th in the Daily Telegraph 12.
Pte. Bibby, 131st in the Graphic 12, 5th in Wimbledon 42.
Sgt. Freuchen, 148th in Graphic 13.
Pte. Latimer, 17th in the Daily Graphic 12.
Sgt. E. Morris, 94th in the Daily Telegraph 12.
Major King, 71st in the Graphic 12.
Pte. McKie, 52nd in the Daily Graphic 12.
Lieut. Drysdale, 126th in the Daily Telegraph 12.
Capt. McHarg, 51st in the Wimbledon 12.
Sgt. Bayless, 11th in the Wimbledon 12.
Sgt. Eastwood, Winnipeg, 117th in the Daily Graphic 12, 95th in the Graphic 12.
Sgt. Russell, 94th in the Daily Graphic 12.

VOTES FOR WOMEN IN BALANCE.

The replies given by Mr. Asquith to the two deputations which waited upon him on Tuesday in connection with the Women's Suffrage Bill now before parliament were on the whole favorable to its supporters, says Public Opinion. Mr. Asquith is himself opposed to that or any other bill for removing the sex disability, but he frankly admitted that his opinion in

this matter is not shared by a majority of the member of his cabinet, nor probably, he added, by a majority of his party. The government is not asked to adopt the bill as its own; it is merely asked to allow the House of Commons to deal with it as it may think proper, and Mr. Asquith also admitted that this request was a reasonable one, and he said that the cabinet as a whole would consider the question and announce its decision without undue delay.

PROPOSED INCREASE IN FREIGHT RATES

U. S. Interstate Commerce Commission Will Consider Tariff Submitted

(Times Leased Wire.)

Washington, D. C., July 11.—The first important action of the interstate commerce commission under the new railroad regulation act is expected during the week when the commission considers rate increases filed with it by most of the important eastern and western lines.

The commission will meet to-morrow to consider the tariffs filed by the New York Central and the New York, New Haven & Hartford railroad for increases in the commutation rates in and out of New York. The commission will take up Wednesday the new tariffs filed by the eastern and western trunk associations increasing freight rates practically 30 per cent. It is expected that the commissioners, acting under the power given them in the recent law, will suspend the rates for a thorough investigation as to their fairness.

The action of the commission is the culmination of the administration's fight against the proposed increases. The railroads filed the tariffs before the law was passed, hoping to avoid suspension of the rates during their investigation. The administration brought an injunction suit at Hannibal, Mo., against the roads of the Western Association. As a result of the suit conferences were held between President Taft and the representatives of the roads, and it was agreed that the rates would be withdrawn until the law was passed. The commutation rates will become effective July 20th, unless suspended by the commission.

THE LURE OF THE DESERT.

Looking through some back numbers of the Times recently, I came across a very pathetic story told by a goldseeker who, a few months ago, succeeded in crossing that treacherous Nevada desert known as "Death Valley." His hardships and privations as given by himself were, to say the least of them, thrilling and sensational, whilst his somewhat gruesome description of the numerous human skeletons which marked the course of his journey, is a vivid illustration of the seemingly insane risks which even sane men very often take in their search for gold.

The desert's ever calling. Her siren song is sweet. Her lovers' hearts enravelling. She draws them to her feet; She spreads in wilderness Her net of golden hair. And lavishes caresses. But some she leads with care For, garbed in magic raiment, Her luring life she lives. And claims a cruel payment For each caress she gives; For they who roam to ravish The treasures from her breast, Must ride with death beside them Upon their golden quest.

Oh, brave stars ride above her, And flicker stars of Fate, And men have learned to love her— And men have learned to hate; For close in her embraces, Where no man's eyes may see, She hides in quiet places, Her spoils of treachery.

But some, though Fate stood frowning, Have conquered in the strife, And won, with Fortune crowning, Their heart's desire of life. But treasure she has bartered, Her luring gauds she's sold, For blood of brave men martyred Upon her shrine of gold.

VICTORIA, B. C. J. J. M.

"I understand that you called on the plaintiff, is that so?" "Yes," replied the witness. "What did he say?" The attorney for the defence jumped to his feet and objected that the conversation should not be admitted in evidence. A judge retired to their private room to consider the point. An hour later they filed into the courtroom and announced that the question might be put. "Well, what did the plaintiff say?" "He wasn't at home, sir," came the answer.—Housekeeper.

Over half a million mackerel have been caught off Hastings, Eng.

TWO FIRES DO DAMAGE

CONSIDERABLE LOSS TO B. C. FUR COMPANY

Building Gutted and Stock Damaged—Blaze on Simcoe Street Causes Small Loss

Chief Davis and the members of the department had a stiff fight with a fire which broke out this morning in the premises of the B. C. Fur Manufacturing Company, 904 Government street, shortly before 9 o'clock. The blaze was caused by a gasoline explosion in the rear of the premises, and in a few moments the whole of the store was aflame.

An alarm was turned in at once by attendants and the brigade responded promptly. The expensive stock was saved from complete loss by the salvage corps, the members of which laid tarpaulins, before the many streams of water were turned into the building. In the interim the chemical engines had done good work in keeping the flames in check.

The damage to the stock and premises is estimated at \$3,000, and the insurance carried by the firm, which is managed by William Lindley, the taxidermist, is \$10,000. The store has been closed pending an examination by insurance adjusters.

Dwelling-house Fire.

The brigade was called out yesterday morning about 11:30 to a fire in a frame house near the corner of Simcoe street and Clarendon street, James Bay. The fire was confined to the front of the house above the veranda and appeared to be close to where the electric light wire enters the house. Chief Davis and one of his men entered the house through the unbroken windows after carefully opening them, but were driven out by the dense smoke through covering respirators. Great care was taken not to do any unnecessary damage to the building and when once the seat of the fire was got at it was put out very quickly. There was a good pressure of water from both hydrants. A great deal of the furniture was taken out in good time and the house was not much damaged.

Damage to the amount of about \$200 to the house and \$100 to the furniture. The house and furniture are fully covered by insurance, \$1,500 in the Phoenix on the house and \$750 in the Yorkshires on the contents. Great credit is due to the chief and his men for the manner in which the fire was so quickly subdued, as at one time it appeared to have got a good hold.

STOVE LID BLUNTS THE DART OF CUPID

George Hewitt, a Gay Lothario, Gets Sore Back and Also a \$25 Fine.

George Hewitt was given an opportunity, in the provincial police court this morning, to pay \$25 to the government, or if he does not pay he will go to jail for one month, because while he was drunk at Esquimalt yesterday he offered an insult to a married woman in her home.

The accused went to the house of the woman and asked for a drink of water. Having obtained the drink he declined to leave and enquired about the woman's husband, learning he was an inmate of the hospital, he sat down and proposed he should be the woman's protector during her husband's absence. His proposal was met by a round stove lid, which caught him in the middle of the back, and later Constable Conway escorted him to one of the nicest cells in the city jail.

The woman whose house Hewitt entered swore in the witness-box this morning that while she was nursing her baby, Hewitt came and sat beside her and expressed his desire never to leave her again. She said he was drunk, but she was frightened and used the stove lid without mercy.

"I expect he has a big mark on his back now," she said, looking across at the man in the dock. "For I certainly put all my strength behind the stove lid, and hit him squarely in the back."

Jun Fook a Chinese charged with wounding a horse, the property of Chun Lip, by slashing it with an axe, was acquitted this morning in the city police court. He was defended by W. C. Moresby. The horse was found with three gashes in its rump and a blood-stained axe was discovered in a hay bale. The key of the stable was found in possession of the accused.

The defense was that the wounds had been caused by a nail penetrating through the partitions of the stable, and the magistrate, after adjourning the court to see the stable and the nail, came to the conclusion that, in view of the nail, and the circumstantial nature of the evidence for the prosecution, he could not convict the accused.

What Other People Think

SOLITARY LEFER. To the Editor.—I was reading in a recent issue of the Vancouver Province that an unfortunate fellow creature—a Hindu—had been removed from the Albert Head quarantine station to Darcy Island, he having shown signs of leprosy, according to the medical diagnosis.

This poor creature has been removed to the silence and loneliness of Darcy Island with not a living soul to bear him company. The magistrate, after adjourning the court to see the stable and the nail, came to the conclusion that, in view of the nail, and the circumstantial nature of the evidence for the prosecution, he could not convict the accused.

BULLETIN RESULTS

The Times will this afternoon and evening bulletin the results of the Manitoba election at its office, Broad street.

BERLIN REFUGE OF RUSSIANS

POLICE TRYING TO LIMIT THE NUMBERS

Terrors of Russian Prisons—Effects of Discipline in the German Army

(By a Staff Correspondent of the United Press.)

Berlin, July 11.—There are too many Russian refugees in Berlin, which is being over-run with terrorists and seditious conspirators from the Czar's dominions, according to the complaints voiced day by day in the German press by conservative and reactionary politicians and writers.

Germany, as the adjoining country, is naturally the first refuge of those who take flight from Russia, and Berlin numbers many Russian reformers, who find it more desirable to live beyond the borders of their own country. In Berlin, however, the menace of expulsion is continually hanging over them because the police have long been trying to limit their numbers to the greatest possible extent.

From time to time batches of Russian refugees are served with orders of expulsion requiring them to leave the country within 24 or 48 hours, and in some cases they are taken down to the frontier and ejected from Germany by figurative, if not by actual force.

These expulsions, however, do not satisfy the conservative and reactionary elements in Germany, who are continually demanding that all of the Russian refugees shall be ejected with the least possible delay. The reason for the attitude taken by the police, and to a still greater extent by the reactionary party in this country, is that the presence of so many violently discontented Russian revolutionists is bound to exercise some influence on Germany, and an influence which would tend to overthrow the existing order of things.

Terrors of Prisons.

The Catoga Prison at Orel is one used entirely for the incarceration of political prisoners. It is customary to receive new arrivals at that prison in a room in which they are immediately subjected to severe flogging with the knouts used by Russian Cossacks. The prisoners are usually thrown to the ground and the prison warders stamp upon them with heavily booted feet. Those who survive this treatment without sustaining serious injury are beaten with heavy door keys and rubber clubs. The blows are dealt primarily at their faces, but also at their arms and shoulders. Not only the prison warders but the highest prison officials amuse themselves by taking part in this violent reception meted out to new arrivals.

At intervals the prisoners are taken out of their cells and made to run along the corridors of the prison very scantily dressed, while they are flogged with leather whips, knouts, pelted with heavy knee-boots and other missiles, and thrown to the ground and stamped upon, or hurled against stone walls if they fail to keep up a good speed in the face of all these difficulties.

All these features of Russian prison life will be detailed in the forthcoming book which is intended to create sympathy for Russian refugees in Berlin, and to counteract the movement for their expulsion.

Ridiculous Discipline.

Discipline in the army is one of the perennial themes of discussion throughout Germany. The one school has it that the whole things is ridiculously overdone and frequently leads to tyranny and abuse, while the other regards it as the safeguard of the Empire and certainly as a bulwark against the operations of Socialists. The latest instance of the arbitrary misuse of discipline, however, finds few defenders.

The story reads like a comic opera plot. It seems that Dr. Grotzner, a lawyer of Meiningen, who is also a lieutenant of reserve, received an invitation to a ball at the petty court of the Duke of Saxe-Meiningen. Being ill he could not attend and was unable to send a reply. The marshal of the duke's court pronounced this an unpardonable crime, and as it could not be met by the ordinary law, induced Dr. Grotzner's military superiors to deal him a humiliating reprimand. Although this was illegal the victim submitted. As it happened he had just brilliantly passed his examination as captain of reserves. The military authorities notified him that, for his breach of etiquette toward the duke he would not receive his promotion.

He then asked to resign. The Duke of Saxe-Meiningen, however, intervened on his behalf, and the military authorities informed Dr. Grotzner that he might now hope for promotion, but only if he consented to come up for examination a second time. On this Grotzner resigned, and the whole story became public.

Naturally, this playing with the interests of the army in order to placate the ridiculous court of Saxe-Meiningen and its pride has caused intense indignation throughout Germany. The majority even of Germans now begin to realize that the day of the nobility has somewhat passed and no one finds it easy to understand why a good soldier should be lost for the sake of a petty duke.

But the military authorities say that discipline must be maintained and that there is an instance in point. And when their opponents say that a little more discipline of this kind and Germany will have no soldiers left, they smile calmly and look superior.

A bread and butter slicing machine, which will cut 200 slices a minute, is being shown in Manchester.

MILITIA COMPANY WILL BE ORGANIZED

Chilliwack Corps to Be Unit of 10th Infantry Which Has Been Authorized

Chilliwack, July 9.—Information has been received in the form of a letter to T. E. Caskey of this city, from Capt. W. A. Johnson, of the Sixth Regiment, Duke of Connaught's Own Rifles, that the organization of the Tenth regiment of infantry has been authorized and immediately upon Mr. Caskey's return from the east steps will be taken toward the organization of a company to be stationed at Chilliwack.

For the past four years several residents of the valley interested in military affairs, have been urging upon the authorities the advisability of establishing a corps in this district. An attempt was made to secure authority for the organization of a mounted regiment, either of cavalry or rifles, but the initial expense of such a body as well as its cost of maintenance was probably considered too great.

The Tenth will be distinctly an infantry regiment with headquarters at New Westminster. Up to this time the four companies of militia at New Westminster have been units in the Sixth regiment with headquarters in Vancouver, but these four new companies will now be transferred to the new regiment and four new companies will be organized in Vancouver. The New Westminster companies will be known as Companies A, B and C, the Chilliwack company as D, and a fifth company, E, will be drawn from the vicinity of Abbotsford.

According to instructions forwarded by Captain Johnson, each company will consist of one captain, two lieutenants, one color-sergeant, three sergeants, one bugler, four corporals and thirty privates, making a total of 120 officers and men. If possible, two companies will be organized in Chilliwack and if this is accomplished manoeuvres can be carried on during the year to much better advantage than with only one company. Two majors will probably be commissioned in the new regiment and if two companies should be organized here a local officer may receive a major's commission.

As soon as possible after the organization of the Chilliwack company a barracks and rifle range will be constructed but this can probably not be accomplished until late in the summer. Three houses in Red Lion Court, Fleet street, London, which were built not long after the great fire, are to be demolished.

A "ghost" which caused some alarm at Emsworth, Eng., was discovered by a policeman to be a moth-catcher, who visited the hedges and meadows nightly.

TOO LATE TO CLASSIFY

WANTED—A youth to work in office, with some knowledge of book-keeping. Apply P. O. Box 22. Jy11

FLIES MORE THAN MILE A MINUTE

New Record Set at Aviation Meeting—Brookings Reaches Height of 6,100 Feet

Bethany, Plains, Rhems, July 11.—Many records were broken at the aviation meeting here during last week. Leon Morane, the French aviator, on Saturday in a new 100 horse-power Blériot monoplane covered five kilometres (3.1 miles) in 2 minutes and 25 seconds, and 10 kilometres in 5 minutes and 4 seconds.

The day closed with additional time and distance records. Olesinger reduced the 100 kilometre record (62.2 miles) to 1 hour 8 minutes. Aubrun, in a monoplane, with a single passenger, covered 135 kilometres (83.97 miles) in 2 hours 9 minutes 7 seconds.

Labouchere was awarded a special prize of \$1,000 for breaking Aleslager's record of 250 kilometres, made before the competition, for the single distance prize.

The constructors' prize for the best total distance covered by three machines of one design goes to the Anzoffite monoplane, which covered 2,755 kilometres (1,705 miles). Lagagno, in a biplane, with a single passenger, made a daring flight. He circled the towers of the Rhems cathedral, flew over the city for half an hour, and returned to the field.

Altitude Record. Atlantic City, N. J., July 11.—Walter Brookings, in a Wright biplane, broke the world's altitude record here on Saturday evening, reaching a height of 6,100 feet.

CROP CONDITIONS IN CANADIAN WEST

Yield in Manitoba Will Be Below Average—Prospects in Saskatchewan

Winnipeg, July 11.—Partly owing to the provincial election campaign and partly because there is so little good to report, the local press has little to say regarding the condition of the crop in this province. At the grain exchange, however, the bulls have it all their own way.

"The Manitoba crop will not average ten bushels," said one big operator this afternoon. "The condition of the spring wheat is nearer 30 than 40, the lowest in years, and every 24 hours of heat and no rain is making it worse." That may be an extreme view, but it is certainly one looking for any think like an average crop this year. Even Brandon district, which was among the optimists till a few days ago, now is talking of the grain being baked up. The conditions, of course, vary largely according to district and soil, and in some parts of Southern Manitoba farmers are already ploughing under the spring wheat.

On light lands there will not be much of a crop to harvest. Some heavy lands which have succeeded in retaining what little moisture there has been are showing better. But on these the grain is maturing too rapidly for even an average yield. The hay crop will be a dead failure and the farmers are getting anxious about winter feed. For miles and miles, the open prairie is yellow and parched with the sloughs dried up. The problem of watering a little is already serious in many districts.

Heavy rains right away and cooler weather would no doubt save the situation to a certain extent, but Manitoba is going to have the worst average wheat yield of any recent year.

Conditions are reported better in Saskatchewan, though the southeast of that province has suffered severely. Southern Alberta appears to have been damaged by drought quite as badly as this province, but further north conditions are better. A great deal of misleading information is offered the public.

Official returns by the provincial government are about due and will

A TIMELY TOPIC.

The heat wave is spread over the entire continent like a garment. It was slow in reaching Victoria. It has been rendering the people of the eastern and central portions of America for many days. The temperature was so high in New York at the beginning of the week that some persons of curious and inquiring turn of mind overhauled the meteorological records, compared them with similar data gathered in other parts of the world and established the fact that the people of Gotham, while they live within the so-called temperate zone, are really subjected to more trying conditions in summer than the more-fortunate inhabitants of the West Indies.

HARD ON A BIG FAT MAN.

President Taft is in one respect to be greatly envied these days, although he is an exceptionally fleshy man and the temperature is like that of the torrid zone. Mr. Taft's chambers in the executive mansion are artificially cooled. Yet it is quite safe to assert that the president is one of the most uneasy, most uncomfortable and most apprehensive men in the United States to-day.

can reverse their ordered courses. The president was elected on certain conditions, and his political backers insist upon the terms of the bond. He points to the Payne-Aldrich tariff as a redemption of his pledge to reduce the tariff. The newspapers are saying daily that the bill is one of the rawest bunco games ever played upon a trusting people. One result of the campaign of the press is the development of an insurrection within the Republican ranks.

LAST WORD ON THE PRIZE FIGHT.

If further evidence were needed in proof of the fact that prize fighting in its present day development is altogether an evil and without a single redeeming feature, descriptions of the crowd that assembled at Reno on July 4th to see an exhibition of the "manly art of self-defence" furnish that evidence in abundance. According to the best authorities the company which made its way to the "arena" in the Nevada mining town on the day which witnessed the downfall of "the champion of the white race," might fairly and truthfully be described as the scum of creation. Of course there were many who consider themselves representative citizens of the United States in the collection. But in the main the crowd was composed of gamblers and other human parasites, people who live on the wits, disdaining honest work.

LOCAL NEWS

The thermometer registered 86 yesterday. We know some people who will say it felt like 126. This is what comes of the astronomical suggestion that the sun is losing his power. The delayed carload of Dental Buds gum has arrived. Positively the largest shipment ever made to Victoria. Its delicious. Let your next package be Dental Buds and be convinced. Herr Wilhelm Peters, practical piano maker and tuner, has removed from 1102 Fort street. All communications left at Hibben's until further notice will be promptly attended to.

there is no likelihood of any country holding out inducements to him to change his citizenship.

The Kingston Standard prints a reasonable dissertation on the foolishness of man as a slave of fashion. It is not often that the comments of our contemporary would apply with force to the atmospheric conditions in Victoria, but they do at the present time. The Standard says: "Let us take for example the silk hats and frock coats that men think indispensable for morning dress—especially on Sunday. In Canada we have largely got away from these things during working days; but on Sunday the would-be fashionable go forth resplendent in silk hats and frock coats with the thermometer at 80 and the perspiration oozing from every pore. And they proceed to church and sit sweating through the service while their wives and daughters in delightful white gowns look charmingly cool and altogether in keeping with the weather. A woman is, indeed, fond of being in the fashion; but there is this to be said of her, that she knows how to dress in garments fitting the season. It is not time that in summer men broke away from this silk hat and frock coat business on Sunday, and wore clothing more suitable for the hot weather of our Canadian climate? In Britain, where the frock coat and silk hat are indigenous, the weather is never so hot as we get it here. There it may be fit for every occasion and all seasons—but in Canada it is not. Moreover, even in the old country it is going out."

Nearly all the newspapers of the east are printing headlines over the remains of Mr. Gouldthrite, who committed suicide when proven guilty of betrayal of trust as an employee of the Ottawa printing bureau. Not only is the way of the transgressor hard as a general rule (to which there are more exceptions than there ought to be), but how men can convince themselves that their dishonesty can be permanent covered up, as we suppose they must do or they would resist the tempter, is beyond comprehension. Doubtless there is great temptation in places like Ottawa for men to live beyond their means. But that is true of more places than the Dominion capital.

The thermometer registered 86 yesterday. We know some people who will say it felt like 126. This is what comes of the astronomical suggestion that the sun is losing his power.

Dress Muslins For To-morrow at 12 1/2 Cents per Yard. Fifty-Five Pieces Consisting of About 850 Yards of Very Dainty Muslin Go on Sale. These consist of Printed Crepes, Mercerized Mulls and Hairline Muslins, in widths of 28 to 33 inches, in embroidered Dresden designs, white and self colors, dimities, stripes and checks and white ground batistes.

To-Morrow's Bargain in Boys' Wash Suits, Reg. \$1 to \$1.25, for 75c. A most timely offering indeed. Just the kind needed for this hot weather, light, airy and comfortable, for the little fellow. These are in crases, pique and check materials, regularly sold at \$1 to \$1.25. To-morrow, special bargain price 75c.

Boys' Wash Pants, Reg. 35 to 50c, To-morrow 25c. Boys' Summer Clothing soon gets soiled through romping about. This necessitates something which can be easily washed. To-morrow we are offering a very special bargain in Boys' Wash Pants. This is a line which we have been selling at 35c to 50c. Special to-morrow 25c.

To-Morrow's Bargains in Youths' Long Pants, Reg. \$1.50 to \$2, for \$1.15. A special line of Youths' Long Pants go on sale to-morrow. These are made of very strong tweeds and worsteds. Very strongly made and just the kind for every-day use. Usually we have been selling these at \$1.50 to \$2.00. To-morrow \$1.15.

Ladies' Slippers, Values up to \$4.50 To-morrow \$2.50. A splendid bargain indeed for to-morrow's shoppers. They are in patent leather and glazed kid, in beaded or plain styles, straps, pumps or colonial ties. Values to \$4.50. To-morrow \$2.50.

French Hand-made Beaded Bags, 13 only, at \$8.75 to 12.50. This is just about half their value. They are lined with Suede leather, the outside beautifully worked in floral, beaded effects, heavy brass frames and chain handles. There are no two alike. These were bought at specially low prices. We have marked them at \$8.75 to \$12.50.

Some Good Bargains in Enamelware Yet to Be Had at 10c, 25c and 50c. There still remains many excellent bargains in the enamel ware department. Saturday we did an extremely large business, but if you did not attend, do so to-morrow it will be greatly to your advantage to do so.

Dent's and Perrin's Gloves at \$1 Pair. They are made by firms noted for high grade gloves all the world over. Try a pair on our word and be a constant wearer. Every pair guaranteed. If you are looking for a bargain, visit our furniture department, third floor, to purchase one of these Rockers. Special \$5.50. See Windows in Broad Street.

DAVID SPENCER, LIMITED

AT THE THEATRES. Following up its successes of last week the Empress Stock Company will this week present two of the popular and successful productions of recent years at the Victoria theatre. In these the company is assured of an enthusiastic reception as marked its presentation last week of "Tribby" and "Wildfire." For to-night and two following nights the bill will be the much-talked-of drama, "The Lion and the Mouse," written by Charles Klein, one of the leading playwrights of the United States. The play ran for over a year in New York city, and was afterwards on tour performed in the leading cities. The houses in all the leading cities, the plot tells a story of to-day, and its chief character is a money magnate of the States. John Burkett Ryder is the prototype of the heads of the corporation trusts. He bends all with which he comes in contact to his will through the power of his money. A judge who renders a decision against the ban of this man falls under the ban of his anger, and he determines to ruin his daughter. When the daughter comes to the rescue, Shirley Rosemore, the daughter, is loved by the son of Ryder, whom she meets returning from Europe. She finds her father disgraced by the eyes of the world and pursued by the hatred of the elder Ryder. She detest the hatred of the elder Ryder, and enters Cosmos to clear his name and enters

the house of the magnate as his secretary, he being unaware of her identity. She soon discovers the plot to disgrace her father, and in the end of the third act confounds the money king. This is said to be one of the most startling climaxes ever presented on the stage. Isabelle Fletcher as Shirley Rosemore is very powerful in this act, and the other members of the company are also capable. This is undoubtedly one of the most attractive offerings ever given by a dramatic company. For the last three nights of the engagement; with matinee Saturday, will be given Belasco's celebrated drama, "The Girl of the Golden West." New Grand Theatre. At the Grand Theatre to-night the great Albin, prince of illusionists, will be the big drawing card. The performance will last over half an hour, and will be completely changed every night. Between the features of his act he will offer the ordinary sleight-of-hand and card tricks. Rose and Ellis, the world's greatest barrel jumpers, will appear for the first time here to-day, and Guy Rawson and Frances Clare are to offer a diverting novelty entitled "Just Kids in Yesterday." A song and dance specialty by George De Vay and the two Dayton sisters are billed, while the fifth act is "the high-toned hobo," George B. Alexander, whose rich humor and irresistible sayings have made the world laugh. The regular moving pictures and song will be given also. Pantages Theatre. The Lewis and Lake musical comedy company will open their third week

with a big double bill at to-day matinee. The plays are entitled "The Maid and the Mummy" and "The \$10,000 Beauty." There are many spectacular musical numbers in the show, among which is "the twinkling star number," a beautiful electrical effect. The comedians, Ascher, Meyer and Mack, will be seen to advantage in this week's offering, and from all indications this will be the best performance offered by this popular company. Miss Lake will be seen in the part of the maid in the first, and as the ten thousand dollar beauty in the second act. PERSONAL. Rev. W. Drann being called to Fort-lan to attend a conference of the Synodical Mission committee, the business meeting announced for Tuesday will be postponed until the 21st inst. They will be postponed until the 21st inst. The marriage of Mr. Peter McKechnie and Miss Mina Wilson will take place this evening at 8 o'clock in the First Presbyterian church. Miss M. Rudd leaves to-night on a three-week trip to the Kootenays. THREE KILLED. Four Others Sustain Serious Injuries When Explosion and Fire Wreck Plant of Explosives Company. (Special to the Times). Armprior, Ont., July 11.—By an explosion which wrecked the plant of the Dominion Explosives Co. at Sand Point this morning Earl Murphy, Frank Pittman and John Hebot, all of Sand Point, were killed, and Edward Lynn, David Lynn and John Chatterton, all of Sand Point, and Thos. Mullett, of Carleton Place, were seriously injured. The explosion was followed by a fire which completely destroyed the plant. The shock of the explosion was felt for miles around and much damage was done to glass windows at Sand Point and in the adjoining district. Lt.-Col. G. T. Denison, Toronto, police magistrate of that city, is expected to arrive here on Sunday next as the guest of F. Napier Denison, his

nephew. While here Col. Denison will speak before the Canadian Club, probably upon some Imperial topics. Rev. T. W. and Mrs. Gladstone are staying at Fulford Harbor, on Salt Spring Island. Mr. Gladstone will return to Victoria each week end for his Sunday services. Charles Surphlis has wrenched the ligaments of his left leg and is now under the care of a physician. He will probably be able to play next Saturday. The marriage of Mr. Peter McKechnie and Miss Mina Wilson will take place this evening at 8 o'clock in the First Presbyterian church. Miss M. Rudd leaves to-night on a three-week trip to the Kootenays. THREE KILLED. Four Others Sustain Serious Injuries When Explosion and Fire Wreck Plant of Explosives Company. (Special to the Times). Armprior, Ont., July 11.—By an explosion which wrecked the plant of the Dominion Explosives Co. at Sand Point this morning Earl Murphy, Frank Pittman and John Hebot, all of Sand Point, were killed, and Edward Lynn, David Lynn and John Chatterton, all of Sand Point, and Thos. Mullett, of Carleton Place, were seriously injured. The explosion was followed by a fire which completely destroyed the plant. Seattle, Wash.—S. S. Iroquois leaves daily, except Sunday, at 9 a.m.

Excursion Wednesday and Saturday. Now is the time to see the beautiful islands, the novelty of this trip cannot be excelled in any part of the world.

The adjourned annual meeting in connection with Esquimalt public school will be held on Friday evening in Bampson street school.

The Ladies of St. James' Guild will hold their monthly meeting at Mrs. Brodrick's, 47 Menzies street, tomorrow at 3 o'clock.

On Thursday next St. Mark's Sunday school picnic will be held at Sidney, the Victoria & Sidney train leaving at 7:45 a.m. and stopping at Tolmie avenue.

It is understood to be likely that R. F. Lawrence, Esquimalt, will be appointed to the position of supervising provincial architect.

First communion was given to a large class of young people at St. Andrew's Roman Catholic cathedral yesterday morning, Bishop MacDonald officiating.

The Ladies' Society of Grace Lutheran church will meet Thursday afternoon, 14th inst, at the home of Mrs. Collins, 2639 Rose street.

The Victoria council, R. T. of T. will hold a basket picnic at the Gorge park on Tuesday afternoon and evening. All Royal Templars are asked to be present on this occasion.

The Natural History Society will meet this evening, when one of the lady members will speak on the preservation of birds. The subject of "Evergreen trees for an overgrown city" will be considered and a resolution will be submitted regarding Cedar Hill park.

Now that the hot weather has arrived there has been a general exodus from the city to the numerous camping sites in the environs of Victoria, Cordova Bay and the beaches in the neighborhood of Esquimalt continue to be the favorite spots with a majority of those who arrange to get away from town.

City Engineer Smith has reported to the council that the Warwick Paving Company will pave the roadway on Pemberton street, between Fort street and Rockland avenue, with asphalt, for approximately \$1 per yard, guaranteeing the maintenance of the roadway for five years and leaving fifteen per cent of the cost of the work in the hands of the city. If the owners will petition for the work and agree to pay for the extra cost over the tar macadam laid last year, the city will make the improvement.

While proceeding down Broad street this morning in a single-horse trap, Hon. Edgar Dewdney and a companion had a narrow escape from a serious accident. Owing to a misunderstanding, the vehicle collided with a heavy trolley, and later dashed into a telephone pole at the northeast corner of Broad and Johnson streets. The mare, a spirited animal, fell and gashed its mouth somewhat badly, but otherwise it was uninjured. The occupants of the vehicle escaped unharmed, but the shafts of the cart were broken.

Michelin Auto Tires

SMITH'S HILL RESERVOIR.
 But Small Quantity of Water in Big Basin—Auxiliary Pumps to Be Set to Work.

There is now but between four and five feet of water in the big reservoir on Smith's Hill. The leakage is at the rate of 15,000 gallons per day. The city engineer, speaking of the situation this morning, said some special effort would be made at once to maintain a larger quantity of water in the basin during the hot period. There are auxiliary pumps which may be set to work; and it is likely that this action will be taken immediately.

Seattle, Wash.—S. S. Iroquois leaves daily, except Sunday, at 9 a.m.

Thousand Islands—Next Sunday the S. S. Iroquois will make one of these delightful trips among the Gulf Islands, stopping one hour at Mayne, and returning via the picturesque Pender canal. Take V. & S. train, leaving Victoria 8:45 a.m. Refreshments and music on board. For further information telephone 511.

W. Miller has taken over the Goldstream hotel, which he has had thoroughly renovated throughout. This combined with an up-to-date service makes it the best summer resort on the island, surrounded by lovely drives, streams, and forests, making it one of the most beautiful spots on earth. Mr. Miller has made arrangements for the handling of special dinner parties, for week days or Sundays.

ORANGE ORDER HOLDS ITS CHURCH PARADE

Rev. T. E. Holling Preached Appropriate Sermon at Metropolitan Methodist Church

The annual church parade of the local lodges of the Orange order took place yesterday morning to the Metropolitan church. The Sons of England and the Loyal True Blues also attended the service and the number in parade was far in excess of other years. The procession was headed by the Pipers band and marched from the lodge room on Broad street direct to the church. The building was handsomely decorated with spruce and with orange-colored flowers, and the choir rendered two anthems in splendid style.

The pastor, Rev. T. E. Holling, B. A., preached a truly Protestant sermon from the text, "Only let your citizenship be as it becometh the gospel of Christ; that ye stand fast in one spirit, with one mind, striving together for the faith of the gospel; and in nothing terrified by your adversaries." Phil. 1:27 and 28. The Orange order, he said, stood for the practical application of the principles of the Protestant faith to national life and was imbued with a public, national and Protestant spirit. By a few apt quotations from the publications of the order, Mr. Holling showed the high ideals that were imparted in the teachings of the constitution and ritual, and then went on to enforce the truth of his text under the four headings: (1) play the gospel in a manner worthy of the spirit of Christ; (2) be united; stand fast in one spirit; (3) be aggressive; striving together for that which is right and true; (4) be not afraid; in nothing be terrified. These exhortations were backed up by apt illustrations from history and the sermon was listened to with intense interest, not only by members of the order present, but by the whole congregation.

TO REALLY CURE SICK KIDNEYS
 You Must Also Get the Liver and Bowels Right With DR. A. W. CHASE'S KIDNEY and LIVER PILLS

Strange, isn't it, that the intimate relation of the liver and kidneys should have been so long overlooked? And yet Dr. A. W. Chase's Kidney and Liver Pills owe their wonderful success to the recognition of this most essential point.

They ensure regular, healthful action of the liver and bowels, and thereby at once raise a burden from the kidneys and restore them to strength and vigor.

There is no way you can so quickly free yourself of backaches as by using Dr. A. W. Chase's Kidney and Liver Pills.

Headaches disappear, biliousness and constipation is overcome, digestion improves, and you feel fine in every way.

What's the use of experimenting with new-fangled medicines of uncertain and untried value, when you can be sure of splendid results by the use of Dr. A. W. Chase's Kidney and Liver Pills. One pill a dose, 25 cts. a box, all dealers, or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

TEARING UP STREETS TO LAY GAS MAINS
 City Engineer Confronted With a Difficulty of an Annoying Character

The city council has determined to make an endeavor to have the Victoria Gas Company, in extending its mains, do the work before streets have been improved. As matters are at present it has been found necessary to tear up a number of the improved thoroughfares in order to allow of the company putting down its pipes.

Mayor Morley recently had a conference with A. T. Goward, the local manager of the company, on the matter, and it was explained to his worship that the company finds it difficult to keep pace with the rapid development of the city. Streets are being improved permanently faster than the Gas company can extend their mains, and later, when it is convenient for the company to do this, the streets naturally have to be torn up. The remedy for the situation, in his worship's opinion, is to go to the legislature and seek an amendment to the act which authorizes the city to force the company to lay mains only when it is in accordance with the plans of the city engineer.

WEATHER BULLETIN.
 Daily Report Furnished by the Victoria Meteorological Department.

Victoria, July 11.—5 a.m.—The barometer has been unusually high over Northern British Columbia and low to the southward. These conditions have caused hot weather throughout the Pacific slope. Cooler weather will become general and showers will occur along the Coast. Local showers are reported in the prairie provinces.

OBITUARY RECORD

The remains of the late Mrs. Susan O'Brien were laid to rest in Ross Bay cemetery yesterday afternoon, in the presence of a large number of friends. The funeral took place at 2:30 o'clock, from the Hanna parlors, Yates street, where Rev. A. J. Stanley, A.M., conducted a very impressive service. He also officiated at the graveside. The floral offerings presented were numerous and beautiful. The following acted as pallbearers: J. Nicholson, G. Hicks, J. Balck and J. Wilcox.

On Saturday afternoon the funeral of the late Arthur Marriot took place from the family residence, 1407 Southgate street, and proceeded to Ross Bay cemetery, where the remains were interred. Rev. T. W. Gladstone conducted services at the house and several appropriate hymns were sung. There was a large attendance of sympathizing friends and many floral tributes were presented. The Sons of England attended in a body and the last rights of their order were conducted by President W. Appleby, assisted by Chaplain A. W. Knight. The pallbearers were as follows: James Hendry, D. McDonald, T. Whitwell, W. Cox, H. J. Stevenson, and W. Clegg.

SOOKE NOTES.
 (Special Correspondence.)

Other Point, July 9.—The wedding took place last week of Mr. Henry T. Dods and Miss Lena Bessie Clark. A reception was held last Thursday evening at Glenwood Farm, the residence of the bride's parents, at which a large number of residents of the district were present. The residence had been prettily decorated by Mrs. H. Kirby and Miss Marjorie Anderson, friends of the bride. The happy couple were the recipients of many valuable presents. Mr. and Mrs. Dods have taken up their residence at Pleasant Valley Farm.

The Milligan logging camp has closed down for a couple of weeks.

Miss Flora Mann has resigned her post as school teacher here.

Capt. Scarf intends starting a general store in this district in the near future.

B. C. TIMBER.

Vancouver, July 11.—Archibald Marshall, the timber expert sent here by the Daily Mail, of London, to report on the timber possibilities of British Columbia for that journal, is now on his way to Quebec en route for London. Mr. Marshall is of opinion that this province is going to experience a great advance in timber value and that a prosperous time can be looked for. He is taking a Queen Charlotte Islands timber proposition with him to submit to his friends. This proposition proposes for the purchase of timber licenses covering 25 square miles of timber lands in the Queen Charlotte group. Most of the

KENNEDY WINS IN TWO EVENTS

CHAMPION SCULLER OF COAST AND PROVINCE

Starter's Gun Beat the Victoria Four and the Double Blundered

W. N. Kennedy, champion sculler of British Columbia and of the Pacific northwest.

These titles were earned by the James Bay oarsman on Saturday afternoon, when he defeated Gloss of Portland, and Sinclair of Vancouver, over the mile and a half course on the Indian river. Vancouver, in the senior singles of the N.P.A.A.O. regatta,

having the day previously won the junior event in 19.04.

Kennedy's time for the senior event was 9.50, and finishing fresh and without undue exertion he had over two lengths to the good from the Portland oarsman, who was second.

At the gun Gloss led, rowing a long, steady stroke. He put three lengths between himself and Kennedy, with Sinclair last. At the mile-busy Kennedy quickened his stroke and overhauled Gloss with ease, and by the time the finish flag was passed the Victorian had two clear lengths the best of the old, experienced Portland man. Sinclair, of Vancouver, was never a contender for first honors.

Of the two days' regatta, Portland makes a clean sweep with the exception of the junior and senior singles. Vancouver won nothing. The junior doubles and the junior fours were won on Friday and on Saturday the intermediate singles, in which Kennedy did not row, the senior doubles and senior fours were all won by the Portland Rowing Club crews.

The fours was the race of the afternoon and the Victoria crew, while finishing last, was beaten when the gun

went at the start. Stroke McArthur holds the gun went off accidentally and caught the Victoria four with the oars close up to their bodies so that the Portland and Vancouver crews were away a clear length and a half before the Victoria oars dipped. In the finish Victoria, while third, had picked up considerable of the ground lost at the start. The crews were close together for nearly a mile, when Waite, the Portland stroke, set a killing stroke and jumped two and a half lengths on Vancouver, which, however, picked up a few feet in the last hundred yards, with Victoria close up. The time was 8.27 4-5.

A blunder by the J. B. A. A. double lost the crew second place in that event. The crew was second when the Portland crew crossed the line, and the Bays, thinking they were to get second place on the first gun, stopped rowing. Vancouver, half a length away, kept

up next year at the annual meeting at Portland. It will probably be two years at least before any alteration of the present boats will be adopted.

A feature of the regatta was the winning of every senior event by a junior oarsman and crew. The Portland senior in the doubles were beaten by the Portland junior crew; the Portland four which won the senior was also the junior crew, and the same occurred in every other race, Kennedy, the Victoria junior oarsman, winning both junior and senior sculls.

LACROSSE MEN SUFFER DEFEAT

MANY SHOTS FOR GOAL GO WIDE OF THE FLAGS

Brilliant Dash in Third Gave Fans a Glimpse of Real Form

Because the majority of the team had no sleep for over thirty hours before the game owing to an unpleasant crossing on the steamer Charmer, and because of the oppressive heat which took the stamina out of the fatigued boys, the Victoria lacrosse team, which the critics held during the flash in the third quarter can beat the best Vancouver amateur twelve under equal conditions, they went down before the Vancouver amateurs 6 goals to 2 in the provincial league match played at Brockton Point Saturday afternoon.

Outside of Stanley, Okell, "Father" Styles, Leo Sweeney and Johnston, the team did not play anywhere near form. Their feet seemed, during three-quarters of the game, to be weighted with lead, and their eyesight uncertain—in fact Johnston complained that the steady glare of the sun interfered with his defence of the Victoria goal—but despite this drawback, the Victoria goal-tender played a marvelous game, the Victoria professional twelve, and Matt Barr, Vancouver's great lacrosse enthusiast, both eulogized afterwards. To have only six pass him, two of which were puddled through in the crowd, was to those who witnessed Johnston's game a splendid performance. For he was the target of almost perpetual goal-shooting during four-fifths of the game. Throughout the match Johnston must have saved three-score shots from entering the net, and it is due to him that Victoria's wallowing was no greater.

The Victoria home was all to pieces. At times the players had the ball in scoring position, but instead of using it to advantage the men seemed bewildered, and passed the ball among themselves twenty yards from the net until a Vancouver defence man rushed in and intercepted a pass. The Victoria passing was erratic and possessed no judgment at all, and except Okell the defence men seldom came forward to support the home when the ball was about the Vancouver goal.

They were beaten, but the big crowd of Victorians who went over to see the match were not disheartened, and hold that August 13th, when Vancouver comes here, the home team will give it the same kind of a licking as the locals administered May 24th.

Towards the end of the third quarter, when the score was five to nil, Victoria came through with some idea of its ability, and brilliant play by the home section gave the fans an idea of how previous matches were won. They beat the Terminals in speed, judgment and passing. They ran rings round them, and had them at a standstill. There were only a few minutes to go during which the combination worked and lodged two goals, both scored by Young, and there were hopes that the team could make a whirlwind finish of it in the last quarter and register the necessary four goals to win. During the opening of the final quarter the Victorians played near to form, but then the strain of the game told on them and their feet flagged again, while Vancouver clinched all chances by recording the sixth and last goal. The game opened slowly, Victoria attacking against a strong defence. Johnston saved two in succession and Styles relieved the attack by sending the ball up the field, where McDonald ran but did not pass in time. Peacock took the ball from him and some clever passing in Victoria goal was relieved by Okell, who passed to Cars, who passed to Brynjolfson, who sent to Sargison, who shot wide. There was splendid work by Johnston again, who saved repeatedly, Okell, Styles and Cars working hard in the defence. Cars being brilliant at this stage of the game, McDonald shepherded Cars well, and Sweeney got away with the ball passing to Dakers who took it right up but here the home fell down again, and the game was returned to Victoria goal. Cars relieved and Sargison went into the defence but again missed the net. Peacock and Matheson took the ball back and Cars, Sweeney, McDonald and Sargison returned it to the Vancouver goal, where a possible chance was nuzzled. From the Victoria defence lines Okell beat two men and passed to Styles. On the next pass, however, Cars was intercepted because the pass was erratic. The Victoria defence had hard work to keep out the invaders, and Cars again missed a pass which Peacock intercepted and beat into the net a few feet from goal, twelve minutes from the start.

There was another attack on Victoria which Styles stopped. Sargison passed to Brynjolfson, who placed the ball in the goal-tender's chest. For the balance of the quarter Victoria had the best of the game but could not equalize, although they had five shots for goal to Vancouver's one. The Vancouver goal-tender struck Young over the head when that player was in a possible scoring position and Victoria's equalizing chance was gone. The player was benched for five minutes, but his action certainly saved the score. Victoria finished the last

three minutes with very bad shooting for goal.

There were three attacks on Victoria's goal in the opening of the second quarter. Styles, Okell and Cars defending strongly. A rally by the Capitals proved fruitless owing to bad shooting and low passing. Young at this stage missed passes repeatedly and seemed unable to see the ball. Bad team work lost Victoria several chances, for Vancouver had slacked up considerably. From the opposite goal Styles, Johnston, Sweeney and Kroeger sent the ball to Young, but the shot went wide. The ball came back and the defence crowded into goal, Styles against relieving the pressure Sweeney passed to Young, who missed again. Frank Sweeney and Peacock got warm with one another and after a flash of sticks both went to the bench for the longest penalty of the game, fifteen minutes.

Playing eleven men a side, Victoria seemed more drowsy than ever and were caught unawares when Gilmour slipped the second through in eleven minutes.

Several opportunities were lost to Victoria during the remaining period of the quarter and Vancouver's exhibition was also poor, except that McQuig played like a veteran. At seven minutes he scored the third for Vancouver and the teams shortly after took the half-time interval.

Opening the third quarter, Vancouver put on a duo in sixty seconds, five minutes after the start. They were both last shots from close to the net, with five to nil against them. Victoria woke up for a moment and the fans saw a breath of the fastest and prettiest home play of the afternoon. Young scored twice in succession and the Victoria home had the opposition defence run to a standstill. They were attacking all the while like a whirlwind, when the whistle butted in.

For a few minutes in the last quarter Victoria sputtered, trying to get the same combination that ended the third quarter. The men, however, seemed to lack the steam, and after a spurt fell back to the mediocre exhibition of the former part of the game. Johnston was again the butt of the attack and defended continuously during the latter stages. One goal was scored him from a perfect shot a few feet away and the game ended Vancouver 6, Victoria 2.

The teams were:
Victoria Position Vancouver
Goal McDonald
Point Matheson
Sweeney Matheson
Covey Point
Siles Burns
First Defence McQuig
Dakers Second Defence
Okell Third Defence Donnahoe
Brynjolfson E. Matheson
Centre Fairhiller
Leo Sweeney Third Home
Cars Second Home
McDonald Peacock
Sargison First Home
Knight Outside Home

Kroeger Murray
Inside Home

Young Gilmour

Referee—Fred Murray.

Notes of the Game.
Aid, Huss Humber saw the game. That play in the third quarter looked as good to him as the North Ward soccer team.

Aid, and Mrs. A. G. Sargison were among the spectators. "Beaten but not defeated," said A. G. on the way home.

Con Jones, Matt Barr, Charlie Mason and other increase men were there. The two former were looking for material for the Vancouver twelve.

McQuig, Peacock and E. Matheson for Vancouver played real lacrosse all the afternoon. "Father" Styles, however, was all the time in the game. The star of the Victoria team was Okell.

Johnston, in goal, stood out by himself. After the Westminster game Con Jones said Johnston was the best goal-tender in the province. More than one critic at Brockton Point was ready to back up that statement Saturday.

That tally-ho going along Hastings street looked like a bee-swarm. They sang going out. Coming back they were not downtrodden for they sang some more, only louder. Advertising Victoria, Mr. McGaffey.

Ed. Christopher and Sam Lorimer were helpful all the time. Sam was a goal umpire and found it very hot work. It nearly broke his heart to count off those six goals.

Brynjolfson was good at times. Sweeney was good several times. Both were playing with bad headaches. The Charmer rolled like a barrel going over and it is no shirt for a lacrosse team with a game to play next day.

McDonald is a very good stick-handler; in fact it comes natural to him. When he gets head-work to use with it, he will be a factor on the home.

The way the Victoria home circled round fifteen yards from goal, doing the little practice pass stunt was exasperating. Poor passing and no judging of distance helped to lose the game.

There was no life in the boys. Vancouver is not a strong side to beat, although it is an improved team to that which was here on May 24th.

The Terminals' game was full of errors at times, but they had speed and passed well when attacking. However, Victoria needs more practice.

SOLD STATE SECRETS.

Leipzig, Saxony, July 11.—Charged with delivering German military and naval secrets to the French government, Anna Zarmelga to-day was sentenced to six years. Accused of similar offences, Albert Lureka and Alois Wesskopf each received four years, and Karl Lureka was given two years in gaol.

on until over the line and won second place. Victoria woke up and rowed in third.

The crews from Victoria and Portland were the guests of the Vancouver Rowing Club at the Wigwags hotel, Indian river, North Arm. The water was perfect and the course laid in a straight mile and a half.

Pigeons were released after each event and carried the results into Vancouver, in addition to the telephone. The arrangements for the regatta were in perfect order.

At the annual meeting of the association, held during the course of the regatta, the question of the boats carrying coxswains in future was brought up. Notice had to be given of the proposed alterations, and the matter will come

YORK TOP SCORE WITH FIFTY-FIVE

WYNDHAM AND ASKEY SHOW BATTING FORM

Highest Team Total is 177 by the Garrison-Victoria 162 for Seven Wickets

CRICKET RESULTS.

Esquimalt, 100, beat Strawberryvale, 52.
Victoria, 162 for 7 wickets, beat Albion, 62.
Albion "B," 67, beat Empress, 47.
Garrison, 177, beat Saanich, 34.
Burrard, 152, beat Nanaimo, 117.

Of the four local cricket matches played Saturday, the only batting of any note was by L. S. V. York for the Victoria club, who scored 55, by J. W. D. York, who scored 27; Corp. Wyndham, of the Garrison, 45; and Q. M. S. Askey, who scored 22. Baker, for Esquimalt, made 28 and 14. The other scores made were all moderate.

In the Garrison and Saanich match, the soldiers went first to the wickets and hit up 17 before the Saanich men could and were then bowled out. Corp. Wyndham, 45, and Q. M. S. Askey, 32, were the highest scorers. Askey also bowled well, and with Stevens disposed of the Saanich team for 30 runs. Askey bowled 6 for 19, and Stevens 4 for 10.

Burrard went from Vancouver to Nanaimo and defeated the Coal City men. The scores were 152 to 118. Newberry was top scorer for Nanaimo with 46 and Rhodes scored 36 runs for Burrard on a left batsman's wicket.

LONG RANGE SHOOT AT CLOVER POINT

Low Scores in Three Classes Despite Perfect Firing Conditions of Saturday

The first long range shooting on Clover Point ranges took place on Saturday in perfect weather with no wind at all. The men, however, are used to shooting in half a gale, and did not make good scores on Saturday, being more or less astray in their elevations.

The regiment is to compete at Rightwood ranges on the 21st instant in the B. C. R. A. matches, and if the men are to be successful more practice will be necessary.

The scores made at Clover Point Saturday were as follows:

First Class.

Bdmn. Anderson	500	300	71
Q. M. S. Lottice	20	20	88
Set. Carr	32	27	54
Corp. Birch	29	31	22
R. S. M. Macdougall	24	26	22

Second Class.

Bdmn. Rogers	27	20	27
Gr. Scott	25	26	15
Gr. Hull	25	20	7
Sgt. Swarbrick	18	19	25

Third Class.

Gr. Kerry	30	21	16
Bmr. Denison	14	22	11
Gr. Gillen	12	11	15
Bmr. Morris	20	7	20
Mr. Bailey	17	15	15

Mr. Bailey

J. Cambie of Victoria, was beaten for the Island Empire tennis final, by Joe Tyler at Spokane on Saturday. The score was 6-2, 9-7.

The Capital gun club will meet to-night at 8 o'clock at 567 Johnson street. The club has important business on hand, and the convenor of the meeting asks for a full attendance.

Vancouver concluded its racing for the year on Saturday at Minora. The B. C. Thoroughbred Association raced eight days, but there was no betting on Saturday. That is, legally, for the bookies perambulated.

Kennedy saved the situation Friday and Saturday. The four and double went down, the lacrosse twelve got it in the neck, and the baseball team was torn to ribbons. Well done, Kennedy.

The Montreal team will reach Westminster to-morrow. The champions will play the challengers next Saturday, when W. E. Ditchburn will referee.

Entries for B. C. R. A. matches close with J. D. Quince, Vancouver, Saturday next at 6 p.m. The last league shoot will be held next Saturday at Clover Point.

The Nationals lead in eastern lacrosse with five wins and no defeats. Montreal with one defeat is second. The scores Saturday were: Tecumsehs 10, Shamrocks 2, Cornwall 7, Toronto 6, Nationals 15, Capitals 5.

THORPE'S SODA WATER
Made From Water From Which All Germs Have Been Removed

VICTORIA ONCE MORE FELL TO SNOHOMISH

Defeated on Saturday Afternoon by a Score Six to Nil

For the first time this season, and probably for the first time in the history of any local ball team, the Victoria nine was shut out from scoring a single run in a double-header last week. The runs gathered by the visiting Snohomish team totalled 15, while Victoria was unable to get even one man home in either the Friday night or Saturday afternoon matches.

In the last game the fans' hopes soared high many times and on occasion it looked as though the locals would revenge the beating given them the previous night. The bases were full three or four times in the nine innings but there were no pinch-hitters around to knock a safe hit by which to score a run, the succeeding batters generally hitting flies. Although Victoria secured two more hits than their opponents, still they were unable to send a man across the home-plate.

Despite the fact that Victoria was beaten in both games the fans are not down-hearted and excused the players in the afternoon game by saying it was "hard luck." The home team had as much of the play as the Washington nine but they were unable to get into the scoring. The game was first-class and everyone was satisfied.

"Home Run Bob" Murrain was not in the game on Saturday. Lately he has not been playing the ball he did when he made his initial appearance on the diamond. The infield line-up was changed a little. A player not unknown in this city donned the uniform of the locals for the first time on Saturday. This was Clementson, who covered the initial bag for the University of Washington when they played here. He is visiting this city and after seeing Friday's game asked the Victoria captain if he needed any help. He was stationed on third and played a fine game both there and at the bat. Pote McQuade was between the second and third bags and the cool-headed Bob Whyte covered second. McDiarmid was in centre field and made several good catches there. Stenson was the slab-artist and although he pitched his usual good ball he was hit hard at times.

The home team played hard to win, the infield working perfectly and the outfield doing splendid work. It was at the bat that they failed. Safe hits were wanted but there was no one to furnish them. The Washington pitcher, "Paddy" Welch, was well supported by his team-mates.

Out of the nine innings Snohomish failed to get any runs in five of them. The batters going out in the one-two-three order. In several innings Victoria went the same way but at times as many as six locals faced Welch. Oriet was successful in getting a home run in the third. He did not put the horse-high sphere out of the lot but hit to Brown, who missed the ball on the bounce and before he recovered it the hitter had reached home.

The details were as follows:

REGATTA SECRETARIES THANK THOSE WHO AIDED

The sporting editor of the Times in receipt of the following letter from Captains James and Jarvis, the very efficient regatta secretaries to whose work so much of the success of the recent international regatta was due:

We have noticed in reading the press reports of the international regatta recently held at Victoria, that a great deal of the credit for organizing and conducting the same has been attributed to us.

While heartily appreciating and thanking the local press for this kind recognition of anything we may have done towards making the event a success, we are, at the same time, constrained to feel that it was rendered so, more by the loyal co-operation of many willing workers and well-wishers than through any individual effort on our part.

Since the holding of a regatta of such magnitude could not have been considered without strong financial support, it is only fair to extend the thanks of all interested to his worship the mayor and aldermen, and to all those local business firms and private individuals who so generously subscribed in this direction.

To the following gentlemen, who worked so wittingly and energetically throughout the proceedings, much credit is due, viz. Messrs. J. Arbuthnot, D. O. Rochford, C. Sott Whiting, R. E. Temple, B. Thompson, Trewartha, James Singleton Wise, and the owners of the launches J. G. Cox and Jessie.

Thanks should also be accorded to the Alexandra club for their kindness in entertaining the visiting ladies, and to all the local steamship companies for issuing instructions to their captains to keep clear of the course during the regatta days.

We also desire to thank the press for their kind and generous advertising of the event, and lastly, the yachtmen of all clubs for their sportsmanlike behavior throughout, which latter did so much to promote the conviviality which existed between the contestants, and without which no regatta could be successfully handled by its executive.

We remain, sir, yours faithfully, JAMES AND JARVIS, Regatta Secretaries for V. Y. C.

CALGARY IMMIGRATION HALL. Calgary, June 11.—The immigration hall now in use here is so much smaller than actual requirements that the Dominion government will at once start work on a new and commodious structure seventy by forty feet and capable of accommodating "rightly people." The work will be rushed, and the building will be in readiness for the influx of homeseekers that will take place next spring. The new hall will be of brick and will contain dining, waiting and baggage rooms.

TO COMMENCE WORK ON WIRELESS STATION

Material Has Been Ordered and Construction Will Start This Month

Work will be started this month on the wireless station at Lawn Hill, near Queen Charlotte City, Graham Island. The material for the work has already been ordered and the work will be in charge of C. M. McIntyre, construction engineer. It will probably take two months to have the station in operation.

MARINE NOTES

The D. G. S. Newton is ready to leave for Baynes Sound, where she will overhaul all buoys and other aids to navigation.

Before taking her place on the northern run the new Boscowitz liner Vado is being cleaned and painted on the ways at the Victoria Machinery Depot.

The steamer Otter, Capt. McPherson, arrived from the west coast whaling stations to-day, bringing 226 tons of oil, 466 barrels and 1,013 sacks of fertilizer.

Bringing 51 passengers, including 13 Chinese and 150 tons of cargo for Victoria, the N. Y. K. liner Awa Maru left Yokohama on July 7th, and is due here on the 20th inst.

The excursion steamer Spokane has completed repairs at the Moran yards, and leaves from this port on Wednesday on her second trip to Alaska this season. The Spokane is carrying a full passenger list.

The Waterhouse liner Oceano, Capt. Davies, is expected to reach port from Hongkong and Japanese ports this evening. The Oceano is bringing nearly 2,000 tons of freight for discharge in British Columbia, including 62 bales of silk. The Saverie is expected to reach port a week to-day.

Capt. Balderstone, master of the British barque Holt Hill, which is lying at Vancouver, lost his life while attempting to get aboard the vessel in the darkness on Friday night. Falling from the gang plank while groping his way to the barque he was drowned before he could reach him.

The steamship Cottage City, which is now on her way to Skagway and Sitka, has on board Mr. George T. Hanacom and a corps of ten other wireless experts attached to the navy department station at Mare Island, and they will erect powerful stations at Japansky Island and Sitka and at Cordova.

After undergoing a thorough overhauling on the B. C. Marine Railway Company's ways at Esquimalt, the steamer Henriette, under charter to the G. T. P., loaded lumber on Saturday and sailed for Coal Harbor at 8 p.m. The Henriette will load cargo coal for Prince Rupert, and will discharge the lumber shipped here at Stewart.

PAINT STACKS OF PRINCE RUPERT BLACK

'Barber Poles' Disappear From G. T. P. Steamers—Sailed To-day

While in Seattle yesterday the G. T. P. steamship Prince Rupert, Capt. Johnson, which arrived in port from the north on Saturday night, had her three smokestacks painted black. The innovation was favorably commented upon to-day along the waterfront, the consensus of opinion being that a much more dignified appearance is given to the G. T. P. liner by the black stacks than she possessed with the 'barber poles,' as a young lady at Prince Rupert recently christened them.

The trip south was uneventful. About 200 passengers came down from various points. Mr. and Mrs. David Leeming, past has been the chief drawback to life on the Queen Charlottes. It will bring the settlers into direct communication with the outside world, and the steamship service which the Dominion government has arranged with the Grand Trunk Pacific Steamship Co., added to that already given by the C. P. R., will have the effect of placing those islands on a par with any part of British Columbia.

NOTICE TO MARINERS

A lighthouse is in course of construction on the summit of Triangle Island, the westernmost island of the Scott group, Vancouver Island, British Columbia, and the light will be placed in operation on or about 1st September, 1910. Lat. N. 50 deg. 52 min. 00 sec.; long. W. 129 deg. 4 min. 45 sec. The light will be visible all round the horizon and the character of the light will be published later.

WILL PROBABLY GO TO COLUMBIA

EXPECT YUCATAN TO BE REPAIRED SHORTLY

Capt. Logan, Representing Lloyds, Denies Possibilities of Litigation With Owners

In all probability the battered steamship Yucatan will be taken to the Columbia river and repaired by the Williamson Steel and Iron Company, which is the lowest tenderer with a bid of \$88,950. Word is expected from Lloyds any day to the effect that the Oregon firm's tender is accepted and when this is received the tug William Jelliffe will take the damaged steamship south.

Capt. Logan, representing the English underwriters, was seen by a Times reporter and emphatically denied that there is any likelihood of litigation concerning the vessel. It has been generally reported that there are serious differences between the Alaskan Steamship Company, owning the Yucatan, and the underwriters, the former claiming that the steamship is a constructive total loss and the latter maintaining their right to repair the vessel (deducting 40 per cent of the insurance for this renewal of old work), and to turn her over to the owners with a payment of 60 per cent.

NOTABLE PASSENGER

Heroine of Wrecked Aeon Was Aboard Marama When She Arrived From Australia Recently.

When the steamer Marama was here nearly a fortnight ago she brought a large number of passengers and no one suspected that Mrs. Riddle, wife of Lieut. Riddle, was one of the heroines of the wreck of the Aeon at Christmas Island.

SHIPPING REPORT

Triangle, noon.—Dense fog; strong N. W. wind; 29.43; 52.

NEW DEVICE

Plan for Dispensing With Manual Labor in Drawing in Nets of Fishing Vessels.

Captain Henry Larsen, of the pioneer shipping men of Port Madison, has perfected a device to be used in connection with salmon fishing, which promises to be a very important factor in that industry. He has also built a new fishing boat, called the Lubra, specially to accommodate the invention and for the past few days has been exhibiting his craft in the Seattle waters. The invention is described as a reel equipment placed aft, which will draw in the nets without manual handling, and it is worked by the same engine which propels the vessel. The new boat is 40 feet in length, with a beam of 12 feet and a draught of four feet. Her speed is about eight knots.

TIDE TABLE

Tide table for Victoria, July 1910. Columns: Date, Time High, Time Low, etc.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 9 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. The height is in feet and tenths of a foot above the average level of the low tide. This level is half a foot lower than the datum to which the soundings on the Admiralty chart of Victoria harbor are reduced.

SLACK WATER—Active Pass. B. C.

Table with columns: Date, H. W. Slack, L. W. Slack. Lists slack water times for various dates in July 1910.

PEARY'S GREAT CARE IN TAKING OBSERVATIONS

Made These in Minute Detail, as His Narrative of Trip Shows

Commander Peary is presenting in his narrative in the July issue of Hampton's Magazine, a number of proofs which he recently refused to turn over to congress. The main strength of these proofs consist in the day-by-day report of his marches and the incidents thereof, and of the observations and deep-sea soundings occasionally taken by other members of his party. The Commander's narrative is very accurate and precise, and goes thoroughly into all the particulars of his journey across the Polar ice. Here is a portion of his story: The next march, on the 22nd of March, was a fair one of not less than fifteen miles. At our camp at the end of this march I had the Eskimo build a snow wind-shelter, so that Marvin could take a meridian altitude for latitude. Up to this time no observations had been taken. The altitude of the sun had been so slight as to make observations unreliable. We were travelling at a good pace; the mean estimate of Bartlett, Marvin and myself, was partly to save my eyes by just so much, but principally to have independent observations by which to check our route. The result of Marvin's observations gave our position as approximately 85 deg. 48 min. north latitude, figuring the correction for refraction only to a temperature of minus 10 deg. F., the lowest temperature for which we had tables. It was at this point that, reckoning twenty-five miles for our last two marches, we calculated the position of Camp No. 19, where Borup turned back, as being 83 deg. 23 min., as against our dead reckoning estimates of 85 deg. 20 min., 85 deg. 25 min., and 85 deg. 30 min.

JOHN MESTON CARRIAGE MAKER BLACKSMITH ETC. BROAD ST. Between Johnson and Pandora.

This observation showed that we had thus far averaged eleven and a half miles of latitude made good for each actual march. Included in these marches had been four short ones resulting from causes the recurrence of which I believed I could prevent in future. I was confident that if we were not interrupted by open water, against which no calculations and no power of man can prevail, we could steadily increase this average from now on.

At half-past ten in the morning of March 25th I came up with Bartlett and Henson, with their men, all in camp, in accordance with my instructions to wait for me at the end of their fifth march. I turned them all out, and everyone jumped in to repair the sledges, redistribute the loads, weed out the least efficient dogs, and rearrange the Eskimos in the remaining division.

While this work was going on Marvin favored by clear weather, took another meridian observation for latitude and obtained 88 deg. 38 min. This placed us, as I expected, beyond the Italian record, and showed that in our last three marches we had covered a definitely measured distance of fifty minutes of latitude, an average of sixteen and two-thirds miles per march. We were thirty-two miles ahead of the Italian record.

I was doubly glad of the result of the observations, not only for the sake of Marvin, whose services had been invaluable, but also for the honor of Cornell university, to the faculty of which he belonged, and two of whose alumni and patrons had been generous contributors to the Peary Arctic Club. I had hoped that Marvin would be able to make a sounding at his farthest north, but there was no young ice near the camp through which a hole could be made.

The Princess May arrived at Vancouver from Skagway this morning shortly after 7 o'clock.

S. S. VENTURE Classed 100 A1 at Lloyd's. Will Sail for For Northern B. C. Ports Via Vancouver THURSDAY, JULY 14 12 p.m. JOHN BARNESLEY, Agt. Phone 1925. 534 YATES ST.

SOCIAL AND PERSONAL

M. G. Williams arrived yesterday afternoon from Vancouver.

Mrs. J. P. Watson left on Saturday night on a trip to England.

Mrs. Spofford returned from the Terminal City yesterday afternoon.

Andrew Carr has left for England, where he will spend three months.

Ald. and Mrs. A. G. Sargison have returned from a visit to Vancouver.

Miss Lillian Pearce, Kamloops, is visiting Mrs. J. Hamilton-Gray, of this city.

Miss Paterson, Okotoks, Alberta, is visiting Mr. and Mrs. D. Paterson, Oak Bay.

Mrs. Dunsuir has issued invitations for a small dance to be held on July 22nd.

Mrs. E. J. Hewlings, Esquimalt road, has left on a three weeks' visit to Southern California.

Frank Higgins was among the passengers on the Princess, Charlotte yesterday from Vancouver.

J. E. Smart, after spending some time in the Terminal City on business, has returned to Victoria.

Mrs. James Norton, Montreal, is spending a few days here visiting her mother, Mrs. William Landes.

James Bowker, Oak Bay, who has been spending a few days in Vancouver, returned to this city yesterday.

Ald. Russ Humber returned yesterday from Vancouver, where he witnessed the Victoria-Vancouver lacrosse game.

Mrs. John Eyres left Saturday for Winnipeg, where she will visit her parents, Mr. and Mrs. J. R. Ham-bourg.

Joseph McDougall and Miss McDougall were passengers on the Princess Charlotte, which arrived from the mainland yesterday.

Rev. W. C. Drahn, the field secretary of the English Lutheran church on the coast, has returned to this city after an absence of several weeks.

Miss Grace Ryan, a pupil of Miss Margaret Hill, passed the junior theory musical examination of Toronto University with second class honors.

Rev. A. C. Auds, assistant superintendent of missions of the Lutheran church for Canada and the United States, spent a short time in this city last week with Rev. Geo. Warnings, pastor of Grace Lutheran church here.

The wedding of Miss Sophia Revsbeck, sister of Mrs. L. D. Chatham, of this city, and Mr. Clarence E. White, a prominent banker of South Bellingham, was celebrated on Tuesday last in St. John's church, by Rev. Percival Jenns.

Mr. P. White, brother of the groom, officiated as best man, and the bridesmaid was Miss Josie Chatham, niece of the bride. After the ceremony Mr. and Mrs. White left on a trip to the Sound cities, and will take up their residence in South Bellingham.

At the residence of the groom's sister, Mrs. Baker, Vancouver street, on Saturday afternoon, the marriage of Miss Margaret Mary Crowe, second daughter of Mr. L. G. Crowe, Truro, N. S., and Mr. Wallace Weaver Berridge, the youngest son of the late Mr. William Berridge, of this city, was solemnized. Rev. Dr. Campbell officiating. The bride looked handsome in a white embroidered dress carrying a bouquet of white roses. She was attended by her younger sister, Miss Elsie Crowe, who looked very pretty in a lace muslin dress. Mr. L. B. Trimen supported the groom. There were many very handsome presents, among them being a splendid tea and coffee service; the gift of the employees of the Melrose Co., Ltd., at which office Mr. Berridge is the accountant. The happy couple left amidst a huge shower of rice en route for Cowichan Lake, where the honeymoon will be spent. After their return they will take up their abode in

their pretty new residence, 222 Vancouver street.

ACOMIA

Many Men Have it and Most of Them Worry About It

ACOMIA—it's a magic word—what does it mean? Simply absence of hair.

A baldheaded man has ACOMIA—absence of hair.

A million more men will have ACOMIA a year from now if they do not get rid of disgusting dandruff.

Dandruff is caused by a germ. This germ is a persistent sort of germ. He works while you sleep and when you awake. He breakfasts, dines and sups on the vitality stored in the hair roots, and the longer you tolerate his presence the surer you are of displaying a shiny headpiece later on.

Kill the dandruff germ; that's the only way to keep from growing bald. Any capable doctor will tell you so.

How can you be sure that you are killing the dandruff germ? Simply by using daily for two weeks Parisian Sage, the most pleasant tonic for the hair the world has ever known.

Parisian Sage is the most pleasant and invigorating hair dressing in the world. It is not sticky or greasy. It will make women's hair soft, silky and luxuriant in a few days. The girl with the Auburn hair is on every bottle.

Fifty cents a large bottle at druggists everywhere and at D. E. Campbell's, who guarantees it. Mail orders filled, all charges prepaid, by the Canadian makers, Giroux Mfg. Co., Fort Erie, Ont.

INITIAL BUCKLES

Now and then there is a revival of jewellery of an inferior kind—ornaments they had better be called—made in the form of initials. It has sometimes appeared in brooches made of gold and set with diamonds, but usually the fashion has been kept for such things as belt buckles. It has come about again in this form.

All manner of belts are run through this kind of buckle. The one initial, or all of them in one's name, or monogram of twisted letters is put in a slender circle. The whole thing is made of gilt or silver. The former is preferred.

These are not costly, and they are usually done at the shop where one purchases the belt. They are not as smart on patent leather as the plain pearl and the smoked pearl, but they are considered to be quite the correct thing for more belting, especially in white.

The Evening Chit-Chat

BY RUTH CAMERON

"Will you look at this beautiful old woman?" exclaimed my companion.

I looked where she indicated. The only old person in sight was a woman with her face unattractively screwed up into a hundred wrinkles.

"You don't mean that woman?" I inquired in astonishment.

"Well, I did," said my companion, "but she looks like another woman with that expression on. Wait until she stops screwing her face up that way and you will see how lovely she really is."

And sure enough when the woman finally unscrewed her face from the disfiguring contortion she really was a splendid looking old woman—one of those white haired but still young eyed and fresh cheeked and wholesome old folk that you almost wish you could carry home with you to ornament your living room.

But during the contortion—well, anyone who looked at her would have looked away as promptly as possible.

Do most of us realize what unpleasant looking creatures we frequently make ourselves by permitting those disfiguring expressions to cross our faces?

From the expressions I see on the street and in the trolley cars I should most certainly say not.

You look about you in the trolley car. Your vis-a-vis is telling his companion of someone whom he dislikes and his plans to get the better of him, and the hatred and cunning that he feels come but into his face and screw up his mouth into an ugly leer.

Another person constantly contracts his cheek and wriggles his mouth. No, his contortions are not the result of any particular emotion. He is simply trying to do with his tongue what should be done with dental floss.

You turn away in distaste from him and think you have found a pleasant place for your eye to rest in the face of the pretty young girl next to him. But just as you are congratulating yourself on this, the young girl begins to violently scrub her right eye, sympathetically screwing up the right corner of her mouth, and the prettiness that you were enjoying is completely destroyed.

I don't know of any greater service the snapshot camera has done us than to catch us at some of these times when we are disfiguring ourselves by hideous expressions, and "the gift to give us to see ourselves as others see us."

When such a thing happens we wildly beg our friends to give us the film that we may destroy the hateful likeness, but do we try to destroy the original of it?

Undue self-consciousness is a very disagreeable quality, of course.

But it seems to me that enough self-consciousness to make us watch ourselves a little and try to guard against allowing disfiguring expressions upon our faces would be no more disagreeable than due watchfulness of our language and due interest in the care of our clothes and persons.

Extra Special in Jelly Powder

For the next three days we are offering an extra special bargain on Sherriff and MacLaren's Jelly Powders. These are well known and reliable. Regularly sold at 3 for 25c.

You Can Have a Model Kitchen

as cool and white as a dairy. No smell, no smoke, no heat, no dust. No old-fashioned contrivances. The

New Perfection Oil Cook-stove

is the latest practical, scientific cook-stove. It will cook the most elaborate dinner without heating the kitchen.

Boils, bakes, or roasts better than any range. Ready in a second. Extinguished in a second. Fitted with Cabinet Top, with collapsible

rests, towel rack, and every up-to-date feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the light touch for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a handle. No half-hour preparation. It not only is less trouble than coal, but it costs less. Absolutely no smell, no smoke; and it doesn't heat the kitchen.

The nickel finish, with the turquoise blue of the enameled chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

The Imperial Oil Company, Limited.

Change in Business

I beg to announce that I have taken over the Photo Studio operated by Jones & Co., 1230 Government street and will be pleased to meet all old as well as new friends.

My constant aim will be to conduct this studio upon the most up-to-date and approved principles, allowing nothing but first class work to leave the studio.

RAILWAYS WILL DISCHARGE EMPLOYEES. Retrenching Owing to Crop Situation in the Dakotas, Minnesota and Northern Montana. (Times Leased Wire.) Portland, Ore., July 11.—Information was received in Portland today from St. Paul to the effect that the Northern Pacific railway will soon discharge between three and four thousand men employed between Minnesota and the Pacific coast on account of the failure of crops in the Dakotas, Northern Montana and Minnesota. One hundred and seventy-five men were laid off at the Brainard, Minn., shops, and other reduction has been made at Minneapolis and Spokane already. General Manager G. A. Goodell said that the retrenchment had been made necessary because of the crop situation. He denied that 4,000 men would be laid off. Reports from along the line, however, are to the effect that the number of men laid off will be large. Officials of the Great Northern also have been over their line since the drought, and it is said that it is because of their reports that the policy of retrenchment was adopted. Most of the men affected are employed in the track, mechanical and operating departments.

WHOLESALE MARKETS. CLEAR HARBOR SUCCESSFULLY. (Continued from page 1.) Too much praise cannot be given to Capt. Brown, of the Mudrak, who dredged out a channel over 80 feet wide and with a depth of 20 feet below low water in little over a month. The work on the second cut was only finished a couple of hours before the Elginshire left. Mr. Sorby, on whose representations through Hon. William Templeman the Dominion government ordered the dredging of a channel from the lumber company's wharf to the E. & N. bridge, had invited Mayor Morley and the city council to witness the departure of the Elginshire. Mr. Sorby, however, did not learn of the actual time of leaving until late on Saturday, when it was impossible to communicate with the civic body. The Elginshire will remain in the Royal Roads for a day or two completing her crew, and will then be taken to sea by the Lorne.

WILL SUSPEND MAYOR. Governor of Ohio Prepares to Act as Result of Lynching at Newark. Columbus, Ohio, July 11.—Governor Harmon to-day announced that he had decided to suspend Mayor Atherton, of Newark, on the ground of gross neglect of duty in failing to save the life of Carl Etherington from lynching. Notice will be served on Atherton immediately. The governor asked President Miller, of the Newark Law and Order League, to secure the signatures of five responsible men to charges of neglect of duty against Sheriff Wm. Linke. Springfield, Ky., July 11.—The body of Carl Etherington, the young detective lynched at Newark, Ohio, by a mob in revenge for the death of a café keeper shot by Etherington, was buried here this afternoon. The man's body was torn and bruised, showing marks of the mob's violence. After looking at the body Etherington's father collapsed. His mother fainted when told of her son's death, and was not able to attend the funeral.

JEFFRIES-JOHNSON FIGHT PICTURES. Films Will Not Be Exhibited in Any Place of Public Entertainment. (Times Leased Wire.) New York, July 11.—The Vitagraph Company announces officially that it will not display the Jeffries-Johnson fight pictures in any public place of entertainment. The reels will be available only for clubs and adult shows. Mr. Blackton, vice-president of the picture trust, admits that he feared the exhibition would result in laws preventing the showing of any fight pictures whatever. Home Secretary's Statement. London, July 11.—Opponents of the Jeffries-Johnson fight in Great Britain were given a setback today when Home Secretary Churchill announced that the laws do not empower the authorities to bar picture exhibitions. Interest in the big battle was as keen in Great Britain as in the United States, and the controllers of the fight films have been counting on gigantic receipts by showing the pictures in Great Britain.

RECORDING QUAKES AT WEATHER BUREAU. The Instrument Which Measures Seismic Disturbances in Victoria. About twenty years ago investigators of seismological phenomena discovered that tremors produced by large quakes are propagated throughout the globe and various instruments have been devised to measure the earth's movements. In 1897 a Milne instrument was placed in the Toronto Observatory, and in 1899 another was placed in the meteorological office at Victoria, British Columbia, forming links in the world-wide network which is gathering data essential to the solution of problems relating to the structure and density of the globe. The instrument consists of an "inverted" bed-plate and stand, carried on three leveling screws on which there is placed a vertical rod. Resting against a needle-point or pivot projecting from the base of the upright, there is a light aluminum boom held in a nearly horizontal position by a tie. Attached to the outer end of this boom is a small rectangular plate in which there is a small slit parallel to the length of the boom. Partly for the purpose of balancing the weight of the outer end of the boom, and partly for obtaining the "steady point" of a seismograph between the attachment of the tie and the pivot, a weighted cross bar is pivoted. When the boom swings to the right or left the rectangular plate, with its slit, passes by the right and left across a fixed slit in the lid of a box, inside of which a two-inch strip of clock-work paper is being driven by clock-work. Light from a lamp is reflected downwards by a mirror to cover the whole of the latter slit. It, however, only enters the box to the right and left of the floating plate, and through the slit in the same. When the boom is steady the resulting photograph on the moving bromide paper will be, when developed, that of a white band equal in width to that of the moving plate within the centre of which is a thin well-defined line. To the right and left of this white band the paper will have been blackened by the light which entered at the two ends of the fixed slits. On one edge of one of these bands, at intervals of about fifty millimetres there are white marks produced by the minute hand of a watch which has hourly passed over the fixed slit, and in the period of one minute entirely eclipsed the light.

HEAT RECORDS BROKEN. Seattle, Wash., July 11.—All records for heat this year were broken yesterday when the government thermometer on top of the Alaska building registered 86 degrees, while the government kiosk at Second and Yesler way registered 102 degrees. To-day gives evidence of breaking yesterday's record. At noon today the kiosk registered 92 degrees, while the Alaska building temperature was 80. There was little breeze. The first heat prostration on police records in years came this morning when Jacob Lienthal, a laborer, employed by the city, collapsed before the city treasurer's window while waiting for his pay. He told the doctors, after recovering consciousness, that he had suffered from the heat all day yesterday.

SHOOT GIRL. Wounded by Man When She Refuses to Elope—Assault Commits Suicide. New York, July 11.—Unable to persuade Nellie Wesley to run away with him, Joseph Frank, of Newark, N. J., a married man, and the father of two children, shot her through the chest Saturday night and then killed himself in full sight of the crowds that thronged the board walk at South Beach station. The girl may die. In an ante-mortem statement she said Frank had been begging her to marry him.

OFFICERS DECORATED. Ottawa, July 11.—It is announced in military orders that Lieut.-Col. A. T. Patterson and Major W. A. McGuinness, of Montreal, are awarded the colonial auxiliary forces officers' decorations. Major McGuinness also receives the colonial auxiliary forces long service medal.

ALLEGED WHITE SLAVE TRADER. Chicago, July 11.—When a "Miss Jensen" appears before the federal commissioner here on July 15th to answer a charge of procuring girls for immoral purposes, her case will be the first prosecuted under the white slave traffic act passed by congress shortly before adjournment.

Apollinaris "THE QUEEN OF TABLE WATERS" The Carbonate of Soda which is its natural and chief constituent is the sworn enemy of Gout, Rheumatism and Indigestion.

RECORDING QUAKES AT WEATHER BUREAU. The Instrument Which Measures Seismic Disturbances in Victoria. About twenty years ago investigators of seismological phenomena discovered that tremors produced by large quakes are propagated throughout the globe and various instruments have been devised to measure the earth's movements. In 1897 a Milne instrument was placed in the Toronto Observatory, and in 1899 another was placed in the meteorological office at Victoria, British Columbia, forming links in the world-wide network which is gathering data essential to the solution of problems relating to the structure and density of the globe. The instrument consists of an "inverted" bed-plate and stand, carried on three leveling screws on which there is placed a vertical rod. Resting against a needle-point or pivot projecting from the base of the upright, there is a light aluminum boom held in a nearly horizontal position by a tie. Attached to the outer end of this boom is a small rectangular plate in which there is a small slit parallel to the length of the boom. Partly for the purpose of balancing the weight of the outer end of the boom, and partly for obtaining the "steady point" of a seismograph between the attachment of the tie and the pivot, a weighted cross bar is pivoted. When the boom swings to the right or left the rectangular plate, with its slit, passes by the right and left across a fixed slit in the lid of a box, inside of which a two-inch strip of clock-work paper is being driven by clock-work. Light from a lamp is reflected downwards by a mirror to cover the whole of the latter slit. It, however, only enters the box to the right and left of the floating plate, and through the slit in the same. When the boom is steady the resulting photograph on the moving bromide paper will be, when developed, that of a white band equal in width to that of the moving plate within the centre of which is a thin well-defined line. To the right and left of this white band the paper will have been blackened by the light which entered at the two ends of the fixed slits. On one edge of one of these bands, at intervals of about fifty millimetres there are white marks produced by the minute hand of a watch which has hourly passed over the fixed slit, and in the period of one minute entirely eclipsed the light.

SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agent for the district. Entry on a proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 50 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$2.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00. COAL—Coal mining rights may be leased for a period of twenty-one years, renewable, at an annual rental of \$1 per acre; not more than 2,500 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined. W. W. CORY, Deputy of the Minister of the Interior. N. T.—Unauthorized publication of this advertisement will not be paid for.

NOTICE

IN THE ESTATE OF ALEXANDER GILBERT DECEASED.
All persons having claims against the estate of the above named deceased are required to send particulars thereof, duly verified, in the undersigned on or before the 4th day of July, 1910.
Dated this 21st day of June, 1910.
546 Bastion St., Victoria, B. C.
Solicitors for James Phair and George McCandless, the Executors.

Sale of Business

Tenders will be received by the undersigned up to 10 o'clock on Monday, July 11th, for the purchase of the business of Messrs. Waites Bros., established in 1855, as locksmiths and general repairs shop. The property and stock list can be seen upon application to me.
The tenders, which may be in alternative forms, first for the purchase of the business as a going concern, and secondly, for the purchase of the stock, furniture and fixtures for removal, must be in sealed envelopes, endorsed "Tenders for Waites Bros."
The highest or any tender not necessarily accepted.

ROBERT S. DAY, Receiver.
60 Fort Street, Victoria.

NELSON WILL WELCOME SIR WILFRID LAURIER

Board of Trade and Liberal Association Preparing to Entertain the Premier

Nelson, July 9.—A joint meeting of the Nelson board of trade and the Liberal Association was held for the purpose of considering plans for the entertainment of Sir Wilfrid Laurier during his visit of August 27th to 29th. It is planned that the morning and afternoon of Monday, August 29th, would be devoted to a civic entertainment to be followed by a political meeting in the evening. The morning and afternoon entertainment is in the hands of a general committee appointed by the Nelson board of trade and the Liberal Association. Nelson is the only city in the Kootenay district which the Laurier party will visit. Premier Laurier and party will reach Nelson from the coast Saturday, August 27th. The Sunday following will be a day of rest. Monday's programme of entertainment will include an excursion on the lake during the morning. In the afternoon a reception will be tendered at the city park followed by a political gathering in the evening.

SHOPLIFTER SEATED.

Vancouver, July 9.—In the police court yesterday, Mrs. C. Colpus, who confessed to a spell of kleptomania which had lasted from Christmas until now, was sentenced to a year's imprisonment on each of six charges, the terms to run concurrently.

INFLAMED KIDNEYS

Medical writers declare it is incurable after the sixth month whether albumenous or not. The average man prefers to think of it as "kidney trouble" and lets it go, but the census shows this appalling fact—out of 6,000 deaths from kidney troubles the last census year over nine-tenths of them (58,000) took the form called "Bright's Disease," although it is quite probable that nine-tenths of these up to the last moment thought of it as and called it "kidney trouble," when as a matter of fact the only possible hope laid through a specific for Bright's Disease. These never year one until Fulton worked out his Renal emollient (Fulton's Renal Compound). Since then inflammation of the kidneys, whether albumenous or not, or whether called "kidney trouble" or "Bright's Disease," or whether six months or six years old, commonly yields. If you have had kidney trouble over six months, no matter what you call it, it is the only hope. Efficiency 97 per cent. although some do not wait until bedridden, although some of them recover. It can be had in Victoria at D. E. Campbell's drug store. We desire to hear from and advise with patients not noting the usual improvement by the third bottle. Literature mailed free. Write John J. Fulton Co., 665 Battery street, San Francisco, Cal.

ADVERTISE IN THE TIMES

Water Pan Is Correctly Placed In The Sunshine

Few people realize the importance of the water-pan. Yet, without the moisture evaporated from the water in the pan, the warm air passing through the registers is harsh and dry. It is hard on your lungs and on your furnishings.

Now, the water-pan must be correctly placed to be of any real use. If it is placed near the bottom of the furnace (see lower illustration) the moisture has a long route (see arrows) to travel before it reaches the pipes leading to the rooms. It must pass alongside the fire-pot and radiator, and the terrific heat from these dries out nearly every particle of moisture ascending from the pan. Very little reaches the pipes or passes through registers.

Now, notice the location of the Sunshine water-pan. It is placed over the fuel door. The moisture takes the short, direct route to the pipes leading to the rooms. You can always have moisture-laden, healthful air passing through your registers, provided you keep the Sunshine water-pan filled with water.

If you value your health you'll have our local dealer install the Sunshine, with a guarantee to heat your house to your entire satisfaction.

WILL PAY PENALTY.

New Westminster, July 9.—Sheriff Armstrong has received a telegram from Thomas Mulvey, under secretary of state at Ottawa, to the effect that there will be no commutation of the death sentence in the case of Ishimaru Kengo, the Japanese who last autumn cut to pieces Nishizawa, a countryman, at White Rock. Unless the department can be led to change its mind, Ishimaru will be executed at the provincial jail here on Wednesday, July 22nd.

Ishimaru has still one chance for his life. A few days ago W. H. Hansford, of this city, who acted as his counsel at the trial, forwarded to Ottawa an appeal for the commutation of the sentence, on the grounds that although Ishimaru had undoubtedly killed Nishizawa, there had been extenuating circumstances. There were no witnesses of the conflict, but Ishimaru at the trial stated that Nishizawa had been the aggressor and that he had only fought in self-defence. It is expected that Mr. Hansford's petition will reach Ottawa on or about Monday of the coming week. Allowing for a few days for the department to consider the matter, Ishimaru should know whether or not his fate is irrevocably sealed by the close of the coming week.

MILL REBUILT. New Westminster, July 9.—The North Pacific Lumber Company's plant at Barnet which has been closed since the big fire in May last, is now ready for operation. The management of the mill took advantage of the wreck effected by the fire thoroughly to renovate their plant. The mill was always one of the largest and best equipped on the coast, but many improvements had been made in milling machinery since it was first built. The new mill will have a capacity of 125,000 feet a day.

HALF YEARLY REPORTS

ARE SUBMITTED

Financial Statement by Secretary of Accident and Burial Fund.

Ladysmith, July 9.—At the last meeting of the A & B Fund the secretary, L. E. Lowe, presented the following report: During the six months covered by this statement, from November 15th, 1909, to May 17th, 1910, ten death claims have been paid, amounting to \$2,405. A special assessment of \$1 was levied each month, amounting to \$4,482.75. With the regular assessment, amounting to \$1,257.52, donations from Mr. Dunsmuir \$150, and refunds \$120, the total receipts for the six months being \$5,862.13. Following is the statement of receipts and disbursements: Receipts—regular assessment, \$1,257.52; special assessment, \$4,482.50; donation Mr. Dunsmuir, \$150; refunds, \$120; balance on hand November 15th, 1909, \$1,023.15; total, \$7,695.25. Disbursements—Benefits, \$1,143; secretary's salary and expenses, \$31.30; financial secretary's salary and expenses, \$30.60; haulage ambulance printing, \$37.25; Harrop launch to Chehalis hospital, \$4; hall rent annual meeting, \$2.50; balance on hand May 17th, 1910, \$2,951.88; total, \$7,695.25. Benefits paid by A & B Fund for the month ending June 30th, 1910: Steve Armandese, \$15; I. E. Lowe, \$30; Jacob Wilson, \$30; F. Trafello, \$17; Charles Greig, \$4; George Myosky, \$23; Fred Carani, \$18; Wm. Russell, \$5; E. Lowe, \$6.75; John Russell, \$2.50; John Myosky, \$18; Oscar Daye, \$7; M. Zigack, \$32; Jas. McCarthy, \$24; John Tognelli, \$16; Ladysmith hospital, \$332.75; total, \$581.

EVANGELISTIC PLAN. Presbyterian Proposal for Campaign Among Kootenay Churches—Pastor Inducted at Grand Forks.

Grand Forks, July 9.—The Presbytery of Kootenay met in Knox church at Grand Forks for the purpose of inducting to the pastoral charge Rev. M. D. McKee, who has been taking temporary charge of the congregation since last November. There was a large attendance at the service. Dr. J. T. Ferguson presided. The sermon was preached by Rev. T. A. Petrie, Greenwood. The charge to the minister was given by Rev. P. McNab, Trail, and the charge to the congregation by Rev. L. Lundie. The Presbytery met and discussed a proposed plan for an extensive evangelistic mission to be held in connection with the Presbyterian churches throughout Kootenay next fall, beginning about the middle of October. The mission was to be carried out by ministers and members of the Canadian church, and was to be directed to the strengthening of church life and the promotion of training for religious and social service. Dr. Ferguson was instructed to convey to the general assembly's committee on evangelism, the views of the Presbytery regarding the proposals made, which appeared to have been wisely conceived. A number of points connected with the home mission work were discussed. A report by the committee on systematic beneficence, after consideration, and suggestion, was remitted to the committee to be brought up again at the next regular meeting.

MUNICIPAL NOTICE. Re Macadamize Queens Avenue. The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable to grade, drain and macadamize with bitumen Queen's street, between Quadra street and Cook street, and construct permanent sidewalks of concrete with curbs and gutters on both sides of said street, including cost of lateral surface drains and sewer connections, and that said work shall be carried out in accordance with the provisions of the Local Improvement General By-Law, and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council; NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by-law in that behalf regulate and determine. WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., July 8th, 1910.

CABLE SMASHES

FIREMAN'S SKULL

Man Employed on Donkey Engine Meets Instant Death While Clearing Land.

Vancouver, July 9.—George Bradley was struck on the head by the back-line of a logging donkey engine, and instantly killed, the back of his head being badly smashed by the line. The accident occurred at Twelfth avenue and Maple street, where M. P. Cotton and Co. have a contract for clearing land. Deceased was employed as fireman on a donkey engine and had started on his work for the first time. According to evidence furnished P. C. Tisdale, who was sent out to investigate the cause of the accident, Bradley had stepped out in front of the donkey just after the signal had been given to pull in the main line. The stump which was being hauled, caught on some obstruction and the choker, the rope by which the stump was attached to the main line, gave way. The sudden release of the strain from the bull line caused it to shoot ahead suddenly before the engine could be stopped. The bull line being heavier than the back line, the latter snapped up and down after the bull line had stopped coming in. Bradley was standing under the back line when the bull line stopped and when the former commenced to flop about it struck him on the back of the head, crushing his skull and killing him instantly. Deceased had had considerable experience as fireman on logging donkeys, having worked at various times during the past twelve months in that capacity for Mr. Cotton.

Municipal Notice

Local Improvement of Dallas Road.

The City Council having received a requisition under the provisions of Section 50, Sub-Section 148, of the Municipal Clauses Act, from a majority of the owners of Dallas road, from Simcoe street to San Juan Avenue, that the said portion of Dallas road be paved with asphalt a width of 30 feet, that a permanent sidewalk of concrete 8 feet wide be constructed on the south side of said road, with curb and gutter on the south side, and a sidewalk of concrete on that portion of said road where sea wall is contemplated, and that the necessary conduits for carrying all wires underground be constructed. NOTICE IS HEREBY GIVEN, under the provisions of Sub-Section 148B of Section 50 of the Municipal Clauses Act, to the owners of property on Dallas road, from Simcoe street to San Juan Avenue, who have not signed said requisition, that the names of the owners of the property on said portion of Dallas road who have not signed the requisition and whose property will be assessed for the work, together with the estimated cost of the same, and the proportion thereof proposed to be assessed against each such owner, are as follows: The total estimated cost of the improvement is \$54,522.00.

Table with 3 columns: Name of Non-Requisitioners, Property, Portion of Assessment. Includes names like H. C. Corporation, Miss F. N. and Miss F. A. MacSwain, Robert and Mrs. Tait, etc.

City Clerk's Office, Victoria, B. C., July 8th, 1910.

Re Local Improvement of Yates Street Between Douglas and Blanchard Streets.

The City Council having received a requisition, under the provisions of Section 50, Sub-Section 148, of the Municipal Clauses Act, from a majority of the owners of Yates street, between Douglas street and Blanchard street, that the said portion of Yates street be lighted, and that the necessary conduits, for carrying all wires underground, be constructed. NOTICE IS HEREBY GIVEN, under the provisions of Sub-Section 148B of Section 50 of the Municipal Clauses Act to the owners of property on Yates street, between Douglas and Blanchard streets, who have not signed said requisition, that the names of the owners of the property on said portion of Yates street who have not signed the requisition and whose property will be assessed for the work, together with the estimated cost of the same, and the proportion thereof proposed to be assessed against each such owner, are as follows: The total estimated cost of the improvement is \$5,000.00.

PORTER CHARLTON WILL NOT BE LIBERATED

Prosecution Denies Murderer May Be Given Freedom Because of Legal Technicality

Jersey City, N. J., July 11.—Despite stories sent broadcast that Porter Charlton, the confessed wife murderer, might go free on technical hitches between this country and the Italian government, Prosecutor Garvin declared emphatically that the youthful slayer will not be given his freedom, but that he will certainly be tried either by a court or an insanity commission. "The statement that this self-confessed perpetrator of a fiendish crime, so fiendish as to arouse doubts as to his sanity, may be turned loose on the community because of any legal technicality is an insult to an American court," declared the Jersey prosecutor. Garvin declined to state what action he will take but it is believed that having himself become convinced of Charlton's mental incompetency, he will ask for an insanity commission as soon as the matter can be taken out of the hands of the state department.

THE FIGHT PICTURES.

Baptist Convention Passes Resolution Requesting That Films Be Excluded.

Vancouver, July 11.—A resolution on the fight pictures was unanimously passed at Saturday's session of the Baptist convention. The resolution was for both the Ottawa and Victoria authorities. It read: "That the Baptist convention of British Columbia call the attention of the minister of customs to the possible importation of films for moving picture shows of the Jeffries-Johnson fight, and would earnestly request that such importations be forbidden and all customs officers be notified. "That the convention also urge the provincial government and the various municipal councils to prohibit the exhibition of the pictures on the ground of the demoralizing influence of such exhibitions upon the community as well as being provocative of possible racial trouble."

Sacramento, Cal., July 11.—The California legislature at its next session will pass a law barring prize fight pictures from the state, if the wishes of Governor Gillett are followed. Governor Gillett says the exhibition of fight pictures should be stopped. "I believe the legislature at its next session ought to enact a law making it criminal to exhibit pictures of a prize fight or others which tend to corrupt public morals," said Governor Gillett. "In my opinion the different municipalities of the state ought at once to pass ordinances to the same effect."

Boston, July 11.—Telegrams from several governors pledging their support to the movement to prohibit the exhibition of prize fight pictures have been received by Secretary William Shaw, at the national headquarters of the Christian Endeavor Society here.

RUN OVER DYNAMITE.

Occupants of Auto Have Nerve Racking Experience. New Westminster, July 11.—To run over several sticks of dynamite in a big touring car, crushing three of the sticks, and to escape without an explosion, was the experience of H. A. Eastman, of New Westminster, and H. Witt, of North Vancouver, while being

Meet me at the electric clock on the corner.

driven through Surrey by Chauffeur J. Hunter.

The car had just rounded a sharp turn in the road, going at a good clip, when a man who had been standing at the side of the road and had apparently not noticed it coming, ran towards the machine waving it back and frantically calling upon the occupants to stop. At the same time the chauffeur noticed several sticks of dynamite on the road. The machine was right on top of the dynamite, the road was narrow, and the chauffeur saw that the only chance he had was to keep on, run over the explosive as quickly as possible and trust to luck. He put on full force and waited for the explosion. None came, however, but when the machine was stopped farther down the road and the party went back to investigate, it was found that three sticks had been broken and crushed. "The man whose warning came too late suffered the worst case of nerves. As the car passed over the dynamite he sank to the ground and buried his face in his hands, utterly unnerved. Some of the dynamite had become congested and the man sought to thaw it by placing it on the warm road. There was little travel at this point, and he had become absorbed in his work, not noticing the approach of the motor car until too late.

CHEMAINUS BEAT BEACON HILL NINE Millmen Score Five Against Two Secured by the Seaside.

The Beacon Hill baseball team journeyed to Chemainus yesterday and was beaten by the players of that town by the score of 5-2. Although Beacon Hill was beaten they are not discouraged, and are making preparations to have the same team play a return match in this city within the next two weeks. The game was played in a sweltering sun with the thermometer ranging around 90 in the shade. Up till the sixth innings the game was very fast, but in that innings the boys wilted and weakened and the home team ran in three runs, bringing their total up to five, while the Hills had not broken in to the scoring column. There was no scoring until the fourth, when Devitt started off with a hit, stole second and came home on a sacrifice by George. Another in the fifth, a hit by Cathcart and three errors sent him across the pan. In the sixth Roseboome started off with a hit and stole second. Higginbottom (who played against the Victoria team with the Elfers Pioneers) got his base on an error, passed ball and another hit by Jumbo scored three runs. This finished the scoring as far as the home team was concerned, the Hills getting their runs in the eighth. R. Steel started off with a hit, and scored when McDougall got a single. The latter never stopping until he had crossed the plate owing to two field errors. The following is the detailed score:

Chemainus	A	B	R	H	P	O	A	E
Roseboome, 2 b.	2	1	2	4	2	0	1	1
Higginbottom, c. f.	3	1	1	2	0	1	0	1
Devitt, 1st b.	4	2	1	6	1	2	1	2
George, c.	3	0	0	12	5	2	2	0
Jumbo, 2 b.	2	1	0	0	0	0	0	0
Evans, a. s.	3	0	0	0	0	0	0	0
Manson, i. f.	3	0	0	1	0	0	0	0
Cathcart, r. f.	3	1	1	0	0	0	0	0
Dawson, p.	2	0	2	2	1	2	1	2
	27	5	8	27	9	10		

Beacon Hill	A	B	R	H	P	O	A	E
Gravlin, 2 b.	1	0	0	2	3	0	0	0
R. Steele, i. f.	4	1	2	1	0	0	0	0
R. Steele, p.	4	0	1	0	2	2	2	0
McDougall, c. f.	4	1	3	0	0	0	0	0
O'Rourke, 1 b.	1	0	0	3	0	0	0	0
Gravlin, c. f.	4	0	0	1	0	1	0	1
Townsend, c.	2	0	0	6	4	0	0	0
Russell, 3 b.	4	0	1	3	1	0	0	0
O'Rourke, r. f.	4	0	0	0	0	1	0	0
	27	2	5	24	8	4		

Score by Innings. 1 2 3 4 5 6 7 8 9. Beacon Hill—1 0 1 0 0 0 0 2 1-5. Hills—0 0 0 0 0 0 0 2 0-2.

Hits.....0 0 1 1 1 2 2 1 1-8. Runs.....0 0 0 1 1 3 0 0 4-5.

Summary. Stolen bases, Roseboome, Devitt, R. Steele, P. O'Rourke, T. Gravlin, 3; Townsend, Russell; sacrifice hits, George, Townsend; two-base hit, Devitt; Dawson, struck out, by Dawson 12, by Steele 7; bases on balls, off Steele 2; hit by pitcher, Roseboome; passed balls, George 2; Townsend 1; left on bases, Chemainus 2, Beacon Hill 2; time of game, 1 hour 20 minutes; umpire, D. R. Dawson.

James Connell, a Clacton, Eng., postman, who was sentenced to 18 months' hard labor for stealing letters containing postal orders, said that football competitions had been the cause of his downfall. On the arrival of a train at Northallerton, Yorkshire, John Todd, a Northeastern railway engine driver, was found in a state of collapse, and expired from heart failure on being removed to the waiting room.

AN IDEAL SOUVENIR STORE

Blackberry Jam

Tastes Mighty Good in December

Like Blackberry Jam now! Yes! Then you'll like it "some more" about December or January—if you are fortunate enough to have some at that time.

The blackberries are now ripe—the wild ones—cultivated raspberry bushes are loaded, preserving strawberries are at their easiest prices now. Why not preserve some of these? They do "taste good" in the Winter time.

Get some and then come here for your fruit canning accessories. We have a great supply of these articles necessary—fruit jars, jelly glasses, rings, tops, strainers, funnels, stirring spoons, preserving kettles, etc.

Big variety, best quality, fairest prices—here.

Keep the Flies Out---Easy

Flies are a dangerous worry to every housekeeper—but more so to some than others. Some housekeepers have invested a few cents in screen doors and window screens, and have eliminated much of this trouble. And you can do the same.

We stock a full range of sizes in screen doors and window screens, and they are all priced at the easiest sort of prices. Equip your home with these and keep out this dangerous pest—it won't cost much.

WINDOW SCREENS, from.....25¢ SCREEN DOORS from.....\$1.25

PEOPLE buy bargain refrigerators who would not buy bargain pianos—yet the refrigerator is far the more important of the two. A poor piano can do no more than offend your ears. A poor refrigerator may affect the health of the entire household. Odors and moisture accumulate in it; foods spoil quickly. You cannot afford to buy an ordinary refrigerator. It is almost as cheap in the beginning—and it is a good deal cheaper in the long run—to have one of the famous

McCray Refrigerators

the refrigerators with the patented construction that insures a constant circulation of fresh, dry air to every part of every food chamber. Any refrigerator will keep foods cold, but there is no refrigerator that will keep them fresh as long as a McCray will do it. That is why it is used by the Government—in the Capitol, in the Pure Food Laboratories, in the Congressional Library, on battleships. That is why it is used in most of the exclusive clubs and fine residences throughout the country. That is why it is the refrigerator you should have in your home.

We carry McCray Refrigerators in a variety of sizes to meet every requirement—and fit every purse. All have the patented McCray construction. Will gladly explain its many points of superiority to you if you call.

If you wish something easier in price, but still of a superior quality to the ordinary refrigerator, we suggest that you see our line of Canadian-made refrigerators. There's nothing to surpass them at the price. Start as low as \$12.00.

\$1.50 Buys a Good Hammock

You will get two dollars' worth of comfort and pleasure out of a hammock in less than a week, and it costs less than that to purchase one. You can get a good hammock for \$1.50, and a better and more fancy one for more.

We have an excellent stock, with the prices starting at this low figure, and if you do not already own a hammock, we suggest that you come in and get one and use it during this delightful warm weather. Next year you'll start using it earlier.

Folding Camp Furniture

Light, Compact, Strong---The Best Made

All the most desirable features are combined in this camp furniture we show. It is light, folds compactly, is exceptionally strong, comfortable and lightly priced.

We have just received a big shipment of the famous Gold Medal Folding Camp Furniture—without doubt the lightest, strongest and best made anywhere. Come in and get a few pieces for your camp.

This Folding Bed Increases the Size of Your Summer Cottage

A folding bed such as this increases the capacity of your summer home. Makes a comfortable bed at night, and in daytime may be quickly and easily folded and stored out of sight. Splendid for fishing or hunting trips. Gold Medal make. Priced at \$4.50, \$3.00 and \$2.25.

CAMP STOOLS at each, 60c, 50c and...40¢ FOLDING CAMP TABLES, \$5.25, \$4.50
CAMP CHAIRS, each, \$1.00 and...60¢ FOLDING BATHS at each...\$12.00
RECLINING CHAIRS at \$2 and...\$1.50 ALL UNBEATABLE VALUES.

Camp Crockery

Every summer we gather the odd lines of crockery and specially price these pieces to clear in a hurry, and thereby offering campers an excellent opportunity to secure a plentiful supply of camp crockery at a fraction of the price they would have to pay were they to purchase it in the regular way.

This year's offerings show better values than ever before. Come in and see the special table showing a great variety of pieces needed at camp and priced at the easiest of prices.

Cooking Utensils

In cooking utensils suitable for camp service we show an excellent variety. Supply such needs from this stock.

Summer Chairs

An upholstered parlor chair doesn't seem right in the summer time, neither does a hard-wood seat chair—they don't seem to harmonize with the summery weather and surroundings. You want something summery—something cool, and invitingly comfortable.

You'll find your ideal chair in the splendid variety of reed, rattan, sea grass and linen fibre chairs we show on the fourth floor. These are the best chairs for lawn or porch use. The price being right makes it easy for you to own one. A splendid variety of smart styles makes the choosing easy.

See what we have from \$4.50.
